IS GERMANY ON VERGE OF COLLAPSE?

NAVAL TABULATION SHOWS RELATIVE POSITION NAVIES BRITISH, U. S., AND JAPAN

IN CRUISERS AND SUBMARINES STRENGTH SHEDS MUCH LIGHT

ON THE SITUATION

Which Led House Appropriations Committee Propose Negotiations for Agreement

(By The Associated Press) WASHINGTON, Dec. 15.—Tabulation obtained in naval circles showing relative positions of the British, American and Japanese navies in cruiser, and submarine strength apparently shed light on the situation which led the house appropriations committee to propose that Harding negotiate an international agreement to check competitive building of these types. Figures credit England with 16 light cruisers of the first type built or projected, United States ten building; Japan eleven built, twenty one building, or projected. In submarines England is credited with 14 first and second line; United States three first line, and Japan three building.

AMBASSADOR HARVEY CALLED BACK HOME

FOR CONSULTATION IT IS STATED AT AMERICAN LEGATION AT LONDON

(By The Associated Press) LONDON, Dec. 15.—Ambassador Harvey has been called home for consultation it was stated at the American embassy this afternoon. He will sail December 23rd. He will not be accompanied by Mrs. Harvey who will leave the preceding day for a visit to Madeira.

WASHINGTON, Dec. 15.—Although the State Department officially confirmed the London announcement that Ambassador Harvey had been called home "for consultation" they declined to make explanation of specific questions Secretary Hughes desired to discuss with him. In the absence of official explanation impression was gained that Harvey was called to Washington in connection with the situation as to Germany, reparations now threatening a rupture between Great Britain and France.

MILANE THEATRE WAS STARTED LAST NIGHT

GROUND BROKEN FOR SANFORD'S NEW THEATRE BUILDING

Ground was broken for Sanford's new theatre last evening. The occasion was observed with fitting ceremonies and the large number of citizens present to witness the event were enthusiastic over this latest acquisition destined for Sanford.

Sanford's own 15th Infantry Florida National Guard Band entertained with several numbers prior to the formal ground breaking. Honorable Forrest Lake was the first speaker of the evening and in a brief opening address on behalf of the city, expressed the thanks of the community to the individuals who had planned this project. Mr. Lake stated that the need for a theatre in Sanford had been of long duration, and in concluding his remarks called for an audible expression from the gathering in the form of three cheers for the officers of the Milane Amusement Company, which were generously given.

Hon. P. M. Forster, the next speaker also paid high tribute to the officers of the Milane Amusement Company. In a reminiscent mood he spoke of the time when Sanford had been one of the few cities south of Jacksonville to book large companies. In those days according to Mr. Forster, people would come from as far south as Tampa to hear and see some of the notably operatic stars and theatrical idols of those days. The honor of breaking the ground for the new theatre was allotted to Mr. Forster, which, after being completed, Frank T. Miller, the President of the Milane Amusement Company, thanked the city officials and others participating in the ceremony for their cooperation in making it a success. He stated that the theatre had been designed to give the people of Sanford one of the best in the state and he was pleased to feel that he had been permitted the opportunity of fathering the project.

A splendid platform built for the occasion seated representatives of the different civic clubs of Sanford, S. O. Chase and Forrest Lake, representing the city commissioners, W. M. Haynes the Rotary club, W. McKinnon the Kiwanis club, R. J. Holly the Press and Chamber of Commerce. Evidence that the theatre would be erected by April 1st, which is the date scheduled for its opening, were to be seen on every hand. The contractors, K. J. Gallespie of Jacksonville have already large quantities of building material on the ground. The theatre, when completed, will have a seating capacity of over 700, and one of the largest prosceniums in the state. Architects for the building are Scroggs and Ewing, of Augusta, and A. J. Moughton, of Sanford, supervising architect. The building has been financed and will be operated by the Milane Amusement Co., a corporation, consisting of Sanford business men, whose directors are as follows:

ADJOURNMENT COULD NOT BE BLOCKED BY LABOR LEADERS

(By The Associated Press) LONDON, Dec. 15.—British parliament prorogued today until February 13th. The program of adjournment went through without a hitch despite the widely heralded efforts of a small group of left wing labor members to prevent its rising in the house of Commons until a remedy had been found for unemployment situation.

(By The Associated Press) ST. AUGUSTINE, Dec. 15.—Orison Billings, William Albright, Herman Cubbedge and Henry Green were bound over to the circuit court today following a hearing on charges of a kidnapping conspiracy to commit a crime, in connection with the flogging of W. A. Roberts a week ago.

German Ambassador Confers With Secretary Hughes at Washington. But no Information Available Whether Conversation Touched Reparations or Not.

(By The Associated Press) WASHINGTON, Dec. 15.—Dr. Otto Wiedfeldt, German ambassador, conferred at length with Secretary Hughes today but no information was available whether the conversation touched reparations or serious reference to situation in Germany. The call of the German envoy, however, coming just before the usual Friday cabinet meeting was regarded as possible indication that the President and cabinet might desire to have before them at once all information of precise conditions in Germany as relate to reparations problem.

LONDON, Dec. 15.—Germany is very near to complete collapse, Prime Minister Bonar Law told the House of Commons yesterday. He declared that this was the only information he could give the House on the subject of reparations. Prime Minister Bonar Law emphasized in a speech in the House of Commons yesterday the impossibility of Great Britain paying the American debt while receiving nothing from Germany, France or Italy. He said he was convinced such a policy would reduce the standard of living in this country for generations.

WASHINGTON, Dec. 15.—Information reaching the American government through trade channels, it was said yesterday tends to bear out the statement of Premier Bonar Law that an economic collapse is threatening in Germany. In fact, it was declared, Germany appears to be approaching the point where she will be unable to import food in sufficient quantities to feed her people. No estimate was made, however, as to when her food supply would be exhausted. So far as the Allied debt situation was concerned, officials maintained silence. The position of the United States, however, has been repeatedly stated as one holding the debt question to be distinct from reparations. Germany normally produces only about three-fourths of the food she requires, it was said, and the information received here indicates she now is 2,000,000 tons behind her normal annual import of cereals alone.

PRESIDENT HARDING INVITED TO COME TO SANFORD TO ENJOY COUNTRY CLUB

President Could Not Say Whether He Would Visit Florida or Not

(By The Associated Press) WASHINGTON, Dec. 15.—President Harding was today invited by Elston E. Wadbrook, representing the civic organizations of Sanford, Florida, to spend his proposed vacation next spring at Sanford, Florida, on Lake Monroe. Wadbrook told the president the city of Sanford wanted the president to be its guest and cited ideal golf course of the Sanford Country Club as one of the attractions to make his stay a pleasant one. The president could not say at this time, he told Wadbrook, whether or not he could accept.

GAINESVILLE, Dec. 15.—Growing conditions are good throughout the staple farming section of the state except rain is needed, according to semi-monthly crop review issued by the Federal Bureau of Crop Estimates here. The color and quality of citrus fruits is declared to be greatly improved and winter truck crops are said to be "coming nicely."

LEXINGTON, Dec. 15.—Prohibition Director Sam Collins received word that Bob Ballard, leader of the Menifee county moonshine gang sought for the slaying of two federal officers last week was killed in battle with twenty prohibition agents today. Guy Cole, prohibition agent, was slain in the clash the report said. Charles Ballard, also sought, was wounded.

IN GIVING NEW VIGOR AND GREATER MEANING TO THAT BODY

TURKISH LEADERS

Have Stressed the Idea and the Desire to Westernize Country and Come in Whole Heartedly

(By The Associated Press) LAUSANNE, Dec. 15.—European diplomats gathered here believe the admission of Turkey to the League of Nations will impart new vigor and new meaning to that organization. From the beginning of the Near East conference, Turkish leaders stressed their desire to westernize their country and reopen statement convinced whole hearted cooperation by Turkey in League affairs would prove an important step in the maintenance of general peace.

LAUSANNE, Dec. 15.—Although Turkey was conciliatory yesterday on the great question of accepting some form of supervision from without on the general treatment of the Christian populations inhabiting Turkey, she proved adamant in insisting upon the supreme patriarch of the orthodox church.

This is one of the most important issues of the Lausanne conference. Around it surge all the historical and religious differences between Christianity and Mohammedanism, since the Turks consider Constantinople their sacred city and they resent that its soil should serve as the permanent seat of the pontiff of the Greek Christian church, and they maintain that Athens or Rome, or other avowedly Christian center should be chosen as his place of residence. The Greek delegate warned the sub-committee that Greece would never agree to the deportation of the patriarch, and would probably refuse to sign an agreement which authorized such a step. The meeting was somewhat hastily adjourned, but another attempt to reach an agreement will be made in a day or two.

By announcing yesterday her intention of joining the League of Nations as soon as peace is signed at Lausanne, Turkey virtually admitted she would accept the League of Nations supervision over the Christian populations in Turkey.

NORTHERN STATES SUFFER BY HEAVY SNOW AND COLD WEATHER WITH DISCOMFORTS

Caused by Blocking Traffic and Coal Shortage is Acute in New York

(By The Associated Press) CHICAGO, Dec. 15.—Heavy precipitation either of snow or rain of portions virtually every state except Florida with particularly heavy snow fall over lower Lake region marked the progress of winter over the United States today. Chicago's snow fall measured half an inch and three persons were killed and two injured yesterday in automobile accidents. Dozens of persons injured when ships crashed in harbor. Fuel famine threatened as result of New York's first heavy snow of the year.

ARMY LAND AND AIR FORCES OF SOUTHERN ARIZONA ARE EXPECTED TO CONCENTRATE

Their Efforts in Mountain Section of Arizona Looking for Lost Aviators

(By The Associated Press) PHOENIX, Ariz., Dec. 14.—The army land air forces in Southern Arizona are expected to concentrate their efforts in the Santa Rita mountain region South of Tucson today in their search for Colonel Marshall and Lieutenant Webber, missing aviators. Two reports by persons who said they had seen an army airplane in that district with an engine which was firing irregularly, led the searchers to believe the lost men might be found in the mountain district.

ALLEGED BANK ROBBERS ESCAPED FROM COUNTY JAIL AT LAUDERDALE YESTERDAY

Mobley and Matthews Were Held on Charge of Robbing Stuart Bank

(By The Associated Press) FORT LAUDERDALE, Fla., Dec. 15.—Hanford Mobley and Roy Matthews, alleged bank robbers, escaped from the county jail here yesterday afternoon. They had been recently transferred here from West Palm Beach, pending repairs to the county jail there.

Mobley, Matthews and J. C. M. Middleton had been held for the hold-up and robbery of a bank at Stuart, Fla., several months ago, involving several thousand dollars.

Middleton made no effort to escape. Mobley and Matthews escaped about four o'clock by forcing their way thru a trap-door, and then they reached the ground with the aid of blankets and sheets tied together. Their jail break was discovered about 10 minutes later and a sheriff's posse immediately gave pursuit. Telegrams were sent to authorities up and down the east coast in an effort to head the fugitives off. It is believed, however, that the men fled into the Everglades.

According to Middleton, the escape had been planned for some time. The pair had waited on him for a month, he said, and when he finally refused to go with them, they made the break themselves. Both Mobley and Matthews are barely in their majority, although Mobley is rather notorious in lawlessness in his section of the state. Federal authorities are holding charges against him concerning alleged smuggling operations and piracy. Following the robbery of the Stuart bank he and Middleton were arrested at Plant City after having been chased all of one afternoon and night. Matthews was taken several days later in Griffin, Ga.

WEST PALM BEACH, Dec. 15.—

Hanford Mobley, who escaped with R. Y. Matthews yesterday afternoon from the Fort Lauderdale jail, was captured in Plant City on May 13, on a charge of holding up the Stuart Bank and robbing that institution of \$8,133.14 the previous day, together with J. C. Middleton, who refused to escape yesterday. Matthews was arrested

CITY MANAGER FORM OF GOVERNMENT WON BY SMALL MAJORITY

By a majority of fifty-eight votes out of a total of six hundred and twenty-two, the electorate of Orlando yesterday went on record as favoring the adoption of the city manager form of government.

The election was the formal selection of city officials, following the city primary, and votes were cast as follows:

For city commissioners: Sutherland, 588. Manuel, 570. For mayor: Duckworth, 525.

Favoring change of charter, 351. Opposition to change of charter 296. The vote for the city manager form of government was informal, and intended merely to determine whether or not the people desire the change.

The vote was exceedingly light, as in case of all general elections following primaries which determine the issue. And it was pointed out that the abstract political issue of the favoring of the drawing of a new charter did not contain enough of the element of human interest to draw the people to the polls.

It is believed that when the human equation is injected into the city manager issue, the vote will be heavy.

As a matter of fact, the new political idea was in danger of being defeated yesterday for which one of two causes was attributed: either the opponents of the issue prevailed in numbers, or they took the trouble to go to the polls and vote while those who favored it passed the buck.

The next move in this particular municipal chessboard will be to select a charter board.

This is slated to be held soon after the first of the year. Then the charter which this board will draft will go before the people for ratification.

A fact which does not seem to be generally understood here is, that the charter does not have to be approved by the state legislature. Orlando has the privilege of changing its charter without the consent of the state.

When the charter is drafted and accepted, the next move will be to elect commissioners to translate the measures adopted into active principles of government. As to how many commissioners will be elected will be determined by the provision of the charter; any number may be specified.

Although the men and women voted together at the same booths yesterday, and there was no way of telling how the vote actually stood on the charter issue, observers at the polls said the women voted almost solidly for the change of government.—Reporter-Star.

A BOY'S BEST JOB

In almost every high school in the country, and Daytona is no exception girl students predominate, particularly in the high school classes.

This condition is attributed to the desire of boys to get out of school and go to work, and begin to make money.

Probably very few boys realize that they are holding down the most important and lucrative jobs of their lives while in school. It is their job at that time to get an education, and the harder they work at the job the better it will pay them.

The better education they get the larger dividends it will pay all their life. To quit school for a few dollars a week is a sad mistake. Those few dollars will in the end prove the most expensive dollars they ever earn.

In later years the lack of education, sacrificed for a few hundred dollars will cost them thousands.

Education is better than putting money on savings deposit. It will pay dividends throughout life and unwise investments cannot destroy it.

Not all educated men make a brilliant success, but the percentage of successful men, runs very high where a thorough education is obtained, and very low where it is not.

Parents and teachers alike might be a little to keep boys interested in school until graduation if the matter were put to them in this light—showing them how they are laying up capital that will pay dividends as long as they live.—Daytona Journal.

THEY WHO AMBULATE GET THE PERSIMMONS

Every year there appears a new roster of "walkers," those who have no object in view except to get an easy living off the public, secure the signatures of public officials in each

town and city visited, be accredited with intrepidity and courage, and receive the plaudits of an admiring populace.

This winter "spending the season in Florida" are the Irish girls, Kathleen and Winifred O'Malley, who claim to be walking from Atlantic City to somewhere. They are the "City to somewhere. They are clever workers as well as walkers, for in every town and city they enter the people fall all over themselves to wine and dine them.

And every place they leave they have the same stereotyped expression: "Yes, this is the prettiest place we have seen and we have been given the g-r-a-n-d-e-s-t time of any spot in Florida. No, we shall never forget you and all you have done for us!"

Easy, isn't it? Interested persons buy their wardrobes when anything is needed, because the "girls" say they left without money and have had no call for any along their trip, and they tail out, neither do they spin, yet Solomon in half his glory was not arrayed like either of them.

If they had come to Florida in search of some occupation to keep them through the winter there would have been no job open for them; but they were too smart for that. They do not wish to work; their "mission" is to walk; to cover so many miles in so many months, and, being good conversationalists, they make a mental touch at every point where they find stopping conditions good.

There is nothing wrong about them; but there is food for thought at the way the public runs after them, begs them to linger longer, banquets them and speeches them. The girls, no doubt, will chuckle to themselves in

after years, possibly they do now while they are on the job, at the "ceezymarx" found all along the way in Florida; and every town that proves a host to them gets the same happy hand and well wishes and the same amount of verbal publicity—with mental reservations. The public does love to be a goat.—Palatka News.

The Story of An Automobile

Here's an intimate story of automobile building that will appeal to everyone who has ever ridden in a motor car.

It's even more interesting than an actual trip through an automobile factory because the camera pictures details which would escape the eye. It abounds in human interest, with many thrills and in many cases real excitement.

You see the various parts transformed from the red-hot metal to the finished unit. You follow the final assembly line in operation with units added in logical order, each unit being traced throughout its manufacture before the next is applied.

This film was produced under the direction of the United States Department of Commerce in co-operation with the Studebaker Corporation and will be shown in all parts of the world. It is an education in manufacturing efficiency.

HERE'S SEASON FOR EXHAUSTION

After Constant Study Noted Authority on Health States Cause

It is positively alarming to see the many people nowadays who just haven't got strength and endurance enough to do hardly anything which requires exertion. It naturally worries you when you feel that you are not strong as you used to be, and you are not going to be satisfied until you find out the reason for it, and correct the fault.

If you feel uncomfortable after eating, or wake up in the morning feeling just as tired as when you went to bed, you are a victim of this modern condition. If you are nervous, irritable, despondent, with apparently no aim in life, these are the surest signs that you are not feeding your nerves, muscles, tissue and brains with the nourishment they require to give you health, strength and endurance and power to stand strenuous work and play.

According to authorities on health, when you no longer have the iron and vitamins your blood needs to carry health, strength and energy to every muscle and nerve in your body, you should put your stomach in a healthy condition immediately so it can digest and assimilate them from the food into your blood. And to prove these theories, the phenomenal new treatment known as RE-CU-MA is making robust, healthy and strong people out of weaklings every day by the hundreds.

RE-CU-MA quickly vitalizes the gastric juices so they digest your food and pass it on to the intestine, so they can assimilate the iron and vitamins from it into your blood. With rich blood, full of health, coursing through your veins carrying nourishment to your tissue, nerves, muscles, brain and every part of your body, you will quickly regain your former strength and endurance.

RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

Lake Mary Rink To Pull a Big One On Tonight's Bill

Lake Mary will be in the limelight tonight with a big feature at the Skating Rink. Songs and dances by Eva Grace Wagner, a big laugh for everyone who sees the Apple Bobbing contest, plenty of fun and merriment, Trick and Fancy skating, champion skater of the south. Don't miss it. Lake Mary is only a few minutes ride from the city and it will do you good to go out there for a few hours and see the new skating rink in full swing. The manager, Mr. Williams is trying to give you the best attractions at all times and is also running a place where the children may feel safe and enjoy themselves in a clean sport and the older folks are invited to join in the fun as there is always a thrill in skating and it is one of the best exercises that a person can take. Be sure and go out tonight and see one of the best attractions that they have had out there up to this time. Good music by the Jazzy Two.

WOMAN'S CLUB NOTES

Tuesday afternoon the regular social meeting of the social department was held at the club rooms, with Mrs. J. M. Wallace as hostess. There were seven tables of players.

Quantities of poinsettias were used with charming effect around the rooms. In the interesting game of bridge played during the afternoon, the prize for high score, a lovely compote, was won by Mrs. George G. Horring.

After the card game, the shower for the children's home was held, a goodly number of gifts being received. The hostess served ice cream and fruit cake as refreshments.

The annual ball given by the social department of the club will be held December 29th, and Mrs. R. A. Newman is chairman of the invitation committee.

Each member has the privilege of inviting two guests for this affair, and those expecting to invite guests are requested to turn in the names with the remittance of one dollar per guest not later than Christmas, so that the invitation can be mailed immediately after Christmas.

The chairman of the social department wishes to call attention of the club members to article seven, section three of the club by laws.

Members are entitled to only two guests each month. Twenty five cents must be paid for each guest. The name of the guest on the member's card with the remittance MUST be left with the treasurer at each meeting.

MUSIC DEPARTMENT

The regular monthly meeting of the Music department of the Woman's club was held in the club house Wednesday afternoon, Dec. 13, at 3:30 o'clock, Mrs. W. L. Henley, chairman, presiding.

A program of Chinese songs was beautifully sung by Mrs. Julius Takach, with the characteristically Chinese sounding (piano) accompaniment played by Mrs. Seth Woodruff. Mrs. Henley gave a brief description of the early Chinese music. This program was given by the Music department in compliment to the literature department, as the literature department is studying China this year.

After the program delicious hot tea

and wakers were served by members of the hostess' department.

During the business session it was decided that "Madame Butterfly" be given Friday, Jan. 5th, at 8:15 p. m., in the club house. This attraction is a fine adaptation from the opera "Madame Butterfly" the masterpiece of Giacomo Puccini, one of the favorite operas.

In choosing an attraction the music department, besides hoping to reimburse its diminished finances, wished to give the public an entertainment of the highest type and also decided to "Trade at Home," and therefore gave preference to our own artists, Mrs. Takach and Mrs. McGuinn, over outside artists from whom the department has received offers. And now it is hoped that the public will prove the wisdom of the decision. The tickets will be \$1.00.

UPSALLA AND GRAPEVILLE

UPSALLA AND GRAPEVILLE
Mrs. Tom Fortler's father has been very ill for a week from heart trouble we understand, and Dr. Denton has been out to see him a number of times.

Mr. and Mrs. Ehrensperger and Mr. and Mrs. Trumond Boll were recent Sunday visitors with their relatives at Gotha, going down there in their autos and spending the day.

Mr. and Mrs. August Swanson and Archie visited at the home of Mrs. Nelson and family in Sanford last Sunday and in the evening attended service at the Methodist church.

Glad to hear that Wm. Swayne, formerly of Boston, but now living with his family in Upsalla, has found work with Dutton & Company in Sanford as one of their shipping clerks and bookkeeper.

Mrs. Beck took Mrs. Swayne in to see Dr. Puleston and he is treating her for her asthma and thinks she can be cured if they stay in Florida two or three years.

Mrs. Elmer and Mrs. Hilmer Landquist were shopping in Sanford Wednesday.

Mrs. Neise, little daughter, Alma Burns were real ill all of last week from something she had eaten. Dr. Tolur came out and she is all right now.

The little Henderson baby is still sick with a bad cold on his lungs. The doctor was called out on Sunday and Wednesday.

The Adventists met at the home of

Mr. and Mrs. Forrest West on Sunday evening for their beginning of the week prayer meeting at the different homes of the members. Mr. and Mrs. Lucas came all the way from Longwood to attend.

Rev. J. S. Clark will preach for us next Sunday evening at 7:30 at the Presbyterian church instead of the afternoon as at first given out. His text will be found in Hebrews 3:1—Wherefore, Holy Brethren, partakers of the heavenly calling, consider the Apostle and high priest of our profession, Christ Jesus.

Rev. Wahlburg was also with us for Sunday school and told us he will not be here again until the 5th Sunday service. While here this time he was the guest of Mr. and Mrs. Alfred Ericson.

Mr. and Mrs. Borrell had strawberry shortcake for Thanksgiving dinner, raising the berries themselves.

Buick Authorized Service Maintains Buick Dependable Performance

The blue and white emblem of Buick authorized service is always a guarantee of adequate facilities for maintaining Buick dependable performance.

On an imposing building in the biggest city, or on a cross-roads garage, it marks the place where Buick owners may obtain mechanics skilled on Buick cars, where they will find genuine Buick factory made parts, and where they will receive courteous, conscientious and helpful assistance in the continued perfect operation of their Buicks.

Buick owners have come to regard "Authorized" Buick service, no matter where they see it, with the same confidence and satisfaction that they have in any motor car that bears the Buick name.

Domestic Science Schools Use Calumet

Where baking is done scientifically—where ingredients stand or fall under exacting tests, you find Calumet Baking Powder used more often than any other brand.

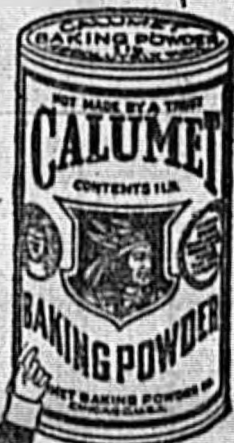

—the choice of over hundreds of brands—the perfect leavener—pure—uniform.

Keep this in mind when you buy baking powder, because it is of vital importance to successful—dependable baking.

The purchase price of baking powder does not determine its economical merits—results tell the story.

That's why the sale of Calumet is 2 1/4 times as much as that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

**GAINESVILLE AND MIAMI BATTLE
SATURDAY FOR THE GRID IRON
CHAMPIONSHIP OF HIGH SCHOOLS**

GAINESVILLE, Dec. 15.—Football teams from Miami and Gainesville High Schools will meet on the University Field here Saturday to settle the matter of the state scholastic championship.

Arrangements for the game moved rapidly yesterday following an acceptance by Miami of a revised offer from the local school. Local business men have guaranteed \$1,000 to the visiting team. "Ted" Arnold has been agreed upon as referee. Miami had previously refused to play on the home grounds of the Gainesville squad but had offered to play anywhere else in the state. Officials of the two squads continued their negotiations early yesterday with a resultant agreement amicable to all sides.

With the game definitely scheduled, speculation became rife as to its outcome. There seemed to be little doubt that regardless of which team wins, it will be one of the best games played in the state this season. Both teams came in the championship finals by virtue of going through the season without a defeat. Gainesville's schedule embraced the stronger teams, but Miami on the other hand had hardly been pushed to its full strength.

Both teams played Plant City, Gainesville winning from that squad 35 to 0 and Miami 25 to 0. The size of a score is usually a poor basis for prediction, however.

**MERCHANTS UNABLE TO OVERCOME BIG
LEAD, FARMERS TIE FOR SECOND PLACE**

Herbst and Amanns High Men of Evening and Randall Follows Close Behind

The Farmers and Merchants met in regular match last night at the bowling alleys and although the Merchants won two out of three games, the one game they lost gave the Farmers such a lead that they were not able to overcome and the results are that the Farmers tie up with the Men's Club for second place.

Herbst and Amanns bowled the best average of the evening, both bowling 489 and their closest rival was Randall, who came within six pins of tying with him.

The Rotary Club and Congregationists play tonight.

Last night's score follows:

CHRISTMAS FOR MEN

Be practical when you give to men—they will respect you more and appreciate the gift.

Did you ever hear of a man having too many ties, socks, shirts or collars? Give him plenty and he is happy.

Select them at a real man's store—his store—where he can exchange them for the right size, the desired pattern and color.

An order for a new Styleplus Suit or Overcoat will be very acceptable. Ask us about it.

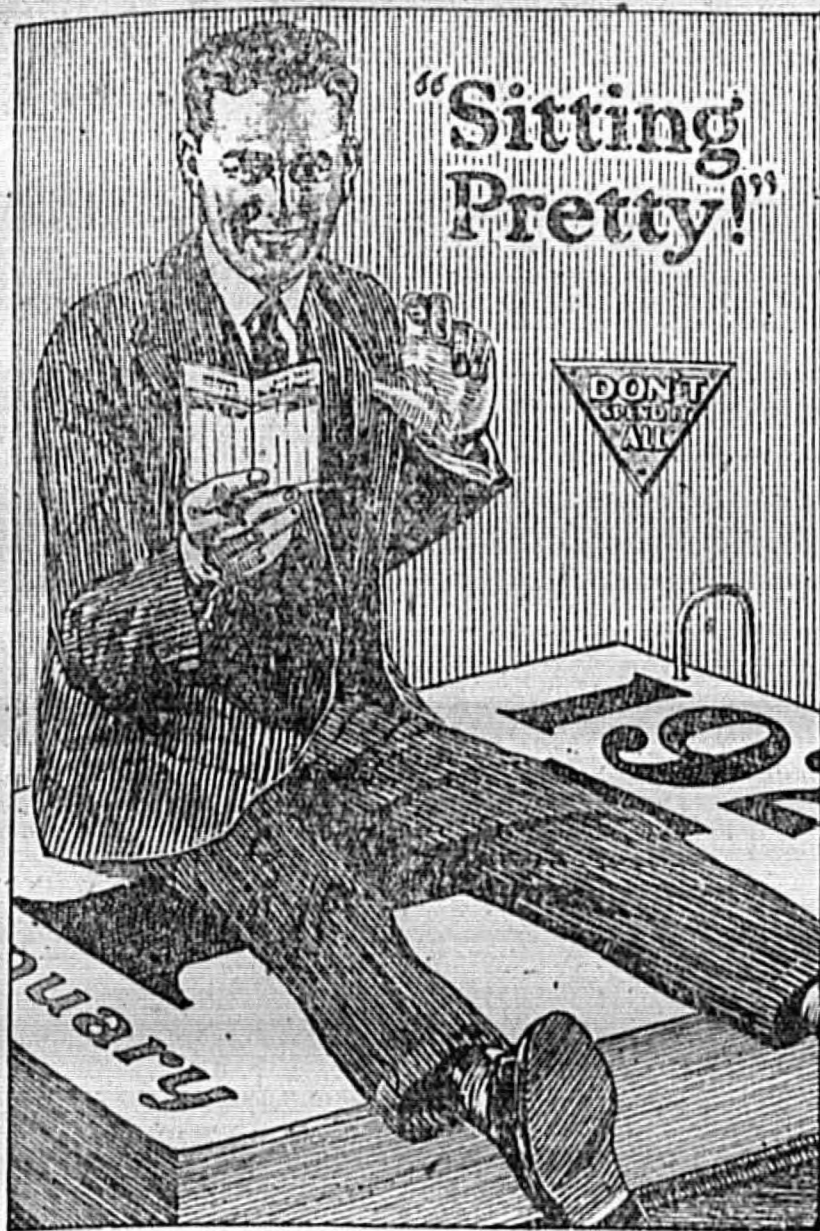

Suits	\$25 to \$40
Overcoats	\$25 to \$40
Evening Clothes	\$35 to \$55
Shirts	\$1.50 to \$7
Hosiery	\$25 to \$1.50
Neckwear	75c to \$2.00
Shoes	\$5 to \$14
Gloves	50c to \$3.50
Sweaters	\$5 to \$10
Underwear	75c to \$3.00
Hats	\$3 to \$10
Caps	\$1 to \$2.50
Belts	50c to \$2
Belt Buckles	50c to \$3
Bath Robes	\$7 to \$10

TUXEDOS
