

Medical Gremlins Are Playing Havoc At Camp Blanding

CAMP BLANDING, Fla., Apr. 20.— Gremlins of the Medical Corps are the Army's latest worst enemies. Dieticians at the Station Hospital report that their mess halls are overrun with the invisible imp.

L. E. Wakefield, daughter of Mr. and Mrs. R. A. Wakefield, 2418 3rd Avenue North, St. Petersburg, Florida, describing the situation says: "That one type of gremlin is causing the patients to get potatoes that look like they are cooked, when they are only partially done. Another gremlin puts out the coal fires in the kitchen stoves with similarly disastrous results."

A cousin, known as the "electric gremlin"—he goes around dressed in a coil of wire and burned-out fuses—turns off the electric oven. Others blow light fuses, leaving the kitchen in total darkness when food is being checked off on the rolling carts, which take it to the patients' wards.

Still another type, known as the horned gremlin, use their horns to absorb the salt out of mashed potatoes, regardless of the amount put therein. One gremlin, a lady gremlin when Lieutenants Wakefield refused to name, mixes salt and sugar on the patients' trays.

However, the worst gremlin of all is one who eats the last portion of meat, just as the Colonel enters the mess hall a couple of minutes late. They call him the "rank-buster."

The only countering force, according to Lt. Margaret Biggs, Chief dietician at Blanding's Station Hospital, and daughter of Mrs. M. V. Biggs, Barberville, Florida, is a good-hearted gremlin, which sneaks in food from other mess halls to cover shortages. But he is the latest of all gremlins and seldom works at his tasks.

Jeep Ambassador To United Nations

TOLEDO (AP)— Bill Kerahow hasn't left the country since the war started, but he's rapidly becoming a "man of the world."

Bill is official "interpreter" for the globe-trotting jeep and, as such, his vocabulary is assuming cosmopolitan proportions.

As a member of the Willys-Overland service department, it's his job to translate into the diverse languages of the United Nations the American "know-how" in the operation and care of the fast-moving little buggies.

Among others, the 185-page new maintenance manual has been translated into Russian, Chinese, Spanish and French.

SITTING IN WITH THE LAWMAKERS

By RUSSELL KAY

Polly Rose Balfe, official publisher of the "log" of Florida's "Ship of State," came bounding into the legislative halls with armloads of her 1943 edition of "Florida's Government" . . . "Get a program, folks, get a scorecard—you can't enjoy the game unless you can identify the players!" . . . But it contains plenty of worthwhile information and is cheap at the price.

During the debate on the "closed shop" resolution in the House, an opponent had some uncompromising things to say that the "Dumyankes" forgetting that the Hon. Speaker came from Illinois, as did representatives Leedy and Wischegart, while Lyle Smith hails from Nebraska and Jerry Collins from Vermont (it's positively revolting). And while we are on the subject, do you know the difference between a "Yankee" and a "Dumyankie"?

Well, a "Yankee" is a guy who comes down here and stays a little while then goes back, while a "Dumyankie" is a guy who comes down here and STAYS. . . . And the boys we send "over there" are YANKS no matter where they came from.

It seems that Representative Joe Jenkins of Alachua and Thomas B. Dowda of Putnam were conferring on the proper strategy in the House battle over the "closed shop" issue. Tom accused Joe of being hard-headed. "I may be hard-headed," replied Joe, "but I'm not obstinate—there's a difference, you know."

"Sure, I know," replied Dowda, "a nigger is hard-headed and a mule is obstinate."

Despite all the signs you see around cautioning folks against "loose talk," the rumor boys are having another Roman holiday. They are so eager to let you in on the "know" and all you the "confidential" that you aren't even asked to "lend an ear"—they just grab you and start pouring the information. Here are a few samples:

Boycott Williams will be a candidate for Governor with Spessard's official blessing—Holland won't run against Claude—Holland WILL run against Claude—Dewey Dye is the boy, he's a lawyer shot for Governor—Nuts, Bill Shands will be the next Chief Executive—Law Green can't be beat and he's a sure bet—Keep your eye on Mark Wilcox—Don't forget Fuller Warren—Millard Caldwell didn't say he WOULD—NT run—Then there's always Stafford Caldwell and Jerry Carter, bless their little courageous hearts!

The Dry Cleaning and Laundry Board had its dirty linen washed in the House last week.

THE SEMINOLE COUNTY CHAMBER OF COMMERCE

Quota \$5,000

Read What Others Are Saying About Its Work:

A. E. Yowell says:

"There are several factors that have brought the volume of money in circulation in Sanford and vicinity; however the Seminole County Chamber of Commerce was active and assisted in every way to obtain the most good from every project."

W. M. Scott says:

"The Chamber of Commerce has been especially active in helping the farmers in Seminole County solve their problems in connection with labor, fertilizer and packages. The celery crate situation has been in the Chamber of Commerce very acute, and we are indebted for obtaining a favorable priority rating on celery, which enabled the mills to continue making crates."

Representative L. B. Mann says:

"I feel that the Chamber of Commerce is to a county like the regulator to a clock. It will speed up or slow down the progress of the county, and I must add that the Seminole County Chamber of Commerce has never used its reverse gear in anything as yet."

W. V. Bittling says:

"The Seminole County Chamber of Commerce should be commended on the work it has accomplished in the past year or two. I am satisfied that the efforts of this organization have been beneficial to every citizen in the county."

B. F. Wheeler says:

"I have just read your report of the Seminole County Chamber of Commerce of April, 1943. It is very gratifying to note the various important projects that have been undertaken by the Chamber of Commerce, many of which have been successfully carried through. It is to be hoped you will have the same success in pursuing to a conclusion the projects that you anticipate working on such as: Good roads throughout Seminole County; Better freight rates; And industrial development."

Henry Thurston says:

"During the past year I have spent some time with the agriculture committee and have found that the Seminole County Chamber of Commerce can be a great help to the community. Much can be accomplished through co-operation, especially now that we have an active, live secretary, who has the interest of our county as his first thought, also a good membership to back him up. However, a few more members will show that we appreciate his work."

Charles H. Cole says:

"The Seminole County Chamber of Commerce is to be congratulated upon the manner in which you and your staff have handled so many of Seminole County's war-time problems. It seems that the Chamber has acted well as a 'catalyst' in obtaining co-ordination of people's efforts with essential things."

Of Course You Wouldn't Throw Away Good Food!

NONE of us would be guilty of throwing away good food these days. But we may be literally throwing away other things just as vital to our war effort.

Take your electric service, for example. The Florida Power & Light Company manufactures electricity with fuel oil and with such efficiency that no fuel is wasted in production.

In your home, however, unless you use your appliances properly, you may be wasting a lot of money to heat your home.

- Fully equipped are available at the best of times.
- Use good light bulbs that need it but they will heat up.
- Don't use your oven for heating your kitchen.
- Don't overcook your food. It's just as wasteful, requiring more fuel.
- Don't overwater your lawn.

Save money by using your appliances properly.

You Too Should Be A Booster For The Chamber Of Commerce

Trade Body Speakers Urge County Unity

C. of C. Dinner Inaugurates Drive For New Members And Goal Of \$5,000

Prominent civic speakers addressed the Seminole County Chamber of Commerce at a kick-off dinner at the Mayfair Hotel last night, preliminary to the launching of its annual membership drive, on the importance of unity and co-operation within Seminole County and the need for continued activity by the Chamber of Commerce.

Declaring that we must put into the hands of Chamber of Commerce officers the necessary funds with which to do the work, Karl Lehmann, deputy administrator of the War Savings Staff for Florida, reminded his audience that "No one else is going to do the job that needs to be done if the Chamber of Commerce fails."

Introducing the speakers was W. A. Laffler, president of the Chamber of Commerce, who announced that the goal for this year is \$5,000, about \$2,000 more than last year, but he pointed out that it costs money to get things done and added, "We are worth the money and we are going to give value received."

Other speakers in behalf of the Chamber of Commerce were: Frank Evans, who stressed the importance of good roads to a growing community, T. W. Lawton, county school superintendent, who emphasized unity and co-operation within the county, and Mayor Ed Higgins, secretary of the Chamber of Commerce, who explained the set-up of the drive.

Rev. Joe Tolle pronounced the invocation.

Mr. Lehmann paid tribute to the work of William Speer and J. L. Ingley in setting up the Second War Loan in Seminole County, pointing out that this was the first time in the county's history.

Her Son May Be Jap Murder Victim

Looking at a photo published by the Japs of a group of U.S. fliers captured after the Tokyo raid is Mrs. Jessie Farrow, mother of Lt. William G. Farrow, one of the fliers taken captive. Although her son may be one of the American airmen murdered by the Japs, she expressed a wish that the U.S. continue its policy of being humane in its treatment of enemy prisoners. (International photo)

Busses Will Leave For Picnic Grounds At Noon Sunday

Lieut. M.H. Gross, Welfare Officer at the Sanford Naval Air Station, announced today that transportation will be provided for Servicemen and Sailors for the occasion of the picnic Sunday at Evansdale Park in Lake Mary. The bus for the Navy man will leave the Station Sunday about noon. The bus for transportation of Sailors will leave the USO Club promptly at 1:00 P.M.

63 Local Men Leave For Camp Blanding

Coal Strike Impending As Miners Quit

16,000 Men Are Out In Alabama As General Strike Seems To Be Inevitable

WASHINGTON, Apr. 28, (AP)—The suit coal industry today moved swiftly toward a wage dispute which will threaten a substantial strike and talk of subsequent mine operations behind bayonet lines.

Birmingham, Ala., a walk-out of Alabama coal miners spread to 11 more shafts, bringing the number shut down to 37. The closed mines employ approximately 16,000 men.

The threat of a general shutdown in the country's bituminous coal mines increased sharply from their jobs and John L. Lewis, president of the United Mine Workers, indicated in New York that none of the miners would work for lawyers during the hearing on the controversy Wednesday morning.

While reports of sporadic strikes throughout the bituminous fields continued to reach New York, Lewis and the UMW international policy committee demanded that Secretary Frances Perkins instruct the operators to resume negotiations.

After Blazing Ship Was Sunk To Avoid Blast

Scuttled in the shallow waters of the New Jersey mud flats, between Jersey City and Bayonne, is the large cargo vessel loaded with explosives which burned for three hours in the middle of New York harbor. When the fire broke out, the Coast Guard was unable to control the flames, the blazing ship was taken in tow by tug boats, scuttled to avoid a possible explosion of personal danger to draw her away from the pier. As the flames spread, fire-fighters used the ship's own coxles to scuttle her. (Official U.S. Navy photo. International)

WASHINGTON, Apr. 28—A maneuver against enemy installations at one Pacific Marine base has resulted in 15,000 casualties—all rats—at a cost of only 25,000 sticks of chewing gum.

14 Year Old Boy Is Seized In Home

A 14 year old white boy, seized by Officer H. Anderson, just after the youth had broken into his home at 2408 Palmetto Avenue by means of a bathroom window, was taken to the police station yesterday and later placed in the care of his parents. At 4:30 o'clock he was given a hearing before Judge R.W. Ware, as judge of the Juvenile Court.

Tunis Decision Approaches In Bloody Fight

Soviet Government Says All Is Quiet But Decisive Battles Are In Offing

(By Associated Press) LONDON, Apr. 28 (AP)—Russian demands for the purge of the Polish Government in exile in the creation of a rival regime on Soviet soil were expected today by observers in the light of criticism of the government in London by the Russian Press.

(By Associated Press) Berlin's home-based bombers gave Germany an overnight rest but RAF heavy bombers from the Middle East renewed an assault on the Italian airbase at Bari.

WASHINGTON, Apr. 28 (AP)—Allied fliers, Canadian and American, rained Alaska Island 13 times Monday and destroyed a number of buildings, the Navy reported today.

Allied headquarters today announced American troops stormed and captured three bitterly defended hills on the road to Bizerte in northern Tunisia while British first army forces attacked a key height at Medjerda village only 21 miles from Tunis.

With the hour of decision fast approaching, the command said the Allies were "steadily progressing" in savage fighting yesterday.

American and French troops punched deeper into both northern and southern hill barriers of the Tunis Bizerte axis and the British eighth army again surged forward.

In Russia the Soviet government newspaper, Izvestia today declared decisive battles "are in the offing" in the Russian campaign but the long front was generally quiet. The Soviets reported big gains destroyed 10 German blockhouses and dugouts west of Rostov, suggesting the Russian offensive is in progress.

Military quarters said the next 16 hours might prove decisive in the last battle for Africa as the British thrust across the Mosler is carried to within 5 miles of Tunis itself.

In a fierce tank battle still raging above Fort Du Fahs, the British drove within three miles of the town and threatened to cut the road leading north to Tunis.

French advances in the immediate proximity of Point Du Fahs from the southwest, a German communication said, and the British thrust across the Mosler road leading southeast to Djebel Medjerda despite strong resistance.

In support of these important gains, American forces moved to within 10 miles of Medjerda on the rugged north front and French troops on their left flank drove five more miles along the coast line within 22 miles of the big Bizerte naval base.

Scheduled also for the week at the USO are the regular dances, Bingo games, and the ping pong tournament. It was also announced by Director William Wenhaupt that in co-operation with the Sanford Naval Air Station a picnic program may be started soon.

Servicemen thronged the USO Club on the lakefront Sunday, and although no special activity was carried on during the day, attendance was reported to have been the largest for any single day since the club was started. Hundreds of white oleander blossoms lent a pleasing decorative touch. The men enjoyed the coffee and doughnuts served free to them, also the Easter eggs.

The Easter ham served in sandwiches was stated to have been an outstanding success. A whole ham was prepared, baked and served on the Buffet Bar so that the men could make or supervise the construction of their own sandwiches.

Drive By Hitler Against Press Of U. S. Predicted

Walters Tells Newspaper Meeting Of Plans To Destroy

NEW YORK, Apr. 22. (AP)—Nazi Germany will conduct a propaganda drive against American newspapers as part of a "last ditch" effort to destroy homefront morale in this country. Earl I. Walters, executive editor of "The Minneapolis Star-Journal and Tribune" and recently at the fourteenth annual convention of the National Newspaper Promotion Association in the Waldorf Astoria, the convention is being held in conjunction with the annual meeting of the American Newspaper Publishers' Association.

Burlesque Trade Let's Cleaning Business Down

By ROBERT N. COOL, AP Features Writer

CLEVELAND—Burlesque business has let Joe Goldberg down, and his cleaning and pressing shop now depends upon unromantic travelers.

"Before the war, three and sometimes four burlesque shows would be playing in Cleveland at once," Goldberg sighed. "And the girls seemed to wear many in those days. Now one show across the street. And whatever they're wearing isn't enough to keep the wolf from the door."

"My door," he added, amid a cloud of steam.

For 20 years Joe has been known as Cleveland's theatrical pants presser. Autographed photos of Ann Corio, Sonia Henie, Margie Hart and Eddie Cantor as well as many lesser caudellous decorate the booths in his two-roomed shop. It is plain in the trash-strewn traveler, marooned in one of the booths, that Goldberg's heart is still behind the footlights.

Evils of Nudity

"Too much nudity isn't good," says Mr. G. "It's bad for moral and business. Ah, the things I have seen in the old days."

Muddled with darting black eyes and a ready smile, Joe Goldberg is proud of his reputation among traveling road companies. "Jack Kirkland came on Cleveland in 'Tobacco Road,'" he recalled. "I did work for Mr. Kirkland, but from the cleaning point of view. Tobacco. It was a flop. They had to have their costumes changed."

The did not apply to the Ballet Russe and the Metropolitan Opera Company, however. They are good customers.

Goldberg got his start, he says, through a brother who was a burlesque booking agent in New York. The strict trousers playing Cleveland needed someone they could trust to take care of clean-up costumes. On his first job he established his reputation for reliability.

Recently he worked until dawn to get flimsy garments back to the dressing rooms at certain times. His reputation spread far and wide.

Ran From Circus Fire

Last summer he saved a circus a lot of money. Six hundred costumes were in his truck when he drove onto the grounds, just as the fire broke out. It was a disaster that cost the lives of many and had sent round quantities of equipment, but the costumes were saved.

Business sessions during the day were presided over by Pierre D. Martineau, of the Memphis Publishing Company, and John H. Hoagland, of "The Louisville Courier-Journal." Ramon S. Cram, of "The Columbus Dispatch," president of the association, was general chairman.

From where I sit...

by Joe Marsh

Charlie Jenkins writes me from down at camp: "Dear Joe: Somethin' mighty swell happened to me on my last day's leave. I'm standin' on the corner, not knowin' anybody in town, when a stranger says 'hello, soldier, how'd you like chicken dinner at home with me and the wife?'"

"Well, it turns out they were the kind of folks who couldn't do enough to help out soldiers. They'd invited two other fellows and just as soon as we're introduced the lady brings us a glass of beer before dinner. "We had a fine dinner, talked till ten... Honest, Joe, I'll never forget their hospitality. Makes me feel good fighting for people like that."

"Thought you might like to hear what kind o' fellows we got in this army of ours, and how they like to enjoy themselves when they get a chance to."

old man known as "inferiority complex."

Referring to the success of the scrap-iron drive last year, he said that as a by-product of the campaign it was proved that people trust their newspapers. It also convinced newspapers of their own potentialities, he added.

Mr. Walters said that the current war-loan drive is "strictly a newspaper job" and gives every indication of being a "big success." "We will be called upon for many more such projects," he declared, "and we must be ready for them. Aside from helping the war, the gain in good will and understanding of the value of American newspapers is tremendous."

Mr. Walters developed the idea that the war might come down to a contest between home fronts if the Nazis are able to establish themselves behind a fortress in central Europe. He said that Hitler is prepared to retreat to strongly fortified lines, meanwhile cutting off Allied ships and supplies, by a greatly enlarged submarine force.

"If he is able to consolidate his fronts for a final battle and to use his submarines effectively," Mr. Walters continued, "he will be betting that he can hold out until the home fronts of his foes crumble and that he will be able to drive a wedge of suspicion that will divide the United Nations."

Seas Propaganda Drive

Asserting that Hitler knows the value of the American press in maintaining home-front morale, Mr. Walters added: "You can bet that a propaganda drive against the American press is part of his last-ditch strategy."

Mr. Walters told the promotion men that the newspaper profession's part in the war has brought it general recognition as an essential occupation. He said that it is "high time that we buried that

While many members of the House are still in a state of confusion over the bill, the Senate is at least a man of movement.

Representative Bourke Floyd of Franklin has the distinction of being the third generation of Floridians to sit in a Florida legislature.

Florida's front judge who have had their fingers crossed and been carrying rabbit feet for weeks, breathed sighs of relief when they were told that the Senate passed the bill to raise the base pay of circuit judges from \$5,000 to \$6,000 per year.

WARFARE are being matched today by the formidable Yugoslavian Chetniks. Cumberland University in Lebanon, the Second Army's field headquarters, was burned to the ground during the Civil War by an enraged Confederate soldier who refused to see the hated Yankees take over his beloved alma mater.

THE BIGGEST JOB LIES AHEAD!

Winning the War... Safeguarding the Peace... Rebuilding the World...

Trade Body Speakers Urge County Unity

Continued From Page One
sixth county in the entire state to reach its quota, and added that some \$40,000,000 worth of bonds have already been sold in Florida this month on a quota of \$45,000,000. He also commended the fine work being done at the Sanford State Farmers Market which, he said, not only was the first to be organized but also ranks first in the state.

Declaring that the subject of his talk was "Doing Life", Mr. Lehmann said that everything we cherish in the world is now at stake and that the final outcome depends upon how we conduct ourselves throughout the war years to come and during the period of readjustment which will come after the war. Although he admitted that this nation had exceeded the production goals as established a year ago by the President, Mr. Lehmann pointed out that while Great Britain reached the peak of her production capacity last year, in this year it was not until 80 days later that the United States equaled Great Britain's production and will not reach its maximum production until next August.

is a disgrace. The road to Ovidio goes all the way around Lake Jessup while we could have built a direct road over Bird Island straight across Lake Jessup to Ovidio for less than \$100,000. Suggesting that the Chamber of Commerce make plans now to get these roads built just as soon as priority restrictions on road building are removed, Mr. Evans pointed out that the State Road Department and most other states now well are accumulating funds for a gigantic road building program to begin as soon as the war is over.

The people of the county town," he added, "should support the Chamber of Commerce and do their part to see that these road projects are lined up so that they can be built as soon as possible. Professor Lawton quoted from William Pitt who said, "Be a people" and attributed the success of that great Anglo-Saxon country to the quality of unity in adversity. We too should have a great unity of purpose, he said. "I have never seen in Seminole County we haven't always practiced this policy," Mr. Lawton said, pointing out that when we had gasoline it was too easy to go to larger towns outside the county to do our shopping. "That phase," he added, "is now taken care of by gasoline rationing but we still don't live as close in spirit to our shopping. Expressing his belief in the county unit system of schools, Mr. Lawton said that the schools have worked wholeheartedly in every campaign placed before them by city, state or federal officials and added, "We have practically changed the three Rs from reading, writing and 'rith' matic to raise, rationing and registering. "Our children are taught to believe in the oneness of purpose. We want all our people in the county to be one big family."

Commenting the work of the Chamber of Commerce Mr. Lawton said that every problem we have ever submitted to it has been handled promptly and efficiently. "In fact," he added, "I don't see how we could get along without it. Mr. Lettier explained that the Charter Rules Committee had adopted a recommendation that voting privileges in the annual election should be limited to not more than 10 votes for each individual regardless of the number of memberships he might own. He also said that all funds are budgeted by the Association and that the officers are living within the budget. The organization and team captain in the drive as explained by Mr. Higgins, are as follows: Les R. Leaser, general chairman; Jno. D. Callahan, chairman, Park Avenue West; Avocado; Roy Miller, chairman, Park Avenue East; Mellowville; Leo Butler, chairman, West Side; Francis Meriwether, chairman, East Side; and Henry Schumacher, chairman, South Side. W. A. Lettier, chairman, Special Committee; Pilot Club—Sonia & Apartments; Roy Williams, chairman, ACL Railroad; Alvin L. Adams, chairman, Market; Roy Fox, Air Base; W. M. McClinton, chairman, Commercial; W. A. Patrick, Oil Companies; W. W. Talbot, Ovidio; W. G. Kilbuck, Geneva; A. E. Shelton, Longwood; Frank Evans, Lake Mary; Martin Stanko, Blavina; Gen. Schmah, Lake Monroe; T. B. Bradshaw, Forest City; W. H. Bradshaw, Altamonte Springs; Edward Daseberry, Cassberry; and Gordon Barnett, Fern Park.

Jim Tyack Deserves Hall Of Fame; All He Asks Is To Play For Athletics

By DILLON GRAMAM AP Features Sports Editor NEW YORK—There should be a niche somewhere in baseball's Hall of Fame for long Jim Tyack. Never heard of Jim? Well, never did I until the other day. Fact is, I've never seen him.

for getting all they can. After all, I don't point a spigot because I love to hear the keys jingle. Maybe the next few weeks will show that this 41-year-old outfielder can't rap a pug handle curve. Maybe he'll wind up in Peoria. But whether he does or not, I say there should be a place, even a teeny weeny niche in the hall of fame for a man with such sentiments. Here's my loud vote for Jim and I don't even know if he can hit no weight.

This year's spring training may be remembered for several other things besides Tyack's four teen word declaration. There was that P. K. "Big" of the team. It came back home, so he deserted the Indians and went home. However, he would not have had to go home if he had changed his mind. He would have stayed in Cleveland and won a pennant for the Indians.

There was Ruckey Walters' sudden ambition to take off out through the air and become a hurdler. But he came a cropper. He ought to be back on the turf in the fall when I'm picking out ball stunts.

STILL GOING STRONG - By Jack Sords

40-YEAR-OLD VETERAN BACK IN ACTION AS AN OUTFIELDER FOR THE BOSTON RED SOX.

PLAYERS GOING ON

NEW YORK—What is going on? Detroit fans are wondering whether the 4,000 batsmen will turn out to be a better buy than the 40,000 heavily littered about about Frank Owen's southern pitcher, but he figures the small amount, Hollywood's Jim Wakefield brought the two teams together.

HOPE TO CHANGE FEEL

It's a pretty good bet that the Dodgers will top the National League standings a month after the season opens. Why? Because they play their first 15 games against the Phillies, Braves, and Giants. Also because the Dodgers have a better schedule.

Coach Gary Bodie Has More Stars Than He Can Use

By ROBERT L. MOORE

AP Features
NORFOLK, Va.,—Memorandum to 16 major league baseball managers: Coach Gary Bodie has more stars than he can use.

But don't rush, boys, because what baseball playing these fellows do this season is going to be done for the Norfolk Naval Training Station—and after the Sailors get through with their regular navy chores.

You ought to get a squirt at the Sailors' pitching roster. There's Charlie Wagner, formerly of the Boston Red Sox; Walter Masterson, of the Washington Senators; Tom Earley, of the Boston Braves; and Freddie Hutchinson, of the Detroit Tigers.

Wen 32 Out Of 107
That's not all. The Yaks have a flutful of minor league hurlers, several of whom helped the training station a year ago roll up an amazing record of 92 victories in 102 contests against all classes of competition.

Hutchinson led the Sailors in pitching last year with 23 wins and a single defeat. The minor leaguers include Maxie Wilson, who chalked up a record of 22-2 for the Sailors in 1942; Hank Palmeter, owned by the Boston Red Sox; Ray Volpi, of Louisville and Kansas City last season, and Carl Ray, farm property of the New York Yankees.

The catching assignment goes to Vincent Smith, the former Pittsburgh Pirate, who handled Bob Feller's slants for the navy nine a campaign ago, when he battled 287 for one of the team's best averages.

Pin-sized Phil Rissuto, the little scouter of the American League champions, the Yankees, will take care of the shortstop duties. Benny McCoy, of the A's and Murray Franklin, of Detroit, are the second-sackers.

Home Run Hitter
The Sailors have Eddie Robinson, who cracked 37 home runs for the Baltimore Orioles in 1942, available for first base. Robinson really would have played first for the Cleveland Indians this summer if—

Jim Carlin, who had a trial with the Philadelphia Phillies in 1941, or Jack Cooney, who had a trial with the St. Louis Cardinals last year, will take care of third base.

The outfield has this talent: Don DiMaggio, Red Sox; Don Padgett, Cardinals; Jim Gleason, ex-Columbus ace in the American Association, who had several trials with the Chicago Cubs and the Cincinnati Reds; Hal Froms, with the Boston Braves for a spell, and Fred (Rip) Collins, formerly of Kansas City, or Hooks DeYants, of Oakland in the Pacific Coast League.

Two Negroes Drive While Drunk, Fined

Two negroes, each charged with driving a car while drunk, were given heavy penalties in City Court Friday evening by Judge F. H. Miller. These were: Leroy McClendon who was given a fine of \$200 (\$150 suspended) or 60 days in jail, and whose driver's license was revoked, and George Burton, who for the same offense was given a like penalty. For driving without a license, McClendon was fined \$10 and costs or 10 days.

There were only three white cases; Ed Green and Mitchell M. Bernhill, charged with drunkenness and from each of whom \$11 fine was extracted, and Sam Kenis, drunkenness and disorderly conduct, \$16 extracted.

Negro cases included: Julio Fischer, charged with drunkenness, \$15 and costs or 10 days; Florence Solar, larceny, \$40 and costs or 90 days; Gray Brubaker, drunk and disorderly, \$10 bond extracted; Hazel Collins, drunkenness, \$8 and costs or 10 days; T.C. Sanders, disorderly conduct \$15 and costs or 10 days.

Other cases of disorderly conduct of negroes included: Berry Marshall; Dorothy Wright, Manly; Lawrence Eddy Tims, Bernice Tims and James Mitchell, from each of whom a bond of \$11 was extracted, also \$18 each was extracted from Nathan Burns, Sammy Kinard and J.W. Edwards; Alonzo Duke and Mack Duke, each got \$5 and costs or \$15 days.

For drunkenness the following negroes had \$11 bond extracted: Walter Gale, Richard Jackson, Rufus Collins, Lem Udell, Daniel J. Sawyer, Thomas B. Kaitt and Henry Alkan.

Lois Mae Holloway, negro, charged with drunkenness and disorderly conduct had her case continued. Ella Lee Williams, negro, \$11 bond extracted. Mary Alice Baker, charged with drunkenness was transferred to the

Post-War Stabilization Even the Experts Don't Agree on Stabilization

By CHARLES P. STEWART
Central Press Columnist

HOW TO GUARANTEE stabilization is one of the most difficult problems to be solved, as insurance against a badly gummed-up state of international economics in post-war days.

It is a subject for experts to discuss. Ordinary folk haven't the remotest understanding of it. Well, why don't they get the experts to explain it to them? And that is as mean a puzzle to tackle as the other one. The experts' trouble is that they don't understand it, either. Some of them pretend to, but they disagree among themselves to such an extent that their discussions don't mean anything. The two outstanding sharks at the argument are Treasury Secretary Morgenthau and Lord Keynes, the British treasury's chief counselor. The North and South Poles are no farther apart geographically than that pair are on post-war stabilization. They are poles about it, but that is ALL they are.

At Variance
Of course, the ignorant, unscientific theory is that stabilization consists of getting a balance into the keel of a boat or a plane, so that it will float right side up or get back to "stability" after winds and waves have jiggled it.

This stuff, though, is international currency stabilization—keeping two or more countries' respective kinds of different money on a balance, so that one of them won't sky-shoot while the other is slumping. If that happens, it is as if you go into a store to place an order of groceries—and the grocer won't recognize your dough except at a heavy discount and you won't recognize his prices.

Now, basically, countries swap goods with one another. If they are different kinds of stuff—goods that we want and do not have and that they want but do not have—why, it is a simple enough transaction.

The trouble is that such deals are not so straight-away. This is illustrated in our transactions with Latin America. The Latins have oodles of tropical or semi-tropical raw material that we require and we have industrial goods that they are anxious for.

We generally get along with them pretty well on that basis. Argentina is an exception. That republic really is in competition with us. With the rest of them we are on a swap-even basis. But it is on a conspicuously unharmonious basis that we and the Argentines maintain our mutual relationship. The Argentine will have to get in line ultimately, but it will be reluctant. If it could get away with it, it might be pro-Axis—but for commercial reasons.

Look at them! The Latin America can make much more money out of us, and the rest of the world, than otherwise. In the long run Argentina will profit by acquiescing in the inevitable.

It doesn't so much matter as to a little country like the Argentine. Europe's small nations will be satisfied with what they can get out of the post-war settlement.

The situation for the great powers is not so easily solved. How are monies going to be swapped? Is it to be done between the United States and Britain alone? Well, then, how are they to be fixed between us and the others? It reaches international proportions. There is where we get to international economics.

SEASON OPENS
SARASOTA, Apr. 28. (FNB)—The tarpon season officially opened here last week when Col. Bob Newhall brought a 72-pound tarpon to raffi after a 28-minute battle. This is the first one reported for the season. He was accompanied by James Cooper, Pittsburgh banker, and Dewey Hathcock.

The U.S. Marine Band was organized in Philadelphia in 1795.

BRITISH SOLDIERS EXAMINE, in the top picture, a combination anti-aircraft and anti-tank gun captured from Axis forces. Bottom picture shows Italian officers looking over an American gun. (International)

Manpower Shortage Hits Yankee Outfit

AP Features
NEW YORK—It is a bit unusual to find a fat and prosperous championship team like the New York Yankees changing players from one position to another to round out a ball club.

But the wartime manpower shortage has brought this unique situation about.

Hard-pressed for outfielders, after losing Joe DiMaggio, Tommy Henrich and George Selkirk to the armed forces, Marva Joe McCarthy converted pitcher Johnny Lindell into a fly-chaser.

McCarthy never was sweet on Lindell as a chucker but he liked the healthy cut Johnny took at the ball. So when things got tough this spring, McCarthy waved Johnny off the mound and

into the garden. He hit well during the exhibition games, and opening day found him on the bucket line with Charley Keller and Stormy Weatherly.

The shift still is in the experimental stage. Maybe it will pan out and maybe it won't. McCarthy is optimistic.

HEAVY CITRUS BLOSSOM

Clearwater, Fla.,—Pinellas County citrus groves are blooming heavily and a good crop should be forthcoming next season if conditions are favorable, County Agent J.H. Logan reports.

Farmers eligible for electric utility connections may obtain necessary materials for "on farm" wiring through certification of their needs by county war boards.

Be insured pollination of many seed and fruit crops.

Legal Fees Amount To Three Percent In Collecting Tax

TALLAHASSEE, Apr. 28. (FNB)—It cost Florida's counties less than 3 percent in legal fees to collect \$2,449,034.06 delinquent railroad taxes running back to 1926 in some instances, according to tabulations submitted the Shanda committee by Comptroller J. M. Lee, who also attached to his report copies of court orders "finding" that the counties had employed the Tallahassee law firm of Keen & Allen to represent the counties and directing the comptroller to deduct from moneys collected in the litigation the amount of the fees contracted to be paid by the counties and which the comptroller's submission showed totaled \$64,374.

These were paid over a period of more than three years as the long contested items of delinquency were decided by the courts and paid by the railroads. The committee asked the comptroller to rework his report to show payments by counties and this is being done.

Legal Fees Amount To Three Percent In Collecting Tax

Railroads who paid the contested items and amounts collected were: Seaboard, \$1,200,000; Atlantic Coast Line, \$824,200.20; Florida East Coast, \$331,578.32; Louisville & Nashville, \$27,945.03; Atlanta & St. Andrews Bay, \$14,411.57; Atlantic & East Coast Terminal Co., \$7,850.34; Live Oak Ferry & Gulf, \$133.89.

NOTICE OF APPLICATION FOR PASSAGE OF SPECIAL LOCAL ORDINANCE

The City of Sanford, Florida, will apply to the Legislature of the State of Florida in 1943 for the passage of special or local legislation canceling unpaid State and County taxes against the following described property situate in the City of Sanford, Florida, and now owned by said City for municipal purposes, to-wit:

Here's a glamorous sauce for French Toast—and you know how good it must be! This offers another use for blackberries, fresh or canned, and, of course, other fruit may be used as well. Try this for a Sunday night supper dessert, or as the main attraction for a party breakfast, You'll like it.

FRENCH TOAST WITH FRUIT SAUCE
2 tablespoons butter or margarine
1/4 cup brown sugar
1 teaspoon grated orange rind
2 cups blackberries
1 cup orange sections
4 slices French Toast

Melt butter or margarine, blend in brown sugar. Add orange rind, blackberries and simmer 5 minutes. Add orange sections and cook 3 minutes longer. Serve on French Toast. Serves 4

FRENCH TOAST
1 egg
1 cup milk
1/4 teaspoon salt
Sliced stale bread

Combine slightly beaten egg with milk and salt. Dip bread in egg-milk mixture and saute in butter or other fat until browned, turning to brown on both sides.

Lewis Defies President In Coal Dispute

Miners Quitting In Doves As Hour Approaches When Present Contract Dies

(By Associated Press)
The United Mine Workers repudiated President Roosevelt's back-to-work order today with a declaration "we want an agreement," "we want to work," and reiterated the charge that the War Labor Board had prejudged the case.

John L. Lewis, UMW president, made public his reply after a session of the Union's international policy committee in New York. Several committee members said the telegram meant that in the absence of an agreement there would be a voluntary stoppage of work at midnight tonight when the present contract expires.

The miners called for a "renewal of collective bargaining" and contended "our every request" could only be denied by WLB.

Walkouts in the soft coal mines swept toward any industry tie-up with the miners already quitting in droves.

McNair Wears His Purple Heart

Wounded in the head and shoulder by shrapnel while touring the front in Tunisia, Lt. Gen. Leslie J. McNair, commander of the U.S. ground forces, is wearing the Purple Heart medal awarded for injury in action. Signal Corps radio-telephoto. (International Soundphoto)

Ration Points For Best Cuts Are Increased

Steaks And Chops Up As People Are Told To Eat Brains, Spareribs Instead

WASHINGTON, Apr. 30. (AP)—Meat ration values were today revised by OPA, effective Sunday morning, to switch appetites from round steak and center pork chops to other cuts, especially spareribs, brains, tongues and pig knuckles.

Round steak (both beef and veal) and center pork chops were raised to 9 points a pound. Loh pork roast, sliced boneless ham steak, beef flank steaks were also up from 8 to 9 points. Round rib beef steaks and veal sirloin steaks were raised from 8 to 8 1/2 points, and veal leg roasts up from 6 to 7.

Spareribs were down from 4 to 3 1/2, hocks and knuckles from 3 to 2 and most variety meats (brains, sweetbreads, etc.) reduced a point each. Shank and ham was also cut a point. Liver was unchanged at 6 points for beef and 8 for veal.

American Infantry Blocks Three Nazi Counter Blows

Sacred Jap Mountain Seen From U.S. Sub

German Defense Stiffening While More Efforts Made To Jar Allied Troops

WASHINGTON, Apr. 30. (AP)—A Japanese patrol whose presence was unexplained, was sighted on Wednesday on Guadalcanal, the Navy department reported today.

Meanwhile Secretary Hull announced the recall of the United States consul general from Matruke.

(By Associated Press)
American infantry withstood three violent assaults by reinforced German troops and then smashed the Nazis back deeper into the hills of Tunisia, dispatches said today, while the British first army beat off a series of counterattacks along the center of the 100-mile western barrier.

German defenses were clearly stiffening, marked by repeated jobs to jar the Allies off balance, but Allied headquarters announced Allied troops edged forward on both wings of the front.

American southwest of Matruke captured a hill in bloody fighting but an anti-aircraft battle at Dichel Labout 16 miles from Matruke, where doughboys, finding little cover from artillery fire, were finally pushed off two foothills. The Nazis failed to crack the lines south of the hill.

A communiqué said an enemy counterattack achieved slight success on the eighth army's coastal front but the British gained the objective in a renewed surge, while the first army held all but one small section of the positions before the Tunisia plan.

Moscow newspapers declared triumphous results were imminent in Russia but the Red army command was silent on German reports of a large-scale Soviet offensive developing against the Kuban bridgehead of the Caucasus.

The government newspaper Pravda said the summer campaign which will get underway in May would begin in May, although the Red armies were preparing an all-out drive which dispatches said was extending across moving up reinforcements in all sectors.

In Tunisia, German resistance was particularly savage in the center where the British First Army had attained the crest of Dichel Bou Amrak, only to be pushed back slightly by German tanks supported by tanks.

The Germans launched two heavy counterattacks yesterday after the British had attained the summit of this key hill. The first was repulsed, leaving many enemy dead and some wrecked German tanks.

Then the Germans called up two more and in their previous offensive of tanks and succeeded in forcing the British to make a slight withdrawal in this hotly fought 12 miles northeast of Medjel Bab.

Washington, Apr. 30. (AP)—

A historic showdown between President Roosevelt and John L. Lewis was at hand today.

With more than 77,000 soft coal miners idle and a national-wide shutdown threatened, Roosevelt served notice yesterday that he would use all his vast powers as commander-in-chief "to prohibit the national interest stoppage of work at midnight tonight when the present contract expires."

The miners called for a "renewal of collective bargaining" and contended "our every request" could only be denied by WLB.

Walkouts in the soft coal mines swept toward any industry tie-up with the miners already quitting in droves.

Amendment To Ban Closed Shop Goes To Voters

TALLAHASSEE, Apr. 30. (AP)—The legislature sent to the voters yesterday a proposed constitutional amendment to prohibit the closed shop in employment with the right of collective bargaining specially preserved.

It will be voted upon in the general election of November 1944. A majority vote of the people would put this into the constitution.

"The right of persons to work shall not be denied or abridged on account of membership or labor organization; provided that this clause shall not be construed to deny or abridge the right of any employer by and through a labor organization or labor union to bargain collectively with their employer."

Unionsists Sees Urrast
President Leo Hill of the Florida Federation of Labor said the amendment would "outlaw and kill the trade union movement" in Florida.

"I predicted a long period of unrest and upheaval in Florida if this amendment should be adopted by the voters. Naturally it will mean the end of conservative leadership for an outraged and a enraged labor population will turn to a leadership of more radical nature."

"Radicalism always begets radicalism, and this amendment is the most radical departure from a democratic process of government ever witnessed in any state in the union," Hill declared.

Preparations Are Made For May 7 By Defense Force

Practice in informal guard mounting was conducted at the regular weekly drill of Co. C, Florida Defense Force, at the Armory last night under the supervision of Capt. John Galloway, who stated today that he was surprised and pleased at the manner in which the men had improved in their work and how they had learned their General Orders.

A drill in the use of gas masks was also conducted and later upon the showing which the local company makes at this time. He said there would be no drill next Thursday night but urged every man to be present on Friday in full gray uniforms with leggings and all equipment.

He added that there are now three or four vacancies in the company.

Farmers Refuse To Sell Potatoes At Ceiling Price

Want City Market Faces Breakdown After OPA Ruling

TAMPA, Apr. 30. (AP)—Market officials yesterday reported a serious breakdown of trading at the farmers' market at Plant City, Fla., after the OPA's ruling on Saturday afternoon that the supply and demand price ceiling would be enforced.

The spring potatoes have been selling at from \$1 to \$1 1/2 a bushel until the OPA investigator, until the platforms and advised buyers that the ceiling would be enforced.

H. L. Long, supervisor of marketing operations for the state said farmers yesterday refused to sell, and that the buyers, unable to get the potatoes, for which bidding was refused to take beans or squash.

"The situation has been developing for a week or more until it became about as bad as it could be," said Long. "Our stock was full today of food thousands of people need, and we couldn't do business."

"We had 400 bushels of vegetables; some of it was bought, some was taken back home, and some probably was sold up back at all."

"There is no ceiling on squash the 10-cent ceiling is high enough to permit ready sale, but it is customary to make up combined ton loads, and a load without new potatoes today is no load at all."

Long said William I. Wilson, director of state markets, probably would go to Washington in the next day or two. Farmers said they already had appealed to Chester Davis, who found arbitrator.

The farmers said they couldn't grow potatoes under present Florida dry weather conditions for \$1.85 a hamper.

C. Of C. Campaign For \$5,000 Nears Goal In Two Days

With but \$1,000 yet to be raised in the Seminole County Chamber of Commerce drive to reach the goal of \$5,000 for the C. of C. campaign, stated today that he was very optimistic that the goal would be reached.

The amount of money on hand, however, and a number of pledges from the membership teams now working, but are expected to be raised by Saturday afternoon he added.

Secretary Higgins stated that he wished to impress upon the members of the chamber that the campaign is not only a financial one but also a patriotic one to get their subscriptions in by Saturday at noon.

Recreation Group Makes Report For First Year's Work

A report of the organization and activities of the Division of Recreation of the Seminole County Chamber of Commerce during the past year, made by Frank J. Higgins, chairman, reveals that the group made in securing and maintaining the present site on the site of a service men's club, organization and building of a recreation center and a number of other projects.

The report also stated that the recreation building now under construction is estimated to cost \$20,000, later in the year.

Shames Traces Growth Of Organization For Local Service Men

A report of the organization and activities of the Division of Recreation of the Seminole County Chamber of Commerce during the past year, made by Frank J. Higgins, chairman, reveals that the group made in securing and maintaining the present site on the site of a service men's club, organization and building of a recreation center and a number of other projects.

The report also stated that the recreation building now under construction is estimated to cost \$20,000, later in the year.

Everything Is Set For Picnic Sunday At Evansdale Park

"Everything is all set, and there will be plenty of boats," said Frank Evans today in reference to the big picnic he is giving for Servicemen and Sailors at Evansdale Park at Lake Mary, Sunday.

The picnic for Navy men will leave the Sanford Naval Air Station at 12:30 and 1:30 P. M. Sunday, according to Lieut. Morris H. Gross, welfare officer who stated the men would be limited to 100. Sailors will be taken by bus from the USO Club promptly at 1:00 P. M.

It is promised that service men will have something to write home about after sampling the alligator steak and "Fish Puppies" provided as a novelty for the occasion by Mr. Evans. In addition, there will be more than 200 pounds of fried fish, sailormen will provide salads, and the USO will furnish soft drinks and paper plates, according to Director William Welkoff.

In addition to boating and swimming, there will be games provided by the Navy under direction of Chief Valer. Dinner for the return trip will leave about 6:00 P. M.

Sailors are planning to attend the picnic are requested to telephone Mrs. M. L. Wright at 928-W or call the USO Club at 200-W as soon as possible. Mrs. C. E. Kridley will be chairman of the Refreshment Committee, and Herman E. Morris will have charge of the entertainment.

Sanford Station Wins Seven Bouts With Vero Beach

The Sanford Naval Air Station again dominated the scene at Sanford Municipal Park last evening as their picked boxers won seven of eight bouts over a team from the Vero Beach Naval Air Station. Their opponent team victory was the Banana River Naval Air Station, recently.

Comdr. F. Masalle Hughes of the Sanford Naval Air Station and Mayor Edward Higgins were at the ringside as honorary referees, and a large crowd was present.

Three technical knockouts were won by the Sanford team. These came in the last three bouts of the evening. Outstanding was the first bout, when Frank Smith, a big newcomer of 205 pounds, and former Golden Gloves champion of Los Angeles, loyally with his opponent, Charlie Chaney, 185, of Vero Beach for two rounds, and then cut loose in the third with a barrage of blows to Chaney's head that resulted in a TKO decision.

C. A. Spangler, 164, second class seaman, and former Golden Gloves champion of North Carolina, making his farewell appearance before being detached for duty as a Parachute School, celebrated with a TKO over Wayne Way of Vero Beach. He would be missed in the future contacts by his ardent fans from the Air Station, with whom he is a favorite.

Sanford got another TKO decision in the seventh bout when Marine Corporal Tippet, 160, easily defeated Vero Beach's Ben Stron, 180.

Vero Beach got its one and only TKO decision.

Harold Hoage Said To Be In Jap Prison

Harold A. Hoage, son of Mrs. Hill Lawson of 107 North Locust Avenue, has been reported alive and in a Jap prison camp since last Sept. 22, his mother revealed today.

A steward in the merchant marine, Harold was reported missing last Sept. 22, when the vessel he was on, sunk near the East Indies.

Mrs. Lawson revealed that this came to her from her daughter-in-law, Mrs. Harold Hoage, who received it in the form of a card from a lady in New York, who had heard of Harold's imprisonment on a short wave broadcast.

Mrs. Lawson has two other sons in the Merchant Marine. Herbert and son, Thel, formerly of the Merchant Marine, is now manager of the club at Brew Field in Tampa.

Sanford Men Pass Coast Guard Exam

Thirty-two men, who Tuesday evening took physical examinations in order to enter the United States Coast Guard Reserve for part time special duty, have been accepted, Lieut. C. H. McNulty, of the Coast Guard Reserve, Division One, of the Seventh Naval District, stated today.

The examinations were taken at the Florida State Bank building, which Lieut. McNulty, president of the men accepted have all passed written examinations in signaling, with semaphore and binoculars, first aid and gunnery, he said.

Accepted were: A. W. Lee, commander; F. E. Hummell, vice commander; J. F. Newsom, junior commander; J. E. Givens, secretary; W. W. Johns, W. I. Galt, Alex. R. Johnson, L. I. Hughes, Archie H. Smith, Milo D. Sanford, Emmet F. Low, S. H. Engle, Samuel N. Knight, Thomas A. Butler, W. D. Eilerbe, E. A. Landonberg, Oscar P. Crosby, Austin O. Knight, Joseph M. Moore, Charles E. Wert, Ralph R. Wacht, Harry A. Thorne, Jack W. Flynn, H. W. Freeman, Harry Lee and Arthur C. Moore.

Warning Is Issued Against Pirating

A warning against labor pirating of farm workers was given Wednesday by G.M. Simmons, manager of the U.S. Employment Office at Orlando, who visited County Agent O.H. Denson at the Court House, to confer with him on labor problems.

Referring to the modified "job freeze order" issued upon the order of President Roosevelt by McNutt, on midnight of April 18, Mr. Simmons stated that agricultural workers, being employed in an essential industry, were included in the freeze.

"Agriculture workers are not supposed to move from one job to another," he said, "from one employer to another without approval of the U.S. Employment Service. This order was made to prevent labor pirating, which has been rampant since the war, and to keep the labor force steady."

"Any employer who hires a worker who was employed during the preceding year in an essential industry, which includes agriculture, or any worker who leaves an essential job to accept a job in a non-essential industry, or any worker who leaves a job in an essential industry for a job in a non-essential industry, will be fined \$1,000 or one year in jail, or both."

Forguson Is Named Physical Instructor

M.E. Forguson, former teacher at Sanford Junior High School, was named temporarily as physical instructor of Seminole High School by the Seminole County Board, which met at the office of Supr. T.W. Lawton this morning at 10:30 o'clock. He succeeds Leonard L. McClus, whose resignation was accepted by the Board.

Mr. Forguson is expecting a call from the Army Air Corps, and may have to leave before the end of the school term. Mr. Lawton stated.

The Board authorized renewal of a policy giving protection against loss of property or alteration of checks.

W.M. Hyman was appointed by the chairman to study the government bonds being offered with the view to investing some of the sinking funds. Last year the Board purchased \$25,000 of U.S. Government bonds. Mr. Lawton stated.

Members of the Board were appointed by trustees for an appointment of trustees were continued.

Radio Training Class Will Close May 7

The radio training class which has been conducted by W. I. Hoffmann since January 1942, will, because of lack of demand by students, close May 7, and further notes, Alex. R. Johnson, director of the Sanford County War Production workers, stated today.

A big demand for trainees in the signaling, especially women, continues, he said. Any person, male or female, who has not yet been accepted for the work, the class is under direction of Walter Landonberg, and hours are from 1:00 P.M. until midnight.

Mrs. Perry's Mother Dies At Mayfair Hotel

Mrs. Perry's mother, Mrs. M. L. Perry, died at the Mayfair Hotel at 10:30 P. M. today. She was 82 years old. She had been ill for several days. Her husband, Mr. Perry, is a well-known business man in Sanford. She is survived by several children and grandchildren.

Judge Frank L. Miller Explains Why He Resigned As City Judge

In a public letter given the Sanford Herald today, Frank L. Miller, who after seven years on the bench resigned recently as judge of the Municipal Court following the adoption of a resolution by the Bar Association limiting the responsibility of lawyers. Mr. Miller explained the reasons for his resignation.

"EXCERPT FROM MINUTES OF ADJOURNED REGULAR MEETING OF THE CITY COMMISSION OF THE CITY OF SANFORD, FLORIDA, ON APRIL 14, 1943.

Consideration was next given to the resolution adopted by the Bar Association and presented to the City Commission at its regular meeting of April 13, 1943, in which complaints were registered against the operation of the Municipal Court by the City of Sanford, and a resolution was adopted recommending that the City Commission should advise the Board of Commissioners to take such action as may be deemed necessary to bring about a reorganization of the Municipal Court."

Warning Is Issued Against Pirating

A warning against labor pirating of farm workers was given Wednesday by G.M. Simmons, manager of the U.S. Employment Office at Orlando, who visited County Agent O.H. Denson at the Court House, to confer with him on labor problems.

Referring to the modified "job freeze order" issued upon the order of President Roosevelt by McNutt, on midnight of April 18, Mr. Simmons stated that agricultural workers, being employed in an essential industry, were included in the freeze.

"Agriculture workers are not supposed to move from one job to another," he said, "from one employer to another without approval of the U.S. Employment Service. This order was made to prevent labor pirating, which has been rampant since the war, and to keep the labor force steady."

W.M. Hyman was appointed by the chairman to study the government bonds being offered with the view to investing some of the sinking funds. Last year the Board purchased \$25,000 of U.S. Government bonds. Mr. Lawton stated.

Members of the Board were appointed by trustees for an appointment of trustees were continued.

PROCLAMATION

WHEREAS the people of Sanford have ever been mindful of their debt to those who fought to defend our way of life and

WHEREAS war costs not only the lives of many brave men but the disablement of many others and

WHEREAS all our people know the story of the poppy program of the American Legion Auxiliary, the tremendous benefits it has, for the past 21 years, offered the disabled veterans of World War I and

WHEREAS we are now engaged in a disastrous global war which will leave many of our finest, bravest men disabled or handicapped and

WHEREAS all money contributed to the poppy program is designated to be used solely for rehabilitation of disabled veterans of both wars and

WHEREAS it is fitting and proper we should, once each year, honor those who gave their lives for our country and

WHEREAS there is no more seemly way to honor our heroic dead than to lend a hand to their living, disabled comrades,

THEREFORE, I, Edward Higgins, by authority of power vested in me as Mayor of the City of Sanford, proclaim Saturday, May 1, Poppy Day in Sanford and urge its citizens to wear the Memorial Poppy to honor in their hearts all who have died for this country and, with their usual generosity, to contribute to a splendid rehabilitation program.

Signed Edward Higgins, Mayor.

Harvest Show Is Formally Opened On First Street

Vegetables from Sanford Victory Gardens and native flowers, plants and ferns were combined in attractive growing and cut arrangements to bring out the Harvest Show theme of the year's annual Garden Club show for Army and Navy Relief.

The show opened this afternoon at 1:00 o'clock and its spectators walked through the doors of the downtown building on First Street where the exhibits will be on hand tomorrow and tomorrow night, they saw in the west display window a mannikin clad in green slacks, busily working in her Victory Garden, while before her was a wheelbarrow laden with vegetables harvested from her garden.

In the foreground of the same window was a bird bath surrounded by potted Arvillias. In the adjacent window were miscellaneous arrangements of flowers and vegetables.

Inside the building, the front half of the exhibit is made up of entries of every variety and classification from members of the Garden Club and other gardeners of Sanford. The back half of the exhibit is given over to school children who have numerous table displays depicting scenes and vegetables from their school victory gardens.

CITY BRIEFS

The regular weekly luncheon of the Rotary Club will be held at the Mayfair next Monday.
