Norway Okay Is Placed On Defense Pact

Diplomats Say Sweden Will Join Up Within Six Months; Reds Blast Alliance

WASHINGTON, Mar. 4.—(AP)—Disregarding a Russian warning, Norway officially joined the negotiations for a North Atlantic Defense Alliance today.

When Morgenthau arrived, the other ambassadors had been closed with Secretary of State Acheson for 90 minutes preparing for the official entry of Norway.

The Norwegian government officially accepted the invitation extended by the seven original members of the alliance last night.

By entering the discussions Norway virtually ended all possibility of the creation of a neutral defense alliance in Scandinavia made up of Sweden, Denmark and Norway.

Sweden, for the time being, stood alone in shunning the talks. But high diplomatic sources said Sweden would join up in six months, or sooner if Russia should make a move toward Finland.

In Russia the newspaper Krynok Moscow blasted the "ruling circles" of the Scandinavian nations as "traitorous."

Referring to the Soviet Union's offer of a non-aggression pact to Norway, the newspaper said the U. S. R. government in relation to Norway are met with bayonets by the reactionary ruling circles of the United States and Britain.

With Norway's decision already made, her parliament began a wordy discussion of the projected Atlantic pact.

A secret meeting of parliament last night voted 118 to 11, with only the Communists opposing to accept the American invitation to join the alliance talks in Washington at once.

The Communists took full advantage of the opportunity to express their views in Parliament.

Terje Wolf, chairman of the Communist Party, said:

ATWATER KENT DEEDS HOLLYWOOD, Mar. 4.—(AP)—A major shooting operation was in progress today at the new 40-acre Hollywood party, given, died today.

HOPPING UP ATHENS, Greece, Mar. 4.—(AP)—A major shooting operation was in progress today at the new 40-acre Hollywood party, given, died today.

8 Farben Directors Get Prison Terms

BERLIN, Mar. 4.—(AP)—General Ludwig D. Clay approved today prison sentences of from 18 months to eight years for the directors of the great I. G. Farben Industries chemical trust.

Layoffs Increase Jobless In U.S. To 3.2 Billions

Unemployment Jumps Half Million In Month Of February

WASHINGTON, Mar. 4.—(AP)—The number of jobless Americans shot up another 550,000 in February to 3,200,000, the highest unemployment since the war.

The Census Bureau, releasing the figure today, attributed the rise partly to bad weather in some parts of the country and partly to "non-seasonal layoffs" in industry.

The new increase in unemployment, on top of a 700,000 rise in January, makes the total increase in joblessness 1,250,000 for the first two months of 1949.

Not since March, 1942, had so many Americans who wanted jobs failed to find them. In that early part of the war, unemployment totalled 3,500,000.

The 3,200,000 total of unemployed last month was fully close to the figure of 3,200,000 that prevailed in December, 1941, when the Japanese strike at Pearl Harbor plunged the U. S. into World War II.

The new February total was 600,000 higher than that in February, 1948.

Employment in February declined about 200,000 from January to a total of 57,100,000 last month.

A drop of nearly 100,000 in non-farm industries was offset in part by a 250,000 increase in the number at work on the farm.

Unemployment increased more than employment fell because a number of people entered the labor force during February.

Many were housewives and school youths who were neither holding nor hunting jobs the month before.

The pattern of Administration statements from the President on down, found some grounds for holding that this second consecutive monthly jump in unemployment was nothing to get alarmed about.

Death Penalty Is Asked For 4 Churchmen

Defendants Tried To Promote Revolt In Bulgaria, Reds' Prosecutor Asserts

SOFIA, Bulgaria, Mar. 4.—(AP)—The Communist prosecutor today demanded the death penalty for the top four of 15 protestant churchmen who are charged with spying and treason against Bulgaria.

In a two-hour summation, Moscow-trained Dmitri Georgiev accused the defendants not only of spying but trying to promote a revolt against Bulgaria's Communist-dominated government which he said was to have brought intervention by the United States and Britain.

The prosecutor said names of prominent American and Englishmen were mixed in the spy network of evangelist leaders, as well as the names of various American church boards and the World Council of Churches.

The four for whom the prosecutor demanded the death penalty are: George Zimkov, a Congregationalist; Yanko Nikolov Ivanov, a Methodist; Nikolai Mikhailov Naumov, a Baptist; and Georgi Nikolov Chernov, of the Pentecost church.

He asserted the real masters of the four were British and American "imperialists" and American church mission boards.

The Moscow-trained prosecutor asserted all the defendants had made long public confessions in court and that these had been substantiated by the testimony of their witnesses.

In denouncing the top four he said "with weeping and repenting they tried to fool the court."

This was a reference to the sobbing and crying of Zimkov and Naumov when they recited their long public confessions.

He also charged the main defendant, "before the war served for German Hitlerite Fascist intelligence and after the war for American imperialism."

The prosecutor also claimed there had been "no restraint on the defendants' all of whom confessed publicly. He said the trial was carried out with complete publicity in the presence of foreign news."

He accused all four of Bulgaria's protestant churches of spreading anti-Russian rumors. These churches included stories about starvation in Russia and 15,000,000 people in slave labor there.

Angry, he declared: "As a national representative I have heard many rumors against the Soviet Union. But I never heard such nasty rumors as those spread by the protestant churches."

He accused all four of Bulgaria's protestant churches of spreading anti-Russian rumors. These churches included stories about starvation in Russia and 15,000,000 people in slave labor there.

State Is Asked To Hike School Funds

TALLAHASSEE, Mar. 4.—(AP)—The Citizens' Advisory Council on Education today recommended that the state increase its contribution for county school construction by 25 percent.

The council, meeting to assess results of the 1947 school law, urged that the state raise its present contribution of \$100 per instruction unit to \$125.

Members of the group, successor to the citizens committee which drafted the 1947 school law, agreed to recommend higher salaries for county school superintendents, now making less than \$750 a year.

The raises would be based on college training—\$325 a year more for a bachelor's degree and \$750 a year more for a master's degree.

5 Men Killed In Blazing Building In West Virginia

Nine Are Burned As Charleston Stores Are Swept By Fire

CHARLESTON, W. Va., Mar. 4.—(AP)—Five firemen were trapped and killed today when flames swept through two stores in the heart of the business district.

All the City fire companies still were battling at mid morning to bring the \$500,000 blaze under control. Nine firemen were hospitalized for burns and injuries.

The flames were discovered in the Woodworth store about 4:00 A. M. Five hours later they spread to the adjoining Kresge building and part of it collapsed.

Trapped in the basement when the first fire of the Woodworth store fell were firemen Frank Sharp, Richard McCormick, Fred George Coates, a negro fireman, was missing and comrades reported he was last seen going into the building after the trapped men.

Woodworth is on Capitol Street, Charleston's main business thoroughfare. The Charleston Post-Courier reported the fire.

Evangelistic Group To Hold Meet At Fellowship Front

The fifth national conference of the Fellowship Front Association will be held in the auditorium at the Fellowship Front, Apr. 3 through Apr. 10, it was announced today by Luther S. Hoke, retired A.C.I. engineer and publisher of the Railway Evangelist.

Johnson Says America Must Remain Strong

Newly Appointed Defense Head Meets With Forrestal To Learn Job Duties

WASHINGTON, Mar. 4.—(AP)—Liam A. Johnson, soon to be Secretary of Defense, said today that America must remain strong.

"Strength means peace, and without strength there is no peace," he said.

Johnson talked with reporters at the White House. He said the purpose of his call on President Truman was to express appreciation for his appointment and "my full devoted loyalty."

Accompanying Johnson was Secretary Forrestal. Johnson said he had been meeting regularly with Forrestal and would continue to do so until Mar. 31, when he takes over, getting familiar with the job.

Forrestal said the two would spend the next month working for a smooth, practical, and easy transition. He said the Cabinet office is a great responsibility and he is confident Johnson will handle it with success.

Forrestal, a former New York business executive, was asked his plans for the coming year. He said he had made no plan to get a long rest.

Johnson said he had the usual reaction to write what I trust I will do. Reports persisted, meanwhile, that the change in his military assignment was a denial from Mr. Truman.

Johnson's formal appointment as defense chief was sent to the President today by the President.

There are indications that Johnson will be given more authority than Forrestal had.

Printers Strike In Buenos Aires Broken

BUENOS AIRES, Mar. 4.—(AP)—A 25-day printers' strike was virtually broken today and most newspapers appeared on the streets.

It was a day of mixed blessing for the papers, however, since the Peron government announced a plan to decrease a one-fourth reduction in the size of Argentina's great newspapers.

The decree would affect mainly the great independent morning papers, La Nacion and La Prensa, which would be reduced to 12 pages a day. They were ordered to file by 10 o'clock.

Senate Group Okays Truman Labor Law By Vote Of 8 To 5

Cabbage Prices Mount At State Farmers Market \$1.60 Compared To \$1.25 Last Week

Dealers at the Sanford State Farmers Market this morning reported that the cabbage had risen from \$1.40 to \$1.60 a bag, compared with about \$1.25 last week.

This should be good news to Seminole County cabbage growers who are reported to have planted nearly 1,000 acres. One of the truck loads of cabbage that is being put on the market was the morning was from the farm of W. A. Farris on the east side of Whitehall and Ponder handling the deal.

G. B. Hogan, a assistant director of State Markets, stated Manager Sandy Anderson this morning State Market Manager William L. Wilson was due to arrive in Sanford today to attend the meeting of the Seminole County Farm Bureau at the Future Farmers Building this evening.

The tomato deal is going strong and among the packers are William Wilson, E. R. Stevenson and Joe Anzello. The latter was the lighted with a truckload of U. S. No. 1 quality tomatoes of medium size that came in this morning from south Florida. He revealed that this is the first time since January that he has had tomatoes.

3rd Grade Class Of Winter Park School Visits Zoo

The monkeys on Monkey Island in the Sanford Zoo seem to be the biggest attraction to children of elementary schools of neighboring cities, and today bus loads of happy pupils have recently visited the Zoo among them the third graders of Mrs. W. A. Caldwell's classes of the Winter Park Elementary School.

On their return to the school, the pupils were requested to write of their visit to the Zoo and on February 23, wrote little Frances Wentz, "Mrs. Caldwell's class and I went to the Zoo and saw many monkeys. We saw a big monkey, a holder, see-saw, swings and ropes for them to climb. The monkey stand was not open so we could not see the monkey cages. All around monkey island were golf-like trees. There was a big cage for them to live in. I would say was about nine feet long, the other around seven feet long. Then they had about ten little ones."

"They had two bears, one was Happy the black bear, the other was Betty the cinnamon bear. The bear that had some parrots, we talked to them but they talked just like birds. By that time the peanut was open. There was such a line there! Then we went back to the monkeys. There we saw a man with some oranges, he held one down, the monkey came across the water and got it, then the man threw another over on the island, two ran after it, they had a fight."

"Some children went over to the dock on the St. Johns river and watched the man fish. "We saw an animal called the Mandrill, it is from Africa. It is a very funny, and furious looking animal. The zoo had two big lions from Africa one was very big the other medium sized. It seemed as though they had two of everything. I think the reason for this is because the animals had to have a mate to have babies."

"Around the last thing I saw were the birds, there were yellow, green and blue loving birds, and very small sparrows, which were cute. We saw the Florida Bald Eagle."

"Just as we started to leave the principle of the school invited us to visit the school. We saw the first, second, third and fourth grade, we also got to see the lunchroom and peaked in the auditorium."

All the way home we sang and had fun."

Wherry Blasts Truman's Aid On Anti-Filibuster

WASHINGTON, Mar. 4.—(AP)—Senator Wherry (R-Ohio) said today that President Truman's advocacy of a vote on Senate debate by a mere majority vote may defeat a proposal to make it easier to curtail talk.

Wherry, the majority floor leader, expressed that idea in a report to the Senate today.

He charged that the Administration is making only a "token attempt" to break the "southern Democratic filibuster" against the change.

Senator Lucius D. Clay, the majority leader, replied in another interview that Republican backing by the anti-filibuster bill has been "phony" from the start.

Meanwhile Senator Watkins (R-Texas) and Martin (R-Ia.) announced they were ready to join 38 other Senators publicly recorded as ready to vote against an expected ruling by the President.

Barkeley's ruling will be on the question whether two-thirds of those voting can under present rules, cut off debate on a motion. Presiding officers hereafter may have to hold that the cut-off procedure can be applied only to a final condition or bill.

Watkins said he would like to see a vote on whether two-thirds of those voting can cut off debate on a motion.

McKibbin Outlines Need For Sewage Plant In Sanford

Sanford will ultimately need a sewage disposal plant that will cost about \$100,000, City Manager Clifford McKibbin told members of the Lions Club today at the tourist center.

He pointed out that tourists are a major source of the city's sewage problem, and when they get here because of the questionable condition of the water due to an antiquated sewage system. He suggested that the project could not be financed with bonds, it might be paid for by means of revenue certificates.

Need of re-manufacturing of many streets, was pointed out by Mr. McKibbin, and he told of the sidewalk repair campaign now pushing up in order to make walks usable by free foot traffic for pedestrians. He stressed the need of paving of streets in Georgetown and Goldboro.

As to the much debated issue of where to locate the proposed swimming pool, he pointed out that the Ft. Marion Park location would solve many engineering problems by providing adequate run-off facilities for draining the pool. Concrete block construction will save more than \$100,000 over conventional reinforced concrete type pool construction, he revealed.

Taft Says Democrats Refused To Consider Amendments Proposed By GOP

WASHINGTON, Mar. 4.—(AP)—The House Banking Committee today approved, 20 to 4, a compromise bill to extend rent controls for 15 months beyond May 31 and action steps after the committee, by a 16 to 9 vote, had defeated a "civil rights" amendment, and had approved a provision to prevent mass eviction of tenants. The measure will come up for action in the House next week.

The Senate Labor Committee today approved the Truman Labor bill without change by a vote of 8 to 5.

The bill would repeal the Labor-Heartly Law and substitute the new Wagner Labor Relations Act modification.

All the votes for the bill were cast by Democrats. All Republicans on the committee voted against it. The vote at this time was taken over bitter Republican protests that further study should be given the measure.

Senator Taft (R-Ohio), the ranking minority member, declared the forced vote was the "most high-handed" procedure he has seen since he has been in the Senate.

Taft said the Democrats refused to consider at all any of the amendments to the bill proposed by Republicans.

Taft told a news conference that he attempted to offer an amendment which would return the Taft-Heartly law provision which requires union officers to sign non-Communist affidavits.

He said the Democrats refused to consider at all any of the amendments to the bill proposed by Republicans.

Fort Pierce Damaged Zone Is Terminated

WASHINGTON, Mar. 4.—(AP)—"Danger zone" at Fort Pierce, a restricted area during the war, has been ordered terminated by the Army Engineers after public condemnation and protest.

Major General Lewis V. Pink, chief of engineers, issued an order late yesterday revoking the establishment of the area.

R. J. Kennedy, assistant chief of the Rivers and Harbors Division, said notices had been put in public buildings in the Fort Pierce vicinity to bring to "everybody's attention" that the area in particular still was "restricted and a danger zone."

He said the zone was first established in 1943 because of naval operations at Fort Pierce and it had been maintained as a dangerous area since.

SIBLE VERBS TODAY

The meaneast person is the selfish soul who begrudges his friends and neighbors the good things they enjoy.

American Communists say that in the event of war with Russia they would do everything they can to bring about the defeat of the United States.

What is the most dangerous room in the house where the most fatal accidents occur to yourself and members of your family? The kitchen, says you.

The "Lucky Lady II", Air Force bomber, flies non-stop around the world, giving Russians something to think about.

A friend telephoned to say that if they would build a disposal plant they would not need to build a swimming pool.

Remember "Gone With the Wind"? If you have not read it, you have missed one of the great literary adventures of the Twentieth Century.

Appendicitis

The death rate from appendicitis has dropped to only one-quarter what it was ten years ago, the Metropolitan Life Insurance Company reports.

The downward trend in appendicitis deaths has continued without interruption throughout the decade and for a number of years before.

Declines in the appendicitis death rate are noted for each sex and at every age period, although the reduction was found to be slightly more rapid among the females than among the males.

Cases complicated by peritonitis still are subject to a much higher mortality risk, the company says.

Learning About Europe

A trip to Europe being undertaken by a group of Midwestern women is not the ordinary guided tour to points of romantic interest.

One of the reasons why Americans are so woefully unprepared for the role of world leadership suddenly thrust on us is that we have not learned enough about other countries and other people.

It is frequently difficult for an ambitious young man, embarking hopefully upon a new business enterprise, to realize that it is often the close attention to small economies that spells the difference between failure and success.

\$50,000 Drop

Investigation showed that thirty-seven drops of solder were not quite enough, but that thirty-eight would do the job quite nicely.

Sanford Forum

Medical science has proved that mental illness is no disgrace, and that like any other physical ailment it may be cured if treated with prompt and skillful attention.

What started this avalanche of pledges to Moscow? There are various guesses. One is that it is calculated to counter the proposed North Atlantic Alliance among Western nations.

Special Sunday Dinner

Baked Virginia Ham Pineapple Sauce Tender Roast Sirloin of Western Beef with gravy

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

The reaffirmed adherence of American Communist leaders to the Moscow axis doesn't alter, but merely confirms, the party's attitude towards the U. S. government.

There's really only one unusual thing about the statement issued on behalf of William Z. Foster, national committee chairman, and Eugene Dennis, general secretary.

Their declaration therefore shows daring and vast determination. Here's some typical interpretive comment from Washington:

Senator Pepper (D-Fla.): If any citizen is proved to have given wartime aid and comfort to the enemy, he is guilty of treason under our constitution and should be dealt with accordingly.

Senator Russell (D-Ga.): "Communism and patriotism always have been incompatible."

President Truman, when asked at a news conference for comment on the statement by the Communist leaders, replied:

"I have no comment to make on such a statement by traitors."

The pronouncement by Foster and Dennis lines them up with the leaders of several European Communist parties under Wherry (R-Neb): "Communist allegiance has been to the Communist party, whether in war or peace."

Coincident with this flood of Red pledges, the Communist publication France Nouvelle has published a month-old speech by Thorez advising his followers what to do in case of war.

"In case you should break out, Socialists have the duty of interfering to end it promptly and to take advantage with all their strength of the economic and political crises created by war to stir up as many parties as possible and bring to the end of capitalist domination."

This, of course, is one of the cardinal tenets of the Bolshevik creed. Wherever there is trouble, Communism is to capitalize it by strong-arm methods.

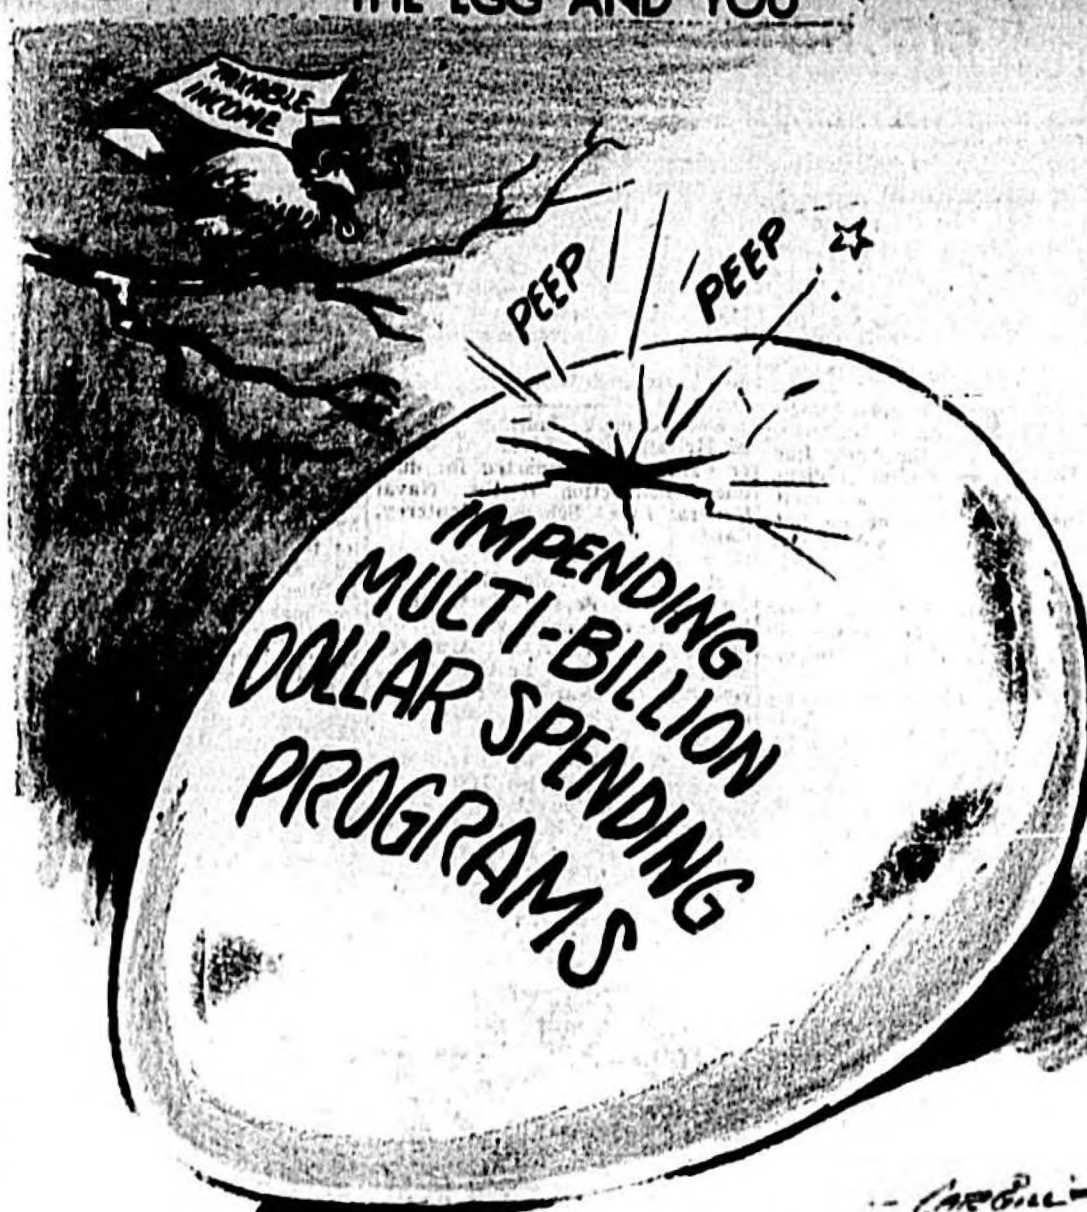

What started this avalanche of pledges to Moscow? There are various guesses. One is that it is calculated to counter the proposed North Atlantic Alliance among Western nations.

LUNACY: MENTAL HOSPITAL, instead of INSANE ASYLUM.

Please let me know if you are willing to join with other newspapers in this campaign against a common enemy.

Sincerely yours, Barry Bingham, President, Louisville Courier-Journal

THE EGG AND YOU

Filibusters And The American Idea

By Walter Lippmann

Although the question before the Senate is whether to amend the rules, the issue is not one of parliamentary procedure.

Whether there shall be a profound and far-reaching constitutional change in the character of the American Government.

The American system of government the right of "democratic decision" has never been identified with majority rule as such.

The American idea of a democratic decision has always been that important minorities must not be coerced.

For a decision which has to be enforced against the determined opposition of large communities and regions of the country will, as Americans have long realized, almost never produce the results it is supposed to produce.

For the reason it is a cardinal principle of the American democracy that great decisions on issues that men regard as vital shall not be taken by the vote of the majority until the consent of the minority has been obtained.

This is the issue in the Senate. It is not whether there shall be unlimited debate. The right of unlimited debate is merely a device, rather an awkward and tiresome device, to prevent large and determined communities from being coerced.

The issue has been raised in connection with the civil rights legislation. The question is whether the vindication of these civil rights requires the sacrifice of the American limitation on majority rule.

For if that principle is abandoned, then the great limitations on the absolutism and tyranny of transient majorities will be gone and the path will be much more open than it now is to the demagogic dictator who, having aroused a mob, destroys the liberties of the people.

TUESDAY
The Junior High School Parent Teacher Association will hold Father's night in the school.

Hollywood

HOLLYWOOD, Mar. 4—(AP)—Only one out of every 10 movies to make a profit in the U. S. That's one of the blunt facts facing Hollywood, which is slowly realizing that its current low employment may become normal.

In the past two weeks, a hundred studio highways have abandoned a school conducted by Eric Johnston, head of the industry group, Johnston, who was appalled by the lack of facts and figures about the "movie industry" when he joined it, has had some whipped up by his experts. Among the findings:

Five of every ten movies can't pay off in this country and have to depend on foreign showings to make a profit.

U. S. movie attendance has declined during the past 15 years, compared to other amusements.

Production costs have risen so sharply that for every dollar spent in 1941, \$2.82 is necessary today.

Faced with the "and" other hard facts—such as the steady decrease of film receipts from abroad—many movie economists picture the industry as going through a readjustment like that in aircraft or shipbuilding.

A couple of years ago, there was widespread unemployment in the two industries, one of the economists told me. "Now there is little, because the workers have gone into other fields."

Unlike the war industries, the movie business didn't end with the advent of peace. It came when post-war spending slacked off and foreign countries froze the money going to film companies.

The Screen Writers Guild reports a five percent increase in unemployment of its members since Jan. 10. That brings the number of working writers up to the 1948 figure, but it's still a far cry from previous years.

The Screen Actors Guild says employment is slightly higher than in 1947. But the situation is still dismal for free-lancers.

The motion picture relief fund, which cares for Hollywood's needy reports a casual about the same as last year. It amounts to an average of 200 more cases per month than in 1947.

There has been a steady rise in the volume of applications for state unemployment insurance at the Hollywood office. Sixty per cent of the office's applicants are film workers.

Indications point to a gradual increase in the shift of unemployed film workers to other industries. But this has been a slow process. The glamor and easy money of the movie business is hard to leave behind.

Public Is Invited To Audubon Meeting

The Florida Audubon Society will meet tonight and tomorrow in Winter Park. Mrs. H. C. Helzel, chairman of bird-and-plant conservation at the Sanford Garden Club, announced this morning. The society is cordially invited to attend. The meetings will open tonight at 8:30 P. M. with a conference on conservation at the Annie Russell Theater at Rollins College. All conservation groups are invited. The all-day meeting on Saturday will begin with a bird hike at 7:00 A. M. with the group meeting at the Annie Russell Theater and taking to the Mead Botanical Gardens. The leader will be Dr. C. E. Mount of the University of Florida.

Features of tomorrow's events will be a special program for Boy and Girl Scouts, a motion picture "Bird of Swamp and Shore" will be shown at 10:00 A. M. The next feature will be at 10:30 A. M. entitled "What the Audubon Society Can Teach You About Bird Study and Conservation." Elliott S. Fritwell, chief scout of the Boy Scouts of America, will be the speaker.

The 10th annual business meeting will be held at 11:00 A. M. and annual reports will be given. "The Living Earth," a series of motion pictures in color, with sound, will present the basic principles of conservation at 2:00 P. M. A talk, "Can We Afford to Get by with our State Parks?" by Senator LeRoy Collins will be given at 3:00 P. M. and at 3:30 P. M. another picture "El Jefferson National Monument" will be presented by the National Park Service.

During the evening session a natural color motion picture entitled "Creation" will be shown at 8:15 P. M. Mrs. Helzel stated this morning that the Florida Audubon Society is the oldest society of its kind in the state and Prof. H. S. Newsome of the University of Florida as its head.

The father will be in charge of the program with George A. Speer presiding over the business meeting.

Circle No. 7 of the W. B. C. S. of the First Methodist Church will meet at the home of Mrs. D. H. Watkins, 1513 Palmetto Avenue, at 8:00 P. M.

An exhibit of 800 recommended books for children will be on display at the South Side Primary School. The public is invited to attend.

The Woman's Bible Class of the First Baptist Church will meet at 7:30 P. M. with Mrs. B. C. Moore, 608 East Second Street for its regular business and social meeting. Circle No. 6, Mrs. Moore, chairman, will be in charge of the meeting.

WEDNESDAY

The Social Department of the Sanford Woman's Club will hold its annual St. Patrick's Day dessert-bridge party at 1:30 P. M. Hostesses will be Mrs. Miriam Russell, chairman, Mrs. E. Compton, Mrs. L. T. Doss, Mrs. Ralph Annan Smith, Mrs. E. A. Montforton. Reservations must be made by Tuesday at noon with Mrs. Montforton, telephone 276-J, or Mrs. Compton, telephone 699-J.

Members of the Tourist Club will entertain members of the New Smyrna Shuffboard Club at 2:00 P. M. at the Tourist Center.

THURSDAY
The Tourist Club will hold an "amateur night" dance at the Tourist Center. The party is open to members and their guests.

Personals

Ballet Company To Appear In Sanford

The Central Florida Ballet Company will appear in Sanford on Mar. 11 at 8:15 P. M. at the Seminole High School auditorium. The program will be sponsored by the Latin Club of the school. The ballet company opened its third season with a concert in Clemond followed with a joint concert in Orlando with the Orlando Civic Orchestra and a performance will be given tonight in St. Petersburg.

The ballet group is under the direction of Mrs. Allison Duxbury of Orlando. Students from five Central Florida towns are members of the company. The ballets which are being presented this year are composed of "Valer Triste", the traditional white ballet, performed by 16 members of the corps de ballet to the haunting music of Debussy, also the captivating music of Delibes and the story of a little toy maker and his beautiful life-sized doll combine to make the ballet "Coppelia" in three scenes.

The third ballet is "Mississippi Suite", with music by Ferde Grofe, tells the history of that great river from the early days of the Indians through the days of Mark Twain, with performances in hoop skirts to the graceful strains of soft music, to the hustle and bustle of Mardi Gras.

Local girls who will participate are Jacquelyn MacDonnell and Ann Whitaker, who are student soloists of the Duxbury School of Dancing. John Humphrey and Gretchen Kirchhoff.

Mrs. Royal, choreographer and director of the ballet company, is a teacher at the Elsen Dance Studio in Orlando and Royal Dancing School in Winter Park. Prior to coming to Orlando several years ago she directed her own studio in Philadelphia, Pa. Mrs. Duxbury, who assists Mrs. Royal, directed her own school of dancing in Detroit last year and in Sanford this year. She also assists at the Royal Dancing School in Winter Park and is director of a Junior ballet group which was formed for the first time this year and will appear at an annual recital in May.

Both directors will appear on the Mar. 11.

New York Giants Are Looking For Pitching Help In Phoenix Camp

NEW YORK, Mar. 4.—(AP)—The situation looked normal today along the baseball spring training front. The New York Giants had a bunch of fellows who could throw hard but they were looking for pitchers; the Brooklyn Dodgers had eight third basemen in camp, and Connie Mack allowed as how he might have that "one more winner" this year.

Philadelphia's grand old man predicted a possible flag for his Athletics if everybody did his job. Then he said that his son Earle was going to get a bigger share of the work.

"I'll be on the bench, and I'll keep score," Mack said, "but I'm not going to open my mouth during the games. Earle will be boss. I'll still be manager, make no mistake about that. But I won't make a move during the game."

Don Kolloway, the White Sox' only holdout, came to terms with the Chicago club... Bobby Brown finished his school work at Tusculum and headed for the New York Yankees' camp although he hasn't signed a contract... Pitcher Vic Raschi signed with the Yankees for about \$18,000... Jeff Heath and Charlie Keller, both recovering from operations, that they can follow whatever plan they think best in the way of training... Bill Drope, a big rookie first baseman, made a good rookie impression in the Boston Red Sox camp with some long distance slugging.

Bill Terry, who is helping coach the Cincinnati Reds during the training season, said he believed Ted Kluszewski can become a top notch first baseman in '49, about 200 pounds, he weighs 220... Rookie Tommy Glaviano and Second Baseman Ted Schoendienst are being groomed as possible replacements for St. Louis Cardinal shortstop Marty Marion... The Chicago Cubs catching staff appears set with Bill Scheffing, Al Wicker and either Forrest Burges or Carl Sawatski... Dixie Walker is the only absentee from the Pittsburgh private camp, but he's signed his contract, Johnny Hopp and Ralph Kiner reported yesterday... Ray Scarborough, who won 15 games for Washington last year, will be the opening day pitcher for Washington.

Ty Cobb won the American League batting championship 12 out of 13 seasons between 1907 and 1919.

Fed Grid Drill To Continue 3 Weeks

Spring football practice for prospective Seminole High School Celery Fed players will continue for about three more weeks, it was announced this morning by Principal H. E. Morris.

"Coach Carl Kettles called off drills for yesterday and today, because he would not be able to attend, and because there are several of the players out with colds. He plans to swing into long drills Monday and will complete the spring session with a football game in about three weeks," he added.

Glackin, Romanello Sign '49 Contracts

James Glackin and Pat Romanello have signed contracts to play with the Sanford Giants for the coming year, it was announced yesterday by Manager Hal Gruber.

Glackin, a pitcher, assigned to Sanford by the Ogdenburg, N. Y., entry in the Border League, a Class C organization, "I know little of his record at Ogdenburg, but I do know that he pitched very little, because he was a rookie on a team with an experienced mound staff," Gruber declared. Romanello came to Sanford from St. Augustine last season, and completed the year with a .248 batting average. He also played for Leesburg and Daytona in 1948. He is a catcher.

Auburn Gridders End Long Spring Drills

AUBURN, Ala., Mar. 4.—(AP)—Auburn footballers will wind up spring practice tomorrow in the annual "A" day intra-squad game in Cliff Hare Stadium. The clash is the second regulation game for the Tiger squad. The Orange team, paced by the passing of Bill Tucker and the running of Jim McIlwain, defeated the Whites 22-13 at Talladega last Saturday.

Head Coach Earl Brown said the two squads worked hard all week to overcome weaknesses that showed up in the Talladega game. Principal weaknesses, he commented, were lack of downfield blocking and pass defense.

The ICAA outdoor track championships will be decided at Randall's Island in New York City on May 28.

Seminole Loses Tit To Mainland High In Class A Tournament

ORLANDO, Mar. 4.—(Special)—The Sanford Celery Feds dropped a 66 to 42 basketball contest to the Mainland High aggregation in the opening game of the Class A Region 2 basketball tournament here yesterday.

Jefferson slipped Lake and, 39 to 31, and Jesuit defeated Plant City High by a 49 to 39 count. Mainland racked up 14 points before the Feds could bucket a point. The Seminole High aggregation was trailing by a 25 to 5 margin at the end of the first quarter, when Coach Charles Butler sent his second team into the fray.

Despite the drubbing administered by the Mainland crew, Floyd Cooper, lanky Seminole High center, was credited with 18 points to take scoring honors in the game.

Sports In Brief

GOLF. EL PASO, Tex.—Ben Hogan, National Open and P. G. A. champion, underwent an abdominal operation to prevent blood clots from endangering Hogan's life.

ST. PETERSBURG, Fla. Hamilton of Landover, Md., took a first round lead in the St. Petersburg Open with a 67, four under par.

MIAMI.—Fred W. Hooper's Olympia (\$4,300) won the Flamingo Stakes by running the mile and furlong in 1:48 4-5 at Hialeah.

NEW YORK.—Court fight loomed over services of Ezzard Charles heavyweight title contender. Twentieth Century Sporting Club claimed he has Charles under year contract exclusive two year contract to Joe Louis and promotional associates.

NEW YORK.—Vale University was chosen as district one representative in the NCAA tournament.

NEW YORK.—Manhattan jolted City College of New York tournament hopes by defeating CGNY, 44-43.

Ten Teams Remain To Be Chosen In Post Season Cage Tourneys

NEW YORK, Mar. 4.—(AP)—Ten teams remained to be chosen today to fill the brackets of the NCAA and national invitation post season basketball tournaments.

The invitation indicated it would be ready to release one or more additional entries for its field very soon possibly this afternoon. Four clubs have accepted—Kentucky, St. Louis, Western Kentucky and Bradley.

Yale was added to the NCAA playoffs yesterday. The Blues will represent District One (New England) which produced a national champion in Holy Cross two years ago. Kentucky, which is trying its hand at both of the big tourneys, is the only other school named for the NCAA so far.

Both Kentucky and Yale will enter the Eastern NCAA playoffs in New York starting Mar. 21. Villanova is a likely contender from the New York-New Jersey-Pennsylvania area. The College team will be the Big Nine champion—either Illinois or Minnesota.

The four western representatives for the NCAA all are still very much undecided, pending completion of conference races and playoffs.

The invitation which starts Mar. 12 had figured last night's Manhattan-City College game at Madison Square Garden would determine a New York entry, specifically City College. But Manhattan upset the apple cart at least temporarily with a surprising 44-43 victory. CGNY may still get the bid although Manhattan and St. John's of Brooklyn will demand consideration. St. John's plays St. Francis of Brooklyn tonight.

Still in the running for invitation bids are Utah, San Francisco, Bowling Green, Chicago Loyola, North Carolina State and Villanova. The Oklahoma Aggies, likely to represent District Five in the NCAA, again won the Missouri Valley Conference title by beating Wichita, 60-30, last night. Ballmore Loyola won the Mason-Dixon Conference title for the third straight year by whipping Hampton-Sydney, 70-50, and West Virginia State retained its colored IAA championship by defeating Howard Univ., 55-40.

North Carolina State and Ken-

Tim Tyler Signs To Play With Leesburg

LEESBURG, Mar. 4.—(Special)—Tim Tyler, former Sanford Giants baseball player and Seminole High School coach, has signed a contract to play with the Leesburg entry in the Florida State League, it was announced yesterday by Manager Lou Hanes.

Joe Masada, pitcher with the Leesburg aggregation during the 1948 campaign, has applied for a job. Hanes said.

Kennel Club Entries

Try and Stop Me

By BENNETT CERF

A TWO-CAR train rattled slowly over a branch line of the New Haven, stopping at every cross road, and threatening to fall apart completely at the first gust of wind. A local wit kept explaining to the perspiring passengers, "President Cleveland refused to ride in this coach. Said it was too old."

One passenger, a city slicker, stopped the octogenarian conductor and complained, "Considering your equipment, the fare on this branch is outrageous."

"The party steep if you reckon by distance," admitted the conductor, "but it's a mighty fine bargain if you figure by the hour."

BORN ABOARD the S. S. General Gordon, which brought 400 or more board DP's from war-torn Shanghai, via San Francisco, tiny Julian Steinman poses with his parents, Mr and Mrs Michael Steinman, at New York's Ellis Island. The latter, shown with their other son, Isadore, had hoped that he would be considered an American citizen, but the three-mile limit rule was against them. The refugees arrived on a sealed train and will sail for the Holy Land on a U. S. transport. (International)
