U. S. Planes Shoot Down Two Red Attackers

REFRIGERATOR HAZE—Firemen are shown as they carried a smoking refrigerator from the residence of Dr. and Mrs. L. T. Doss, 1501 E. Second St., yesterday afternoon. The couple had returned to the house to find the refrigerator aflame. Fire Chief Mack Cleveland remarked the blaze could have been serious had it been given five more minutes' start. (Staff Photo)

Lull In Court House Feud Comes With Meeting Friday

A truce between Sheriff J. L. Hobby and County Clerk O. P. Herndon was apparently declared Friday at a session of the County Board of Equalization when Herndon told the County Commissioners "We must assume that his office is doing a good job and account for paying for his services in the 1954-55 budget. Sheriff Hobby is a constitutionally elected public official and you must not judge his talents."

Strolling In Sanford

A telegram was received over the weekend by Forrest Breckenridge, manager of the Chamber of Commerce, concerning Lynda Bridgers, Aitamaha Springs, youngster who competed in the Canadian-American synchronized swim meet at Niagara Falls, N. Y. The wire read, "Forty-four top level U. S. Canadian contestants accepted out of 84 Lynda's judges scored a 31 California Jo Ann Royer winning score 45."

Mr. W. Tyre, Scoutmaster of troop 31, who is planning a special Explorer Scouts on a trip to New Mexico, called his wife last night and said they were camping in the Florida Everglades, about 60 miles from Palmont, their destination. They arrived at Palmont about noon today. They have had a good trip, he said, and the weather has not been very hot.

Mrs. F. D. Scott, president of the local Girl Scout council, has been honored with an invitation from Mrs. A. J. Jarell, chairman of the regional conference program committee, to assist at the equipment service booth at the conference to be held at Jacksonville, Oct. 12-14. "Because of your qualifications and experience as a volunteer trainer, would you serve on the committee and assist at the equipment service booth during the conference?" the letter asks. The booth displays various equipment used in scouting. The regional conference will be held at the Florida State Fair grounds, Orlando, Oct. 12-14. Mrs. Scott said she is a qualified trainer of Girl Scout leaders, having taken a course for same.

The Orlando Navy Recruiting Office announced today that applications are now being accepted for enlistment in the regular navy from both men and women. Qualified applicants will be sent to Jacksonville for enlistment, then transferred to San Diego, Calif., for men and Bainbridge, Md., for women, for recruit training. To obtain full information about the navy as a career, visit the Navy recruiter located in Orlando.

Mr. and Mrs. William Wilford attended the Master Photo Dealers and Finishers of Florida convention at Riviera Beach Saturday and yesterday. They operate a local photographic establishment.

Mr. and Mrs. F. W. Talbot, Orlando, are on an extended air trip to the West, during which they are visiting relatives in Texas and California. They plan to be back the last of August. Mr. Talbot is sales manager for Nelson Brothers, Orlando, and is a former mayor of the town.

Try To Cut A-Debate Defeated

WASHINGTON (AP)—The Senate today beat down a determined effort by Republican leaders to cut short debate on the atomic energy bill. On a roll call vote, a motion by GOP leader Knowland (Calif.) to invoke cloture—restricting all future debate to one hour for each senator—received the support of 44 senators while 42 opposed it. The cloture would have required a two-thirds vote of the full Senate, or 64 "ayes," to put the motion over. In advance of the vote, Knowland told the Senate he had "no illusions" about a chance to win, and warned "even more drastic" steps might be needed.

"If there was ever a time when cloture was in order," he said, "in my judgment this is the time." He gave no hint as to what these "drastic" steps might be. Before the Senate met, Knowland had conferred at the White House with President Eisenhower and held reporters afterward that "there will be no surrender" in the efforts to pass the administration bill. He said the President and Republican congressional leaders agreed also that the delays in the Senate should not be permitted to block the administration's legislative program "even if it requires that Congress continue in session several additional weeks."

There was a suggestion from Sen. Lyndon Johnson of Texas, the Democratic leader, in the brief debate before the vote on cloture that something in the way of a shortening of the debate might be worked out. Johnson announced that he would not vote for cloture but he asked that his Democratic colleagues confined themselves to "reasonable discussion" and let the matter come to a vote. Johnson suggested working out a (Continued On Page Eight)

Screen Test Is Set Up For Beauty

HOLLYWOOD (AP)—A screen test was set up at Universal-International Studio today for Miss Virginia Stevenson, 21-year-old Miriam Stevenson of South Carolina. Miss Stevenson, proclaimed early Saturday as the most beautiful girl in the world, had won the Miss USA title earlier in the annual contest at nearby Long Beach. One of her prizes was a film contract. The first girl in the contest's three-year history to win both crowns, Miss Stevenson has what the judges regard as perfect measurements—36 inches at the bust and hips and 21 at the waistline. She won the Miss Universe title over 32 foreign entries.

Universal-International is one of the sponsors of the worldwide contest. The dangers of communism could be readily understood if properly taught, and it would be of great value to the youth of our country if they could be adequately shown the differences between the theory and practices of communism and the theory and practices of the government of the United States under our Constitution.

REGISTER STOLEN JACKSONVILLE (AP)—When Vincent Marti, operator of Boulevard Smudgies, tried to ring up a sale he found he couldn't do it. The cash register was gone. While he was busy with a customer Saturday, Marti told police, someone came in the store, walked in the rear, then left through the front door. A few minutes later Marti found the cash register was not there.

Parolee Shoots His Wife In Back LIVE OAK (AP)—Jimmy Temple, a former Live Oak man recently paroled from prison in Georgia, shot his wife in the back with a shotgun here Saturday night, Sheriff Hugh Lewis reported. Mrs. Thelma Temple was reported in fair condition yesterday and is expected to recover. Sheriff Lewis said Temple is in jail on a charge of attempted murder. Sursumma County deputies caught him in a car east of here about 30 minutes after the shooting.

Heavy Downpour Hits City

Another drenching downpour hit the Sanford area today after 2.71 inches of rain was recorded in a 30-minute thundershower Saturday afternoon. The figures, according to E. J. Moughton and Dr. R. W. Rupprecht, weather observers, are not at all out of the ordinary for this time of the year and do not mean it is just a good summer shower which is badly needed.

But that announcement will probably fail to alleviate the misery to motorists who were stranded all over the city when the downpour started. The heavy rain failed to contain the heavy inundation in many places, water was over the curb level, flooding yards and threatening dwellings. Red central office representative for the Sanford branch of Southern Bell Telephone and Telegraph Co., reported that 60 or 70 lines including regular phones each were interrupted. The trouble was not confined to any particular area, and in some cases it took until early last night to restore service. Although we worked as rapidly as possible, Red said.

A spokesman for the Florida Power and Light Co. said that there was no general trouble in his knowledge, but added that lightning striking anywhere along the line between Sanford and Cocoa could cause momentary breaks in the local circuits. City Mrs. Warren Knowles says that to the best of her knowledge there was no storm damage to city property.

Local residents took varied stands on the rain-fall. They cheer all depending upon whether or not they were among the stranded automobile drivers. They didn't seem to appreciate it as much as those with heat-baked yards.

Vietminh Troops Stab Southward Below Truce Line

SAIGON, Indochina (AP)—Vietminh forces stabbed southward in the Nam region over the weekend, still far below the dividing line set by the imminent cease-fire. The new attack, 100 miles south of Saigon, came on the heels of a paroled Vietminh chief, Mo Chi Minh, "liberate" the lower half of the partitioned Indochina state. In North Viet Nam, which is still under French control, the Vietminh forces, the French got ready to attack when lightning struck near the border. The Vietminh operation is set to begin Wednesday.

A French high command spokesman said the rebel attack in the South began Saturday. He said the Vietminh struck at Nha Trang, the lower half of the partitioned Indochina state. The Vietminh forces, the French got ready to attack when lightning struck near the border. The Vietminh operation is set to begin Wednesday.

Other Vietminh forces brought pressure on Chen Rep, a post 100 miles southwest of Qui Nhon, central Viet Nam's pleasure capital. French commander Gen. Paul Ely, French commander in chief in Indochina, warned the rebels to stop or face mass retaliation.

WRECK—No one was injured when this 1953 station wagon, driven by Mrs. Vera Hannah Kanner, 2244 Sanford Ave., Sanford, returned after striking nine guard posts at the Osteen bridge on Highway 615 about 3 1/2 miles west of Osteen late yesterday afternoon. Mrs. Kanner was traveling with her two small children when the accident occurred. According to Trooper Jake Rauterson of the DeLand unit of the Florida Highway Patrol, the driver apparently went to sleep. No charges were filed, he added. Damage was estimated at \$400 in the car, and the road markers were valued at approximately \$75. G. G. Galloway, who was at the scene, is shown above viewing the wreckage as the vehicle lies overturned in the middle of the highway. (Photo by Jameson)

Proposal Made For Terminal On Lake Front

TELEPHONE TROUBLE—Charles Inghart, representative for the Southern Bell Telephone and Telegraph Company, is shown in a pole at 14th St. and Laurel Ave., making repairs following the storm here Saturday. (Staff Photo)

Lighting, however, still electrical storm encountered by the city Saturday, hit the area of Mr. and Mrs. Frank Adams, 2006 Lake Ave. Two other trees also were struck by lightning (Staff Photo)

PARTS OF TREE—Holding parts of a tree shattered by lightning Saturday afternoon at 2006 Lake Ave. are (left to right) Mrs. Lynn Adams, 6, daughter of Mr. and Mrs. Frank Adams, and Pamela A. and Suzanne Jones, 10, daughter of Mr. and Mrs. F. H. Jones, all of Lake Ave. A nearby resident, Peter Hulse, 2006 Lake Ave., owned a dog when lightning struck near him while he was watching his instrument repair shop. Hulse said he was sure the dog was for his experience. A tree also was struck at his residence. (Staff Photo)

ASTOR WINS DIVORCE EL PASO, Tex. (AP)—John Joseph Astor, worth \$1 million in Manhattan real estate, has received an uncontested Mexican divorce from his second wife. The divorce was granted by proxy over the weekend in El Paso, just across the Rio Grande from here. Grounds were listed as incompatibility of character.

PROGRAM ANNOUNCED MIAMI (AP)—A \$100,000 program of strikes and support for the Cuban revolution, headed by the House member, Walter W. Rosten, and Chairman of the House Committee on Un-American Activities, was announced by House Speaker W. W. W. Rosten.

BOYS SAFE ST. PETERSBURG (AP)—Running a little behind schedule on their 4,400-mile trip in a 19-foot motorboat, two Bradford, Pa., boys were surprised and indignant when they arrived here last night to hear they were the objects of a Coast Guard search.

No Yanks Are Hurt In Scrap

WASHINGTON (AP)—The State Department reported today two U. S. carrier planes shot down two Chinese Communist planes which attacked them while the Americans were searching for survivors of a British airliner. A department announcement said there were no casualties on the American side and emphasized that the Red planes made their attack "over the high seas."

The United States plans to protest most vigorously "against this further evidence of Chinese Communist hostility and their blatant interference with a humanitarian rescue operation being conducted by the United States." The American planes were from the USS Intrepid, a fleet oiler, and a fleet transport, both of which were shot down a few miles from the British airliner on a flight from Bangkok to Hong Kong. The Communist Radio announced today that the People's Republic of China was attacking the British ship on the high seas. It said the Red pilot thought the plane was "British Nationalist."

Ten persons, including three Americans, apparently lost their lives after the American ship was shot down. It said the Red pilot thought the plane was "British Nationalist."

Red China Ups Anti-U. S. Talk

TOKYO (AP)—Red China today intensified its anti-American propaganda attacks, warning that it is heightening coastal defenses and will shoot down any approaching Chinese Nationalist planes. Several Peking radio broadcasts said the United States is "deliberately provoking the Chinese Nationalist planes." Several Peking radio broadcasts said the United States is "deliberately provoking the Chinese Nationalist planes."

Three People Hurt In Auto Accident

Three persons were injured today night in a two-car collision on Highway 100 about a mile and a half east of Sanford. The accident occurred at the intersection of Highway 100 and Highway 100. The accident occurred at the intersection of Highway 100 and Highway 100.

L. A. Woellmer Dies In Hospital L. A. Woellmer, 68-year-old resident of DeLand, died at 1:10 p. m. yesterday in an Orlando hospital following an illness of a year. His residence was on Plan 10th Rd. Born May 30, 1886, in Syracuse, N. Y., he was a retired vice president of the Cuban Electric Company, serving as a sponsor of the company. Prior to coming to DeLand two years ago, he had lived in Easthampton, N. Y. He was a member of the Presbyterian Church of Sanford and a member of the Maunabo Bible of New York and the Shrine of New York.

Survivors include the widow, D. Barry and one brother, Harry A. Woellmer of DeLand. Services will be conducted at Mission Funeral Home at 10:30 a. m. tomorrow with the Rev. A. G. McIntosh officiating, and the body will be sent to Syracuse for burial in Oakwood Cemetery.

Proposal Made For Terminal On Lake Front

A report will be made of the city commission tonight by Andrew C. Johnson, a member of the commission, for a terminal on the lake front at 14th St. and Laurel Ave. The terminal is to be a floating terminal, and the commission is to be authorized to acquire the site. The terminal is to be a floating terminal, and the commission is to be authorized to acquire the site.

Also on for discussion tonight is the proposal to build a new terminal on the lake front at 14th St. and Laurel Ave. The terminal is to be a floating terminal, and the commission is to be authorized to acquire the site.

Everyone Should Know How To Swim; A Few Strokes Could Save His Life

It is a good thing to know how to swim, especially in Florida.

A person never knows when just a few strokes may mean the difference between life and death. Of course, the better a person knows how to swim, the better it is for himself—and possibly someone else.

Just recently, Robert Gonzalez helped a local girl, Dana Rankin, to shore in Lake Mary after she had encountered difficulty in the middle of the nearby body of water.

Gonzalez had been pulling the girl on water skis with a motorboat when the motor ran out of gasoline and stopped. The girl was stranded and had trouble in the water. Gonzalez went into the water to the girl's assistance and helped her to shore.

The effort was so great that Gonzalez

proceeded to regurgitate after the brave action was completed.

The peculiar aspect of the incident was that Gonzalez had never had any formal training in life-saving. However, he had watched Bob Zubrod, American Red Cross water safety instructor, give lessons in the local pool. Zubrod is an area official of the ARC.

Just this much information was sufficient to possibly avoid a serious accident at the lake, even though Miss Rankin can swim.

A person does not know when he may find himself in deep water in some type of accident. Swimming instruction is not difficult to find.

Let's all know how to swim.

TODAY'S BIBLE VERSE

A proud look, a lying tongue and hands that shed innocent blood—Proverbs 17:15. A proud look seems relatively a very minor sin, but it has ruined the careers of some able men. Humility and consideration can be cultivated and should be. If we loved our neighbor as ourselves we would not offend with haughty attitudes.

JAMES MARLOW

Billions Go Toward Road Building

WASHINGTON (AP) — President Eisenhower's proposed \$6 billion highway program for the next 10 years, huge as it seems, would be only part of the money spent on roads in that time. The total would be over \$7 billion.

The \$6 billion wouldn't all come out of the U.S. Treasury. Only about half of it would. The states would have to put up the rest. But the proposal is only a gleam in Eisenhower's eye.

It was a suggestion he tossed to the governors at their recent annual meeting in New York state to get thinking started on this country's road needs. He was guessing at what such a program would cost.

Sometime next year he may be able to offer Congress a specific program and the government's Bureau of Public Roads finishes an estimate, perhaps by February, on what it would cost to build needed new roads and improve existing ones.

The government helps states now under what is called a federal aid system, begun in 1916. The money given by the government must be matched by the states, generally on a 50-50 basis.

Any money used under this aid system, federal and state, must go only into construction of new roads and improvement of old ones. Then the states must maintain them. The federal government has to give its approval when any of its money is used.

Any additional road building or repairing—that is, on roads outside the aid system—must come out of the pockets of the states, counties, cities and local communities. This year the government is giving the states 575 million dollars. For each of the next two years it will give 675 million.

The Bureau of Public Roads estimates the federal government, the states, counties and local communities will spend altogether about \$14 billion dollars a year. That's for construction, maintenance, administration and retirement of debt.

Of that \$14 billion, \$1,750,000,000 will be spent on construction alone—new roads, improving existing ones—by the federal government, states, counties and local communities. That would be, if costs didn't go higher than they are now, \$17,500,000,000 over the next 10 years.

What Eisenhower suggests is that \$6 billion dollars be spent over those same 10 years in addition to the \$17,500,000,000, or a total of \$23,500,000,000 in the next decade for construction.

In this country there are about 3 1/2 million miles of roads and streets. Of this total, 268,000 miles are local city streets and 2,932,000 miles are rural roads. A rural road is anything outside the jurisdiction of a city.

Of the total rural roads and city streets—3 1/2 million miles—the federal aid system includes only 812,000 miles in what are called the primary and secondary systems.

The primary roads—218,000 miles in rural areas, 16,000 miles in city streets—are supposed to be roads of major importance. That's a total of 234,000 miles of primary roads.

The secondary roads are of lesser importance, like school bus routes. They total 438,000 miles. The federal aid money is given for building and improving primary and secondary roads.

Of the 234,000 miles of primary roads, the American Assoc. of Highway Officials estimates 65 per cent are in need of improvement. About 38,000 miles of those 234,000 miles of primary roads are the interstate network, the main arteries of the nation's highway system.

Army Experiment

Next autumn the Army plans experiments to determine how to best use its divisions in battles that may be fought with atomic weapons. Two divisions, one armored, one infantry, will be torn down and rebuilt in the experiment.

Experts hope that re-organizing the divisions may result in a greater degree of mobility, flexibility and self-sufficiency. Against nuclear weapons a division would have to be able to disperse itself rapidly over a wide area to remain effective. The aim of the experimental re-organization will be to obtain divisions able to fight on their own and units within divisions capable of fighting independently.

Other changes are already underway in the Army. All recruits are now given basic training even if their eventual assignments are to be in essentially non-combat posts. Special emphasis is being put on night training.

It is good to see that constant efforts are being made to improve combat techniques. Methods of warfare change and it is necessary for our armed forces to adapt to new methods as rapidly as possible.

VOICE AMERICANS!

A man can possess no more valuable right than the right to vote in accord with his convictions. It is his badge of freedom. It is the one way in which every man can have a voice in his government. It is a responsibility and a duty that no free man can shirk if he wants to remain free.

It is at the voting booth in a free nation that every man is equal to every other man—where every man's vote is heard, where every man's vote is counted alike, where every man makes his choice as to who shall serve him in public office.

We can be quite sure that in the long run, free people in a free country get just the kind of government they deserve. A man who doesn't exercise his right to vote deserves nothing better than the corruption and despotism in government which he will eventually get.

A people are free in a nation wherein they control the government; they are slaves in a nation wherein they are controlled by the government. That is the tried and true test of history. As a matter of fact, people can demonstrate their ability to govern themselves by keeping control of the government in their own hands. The only way they can do this is by means of the vote.

Benjamin Franklin told the people, following the Constitutional Convention, "You now have a Republic, if you can keep it." Franklin was perhaps giving voice to the doubt in the minds of our government as to whether people were actually capable of governing themselves. They know only too well that something that is everybody's business—as is, of course, the case with government in a free nation—might soon become nobody's business.

That this doubt was well founded has been increasingly evident in this country in recent years in too many instances—when the apathy of the voters in local and national

elections has resulted in a total vote on many important measures and on many important elections has been so low as a total of fifteen percent vote to just about a maximum fifty to sixty percent vote of the eligible voters.

This is no way to preserve freedom. In this case eternal vigilance is the price of liberty. We cannot expect to remain free. An Edmund Burke once very truly remarked, "The only thing necessary for the triumph of evil is that good men do nothing."

Neither is there any place for class voting in a free country, where each man's vote is directed by his own conscience and where the kind of country he leaves his children live within his own hands.

We have heard a great deal in recent years—and politicians have seemed to stand in mortal dread of the voting of the "labor vote" and the "farm vote" and various other votes.

Actually, it has been proved in several instances that the existence of such voting lies only in our imaginations—and it is well that it should rest only there. When a man in a free country gets in the voting booth, no one can tell him how to vote; he votes his own convictions—otherwise he is not a free man but a slave.

We should remember all these things as we take part in the primary elections and in the general election this fall. Countless years and lives have been spent in gaining for us the freedom which we now have in the United States of America. Shall all that sacrifice shall not have been wasted just because we are not interested enough in our government to go to the polls on election day!

Vote! Vote because it is your priceless heritage. Vote because it is your responsibility to yourself and to your fellowman. Vote because it is your duty to future generations. Vote intelligently; inform yourself on the issues and then vote your own convictions—no else's. Vote American!

The United States has about one milk cow for every eight persons.

Try and Stop Me

By BENNETT CERF

PITKIN, a gangly freshman from Kansas, had never been to Coney Island, in his classmates at Columbia urged him to

subway there for a look-see. He came back enthusiastic about virtually everything but the Tunnel of Love. "What's good about a deal like that?" he scoffed. "It's dark, damp, lonesome, and to top everything, I got soaking wet!"

"Wet?" echoed his roommate. "Whassa matter? Did the boat leak?" Pitkin looked surprised, and asked anxiously, "There's a boat?"

One kid destined to go far in this world was asked by his teacher to name a product related to countries where there's lots of rain. The kid answered, "Umbrellas."

"I'm very depressed this evening," said Mrs. Paley to her friend, Mr. Baskerville. "We had to shoot our dog this morning." "Too bad," murmured Baskerville. "Was he good?" "Well," conceded Mrs. Paley, "he wasn't exactly pleased."

Nurse Lady

ADELAIDE HUMPHRIES. NURSE LADY — Release Tuesday, June 22, 1954

CHAPTER FOURTEEN

NORA announced that she was time to eat, so that broke up the conversation. Dinner was served buffet style, each one helping himself, but Roz continued to have Norman at next to her. Cynthia had cornered Tommy, which left Dr. Bellars as Nora's dinner partner.

Roz said, with an upward slant of her eyes, "Am I relieved? I was afraid when you spoke of knowing such a glamorous girl as Rose. But there might be more to it than friendship."

"The world is full of glamorous girls," Norman said. "I'd never pick a girl like Rose. But to be very frank with you, Roz, there are some special girls. The only one for me, I knew it the minute I laid eyes on her."

For a minute, Roz thought, He must mean me! Then she realized that he was talking about her. She had a sudden vision of Norman for her. But Norman had never looked at her as he was looking at Cynthia. He did not seem to care if the whole world knew he had fallen in love.

"That's how it happened to me," Norman admitted, with his wry smile. "It seems to me that if it should be either a like lightning, swift and sure and sudden, or it's not the real article. You don't blame me, do you, Roz? You'll even pull for me, maybe? Wish me luck?"

"Sure, I will! I'll do it all I can. Though I'm as frank with you, I did not try to be coy now. I had hoped it might be me. You're quite a guy, you know. But since it's Cynthia, and she's quite something, too, I wish you both luck."

"You're quite a girl, yourself, Roz."

This was said with such sincerity that Roz felt better. She knew herself well enough in knowledge that she would never, someone else would come along, someone who would get struck with lightning the minute he laid eyes on her.

"You might as well know," she told Norman now, "that Cynthia imagines she is in love with that doctor. It's nothing unusual, most every nurse who works side by side with a medical man gets to believing she's a sort of tin god. Personally, I always thought Walter Bellars was sort of a snore-puss. Oh, I know he's sacrificed his whole career for those kids of his in the clinic. But that's just it."

Navy Offering Jobs in Capital To Area Women

A chance to work in the nation's capital and to start a career with the Federal Service is offered now to women in this area who can write shorthand. It was announced today by Miss Anna Knight, Navy civilian representative, who is interviewing applicants at the Navy Recruiting Station, Federal Office Building, 42 E. Central Ave., Orlando.

Commenting on the effects of the President's policy to cut federal spending, Miss Knight said that there is a shortage of stenographers in the labor market and it is necessary for the Navy to recruit applicants to be used in stenographic positions regarded as essential. A dictation test at 80 words a minute, a 10-minute typing test, and a 20-minute clerical test.

The Navy feels a deep responsibility for the welfare, happiness, and advancement of its employees, and carries excellent annual and sick leave benefits. In addition to eight legal holidays a year. Guaranteed housing upon arrival in Washington, recreation programs, special training courses, non-profit caterers and credit associations.

Interviews are conducted daily for a limited time only. Miss Knight may be called at 7091.

European corn borers destroyed 150 million dollars worth of U. S. corn in 1949.

Now you know! The answer to everyday insurance problems? By ANDY CARRAWAY. CLIFF MCKIBBIN. ANKED COVERAGE! ENDORSEMENT!

QUESTION: When we talk about getting additional insurance it seems to me the insurance people always say we can get it by "endorsement." I would appreciate your telling me just what that means.

ANSWER: The term "endorsement" used in connection with insurance simply means a form which can be attached to an insurance policy to change the policy terms. Additional insurance coverage is often added to an existing policy by endorsement.

If you'll address your own insurance questions to this effect, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

Barnes-Stacey Plan August Wedding In Tampa Church

The final wedding plans of Mabel Barnes of Tampa and Stanley Stacey, son of Mrs. W. C. DeCourcy of Sanford are being announced.

The ceremony will be performed at the First Methodist Church in Tampa on the evening of August 25 at 7 o'clock.

Home Freezers Are Rewording To Gardeners

This is the time of the year when home gardeners can make their freezer pay off—with a reward of garden fresh vegetables the year round.

For as more vegetables ripen, the home freezer provides the perfect storage place for almost the entire produce of a home garden.

Mrs. Sara Walls, home economics director for Amnara freezers, says that with all vegetables it is most essential to get them into the freezer as soon as possible after picking.

Vegetables which stand for longer than two hours after picking, she warns, will lose flavor, tenderness and nutritional values.

Quick freezing captures and preserves the flavor and goodness of fresh vegetables.

Based on her tests with Amnara freezers, Mrs. Walls makes these other general recommendations:

1) Carefully select choice grades of vegetables for freezer, including only those in perfect condition for use.

2) Pick only as many as you can process and place in the freezer within two hours.

3) Gather the vegetables in the cool of the morning, before they have absorbed much heat from the sun.

4) Then prepare for the freezer as you would for the table; wash thoroughly and remove over-ripe or immature ones or damaged portions.

5) Blanch or scald in boiling water. Steam blanching is recommended, because it preserves more vitamins and minerals.

6) Cool in ice water, then drain on absorbent towels, then drain on absorbent towels.

7) Package in airtight containers, either rigid, heavily-waxed freezer cartons, glass freezer jars, polyethylene or laminated bags.

8) Then place package in freezer immediately. A package should never stand at room temperature.

9) Quick freeze by placing in direct contact with freezing surface in either upright or chest freezer.

10) Once frozen, store any place in freezer.

11) Make certain packages are airtight. Seal with a hand iron at the lowest temperature setting, or with a curling iron. Label clearly.

12) Use only packaging materials that will resist moisture and vapor. Mrs. Walls advises: Select packages or bags according to the needs of your family, remembering that a pint container will yield three to four servings and a quart will yield six to eight servings.

13) Outer cardboard cartons may be used a second time, but cellophane bags or liners should not. Pflonin and polyethylene bags may be washed and re-used.

14) Homemakers without gardens can profitably buy freshly-picked

ATTENDING BAND CAMP—The five Sandhills, shown above are taking time out from rehearsals to be photographed on the University of Miami campus where they are attending the sixth annual summer band camp where Seminoles High School director, Ernest H. Cowley, is an instructor. Left to right they are, Larry

vegetables from nearby gardens or farms, while they are in season, and enjoy these garden fresh vegetables for months to come by following the same procedure. For best results, they must be obtained immediately after picking, and then frozen quickly. Amnara's home economics director says:

Here are suggestions for processing and freezing some specific vegetables:

Asparagus—Wash thoroughly. Remove scales and woody portions. Cut in lengths to fit container.

Blanch small sprouts in boiling water. Pack in containers with tips alternately in opposite directions.

Broccoli—Use only compact heads of uniform color. Soak in brine solution of cup salt to 1 gallon water for one-half hour to remove insects. Remove woody portions, cut into 1/2 inch pieces.

Carrots—select young, tender, small carrots. Wash and scrape, then blanch in steam for four minutes if sliced or whole.

Carrots—select young, tender, small carrots. Wash and scrape, then blanch in steam for four minutes if sliced or whole.

Corn-on-the-cob—remove husks and silk. Then blanch, five to ten minutes in boiling water, depending on size, six to ten minutes in steam. Cool, drain, wrap each ear separately in freezer cellophane or aluminum foil. Several ears may then be packaged in a plastic bag, wrapped together in freezer paper.

Lima beans—choose fully mature beans while pods are still green. Before shelling, plunge into boiling water for a minute, then cool in ice water. Shell, then blanch for one to two and a half minutes, depending on size. Cool, drain and package in freezer cartons.

Cucumbers—pare, then cut in paper thin slices. Do not cook. Cut slices directly into freezing containers. When ready to serve, pour spiced vinegar over slices and let stand for a few minutes.

Green or black eyed peas—select tender, not fully matured peas. To shell easily, plunge in boiling water for one minute, then cool at once in ice water. Shell, then blanch for a minute in boiling water, or two minutes in steam. Cool, drain and package in freezer cartons or plastic bags.

Green stuffed peppers—leave whole, clean and wash out seeds. Stuff with your favorite filling. Bake as usual. Wrap while hot in aluminum foil and freeze immediately.

Green and yellow wax beans—select tender pods, with beans slightly undermature. Wash thoroughly, remove ends and cut into desired lengths, leave whole, or French. Blanch whole beans in boiling water for two and a half minutes, two minutes for cut, or blanch in steam, three and a half minutes for whole, three for cut, and two for French. Cool, drain, package in desired containers or freezer bags.

Summer squash—select squash with tender rind, small seeds. Wash, then peel if desired. Cut in one-half inch slices. Blanch in boiling water three to three and half minutes, or in steam, four to four and a half minutes. Cool, drain then pack in desired freezer containers.

Baking bread? Then remember this: Timing tip: Set your oven about 15 minutes before the end of the final rising time. If your range does not have automatic thermostat control, get an oven thermometer or minute in foilage. Place the bread pans as near the center of the oven as possible, with space between the pans so the heat can circulate.

Can Children Have An Imagination That's Too Big?

By Dorothy A. Whipple, M. D.

It is a good thing to be imaginative. We want our children to have imagination and to play at make-believe, but we don't want them to do it all the time.

Imagination brought up the subject of a good deal of conversation.

Sports Selections

By PETE OSBORNE
There is an assortment of teams which might well describe the situation confronting the Post 53 American Legion team from Sanford—The bigger they come, the harder they fall, however, probably comes nearest the picture, for the locals' initial opponent is a club which boasts a record of 20 straight wins, Clearwater.

For all practical purposes, that stamps the Tampa Bay team as the outfit to beat; but remember the team that possessed such a win streak last year? And remember that it got lumped in the first game? It was the Sanford team which possessed such a mighty record a year ago, and though the Post 53 youths set out to win the area meet, their initial defeat came in the opening tussle at Wauchula.

But this year the shoe is on another foot, so to speak. The Sanford entry stands to gain everything, while chancing little loss in this affair. They weren't deemed a lot of a chance to ever in the area meet, when the season opened some 12 games ago. But an assortment of circumstances, coupled with their finest play of the season, qualified the team for the right to make the Wauchula trip—and gives them an excellent opportunity to play a giant-killer role in the tournament.

Whether they come out on top remains to be seen. Judging by records, which mean absolutely nothing, but everybody judges by records anyway, it wouldn't appear too bright, that their destiny reads that they should move ahead as area winners. Records, however, fail to take into consideration that minor variations—intangibles that it is called for the want of a better term, the will-to-win.

That immeasurable quality might make a difference in the outcome in the Wauchula competition. The Sanford team has a right to be unpredictable—you must consider their extreme youth, even for the competition. The opening line-up will average in age only slightly over 15 years. The club has its best seasons still before it; they are still in the embryo-stage of baseball development. Only one, pitcher Jim Hawkins, can be considered a veteran, having played two Legion seasons last year at Seminole High.

One thing for sure can be said: It will be interesting to see the results of their endeavors at Wauchula. And you never can tell—they might pull a surprise and those results might be on the win side of the Legion ledger.

Post 53 Meets Clearwater Nine In Area Tourney

By PETE OSBORNE

A team which began as a youthful and inexperienced group, hesitant and unsure, Sanford Post 53's entry in the American Legion junior baseball program will carry the hopes of the Sixth District into the area tournament tomorrow at Wauchula after emerging as victor in a play-off game against Leesburg for the district title, finally striking a stride which indicates the surprising team in store for its opponents at Wauchula.

After posting a so-so record of six wins against four defeats, Post 53 undressed its arsenal against Leesburg, the only other qualifier for the district meet, accomplishing one-sided 10-0 and 13-1 wins in the two-out-of-three set. On the pitching portion of the play-off ledger, Jim Hawkins booked a one-hitter while Charlie Swann marked up a three-hit effort.

Orlando was ruled ineligible for the District Six tourney and Winter Park and Groveland dropped out due to lack of interest and backing. Oviedo had failed to field a team in the proposed six-club circuit.

Prior to the play-off massacre, Post 53 had notched two wins over Leesburg, split two tilts with Groveland, dropped a pair to Winter Park, all within the district, recorded a pair of victories over Vero Beach, and had broken even with Daytona Beach in two tilts out of the specified competition. The club has been paced effectively by Ralph Farina, a slender built shortstop with a keen batting eye, who hit at a .450 pace in the 10 games. Hawkins, a short, stocky powerhouse, batted .350, and centerfielder Robert Samuel was up then, slugging at a .345 clip. Of late, J. C. Jenkins, the first baseman, has progressed and in the play-offs poled a pair of doubles and a triple to take individual honors.

The mound burden has been born entirely by Swann and Hawkins. Swann, a new find of Coach Roy Hires who possesses a terrific curve ball, baffled Leesburg to register 14 strike-outs in his seven-inning stint. Hawkins, who is a veteran of two Legion seasons and a year at Seminole High, can be exceedingly tight when the chips are down and is expected to hold the sure position in row.

Between the tow, Hawkins and Swann, Hires feels he has a pitching staff which can win against the best the area has to offer.

The robust, Auburn-haired coach takes pride in looking back over the season and pointing out that his team was never out-hit, even in defeat. Attention is called to the fact that each loss was sustained because of untimely errors on the part of the youthful, untried performers. But Hires believes that problem has been licked.

Until recently before the play-off series Hires had shuffled and juggled his line-up with almost every game, attempting to find the best playing combinations in accord with the pitcher. Hawkins is utilized at third-base when he isn't hurling.

Included on the squad which will depart at 2:30 tomorrow morning is Swann, Hawkins, Jenkins, Samuel, Farina, John Bowen, Eddie Harbour, Bobby Johnson, Robert Carter, Raymond Hardy, Larry Burney, Lawrence Howard, Doug Scott, Howard Alfred and Ronnie Russ.

Post 53 will meet Clearwater, District 7 winner, in a tilt at 2:30 p. m. tomorrow. The winner will clash with the victor of tomorrow night's game in a tussle at 8 o'clock Wednesday night, while the two losers meet Wednesday at 2:30 p. m.

MEN'S INTERMEDIATE WINNER—Gene Tucker (left) shakes hands with Fred Ganas whom he defeated yesterday to win the men's intermediate bracket in the Sanford Tennis Championships, held at the Mayfair Inn courts. Set scores were 6-1, 6-0. (Staff Photo)

WOMEN'S DIVISION WINNER—Betty Anderson (left) yesterday defeated Rebecca Stevens, 6-2, 6-3, to win the championship in the women's division of the local tennis tourney. (Staff Photo)

MIXED DOUBLES—Betty Doris Williams and Bill Fleming (far side of the net) came out on top yesterday with Rebecca Stevens and Fred Ganas yesterday to win the mixed doubles championship of the City tennis tournament. Set scores were 7-5, 2-6, 7-5. (Staff Photo)

Indians Defeat Cardinals With Eighth-Inning Rally

Exploiting four runs in the eighth inning, Sanford Navy's Indians notched a 4-1 victory over the Sanford Cardinals in Central Florida League baseball play at Memorial Stadium yesterday afternoon. The Cards had nursed a one-run lead from the fourth and appeared well on the way to their second successive victory over the Indians until the uprising which netted the four tallies and the ball game. Sanford notched a 5-3 win over the Navy's Indians Wednesday night.

Lloyd Swain, who pitched the entire game and took the loss, limited the victors to six hits. Sanford gained but four hits from the offerings of Navy pitcher Schwartz. Groveland will come to Memorial Stadium Wednesday night to open a two-game set against the locals. In the last series between the two rivals, Sanford gained a 2-1 decision while the Grovelanders posted a 12-inning, 4-3 victory for a two-game split.

Ex-Bantam Champ Making Debut

NEW YORK (AP)—Vic Towel, former world bantam champion, makes his American debut tonight as a lightweight against Carmelo Costa, a Brooklyn youngster, will be making his second 10-round fight. He is unbeaten in 24 fights with 21 victories and 3 draws. The bout will be beamed from Brooklyn's Eastern Parkway at 10 p. m., EDT, over ABC-TV.

Major Club Owners Hold Annual Meets

NEW YORK (AP)—Major league club owners held their annual mid-summer meetings today and the executives had to worry not only about new player demands, but faced a problem from within as well.

Hank Greenberg, general manager of the Cleveland Indians, has come up with the revolutionary idea that American and National League clubs play interleague games to count in the standings. Most of the owners shuddered at the thought and Greenberg's proposal had little chance of getting even a lukewarm reception. "It would spire the schedule," Greenberg said. "In a year where one team makes a runaway of the race, more or less killing off fan interest, an interleague schedule would help keep baseball interest alive."

"Fans in Cleveland read about the Mustangs, Riders, Robinsons and other stars in the National League, but never get to see them. An interleague schedule would bring them all into Cleveland. I see nothing whatsoever detrimental about it."

Each club in one league would play each club in the other league four times—two games at home and two away. Greenberg said it has worked out fine in the National Football League between the Eastern and Western Conference teams.

The winter baseball problem also faced the owners. With the players, it's a matter of dollars and cents. They want to negotiate directly with the clubs in the Caribbean leagues, and further demand permission for an unlimited number of players to perform in the leop.

Under present rules, the Caribbean owners deal with the clubs, not the players, who figure they could drive a better bargain themselves. Also, only three established major leagues are permitted to play with each Caribbean club, all of which are centered in Cuba, Puerto Rico, Venezuela, Panama and Mexico.

Williams, Fleming Win Mixed Doubles

Gene Tucker, Betty Anderson Singles Champs

The winning combo of Betty Doris Williams and Bill Fleming ran into tough competition yesterday afternoon with the Rebecca Stevens-Fred Ganas team in the mixed doubles final of the Sanford Tennis Championships capturing their best two-out-of-three games on deuce sets.

In singles play, Gene Tucker contended the intermediate men's singles crown, while Betty Anderson won the women's singles title. Tucker defeated Ganas, 6-1, 6-0, while Mrs. Anderson won over Miss Stevens, 6-2, 6-3.

The mixed doubles was the final event of the hot day yesterday with breaks being taken at frequent intervals for water and rest. The final score was 7-5, 2-6, 7-5.

The Williams-Fleming team defeated Mrs. Anderson and Clifford Proctor Jr., 7-5, yesterday morning while Miss Stevens and Ganas beat Mr. and Mrs. Tucker Saturday afternoon, 3-6, 6-4, 6-3, in preliminary contests of the mixed doubles.

Tucker bested Fleming, 6-1, 6-0, Saturday afternoon to move into the final round yesterday in the men's singles.

Charlie Morrison, lone entry in the senior men's singles has the privilege of challenging Tucker, as the rules were set up to enable the winner of the senior or junior brackets in male singles competition to challenge the victor in the intermediate division, considered the champion.

Bob Borsdorf won the title in the junior division last week but was ruled ineligible to compete for the title because he is a resident of Miami.

Earl Evans and Clay Williams formed the winning combo in men's doubles competition, defeating Dr. John Moran and Ganas last week, 6-3, 6-3.

Tucker was defending men's champion while Miss Williams was defending women's champion. Betty Fleming was the junior women's champion last year, but switched to the women's division this year.

CLIMBING FAST
CINCINNATI (AP)—Ted Kluszewski, the Redlegs' strong man, is climbing rapidly in the National League's home run race.

The husky first sacker has slammed four homers in his last seven games, bringing his season's total to 28, six behind the Giants' Willie Mays.

Try To Cut

(Continued from Page One)
schedule for "reasonable discussion" of several key amendments, to be followed by vote on the issues at stake.

Johnson asked Sen. Anderson (D-NM), one of the leaders of the group fighting the bill, whether he thought such an arrangement might be acceptable to a majority of Democrats.

Anderson replied that if Johnson "came forward with a program of that kind, we wouldn't have near the trouble we have had."

Johnson said he hoped he could get an agreement on such a plan and Anderson came back that "I'd be happy to sit him in such an endeavor."

Sen. Holland (D-Pa.) told the Senate he was voting for the cloture petition because that mechanism "should be used to break futile filibusters."

He said the debate had "long since exceeded a reasonable time."

Sen. Humphrey (D-Minn.) said that if a filibuster was in progress it was because "the majority leader has driven us into all-night sessions."

Sen. Hill (D-Ala.) argued that the long sessions had prohibited reasonable discussion of actual issues in the debate by tiring out senators.

U. S. Planes

(Continued from Page One)
ble survivors, were attacked over the high seas by two Chinese Communist fighter aircraft, apparently of the same type as shot down the Cathay Pacific commercial airliner.

"The United States planes returned the fire and the two Chinese Communist planes were shot down. There were no casualties on the United States side.

"The United States plans to protest most vigorously against this further evidence of Chinese Communist brutality and their belligerent interference with a humanitarian rescue operation being conducted over the high seas."

The announcement did not identify the area of the shooting. But the British airliner was shot down some 36 miles south of the Red-tailed island of Hainan.

Over the weekend, top American officials had made it known they would demand stiff compensation for the three Americans lost: Leonard Lee Parish, of Iowa Park, Tex., and his two sons Lawrence, 1, and Philip, 2.

His wife and daughter, Valerie, 6, also were aboard the plane but survived.

White House Press Secretary James H. Hagerty told newsmen President Eisenhower was "fully informed" regarding the new plane incident in advance of Dulles' public announcement.

Hagerty added that Eisenhower

Advertising Group Hits Proposed Ban

MIAMI (AP)—A resolution opposing the proposed ban on interstate advertising of the alcoholic beverages was adopted yesterday at the summer meeting of the Fourth District board of directors of the Advertising Federation of America.

The resolution said such a ban, included in two bills now in congressional committees, would deny the right of legitimate business to advertise its products and establish "a dangerous precedent."

Dr. Royal H. Ray of Florida State University, the district governor, summed up the group's position this way:

"It is an historic principle that any product or service which is

has "kept in close touch with the entire situation"—both the shooting down of the British airliner and the shooting down of the two Chinese Communist planes.

Hagerty said Eisenhower discussed the shooting with Dulles by telephone this morning, and also disclosed that the President received a phone call dealing with the British airliner while he was visiting his farm home at Gettysburg, Pa., last Saturday. That call was from Dulles.

Hagerty said the White House would have no comment on the latest incident. In reply to a question, he said he felt Dulles' statement reflected the President's personal feeling.

Shotgun Wielder Wounded By Cop

JACKSONVILLE (AP)—A man reportedly threatening his neighbors with a shotgun was shot three times by Patrolman J. W. Mullaly last night.

The wounded man, identified as Willie Norton, 46, was reported in serious condition at Duval Medical Center. He was shot twice in the arm and once in the chest.

Patrolmen Mullaly and G. H. Throver were sent to Norton's home after police received reports a man was standing in his front yard threatening to blast someone.

Mullaly said when they pulled up in the patrol car and ordered Norton to drop the gun he pointed it at their car. Mullaly said he then fired his 38 caliber revolver three times.

Police said they investigated a complaint two nights earlier that Norton was threatening people with a shotgun but no arrest was made.

Legal Notices

NOTICE IS HEREBY GIVEN that the Board of County Commissioners of the County of Seminole, Florida, will meet at 9:30 A. M., August 3rd, 1953, in the County Commissioners Room in the Court House at Sanford, in accordance with the provisions of Chapter 123, Florida Statutes, 1931, for the purpose of hearing requests and complaints from the public regarding the budgets for the Fiscal Year beginning October 1st, 1954, and ending September 30th, 1955, and will thereupon receive and consider the following:

BUDGET GENERAL FUND

Receipts	
Cash Balance	\$ 25,000.00
License Fees	11,000.00
Excise Fees	4,000.00
Taxes	174,149.96

It's the Hit that's writing New History

TAKE a look, if you please, at the car and the styling that are changing historic sales standings.

Take a look at the beauty and the buy called Buick—the car that is forging ahead to new sales heights in the 1954 market.

Take a look at the new best seller that has moved into the "Big Three" of the nation's top sales leaders—into that very exclusive circle that for two decades has held only the so-called "low-price three."

For today, as national sales figures for the first five months reveal, Buick is outselling all other cars in America except two of these "low-price three." And each new

month firms Buick's new position.

It takes solid worth to bring this about—a lot more automobile per dollar in Buick than in other cars.

But it also takes the glamorous new tomorrow styling that is Buick today. It takes the highest V8 horsepower, Series for Series, in all Buick history. It takes the room and comfort and ride and handling that are Buick's proud tradition.

And it takes a range of cars to satisfy a wide range of people—with prices that most people can well afford. So you find the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built

ROADMASTER—the four big reasons for Buick's tremendous sales success.

Come in for a demonstration and you'll see what we mean.

With the years-away styling of this glamor car, you'll be way ahead at resale time. And right now you're money ahead with the big trade-in allowance our volume sales can bring you. Drop in this week.

Buick Sales are Soaring!

Beatrice M. Bisher, Harold H. Kastner Jr., Margaret A. Wilson, Clarence F. Grantham, Autumn Y. Shannon, Dawn M. Bishop and Margaret J. Malloy, all of Sanford, are among 150 graduates and six undergraduate students at Florida State University who made the last year's list, according to Dr. Donald S. Campbell, university president.

Option Granted By City On Lakefront Property Andrew Carraway Goes Before Body With Proposal For Building Terminal

An option for 180 days was granted by the City commission last night to the Sanford Terminal Co., an offshoot of the Sanford Terminal Co., during which time details possibly will be worked out on a 99-year lease.

Speaking for the company was Andrew Carraway, president of the Seminole County Chamber of Commerce, who headed a delegation consisting of Forrest Breckenridge, CoC manager, Robert Bauman, Clifford McKibbin and John Wiley.

The request for the option was made in behalf of out-of-town interests, a set unidentified who wish to sink money into a lakefront terminal here as an investment according to Carraway. It was mentioned that funds in excess of half a million dollars were being considered for the project.

"We'll know the answers to a lot of questions in a very short time," Carraway told the commission.

To be considered with the granting of a lease, according to the City commission would be the site for a large storage plant. Also, according to the discussion at the meeting other businesses are being considered by the outside interests on the lakefront.

In a surprise move, the commission voted to do away with the special garbage pickup fee and the City attorney was instructed to draw up an ordinance requiring that all garbage cans be removed from the street line and providing for pick-ups at no charge to residents. The act will become effective Oct. 1.

Commission, in discussing contract No. 8 of the water and sewer program, moved that the consulting engineers re-design the agreement to provide for pipe the entire length of Pump Branch Creek. To cost an estimated \$160,000, the pipe will extend from Celestia Ave. north to 5th St.

Representatives of the board of bond trustees appeared before the Commission to discuss the legality of the stadium bonds. In a most cordial discussion, it was decided that the City attorney should work out the various details with trustee Fred Wilson.

The commission delegated Police Chief Roy Williams and City Manager Warren E. Knowles to work out and correct a situation resulting from merchants placing advertising displays on the sidewalks.

It was approved that Sidney Chasid, a 30-year employee of the City, should be allowed to attend a meeting of the American Works Association at Atlantic City in September. He is to be recipient of the Samuel A. Greely award for his long service in the field of public works.

City Manager Warren E. Knowles was instructed by the commission to contact the County to see if it will clean out the drainage ditch just east of the city limits near Lake Monroe.

A letter from the Seminole County Chamber of Commerce was read to the commission inviting representatives to take part in a joint meeting with the Greater Orlando CoC and Orlando city commissioners Aug. 6.

The meeting will be to decide upon a course of action in an effort to four-lane highway 17-92 from Sanford to Orlando. It is scheduled to be held in the commission's room, City Hall.

K. L. Sharpe, Orlando, appeared before the commission relative to securing a contract for maintenance of the City water storage tank. He offered a 12-year contract at \$60 a year. The matter was tabled.

Shooting Ordered Stopped

HANOI, Indochina (AP) — The French and the Vietnamese ordered firing stopped in part of Indochina today — 7 years, 7 months and 5 days after Moscow trained Ho Chi Minh's rebel legions attacked Hanoi.

The truce negotiated at the Geneva conference became effective in North Viet Nam and its rich Red River delta at 8 a. m. (13 p. m. EST) yesterday.

The armistice is scheduled to spread gradually over the four other sectors of the war-ravaged Southeast Asia land, becoming effective on Aug. 1 in central Viet Nam, Aug. 7 in Laos, Aug. 1 in Cambodia and Aug. 11 in South Viet Nam.

Hanoi's big guns roared sporadically throughout the night before the cease fire became effective and the Vietminh kept up pressure on outlying posts manned by Viet namese units. In recent days the Reds have concentrated in such parts in an apparent effort to encourage desertions and prevent the native troops from moving south with the departing French.

There were no early reports, however, of any large-scale fighting in the last hours before the truce time.

There was no certainty that the killing and wounding had stopped in North Viet Nam.

This was a cease fire, not a signed peace.

Miner sowed along the roads and paths, and in the rice fields may take their toll for months.

No one could be certain that all the thousands of Communist-led Vietminh guerrillas or all the irregulars loyal to the French-supported Viet Nam government had received the stop-fighting word or would obey it.

Many observers believe it will be a matter of only two to four years before the Vietminh will be all of Viet Nam and perhaps Laos and Cambodia as well.

The cease-fire agreement provides for international supervised elections in July 1956 to study Viet Nam. The French commander in the North, Gen. Rene Cogny, said recently he believed South Viet Nam could be defended militarily.

With the cease fire, Cogny turned his effort to the mammoth task of moving his thousands of French and Vietnamese troops from their posts in the southern holding area to the Viet Nam government head by ex-Emperor Bao Dai.

The Vietminh were expected to take control rapidly of the territory being evacuated.

Situation Remains Tense In Air Over China Sea

Landowners Study Pasture, Ensilage During Field Trip

By BEN WIGGINS South Conservational, USDA

Last week 12 landowners from the district participated in a tour of the Triple E ranch near Hologate. The main purpose of this tour was to observe the increased benefits of gains obtained from improved pastures by using heavy and more frequent applications of lime and fertilizer materials.

The beef cattle program on the Triple E ranch is set up under two separate operations. The ranch consists of approximately 2,500 acres of improved pastures, handled by Burnett, a graduate from the College of Agriculture, University of Florida, as foreman or supervisor of all pasture operations.

Several varieties of improved pasture grasses are being used in the pasture program. However, coastal bermuda appeared to be the favorite of most widely used grasses.

During the tour, Mr. Burnett gave the local growers some valuable information concerning pasture fertilization and maintenance. It was pointed out that five applications totaling 210 pounds per acre of phosphate fertilizer were applied each year, plus two 200 pound applications of a 0-12-23 such fall and spring. The fertilizer cost ran about \$60 per acre. However, the tremendous gains obtained from the nutritious forage is paying dividends.

Several local ranchers have made the statement that they can't afford to fertilize their pastures. It is further stated that lime and fertilizer has pastures I believe is wasting his time and money in attempting to clear land and establish improved pasture. I believe that a visit to this ranch, where tremendous gains and a higher quality beef is obtained from high quality pastures, will convince most ranchers that heavier and more frequent applications of fertilizer will result in greater profits.

M. L. Raborn Jr. To Organize Local Hams For Emergency Work

M. L. Raborn Jr., operator of station W4RE, Sanford, has been selected to set up an organization of local amateur radio operators prepared to furnish organized emergency communication in time of disaster. It was announced today by communications manager F. L. Handy of the American Radio Relay League, national association of radio amateurs.

Raborn's assignment, which carries the title of emergency coordinator, is to lead together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies.

Gunman kidnaped a physician and his wife to their car last night, forcing them to drive about for two hours, wounded the doctor in the arm and was shot and killed by police.

Police identified him as Jack B. Lyons, 39, 1100 E. 1st St., who was charged with a burglary case and in Pontiac, Mich., in 1941 in a forged investigation.

The doctor and his wife had been late at a Wake Forest hospital. When they entered their car, the gunman came up from the back seat. They drove to a drug store at Wilshire Blvd. and West 11th St., where the manager checked the car to a nearby intersection.

Mrs. North Dies At Jacksonville

Mrs. Nathalia North, 7425 Glenn St., Jacksonville, died Saturday at a hospital after three following a short illness.

Funeral services were held this morning at 9 a. m. at St. Stevens Episcopal Church with the Rev. A. L. Lauenberg, pastor officiating. Burial will be in Dupont, Ga., under the direction of the Nashville Funeral Parlor.

Major John H. Nichols of the Uniformed Services of the Woodmen of the World, from Ocala, will bring a staff of officers and a drill team with him tonight to the local lodge to initiate a class of candidates, according to W. H. Martin, state manager.

Major Nichols was the original organizer of the local camp.

At the meeting the "Mr. Woodmen Plaque" will be awarded to C. C. Collins, one of the outstanding members of the lodge.

Martin also will be at the meeting.

Weather Considerable cloudiness through Wednesday with scattered showers and light showers, little change in temperature.

SPEAKER—Miss Marion Little, 1953 Citrus Queen, will be the guest speaker at the regular luncheon meeting of the Kiwanis Club tomorrow at the Yacht Club, according to Ralph Smith, secretary. She will tell club members how Florida has been publicized through motion pictures and her personal appearance.

Two Arrested One Injured In Accidents

Two accidents shortly after three o'clock yesterday afternoon resulted in two arrests and one injury, according to police reports filed by Philip Arnold Williams of the City police department.

At North St. and Palmisto Ave., a 1941 Buick sedan, driven by Miss Dorothy A. Williams, 544 Magnolia Ave., received an injured left arm when he ran a stop sign and crashed into a vehicle driven by Shirley Dandridge, 1204 1/2 Cedar Ave. Miss Dandridge's car spun around and struck an automobile driven by Paul V. Barry of 619 Glenway Dr., causing an estimated \$150 damage to that vehicle.

Hawkins, who was booked on a charge of running a stop sign, had his car damaged to an extent of about \$200, while the Dandridge vehicle received approximately \$250 in damages.

Francis Barkley, 2135 Laurel Ave., was charged with failing to yield the right of way when her car hit an automobile driven by Holland Dodson, Leesburg, at 24th St. and Laurel Ave.

The Barkley car sustained damages of about \$250, according to Williams' report, while Dodson's automobile received about \$125 in damage. There were no injuries.

Two Arrested One Injured In Accidents

Two accidents shortly after three o'clock yesterday afternoon resulted in two arrests and one injury, according to police reports filed by Philip Arnold Williams of the City police department.

At North St. and Palmisto Ave., a 1941 Buick sedan, driven by Miss Dorothy A. Williams, 544 Magnolia Ave., received an injured left arm when he ran a stop sign and crashed into a vehicle driven by Shirley Dandridge, 1204 1/2 Cedar Ave. Miss Dandridge's car spun around and struck an automobile driven by Paul V. Barry of 619 Glenway Dr., causing an estimated \$150 damage to that vehicle.

Hawkins, who was booked on a charge of running a stop sign, had his car damaged to an extent of about \$200, while the Dandridge vehicle received approximately \$250 in damages.

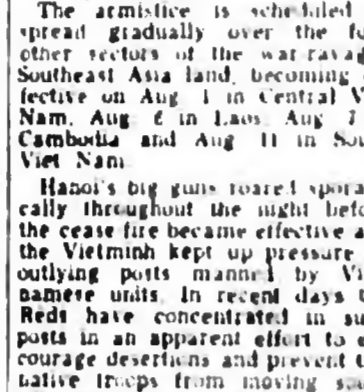

Francis Barkley, 2135 Laurel Ave., was charged with failing to yield the right of way when her car hit an automobile driven by Holland Dodson, Leesburg, at 24th St. and Laurel Ave.

The Barkley car sustained damages of about \$250, according to Williams' report, while Dodson's automobile received about \$125 in damage. There were no injuries.

FACTORY BLOWS UP

FUKUOKA, Japan (AP) — A fire works factory blew up yesterday at nearby Yama, killing seven workers.

WINTER HAVEN

INCREASE SHOWN

SPEAKER—Miss Marion Little, 1953 Citrus Queen, will be the guest speaker at the regular luncheon meeting of the Kiwanis Club tomorrow at the Yacht Club, according to Ralph Smith, secretary. She will tell club members how Florida has been publicized through motion pictures and her personal appearance.
