Thar's Romance In Them Thar Hills!

Sweetheart Tony Martin and Marjorie Weaver romance to the tunes of Pollock and Mitchell's latest song hits and lend attractive contrast to the mad antics of the Ritz Brothers in their new 20th Century-Fox comedy, "Kentucky Moonshine."

Mystery-Tinged Romantic Comedy Is Barrage Of Rib-Tickling Fun

A big-gun barrage of rib-tickling buffoonery will be unleashed Tuesday and Wednesday at the Ritz Theatre by Columbia's "There's Always a Woman," a sprightly, mystery-tinged romantic comedy in the mad and merry manner of "The Awful Truth."

Meaning the big boy has in the way of the comedy assault are the formidable, wide-eyed Joan Blondell and her close-married sleuth-husband, Melvyn Douglas. These two madcap merry-makers take the film over, lock, stock and barrel, and turn it into a rollicking farce. The farcical comedy in which they indulge proceeds to a new peak of absurdity in the scene where Joan is being subjected to a "psychological" third degree by a corps of burly cops. At the end of every hour Joan is cucumber-cool; her "tormentors" worn

to the proverbial frazzle.

This sunny comedy starts on a novel note, introducing Joan Blondell as the new operator of a defunct private detective agency of her sleuth-husband, Melvyn Douglas, now happily reinstated on the District Attorney's staff. And so, a murder, Douglas, assigned to solve it, is amazed, and set at all paces, to learn that his bewitching post wife is working independently on the self-same mystery.

The comedy clash that ensues leaves Douglas the most harassed young man in town. He must even obtain a search warrant to frisk his own apartment for a letter his wife has which he wants.

Mary Astor, Frances Drake, Jerome Cowan and Robert Paige top the featured players. Met with flawless performance.

THE RASCAL AT HER WORST AND BEST

Rolling along, singing a song, little Jane Withers has gone crazy in a big way in her new 20th Century-Fox comedy, "Rascals." Rochelle Hudson and Robert Wilcox romance around the campfires, and Borrah Minevitch and His Gang raise high-links on the highway in the film.

"Sinners In Paradise Is" Film Of Primitive Emotions

James White, the soft spoken, blonde Englishman who has given the screen such masterpieces as "Show Boat," "The Invisible Man" and "Fragrant" has added another triumph to that shining roster with "Sinners In Paradise," a Universal picture which shows next Thursday and Friday at the Ritz Theatre.

The English are supposed to be masters at suppressing their emotions, but White is certainly a master at bringing out emotional fireworks in others. It is a long time since the screen has presented such a display of primitive love and hate as White has brought out.

After a real or so of interesting action to introduce the characters, the main drama of "Sinners In Paradise" gets under way with the crash in mid-ocean of a giant trans-Pacific airliner. That spectacular plunge in flames is only the beginning. The passengers, a regular cross section of society, including a beautiful millionaire, a dissatisfied wife, a heart-hungry mother, a gangster, a blonde gambling girl, a couple of munitions magnates and a buffed up politician, drag themselves ashore on an apparently deserted island.

Here they find a doctor, who has fled the law ahead of a murder charge in Shanghai. Then begins a drama of increasing conflict that carries a killing suspense as it mounts to its climax, with life after life being stripped bare of the protective coating of civilization.

Madge Evans, who has never before looked so lovely, is an appealing figure as the dissatisfied wife who falls in love with the hermit doctor, played by John Boles. Boles gives a powerful characterization as this tortured soul who rises to a great sacrifice. Bruce Cabot's gangster is a properly sinister figure, prudently built up to nobility by the love of the gambling girl, Marion Martin, a dazzling blonde from the Broadway stage who does a astonishing job in this character. It is hard to believe that it marks her debut role in films.

THREE-DAY HONEYMOON FOR GABLE

When Clark Gable returns from Kansas with a bride, he asks his boss, Lionel Barrymore, for time off for a honeymoon. The boss offers to give him three days, and the result is that Gable loses his job. It doesn't affect his natural conceit, however, for he is sure that he can get another job. Tracy his loyal mechanic points out that this won't be as simple a thing as Gable may think.

Show Glorifies Men Who Gamble Lives Against Designer's Dreams

Modern motion picture magic has brought a new kind of aviation film to the screen, one that glorifies the man who lays a floor in the sky so that future generations can go to bed in safety.

It is "Test Pilot," dedicated to those men who gamble their lives against the airworthiness of a designer's dream. It opens tomorrow at the Ritz Theatre.

Metro-Goldwyn-Mayer spared nothing in making their first aviation film in more than two years, a saga of civilian flying. They gave it four stars in Clark Gable, Myrna Loy, Spencer Tracy and Lionel Barrymore. They provided authentic and realistic flying sequences which could only have been made at legitimate flying fields. They presented a story, by Lieutenant-Commander Frank Weed, which encompassed the life of a typical test pilot.

The directorial producing team of Victor Fleming and Louis D. Lighton, so successful with "Captains Courageous" was reunited to bring another masterful drama to the screen.

Gable, in the title role is completely the daring aviator. Miss Loy is ideally cast in a characterization which allows her to be at once simple and smart, unsophisticated and brilliant. Spencer Tracy, as a roguish, kindly, gruff mechanic, "the best in the business, as usual gives a performance approaching perfection. Lionel Barrymore once more demonstrates the artistry which has made him a dominant figure in the world of stage and screen for almost thirty years.

The story, against a background of the most spectacular flying ever attempted, concerns a daring flier who, in an attempt to break the transcontinental speed mark, lands in a Kansas wheatfield, meets Miss Loy and carries her off as his wife.

NEW STAR

Marion Martin, blonde beauty from Broadway in her screen debut in Universal's "Sinners in Paradise."

... and have money left over!

A wise man once said there are two ways to save money: "Increase your income, or cut down your outgo."

Much as we'd like to, few of us can regulate the amount of money we take in each week. But all of us have control over what we spend. And many a family bank account has been made possible by careful spending.

That's why it will pay you to read the advertisements in this newspaper. Day after day they show you where to get the things you need... where to get the fullest dollar's worth for every dollar you spend.

A careful reading of the advertisements... today, and tomorrow, and every day after... will help you to do something that we'd all like to do:

Buy what you want—and have money left over!

Six Killed As Tornadoes Hit Three States

19 Injured And Considerable Property Damage Is Left In Wake Of Twisters

Minor Tornado Hits Longwood

Mercury Soars To 98 Degrees Prior To Yesterday's Shower

Tornadoes twisted through West Central Texas, Southern Oklahoma and Central Arkansas yesterday and last night leaving six dead, 19 injured.

Four of the dead were at Ivan, Tex. where every building in the town was damaged and some 10 persons injured.

Property was damaged at Leon and Olney, Tex. and Ada and Duncan, in southern Oklahoma were also hit. Four persons were hurt at Ada. Two were killed, five were injured and much property damaged at Atkins, Ark.

Temperatures in the United States ranged today from freezing 32 degrees at Devils Lake in northeast North Dakota to a sunny 82 degrees at Miami.

What appeared to be the first one hundred degree weather of the year was reported yesterday at Savannah, Jacksonville recorded 99 degrees, a new May high. There was little weekend rain.

Some crops are in need of moisture.

Yesterday Seminole county experienced a minor tornado preceding showers which came as a relief in a temperature of 98 degrees.

The little tornado first struck near Winter Park; it raised and struck again in Longwood shortly afterward, damaging electric services in these localities, and breaking limbs from trees, strewn the streets with debris in many instances uprooting trees.

No property damage was reported outside of the damage done to the power lines of the Florida Public Service Company.

With the exception of the Lyman School, Longwood had no electric power until 11:00 last night.

Residents reported nearly one inch of rainfall and also three showers of hailstones which did no damage.

Sanford escaped the winds and also most of the rain. Local meteorologist G. F. Paxton reported today that only .16 inches of rain fell in Sanford yesterday. He also reported that just prior to the rain the mercury soared to a high of 98 degrees, one degree higher than the highest temperature recorded for last summer.

Saturday, he reported, the temperature reached a maximum of 97 degrees.

The rain, however, offered a brief respite to withering crops, and citrus groves and also helped forest fires which have ravaged this and surrounding counties for the past few weeks.

Oviedo Chapter Of Future Farmers Is Winner In Contest

Three members of the Oviedo Future Farmers chapter in the district contest held in Ocala Saturday and are now eligible to enter the state contest in Ocala Friday, June 14 to 17.

Members of the Oviedo chapter are L. V. M. Smith, Jr., president; L. V. M. Smith, Jr., vice president; and L. V. M. Smith, Jr., secretary.

Bagwell Attends Orlando Parley Of Secretaries

Trade Body Group Is Greeted At Supper By George F. Brass

Ralph Bagwell, secretary of the Seminole County Chamber of Commerce is attending the annual convention of the Florida Commercial Secretaries Association being held at the Colonial Orange Court Hotel in Orlando.

Fifty-one members attended the informal opening of the convention last night and at least a dozen others were expected to attend the sessions today.

George F. Brass, president of the Greater Orlando Chamber of Commerce, welcomed the secretaries at a buffet supper at the Orange Court as the program got under way last night.

In the absence of Harold Cole of Jacksonville, president of the State Chamber of Commerce, H. I. Mossberger of Miami, responded.

Brief comments on the convention were given by Russell Dymond of Daytona Beach, secretary of the association; John L. Morris of Miami, president of the Southern Commercial Secretaries; and James T. Daniels of Jacksonville, president of the Florida Commercial Secretaries Association.

Delegates were guests of Bob Overstreet at Seaside Springs yesterday afternoon.

M. M. Dunderick of Bradenton was selected to set a program chairman in the absence of Karl Lehmann of Tavares who was unable to attend.

The business session was called at 9:00 o'clock this morning by President Daniels. Dr. A. Fred Turner of the First Methodist Church here gave the invocation.

Summer Tourists Are Sought By Miami

MIAMI, May 21.—(AP)—This city, seeking more summer visitors, has voted \$12,000 to be spent this year to attract tourists in the city.

Several other addresses are scheduled for this afternoon.

Petition Is Filed For Continuance Of Market Pact

Celery Agreement Depends On Referendum Among Growers

A petition from celery growers in various celery producing sections of the state asking for a referendum to decide whether the Celery Marketing Agreement shall be continued next year has been filed with the secretary of Agriculture, County Agent C. R. Dawson said today.

Petitions must include 25 percent of the producers who must produce at least 25 percent by volume of the crop.

Should the petition be granted, then those who vote must be at least 50 percent in favor of continuing the marketing agreement if the Celery Control Committee is to operate another year.

Although 50 percent of those who vote are required to vote "yes" to continue the agreement, Mr. Dawson declared, a 66 and two-thirds "yes" vote was required to put the marketing agreement into operation in the first place.

When asked to express his opinion as to how the referendum—if granted—would turn out, Mr. Dawson refused to commit himself, saying that he was neutral.

Mr. Dawson said that Dr. O. C. Bryan, soil chemist, will speak at a meeting at the Court House Tuesday night at 8:00 o'clock.

Future Farmers Are Given First Place At Tourney

A first place was won by the parliamentary procedure team of the Seminole Chapter of the Future Farmers at the final district tournament held in Ocala Saturday afternoon.

Adviser Alex R. Johnson said today.

The local chapter, represented by Kenneth Gotschman was also awarded the second place in the public speaking contest.

The chapter members left for the tournament Saturday afternoon and returned late Saturday night, Mr. Johnson reported.

Interest In Vote Tuesday Is Increasing

Indications Point To Larger Balloting For Various Races Than Was Expected

During the last few days, considerable interest has been aroused in the three remaining county races to be decided in the second Democratic primary to be held tomorrow which may bring more voters to the polls than was originally expected.

Appearing on the ballot in the county races are the names of George H. Bridge, Jr. and John O. Leonard, candidates for nomination to the House of Representatives in Group 2; For County Commissioner from District 1, O. J. Pope and D. L. Thrasher and in District 4, J. E. Parlin and W. H. Williams.

In the only state-wide contest, Elwyn Thomas is seeking nomination for justice of the State Supreme Court over J. Tom Watson.

From the office of County Judge R. W. Ware comes the announcement that the time in which voters will be allowed to cast ballots has been lengthened somewhat over the previous election because of the longer days.

The polls, he said, will open at 8:00 A. M. and close at 7:15 P. M.

Polls for the election will be set up in the same places as for the first primary. It was pointed out.

Returns of the election will be tabulated by The Sanford Herald and results in the various races (Continued on Page Four)

Schneider Returns From Meeting Of State Pharmacists

Morris Schneider, who has just returned from the 51st annual Florida State pharmaceutical convention held May 17, 18, 19 at the Hollywood Beach Hotel, Hollywood, Fla. today characterized the convention as the most successful he has ever attended.

The principal speakers were Dr. Neal Bowman of the College of Pharmacy at Temple University, and Ray Whidden, president of Bauer and Black, manufacturers of first aid supplies.

Dr. Bowman's subject was the "ABC's of Selling." Mr. Whidden spoke on the "Art of Selling" and complimented the association on work done during the past year.

Officers elected for the ensuing year were as follows: George Moore of Clearwater, president; C. O. Hamilton of Pompano, first vice president; J. Breeding of Hollywood, second vice president; L. N. Peabody of Tampa, third vice president.

Hollywood was again selected for next year's convention. Mr. Schneider said, the first time in 51 years a city has been selected twice in a row for the convention.

Conference May Be Invited By Local Rotarians

Plans were made for a conference of Rotary presidents and secretaries which may be invited here during the latter part of July at the regular weekly luncheon of the Rotary Club held at the Valdes Hotel today.

President H. E. Coleman appointed a committee composed of H. B. Pope, W. A. Laffler and Martin Bram to investigate the affair.

Arrangements for the annual best ride of the Rotarians were announced to the members by Paul Stine, chairman of the entertainment committee, who reported that the party will sail from the Sanford Boat House at the Ocala Bridge at 1:00 o'clock next Thursday afternoon on the yacht "Coral".

Tension In Europe Eases As Heinlein Meets With Czech Premier To Settle Dispute

DUEL FAILS TO SETTLE THEIR QUARREL

Epees clashed in a Paris, France, garden as dramatists Edouard Bourdet (right) and Henry Bernstein followed up public letters about each other by meeting on the field of honor, but the duels were angrier than ever when the fight was ended. This photograph shows the combatants after Bourdet was stabbed in the right arm and the fight was stopped by the director of the combat (back to camera). The four-minute, duel over, Bernstein stalked away while Bourdet declared, "This is only a theatrical duel." (Unreconciled, they did not shake hands.)

High Court Rules Tax Is Legal On College Contests

Tribunal Also Holds State Employees Must Pay On Income

WASHINGTON, May 23.—(AP)—The Supreme Court ruled today that the federal government could impose an admission tax on tickets to athletic contests at state universities. This and another decision holding that the federal government could collect income tax on salaries of employees of the New York Port Authority served to increase the scope of the federal taxation field. Both decisions were six to two.

The issue as to whether the government could tax college athletic games has been a long time getting into court. Back in 1934 the government tried to collect taxes on tickets to university and college athletic contests—mainly football games—but the schools protested that athletic contests were an integral part of the functions of a college and, consequently, could not be taxed.

The first case of the government's action to collect taxes on college athletic contests came in 1934 when the U. S. collector of internal revenue tried to collect a 10 percent gate tax on University of Georgia and Georgia Tech games.

Hardly had the case been brought before the Supreme Court than 11 other states joined in the fight. Knocking a 1 percent cut of the annual football income would hit school athletic budgets a hard blow, especially in those colleges which expect at least one annual game with an attendance of 80,000 to 100,000 and gate receipts of \$20,000 or so.

The colleges stated that football is an important function of education and thus an essential function of government, but Circuit Judge Joseph C. Hutcheson of Houston, Tex., dissented so hotly that the government adopted most of his argument on an appeal to the Supreme Court.

The government contended it was the spectators and not the colleges who paid the taxes and therefore the colleges had no right to withhold the money from the treasury.

House Votes To Debate Wages, Hours Measure

Members Favor Recall Despite Blockade Of Rules Committee

WASHINGTON, May 23.—(AP)—The House today voted to debate the measure immediately. This action, certified a motion signed May 6 by 218 members to force the legislation to the floor in spite of the Rules Committee's steadfast refusal to give it a preferential status.

The debate is limited to four hours but leaders said efforts of the southern bloc to make the measure more flexible might delay the final vote until late tomorrow.

It was the second time the wage-hour legislation had come before the House in the last six months. It rejected a somewhat different version last December during a special session.

Democratic leaders told President Roosevelt today that because of the final deficiency appropriation bill Congress will be unable to adjourn before sometime between June 11 and 20. Previously they talked of adjournment June 4.

The weekly luncheon of the Junior Chamber of Commerce will be held in the Valdes Hotel Tuesday at 12:15 o'clock, President J. E. Rowland, Jr. reported today. Clyde Ramsey is chairman of the program committee.

The monthly supper of the Campbell-Leasing Post of the American Legion will be held in the American Legion Hut tonight at 7:30 o'clock. Commander G. D. Workman announced today and requested a full attendance of legionnaires.

A comedy by Hagan entitled "One Sunday Afternoon" will be presented by the Federal Theatre players in the Seminole High School auditorium tonight at 8:15 o'clock. G. E. McKay announced today, and invited parents and friends of the school to attend the program.

Lt. Col. Harry Carlson of the United States Naval Air Base at Pensacola arrived at the local airport Saturday in the latest type naval pursuit plane to spend the week-end with his parents on West First Street. He left the airport about 9:00 o'clock this morning by a return trip to Pensacola.

Reports Are Received That German Troops Are Being Returned From Czech Border

Hopes Brighten For Real Peace

Leading Powers Work To Expedite Peaceful Negotiations

Konrad Heinlein, leader of Czechoslovakia's autonomy-seeking Germanic minority and Premier Milan Hodza met tonight in a preliminary effort to settle their dispute which had brought Europe dangerously near the brink of war.

Heinlein returned to the capital by airplane late today and it was understood he had come from Vienna where presumably he had seen German Nazi leaders.

He arrived soon after reports were received that German troops were withdrawn from Czechoslovakia's border.

Hopes for settling a serious Central European conflict were considered a preliminary to real peace negotiations between the Praha government and 3,500,000 S. G. Germans for whom Heinlein considers himself the spokesman.

In London, the conference first was announced by Prime Minister Chamberlain who said in the House of Commons that Britain, France, Germany and Czechoslovakia, as well as Heinlein, all had agreed to expedite peaceful negotiations calculated to end the dangerous friction.

Europe, with the long startling exception of Spain still wore a mantle of peace but it was a flimsy garment rubbed threadbare by the strain of one of the longest week-ends since the World War.

Still unsettled was the future of Czechoslovakia's 3,500,000 Germanic minority, over whom Adolf Hitler had declared a hazy sort of protectorate which many had feared he would put into armed effect as a result of the pre-election disorders in Czechoslovakia.

Time and scant reassurance that Hitler had not acted yet worked in favor of British and French efforts to forestall a clash into which France and probably Britain would be drawn.

The first of a series of Czechoslovakian moves kept a semi-mobilized army along the frontier with Germany in answer to the ominous troop movements in Germany and heated outbursts in Hitler's press.

The election's results indicated Sudeten gains in Germanic areas while predominantly Czech communities swung toward a moderate left.

The Spanish war brought a government offensive on the Catalonia front but insurgents denied reports that a wedge had been driven between their key positions.

Mexican airmen, helping put down a rightist rebellion, reported bombing the airbase of rebel general, Saturnino Cedillo, in retaliation for unsuccessful aerial attacks on San Luis Potosi, headquarters of President Cardenas.

An Associated Press reporter flew over the central China front and witnessed Japanese efforts to wipe out some 200,000 Chinese trapped near the fallen Suichow. Japanese reported 10,000 Chinese had surrendered since Suichow fell last week.

WORLD VERSE FOR TODAY

God's Love Blesses Abundantly: They shall abundantly enter the memory of the great goodness...

We urge to vote in tomorrow's election: It won't be long before the hurricane season will make this drought look like a wet blanket.

Sanford boasts an increase in bank deposits of \$63,358 in 1937 to \$708,148 at the present time...

What this city needs is a few more blue and gold stars: A few more blue and gold stars, a few more blue and gold stars...

We see where time has passed: We see where time has passed, we see where time has passed...

As some of the business men here think, the summer may be a little earlier this year...

Madame does not seem to be satisfied with the spectacle that she has made of herself...

W. J. Howey, former Republican candidate for governor...

Did you ever notice that the people over here who seem to think that a dictatorship isn't a very bad thing...

The Herald likes to run letters on important questions...

President Roosevelt's secretary is reported to be leaving the White House...

Arthur Dickens returned to Camp Wheeler Saturday after a brief visit with his parents...

Mrs. E. L. Marshall, one Miss Thea Reubey, who underwent a major operation Apr. 8 at the Fox River Sanitarium...

Sergeant Billy Warren Knight spent the week-end in Sanford...

The federal government has asked Florida citrus growers to plant fifty million mango seeds...

Mrs. O. W. Mahon of Lake Wales arrived in the city today...

Everyone Should Vote

All rumors to the contrary notwithstanding, The Herald's only interest in tomorrow's election is to do what it can in its humble way to get out as large a vote as possible...

There is no danger connected with this primary and that is the reason comparatively few voters will go to the polls...

In tomorrow's primary there is only one state officer at stake. But that is a particularly important one. The composition of the Supreme Court, whether state or federal...

Candidates for justice of the Supreme Court in Group 2 are Judge Elwyn Thomas of Fort Pierce and J. Tom Watson of Tampa...

Other races on the ticket include the State Legislature in Group 2 where George H. Bridge Jr. of Longwood is running it off with John G. Leonard...

All three of these offices are important to the people of Seminole County. A State Representative is an important factor in deciding the trend of State legislation...

And so The Herald urges everyone to vote. Vote as you please, to borrow an expression from the Jaycees, but vote.

Income In Gold

As gold is the international yardstick of value and always has been ever since civilization began, it should be interesting to see how the income of the people of this country has varied during the past few years...

Pointing out that the income of the people actually has not been the same in gold as it has been in dollars, the United States News converts the dollar income to ounces and shows that in 1936 the people had less real value for their money than they had in 1932...

Year	Ounces of gold
1929	3,907,000,000
1930	3,288,000,000
1931	2,588,000,000
1932	1,913,000,000
1933	2,023,000,000
1934	1,116,000,000
1935	1,570,000,000
1936	1,823,000,000
1937	1,971,000,000
1938 (est.)	1,600,000,000

In other words if all the people of the United States had received their wages, salaries, or dividends in gold instead of in dollars, their total income in 1932 would have been 1,913,000,000 ounces while in 1936 it was 1,823,000,000 ounces...

A #2 MAGAZINE SUBSCRIPTION—ONE GEORGE WESTINGHOUSE—THE INSPIRATION FOR THE SUCCESSFUL AIR-BRAKE—USED ON TRAINS TODAY!

AN ARTICLE IN THE FIRST ISSUE, ON COMPRESSED AIR, GAVE HIM THE IDEA FOR THE RAILROAD UNIT IN 1868...

WESTINGHOUSE AIR BRAKE... It took a two-dollar magazine subscription in the hands of an inventive young man to create one of the greatest benefits to safety in railroading ever achieved—the pneumatic air brake.

George Westinghouse was the young man in question. With a natural bent for mechanical inventiveness to help him, Westinghouse built a fortune on an idea—inspired in an almost fiction-like manner.

Westinghouse was working in his father's shop one day, his mind as usual preoccupied with an idea. This time it was an idea for stopping trains quickly. He had recently journeyed by train from Schenectady to Troy, and had been involved in a locomotive collision. The engineers had not been able to stop their trains quickly enough.

Westinghouse considered and rejected almost every type of mechanical braking system that entered his mind. Thus occupied at noon hour, Westinghouse was approached by a young woman selling magazine subscriptions. He was not interested and the girl turned away disappointed.

Westinghouse relented, pulled two dollars from his pocket, and took a three-months subscription from her out of kindness. Some day, he felt, this good turn might be repaid. He scanned the sample magazine she had given him. Suddenly his eyes focussed on an illustrated article.

It described the building of the Mont Cenis Tunnel, then being drilled in Switzerland. The article said that compressed air was used to operate a rockdrill, 3,000 feet distant from the compressor!

Westinghouse was elated. Here was the very power he needed for his air brake!

In the autumn of 1868, not yet 22, Westinghouse and an assistant built a working model of his air-brake system. He persuaded the Pennsylvania Railroad to allow him to make a demonstration on one of their trains if he assumed all responsibility. The trial was a success.

Soon all of the country's important railroad lines installed the Westinghouse brake, and the young inventor gained financial success. By the fall of 1881, six thousand five hundred and fifty-nine locomotives were using his brakes and 30,000 cars were equipped with them.

WEEKLY NEWS COLUMN

ST. AUGUSTINE—HISTORY: which culminated in the passage of the bill. No one is more de-lighted than we. The bill must be signed by the President before it becomes a law and may I inform my friends in advance of any applications that I shall have nothing to do with the appointment of the committee or with the employment of clerks. There will not be many to be employed. Let's hope that some day final reimbursement will be accomplished.

APALLING: There has been an epidemic of the inter-marrying of white women and negro men and the appalling feature of this is that in most cases the women come from socially prominent families. No one with common sense could help but feel that if this should continue there would be an amalgamation of the two races. The results of such amalgamation would not be the up lifting of the lower, intelligent but the pulling down of the more intelligent race. If we could have a few more bills as foolish as the Anti-lynching bill even the intelligent white people will begin to think that the negro is their equal in every respect.

WPA PROJECTS: I have received notices of the approval of the following WPA projects: Improvement of the city of St. Augustine in the amount of \$3,858; Construction of a building to the city of Palatka in the amount of \$11,000; to provide employment for needy persons in the preparation and serving of school lunches to be furnished without cost to needy children in Sumner County.

CIVIL SERVICE EXAMINATIONS: I am pleased to announce the following examination: Draughtsman (mechanical) 11416 a year and applications must be on file with the secretary, Board of U. S. Civil Service Examiners, U. S. Engineer Office, Jacksonville, not later than June 19, '38; Painter's helper, 11350 a year, applications must be on file with the Civil Service District, New Post Office Building, Atlanta, Georgia not later than May 19.

DON'T THROW STONES: Big John Bull certainly gave little Mexico a terrible shaking over the coin because Mexico was in arrears for three annual installments on British claims growing out of Mexico's civil wars amounting to about one hundred thousand dollars. Mexico very properly repaid in effect that people in glass houses shouldn't throw stones saying that "powerful states having at their command abundant resources were not paying all of their bills." That is something to think about!

THE FRUIT FLY: At long last a bill has passed the Senate and the House of Representatives providing that a committee be set up and direct the Department of Agriculture to make a survey of the resulting losses of the Mediterranean Fruit Fly campaign. This bill has passed the Senate once or twice before but was never successful in the House. Congressman Hardie Peterson re-introduced the bill at the beginning of the 75th Congress and early in this session he and I, with the assistance of the other members of the Florida delegation, put on a drive

Business Reasons Why D. L. Thrasher Should Be Re-Elected Commissioner

Due to the Murphy Act, the County Income is being greatly reduced, and it is exceedingly necessary in this situation that the funds collected be carefully conserved.

Familiarity and experience on the part of your commissioner in the handling of the County's business is of paramount importance at this time.

Your present commissioner has the experience and is familiar with the business of the office. He has the time and is willing to work and has proved it by his accomplishments and co-operation in the several districts in the interests of the whole County.

HE IS A FRIEND OF THE SCHOOLS... HE IS A FRIEND OF THE HOSPITAL... HE IS A FRIEND OF LABOR...

In his own district he has been instrumental in the improvement of Ocala and Geneva Avenues.

He has been instrumental in securing a \$12,000 WPA building project for the benefit of the farmers.

He is in the best position for the removal of a second WPA road project over from Alford Avenue, which will be a great benefit to the community.

The above are some of the reasons why you should re-elect your present Commissioner. It is good business to elect your present Commissioner.

Let us hear from you on this matter. Your Commissioner WILL APPRECIATE A FAVORABLE ANSWER.

Welfare Board Pays 40 Percent For Extra Needs About Half Of Expenditure Allotted To Old Age Assistance

JACKSONVILLE, Fla. May 20.—More than 40 per cent of the expenditures of the State Welfare Board go for purposes other than the administration of old age assistance, according to figures made public here today at state headquarters by Clayton C. Codrington, state welfare commissioner.

The statistics show that slightly more than 10 per cent of the cost is for administering the aid to the blind program and that the remainder is distributed among the 12 other agencies served by the board. One of the major items of expense relates to the certification of clients to the WPA, NYA and CCC. In the former category, employment is provided by the Works Progress Administration only after the need of the applicant has been certified by welfare board workers.

The cost distribution is as follows:

Old Age Assistance	57.00
Aid to Dependent Children	1.14
Aid to the Blind	10.16
Commodity Certification	1.50
W. P. A. Certification	13.17
N. Y. A. Certification	7.00
C. C. Certification	2.08
Child Welfare	2.84
Investigations for State Institutions	1.16
Investigations for Child Care Commission	1.02
Investigations for NYA Scholarship	1.00
Services to County and City Agencies	1.00
Out of Town Hospital Service to Families	1.28

W. B. Williams

Candidate For County Commissioner

He was high man in (his own) the 4th Dist. in the Democratic primary, May 3rd. He was high man in Ocala and Sanford, the places where he has lived and in the home known. He received a good many votes throughout the County and he appreciates more than words can express, every one of the 1938 votes he received in the first primary.

W. B. Williams offers a record of achievement as County Commissioner, and with his experience and determination, he is in a position to, and will render the good and taxpayers of Seminole County, as honest, efficient, and economical administration, as in the past.

Bishop Leete Speaks Here Tuesday Night

The First Methodist Church is having an Aldergate Commemoration Service Tuesday Night, May 24 at 8:00 o'clock, celebrating the two hundredth anniversary of John Wesley's "heart warming" experience.

Mr. Wesley described his experience in the following words: "In the evening I went unwillingly to a society in Aldergate Street, here one was reading Luther's Preface to the Epistle to the Romans. About a quarter before nine, while he was describing the change which God works in the heart through faith in Christ, I felt my heart strangely warmed. I felt I did trust Christ, Christ alone for salvation."

This experience of John Wesley is considered the foundation of the Methodist movement and is being so celebrated throughout the world by Methodists and other faiths.

Bishop F. D. Leete, one of the bishops of the Methodist church, will make the principal address here Tuesday night. A quartet composed of Dr. Rucker, Mr. Shinholser, Mrs. Harlin and Mrs. Steele will sing the first hymn composed by Charles Wesley and other Wesleyan hymns. The church going public is cordially invited to this service.

Rose Circle Garden Club Holds Meeting

The members of Rose Circle of the Sanford Garden Club were hostesses to their husbands on Friday evening at a meeting which was held at the home of Mr. and Mrs. Julius Dingfelder in Rose Court. The guests assembled in the rear garden where a picnic supper was served cafeteria style.

The unusual and rare cactus rock garden formed an effective setting. The tables were made attractive with Mexican pottery and Spring flowers of vivid coloring in unique garden and kitchen containers. The center arrangement, while an elegant affair in design, was of dwarf tunisia in a miniature wheelbarrow surrounded by toy garden tools.

A hurricane lamp made of kitchen utensils also added to the table arrangement, while an electric wagon wheel and candle offered a rustic atmosphere. For lighting flood lights were used in the garden.

During the supper hour, answers to very personal questions relative to family garden problems afforded much amusement, and the husbands were given an opportunity to make known their grievances, chief among them being fertilizer and water bills.

A highlight of the evening was a talk of a garden club organization for men, George D. Bishop, master of ceremonies, "broke ground" for the milder organization, and a century plant requiring no work or attention for 100 years was chosen as the club plant.

The inability to cope with botanical names and unwillingness to work on the part of the men caused the club's plans to "fade away into the thick of the smoky evening." The women will carry on it has been reported.

Mrs. Walter Coleman, circle chairman, presided over the short business session when consideration was given the Circle's budget for another year. It was voted to give money toward the prizes for the Mature Essay Contest conducted in the primary schools.

In line with other garden club circles in the state federation it was voted to give \$5 toward financing Dr. Alden Hadley's work in the Florida schools. This gives the circle a sustaining membership in the Audubon Society, in which 100 Rose Circle members have individual memberships.

In reviewing the year's work, it was noted that 250 plants have been exchanged, several gardens landscaped professionally, and special emphasis put on plant identification in one's own garden, labeling plants and learning correct pronunciation and spelling.

During the year, Mrs. J. H. Colclough of Rose Circle spoke to the Daytona Beach Garden Club on the topic, "When Trees Take on Personality."

Committees in charge for the occasion were: program, Mrs. W. E. Watson; decorations, Mrs. H. A. Newman; and Mrs. Dingfelder; refreshments, Mrs. C. R. Mason; chairman, Mrs. L. J. Fraser; Mrs. D. L. Thrasher; Mrs. Colclough and Mrs. E. B. Stone.

Receiving the guests were: Mr. and Mrs. Dingfelder, Mrs. Coleman, Mrs. Watson and Mrs. Mason.

In the garden, where the guests assembled, many flowering plants and shrubs were in bloom. In the rock garden a spectacular succulent plant, the Karatas Peruvianus Penguin, was at its full glory with red flame heart and flowering spikes. There were also many rare plants from Madagas-

All-Day Program Is Planned For Melon Festival

LEESBURG, May 23. Plans for the Leesburg Watermelon Festival, as outlined by R. D. Harris, general chairman, and his assistants, provide for a full day of entertainment, from a skeel shoot at the Venetian Gardens park traps, in the morning to the official Watermelon Festival Ball in honor of the queen of the day, at night.

Following the skeel shoot, there will be water fights between the Firsts and Leesburg fire departments, a parade with floats, and with three bands. Basketball, tennis and swimming events, and will include a baseball game between Leesburg and Gainesville. The international squabblers, of the Cypress Gardens, will give stunts in the yacht basin. During the afternoon, free ice-cold melon will be provided for all attending. Prizes will be offered to growers of the variety for the largest watermelon exhibited.

At 8:00 o'clock, the queen of the festival, selected through an elimination contest from among car, Ethelma Mason and North American states.

A rare shade, the Hindoo variety, was heavily laden with pink flowers about three dozen per bush. Large were in bloom in the garden, together with various gardenias, and late blooming azaleas.

Federal Players To Present Play Tonight

The last of a series of dramas presented at the Seminole High School throughout the year by the Federal Theatre players will be presented in the school auditorium tonight at 8:15 o'clock.

The play tonight is a comedy by Hagan entitled "One Sunday Afternoon."

The plot might be summarized about like this: Biff Grimes (Tyler Carpenter), inherently lovable and decent though always too impulsively ready with his fists, loved the glamorous but selfish Virginia Brush (Maryeda Green); Hugo Barnstead (William Orrison) weak but unscrupulously ambitious also wanted Virginia; shy little Amy Lind (Ruth Clark) had always understood and worshipped Biff, but was secretly agonized by his blindness to Virginia's transparent purposes.

Hugo, however, wins wealth and position and Virginia, costs Biff his job and brings him to disgrace. Biff marries Amy and finally achieves his desire to become a dentist, but secretly harbors a lingering affection for Virginia and a lasting resentment against Hugo. Returning years later, Hugo comes, unknowing, to Biff for a tooth extraction, and it is on this scene the play opens. With Hugo unconscious from the dentist's gas, Biff has his long-sought opportunity for revenge; but not until the epilog is it revealed how the opening scene will turn out.

luncheon will be served.

THURSDAY
Miss Margaret Davis will present a recital of her piano pupils on Thursday evening at 8:15 o'clock at the Woman's Club.

FRIDAY

National Survey Shows Relievers Are Pro-New Deal

By DR. GEORGE GALLUP
Director, American Institute of Public Opinion
NEW YORK, May 22.—With the Roosevelt Administration pressing to secure passage of its new four-billion-dollar spending and lending program, political observers are turning their attention to a question which has been asked repeatedly since the New Deal embarked on its first program of spending for relief and recovery: how much do federal benefit payments and loans influence the voting preference of the electorate?

In a unique study of political sentiment among persons who have received relief money, crop payments, home loans, etc., and those who have not, the institute has gathered important facts that bear directly on this question.

The study indicates that persons who have received benefit payments from the government are more pro-Roosevelt than those who have not received such benefits, and reveals the principle that the more urgent the economic need of the recipient the greater has been the tendency to vote for the administration.

The institute's study was based on a correlation of answers to two questions in a nation-wide survey. The first question asked whether the respondent had received money from the government during the past four years for relief, crop control, soldiers' bonus, or in the form of home or land loans. The second question was, "For which candidate did you vote in the 1936 presidential election?"

HUNGARY'S MEN OF THE HOUR

Ferenc Szálasi (right), sometimes called the "Hungarian Hitler," forced a showdown when the cabinet met in Budapest to consider his rise to power. He is said to be recruiting a "revolutionary army in the heart of the capital." At left is Bela Imredy, minister of economics, who may become Hungary's "strong man" in the nation's present difficulties over the rapidly expanding Nazi movement. Imredy may get the job of crushing the movement.

... were in jeopardy—recipients of home or land loans. Then came farmers who received crop benefit payments, and lastly the recipients of the soldiers' bonus, first payments of which were made in the summer of 1936.

Throughout the study the institute found that persons who said they had received no money at all from the federal government were much less pro-Roosevelt in the 1936 election than those who had received aid. It is significant, however, that even among people who received no federal money the President

Four Run Rally In Seventh Frame Gives Sanford Winning Lead Over G-Men; Atwater, Cook Give Up 7 Hits

By JULIAN STENSTROM
HARRIS FIELD, GAINESVILLE, May 22—Paced by Winfrey Brown, hard hitting Lookout centerfielder who recorded five hits in five trips to the plate, the Lookouts claimed a 7 to 3 decision over the Gainesville G-Men yesterday afternoon in the University City.

Charlie Atwater was on the hill for the Lookouts and hurled seven innings of tight baseball as he allowed the G-Men only six hits which were well scattered. However, Atwater hurt his arm while throwing warm-up pitches to Holland before strating the first half of the eighth frame. He was examined by Manager Rodgers and it was decided to let him remain in the box.

Atwater then threw two straight balls to Clyde Willowby and Manager Rodgers pulled him in favor of Cook who finished the fifth. The extent of Atwater's arm injury was not announced early this morning. Atwater while on the mound gave up six hits, fanned

Sanford outfit went to war in the seventh to tally four times.

The G-Men rallied in the ninth when they started with an 18 out error by Brown on the same play to stole third and Cook walked. Livingston Livingston stole second and Cook filled the bases when he walked Jack De Vincenti. However, Lou Rogino hit to Ruggiero who forced De Vincenti at second and Watts threw to Bill Holdstock to nab Rogino. Rodgers went out to end the inning and stop the rally.

THE MAN OF THE HOUR GEO. H. BRIDGE JR.

CANDIDATE FOR REPRESENTATIVE GROUP 2

Once in a thousand times we have the opportunity to nominate a man for representative whose sterling character, unquestioned integrity, and business ability should appeal to every thinking voter in the county.

One of the chief ills of our whole country is legislation enacted for the few instead of for all of us.

Our chance is now at hand to place into this very important office a man who did not seek this office, but was urged by his friends, who know of his unselfish views as to the needs of the people of the county and state, and who will give untiring energy to put through legislation that will benefit all of the people.

With his dynamic personality, Mr. Bridge will make men listen to him when he presents a bill to legislature, for the benefit of his people.

When we elect Mr. Bridge, we will then have two representatives, he and Mr. Lehman, that will make a team that will be second to none in the state as to integrity and business ability.

*Vote for Mr. Bridge and urge your friends to do the same.

Czech Tension Grows As Sudetens Suspend Peace Negotiations

Reports Of Break Are Heard As Henlein Abruptly Abandons Czech Conferences

Loyalists Launch Offensive Drive

Several Killed, Many Hurt In New Jerusalem Terrorism

By Associated Press
Suspension of peace negotiations between the Czechoslovak government and Sudeten Germans kept Central Europe under tension, while in China, the Japanese continued their great offensive along the railway lines that may lead them to Hankow, China's provisional capital.

The Czechoslovakian-German discussions were interrupted when Konrad Henlein, Sudeten Nazi leader, abruptly departed for Aachen on what was officially described as a private business.

However, private reports indicated there had been a break over the basis for starting negotiations.

Premier Milan Hodza and Henlein, talked for more than two hours last night but arrangements for conferences today were called off.

The Japanese offensive to gain control of China's railway network advanced toward Kailash, ancient capital of China 40 miles east of Chengchow.

In Spain, the government's attack on insurgent positions between Tremp and Balaguer gained momentum.

The insurgents were reported driven back at several points. East of Teruel, the insurgent offensive against Valencia progressed slowly. The Mexican uprising appeared to have lost some of its dangerous aspects and President Lazaro Cardenas' government was confident the movement of General Beltramo Cedillo in San Luis Potosi would not get beyond control.

Reports from Jerusalem told of two Arabs and a Jew being killed and 30 injured in a new outbreak of terrorism.

Jaycees Discuss Routine Matters At Weekly Meet

Routine business was conducted at the regular weekly luncheon of the Jaycees held at the Valdez Hotel today, E. H. Loney reported.

J. E. Bowland reported on the monthly meeting held Friday night in Orlando at the Atlantic Ala and Beer Company. A crowd of about 25 attended the meeting, he said.

He expressed the appreciation of the club for the invitation of the Atlantic Ala and Beer Co.

Discussion was held on the annual convention of the Jaycees to be held in Miami June 2, 3, 4. A letter was read about the program which is being arranged at the McPadden Duval Hotel where the convention headquarters will be.

Clyde Ramsey had charge of the program for the day.

Lions Officers To Be Installed In Euclid

The Lions Club won't hold its regular meeting Wednesday night due to a joint meeting to be held in Euclid that night, John Callaway, secretary announced today.

The meeting in Euclid will be for the purpose of holding installation ceremonies for the club's new officers.

Mr. Callaway urged all members to make the trip and said that members would meet at the Euclid The Shop at 8:30 o'clock Wednesday evening.

Chinese Launch Counter Attack Against Invaders

KaiShek Is Furious At Hitler's Action Of Recalling Advisors

By Associated Press
SIAMHAI, (Tuesday)—Furor here at the action of Adolf Hitler in withdrawing all German advisors to the Chinese Army and cutting off German munitions to China, Generalissimo Chiang Kai-Shek today threw his personal division into a series of smashing counter-offensives against the Japanese which at dawn had resulted in the capture of three important cities and a dozen villages by the Chinese.

A spokesman for the generalissimo in Hankow, continuing withdrawal of all German support for China, said that China's own troops were in a series of counter-attacks in the Hsueh-fu area which had resulted in the capture of Lan-Feng, Yi-Feng and Tiao-shan—all key cities in the fortified Long-Hai railway line defending Hsuehwei, the principal Chinese military stronghold.

The spokesman said withdrawal of the German military advisers, headed by General von Falkenhagen, a World War veteran, was "unfortunate" but would not influence Chinese resistance.

He refused to reveal the amount of munitions China has been receiving from Germany, which was known to have been considerable, and said this was not important since "we simply will buy now from other countries."

Secretary Ickes Marries American Woman In Dublin

WASHINGTON, May 24.—Harold L. Ickes, secretary of interior, surprised the capital today by calling from Dublin, Ireland, that he had just been married.

The cabinet officer, 44, disclosed through his press chief here that he and Miss Jane Delman, 23, of Milwaukee, were married in the Irish capital's Adelaide Road Presbyterian Church in a morning ceremony.

Only a few intimates knew he was gone from Washington; lower still that he had left the capital.

The secretary's new wife, his second, is a niece of John Cadogan, U. S. minister to Dublin, whom she was visiting. She also is sister of Mrs. Winmarth Ickes of Winnetka, Ill. widow of the secretary's stepson who died in 1935.

Continued Rain Is Relief To Growers

Although hot little rain fell in Sanford yesterday, an overcast sky at least protected residents from the blistering sun which prior to the shower sent the mercury soaring to a maximum of 95 degrees.

Yesterday's shower and the overcast sky today with possibility of continued showers offered relief to Central Florida growers whose crops have been affected by the continued drought.

In some sections of the county, reports indicate that yesterday's precipitation was heavier than the .06 inches recorded. The meters last night dropped 22 degrees to record a low of 72, G. P. Patton, local meteorologist, reported.

City's Heads Hold Regular Routine Meet

Sanford Avenue Merchants Make Plea To Prevent Holding Of Rummage Sales

A petition signed by most of the merchants on Sanford Avenue requesting the prevention of rummage sales in that district was presented to the City Commission last night at its regular meeting.

The petition declared that these merchants paid taxes on their property to the city, where they paid neither rummage sales nor other consequences.

The petition pointed out the realization of such rummage sales was an unfair advantage over those whose lawful right it is to sell merchandise on that street.

The Commission decided to investigate the matter and defer action until the next meeting.

Citizens Trek To Polls To Vote In Run-Off Primary

Early Check Indicates Heavier Vote Than Had Been Expected

Sanford County voters went to the polls today to cast ballots in the run-off election in three contest races and one state wide contest despite the heavy rain this afternoon and the apparent lack of interest in the races, indications shortly after noon today revealed a heavier vote than had been expected.

Shortly after noon approximately 500 ballots had been cast in Precinct 1 while the rest of the precinct total 1,981 in precinct 2, the other city precinct, slightly more than 500 per cent of a possible 1,000 had cast ballots.

Mrs. Zilla Hawkins Dies In Jacksonville

Mrs. Zilla H. Hawkins, 74, who is known by many Sanford residents, died suddenly at the home of her son, R. D. Hawkins, in Jacksonville, at 4:35 P. M. yesterday.

Mr. Hawkins, who is captain of the police department of the Atlantic Coast Line Railroad, is a former resident of Sanford and Mrs. Hawkins was a frequent visitor to this city, during her visits she always attended the T. E. L. class of the First Baptist Church.

She is survived by three sons, one daughter and one brother. Funeral services and interment will be in Cumming, Ga., where she lived the greater portion of her life.

New Requisition Is Given REA Approval

The Rural Electrification Administration has approved a new funds available for the construction of 59.5 miles of line, in Orange, Seminole, Highlands and Volusia counties which will serve 241 new customers.

This requisition is from an allotment of \$18,500 to the Florida Public Service Company and the money will be available for use as soon as the Treasury Department clears the vouchers.

According to information on a Progress Bulletin by the REA, this makes more than \$34,000 which has been advanced for the new line.

'The Railroad Evangelist' Is New Monthly To Be Published Locally

The founding of a monthly publication, 'The Railroad Evangelist', in Sanford has been announced by its editor and publisher, Luther S. Harkey, for 18 years a locomotive engineer for the Atlantic Coast Line Railroad, who declared today that a meeting of all railroad employees will be held Thursday night at 8:00 P. M. at the Sanford Gospel Tabernacle for the purpose of holding a formal dedication and presentation of copies to every one present.

The purpose of the periodical, a copy of which has elicited words of thanks from President Roosevelt in a letter to Mr. Harkey, is to promote the religious and moral welfare of the railroad workers and in the words of Mr. Harkey's daughter, Elizabeth Harkey, captain of the Salvation Army in Waycross, Georgia, who will assist her father in furnishing editorial material, to contribute to their faith in God, bring their souls up towards the things of spiritual value and shed a light upon the path you daily tread.

Mr. Harkey said the meeting next Thursday night will be attended by George C. Collins, superintendent of the Jacksonville division of the Atlantic Coast Line Railroad, and other officials of the line. Special music will be provided for the occasion.

Permission has been granted, according to Mr. Harkey, to distribute the publication among the 936 lodges of the Brotherhood of Locomotive Firemen and Engineers in the United States, and it is pointed out that this distribution will be of inestimable value to Sanford from the publicity angle alone. The local lodge of Locomotive Firemen and Engineers endorsed the periodical in its meeting Sunday.

The first edition of the publication contains articles by Mr. Harkey, his daughter, and by Rev. W. S. Queen, and a number selection of congratulatory letters, among them ones from Mr. Collins and of Miami all of its 15 votes for W. H. Anderson, general chairman Congress and Elwyn Thomas of the Atlantic Coast Line Railroad, Fort Pierce the same number for the State Supreme Court.

Missing Heiress Found

Mrs. Martha Lee Williamson (above), society of Charlotte, N. C., and heiress of an electric power fortune, was found in a New York hotel after vanishing from a hospital in this city where doctors said she had been under treatment for alcoholism.

Earlier police had dropped the East river in search of her body. She was attired only in a pink nightgown and a blue satin dressing robe when she left the hospital.

She is survived by three sons, one daughter and one brother. Funeral services and interment will be in Cumming, Ga., where she lived the greater portion of her life.

Legionnaires Lay Plans To Attend State Convention

Local Post Appoints Delegates At Meet Held Last Evening

Final plans for the attendance of local legionnaires at the state convention of the American Legion in Jacksonville were discussed at the monthly supper of the Campbell Legion Post in the American Legion Hut last night, Commander G. D. Workman said today.

Delegates to represent the local post at the convention were appointed as follows: William H. Sheppard, chairman; J. J. Brown and Commander Workman. Alternates were Guy Stafford, Charles Muse, and S. J. Kishard.

In addition to the delegates, Commander Workman reported that a large number of local legionnaires planned to attend the three-day affair which begins Thursday and continues through Saturday.

The Sons of the Legion Drum and Bugle Corps, however, will not be able to attend the convention this year because of insufficient funds to pay transportation costs and cause of the cost after arrival at the convention.

At the state gathering in Lakeland last year the local corps won several awards for its performance there and an even better showing was anticipated this year had they been able to attend.

Advisor Percy Miro stated that the weekly meetings and drill practices of the corps had been disbanded for the summer months but would be resumed again in the Fall.

National Commander Daniel J. Doherty will be one of the distinguished visitors at the convention as well as other officials of the national organization and all district and state officials.

Commander Workman presided over the business session following the supper last night, which was attended by approximately 50 members of the local post.

Miami Lawyer Dies At Hotel In Washington

WASHINGTON, May 24.—(AP)—Wilfred I. Evans, 45, Miami lawyer, died in a hotel here today apparently after a heart attack.

A frequent business visitor Evans arrived from New York Sunday night.

Evans was the leading figure in the development of the overpasses and was prominent in local circles.

Born at Bay St. Louis, Miss. he came to Florida in 1913, first living at Ocala. He moved to Fort Lauderdale in 1915, and later was elected county attorney. After his return from military service he went to Miami in 1919.

TAMPA.—(AP)—A motion for a new trial for Paul F. Bunge, convicted wife slayer was filed yesterday by his attorney, opening the way for a Supreme Court review of the case.

Bill To Probe Loss By Fruit Fly Is Signed

President Places Signature On Measure Calling For 5-Man Board And \$10,000

Wage-Hour Bill Enemies Debate

More Flexible Substitute For Measure Is Sought In House

WASHINGTON, May 24.—(AP)—President Roosevelt today signed a bill providing for investigation of losses to Florida growers as a result of the agricultural department's campaign to eradicate the Mediterranean fruit fly.

The measure provides for a five member board to conduct study and \$10,000 for its expenses.

If the capital opponents of the reworked wage-hour bill plunged into debate immediately after the House was a last-ditch attempt to force adoption of a more flexible substitute.

Representative Roosevelt (D-Ga.) introduced an alternative proposal in a floor and a way to provide for regulation of wages and hours.

Yesterday the measure's proponents demonstrated their strength with a vote of 222 to 71 to pass the measure from the House Rules committee and proceed to a full consideration.

Evans said that its members who had voted against them on that issue last December were with them yesterday.

During the debate, they criticized the many changes made in the measure since December, and principally the removal of a differential under which minimum wages would have been lower in the South than in the North, Eastern and New England Republics, frankly forecasting competitive advantages for their industries in identical ways for North and South, backed to the full support in yesterday's balloting.

Eight southern members who opposed taking up the bill in December voted for that course yesterday despite the removal of the North-South differential. Many House members were at a loss to account for their shift, but some suggested it might have been influenced by the victories of Senator Pepper and Senator Hill in Florida and Alabama primaries, in which the bill was an issue.

Alcatraz Convict Dies After Futile Attempt To Flee

SAN FRANCISCO, May 24.—(AP)—A life term convict was fatally wounded in a prison guard viciously beaten in a second attempt within six months to escape from the grim Alcatraz Island federal penitentiary.

A third convict, who fled when a guard opened fire with his rifle yesterday, was locked in solitary confinement.

Thomas R. Limerick, midwest bank robber, died late last night from a bullet wound in the head, it became known today. Another bullet fired by a guard cut down Rufus Franklin, Alabama robber and killer, with a bullet wound in the shoulder.

Guard Clime, who was unarmed, was slugged with a hammer by one of the convicts.

Clime was on duty in the wood working shop on the top floor of the factory building when he was attacked suddenly by the convicts. After striking down Clime, the three prisoners climbed through a window to the roof of the building, apparently planning to seize an unarmed guard on duty near that point.
