

Card Party Dates Changed in Lake Mary

Seventeen members of the Lake Mary Volunteer Fire Dept. Auxiliary met last Thursday night in the Fire Hall for the monthly business meeting.

Plans were made to conduct the group's card parties once each month instead of twice monthly with the next set for 8 p. m. today in the Fire Hall. Tentative plans also were made for an auxiliary sponsored fish and hush puppy supper on April 13 at the hall with proceeds to go towards furnishing the new meeting room.

The Anniversary Ball date was set for May 19 with committees and detailed plans to be announced at a later date.

A letter was read from the firemen expressing appreciation of the women's help in making the annual chicken barbecue a success and a report from Mrs. Kay Sasman, county fair chairman, termed the community exhibit a success. Fair prize money was turned over to the auxiliary treasury.

Following adjournment of the business meeting, members who have observed birthdays since Jan. 1 were recognized with a refreshment course of birthday cake and coffee in their honor.

Patterson Set For Bout Signing

NEW YORK (UPI) — Heavyweight champion Floyd Patterson will sign for his next title defense at 1:30 p. m. Friday in New York and thus doubtlessly avoid punitive action by the National Boxing Association.

Julius November, Patterson's attorney and advisor, announced the time for Patterson's Friday press conference and assured: "There definitely will be a signing."

November declined to name Patterson's challenger; but Sonny Liston of Philadelphia was less shy. Sonny told friends in Philadelphia, "I'll be at that signing with pens in both fists."

Meanwhile, at Pittsburgh, Chairman Paul Sullivan of the National Boxing Association's championship committee prepared to poll the other six members of his committee on whether they thought Patterson's title should be vacated for his failure to sign for a defense before midnight Tuesday—the deadline.

By LARRY VERSHEL
AFTERMATH OF A STORY: Hospital Board Chairman A. B. Peterson was right when he said the other night that the board would be criticized for purchasing John Burton's property for \$35,000 and letting the OB wing on the third floor go unfinished . . . Counted seven phones calls last night from people who couldn't understand the hospital's position . . . Right now there are parking facilities for some 65 cars . . . for the proposed 130 bed hospital . . . projected figures say in five years . . . hospital will need 230 beds . . . Where you going to park 'em? . . . One doctor called to tell me he wouldn't give a penny to complete the wing now . . . "Where are you going to put the kids . . . On the parking lot." . . . By the way, that property was purchased from the garden club in May of 1957 for \$15,000 (Burton has made over \$20,000 worth of improvements to the property and could probably get \$50,000 on the open market.) . . . The garden club got it as an outright gift from the city . . . a few months ago, we learned today, the garden club was considering asking the city for some additional property . . . One more note . . . before we all jump on the board, remember among its main jobs is to look toward the future and not be caught short . . . remember that! Five years from now the board might have been forced to pay \$70,000 for choice property like the one on E. First and Melville. What has upset most of the people is the bad timing . . . One week the hospital says it needs money and the next . . . it announces the purchase of property.

SHOWERS OF SPRING SAVINGS will fall in Sanford with abundance Friday and Saturday as downtown merchants go all out to promote two big shopping days, under the theme of old-fashioned bargains on Old-Fashioned Cracker Days. Pretty Shirley Jones, an old-fashioned girl, has had a peek at the exciting ads in today's Herald and is ready to go shopping in sunshine or shower. Customers are invited to join merchants in dressing 'cracker style' for shopping. (Herald Photo)

Fun, Favors And Fancy Fashions

Cracker Days To Set The Pace For Shoppers

Downtown Sanford will be placed in the Time Machine and transported backwards in time Friday and Saturday as stores and people join in "Old Fashioned Cracker Days." Colorful costumes all the way from Civil War days, up through the Gay Nineties and into the Depression Years will be seen all over town as merchants and sales people get into the spirit and dress up in long dresses, overalls, sun-honnets, bowler hats and other old-fashioned or "Florida cracker" outfits for the occasion. Free gifts and goodies will be handed out all over town including balloons, popcorn, candy, suckers, and "honey-hound" candy, which is the younger generation's new or heard of, but which was a favorite of every youngster in years past. Shoppers can even eat an old-fashioned country-style dinner at a local restaurant which is featuring country-fried steak, collard greens, corn bread, black-eyed peas, whole kernel corn, buttermilk spring garden salad and bread pudding. All the restaurant employees and the proprietress will also be garbed in cracker duds. Friday night there will be a street dance at the corner of First St. and Magnolia Ave., beginning at 8 p. m. with old fashioned square-dancing led by a well-known area caller, with square dancers from Orlando and Daytona joining the Starlight Promenaders in putting on a show in which shoppers are invited to join. Saturday, shoppers will be entertained with a Magician Show, which will be put on every hour on the hour from 10 a. m. to 6 p. m. by the famous Fred Terrell. The show will be staged in front of the old Firestone Store. It is free to watch, but members of the Moose Lodge will "pass among you" with collection plates. All proceeds will go toward the Lodge's project of needed-refurbishing of the County Home. In one store two giant frying pans will be the door prizes. They are about 24 inches in diameter with two foot handles. Another store is featuring a gift of a silver dollar with every purchase of a pair of shoes. "Shoppers are invited to join the fun and spirit by wearing their 'cracker clothes' to town," said E. C. Harper, merchant's division chairman. Some stores are featuring door prizes to be given away Friday and Saturday at stated intervals. (see Herald ads).

'Suspected' Food Poisoning At Oviedo High School Investigated

The Sanford Herald

Cuba Called Chinese Base For Opium Trade

MIAMI (UPI) — Federal agents today cited the seizure of half pound of opium here Wednesday as the "first definite proof that Red Chinese are using Cuba as a base to launch a traffic in opium." Federal and state narcotics agents arrested five Cubans and charged them with selling opium and cocaine. Charles Siragusa, assistant to the commissioner of the Federal Bureau of Narcotics, said cocaine smuggling had quadrupled since Fidel Castro took over the government of Cuba. Seized with the opium, valued at nearly \$1,500, was two ounces of cocaine valued at between \$5,000 and \$9,000. The arrests came after a six week investigation by Siragusa and other federal and state agents. Arrested were Arturo Ojeda Rodriguez, 43; Ramon Zullo Bustillos, 23; Jose Gonzalez Perez, 22; Eugenio Villa Hernandez, 30; and Erasmo Malpica Medina, 29, all presently living in Miami. E. J. Marshall, agent in charge in Miami, said all five Cubans had been in this country less than two years and Ojeda had been here only two weeks. They were taken before a U. S. commissioner Wednesday who set bonds ranging from \$50,000 to \$30,000.

'Repeal Law Of Jungle,' U. S. Plea At Geneva

GENEVA (UPI) — The United States called today for "repeal of the law of the Jungle" with a speedy 30 per cent reduction in world arms and nuclear delivery vehicles plus a global warning system to prevent war by surprise or accident. The Russians countered with a draft treaty for general and complete disarmament — "first reading similar to the one they proposed two years ago. They remained as opposed as ever to the kind of controls the West demands. Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko presented the plans of their two countries at the opening of the 17-nation disarmament conference. Their speeches were relatively low-keyed, with neither engaging in any particularly open propaganda attack on the other. Gromyko spoke first and Rusk followed, thus getting the two nuclear giants on record at the start. Rusk urged the conference to approve "without delay" a four-point interim program which, among other features, would end production of fissionable material for nuclear weapons. In addition, he again appealed to Russia to sign a nuclear test ban treaty with inspection and control provisions to guard against bootleg blasts. Gromyko countered with a repetition of earlier Communist proposals for immediate creation of an atom-free zone comprising Germany, Poland and Czechoslovakia and the conclusion of a non-aggression pact between the NATO and Warsaw Pact powers. Gromyko also proposed immediate signing of a treaty banning nuclear tests in the air, under water and in outer space, but to be self-policed. There would be no international inspection of such a ban. At one point in his speech Gromyko accused the United States of delivering "a fairly painful blow at the talks even before they had a chance to start" by announcing its intention to start nuclear tests in the atmosphere next month. Rusk reacted testily. "I had supposed there was one delegation here — that of the U.S.S.R. — which could not have found it possible to criticize the United States for resuming nuclear testing." He then added that the conference was "born amid the echoing roars of more than 40 Soviet nuclear explosions. A 50-megaton bomb does not make the noise of a cooing dove."

John Alexander Seeks Seat On County Board

John Alexander, 31-year-old Sanford businessman, said today he would qualify to run in the District 2 County Commission race in the May Democratic primary against incumbent Ted Williams. Alexander is a native of Seminole County, was graduated from local schools and attended Stetson University in DeLand. He served with the U. S. Marines during the Korean conflict and returned to Sanford where he entered the real estate and insurance business in 1954. Alexander has been active in civic affairs, serving as president of the Sanford-Seminole Jaycees, Florida Jaycees State Executive Committee member, Chamber of Commerce Industrial Committee, United Fund director and other civic and church activities. In his announcement, Alexander said "the past 10 years has brought many country-wide problems; expected growth in the next few years will bring even more. Proper decisions on roads, drainage, public services and the solution to these needs on an efficient and economically sound basis will require determination, ability and independence on the part of your county commissioners." "My interest and concern is with Seminole County's future and I pledge myself to work diligently to be of service to the public as county commissioner."

JOHN ALEXANDER

100 Reported Absent On Wednesday

The County Health Department is investigating "suspected" food poisoning at Oviedo High School and are also conducting tests of drinking water at the school, the Herald learned today. Sanitarian Val Robbins told the Herald this morning that 100 youngsters were out of school Wednesday and that parents in the community were upset over possible food poisoning in the lunchroom. Robbins said that an extensive investigation was conducted Wednesday of lunchroom facilities and that samples were taken at the school. "We should learn by Friday on whether it was food poisoning or not," Robbins added. The sanitarian also reported that his office is also conducting tests of drinking water there. Robbins explained that some of the stricken children ate dinner in the lunchroom while others who were stricken did not eat there. One child, was taken to Orange Memorial Hospital Wednesday and a doctor reported to the parents that "it was, definitely something else." County lunchroom supervisor Charlotte Whitmore disclosed today that all indications are that there was no poisoning, but "we'll know more about it Friday." She added that meals in the facility were served today.

Storm Front Moving On Local Area

MIAMI (UPI) — A huge mass of Gulf thunder storms raced toward Central Florida and the Sanford area today with damaging winds and heavy rains. The Weather Bureau, in a special 10:20 a.m. EST bulletin, warned that there was "the risk of a tornado or two." Forecasters said the storm front would move in from the Gulf of Mexico on a line extending from Boca Grande, just north of Fort Myers, to Cedar Keys. It would cross the state and emerge on the Atlantic Coast along a line extending from Melbourne north to St. Augustine. The front was advancing at a rate of 45 to 55 miles per hour, the Weather Bureau said. It contained winds up to 65 miles per hour. These storm cells were expected to intensify before they hit land. The entire mass was moving toward the east-southeast but the individual storm cells were moving in various directions ranging from west-southwest to east-northeast, the Weather Bureau said. Heavy rains would be a blessing to the drought-parched Central Florida citrus country. The last heavy rains recorded were in late December. However, very high winds would be a distinct threat to one of Florida's richest orange crops. The Weather Bureau said the danger of extremely high winds should pass by 4 p. m. EST.

Russia Renews Harassment Of Allied Planes

BERLIN (UPI) — The Russians today resumed their harassment of Western Allied air traffic in the Berlin air lanes despite President Kennedy's warnings of possibly strong counter-measures. They sent military transports into the air space to Berlin at the same time as Western commercial transport were carrying passengers to and from the city. Western aircraft carried out their scheduled flights and there were no incidents, Western sources said. For the first time the Russians reportedly made round trips in the Berlin air space, increasing the danger to Western aircraft. They sent three military transports into the Berlin-Frankfurt air corridor. There were no Russian flights in the other two 20-mile wide corridors. Meanwhile, French Generalissimo rushed to the East-West border in Berlin after Communist police kidnaped a West Berlin customs policeman on duty there. West Berlin police said the Communist police forced the man at gun point to crawl through barbed wire. President Kennedy warned at a news conference Wednesday that continued Russian harassment could lead to Western counter-measures.

2nd Honeymoon

MILLEDGEVILLE, Ga. (UPI) — U-2 pilot Francis Gary Powers dropped from the public eye again today for a "second honeymoon" vacation with his wife. Powers arrived in Rome, Ga., Wednesday for a rendezvous with his wife. The Republican publication "Battle Line" Wednesday called President Kennedy's appearance at a Miami Beach Democratic dinner last weekend "proof positive that the new frontier fears the mounting GOP power in the South." The President endorsed Sen. George A. Smathers, D-Fla., and Rep. Dante B. Fascell, D-Fla., both of whom face opposition from other Democrats in the spring primary. "In making the special trip," the GOP National Committee publication said, "the President smashed right through political tradition by endorsing Smathers and other incumbent Democrats facing primary opposition. "The threat is implied that JFK will never hesitate to enter Democratic primary politics to purge those who do not support his programs or nudge incumbents into doing so."

news... BRIEFS

Politics Warning — TALLAHASSEE (UPI) — The Merit System Council meets here Friday to draw up its biennial letter warning state employees to stay out of election-year politics.

Storm Relief — WASHINGTON (UPI) — Congress and the White House moved today to provide some form of emergency relief for victims of the waning winter season's damaging storms and high seas.

2nd Honeymoon — MILLEDGEVILLE, Ga. (UPI) — U-2 pilot Francis Gary Powers dropped from the public eye again today for a "second honeymoon" vacation with his wife. Powers arrived in Rome, Ga., Wednesday for a rendezvous with his wife.

Strike Threat — NEW YORK (UPI) — Picket lines and police greeted day-shift employees when they reported for work today at Sperry Gyroscope Co., but a company spokesman said operations still were in progress at all nine Long Island plants.

Civil Rights Bill — WASHINGTON (UPI) — Senate civil rights forces today sparred over whether to substitute a constitutional amendment to abolish the poll tax for a bill to make Alexander Hamilton's home a national monument.

Senate Race — COLUMBIA, S. C. (UPI) — Youthful Gov. Ernest F. Hollings announced Wednesday he will try to unseat veteran Sen. Olin D. Johnston, D-S.C., whom he accused of deserting Southern conservatives to join liberal forces and "Northern labor bosses."

Hunt Attacker — ARLINGTON, Va. (UPI) — Police said today they are searching for a boy who they said tried to sock astronaut John H. Glenn last Saturday night. The incident took place in a parking area at the Glenn family's church here. The astronaut came to the aid of Rev. Frank A. Erwin who was attempting to keep four rowdy boys from disrupting a teenage party in the church's youth center.

John Alexander Seeks Seat On County Board

John Alexander, 31-year-old Sanford businessman, said today he would qualify to run in the District 2 County Commission race in the May Democratic primary against incumbent Ted Williams. Alexander is a native of Seminole County, was graduated from local schools and attended Stetson University in DeLand. He served with the U. S. Marines during the Korean conflict and returned to Sanford where he entered the real estate and insurance business in 1954. Alexander has been active in civic affairs, serving as president of the Sanford-Seminole Jaycees, Florida Jaycees State Executive Committee member, Chamber of Commerce Industrial Committee, United Fund director and other civic and church activities. In his announcement, Alexander said "the past 10 years has brought many country-wide problems; expected growth in the next few years will bring even more. Proper decisions on roads, drainage, public services and the solution to these needs on an efficient and economically sound basis will require determination, ability and independence on the part of your county commissioners." "My interest and concern is with Seminole County's future and I pledge myself to work diligently to be of service to the public as county commissioner."

20 More Days

The Jaycee registration trailer will be in Lake Mary from 8 to 9 tonight and Friday it will move to downtown Sanford at First and Magnolia from 10 a. m. to 9 p. m. Registration ends April 7 and 20 more days remain to register in order to vote in the county primaries. The Registration office in the C. of C. Building is open each day from 9 a. m. to 5 p. m. and to noon on Saturdays.

Cubans Set Free But Are Watched

MIAMI (UPI) — Cuban exiles jailed for staging a demonstration seeking U. S. arms for their fight against Fidel Castro were free under suspended sentences today but the law is keeping a close eye on them. The 125 refugees arrested in Bayfront Park early Tuesday were found guilty by Municipal Judge Arthur Massey Wednesday.

Hoffa Attorney 'Staggers' Judge With Figures

ORLANDO (UPI) — James H. Hoffa's pre-trial hearing for dismissal of mail fraud charges ended Wednesday night, leaving the judge astounded at defense predictions of an 18-month trial with 6,200 witnesses. Chief defense counsel Jacob Kossman of Philadelphia told U. S. Dist. Judge Joseph P. Lieb that if the Teamsters union president is brought to trial, it would last a year and a half, both sides would call 6,200 witnesses and government exhibits would be measured in tons. "I must admit I'm staggered by the figures used here," Lieb said. Hoffa and an associate, Detroit banker Robert E. McCarthy Jr., were indicted by a federal grand jury here last October of misusing \$500,000 in Teamster funds to finance a private housing development near Cape Canaveral and fraudulently promoting it through the mails as a Teamster sponsored project for retired teamsters. The defense asked for dismissal on grounds the grand jury was presented with illegal wire tap evidence; that the grand jury was selected with prejudice; and that members of the grand jury were biased because of one-sided news reports. Judge Lieb gave both sides until April 2 to file briefs on the motions and until April 16 to reply to the briefs. No trial date has been set. McCarthy's attorney, O. B. Cline of Miami, also asked Lieb to grant his client a separate trial, should a trial be ordered.

OAS Executes 6 In Algiers

ALGIERS (UPI) — "Six of you have been condemned to death by the OAS." This was the voice of terror speaking in Algiers today. The words came from European extremists who invaded a Moslem quarter social center here and were addressed to the 18 men they found inside, who stood trembling lined up against a wall. Then the Secret Army Organization (OAS) terrorists marched the six—three Europeans and three Algerians—to the yard of the Chateau-Royal headquarters of the social center's service area and lined them up against the wall. A volley of about 100 shots rang out and the men crumpled as the bullets found their targets. Miraculously, one survived the execution, although wounded.

Longwood Annex Vote Tuesday

Longwood will go to the polls next Tuesday to vote on annexation of a two-block area containing the Longwood Plaza Shopping Center which, if approved, will give the city its first Hwy. 17-92 property. Polls at the City Hall will be open from 7 a. m. until 7 p. m. Election officials will be Mrs. Claude Lajo, marshal, and Mrs. Johnny Gray, Mrs. Charlotte Otto and Morris Rudolph.

County Commission Chairman J. C. Hutchison just returned from a meeting of the Long Range Nova planning improvement program and the general said today SR 46 is definitely in the long range program and a causeway from 46 to Merritt's Island will be included also. Backers in the Geneva area for establishing an RFD route from the Geneva Post Office report that at a recent meeting of community residents the proposal was voted down and that the matter has been dropped for the time.

Kennedy Asks Aid To Consumer

WASHINGTON (UPI) — President Kennedy today proposed sweeping new federal controls to protect the consumer's health and pocketbook in the purchase of food, drugs and cosmetics. In a special message to Congress, Kennedy urged passage of bills to provide the government with a light check on misleading advertising, packaging, sales and other practices aimed at bilking the buyer. The presidential message is the first of its kind to deal entirely with the interests and needs of the consumer. Kennedy also announced an executive order to give the consumer "whose views are not often heard" in Washington, a voice in government. Fulfilling a campaign promise, he directed the creation of a consumers' advisory council to keep the Council of Economic Advisors posted on the needs of purchasers of goods and services.

Blonde Claims Cubans Beat Her With Belt

MIAMI (UPI) — A blonde office worker said Wednesday she was beaten by a guard with a belt and a rifle while imprisoned in Cuba as a "Yankee spy." She said other Americans still held "are receiving treatment more terrible than that."

Marilyn Menger, 26, was among the 21 Americans listed by the State Department this week as believed held in Cuban prisons. But Miss Menger said she escaped 10 months ago and didn't realize she was still thought a prisoner until she learned of the list.

She said she spent 11 months in prisons at Guanabacoa and Guanajay after being arrested by the secret police in Havana while she was vacationing there in April 1960. She said she was "never charged with anything," and managed to escape from a prison hospital and flee with a fake passport.

Miss Menger said she was beaten with a belt by a Cuban guard and smashed in the mouth with a rifle butt after being accused of "carrying secret papers between Miami and Cuba."

She produced letters from two other Americans still in prison, Geraldine Shamman of Hollywood, Fla., and Martha O'Neal of New York. Miss Menger said both were sentenced to 10 years in prison last December on charges of "conspiring against the Communist party."

A letter from Miss O'Neal mentioned another American, Howard Rundquist, 37, of Miami. Rundquist and William J. Shergalis of Hollywood were shot down over Cuba in 1960 and charged with an illegal flight. Shergalis was recently released.

Rundquist is still in prison, the letter reported, and "steadily losing the use of his leg, the one that was injured with a bullet when his plane was shot down. He has had no medical attention since the first week he was brought here and paralysis is progressing up to the middle calf."

Miss Menger also showed a letter from Miss Shamman reporting: "There are 125 of us women in one compound and we share one bathroom. We get a little bread and rice and water is turned on for one hour a day—for 125 of us."

Woman Says Son Is Imprisoned

DOTHAN, Ala. (UPI) — A Dothan woman said Wednesday she has not heard from a son imprisoned by the Cuban Communists for more than a year.

Mrs. Mary Baker said all parcels mailed to her son, Tommy Baker, 29, have been returned.

Reports from Miami indicated food parcels sent through the International Red Cross and the Swiss embassy were being intercepted by Cuban government agents.

Death Reported Of Former DeBarry Woman

Mrs. Adam Muller, DeBarry news correspondent, reported today that word has been received in the community by friends of Louisa Martin of her death last week.

A resident of 102 Market Pl., Guilford, Conn., she and her sister, formerly made their home in DeBarry and after leaving there resided in St. Petersburg before returning to their home in Connecticut.

LYMAN HIGH'S Band, directed by Michael Fisher, will enter State Band contests this year as a result of receiving superior ratings in concert and drill and an excellent rating in sight-reading at district competition in Daytona last Saturday. In addition, the Majorette Corps, top photo, took a unit superior rating and Baton Soloists, bottom photo, took superior as did John Wagner, saxophone soloist. In the Corps surrounding Head Majorette Barbara Diggs are, from left, Sandra Howe, Nancy Copeland, Sara Reid, Jeannette Harmon, Tinko Sundy, Jane Kent, Judy Lambert, Diane Keeney, Jackie Atchison, Dawn Christensen, and Jiffy Gammage. With John in the lower photo are Jiffy at left and Barbara at right while Sandy kneels in front. (Herald Photos)

Call Set For 100,000 Army Reserves

WASHINGTON (UPI) — Approximately 100,000 Army Reservists will be designated as "fillers" to be called to active duty if high-priority Reserve and National Guard units are mobilized, defense officials said today.

An additional 400,000 Reservists and National Guardsmen will be in the high-priority units, making a total of a half million men available for call-up on 6 to 12 weeks' notice in case of another cold war mobilization.

The new mobilization plans are being drafted at the Pentagon to avoid future complaints such as those that came from 39,000 Reservists who were called up as fillers from the Berlin crisis without having previously been assigned to units.

Defense officials said the designated fillers will not drill with the units to which they are assigned, but they will be either strongly encouraged or required to attend one or more two-week summer training camp sessions with their units. To make the joint summer training possible, the fillers ordinarily will be in the same section of the country as the units to which they are assigned.

The plan is to place six divisions, probably all from the National Guard, in the No. 1 priority category. These and their supporting units will be available on six weeks' notice. Two more divisions will be in priority No. 2, available in 12 weeks.

The fillers will be selected from the Army's pool of 748,000 ready Reservists. They will be unpaid except for summer training, but they will be in no doubt about their liability of call-up if their units are mobilized, officials said.

The Navy and Air Force also will designate fillers to be called with high-priority units, but officials said the problem in these services was comparatively small.

Pancake Day Ticket Sale On In DeBarry

By Mrs. Adam Muller

Committee members for DeBarry's second annual Pancake Day to be held March 24 advise that tickets should be obtained as early as possible by those planning to attend.

Pancake Day, to be held in the DeBarry Fire Hall beginning at 8 a. m., is sponsored by the Herbert D. Gibb American Legion Post. Its motto for the event is "All You Can Eat." Served with the pancakes will be sausage, heaps of butter and maple or corn syrup along with fruit juice and hot coffee.

Tickets are available from Peter J. Kippensal, Alfred Newell, Fred McLaren or G. Fred Smith, all listed in the DeBarry directory or phone book.

Men of the Lotuka tribe, southern Sudan, seldom use tobacco, but the tribeswomen smoke pipes.

Fleet Reserve Meets Friday

Larry M. Bane of Houston, Texas, vice president of the Southeast Region of the FRA will be the guest speaker at the FRA meeting Friday at 8 p. m. at the Fleet Reserve Home on Seminole Blvd.

All career men of the Navy and Marine Corps and their guests are invited to attend. This will be a combined meeting with Branch 117 of Orlando and Branch 242 of St. Cloud. Those desiring further information may contact public relations chairman Lowell Lorbeer at 462 Rosalia Drive.

Kildare Or Casey?

By Dick West

WASHINGTON (UPI) — As I understand television ratings, which is hardly at all, Ben Casey, the surly surgeon, has a slight edge over young Dr. Kildare, the everlasting interne.

This may reflect their relative popularity with the medically oriented audience, but I question whether it is a reliable measurement of their skills as physicians.

As the saying goes, I don't know much about medicine, but I know what I like. And instinct tells me that Kildare is a better sawbones than Casey.

I realize, of course, that Kildare is only an interne, whereas Casey is a chief resident. Nevertheless, Kildare is the more experienced.

Kildare has been interning for as long as you and I and Lew Ayres can remember. He has ministered to the lame,

the halt and the inirm not only on television but on radio and in the movies. Casey, on the other hand, has never operated anywhere but on television.

Kennedy Seems Moving Toward Summit Talks

WASHINGTON (UPI) — President Kennedy appeared today to be preparing the public for his participation in a summit meeting with Soviet Premier Nikita S. Khrushchev in the not too distant future.

Although the President claims his position is "constant," there has been a slow shift away from his stand that he would go to the summit only to avert war or give final approval to agreements worked out at lower diplomatic levels.

At his news conference Wednesday, Kennedy added a third condition: "I would go if I thought it was in our national interest."

"I do not intend to go," he added, "unless there is a situation developing which I believe would make such a trip fruitful and rewarding."

The President's chief Western partner in negotiating with Russia, British Prime Minister Harold Macmillan, is coming to this country next month. By the time he sees the President in late April, proceedings of the summit conference at Geneva should have indicated whether a summit would be, as Kennedy put it, fruitful and rewarding.

The 17-nation Geneva conference met with the understanding that a progress report would be drafted before June 1. This has led to speculation about a possible summit.

Other comments at Kennedy's news conference touched on relations with Russia, East-West tension, proceedings in Congress and politics. The President made the same points:

Belief: Russian tactics to hinder movement of Western aircraft through the Berlin air corridors are dangerous, additional hazards to a Berlin settlement. Russian dropping of aluminum foil chaff to upset radar installations might "intensify the danger."

Medical Care: He indicated he will press for a showdown vote this year on his plan to finance medical care for the aged through Social Security. He said he felt the proposal would come to a vote "definitely in the United States Senate and, I am hopeful, in the House before the end of this session."

Nuclear Tests: The U. S. would rather have a test ban treaty now than go ahead with its scheduled April series of atmospheric tests. A system for detection of tests as part of a safeguarded treaty is more important than a system for detecting preparations for tests.

Foreign Aid: He threw his full weight against those in Congress who would axe his request for \$4.9 billion in foreign aid for the next fiscal year, saying if such economy advocates no longer were interested in fighting communism, they should cut the program. "I think it would be the most unwise act possible to diminish our assistance program," he said.

Edward Kennedy: He will not participate in his brother's senatorial campaign in Massachusetts, but will vote in the primary.

Agriculture: He called on Congress to reverse the House Agriculture Committee's rejection of his temporary program to keep dairy price supports at their present level for the rest of the year. He said the committee's action threatened "unnecessary hardship" for dairy farmers.

Storm Damage: He may ask Congress for supplemental appropriations to revive a 1956 plan for federal insurance and reinsurance against flood and water damage. Much of this type of damage caused by recent East Coast storms was not covered by ordinary insurance.

Put Religion First In Life, Is Advice Given By Layman

(The second in a series of Lenten articles written by Sanford laymen on "What Religion Means To Me.")

By George A. Stine
Religion means more to me than anything else in our hectic world of today.

What a wonderful thing it would be if we all would put our religion first in our lives. I feel that only through religion can the ills and tensions of our world be solved. Starting with the local level and extending through State, Country and the world.

Speaking as a Christian and active member of the First Presbyterian Church of Sanford, I feel that all members should be very aware of the stewardship program of the Church, which includes the giving of our time, talents and money in support of the work of building God's kingdom.

From a personal experience in business, I found that being a Christian and living like a Christian gave people confidence in me and in our busi-

ness and made for good relations with employes and customers alike. We should all live and show to everyone that we come into contact with from day to day that we are Christians.

From a Christian and layman's point of view, we accept God and his infinite love for us in that he gave his only begotten Son that we might become Christians. We in turn show how much we love our Lord and Savior Jesus Christ, by our actions and how we support the programs of the Church in its many activities and our love for our fellowman.

The Church has such a short time out of each week to exert its influence that it depends very largely on the parents as to how fast they learn what is right and what is wrong. Children especially need individual attention which is very hard for the Church to accomplish in the short time which they are in Sunday School and Church.

We all have younger people looking to us for leadership in Christian living and how we conduct ourselves from day to day leaves a lasting impression. Certainly we can do nothing more worth while than to show the right way to this group as they will be the leaders of tomorrow.

Plans Are Scheduled For Girl Scout Week

This is Girl Scout Week. All during the week, Scouts and their leaders will be planning special events together, to commemorate the Golden Anniversary of Girl Scouts.

Friday from 6 to 8:30 p. m. all Girl Scouts, Brownies, leaders and parents, as well as interested friends will meet at the Civic Center for a Song Fest.

This is a special event that everyone is looking forward to sharing and the Girls will teach and be taught Brownie

songs, Girl Scout songs, round-up songs and day camp songs. Coordinating the event will be Mrs. Ruth Boutwell, with the help of the following Scout leaders: Eloise Sorokowaky, song sheets; Mrs. Irene Smith, building arrangements; Mrs. Mimi Schoonover, publicity; Mrs. Kathryn Bishop, decorating; Mrs. Lili Bromberger, seating arrangements. Six troops from All Souls Catholic School will join the activities under the direction of Mrs. Sylvia Huhn.

Refreshments of snow cones, and candy will be served by the following leaders and girls: Mrs. Edith Avenal, Mrs. Kay Knight, Mrs. Lillie Buckler, Mrs. Bunny Morgan, Miss Frances Cobb. Profits made by these troops will go toward sending girls to summer round-up. There will be 27 Girl Scout troops participating in this event. The public is invited. Sunday, all girls are to attend church in uniform.

Welfare Bill

WASHINGTON (UPI) — The House today called up a bill to reform the welfare program. Republicans accused Democrats of making it an invitation for states to raid the federal treasury. The \$325 million measure carries most of the requests President Kennedy asked to help the needy and get some of them on their feet. The bill had general support except for two provisions. One of them costing \$40 million, would raise from 50 per cent to 75 per cent the federal share of the cost of certain welfare and counseling services. The other would shift from the states to the federal treasury \$140 million of the cost of the program. Only one amendment was to be allowed, and Republicans hoped to use it to knock out both provisions, cutting \$180 million of the bill. They appeared to have little chance of success.

LONGWOOD FIREMEN prepared and served more than 900 fried chicken dinners last Saturday and were ready on the dot in spite of having to stop to answer three brush fire calls. Chefs Fred Esclavon, left, and Garland Shaw were given a large part of the credit for the successful event which brought in estimated profits of between \$500 and \$600. (Herald Photo)

Eddie To Retire If Lines Merge

MIAMI (UPI) — A proposed merger of Eastern and American Air Lines would be the swan song for Capt. Eddie Rickenbacker, World War I hero and long-time head of Eastern. If the merger goes through, Rickenbacker said Tuesday, "I will in no way be associated with the new company. I will sever all connections, including my executive positions and membership on the board of directors. . . I'll spend the rest of my days doing the things I've always wanted to do and never had time for." Rickenbacker is board chairman and general manager of Eastern. He first became head of the airline in 1935.

Mrs. Rockefeller May Sue Friday

RENO, Nev. (UPI) — Mrs. Nelson Rockefeller becomes a Nevada resident today and will be eligible for a divorce from the governor of New York, her husband for 31 years. Neither she nor her attorney would say when or where the divorce action would be taken, but indications were the complaint would be filed and the decree granted Friday in Reno's Washoe County courthouse.

Harry - Anna Home Committee Schedules Meeting Saturday

The Home Committee of the Harry-Anna Crippled Children's Home will meet at Umatilla for its quarterly business session at 2 p.m. Saturday. For that afternoon, the Home will observe Open House for all visitors. The Sanford Elks Lodge will be represented by Charlie Smith and Bill Harden, members of the Home Committee. Others planning to attend include Exalted Ruler, Russ Spencer. Under the chairmanship of Past President Charles I. Campbell of Tampa, the committee members will hear progress reports from Managing

Business Briefs

Mrs. Lillian Gorden, a senior operator with many years of experience, will open a beauty shop in Lake Mary this week. Mrs. Gorden is a graduate of the beauty school in South Bend, Ind., and had her own shop in Michigan prior to moving to Florida recently to join relatives here and also for her health. An open house is planned Sunday at the new shop, which will be in the Florida room of the Corden home, just across the street from the post office in Lake Mary, and everyone is invited to come in and meet Mrs. Gorden and get acquainted. Refreshments will be served. Mr. and Mrs. Corden expect to make Lake Mary their permanent home. OK go ahead and use the life. Let's see you keep your nose to the grindstone, too.

SANFORD - ORLANDO

Hot 'Bums' Still Romping

United Press International Manager Walt Alston says it's a lot of hokum but his Los Angeles Dodgers seem lost to prove they have enough talent to win two pennants at once.

It's a form of riches not without embarrassment inasmuch as Alston is dedicated this spring to picking a stabilized lineup in contrast to the platoon system which failed to win a pennant in 1951.

But what can you do when your "fourth" outfielder is hitting .588 and your "A" team beats the Minnesota Twins, 7-5, while your "B" team is defeating the New York Mets, 9-2, on the same day?

The hottest of all the Dodgers is 22-year-old Willie Davis, whose three-run sixth-inning triple parked Wednesday's victory over the Twins and who is belting away at a

.588-clip. Tommy Davis also hit his second homer in as many days and rookie Larry Burditt had three hits and made several fine defensive plays. In addition there was a three-inning, one-hit, shut-out performance by Johnny Podres.

That was at Vero Beach, Fla. Meanwhile, over at the St. Petersburg, Fla., ranch, the "B" team walloped six extra base hits including a homer over the centerfield fence by Ken McMullen to end the Mets' three-game winning streak. Capt. Duke Snider hit one of the B's three triples.

The two victories gave the Dodgers a 5-1 spring record during which they have amassed 44 runs. And the opposition has yet to score a run off Podres, Sandy Koufax or Don Drysdale, the "big three" of the Dodger staff. Rookie Ray Washburn pitched

one-hit ball for five innings to lead the St. Louis Cardinals to a 4-2 victory over the Detroit Tigers. The 23-year-old right-hander struck out five and walked only one behind a 12-hit attack that included a two-run homer and two singles by Bill White.

Jerry Kindall's 10th-inning homer snapped a 3-5 tie and the Cleveland Indians went on to beat the Boston Red Sox, 7-5. Red Sox rookie Dalton Jones tripled to extend his hitting streak to five games.

The San Francisco Giants had 21 hits, including homers by Dick Phillips and Ed Bailey, to whip the Los Angeles Angels, 14-11. Catcher Bob Rodgers had a brilliant day for the Angels with two homers, two singles and a double.

George Altman drove in three runs with a double and two singles as the Chicago

Cubs beat the Houston Colts 4-3, in a game marred by blustery winds at Apache Junction, Ariz. Don Cardwell gave up one hit and one run in four innings to win for the Cubs.

Homers by Chuck Cottier, Bob Johnson and Bob Schmidt paced the Washington Senators to a 12-1 triumph over the Cincinnati Reds. John Gabriel, rookie Carl Bouldin and Fred Green limited the National League champions to five hits.

Rookie Mike Herzberger's three hits and his third steal of the spring helped the Chicago White Sox shade the Milwaukee Braves, 4-3. Don Clendenon homered as the Pittsburgh Pirates coasted to an 8-3 win over the Philadelphia Phillies and Jack Reed's 11th-inning homer provided the world champion New York Yankees with a 4-3 victory over the Kansas City A's, stretching their winning streak to five games.

Colorado Coach Grandelius On The Way Out?

BOULDER, Colo. (UPI) — University of Colorado football Coach Everett (Sonny) Grandelius doggedly continued a recruiting foray into New Mexico today despite reports that he will be fired at a special meeting of the Board of Regents here Saturday.

Grandelius refused to comment on the reports.

"I'll be with the University of Colorado next year as far as I know," he said at Cortez, Colo., before traveling into northwest New Mexico to seek another high school star for Colorado.

Members of the Board of Regents contacted by United Press International were non-committal about Grandelius' future, although a few admitted it had been discussed at a special meeting last week and would come up again Saturday.

Lyman Boosters Plan Award Program

By Shirley Wentworth

Members of the Lyman High Athlete's Booster Club made plans at their regular meeting last week to set up an annual award for the athlete maintaining the highest scholastic record throughout the school year.

Final rules for the award will be made at the next meeting.

In the meantime and in order to help finance the program, plans were made to stage a postseason basketball game between fathers and the faculty. The game was set for 7:30 p. m. on March 23 in the Lyman Gym.

Booster President Joe Pavelchak and Ken Burkhardt, big league baseball umpire and loyal Lyman Booster, have issued the challenging statement that they believe

fathers "can produce a team to shatter anything the faculty can put on the court."

A secret practice session was held Saturday and more were planned for the week.

Pavelchak invites interested fathers who would like to show the faculty "some of the finer points of the game" to contact him, Burkhardt or Jim Birkenmeyer.

KEGLER AWARDS go to Gerald Murphy, left, high pin award and Garfield Fox, right, high average, in recent bowling competition at Jet Lanes. George Touhy, center of First Federal presented the awards to the two recipients. (Herald Photo)

Keglers Start Membership Drive

Sanford Women's Bowling Association, which has grown steadily this past year, is hoping to add still more members during its membership drive, now in progress.

Last year, Sanford had a total of 190 women who were members of the Woman's International Bowling Congress, but during the past season, that number has leaped to 375 members, and is hoped the total will show 500 in the coming year.

Any woman, who is not a member at present, is asked to give some serious thought to the sport of bowling. A ladylike sport, yet a colorful one, it requires nothing more than a willingness to enjoy oneself, and to relax among old friends, and new ones. No equipment is needed, this is furnished free at your local lanes, and no special attire is needed, just your own comfortable everyday clothes, be it pedal pushers or skirts.

For those who have never rolled a ball, or those who have never even watched one, it requires nothing more than a willingness to enjoy oneself, and to relax among old friends, and new ones. No equipment is needed, this is furnished free at your local lanes, and no special attire is needed, just your own comfortable everyday clothes, be it pedal pushers or skirts.

For those who have never rolled a ball, or those who have never even watched one, it requires nothing more than a willingness to enjoy oneself, and to relax among old friends, and new ones. No equipment is needed, this is furnished free at your local lanes, and no special attire is needed, just your own comfortable everyday clothes, be it pedal pushers or skirts.

All women who are even slightly interested, drop a card to S.W.B.A., c/o Jet Lanes, with name and phone number, so that a member may talk with you concerning convenient times for your own personal instruction. Further information may be had by calling FA 2-7342, FA 2-8004, or FA 2-5039, during the hours 9 to 5.

First Team Enters Tourney

The first team to enter the Sanford Women's Bowling tournament is the Park Ridge "O" Wives who bowled in the Hollar Motor League on Friday mornings. The team is captained by Sue Reno and her teammates are Dolores Klett, Sue Moury, Jo Watson and Ollie Yelisek.

Kader Jewelry Store is donating all trophies for the city tournament to be held at the Jet Lanes the week-ends of April 28-29 and May 5-6.

Hurry Now Aims For 9th At SOKC

C. H. Lovely's Hurry Now, who broke into the racing game during the current campaign, will try for his ninth win of the season in tonight's featured ninth race. He had the first official start of his career on opening night and created a sensation by winning with a lead of 23 lengths. Since that first victory he has won in Grade D, C, B and four times in Grade A, three of the latter being main events.

Opposing this promising two-year-old tonight will be Gussie Lee, Discoverer, Sky Ruby, Brandon Bell, Erma Eastman, Retained and Ne-lie.

Gussie Lee, is Carl Tracy's veteran trophy collector. The hard-driving daughter of the great On The Line will be five-years-old in April but still runs like a champ. If she wins tonight it will be her seventh victory.

A great deal of interest is being shown in the Inter-City match race with Sarasota on tap Saturday night. It is a six-day contest and will go the long 44th-mile Derby distance.

The Rocky Mountain News of Denver said flatly Grandelius would be fired. The newspaper quoted an unidentified member of the board as saying the action was certain "as a Supreme Court decision."

Colorado's football recruiting methods have been the subject of scrutiny by the National Collegiate Athletic Association. It has been reported the school faces a stiff suspension by the NCAA at a meeting of the college organization next month.

Regent Philip A. Danielson of Denver said the NCAA charges are "serious" and added he did not think the board should allow the "rumor, gossip and speculation" about them to continue.

"The board owes it to the school and the coach and everyone to take some action," he said. "I hope the university will live up to the NCAA code."

Grandelius, 32, came to Colorado in 1959. He guided the Golden Buffaloes to their first Big Eight Conference football championship in 1961. They followed that with an appearance in the Orange Bowl.

5,000 More Red Course Copies

TALLAHASSEE (UPI) — The State Department of Education is ordering 5,000 more copies of its outline of a school course on Communism to keep up with demands from interested citizens.

School Supt. Thomas D. Bailey said Tuesday the department had only enough copies of the outline printed to give one to each State Cabinet member and to publishers considering a textbook for the course on evils of Communism.

The 1961 Legislature required Florida schools to teach the course.

SWEET SARALEE was one year old recently and in her honor Mother and Daddy, Inky and Sam Thurmond, and big brother Sam, Jr., had a special little dinner for her.

Invited to join the family in commemorating the happy day last March 7 when Saralee was born were her cousins Betsy, Dwight and Steve Bowes, aunt and uncle, Betty and Chuck Bowes, and grandmother, Sara Thurmond.

And Mas Saralee was her usual happy, beaming self, smiling at everyone as she accepted the homage paid her by all the devoted love-slaves in her little kingdom.

SARALEE

GODS AND GODDESSES will grace the banquet hall at the SHS cafeteria Thursday as it is transformed into a Greek feasting pavilion.

Ruling over all this glitter and glory will be J. B. Phillips who will reign as Jason and Judy Buntin, who will assume the mantle of Medea for this occasion.

Reclining on sumptuous floor pillows in the accepted style will be the other second year Latin students, who will also be noblewomen and ladies and gods and goddesses, while the first year students assume their traditional role of slaves. The slaves must obey every wish and command of the gods and nobles.

A delicious menu has been planned and entertainment will be forthcoming for the amusement of all.

All faculty members of the school will also be honored guests.

FRAT BIDS have been received at Sletson University by some of Sanford's freshman students.

Those who have received the invitations include Roy Fieger and Buddy Kirk, to Lambda Chi Alpha, and Cliff Ables and Bobby Lankford to Pi Kappa Phi.

BETH (Mrs. J. O.) GREGORY has three of her original paintings on display at the Florida State Bank this week.

All three are very different, representing different types of subject matter and all giving a good example of what they represent.

One very simple picture is a study in tones of yellow and green, showing a pitcher, a gourd and a lime.

A large one with a very interesting frame (Beth is noted for her unusual and different frames) is a picture of flamingos feeding in a cool blue stream.

In the installment Loan side of the bank there hangs an imaginative scene depicting a little native boy playing in a jungle stream, as his mother and another child stand by. The figures are especially interesting, as they clearly demonstrate Beth's talent for drawing "people."

Friday Meeting Planned By DeBary Club

The DeBary Women's Club will hold the regular monthly meeting Friday at 2 p.m. in the Community Center.

Mrs. William Fidler, president, will preside and a nominating committee will be appointed.

The DeBary Choristers, under the direction of Mrs. Laura Platt Brown will present a musical program, accompanied by Theresa Kuzec. Refreshments will be served during the social hour.

Keeling-Bethea Wedding Solemnized At Congregational Christian Church

Mrs. Marion Frances Keeling, daughter of John Herbat and the late Mrs. Herbat, and Walter Thomas Bethea, son of Mrs. Beulah Bethea, and the late Rev. John Henry Bethea, were married March 2 at 8 p.m. at the Congregational Christian Church in Sanford.

Rev. Joseph E. Stock, pastor, officiated at the double ring, candlelight ceremony.

The church was decorated with arrangements of pink and violet snapdragons, ferns and potted palms. Mrs. August Remusat, organist, presented a program of wedding music and accompanied Mrs. Max Coberly, who sang, "I Love You Truly" and "O Promise Me."

The bride was escorted to the altar by Robert Mills, brother-in-law of the groom. She wore an aqua nylon tulle length gown with fitted bodice, full skirt and a three quarter

length lace jacket. Her accessories were all of pale pink and she carried a bouquet of pink carnations, centered with a white orchid and pink ribbon streamers.

Mrs. Thomas Price Jr., matron of honor, wore a lime green brocade taffeta dress, white accessories and a corsage of yellow mums.

James C. Lane was best man and serving as usher were Thomas Price Jr. and William LaBree.

The groom's mother wore a black and gray taffeta dress, gray accessories and white carnation corsage.

Following the ceremony, a reception was held in Fellowship Hall of the church. The refreshment table was overlaid with a white linen cloth and centered with a white styrofoam heart decorated with sweetheart roses and greenery.

The punch bowl was surrounded with fern and pink hibiscus and the three tiered wedding cake was surrounded with fern and sweetheart roses.

Mrs. Robert Mills, sister of the groom, presided at the punch bowl and another sister, Mrs. Charles Woodard, served the cake. Miss Debra Keeling, daughter of the bride, kept the bride's book and Mrs. Harold Herbat served as floating hostess.

For her going away outfit Mrs. Bethea wore a beige linen sheath with embroidered jacket, matching accessories and the orchid from her bridal bouquet.

After a wedding trip to Daytona Beach the couple will reside on Poinsettia Ave. until June when they will move to their new home in Lake Mary.

Out of town guests included Mr. and Mrs. Raymond Bethea, Donna and David, of Tavares; Mr. and Mrs. Charles Woodard and Miss Rose Marie Parker, all of Groveland; Mr. and Mrs. Herman Bethea and Miss Geraldine Bethea, of Mt. Dora, and Mr. and Mrs. Robert Mills and Miss Gladys Smith, all of Orlando.

MR. AND MRS. WALTER THOMAS BETHEA (Photo by Gussman)

Garden Circles

CENTRAL CIRCLE
Mrs. A. F. Collum and Mrs. H. W. Turner were co-hostesses for the March meeting of the Central Circle of the Garden Club, at the Collum home, on 16th Street.

Upon arrival the members were served refreshments by the hostesses. The meeting was opened by all present reading the club collect. Mrs. B. C. Moore read a paper in memory of Mrs. H. M. Papworth, who was a charter member of the circle.

Mrs. Paul F. Johnston, Junior Garden Club chairman, reported her activities and asked the members to bring plants to be used in her work with them.

Mrs. George McCall, program chairman, introduced Mrs. Frank Donahoe, of the Sanford Flower Shop, who conducted a workshop on corsage making.

Mrs. Turner, horticulture chairman, gave some timely advice such as time to fertilize grass and shrubs. They should be fed a small amount of fertilizer now and all lilies should be planted. Now is also the time to plant caladiums,

gloriosa and such annuals as zinnias, marigolds, balsamin asters, poppies and other annuals. If your garden is bothered with ants, she suggested you put a little 10 per cent chloridane in the hills.

Others attending the meeting were Mrs. E. R. Wood, circle president; Mrs. B. M. Dixon, Mrs. W. L. Merritt, Mrs. A. K. Rossetter and Mrs. Ira Southward.

AZALEA CIRCLE
The Azalea Garden Circle met at the home of Mrs. J. D. Callahan, with Mrs. Porter Lansing as co-hostess.

Mrs. Henry Russell was appointed parliamentarian and Mrs. W. R. Stringfield's resignation as vice chairman, was accepted with regret. Plans were discussed for the May picnic meeting.

The hostesses served refreshments during the social hour to Mrs. Alice Clegg, Mrs. Clyde Stinson, Mrs. G. M. Shipp, Miss Elialee Kirchoff, Mrs. J. P. Cullen, Mrs. C. P. Harkey, Mrs. J. L. Clark, Mrs. Dempsey Carnes, Mrs. Fred Pope, Mrs. Frank Thomas, Mrs. Bob Steele, Mrs. Stringfield and Mrs. Russell.

SCARF MAGIC
A girl's best protection against make-up film on dress and coat collars is a wardrobe of scarves. Nothing is as unsightly as a rim of make-up clearly visible on a coat collar.

But a series of pretty scarves in chiffon, silk and satin will provide the solution.

Have them in lovely, light colors as an antidote to the somber grays of winter. And have them cleaned often, for they will pick up soil easily.

Learn to tie them in butterfly bows or catch them up with pretty, glittery pins. You'll not only protect your clothing; you'll add a touch of flattery for yourself.

Monroe Personals

By Mrs. H. L. Johnson
Friends of Mrs. C. C. Gantt will regret to learn that she is confined to Seminole Memorial Hospital. She was taken there after she fell and suffered a broken hip.

Mr. and Mrs. Mack Hudson and Mrs. Jerry Emmett and daughter, Jean, have returned to Fredericktown, after a visit with the Hudsons' son and daughter-in-law, Mr. and Mrs. Don Hudson.

Quitting's on the bag for spring. It's seen most often in bright patent leather bags — the fattened pouch type — on a short shoulder strap.

Honoree Who Lives In California Receives Shower Gifts By Express

Mrs. N. W. Jacobs and daughter, Carolyn, were co-hostesses at a baby shower recently for Mrs. M. L. Cooper at the Jacobs home in Chuluota. Since the honoree, Mrs. Cooper, is in Santa Ana, Calif., this was an "express shower."

The guests brought the gifts unwrapped. After they had all been admired they were wrapped at the party and made ready to ship to the Cooper home in California.

The guests played games and pretended the honoree was there. Prizes were won by Mrs. Norman Fore and Mrs. E. T. Hamiel.

Refreshments of fruit punch, cake, minis, nuts and coffee were served by the hostesses. Table decorations carried out the stork motif.

Others attending were Mrs. Wendell Howell, mother of the absent honoree, Mrs. Norman Gore, Mrs. W. C. Tanner, Mrs. Cliff Mellow, Mrs. Annie Jacobs, Mrs. Homer Tanner, Miss Norma Jean Hamiel and Miss Sharon Howell.

MRS. EUNICE HOWELL, mother of Mrs. M. L. Cooper, Santa Ana, Calif., took the place of the honoree at a baby shower in her honor. From left are Miss Carolyn Jacobs, Mrs. Howell and Mrs. N. W. Jacobs. (Herald Photo)

Don't Economize On Child's Shoes

No item of a child's clothing has more effect on his health and comfort than his shoes. Therefore, select your youngster's shoes carefully.

says Myrtle Wilson, home demonstration agent. Don't try to economize by passing old shoes down to a younger child. Shoes become molded to the individual's feet

and will not fit or support another child correctly. Take the youngster with you when you buy new shoes—a size number simply won't do. Have both feet measured. If feet vary slightly in size, have shoes fitted to the longer foot.

When child is standing, the shoe should be at least 1/4 to 1/2 inch longer than his longest toe. Be sure there is no excessive gaping around upper edge of shoe to cause rubbing. Youngster's feet perspire a great deal, so select well-ventilated shoes for children. Leather is porous and normally

allows ventilation. When leather is processed or coated with a plastic to make shoe water proof or shiny, ventilation is reduced. Look for a cloth lining covering the toe area of shoe to absorb moisture and prevent friction. Rubber heels are more resilient, less slippery than leather.

Keep a constant lookout for signs of outgrown shoes. Shoe replacement may be needed quite frequently for some children. For others, heel repair may be needed as often as every two weeks.

Doing Dishes Takes Energy

If you think you're taking life easy when you pull up a stool and sit down to do the dishes—think again. It takes more energy to do dishes sitting down than standing up. Medical research has found that a woman who sits down to wash dishes burns up more energy than if she stood at the sink to do the job. Not only that, but if she has to keep getting on and off the stool at the sink—which inevitably happens—it takes a lot more energy than standing there.

Incredible as it seems at first, sitting down on the job takes more effort. This is true not only of dishwashing, but of a number of other home-making chores—lifting, ironing and rolling dough. The seat of the problem seems to lie in a question of balance: certain motions call for greater exertion from a seated position than from a firm footing.

"Standing at the sink may be the easiest way—but the less time you have to stand there, and the fewer motions you have to go through, the less

iring the homemaker will find her job." If the housewife wants to take it easy, she'll be right for once if she decides to pull up a chair. Doing nothing at all is the one situation in which sitting really does take less energy than standing. Just standing burns up much more energy than just sitting there, Jensen reports.

SAFE, NOT SORRY When there are children in the household, it's wise to make sure you have a bathroom door that can be opened from the outside.

Put stale or dry rolls in a pressure cooker with a very small amount of water. Bring the pressure up and let it cool before you remove the rolls. This makes them fresh-tasting again.

Buy fabric that you can really feel excited about—the kind you will hold up in front of the mirror and practically wish into a beautiful dress.

Miss Williams Honored With Luncheon

Mrs. G. W. Morgan and Mrs. Ralph Jarvis were co-hostesses at a luncheon Saturday at the Morgan home, 453 Summerlin Ave., honoring Miss Jane Williams, bride-elect.

The hostesses presented Miss Williams with a piece in her chosen pattern of silver. A pink and white color scheme was carried out in table decorations and throughout the party rooms.

Guests included Mrs. Ted Williams, mother of the honoree, Misses Linda and Mary Beth Williams, her sisters, Mrs. R. W. Williams, Mrs. W. H. Stewart, Mrs. Lauren Johnson, Mrs. George Hughes, Mrs. Ben Watkins.

Mrs. Joe Walker, Miss Debbie Jarvis, Mrs. Pat Johnson, Miss Patty Johnson, Mrs. T. J. Williams, Mrs. Hugh Carlton, Mrs. Marion Roberts, Mrs. Bob Tuttle of Orlando and Mrs. Larry Burney of Atlanta.

Enterprise

Personals

By Helen Goodgrass Mr. and Mrs. L. O. Hayman entertained Mr. and Mrs. Grady Battle of Cocoa and Mr. and Mrs. Frank Ryan at dinner Sunday.

BE KIND TO YOUR MOP To keep foam rubber sponges and mops in good condition, they should be stored, after cleaning, in a place where they will stay dry and cool.

KEY TO GLAMOUR The proper use of cologne and perfume is often overlooked as an essential aid to beauty, but a lovely fragrance can boost your personality from ordinary to intriguingly glamorous.

ROBBIE DE PREE, son of Mr. and Mrs. Robert De Pree, of East Meadow, N. Y. is visiting with his grandparents, Mr. and Mrs. J. R. Grant, Palmelle St., Longwood. He and his mother are spending two weeks and enjoying the Florida sunshine and balmy breezes.

Lake Mary Personals

By Frances Westor Lt. and Mrs. Robert Sause, former resident of Park Ridge, are announcing the birth of a daughter, Barbara Lynn, at the Naval Hospital in Spain, on February 28. The young lady weighed six pounds and 15 ounces. Friends of Mr. and Mrs. Roy L. Howell Jr. and son Stanley are happy to welcome them back to Lake Mary after more than a year's absence in Lakeland where Mr. Howell was temporarily transferred by the ACL.

Club Hears Talk On Altar Flowers

Mrs. Laura Arrington, program chairman for the DeBary Garden Club meeting, presented Mrs. Frank Donahoe of Sanford who spoke on floral arrangements for church altars.

The group met at the Community Center with Mrs. H. F. Newton, president, presiding.

Mrs. Donahoe illustrated her talk with several arrangements. One was made from yellow gladioli, another was a tall setting of pink carnations and a low centerpiece of lavender roses and mums.

She pointed out to the group that the proper way to use short flowers is to use both leaves and stalks, giving the flower arrangement a balanced look.

At the business session it was announced that the DeBary Chamber of Commerce has offered to contribute \$125 towards the beautification of the town.

Mrs. Angel Diaz plans to submit an entry from the DeBary club at the Orange City Flower Show.

Motion pictures from "far away places" were shown, this week, for the benefit of

the DeBary flower show. Mrs. Sidney Swallow introduced a new member, Mrs. Frank Harrington. Members were

reminded of the DeBary Flower Show, scheduled for March 23 at the Community Center, from 2 to 8 p.m.

Mrs. C. E. Butler will present a skit at the April meeting with other members participating.

MRS. FRANK DONAHOE, Sanford, demonstrated the art of flower arranging for church altars at the DeBary Garden Club meeting at the Community Center, DeBary. Shown with one of the arrangements are left to right, Mrs. Angel Diaz, Miss H. P. Newton, club president; Mrs. John Chambers, chairman of the DeBary Flower Show, March 23 at the Community Center and Mrs. Donahoe (Cox Photo)

Mrs. Woody Honored At Shower

Mrs. Herbert Muse and Mrs. Agnes Burned were co-hostesses at a recent miscellaneous shower for Mrs. Johnny Woody at the Muse home on the Wekiwa River.

A "gabfest" was enjoyed by the group and during the evening the guests told Ann the many ways of keeping her new husband happy.

Following the gift opening, refreshments of coffee, cold drinks and cookies were served by the hostesses.

Guests included Mrs. Mary Lou Thompson, Mrs. J. U. Lee, Mrs. George Redd, Mrs. Elean Coleman, Mrs. Clara Matheson, Mrs. M. Stripling, Mrs. Sammie Lou Keel, Mrs. Betty Lively, Mrs. A. Rans, Mrs. V. Burned, Mrs. H. I. Johnson, Mrs. J. B. Stapler and Miss Darlene Coleman.

UNSCUFF SUDE
Remove scuff marks on suede shoes by sanding the scuff LIGHTLY with the fine side of an emery board. Be sure to use a "light, circular motion."

VAH-3 Wives Hold "Spring" Coffee

The lovely ranch type home of Mrs. G. F. Wilster in a grove of orange trees is where the Officers Wives of VAH-3 gathered for their monthly coffee. They were greeted by Mrs. Wilster, Mrs. B. H. Weber, Mrs. John Charlton and Mrs. W. S. Bolte.

"Springtime" was the theme used in decorations. Name tags were miniature brooms and dust pans and the table was covered with a green linen cloth and centered with a wooden centerpiece filled with violets and lilies of the valley.

Mrs. Silas Johnson opened the business meeting by passing out a set of by-laws, which were accepted as written. Mrs. Ken Sandon was appointed chairman of a committee to collect toys, clothes and household objects for the five families whose homes burned recently. A cash donation of \$25 was also voted to be used for food for the families.

Mrs. C. Schoonover, Central Committee representative, announced that the Dispensary work had been completed and asked for volunteers for Gray Ladies work there. The VAH-3 group has been asked to make some layettes and the new project for Central Committee is fixing up the nursery at the Base. Central Committee is sponsoring a program by Judge Mize on juvenile delinquency, March 20.

Mrs. A. Antar, Officers Wives representative, reminded the group of the luncheon and fashion show, March 15, and a benefit bridge on April 5, for the Navy Widows Home. She also said that "the squadron will be host to the 'Dodge City' party in May."

Mrs. Johnson presented farewell gifts of silver trays to Mrs. Pete Michaels, Mrs.

R. Cleveland and Mrs. Ralph Mattus. The surprise of the day was when she announced that Mrs. Wilster would present a puppet show. Her demonstration of the Can Can girls, rock and roll sailor and Hoogie Carmichael at the piano kept the group spell-bound.

Others attending were E. Mmes, G. Zimmerman, E. Fritsch, E. Decker, K. Sharp, R. Spradlin, Lu Beach, J. Neiman, Don Munday, D. Dearolph, J. Conroy, S. Olliver, R. S. Davidson, E. Tallman, R. Conn, Joe McInnis, R. Leunhardt, J. Bell, C. Austin, G. Thompson, Mmes, E. Seacat, J. DeGanahl, W. Malerowski, E. Achord, B. M. Fitzgerald, D. Wood, D. Oliphant, J. Baird, L. Lampman, W. Belay, Deane Raines, Frieda Bishop, John Whittam, Joan White, James Goss, W. Donahue, R. Lovelace, Dick Beard, A. Draine, G. Waters, Cliff Nelson, C. Kauffman and John Bailey.

Guild Presents Mission Program
The monthly meeting of the Wesleyan Service Guild met in the Judge Ware Classroom of the First Methodist Church with the president, Mrs. T. A. Wakefield, presiding. Announcement was made of the district meeting at St. Augustine on March 18 and the Guild weekend in Leesburg on April 6, 7 and 8. Devotions were given by Mrs. A. K. Shoemaker Sr. Mrs. Walter Carter was in charge of the program; a review of a portion of a study book called "Edge of the Edge." Additional chapters will be reviewed on the remaining Mondays of the month. Mrs. L. E. Ferguson spoke on the subject from the viewpoint of the family and Mrs. Troy Ray Sr., supervisor of the local State Department of Public Welfare, spoke on the family from the state view. She explained how the state tries to take care of a family and keep it together in major and minor crises. She also explained the need for foster homes. During her talk she expressed the hope of her

Foster Home Plan Is Urged By Juvenile Judge Mize

'Project Called 'Must'

Judge Vernon Mize, County and Juvenile Judge told the Pinecrest P-TA that a foster home plan for Seminole County is a "must."

"I will again request of our county commissioners that they appropriate money for foster home care of the dependent children in Seminole County," the judge said.

Pointing out that neighboring counties have set up their own individual county units, the judge emphasized that "all child welfare money is 'state money', with lots of strings attached."

"A foster home plan need not cost a lot of money," Judge Mize commented. He pointed out that individual homes could be licensed and utilized, run by authorized responsible people. This would make it possible to build a home.

"Welfare workers are available, but money would be needed to pay private individuals for day to day care for these helpless children."

Under the present set-up, which has been made possible by the work of the Juvenile Council, a list of persons who have said that they could take a child or children for a few hours or a few days is available for the Juvenile Judge to call on for help.

The big drawback in this plan, as pointed out by Judge Mize, is the uncertainty of the accommodations.

"These calls to take over the care of one or more children have a way of coming in the middle of the night. Some of the people on our list can only take one child, or 'only babies,' or 'only boys', or 'only girls,' necessitating the calling, usually in the middle of the night, of numerous persons."

"This system is better than none at all, but is too cumbersome and difficult to operate."

"The problems of juvenile delinquency and dependency are going to get worse, not better, as time goes on, as the population of the county expands rapidly," Judge Mize said.

"The backing of conscientious and concerned persons, groups and organizations is needed in Seminole County to support a foster home plan," Judge Mize said.

In speaking of juvenile delinquency, the Juvenile Judge related pertinent information obtained from a ten year study of the causes of juvenile delinquency, recently completed.

"Studies were made with 1,000 boys, 500 of whom were delinquent and 500 not delinquent. The boys were matched as to age, race, intelligence, and family economic conditions."

"Conclusions show that juvenile delinquency is not caused by economic conditions, nor by the moral climate of the community."

Quoting from the conclusions of the study, the judge said:

"The emotional weather within the tight little kingdom enclosed by the four walls of the home, the way those in the family circle feel toward each other, how they feel toward virtue, honesty, decency and moral rules, their feelings outline the pattern, build up the standards and determine the direction of character growth particularly for the children."

"The feeling of being rejected by the parents, of not being wanted, of not being loved stands out like a sore thumb in all these findings."

"This is the most blighting and devastating of all feelings."

According to a moving firm, it takes at least six hours to move the household contents of a six-room house.

The Sanford Herald
March 15, 1962—Page 11

BENNETT ★ ★ ★ Elton Bennett Retires From Navy

Elton Bennett, SHCS U. S. Navy, of Casselberry who has taken his 20-year retirement, returned home the first of this month and already has assumed management of his barber shop fronting Hwy. 17-92.

On Monday after his arrival home, his wife, Casselberry Alderman Hope Bennett, convinced to get Bennett away from home to "talk over a business proposition" while she rapidly decorated the rooms and received guests for a surprise homecoming party.

Although no guest book was kept, Mrs. Bennett estimates that some 90 friends and guest dignitaries called during the party to welcome Bennett and to enjoy refreshments of a wide variety of homemade cakes and coffee.

Among numerous guests attending from Sanford were Seminole Chapter No. 2, OES officers and their husbands.

Mrs. Kennedy Taj Mahal Bound

NEW DELHI, India (UPI) — An energetic Mrs. Jacqueline Kennedy left New Delhi behind today and sped southward by special train to see India's ancient Mogul capital of Fatehpur Sikri and the beautiful Taj Mahal at Agra.

Prime Minister Jawaharlal Nehru and a large crowd of women in colorful saris gave the wife of President Kennedy a warm send-off at the station.

The government relaxed its restriction against alcoholic beverages and permitted cases of liquor aboard the train with Mrs. Kennedy.

The only previous occasion this was known to have happened was in 1955 when Soviet Premier Nikita S. Khrushchev traveled through the Indian countryside by special train.

Nehru placed at Mrs. Kennedy's disposal the great, red air-conditioned railway coach which is used by President Rajendra Prasad and important visitors.

The coach, hooked into an 11-car train, contained a brown wood-paneled bedroom and an adjoining sitting room which looks surprisingly spacious for a train car.

Mrs. Kennedy, smiling broadly, waved repeatedly to the crowd as she entered the coach. Hundreds of women had gathered to see her drive along the route from Nehru's house and as she passed they justly cheered the "Amerikani" American queen.

At the station, judge tried to check every person entering the train platform but the Kennedy-crazy crowd argued heatedly with them and finally squeezed past.

Young girls shouted "Kennedy zindabad" (Long live Mrs. Kennedy).

The 32-year-old First Lady wore a cerise cotton sheath with a white pattern design as she left New Delhi.

With her went her sister, Princess Lee Radziwell, U. S. Ambassador and Mrs. John Kenneth Galbraith; Mrs. Kennedy's two maids; three Secret Service men; her press and social secretaries and Indian ambassadors to Washington B. K. Nehru.

Lake Monroe Jottings . . .

Mrs. H. L. Johnson
Well I told you there would be better days. Hasn't this week been much different than last week. It sure has. And brother I am not kicking either. . . . So very sorry to hear that Mrs. C. C. Gault fell and broke her hip a short time ago. She is confined to Seminole Memorial Hospital. All her friends go and look in on her. . . . Monroe is saddened by the passing of three old time citizens this week. Mrs. Priester passed away Sunday morning. Our sympathy goes out to her family. Also to the George Wardwell family. . . . I want to express my sympathy also to a wonderful boy and girl, Wendall and Mary Allison. Their father passed away Monday afternoon. They told me that they would live with their aunt on the Allison property. They lost their mother five years ago. I know that they along with younger brother Steve will miss their father but they will find comfort in their Aunt Blanche who will continue to stay with them. . . . Ginna and Mack Hudson, Ella Emmett and daughter Jean have returned to Fredericktown, Mo., but with the intention of returning here just as soon as they can sell their property. It didn't take long to make Florida crackers out of them. . . . Wonder if Bill and Mable Carroll are trying to make crackers out of their son-in-law and daughter who are still here visiting them? I asked their grandson Jimmie if they were still here and he said yes. Get to work Mable because after all New York is a cold country. . . . Jessie Mae Muse and her sister Agnes Burned gave a shower for Ann Woody last week. The evening was spent in gabbing. All in fun of course. Ann received some very nice things. . . . I see Florence Muse still has strawberries. I am glad that the cold weather did not destroy them. And Tommy Swagerly has his field planted in peppers now. . . . Please don't forget the Laundry clinic next week at the Home Demonstration Center in Sanford. Watch the Sanford Herald for the latest on it. The Ladies of the Seminole County HD Clubs have been working hard putting up new curtains in the building and giving it a good cleaning job. . . . I made a proposition with the Seminole High School Band Saturday morning before we left for Daytona for district meeting. If they did not make superior they would have to walk home. I am proud to say they did not have to walk back. At the mass concert that evening in the sta-

dium they were simply grand. They gave me the cutest stuffed tiger, which thrilled me to "pieces" and which I added to my collection of bears. I can truthfully say that Mr. Cowley has an outstanding group of boys and girls. And thank you again boys and girls for the Tiger. . . . Hope you took advantage of the T.B. Unit while it was in Monroe yesterday. . . . Don't forget Craft Night tonight Monroe H.D. members. We will make the tiny pompom poodle. . . . Rena Hawkins' sister Myrtle Pickett of Jacksonville spent the weekend with her. In a phone conversation I had with Rena she said her mother is coming shortly to visit her. It will be her first visit in several years. So I know Rena is looking forward to having her. . . . The Monroe PTO is rehearsing a one act play which it will present shortly. Will tell you more about it later. . . . Don't forget to file your income tax as there isn't much time left. That hint is for my benefit too. . . . Our thoughts for this week were given to me by Ellen Dossey. Thanks very much which you will agree when you read them. LOVE, like paint, can make things beautiful when you spread it—and simply dress up when it is used. . . . A PAT on the Back—it develops character if administered often enough, young enough and low enough.

Favorite Haunt

The barbershop was a favorite place for idle persons in the 18th century. In addition to its attraction as a focal point of news, some musical instrument always was kept for the entertainment of waiting customers.

Firemen Change Meeting Dates In Longwood

Longwood Fire Chief Claude Layo reported today that the Volunteer Firemen decided at their meeting Tuesday night to hold future weekly meetings on Wednesday. . . . The 7 p. m. time and Fire Hall location at the City Hall remains the same. . . . The men, no more than just through with their annual chicken dinner last Saturday with estimated profits of \$500 to \$600, promptly began work for the second annual Fourth of July celebration. . . . An order for fireworks was placed which will provide a much bigger and better display than last year's and "if things go as planned this year's celebration will be a three-day affair," Layo said. . . . Plans made Tuesday night call for the celebration to be staged during the evening hours on Monday and Tuesday nights before the Fourth, climaxing with an all-day schedule on the holiday.

North Orlando Man Tells Story Of CAP Communications Van

By Ginny Skisak
North Orlando residents will be interested to learn that the communication van of the Central Florida Composite Squadron, Civil Air Patrol, now parked at the Henry Ward Jr. home on Edgemoor Ave., has a story unknown to the majority of the public. The power plant of this van, self-sustaining with a 115 volt AC generator, was used during Hurricane Donna by the Kissimmee Hospital to provide emergency power for operating and emergency rooms. During the time the hospital was using the emergency generator a baby was born.

Equipped with four radio receivers from 100 kilocycles to 150 megacycles with an added receiver capable of monitoring military UHF channels when requested, the van is undergoing major modification changes to provide better operating facilities.

The work is being done by Ward, communications officer of the squadron, who says that the van also will provide a better planning center.

It operates with a normal crew of six to 10 persons capable of providing first aid on site. Receivers in the van were used in conjunction with the Navy during an air search two years ago for an ASD Eky warrior.

It is used for practice missions of the Civil Air Patrol and one of these missions last September was termed "highly successful" by CAP officials.

Transmitters in the van operate on frequencies with the CAP base, mobile and aircraft stations.

Village Sets Election Times

By Ginny Skisak
The North Orlando Village Hall will be open Tuesday from 7 a. m. until 7 p. m. for casting ballots in the community's first election for councilmen.

Candidates for the two seats open are Henry Ward Jr. and Robert Stephenson for group 2 and Woodrow W. Anderson, William Wolfe and F. Stewart Helmly for group 4.

The village will try to have a voting machine available to speed up final count of the ballots according to Mayor Frank Fasula.

Mrs. Clarence Memory will serve as registrar with assistance from residents who have volunteered their services.

Girl Scouts To See Doll Exhibit
North Orlando's Girl Scout Troop 233 will take a field trip next Monday to the Central Florida Museum in Winter Park to see a collection of 63 Japanese dolls.

Scout leader, Mrs. Mary Stodden advises that these dolls will be on display until the middle of April at the Museum if other children are interested in seeing the exhibit.

The troop meets each Monday at 3:30 p. m. at the Longwood Baptist Church.

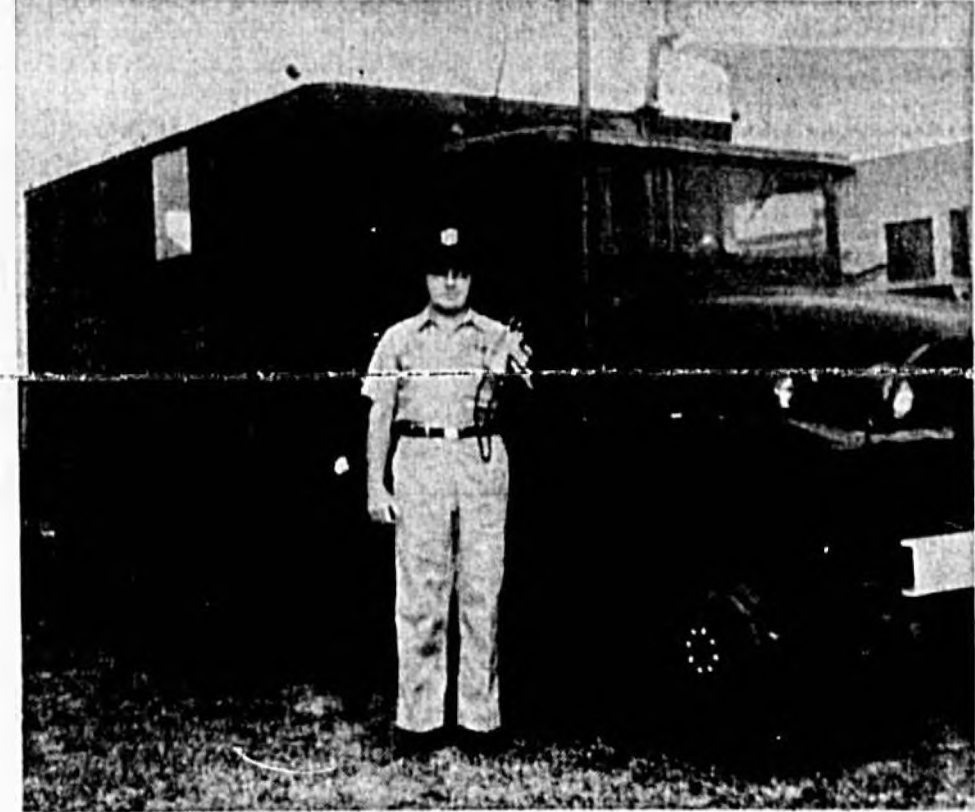

Scouts To Host Round Table In Casselberry
Boy Scout Troop 341 and Cub Scout Pack 540, both of Casselberry, will be hosts to the Wakiva District Round Table next Monday at 7:30 p. m. at the Community Methodist Church.

The Round Table is an interesting training program held once each month for adult scouts who work with scouts or cubs where many new and helpful ideas are presented.

Casselberry Okays CD Radio System For Fire Department

The 1962 budget for operating expenses and equipment purchases of the Casselberry Volunteer Fire Dept. was presented to the City Board at its meeting Monday night.

Total amount requested, covering the two-way radio system to be purchased at an estimated cost to the town of \$1,000 with this amount to be matched by Civil Defense, was set at \$1,145.

HENRY WARD JR., communications officer of the Central Florida CAP Composite Squadron, has this large van parked at his North Orlando home while making major modification changes in the unit. Its power plant was the one used during Hurricane Donna at the Kissimmee Hospital where a baby was delivered while the hospital operated on the emergency generator. (Herald Photo)

RAMON DELGADO

Lyman To Present Original Work Of Drama Instructor

By Jane Casselberry
The cast has been selected for an original musical, "Time Out For Love," which will be presented by the Lyman High School Drama Department, April 18 at 8 p. m. in the school auditorium.

Lennie Hoover will play the leading role of Michael McGregor, a miserly, middle-aged watch maker who is a widower. Playing opposite him in the production will be Laurie Cheatham as Vera Berg, a middle-aged widow, who schemes with Michael's two daughters to get a marriage proposal from him. Pat Moreen and Pat Guilleminaprieto will play the two daughters.

Casselberry Women's Club Plans Show

By Jane Casselberry
The Women's Club of Casselberry will sponsor a fashion and hair styling show at 7:30 p. m. March 21 at the clubhouse on Overbrook Dr.

Door prizes will be awarded and refreshments will be served.

Zoning Board Cites Progress In Casselberry

L. E. Woodhams, chairman of the Casselberry Zoning Board, reported at Monday night's meeting of the Board of Aldermen that proposed new zoning regulations for the town will be ready for presentation at the next city meeting.

Their boyfriends, Roger and Glen, will be portrayed by George Lewis and John Berling.

Others in the cast include Peggy Stevens as Agnes, Vera's eccentric old mother; Chuck Dome as Hector, her old flame; Eileen Kler as Tilda, the hunching maid, and Steve Jacks as the inquiring policeman.

There will be an ingenious two-room set showing both the interior of Michael's clock shop and the dining room of Vera Berg's home. Costumes for the show will be made from sketches of clothes from the early 1900s.

This original musical comedy is the work of Ramon Delgado, Lyman drama instructor, who also will direct the production. He is a graduate of Stetson University and the Dallas Theatre Center.

The musical score and arrangements are being done by George Lewis, Lyman senior, who plans to study musical composition in Boston next year.

There will be a donation of \$1 and the public is invited.

Woodhams also advised that building permits for four new businesses had been issued during the past month.

Oviedo Council, Mayor Go On Lighting Tour

Members of the Oviedo Town Council with Mayor Lee Gary, Monday went on a tour of nearby communities, such as Heffler Homes and Casselberry, with officials of the Florida Power Corp. to inspect lighting facilities with a view to installing new lights in Oviedo.

A proposal will be drawn up by the power company for submission to the Council, probably at the next meeting, giving the specifications and cost of various types of lighting.

Mayor Gary said that the Council plans a gradual program of installation, probably beginning with the downtown section and then expanding the new system into the residential areas.

Casselberry To Rework License Rates

Casselberry Alderman Cliff Overman, appointed by the Board of Aldermen last month to rework the town's rate schedule for city occupational licenses reported at Monday night's meeting of the board that his report would be ready by the next meeting.

He asked that Board Chairman Paul Bates meet with him in the meantime to look over the proposed recommendations and suggest corrections where needed.

Overman also advised that he was not prepared to submit a requested detailed plan for municipal advertising which he volunteered at the February meeting.

A letter submitted by Paul Lewis was read stating objections to the board authorizing any expenditure of funds to advertise the town which he said "would primarily benefit the businessmen who should foot the bill."

The letter also pointed out that such advertising would be aimed at "bringing new growth to the town which would try to adequately meet its present needs before bringing on more problems."

To Meet Today

The Bear Lake Community Club will meet at 8 p. m. today for the March Business session at the Florida Power Employees' Club on Big Bear Lake. On the agenda is the election of a nominating committee.

Harris Home Is Two-Time Award Winner

By Ginny Skisak
This month's North Orlando Garden Club "Garden of the Month" award was presented to Mr. and Mrs. W. G. (Bill) Harris of 180 N. Cortez Ave.

A winner for the second time, this beautifully landscaped garden speaks for itself with wisely chosen winter shrubbery such as ligustrum, potocarpus, poinsettias and fern.

A touch of Spring is evidenced in early blooming roses and climbing honey-suckle vines. Strawberry plants, bearing fruit and flowers along the side and back borders of the Harris' home are another reminder that March brings the beginning of Spring.

Mrs. Harris has offered to give free zinnia seeds next month to anyone making a request. The offer is made in cooperation with the beautification project which will be climaxed with "Beautification Month" observation.

Miss Myrtle Wilson, Seminole County Home Demonstration Agent, has announced that a two-day Laundry Clinic aimed at helping to solve today's home laundry problems will be held on Tuesday and Wednesday of next week at the County Home Demonstration Center, 401 E. 23th St.

In the formation stages for the past two years, the program here will introduce many such clinics to be held throughout the state through cooperation of the State Extension Service, power companies and local appliance dealers.

Working with Miss Wilson to present the educational clinic in Sanford in connection with her department's Home Economics educational program will be Miss Lucy Nowlin, Florida Power and Light Co. home economist; Miss Catherine A. Knarr, Extension home management specialist and Miss Pat Collier, district home economist from Atlanta, Ga.

The program will open each day at 10 a. m. and will cover such subjects as water conditioning, laundry products, washing machines, (both

THE 500 TON PRESS, pictured as it was being unloaded at the recently completed building in Casselberry, is just part of the equipment for the town's newest industry, Certified Slings, manufacturer of metal slings for industrial use. (Herald Photo)

EDITORIAL COMMENT

Ready And Willing

A commendable switch in usual procedures was noted in Casselberry Monday night when it was reported that four men had ASKED for permission to act as a recreation committee to organize supervised playgrounds and activities for the area's youngsters.

Making the request, which will involve personal demands from each man by a far greater extent than at first meets the eye, were A. N. Lego, L. J. Miller, W. S. Dempsey and E. D. Creech.

Miller, spokesman for the group at Casselberry's Board Meeting reported tentative plans which include extending baseball play right on through the summer until school opens, developing public playgrounds with recreation buildings for both east and west sides of the town and organizing a parents group to work towards financing the projects.

Here again is evidence that Seminole County citizens are aware of increased problems posed by population growth and that THEY are ready and willing to tackle them.

McKinney Gets Endorsement Of County Club

Pat McKinney, Seminole County GOP candidate in group 2 for the State Legislature, received the unanimous endorsement of the Seminole County Young Republican Club at this month's meeting of the group.

McKinney, also acting president of the club, pointed out that records checked on Feb. 27 of this year revealed that there were 17,182 registered voters in the county of which 14,000 are registered as Democrats while 2,316 are registered Republicans and 266 are Independents, Prohibitionists or Non-Partisan.

Stating the opinion that political structure in the South is largely responsible for the difference in registration, he cautioned "that a true Republican who registers as Democrat only serves to more firmly entrench the Democratic administration and depreciates the efforts of his own party to further a strong two-party system."

He firmly urged that all staunch Republicans "register, think, talk and vote Republican."

In other business at the meeting it was voted to elect a permanent slate of officers at the April meeting and to appoint committees on registration, membership and finance.

Mrs. McKinney was asked to head a committee to plan and entertain at a Coffee for the women as a means of interesting them in the club and securing their membership.

Details of the social event and of the next club meeting will be announced.

MISS CATHERINE A. KNARR

Free Laundry Clinic Scheduled Next Week

Miss Myrtle Wilson, Seminole County Home Demonstration Agent, has announced that a two-day Laundry Clinic aimed at helping to solve today's home laundry problems will be held on Tuesday and Wednesday of next week at the County Home Demonstration Center, 401 E. 23th St.

In the formation stages for the past two years, the program here will introduce many such clinics to be held throughout the state through cooperation of the State Extension Service, power companies and local appliance dealers.

Working with Miss Wilson to present the educational clinic in Sanford in connection with her department's Home Economics educational program will be Miss Lucy Nowlin, Florida Power and Light Co. home economist; Miss Catherine A. Knarr, Extension home management specialist and Miss Pat Collier, district home economist from Atlanta, Ga.

Public Hearing On Sewage Plant Monday

The Seminole County Board of Adjustment will hold a public hearing Monday at 7:30 p. m. in the Commissioners Room of the Courthouse to consider a request to install and operate a sewage treatment plant at the Hound Lake Estates subdivision near Oviedo.

The request was made by the Oviedo Utilities Co. and the property involved is Lot 12, Block A of the subdivision.

Laundromat Open In Village

The coin operated Laundromat section of the new store in North Orlando has unofficially opened for the convenience of the community.

Equipment includes 14 automatic washers, four dryers and a central table for folding. A playpen for the baby also is part of the furnishings added to the many conveniences of the spacious new laundromat.

The grocery will open in the near future and plans for the grand opening of both businesses will coincide.

Florida Business Executives Meet Tuesday And Wednesday

WINTER PARK—A conference for Florida business executives charged with decision making in management has been scheduled for Tuesday and Wednesday (March 20 and

21) at the Langford Hotel. It will be conducted by the General Extension Division of Florida in cooperation with the Management Center of the College of Business Administration of the University of Florida.

Subjects to be discussed include the administrative reality and the decision-making process; the administrative theory and the decision-making process; electronic computers and their uses in management; group participation in decision making; and gaining acceptance of change.

The guest faculty members are Dr. Joseph Pola, professor of management, Graduate School of Public and International Affairs, University of Pittsburgh; Dr. James D. Thompson, director of the Administrative Science Center and acting chairman of the Department of Sociology, University of Pittsburgh; and Joseph S. Gicknauf, partner-in-charge, Administrative Services Division, Arthur Andersen and Company, Chicago.

Navy Weapons Bureau To Drop 2,349 Workers

WASHINGTON (UPI)—The Navy's Bureau of Naval Weapons announced today it will eliminate 2,349 civilian jobs at 89 shore installations between now and the end of June.

The bureau's civilian employment was increased by approximately 4,500 during the Berlin military buildup last fall. It now is being cut back to planned levels for the fiscal year beginning July 1.

The Navy said 1,600 permanent employees will be affected, and that the balance of the release will be temporary employees. The areas in which 50 or more civilians will be fired were listed as follows: Washington, D. C., 236; Corpus Christi, Texas, 173; Pensacola, Fla., 180; Alameda, Calif., 118; North Island, Calif., 92; Lakehurst, N. J., 60; Jacksonville, Fla., 53; Cherry Point, N. C., 55, and Norfolk, Va., 50.

FHP Bossman H. N. Kirkman has this to say on safety: Keep up your driving defenses, else someone will knock your block off.

DRESSED IN A CRACKER Day outfit, Mrs. I. J. Butler, Jr., is shown standing between two dressmaker's forms which have been in Yowell's store for some 30 years. These can be seen at the store during the Cracker Days festivities.

Adenauer Paying The Price Of Coalition?

By Phil Newsum
UPI Foreign News Editor
When Chancellor Konrad Adenauer failed to win a parliamentary majority in West German elections last fall and was forced to enter into coalition with the Free Democrats, it was predicted that a subtle change in West German foreign policy would

follow. The change, it was predicted, would be the price Adenauer would have to pay for cooperation of the Free Democrats who, with 67 seats in the Bundestag, were the smallest of the three major political parties but held the balance of power.

Recent events have suggested that Adenauer now is being asked to pay that price, particularly as regards his dealings with the Soviet Union.

It was regarded as particularly significant that he did

not slam the door outright on Soviet suggestions (but there should be direct talks between Moscow and Bonn on the German question).

He rejected immediate talks but did leave a vague opening for the future.

Throughout his chancellorship, Adenauer has stood steadfastly for German reunification which automatically would restore Berlin as an all-German capital, and return of the territories beyond the Oder-Neisse occupied by Poland.

Final settlement of these questions would be accomplished at a four-power peace conference to be held by the United States, the Soviet Union, Britain and France as provided by the Potsdam agreement.

Free Democrats under war hero Erich Mende campaigned bitterly against Adenauer.

They implied that they would recognize Polish possession of the "western territories" as an accomplished fact. They also would establish diplomatic relations with Soviet satellites "other than East Germany. Both would mean a total reversal of Adenauer policy.

Buy Certified Air Conditioner

"Tons" and "horsepower" are outmoded as measurements of a room air conditioner's cooling capacity this year. They've been replaced by "British thermal units," a standard scientific term, and most BTU ratings are backed by an industry-wide certification program.

A British thermal unit, or BTU, is the amount of heat needed to raise the temperature of one pound of water one degree Fahrenheit. A 10,000 BTU-per-hour room air conditioner will get rid of that much heat in an hour's time.

Companies that market more than 90 percent of all room air conditioners are participating in the certification program. The cooling capacities of all of their 1962 models are verified by an independent laboratory and certified as accurate by the National Electrical Manufacturers Association.

"A person buying a certified room air conditioner can be confident it will give the cooling performance that's claimed for it," says U. V. Mucio, chairman of NEMA's certification committee. "Certification is the customer's assurance he's getting the cooling capacity he's paying for."

Legion Post To Get Charter

By Jane Casselberry
American Legion Memorial Post 236 of Casselberry will meet Friday at 7:30 p. m. in the Casselberry Country Club.

The state adjutant will present the permanent charter to the post and several additional Legion dignitaries are expected to attend.

Post Commander Leonard Casselberry urges all members to be present for this important occasion in the life of the new post.

Steel Chief Blasts "Squeeze" Talk About Capital

CHICAGO—Leslie B. Worthington, president of United States Steel, today asked, "Why should our nation be losing the free world's competitive race through lack of investment when we are surrounded by proof that the conductive efficiency depends upon investment in capital equipment?"

The Sanford Herald

March 15, 1962—Page 15

ORIGINAL, entertaining and functional are these four imaginative mail boxes which reflect the individuality of their owners in Rockford, Ill., top photos; Buena Vista, Ga., lower left, and Alden, N. Y., lower right. They're eye-openers for passing motorists, too.

Management Conference of the University of Chicago, he further asked, "Why have we come to a position where, as the Secretary of Labor maintained about a year ago, it would require seven billion dollars to overcome our obsolescence in plant and equipment?"

The answer, Worthington pointed out, is that "We have been discouraging the flow of investment capital. Unlike our foreign friends who recognize that a return to investors gives a green light to the flow of investment funds, we have been flashing a red blinker at investors in America by pinching profits. As a percentage of gross national product, for example, corporate profits after taxes have been squeezed down from eight per cent in 1960 to four and a half per cent in 1961."

Referring to a study made by the Federal Reserve Bank of Philadelphia, Worthington noted that had corporate profits, after taxes, kept pace in 1960 with economic growth of other sectors of the economy over the last decade, they would have been eight billion dollars higher than they were. The study concluded that, "The dilemma that confronts us is simply this: In

order to get increases in demand and improvement in efficiency, more new investment is necessary; and to get this new investment, profits, themselves, may first have to improve."

Briefly rounding up the problem, Worthington declared, "Behind our leasing ability to compete, behind our balance of payments and related national problems, are our rising costs of production. Behind our inability to meet low wage competition from other lands through the advanced technology and improved productive efficiency which was once our course of action, lies a dwindling supply of investment capital. And behind this, lies the squeeze on profits."

Discussing how the gains of productive efficiency flow, Worthington noted that "Most economists agree that, broadly speaking, productivity gains can flow through any one of three channels. To capital or investors in the form of profits; to labor in the form of wages; and to the consumer in the form of lower prices. Ideally, and in a healthy market, they would go in all three directions—at

tracting additional investment, increasing real wages and stimulating consumer demand.

"But this has not been the case. We have channeled our gains, for the most part, into the area of labor, through higher wages and benefits and into government, through higher and higher taxes."

"Of more importance," he noted, "and of greater danger to the nation, we have even spent future gains—that is, taken more out than production increases put in—and some of our people have been tricked into believing that this illusion of improvement is genuine. And when I say this, I am not being anti-labor or against improving the lot of America's industrial employee."

Worthington noted that it would be meaningless to try to debate what group has any moral claim to a set share of our national increases in productive efficiency.

Concerted Effort

Saturday's downtown merchants are getting an out in one of the most important periods of their year, and on the first day of the season they find themselves in a most important position.

The theme of old-fashioned Cracker Days seems to have struck a responsive chord with the downtown merchants, and a genuine excitement and enthusiasm are being kindled in the hearts of the people who are flocking to the city to enjoy the celebration.

The idea of Cracker Days could well become a "lockstep" annual event.

They Can't Lose

To the many millions of Americans who can read and write as well as talk, the problem of the illiterate is a real one. It is a problem that is deeply intertwined with the problem of the underprivileged, the problem of the people who are in the lowest stratum of our society.

More than 83 million Americans are illiterate, and over half of them are in the South. The total number of persons in this age group is 100 million.

In World War II, 400,000 illiterate soldiers were rejected altogether. In the same war, 500,000 were rejected for lack of schooling and the illiteracy of those who were not rejected at all cannot read or write.

While the illiterate are still a part of our population, the problem is in fact a national one. It is a problem that is a national disgrace.

Political Notebook

Peter Edson

WASHINGTON (UPI)—"I don't know if it's true or not," according to a source in the White House, "but it is true that many Americans have been writing to the chairman of the House Education Committee, Mr. Pennington, asking him to do something about the illiterate problem."

The chairman, Mr. Pennington, is always very responsive to the needs of the people. He has been very active in the past in the field of education, and he is sure to take prompt action on this matter.

It is a good sign that so many Americans are concerned about the illiterate problem. It is a problem that is a national disgrace, and it is one that must be solved if we are to have a truly democratic society.

OUR BOARING HOUSE

It is a good sign that so many Americans are concerned about the illiterate problem. It is a problem that is a national disgrace, and it is one that must be solved if we are to have a truly democratic society.

The Saturday Herald

Published by THE SHERWIN-WILLIAMS CO., 117 MAGNOLIA AVE., JACKSONVILLE, FLA. 32202. Telephone: 3-1881. Second-class postage paid at Jacksonville, Fla. Postmaster: Please send address changes to THE SHERWIN-WILLIAMS CO., 117 MAGNOLIA AVE., JACKSONVILLE, FLA. 32202.

THAT WAS A SHORT PRELIMINARY BOUT

Smaller House?

WASHINGTON (UPI)—The House of Representatives is expected to pass a bill to reduce the size of the House from 435 to 300 members.

The bill, which is sponsored by Rep. Charles McNary, R-Ind., would reduce the number of members from 435 to 300, a reduction of 31.5 percent.

The bill is expected to pass the House by a wide margin, and it is likely to be signed into law by the President.

Thoughts

It is a good sign that so many Americans are concerned about the illiterate problem. It is a problem that is a national disgrace, and it is one that must be solved if we are to have a truly democratic society.

"Ask him to say something in beatnik!"

First Room Air Conditioner Devised In Florida In 1844

TALIAHAASSEE—Imagine a long hot summer without air conditioning. Try to envision your favorite beverage not cooled by artificial ice. These everyday luxuries which we take for granted are a result of the efforts of a little-known doctor from Apalachicola—Dr. John Gorrie.

TIZZY

By Kate Osann

"Father, would you please give Steve's car a push? He drained his battery honking for me!"

Garden Club Hears Soil Conservationist

Ben Wiggins, soil conservationist for Seminole County, was guest speaker at the last Thursday's meeting of the North Orlando Garden Club held at the home of Mrs. Mary Rowell with Mrs. Shirley Ryan as co-hostess.

Wiggins showed the group several aerial maps of the county and advised that his work was more directly concerned with farms in the area than in individual problems of the homeowner.

He reported on state plans for staff enlargement to assist with work on the water pollution problem and advised that an educational program also is underway on conservation of water.

A major step in the program consists of teaching the individual property owner to recognize indications pointing towards a concealed and earlier established free flowing well which drains underground water streams, the speaker said.

He added that such wells also fill the surrounding soil with minerals which prevent its being used for any planting purposes.

Wiggins told the club that the soil conservation department's programs consist of two presentations and that he would show a film of interest to the women at his next visit.

Announcement was made during the business meeting that J. A. Black received the prize electric skillet offered

through a recent fund raising project of the club and that Mrs. Asma Hage was awarded a zebra plant in appreciation for selling the most tickets for the project.

A nominating committee was appointed with Mrs. Rowell as chairman and announcement was made of County Agent Cecil Tucker's scheduled program at the Village Recreation Center next Thursday at 7 p.m. Plans also were begun for

the annual dinner and installation banquet held in June.

New members accepted were Mrs. Pat Terebo, Mrs. Barbara Wolfe, Mrs. Barbara Peters, Mrs. Mary Watson and Mrs. Hage.

Crockery, Other Things Fly As Ghosts Take Over House

INDIANAPOLIS, Ind. (UPI) — The case of the crashing crockery has become the mystery of the missing money, complicating explanations for the ghostly happenings at the home of Mrs. Renae Beck. Since Sunday night, the German-born widow, who operates a restaurant here, said cups, saucers, lamps, ashtrays, figurines and bottles of milk have been mysteriously hurled against walls and floors. Mrs. Beck, 32, and her mother, Mrs. Lina Gemmecke, 61, said they have received puncture wounds from bat-like bites.

Mrs. Beck said police suggested that an earth fault near the house and vibration of passing vehicles might be responsible.

MEMBER
DOWNTOWN
MERCHANTS
ASSN.

By LARRY VERSHEL
The Jose Greco show for the heart fund was canceled today.

"There's never any cultural activities in this town." That's what I hear all the time. . . . Nobody asked me, but when we finally get a chance to see something on a higher level than say "The Twist" or Fats Domino, nobody seems to care anyway.

The last word I heard only about 10 tickets have been sold thus far.

That was quite an informal County Commission meeting Thursday night. To tell you the truth it was so informal only two commissioners, J. C. Hutchison and Vernon Dunn, showed up.

On a much better note . . . The Jaycees have registered close to 600 new voters.

But I can't stay happy for too long a time around here. . . . The biggest critics of the new franchise directive seem to come from the Lake Mary area. Well, just for the record bacteria tests were conducted not too long ago. You know what they found? That Lake Mary's fine water supply was being endangered by becoming polluted through detergents. There's a large number of septic tanks in that area building up pollution in the area underground. . . . They need sewage treatment probably more than any other area in the county.

That controversial zoning ordinance has been put into book form and is now available in the public works office at City Hall. See Foots Yelvington.

The local merchants division, headed by E. C. Harper Jr., and Charlie Robinson have really done an outstanding job promoting Cracker Day.

Zoning Director Robert Brown says he plans to ask the County Commission for legislation to condemn unsafe buildings in the county. He suggests an education program to point out that the directive offers protection for the people and is also an inducement for private capital to come into the area.

Board of Realtors plan an important meeting Monday at 7:30 p. m. at First Federal. On whether to adopt resolution supporting FHA ruling on speculative building. Got a note from President B. L. Kimball telling me to be there and he'll show me facts and figures for my "Show Me Department." I seriously doubted contention about almost 1,000 vacant homes in the county.

Cracker Day shoppers will be in for an extra treat Saturday. The Moose Club sponsored Magic Show (Fred Tirrell) will perform in front of the old Firestone store on First St. . . . Shows every 30 minutes on the hour. . . . All starting at 10 a. m. . . . All proceeds for improvements at the County Home.

Got a letter from Congressman Syd Herlong saying there definitely will be postal exams. Glad to hear it.

By the way, Sheriff J. L. Hobby said the two men who pulled out the phone on Lake Branley were caught.

There won't be any Republican opposition in any of the County Commission races as was first anticipated. I remember one GOP leader here last year telling me that there would be Republicans running in all 23 committee precincts and District 2 and 4 commission races.

In case you are wondering why I'm so gloomy this morning. One of the nicest guys around City Hall died this morning. W. A. Bailey, employed in the public works division for 34 years passed away. According to Pete Knowles one of the best liked men around.

Clearing Weather Greet Cracker Days

Directive To Be Amended

Increased Protection Indicated

The revised franchise directive will be amended with even more protection for the public, it was decided at a meeting of two County Commissioners and the large man committee which drew up the franchise directive.

An informal meeting between the two groups, County Commission Chairman J. C. Hutchison suggested that the directive further spell out that if the commission determines at a public meeting that the majority of residents in one area don't wish the utility franchise, it would not be granted unless the State Board of Health demands it for reasons of public health.

Hutchison and Vernon Dunn were the only commissioners present at the meeting. Members of the franchise committee which took part in the informal discussion were W. E. Knowles, William Lefter and William Kratzer.

County Zoning Director Robert Brown and Attorney Harold Johnson were also present.

Hutchison said that the commission would set a date for a public hearing on the franchise at Tuesday's County Commission meeting.

With Dunn leading the discussion, pointing out "quirks," the two groups met for two hours in hopes of ironing out some of the kinks in the directive.

Hutchison said already there was criticism to the directive, especially about options to mandatory controls, within a two year period.

Knowles said that "some people would be against the directive 'no matter what was included in it.'"

"You are going to have opposition, no matter what's in it," said Knowles. He suggested an education program to point out that the directive offers protection for the people and is also an inducement for private capital to come into the area.

"Many people think the directive protects the utility companies," said Knowles. "It protects the public and a utility company must prove it can manage and give good service to an area, or the franchise would be void."

Guatemala City Seized By Army

GUATEMALA CITY (UPI)—The army today seized control of Guatemala City to halt pillaging and disorders.

An army communique said the action was taken to safeguard the citizenry "in view of the events of recent days." At least 13 persons have been killed in the past three days in what the government has classified as "Castro-Communist subversion."

The army warned it would act "with the necessary severity" to halt street rioting. It banned public assemblies, cut the speed limit within the city to 20 m.p.h., warned citizens to immediately follow army orders and forbade work stoppages.

The statement said "all measures" would be taken to halt the slaughter and property damage of recent days. It said it was exercising civil authority on orders of President Miguel Ydigoras Fuentes "to re-establish peace and tranquility."

Picnic Budget

WASHINGTON (UPI)—The House Appropriations Committee today approved an \$2 per cent boost in President Kennedy's budget for construction of camping and picnicking facilities in national parks.

Non-Aligned Nations Ask Clarification

GENEVA (UPI)—The non-aligned nations sought today to turn the 17-nation disarmament conference into a series of informal, off-the-record meetings in which they could quiz the United States and Russia searching for their disarmament plans.

The move was initiated by V. K. Krishna Menon, the Indian defense minister who held a rump session of the eight non-aligned members of the conference.

Informed sources said the idea was that the United States and Russia, as permanent co-chairmen, should start setting up the private sessions quickly. It was believed the conference might move into this phase early next week while all the foreign ministers still are in Geneva.

Menon was reported to have told the conference he thought little of the Soviet plan to establish nuclear-free zones in Central Europe, Asia and Africa, because he doubted any zone anywhere would be free in the event of a nuclear catastrophe.

Several nations came to his support. The foreign ministers of Italy, Ethiopia, and the United Arab Republic backed Menon, and British Foreign Secretary Lord Home said Menon had a good point.

Home added that perhaps the heads of delegations should meet without their advisers and that no formal record of the talks should be kept.

Brazil came out strongly in support of the Soviet scheme and also demanded that the United States cancel its plans for nuclear tests.

Brazil and India were the first of the non-aligned nations to speak up at the conference.

Algiers Peace Hopes On Rise

EVIAN, France (UPI)—Hopes for an early end to the Algerian cease-fire negotiations rose today with the settlement of the most difficult military questions.

As usual, French officials and Algerian rebel leaders seeking an end to the 7 1/2-year-old Algerian war refused to comment on their talks, but sources close to the conference said spirits in both camps had taken a dramatic turn upward.

The sources said Thursday's 9-hour negotiating session had produced some "fruitful" bargaining on tough talks. Now in their 10th day, to bog down. The sources said it was "a day of thaw, of genuine progress."

VA Backs FHA Halt In Home Building

MIAMI (UPI)—The Veterans Administration (VA) joined the Federal Housing Administration (FHA) Thursday in a temporary ban on home construction in Florida.

South Florida builders said the action "is no additional surprise."

"We knew it would be on the way after the FHA action," said Bernard Janis, president of the Home Builders Association of South Florida.

The VA announced its action in Jacksonville, but gave few details. It was assumed the VA ban would have the same provisions as the FHA action announced earlier this week.

The FHA directive halts government financing commitments on new homes unless there are qualified buyers for the homes. The ban does not apply to homes already under construction or completed with government financing commitments.

The FHA said in announcing its ban that the Florida home market was "soft" and at the same time there was an oversupply of FHA commitments.

Builders estimated the directive would result in a 40 per cent cutback in home construction in South Florida.

"We still think that when FHA sends a competent market analyst here later in the month, as they have promised to do, he will find the situation isn't as bad as they think and the order will be eased," Janis said.

Hopes Fade For Plane

GUAM (UPI)—A mammoth search operation of planes and ships failed to find by darkness today any trace of a chartered airliner lost in the Pacific with 107 persons, including 93 Americans and three Vietnamese soldiers bound for embattled Viet Nam.

None of the more than 20 planes and half dozen ships scouring a vast expanse of sea reported hearing any signal or sighting wreckage of the missing flying Tiger Line Super-Constellation as darkness fell.

A full 24 hours had passed since the plane took off from Guam for Manila over the deepest waters in the world. The lack of word provided little hope for the 96 passengers and 11 crew members, four of them stewardesses.

The flight originated from Travis Air Force Base near San Francisco.

18 More Days

Time's getting shorter for those who want to register and vote in the county primaries. Only 18 more days remain and they can slip by before you know it, so go on down to the C. of C. Building and sign up. The Registration Office is open every week day from 9 to 5 and on Saturdays from 9 to noon. Hurry!

Sidewalk Sales Attract Crowds

Encouraging rays of sunshine peeked through the threatening clouds over downtown Sanford today and brought out crowds of shoppers eager to take advantage of old-fashioned Cracker Days bargains being offered by merchants.

A stranger in town told a Herald reporter, "I don't know what's going on here, but it looks like fun!"

Early in the day customers began to roll into town, and an air of excitement and eagerness prevailed as stores were transformed by the appearances of clerks and salespeople, the ladies charmingly clad in old-fashioned long print dresses, with aprons and sunbonnets, and the men in overalls, and plaid or striped shirts, fancy vests, breeches, boots, bowler hats and other imaginative paraphernalia reminiscent of 50 years ago.

Displays of merchandise were rolled out on the sidewalks in imitation of the old days and inside the stores more bargains were offered, along with free popcorn, candy, balloons and other favors. Music playing in many stores and in at least one, a touch of the Irish was observed in the costumes of the clerks.

Tonight a street dance will be held at the corner of First and Magnolia, beginning at 8 p. m. when the Starlight Promenaders will entertain, and the participation of shoppers and anyone who wants to dance, whether they know how or not.

Saturday, from 10 a. m. to 6 p. m. magician Fred Tirrell will display his magic tricks, under the sponsorship of the Moose Lodge for the benefit of the County Home.

Customers are invited to come to town in their cracker clothes, blue jeans, overalls, straw hats and any other fancy dress to join in the spirit of Old-Fashioned Cracker Days.

Alexander Opposed By GOP Group

Republican Committeeman Don Willson of Casselberry stated today that State GOP Chief G. Harold Alexander is getting opposition from a group of insurgents who hope to elect candidates to the State Executive Committee.

"Prominent in this group are George Peterson, Republican candidate for governor who was defeated in the last election by Farris Bryant, and Representative Charles Holley of St. Petersburg who are enlisting aid from younger men, all rather new to politics," Willson said.

Willson qualified Thursday for the offices of Republican State and County Committeeman and said today that if he is elected he will continue to support Alexander "because of his outstanding accomplishments for the party during the past 10 years."

"During his tenure in office, Alexander has directed the party in Florida to substantial majorities in three Presidential elections and to its present increasingly strong position in state and county politics," Willson said.

He pointed out that currently, Florida Republicans are running for 10 U. S. Representative Posts and 36 State Legislative Posts.

Mrs. Herman Joyce of Casselberry has qualified for GOP State Committeewoman.

North Orlando To Vote Tuesday

North Orlando residents go to the polls Tuesday to cast their votes for the first two elected councilmen of the Village.

The Village Hall will be open from 7 a. m. until 7 p. m. for voting. The two councilmen elected will take seat 2 and seat 4 on the Village Council in April.

Final count of those registering after the books closed Thursday was 205 out of an estimated 600 eligible voters in the community.

Reds Say U. S. Sabotage Talks

GENEVA (UPI)—The Soviet Union today with saboteurs the nuclear test ban talks here to clear the way for resumption of American atmospheric tests in the Pacific next month.

Chief Soviet nuclear negotiator Semyon Tsarapkin told a news conference that Secretary of State Dean Rusk was not taking a "serious" approach to the problem.

Southeast Gets 484,800 Homes

ATLANTA (UPI)—Housing construction in the Southeast took a solid upswing last year and outpaced all other regions in the country, the U. S. Department of Commerce said today.

In an annual report, the department said about 484,800 new homes were started in the Southeast last year — 10 per cent more than in 1960.

The total far out-distanced those from other regions. In the West, about 321,000 units were started, 287,300 in the North-Central states, and 262,500 in the Northeast.

The report indicated that 90 per cent of the new homes going up in the South were off the farms and that 93 per cent were private housing accommodations.

The department said construction of new homes in the South started with a low of 28,300 in January and increased during the year, reaching a high of 44,100 in October.

'Road To East Closed,' Nikita

MOSCOW (UPI)—Soviet Premier Nikita Khrushchev said today that "the road to the East is closed . . . forever" to the Western powers through Berlin.

Khrushchev, speaking at an election rally, declared the German problem must be settled and a German peace treaty must be concluded.

Last August, he said in an obvious reference to the erection of the Communists' Berlin wall, East Germany had "exercised its sovereign rights to safeguard its frontiers."
