

### Fast Dog, Flossie Skyduster, Seeks Third Win Tonight

LONGWOOD, Feb. 18, (Special)—Flossie Skyduster, a dog that has been during the track with flying feet, makes an attempt for her third straight victory tonight at the Sanford-Orlando Kennel Club.

One of the top dogs last year at the Longwood plant, Flossie made a delayed start this season, but in her first two tries she has galloped on top of good fields. Her first start was a failure, negotiated in 30 seconds flat. Her second was a 4-16th's and she won going away by 10 lengths in the good time of 33 1/2.

All of which points to the fact that Flossie will be prominent in tonight's 5-10th's field, despite the

### Tennessee, Kentucky Feds Are Outclassed By Daytona's Bucs

ATHENS, Ga., Feb. 18, (AP)—Elmer Lampe, towering University of Georgia basketball coach, thinks Tennessee has the 1942 conference championship in the bag—but that's just one man's opinion.

Vernon (Catfish) Smith, whose Mississippi team was barely beaten by Tennessee, suspects the Bucs are less than they're cracked out to be.

"Those Mehen brothers should carry Tennessee through," argues Lampe.

"Tennessee had a hard time with us, winning by only a pair of fields goals," replies Smith, "and that's no recommendation for a championship club."

The Mississippi coach leans toward Kentucky, though for anybody on their home floor.

The tournament will be played at Louisville, Ky., Feb. 26-28.

### Sanford's Celery Feds Took Lumps Last Night From a First Class Daytona Outfit in a Game Played There, 47 to 15.

Faced by Forward Ankey, the Bucs prove their superiority early in the contest by accurate shooting. The halftime score was 25 to 9. Ankey was high man with 11 points, while Warren Fleming, Brock and Lee each collected two points, and Hicks made one.

Daytona's towering B squad also administered a sound licking to the Fed B, 32 to 11. The local team has two contests scheduled for next week, both to be played here. Tavares will be met Monday and Leesburg on Tuesday night.

### GOLD-PLATED BAIT

FARMVILLE, Va., Feb. 18, (AP)—News Editor William Gardner went fishing and found a big one.

He says he caught a goldfish in his bucket. No fish bit when he ever narrowed it then tried the goldfish and immediately landed a large bass.

### English Bank Checks Have Been Made Smaller to Conserve Paper

ward Doyle Carlton, Florida's top cards this season, were effectively throttled. Craig led the Gator attack with nine points.

Gen. Alexander K. Repin, head of the Russian supply mission to the U. S., discussed the problems of supplying military equipment to the Soviet Union with President Roosevelt in Washington. He plans to return to Moscow shortly.

Message plays a new role when prepared like this: When baked potatoes are nearly done, remove them from the oven, break open with the fingers and tuck two or three link sausages into each potato. Bake 15 minutes—or until the sausages have browned.

### IT'S SAILOR McNEIL NOW

NEW YORK, Feb. 18, (AP)—Don McNeil, former national tennis singles champion and ranked fourth last year, likely won't be around to compete in this year's tournament. He is awaiting a call to report as an ensign in the naval reserve.

### THEY DON'T MIND

BOSTON, Feb. 18, (AP)—The Braves are pretty happy over the deal that brought them long-hitting Ernie Lombardi from the Reds—even though the Boston Park was the only one in which Lombardi failed to hit a homer last year.

### Many WOMEN get 2-Way help!

CARDUI is a name you ought to remember for it may help you in 2 important ways: if your main trouble is periodic functional distress, start 3 days before "the time" and take it as directed. If you are run-down, undernourished, from functional causes, its use as a tonic should help stimulate appetite, increase the flow of gastric juices, and so improve digestion, help build you up. Try CARDUI! —Adv.

### Yanks Are Hold-outs

By JUDSON BAILEY

NEW YORK, Feb. 18, (AP)—Little has been heard of contract controversies in the major leagues this winter for various reasons, but a check today showed that many outstanding players still are unassigned on the eve of the training season.

Joe DiMaggio, who will be the highest-salaried star in baseball this year, has returned his contract at least once without a signature. More amazing, perhaps, is the fact that only pitcher Lefty Gomez and Shortstop Phil Rizzuto of all the regulars among the world champions have agreed to terms.

The New York Giants opened their training camp at Miami Monday with no more than a dozen performers signed and several other clubs similarly have big groups of players outside the tent.

Not all the players unassigned are discontented. The war has posed so many more important problems for the major leagues that some contracts were not mailed out until last week and a majority were not offered the players until the first week in February.

As the result, some players will bring their signed contracts into camp with them and others will come to terms as soon as they get on the scene and have a chance to talk over their desires.

However, there are enough headaches to go around.

DiMaggio, who set a sensational record by hitting in 56 consecutive games last summer, leading the Yankees to the world championship and earning the most-valuable-player award for himself, reportedly was offered a contract for \$37,500, the same amount he received last year. Most observers believe that he and President Edward G. Barry of the Yanks will compromise on \$40,000 with a minimum of argument.

The first president of Harvard University was Henry Dunster, a Cambridge graduate, who was appointed in August, 1640.

## Submarines May Shell U. S. Coastal Cities, Stimson Warns Nation

### War Secretary Gives Assurance Preparations Are Made For U. S. Offense

### U-Boats Driven From Aruba Isle

### Danger Of Pressure From "Thoughtless Persons" Revealed

(By Associated Press) Secretary of War Henry Stimson said today the nation should expect attacks "all along our coasts and other places" like the raids made by submarines on the Netherlands Caribbean island of Aruba.

He urged at a press conference that the country should be prepared also for pressure from "thoughtless persons" to scatter Army defensive forces to meet such attacks, and added, "Yielding to that pressure would be the surest way I know of to lose the war."

He gave assurances that urgent preparations are being made now for an offense by the United States.

Meanwhile, alert U. S. bombers drove enemy U-boats from the Aruba coast yesterday, the U. S. Navy said today.

The U-boats were driven from the Aruba coast yesterday, the U. S. Navy said today. The U-boats were driven from the Aruba coast yesterday, the U. S. Navy said today.

### Ah! Spring!

In the midst of the war news comes this sign of Spring, the season of sunshine and fresh flowers. This model at a New York preview wears a "dinner" that gives intriguing glimpses of the hair. It is of black shantung, trimmed with black veiling and flowers.

## Soviet Troops Battle On Into White Russia

### British State Middle East Armies Are Being Reinforced

(By Associated Press) Russian troops, driving past Smolensk, have penetrated into White Russia's Soviet dispatches declared today and were reported in possession of Kraty, 40 miles northwest of Smolensk.

Britain announced the continuing reinforcement of the middle East armies, which declared that Nazi losses had been heavy in men and material and announced the largest bag of German planes in recent days—35 destroyed aloft and aground.

Earlier front dispatches had told of heavy Soviet artillery action in some areas: directed by the radius of guerrilla bands operating behind the German lines, which had smashed gaps in the Nazi's fortified front and broken down tank-led counterattacks.

Units which filtered through the German lines on the Leningrad front were said to be calling the shots of the Russian big guns so closely that strong German positions were blasted off the battlefield.

In the sector west of Kalinin, between Moscow and Leningrad, other batteries smashed tanks which led a German infantry counter-attack, then routed the infantry, the Russians declared.

Other heavy damage was reported done by barrages laid down on a milefield guarding the double line of German defense works southwest of the Soviet capital.

Meanwhile, in Africa the Axis army in Cirenaica has retired to a general line remaining in the Talmi-EI Mechili line after several days of widespread patrol activity in the broad no-man's-land separating it from the British, official advices said yesterday.

British patrols were active in this area, with strong fighter protection, but discouraged no opposition. The center of the Talmi-EI Mechili line lies about 80 miles west of Tobruk, in the Cirenaican hum.

(In London, military observers expressed the belief that a recent attack by RAF American-made Kittyhawks, which cost the German air force 50 planes, had prompted the German withdrawal. They said also that the green smudge of a line remains from EI Mechili to EI Gazala had been cleared of Axis troops.)

## Batan Fight Nears Last Phase; Chinese Hit At Enemy In Burma

(By Associated Press) A bulletin from General Douglas MacArthur's headquarters in the Philippines reported increasing Japanese pressure against the American and Filipino defense lines on the Batan peninsula, and said Jap troop movements indicated the resumption of an enemy offensive.

The communique said several Japanese flame-throwers were captured. Violent Japanese artillery fire was reported as the campaign apparently neared its last tragic phase.

Japanese troops are within 70 air-line miles of Rangoon, Burma's capital, Tokyo claimed today. Unconfirmed reports, however, asserted Chinese troops have defeated Thai-Japanese forces in fierce fighting along the Burma-Thailand frontier.

The British suddenly stepped up the civil evacuation of Rangoon in the face of an ominous military situation some 75 miles above the city while the RAF carried out a mass attack on a Thailand rail terminus in the north which the enemy is believed using as a base for a parachute invasion of territory vital to the supplying of China.

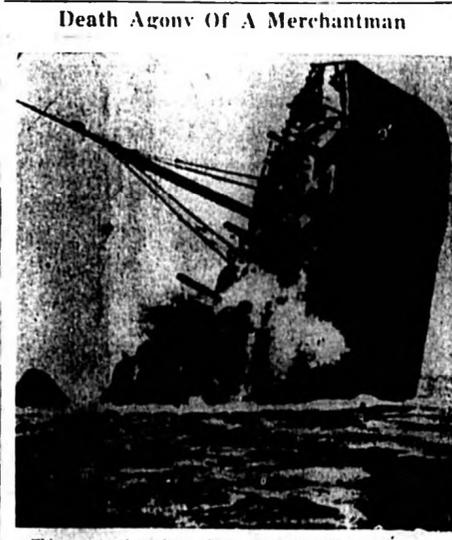

A communique conceded the Japanese had forced a crossing of the Ilin river and the front before Rangoon was described as being lying somewhere between the Salween river on the east and the Sittang on the west; the latter river only 20 miles from the railway by which Rangoon feeds the Burma road, and some 30 miles west of the Ilin.

Japanese parties crossed the Ilin in small boats at some places, it was announced officially.

Imperial forces fought hand-to-hand with the invaders, and Burmese forces counter-attacked sharply, the communique said. The fighting spread along a wide front as the Japanese moved up strong forces from Thaton, which lies not far from the scene of action on the Rangoon-Moulmein railway.

Fighting continued all last night and still is in progress, the communique said, adding that "our troops are holding their positions and fighting strongly."

## Expeditionary Forces, Including Some U. S. Troops, Land At Java

Death Agony Of A Merchantman

This spectacular photo shows an unidentified victim of an enemy U-boat menace in the Atlantic. The still-smoking British merchant ship rears skyward a few seconds before plunging beneath the choppy waters. Her crew struggles in the water awaiting rescue craft.

### Small Number Of Americans Are In Group That Will Help Defend Isle

### Japanese Bomb Australian Port

### 182 Nipponese Ships Are Sunk Or Damaged, Dutch Claim

BATAVIA, N. E. I., Feb. 18. (AP)—A total of 182 Japanese ships have been sunk or damaged by the United Nations' forces up to Feb. 14, according to an authoritative compilation of Axis, the official Dutch news agency.

Of the total, 108 were sunk, 26 damaged, and 45 damaged. The number did not include heavy losses inflicted on the enemy in the invasion of South Sumatra, which started Saturday.

Expeditionary forces of the United Nations, including a "relatively small number of Americans," both ground troops and bomber and fighter pilots from the United States, have arrived in Java to help defend the island stronghold against the inevitable Japanese assault.

Japanese bombers pounded Darwin, a north Australia military naval base, today in the first aerial attack on the Australian mainland. Some casualties and damage to service installations were acknowledged from explosives dropped both on the town and the harbor.

The Dutch East Indies defenders continued their stout resistance to the Japanese invaders, but a number of airfields were burned-out all center in South Sumatra. The Japanese struck new aerial blows on air fields in western and eastern Java.

At least 40 have been reported in the Darwin area before but this was the first bombing attack.

Darwin is about 675 miles north of the Japanese-occupied Dutch island base of Ambon, and is one of the few naval bases left in the United Nations. American and Dutch bombers collaborated in continued blows to the Japanese invaders.

A Japanese merchant ship anchored in Havelock Strait at the mouth of the Mores River, 15 miles from Dobo, was sunk by the first "blasted" sinking of a transport. The hit in two more vessels, 11 number of transports and warships struck with bombs but not sunk since Sunday, with a probable hit and a near miss also reported yesterday.

A military dispatch from Southern Celebes, key island northeast of Java, revealed the withdrawal of Dutch forces from the capital city of Makassar, 102 miles from Sasabain, to new positions from which they were continuing stubborn resistance.

## Masons Celebrate Anniversary Of Lodge's Founding

### Moughton Describes History Of Club, Formed In 1872

Celebrating the seventieth anniversary of the founding of the organization, members of Sanford Lodge No. 62, F. and A. M. held their regular meeting Tuesday night at the Masonic Hall, Sanford. The speaker for the evening was Mr. Moughton, a member of the organization for many years, who described the history of the lodge, which was founded in 1872.

Ralph Chapman and Kent Rossiter were in charge of the supper preceding the meeting. Moughton, who is president of the lodge, presided over the meeting.

The first regular communication of Lodge No. 62 was held Mar. 18, 1872. Mr. Moughton stated. The officers in charge included D. C. Brooks, W. M.; C. W. Jacek, S. W.; H. N. Allen, J. W.; and A. C. Caldwell, treasurer. The meeting was held at a two-story building in Melbourne, near the edge of Lake Monroe. Mr. Moughton recalled.

On July 3, 1883, a dispensation was received from the Grand Lodge changing the location of the lodge from Melbourne to Sanford according to Mr. Moughton.

The first Sanford meeting was held in the old Bishop block. Several other buildings were used as meeting places prior to 1925 when the present hall was opened.

Mr. Moughton declared that three men, who are now living, have been members of the Sanford Lodge for over 50 years. They are Joe Cameron, Frank P. Parker and J. C. Chas. of Winter Park.

The out-of-town visitors attending the meeting were L. H. King of Winter Park, W. E. Gode of Seale, N. Y., E. D. Cook of Winter Park and B. A. Watson of College Park.

## Dean E. C. Nance Recap, Retread Addresses P.T.A. On Founder's Day

### Professor Requests People To Have Faith During War

### Obsolete Makes Are More Difficult To Obtain Now

Declaring that "We cannot win this war by making speeches, by checking on subversive activities or by carrying a hate for other people, but we will win by being courageous, noble and by realizing that Christianity demands much more than we have given her in the past," Dr. E. C. Nance, dean of Rollins Chapel, addressed members of the Parents' Teachers' Association Tuesday night in the high school auditorium.

Dean Nance's speech was a recap of his address at the P.T.A. meeting on Founder's Day, which he addressed at the high school auditorium on Feb. 23, but all previous of the program were then the actual distribution of retreaded tires, took effect at midnight.

Mr. Peterson declared that no retreaded tires can be made in Seminole County unless the purchaser has a rationing certificate. (Continued on page 2)

A Washington dispatch yesterday delayed the start of the retreaded rationing until Feb. 23, but all previous of the program were then the actual distribution of retreaded tires, took effect at midnight.

## Test Will Determine If Siren Can Penetrate "Downtown" Noise

### Rainfall Causes Slight Shortage In Market Produce

Downtown Sanford is expected to hear the air raid siren tonight without fail after an announcement this morning by H. James, but that, barring bad weather, the machine will be placed somewhere in the business district Friday and sounded in order to determine if the noise will penetrate offices, stores and other places.

The siren has been tested several times of the water plant, and every time there have been complaints that it could not be heard. Yesterday, for example, reports from L. E. Moxley and the siren could be heard plainly, while a majority of the people in the Sanford business section did not know it was being blown.

When blown at the water plant, the siren can be heard out into surrounding districts, but not downtown. We are going to try this time right downtown, and if it is satisfactory, I may ask the city commission to purchase another siren so that one could be placed right in the City and one at the water plant. In this way, it seems probable that we could reach most of the people," Mr. Moxley said.

Rainy weather handicapped the staging of the test yesterday. At times the siren could be heard on downtown streets, but people inside offices or stores with doors closed could not hear the siren at all. The test was said to be "inconclusive."

The demand for cabbage is slackening off, and the price also is dropping. The release of a considerable amount of cabbage in the Palatka section is said responsible for this condition, and Mr. Lehman predicted lower prices for cabbage during the next few weeks.

Intermittent rain for the last two days has caused a slight shortage in produce on hand at the Sanford State Farmers Market, but no crops have been reported injured in the county. H. Lehman, market manager, disclosed this morning.

The bad weather caused a delay in the picking of fruit and the cutting of celery, and also in gathering vegetables, it was stated, although for a time yesterday afternoon fruit was picked. The possibility that strawberries might have been damaged by the rain was discounted by Mr. Lehman, who stated that the market has large supplies of good quality berries on hand.

He also said celery is improving and predicted that the price per crate will be better soon. Much locally grown iceberg lettuce was reported coming in and was said to be very fine in quality. "It is as good as is grown in California or anywhere," Mr. Lehman declared.

## Chapman's Condition Reported Improved

LAKESIDE, Feb. 18.—(AP)—Year Jacksonville automobile accident victims were injured yesterday, according to an automobile accident report.

Mr. Chapman suffered a fractured skull and was reported in serious condition at the Lakeside Hospital. He is recovering from his injuries.

Mr. Chapman suffered a fractured skull and was reported in serious condition at the Lakeside Hospital. He is recovering from his injuries.

## Bill For Unemployed Workers Is "Tabled"

WASHINGTON, Feb. 18.—(AP)—The House Ways and Means Committee voted today to "table" the unemployment bill, H. R. 6000, which would provide for the payment of unemployment benefits to workers temporarily thrown out of work while factories were converted to wartime production.

## W. W. Edenfield, Former Resident Of Sanford, Dies

William Wade Edenfield, nephew of Mr. and Mrs. Walter R. Edenfield of this city, died in a Jacksonville hospital this morning at 7:25 o'clock, following an illness of several weeks.

Mr. Edenfield was born in Edgewood, Ga. on Apr. 4, 1904 and resided with his uncle and aunt in Sanford for a number of years. He was a member of the First Presbyterian Church of Sanford.

Other survivors of the deceased man include his father, W. H. Edenfield, Edenfield of Dublin, Ga.; one brother, Frank Edenfield, of Jacksonville; and one sister, Mrs. Sarah Edenfield, of Sanford.

Funeral services for Mr. Edenfield will be conducted Friday at 10:30 P. M. at Trinity Episcopal Church, Sanford. Interment will be in Evergreen Cemetery.

## Mississippi Football Scene May Change

JACKSON, Miss., Feb. 18.—(AP)—A proposal to discontinue intercollegiate athletics at Mississippi state-supported universities and colleges for the war's duration will be considered at a special meeting of the Board of Trustees of State Institutions of Higher Learning to be held Monday at the W. A. Rouse Memorial Hotel, Jackson.

The plan, if approved, would affect primarily the football membership of the University of Mississippi and the Mississippi State University. The Board of Trustees of the University of Mississippi is expected to meet Monday.

Miss Ruth E. Motimer, state director of Bureau of Public Health Nursing, said a routine check of the local County Health Department is being made.

## City News Briefs

All Sons of the Legion are urged to practice Sunday afternoon football at the Army rifle range in preparation for the S. of A. L. rifle match at Winter Haven on Mar. 10.

Plans for the 1942 convention of the American Legion when they have a meeting today.

Miss Ruth E. Motimer, state director of Bureau of Public Health Nursing, said a routine check of the local County Health Department is being made.

## Citizens Warned Of FBI Impersonators

ORLANDO, Feb. 18.—(AP)—Special Agent E. G. Denner, in charge of the Federal Bureau of Investigation in Florida, Wednesday advised the public to be on guard against "impersonator" undercover agents who are taking advantage of the increased operation of the FBI.

Admiralty of these individuals is in large measure to the "gullibility of the public in not requiring them to establish their identity through credentials," he said.

Nassau was a proper center for blockade runners during the Civil War.

## Sanitary Engineer To Conduct Survey With Entomologist

S. M. Rogers, county sanitary engineer, will conduct a field survey of this area with G. H. Priddy, senior entomologist of the U. S. Department of Agriculture, the local engineer said this morning.

"Our program for the improvement of general sanitary conditions in Seminole County can be carried out with the cooperation of the public," Mr. Rogers pointed out, adding that he and Grady Duncan, City sanitary inspector, are working together on the question of food handling establishments within the City limits. Mr. Rogers has completed a county inspection.

"Food handling establishments," said Mr. Duncan, "include restaurants, markets, and drug stores."

The two men agree that their attempts to secure more modern and sanitary outdoor toilets is necessary in keeping down hookworm, malaria and infection.

## Vichy Aid To Axis Is Still Unexplained

WASHINGTON, Feb. 18.—(AP)—Sumner Welles, undersecretary of State, said today the United States is not satisfied with the explanation so far offered by the Vichy Government regarding reported French aid to the Axis forces in Libya.

He added that further instructions have been sent to Ambassador William D. Leahy at Vichy.

## Newspapers Should Give Unbiased Facts

ATHENS, Ga., Feb. 18.—(AP)—The fundamental duty of newspapers is to present unbiased facts to readers, was stressed by two speakers at the Georgia Press Institute here Wednesday.

Dr. Frank Luther Mott, of the University of Iowa, said the people "given prompt and proper information, and guided by honest leaders, will know what to do about it."

## 7 Killed

LONDON, Feb. 18.—(AP)—Bombs from a daylight raid killed seven persons and injured four in an East Anglian town Wednesday and shattered a number of stores and homes.

## U. S. Positions In Bataan Are Heavily Bombed

### Fighting Rages Along Entire Front, Big Guns Are Active, MacArthur Reports

### British Maintain Burma Positions

### Washington Tells Of Sinking Of Tanker Off Atlantic Coast

WASHINGTON, Feb. 20. (AP)—Anti-air attacks against the war plane factory at Bataan were estimated today at \$145,000,000, 600 by the War Production Board. This is slightly under the national program for 1939 and 1940 combined.

WASHINGTON, Feb. 20. (AP)—The Navy announced today a 4,000-ton Brazilian freighter, *Olimda*, was shelled and sunk by a enemy submarine off the Atlantic coast.

The British are maintaining their positions along the Bilin River in Burma, London reported today. The Japanese reported a heavy aerial bombardment of American positions on the Bataan peninsula in the Philippines.

General Douglas MacArthur reported fighting from fixed positions along the entire Bataan front amid Japanese incendiary bombing dropped behind United States defense lines.

British-Indian defenders repulsed an enemy attack on the west bank of the Bilin River in Burma.

Flares fighting has been under way 24 hours. The British reported successful air action.

Corvettes, three miles out in Manila Bay from the tip of the peninsula, was under heavy artillery fire for the fourth successive day along with other American island fortifications commanding the gateway to the bay.

The fire came from batteries concealed on the Cavite shore across the bay from Bataan, but the communications said the big guns failed to accomplish a great amount of damage.

The U. S. communications said that the Japanese were attempting their usual operations against the Manila Bay fortifications and were concentrating on little *Frank*.

The bombardment, first started early this month, failed so far as to accomplish "a great amount of damage," the War Department said. The pounding has kept up nevertheless, day after day, with the forts' guns retaliating by smashing some of the hostile batteries.

### Churchill Names Clafford Cripps Commons Leader

LONDON, Feb. 20. (AP)—Sir Clafford Cripps, former Ambassador to Moscow and a rising star in British politics, was named today as the new Commons leader by Prime Minister Winston Churchill.

Lord Beveridge, who organized Britain's aircraft and tank production, will go to the United States to carry on the task of selling the services of the United States.

Mr. Beveridge, who has been Minister of State in the Middle East, will be in the United States for a period of several months.

### Russia Reports Offensive Is Still Unchecked

### Armored Forces Of Germans In North Africa Withdraw

(By Associated Press) Russia reported its great offensive is rolling on unchecked today, crushing German counter-attacks with bloody losses. The Nazis admitted the Russians still are on the offensive but claimed the Soviets are encircled on the Moscow front.

In North Africa, Axis armored forces withdrew after exchanging fire with the British near Timimi. The people of the Soviet Union specifically are awaiting news Monday of the 31st anniversary of the founding of the Red army, expecting that a triumphal announcement will be made of a widespread liberation of Soviet territory from German rule.

Noting the deep thrusts the Russians are making, both above and below Smolensk, some observers expect this region will figure in the announcement.

Although Red army dispatches reported persistent penetrations into White Russia, the most western point mentioned as captured was Kresty, in the vicinity of Velich, which is 70 miles northwest of the White Russian frontier.

Last night's Soviet communiqué reported the phony news of a "great success" during the night of Feb. 19. "Our troops repulsed an enemy attack and occupied several inhabited points. On some sectors of the front the enemy made counter-attacks which our troops repulsed with heavy losses to the Germans."

On February 18 we destroyed 16 German planes. Our losses were eight planes.

### 1470 Books from Seminole County Sent to Forces

"Sanford, the City of Gardens and Quality Folk on the St. Johns River," was written in each of the 1,470 books along with the donor's signature, which were sent to Orlando yesterday afternoon, Mrs. James Moughton, county chairman of the campaign, said today, mentioning a few of the verses written above the signature of the giver, who wished "to make his gift to a soldier or sailor more personal."

Mrs. Moughton, with the assistance of her committee members, Mrs. M. E. A. Londenberg, Mrs. J. L. Clark, Mrs. J. T. Newby, Mrs. L. E. Stone and Mrs. Morris Spencer, first sorted the books, then classified them and lastly, arranged them in alphabetical order before sending the collection to the Albertson Library in Orlando where some of the volumes will be loaned.

### Clearwater Aliens Being Held In Jail

CLEARWATER, Feb. 20. (AP)—Three Japanese aliens who disobeyed Clearwater police orders to leave town without permission, are being held in St. Petersburg jail, Police Chief Russell said Thursday.

They are Saburo Haseki, Etsuko Haseki and Hishashi Takayama, servants of Clearwater residents. They were arrested at the home of another Japanese resident, E. P. Pendergast, last night.

Chief Haseki and the Japanese had proper registration papers and other credentials, but had been ordered not to leave Clearwater without permission.

### Eleanor Explains OGD Resignation

WASHINGTON, Feb. 20. (AP)—Mrs. Eleanor Roosevelt resigned as Assistant Secretary of the OGD today, after a long illness.

### Twice A Winner

Mrs. Carol Marshall proudly holds Lotus, Pekinese winner of ribbon for best of breed in the 11th Annual Pet Dog Show in New York City. Lotus is a repeater, having won the coveted ribbon last year.

### Tokyo Announces Many Gains From Raid On Darwin

(By Associated Press) Tokyo claimed today Japanese planes sank an Australian auxiliary cruiser, two destroyers, a sub chaser and nine transports in yesterday's raid on the port of Darwin, north Australia.

Australian Parliament meets today in secret session to hear Prime Minister John Curtin discuss the war and the dangers of invasion.

Squadrons of Japanese bomber and fighter planes staged their third raid in 24 hours today on the vital Allied stronghold at Darwin, North Australia, continuing off point for American and Australian reinforcements to the Netherlands East Indies.

The third raid followed two savage attacks yesterday in the first of which 72 twin-engine bombers took part while 21 of the same machines took part in the second causing casualties and considerable damage, particularly in the port area.

Other dispatches said the Japanese planes were machine-gunning the Darwin area today.

Let it be remembered that Darwin has been bombed, but it has not been conquered," he admonished.

### Two "Murder, Inc." Members Executed

OSSENING, N. Y., Feb. 20. (AP)—The second double execution in the drive against Brooklyn's Murder, Inc., sent two more members, Frank Abbandando and Harry Malone, to death at Sing Sing today. They were convicted in 1937 of the slaying of George Rindick.

### City News Briefs

Members of the Daytona Beach Lodge will occupy the chairs when the Sanford Elks hold their regular meeting tonight at 8:00 o'clock at the Elks Lodge.

A group of colored men were sent by the Detective Service Office this morning to the pre-induction station in the Orlando Air Base for physical examination.

An American flag crested a red white and blue thread in the pattern designed by Mrs. Ruby Britton of Lake Mary will be displayed in the Posture Producers' Association exhibit at the Central Florida Exposition in Orlando next week. Mrs. Britton began the flag during the first week of December and completed it today.

## Allied Naval Forces Blast Jap Invaders At Bali Isle, Near Java

### Road Department Budget Includes Sum For Sanford

### Dawson Reveals Plan For Raising Stock Feed In Seminole

Disclosing that \$25,000 has been delineated in the tentative State Road Department budget for the paving and widening of Park Avenue from Tenth Street South to Twenty-Third Street, Senator E. F. Housholder told the Executive Committee of the Chamber of Commerce and other committee members who were present at an executive meeting yesterday noon that this project and two others were set up in the department's 1942 budget.

The possibility that the County may increase its livestock production and the growing of feed was noted when C. R. Dawson, representing the Agricultural and Livestock Committee, told members he was arranging to have W. J. Shively, who is connected with animal husbandry at the University of Florida, and W. M. Lewis, general livestock agent of the Atlantic Coast Line, come here to confer with the Agricultural Committee and persons interested in the following: increased fertility of the soil, the cattle business, the utilization of locally grown feed, and cattle feeding.

Mr. Dawson reported he has received offers from persons who will furnish land for growing livestock feed. The main purpose of the plan is to increase production of the soil, it was stated.

Mr. Housholder revealed the Road Department has set aside \$25,000 to be used to construct a retaining wall along Seminole Boulevard, which is being damaged by the new highway, the lake, he disclosed, will be destroyed in the budget for construction of State Road No. 11 from Titusville bridge to the St. Johns River, and said he expected to build a grade from Lake Jessup to Geneva.

In an attempt to secure funds for this project, President W. C. Housholder appointed the following men to act as a special committee to appeal to the State Road Department to provide funds for construction of the Lake Jessup Geneva road: W. G. Kilber, F. A. Dvorn, George Wilmer, Ralph Wright, Senator Housholder and Secretary Ed Higgins.

Mr. Higgins said a survey of Seminole County's resources, which was made following his trip to Washington in behalf of the new airport and the other projects, will be presented to the Office of Production Management in Jacksonville sometime next week. He said while he was in Washington, the CAA assured him that the money for extension and improvement of the airport is requested by the Army would be forthcoming.

He also disclosed that the county will have an exhibit at the Central Florida Exposition, which starts in Orlando next week. E. E. Kover, who is in charge of the exhibit, with Mr. Dawson having charge of the vegetable and fruit exhibit.

### Preaction Violators Subject To Arrest

TALLAHASSEE, Feb. 20. (AP)—Violators of reasonable air raid regulations or other civil defense rules are subject to arrest, Attorney General Tut Winters said Thursday, and civilian defense workers may break into buildings if necessary to extinguish lights in time of blackout.

Such action is justifiable in common law, which provides broad measures for the Governor, the sheriff or local mayors to protect the public from danger. Any person who willfully destroys property, however, will be subject to prosecution.

### Apdo Choir Will Present Program of Religious, Semi-Classical Music

"Our program will include religious and semi-classical selections with the entire choir, as well as solo work and a small group of vocal soloists. We will present a new song, introducing a new voice song by the western star, Ben Stewart," Coleman Cooper, president and chairman of the Apdo Choir, said today.

The choir, which was organized last year, will present a program of religious and semi-classical music at the Apdo Club in Sanford. The choir is composed of 25 members.

The choir's repertoire includes "The Glow Worm" by Locke, "Silver on the Snow" by the Range and other songs in that vein. Among these the boys dressed as cowboys will offer when they introduce the new number, "Way Out West."

### Survived Submarine Attack Off Virginia Coast

Five of the eighty-three survivors of the torpedoed Brazilian passenger-cargo vessel *Jack* are undaunted by their harrowing experience as they are pictured in Norfolk, where they were taken by rescue vessels after spending eighteen hours in a lifeboat. Their ship, formerly the *Scampani* of the Moore & McCook Line, was sunk by an Axis submarine off the Virginia coast. Left to right, are Mano Otonari, his mother, Graciela Otonari, Erida Ferrera, 5, his mother, and Walter E. Shively, 12. The man was killed and one reported missing.

### 13 Men Appointed Citizens May Read Defense Council Fact Bulletins At Public Library

Stating that the American Library Association in attempting to inform citizens of the United States about the armed forces and civilian participation in war effort has begun issuing bulletins and pamphlets each month, Mrs. Elton Moughton, public librarian, announced today that the local library has a table bearing this month's 21 publications which may be read and studied by Sanford people.

A large poster in patriotic colors asks readers if they are interested in facts about any phase of the government. Pamphlets are entitled "War Against Waste," "Duties of Federal Agencies," "Civilian Malaria Service," "United States Civilian Defense Corps," "Guide for the Training of Volunteer Nurses," "The United States Navy," "The Army and You," "Activities of the United States Coast Guard," "The Flag," "New Ships for the Merchant Marine," "Ships for Freedom."

The directors have received complete instructions on setting up necessary committees, and also have been advised as to the proper steps to take should an emergency arise. The appointments were made by Mr. Peterson and will be offered to the Defense Council for confirmation.

The directors are Charles E. Bradshaw, Altamonte Springs; J. A. Redpath, Ocala; Kenneth A. Wright, Forest City; William G. Kilber, Geneva; W. J. Hartley, Longwood; C. A. Wales, Fern Park; Sam F. Long, Chuluota; Joseph Weinhart, Oviedo; C. E. Hawke, Paola; Austin Knight, Wagner; Frank Evans, Lake Mary; J. Carl Huse, Lake Monte; and Charles W. Eldridge, Goldenrod.

Mr. Peterson also revealed he has received from State Defense Council headquarters a bulletin stating that eligible applicants for certificates to purchase tires, will not be granted the purchasing privilege if persistent abuse of tires is allowed by the person, firm or corporation. This applies not only to all forest product operations, but also to all other operations where the trucks must go.

### Birth Rate Proves Highest Since 1921

WASHINGTON, Feb. 20. (AP)—The Census Bureau acclaimed 1941 United States babies, totaling about 2,500,000 as the most in two decades. Record only in the 2,600,000 record set in 1921.

### F.D.R. To Describe War As He Sees It

WASHINGTON, Feb. 20. (AP)—President Roosevelt's radio address Monday night was tough on a strategy, but probably will present chiefly the picture of the world at war as the President sees it, press secretary Farby announced today.

When food is plentiful the atmosphere grows itself until it can neither give nor fly.

### Dutch Destroy Vital Installations In Path Of Advancing Foe In East Indies

The Japanese also landed on Timor, the easternmost island of the Malay Archipelago, Tokyo claimed today.

A Batavia communiqué reported Allied planes downed 10 Japanese planes during enemy attack on Soerabaja, Java naval base on the past two days. Allied aircraft also were credited with destroying two more Japanese planes off Bali.

The Japanese also landed on Timor, the easternmost island of the Malay Archipelago, Tokyo claimed today.

A Batavia communiqué reported Allied planes downed 10 Japanese planes during enemy attack on Soerabaja, Java naval base on the past two days. Allied aircraft also were credited with destroying two more Japanese planes off Bali.

The presence of Japanese war-craft and troopships off Bali is held as a possible indication of the expected attempt to invade Java at a bold try to outflank Java for an invasion of Australia.

Meanwhile, Yates McDaniel, Associated Press correspondent, reported the last American newspaper to leave Singapore reached Batavia today after his ship had been bombed and sunk.

On Borneo and Celebes the Dutch rear guard still is engaged to delay the invader, while in southern Sumatra a fierce battle is being fought between the Dutch forces which will attempt to give Java.

Batavia had two air and anti-aircraft squadrons yesterday. The struggle ahead, although the Japanese were reported to have captured the island of Dutch, Indonesian and British troops apparently were fighting side by side in Sumatra.

There were continued reports of fierce resistance put up by Indonesian regulars, they destroyed one Japanese force which attacked a refinery at Palembang. It was reported and one Ambonese soldier was credited with slaying a Japanese with his bare hands.

A column of American fighters had destroyed six Japanese aircraft in a big battle over the Dutch naval base of Soerabaja, Java, the War Department reported last night.

The battle was fought between 16 American pursuit ships and 27 enemy planes—25 bombers and two fighter planes—and the Japs came out second best.

### Enemy Loses 10 Planes in Attack

Long-Range Bombers Score Direct Hits On Nippon Ships

Allied naval forces today blasted strong Japanese invasion armies carrying out landings on the island of Bali, only one mile from the eastern tip of Java; the Dutch destroyed vital installations in the path of the invaders and reported fierce resistance by Bali's defenders.

The Japanese also landed on Timor, the easternmost island of the Malay Archipelago, Tokyo claimed today.

A Batavia communiqué reported Allied planes downed 10 Japanese planes during enemy attack on Soerabaja, Java naval base on the past two days. Allied aircraft also were credited with destroying two more Japanese planes off Bali.
