New Faces Appear

Congress Changes

By WILLIAM F. ARBOGAST Associated Press Writer WASHINGTON (AP) — Although a near-record number of new faces is likely in the next House of Representatives, the effect of the changes, including some in leadership positions, may not be noticeable for some time. Some senior members are losing influential committee positions but in most instances other older members will take over the vacancies. Newer and younger members must start at the bottom of the seniority ladder, but their opportunities for advancement are becoming brighter as older members depart. With more casualties certain in the November elections, the number of new members in the House convening next January may approach the record of 116 who took office in January 1949. There were 51 new faces in the House when the present Congress convened in January 1971. That number already has been exceeded by announced retirements, primary election defeats, and the quest for other office. Among them, departing members have about 1,000 years of service. Of the 13 House members defeated in primaries this year, four, all Democrats, are committee chairmen. They are Reps. Emanuel Celler, D-W.Va., 58, a 14-year veteran. If Teague leaves the Veterans Affairs panel, the chairmanship would go to Rep. William Jennings Bryan Dorn, D-S.C., who is 66 and has been in the House since 1947. Aspinall, who is 76 with 24 years of service, is due to be replaced as chairman of Interior by Rep. James A. Haley, D-Fla. Haley, 73, came to the House in 1953. McMillan, 74, has been in the House since 1939 and is one of its most conservative members. He is slated to be replaced as head of the District of Columbia Committee by a liberal black, Rep. Charles C. Diggs, D-Md., 50, who was elected to the House in 1954. Two of the 30 retiring House members are committee chairmen. They are Reps. William M. Colmer, D-Miss., and Edward A. Garmatz, D-Md. The 82-year-old Colmer heads the Rules Committee and has been a member for 40 years. A conservative, his place as committee chairman is destined to go to a liberal Democrat, Rep. Ray J. Madden of Indiana, 80, not by 30 years' seniority. Pursuit of that goal carried him on the steamy Sunday afternoon to the southern Maryland community of Mitchellville where he found a crowd gathered for the 12th annual Italian Fall Festival, an event to raise funds for the Villa Rosa Nursing Home. The President's daughter, Tricia Nixon Cox, had been scheduled to attend the picnic but canceled out at the last minute. Her father decided to substitute for her. Linking arms with two Catholic priests representing sponsors of the event, Nixon worked his way slowly through the crowd. Mounting a bandstand, he presided over the patriotic, hard work and spirit of Italian-Americans.

Nixon Woos Democratic Vote Blocs

By GAYLORD SHAW Associated Press Writer WASHINGTON (AP) — President Nixon is courting traditionally Democratic voting blocs as he increases the pace of his re-election campaign. Making a surprise stop while en route back to the White House from Camp David on Sunday, Nixon went to an Italian-American picnic and then toured a Catholic-sponsored home for the elderly. In past campaigns, most ethnic blocs and the Catholic vote generally have been considered in the Democratic camp. But this year Nixon is trying to make inroads into Democratic strongholds as he seeks to weld a new political majority of Democrats, Republicans and independents. Pursuit of that goal carried him on the steamy Sunday afternoon to the southern Maryland community of Mitchellville where he found a crowd gathered for the 12th annual Italian Fall Festival, an event to raise funds for the Villa Rosa Nursing Home. The President's daughter, Tricia Nixon Cox, had been scheduled to attend the picnic but canceled out at the last minute. Her father decided to substitute for her. Linking arms with two Catholic priests representing sponsors of the event, Nixon worked his way slowly through the crowd. Mounting a bandstand, he presided over the patriotic, hard work and spirit of Italian-Americans.

97 Saved From Fiery Jet Death

NICOSIA, Cyprus (AP) — A telephone warning about a time bomb aboard a Venezuelan jetliner saved 97 persons from almost certain death. Nicosia Airport officials said today. The DC8 made an emergency landing at Nicosia shortly after it left Beirut Sunday. The bomb was found in a rear toilet and defused without further incident. It was timed to go off as the jet would have been approaching Rome and would have blown it up, the officials said. Three men, believed to be Lebanese, were later arrested in Beirut in connection with the bomb. One of them was believed to have telephoned the warning to Beirut Airport. Police did not disclose a motive for the attempted bombing.

McGovern Consistent In His Campaign Talks

By CARL P. LEUBSDORF AP Political Writer WASHINGTON (AP) — The tone is different and so is much of the rhetoric. But the George McGovern campaigning as Democratic presidential nominee is relatively unchanged from the little-known South Dakota senator fighting last spring for his party's nomination. Despite well-publicized changes in his tax and welfare proposals, and the abandonment of "new politics" rhetoric to two such party leaders as Richard J. Daley, McGovern is staying remarkably close to the thrust, if not always the particulars, of his original proposals. The change, by contrast, is far less than the 180-degree turns negotiated by President Nixon when he abandoned a career of opposition to economic controls and reversed his position on U.S. ties with mainland China. "Of course, he's been inconsistent on some things," said one of McGovern's longtime supporters, Sen. Abraham A. Ribicoff of Connecticut. "Any good politician is. Events change, and you have to change with them." McGovern himself admits he is more cautious in expressing his views, especially since he first denied, then admitted, asking Pierre Salinger to make inquiries in his behalf in Paris as to whether North Vietnamese terms for release of U.S. prisoners have changed.

The Sanford Herald

Tuesday, September 19, 1972—Sanford, Florida 32771 65th Year, No. 21 Price 10 Cents

By John A. Spolski

The Constitution of the United States of America was Adopted September 17th, 1787.

About the Seminole High School situation... first of all, believe about one-half of what you hear; cause more than likely the balance is nothing but exaggeration.

Essentially what we all are interested in is that those who are sincere in wanting to be taught will not have that right forfeited by those who obstruct the laws... and further, no one be permitted to go scot-free after instigating fistcuffs, and doing personal bodily harm to others.

We don't want 'em to get away with it... and after personally sitting-in on a meeting this morning with School Board Attorney Douglas Stenstrom, Superintendent John Angel, Principal Jack Redding, Sheriff John Polk, Sanford Police Chief Ben Butler... the unanimous opinion was... 'it has come to a screeching halt!'

As an example... this morning three dates arrived after classes had begun. One was a student and two others were "just gonna mosey around campus."

The two guests were invited to leave... and they did. The arrogant student was quickly suspended for his attitude and cigarette smoking (which is against the rules) and he will not be at school for the next three days.

"Man, I didn't know" was his weak attempt to excuse the situation. He did know and for one and everyone else to also know... No more!

As Assistant Principal Dick Evans read over the public address system... "Any student loitering on campus, in the halls or corridors without a pass will be immediately suspended. Any student involved in a fight of any kind will be suspended and recommended by the Administration for expulsion from school."

"All students must be in an assigned class or area at all times... any student refusing to attend class or to stay in an assigned area will be physically removed from the campus and a warrant sworn out for his arrest."

That's rather clear. I'm sure the students comprehend, and I'm hoping that you parents will understand. If it happens to your son or daughter... please don't say, "I didn't know, etc."

There'll be a special meeting on Friday of the county school board at which time the request will be made for two additional administrative aides for Seminole, who'll also be authorized to make arrests... and they will be permitted to carry sidearms, too. Yes, they will be required to have attended the minimum 200 hours of academic police training.

If the board gives the proper backing to Redding... he's capable of handling the problem. And speaking of backing, he needs your support, too.

United Fund Launches Campaign For \$82,000

By ANN SIECZKOWSKI

"82 in '72" — slogan for this year's campaign. Seminole County United Fund held its kickoff meeting at House of Steak this morning, with Jack Horner presiding.

"We are ready to go on the biggest and best campaign ever with the largest goal in the history of the United Fund here — \$82,000," announced George Foster, campaign chairman. This is the largest charitable civic undertaking in the county and has 12 participating agencies, including Boy Scouts, Girl Scouts, Salvation Army,

Children's Home Society, Good Samaritan Home, American Red Cross, Seminole County Mental Health, USO, YMCA, Mid-Florida Center for Alcoholics and Central Florida Workshop.

Contributions already received include \$1,000 from the Jal Alai Fronton; \$550 from employees of Water Bonnet in Caseberry (raised on a fourth of July auction to benefit UF); Everett Husky Realty, \$100; and Sweet Water Oaks development, \$100. Montgomery Ward's of Seminole Plaza promises a 2,000 per cent increase in its donation. Arthur Evans,

recently elected city councilman of Oviedo, was present, representing his father and the City, which for the first time has joined in the county-wide effort of United Fund. Prior to this year, Oviedo has conducted its own united campaigns for all agencies.

Eugene Keltner, executive director of Central Florida Chamber, American Red Cross, chairman of the fund raising in commercial firms, said that without success in this area little could be done for participating agencies. Serving on his committee are C. E. Wurgess, chairman in Fern

Park area; Beth Hanson and Margaret Gans, and Robert Kilgo, District executive of Boy Scouts. Harold Rowland and William Burden, of Sanford Atlantic National Bank, will head the financial division; Robert Ferris, dentists; Jane Emmons, residential; Ernest Cowley, schools (12 schools, 2,000 employees); Harvey Alper, attorney; Fr. Pat Caverly, South Seminole clergy; Fr. William Ennis, Sanford clergy; Arthur Mackey, John Carl, pilot firm; E. C. Elisea, Sanford Plaza; Troy Ray, county. Robert Morris, campaign chairman last year, assured the new chairman, Foster, that he would receive support of the people. He said, "This is not a one-man job it is an entire county project. We have the time to do, and the energy to do what we want to do."

George Touhy presented a past president award to the outgoing president, Horner, "Mr. United Fund," and an award for achievement to outgoing campaign chairman, Robert Morris.

In closing, Horner urged all those wishing to attend the first report dinner-meeting to call Chase and Company, 222-1411, for reservations. The dinner will be held on Thursday at 6:30 p.m. at the Land O' Lakes Country Club, with Casseberry Lions Club hosting.

A report luncheon will be held on Wednesday, Oct. 4, with Sanford Kiwanis Club hosting at the Sanford Civic Center. The Victory dinner is scheduled for Thursday night at the Sanford Garden Club at 7:30 p.m.

Police Security Requested For Seminole High School

By BILL SCOTT

That the principal of Seminole High School and the school faculty and all other school personnel be directed to cooperate in every way with Sheriff John Polk and Chief Ben Butler in the prosecution of those violating the law. They are further directed to take all action necessary to maintain discipline in the classrooms and order on the high school premises.

1. "That the Seminole County sheriff and Sanford police chief have been requested to take whatever action is required to safeguard and protect students attending Seminole High School and to arrest and bring about the prosecution of those students and others found violating the criminal laws of Florida.

2. "That the principal of Seminole High School and the school faculty and all other school personnel be directed to cooperate in every way with Sheriff John Polk and Chief Ben Butler in the prosecution of those violating the law. They are further directed to take all action necessary to maintain discipline in the classrooms and order on the high school premises.

Overflowing with Seminole High School parents and other concerned citizens, the School Board Monday night adopted school policies designed to quell disruptive acts at the 10-12 grade Sanford school.

Waiting for the answer. (Bill Scott Photo)

Notice is hereby given that any student not attending SHS for the expressed purpose of getting an education will be removed from campus. There are no exceptions. The only people who have legitimate demands on this campus are students who wish to get an education and expect to do this without fear of harm. The instructors also have expressed demands, that is, to engage in the educational process without disturbance or fear of bodily harm.

Effective this date, if necessary, law enforcement personnel will be moved on campus to insure the peace and safety of the aforementioned.

Jack Redding, principal

Longwood Hikes Police Fund 40%

By DONNA ESTES

LONGWOOD — City Council this morning in budget session tentatively approved a 40 per cent increase in allocation to the police department for fiscal 1973-74 to beef up the department to handle the city's current and anticipated growth.

Largest item approved in the \$140,192 budget up from the current \$99,723 allocation was for salaries at \$117,192 (84 per cent of the total police budget). Largest salary increase at 35 per cent was designated for the police chief position up from \$7,300 to \$10,000.

Approval was given for the employment of three additional patrolmen and one new police dispatcher. Considerable discussion was given to the relative importance of a male police sergeant and a female desk sergeant. While Police Chief R. E. Sweat had requested a raise for a road sergeant from \$6,000 annually to \$7,300 annually, he had asked that the female desk sergeant be raised to only \$6,300.

Council Chairman Eugene Jacques pointed out the city could show no bias because of sex and Mayor Kenneth Brown insisted, "This woman ought to be paid the same as a sergeant on the road."

Brown and Jacques both remarked that the two positions are equally hazardous in that

Holdup On A Bus Fails; Suspect Held

By BILL SCOTT

COCOA, Fla. (AP) — A gunman who held three passengers hostage for about 90 minutes aboard a Greyhound Bus today was rendered unconscious by tear gas and captured after he let the passengers go, police said.

A spokesman for the Cocoa Police Department said bus driver Robert E. McCort of Jacksonville told them he was pulling into the Cocoa depot with his Miami-bound bus before dawn and captured after he let the passengers go, police said.

The driver said he told three passengers in the front of the bus to get off, but Jones kept Willie Williams, Jimmy Williams, 30, of San Francisco, and Kazel Swanning of Amsterdam, the Netherlands, as hostages. Swanning, who said he was on his way to Miami on a tour of the United States and pretended he was asleep when he saw Jones waving the gun.

Swanning said Jones shook him and he replied, "I told him I wasn't from the United States and didn't speak English too good and I didn't want to get hurt, that I loved all people," Swanning told police.

He said the gunman smiled and motioned him off the bus. Jones let Jimmy Williams go, but released Willie Williams 90 minutes after the bus pulled into the depot, police said.

Officers had arrested the suspect by this time and tried to talk the gunman into giving up, police said. Two hours and 40 minutes after the bus arrived at Cocoa, police said, officers threw a tear gas canister into the bus and rendered Jones unconscious. He was taken to a local hospital for treatment and held for further investigation and testing, police said. No charges were filed immediately, police said.

That's rather clear. I'm sure the students comprehend, and I'm hoping that you parents will understand. If it happens to your son or daughter... please don't say, "I didn't know, etc."

There'll be a special meeting on Friday of the county school board at which time the request will be made for two additional administrative aides for Seminole, who'll also be authorized to make arrests... and they will be permitted to carry sidearms, too. Yes, they will be required to have attended the minimum 200 hours of academic police training.

If the board gives the proper backing to Redding... he's capable of handling the problem. And speaking of backing, he needs your support, too.

Effective this date, if necessary, law enforcement personnel will be moved on campus to insure the peace and safety of the aforementioned.

Letter To The Editor

Retire 'Political Leeches' Recognized

Editor, Herald: Must write to you and express my feelings and sympathy to the person who wrote you about the manner in which this person was treated when attempts were made to prevent a swindler and fraudulent person from leaving the area unpunished.

Yes, they went to the authorities for protection and was advised that a Criminal Arrest Warrant must be taken, and was advised where and how to obtain the Warrant for Arrest. This Sanford Justice of the Peace brushed them off saying he did not have time on account of a "meeting". Now this same person is begging the people of this County to elevate him to one very important Judicial position, promising now as in the past to give them 24 hours per day and 7 days per week "Dedicated Service". Truthful? No, his opening statement to the press said he had been a Citizen for 40 years. Not so. Only about 31 years. Active Church member "only" during Political Season. Services not available for several months during the racing season of the Sanford-Kennel Club where he had "moonlighting" employment. Citizens of Seminole, beware of the excellent effort on the part of many bringing signal praise to the state to complete tabulation Tuesday night.

My first letter to you Mr. Editor, and I congratulate you on your fine reporting, and permitting our voices to be heard.

Thank you again for the recognition.

Very truly yours,
Arthur H. Beckwith Jr.
Clerk of Circuit Court

INFORMED

Beth Johnson Drops Out Of Race For Reelection

COCOA, Fla. (AP) — State Sen. Beth Johnson, who has withdrawn from her race for reelection, was provided free use of rental cars "on numerous occasions" during the last three years by the Florida Phosphate Council, the Today newspaper has reported.

In a copyrighted story for this morning's editions, the Today said a Phosphate Council lobbyist, Homer E. Hooks of Lakeland, acknowledged that the council had paid bills for rental cars used by the Republican senator. The newspaper said Mrs. Johnson was one of only four senators in 1971 to vote against a bill that forced the phosphate industry to pay a severance tax on the mineral.

Mrs. Johnson announced at a news conference Monday she was withdrawing from her race for reelection to the Legislature from District 17 to spend more time with her children.

In her surprise announcement Mrs. Johnson told reporters she would return to her role as a housewife and mother of three children. "The decision is irrevocable. Under no condition will I continue to seek re-election to office," she said.

Astronaut Stamps Linked To Hughes

COCOA, Fla. (AP) — The controversial stamped envelopes carried to the moon by Apollo 15 astronauts were ordered by a NASA official and billed to a businessman then connected to Hughes Enterprises, a printing firm manager says.

John H. Jacobs, manager of the Brevard Printing Co. in Cocoa, said Monday that Harold G. Collins of the Kennedy Space Center ordered 60 envelopes with a special "First Man on the Moon" stamp before the 1971 Apollo 15 mission flown by astronauts David Scott, Al Worden and James Irwin.

Collins, chief of the Mission Support Office at the Kennedy Space Center, refused to comment, saying only "The Justice Department is investigating and is into it in full swing. We are not even supposed to discuss the matter."

There were 641 envelopes carried to the moon, according to officials of the National Aeronautics and Space Administration.

The print shop manager said he actually delivered between 1,000 and 1,200 of the lightweight envelopes because he got more good prints from the press run than he expected.

Some 100 of the Apollo 15 envelopes were delivered to a German stamp dealer, Herman Siegel, after the moon flight and he reportedly sold the envelopes to collectors for \$1,500 each.

A \$7,000 bank account was opened in Germany for each of the three Apollo 15 astronauts, but NASA said the trio later decided not to accept any money.

These were needed by the defense to prepare for a trial which the YVA's predicted would last from two to four months, the motions said.

The same reason was cited in asking that the trial date be set back from Oct. 10 to January or later.

The motions contended U.S. District Judge David Middlebrooks, who has been hearing the case since the indictments were returned in July, should be removed for personal bias.

Cited were statements Middlebrooks made to defense attorneys in court hearings, allegedly accusing them of deliberate delay and threatening to have them investigated or disbanded.

Dismissal of the case was sought on grounds that the indicting grand jury failed to have a representative group of young people, poor, women, blacks, people with Spanish surnames, blue-collar workers, the poorly educated and conscientious nonvoters.

They said use of a voter list to pick jurors failed to provide a community cross-section and also was reason for allowing the defense a right to dismiss trial jury panels.

Viet Vets Seek New Judge

TALLAHASSEE, Fla. (AP) — Six Vietnam Veterans Against the War want a new judge and a new trial date if they cannot get dismissal charges that they conspired to disrupt the Republican National Convention.

District Court here more than 100 pages of motions and supporting documents which also sought from the government a bill of particulars stating times and places that events in the alleged conspiracy occurred as well as a list of all informers and other persons interviewed by government agencies in the case.

Girl's Fiery Demise, Death Card Are Probed

JACKSONVILLE, Fla. (AP) — While his 16-year-old niece perished when a flash fire swept through her house across town, Tucker Fletcher received a special delivery letter post-marked from Anchorage, Alaska.

Inside was an ace of spades, often used as the symbol of death.

It could be an unrelated practical joke," said police Det. Paul Short. "But we intend to investigate every lead."

Short said Cynthia Sloan Fletcher apparently died of smoke inhalation in the fire last Friday, although the autopsy report isn't complete.

Fletcher, at his home in another section of Jacksonville, received the letter about the hour of the fire, Short said.

He said the card and paper will be tested for fingerprints.

"There seems to have been some sort of flammable liquid on the floor," the detective said. "Laboratory tests will be run to determine what, if anything, was on the floor."

Cause of the flash fire hasn't been determined, investigators said. They reported it apparently wasn't caused by electrical trouble since wiring in the house appeared intact.

A bloody handprint was on a wall in the house, Short said, but this could have been made by a fireman who cut himself.

Miss Fletcher was home alone, police said. Her mother had left that morning on an out-of-town trip and her younger sisters were staying with a neighbor. Her father was killed in a plane crash about 11 years ago.

Funeral services for the girl were held Monday.

How One Woman In Sanford Saved Her Home with No-Roach

No-Roach helps its promise

"This is the first letter I have ever written to a company, but I do want to tell you that I think very highly of your product 'No-Roach.' I have used it for a long time and it really works! I was frantic trying to get rid of roaches in my house until one day I was in the supermarket and saw 'No-Roach.' I bought it and used it. I really worked! I've never seen a roach since using 'No-Roach.' Thank you. Johnston's No-Roach is a colorful, odorless coating that stays effective for months. Available at...

At Seminole Paint, Body Quality Workmanship

DAVID REDWINE DENVER TRIPLETT ROBERT COYLE JAMES KELLER

Some times you get an opportunity to meet a really generous person. We had such an opportunity this week. He is David Redwine, owner and manager of Seminole Paint and Body Shop, located at 2540 Myrtle, just behind the Knights of Columbus Hall.

Redwine has in his employ seven of the most dedicated and best qualified body and paint men in the automotive business anywhere. Their experience totals more than 50 years of quality workmanship, specializing in the repair of heavy wrecks.

"We have had so much publicity about our work at the shop and business is really good. But I want the folks to know about my men who work here because the work they do brings in the business to us."

And so we talked with his staff of expert mechanics and painters and body repair men and now we present them to you — a great bunch of men who work for a most appreciative employer.

Denver Triplett is assistant manager. According to Redwine, this man can "run the show around here" when necessary. He is capable in all phases of the operation, preparing estimates, expert mechanic, electrical work, and especially good on body work. Denver is married and has two daughters.

Robert (Bobby) Coyle and his wife, Joyce, have one son, aged 5, who attends kindergarten at Longwood Elementary School. Bobby is the Corvette, fiberglass specialist for Seminole Paint and Body Shop. If you need fiberglass work done on your car, then Bobby is the man for the job. Since he was 13, he has been "fooling around with cars" and has been actively engaged in the work for the past 12 years. When he is not working he enjoys fishing and hunting.

Jim Keller, with 15 years experience, is the specialist in body repair in heavy wrecks. His analysis of the problem and the proper way to solve it has made Seminole Paint and Body Shop well known and highly acclaimed in this area of repair. Jim and his wife, Sherry, have two children, ages 4 years and 14 months. When he is not climbing all over wrecked cars, he is climbing on one of his two horses. He said that he really loves horses and riding. He owns and breeds quarter horses, a hobby.

Gary Coyle and wife, Dorothy, have two "Master Coyles" sons, ages two and three years, who keep them jumping all day. He is a Navy veteran, having served four years in California. Gary is another of the extremely well qualified body men at Seminole Paint and Body Shop.

Paint and Body. And would you believe this — he is a drag car enthusiast. "Course he does indulge in other perhaps safer hobbies of fishing and bowling."

Jim Robinson, with 16 years of experience in auto painting, is in charge of that department at Seminole Paint and Body Shop. When he finishes a job on your car, you can't tell it from brand new — he knows his business. Jim and his wife, Evelyn, have one son, aged 3. When Jim is not busily engaged at his job, he enjoys bowling on two leagues.

Assistant painter for Seminole Paint and Body Shop is Bruce Fryer. He has been with the company three years. Bruce is married and he and his wife, Diana, have a brand new son, just one month old. Bruce is a local boy. He enjoys bowling on his off hours and is a motorcycle buff.

One of the up-and-coming young men representing the DCT program at Lyman High School is Earl Baumele. He is in his second year with Seminole Paint and Body Shop and serves as an apprentice in the program.

Owner David Redwine, says he hopes to have Earl full time when he is out of school because, "he is a good kid, hard-working, diligent and smart." Earl is also a leader at Lyman, is on the track team and is a candidate for President of DCT at Lyman. When he is not busy at school or at the shop, he enjoys water skiing and surfing.

And then we come to the modest owner, manager of Seminole Paint and Body, David Redwine. David has had more than 15 years experience, in the body and repair business, having served for some time as manager of the body shop for Prosser Ford. He is a good man for, his staff tells me, because he knows their work as well as they do and understands the hardwork and frustrations

Have you ever been to Peru? The answer is no, then you have missed something. Consider, for example, the road around scenic Lake Titicaca. The very stones you tread on were once set by hand by the ancient Incas. Fast couriers, who were stationed along the 10,000 mile network of these roads at one and a half mile intervals, could relay news at a speed of 150 miles a day! Take this road to visit the Isla del Sol, where Inca civilization began.

We at CARIBBEAN CRUISES OF ORLANDO INC. 374 North Orlando Avenue at Winter Park Mall can offer many extra hints to make your trip more enjoyable... Have you ever thought of vacationing in South America? Waiting for you South of the border is the world's richest most rewarding travel experience not yet dulled by being commonplace. Call 448-2060. Open daily 9:30-5:30 Saturday 10-2.

A Unique, New Shop Visit 'Conversation Piece'

By ANN SIECZKOWSKI

"Conversation Piece." Now, folks, I must tell you that the title is positively the most appropriate title I ever heard of for a business, especially the business we are going to tell you about today.

"The 'Conversation Piece' is that indeed - it is unusual, it is fascinating, it is filled with home furnishings designed really to 'tickle your ego' - it allows you to explore your former decorator ideas with this new and different approach.

For in this unique little shop, which incidentally has only been open one month, you will find an equally interesting and unusually talented and innovative young couple who are new to the Seminole County business scene.

We refer, of course, to Arnold and Nancy Shar Pell owners of the shop. The dashing young Arnold, with his moderately mad hairdo and handsomely mismatched look, knows his furniture business, having worked for a number of years in Boston, Mass. and in a local furniture store for seven months.

Being an observant man, he noticed that there is a definite trend toward the exciting and unusual in home furnishings, not only for conversation, but for strictly functional as well.

And Nancy Shar Pell - now, girls, she is a real thing - is so evident and it is clearly evident throughout the store in the decorator items she has made in her ceramics shop at home - they are perfectly beautiful - ash trays in unnumbered shapes and colors - bookends so imaginative in design - absolutely fascinating

NANCY AND ARNOLD Shar Pell, with their children, Pamela and Charles, own and operate "The Conversation Piece," a unique store.

in variety and appearance. And with all that talent, she is quite beautiful as well.

It was great, and has nothing to do with the business probably, but this young couple so attuned to each other and so obviously adoring of their young family, a son, Charles, aged 8, who is a student at Platt's Academy; and a positive charmer, Pamela, aged two and one half years.

We asked how they came to settle in Central Florida. Arnold said that he heard about how the area is growing and felt that this is the place to be for a young business man, and so in December, they arrived in "God's Country" and set about to become a part of the local scene.

"Starting out in business in a new place is a real challenge and also a bit unsettling," Arnold said, but he went on to do just that. After a search for a manufacturer who could meet the needs for the kind of shop he wanted, - one which could supply one-of-a-kind furniture and which is totally different, he found one in Mount Vernon,

By ANN SIECZKOWSKI

There are some new folks in town, friends. And are you going to be glad they came. They are the Ed Allen Sr. family, from Brickertown, N. J. Ed is retired from the telephone company and he and his lovely wife, Mary, came to Florida to be near his son Ed Jr., and his family, wife, Kathy and two children, who live in Casselberry.

Ed Sr. is "too young to be fully retired", so he is taking advantage of a family hobby interest as a means to keep busy and "outta trouble." With his wife and his son and his wife, the Allens have opened a really fun place for the creative person.

The Pottery Barn, located in the Longwood Shopping Plaza on U. S. 17-92 just north of SR 434, is a fascinating place to visit. In it is a gift shop,

What's clean and quiet and nice and warm?

Other than a baby, that is. A Singer electric furnace. It's a lot of other things, too. Like inexpensive to install because you don't need a flue. Like easy to take care of.

It's also ready for conversion to Singers air conditioning anytime you want it.

And it's as dependable and as safe as any electric appliance in your home.

Give us a call or come in and see us. We'll tell you how to keep your baby warm. No matter how old she is.

WORLD ALMANAC

Charles Jarrow was defense attorney in some of America's most publicized cases through which he attempted to urge the public toward his civil-libertarian views. The World Almanac notes. In his criminal cases he professed the idea that his clients were victims of social ills and that he's beyond their control, and of over 100 persons he defended charged with murder.

Marilyn's Merrily-Go-Round

By MARILYN GORDON

Mr. and Mrs. Paul D. Knight of Casselberry entertained Mrs. Knight's niece, Mrs. Linda Doby, and two-year-old son, Mark, as well as Miss Marsha Gebe, all from Silver Springs, Md. They visited Disney, Ft. Lauderdale and Miami Beach.

On the way home their car broke down and they had to fly home. Marsha carried a big wrench and several paper bags with things she had brought to repair her car on the plane and the inspector seemed very suspicious of her. They discovered the wrench when they X-rayed her luggage.

Thomas Gulickson of Fern Park, is expecting his son, Robert, to fly to Orlando from Brookville, Wis. and may decide to fly back with him and visit his daughter and son-in-law, Mr. and Mrs. Thomas Cos.

Stacy passed the test for her restricted driver's license. I am the only mother I know that is happy about the whole thing. The other mothers are all outside crying. "My baby is growing up!"

I am yelling good, "Good grow up!"

Although a driver over 21 must not be on the front seat it does not say that her eyes must be open. I just say my prayers over and over. Imagine the feeling when your student driver is maddly driving 12 miles an hour down the street when the people behind you are silently saying things that cannot be printed in this paper and everyone is passing you.

Where do we go when we drive? Mostly we just look for someone to see us driving.

The South Seminole Optimist Club is hoping that Wade Brown will run their turkey shoot again. How about it, Wade?

Col. and Mrs. Kenneth McManamy, San Sebastian Heights, and their son, David, who is a student at Florida Tech have just returned from Columbus, Ohio, Pittsburg, Pa., West Virginia and Washington, D. C., where they visited relatives and friends. The Florida climate brought them home again.

Women's Clubs To Combine For Gala Holiday Boutique

Seminole County Federation of Women's Clubs is on the move!

First vice president and ways and means chairman for the organization, Mrs. Thomas Freeman, met with her committee to plan a fashion show to be held on Nov. 2, at the Sanford Women's Club at 10 a.m.

The theme chosen for this show is "Holiday Boutique". Each of the 17 clubs in the Federation will furnish two models and fashions will be chosen from dress salons over the entire county.

Millinery, foot fashions and other accessory items will be selected from shops throughout the county as well.

Proceeds from the project of community service which will be announced in November.

Members of the committee planning this spectacular event are Beverly Freeman, representing the Federation Board, chairman; Ruth Johnson, Casselberry Women's Club; Linda Morris, Beta Sigma Phi; and Kay Sassman, County Homemakers.

Also Mary Pyle, Longwood Civic League; Mrs. Joseph Leinhardt, Oviedo Women's Club; Mrs. John Crabtree, Sanford Junior Women's Club

DeBary Women's Club Sets Card Party, Fashion Show

DeBary Women's Club held its first 1972-73 meeting at the Community Center, Sept. 15. The business meeting was preceded by a potluck luncheon supervised by the executive board.

The meeting was called to order by the new president, Mrs. J. T. Wallin, who welcomed the members and nine guests present. Prayer was offered by the chaplain, Mrs. A. C. Wagner, followed by salute to the flag and the singing of one verse of the "Star Spangled Banner."

Mrs. P. O. Goodson reported on the 1972-73 budget and it was accepted by the membership.

Mrs. L. Farbeck reported that she dated the Club has given \$100 toward the air-conditioning of the Community Center. After reports from the various officers and committee chairmen, all past presidents were honored and presented with corsages.

Announcement was made of the State Officers' Tour to be held at the Deltona Women's Club, Oct. 9, beginning at 9:30 a.m.

Attention was called to the dessert card party and fashion show to be held on Oct. 11 at 1:00 p.m. at the Community Center. Mrs. C. T. Ulrich is in charge of tickets. It was requested that door prizes be given to Mrs. W. Lakeman.

The afternoon speaker was Mrs. Norman Wagner of Deltona, District 6 Director, who gave an amusing talk on Women's Clubs. The meeting was adjourned by the members uniting in the Collect.

BANKAMERICARD MASTER CHARGE

Mr., Mrs. Alfred Kirschstein Observe Silver Anniversary

By DORIS WILLIAMS Society Editor

MR. AND MRS. ALFRED W. KIRSCHSTEIN... at their 25th wedding anniversary reception, Sept. 17, 1972.

The letter came about two months ago. I opened the envelope which contained an invitation to an open house reception to honor Irma and Alfred Kirschstein on their 25th wedding anniversary, Sept. 17.

Why such an advanced notice, I pondered?

Later I discovered the genial couple planned a six-week anniversary trip to Europe to visit with Irma's relatives in Germany and Italy.

On the fourth day of the tour, Alfred suffered a heart attack and was hospitalized in Samedan, Switzerland for five weeks.

All elaborate entertainment planned by Irma's family had to be cancelled and after seven and one-half years, she visited with her brothers at Alfred's bedside.

The couple arrived back home Sept. 6 directly from Sweden in time for the open house reception they had previously planned for about 75 friends and well-wishers.

Happiness radiated in their home on the big day with Alfred looking fit as a fiddle after his illness.

Irma greeted the guests wearing a pastel blue dress highlighted with a jeweled wedding ring collar and an orchid corsage, a gift from her husband.

The couple met in July, 1946, when Alfred was stationed at Darmstadt, Germany with a U.S. Army intelligence unit. Irma was secretary in the Judicial Department at City Hall there.

They were married Sept. 11, 1947, by Magistrate Dir. W. Specht of City Hall in a civil ceremony. Their religious nuptials took place on Sept. 13 at Petruskirche, Darmstadt with Rev. H. Weiss as the officiating clergyman. Later an Army chaplain certified the marriage for records in Washington, D. C.

Their marriage was the first Protestant one in Darmstadt after World War II between an American and a German.

Aln's love grand!

Irma and Alfred came to the U.S. in October 1947, and have lived in many areas of this country. They moved 23 times in 14 years with many exciting experiences recorded. In 1959 they selected Sanford as their retirement home following Alfred's completion of 20 years with the Army. They moved here in 1960.

Alfred, who is a member of Disabled American Veterans and American Legion, was a clerk with the local draft board for Seminole County Circuit Court, a position he had to recently resign due to his health.

The Kirschsteins are members of the Lutheran Church of the Redeemer where Irma was the pastor's secretary for many years and she is still active in Lutheran Women's Missionary League and Ladies Aid. They are

camping enthusiasts and love the great outdoors.

At the reception the dining room table was overlaid with a lovely white imported cloth with metallic thread inserts. Featured on the table were a unique punch bowl capturing scenes from the Rhine River. Miss Cynthia Federsen poured the Rossee punch and her mother, Mrs. Vernon Federsen, cut and served the cake.

Each guest was presented with a souvenir miniature Swiss chocolate bar.

The happy and deserving couple received many gifts, floral arrangements and cards from their friends who called during the appointed hours, 3 to 6 p.m.

Personals

SANFORD

Mrs. Anna Hardesty has returned to her home, 2417 Orange Avenue, after spending the summer in Miami with her daughter, Mrs. Ruth Haldin, and children, who accompanied her back home and spent the weekend.

Mrs. Mildred Babcock and Mrs. J. C. Mitchell were co-hostesses for the first meeting of the season for Rose Circle of the Sanford Garden Club at the Babcock home, Friday a.m. Sept. 8.

Mrs. Babcock, circle president, led the devotions for the day and minutes and roll call were conducted by the secretary. Club by-laws were read and discussed by the group, and it was announced that the District 7 Workshop will be held at Sanford Garden Center on Oct. 5.

Other coming events include a covered dish luncheon at the Garden Center, Oct. 19 with Mrs. Carol Griffin as featured speaker and on Oct. 11 the fall district meeting will be held in Orlando. Mrs. Ruth Simpson will be delegate for Rose Circle.

Garden Circles

ROSE CIRCLE

Mrs. Simpson presented the program for the day and discussed "The Monthly Chores for Gardening."

Summer to Winter

Sun mums, kimono wrap sweaters with cap sleeves can be worn right into winter by adding a long-sleeved turtleneck underneath.

Dear Abby

After 50 pregnancy possible, but improbable

By Abigail Van Buren

DEAR ABBY: Appliance to you for telling "WORRIED WIFELINESS" to keep her guard up regarding late pregnancy.

After a recent surgical procedure, my doctor told me that I would probably not start my menses for at least two years—that I am still ovulating, and can get pregnant. I am 54 years old!

SIGN ME: "BEING VERY, VERY CAREFUL IN ANAHEIM"

DEAR BEING: I received numerous reports from readers insisting that they knew women who had given birth well into their 50s!

I asked my own doctor, John A. Hangan, an expert in the practice of obstetrics and gynecology for some 23 years in Minneapolis, and here is his reply:

"Dr. Nicholson J. Eastman of Johns Hopkins University made an exhaustive study of the records from Johns Hopkins Hospital, New York Lying-in Hospital, and Boston Lying-in Hospital concerning the upper age limit of fertile women. Studying more than 500,000 records from these well authenticated reports, no pregnancy after the age of 50 was recorded. I must agree with your statement, Abby, that all the chances of becoming pregnant at the age of 50 are greatly reduced. It is by no means impossible, so keep telling the ladies to keep their guards up."

DEAR ABBY: You can hardly pick up a newspaper anymore without reading that some teen-aged girl was raped. Some are even raped and murdered! I am heart sick for the victims and their families, but, Abby, the way some girls dress nowadays, they are asking for it.

Why in God's name would a fully developed girl go around with a see-through blouse and no bra, and short shorts or a pair of jeans so tight that if she had a dime in her pocket you could tell whether it was heads or tails? Don't these foolish girls realize they are asking for trouble?

Abby, so many of them read your column, please warn them!

WORRIED FOR GIRLS

DEAR ABBY: Some kook signed "Taxpayer" was all worked up because she wanted to call up her postmaster and ask him why he "ate" her pension check, and why she found out she had an unlisted telephone number. Then she asked you why "public servants" like postmasters needed unlisted telephone numbers. Boy, that beats everything.

My husband is at his job at the post office all day, yet some stupid woman alludes to him in the middle of his evening meal to ask him how much it costs to send a postcard air mail now!

POSTMASTER'S WIFE

DEAR WIFE: With postal rates changing as frequently as they have been, it's not such a stupid question. Had she called the post office, any employee could have told her.

Problems? Trust Abby. For a personal reply, write to ABBY, BOX 6970, L. A., CALIF. 90069 and enclose a stamped, addressed envelope.

FORECAST FOR WEDNESDAY, SEPTEMBER 20, 1972

GENERAL TENDENCIES: The early part of the day is unusually good for uniting conditions with the future. The evening finds a confused situation developing that requires much care and caution.

ARIES (Mar. 21 to Apr. 19) A fine day to get in touch with as many fine friends as possible and do those things that are best for you in the future. Make plans for a trip which is important to your advancement.

TAURUS (Apr. 20 to May 20) If you seek ideas from higher-ups in the morning you can push ahead more quickly and with success. You are now able to handle those civic affairs. Evening is fine for other tasks.

GEMINI (May 21 to June 21) You have so many ideas in your mind that it is important you employ only those that are best for you in the future. Make plans for a trip which is important to your advancement.

MOON CHILDREN (June 22 to July 21) Make those collections now that will enable you to pay bills that you will get good results. Contact an expert in business for advice and follow it.

AQUARIUS (Jan. 21 to Feb. 19) Handling personal affairs is best today, although you can accomplish almost anything you set your heart on today. Talking with persons you respect can bring about advancement.

PISCES (Feb. 20 to Mar. 20) Talking with a good friend and stating your fondest desires brings fine cooperation so that you can attain them easily. The social is particularly good this evening.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful individuals who likes people. Be sure to have playmates in as much as possible, but be sure they are the right kind of people, otherwise your progeny could get into the wrong company and especially ruin a fine future. Almost any field is good here, especially that of selling, personnel work, the ministry and teaching. You will be successful in any of these.

The Stars impel, they do not compel! What you make of your life is largely up to YOU!

By Oswald & James Jacoby

Board eight of the continental Olym piad fund game is a real diamond. If South plays at five diamonds, he will have no troubles against any lead except the singleton king of hearts. Against that lead he will wind up losing the ace of a trump, a couple of overtricks but he can try to guard against the heart ruff by playing a jack of spades.

If West doesn't cover with the queen, South plays dummy's ace, leads a third club and discards his spade loser. West won't be able to put East in for the heart ruff. West can foil this plan by covering the jack of clubs with the queen.

POLLY'S POINTERS

Nickel Trick Makes A Nice Quiet Trip

By POLLY CRAMER

DEAR POLLY—We have just returned from the quiet vacation over. Our four small children usually argue constantly while on a trip, but this time we gave each of them 20 nickels when we left home and told them that each time someone started an argument he had to hand over a nickel. The money that was left over when we arrived at our destination belonged to the child who was keeping it and this really worked. We only collected 2 nickels from each of them.—ELSIE

Polly's Problem

DEAR POLLY—People who are not so afflicted do not realize how the pressure of a handshake can cause pain to one with rheumatoid arthritis such as I have. I do not like to call attention to my problem so most of the time I shake hands regardless of the difficulty. When at church, etc. I do not want to appear less friendly than I meet so can anyone tell me a polite and effective way to handle such a situation without attracting undue attention to one's self.—MRS. O. J.

DEAR POLLY—I do those towels and wash cloths that come with washing powder but I am accumulating enough matching ones to make a set.—MRS. B. C.

DEAR POLLY—I am answering Veronica who has a point smell in her drinking glasses. She might try my method which works with fruit jars. Wash them and place with the open ends out in the hot sun and, after a few days, the sun should remove the smell and taste of paint.—BEULAH

DEAR POLLY—When your lipstick wears down to the metal case, use a cotton swab to remove and apply what remains. There will be no more waste and the same swab can be used over and over.

As a safety measure firmly tack a piece of carpet to the bottom step of your car. This will let you know when you reach the bottom even though you cannot see the step. Cover step completely so you won't trip.—MRS. L. W.

DEAR POLLY—When a baby bottle is sterilized longer needed for its intended purpose, it is great for cooking ears of sweet corn. Stand the corn on end in place of the bottles, add the desired amount of salt and done.—MRS. J. MCQ.

Highlights

8:30 CBS, Maude, Arthur Harmon, the conservative neighbor, and Maude have difficulty getting along under normal circumstances. But things get out of hand when Arthur discovers Philip, Maude's 8-year-old grandson, and the Harmon's grand-daughter have been playing "doctor" behind the garage. Arthur becomes very upset and demands that Philip be punished. Maude resists his protests on the incident as being very educational. It remains for Walter, Maude's husband, to solve the problem. It is an funny solution as well as an funny show.

9:10 NBC, Bonanza "Robert Lansing guest stars as a man released from prison, where he served five years despite his protests of innocence. Ben Cartwright is on hand to welcome him when the ex-convict emerges and he promises the man's wife he'll stay with them because she fears her husband's temper. Ben then discovers his friend really was framed, but has to prove it before the revenge-bent ex-convict takes his own satisfaction.

8:30 ABC, Temperature's Rising "Operation Football. When a young pitcher develops elbow trouble that jeopardizes his college scholarship, Dr. Noland (Clevon Little) performs an unauthorized operation on the player — in the maternity ward. Then he faces exposure and embarrassment as two U.S. Senators conduct an inspection of the hospital. Farfetched as it may seem, it's 8:30-9:30 CBS, Hawaii Five-O "Death Wish on Tantalus Mountain." The story centers around sports-car racing, and death of the wheel. Ricardo Montalban guests as the world's fourth richest man who comes to Hawaii to drive his racing car in a challenging hill climb. His mechanic is murdered and another mechanic dies in a suspicious accident during a test run on the Tantalus Mountain course. McGarrett's investigation points a suspicious finger at the car owner's mistress, but she didn't do it.

8:30-9:00 ABC, Tuesday Movie of the Week "No Place to Run." A sensitive, heart-tugging story about an old man (Herschel Bernardi) who refuses to give up his son's and daughter-in-law's foster son after he's been killed in an accident. Faced with official intervention to force him to give up custody of the boy (Scott Jacoby), the old man sells his store, and the boy heads for Canada, until illness strikes.

8:30-9:00 NBC, The Bold Ones "Five Days in the Death of Sergeant Brown." (Part II) The first part was seen on "Ironside" last Thursday in which

THE OTHER BANKS WON'T LIKE THIS AD, BUT YOU WILL. WE'VE ELIMINATED THE \$200 CATCH IN FREE CHECKING.

Once again, all that glitters is not gold.

In all the ballyhoo about "Free Checking Accounts" in Winter Park and Orlando, it could be that you missed The \$200 Catch.

Here it is: Most of the ads say something like "you must maintain a minimum balance of \$200." That's bank talk for "either \$200 of your money remains in the bank, or your free checking isn't free."

Now, this strikes us as a bit unfair.

So as of now, we're eliminating all our personal checking service charges. No if's, and's or but's.

All we ask is that you keep enough money in your account to cover your checks.

If you have an account with us, you won't have to pay another penny in service charges.

If you don't, this is a good reason to switch. Just stop in and we'll handle the paper work in minutes.

Since we want your business for a lifetime, we're sure not about to keep you waiting now.

Now at these five Barnett Banks in Winter Park / Orlando: Downtown Winter Park, 17-92 at Lee Road, Altamonte Springs, East Orlando, West Orlando.

In 3 South Provinces

Communists Gaining Ground

IT'S A NEAT TREK as a young woman follows her husband from the battle area at Kompong Trabek in Cambodia, during withdrawal of allied troops.

By GEORGE ESPER Associated Press Writer

SAGON (AP) — Communist forces have seized their third district capital in a month in the northern region south of Da Nang and occupied three hamlets in another district, military spokesmen reported today.

The gains were made in Quang Ngai province, the southernmost of five provinces that make up the northern Military Region 1.

Quang Ngai is under the heaviest Communist pressure since the start of the North Vietnamese offensive March 30.

For the fourth consecutive day heavy fighting swirled through the three southern districts of Quang Ngai — Mo Duc, Duc Pho and Ba To. North Vietnamese attacks toppled Ba To, and the South Vietnamese retreated to positions a mile southwest of the district capital, the Saigon command said.

The fighting also spread to Binh Son district, the northernmost district in Quang Ngai.

where enemy forces were reported to have attacked and occupied three hamlets.

Field reports said Duc Pho was endangered and at last report was being contested with neither side in clear control. Pressure was reported eased at Mo Duc by the linkup of an armored cavalry unit with government militiamen.

A communique from the Saigon command claimed that 346 North Vietnamese and Viet Cong troops had been killed in fighting during the past two

at the province Saturday has created thousands of new refugees, field reports said.

Earlier, Que Son and Tien Phuc district towns, 30 to 60 miles northwest, fell to the enemy. Que Son was recaptured, but Tien Phuc is still held by

enemy forces.

In the air war, the U.S. Command announced in a delayed report that a Navy A6 crashed from unknown causes Sunday northeast of Hanoi and the two crewmen are missing. This raised to 99 jets lost

Booby Trap Package Is Fatal

By THE ASSOCIATED PRESS

A booby-trapped package exploded in the Israeli Embassy in London today and killed the Israeli agricultural attaché who opened it and injured another man, Scotland Yard reported.

In Beirut, the American Embassy reported the Syrian government has arrested the assistant military attaché of the U.S. Embassy in Amman, Jordan. The attaché was arrested near the Jordan-Syria border.

The British Foreign Office identified the man killed in today's blast as Agriculture Attaché Dr. Ami Schachori in his early 40's. The injured man was not immediately named.

A spokesman said police reports disclosed the package had been mailed to the embassy from Amsterdam. It was not immediately determined to whom the package was addressed.

Scotland Yard has been watching for an incident like this ever since the Munich massacre of 11 members of Israel's Olympic team killed in today's blast in his early 40's. The injured man was not immediately named.

A spokesman said police reports disclosed the package had been mailed to the embassy from Amsterdam. It was not immediately determined to whom the package was addressed.

Stromberg-Dynamics

Vote Assistance Offered Employees

An effective citizenship program to encourage voluntary employee participation in elective processes was announced today by General Dynamics units in the Sanford area.

The program was announced jointly by Stromberg-Carlson's Sanford division and General Dynamics electronics division.

The effective citizenship program is in effect throughout General Dynamics and Stromberg-Carlson, a subsidiary of General Dynamics.

The four-point program will call upon and assist employees, by their own choice, to:

- 1. Register to vote
- 2. Learn about candidates and issues
- 3. Support candidates and/or political organizations of their choice
- 4. Cast a ballot

Stromberg-Carlson Plant

Manager N. Clet Vandagriff and General Dynamics Electronics Vice President and Manager Sam Ackerman said the program is "designed to encourage all of us to learn more about the vital issues of our time, to register to vote, to express our individual political views at the ballot box on election day and to encourage voluntary financial support to parties, candidates and political organizations."

They emphasized that the program is voluntary and non-partisan. Vandagriff and Ackerman said the program is aimed at broadening individuals' political participation.

"Only about 75 per cent of the nation's potential voters bother to register," they pointed out. "Of these only two-thirds vote in presidential elections and less than one-half vote in Congressional elections."

HIGHER and higher trudge puffing tourists determined to see a particular historic monument in Belgium. At the top of more than 200 steps, the Lion of Waterloo surveys the now-peaceful battlefield where Napoleon's dreams of empire were crushed in 1815.

News Digest

GOVERNMENT reports indicate the nation's economy, still on a strong upward path, may top the Nixon administration's forecast made in January.

THE HOUSE APPROPRIATIONS COMMITTEE approves a \$4.2-billion foreign-aid bill with \$481 million more for military assistance than a year ago.

A BILL for federal compensation to victims of crime and "good Samaritans" who go to their rescue passes the Senate on a unanimous vote.

McGovern To Clarify Issues

Agnew Mounts Hustings

By R. GREGORY NOKES Associated Press Writer

VICE President Agnew, who says he's "the President's man," set out on his first major tour of the 1972 campaign today, while Sen. George

M. G. Daum

ANNAPOLIS—Midshipman Michael G. Daum, son of Mrs. Mary L. Daum, of 411 Lake Boulevard, Sanford, Fla., is on a special eight-week summer training cruise in northern European waters aboard a modern amphibious transport ship of the U. S. Second Fleet.

The cruise is designed to give Naval Academy midshipmen practical shipboard experience in naval command and management.

Daum is a graduate of Seminole High School, Sanford, and a member of the class of 1973 at the academy.

McGovern said he might interrupt his campaigning to clarify some issues.

McGovern took a stand on one issue today by endorsing a plan for tax credits to help parents of students in private and parochial schools. Support for the plan was regarded as a friendly gesture toward millions of Roman Catholics for whom the cost of financing Catholic schools has been a major problem.

The White House announced that President Nixon, who travels to Texas Friday for a dinner, will make at least two other appearances there, at a border station near Laredo and at Rio Grande City.

Sargent Shriver, the Democratic aspirant for vice president, met with local Democrats in Pittsburgh, telling them he didn't care whether they liked the party's candidates for national office. "The point is what are you going to do for yourself? What are you going to do for your jobs and the people in

the unions?"

Agnew plans to visit eight states in nine days, with appearances this week in Minneapolis, St. Louis, Columbus, Ohio; Nashville and Chattanooga, Tenn.; Winston-Salem, N.C.; and Louisville, Ky. He will go on to Texas and Illinois next week.

The vice president has said he will campaign strictly on the issues this year, renouncing the hard-line tactics of the 1970 congressional campaign.

Nixon's wife, Pat, planned to help celebrate Yellowstone National Park's 100th anniversary today. She met with reporters in Chicago Monday and said she didn't know anything about Martha Mitchell's problems with a security guard, thought the Watergate affair was blown out of proportion, believes abortion is a personal matter to be decided by the states, and would "let the will to die to save freedom" for the South Vietnamese.

"CAMPAIGN VISUALS" is the title of this Boston scene as Democratic vice-presidential nominee Sargent Shriver makes a familiar gesture for TV. At right is his brother-in-law, Sen. Edward Kennedy. "Campaign Visuals" is a series to promote the McGovern-Shriver ticket.

SHARING SHELTER, a South Vietnamese soldier and a woman caught in the battle zone keep low as fire from Communist forces sweeps an area near Lai Khe.

For Robbery Suspect

Sanity Hearing Bid

By MARION BETHES

In probably one of the most controversial and interesting cases ever to come before Circuit Court, Arthur Cubby, charged with robbery and use of a firearm in commission of a felony, had his arraignment continued again this morning by Circuit Judge Dominick Sali.

Cubby was declared criminally insane some months ago and committed to a state hospital. According to his counsel, Assistant Public Defender Gerald Rutberg, contention this is an extremely difficult area of criminal law.

William Akridge and advised Cubby would be able to assist counsel and stand trial provided he is able to take 200 milligrams of Mellaril a day for at least the next two years, as he was receiving at the hospital.

Judge Akridge refused to order Cubby's return to Sanford since he felt there was no way the defendant could be assured of receiving the medication once removed from the hospital, and without it Cubby would again lapse into criminal insanity. It is Rutberg's contention this is an extremely difficult area of criminal law.

Area Deaths

MRS. RUTH SCOTT Mrs. Ruth B. Scott, 75, of 217 W. 12th St., Sanford, died at 1:15 p.m. Monday at local nursing home. She was born in Laurens, S.C., and lived in Sanford for a number of years. She was the daughter of the late William Starling and Daisy Mitchell Bagwell. She was retired from Sanford Atlantic National Bank. Survivors are a brother, Ralph F. Bagwell of Sanford, two nephews, John F. Bolt of New Smyrna and Bruce Bolt of W. Lake Village, Cal.; a niece, Mrs. Jesse W. Fox, Oak Ridge, Tenn.; several great-nieces and nephews. Burial in charge of arrangements.

MRS. RUTH SHEDDEN Mrs. Ruth B. Shedden, 78, of Lakewood Nursing Home, died Monday morning. Born in Boston, she came here from Ormond Beach. She was a Roman Catholic.

Survivors include two sons, Richard A. Shedden, Miami and Robert Shedden, Sanford; daughter, Mrs. Robert McKelvey, Pensacola; sister, Mrs. J. W. Herron, Venice, Fla.; eight grandchildren and one great-grandchild. Dale Woodward Funeral Home, Ormond Beach is in charge of arrangements. Funeral and burial in Ormond Beach.

LINTON KNOWLES SR. Linton E. (Skeet) Knowles Sr., 84, of 801 Santa Barbara Dr., died Monday afternoon at Seminole Memorial Hospital after a lengthy illness. He was a native of Pensacola and came to Sanford 30 years ago from Tallahassee. He was a retired mechanic and worked at the Sanford Naval Air Station for many years. He was a member of Pinecrest Baptist Church. Survivors include his wife, Mrs. Inez S. Knowles of Sanford; two sons, Linton E. Jr. and Dennis Knowles, both of Sanford; daughter, Jeanna Knowles, Sanford and a grandson. Gramkow Funeral Home in charge of arrangements.

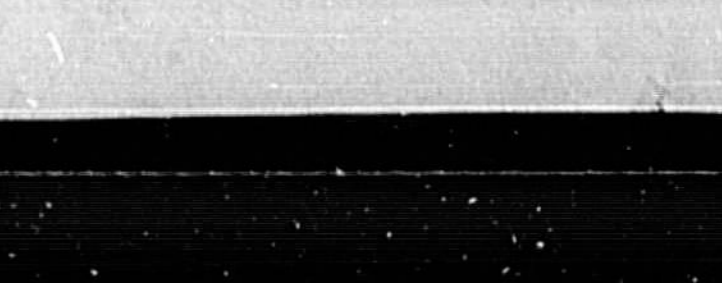

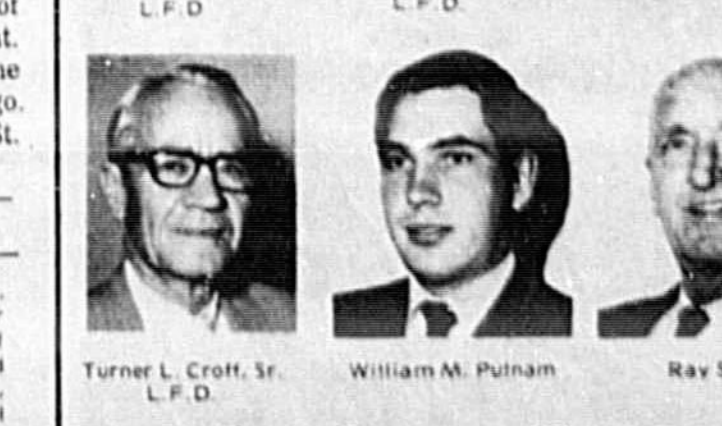

MRS. MARY GRIMES Mrs. Mary E. Grimes, 81, of Lemon Bluff died Sunday night. Born in Tiffin, Ohio, she came to Lemon Bluff 17 years ago. She was a member of St.

Funeral Notice

KNOWLES, LINTON E. (SKEET)—Funeral services for Linton E. (Skeet) Knowles, 84, of 801 Santa Barbara Dr., who died Monday will be held at 11 a.m. Wednesday, at graveside in Evergreen Cemetery with Fr. Larry D. Soper officiating. Burial in Sanford. Gramkow Funeral Home in charge.

SCOTT, MRS. RUTH B.—Funeral services for Mrs. Ruth B. Scott, 75, of 217 W. 12th St., who died Monday will be held at 11 a.m. Wednesday, at graveside in Evergreen Cemetery with Fr. Larry D. Soper officiating. Burial in Sanford. Gramkow Funeral Home in charge.

LET'S GO FISHING

SPECKLED PERCH have started their early biting spree in Lake Monroe and boats numbering in the dozens could be seen Saturday and Sunday plying the waters of the lake.

Raymond Carroll who runs the furniture store of the same name, tried his "special spot" in the lake last week. Accompanied by Eddie Webb, Darrel Speed, and little Jeff Webb, Carroll's stringers were taxed to capacity with 21 big ones.

For some reason Lake Jessup seems to be playing hard to get right now according to Lowell Hilley of Hilley's Fish Camp. Even the regular fishermen, including those who specialize in bream, are finding the fishing good, the CATCHING poor.

George Cheney, Wekiva River Haven, had much the same story. "A few bass, one string of seven small ones Sunday, catfish only averaging 8-10 to the boat," said Cheney.

Still more speckled perch reports, this time from Don Smith, Seminole Sporting Goods, Hill and Helen Way who picked up a beautiful string of 54 drifting with live minnows for bait.

Another note from the Plaza Sports shop mentioned a nice string of 27 landed by Dennis Whittinger for one day's catch and 44 on a later trip by the same angler.

The first news of a deer kill by an archer also came from Jim Bythe at the Sports Shop. Donald Brown got the buck (a spike) in the Blackwater area Sunday.

Sail Water Reports

A silver king weighing 93 and three-fourths pounds holds the lead in the fifth annual Tarpon Rodeo sponsored by the Halifax Sport Fishing Club.

Claude and Mary Belline of DeLand ventured 44 miles offshore in their private boat both Saturday and Sunday. Fished the edge of the Gulf Stream in a spot known as the Steeples, they picked up 12 grouper up to 18 pounds, a 24 pound red snapper, an amberjack, and a shark on Saturday.

Sunday found them in the same spot and they returned with five "sow" snapper (12 to 18 pounds), five grouper to 31 pounds and a 15 pound barracuda. The water they fished is 270 feet deep at this point.

Other private boats are locating, kings around the sea buoy just outside the inlet and night fishermen are doing well on channel bass from both the north and south jetties at the inlet. Some bluefish are being taken here also and while they are not plentiful, the size is good.

Mrs. Jim Edwards visited the Florida West Coast last week and fishing from the "Rainbow 2" out of Clearwater landed a 30 pound grouper.

Wayne Brady of the "Fishin' Hole" tackle shop in Daytona listed a really outstanding angling text this week. Kevin McCoy, using a live mullet for bait, landed a 61 pound tarpon in the Tomoka Basin on GET THIS - 8 POUND TEST LINE!

Tarpon and channel bass are fairly plentiful in the Basin now, according to Brady, with trout, snook, and jacks hitting around all the bridges in the Daytona area. Drum have been scarce in the river, however.

The Ormond Beach Pier saw lots of action on blue fish Saturday along with croakers, whiting, and spots. Some big staff moved in also with anglers reporting broken lines and lost tackle but no one was able to land one of the monsters to find out what they were. No Spanish mackerel or weekfish showed up in the weekend catches here.

Jean Opel at Sun-Glow Pier in Fort Orange had a few Spanish listed on the board but whiting, drum, and blues made up most of the catches. LET'S GO FISHING!

IT TOOK MORE than two hands to handle this whopping string of 91 speckled perch landed by Eddie Webb, Darrel Speed, Jeff Webb and Raymond Carroll last week. The foursome drifted with live minnows in their "special spot" in Lake Monroe.

After Pulling Upset Hornets Dangerous Metro Eleven

By HERRY CLISH Herald Sports Writer

One of the major upsets in the high school ranks involved a Metro Conference eleven which served notice it may have a lot to say about who wears the crown after the 1972 season has run its course.

Harry Nelson's Bishop Moore Hornets, Metro champs two years ago, pulled out a 15-8 stunner over a favored Daytona Mainland crew. And Nelson's boys did in on the Buc's home field.

Aside from the fact they played on a dry field the win by Bishop Moore was similar to that of the Lyman Greyhounds during their visit to Daytona Beach last season. The Hornets were definite underdogs also but handled the Bucs with surprising ease.

Friday night the Hornets

although they trailed much of the night held the potent back offense to only one touchdown the entire evening. Senior halfback Odol Williams was among those Bucs who was stymied by the surprising defense of the Hornets.

Second on the surprise list last week was the manner in which Boone, picked for the Metro cellar with Bishop Moore, handled the Pioneers of Oak Ridge.

The Braves bopped the Pioneers 13-0 in front of the home folks. Boone faces the supreme test next Friday when they host Winter Park in the Tangerine Bowl.

Winter Park opened with a 14-7 triumph over an Evans team which lived up to its preseason ratings as one of the tougher defensive units in the Metro loop. All of the scoring in this game came in the second period.

and neither team was able to strike from far away. Two fumbles and a costly piling on penalty hurt the Trojans but to at least gain a tie with the defending champs. It was strictly a defensive struggle in the final two scoreless quarters.

Lyman answered a few questions about its new backfield as they totaled the most points (34) of any of the Metro teams. In fact the Hounds doubled the total of nearly every Metro outfit, the exception being their beaten foe, Colonial.

And in the other game Edgewater eked out a 7-0 win over the Jones Tigers in a T-Bowl battle.

This week Lyman hosts the Bucs of Mainland in a non-conference game while the rest of the conference teams knock heads.

Mainland has plenty of material to use to fire up its gridgers. Starting with last week's upset and then looking back to the Hounds' victory of 1971 in Daytona.

Bishop Moore and Edgewater clash in the Hornets back yard; Boone and Winter Park are in the T-Bowl; Colonial journeys to Jones; and Evans is at home with Oak Ridge.

It looks as if the Parkers, Trojans will put wins away in easy fashion. The same can not be said for Edgewater, which should knock off the Hornets but in a close struggle.

Several Oviedo tacklers surrounded Seminole High quarterback Brent Carl to stop him at the line of scrimmage. Sanford defeated Oviedo 19-6 Friday night as the 1972 prep grid season got underway.

This Friday night Sanford hosts Gainesville and Oviedo entertains Rockledge.

(Gary Taylor Photo)

Top Ranked Trojans Should Retain Spot

By THE ASSOCIATED PRESS

The powerful Trojans of Southern California appear in little danger of losing their No. 1 ranking in the Associated Press college football poll when they play Illinois Saturday.

The unbeat Trojans retained their top ranking Monday in this week's poll following their 51-6 rout of Oregon State.

At the same time, it was disclosed that quarterback Mike Wells was a doubtful starter for the Illini.

Wells retained a finger on his throwing arm in last week's losing game against Michigan State. Without him, the Illini offense will be greatly hampered.

As a result the Trojans will be favored more than ever to make it three in a row.

In Monday's voting the Trojans received 23 first-place votes and 92 of a possible 100 points from a nationwide panel of sports writers and broadcasters.

The Oklahoma Sooners opened their season with a 49-0 trouncing of Utah State and took over second place with 11 firsts and 440 points.

Colorado slipped from second to third State with 789 points followed by Ohio State at 622 and Tennessee at 615.

Hounding out the Top Ten were UCLA, Alabama, Louisiana State, Nebraska and Arizona State.

Penn State topped the Second Ten followed by Michigan, Notre Dame, Texas, Washington, Georgia, Florida State, Michigan State, Stanford and Mississippi.

Stanford and Michigan State moved into the Top Twenty as Purdue and Arkansas dropped out.

The Top Twenty teams, with first-place votes in parentheses, season records and total points. Points based on 20-10-16-12-10-8-4, etc.

1. USC (28) 2-0 920 2. Oklahoma (11) 1-0 840 3. Colorado (7) 2-0 789 4. Ohio State (2) 1-0 622 5. Tennessee (2) 2-0 615 6. UCLA 2-0 490 7. Alabama 1-0 463 8. LSU 1-0 392 9. Nebraska 1-1 377 10. Arizona 1-0 317 11. Penn State 9-1 100 12. Michigan 1-0 162 13. Notre Dame 0-0 156 14. Texas 0-0 109 15. Washington 2-0 86 16. Georgia 1-0 59 17. Florida St. 2-0 58 18. Michigan St. 1-0 54 19. Stanford 1-0 50 20. Mississippi 1-0 38.

Ballet Helps Clune Gain Star 'Status'

By RALPH BERNSTEIN Associated Press Sports Writer PHILADELPHIA (AP) —

Don Clune likes ballet, music and gymnastics. He says all have helped him earn star status as an offensive end on the Penn football team.

The 6-foot-4 Clune caught 40 passes for 891 yards as a sophomore last year. His 22.3-yard average per catch was the highest in the nation.

Against Harvard he caught eight for 284 yards, an Ivy League record.

How do ballet, gymnastics and music help Clune in football?

Clune took a ballet course at Penn and believes the different positions, moves and use of spin-off, to make a cut, instead of landing one on leg or on your feet.

The 195-pound Clune loves music. He has a collection of 400 to 500 records, everything from rock and jazz to classical stuff.

Clune says music relaxes him. He uses it to relieve tension or anxiety before a game or even a practice.

"Sometimes you just don't feel like playing," he explained. "I put on something (record) lively to get me up, maybe hard rock or a show tune. It picks me up."

Doubles Tennis May Get Boost

By TOM CARTER Copley News Service

With the meteoric rise of spectator tennis (it's considered the fastest-rising sport in America), it is a bit surprising that the game's promoters have yet to capitalize on the exciting form of the racket sport.

All the emphasis and the fat checks have been lavished on individual competition while doubles has gotten short shrift and become an embarrassment.

But maybe a big change is coming.

To be sure, individual tennis has been setting all kinds of records. Last May the televised World Championship of Tennis singles final between Rod Laver and Ken Rosewall attracted 21.3 million viewers, the highest-rated live tennis match in history.

The match was more popular than the National Basketball Association championships and the Stanley Cup hockey finals.

Many fans considered it the biggest shot in the arm to the development of spectator tennis ever.

But for real thrills the best act is doubles. When you get two teams on a court to toe — maybe 26 feet away — slamming balls a hundred miles an hour at each other, that's dynamic. Lightning reflexes produce sensational reaction volleys and spectacular rallies. The crowds get downright emotional about it. So do the players.

"Actually doubles is better tennis," says Bob Lutz, one of 22 WCT touring pros and a noted doubles player. "There are three or four hits in doubles — not just serve and volley like in singles — and you always have a lot of good points."

"It's obviously more attractive to spectators. Usually doubles teams don't get trounced and too often our WCT

Clune said Penn pole vaulter Tom Blair steered him into gymnastics and into tennis. He has a collection of 400 to 500 records, everything from rock and jazz to classical stuff. Clune says music relaxes him. He uses it to relieve tension or anxiety before a game or even a practice.

"Sometimes you just don't feel like playing," he explained. "I put on something (record) lively to get me up, maybe hard rock or a show tune. It picks me up."

A CONSTRUCTION worker at the Orlando-Seminole Jai-Alai Fronton takes a break. Behind him are the seats of the new balcony. Over 1,000 seats were added with the construction of the balcony.

WORK CONTINUES on the escalator at the Orlando-Seminole Jai-Alai Fronton as they rush to meet the October 2 opening date. The escalators and a high-speed elevator will carry people to the new balcony.

(Gary Taylor Photo)

Area Fronton Will Be Ready Opening Day

Workers are rushing to complete construction at the Orlando-Seminole Jai-Alai Fronton with the opening performance just around the corner. The construction workers are putting the finishing touches on a project which includes a 1,000 seat balcony.

The construction at the fronton began just after the completion of the 1971-72 season, and most of it will be finished in time for the October 2 opener.

Part of the new construction, additional space for the players' quarters, will not be finished until several weeks after the fronton opens, but will not affect any activities at the Fern Park fronton.

Over 1,000 seats were added in the balcony, and escalators and a high-speed elevator have been added to move the people up to the balcony.

Many finishing touches will be needed before the fronton is ready to open, but Happy Ison, Director of Public Relations, assured The Herald that the fronton will be ready to open on time.

The 40-man roster of Jai-Alai players is slated to arrive at the fronton September 29. There will be a few new faces among the players, but all the old favorites will be back.

Jai-Alai players compete for about \$3,000 per week in prize money, in addition to their salaries. As an added incentive, monthly prizes are awarded to the top winners and prizes are also handed out at the end of the season.

The fronton hands out \$360 in prize money during each performance, with players collecting the prize lot only if they win, place or show.

Many people feel that jai-alai players "throw" games, but this pay on each game means the players have to give an all out effort to earn the money.

Last year the Orlando-Seminole Jai-Alai Fronton had its best season in both turnout and attendance, and expects to top those records this year.

Jai-Alai continues to grow in popularity and the tremendous tourist influx has also accounted for much of the attendance increase.

HAPPY ISON (left), Director of Public Relations, and Gordon Hulbert, General Manager, inspect construction progress at the Orlando-Seminole Jai-Alai Fronton. They feel confident that the construction will be completed and the fronton ready to open by October 2.

Tough Defense Absolute Necessity .. Dickey

GAINESVILLE — Florida football coach Doug Dickey figured on, and hoped for, an improved defense against the running game this season. After seeing SMU in action last weekend he now knows this is an absolute necessity.

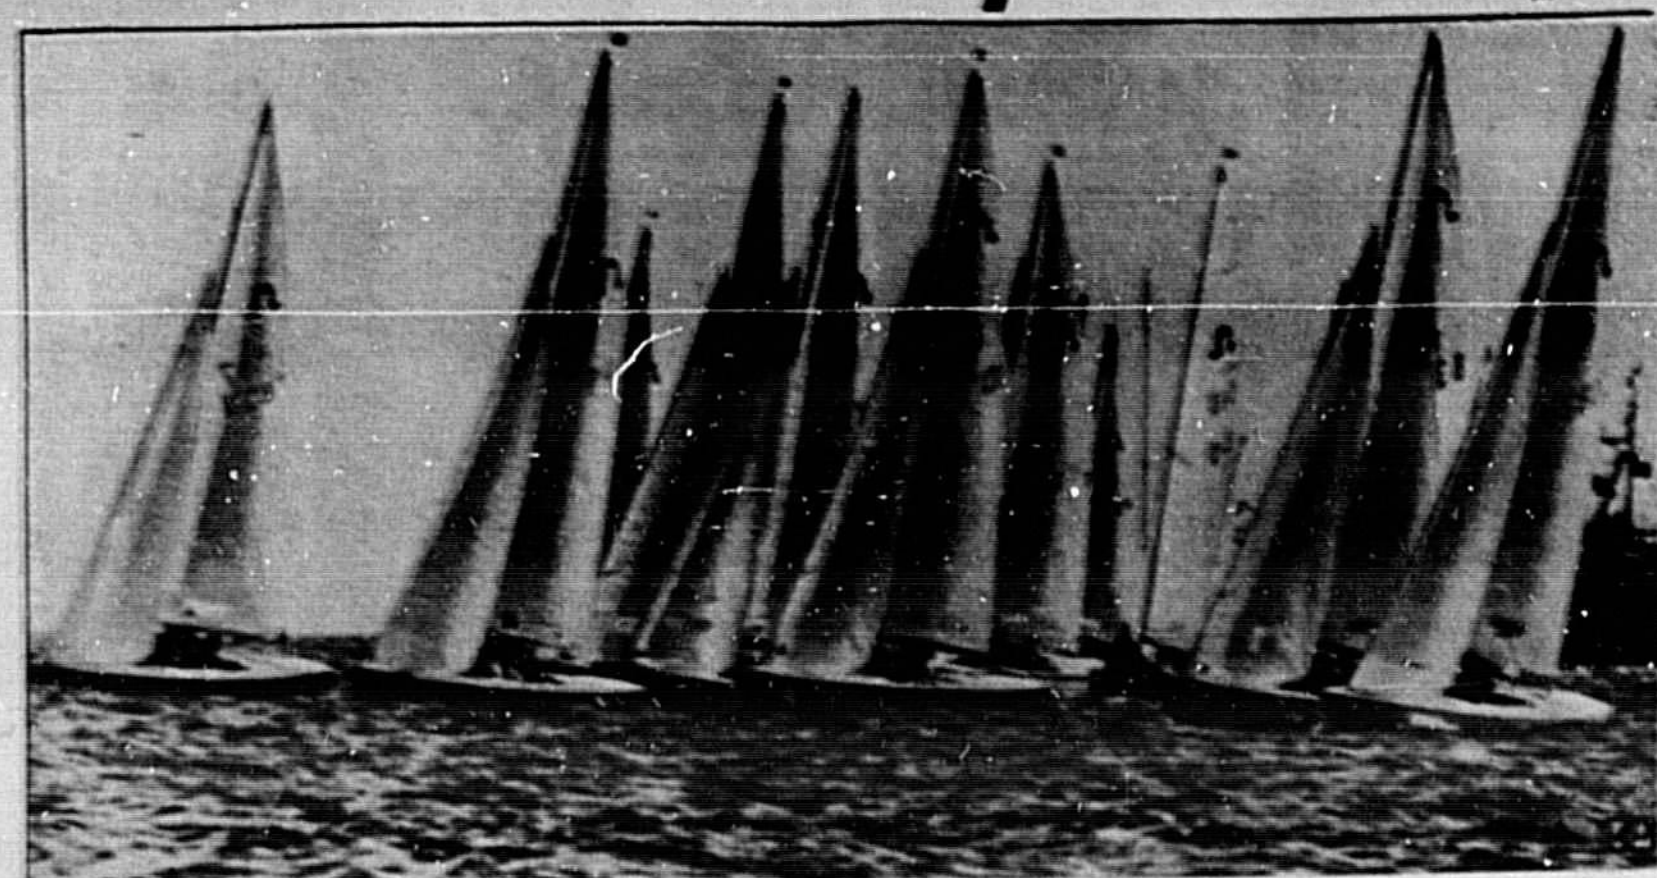

"We will find out in a hurry just how much our defense has improved," says Dickey. "SMU is very impressive, offensively, both running and throwing the ball. They run so well that they set up the defense for their spring-out passing. This Alvin Maxon is really a class running back, a guy with a chance to become a national super-star type of player."

Maxon led the Southwest Conference in rushing last season as a sophomore, becoming only the sixth player in league history to gain over 1000 yards rushing. He is 6-0, 185-pounds and can scoot.

"They have an outstanding freshman back who ran for over 3000 yards in high school," Dickey says. "His name is Wayne Morris and he played behind Maxon in their opening game. I think we'll see him in there in the same backfield with Maxon Saturday night."

Maxon ran 50 yards for one of the SMU scores in an opening 35-10 smash of Wake Forest. Maxon ran for four touchdowns.

"There is no question our defense against the running game has improved," Dickey says. "It is just a question of how much we have gained in this area and how much better than average SMU's running game is. I believe they have a running game which is far above-average, and only hope our defense can be the same."

VICTORY AT SEA — American entry, far right, passes pack of opponents to win a "Soling" class race in Kiel, Germany, Olympics. The "USBD" was skippered by Harry Meigs Jr., of Zanda, Wis. Crewmen were William Bentzen, Lake Geneva, Wis., and William Allen, Excelsior, Minn.

"I didn't use my anti-perspirant yesterday and may not today because I feel absolutely dry."

Mitchum Anti-Perspirant Spray contains more anti-perspirant ingredients than any leading spray. You may be able to skip a day and remain dry... even if you perspire heavily.

Mitchum is a remarkably effective anti-perspirant aerosol. Its exclusive power spray formula can cope with problem perspiration and help give protection against perspiration odor.

Use Mitchum's special buffering process makes it safe for your clothes and gentle to your skin.

The Mitchum Anti-Perspirant Spray comes in four convenient sizes. Then you can discover that you, too, can skip a day and still remain dry, even if you perspire heavily.

Mitchum is available in scented or unscented spray, cream, liquid and stick to give the anti-perspirant protection you want in any form.

'Special' Redskin Aids Victory Over Vikings

By PAT THOMPSON
Associated Press Sports Writer

MINNEAPOLIS, ST. PAUL (AP) — Bill Malinchak draws his National Football League salary chaise kicoffs and punts, charging the kickers and punters.

The seven-year veteran from Indiana, on the taxi squad last week, earned his paycheck Monday night as the Washington Redskins topped the Minnesota Vikings 24-21 in a regular season game.

Malinchak blocked a punt, picked it up and ran for a touchdown. He recovered a fumble that led to the winning touchdown. "Because he's a good special teams man."

The Vikings outgained the Redskins 382 yards to 203 in total offense. Fran Tarkenton threw for 200 yards and three touchdowns. "This is what a special teams player always works for," said Malinchak. "It's something that rarely happens. But if you get a couple or three a year the special team has done its job."

Malinchak's touchdown came on Minnesota's first series of the game. The fumble recovery came on the kickoff after Larry Brown with 1:18 remaining in the game. Clint Jones scored from a yard out in the second period.

"Giving up two fumbles a week, a punt, a miss field goal, a blocked field goal—the accumulation of that was too much to overcome," said Vikings Coach Bud Grant. "I don't care how much offense you have."

'Ali Has Had It' Says Joe Frazier

In recent visits to New York, Joe Frazier and Jerry Quarry were asked to pick a winner in the Floyd Patterson — Muhammad Ali fight scheduled for Madison Square Garden tomorrow night.

"I don't think Ali will ever get his legs back," claimed Quarry, who is now forming his own personal representative business, Coach Bud Grant. "I don't think Ali will ever get his legs back," claimed Quarry, who is now forming his own personal representative business, Coach Bud Grant.

Area Fight Plans to Take in the Action of the Patterson-Ali Battle at the Orlando Municipal Auditorium

"Greatest Fights of the Century" film will be shown at 7:30 p.m. At 8:30 the battle between Ken Buchanan and Floyd Patterson will take place and the headline starts at 9:30.

"Ali has had it," said Frazier, the undefeated world heavyweight champion who says he won't hurt him. He is 39, to become the undisputed world champion.

"I know it real early in our fight, as early as the fourth round. Remember when I had him on the ropes in the fourth round and he started shaking his head to the public, like to say I wasn't hurting him? He was giving, man. He was doing that because that was all he could do. He was hung up. His legs were all gone."

Did that mean that Frazier thought Patterson would beat Ali?

"I don't pick winners," said the champion. "But I'll tell you this much. He'd better be ready for Floyd. That cat is hungry all right."

grid quiz

by Dave Nelson, executive secretary, NCAA Football Rules Committee

A Wyoming safety m a touches a scrimmage kick in flight in his own end zone, retrieves the ball and runs for a touchdown against Utah.

The official should:

1. Declare the ball dead in the end zone and award Wyoming a touchdown.
2. Award a touchdown to Wyoming.
3. Penalize Wyoming from striking the ground on or beyond Team B's goal line.

Answers: Number 2. Award a touchdown to Wyoming. Rule: (6-3-9) The ball becomes dead and belongs to the team defending its goal line when a scrimmage kick is untouched by Team B prior to striking the ground on or beyond Team B's goal line.

The Money Player' Brooks Robinson Keys Win

By HAL BOCK
Associated Press Sports Writer

If there were an unabridged dictionary for baseball, you'd find a simple definition for "money player." The synonym would be "Brooks Robinson."

Baltimore's defending American League champions journeyed to Boston for the start of a must series against the Red Sox Monday night and Robinson gave them the jump, drilling three hits to pace a 5-2 Oriole victory.

It was a typical performance for the Orioles' old pro third baseman, who's always at his best in the clutch ball games.

Robinson had two singles and a double, scoring two runs and driving in another for the Orioles, now one game back of idle Detroit which took over the East lead. Boston is squeezed into second place, one-half game behind, while the idle New York Yankees remained fourth, 2½ games off the pace.

In Monday's other game on an abbreviated major league schedule, Cincinnati inched closer to the National League West crown by topping San Francisco 2-0. Pittsburgh's NL East clinching remained stalled with New York edging the Pirates 1-0. In the only other game played, Los Angeles edged San Diego 3-2 in 10 innings.

Cincinnati's victory reduced the Reds' magic number to five while the Pirates' fourth straight loss left their clinching number at three.

"We're just in a position where we can't lose," said Robinson, "you've got to fight like there's no tomorrow."

The Birds were trailing 1-0 in the fourth when Robinson opened with a double and scored the tying run on Dave Johnson's triple. Two innings later, the Birds had the lead with Robinson's single helping build the rally and Johnny Oates' double bringing home one.

run and two-out single by pitcher Pat Dobson delivering the other.

Two more runs scored in the seventh, one on Doc Bayler's pinch single and the other on Robinson's third hit off the game.

Johnny Bench gave San Francisco a taste of versatility as the Reds shut out the Giants.

First, the Cincinnati slugger crashed his 34th home run of the year for the first run of the game in the fourth inning. Then, two innings later, Bench shifted to his short ball offense, dumping a perfect squeeze bunt down the third base line to score Joe Morgan.

The Mets got five-hit pitching from rookie Jim Mallick to beat Pittsburgh 13-9, outdueling Neil

Rozelle Objecting To Replay Screens

NEW ORLEANS (AP) — At least one official of the Superdome project here feels National Football League Commissioner Pete Rozelle should do a re-think on his objections to giant instant-replay television screens in the huge stadium.

"It's hard not to recognize that two stadiums already have the television facilities," William Conick, secretary-treasurer of the stadium commission, said Monday.

Rozelle also said Saturday that some thought had been given to using TV cameras as aid to officials, but that he felt the time it would take to review films would slow the pace of the game too much.

He added that the plan had been junked because it "would need a number of cameras and this would not be economically feasible."

WRESTLING

The Woods could be the undisputed "cage Champ" of Orlando if promoters live up to their promise of last night's cage affair being the final ever to be held in that city.

Last night Woods went over Buddy Colt in their latest series of grudge matches held at the Orlando Sports Stadium. The match was announced and "billed" as the final match to be held in a closed in cage.

Dick Murdoch and Paul Jones teamed up to whip Jim Golden and Robert Fuller in one of two tag team bouts on last night's card. The other tag affair found the duo of Redbeard and Bobbi Shane win over Bob Griffin and Mike Graham.

Single matches last night had Johnny Walker beating Phil Robley; Mike Webster winning over Mike George and Sputnik Monroe, a newcomer to the area, taking the measure of Scott Casey.

COME SEE FOR YOURSELF

Mr. Silva continues, "In just hours of classroom instruction students learn to function with awareness at lower brain frequencies such as the Alpha and some even at Theta." This is accomplished with the use of the S.E.F.A. METHOD™ of Mental Training without the use of bio-feedback equipment. Students, when at these lower brain frequencies, can sense information impressed on the brain cells of others at a distance.

Mr. Silva believes that this is what some call E.S.P. or Extra Sensory Perception, but he calls it Subconscious Communication. The MIND CONTROL™ program has controlled the meaning of E.S.P. which was uncontrolled, chaotic and very random, to Subconscious Communication which is organized and effective. He adds that perfecting the means to communicate at this dimension will be the second phase of human evolution on this planet.

Subconscious Communication is guaranteed and can be used for problem detection and solving. DO NOT BE LEFT BEHIND, start learning to become a healthier, more productive, and a better problem-solving agent on this planet.

Attend a special introductory lecture and learn about a new scientific method for better control and use of your mind. ALL LECTURES IDENTICAL — TUITION \$2

Mr. Silva explains that there are four principal brain waves. The Beta Wave, associated with the outer conscious level, physical activity, anxiety, tension, etc., the Alpha Wave, associated with inner levels of mental activity, tranquility, insight, creativity, concentration, E.S.P., accelerated learning process, memory, learning and many other phenomena; the Theta Wave, related to deeper levels of meditation, concentration and potentially even greater learning and recall capabilities; and finally the Delta Wave, associated with deep sleep now known as total unconsciousness.

County's Road Program OK'd; To Start On Oct. 1

By ANN SIECZKOWSKI

County commissioners met in a work session on Monday to select priority road problems in order for the county road department to get the work started by Oct. 1.

Five roads, with suggestions from each of the five district commissioners, were chosen, as were several improvements on several connector roads to be carried out on a city-county participation program. Under this agreement, the county will supply labor and equipment, with the cities providing the materials and engineering costs.

First phase priority road projects under the county program include improvements to 1.80 mile of SR 427 back to General Hutchison Parkway, costing \$70,000. The county has the necessary right-of-ways and is ready to go, according to Road Supt. J. C. Lavender.

In district 1, Red Bug Road, which is considered top priority project, and is also eligible for county-city participation for that part which is in the City of

Casselberry, for a distance of .72 miles, was approved at a cost of \$17,800 to the city of Casselberry. According to Commission Chairman Greg Drummond, no firm commitment has been received from Casselberry, but "I feel they will participate in view of the savings to them."

In district 3, 2.08 miles of Bear Lake Road will be resurfaced at a cost of \$17,000. In district 4, North Street from Raymond to Palm Springs for a distance of .81 miles, costing \$27,000 and in district 5, County Club Road by the Mayfair Country Club, at a cost of \$5,500 for work on .35 mile. This is considered by commissioners to be a safety project.

Lavender said that he felt that the cities should present their priority lists before the next work session. He was instructed by the chairman to be certain that the cities have all the necessary information on the participation program.

Drummond said that the County should look to the developers for the special drainage on projects located in Altamonte Springs and on Airport Boulevard in Sanford. Commissioners agreed to include Palm Springs Drive from SR 438 to the north city limits of Altamonte Springs, for a county city participation program, at a cost of about \$4000 to the city. Developers agreed previously to assist with road improvements and to modify the traffic signal at Palm Springs and Semoran Boulevard following construction of the new Altamonte Mall.

Authorities in Winter Springs "unofficially" told Drummond that the costs of necessary work

on Tuskawilla Road are prohibitive at this time. The area involved is 1.9 miles and would cost the City of Winter Springs \$55,000 for materials and engineering. Commissioners discussed the possibility of doing the work in a two phase operation in order to allow the City to improve half of its section during the current budget year.

Turner Plans To 'Sell Out'

Expects \$1 Billion For Holdings

ORLANDO, Fla. (AP) — Florida businessman Glenn W. Turner says he eventually plans to sell his legally embattled corporate empire for a reported \$1 billion.

The 37-year-old Turner, who has maintained he'd sell holdings in his 10-company conglomerate one day, told the Miami Herald he expects to collect \$1 billion from sales over the next five years.

He did not divulge further details. Turner, the son of a dirt farmer, parlayed a borrowed \$5,000 and a bottle

of mink oil into what he claims to be a multimillion dollar business with the hard sell of an evangelist. Last year he said firms in Glenn W. Turner Enterprises Inc. grossed \$120 million.

"Mr. Turner has said before he would sell some of the companies, but this would be over a period of time, not right away," explained aide Tom Bush Tuesday night.

During a recent news conference at his Orlando headquarters, Turner said he intended to take immediate action to sell—or give away if necessary—his

controversial "Dare to be Great" motivational firm.

However, company attorneys this week said no plan has yet been finalized for this.

Legal challenges have been initiated in at least 42 states, attacking primarily marketing practices of the self-confidence building program and a cosmetics company called Koscoot Interplanetary Inc.

Fighting litigation in various states, Turner estimates his legal fees amount to \$100,000 a week.

Candidate's Papers Bared As Fictitious

CHARLESTON, W. Va. (AP) — A Logan County native who held public office in Hernando County, Fla., suddenly terminated his election campaign for a judgeship this month and newspapers now report the credentials he carried were fictitious.

Norman Paul Hinchman of Brooksville, county seat of Hernando County, served as clerk of circuit court, was appointed juvenile counselor, and ran for county judge, all with false credentials, the Charleston Sun-Journal reported that Hinchman had left his home with his wife and child early this month, saying "he'd received threatening phone calls and was taking his family to an undisclosed location for their protection."

His mother told the Sun-Journal "there was more than just phone calls, really. Something happened Thursday. He'll call and tell you about it." As of today, however, he has not called.

The newspaper also said he falsely claimed membership in Alpha Tau Omega fraternity, that he was a Phi Beta Kappa graduate and that he was a Vietnam veteran.

"It wasn't necessary that Mr. Hinchman be all the things he said he was," the Sun-Journal said in an editorial. "He was an intelligent, hard-working young man. For 18 months he was clerk of Circuit Court and ap-

parently did a good job. He appeared to be straightforward and honest in his dealings. But he deceived those who believed in him and trusted him—hundreds if not thousands of Hernando County citizens."

The Logan Banner said Hinchman, after he left Florida, and after appearance of the newspaper reports, received about 1,200 votes in the election for judge.

Turtles Are Not Lovable

By ERIC SHARP

KEY BISCAYNE, Fla. (AP) — Against a backdrop of wind-bent palms and squealing children, a flotilla of 200 young green turtles was launched Tuesday on a seven-year ocean voyage by a high school student who hopes some will return to start a new generation.

Kathy Hilderbrand, a 17-year-old senior at Hialeah High, had assistance from some 150 beachgoers who helped her send her living science project into the Atlantic Ocean at Cape Florida State Park.

She was one of four students accepted as high school researchers by the Miami Seaquarium, which furnished laboratory space.

The green turtle, which reaches a weight of 400 pounds, once was plentiful off Florida's east coast and throughout the Caribbean. But the animal's flesh proved too tasty for its own good and fishermen hunted the turtles so heavily that they are now rare in Florida and throughout much of their former range.

Ross Witham, a Florida Department of Natural Resources scientist who has been working with sea turtles since 1956, supplied her with nearly 400 turtles and advice on how to raise them.

Hilderbrand experimented with various turtle diets over the next year and eventually decided to release some 200 which had reached a size of about 10 inches.

"Turtles are not particularly lovable or brainy, but I can get attached to them. I was kind of sorry to see them go," Miss Hilderbrand said.

IT'S A TOPSY-TURVY WORLD

Two collectors' items showed up in a recent shipment of automobile license tags from Raiford state prison to Troy Ray, county tag collector. Half the tag printing is upside-down.

Angel Seeks Two School Cops Eyed

Seminole County School Board is meeting this afternoon to consider again recommendations of School Superintendent John Angel to hire two security officers to patrol Seminole High School to deter further student violence.

Board member Robert L. Williams, who has been working for 48 hours in a Monday night action, receiving assurances that Sheriff John Polk and Sanford Police Chief Ben Buttry would have police and deputies on duty Tuesday at the school to quell any further disorders that might erupt.

Presence of the officers apparently had a desired effect, since officials at the school reported "all peaceful and serene and the educational process proceeding normally."

Angel reaffirmed his recommendations for hiring security personnel Tuesday afternoon in a prepared news release handed to the press.

His statement is as follows: "The Seminole County school system for several years has had the responsibility of operating desegregated schools in a highly segregated society. In the past we have attempted to arbitrate differences by involving parents and students in an effort to effect changes in the attitude of all. This has been effective for the majority of students and parents, both black and white. However, there remained a small group of students who continue to be disruptive.

"The School Board established firm disciplinary policies as a positive step to rid the schools of this disruptive group. These policies were enforced by Seminole County school principals resulting in the removal of 87 troublemakers from the schools during 1971-72. These students and their parents certainly must recognize that no one has the right to deprive any student of the opportunity to pursue the learning process without fear of harassment and bodily harm. It is my responsibility as superintendent to develop and recommend procedures that will provide this protection—a protection that all parents have the right to expect.

"Teachers are trained to handle normal classroom situations. They are not trained to control acts of violence.

"Efforts of the community and school staff have been effective to some extent—the most serious part of the problem still exists. As a deterrent to any acts of violence or threat, I have recommended to the School Board the following:

"That we immediately hire security personnel to be assigned to Seminole High School to patrol the hallways and walkways on every day school is in session. They will be deputized and will exercise power of arrest when necessary.

"I sincerely believe that it is absolutely essential that we resort to this measure in light of existing conditions."

In past discussions between law enforcement units and school board members, it has been explained that, in light of other assigned duties, it is not possible for the county and city to furnish school guards on a permanent basis. Therefore, the board must decide today whether it desires to hire and train personnel to remain at the school from 7:30 a.m. until 3 p.m.

It has been explained that in the event of serious incidents of violence, the sheriff and police chief will dispatch men to the school upon request.

FOLLOWING THE NARCOTICS RAID

O. H. Eaton, assistant state attorney, left, with back toward camera, confronts suspects arrested by Sanford-Seminole narcotic squad in Tuesday raids on two South Seminole apartments, where a total \$300 in drugs were seized and a total 17 persons arrested on charges ranging from possession of marijuana to frequenting a public nuisance. Narcotics Dragnet Yields 17 Suspects

By BILL SCOTT

Combined Seminole County-Sanford narcotics squads Tuesday night and early Wednesday arrested a total 17 persons, including two juveniles, after raids on two apartment complexes.

The first foray against the Regency Apartment residence of Craig Stegner, 20, at 581 East Semoran Boulevard, Fern Park, resulted after agents, acting on a tip by a 16-year-old girl informant, and armed with a search warrant charged two men on drug violations.

Ten others, including three girls, were booked on other charges.

Much the same as the popular Alta Seltzer commercial, "I can't believe Agnew has joined the despicable ranks of poorly-informed news personnel. (Next thing you know he'll be expecting us to believe that he can hit a golf ball or tennis ball straight, too!)"

Det. Sgt. Ray Parker, sheriff's vice squad, said the girl informant apparently also had warned the raid was coming, since only small amounts of marijuana and an hallucinogenic drug known as PCP were seized in what was expected to be a large haul.

Stegner was charged as a minor with keeping a public nuisance and possession of alcohol. Allen Duke, 21, Orlando, was booked for possession of hallucinogenic drugs and Richard Tierney, 20, Orlando, was charged with possession of marijuana. The 16-year-old informant was charged with obstructing a police officer.

Arrested on frequenting a public nuisance charges were: a 15-year-old Fern Park boy; Donna Clement, 19, 435 Cornwell Road, Winter Park; Donna Tierney, 18, Orlando; Lawrence Akers, 23, and Norbert C. Sawyer, 22, both of Valley Forge Apartments, Altamonte Springs; Denise Henderson, 22, Addison Apartments, Winter Park; Steve Loiaconi, 23, Regency Apartments, Fern Park; and Gregory P. Gentry, 22, Orlando.

A second assault by the "nark squad" occurred early today on an apartment at 308 E1 Orlando Way in Casselberry, where five persons were arrested on drug charges.

Rebecca Jewel Weber, 18, of 100 Anderson Circle, Sanford, was charged with possession of barbiturates.

Russell Stanley Juskowiak, 18, apartment resident, was booked on three charges including possession of narcotic paraphernalia, possession of cannabis and possession of barbiturates. His total bonds were listed at \$7,500.

Kenneth Baird, Steven Thompson and Roger Seymour, three other apartment residents, also were booked on same charges, including possession of marijuana, possession of narcotic paraphernalia and possession of barbiturates. Total bonds on each man was listed at \$7,500 each.

Parker reported barbiturates and marijuana with a combined \$200 value was seized in the second raid.

School Financing Hit In Orange Law Suit

ORLANDO, Fla. (AP) — Orange County School Board attorney has filed suit asking for a three-judge federal panel to declare Florida's school financing law unconstitutional.

The lawsuit filed by lawyer James Markel in U.S. District court stems from a tax ratio report by State Auditor General Gene Ellison which declared Orange County's property had been assessed at only 83 percent of its taxable value.

Markel's brief asked for a temporary injunction forbidding the state to grant funds to any district except in amounts based on last year's allocation. The injunction, he said, would produce an immediate gain of more than \$2 million in revenues for the county.

His suit also alleges the method of financing education under the Minimum Foundation program is unconstitutional, violating the 14th Amendment's equal protection clause.

Super Sales and specials!

15% off all-weather coats.
