Jackknifed Truck Sweeps Across Bridge Killing 4

ATLANTA (UPI)—A jackknifed tractor-trailer truck swept across a congested four-lane bridge like a giant scythe near here Wednesday, piling up wreckage that resulted in the death of four persons.

IN NO MOOD TO SMILE! Darline Carter Jordan, 2-year-old Trenton, Fla. girl is treated at Seminole Memorial Hospital for bruises about the body. Note the closed eye and the blackened left eye. The child's mother is being held in Seminole County Jail charged with "abuse and neglect" of a minor. (Photo by Bergstrom)

Mother Is Charged With Abusing Child

A 23-year-old white woman is being held in the Seminole County Jail charged with the "abuse and neglect" of a child.

Constable Galloway said charges placed against the woman here are "contributing to the dependency of a minor", or as he explained, abuse and neglect.

Judge Akins, in Trenton yesterday, said "I don't know yet what charges I'll bring against the woman being held in Sanford. There are several questions to be answered yet that will have a bearing on the case."

"The family lives about 12 miles out from Trenton," Judge Akins said yesterday.

Seminole Memorial Hospital reported the child's condition this morning at 7 o'clock as "good."

Constable J. O. "Slim" Galloway and Sheriff J. L. Hobby, investigated the "abuse and neglect" following a report of the doctor to Circuit Judge Volie A. Williams Jr. who ordered the detention of the mother and father and the hospitalization of the child.

"The father of the child did not occur in Seminole County," Constable Galloway said.

County Judge E. M. Akins has ordered the woman held for Gilchrist County authorities following disposition of the charges here.

Judge Akins told The Sanford Herald yesterday "A twin brother of the little girl died earlier this year under similar circumstances."

The Gilchrist County Judge said "An autopsy report shows that the twin brother died from double pneumonia, a main infection and anemia."

"The Sanford doctor who examined Darline Carter Jordan," Constable Galloway said, "reported that the child had been beat with a heavy object and is in serious condition."

25 Die As Tornado Sweeps Over Wisconsin

Free Swimming Lessons Offered Local Children

June will be "learn to swim" month in Sanford and Seminole County, according to an announcement made today by Ronald W. Perry, Recreation Director for the City of Sanford.

He said registration for beginners' swimming lessons will be held on Monday at the Municipal Swimming Pool in Sanford. Any child eight years old or older may sign up for the free instructions.

The Sanford Recreation Department, in cooperation with the Seminole County Chapter of the American Red Cross, and its water safety chairman, Mrs. F. D. Scott, are offering the free instructions.

Volunteer Red Cross instructors and senior life savers will be in charge of all swimming instruction. The classes will continue for two weeks, Tuesday through Saturday beginning with the registration Monday at the Municipal Swimming Pool.

Registration will be in person and none will be taken by telephone, said the city's recreation director.

The classes will be scheduled in three 45-minute periods beginning at 8 a. m., 8:45 a. m. and 9:30 a. m.

Additional plans, not yet completed, call for evening classes for adult beginners, junior and senior life saving, the formation of an AAU swimming team, and a synchronized swim club, said Perry.

Only a limited number of beginners can be registered for each instructor, Perry said, and added "first come first served." Any child in Sanford or Seminole County may register, he said.

A similar program will be set up for the Goldboro Swimming Pool when it opens the latter part of this month.

Free Swimming Lessons Offered Local Children

DeGaulle Takes Peace Campaign Into Algeria

CONSTANTINE, Algeria (UPI)—Gen. Charles de Gaulle carried his French-Moslem peace campaign into the heart of rebel-infested Eastern Algeria today and was greeted by a happy, shouting crowd of 50,000 persons.

The crowd, more than half of them Moslem Arabs to whom he had offered full voting equality Wednesday night, gave the general a welcome almost as clamorous as the one he received in Algiers when he flew in from Paris to assert his authority over French dissidents.

They cheered his DC3 plane when it landed at the military Oued Hammine Airfield and they kept cheering all along the 10-mile route into his ancient mountain-top city, scene of recent rebel bombings.

Wednesday there were ceremonial troops. Today there were retrained paratroopers and foreign legionnaires who faced outward from the roadway always alert to the rebel dangers in the region.

Traveled With Escort—Instead of the limousines and convertibles which escorted De Gaulle and his party at Algiers Wednesday the general traveled with an escort of heavy armored cars.

DeGaulle's swing through Eastern Algeria to the cities of Constantine and Bone followed a day of triumph in Algiers when he announced that Moslems would have equal rights with all other Frenchmen in voting on constitutional reforms.

DeGaulle did not win over the hard-bitten right-wing Algerians who hate the Moslems and want to win the war on their own terms. But his gesture delighted the French Algerians of the public safety committee who regard integration as the main hope for

TO APPOINT SCIENTISTS—YENNA (UPI)—Communist Czechoslovakia today expressed its willingness to appoint nuclear scientists for participation in preparatory talks for a summit conference. A communique of the Czech foreign ministry followed Russia's lead earlier this week in agreeing to President Eisenhower's proposal that East-West scientific talks begin soon on suspension of nuclear tests.

Two Accidents 3 Minutes Apart Occur Last Night

Two automobile accidents only three minutes apart last night were responsible for over \$500 in property damage, according to reports at the Sanford Police Department.

An automobile being loaded with luggage was put into gear and accelerated by a 2 1/2-year-old boy, apparently anxious to get away on a vacation trip. It was parked at 203 1/2 East 21st St.

L. J. Joe Hilsen, investigating officer of the Sanford Police Department, said the car motor was running when Stephen Walter Aseltine, 2 1/2, son of Clarence Walter Aseltine, "trammed the gear lever into reverse and put his foot on the accelerator."

According to the report, the car backed 75 yards into the woods and stopped when the car hit a tree. Damage to the 1955 Olds was reported at \$150.

An accident at 10 to last night at the intersection of Park Ave. and 10th St. was caused by "driving too close to the center line".

According to the report made by investigating officer L. Joe Hilsen.

A 1951 Jeep delivery wagon, driven by John Alvin Barley, 17, Lake Mary and a 1957 Ford sedan, driven by Jesse Lennon Hale, 20, of 11 1/2 S. Sanford, struck each other on left side at the front fender.

Damages to the jeep were estimated at \$75 and to the Ford at \$325. There were no injuries.

Air Conditioning Request By Welfare Dept. Turned Down

A request to furnish the State Welfare Department, located in the Melech Building, with 10 or a portion of the 10 air conditioning units, was turned down Tuesday by the Board of Seminole County Commissioners.

Mrs. Carmela Ray, Supervisor for the Seminole County Unit of the State Department of Public Welfare, accompanied by three of the employees in the office, appeared before the board to make the request.

In a discussion later, Commissioner B. C. Doud said "If we furnish one we will have to furnish all."

Commissioner Lawrence Swofford revealed that the overall cost of the units and installation would come to \$3,000 and the cost of operation would amount to \$8 per month.

"No funds are available and none in sight," commissioners said as they surveyed possible conditioning units to pay for the air conditioning.

Commission Chairman John Krider stated "It's the general feeling that the board does not have the money."

"I can't see where the county can spend from \$1,000 to \$1,500 with the county's needs and demands as they are at present," Krider said.

Florida Woman Wins \$56,000

FORT LAUDERDALE (UPI)—Mrs. Jewell Murray, 45-year-old grandmother and unemployed waitress, was \$56,000 richer today—and all because she was too busy to argue with a salesman.

Mrs. Murray received word Wednesday she was winner in an international sweepstakes. She bought her ticket in the office of "Sound Strategies, a customer" in the restaurant where she worked for eight years before it closed for the summer.

"I bought that ticket for \$3, mostly because I was busy and didn't have time to argue," Mrs. Murray said.

She said she plans to use her winnings, which will amount to about \$25,000 even after taxes, for home improvements and new tires for her 1954 automobile.

"And my boss isn't losing a waitress either," she added. "I'll be right back there again when they open up."

TALMADGE WILL

FORT LAUDERDALE, (UPI)—The late movie actress Norma Talmadge left about \$900,000 and two houses here to her husband.

The star's will, recorded Wednesday in probate court, left the bulk of her estate to the husband, Carvel M. James of Fort Lauderdale. Miss Talmadge died at Las Vegas last Christmas Eve.

Heuss Vows Germany, U.S. Won't Fight Again

WASHINGTON (UPI)—President Theodor Heuss of West Germany vowed today that German and American troops "never again in the future shall fight each other."

Heuss Vows Germany, U.S. Won't Fight Again

WASHINGTON (UPI)—President Theodor Heuss of West Germany vowed today that German and American troops "never again in the future shall fight each other."

He said in a speech to a joint session of the U. S. Congress that postwar Germans know that they are an "integral part of the western world."

"On this point," he said, "there can be no neutrality for us." Heuss also said it is Germany's sincere resolve to be good and dependable allies.

Heuss said he will "depart from the path of democracy and freedom." Heuss did not discuss in detail vexing problems of the world today since his constitutional role as president forbade him from taking an active part in politics.

But he did say that unity of West and East Germany "not only remains the object of German longing, but also the prerequisite for European recovery."

"What we must aim at," he said, "is to ease the social, economic, military and political problems causing tension in the world—problems which have always existed but which have been aggravated since 1914."

Grasshoppers Infest 4 States In Southwest

By United Press International

Several billion grasshoppers swarming through four southwestern states today threatened to cause millions of dollars of crop damage.

Kansas Gov. George Docking asked Agriculture Secretary Ezra Taft Benson Wednesday to declare portions of Western Kansas an emergency disaster area.

Agriculture officials said one of the greatest grasshopper infestations in Texas panhandle history looms as 500 to 600 hoppers roam every square yard of fields and pastures.

They said four or five grasshoppers per square yard can devour as much grass as cattle can eat during normal grazing.

Hordes of hoppers were also reported spreading through Colorado and Oklahoma.

Private Operation Of County Home Discussed

Robbins reported on an inspection trip to the Volusia County home, made by himself and Commissioner Homer Little.

Patients in the county home at present are not eligible for social security and old age benefits, Robbins explained. He added, that under the private operator type of plan, the patients then would be eligible, some for as much as \$105 a month.

Commissioner Little told the Board of Commissioners that the County would be able to save a minimum of \$10,000 a year in the operation of the home under the change in plans.

"We would immediately realize enough to take care of repairs and improvements to the present plant," Commissioner Little said.

Commissioners were presented a report from Mrs. Abbie Boyd who heads the county's welfare department. However, the report concerning the county home was not made public.

"Right now it looks as if our information is a little meagre," said Commission Chairman John Krider. "My thoughts are that we should get out of the 'poor farm' class and raise our standards."

Survey Authorized To Find Garbage Dumping Pit Area

"We are confronted with the problem of controlling the dumping of trash and garbage on state and county roads in Seminole County," Commissioner Lawrence Swofford told the Seminole County Board of Commissioners Tuesday.

"People are dumping trash and garbage on county roads all over the county," he said.

Sheriff J. L. Hobby explained that "People ride along until they see no one is looking and then dump bags of garbage along the highway regardless of its location."

The Sheriff said "We're doing all we can, every day, to apprehend those who are breaking state laws."

"There should be some way to stop it even if heavy fines are levied against those we can apprehend," Commissioner Swofford said.

However, Swofford said, "we need additional places for the dumping of trash and garbage, especially in the South Seminole County area."

COMMANDER EDWARD D. NUNNERY, Administrative Officer of NAS Sanford inspects men of the Transportation Department in recent personnel inspection held aboard the Naval Air Station.

The New WAYNE D. OVERLUND Thriller THE LONE DEPUTY

CHAPTER 20
TOM MOHAWK stared in surprise at Cole Weston. "Red was gonna shoot me!" he said, the reality of the situation hitting him hard.

Weston nodded. "I saw it coming, so I was ready." Then he added brazenly, "Tom, get into a horse and load him on it. We'll dump him at Evans' place and folk'll think the nesters killed him. I'll take a look in the house. Joe, you see about the barn. I reckon the kid and the girl are gone, but we better make sure. If the kid ain't here, we've got to find him."

Tom Mohawk was still shaking his head as he mounted and started after Red Sanders' horse. "Tried to kill me, damn his crazy kids. Why did he do it?" "He was a woman," Weston said contemptuously. "He had skinned milk in his veins."

A few minutes later they started down the road. Weston leading Sanders' horse, the body draped across the middle. Tom Mohawk said, "You're wrong, Cole. Took guts to pull a gun on me. I just can't figure why he do it."

Joe Mohawk grinned at Tom and Tom grinned back. Now Red Sanders' Bridlebit rage was theirs for the taking.

Barney De Long had never seen the results of a lynching until he drove around the store building and saw Cronin's body dangling from the cottonwood limb. He pulled up, staring in horror.

"It's not pretty," Price Regan said. "It's a waste to look around before we cut the body down."

De Long kept staring at Cronin's body as it hypnotized by it. He asked, "Who'd do a thing like that?"

Price had stepped out of the middle. Now he looked at De Long, wondering if the man was serious. He said, "You can guess as good as I can."

Rainfall reached as much as 100 inches a year on the mountain slopes of the Olympic peninsula in Washington.

The cultivation of cinnamon was commenced by the Dutch. From Biblical times it had been obtained from the forests.

The book matches presented to buyers of cigars and cigarettes cost the retailers approximately \$600 thousand a week.

2 Michigan Cities Get Top Traffic Safety Award Again

CHICAGO (UPI)—The highest traffic safety award of the National Safety Council has been awarded for the second consecutive year to two Michigan cities, Detroit and East Lansing.

The council said its award of honor was bestowed on Detroit and East Lansing once again for outstanding performance in traffic accident prevention.

The award winners are determined through the annual inventory of traffic safety awards for 1937, the council said.

There was no award of honor for a state, the council said, because no state had achieved an adequate traffic accident prevention performance for such merit.

Board Approves Land Purchase

FALLAHASSEE (UPI)—The Cabinet Board of Conservation has approved the purchase of 1,400 acres of Cramer and Torre islands in Lake Okechobee by the Central and South Florida Flood Control District.

The action brings to an end years of effort to obtain the lush vegetable-growing area for flood control purposes. Purchase price is \$413,512.

It will be bought from eight land owners who have the right to lease it back from the state for three years at one dollar an acre and an option to renew another five years at 175 percent of the purchase price.

The land will not be needed for flood control purposes for several years.

3-Man Corporation Granted Lease For Land Area

CRESTVIEW (UPI)—A three-man corporation, including U.S. Rep. Robert Sikes (D-Fla.) has been granted a direct lease for a portion of Santa Rosa Island, which they said would be turned into a "retirement colony."

Sikes, of Crestview, State Sen. Newman Brackin and Crestview businessman Ben Cox obtained the eastern third of the mile-long strip encircling Destin boat harbor.

They said they believed the retirement colony would attract many persons who currently are going to South Florida and will add to the year-round economy of the Northwest Florida area.

Japanese legend says the art of flower arrangement began in a remote time when priests placed storm-torn blossoms and placed them before a Buddha shrine. As the art grew in popularity, even the warlike samurai took it up for relaxation.

Weather-wise, Nevada is the driest state in the Union. It averages slightly more than eight inches of rainfall annually.

There are about one-half million stockholders in the United States steel industry.

Opposition Voiced Against ICC Proposition

BIRMINGHAM, Ala.—Passage of certain sections of a railroad-aid bill now in Congress "could break the back of railroad passenger service and strip from states the right to regulate rail rates and service," according to H. E. Gilbert, international president of the Brotherhood of Locomotive Firemen and Engineers.

Gilbert spoke to more than 500 members of the Brotherhood and its Ladies' Society attending the Southern Union Meeting of the B.L.F.E. now in session at the Tutwiler Hotel.

"We recognize the railroad industry needs relief in certain areas, and most of the so-called Smathers Bill will benefit the industry as a whole," the rail union president said. "But we cannot subscribe to the proposition that the Interstate Commerce Commission should be permitted to invade the rights presently reserved for state commissions in connection with train and station abandonments and intrastate rates and fares."

"Railroads already are using every available means to get out of the passenger business. It is fighting how successful they have been in eliminating many important trains, and given a way to avoid state regulation could break the back of the service we have left and the passenger train will fast become a memory. Section Four of the Smathers Bill provides railroads with an alternative for the state commission. That section empowers the ICC to rule on train and station abandonments under certain procedures.

"Most states are aware of the problem and want to keep what little service they have left. State commissioners are better able to check the 'poverty' and 'no patronage' claims advanced by the carriers whenever they seek to reduce or eliminate service. We have cases on record where trains were conveniently left out of local timetables even though they operated daily. The railroad then went before the state board to plead no patronage. However, the board ruled the carrier deliberately tried to lose business and ordered the passenger service continued.

"Adequate railroad passenger service, including equipment and trained personnel, is of prime importance during times of national emergency. We discovered in both world wars and in the Korean conflict that it was necessary to move armies from coast to coast and the only logical way to transport the millions of men was by train," Gilbert said.

The rail labor leader said railroad management could solve many of the financial difficulties that affect passenger business by selling the service to the public. "Railroads should be conducting campaigns to lure more passengers to the trains rather than trying to drive them away," he said. "A reorientation on the principle of public convenience and necessity must replace the present policy that every phase of railroad operation has to yield a handsome profit."

Section Three of the Smathers Bill, which Gilbert said he also could not support, would take from state commissions the right to set freight rates on intrastate commerce. The union president called the section "another serious invasion of states rights which would strip from states the right to regulate intrastate rail rates and service."

The union's southern states convention will continue through Saturday in addition to Gilbert, national officers attending the 16 state meeting include Mrs. Lillian Kemp, grand president of the Ladies' Society, Ray Scott, general secretary and treasurer, E. E. Whittier, editor and manager, A. M. Lamphey, vice-president national legislative representative, and W. F. Mitchell, vice-president of Savannah, Ga.

The 62,000-member rail union has its headquarters in Cleveland, Ohio.

Methodist Church In Pinecrest Is Officially Formed

On May 18, the Methodist Church in Pinecrest was officially organized, with District Superintendent Dr. Jesse Waller presiding. There were 38 originating members, with 24 of them present. Twenty-one families were represented.

Dr. Waller pointed out that the most immediate need would be to elect a small group of officers who could then officially carry on the business of the church. Accordingly, the following were duly elected:

Trustees — C. Howard McNulty, Charles Clemmer, Roy Wall. Stewards — Elizabeth Wynn, sec. — Anise Dominey, Pres. — W. S. C. S. Ruth Wall, Comm. — Mrs. Mims, Mr. Wyle Petch, Mrs. Anderson, Bill Shook, Sunday School Supt. — Miss Jeanette Markham, Pres. — M. V. F. Lay DeGaris — Mrs. Carl Williams, Alternate, Mrs. Clarence Wynn.

Building Committee — Bob Bennett, Clarence Wynn, Harry Schelberger.

At this time, progress is being made toward selecting and furnishing a parsonage for the new pastor and his family. He will be appointed at the conference now in progress, and it is expected that he will be starting his ministry here on June 18.

The congregation heard a talk by Perry Chapman on June 1. Next Sunday, Ed Shinkholer, Lay Leader of First Methodist Church, will bring the morning message.

"We urge any who care to join with us in begin attending; particularly those who live in the Pinecrest area and as yet have not selected a church home," an official of the church said. "The spirit is friendly, and there is a place for everyone who is interested in furthering the work of the Lord," he concluded.

3 Sanfordites To Receive M. D. Degrees June 12

Three Sanford residents are among the 40 graduates of the University of Miami School of Medicine. Receiving their M. D. degrees on June 12 will be: Doris Lake, daughter of Mrs. Elizabeth Lake, 911 Elm Ave.; Wade H. Garner Jr., son of Dr. and Mrs. Wade H. Garner Sr. of E. Seminole Blvd. and James D. Hanson, son of Mrs. M. Hanson, Rt. 1.

Miss Lake, the only woman in the class, is a graduate of Florida State University. Her class devoted an entire page to her in the medical school yearbook, "Synapse." She plans to intern at Duval Medical Center in Jacksonville and has not yet made up her mind about future specialization or location.

Jim Hanson is the baby of the medical school class, only 23 years old. He was born in Sanford, attended Seminole High School and then Emory University. He was admitted to medical school after only three years of college, an unusual distinction.

Dr. Hanson will not even wait for commencement, but will be on his way to Madigan General Hospital, in Tacoma, Wash. for an army internship. His wife, who has been teaching mathematics in Miami Senior High School, plans to accompany him. Future plans are uncertain, but at the moment Dr. Hanson's thoughts are to specialize in obstetrics and gynecology.

The Garner family is having a good deal to celebrate this week. Wade Jr. is becoming an M. D. and Rosemary, his younger sister, is graduating in nursing at Florida State University. Dr. Garner Jr. will have a second M. D. son next year when Ronald completes his course at the University of Miami.

Wade Jr. attended Seminole High School and graduated from the University of Alabama with the Bachelor of Science degree in 1954. His wife, the former Marilyn Messler of Sanford, is the daughter of Mr. and Mrs. Joseph V. Messler.

Kadets Will Hold Bake Sale Friday

Officials announced today that the Kadets of America will hold a bake sale at Roumillat and Anderson's Friday.

The sale will start at 9 a. m. tomorrow inside the drugstore.

Authorities Seek Identity Of Caller Threatening Judge

MIAMI (UPI)—State and county authorities searched for clues today to the identity of an anonymous caller who threatened the life of Circuit Judge William A. Herin.

Herin, who sentenced convicted cop killer Norman J. Mackiewicz to the electric chair Tuesday, said the call was received by his secretary, Anita Martin.

Mrs. Martin quoted the caller as saying, "I can tell you that Mackiewicz didn't get a fair trial."

"Tell the judge that I belong to the Confederate Underground and that if that boy gets the electric chair the judge will not live to eat another Christmas dinner."

Herin, apparently unconcerned about the threat, said, "In public life, you have to expect these things. They happen all the time."

However, the Sheriff's office and State Attorney Richard Gerstein increased their efforts to find the caller, while police said they would assign guards to protect the judge if such steps were deemed necessary.

Gerstein said he was particularly interested in the "confederate Underground," which also cropped up in anonymous phone calls in Jacksonville in connection with the recent bombings of Jewish and Negro facilities.

Friendship Class To Paint Annex

The Friendship Class has adopted the project of painting the exterior of the annex, which is used by youth groups. A "working" is slated for Saturday, beginning at 9 a. m. to prepare the surface of the building for the application of paint.

Mrs. Martin quoted the caller as saying, "I can tell you that Mackiewicz didn't get a fair trial."

"Tell the judge that I belong to the Confederate Underground and that if that boy gets the electric chair the judge will not live to eat another Christmas dinner."

Herin, apparently unconcerned about the threat, said, "In public life, you have to expect these things. They happen all the time."

However, the Sheriff's office and State Attorney Richard Gerstein increased their efforts to find the caller, while police said they would assign guards to protect the judge if such steps were deemed necessary.

Gerstein said he was particularly interested in the "confederate Underground," which also cropped up in anonymous phone calls in Jacksonville in connection with the recent bombings of Jewish and Negro facilities.

Mackiewicz, 32, was convicted of fatally shooting a Hal Harbour police lieutenant during an attempted robbery. He also was one of the key prisoners in a daring escape from the Dade County skyscraper jail three months ago. 41 prisoners were later recaptured.

THAD L. LINGO SR. (Photo by Bergstrom)

Thad Lingo One Of Outstanding Citizens In Oviedo

By Marlan Jones

OVIEDO—In a series of articles on some of the outstanding citizens of Oviedo, we hope to cover those who have served their community in many ways during their residence here.

Today we salute Thad L. Lingo Sr. Mr. Lingo was born and reared at Tennesse, Ga. He has a very attractive wife, Roberta, and two children, Thad L. Lingo Jr. and Mrs. Sparks Lee Clonts. He has four fine grandsons, namely, Thad III, Marshall, and Guy Lingo, also Steve Clonts.

He worked in the bank at Tennesse before going to Macon, Ga. where he worked in the Macon National Bank for ten years.

When he came to Oviedo he became cashier in the old Oviedo Bank (that was bombed many years ago) for five years.

He then worked for Nelson and Company as secretary-treasurer. He stayed with them for twenty five years.

He has been city clerk for ten years in addition to being a large citrus leader, owning much citrus land.

During his life here he served on the first school board, being superintendent of the Oviedo Methodist Church Sunday School for 36 years and has been a steward of the same church almost from time he came to Oviedo.

He is also secretary-treasurer of the Slavia Drainage District. He was an officer and active member of the Oviedo Lions Club. He is also a member of the Oviedo Masonic Lodge 243. He said when in Macon he was an officer of the Masonic Lodge there.

"We know he is a very popular citizen, well liked, with a wonderful personality."

Churches To Have Separate Bible Schools This Year

OVIEDO—This year the two churches in Oviedo are having separate Bible schools. Registration for the Daily Vacation Bible School for the Oviedo Methodist Church will begin Friday, June 6, between 9 and 10 a. m. at the church. Theme for the school, Jesus, The Friend.

The opening session will begin on Monday morning, June 8, for one week. Daily time will be 9 a. m. to 11 a. m.

Mrs. William Henry Martin is superintendent of the Bible school. At the close of the sessions a picnic lunch will be held on the grounds—Friday, June 13. Graduation exercises will be held on Sunday, June 15.

The Reverend George H. Carlton is in charge of the assembly. Age groups eligible range from kindergarten age through the sixth grade.

The Nursery will be in charge of Mrs. T. L. Lingo, Jr. The nursery is for the children of the mothers who will be teaching.

There will be recreation for the boys in charge of Don and Jerry Urey. The Girls' Recreation program will be conducted by Miss Ann Lundy.

Teachers for the Bible School will be: Mrs. C. B. Clonts, Jr., Mrs. Rex Clonts, Mrs. Bob McMiller, Mrs. Wm. W. Dietrick, Miss Kay Estes, Mrs. John Lundy, Mrs. H. W. Estes, Mrs. W. V. Swanson, and Mrs. James Pearson.

Editorials

TODAY'S THOUGHT
By CHARLES H. MCCANN
Editor, THE SANFORD HERALD

There's No Need To Sacrifice Our Most Priceless Heritage

The thinking about political campaigning now going on in some very important circles is dangerous to the future liberty and the moral, political and cultural health of the United States. Much thought is given to the tailoring of candidates to fit the real or assumed needs of popularity. The idea of "selling" the candidate is gaining.

Many candidates, like the majority of public figures, do not write their own speeches. Often they do not even think their own thoughts, but rather those of public relations men and of their team, so-called. Television campaigning is setting a new tone and pace, with the smile of the candidate and his wife, as well as the kiddies' appearance, becoming more important than the expression of ideas. Speeches must be cut to fit time schedules and phrased so as not to disturb Mr. and Mrs. America at home.

In sincerity is becoming so common that

often it is not even recognized. A whole new group of experts is developing, men and women who are becoming a new power behind the scenes and who use their expertise solely to win for the candidate employing them. Such methods hold the seeds of democracy's ruin except as a form, a shell.

The American people can save themselves from the dangers of the new methods and techniques of manipulation. They must learn more of politics and be alert so that they are not turned into passive robots of politics like extras in a spectacle movie. They can demand sincerity and ideas rather than pre-digested, candy-coated slogans and the use of the new communications forms of trickery.

If the people do not care, then by lassitude they may sacrifice what is most priceless in the American heritage — freedom, which protects us all against arbitrary rule and allows us to govern ourselves.

What Goes Up Must Come Down!

Retailing is an enterprise which is highly sensitive to economic change. Ups and downs in the cycle are quickly felt in the stores.

Some views expressed by the head of one of the biggest American department stores are of particular interest now. He sees the situation this way: "In the world of economics, as in the natural world, what goes up, comes down. Somewhere along the line business must level off, must pause to consolidate its gain, must even fall back a bit in order to correct any excesses.

"And while it is naive to think that prosperity is never ending, it is equally foolish to despair at the slightest setback. Because, just as good times cannot last forever, hard times are always temporary, too.

"And perhaps even stiller than faith in good times forever, is the belief that the peaks and valleys can be completely leveled off.

"Those who believe that government can 'outlaw' fundamental economic laws and can legislate 'corrective measures' are deluding themselves. The idea of legislating the economic law of supply and demand is hogwash."

In modern times we have seen all manner of governmental efforts to apply such "corrective measures", including price controls and other economic straight jackets — and these efforts have almost invariably produced worse problems than those they

were designed to cure.

The hope is that we will profit from this experience, and not push the "panic button" again.

Shots For A Nation

Three years ago the Government turned to the country's pharmaceutical manufacturers for an all-out effort to produce the Salk polio vaccine as fast as possible. Five of the leading companies took on the job and used every facility and every ounce of productive know-how to solve an almost impossible production problem. Their success is attested to by the fact that the disease is now 80 per cent eliminated by use of vaccine and that 26 million doses are held in reserve for people who need them but have not yet taken the few minutes time necessary for the "shots." The price of the vaccine has been reduced five times.

Against this background of accomplishments has come another story. The Federal Grand Jury has charged the firms that produce the vaccine with fixing the price on supplies sold to the government. Such law suits between the government and private industry are immensely complicated and are usually decided or dismissed only after years of litigation.

Voluntary cooperation between private research organizations, public authorities and the medical profession developed and proved the polio vaccine. But even a development of such significance as this could not have helped many people if pharmaceutical companies had not been ready to produce millions of doses of vaccine at reasonable cost.

More accusation does not prove guilt in a company any more than an individual. A court decision in the present case will probably be a long time coming. Regardless of the outcome, there remains the positive fact that production of vaccine in quantities big enough to supply an entire nation was achieved in record time, thus making it possible to almost wipe out a major disease. It's hard to put a "down to the penny price" on that.

The budget director predicts more government spending and a higher treasury deficit. This encourages us to predict that the sun will rise in the east tomorrow.

Herlong Reports

Those of us who had hopes of a good report, at a time when we are already faced with a deficit of eight to ten billion dollars, add a further deficit of three to five billion, and we just do not have the necessary two-thirds majority in the House at this time, or in the tax reduction or tax revision this session had them blasted with the announcement by President Eisenhower that he would not approve of a cut at this time.

Following Mr. Eisenhower's stand, Speaker of the House Sam Rayburn and Chairman Wilbur Mills of the House Ways and Means Committee said they would go along with the President's request that there be no change now in the tax structure. All tax legislation must originate in the committee, of which I am a member.

Some may say that regardless of the President's opposition, as well as that of Speaker Rayburn and Senate either, to override the veto. Most immediately affected by the President's announced stand was the automobile industry which had been led to believe that the bill extending the wartime excess taxes would specifically exempt them. But in the committee's consideration of the tax extension bill, it developed that if there was even one exemption made, however meritorious, it would result in a veritable deluge of amendments that would make a shambles of the whole excise tax law. While some

of us want to see this done, we could not, at a time when we are already faced with a deficit of eight to ten billion dollars, add a further deficit of three to five billion.

In arriving at this decision, many of us on the committee had to, in effect, vote against proposals we were actually sponsoring. That is a tough thing to do, but the timing and circumstances were definitely against us. Our best judgment, therefore, dictated that we hold the line.

It is still possible that there will be some relief for small business as the President has not withdrawn his recommendations for legislation in that area. Proposals which will have a good chance of enactment this session include:

(1) The option for small corporations to elect to be taxed as partnerships; (2) the opportunity for ordinary loss deduction for stock losses in small corporations; (3) the opportunity to take new methods of depreciation with respect to a limited amount of used plant and equipment; (4) the option to pay estate taxes over a period of 10 years, and (5) a proposal that business firms be permitted to depreciate in one year a limited amount of net new investment in depreciable property.

This is all rather technical and not very exciting. Nevertheless, it is extremely important.

Try and Stop Me

By BENNETT CERF

A WEALTHY GAMBLER knew he was sinking fast. He also had a pretty good idea where he was going. "No use putting any clothes on me when I cash in my checks," he told his wife. "Bury me in my birthday suit, so I'll be as comfortable as possible in the climate down below."

The wife faithfully observed his wishes, but one week to the day after his burial, his ghost awoke through the window, and his hollow voice pleaded, "Darling, give me every suit and heavy overcoat I've left. There's been a big change in Hades. There are so many big shots down there now that the devil has put in air conditioning."

A foreign correspondent, admitted to a satellite country in Eastern Europe, wanted to know why there were so many breadlines. "We Communists have so much bread these days," explained a government official glibly, "we have to give it away to the people!"

Foreign News Commentary

By CHARLES H. MCCANN
UPI Feature News Analyst
The formidable job of trying to figure out what Gen. Charles de Gaulle's foreign policy will be is under way in world capitals. In Washington, London and Bonn—and in Moscow—heads of government, foreign ministers and their diplomatic aides are looking for any clue that will point to the views of the new French premier on the big issues of the day.

Officially, in the three allied capitals, the accession of De Gaulle to virtual dictatorial power is welcomed. But there are indications that allied leaders are whistling past the graveyard. The reason is that nobody but De Gaulle knows for sure where he is headed—if he himself knows yet. Wanda Renewed Prestige The one thing that is certain is that De Gaulle will try to restore

France's prestige as a world power. Whether his attempt will be made at the cost of Allied unity against Soviet Russia in the cold war is one big unanswered question.

An attempt to plot De Gaulle's course, and to find the best way to deal with him, is bound to be one of the chief topics for discussion when President Eisenhower and British Prime Minister Harold Macmillan confer in Washington next week.

Neuritis Is a Symptom Not a Specific Disease

By HERMAN M. BUNDSBERG, M.D.

YOU would expect a man who operated an air hammer all day to be vulnerable to neuritis. The vibration of the equipment might easily cause neuritis, or inflammation of the nerves. Persons engaged in less strenuous occupations also may be stricken. An engraver who must grip small tools tightly is prone to neuritis. So is a gardener who spends long hours in cramped positions.

There are any number of things which can cause neuritis: heavy blows, violent muscular activity, nutritional deficiency, localized infection, poisoning by heavy metals, such as lead, copper and zinc. Even sleeping soundly might be a factor, especially in thin persons. The paralysis caused by pressure, when lying in one position for a prolonged time, might affect the superficial nerves at bony prominences such as the elbow or knee.

Neuritis is a symptom, not a specific disease. In each case, the underlying cause must be sought. Naturally, this can be done only by your doctor. If you have neuritis, you'll know it. The pain can be very troublesome, very persistent. It may be a boring or stabbing pain. Perhaps it will be a burning sensation. Some patients describe the pain as a "tingling" feeling. Others say it feels as if they were being struck with pins or needles.

Pain Aggravated Often the pain becomes worse at night. Touching the troublesome area might aggravate the pain. So might changes in temperature. In really severe cases, the affected area probably will become numb. If neuritis is permitted to progress without treatment, deformities can occur. In mild cases, however, recovery usually is rapid. Unless the original cause of the neuritis is discovered and remedied, there may be recurrences.

Rest Needed At the acute stage, the affected area should be completely rested. Your doctor probably will prescribe barbiturates, salicylates or codeine to alleviate the pain. Possibly he will recommend some of the newer analgesics. In some cases, treating the ailing nerve with radiotherapy will give prolonged relief. Sometimes this relief is permanent.

QUESTION AND ANSWER T. T.: Can gall bladder attacks occur in children? My 12-year-old son has attacks of severe pain in the upper right side of his abdomen and belches a great deal. Answer: Although not common, gall bladder attacks can occur in children. Many children who have been operated on have been found to have gallstones. A pretzel manufacturer is the Republican candidate for governor of Pennsylvania. That's a new political twist.

A Los Angeles man was fined \$5 for jaywalking on his 97th birthday. Yep, the first 100 years turn are the hardest! Also, this may be the last season for picnic bug jokes. A new insect repellent, according to a science item, really chlobers ants, ticks, mosquitoes, chiggers and flies.

MR. and MRS. RAYMOND KENNETH TOOLE (Photo by Bergstrom)

Miss G. Smith, R. Toole Say 'Vows May 31 In Candlelight Ceremony

Miss Carolyn Gail Smith became the bride of Raymond Kenneth Toole, Saturday, May 31, at 7:30 p. m. at the First Baptist Church. She is the daughter of Mr. and Mrs. Jesse C. Smith of Sanford and Mr. Toole is the son of Mrs. Helen N. Toole of San Diego, Calif. The candlelight, double-ring ceremony was performed by Dr. W. Brooks Jr. The couple said their vows before an altar banked with palms, fern and baskets of white gladioli.

Mrs. Marvin Milam was organist and soloist, Mrs. G. B. Drake, rendered "I Love You Truly" and "Because". The bride, entering the church in a floor length gown of chantilly lace and net featuring a v-neckline, was bridesmaid and was escorted in a gown identical to the maid of honor's. Her flowers were also the same.

Mrs. R. Rutland Reports On WSCS Fifth Assembly

Mrs. Fred Smith was hostess to the Wesleyan Service Guild at her home on Seminole Boulevard, with Mrs. O. K. Guff assisting her. The meeting opened with the devotional given by Mrs. Walter L. Carter, who concluded the study of women of the Bible with a discussion of noted women of later years, including those of the present time. Mrs. Carter enumerated the many contributions these women have made to world progress. A short business session was conducted by Mrs. Fred Smith, president, when reports of standing committees were given.

Mrs. Goff, program chairman, introduced the speaker of the evening, Mrs. R. E. Rutland, who gave a most interesting report of the Fifth Assembly of the Women's Society of Christian Service of the assembly was "Christ's Message for Today," and that the meeting was attended by 10,000 women.

At the social hour which followed the hostesses served refreshments to the following: Mrs. R. E. Rutland, Mrs. W. P. Chapman, Mrs. C. L. Wynn, Mrs. Gladys Dawson, Mrs. M. B. Smith, Mrs. Hazel Flynn, Miss Mabel Chapman, Mrs. Wilson Carver. Mrs. Walter L. Carter, Mrs. Robert Billmeyer, Mrs. Nancy Brooks, Miss Ethel Turner, Mrs. J. P. Hiler, Mrs. J. H. Houbertan, Mrs. Elmo Farris, Mrs. Burke Steele, Mrs. L. M. Swain, Mrs. J. P. Hall and Mrs. Porter Lansing.

8 Oviedo Girls To Represent Church At Meet

Bethany Class Holds Party At Smith Home

The Bethany Class of the First Baptist Church held its monthly class party at the home of Mrs. Mildred Smith, at 440 Summerlin Ave.

The meeting was opened with prayer by Mrs. Margaret Reynolds. The secretary's report was given by Mrs. Lois Heckenbach, followed with the treasurer's by Mrs. Lenora Green.

Mrs. Marie Lewis, president, then stated a group discussion would be held on "Children growing up too fast."

The devotional was given by Mrs. Reynolds, after which refreshments were served by Mrs. Florence Stenstrom, co-hostess, to the following members: Mrs. Marie Lewis, Mrs. Lenora Green, Mrs. Marie Bamberger, Mrs. Marilyn Tripp, Mrs. Wannel Rabun, Mrs. Lois Heckenbach, Mrs. Margaret Reynolds, Mrs. Letha Johnson and Mrs. Dotie Malczowski.

Memorial Service Held By Daughters Of Wesley Tuesday

The Daughters of Wesley of the First Methodist Church met Tuesday evening.

The meeting was opened with a candlelight memorial service for the deceased members in the church. Mrs. J. H. Anderson Jr., gave the eulogy and Mrs. Ashby Jones sang "In The Garden" and Beautiful Isle of Somewhere" accompanied by Mrs. Albert Hickson.

The group then moved to McKinley Hall for the meeting which was presided over by Mrs. J. H. Anderson Jr. Committee reports were heard and it was announced that the class will disband for July and August.

An election was held for 1958-59 officers. They are Mrs. J. H. Anderson Jr., president; Mrs. Charles Meriwether, vice president; Miss Allie Chapman, secretary; Miss Versa Woodcock, treasurer; Mrs. Robert Cole, teacher; and Mrs. Charles Meriwether and Mrs. Bacci, substitute teachers.

The ladies sang "Happy Birthday" to Mrs. G. W. Bailey, Mrs. J. H. Stephen, Mrs. J. R. Hawthorne and Mrs. O. R. Estridge, who are celebrating birthdays this month.

The hostesses, Mrs. Walter Raines, Mrs. Floyd Athow, Mrs. Rupert Strickland, Mrs. G. W. Bailey, Mrs. C. H. Wynn, Mrs. O. R. Estridge, then served cake, nuts and punch to the group.

Present were Mrs. Louise Knowles, Mrs. J. E. Courier, Mrs. C. M. Flowers, Mrs. Clark Leonardy, Mrs. George M. Hurroll, Mrs. Ben Monroe, Mrs. Albert Hickson, Mrs. M. R. Strickland, Mrs. O. R. Estridge, Mrs. Pauline Howard, Mrs. Lida Stall.

Mrs. Thomas L. Sullivan, Mrs. J. H. Stephen, Mrs. J. A. Hawthorne, Mrs. Z. B. Battif, Mrs. G. W. Bailey, Mrs. W. E. Raines, Mrs. A. Rowland, Mrs. S. G. Harrison, Mrs. Harry Brown, Mrs. J. H. Anderson Jr., Mrs. Roy Tullis, Miss Versa Woodcock, Miss Allie Chapman and Mrs. Brodie Williams.

Mary Lawton Circle Has WMU Program At Last Meeting

OVIEDO—The WMU of the First Baptist Church of Oviedo met Monday evening in the new educational building of the church. The Mary Lawton, Nettie Farnell, Katie Sue and Pearl Martin Circle met in their respective rooms for their business sessions before joining together in the main room for a joint business session.

Mrs. Milton Gore presided over the meeting due to the absence of Mrs. T. H. Daniell, president.

The Mary Lawton Circle had charge of the program for the evening with Miss Lois Rudell, program chairman, leading. The topic of the program was "On The Threshold of Life." Those participating, in addition to Miss Rudell, included Mrs. Joe I. Beasley, Mrs. D. E. Mathers, Mrs. L. A. Hardy, Mrs. Hettie P. Bagdale, Mrs. J. S. Beasley, Mrs. L. A. Hardy, Mrs. J. B. Jones Jr. and Orma Metcalf.

The highlight of the evening was the resume of the Southern Baptist Convention, as told by Mrs. Jack T. Bryant. Mrs. Bryant, with the Rev. Bryant and another couple, attended the convention.

The nominating committee, composed of Mrs. Theodore Aulin Sr., Mrs. A. T. Cartledge, Mrs. A. B. Tedford, Mrs. Milton Gore and

More people are sent to federal penitentiaries through violation of immigration laws than through any other single law.

MARRIAGE REVEALED
By Mrs. Marian Jones (OVIEDO) Friends here will be glad to learn of the marriage of Bobby Stauder of Ellenton. He is the son of the Rev. and Mrs. E. T. Stauder who were formerly at the Oviedo Methodist Church. Mr. and Mrs. Don Ulrey and family, good friends of the family, attended the wedding Thursday night.

Five United States Presidents married twice—Tyler, Fillmore, Benjamin Harrison, Theodore Roosevelt and Wilson.

NOTICE Mather's Warehouse Sale

Will Be Continued Through SATURDAY, JUNE 7th from 9 a. m. till 5 p. m.

The people of Sanford just won't let us end this First-In-History Warehouse Sale on Friday, as scheduled . . . So many people have told their friends about these spectacular furniture buys, and so many requests have come to us from working people unable to get Downtown during the week, that we feel bound to continue this sale through six days, instead of 5 days as originally intended.

STILL HUNDREDS OF SPECTACULAR SAVINGS in FURNITURE

Hurry Down Today — **MATHER'S WAREHOUSE** 111 S. Myrtle Ave. (Just Off 1st St.) Behind Willis Pontine Garage

20 4-H Club Girls Received Pins At Final Meeting

By MARY GRANT

LONGWOOD—Twenty 4-H Club girls received pins in recognition of completed projects at the final club meeting of the year, held at the home of Mrs. J. R. Grant, adult leader for the "Busy Bees" section of the Longwood 4-H Clubs.

Miss Myrtle Wilson made the presentations to the girls, based on the work each girl completed and records kept.

Receiving first year pins were: Margaret Stevens, Pat Screency, Carla Lommler, Linda Brooks, Honey Childs, Elma Ann Buehler, Brada Moore, Barbara Nrel, Judy Wisdom, Angel Childs, Lorraine Wagner, Esie Pipkin and Amy Pipkin.

Second year pins went to: Sally Joe Simpkins, Carla Lommler and Gail Buedinger. Margaret Stevens was given the third year pin. Sibly Grant received a fourth year pin. Linda Durren sixth year pin and Bette Jean Robinson the seventh year pin.

Each girl who has completed three projects is eligible to attend the annual 4-H Club Camp, held at Camp McQuarrie, in the Ocala National Forest in July. Girls over 14 years of age, and placing first or second in the county achievement are eligible for attendance at the annual short course, held at the Florida State University, Tallahassee, in June.

Games were played on the lawn of the Grant home, after which refreshments of punch, cookies, assorted candies, crackers and cheese spread sandwiches were enjoyed. The refreshments were furnished and served by the "Busy Bee" group. Sibly Grant is the junior leader of this group, and meets with the girls each Monday afternoon to assist them with their projects.

Regular weekly meetings will be resumed in September. Sharing the fun of this last meetings, besides the girls already listed, were Miss Wilson, Mr. and Mrs. L. E. Wagner and Mrs. Moore.

Calendar

WEDNESDAY
The CPD Wives Club will hold a coffee social at 10 a. m. at the CPD Club, NAS Sanford. All CPD wives are cordially invited to attend.

SNAS Officers, Wives Enjoy Steak Barbecue At Lake Golden Last Week

An enjoyable time was had by all SNAS officers and their wives who attended the barbecue at Lake Golden on Thursday, May 29.

Those attending brought their own steaks and charcoal broiled them on the charcoal pits at Lake Golden. Outlier food and drinks were provided at a nominal fee. After eating, everyone enjoyed games and dancing.

Mrs. Carl Hobbittzell was chairman, assisted by Mrs. I. M. Rowell. Other chairmen were: Mrs. D. F. Dearolph, food committee; Mrs. D. P. Cumming, publicity; and Mrs. D. E. Runyon, ticket committee.

Patricia E. Murphy Will Graduate June 8 From Tufts

MEDFORD, Mass.—Tufts University will hold its 102nd Commencement on Sunday afternoon, June 8, when President Nils Y. Wessell will confer nine honorary degrees and grant degrees in course to the nine undergraduates and graduate students of the University. Edwin D. Canham, editor of The Christian Science Monitor, will deliver the Commencement address.

Patricia E. Murphy, Box 407, Rt. 2, will be a candidate for a B. A. degree from Jackson College for Women. Active in the Tufts Arena Theater, Miss Murphy is a member of Phi, Pi and Pieta, honorary dramatics society, and has often appeared before Tufts audiences. She has also served frequently in backstage capacities, on make-up crews, as stage manager for the Arena production of "He Who Gets Slapped" and on the production crew.

She is a member of Sigma Kappa sorority, served as faculty editor for the Tufts Yearbook last year. She is also a member of the staff of the Tuftsman, Tufts literary magazine.

Miss Mary Tanner has been visiting friends and relatives in New York City and New Jersey. The past week she has been in New England and is now studying in Boston. Miss Tanner will return soon and plans to visit her grandmother here before returning to school in Miami.

Regular weekly meetings will be resumed in September. Sharing the fun of this last meetings, besides the girls already listed, were Miss Wilson, Mr. and Mrs. L. E. Wagner and Mrs. Moore.

Martinez-Akins Welterweight Title Bout Tomorrow

ST. LOUIS (UPI)—Vince Martinez and Virgil Atkins have finished training for Friday's welterweight title fight at the Arena.

Akins of St. Louis, favored at 1-2, predicted, "I'll knock him out within eight rounds or chase him out of the ring."

Madness Martinez, the "premier" from Paterson, N. J., was more modest. He said, "I'm positive I'll beat him — either by decision over the 15 rounds, or by a knockout if the opportunity occurs."

Box office men said the advance sale indicated a crowd of 10,000 and a gate of \$20,000 at least. It's still possible a late rush for tickets might raise the gross toward a total of 14,000 and \$24,000.

Regardless of the crowd and gate, each challenger for the vacant 147-pound title is guaranteed \$20,000. And the winner will wear the crown relinquished by Carmen Basile when Carmen won the middleweight 160-pound title from Buddy Ray Robinson last September.

Player Of The Day

By United Press International
Clayton Kershaw, a "little pitcher" doing a big job, a major share of the credit for the Washington Senators' surprising showing.

A 5-11 submarine ball pitcher, 26-year-old Kershaw is developing into one of the American League's ace relievers. He saved both games of Tuesday night's two-night doubleheader as the Senators beat the Kansas City A's 3-4 and 10-9.

Kershaw's record is an impressive 5-1, but his value to the club is even greater. All told, he's appeared in 13 games and the Senators have lost only three of them—a pretty fair indication of a sound relief pitcher.

Kershaw, a native of Hillsboro, Ill., started out in organized baseball in 1936. He got a brief look with the Senators in 1935 and was brought up again in 1937 after a 19-6 season with Chattanooga.

Last season he had a 4-3 record in 43 games and this season he's showing definite improvement.

DRINKING SIGNED
 SYRACUSE, N. Y. (UPI)—The Syracuse Nationals have signed Oscar Dickering, 6-10 teammate of Oscar Robertson at the University of Cincinnati, to a National Basketball Association contract. Dickering, of Valley Stream, N. Y., is rated among the top college rebounders.

BOWLING CHAMPION—Tom Donnan, 26, St. Louis, Mo., is shown in Syracuse, N. Y., after he won the eighth annual Bowlers' ABC Masters Bowling Tournament. The new champion succeeds Dick Hoover of Akron, Ohio. (UPI)

CUB CLOUTER By Alan Meyer

Little Dick Howser FSU's First All-American Baseball Player

Ed's Note: Eleven years ago, Florida State University was completing its first intercollegiate baseball season as a fledgling educational college. The Seminoles have shed their swaddling clothes since, and starting today at Gastonia, N. C., will complete their third consecutive District 3 NCAA baseball playoffs. Many fine collegiate performers have come and gone at Florida State, but one who won't be forgotten is shortstop Dick Howser, the school's first All-American baseball player.

Howser winds up a glittering three-year collegiate career this month. No one at Florida State underestimates Howser's value to the Seminoles. He ignited a spark that carried his team to 86 victories against only 19 defeats over the past three years. Howser is a little fellow as baseball players go, even in college. Florida State fans think of Howser when they recall Damon Runyon's memorable tribute to a tiny Chicago pitcher nearly 40 years ago. Runyon wrote in the following after little Dickie Kerr won his second game for the White Sox in baseball's most embarrassing World Series, the World Series of 1919:

"Let the sawed-off, hammered-down, pint-flask-size men of the world hold their heads in pride high above their inches today. A new Napoleon has arisen to the height of five feet seven to lead the batman brigade."

TALLAHASSEE (Special)—It was a sweltering afternoon last Saturday and the kid with the big glove and the baggy baseball trousers leaned against the dugout wall.

The kid mopped his brow with a towel already wet with perspiration. "Whew!" said the kid. "If it stays this hot, I'll have to put a weight in my back pocket to keep from blowing away out there. I'm down to 143 pounds now."

The kid was talking to no one in particular, but a lot of dugout sweaters were listening. For the kid with the oversized pants was Dick Howser, Florida State's senior shortstop who is probably the most unimpressive-looking All-American—off the field—you'll ever see.

Four years ago, when this remarkable little fellow left his West Palm Beach home and stepped on the Florida State campus, no one was listening. No one dreamed this 5-7 1/2-145-pound would gain two of the most prized honors an athlete can get:

(1) College All-American and (2) "Amateur Athlete of the Year" in Florida.

Howser earned both of those tributes last year.

Baseball School Opens In November

LAKELAND (Special)—Florida Southern College announced today that its 10th annual Baseball Administration School will open on the Frank Lloyd Wright Campus Nov. 7 with classes continuing through Nov. 20.

The school, which is endorsed by the National Association of Professional Baseball Leagues, is designed for men and women interested in the front office operations of organized baseball.

Florida Southern's Baseball School offers intensive work in the National Association Agreement, player contracts and related paper work, tickets and tax laws, legal responsibility and insurance, finances, accounting and payroll systems, park maintenance, daily game operations, concessions, and promotion and public relations.

The faculty is comprised of men with long experience in the business end of baseball. William D. Shilling, co-ordinator of the Baseball School, announced that this year the faculty will include William Bergesch, general manager of the Omaha Cardinals; James Grieves, general manager of the York Baseball Corporation; Allen H. Russell, president of the Austin Baseball Club; W. B. Carwell, of the Globe Ticket Company; and William F. Schweppe, scout, Los Angeles Dodgers.

The Baseball Administration School was organized in 1928, and to date upwards of 150 of its graduates have been placed in the business end of baseball. The only school of its kind in the country, it provides three hours of credit at the college level.

Today's Sports Parade

By OSCAR FRALEY
 United Press International
NEW YORK (UPI)—The vacant welterweight title goes up for grabs at St. Louis on Friday night and the odds which prevail are two to one that muscular Virgil Atkins will ruin the elastic profile of Vince Martinez, to say the least, unusual.

Nowhere in the records can you find a basis for the favoritism being lavished on the bullish battler from the Banks of the Mississippi. The figures actually are predisposed in favor of Martinez, the mauling Matador from Paterson, N. J.

The answer seems to lie in the fact that Atkins has stiffened his last three opponents.

There is a suspicion in this corner that it is an overlay. For from this angle it appears that Martinez, who can box as well as punch, may well be the only vertical warrior at the finish.

Each man has had 66 bouts. Martinez has won 60 of which 31 were knockouts. He has lost only five.

Atkins has lost 17 and, dispensing with one draw, has 47 victories including 27 knockouts.

The experts are wont to sneer at the adagio dancers of the ring. They criticize the classic boxer as "fancy Dan" and prefer the "crowd-pleasing" type which wades in, takes two to land one and has the ability to park the opposition in the balcony with one blow.

Martinez admits that he prefers to hit and run against a hard-hitting opponent.

Fights Dodging Style
 Martinez claims he will produce a "new" type of fight this time, hinting that he will walk in and swap bombs with Atkins. This is to be doubted. His record proclaims he has had a slightly successful while on the dodge and still able to induce more than his share of sleeping sickness.

Atkins, a slow-starting "lazy" fighter doesn't have this type of speed and yet the theory is that he will slow Martinez down to a strikeable walk before the end of 15 rounds.

This, however, has been the first time that Martinez has trained so completely and thoroughly for a fight. If condition is the main factor, those in the know contend he can go the whole 15 in high gear.

It shapes up as a right interesting bit of pugilism. But, despite the odds, the feeling here is that Martinez will be the winner.

starting today.

If Florida State should win its second straight regional championship, it's a good bet little man Dick Howser will be the big reason.

Whatever Happened To Bevo Francis

By United Press International
Bevo Francis and Little Rio Grande, Ohio, college were the basketball sensation of the nation for two seasons during which the remarkable Bevo set even more remarkable scoring records. In the second college game of his career he rang up 116 points. During the 1932-33 season, he averaged 50.1 points and averaged 46.3 per game the following season. His 1932-33 mark of 1,834 points was hailed as a new NCAA record but it was rejected when the NCAA pointed out his spurges were made mostly against junior colleges, vocational schools and service teams.

After his sophomore season, Bevo and his coach, Newt Oliver, formed a pro unit to travel as a side-show with the Harlem Globe-Trotters. The unit later disbanded.

NEW TRACK ACCEPTED
NEW YORK (UPI)—The Charles Town race track, a three-quarter mile oval in Charles Town, W. Va., has been accepted as a new member of the Thoroughbred Racing Assn. The track recently was purchased by Ben and Herman Cohen and Louis Pondfield of the Maryland Jockey Club.

Whatever happened to Bevo Francis? Now 25, Bevo lives with his wife and two children in the hamlet of Highlandtown, Ohio, and works at the nearby Wellsville, Ohio, China Company.

It's new! It's Mrs. Filbert's special recipe Mayonnaise

...in a useful new refrigerator jar!

1. If you think all mayonnaises are the same, there's a real surprise waiting for you at your local grocer. It's Mrs. Filbert's special recipe Mayonnaise... and it really is special! We make it with these special care recipes you receive with your own special coupon. You know, that extra care in the making... these special, cooler ingredients. For instance:
2. Extra egg yolks. We use premium-priced whole eggs... and beat in extra yolks for extra richness.
2. Special seasoning. The flavor hearts of choice spices give Mrs. Filbert's a unique taste.
3. New technique. We add real lemon juice... aged apple vinegar. Natural ingredients that synthetic flavors cannot match.
4. Choice salad oils. Never heavy... never oily... just pure fresh-pressed salad oils.
5. Expert blending. We have a certain knack for blending... and for whipping to just the right firmness. Note that distinctive "dimple" when you open the jar.
6. Useful refrigerator jar. We put our new special recipe mayonnaise in a new reusable jar with a rich red-and-white label. Handy for leftovers... preserves... so many uses.

The Filbert Family Guarantee: If for any reason whatsoever this mayonnaise does not live up to what we have said about it, we will cheerfully give you double your money back.

47 Senators Line Up For Excise Tax Repeal

WASHINGTON (UPI)—Sen. George Smathers (D-Fla.) reported today that 47 of the 80 senators who favor a majority—had lined up for repeal of federal excise taxes on transportation.

He conceded, however, that President Eisenhower's stand against tax reduction might have caused some supporters of repeal to change their minds.

In a speech prepared for the Senate, Smathers described the 3 per cent excise on freight and 10 per cent levy on personal travel as "an unfair, unrealistic, unprofitable burden on a wartime economy." He said the taxes were levied to a retail use of transportation during the war.

Smathers said the freight tax penalizes particularly producers in the South and West by adding to their freight costs for long hauls. He said the tax also encourages uneconomic transfers of plants and warehouses to points closer to markets.

The treasury collected 400 million dollars from the freight tax last year, but the actual gain was only about 225 million, he said, because corporations as a result paid lower income taxes.

Smathers is chief sponsor of a proposal to repeal transportation taxes. He said he had invited all senators to join in co-sponsoring it and that 46 had agreed.

He added, however, that some of the replies had been received before the President's announced stand last week against any tax reduction this year.

The House Democratic leadership and Ways and Means Committee have gone along with the administration. The House may act this week on a bill to extend existing corporate income and excise tax rates.

NEW YORK (UPI)—Former Postmaster General James A. Farley has thrown his hat in the ring for the Democratic nomination for U.S. senator.

Farley, who was 70 years old Friday, said he would "consider it an honor and a great privilege to represent my state in the United States Senate . . . If I'm honored by the Democratic Party at its convention in Buffalo as its nominee, I am prepared to wage a vigorous and what I consider would be a successful campaign."

Farley made the statement to newsmen at a birthday lunch in the Manhattan Club.

His announcement came just one day after another long-time political pro, Republican Leonard Hall, announced his candidacy for his party's nomination for the governorship.

Both men have served as na-

Florida Cited For Reducing Highway Deaths

TALLAHASSEE (UPI)—The National Safety Council has cited Florida for reducing highway deaths during the past year, the first such award the state has received.

Ironically, as the award was being announced, the state was counting up its worst Memorial Day holiday fatality toll in recent history. In all, 23 persons died violent deaths in Florida over the long weekend, 18 of them on highways.

The national award went to Florida for keeping the 1957 toll 149 under the previous year. The Council praised Florida for its aggressive highway safety program. For the third straight year, the state Department of Public Safety's record-keeping also received recognition.

The 23 holiday deaths included 11 drownings, and electrocution, one suffocation and two fire victims. One previously unaccounted-for drowning "victim," Victor B. Schuetz, 64, Tampa, suffered a heart attack while swimming in Tampa Bay Sunday.

The 18 traffic victims for the holiday period compared to 13 deaths in a comparable 78-hour period a year ago when one work day intervened between the holiday and the weekend, and 15 during the 78-hour holiday period in 1955.

In addition to the state Patrol award nine Florida cities received individual awards for traffic

FLORIDA CITIES RECEIVED INDIVIDUAL AWARDS FOR TRAFFIC SAFETY:

1. Make Huntsville, Ala., site of Redstone Arsenal and the Army Ballistic Missile Agency, a stop on the Atlanta-Memphis route.

2. Make Anniston, Ala., site of the Women's Army Corps Center and the Army Chemical Corps School, a stop on the Atlanta-Gadsden, Ala., route.

3. Make Melbourne, Fla., serving the missile test base at Cape Canaveral, a terminal point, along with New Orleans, on a route with stops at Tampa, Fla., and Eglin Air Force Base, Fla.

Switzerland is among the countries that have acquired merchant fleets since World War II. Others are Liberia, Ireland, Costa Rica and Ecuador.

Polish marsh farmers have a system of telegraphy in which they talk to each other by means of great wooden horns called "trombits."

safety. They included Clearwater, Daytona Beach, Hollywood, Jacksonville, Miami, North Miami, Pensacola, St. Petersburg and Tampa.

CAB Examiner Recommends 3 Route Changes

ATLANTA (UPI)—Southern Airways says a Civil Aeronautics Board examiner has recommended it to give three route changes to serve national defense needs.

The routes were recommended by Examiner Paul Pfeiffer in response to a Defense Department request for "expedited action" to meet commercial air needs in southern defense areas.

The new route proposals:

1. Make Huntsville, Ala., site of Redstone Arsenal and the Army Ballistic Missile Agency, a stop on the Atlanta-Memphis route.

2. Make Anniston, Ala., site of the Women's Army Corps Center and the Army Chemical Corps School, a stop on the Atlanta-Gadsden, Ala., route.

3. Make Melbourne, Fla., serving the missile test base at Cape Canaveral, a terminal point, along with New Orleans, on a route with stops at Tampa, Fla., and Eglin Air Force Base, Fla.

Buttons Has Fun On 'Sayonara' Location In Kyoto

Red Buttons, co-starring with Marlon Brando in Warner Bros.' "Sayonara," had a game going that kept native Japanese technicians in stitches on location in Japan's ancient first Capital, Kyoto.

Buttons wore a big-sleeved Japanese kimono in several scenes, and each day he came up with some new surprise from the cavernous folds of his kimono. He has nonchalantly pulled out a steaming cup of tea, a small kite which he immediately flew, a luncheon of bagels and cheese, a miniature hibachi (portable heater) complete with glowing charcoal embers which he squatted beside and warmed his hands.

The crew watched hopefully each morning, and Red never disappointed them.

Employment Gain Reported During May

THE BODY OF J. P. MITCHELL, 33, was recovered this morning from the St. Johns River. Law enforcement men and those who helped in the search are shown watching his body being lifted from a patrol boat onto the stretcher this morning shortly before 8 o'clock.

WASHINGTON (UPI)—The government reported today that employment rose 1,800,000 and unemployment dropped 300,000 in May.

The Commerce and Labor departments said unemployment went down to 4,004,000—a larger than usual decrease for this time of year. April unemployment was 4,180,000.

Government economists regarded as most significant in today's figures the fact that the seasonally adjusted rate of unemployment dropped to 7.3 per cent of the labor force in May as compared with the high of 7.5 per cent in April. This was the first reduction in the seasonally adjusted rate since it started to climb last summer.

Paddock Named Local Red Cross Chapter Chairman

Bruce Paddock was named chairman of the Seminole County Chapter, American Red Cross, at the annual meeting held at the Sanford Yacht Club Wednesday.

Other officers named in the annual election include: Honorary vice-chairman, Mrs. C. R. Dawson; 1st vice chairman, Gus Schmah; 2nd vice chairman, Mrs. George Wells; parliamentarian, Mrs. C. R. Dawson; secretary, William E. Gray; and treasurer, Clyde Ramsey.

Silver Lake Gets Face Lifting

Silver Lake has been a scouting site for a number of years but it has never been completely developed. On May 24, Phillip W. Simpson, District Cub Scout Commissioner, and Scout Commissioner Sidney Vihlen, Robert Cobb and William Tyre, responsible for park supervision, held a meeting at Silver Lake to see just what would be needed for improvement of the Silver Lake Camp.

The group decided to contact the Navy for the manager of the land for the beach was promised by the county. George Dangleman, a local contractor, agreed to furnish the bulldozer and operator. Francis Hall of the A.C.L. railroad also agreed to furnish old railroad ties needed to fence in the area.

After all the necessary contacts were made, work was set for Monday, June 2. However, Thursday, May 29, George Dangleman sent (Continued on Page 8)

WRAPPED TIGHTLY AROUND a power pole, this automobile was a total loss when the driver, Mrs. Hazel Marie Wade Schmeizer, 44, lost control on a heavy curve east of Casselberry on Seminole Boulevard. Electric power was disrupted when a web of wires was felled by the impact. (Staff Photo)

Early Morning Wreck Fatal To Sanford Woman

A 44-year-old Sanford woman was killed early this morning when her automobile crashed into a power pole east of Casselberry on Seminole Boulevard.

The automobile wrapped around the wood power pole pinning Mrs. Hazel Marie Wade Schmeizer in the car between the center post and the top. Florida Highway Patrolman J. L. Sikes and Johnny R. Hobbs said "no doubt the car was traveling at a high rate of speed."

Investigating officers at the scene, in addition to the two Florida Highway Patrolmen, included Deputy Sheriff James Hingle, Carl Smith and W. W. Johns Jr.

Coroner W. Hugh Duncan, called to the scene, said no inquest would be necessary.

Mrs. Schmeizer was traveling alone at the time of the fatal accident and traveling east on a road with heavy curves. Apparently she lost control of the automobile as she attempted to make a sharp curve.

Jack Owens, first to arrive at the scene, said the car was on fire but he put it out with sand and water. Owens disconnected the battery cable to keep fire from breaking out again.

The 1946 Dodge automobile was smashed completely with wreckage scattered over its entire 182 feet between its stopping place and the highway.

Lights were doused in the entire area east of the wreck scene when the transformer and wires were pulled down. Time of the accident was set at 1:45 this morning.

A power company employe said that damage to the pole, wire, and transformer is estimated at \$200. Mrs. Schmeizer was reported as the operator of the Ben Moore Nursery on Celery Ave. She lived, according to one law enforcement officer, on Laurel Drive at Elder Springs.

Family Counseling Service Being Established Here

A "Family Counseling Service" is being established for Seminole County Mrs. B. E. Chapman, president of the Seminole County Mental Health Association, said today.

The service is in operation on a part time basis at 810 Magnolia Ave. with voluntary assistance.

Four club organizations, the Pilot Club, Seminole County Medical Auxiliary, Woman's Club, and Xi-Beta-Eta Sorority, are sponsoring a benefit ball Friday, June 19 to provide funds to keep the service in operation. The event will be held in the Sanford Civic Center with Peter Buhar's orchestra furnishing music for the occasion.

"The purpose in providing this Family Counseling Service," said Mrs. Chapman, "is because there is an urgent need for it in Seminole County."

She explained that the main function of the service is to provide an answering service for people with emotional problems.

"We have many problems in Seminole County which remain unattended and often end in tragedy," Mrs. Chapman pointed out. "Recently, in one afternoon, 100 counseling service assisted 12 people with their problems with suggestions as to where proper aid might be received in some instances and concrete support in the first visit in other instances," said Mrs. Chapman.

Mrs. Chapman explained that "when problems are pressing it is a welcome sight to meet someone who can direct you to a solution. Our records show that we are in need of a 'clearing house' for the problems of people in our community needing emotional rehabilitation," Mrs. Chapman stated.

People of Sanford and Seminole County are urged to support the four organizations in their efforts to establish a community need. Tickets are available from any member of the four groups, Mrs. Chapman stated.

Reservations for the occasion are being made through the Jaycee Information Booth.

Dusty Boots Riding Club Sworn In As 'Sheriff's Posse'

Sheriff J. L. Hobby formed a new group and had them sworn in last night "to be ready in case of emergencies when they happen."

A "Sheriff's Posse" was formed with members of the Dusty Boots Riding Club as members.

There will be 30 members of the group, each wearing a "Posse" badge and carrying a card issued by the Seminole County Sheriff.

The group was sworn in last night at a regular meeting of the riding group held at the Sanford Farmers Auction Market.

Deputy Sheriff James Singletary gave the oath as each member of the group pledged "to act faithfully and perform such duties as called for, to help and assist, and when necessary enforce the laws of our state and county as directed by the Sheriff of Seminole County or his deputy in charge."

Sheriff Hobby said that the posse would be valuable in searches for lost children, for reaching inaccessible places on horseback, for handling crowds, and similar types of duties that accompany emergencies of many natures.

The badges, of shining silver finish, is distinctive since it is of a four-leaf clover type and plainly inscribed in the center is "Posse". Those sworn in last night were: Horace Cochran, S. H. Earnest, Donald Earnest, E. Brewer, J. E. Woods, C. L. Wallace, Curly Thomas, Lester Thomas, I. V. Williams, John Cowan, Harley Starnes, O. L. Gregg and L. D. Roberts.

The posse also includes three women members of the Dusty Boots Riding Club: Thelma Brewer, Naomi J. Schneider and Mrs. J. E. Woods.

Swimming Lesson Registration Set

Hours for registration Monday, when children will register for the free swimming lessons, during "learn to swim" month, have been set, said Sanford Recreation Director Ronald W. Perry, today.

The registration will be held at the Municipal Swimming Pool from 10 to 12 Monday morning and then again from 2 to 4 in the afternoon. Children registering for the lessons must register in persons. Perry said that no registration will be taken by telephone.

Mrs. F. D. Scott, Water Safety Chairman of the Seminole County Chapter, American Red Cross and the Sanford Recreation Department, are cooperating in offering the instructions.

Classes will be held for two weeks, Tuesday through Saturday, in 45 minute periods beginning at 9 a. m., 9:45 a. m. and 10:30 a. m.

MEMPHIS, Tenn. (UPI)—Rock 'n' Roll music is being in popularity in Elvis Presley's hometown a local radio station reported Thursday. The station said a poll of listeners showed only 13 per cent favored the type of music Elvis made famous.

Fisherman Drowns In River Yesterday

A commercial fisherman lost his life late yesterday afternoon when he apparently fell from his boat into the St. Johns River.

The body of J. P. Mitchell, 33, whose address was given this morning as 318 East 13th St., Sanford, was recovered this morning shortly before 7:30 from the exact spot where he disappeared yesterday.

Time of the boat accident was set at 5:30 Thursday afternoon when Mrs. Joe Jarrell first saw the boat spinning around in circles at an apparent high rate of speed.

The alarm was given while several men of the area watched the foundering man through binoculars. He attempted, one law enforcement man said this morning, to disrobe and swim ashore. He had stripped his clothing from his body.

Late yesterday, when the boat was brought in to the Municipal Landing on Seminole Boulevard, the man was first identified as R. W. Flowers. A commercial fisherman's license was found in the fishing gear with Flower's name as the owner.

However, Flowers identified the man as J. P. Mitchell and said that Mitchell had taken his boat and "went off up the river."

Twenty minutes after the alarm was sounded, the Seminole County Sheriff's Rescue boat was put into the water and went to the scene. Later, the City of Sanford's Rescue boat, operated by the Sanford Police Department, was pressed into use.

A Naval Air Station helicopter was also at the scene for more than an hour yesterday afternoon in an attempt to find Mitchell's body.

Wade Singletary recovered the body as he dragged over the area one time.

Commercial fishermen assisting in recovering the body were William Oglesby, Fred Gilbert, and Wesley Flowers.

TWO MEMBERS OF THE "Sheriff's Posse" receive their badges and cards from Deputy Sheriff James Singletary last night as the new organization came into being. (Left to right) Deputy Singletary, I. V. Williams, and Mrs. Thelma Brewer. (Photo by Bergstrom)

Justice of the Peace W. Hugh Duncan impounded a Coroner's Jury to look into the death of the Sanford fisherman. Members of the jury are: Ray Slayton, Willis Hunt, M. E. Masysala, J. C. Bennett, Clyde Ellison and T. R. Chandler.

Constable J. G. "Slim" Galloway, participating in the search, said this morning that "as soon as we had placed the buoy in the right spot the body of the man was recovered."

The entire departments of the Sanford Police and the Seminole County Sheriff's office were pressed into the search.

Officers said late yesterday that the boat, when brought to shore, had the gasoline line to the 25 horsepower motor broken, the throttle was wide open, and it was in forward gear.

No date has been set as yet for the inquest.

Three From Florida Named District Rotary Governors

Twenty Rotarians from eight southern states were elected district governors during the 1958 Rotary International convention held in Dallas, Tex., Myron Reck, president of the Sanford Rotary Club, said today.

District Governors preside over as many as 40 or 50 clubs, he said.

Those named for Florida are: Joseph C. Gissendener, Chatsahoochee; Richard C. Cumming, Ocala; and L. B. Slayter, Hollywood.

Invitations To Bid On Grove Lease Are Being Solicited

Invitations to bid on the leasing of the 21 acre citrus grove at the U. S. Naval Air Station, Sanford, are being solicited.

Notices of availability and invitation to bid forms may be obtained from the Public Works Office, Building 19, Main Gate, Naval Air Station, Sanford.

Bids will be received at the Office of District Public Works Officer, Sixth Naval District, Charleston, South Carolina until 1 p. m. on June 17.

Bracken Elected OBC President

Andrew J. Bracken, principal of Seminole High School, was elected president of the Orange Belt Conference for 1958-59 when it convened at Winter Park High School for the annual meeting.

Fred Goss, 5118 athletic director, was named secretary-treasurer of the group.

A baseball trophy was awarded Winter Park High School, the OBC champs this year.

Cecil Dantridge of Seminole High School was named to the all-conference baseball team.

Others standing the meeting from Seminole High were coaches Jim Pigott, Bud Leyer and Dick Silvers.

VAH-1 Is Leading In Bombing

After the first three phases of the six-phase fifth HAWING One Bombing Derby had been completed Wednesday evening, VAH-1 lead VAH-11 and VAH-3 in competition for squadron honors and the Conover Trophy. VAH-1 is stationed at NAS, Jacksonville.

The first three phases consisted of special weapons operations mission performed in a trainer, a bomb drop on a water target inside Cape Hatteras off the North Carolina coast and a celestial navigation mission. VAH-1 had a total of 1480 points compared to the 1360 points for VAH-11 and 1375 points for VAH-3. Scoring in the Derby is only one-third over

so all squadrons are still very much in the running.

One crew from VAH-6 and two crews from VAH-2 of HAWING Two, NAS Wildly Island, Washington are competing for individual crew honors. VAH-3 also has one crew competing for individual honors. As of Wednesday evening the crews of Cdr. Coker, VAH-1 and Lt. Dearph, VAH-3 were tied for individual crew honors with 536 points apiece. Third place belongs to Lt. Tomison's crew, VAH-11, with 526 points.

The Bombing Derby will be terminated today and the final scores tabulated.

Collins Seeks Legislation To Force Reassessment

TALLAHASSEE (UPI)—Gov. LeRoy Collins said Thursday legislative action is needed to untangle the complexities of assessing real estate at full cash value.

In his first news conference in more than a month, Collins said he will call on the next Legislature to give the state power to force local authorities to assess real estate at full cash value but at the same time make corresponding reductions in property taxes.

However, he added, this will not excuse assessors from doing a reasonable job of property revaluation on this year's tax rolls with present tools and authority.

Collins admitted the term full cash value is hard to define and will require legislative action to implement.

"After studying the situation in other states and based on my own continuing study of the situation in Florida, I am satisfied we are confronted with a complex problem and need law-reforms in the next session," he said.

Collins added that the state comptroller should be empowered to review assessment practices in each county and "ultimately approve or disapprove the over-all job done by each tax assessor."

"There also must be legal control so that county commissions will be required to reduce tax millages in reasonable relation to assessed value so that conflation of property would not result," Collins said he has asked the comptroller to investigate complaints in Palm Beach County that the Tax Assessor is jacking up property values as much as 45 per cent in some instances as a result of the governor's demand for more realistic assessments.

The county's legislative delegation, led by Rep. Ralph Blank of West Palm Beach, has vigorously protested. Blank said the value of some vacant property he owns has jumped from \$9,000 to \$28,000 on the new rolls.

However, the governor said he would not criticize Owens or enter the controversy until the assessor completes his job.

Official Tells Toastmaster's Club Of School Needs

Members of the Seminole County Toastmaster's Club heard Superintendent of Public Instruction R. T. Milwee speak on "The need for adequate school facilities" at their recent meeting.

Milwee told the local group "There is a pressing need now for adequate modern facilities to meet the growing school population."

He said "Our one way to solve the school need problem is to support the forthcoming bond issue election to be voted on in September of this year."

In addition to the principal speaker, the Toastmaster's Club presented its regular program which included an educational portion by local club members.

Bill Stearn, a club member, gave his second prepared speech which he called "Red Tape."

A sixth prepared speech was delivered by Gene Zakalans which dealt with the use of vocal gestures.

Guest of the club was Bill Carter of Lima, Peru who is employed as a pilot by one of the major oil companies in South America. He is on a six-weeks leave in the United States and is in Sanford as a guest of Bob Shelden.

Other guests were Leo Ruiner, manager of the Sanford State Farmers Market, and Marvin Crandall, manager of the bank facility at the Sanford Naval Air Station.

Clinic To Close During July

OVIEDO—The Oviedo Community Clinic bears the following notice on the door: "Closed Month of July—Doctor Will Be On Vacation."

Dr. Edward W. Storer and his staff will have the entire month of July, Mrs. Max Leinhardt, office manager, and Miss Ruth Kimball, trained nurse in the office, will deserve the rest as well as the doctor.

BOMBAY, India (UPI)—The government reported today that 2,500,000 persons have been hit by the current famine in 4,000 villages of Bombay state. The government ordered relief measures costing three million dollars.
