

ARMY APPROPRIATION BILL IS PASSED BY THE SENATE FIXES SIZE OF OUR ARMY

Average of 12,530 Officers and 133,000 Men, Costing \$341,750,000

PASSED SPEEDILY

MEASURE WILL NOW GO TO THE HOUSE WITH DISCUSSION ON TUESDAY

(By The Associated Press) WASHINGTON, June 2.—Carrying an appropriation of \$341,750,000, the annual army appropriation bill was passed late yesterday by the senate. It fixes the size of the army for the next year at an average of 12,530 officers and 133,000 men.

Passage of the bill, which was without a record vote, followed quickly after a test vote by which the senate accepted 49 to 21, its committee's action in increasing the house figure on the size of the army from 115,000 to 133,000 enlisted men. The strength of the 12,500 officers compares with 11,000 as voted by the house.

The senate disposed of the bill speedily, the measure being taken up for the first time yesterday and passed within six hours. All committee amendments except those affecting the size of the army were acted upon within three hours, constituting what was regarded as almost a record by the senate.

Some opposition was expressed to the 133,000 enlisted strength, but Chairman Wadsworth of the military committee in charge of the bill, pressed for the committee figure and was sustained as was the committee action on every other amendment to the house bill.

The measure now goes to conference with the house but it is not expected that the discussion will begin before Tuesday.

Next to the question of the size of the army, the proposition causing most debate was the amendment submitted by the agriculture committee appropriating 7,500,000 for continuation of work on the Muscle Shoals federal power project which the senate accepted without a record vote after a parliamentary tangle which lasted for an hour.

The Muscle Shoals amendment promised for a time to reopen the whole question of the government's policy with respect to the power project but Chairman Norris of the agriculture committee declared that no policy had been determined and that to delay work further on Dam No. 2 in the Tennessee river would be an "economic crime."

Party lines were broken when the test vote on the army bill was taken. Nine Democrats voted with the Republican majority in upholding the senate committee, while six Republicans were counted in the negative. Democrats voting for the 133,000 army included: Ashurst, Gerry, Hefflin, Kendrick, Myers, Sheppard, Smith, Underwood and Williams. Republicans who voted against the proposition were Borah, Capper, Ladd, LaFollette, Norris and Willis.

WANT SETTLE TO COAL STRIKE

(By The Associated Press) NEW YORK, June 3.—A proposal to ask President Harding to appoint a tribunal to settle the anthracite coal strike, was submitted by the operators at a meeting yesterday with representatives of the miners. Philip Murray, vice-president of the United Mine Workers of America, said the proposal was "objectionable," but would be referred to the wage scale committee.

SUN SHINES AND GEORGIA PEACH CROP IS SAVED

(By The Associated Press) MACON, Ga., June 3.—Rains that have occurred here daily for some time, ceased yesterday and the sun came out. With a fair weather forecast for today it is believed that the peach crop of more than 6,000 cars has been saved. The watermelon crop estimated at 5,000 cars will be considerably reduced because of storm damage it is believed.

GRAND JURY TO CONSIDER WARD CASE

WILL CONVEY NEXT MONDAY IT WAS LEARNED TODAY

(By The Associated Press) WHITE PLAINS, June 3.—The grand jury will consider the killing of Peters by Ward next Monday, it was learned today.

WHITE PLAINS, N. Y., June 3.—Westchester county's shooting mystery was still hanging fire today—eighteen days after the body of Clarence Peters, of Haverhill, Mass., was discovered on a country road near the Kensico reservoir.

The latest development—the arrest as a material witness of James J. Cunningham, race track habitue, with a version of the shooting that differed from that told by Walter S. Ward when the wealthy baker surrendered with the statement that he had fired in self defense—today led into fresh territory, Connecticut.

Investigators from White Plains went to Stamford yesterday morning to search for a "Joe Jackson," alleged by Cunningham to have been shot at the same time as Peters, and taken to a hospital there. Despite dispatches yesterday afternoon asserting that the quest had been unsuccessful, District Attorney Weeks last night expressed the opinion that there was "a good chance of getting something definite soon."

Sun, Backed by 30,000 Troops, Marches on Wu

(By The Associated Press) PEKING, June 3.—Sun Yat Sen, president of the South China republic who so far has failed to reply to proposals to join Wu Pei Fu and members of the old republican parliament in their program to reunite the north and south is reported continuing his hostile march northward at the head of 30,000 men.

Sun Yat Sen, with his troops, is reported to have reached Kanchow, province of Kiangsi, from which he is expected to launch a drive against Nanchang, capital of Kiangsi. It is reported that the capture of Nanchang would be followed by a descent into the Yangtze river valley.

Advices from the south indicate that Sun, who backed Chang Tsolin, loser of the recent short-lived campaign, still remains hostile to the victor, Wu Pei Fu. Sun also is expected to question the legality of the session of the old republican parliament held yesterday at Tienstin.

The present situation in China appears to indicate that Sun Yat Sen stands between two fires. To the north is Wu Pei Fu backed by a well trained army flushed with its recent victory over Chang Tsolin. At Wu's back is Tsou Kun, military power of the north, and the members of the old republican parliament of China. To the south is Chen Chiung-Ming, outstanding military leader in that territory formerly a supporter of Sun Yat Sen, but who a few days ago demanded that Sun resign the presidency of the south China republic. Chen's troops are said to be between Sun and his capital at Canton.

HUNTER, TAMPA, MAY BE FEDERAL JUDGE

(By The Associated Press) ST. PETERSBURG, Fla., June 3.—Recommendation of Attorney William Hunter of Tampa for appointment to the new federal judgeship of the southern district of Florida was made by the Pinellas county bar association at its annual meeting held last night. Attorney Hunter is one of three candidates for appointment to the office was created recently by an act of congress. The attorney general of the United States will make the recommendation to President Harding, after which the appointment will be confirmed by the senate.

ENGLAND AND IRELAND WILL PATCH DIFFERENCES, LLOYD GEORGE OPTIMISTIC

Conference Yesterday Seemed to Be Harbinger of Peace

(By The Associated Press) LONDON, June 3.—With a touch of the dramatic, similar to that which featured the signing of the treaty creating the Irish Free State, last December, the negotiations between the British government and representatives of the Irish provisional regime, last night were saved from a possible breakdown by Arthur Griffith, president of the Dail Eireann, making a last minute answer to six questions put to him by the British cabinet.

With his characteristic optimism Premier Lloyd George announced yesterday that he was sure the trend of the Irish situation would permit of his departure for a week-end holiday. The premier decided that the answers were satisfactory and immediately departed for Wales. He will return to London next Tuesday when the conference will be resumed.

The question the British government asked have not been made public, but it is understood they concern the drafting of the Irish Free State

constitution and its relation to the treaty. They were submitted to Mr. Griffith and Michael Collins. After deliberations on them it was decided that Mr. Collins should return to Dublin and take counsel with his colleagues. Meanwhile, Mr. Griffith remained in London and last night handed his answer to a secretary from Mr. Lloyd George's office who had been waiting at Mr. Griffith's hotel.

Later Mr. Griffith left the city for Ireland. Before departing he said he had little to make public, except to say that the situation appeared the same as it was in December. He would not venture to assert that the prospects had brightened. He will return to London Tuesday.

The extreme gravity of the state of affairs between the British, the Free State and the Ulster governments is reflected in the airtight ban that has been placed on all news of what has transpired during the conference here since colonial secretary Churchill's statement in the house of commons that it might be necessary to re-occupy Ireland.

RACE RIOTS STORIES FAKED, NO TROUBLE

IN TEXAS WITH WHITES AND NEGROES AS REPORTED YESTERDAY

(By The Associated Press) KIRVIN, Tex., June 3.—Race riots of a serious nature reported last night as being feared near here failed to materialize. Armed men guarded streets of Kirvin and house occupied by negroes near Simsboro, but according to officers little further trouble is feared.

DALLAS, Texas, June 3.—Conflicting reports as to a siege, which officers and white citizens are said to have established about a house full of negroes near Kirvin, following the killing of Leroy Gibson, 19, negro, after officers had arrested him in connection with the assault and killing of Miss Eula Aweley, school girl, near Kirvin, May 4, were received here last night.

According to a report from Kirvin between 75 and 10 negroes armed and barricaded in a house on the Powell farm, 3 1/2 miles south of Kirvin are resisting efforts of a crowd of armed white men to dislodge them. A Fort Worth dispatch said that reports of the trouble were exaggerated and that the negroes said to be hiding on the farm could not be located.

Calls for men, arms and ammunition, said the report from Kirvin, brought hundreds from Corsicana, Mexia, Streetman, Wortham, Teague and nearby towns, who were said to be gathering in Kirvin ready to go to aid the officers. The dispatch from Fort Worth, however, said that the crowd was not organized.

Killing of a negro by a white man and the killing of the white man in turn were reported from Streetman. This report said the white man after killing the negro left the body in a field. Telephone operators at Streetman said last night, however, no bodies had been found.

Nearly all stocks of guns and ammunition in hardware stores at Kirvin have been exhausted, it was reported. More than a thousand were reported gathered at Simsboro and near the Powell farm.

LI YUAN HUNG INVITED TO COME BACK TO CHINA THRONE

(By The Associated Press) PEKING, June 3.—Li Yuan Hung deposed from the presidency of China by militarists in 1917 was invited last night to resume that office. Invitation from members of the cabinet of Hau Shih Chang, who resigned the presidency yesterday.

POINCAIRE INVITES NATIONS TO THE HAGUE

WANTS ALL NATIONS TO TALK OVER THE RUSSIAN SITUATION

(By The Associated Press) PARIS, June 3.—Premier Poincare in a memorandum sent yesterday to the United States and all other powers are invited to attend the Hague conference on Russian affairs, demands Soviet government withdraw its memorandum presented the Genoa conference May 11 as condition for French participation at the Hague meeting, with Russians.

American Arrested In Connection With Mexican Revolution

(By The Associated Press) JUAREZ, June 3.—Two Mexican citizens were killed, two American aviators were arrested and a former officer of the Mexican army detained in connection with the investigation of revolutionary plots in Mexico Tuesday, according to official dispatches received here yesterday.

Colonel Ernesto Argias and Rosendo Valasquez were arrested at Irapuato Guanajuato on a charge of being implicated in plots to make General Felix Diaz president of Mexico. En route to Cejaya for trial, friends attempted to free them. In the attack on the military escort, two prisoners were killed and two soldiers wounded.

At Jalapa, Vera Cruz, two American aviators, whose names were not given, were arrested after they were said to have imported two airplanes ostensibly for exhibition purposes. Federal authorities said they found that the two aviators had leased the machines to revolutionists. Mauricio Beltran former Mexican army officer was arrested on a charge of being implicated with the Americans.

Investigation of what officers say they believe to be an extensive ammunition smuggling plot was begun here yesterday. The inquiry follows the discovery of 15,000 rounds of pistol ammunition billed as farming implements at the local express offices.

FORD'S OFFER MAY BE TAKEN BY COMMITTEE

REPORTED TO HOUSE AND RECOMMENDED ITS ADOPTION

(By The Associated Press) WASHINGTON, June 3.—The house military committee voted today to report the Ford proposal to the house and recommend its adoption. The recommendation, however, will be made by the committee that the Gorgas steam power plant which is sought by Ford be eliminated from the properties disposed of by the government. Action of the committee followed discussions of differences in offer as made by Ford and model proposal evolved by committee after inquiry into offer of Ford and others. Complete arrangement reached by committee members and Ford representatives on fertilizer provisions, which had been in dispute.

WASHINGTON, June 3.—An agreement between Ford representatives and a majority of the house military committee members on differences in fertilizer provisions of committee's plan and Ford's offer reached today in executive session.

COURT FIGHT AGAINST MATHILDE MARRYING FOREIGNER

Reed, of Pensacola, Only Pilot Aloft in the Balloon Race

Believed to Be Drifting Over the Great Lakes Region

(By The Associated Press) CHICAGO, June 3.—Lieutenant W. F. Reed, of Pensacola, the sole navy entry in the balloon race which started at Milwaukee Wednesday, is the only pilot unaccounted for today. He is believed to be drifting over the Great Lakes region. From start Reed was virtually lost in the skies.

CHICAGO, June 3.—Lieut. Reed, naval pilot, is either lost in the wilds of Canada or has met with serious accident, the government weather bureau officials and aviation authorities here said today.

SENATE FAVORS WORK ON DAM AT SHOALS

(By The Associated Press) WASHINGTON, June 3.—The senate late yesterday voted to continue construction work on Dam No. 2 of the Muscle Shoals federal power project and attached to the army appropriation bill an amendment appropriating \$7,500,000 for the purpose. As the amendment has not been agreed to yet by the house, it must go to conference for adjustment and if accepted by the house work will be begun within 30 days.

Municipal Electric System Had Short Circuit Fire ON SWITCHBOARD

BUSINESS SECTION AND SEVERAL RESIDENCE DISTRICTS WITHOUT ELECTRICITY

(By The Associated Press)

JACKSONVILLE, June 3.—Industry in Jacksonville dependent upon electric power was virtually at a standstill today as a result of a fire at the main substation of the municipal electric system shortly before midnight, flames which originated from a short circuit in the switchboard caused damage estimated at between \$50,000 and \$100,000. Business section and several residence districts without lights and power. Street cars were not affected, traction company owning their own power plant. Jacksonville Terminal Company getting power from traction plant in order to operate switches and blocks in railroad yards. Times-Union published today with power from traction plant.

The composing room at the Metropolitan was at a standstill up to 11:30 for lack of power, no transformers in the newspaper plant to make available traction power which the Times-Union took advantage of. Postal Telegraph idle since fire as it was dependent upon the city for power. The Western Union also is dependent but has an auxiliary plant of its own and is doing business as usual. Power was restored at 11:50.

DEATHS

DEATH OF MRS. W. A. ZACHARY

The city was shocked this morning to learn of the death of Mrs. Cornelia Bailey Zachary, beloved wife of W. A. Zachary at their home at 519 West First street. Mrs. Zachary was stricken yesterday afternoon and all that physicians summoned in haste could do was done for her but it seemed that the time had come for this loved one to be taken and her spirit fled early this morning after a brave fight for life during the long hours of the night.

Mrs. Cornelia Zachary was born in Raleigh, N. C., about fifty years ago and spent her girlhood life in that section, having married there and about thirteen years ago coming to this city with her husband and family. She was a great lover of home and family and while spending much of her time in her home found time to devote to church and friends, being an active member of the Methodist church and a devout christian since early childhood. In fact the home life and the good deeds of this estimable lady were a benediction and her two jewels were like the Cornelia of history—her two daughters, Mary and Julia, who, while they have passed the age of childhood, loved mother with the same enduring love of their early childhood while at her knee.

The death of Mrs. Zachary has cast a shadow on the household of her many friends, who, while they do not understand her sudden demise, feel that God has taken one of his people to live in the realms above.

Deceased lives a loving husband and two daughters, one sister, Mrs. John Wyatt, of Richmond, and brother, O. L. Baily, of Raleigh, to mourn her loss. The sympathy of the entire community is extended to them in their hour of sorrow. The funeral will occur from the Methodist church tomorrow afternoon at 4:00 o'clock.

Phillips' Casino Opened Yesterday To Large Crowd

Many Hundreds Were Gathered at Lake Mary Amusement Park

George Phillips score a big hit last night when he opened to the public one of the finest dancing pavilions in this part of the state at Lake Mary. Despite the rain and clouds and signs of a downpour, one of the largest crowds ever assembled at an opening night gathered at the Lake Mary Amusement Casino to look it over and see if all the good things said about it in the Herald were true. The folks found it even better than Mr. Phillips had announced as the dancing floor is made of good lumber and dressed down until it is as smooth as glass, the auditorium is large and roomy and had plenty of ventilation and the promenade over the waters of beautiful Crystal Lake is one of the beauty spots of that beautiful section. Perfect order will be maintained at all times Mr. Phillips announced last night and no liquor will be allowed on the grounds at any time. The dance will be held every night in the week, the pavilion and bathing beach will be open every afternoon and picnic parties and pillaus and fish fries will be the order of the day now and no need to go many miles from home to find a fine picnic grounds.

The pavilion has been made into one of rustic beauty and when finished will be perfect in every respect. An orchestra from DeLand furnished the music last night and the big room was filled with dancers until the closing hour of 11:30 made them leave.

Thursday next promises to be a big day at the pavilion as the Sanford Kiwanis Club will hold their regular weekly luncheon there in the shape of a chicken pillau and the dance at night will be open to the public as well as to the Kiwanians and everybody will have a big time.

If opening night can be taken into consideration the Lake Mary Amusement Casino will be a big success and it deserves the patronage of the public for it is something that has been needed and Mr. Phillips has gone to a big expense to build something substantial as well as beautiful.

Sanford is to have a ninety-piece band ready for next season. With the Herald and Bob Holly to lead in civic improvements we shall not be surprised to soon have the announcement from the Celery City to the effect that they have attained their 25,000 contemplated by the Herald, one of the most persistent home boosters in Florida.—Eustis Lake Region.

Thanks, Ansel, old friend and the same kind words to you and the Lake Region.

Sometimes we think that the fun in Florida doesn't start in earnest until the time of year when nearly all the tourists have left. Oleanders, white, pink, red, loading every breeze with all the perfume it can carry, the blue hydrangeas for an unusual color note and the honeysuckle for the sweetest fragrance of all. Everyday swimming, picnic, baseball. Fried chicken watermelons, peaches. Stay till June, nothin'. STAY ALL YEAR!—Lake-land Telegram.

WELCOME TO OUR STATE!

John H. Perry and Richard Lloyd Jones have purchased the Jacksonville Metropolis and will operate it in the future. Both of these gentlemen are thorough newspaper men and brilliant writers, both of them are well known and departing from the true sense of newspaper parlance they are celebrated writers and editors. Their coming to Florida shows that many of the biggest men of our nation are looking toward this state and foresee what many of the natives cannot see—one of the greatest states in the union. Messrs. Perry and Jones will do much toward the material growth of the state and in their editorial columns will be found doing much for the moral growth and the betterment of the state. Welcome to the best state in the union, brothers. You never did a wiser thing in your life than casting your lot with Florida. Take the Clyde Line to Sanford and spend an hour on Sunday in the best little city in the state—the City Substantial.

OUR SUMMER COMPLAINT

The summer inactivity of the Daytona business men militate against the growth of the town in its year around development.

The above statement was made at the meeting of the Chamber of Commerce directors Monday evening, while the methods of St. Petersburg in city building were under discussion.

This statement tells the whole story in one sentence. Accustomed to having from thirty to forty thousand people here in the winter furnishes such a contrast to the summer that business men are inclined to think the town is dead and that business itself is dead during June, July and August. As a matter of fact it is the business men themselves who are dead.

Habit is hard to overcome and the

habit formed a few years ago when the summers were really dull has not yet shaken off. Today with good roads radiating in all directions there are more people in the Triple Cities in midsummer than there were a few years ago in midwinter.

But of course the business men do not do business with these people because they are not alive to the opportunity. Practically all advertising and invitation for business ceases and in these days the man who does not go after business will not get it in any great volume.—Daytona Journal.

WHY EVADE PUBLICITY

Any county commissioner, member of a school board or anybody else trusted with the handling of public funds who goes to Tallahassee next session and lobbies against the bill making it obligatory for all such bodies to publish at frequent stated intervals plain statements of the receipts and expenditures of the bodies, will be looked upon with suspicion by the people back home. Some of them did it last session and got away with it but they have been put on notice this time that their actions will be published for what they are—because their people have a right to know.

Argument over this proposition has been general over the state and while we believe a fair majority of the candidates have expressed themselves in favor of this insurance against dishonestly and shady practices, there are some who oppose it, giving as their reason that it will make money for the newspapers. These are the people who want the newspapers to pay out their own good money to further private interests from which these people themselves are to benefit. One of these was answered so completely by Mrs. C. V. S. Wilson, editor of the Sarasota Times that we believe it will be to the interest of every voter in Florida to read it. She says:

In another column will be found a brief communication from A. M. Wilson, censuring local papers because they do not publish the proceedings of county boards without cost.

Having been in the newspaper business since the closing year of last century, possessed of a fairly good memory and the proof of files for as many years as the Sarasota County Times was launched upon its destiny, we think we can answer the ex-senator with reasonable clearness.

Mr. Wilson conveys the impression that papers will not publish the proceedings of county boards unless they are paid to do so, recalls the time when this class of news was furnished without cost and that newspapers should be "glad to accept" all such news for the benefit of their subscribers.

That is all true, there was a time when this news was officially furnished to the papers and it was published without cost. Does Mr. Wilson know how many years have elapsed since this was done? Official proceedings of county boards, with accounts of warrants drawn for all expenditures ceased to be given out for publication in close proximity to the time Manatee County bonded to build roads. Sporadic attempts to publish proceedings have taken place since but the monthly accounts were conspicuous by their absence.

But the ex-Senator says he would go after this information. We once held the same opinion. Has Mr. Wilson ever attended a meeting of the city council or the county commissioners and noted the averseness to have and consider "butting in"? How much information does he think he could gain with accuracy and with all his astuteness does he think it possible something could be "put over" without his knowledge. City Councils and county boards do not always discuss the affairs or transact the business of the city or council in tones that are audible to one who is there for the purpose of giving publicity to their actions.

Even if such a course was satisfactory in obtaining information the expense of having some one attending all the meetings of tax expending bodies is a heavy tax and no matter how the report was given, unless it was officially from the clerk of the board, there would be plenty to say it was garbled and unreliable. The Times does its best to give the actions of the different boards but is unable to report disbursement of public funds.

Mr. Wilson complains of the unfairness of paying for a paper and then being "taxed" to learn the local news. If there was a law compelling this monthly statement from all tax expending bodies it would be published at the paper's legal rate. Would it not be a deterrent against extravagant and reckless expenditure of public funds that would save the taxpayers far more than the cost of publication? Experience of several years has proven that county boards will not publish a full account of where and how taxpayers money is being spent unless here is a law compelling them to do so.

Mr. Wilson deprecates the passing

away of the day when papers were not published along mercenary lines. Mr. Wilson drives a car today, he used to drive an ox-cart. Would he go back to the primitive conditions of twenty-five or even ten years ago? Would he want to give up the newsy progressive paper of today for the blank sheet of four pages, two patent print, carrying medical and baking powder advertisements at three cents an inch and reading matter that was of no special interest because two-thirds of the papers in the state carried the same advertisements and the same class of "news."

Local news, country correspondence and once a month, proceedings of the county boards, filled the other two pages. It was a good paper for those days and answered the purpose but it would be an unfit for the needs of today as the ex-Senator's ox-team would not be an appropriate conveyance in 1922 to make his daily trip to his office in the county court house.

Were our expenses on a par with those days we could afford to publish board proceedings without cost, but days are two hours shorter, wages have increased from 300 to 500 per cent and everything else in proportion. Instead of the Washington hand press and a few cases of type a printing office today cannot be equipped under several thousand dollars, and the expenses for one day often exceed the previous cost for an entire month and the haphazard way of "running" an office which made weekly newspapers a joke has been supplanted by business methods and the paper selling its commodity, space, at something like its actual value.

However, proceedings of county boards have never been omitted from papers because they would not be published gratis but because county boards have persistently refused to give the papers any official statement of expenditures. It has been some years since Manatee County has furnished such reports and Sarasota County never has.

It was at one of the meetings of the South Florida Press Association when this subject was discussed, the representatives of the papers present realizing that taxpayers were not being given a fair deal by the withholding of this news and the difficulty of obtaining it. This condition was not only in Manatee County, a nearby county was put to several hundred dollars expense for road machinery belonging to that county which had been used in working one of the commissioner's groves and the item of expense for repairs was placed on the books in a way that evaded the truth.

To have a taxpayer's publicity bill passed, making it compulsory for all tax-expending bodies to publish proceedings and full report of monthly disbursements, was the outcome of this meeting which received the full support of the state press and the expense of sending a committee to Tallahassee was paid by individual papers. The fate of the proposed bill would not inspire confidence in all county boards and clerks of circuit courts, who made it a special act of business on their part that such a bill should not become a law. The hint of graft on the part of the papers was not insinuated but openly charged, the clerk from one county declaring newspapers were being sat upon.

When the next session of the legislature meets the press of Florida with stronger forces, will be back in Tallahassee with the same bill and full publicity will be given the taxpayers of the counties whose commissioners and other officers seek to defeat this bill. Citizens of these counties will be warned to keep a tab on how their county funds are being spent.

That Mr. Wilson and others may see there is a determined effort on the part of the press to look after the interests of the taxpayers, we publish the following from the last issue of the Leesburg Commercial, from the able pen of Editor Leach, who in his efforts to secure legislation for an abolition of the open range and tick eradication does not lose sight of the bill which the press is fostering:

"There is one other point or issue that of publicity of the acts of all bodies in the state having the handling of public funds. This issue was pushed by the Fourth Estate or the Third House at Tallahassee last year and in many instances it was stated that what the newspapers were after was the graft of publishing these things. As it happens, most Florida counties have arrangements with their leading papers for publication of such things at a very low cost, while others do not publish at all and some publish in some pet papers that have little circulation. In any event, those newspapers pushing the proposed bill were fighting the battle of their home citizens as usual for in most instances their regular rates were higher than would be paid for the statements demanded. On the other hand the newspapers were rather nice to the commissioners' lobby that went up to Tallahassee to keep that bill from passing. We did not show them up and try to explain their motives.

However, when a public officer tries hard and spends money to keep his constituents from finding out how he is spending their money the constituents themselves have a very good right to be suspicious of him and his motives and he needn't expect any such leniency on the part of the press this next session. If his home paper hasn't the backbone to investigate his there are others in the association who have no fear of him publicly or privately."

In reply to Mr. Wilson's statement that if he were running a paper he would be "glad to publish all local news, especially the proceedings of county board." We would be more than "glad" to do so, but being "glad" to give this information and securing accurate statements of the spending of public funds are separate and distinct. Mr. Wilson must remember it is easy to make charges but information to be published must be substantiated by proof and what citizen would be willing to have his name appear to a statement in a paper and yet would not hesitate to tell the same story on the street?—Leesburg Commercial.

DEATHS

DEATH OF JUDGE CHENEY

Judge John M. Cheney, for thirty-seven years one of the best known citizens of Orlando, died at his home on North Orange avenue yesterday afternoon at two o'clock after an extended illness. He was sixty-three years old.

Judge Cheney had been in poor health for more than a year, and early in January he underwent an operation at the Orange General Hospital. For a time he seemed to be recovering and was removed to his home, but complications developed and with the exception of one or two rallies he grew steadily weaker until early yesterday he became unconscious and all hope was abandoned.

Until the day before his death Judge Cheney insisted upon rising daily and sitting in a chair, where he received friends. He was at all times cheerful, frequently remarking that it was necessary "to take the good with the bad."

Funeral services will be conducted at his home on Sunday afternoon, the Rev. T. H. McConnell, pastor of the First Presbyterian church, officiating. Burial will be in Greenwood cemetery, with Orlando Lodge No. 59, F. & A. M., in charge of a brief service at the grave. The hour of the service has not been determined.

John Moses Cheney was born in Milwaukee, Wisconsin, January 6, 1859, but first attended school at Woodville, New Hampshire, where his family removed shortly after his birth. In 1881 he was graduated from the New Hampshire Literary Institute and four years later from the law school at Boston University. He married Elizabeth Alexander at Bristol, New Hampshire, after leaving the university.

After he was admitted to the bar by the Massachusetts supreme court in 1885, he came to Orlando and was associated with Arthur L. Odlin in the practice of his profession. With others he established the Orlando Water Company, later adding the electric plant and building one of the largest ice plants in the state. These utilities were the best equipped in the Southland. But aside from his own business, Judge Cheney was identified with virtually every movement for the upbuilding of Orlando, serving the city whenever called upon in a hundred different ways. The results of his untiring services are evidenced on every hand.—Orlando Sentinel.

Lane was a business caller Monday afternoon. Singletary, A. C. L. extra foreman spent the week-end with his family. Anna Swanson returned Sunday from DeLand where she has been past three weeks. Mrs. Marion Norwood and Clara and Mr. Gant and Ellis Lloyd returned to Daytona Beach last Sunday. A. D. Parish and two children returned Saturday to visit her parents, Mrs. W. B. Osteen of Ocoola. Mrs. Goodheart Sjoblom and Mrs. Tuesday from Auburndale they have been visiting relatives a few days. Mrs. I. D. Williams have returned here from Bunnell and the same cottage by the church they formerly lived. It will be remembered Mrs. Williams was at school teacher here. Mrs. R. T. Humphrey have purchased the Fortier place on Creek and have moved there to make considerable improvements there. Mrs. Joe Fortier have moved into the village and purchased lots and expect to build. Mrs. J. A. Braddock of spent the week-end here re-home Sunday afternoon. Durant and family and Mrs. Braddock attended the funeral of sister-in-law, Mrs. Ernest Braddock in DeLand on May 20th. Braddock passed away in the Memorial Hospital after illness of several months and a son and two small children are mourning her loss.

Braddock had many friends in Emporia who regret her passing, and extend their sympathy to the bereaved.—Emporia Item.

LONGWOOD

Mrs. L. R. Payne and Mrs. Roy Sour were shopping in Sanford last Wednesday. Mrs. Long, Miss Helen Moran and E. S. Miller were visitors in Orlando Wednesday. Chas. Tyler and H. F. Phipps of Tampa were the guests of J. E. Phipps a few days last week. Fred Lewis of New Smyrna was in town one day last week shaking hands with his old friends. Miss Martha Stevens and Miss Gene Caraway of Orlando were the guests of Miss Fay Rineau for the week-end. Mrs. T. P. Barlow of Orlando was the guest of her sister Mrs. George LeVigne Friday. Mr. and Mrs. Slade, Bill and Frederick Slade left for their home in Waterbury, Conn., Friday. School closed Friday after a most successful term with E. S. Miller as principal and Miss Helen Moran assistant principal. The closing was celebrated with a picnic at Palm Springs which everyone enjoyed, especially the children. The following program took place after dinner in spite of the rain: Potatoe Race; Three Legged Race; Sack Race; 50 yard dash (boys); 50 yard dash (girls); 25 yard dash Race (boys); 25 yard dash race (girls); Egg race (girls over 1-2 years old); Egg race (girls under 12 years years old); and other events were swimming, diving, Tug-of War (boys vs. girls); Chicken Catch. E. S. Miller and Laurie Ford were visitors in Orlando Tuesday. W. S. Entzinger of Plant City was a visitor in town the first of the week. There was a political meeting at the Library Monday evening. The speakers were the following: Hon. Forest Lake, O. P. Swope, C. W. Entzinger, W. B. Ballard and E. A. Douglass.

UPSALA AND GRAPEVILLE

No lack of rain now; there was almost town this week to the Rantoul. There will be preaching the first Sunday in the month as usual, June 4th, by Rev. J. S. Clark at 3 o'clock. He will also be with us for Sunday School at 2 o'clock.

We are planning for the Children's Day and hope to get a piano. Come and lend your aid in the community in which you live. Mr. and Mrs. Alfred Ericson and children were Saturday guests at the home of Mr. and Mrs. V. C. Collier in Sanford. John Miller's family are moving from town this week to the Rantoul home recently purchased by them, just across from the Country Club. A welcome addition to the neighborhood. George Fuller who has been visiting for a short time at the home of Mr. and Mrs. Forrest West while recuperating from the kick of a car received in Tennessee, left on Thursday to take up his work as bookkeeper at Detroit Mich. We would have liked to have kept him with us. Charley Beck happened to a painful accident while at play on the school grounds last week. It seems he had the ligaments of his ankle torn loose by the kick of another lad, and although Dr. Pulston was called, so far he has not been able to put it in a cast on account of the swelling. He will probably have to go on crutches for some time. Mr. and Mrs. Will Henderson entertained his parents and son from Monroe and Mrs. Mary Vaughn for Sunday dinner while Mr. and Mrs. Smith and two children were afternoon callers there. G. Hirschle is doing carpenter work now at the Country Club. Last week the Delco lights were put in. The grounds can be seen from the church, about one half mile south and a little west; some folks still ask where it is. Elmer Tyner and sister, Miss Eunice, returned Tuesday after a pleasant time spent with relatives at Grays, Georgia, but it rained nearly every day. We hear the little baby of Mr. and Mrs. Tom Fortier has been real ill, Dr. Denton attending him. Carl Pierson attended the Eighth grade graduating exercises at Paola. School days are over for this term and the young folks are all rejoicing. There has been lots going on and now they can rest and strengthen their muscles for another try later on. Quite a number from this section attended the High School graduation exercises. Forrest West has a nice lot of melons, we hear.

F. H. Black, formerly of Chuluota, our new groceryman, is giving general satisfaction. A nice line of fresh goods in stock and the proprietor and clerks are genial and courteous in every respect. E. A. Osteen, the retiring groceryman, will have charge of the postoffice department for a short time. Mr. Osteen has not made definite plans but will probably truck in this section before joining his family permanently at DeLand. Miss Anne Dandoo and Hillis Palmerly were quietly married at Sanford. Mrs. Palmerly is formerly of Maryland but has been living here for about a year. Mr. Palmerly is from Cleveland. He will engage in trucking at their home here. Carl Rabun, of Sanford, but formerly one of our boys, had a narrow escape from death Thursday when the Standard Oil Truck, which he drives, was turned over near Longwood burying him beneath. The road was slippery and though Mr. Rabun was not driving fast the car skidded around and turned turtle before the occupant could jump. The driver's life was saved by the support of the oil tank upon the truck. Mr. Rabun is well and favorably known in this section. He is the son of Mr. and Mrs. D. H. C. Rabun, of First street, and is an industrious and worthy young man. Mrs. George McCrumm is at Coronado Beach where she will spend four months. Mr. and Mrs. Stodorff and children Herbert and Helen Louise, are spending two months at Daytona Beach. Billie Bruns has gone to New York where he will spend the summer. Mrs. Lawrence Stone and son, Jacob, were called to New York by the illness of her mother, Mrs. Rector. Mr. Stone will join his wife the middle of this month. Mrs. and Mr. Bollys Jacob and Mr. Mr. and Mrs. Jacob Bolly and daughters, Misses Eleanor and Ethel, will spend the month of July in the Black Mountains of North Carolina. W. S. Price and family, will leave soon for Michigan where they will spend the summer with home folks. K. J. Cates, of Henderson, Ky., is visiting his daughter, Mrs. Bartow Mann. Mr. Cates is one of our most welcome visitors and his many friends are extending him the glad hand. Miss Viola Webb has returned from Palatka. She was accompanied by Mrs. Johnson who will visit her a short time.

Mrs. Purdon, of Jacksonville, has returned after visiting R. T. Wynee and family. Mr. and Mrs. A. S. Hawkins and family spent Sunday at DeLand. Mr. and Mrs. Marion Shelby have returned from a visit to Jacksonville. The Baptist revival closed here Sunday after a successful meeting. Rev. Hendon, of Alabama, conducting the services. Mr. and Mrs. Thomas and family of Titusville, have moved to this place and are living upon the place of J. W. Losson. Mr. Pemperton and family, of Sanford, have purchased a ten acre tract of land from John Meisch and will erect a nice residence and make their home here. Hodges and Dorothy Bailey have returned from Ft. Christmas where they visited relatives.

EAST SANFORD

Ben Steele arrived home last Saturday for the summer vacation from New Orleans, La., where he has been attending the Baptist Theological Seminary. Sherman Moore is at home from Gainesville, where he has been in school for the past two years. Morgan McClelland is at home on a furlough from Camp Sam Houston at San Antonio, Texas, and has recently been in a hospital for a few weeks at Fort Worth. Lauren Smith of Miami was a guest of C. E. Charpening a portion of last week. J. W. Corley and other car owners have had car accessories stolen from their cars at nights recently. Mr. and Mrs. A. Company, Mr. and Mrs. C. E. Charpening and their people together with Mr. and Mrs. D. C. Howard from town drove over to Coronado Beach for the day Sunday, picnicked, bathed and had a fine time. Mrs. E. J. Ward, Jr., and little son Dale, left Thursday for Illinois to remain for some time and will visit her parents and friends at several points. Mr. and Mrs. James Purvis and Mr. and Mrs. Ashley Purvis drove to Ocala to visit friends last week, driving in the former's Overland Sedan. Mrs. Lillie Jones was in Jacksonville from Monday until Wednesday, the guest of friends. Mr. and Mrs. W. W. Dresor were hosts at a lovely dinner party the evening of May 25 at their cosy home on Lake Golden, the happy occasion being Mr. Dresor's fifty-fifth birthday. A delicious dinner was served and greatly enjoyed by the guests, who were Mr. and Mrs. G. C. Beck and son Maurice; Mrs. Margaret Watson, Mrs. Margaret Marshall, Little Miss Winona Purvis and Mr. and Mrs. J. C. Ellsworth. Mr. Dresor was the recipient of many good wishes and gifts.

Mrs. J. T. McLain, of Geneva, is visiting her sister, Mrs. A. G. Knapp, at Lancaster, Minn.

FLETCHER WOULD GIVE STATE TITLE UNSURVEYED LAND

WASHINGTON, June 2.—(Special.)—Senator Fletcher has introduced a bill to grant and confirm to the state of Florida title in all the unsurveyed sections 16 within the exterior limits of the area patented to the state of Florida on April 23, 1903, under the provisions of the act of September 28, 1850, embracing the so-called "Everglades," and President Harding has made an order withdrawing said sections in aid of the proposed legislation, the withdrawal to remain in effect until revoked by the president or act of congress. The area involved embraces about seventy thousand acres of land, some of which is said to have a value of \$200 per acre, and if the title to this large acreage is confirmed to the state of Florida, in accordance with the provisions of Senator Fletcher's bill, it will greatly benefit the public schools of the state. Senator Fletcher is hopeful that congress will take early and favorable action on the bill.

MUST HAVE DIMMERS IN DUVAL COUNTY MOTORISTS ARE WARNED

(By The Associated Press) JACKSONVILLE, June 2.—Local automobile accessory dealers are expecting heavy purchases of light-dimming equipment as a result of Sheriff Merritt's announcement that from now on his deputies will arrest and place in jail immediately all motorists found on the highways of Duval County who fail to switch off their bright lights and drive with dim lights upon approaching another car. Accidents due to driving with bright lights have been many during recent months and it is believed this feature contributed in part toward a collision between two cars on the Palmetto Beach road near here early last Thursday in which two men were killed and eight injured. Several times during the last few months the Sheriff has warned motorists that their cars must be equipped with dimmers and that the dimmers must be used. Many small cars are not supplied with dimmers and their drivers travel the highways with lights that would do credit to a locomotive. Such drivers will be compelled to buy dimmers on their cars and applications for equipment are expected by the accessory dealers to be numerous with the next few days.

The Sheriff declares no favors will be shown and that drivers arrested for violating the order will not be permitted to scurry around town in search of bondsmen. They will go directly to jail and will have to summon their friends from there. The order applies to all motorists and persons who reside in other parts of the state and who enter Duval county will be taken up, as quickly as a resident if they violate it.

Whether the Sheriff's office will launch a campaign to inspect all cars to ascertain whether they have dimmers has not been stated but such an

announcement would not be a surprise. The Sheriff is determined to break up the practice of passing, other cars with bright lights on and it has been intimated at his office that no store will be left returned to accomplish that end.

NEW STEEL MERGER BEING INVESTIGATED

Committee Digging Into Steel Business to Learn Some Facts.

(By The Associated Press) NEW YORK, June 3.—The Lockwood legislative committee kept digging into the steel business yesterday, and learned some facts about the Midvale-Republic-Inland merger that were not made public in Thursday's announcement of the consolidation.

But the committee did not learn what bonus Kuhn, Loeb & Company are to receive for raising \$65,000,000 through a proposed syndicate, how much preferred stock of the consolidated company is to be issued, or what portion of the stock is to go toward new capital, or the price at which it is to be listed. So, today, unable to gain this information from the heads of the Midvale and Republic Steel companies, the committee subpoenaed their counsel, Thomas L. Chadburne to appear today.

Elbert H. Gary, chairman of the board of the United States Steel Corporation, was questioned by Samuel Untermyer, who contended that the independents lived only by the grace of the corporation, and that the management of the corporation is dominated by J. P. Morgan and the banking house that bears his name.

Mr. Gary denied that Mr. Morgan dominated the corporation. He would not concede that Mr. Morgan had any more to do with naming the directors than any of the other six members of the finance committee. He said the corporation had a surplus of about \$125,000,000 and that its deposits with J. P. Morgan & Company, all subject to check and bearing 2 1/2 per cent interest, approximated only \$5,000,000.

Since the Steel Corporation can manufacture and deliver products at a cost from \$3 to \$5 below the independents, Mr. Untermyer held that it could exterminate all the other concerns if so minded, but Mr. Gary, who believed the differential not more than \$3 said he did not think so.

ONE BALLOON STILL UNACCOUNTED FOR IN NATIONAL RACE

Army, Navy and Independent Bag to Represent U. S. in International Contest

(By The Associated Press) CHICAGO, June 3.—Indications last night were that an army, navy and independent balloon will represent the United States in the international balloon races in Switzerland. The navy balloon piloted by Lieut. W. F. Reed was the only one of the thirteen contestants that started in the national race from Milwaukee on Wednesday still unaccounted for last night and was believed to be somewhere over the Great Lake region. Of the 13 balloons, 12 were competing for the right to be selected among the three to represent the United States in the international races and two of the winners are thought to have landed yesterday.

H. E. Honeywell, of St. Louis, an independent pilot, reported that he had landed about 20 miles south of Joplin, Mo., yesterday after covering about 500 miles, while Major Oscar Westover of Washington piloting an army balloon, came down near Lake St. John, Province of Quebec, Canada. According to Major Westover's message he landed Thursday but as the distance is 100 miles it is thought a mistake had been made and that he landed yesterday morning, as the speed of his balloon would have been about 50 miles an hour to have covered the distance by Thursday morning. This is considered improbable. Major Westover and Mr. Honeywell covered greater distances than any of the balloons landed.

Nothing has been heard of the balloon piloted by Lieutenant Reed since last night. If he makes a successful landing it is thought that his balloon will be one of the winners unless it runs into winds that force it back on its course.

Six of the original 13 starters were unaccounted for early yesterday, but it was learned that Lieut. Commander J. P. Norfleet, piloting a helium filled navy balloon had landed at Hancock, Mo., Thursday, while Captain Harold E. Weeks, of the army came down near Witt, Ill., and Ward T. Van Orman, Akron civilian, landed on Thursday night at Fayette, Mo.

PUBLIC FORUM

TO THE CITIZENS AND VOTERS OF SEMINOLE COUNTY:

It has come to my knowledge that some who oppose the candidacy of Forest Lake are circulating the report that he did not make a good representative during the term of 1915 when he represented this county.

I had the pleasure of being Mr. Lake's colleague during that session of the Legislature, representing Gadsden county, and in justice to the citizens of Seminole County, of which I am one for the remainder of my days, and in justice to Mr. Lake, I feel that I would be recreant to my duty as a citizen of my adopted county, if I did not raise my voice to condemn such a report.

I can truthfully and in all sincerity, say that there was no abler representative in the entire body of the legislature than Mr. Lake. Mr. Lake has these qualities, which are quite pronounced, that fit him especially to make him one of, if not the most outstanding representative in the legislature of 1923, should the citizens of Seminole see fit to return him to that session.

At this particular time when the future growth of our county is of vital importance, when legislation affecting our welfare for the coming years, will be enacted, it is very essential that we have able, strong, well equipped, and experienced men representing this part of our beloved state, and from my intimate and well founded knowledge of the Hon. Forest Lake, I consider that we, the citizens of Seminole County, should we elect Mr. Lake, will have the ablest representative in the entire body of the legislature for the year of 1923.

SANS SOUCI BRIDGE CLUB

Mrs. Robert Hines was the charming hostess yesterday afternoon, when she entertained at bridge at her home on Park avenue, the guests included the members of the San Souci Bridge Club. There being two tables of players.

The rooms where the card tables were arranged, were most artistically decorated with quantities of pink roses combined with ferns.

An absorbing game of bridge was played during the afternoon, the prize for high score, a pair of gold china salt and pepper shakers was won by Mrs. Raymond Key, while the second high score was made by Mrs. E. P. Morse, who was awarded a box of powder.

At the conclusion of the card game the hostess served ice cream in candeloupes, and pink and green iced cakes.

Mrs. Raymond Key, Mrs. Ralph Wight and Miss Agnes Dumas substituted for absent club members. The club members enjoying the cordial hospitality of Mrs. Hines, were Mesdames J. C. Bennett, Fred Walsma, Percy Mero, E. P. Morse and G. Davis Hart.

JENNY SPAULDING CIRCLE

The Jenny Spaulding Circle met Thursday at the Country home of Mrs. A. Lossing. The day was spent in sewing, and at twelve o'clock a delicious dinner was served.

SWIMMING PARTY

Mrs. Alfred Lilja entertained most pleasantly yesterday afternoon at a swimming party at Silver Lake, complimenting Emily Griffin and Lena Belle Hagan, who recently graduated from the grammar school, and Doris Parker of Jacksonville, who is the guest of Mrs. Tom Williams. Mary Elizabeth Moye was also to have been an honoree, but was confined to her home by illness.

The afternoon was exceptionally pleasant, swimming and games being played until a late hour, when a tempting picnic supper was served.

Mrs. Lilja was assisted in entertaining her guests by Mrs. R. E. Griffin. The guests included, Doris Parker, Emily Griffin, Lena Belle Hagan, Rebecca Stevens, R. E. Griffin and Ellen Telford.

LUCKY THIRTEEN BRIDGE CLUB

One of the most delightful of the social events of yesterday was the bridge party given by Mrs. Harry B. Lewis, yesterday afternoon, at her home on Magnolia avenue, when she entertained the members of the Lucky Thirteen Bridge Club.

Fragrant pink roses, shasta daisies and other lovely cut flowers were used in charming profusion in the rooms where the card tables were placed.

The hours passed quickly in the interesting game of bridge, the prize for top score, a silver basket was won by Mrs. F. E. Roumillat.

Following the awarding of the prize, the hostess served pineapple sherbert topped with whipped cream and cherries. Lady Baltimore cake, Coconut macaroons, salted nuts, and iced tea.

Mrs. C. E. Henry acted as substitute for an absent club member. The club members enjoying this delightful affair were Mesdames, F. E. Roumillat, E. F. Householder, D. P. Drummond, D. D. Caldwell, Claude Howard, A. B. Wallace and B. L. Perkins.

The pepper crop seems doomed for this season. What promised great returns has proved to be much like the lettuce crop of last season and there will be very little money made on peppers. The rains will finish what the drought left and the low markets will finish the pepper growers and thus endeth the chapter. Better luck next year.

S. M. Gordon Killed, Fell From Engine in the Yards Last Night

S. M. Gordon, a yard switchman of the A. C. L. Railway, was killed last night when he fell from the running board of a switch engine under the wheels and was ground to pieces. From all that can be learned of the accident to which there seemed to be no eye witnesses, Mr. Gordon was riding on the running board of the switch engine, as all of them are won't do in order to step off and make couplings and it is thought that in passing the coal chute a large lump of coal on the side of the track brushed his feet out from under him before he could recover his balance and he was thrown under the wheels of the engine, being killed instantly.

The accident is greatly deplored by all the officials of the A. C. L. Railway and all his fellow employees and his many friends in the city where he was favorably known. Mr. Gordon came here several years ago from Winnipeg, Canada, his home and had been in the employ of the railroad ever since. He leaves a wife and nine children to mourn the loss of husband and father.

The funeral will occur from the Presbyterian church tomorrow afternoon at 3:00 o'clock, Dr. Brownlee officiating, interment being made in Lakeview cemetery.

The sympathy of the many friends is extended to the family in their bereavement.

B. S. A. PLAYS LAKE MONROE

The Junior Chapter Brotherhood of Saint Andrew, played an interesting game of baseball yesterday at Lake Monroe against Lake Monroe Junior team. Because of the decided turns in the game, the game was especially exciting. The game finished 10 to 11 in favor of Monroe. The B. S. A. teams and subs were: John Higgins, Earl Niblack, Robert Moye, George Wilson, James Higgins, C. B. Sutton, John Terwilliger, Edwin Shelly, Irvin Fleischer, with Morris Moye as umpire.
