

A NEW 50-STAR FLAG is presented to Brownie Troop 248 of Lake Mary by Mrs. Bea Newsome of the Women's Auxiliary of the American Legion. Displaying the flag for the other girls to see are from left, Deborah Martin, Ellen Lemons, Clara Royce, Cynthia Dondey, and Mrs. Newsome. Mrs. Wendell Holmes and Mrs. Ralph Feedback are troop leaders. (Herald Photo)

Congressmen Concerned Over Kennedy's Budget

WASHINGTON (UPI) — Congressional defense experts showed increasing concern today at some phases of President Kennedy's adjusted military budget.

The concern was voiced in part by Democrats. It centered on

Kennedy's plan to trim the B70 supersonic bomber program to the building of experimental prototype planes without expensive additions of a full-scale weapons system.

However, concern also was being voiced about other items such as the President's decision to defer mobile launching sites for the air force Minuteman missile.

Chairman Richard B. Russell, (D-Ga.), of the Senate Armed Services Committee which quizzed Air Force officials Tuesday, told newsmen the questions demonstrated concern about the B70 cutback.

"The detailed examination of Secretary Eugene M. Zuckert and Gen. Thomas D. White clearly indicates that some of the members of the committee have serious doubts about curtailing the B70 program," Russell said.

Sen. Henry M. Jackson, (D-Wash.), former chairman of the Democratic National Committee, told newsmen that he was concerned about deferral of the plan to mount Minuteman missiles on railroad cars.

That decision was based on the administration's belief that placing the missiles at fixed sites would make more of them available, Jackson said, however, that the "survivability" of U.S. missiles after an enemy attack was the important consideration.

World War I Vet Survey On

A survey is being made of all veterans who served during World War I to apprise them of new benefits for them and their widows which are now pending in Congress.

With cooperation of Food Fair Stores, Inc. and on Friday, just 45 years from the date that the U. S. troops boarded transports for overseas service, Sanford Barracks No. 488 Veterans of World War I will be on hand at the Park Ave. Food Fair from 8 a.m. until 5:30 p.m. to register all World War I veterans or their widows.

Veterans, you owe it to yourselves, your buddies and your loved ones to aid and assist in the passage of legislation on pensions, hospital care and patient treatment.

Business Meet

The regular business meeting and luncheon of the Seminole Memorial Hospital Auxiliary Pink Ladies will be held at the Sea Shell Restaurant at 1 p.m. Saturday. Reservation deadline is Thursday and members who desire to attend can call Mrs. J. C. Buntin to place their names on the list.

Fair Exhibit To Climax Week

The Sanford Grammar School F-T-O is eliminating Art Week this week with an Art Exhibit and Fair to be staged at the school from 3:30 to 6 p.m. Saturday.

Featuring the individual art work of each student, the display will be set up in the school halls and open to the public.

Parents and friends are invited to view the exhibits and take part in the afternoon activities, which will feature intra-mural sports, directed by Virgil Duffell and Freeman Baggett.

Attractions for all ages will include a merry-go-round, a hay ride, pony and cart, dart game, fish pond, "pair" tree, country store, plant booth and handicraft. President Donald Jones announced that the highlight of the day will be a supper, with serving beginning at 5 p.m. and continuing until 7 p.m. under the supervision of Ted Williams and Ralph Jarvis.

Other food concessions will feature hot dogs, cold drinks, coffee, cake and homemade candy.

Concluding the evening's entertainment will be a skit, composed of members of the school faculty, to be presented at 7 p.m. in the auditorium.

YOUR VALIANT DEALER PUTS PRICES ON THE LINE! HERE'S EXACTLY WHAT YOU PAY

PICK YOUR MODEL . . . PICK YOUR PAYMENT!	MONTHLY PAYMENT*			
	Base Price	With Heater	With Radio and Heater	Radio, Heater Automatic Transmission
Valiant V-100 2-door Sedan	\$42.68	\$44.30	\$45.58	\$49.33
Valiant V-100 4-door Sedan	\$44.01	\$45.64	\$46.91	\$50.66

Final Plans Set For Florida Beef Cattle Short Course

Final plans have been made for the 10th annual University of Florida beef cattle short course,

Auxiliary Plans Monday Meeting

The Ladies Auxiliary of the VFW Post 3282 will hold their next regular meeting on Monday at 8 p.m. in the caucus room of the First Federal Savings and Loan Bldg.

This is the first meeting under the new revised charter for the post under the leadership of Mrs. Arietta Smith, president.

Plans have been made for a rummage sale to be held at the Woodruff Building on the corner of First and Park from 9 a.m. to 5 p.m. Friday and Saturday.

according to Cecil Tucker, County Agricultural Agent.

Local ranchers planning to attend the event, scheduled for Gainesville April 20-22, include Robert Lee, Oviedo and the County Agent.

The short course, which is expected to attract 400 to 500 ranchers, will stress crossbreeding cattle for more profit.

Facts about breeding work with native Angus, Brahman, Brangus, Hereford, Santa Gertrudis, Shorthorn, Charolais and Charolais cattle will be presented.

University of Florida Agricultural Experiment Station workers and scientists from other states will give research results, while Florida ranchers will give their experiences with cross breeds.

Florida cattlemen scheduled to give their views include Leonard

Balaban, Lookout Plantation, Bonifay; Louis Gilbreath, Camp Ranch, Ocala; O. F. Smith, Flying S. Ranch, Sarasota; John Culbreath, Bar-Bet Farms, Brooksville; Howell C. Hopson, Diamond H Ranch, Leesburg; Jack Hooker, Jacklen Farms, Plant City; H. C. Douglas, K Bar Ranch, Zephyrhills; Ralph Celon, Gainesville; Tommy L. Mack, Norris Cattle Co., Ocala; Max E. Hammond, Stuart Ranch, Barlow; S. L. Crochet, U.S. Sugar Corp., Clewiston; P. E. Williams, Davenport; and Alto Adams, Jr., Ft. Pierce.

Tucker says that it is not too late to register for the short course.

PLAN CATTLE SHORT COURSE. Dr. T. J. Cunha, right, head of the University of Florida Animal Science Department, and Louis Gilbreath, Ocala, president of the Florida Cattlemen's Association and the Eastern Brahman Association, inspect purebred hereford and Brahman bulls while discussing plans for the 10th annual beef cattle short course at the University of Florida in Gainesville.

20 School Principals Reappointed

The County School Board today approved a recommendation by the Board of Trustees to reappoint 20 school principals and agreed to hold up the reappointment of Oviedo School Principal Carlton Henley "pending further study."

The trustees asked that the reappointment of the Oviedo principal be delayed, but their recommendation did not elaborate on the decision.

At the same time, the board reappointed Freeman Baggett as principal of the Sanford Grammar School as well as principal of the Westside Primary School. Mrs. Elizabeth Sharon, principal of the Westside school, told the board she wishes to return to classroom teaching.

The board also accepted the resignation of Mrs. Pearl Bates as principal of the Wilson School. She is retiring. Morris M. Ruby, principal of the Lake Monroe School, will also act as Wilson School principal.

Kennedy Urges Federal Agency Streamlining

WASHINGTON (UPI)—President Kennedy asked Congress today to expand the Federal Power Commission and authorize other measures to prevent undue increases in prices consumers pay for natural gas.

In a special message to the House and Senate the president outlined other proposals to streamline and coordinate federal agencies which regulate transportation, energy sales, labor-management relations and broadcasting.

He said that an improvement in the way the agencies work was essential to the nation's economic growth.

Kennedy took aim at "Iron Curtain" between the agencies. He said there must be greater coordination of policy—for example, on railroads and airlines—and less working at cross purposes.

Along with the message, the president issued an executive order establishing a continuing "Administrative Conference of the United States." Its job will be to tackle problems common to several regulatory agencies.

Chief Justice E. Barrett Prettyman of the U. S. Court of Appeals here was virtually certain to head the group.

Other federal agencies besides the FCC are the Trade, Interstate Commerce, Communications, and Securities & Exchange commissions, the Federal Maritime Board, the Civil Aeronautics Board and the National Labor Relations Board.

AF Pilots Finish Space Experiment
SAN ANTONIO, Tex. (UPI)—Two Air Force jet pilots walked out of an 8-by-12-foot simulated space cabin today after spending a month living in conditions a man in space would encounter.

Capt. Ramon A. Horvath, 23, of Alwood, Kan. and 1st Lt. Ed. Carlos, 27, of Fargo, N. D., became the second pair of Air pilots to stay in the steel chamber a month.

THE SEMINOLE COUNTY TB AND HEALTH ASSN. has elected these new officers and executive committee members. From left, Mrs. Baxter Rowan, secretary; Mrs. W. W. Tyre, president; Mrs. J. N. Azzarella, first vice president; W. L. Harvey, executive committee; D.

H. Fletcher, executive committee; Mrs. Robert Steele, treasurer; Mrs. Lorraine Graham, executive secretary, and C. E. Hittell, second vice president.

(Herald Photo)

Gales Threaten East Coast

By United Press International
Gales threatened the Atlantic Coast from Maine to New Jersey today and winds up to 45 miles per hour in the New York City harbor swelled tides up to three feet above normal.

Some coastal areas reported flooding and the New York Port Authority warned of possible damage to New York City from New Jersey to Manhattan.

Midwestern warmth paralleled April showers in the Ohio Valley and central Appalachians today to mouststrap most of the nation's subfreezing weather in the northern Great Lakes.

The Weather Bureau predicted widespread showers and snow flurries at higher elevations today in the Pacific states, the upper Great Plains, the Rockies and the Central Atlantic states. The South was due for a breather from Wednesday's rain and tornado turbulence.

A nighttime snow blanket rolled east out of the Great Lakes and left four inches of snow at Philadelphia in central Pennsylvania.

Top Castro Aide Leaves Country

HAVANA (UPI)—Prime Minister Fidel Castro's top executive assistant and private secretary, Juan Orta, has broken with the Cuban leader and taken asylum in a Latin American embassy, reliable sources said today.

Orta was personally responsible for the imprisonment of many persons suspected of "dubious" loyalty to Castro. He was the head of the prime minister's office on the 18th floor of the Agrarian Reform Building.

Informants said the reason for Orta's break with Castro was his opposition to the placing of Cuba in the Soviet bloc of influence.

Other sources said that he had always supported Castro's foreign policies fully up to now.

News of the break came after Castro had denounced democracy as "a laxative, a lie and a falsity" in an unprecedentedly incoherent speech earlier today.

Dade NAACP Move Is Considered

MIAMI (UPI)—Dade County Negro parents today considered a request by the NAACP that they apply next week to have their children transferred to white public schools.

Rev. Theodore Gibson, president of the NAACP's Miami branch, said the organization was especially interested in transfers of Negro children to white schools which are closer to their homes than Negro schools, and in transfers to white schools which offer technical training not available in Negro schools.

Too Busy To Be Lonely, Red Spaceman Reports

MOSCOW (UPI)—Soviet astronaut Yuri Gagarin said today that he had not felt lonely in space and that he was "very busy."

But, in an interview with the Soviet Communist party newspaper Pravda, he continued to feel lonely and was able to eat and drink and "everything" normally.

He said he found no "loneliness" in space. What he could see from his space ship, he said, was entrancing. Among other things, he could see detail on the earth, including farm patches.

Speaking of his thoughts as he soared around the world, he said: "All my thoughts and feelings were directed to the fulfillment of the program of the flight. I wanted to carry out all the tasks that I had to do as well as I possibly could. There was a great deal of work. The entire flight meant work."

Giving his impressions of the earth as he could see it, he said: "The day side of the earth was clearly visible. The coasts of continents, islands, big rivers, big surfaces of water and structural features were clearly distinguishable."

When flying over Soviet territory, he said, he could "see distinctly the big squares of collective farm fields. It was possible to distinguish which was plowed land and which was meadows."

Stand Sought
WASHINGTON (UPI)—Republican leaders announced today they will seek a declaration by Congress opposing admission of Red China to the United Nations to counter rumors that the U. S. position is "softening."

County Agrees To Join In Education TV Plan

The County School Board today agreed to set aside \$10,000 out of next year's budget to participate in an Educational Television program for the central Florida area.

Seminole will join with Orange, Brevard and Volusia Counties in the project.

Supt. of Schools R. T. Milwee said that educational TV will "give us a stronger educational program" and that Seminole High School is already set up for the program.

News Briefs

Tulane Eases Entry
NEW ORLEANS (UPI)—The doors of privately-endowed Tulane stood ajar to Negroes today for the first time in the university's 127-year history. The Tulane Educational Fund, final authority for policy, Wednesday voted to "admit qualified students regardless of race or color if it were legally permissible."

Board Completes
PENSACOLA (UPI)—Escambia County School Board members decided Wednesday to comply with a federal court integration order when told they face jail sentences if they do not. Federal Judge Harold Carswell on March 17 gave the board 90 days in which to file a desegregation plan for the county's public schools.

Fugitives Caught
DEFUNIAK SPRINGS (UPI)—The FBI today held two brothers, one a jailbreaker, after their arrest in a 20-minute gunbattle Wednesday. The FBI said Quinton Strickland, 29, would be charged with aiding the escape of a federal prisoner—his brother Adril, 32—and that Adril would be returned to prison to finish serving a 15-year sentence for bank robbery.

Citrus Ads Set
LAKELAND (UPI)—A \$350,000 summer advertising program was approved by the Florida Citrus Commission Wednesday to run in Life Magazine, newspapers and two Sunday newspaper supplements. The campaign will promote processed products—frozen orange concentrate, a canned orange and grapefruit juice and grapefruit sections. It will take in the July-October period.

'Stupid' Is Smart
HUNTSVILLE, Ala. (UPI)—"Stupid" is a newly-developed device which talks, reads a little and whistles at pictures of pretty girls. Now they're trying to find a use for it. "Stupid" was developed by personnel of the Army rocket and guided missile agency under the space-time leadership of Sgt. James M. Busby of Baltimore, an electronics research technician.

Help Requested On Paving Job

The city of Oviedo today was accused of "passing the buck" on paving the access road to the Jackson Heights Negro Elementary School.

A delegation, calling itself the Community Improvement Club of Oviedo, appeared before the school board this morning and asked for assistance in getting the road paved.

Supt. of Schools R. T. Milwee told the delegation that the board was not in the "road building business" and emphasized that since the school was in the city limits "it was the responsibility of the city."

County Bills Start Legislative Grind

The House of Representatives today passed a special act for Seminole County establishing staggered terms of office for Oviedo councilmen.

It was the first Seminole County bill to be passed. Some 30 other bills will be introduced by State Reps. Mack Cleveland Jr. and Gordon Frederick within the next two weeks.

Frederick today said he believes that the proposed harness racing permit for Seminole County would not be buried in committee and would be passed by the Legislature this session.

Frederick said that he and Cleveland introduced the bill Wednesday and it was turned over to the public entertainment committee.

Frederick said that at the start of the session, dog track "lobby" groups were thick and heavy, but now it seems they can see the handwriting on the wall.

Frederick also said that he and Cleveland will start work soon on drafting the drainage levy bill and will study the feasibility of a provision that all millage levied within a municipality be turned over to the city and that money be used to carry on drainage work in that city.

Frederick also said that he and Cleveland would also meet with the City Commission on an urban renewal project act "even though we are basically opposed to this plan."

City Manager W. E. Knowles wrote the delegation Wednesday

on a proposed meeting, possibly this weekend.

Frederick also said that he and Cleveland have found no objections to the special act combining the Sanford and Seminole County tax rolls and that bill will be introduced next week.

Frederick reported also that the

controversial contractor's law legislation will be introduced as a general law covering the entire state and that he and Cleveland have found some objections to it as it is now written.

He said he expects it to be introduced sometime Friday or early next week.

Taxes Asked

TALLAHASSEE (UPI)—The drive for new taxes got underway in the Legislature today with introduction of an across-the-board sales tax to raise an additional \$144.3 million in the next two years.

Sen. Harry Stratton, Callahan, introduced a bill raising the tax on cigars from five to six cents a package, worth an estimated \$3 million a year in new revenue.

The sales tax bill would remove present exemptions on groceries, medicine, rentals, admissions except at race tracks, industrial equipment, services or repairs and installations, hospital rooms and meals, magazines, fuel oil, diesel oil, radio-television programs originating within the state, and nets and ships used by commercial fishermen.

Reapportion Plan Nears Approval

TALLAHASSEE (UPI)—Florida's legislative reapportionment troubles were shuttled to the House today, where there were indications the six-year-old deadlock was close to a solution.

The House was reported near agreement on a plan to raise its membership from 95 to 104, giving nine new representatives to the state's fastest-growing metropolitan areas.

The Senate solved its part of the problem Wednesday by approving, 33-3, a plan to increase its membership by constitutional amendment from 36 to 45.

The 45-member House plan, also tied to a constitutional amendment which would have to be approved in statewide voting, was under consideration in the House constitutional amendments committee which meets Friday.

The 45-member plan passed by the Senate was praised by Gov. Farris Bryant as a permanent solution to the "big county-little county" fight which has raged for years in the Legislature.

The plan embodies an "escalator" clause, based on population growth, which would give each of Florida's 67 counties its own senator within 50 to 60 years.

Each of the 23 most populous counties currently is guaranteed a senator of its own under the plan. It also provides that any county which grows to 50,000 population will automatically get a senator of its own in the future.

The 104-member House plan is identical to the 103-member plan rejected by the people in a statewide election, except that it gives an additional House member to Pinellas County.

Cross-State Canal Measure Due
TALLAHASSEE (UPI)—A measure due for House action soon calls on Congress for money to begin immediately digging a long-talked-of barge canal across Florida.

The request to Congress seeking the funds were passed by the House Resolutions Committee Wednesday. The cross-state canal, approved by Congress years ago but with no funds to pay for it, has an estimated price tag of \$164 million.

President Kennedy recently asked Congress for \$185,000 to complete a planning study of the project.

Active Trading
NEW YORK (UPI)—Stocks opened with gains and losses about evenly matched. Trading continued moderately active.

Many in Wall Street agree that a corrective reaction in the wake of the recent sharp slump to new highs may continue a bit further until the bulls again become active.

Look for the Downtown Clock to be moved near the Shuffler board courts by the Civic Center. All seem to agree that this would be the place for this landmark.

The Chamber of Commerce will participate in the Southeastern Industrial Exposition scheduled for Orlando April 18. The chamber will stress industry in the county and all manufacturers in the area are urged to attend the exposition.

The final monies from the Big Tree donation box were turned over to the County Commission this week. The total was \$291. Last week the board voted to eliminate the box. "You'll be sorry you did that," James P. Avery, who voted against eliminating the box, said.

Last Saturday the Fire Department and city department personnel fought another fire at the sanitary landfill area. This one could have really been costly. A \$23,000 tractor was caught in a cave-in while fighting the blaze. It required a second dumper and the city's largest wrecker to get the tractor out of the pocket.

The engineering firm of Clark, Dietz and Dailey has predicted that by 1980 over six million gallons of water will be used daily in the city. At the present time the city is using two million.

Churchill Trapped
NEW YORK (UPI)—Sir Winston Churchill was trapped on Aristotle Onassis' palatial yacht today by a howling rainstorm which forced the cancellation of his plans to fly home to London.

Churchill's secretary, Anthony Montague Brown, said the 84-year-old former British prime minister would fly home Friday instead of today as planned, weather permitting.

Attendance Big At Longwood Baptist Chapel

By MRS. BETTIE SMITH
First services of the Longwood Baptist Chapel were held Sunday in the Longwood Library with 43 attending Sunday School and 38 attending Training Union. The Chapel was organized with 38 charter members and with Rev. Ralph Taylor of the Prairie Lake Baptist Church officiating at worship services. Weekly schedules have been set with Sunday School to be held at 9:45 a.m.; morning worship at 11 a.m.; training union at 6:30 p.m. and evening worship at 7:30 p.m. Weekly prayer services will be held on Wednesdays at 7:30 p.m.

Acting officers of the Chapel are Clyde Whitehead, treasurer and Mrs. E. R. Gray, clerk. Ordained deacons include Claude Dunbar, E. R. Gray, Charles Dudley and Clyde Whitehead. L. C. Walker is Sunday school superintendent and Claude Dunbar is training union director. Sunday school teachers are Mrs. Eloise Sweet, nursery and beginners; Mrs. Clara Hicks and Mrs. Ellen Dudley, primary; Mrs. Fern Whitehead, juniors; Mrs. Martha Walker, intermediates and Mrs. Eloise Lommier, young people. Training union leaders are Mrs. Ellen Dudley and Mrs. Clara Hicks, primary; Mrs. Fern Whitehead, juniors and Mrs. Eloise Lommier, young people and intermediates. The membership has extended invitation to Chapel services, particularly to those of the area who are not affiliated with a church.

Troops Bomb Natives
MOGADISCIO, Somalia (UPI)—Ethiopian troops using machine-guns and bombs have killed more than 100 Somalis in Ethiopia near the French Somali and independent Somalia borders, according to delayed reports reaching here today.

ONE OF THE LUXURY CARS in the second annual Sanford Automobile Dealer Assn. show is this Lincoln Continental shown by Hunt Lincoln-Mercury, which

also displays Mercury, Comet, English Ford and Mercury Meteor at the show.

More Cars Added To Sanford Auto Dealers Show

Sanford auto dealers scheduled showing of added models today for the second day of the annual Auto Show.

The show will be open today and Friday from 2 p.m. to 9 p.m. and the weather bureau predicts an end to the rainy weather which slowed down the crowds Wednesday for the opening.

Ben Howland, president of the Sanford Automobile Dealer Assn. which is sponsoring the show at Ft. Mellon Park, said the opening day visitors to the exhibits "expressed surprise to see such a large array of automobiles in all colors, styles and price ranges."

"We are going to display additional cars today that were not exhibited yesterday and, with the good weather, we should have two days of large crowds attending," Howland said.

The forecast is for "clear and crisp" weather today and Friday. One of the brand new cars to be shown for the first time today is the new luxury Comet S-22 just received by Hunt-Lincoln Mercury. The show here coincided

with the national debut of 1,200 of the new Comets at dealers across the nation.

Featuring all-red upholstery and white interiors, contoured seats and luxury appointments, the S-22 gives the Comet line five body styles.

Installation Set By DeBary VFW

DeBary VFW and Auxiliary of Post 8083 will install officers at a combined meeting of the two groups today at 7:30 p.m. in the Fire House.

Miles O. Edge Jr. of Holly Hill will serve as installing officer for John P. Perrell, commander; Gerard Neyer Sr., vice commander; Martin Yost Jr., vice commander; Frank E. Hill, quartermaster; Anton Hansen, post advocate; Joseph Santillo, chaplain and Dr. W. R. Wilson, surgeon.

Trustees are to be Frank Ly-mel, one year; John J. Seufert, two years and Thomas Council, three years.

Other officers include Earl Walker, adjutant; Anton Hansen, officer of the day; Carl Brooks, patriotic instructor; Joe Santillo, historian and service officer; John Strang, color guard and Russell Anderson, Charles Plum and Francis Welch, color bearers and Harold Coffin, bugler. Officers, in addition to those named in a recent news report, of the Auxiliary are Mrs. Ruth LaChat, color bearer one and Mrs. Dorothy Walasek, color bearer two, who were named at a planning meeting of the Auxiliary last Wednesday. All members are requested to bring a gift worth 50 cents to the installation meeting. These articles are to be wrapped for mailing and proceeds from their sale will go to the Cancer Research Fund to be presented at the district meeting.

Two Cars Damaged In Collision

A two car collision on Sanford Ave. and Grandview Wednesday afternoon resulted in a minor injury and \$700 in damages, Police said.

Theodore Morgan of 13th St., Sanford, was charged with failure to have his vehicle under control after his car collided with another operated by Irma Williams of Wynnewood Dr.

Josephine Brown, a passenger in the Morgan car, was treated for cuts and bruises at Seminole Memorial Hospital and released shortly after the accident, police said.

Damage to Morgan's car was estimated at \$400 and \$300 to Williams' vehicle.

Adenauer Firm

WASHINGTON (UPI)—West German Chancellor Konrad Adenauer went into his final talks with President Kennedy today with a firm pledge that the United States would resist to the utmost any Soviet pressure on Berlin.

First Rate Job

The Seminole High School Band played Chamber of Commerce this week and did a first rate job of public relations at the Cherry Blossom Festival in Washington, D. C.

Band officials report that the youngsters made a fine impression with their good manners, courteous and considerate behavior everywhere they went along the way to the capital.

These youngsters deserve our thanks for handling themselves well and giving our area a boost.

WORRY CLINIC by Dr. G. W. Crane

God put 44 water-soluble chemicals in our blood but a doctor tells Vivian "our government recognizes only 12." He is trying to confound her sea sickness because she has used the newspaper booklet below to inform people about the true facts. Never let the mere "opinions," of bureaucrats in high places, offset scientific evidence.

DR. CRANE: Vivian V. is a Quaker housewife.

"Dr. Crane," she said, "my husband has been selling sea salt and has been showing people your newspaper booklet about the Ocean's 44 Trace Chemicals."

"Now a bureaucrat is trying to embargo our salt on the ground that we have no right to show people that newspaper booklet."

"He says that the uneducated public cannot come to their own conclusions!"

"So the government must think for them! Isn't this brainwashing?"

"Besides, any newspaper reader who can read your column and booklet must have enough gumption to think for himself!"

"My third grader son is now using a textbook by Dr. H. S. Kim, in which about 40 chemicals are mentioned as vital for good health."

"So I asked this bureaucrat if we could show customers that textbook. He said 'No!'"

"How can bureaucrats deny us little people the use of newspaper materials or books in our business?"

"In our Republic," said the late Frank E. Gannett, "the government should fear the people; not the people, the government."

Last month (Mar. 1961) I addressed the Indiana Academy of General Practice at Indianapolis, and those 300 family doctors were amazed that any bureaucrat would try to oppose the chemical laws of the Almighty.

God put 44 water-soluble chemicals in our blood.

Yet this bureaucrat says our government "recognizes only 12."

Dr. James H. Shaw, famous Harvard biochemist, has identified 30 of these chemicals just in tooth enamel, dentin and bone.

But our government "recognizes only 12."

Over 5,000 doctors are eagerly written for the newspaper booklet named below and many

are testing sea salt and ocean water on patients.

They and other biochemists know there must have been some reason why God put 44 water-soluble chemicals in our blood.

Yet the government "recognizes only 12."

Freedom of the press and free speech are in dire jeopardy when any bureaucrats can try to brainwash our citizens and deny average folks the right to pass newspapers or newspaper booklets around among their neighbors!

Newspapers are your best protection against creeping socialism and dictatorship.

Hillier's secret police also tried to squelch freedom of printed matter. This is the first step on the road to dictatorship, so beware!

Our government bureaucrats have the billions of our taxes behind them to bankrupt little people when the latter do try to defend themselves in court.

A bureaucrat in Ohio thus dumped a farmer's sea water in a ditch and the farmer hadn't the money to fight this issue of free speech, for how could his limited funds compete with the billions in taxes behind bureaucrats? So your newspaper is the only SURE defense average people have left in America!

Send for my booklet on the "Ocean's 44 Trace Chemicals," enclosing a stamped return envelope, plus 20 cents.

Read it thoroughly for it gives you the true facts. Don't let mere "opinions" of any bureaucrat offset scientific evidence.

Nominations Due For Garden Club

The North Orlando Garden Club will meet at 7:30 p. m. today at the home of Mrs. E. W. Wright, 81 N. Third St. with Mrs. Frank Bailey as co-hostess.

The recommended slate of officers from the nominating committee and floor nominations will be accepted for May elections. New officers will be installed at the June meeting.

Following the business session, members will conduct a plant exchange and all members are requested to bring an item for this event.

Protest Marching Now World's Favorite Sport

By HENRY McLEMORE

ROME — Latest figures from the world organization that compiles such figures (and there must be one!) reveal that Protest Marching is now the No. 1 sport in the world.

In sixth place only a few years ago, Protest Marching has moved ahead of soccer, basketball, rioting, three-cushion billiards, and cross-country running to take top spot.

The figures (and I am sure they were given out) show 187,655,452 men, women and children marched in protest during the marching year that ended on April 1st.

Although one of the smallest countries, England led the world in the number of miles marched, beating out Japan and India in the last few months. This was due to the 62,000 miles marched by Englishmen in January and February to protest the American

Polaris base at Holy Loch, Scotland.

Lord Bertrand Russell, despite his advanced age, is recognized as the champion Protest Marcher of the year. Although in his eighties, Lord Russell covered 331.4 miles, and on 67.6 miles he carried or helped carry a large banner of some sort. Lord Russell is also the champion sit-downer. In protest against the nuclear bomb alone he plopped down in public places 60 times, and made 31 talks from this nesting position.

Lord Russell is to be awarded the bronze half-roses given each year to the champion Protest Marcher, and is in the running for the down cushion that goes to the No. 1 sit-downer.

Other awards are to go to an Angola student (best foreign embassy sterner), to a Japanese housewife (best cop beater), to an Indian student (best rock

thrower), and to an East German small business man (quickest to answer a riot call).

There is money to be made at anything and Protest Marching is no exception.

An enterprising young Englishman has set up an office which provides the latest information on future marches, the routes to be taken, and the time of assembly. For a slight extra charge, this clearing house will explain to marchers why they are marching.

In Japan a company has been set up to manufacture comfort aids for Protest Marchers. They manufacture and sell lightweight marching shoes, stout, reinforced gloves for holding banner poles, and a soothing syrup for voices rendered hoarse by shouting protests.

In India there is a concern that provides Protest Marchers for any protest whatsoever, and guarantees to have them present on short notice.

In South America, where Protest Marching has made its most forward progress, there are several schools for the training of marchers. They are taught the proper speed of marching, how to make a march as obstructive as possible, how to spot a cameraman and how to smash his camera, and how best to pose so as to appear as if being stepped on by a policeman's horse.

The goal of the Protest Marches is one billion miles of marching in the next marching year. And 385 embassies stormed, and 674 government buildings defaced.

LETTERS

to the Editor

Mr. T. E. Tucker
President, Florida State Bank
Sanford, Florida.

Dear Gene:

Since touring your fine new building I have thought considerably about what it means to Sanford and Seminole County.

I believe that the Florida State Bank has made a tremendous contribution to the future of Sanford, and especially the downtown section. I know that it required a great deal of courage to sell your associates on the idea of making this outstanding investment in the chosen area, and I feel that in doing so you have set a much-needed pattern for the future. As a matter of fact, there is not the slightest doubt if it were not for you and other business groups of similar vision and confidence, the future of the main business section would be questionable.

I am sure every thinking citizen here will agree with me that this and our other fine new buildings begin a new era in Sanford, and join with me in wishing all of you the wonderful success you so greatly deserve.

Most sincerely,
John Krider
Manager C of C

Dear Editor:

As President of the local chapter of The Society For Crippled Children and Adults I would like

to take this opportunity to thank you for your coverage of our activities during the past several weeks. We feel that ours is as worthy a cause as exists in the community and we hope to put to good use the money that you helped us to raise.

Sincerely,
Vann Parker, M. D.
President

P. S. My special praise to Mrs. Dottie Higginbotham who was most cooperative during the throes of our campaign.

POLITICAL NOTEBOOK

By Peter Edson

WASHINGTON—(NEA) — Before relaxing too much over the prospects from a British-Russian arranged cease-fire and peace conference on Laos, it might be advisable to recall some of the background as set down in military records here.

On Aug. 7, 1960, when most of the officials of the royal Laotian government were absent from the city arranging for the funeral of the late King Sisavang Vong, a smart young paratroop captain named Kong Le led his company into the administrative capital city of Vientiane, and took over.

Kong Le had been trained by the French and Americans and had shown a high degree of military aptitude. What was not realized at the time was that he had also been trained by the Communists.

Kong Le had a tank driven up to the building in which the legislative caucus was meeting. A gun muzzle was forced into the room.

And Kong Le, came down from his balcony seat to demand that Prince Souvanna Phouma be made premier of a new, neutralist government.

In 1957 and '58 the United States had also backed this Souvanna Phouma as premier in the hope he could run a stable government. His principal actions were forcing out the old International Control Commission and arranging for the incorporation of the Communist Pathet Lao forces into the Royal Laotian army.

Actually, only one battalion of Pathet Lao joined up. The other marched across the border into Communist North Vietnam. It was trained there under Souvanna Phouma's half brother, Prince Souvanouphong, for all the trouble it's now causing. Kong Le immediately invited them to come back to Laos to support him.

After the new king, Sri Savang Vatthana, had approved Souvanna

Phouma's reappointment as premier in 1960, his first act was to establish diplomatic relations with Moscow. Then he invited the Russians to ship in food and gasoline.

This was the start of the Russian airlift of arms from Hanoi, in northern Viet Nam, into Laos, for the support of Kong Le and the Pathet Lao Communist forces.

This is when artillery was introduced into the Laotian fighting. Previously, it had been just small arms guerrilla fighting.

Some of the Russian transports were observed to have the same numbers as planes that carried arms to support the late Patrice Lumumba in the Congo.

Souvanna Phouma's "neutralist" government lasted from August to December. Then he was driven out of the capital by Laotian loyalist forces under Brig. Gen. Phoumi Nosavan, the defense minister, who was known to be anti-Communist and pro-Western. He was supported by French and American military missions.

The Russian airlift then began in earnest. Since last December it has flown 10 to 15 missions a day in all kinds of weather. It has recently carried Pathet Lao paratroopers deep into Laotian territory for operations that will give the Communist forces a maximum hold on the country before the cease-fire can be arranged and the 14-nation peace conference can be convened in Cambodia. This is an old Communist trick.

There are now cadres of Communist North Viet Nam veterans in every unit of Pathet Lao, to lead it and stiffen it. This is one reason given for their recent success. They now hold nearly all of the central territory up to the ancient capital of Luang Prabang. And they will be hard to get out, no matter what kind of a peace settlement is made.

Since leaving Laos, Souvanna Phouma has visited India, where he won the backing of Prime Minister Nehru. He has been well received in Paris, and in London he was urged to return to his country and work for a broadly based neutralist government.

As this is written, Souvanna Phouma is headed for Moscow. The Russians recognize him as head of the Laotian government, though he hasn't been home for over three months.

If he is now airlifted by the Russians back into Laos to become head of another neutralist government, the above background may give some idea of what it will be like.

YOUR POCKETBOOK

By Faye Henle

Here is a quiz on banks:
How many kinds of banks are there?
Which is the safest kind of bank?
Where can I rent a safe deposit box?
Which kind of bank offers checking accounts?
Which kind of bank sells insurance?
Which kind of bank can help plan my estate?
There are two main types of banks: commercial and savings banks.

Commercial banks are corporations owned by stockholders. They offer the broadest variety of services, not only to the consumer but to business.

Savings banks are owned by their depositors and administered by trustees. Their primary function is to promote thrift among individuals. They play an important role in financing home building and commercial construction.

Additionally, there are about 80 trust companies specializing in administering estates and trusts and other funds such as pensions and endowments. However, about 3,000 other banks also provide trust services.

The more than 4,000 savings and loan associations and building and loan associations often are called banks. They are mutual co-operative share account institutions. When you put your money into one of these, you buy a share in the institution.

Like the savings banks, their primary purpose is the promotion of thrift. They provide about 42 percent of all the mortgage money in the U. S. today. Because they invest heavily in longer term loans, many pay a higher rate of return than savings banks (4 percent and up), but you might not be able to withdraw your

funds from these institutions as quickly as you could from a commercial or savings bank.

Also performing banking services are more than 19,000 credit unions. These, too, are co-operative mutual societies organized among employees in industry or by occupational groups such as school teachers. Their principal business is to accumulate thrift funds and make loans to members.

Now that we have distinguished between banking institutions, answering the other five questions is a breeze:

There have been very few bank failures during the past 30 years. However, to absolutely protect your savings, savings institutions will not permit more than \$10,000 to be deposited in a single account.

Savings banks insure your funds through a government agency known as the Federal Deposit Insurance Corp., and most savings and loan associations through the Federal Savings and Loan Insurance Corp.

You can rent a safe deposit box at most commercial and savings banks. Some savings and loan associations offer this service too.

Commercial banks offer checking accounts.

Only mutual savings banks sell what is called "savings bank life insurance," and only the savings banks of a few states, including New York, are permitted to do this.

Any bank or trust company offering trust service can help in estate planning.

Economic Growth Must Cost Money, City Manager Says

"The time has come when the downtown shopping area has ceased to be THE shopping center, but is now A shopping area," City Manager W. E. Knowles told a Kiwanis meeting Wednesday.

"Every downtown business needs to undertake the creation of new attractions to lure shoppers, must spend money on improvements, on advertising and access parking if they are going to compete successfully with the fringe area shopping centers."

"The fact is that major economic growth costs money," said Knowles.

"A recent survey shows that the amount of taxes paid by the downtown businesses in the area encompassed from Seminole Blvd. to Third St. and Sanford Ave. to Oak Ave. pays just under seven percent of the total city taxes."

Knowles displayed for the Kiwanis group several large maps of the projected city planning setup, showing streets, parks, municipal facilities, parking areas, arterial roads, industrial areas and residential areas, business sections and educational facilities.

He quoted facts and figures of projected growth in population and the changing percentages of white and colored residents, the ratio of economic growth, light industry and urban residential areas. Technological advances are slowly decreasing the number one Seminole County industry of agriculture and causing changes in the type of people attracted to the area.

Knowles stated that he was well pleased with the community plans, as presented by Planner George Simons, for future progressive community living.

"I am proud to state that the overall city plan is the finest in the state of Florida. George Simons is the dean of city planners, with over 24 years of experience in community planning," said Knowles.

Lake Mary Group To Sponsor Film On Cancer Problem

All friends and members of the Lake Mary Fire Dept. Auxiliary are reminded of the 8 p.m. meeting today at the Fire Hall when a film on cancer will be shown and a doctor will be present to lead a question and answer period.

The meeting is open and particular invitation is extended to ladies of the area served by the Lake Mary Dept.

There are three million miles of surface streams in the United States, according to the Encyclopedia Britannica.

LAKE GOLDEN, NAS Sanford's recreational area, was recently opened for the summer swimming season with Capt. Robert W. Slye, NAS commanding officer, officiating at the ribbon cutting ceremonies. The test conducted each spring to determine whether or not the lake's water is safe for swimming proved the water to be healthy. Present along with Capt. Slye at the ribbon cutting were J. B. Richardson, AOC, Special Services Chief and William A. Warmington, JOC, Service Information Office.

Street Request

Loch Arbor residents who have been receiving their mail by rural carrier route must have their addresses changed to street number, D. Guy Allen, postmaster said today.

Allen said that all residents of Loch Arbor display street numbers even though they do not want mail delivered to their homes.

New Postmaster Set For Area

Robert A. Mann has been named acting postmaster at Lake Monroe to replace Mrs. Annie McArthur who announced her resignation early this year after 11 years at the job.

Mann officially will begin his duties at the Friday closing hour and Mrs. McArthur will be Miami bound where she plans to make her future home with a daughter.

Space Flight Viewed As New Step Towards Weapons System

WASHINGTON (UPI) — Lawmakers today expressed fear that Russia could put atomic weapons into orbit to be brought down at will, like Yuri Gagarin was.

Congressional military experts said they saw the Soviet manned space flight as a step toward a potent new space weapons system.

Chairman John S. Stennis (D-Miss.), of the Senate preparedness subcommittee suggested that if a man can be orbited and recalled to a specific spot on command, "it can be done with a weapon—with a whole lot of weapons, simultaneously."

Stennis said he didn't want to scare anyone, but suggested consideration be given to the "psychological impact" and strategic position of a nation beneath orbiting weapons.

But Chairman Richard B. Russell (D-Ga.), of the Senate Armed Services Committee said the military implications are not so significant as the implications for space exploration.

He agreed, though, that it could be a step toward developing a "so-called platform system—or even a base on the moon."

He noted that "some of our own advanced planners have been talking about planetary platforms, or even using the moon for a military base." He said the nation possesses either would have a "tremendous advantage" in nuclear war.

Sen. Henry M. Jackson (D-Wash.), said "this may well cause immediate consideration of construction of an anti-satellite missile system. This could be achieved fairly rapidly." He did not elaborate.

In heavily censored testimony before the preparedness subcommittee Tuesday, Air Force Chief Thomas D. White said the "Soviets could launch a large space platform—truly a major rung in the achievement of effective space platforms."

Ella, Charles Get Vocal Awards

BEVERLY HILLS, Calif. (UPI) — Ella Fitzgerald and Ray Charles won the top vocal awards at the third annual Grammy awards dinner Wednesday night of the National Academy of Recording Arts and Sciences.

Miss Fitzgerald, veteran Negro singing star, won the female single record and album awards in which she featured the song "Mack The Knife." Her winning album was called "Ella in Berlin."

The columbine is the blue and white state flower of Colorado.

ZING for your supper with ice-cold Coke!

Whether it's supper for two, or a party for twenty... this tempting new supper sandwich will be a great hit! Just be sure you serve it with sparkling, ice-cold Coca-Cola! Coke with food brightens every bite... puts new zest in your appetite. Supper's brighter with that special zing... that refreshing new feeling you get from Coke! Whatever you're serving, serve Coke tonight!

EASY BUFFET SUPPER

Pretty enough for a party... and so easy to prepare! Just arrange layers of sliced chicken in a baking dish. Then mix diced pimento with a can of Cream of Mushroom soup (undiluted) and pour over chicken. Top with grated cheese and bake until brown. Serve on toast. And remember—Coke is the right thing to add a bright zing to any meal!

Lake Monroe Jottings

By MRS. H. L. JOHNSON

Hi again. . . I'm sorry it was cold again. I sure didn't order it. One thing about it maybe it won't last long and it will be SPRING again. . . Anyway it's house cleaning time so I might as well get started. . . Well, we are going to lose our postmaster this weekend. Her replacement has been named and "Miss Annie" will leave Saturday for Miami where she will make her home with her daughter, Mrs. McArthur is certainly a wonderful and lovely person and she will not be soon forgotten here in Monroe by her some of friends. But Annie, you watch out someone will be slipping in on you in Miami one of these days including me. Good luck to you always and HURRY BACK to see us. . . Tommy and Ruthie Swagerty have moved into town as their home was taken by the state. Going to miss them too. Maybe they will return back here shortly. . . Tommy and Louise Thompson have been preparing for the arrival of Tommy's mother, Mrs. Mable Thompson, from Granite City, Ill. Louise and her co-leader, Mrs. Mable Carroll, took their Brownie Troop to the Serpents Nursing Home at Easter time for a visit. The girls took colored eggs and also sang songs to the patients. Mable Chapman's Brownie group went with them also. I know that the patients there really enjoyed these two fine groups of future little ladies. . . Monroe has been saddened this past week by the deaths of little Jerry Edwards and Mr. J. C. Stapler. Our sympathy goes out to the families. They will be sadly missed by everyone who knew them. . . Sunday was Clover Morris Day at the Upsala Community Presbyterian Church. She thought she was just presenting a new flag to the church and was suddenly surprised by being made Mother of the Year. Son Jack of Palatka and Son Bob and wife, Lou, of Apopka accompanied her and Bob nervously pinned a beautiful corsage on MOTHER. Then John Andes presented her with an engraved pin. Some of the members of the Home Demonstration Club, along with our county agent, Miss Myrtle Wilson, attended in a

group as an added surprise. . . I see Nathan Stripling got to come for the weekend to see his family. He is in Alexandria, Va. working on a dredge. . . I know that Charles Rabun had a good time this past weekend in Washington, D. C. where he went with the Seminole High School Band but he is glad to be back where it is at least a LITTLE bit warmer with a LITTLE bit of Wind added. . . Larry and Chris Errett and son, Paul, have gone to Kansas and Missouri to visit their relatives for two weeks. Larry just re-enlisted in the Navy and still will be stationed here when they return. . . The seventh and eighth grade boys and girls of the Monroe school enjoyed a trip to the Planetarium Wednesday in Orlando. It is very interesting to see and I know that they enjoyed it very much. . . We were glad to welcome Mrs. Louise Rushlow as a new member at the Home Demonstration Club meeting held at Laura Andrew's house last week. We are going to Olga Hunters home April 20 for a craft night. A lady from Lake Helen is going to show us how to make yarn cats. They are as cute as a button. . . I guess since it is supposed to be spring Granny Hawkins has started her quilting. I have some scraps of material here to give her. That sprightly young lady can certainly put us YOUNG ladies to shame when it comes to quilting. . . And I also bet that another young Granny has that sewing machine just loaded down with sewing. Granny Norwood, 86 years young, knows every trick in the trade when it comes to sewing. . . I'm trying to type and watch a hummingbird outside getting the pollen out of the lilacs blooming by the window. Hummingbirds have always fascinated me. . . Wish you could see the big pumpkin vine in the yard of the George Potts. It is an enormous vine and has five or more pumpkins on it. Rose's son Frank Brown, of Roanoke, Va., brought a pumpkin down here on his last visit and when fixing it for pie threw the seed out and it came up voluntarily. . . Saw Virginia Frederick yesterday. She spent last week in Tallahassee with Gordon. . .

Senator Warns Space Feat Could Damage Prestige

WASHINGTON (UPI) — Senate Democratic Leader Mike Mansfield said today the free world must avoid being stampeded by the Russian spaceman.

The Montana Democrat urged in an interview that "we keep our shirts on" in the face of the "significant" Soviet accomplishment.

He agreed with Sen. Henry M. Jackson, (D-Wash.), chairman of the congressional atomic weapons subcommittee, that the cosmonaut will have an "immediate political impact" on East-West affairs.

Jackson specifically pointed to Laos, Cuba and the nuclear test ban stalemate at Geneva.

But Mansfield said the space achievement was so long expected that its effective political damage to the West should be "softened."

"We should keep on the course we have charted out and not be sidetracked or swerved from the objective we seek in the field of outer space or in the advancement of peace based on justice," Mansfield said.

Sen Russell Long, (D-La.), like Mansfield a Foreign Relations Committee member, said the Soviet space shot would mean damage to U. S. prestige of the "Majestic of Sputnik I."

"In my judgment, by any fair standards, they have been far ahead of us in space ever since they demonstrated their strength with Sputnik I several years ago," he said.

"It is just Madison Avenue bunk for us to say otherwise," Jackson said. "The Russians 'from the first have used their superiority in the space race for blackmail purposes. They have used space and their achievements in space for international political prestige."

"The immediate impact of this latest achievement will be felt in Laos, in Cuba and at Geneva, where we are bargaining over a nuclear test ban," he said.

Eichmann Beginning To Fret Over Courtroom Oratory

JERUSALEM (UPI) — Adolf Eichmann is beginning to fret. Two solid days of legal oratory — words which he probably doesn't comprehend but which might mean life or death to him — have made him nervous and fidgety. They didn't operate this way in Adolf Hitler's SS Corps. You is-

used an order and got some action. Here the voices drone on about such matters as Blackstone's legal commentaries and involved verdicts handed down in law courts long ago and far away.

All this is necessary for the proper administration of justice, but it's tough going for a layman unschooled in the intricacies of law. And Eichmann is a legal layman. In the opening hours of the trial Tuesday he was the picture of a proper Prussian officer. He stood ramrod straight. His eyes never wavered from the bench where a judge was reading the indictment against him.

Eichmann has a nagging cold, and gradually the picture of the Prussian officer disappeared. Instead, we saw a thin man of medium height sitting in a bullet-proof glass box, sneezing and blowing his nose. He took off his horn-rimmed glasses and polished them. He fiddled with the earphones through which he gets a German translation of the proceedings.

He scribbled notes to his lawyer.

He gave every appearance of a man who is stuck at the head table of a banquet and has resigned himself to sitting through the bitter end of the endless oratory of the evening's principal speaker.

Eichmann gets some surcease today. His trial is in adjournment until Friday morning because this is "Holocaust Day," commemorating the deaths of millions of Jews at the hands of the Nazis.

A siren blew at 8 a. m. and there was silence. A ceremony

known as reburial of the ashes of the martyrs was held. The made 6 million martyrs.

Coogan's Son Faces Morals Count

LOS ANGELES (UPI) — John Anthony Coogan, 19, son of actor Jackie Coogan, faces trial April 26 with two other men on charges of photographing and selling pictures of nude teenage girls.

Police said they confiscated films and camera equipment after the men were arrested last month. Two girls aged 14 and 15 were turned over to juvenile authorities as sex delinquents.

Coogan's father last month won dismissal of a narcotics charge in a separate case involving a raid on the elder man's apartment in nearby Malibu.

County Officer Attends Meeting

Mrs. Ruth M. Hamilton of Longwood attended the luncheon honoring Mrs. Edwin R. Ivy, vice president of the Fifth Congressional District Women's Club, at the Orlando Country Club last Saturday.

Mrs. Hamilton is vice president of the Seminole County Democratic women.

you can't tell a tire by its price tag!

Do you know what those \$10, \$11, \$12 nylon tires are really worth?

The best way for you to find out what a tire is really worth? Use it. But then it may be too late. How can you find out before you buy? The price tag won't tell you. There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never heard of. Most of them have one thing in common. They do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire. We took nine "bargain" nylon cord tires priced at \$10, \$11, \$12 or more to the lab for analysis and matched them to our \$12.88 3-T Nylon All-Weather.

What a difference! The Goodyear tire had a 23.2% stronger tire body than the average rating of the rest. And the tread strength rating of our 3-T Nylon All-Weather was also actually greater than the average of the others.

Price tags never tell the full story! Get a genuine Goodyear tire. A Turnpike-Proved tire. It costs no more than "bargain" tires.

3-T Nylon All-Weather \$12.88
6.70 x 15 black tube-type, plus tax and any old tire off your car. NO MONEY DOWN with your old tire. Pay as little as \$1.25 a week.

Goodyear nation-wide guarantee

- ROAD HAZARD GUARANTEE**—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. Guarantee limited to original owner for number of months specified.
- LIFETIME GUARANTEE**—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage. Remember, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will repair your tire without charge, or make an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

Orbit Around Earth Spaceman's 1st Trip Outside Russia

MOSCOW (UPI)—The wife of Yuri Gagarin, the world's first space voyager, had no idea he was in orbit until a neighbor ran into their apartment and told her about his epic feat.

"I knew Yuri was preparing for an important assignment," Mrs. Valentina Gagarin told a Russian reporter Wednesday, "but he was afraid to upset me. This morning a neighbor—all joy and excitement—rushed in and told me to switch on the radio, which was transmitting the news about Yuri."

The 27-year-old Soviet Air Force major's first trip outside Russia turned out to be a history-making event—literally "out of this world."

Valentina listened all morning to the radio announcements of her husband's voyage. Neighbors dropped in to give the nervous wife cups of hot tea.

When news of her husband's safe landing was broadcast, Valentina grabbed her mother, who also lives in the apartment, kissed and hugged her joyously.

Still trembling from the excitement, the spaceman's wife happily watched pictures of her husband being flashed on the television screen.

Mrs. Gagarin, a 25-year-old mother of two girls, Yelena, 2, and Galya, one month, was described by the Soviet news agency Tass as a "simple, modest young woman of medium height."

The couple live on the fifth floor of a new concrete apartment house in a special housing development for test pilots on the outskirts of Moscow.

Soldier Hanged For Rape Of Girl

FT. LEAVENWORTH, Kan. (UPI)—Pvt. John A. Bennett was hanged early today for the 1954 rape and attempted murder of an 11-year-old Austrian girl.

The Army executioner dropped the trap from beneath the feet of the 24-year-old Negro soldier at 12:05 a.m. He was officially pronounced dead at 12:21 a.m.

Bennett was convicted and sentenced to death at a court martial in Salzburg, Austria, Feb. 8, 1955. He had been awaiting execution at Ft. Leavenworth since April 20, 1955.

The death sentence was affirmed by former President Dwight Eisenhower. Bennett's attorneys lost several appeals in the courts.

The soldier was the son of Mr. and Mrs. Percy Bennett of Chatham, Va.

Lutheran Church Planning Dinner For Members

The lovely pink and green living room of Mrs. Henry Thurston's home in Loch Arbor was the scene last Thursday morning of the monthly meeting of the Morning Circle of the Lutheran Church of the Redeemer.

An interesting discussion of an article currently appearing in the Lutheran Woman's Quarterly Magazine entitled "Chosen To Bear Fruit" comprised the program for the day.

During the business meeting, Mrs. L. L. Shipman and Mrs. W. B. Gray were welcomed as new members. A report on the "Sauer Herten" dinner for church members April 23 was given by committee chairman Mrs. Kirshstein. Only 200 tickets will be available for this dinner. The tickets may be obtained from Mrs. Philip Skates.

Mrs. Seatcat Wins High Score Award At VAH-3 Bridge

Officers' Wives of VAH-3 met in the BOQ Afterburner at the Naval Air Station for their monthly bridge session.

Six tables were in play with Mrs. Neil W. Thompson, Mrs. E. Roy Hawkins and Mrs. Vincent D. Monroe serving as hostesses. Refreshments of coffee, cookies and brownies were served during the afternoon. High score award was won by Mrs. Ralph L. Seatcat and Mrs. David W. Gaswell took second high.

Other members present were Mrs. Len Reinhart, Mrs. George H. Waters, Mrs. Henry Dement, Mrs. J. F. Barlow, Mrs. Joseph Rubel, Mrs. C. R. Jasper, Mrs. Andrew Reno.

Mrs. Frank Kahlo, Mrs. W. E. Hartley, Mrs. Jerry C. Patterson, Mrs. L. E. Henderson, Mrs. John L. McCracken, Mrs. A. J. Kasha, Mrs. Clifford Nelson, Mrs. A. P. Fennell and Mrs. William Yelnick.

Guests for the afternoon were Mrs. E. F. Gold, Mrs. Roger Smith and Mrs. Harry Sellers.

Mrs. Sally Hardy Celebrates Birthday At Family Reunion

Mrs. Sally Hardy celebrated her 80th birthday with a party and family reunion, Sunday, at the home of her granddaughter, Mrs. Luey Johnson on West First Street.

Four generations of the family helped her celebrate with a lawn party and picnic lunch at the Johnson home.

Mrs. Hardy who for the past year has resided at the Sarepta Rest Home was brought to the party as guest of honor. She was glad to see so many members of her family but was overjoyed when they presented her with a large birthday cake, decorated with pink roses and "Happy 80th Birthday" on the top.

The cake was a gift from her granddaughter, Mrs. Charles Hayes, Mrs. Hardy, the widow of the late Mr. J. C. Hardy, was born in 1872 at Osteen. The couple raised five sons and two daughters.

After the death of her husband she made her home with her daughter and son-in-law, Mr. and Mrs. O. R. Smith, at 417 W. 6th St. until last year.

Three sons, N. K. Hardy, Sanford, Louis Hardy, New Smyrna Beach and Ruby Hardy, Port Orange, were unable to attend the reunion.

Present for the celebration were her two daughters, Mrs. Smith, Mrs. Adis Weldon, of Fairfax, Ala. and the other son James Hardy and his wife, of Port Orange.

Grandchildren and their families attending included Mr. and Mrs. J. C. Hardy, of Jacksonville; Mr. and Mrs. Arnold Hardy, and children, Wanda and Arnie, of Port Orange.

Miss Pat Smith, Mr. and Mrs. M. Al Turner, Linda, Alvin and Tommie, Mr. and Mrs. Charles Hayes, Denver, Faye, Clyde and Bobbie; Mr. and Mrs. Henry Hardy Jr., Angela and Henry.

Avoid Grim Look

Unless you are a jet black brunette, go easy on the eyebrow pencil when you pose for a picture. Too dark brows will give you a fierce, grim look.

3rd; Mrs. E. O. Keith and children, Paul, Aaron, Ryan, Tommie and Bradley and the hosts, Mr. and Mrs. Johnson, Ronnie, Mike, Johnnie and Betty Jo.

Also attending were Linda

Harvey, Susan and Peter Kelly and Penny Watters, friends of the family.

The honoree received many useful gifts of clothing, personal items and toiletries.

MRS. HARDY WITH BIRTHDAY CAKE

Brother Visits Altamonte Teacher

Mr. and Mrs. John T. Hasley, of Long Island, N. Y. visited their brother Don Hasley, teacher at the Altamonte Elementary School during the Easter vacation.

John is physical education director for an elementary school in Woodmere, Long Island. His wife is employed in the sales office of the New York Telephone Co.

This was their first visit to Florida. Among the high lights

Some 76 per cent of American families eat donuts at least once a week.

Surprise Shower Honors

Mrs. D. J. Brough

The home of Mrs. E. W. Foote at 128 West Woodland Drive was the setting for a surprise baby shower, Tuesday night, for Mrs. D. J. Brough.

The hostesses, Laura Foote and Beria Conn, used yellow and white for all decorations, including the cake. Their gift to Bertie was a baby crib, pillows and blankets.

Prizes for games played at the party were won by Mrs. Harry Lackey, Mrs. R. D. Murphy and Mrs. John H. Bailey.

Others attending were Mrs. H. L. O'Hara, Mrs. James A. DeGanahl, Mrs. R. W. Repp, Mrs. D. E. Dearolph, Mrs. A. W. Smith, Mrs. D. C. Hamilton, Mrs. Cherry Ryman, Mrs. E. S. Hoseplan, Mrs. R. E. Farmer and Mrs. George Leman, mother of Mrs. Murphy.

Mrs. Hiers Named President Of Enterprise Church Group

Members of the Barnett Memorial Methodist Church, Enterprise, met in the church annex, last week, for the monthly business and program meeting.

Main item of business was the election of a slate of new officers for the coming year. Mrs. H. R. Hiers was elected president.

Other officers elected were Mrs. J. V. Richards, vice president; Mrs. Fay Lee, recording secretary; Mrs. Bertha Hardin, treasurer.

Mrs. Cecil Sellers, secretary of spiritual life; Mrs. Aletha Evans, secretary of promotion; Mrs. H. L. Dunn, secretary of Christian relations and local church activities.

Mrs. Ida Padgett, secretary of supplies; Mrs. Forrest Nutt, youth and student work; Mrs. W. Hise, literature and publications; Mrs. Bascom Carlton, missionary education and Mrs. Ernest Jones, flower chairman.

Mrs. Warren Hise led the devotions and Mrs. Irene Jackson presented the program on "Woman's changing world."

Mrs. T. V. Scull, hostess for the day, served refreshments to those present.

Mrs. Goben Wins High Score At VAH-5 Bridge

The VAH-5 Officers' Wives enjoyed the monthly bridge session in the Afterburner room of the BOQ. Mrs. Charlene Graham was hostess and served coffee, cookies and cold drinks.

Mrs. H. G. Goben won high for the morning and Mrs. Lee Thompson was low.

Others attending were Mrs. B. H. Graham, Mrs. R. E. Farmer, Mrs. P. J. Ryan, Mrs. R. D. Cook, Mrs. Harry Lackey, Mrs. C. L. Fitzpatrick, Mrs. C. D. Schoonover, Mrs. R. W. Repp, Mrs. D. E. Boose and Mrs. E. W. Foote.

A FLURRY OF PARTIES and activities surrounded the departure last Sunday of Cdr. and Mrs. Dave King, who left for New York and thence aboard a ship for London, where they will be stationed.

Dave and Lucy drove up in their Volkswagen, which will go aboard with them while daughters Vicki and Kathie and dog Reggie were driven up by Mrs. Clay Williams, Vicki's Spanish teacher.

Several farewell dinner parties were given for the Kings before they left. Among those seeing the popular couple were the Wally Dietrichs, Capt. and Mrs. F. G. Edwards, Larry Resler and Cdr. and Mrs. Paul Speltz, Mrs. Si Johnson and Mrs. Don Hamilton.

The most lavish affair was the party given at the Mayfair Inn by the squadron for their departing skipper.

They were entertained with songs and skits, using the theme of the Tigers of VAH-1. Dave King was depicted by a huge tiger wearing a crown and huge shoulder boards and Lucy was the tiger with the long black eyelashes and dangling earrings, carrying a black lace fan.

Cdr. King, who is a student of Civil War history, was also presented with a Confederate hat and a commission in the Confederate army before he left. Cdr. Charles Dunn was in charge of arrangements.

New skipper of One will be Cdr. Charles B. Smith.

ANOTHER PARTY with a humorous twist was the stork shower given by Margaret Knight and Betty Doris Barley for Freda Piercy, at Margaret's home last week.

The party took place Thursday night, with all accounted for except one guest, who had promised faithfully to attend the big event. Those present placed their gifts in an attractively decorated play pen, gay with pink and blue ribbons, played games and enjoyed delicious refreshments.

Friday night, promptly at the appointed hour, the door bell rang

CDR. KING

MRS. KING

and there stood Ginny Taffer, gift in hand, inquiring, "Is this where the stork shower is being held?" "This is where the stork shower WAS held last night!" replied Mrs. Knight, who laughingly invited the chagrined and slightly tardy guest in for cake and coffee.

County 4-H Girls Plan Dress Review

The Sanford Girls 4-H Club met last Saturday for their Achievement Day. The meeting was held at the Home Demonstration Building on 25th Street.

President, Linda King called the meeting to order by having everyone stand and repeat the pledge of the 4-H flag.

Martha Lee Rose, Chaplain, led the devotion period.

The minutes of the last meeting were read and the roll was called by the secretary, Donna Foley. As she called the roll each girl in-

troducted her parents to the other club members.

Barbara Kanner led the group in two songs. A very interesting panel discussion was held. Those on the panel were Miss Wilson-county demonstration agent, Mrs. King-Sanford 4-H leader, Mrs. Lommier-leader at Longwood, and Carla Lommier-Junior leader at Longwood.

This discussed Girls 4-H work and how 4-H clubs could be improved with the help of the parents.

The dress review scheduled for April 22, at the HD Center, was discussed. Miss Wilson told the girls how to model their dresses. County delegate, Joyce Waltz, told the group about the County Council meeting held April 1.

Refreshments were served by hostesses Joyce Waltz and Barbara Kanner and the projects were displayed to the visiting parents.

By HELEN SNODGRASS

Susan Ryan, daughter of Mr. and Mrs. George Ryan, was the winner of the local spelling contest conducted by the Orlando Sentinel. She will enter county competition in Daytona Beach, this month.

Mr. and Mrs. Royal Goodwin entertained recently with a dinner party honoring Mrs. Goodwin's mother, Mrs. A. W. Wilborn. Guests included Mr. Wilborn, Mr. and Mrs. Howard Wilborn and family, Mr. and Mrs. Bobby Wilborn, Mr. and Mrs. Jack Welch and Mr. and Mrs. Herman Wilborn of Sanford.

Susan Hiers and her sister Audrey Hiers arrived home last weekend for a visit with their parents, Mr. and Mrs. H. R. Hiers. Susan has been chosen as cheerleader for this season and has been selected to be the co-captain of the cheerleaders for Groveland High School. Congratulations, Susan.

Mrs. E. F. Dickinson and Mrs. Mildred Minter of Madison arrived Friday afternoon and spent the night with the Dunn family. Saturday morning Mrs. Dickinson, Mrs. Minter and Mr. and Mrs. Harvey Dunn motored to Lake Wales to see the "Passion Play."

M stitching straight is still a problem for you, try again stitching on a ruled tablet sheet. Guide unthreaded of course.

Monroe Home Club Hears Program On Civil Defense

The Lake Monroe Home Demonstration Club met Thursday evening at the home of Mrs. J. E. Andrews on the Old Monroe Rd.

Miss Myrtle Wilson gave an interesting talk on civil defense. She explained the different ways to seek protection in case of air attacks and the necessary food to have on hand.

Mrs. H. L. Johnson, president, presided at the business meeting. Reports were heard on the recent bake and rummage sale. Mrs. Andrews, Mrs. Annie McArthur and Mrs. Daisy Dowell were appointed to serve on the nominating committee.

Mrs. Johnson welcomed Mrs. Louise Rushlow as a new member and Mrs. Maxine Stevenson, a guest. The county dress revue in June and the short course in July were discussed by the group.

Mrs. Andrews assisted by Mrs. J. M. Tindell, co-hostess for the evening, served delicious cake and coffee to the Mmes. Alice Nordgren, Lucille Fitzgerald, Olga Hunter, Mable Carroll, Louise Rushlow, Mrs. Johnson, Mrs. Stevenson and Miss Wilson.

The May meeting will be held at the home of Mrs. Fitzgerald with Mrs. Sapp as co-hostess.

Anna Miller Circle Members Visit Umatilla Home

Mr. and Mrs. Martin Dyer and Mr. and Mrs. William Klinefelter visited the children at the Harry Anna Crippled Children's Home in Umatilla, last Saturday.

They took gifts to each child from the Anna Miller Circle of the Sanford Elks. They also took the candy cottage which graced the Anna Miller float in the Christmas parade.

The cottage was erected in the lobby of the home and they decorated it with bunnies and chicks. Grass was spread in the front and colorful eggs scattered all around.

Home Club Meets At Dunn Home

The West Lake Brantley Home Demonstration Club held its regular monthly meeting this past week at the home of Mrs. Martin Dunn. A most interesting program on storage entitled, "A Place for everything and everything in its place" was given by the hostess.

The next meeting will be April 26 at the home of Mrs. C. F. Field on Forest Lake Drive, Forest City.

Mrs. Hagan Hostess To DAR Tomorrow

The Daughters of the American Revolution will meet Friday at 2:30 p.m. at the home of Mrs. L. P. Hagan, 1702 Park Ave.

The program will be hobbies of the members. Co-hostesses will be Mrs. A. R. Key, Mrs. F. L. Woodruff 3rd, Mrs. C. B. Hyatt and Mrs. L. Jennings.

Members are reminded that this meeting was originally scheduled to be held in Orlando.

Aiken Family Honors Seniors With Spaghetti Supper

Two members of the senior class of Seminole High School were honored Saturday night when Miss Suzanne Jones and

Buddy Kirk shared honors at a spaghetti supper given by Mr. and Mrs. Dick Aiken. A cafe theme prevailed

SUZANNE AND BUDDY

Projects Planned By Officers' Wives

The executive board of the Officers' Wives Club met recently at the home of Mrs. Len Rinehart, in Pinecrest.

The group has completed plans for the Navy Relief Project, which began April 4. A 15 ft. feather-craft boat, complete with 40 horse power Evinrude motor and Gator trailer, is on display at the Navy Exchange and will also be shown around town.

Tickets for the boater's dream may be obtained at the Exchange or from any officer's wife, until the close of the benefit, June 2.

Mrs. Ken Rowell and Mrs. Rhinehart discussed the "Roaring Twenties" party that VAH-3 will host for all the officer's wives. May 9 is the tentative date set for the social affair to be held in the NAS ballroom.

The wives of all officers and enlisted men are invited to hear Lcdr. Jack Langford speak at a coffee at the NAS ballroom, April 27 at 9:45 a.m. The Officers' Wives Club will sponsor the event.

The representatives and board advisors enjoyed refreshments served by the hostess.

SANFORD

Dear Abby:

By Abigail Van Buren

DEAR ABBY: To get right to the point, I am pregnant. I know you get lots of letters like this, but I feel my problem is special because my boy friend is a real fink. I mean the whole bit. He works in a library for \$180 a month and his idea of a good time is to read a good book over again, listen to long-hair music or play chess.

What happened to me is not his fault. I take all the blame. He wants to marry me, but I can't see myself married to him. I am too old to start raising a baby. (I am 41 and he is 33.) Can he force me to marry him because I am going to have his child?

NOT SURE

DEAR NOT: He cannot force you to marry him. Even though he is far from your idea of the "ideal husband," under the circumstances thank your lucky stars and grab him. The life of an innocent child is at stake. You were "young" enough to get into this fix—now be adult enough to face up to the responsibilities.

DEAR ABBY: I am through giving my wife presents. Every time I give her something she says, "What have you been up to now?" What makes women act like that?

PETE

DEAR PETE: Experience.

DEAR ABBY: My 11-year-old daughter

has been invited to several birthday parties. I have always driven her there, stayed during the party and then driven her home.

The mother of a girl, my daughter's age, took it upon herself to remind me that the invitations do not include mothers. She said it made a lot of extra work for the mother giving the party. I always felt welcome until this busybody brought it up. Please print your answer as I do not wish to give my name and address.

WELCOME OR NOT?

DEAR WELCOME: Accept this mother's suggestion as a bit of friendly advice, and do not stay with your child during the party unless you have been specifically invited to do so.

CONFIDENTIAL TO WORRIED HIGH SCHOOL SENIOR: Please tell your parents at once. They will not "kill" you. You need to see a doctor without delay.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

Getting married? For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge

By Oswald Jacoby

It isn't hard to spot today's criminal. South was guilty of senseless overbidding.

Of course, he had an excuse. It seems that he thought his partner's business double of two clubs would show greater high card strength.

It did not constitute a crime for South to take out the two club double. His hand was such that he could not expect to hurt two clubs, but South had a very simple take-out bid. He could have bid two hearts only.

Then if North had all those high cards South thought he had North would have been looking right at

NORTH 34			
♠ 10 8 4 3		♥ A	
♦ Q 9 2		♣ J 10 8 6 4	
WEST		EAST	
♠ 7 5		♥ A Q 8 2	
♦ K 3		♣ 9 5 3	
♠ A J 10		♥ 10 7 4 3	
♦ K Q 7 5		♣ 2 2	
SOUTH (D)			
♠ K 9 5		♥ Q J 10 7 6 5	
♦ K 5		♣ A	
No one vulnerable			
South West North East		1 ♠ 2 ♣ Double Pass	
4 ♠ Pass Pass Pass		Opening lead—♦ K	

them. North would have found another bid over two hearts and then South could have gone to game.

Of course, there was no play for four hearts. South had to lose two spades, a diamond and a trump and his jump to game just cost him a nice part score that he could have had and a 50-point penalty.

Incidentally, it may be of interest to try to see what would happen if South had left the two-club double in. The chances are that he would have gone down two tricks, but if you are interested in problems try to figure out if he could escape with down one against perfect double dummy defense and with perfect double dummy play.

Jackie Gleason... Nine In The Side

By ESKINE JOHNSON
HOLLYWOOD—(NEA)—"Minnesota Fats," king of the pool hustlers, admitted he felt right at home. "I spent most of my youth in pool halls," Jackie Gleason said. "Gotta pool table at home. I spent most of my life instead of green."

Our man in New York, talking to Jackie in the Ames Billiard Academy at the corner of 44th Street and Broadway, said he did a doubletake.

"You have a pool table at home covered with BLUE felt?"

"Yeah," Gleason grinned. "To watch the drapes."

In his first movie since 1940, Gleason is playing it straight as "Minnesota Fats," a pool shark on Paul Newman's back in "The Hustler," a Robert Rossen-produced-and-directed movie for 20th Century-Fox.

The story is being filmed in New York, where Gleason found fame and the loot to have blue felt instead of green on his private pool table—denied him in Hollywood 20 years ago.

Now, after soaring to the TV heights as a funny man, he's "balancing" his career, he says, with a straight role.

"But I guess I'll never stop being a comedian," says Gleason. "I wish Hollywood would make

more comedies, but they're difficult to find. I sat around Hollywood for years and made only two of them.

"There isn't enough material. And because there isn't enough material, there aren't enough comedians—new ones, whom the public can discover."

"And away we go!"

To Paris this summer where Gleason will star in another film, "Gigolo," a comedy drama about a deaf mute.

Seventy-five per cent of all actors, writers, producers, directors, related talent and craftsmen employed in Hollywood now are working directly or indirectly on TV. "The quality of filmed TV has all but wiped out live programs," says Richard W. Jencks, president of the Alliance of Television Producers.

The quality of film, that is, not content. . . .

Richard Boone signed for another year of "Have Gun, Will Travel"—his last and No. 6—for a "buy-out" consideration of \$1.

HOLLYWOOD—(NEA)—"Gone With the Wind," the long-gone movie that won't

Moon Off To Fast Start For 'Bums'

United Press International
Wally Moon, the solid man in the Los Angeles Dodgers outfield, has been reduced to a part-time player, as off and on to what may be his best season in the major leagues.

The 31-year-old veteran of seven big league campaigns ripped his second homer in as many games this season Wednesday night to lead the Dodgers to a 3-2 victory over the Philadelphia Phillies.

Earlier this spring Moon, who

came to the Dodgers from the Cardinals after the 1958 season, said he had a "feeling" this was going to be his best year. With the Dodgers loaded down with young outfielders, he didn't play as often as he would have liked to in the exhibition games. But when he did, he got his share of hits.

In Tuesday's opener, he hit a homer in the second inning to give the Dodgers an early lead, and Wednesday, with the Phils in front, 1-0, in the seventh, the left-handed swinging Moon sliced a

homer over the left field screen to Tommy David aboard.

Johnny Podres, who got the victory although he needed relief help from Larry Sherry in the ninth, batted in what proved to be the winning run when his infield single scored Norm Larker from third, also in that seventh inning tally.

Big Frank Sullivan, making his first start for the Phillies since being traded by the Boston Red Sox, pitched brilliantly for the first six innings, retiring 14 bat-

ters in a row at one point, before the Dodgers finally cracked through in the seventh.

Moon's best season in the majors was in 1957 with the Cardinals when he hit 24 homers, batted in 73 runs and hit .283 in his first season with the Dodgers in 1959 he hit 19 homers, had 74 RBIs and a .302 batting average.

Billy Loes, an erratic but sometimes "class" pitcher, was given his first start since 1958 by manager Alvin Dark of San Francisco and he came through to

lead the Giants to a 2-1 victory over the world champion Pittsburgh Pirates in the only other game played. Los Angeles at Baltimore and Chicago at Washington in the American League, both scheduled night games, were postponed because of rain.

Loes, primarily a relief pitcher in recent years, gave up nine singles in the eight innings he worked but he scattered them effectively enough to earn the victory.

Sanford Drops Leesburg; Johnson Gains 3rd Win

Bobby Johnson will be shooting for his fourth win of the season Friday when the Sanford baseballers meet DeLand at DeLand.

Johnson, in his last game hurled a six hitter as Sanford toppled Leesburg Tuesday, 6-3. Johnson got plenty of good support thanks to the batting of Butch Riser, Jack Caolo and Steve Barnes.

Riser had a perfect day at the plate banging out four hits. Caolo had two singles while Barnes slammed the longest hit of the game with a triple.

The Seminole record thus far is three wins against four losses.

Snead Favored In Greensboro Play

GREENSBORO, N. C. (UPI)—Sam Snead, the winningest golfer of all time, will be seeking his eighth Greater Greensboro Open championship when the 24th annual GGO gets underway today at Sedgefield Country Club.

Conspicuously absent when the 72-hole \$22,500 tourney begins will be new Masters champion Gary Player. The South African said he was too tired from the tension of the Masters to compete this week.

Former Masters titleholder Art Wall also notified tournament officials he could not participate because of a back injury.

Top entries besides Snead included former British Open champion Peter Thomson, Mike Souchak, Jim Ferrie, Julius Boroe, and Charlie Smith.

The field also includes Charlie Sifford, five-times Negro national golf champion who will be the first member of his race ever to compete in an official Professional Golfers' Association tournament in the South.

A spokesman for the swank Sedgefield club said "we don't anticipate any trouble or incidents—just a little grumbling from some of the strict segregationists."

Suggs Favored In Civitan Play

DALLAS, Tex. (UPI) — Louise Suggs, the little Georgian who admittedly is "playing the finest golf of my career," stood out as the prime target for the rest of the field as the \$10,000 Civitan Women's Open got under way today.

Miss Suggs has had things going her way here over the short but windswept Glen Lakes Country Club course the past two years and will be after her third successive title.

SHOULD CARMEN LIFT PAUL'S MASSACHUSETTS NEW YORK-EUROPEAN VERSION OF THE TITLE, A BOUT WITH STEVE FULLER WOULD BE THE LOGICAL WAY TO CLEAR UP THE PICTURE EXCEPT THAT THE NEW CHAMP HAS CLEARLY SHOWN HE HAS BASILIO'S NUMBER.

Little Major League Play Here To Open Season Monday

Sanford's Little Major League will open its season Monday with Yowell's playing First Federal in the National League and Foodmart in the American League.

Champ Called In Carbo Trial

LOS ANGELES (UPI) — Don Jordan, former welterweight champion, was called back to the witness stand for cross examination by the prosecution in the extortion trial of underworld boxing czar Frankie Carbo and four others.

Jordan, who lost his crown last May to Benny (Kid) Paret, testified for the defense Tuesday that former fight promoter Jackie Leonard and Jackie McCoy were his undercover managers when he won the title in December 1958.

Leonard was the government's chief witness in the trial involving charges that Carbo, Frank (Blinky) Palermo, Truman Gibson Jr., Joseph Sica and Louis Tom Dragna tried to muscle in on Jordan's earnings.

Leonard denied earlier in the trial he had anything to do with managing Jordan of Los Angeles.

Jordan said neither Leonard nor McCoy was listed as his manager with the state athletic commission. His manager of record was Dan Nesbeth, but he testified the two other men helped guide his ring career.

Signs For Bout

BUFFALO, N. Y. (UPI) — Rocky Fumelle of Buffalo will fight Ralph Tiger Jones of Yonkers, N. Y., in a 10-round middleweight bout here on April 28. Fumelle has been successful in 23 of his 28 professional fights while Jones has gone against some of the best during his 10-year career.

Wallpaper first came into general use in Europe during the last quarter of the 17th century under the name "paper hangings."

Twins Stadium Not Yet Finished

MPLS.-ST. PAUL (UPI)—When the umpire yells "play ball" at Metropolitan Stadium here April 21 for the Minnesota Twins' home opener, a construction crew foreman may bellow, "Okay boys, put the tools away for a couple of hours."

Construction work, originally planned for completion prior to opening day, will not be finished for another three weeks. Grandstands along the first base line should be ready for occupancy Sept. 1, in time for the National Football League season.

Bad weather has hampered progress and construction crews are on the job 19 hours a day in hopes of completing the task of remodeling the stadium as close to the home opener as possible.

"We'll have seats ready for 32,000 people," a construction company official told United Press International.

"Right now," he said, "our main problem is the new press box. But I'm certain we'll have it done in time."

Top Rookie Prospects Named

NEW YORK (UPI) — Stylish Carl Yastrzemski of the Boston Red Sox and fleet Willie Davis of the Los Angeles Dodgers were selected Monday to be the outstanding rookies of the 1961 major league baseball season.

The vote of 87 baseball experts participating in the United Press International's pre-season survey was overwhelming, with Davis selected by 34 writers or broadcasters and Yastrzemski by 28. No other rookie received more than five votes.

Practice Report

SYRACUSE, N. Y. (UPI)—The Syracuse University football team plans to hold its second practice of the spring today. A total of 80 candidates reported to coach Ben Schwartzwalder at the opening session Wednesday.

Two Get Reward

LOS ANGELES (UPI) — The Los Angeles Lakers of the National Basketball Association have rewarded Rudy Larussa and Tom Hawkins with salary increases in their 1961-62 contracts.

Heavy Winds Mar Opening Of State Golf Meet Here

Heavy winds marred the opening of the State High School Golf Tournament here today at the Mayfair Golf Club but play got underway with close to 200 young golfers competing.

Favorites in the play are teams from Ft. Myers, Miami and Sarasota.

The host team Sanford under Coach Fred Ganas' direction is rated a "dark horse."

Hall, Walker Swap Uniforms

BALTIMORE (UPI) — Jerry Walker and Dick Hall, two pitchers who failed to live up to promise, swapped uniforms today, and their new managers hoped the change would do them some good.

Walker was shipped to the Kansas City Athletics along with spare outfielder Chuck Essegian by the Baltimore Orioles in exchange for Hall and utility player Dick Williams Wednesday night in a straight swap involving no cash.

The 22-year-old Walker skidded to a 3-4 season last year after breaking into the majors in 1959 with an 11-10 won-lost record. Hall, who came to the A's in a trade with the Pittsburgh Pirates a year ago, had an equally disappointing 6-13 record with Kansas City.

Both had been expected to do much better last year, but wildness and bad luck plagued them.

Ramos Not Talking On Cuba Troubles

NEW YORK (UPI) — Pedro Ramos, the Minnesota Twins' star pitcher, doesn't wish to become involved in the political tug-of-war going on in his native Cuba.

"I promised the manager Cookie Lavagetto I wouldn't talk about it," Ramos said Wednesday night when asked to comment on a report he would "trade his baseball for a hand grenade and join the anti-Castro forces" in Cuba.

"I'm being paid now to play baseball, not talk politics," the Cuba right-hander added.

Writer Racks Brain Over Income Tax Forms

DICK WEST
WASHINGTON (UPI)—Financially speaking, I am a simple man mainly because I don't have enough money to be complex. In 1960, all of my income came from "salaries and wages." I had, therefore, no "gains and losses from sales or exchanges of property other than capital assets."

Neither did I rake in anything from "annuities or pensions" or from "rents and royalties" or from "partnerships, estates, trusts and other sources."

And, finally, I registered a blank on "income or loss from unincorporated business" and on "profit or loss from business or profession."

If you asked me how I managed to avoid enriching myself by these methods, I would have to say that I'm just lucky, I guess. At least I felt lucky when I sat down to make out my income tax return.

My relatively uncluttered fiscal affairs spared me the task of figuring out how much I could deduct for depreciation and amortization, not to mention depletion of oil wells.

Nevertheless, in order to satisfy the requirements of the Internal Revenue Service I am obliged to maintain and preserve two drawers full of old doctor bills, cancelled checks, gasoline receipts and other vital statistics.

I got to wondering, as I was sorting out this rat's nest of deductible documents, just how much of a paper-saving burden is imposed on the citizenry by various government regulations.

Fortunately, my curiosity could be easily allayed by hunting up a copy of the revised "Guide to Record Retention Requirements" recently published by the General Services Administration.

You perhaps will not be surprised to hear that 10 executive departments and 17 independent federal agencies place on the public record-keeping responsibilities of one sort or another. In all, the guide contains 908 entries that require various individuals and companies to retain records anywhere from 30 days to "permanently."

If, for example, you collect admission tickets to some event, you have to preserve the stubs at least six months. If you are

engaged in the manufacture of smoking opium, you must keep permanent records. Proprietors of bonded wine cellars are required to keep 35 different types of records. But persons producing wine for family use have to keep only one.

For better crops... Agricultural Chemicals by CHEMAGRO

Outstanding Fungus Control!

Dyrene effectively combats early blight, late blight and Rhizoctonia... Greatly increases Celery Yields... Upgrades Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 5 years of cooperative research and field testing, Dyrene has proved its outstanding control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage... does not affect flavor or odor... leaves no harmful residue. For finer celery and more of it, use Dyrene. It works! At your farm supply dealers.

Dentists At Work To Stop Toothaches In Space

SAN ANTONIO, Tex. (UPI)—Because space travelers won't be allowed to use toothpaste, U. S. Air Force dentists are at work to find something that will prevent a toothache from calling off a trip.

By developing antibodies to fight germs that cause tooth decay, they may develop an inoculation serum to protect spacemen from bad teeth along with other diseases.

The work in preventive dentistry at the Air Force's Aerospace Medical Center should lead to better teeth for everyone, according to Lt. Col. Norman Harris.

Astronauts face a special tooth problem, he said. They won't be allowed to use toothpaste because the sudsy water from the brushing would not be fit to be reprocessed for drinking.

Dr. Harris believes one way to protect teeth from cavities is by treatment with stannous fluoride two or three times a year. He said surveys show the process reduces trouble by 20 percent with only one treatment annually.

Dr. Harris is also experimenting to find out what goes on in a person's mouth during the course of a day. Radio is helping him do the job.

He said in order to study chewing habits, tiny transistor radios are mounted in dentures. The radios signal the number of times the teeth are in contact. Dr. Harris said first findings show the number of times a person clicks his dentures together varies from 500 to 15,000 times a day.

Dr. Harris said they have also discovered that it will be safe to

send into space a man who has had his teeth repaired many times.

Working with the doctors on the application of dentistry to space flight are two men currently sealed in a simulated space cabin. They are experimenting on what effect brushing teeth with only plain water will have over an extended period of time.

"Dental care for the astronaut is the same as for men on the ground," Dr. Harris said. "Good dentistry eliminates problems in both places."

"But it will always be a problem to go for long periods of time

The first parks were grants of royal land for the enjoyment of the people, according to the Encyclopedia Britannica.

without dental care, and we have space travelers can get by," he said to find ways to extend the time added.

North Orlando Plans Expansion Of Sewer Plants

William Deutsch, architect and engineer of Masterbuilders Corp., which operates in North Orlando said Monday that plans for expansion of the community's sewer and water plants have been approved and that work is expected to begin within two weeks.

He said the contractors feel the expansion is needed and approved the plans although such facilities normally operate at a loss in growing areas until at least 1,000 families have established residence.

He assured there would be no increase in present water and sewerage rates which have been approved by the State Railroad and Public Utilities Commission and by the Federal Housing Administration.

Deutsch also reported that blueprints of new home designs are ready and construction on models will begin in North Orlando within 30 days.

He also announced that he personally is donating a gift to accompany each Garden of the Month Award made by the local Garden Club through June.

Firemen To Work For Water Safety

Casselberry Fire Chief Paul Bates included in his monthly report to the Board of Aldermen Monday an announcement which invited the department's participation in a concentrated water safety program to be conducted by the American Red Cross.

Bates said members of the Fire Dept., would attend a meeting which was scheduled Tuesday in the Sentinel Star Staff Conference Room to plan an all-out program of instructional courses. All phases of water sports, including swimming and boating, will be covered. The department report included 14 fire calls and one rescue run.

A letter of appreciation from the Casselberry Lions Club for stand-by services of the firemen at recent benefit Harness Racing Programs also was read.

Spring Carnival Scheduled Saturday

Last minute plans are busily underway for the Spring Carnival at Longwood Elementary School Saturday from 4 p.m. until 8:30 p.m.

Mrs. Betty Rhodes, president of the P-T-O, has been getting reminders out to parents about the items needed for various booths, especially for the Country Store and Bake Sale which should offer many, many selections in order to make a profit.

Today is the deadline for Country Store articles and persons with donations for the White Elephant Sale are urged to contact the school immediately.

Mr. Magic is to be the featured attraction and promises to delight young and old. A spaghetti supper will be served from 4:30 p.m. until 7:30 p.m. in the cafeteria with adult and children's plates available and game booths will be set up all along the school front under shelters.

Mrs. Rhodes, summing up the busy activities, says "Since this is Longwood Elementary's first year in operation, the need for this fund-raising event is great and an all-out effort is being made to make the Spring Carnival a tremendous success."

LONGWOOD ELEMENTARY STUDENTS are helping P-T-O members get ready for the big Spring Carnival coming up Saturday at the school. Getting good lung exercises in the balloon blowing alley are, from left, Kathleen Pike, David Oliver, Linda Waltman, Diane Smith, Woody Seagons and Mike Rhodes. (Herald Photo)

County HD Clubs To Plan Events Of National Week

Mrs. H. L. Johnson, county council president of Home Demonstration Clubs, has requested that all members send suggestions to her on how they and their groups would like to observe National Home Demonstration Week.

This year's theme of the annual observance is "Today's Home Builds Tomorrow's World" and the dates have been set for April 30 through May 6.

The Seminole County Clubs also have been notified by their agent, Miss Myrtle Wilson, that programs for April are being conducted by Civil Defense Chairmen. Exhibited will be a 14-day supply of food for one person and pamphlets containing defense and survival information will be distributed.

Vikits from staff nurses of the County Health Dept. will be arranged by health chairmen to present a talk on the care of burns and other emergency treatment measures.

Club members were advised of an urgent appeal sent by the local unit of the American Cancer Society for old sheets, pillowcases or other clean, unprinted cloths which are needed to make sterile dressings for outpatients.

These donations may be turned over to each club's health chairman who is to deliver them to Mrs. J. N. Assarelli, 800 N. Park Ave., Sanford.

Campaign Planned

Mrs. Beatrice E. Muller, chairman of the DeBary Unit, American Cancer Society, has announced that no house to house canvass for funds will be made this year. Residents will be mailed self-addressed envelopes with the request that contributions be returned.

Youngsters Treated On Pancake Day

By MRS. ADAM MULLER

Children and staff members of the Enterprise Methodist Children's Home were treated to dinner by an anonymous friend at DeBary's Aunt Jemima Pancake and Sausage Day last Saturday at the Fire House.

Sponsors of the event, The Herbert D. Gibb American Legion Post 239 and its auxiliary, served more than 500 meals from 8 a.m. until 7 p.m.

Winners of the pancake eating contest were Kenneth LeRoy, first; Charles Keller, second and Pete Flentke, third.

LeRoy ate 21 flapjacks for breakfast and returned to eat another 25 for supper; Keller ate 22 and Flentke, 17.

Chefs were kept busy all during the day and Mrs. A. Mitchner and Mrs. Edward Patterson,

auxiliary members dressed as Aunt Jemima, greeted guests. Other auxiliary members serving included Mrs. E. Iovanna, Mrs. G. Fred Smith, Mrs. E. Davis, Mrs. H. F. Brown, Mrs. F. Hartman, Mrs. C. Elia, Mrs. H. Brumbaugh, Mrs. H. Lyons,

Mrs. R. Phelps, Mrs. B. Weber, Mrs. S. S. Smith, Mrs. J. Lambertson, Mrs. Ed Healy, Mrs. Al Newell, Mrs. K. Walter, Mrs. F. Sullivan and Mrs. A. J. Grismer. Table decorations were arranged by Mrs. Anthony Mednyk and Mrs. Harry Fritts.

Chuluota Community Organizes Baseball Club

Chuluota parents and boys interested in playing baseball, meeting April 6 at the Superette, formed an organization of community parents to function as The Chuluota Baseball Club.

This group will assume responsibility for ball teams now being organized.

Bob Boyle, team manager, who called the meeting, explained purposes of such a club and stated that the cooperation of all parents is an absolute necessity in order to have an efficient, well-run organization.

Election of officers to a one year term named Fred Stumpf, president; Carol Jepsen, secretary; Jim Brancart, rules committee; Hal Barton and Carol Allen, finance committee; Norman Jones, publicity chairman and Jim Fraser, grounds maintenance.

Boyle said he hopes to form three teams—a Farm League for boys of toddling age up to nine years; Little League for ages nine through 13 years and a Pony League for ages 13 through 17 years.

Suggested names for the teams were Braves, Pirates and Yankees. A fund-raising bake sale for the purchase of equipment from the Chuluota Youth Club has been scheduled at the Superette Saturday. Uniforms from last year will be used.

The next meeting of the Baseball Club will be held at the Superette on April 20 at 8 p. m. and all parents are urged to attend.

Opera Group To Feature Music Of Victor Herbert

The DeBary Opera Group will present a Victor Herbert program Sunday at the Community Methodist Church Social Hall.

Miss Adelaide Conte will be organist and Mrs. Ralph Stumpf Jr., pianist, for the afternoon of song which begins at 2:30 p.m. and they also will present duets playing selections from "Togland" and "Liebestraum" from Liszt.

Others appearing on the program include Janet Smith, "Neath the Southern Moon;" Ivan Walker, "Tramp, Tramp;" Beatrice Muller, "The Land of My Own Romance" and "Neapolitan Love Song;" Florence St. Amand, "A Kiss in the Dark" and "Falling in Love With Someone;" Robert McGee, "I Want What I Want" and "Gypsy Love Song;" Isabel Bearick, "Sweet Mystery of Life" and Mildred Blair in "Isle of My Dreams."

Art Clubs Plan DeBary Meeting

An all-day meeting of Florida Federation of Art Club members will be held at the DeBary Mansion Headquarters April 22.

Club presidents, liaison officers and those of the general membership are invited to attend the called meetings and to remain for the Board of Directors Spring Meeting.

Included on the day's schedule is an executive board meeting for 11 a.m., a called member meeting at 1:30 p.m. with the Spring board meeting set at 3 p.m.

EDITORIAL COMMENT

Hard To Believe

Well we are finally getting our much needed traffic light at SR 436 and Hwy. 17-92.

It took over two years and pressure and more pressure played the major part in the State Road Department setting aside funds for the project.

Town councils in South Seminole as well as the County Commission sent letters and telegrams for months at a time urging the SRD on the importance of the light.

Not a week goes by when there isn't an accident at the intersection and now we feel sure this will stop.

Casselberry Road Work For March At \$2,504

Graham Wilson, Casselberry's road board chairman, presented the town with a whopping bill of \$2,504 for work done on city streets during the past month but the impact was considerably lessened upon examination of an accompanying statement.

Several letters of commendation and verbal expressions from those in the audience left no doubt that the "work long had been needed and was much appreciated."

One resident of Lincoln Rd., stated in his letter that "it is the first time in seven years a decent job has been done." Another expressed appreciation for the improvements but said "we need a number of street signs."

Wilson also brought the Casselberry board up to date on actions of the county commissioners who last week voted against giving the town any assistance in paving Winter Park Dr. He reiterated past actions and correspondence of the town and the county on the matter, concluding "the best thing we can do is call a meeting of all property owners along the road and see what can be done to go ahead with the paving."

The aldermen authorized him to follow through on this plan and asked that the road board determine a program to be followed and present its recommendations at the next meeting.

Herbert Olson, recognized from the floor, recommended that rates of the Southern Building Code be adopted.

Keneth McIntosh, board attorney, reported that he had prepared a survey of rates by other towns of approximate size and with similar problems in a number of counties and he agreed that Casselberry should have a comparable system.

Board members, acting upon the motion of Rohn Lady that the fee standards of the Southern Building Code be adopted, requested McIntosh to draw up the necessary ordinance specifically stating that the town's present system for residential permit charges is to remain in effect.

Council Adopts Southern Building Code Standards

The question of adopting a standard building permit fee code came before the Casselberry Board of Aldermen again Monday when Don Willson and Hubbard Casselberry requested that the permit for a new post office be issued under commercial rates.

Herbert Olson, recognized from the floor, recommended that rates of the Southern Building Code be adopted.

Keneth McIntosh, board attorney, reported that he had prepared a survey of rates by other towns of approximate size and with similar problems in a number of counties and he agreed that Casselberry should have a comparable system.

Board members, acting upon the motion of Rohn Lady that the fee standards of the Southern Building Code be adopted, requested McIntosh to draw up the necessary ordinance specifically stating that the town's present system for residential permit charges is to remain in effect.

Concert Orchestra To Give Benefit Performance

The DeBary Concert Orchestra will present an "Evening of Music" at 8 p. m. Tuesday in the Community Center during which donations will be accepted for benefit of the Center Building Fund.

Arthur P. Bell of Orlando will direct the 25 member orchestra in the final concert of this season which will be the fourth performance held for the building drive.

Robert McGee of DeBary and Iris Blackwelder of Apopka will appear in a duet selection.

MR. EASTER BUNNY, front and center, headed the cast of a program at the Enterprise School in which all members of the sixth grade took part. The production

was directed by Riley Kneay with many of the class actors in original costumes. (Cox Photo)

Casselberry Charter Studied By Legislators

Mrs. Lillian Reisel, Casselberry Town Clerk, read an advisory letter from State Reps. Mack Cleveland Jr. and Gordon Frederick at the monthly Board of Aldermen meeting Monday concerning the town's new charter which is to be presented for legislative approval during the session now in progress.

The legislators stated in the letter that they were concerned about several items which perhaps should not have been included in the document. They also advised that if it is granted legislative approval it still must be given a referendum vote by the town.

Don Willson who previously has criticized the charter and has challenged the board's authority to draft it, again enumerated his objections. Willson, past mayor of the town, also was a member of a formerly appointed charter board which was considered ineffective by present aldermen due to its lack of action within a 90 day period from its appointment.

A ruling from the Attorney General's office last month stated that preparation of a charter by the aldermen was legal and that they were not bound by the formerly appointed board.

Willson said Monday, after question by former alderman Graham Wilson, that as a member of the charter board he never had been informed of a 90 day limitation for recommendations.

Chairman Lytle Swopes, at this point, said that he thought "a solution to the controversy perhaps would be to get a new charter board and start over."

Graham Wilson's suggestion that "this whole discussion is out of order" brought firm words of the gavel and an "I think, too!" from Swopes.

Later in the meeting, additional discussion came up on the time period for voter registration books to be open before the May 16 special election to fill a vacancy on the board of aldermen and the new charter again was questioned.

Hubbard Casselberry asked why it had been written in the document that voters in town elections must register at the county seat, saying that this would take the registration away from the town clerk.

He was advised that the item had been included for future use when and if a separate voting precinct is set up for Casselberry at which time local elections could be held in conjunction with those of the county.

County Clubs Get New Members

A number of Seminole County's Home Demonstration Clubs have welcomed new members recently and Miss Myrtle Wilson, agent, has suggested that April be designated "Membership Month" by all clubs.

Those joining the women's group include Mrs. T. J. Chalfant and Mrs. Charles Lamb, Geneva; Mrs. Donald Smith and Mrs. Clyde Trooper, Lake Mary; Mrs. Ernest Foster and Mrs. Ernest Tuck, Longwood and Mrs. Scotty Hamesley, Seminole Evening Club.

New members of the Sanford group are Mrs. J. T. Baggery, Mrs. J. J. Duren, Mrs. Charles Jasper, Mrs. O. C. McBride, Mrs. C. F. Proctor, Mrs. Audrey Rose, Mrs. M. L. Robinson and Mrs. Clyde Stinson.

DeBary Library To Celebrate

By MRS. ADAM MULLER
The DeBary Library is planning to join the celebration of National Library Week, April 16 through April 22, which this year has the theme "For a Richer, Fuller Life . . . Read."

Library directors and members of the library association urge residents to write their legislative representatives asking that time and attention be given the Library Development Bill and also to ask the legislators to vote that it may be passed.

DeBary's library is located in the Community Center on Shell Rd. and is open on Tuesdays, Thursdays and Saturdays from 3 p.m. until 4:30 p.m.

On the shelves are found many selections, gifts from friends or interested persons. A most recent and generous gift is that of a fine collection of the newest and best in children's books given by Dr. Mabel Alstetter of DeLand and these books are proving a delight to the local youngsters.

For the adults, there are wide choices including most of the recent best sellers.

All residents are invited, especially at this time, to visit the library and find new values in reading for pleasure and knowledge.

Art Center Names First Teacher

Artist Eugene White will be the first resident artist of the season this summer at the Florida Federation of Art Center in DeBary's Mansion House.

Beginning July 10, White will be in charge of supervisory instruction for three weeks with other teachers on the schedule to be announced.

Anderson explained that nominations were made and elections held at the same meeting because those present were eager to get organization activity underway.

The title selected temporarily, also was approved permanently. A report on baseball activities and work on the ball diamonds given by Anderson stated that the North Orlando Co., supplies equipment for the Little Leaguers who turned out 62 strong for an organizational meeting last week.

Plans also were discussed for the association to sponsor a Boy Scout Troop. John Corday, who holds a Scout Troop Leaders Card, was appointed to be in charge of organizing and leading the new troop.

Membership in the Civic Assn., will be for registered voters of the community and meetings have been set for the first Monday of each month at 8 p.m. in the Village Hall.

A meeting of the officers and by-laws committee was called for next Monday when work will be done toward completing a charter draft.

DeBary Mansion To Get Repairs

By MRS. ADAM MULLER

Repairs on the DeBary Mansion House, Florida Federation of Art Center, are scheduled to begin in the very near future under the supervision of Mrs. D. R. Feemster, federation president and Mr. and Mrs. W. E. Brumbaugh who have established residence there.

Brumbaugh will start a clean-up and repair project of the grounds and building, adding racks in the picture storage room, repairing the spacious porches and completing the patio among other work.

Mrs. Brumbaugh will be in charge of the hostesses. Improvements already completed include the installation of new lights in the Hall Gallery and Sitting Room by Clinton Sommers, exhibition chairman and Albert Mercer of the building committee, who contemplate the promotion of a painting campaign for the Exhibition Galleries.

Elder Springs Baptist Church To Hold Revival

A full program of activity leading to a revival at the Elder Springs Baptist Church begins Wednesday at 6:45 p.m. with a kick-off banquet to co-ordinate all phases of church leadership for the special event.

Rev. R. Hugh Hawkins of Stetson Baptist Church will be revival pastor at daily meetings beginning April 30 and running through May 7.

Preparatory programs include special prayer meetings, extra visitation efforts, church-wide evangelistic conference, cottage prayer meetings and special testimony services. Rev. B. H. Griffin, church pastor announces.

Volleyball Is Quite The Fad In Altamonte

By ATLANTA MCGINNIS
If perchance you are out driving in the Altamonte area and you notice middle-aged matrons trying to hit a ball over a net, don't be alarmed.

Mothers of the Altamonte Springs Elementary School are trying to limber up for the big volleyball game Friday when the parents challenge the faculty and most are admitting for the first time in years, that "Dad is more agile than Mom."

Students, learning that such a game is to be played between their parents and their teachers are coming forth with bits of solid information such as "Mom and Dad, beware of Miss Durrenberger and Mr. Hasley."

I'm advised that the faculty's sharpest play has Miss Durrenberger hitting the ball to Mr. Hasley, who, in turn, shoots it over the net.

So, "Netters" of the parents' team, recapture 20 years—without some good plays! And those of you who aren't playing, join us at the school Friday to start cheering your champions at 7:30 p.m.

Following the games at 8:30 p.m. will be a Square Dance with the sets to be called by Paul Shafold. Those who find dancing too strenuous, join the Cake Walk, which also will be taking place. A snack bar in operation selling

charcoal grilled hotdogs and soft drinks and nursery service will be available for children too young to join in the square dancing of the younger group.

College Aid Under Discussion

WASHINGTON (UPI)—A House education subcommittee continued work behind closed doors today on President Kennedy's \$2.4 billion college aid bill, with some big changes in the making.

The changes apparently had the blessings of the White House.

Committee Chairman Edith Green, (D-Ore.) said the most important one had already been discussed with the administration. It would provide for college construction grants in addition to loans.

Moughton Set As Club President

E. J. (Bud) Moughton Jr., was elected president of the Seminole Sports Car Club at its meeting where results of the four winners in the Orlando Nocturne also were honored.

The winners in the Orlando race who received trophies were Mr. and Mrs. James Pickup, Mr. and Mrs. Charles McIntosh, E. J. Moughton and Mr. and Mrs. Charles Wellman.

MRS. CLOVER MARRS

Mrs. Clover Marrs Named 'Mother Of Year' For Helping Neighbors

A charming lady who long ago turned her attention to helping other people has received a vote of thanks from one group of them.

Mrs. Clover Marrs of Lake Monroe was designated Mother of the Year this week by the membership of the Upsala Community Church.

The honor was a surprise for Mrs. Marrs, whose latest gift to the church was a 50-star flag in memory of her late husband, Earl Marrs.

John Andes, chairman of the church board, presented her with an engraved pin and the church choir sang a program of her favorite hymns.

Arrangements were made secretly for her two sons, Bob of Apopka and Jack of Palatka, to be present at the service and Bob had the honor of pinning on his mother's corsage.

The rest of the week was spent in receiving callers who congratulated Mrs. Marrs and added their personal expression that she is "the Mother of the Year in any community."

Mrs. Marrs is a native of Detroit, Mich., and a graduate of the Baptist Institute for Christian Workers in Philadelphia, Pa. Her early years included service as a missionary in New York City and as a nurse in the Philippines.

The Marrs family came to Florida in 1940 where they made their first home at Bensford. Taking notice of the number of high school girls in need of something to occupy their time, Mrs. Marrs visited the county agent and cited the value of a program in 4-H Club work. Within a few months, the first girls club was organized with her as the advisor.

The family moved to Sanford in 1945 where again her record is one of continuous service to others.

Following the loss of her husband, Mrs. Marrs went to work as a practical nurse at Memorial Hospital and was with the staff when the nurse was struck by lightning, resulting in her death.

Mrs. Marrs became a Methodist and attended church in "more times." She left the hospital to go to Serepta Rest Home where she worked until retirement—which has been filled with nursing services for friends and neighbors.

Mrs. Marrs is an active member of her church, has worked with the county's civil defense program, is active in Home Demonstration Club work and is a past president of the Lake Monroe Club and a past secretary and vice president of the county council.

She is an accomplished pianist and organist and helped form the church choir.

Her love of animals is attested to by many families in Seminole County where she has found homes for generations of black cats and she rarely ever is seen without a dog or two.

News Briefs

New Governors

LISBON, Portugal (UPI)—New military governors were appointed in two Portuguese regions to head off any possible trouble resulting from the terrorist attacks in Angola, it was announced today.

Crewmen Rescued

BOSTON (UPI)—The 33 crew members of the sinking freighter Marine Merchant abandoned ship in the stormy Gulf of Maine early today. All were rescued. The tanker SS Esso Raleigh picked up 26 crew members of the Marine Merchant after they struggled through mountainous seas in a small life-boat to the side of the rescue ship.

Rough Weekend

JERUSALEM (UPI)—Adolf Eichmann will have to sweat out a weekend in his cell before he learns whether he is going to be put through a trial that may send him to the gallows. Three Israeli judges said today they would rule Monday on whether they have a legal right to try the man accused of being history's worst mass murderer.

Roadblocks

WASHINGTON (UPI)—Sen. Estes Kefauver, (D-Tenn.), faced new roadblocks today in his efforts to probe the inner workings of price-rigging among giant electrical equipment makers. Republicans announced they again would object to holding hearings of Kefauver's anti-trust subcommittee while the Senate was meeting on the minimum wage bill.

Denies Report

COLOGNE, Germany (UPI)—The commanding general of the 2nd Infantry Division today denied reports that his troops are indoctrinated under a program based on the principles of the controversial John Birch Society. Maj. Gen. Edwin Walker also rejected as "untrue" reports that he had labeled former President Harry S. Truman, former Secretary of State Dean Acheson and Mrs. Franklin D. Roosevelt "definitely pink."

Kingswood Grand Opening Sunday

One thousand silver dollars are going to be given away to some lucky children, under 16 years of age, at the grand opening of the new Kingswood Builders homes near Elder Springs and Sunland.

The builders, Art Harris, Bill Brumley and Byron Leach are offering first prize of 100 silver dollars, plus 900 more silver dollar prizes to children accompanied by their parents, who register at the open Sunday between 1 p.m. and 5 p.m. at the Sunland Estates homes.

The builders are very proud of the construction and styling of their homes, and feel that they are the best on the market for the customers hard-earned dollars.

There will be a charge of \$1 per shot to help defray the cost of needles and vaccine.

Jaycee Polio Shots Saturday

The Jaycees have urged all residents who have not had their polio shots to do so Saturday at the Jaycee Building.

The shots will be given at 9 a.m. and will continue through 5 p.m. No reservations are necessary.

There will be a charge of \$1 per shot to help defray the cost of needles and vaccine.

Boards At Odds On Revenue

A meeting of the County Commission and School Board Thursday afternoon "to iron out differences" on a revenue proposal failed to bring any agreement.

Commissioners and School Board members wound up outlining their own problems in a two-hour session.

School board attorney Douglas Stenstrom, had asked that the meeting be called to discuss a recent proposal by the commission that \$50,000 of race track funds be reverted back to the county's road and bridge fund instead of the school system.

However, the legislative delegation raised objections to the proposal and said they had an obligation to the schools.

Supt. of Schools R. T. Milwee tried to key the Thursday meeting off on a note of harmony by urging that the two boards sit down together and work toward the betterment of the county without bickering and with the county's interest at heart.

However it wasn't long before District 3 County Commissioner James P. Avery accused the legislators of playing politics with the school board.

Avery said "the legislative delegation let politics enter into this issue—they let us down and didn't even have enough courtesy to discuss their decision before we saw it in the press that they were against it."

"The school board laid a perfect smoke screen before the public about teachers salaries and it was like we were against motherhood," Avery said.

"What no one seems to realize is that if we get the race track revenue we can cut our millage," Avery declared.

And then he said:

"We have reached our limit in taxation and I'll never vote for any millage increase even if we have to curtail services."

School Board member John Brumley answered Avery by saying "if we don't get any new business in the county none of us better raise any millage."

Avery put Milwee on the spot with this question: "Does the School Board plan a raise in millage this year?"

Milwee said "We will have to wait and see what the legislature does on teacher's salaries and educational units. We certainly hope we won't have to."

District 2 Commissioner Ted Williams said "our problem is that we are always looking for the finest."

"The city of Sanford builds the finest civic center in the state. You all build the finest school. Why do we need the finest. Why can't we just build comfortable facilities?"

However, Chairman J. C. Hutchison tried to get the boards back on the subject of working together and injected this: "Do you think it is fair for us to ask for money back when it was only given as an emergency measure?"

Commissioner John Fitzpatrick chimed in "350,000 is just a drop in the bucket to you. Give it back so we can hold our millage."

Six Year Improvement Plan For City Outlined

A million and a half dollar capital improvement program for Sanford to cover six years was outlined today by City Manager W. E. Knowles. The top priority on the program calls for the construction of a central fire station and

start of an urban renewal project in the fifth year of the program.

The program is based on supplementary information furnished this week by City Planner George Simons Jr.

Simons recommends that cost of

the program be financed by revenue certificates, federal funds from urban renewal and current revenue.

Revenue certificates totaling \$500,000 will be needed to carry out the massive program and \$100,000 from current revenue.

Simons points out that the city can get \$250,000 under urban renewal to help carry out a slum clearance program.

Under the six year program top priority for the first year is given a central fire station, \$45,000; street construction, \$27,000; street name signs, \$3,000; parking lot, \$25,000; parks and recreation areas land acquisition, \$50,000; and small park and playground development, \$1,000.

The total street construction program, according to Simons would cost \$174,000; parking lots, \$300,000; land acquisition, \$200,000; park and land fill area, \$80,000.

Simons also recommends that \$150,000 be set aside for constructing a yacht basin; \$100,000 for the zoo and \$100,000 for a new swimming pool.

Bridges To Close

County Engineer Carlton Bliss today warned motorists that two bridges in the county will be closed for traffic starting Monday.

The bridges are over Lake Howell Lane over Howell Creek east of SR 436 and Upsala Rd. Bridge south of SR 46.

Both bridges will be closed for about 30 days. The county is replacing the bridges with new structures.

Jaycee Candidates Prep For Upcoming Election

"Back Jack" read the sign "Vote Right, Vote White" blazed the banner. "Get on the Ball, Vote for McCall" read the letters on the rubber balls on paper cup pedestals at the Jaycees luncheon and political gathering at the Civic Center at noon Thursday.

Jack Wilber, Garnett White and Glenn McCall are the three candidates stumping for the office of the president and they, along with first vice president candidates, Tom Largent and Bob Drabick; second vice president candidates, Bud Stewart, Sam Skelton and Bill Gramkow; third vice president candidates Stu Statton ("Stick with Stu") and Leo Kerwin all made speeches in behalf of themselves and all promised to do the best possible job in their position if elected.

Hammond Polk is in the enviable position of being unopposed for secretary, but asked that he be given a unanimous vote.

Those running for the board of directors are Don Ludwig, Lloyd Birge, Harold Johnson, Ed Talt and Charles Tetenbaum.

Tuesday—the organization will hold a big political rally at the VFW building on Hwy. 17-92 and all Jaycees and their wives are urged to attend.

Members were reminded of the Crystal Lake building project every Saturday and though work is well underway there is still much to be done before swimming season gets into full swing.

Anti-Red Group Formed At School

An Anti-Communist Discussion Group has been formed at Seminole High School, the first class of its kind in the state, and possibly in the nation, in a high school.

The class is conducted immediately after school hours, at 3:30 p.m. by Cdr. Jack Langford of the NAS, with the assistance of faculty sponsor, Miss Kay Ryan, American History teacher.

Cdr. Langford recently appeared on the Central Florida Showcase TV program in a nearby city and told about the formation of the class. Since that time, inquiries have poured in from schools all over central Florida, in the interest of forming similar study groups.

"The class meets every two weeks, and has at present about 50 students," Miss Ryan pointed out, "and teachers and adults are also welcome to attend, as the class is open to anyone who is interested."

"The purpose of the study," said Miss Ryan, "is to teach Americans, particularly high school students, how to recognize Communist propaganda and to show how the Communists agents infiltrate youth groups, political groups and religious societies."

The study consists of the use of film strips, tape recordings, and talk of informed persons on the cancerous growth of Communism, by infiltration and indoctrination.

The date of the next class meeting is indefinite at this time and will be announced later.

Peel Claims New Evidence

FORT PIERCE (UPI)—Convicted Chillingworth murder mastermind Joseph A. Peel Jr., claimed he had new evidence today to back up his fight for a new trial.

Peel's new attorney, C. A. McDonald, 27, of Fort Pierce, filed the motion for a new trial Thursday in St. Louis County Circuit Court, where Peel was convicted March 30.

McDonald included an affidavit from a woman who claims she saw Judge C. E. Chillingworth alive in September of 1953, three months after the date prosecution charged he was murdered.

The woman, Mrs. Alice M. Griggs of Fort Pierce, says in her statement that she saw Chillingworth getting out of a car here on an afternoon in September of 1953. She said she knew him from legal dealings with him in West Palm Beach.

Whiplash Winds Hit New England

By United Press International

Whiplash winds of a dying nor-easter scraped New England today.

In addition to the heavy seas, the area had been buffeted by rain, fog and snow. The snow had mounted to 10 inches in the northern Appalachians.

South along the coast, gales diminished after leaving a trail of smashed chimneys and tilting utility poles. In New York, the spring storm sent water pouring over the Belt Parkway in Brooklyn and flooded some Staten Island homes with four feet of water.

At least five deaths were attributed to the storm. Waves swept two ship captains to their deaths when their barges capsized in the Hudson River. Three teenagers were found dead of apparent exposure in their 14-foot boat off the south shore of Long Island.

The Weather Bureau predicted high pressure calm and generally fair skies today for the South Atlantic states and a gradual warming with scattered drizzle in the central and lower Mississippi Valley.

The Weather Bureau predicted high pressure calm and generally fair skies today for the South Atlantic states and a gradual warming with scattered drizzle in the central and lower Mississippi Valley.
