

# Lenore Romney Seemed Like A Logical Choice For Senate Seat

By ROBERT BERG  
 LANSING, Mich. (UPI)—Lenore Romney seemed a great idea at the time she was chosen to run for the Michigan Democratic Senate seat in the 1970 election. But she was not a logical choice for the job, as she was not a logical choice for the job, as she was not a logical choice for the job.

And there was Lenore Romney in her own right. A successful businesswoman, she gave up a movie career for marriage, she had proved herself a valuable person in her own right. She was not a logical choice for the job, as she was not a logical choice for the job.

# Synthetic Turf Does The Job

By LEROY POPE  
 LPI Business Writer  
 NEW YORK (UPI)—Synthetic turf is not a new invention. It has been around for years, but it is now being used in a new way.

The city of Lawrenceville, Ga., installed the first artificial turf on the median strip of a boulevard which Mayor Stan Nichols says used to be "a wasteland that made the mayor said it not only looks like grass but it has stopped people from tossing so much litter on the median."

City administrator Gale Freisbach said the \$138,000 investment also saved money on mowing, seeding and fertilizing. The city vacuums the fake turf but Monsanto Co. of St. Louis, which made it, says the turf itself doesn't have to be cleaned the structure used in stadiums.

The Lawrenceville officials said the turf medium also had attracted much attention to Lawrenceville. Monsanto said the new turf, which is made of polyethylene, costs only about a third as much as natural grass. It is made of polyethylene, costs only about a third as much as natural grass.

Although Monsanto is not prepared to put a time guarantee on the new turf, the company said it is aiming at an average life of at least 10 years. It adds it does not think it's too difficult to repair.

Korean Puffers  
 SEATTLE (UPI)—South Koreans smoked 21,000,000,000 cigarettes during the first half of 1970, bringing \$1,470,110,000 (to) was (\$104.9 million) in revenue for the government, the Ministry of Finance said.

# City Judge Accused Of 'Pressure'

By KATHY NIBLACK  
 SANFORD, Fla. (UPI)—Last night, during the course of a week session held by the Casselberry City Council, Councilman Edith Duerr accused Municipal Judge Tom Freeman Jr. of trying to "pressure the council" into initiating the jury trial system so that "our judge will be the first municipal judge to hold jury trials."

The accusations came during discussion of the portion of the new proposed city budget which deals with Municipal Court. Since no provisions were made in the new budget for the cost of a jury system, Judge Freeman recommended that such provisions be made since a new state law requires that municipalities provide jury trials (when demanded) for those individuals who commit municipal offenses which also are state offenses.

Judge Freeman further addressed the Council, saying, "If you are going to control traffic in this city, you're going to have to take care of these offenses. If you're going to provide justice and protection for your citizens, you're going to have to do what the State Legislature demands. You are going to have to provide the city with a judicial system unless you do not have a choice in this matter."

# Fired Teacher Sues Over Hair

By BILL SCOTT  
 A member of the Seminole County School Board has filed suit against the Orange County School Board, after the latter discharged him from a teaching position for failure to get his hair cut and remove his beard.

A. P. (Pat) Buie Jr. was employed as a teacher in Orange County's migrant labor adult education courses at Drew High School but was dismissed June 26 because he would not alter his appearance as ordered by the school officials.

Represented by Orlando Attorney Tom Ross, Buie is seeking reinstatement and wants the court to order Orange County to pay all wages due him from the date he was fired.

In the complaint as filed in Circuit Court, Buie stated he was not given an administrative hearing or told why he was fired.

Contacted by The Herald, Buie declined to comment, explaining his case is to be adjudicated, he was under attorney's instruction not to discuss the case.

Only statement the Seminole County board member and Longwood resident would make concerning the court action was "it's just a plain old hair case."

 SOUTHSIDE Elementary School observed Constitution week and a program was given by the third grade classes. Consisting of a patriotic theme, the students sang the National Anthem, "It's a Grand Old Flag" while recitations were given on the Meaning of the Flag, The Flag Salute, The United States Constitution, Preamble to the Constitution and What the Constitution Means. Taking part in the program were: top row, from left, Dana Batson, Roby Sawyers, Worth Yates and Dean Berrien. Second row, Debbie Batson, Jill Hightshoe, and Gina Madden. Front row, Andrea Butler and Bill Scott Jr. (Bill Scott Photo)

# At County Meeting Politicking Much In Evidence

By MARION BETHEA  
 "If this controversial primary day, think what it will be in the general election!" These were the words of Commissioner Sydney Vilson Jr. at this morning's meeting of the County Commissioners, when politicking was much in evidence.

The first item of controversy arose when Road Sup't. J. C. Lavender requested permission to advertise for equipment for the next fiscal year. Since there are only two days left in this budget year, Commissioner Chairman John Alexander said that this would "illegally over-expend the budget" and that the board could not authorize the advertisement in this budget year.

He continued that Deputy Clerk Abby Jones could not close out the budget year with outstanding bills and that the matter amounted to approving next year's expenditures in this budget year.

And then there's that other group . . . "too busy" (like watching the bookshelves, I suppose) or other extreme which tries to rationalize by saying, "None are any good so, 'I'm not going to vote.'"

Speaking of the democratic process, a great big salute for a job well done to those who made the decision at F.S.U. to expel those who try to take the authority into their own hands.

When they try to circumvent the laws of the land, then they certainly have no reason to expect protection from these same laws.

You give but little when you give of your possessions. It is when you give of yourself that you truly give.

Drummond questioned whether the board could anticipate a repetition during the year and that although this first of the low bidder for concrete work, if county personnel were tied up

# Probation Given Palatka Woman

Crying quietly, Joan Elizabeth Gallagher, just turned 26, was sentenced to three years of probation by Circuit Judge Tom Waddell this morning.

Mrs. Gallagher, of Palatka, was found guilty on July 10 of obtaining a central nervous stimulant by use of a false name. Since that time she has been held in the Seminole County jail pending a presentence investigation.

She was arrested April 29, 1969, and released on a \$500 bond. She was arrested by Sanford police while she in possession of a plastic container of pills — central nervous stimulants, which she had purchased from Faust's Drug Store with a fraudulent prescription. She had obtained that prescription from a Sanford doctor under the name of Patricia Stevens. The doctor, whose suspicions were aroused, tipped off the police department according to testimony.

The haggard young woman had undergone a change in appearance since her trial two months ago, her long blond hair well groomed, and makeup well applied. Today, wearing well worn sandals, her face free of makeup, her crooked hair unkempt, she carried a package of cigarettes as she stood next to her attorney, Assistant Public Defender Ned Julian Jr., and went as the judge questioned and advised her before he passed sentence upon her.

Another warrant, issued on April 25, 1969, accused Mrs. Gallagher of possession of marijuana. However, she was not convicted on that charge.

Allen G. Darling, Sanford, recently released from state prison at Raiford, received the maximum probationary of 12 years for violation of probation.

On April 29, 1965, Darling pleaded guilty at arraignment for forgery. Adjudication was withheld and Darling was given five years probation. Then, on July 7, 1966, he violated that probation and pleaded guilty to petty larceny. He was punished by 30 or 30 days in jail. On July 20, 1966, Darling pleaded guilty to public intoxication and was punished with 10 days in jail.

On Feb. 2, 1967, Darling was again found guilty of a violation of probation, again for forgery, and later that year two years were added to his probationary period.

Darling was arrested in Maitland on Dec. 12, 1967. That resulted in his imprisonment.

He attended the Kingdom Hall of Jehovah Witnesses, Gramkow Funeral Home in charge of arrangements.

# 3-Year-Old Drowns In Ravenna

Gerald Lyle Knaz, three-year-old son of Mr. and Mrs. Robert E. Knaz, 204 Sassafras Drive, drowned Monday afternoon while playing with another small boy at Ravenna Park.

The child was pulled from a small lake by Wally Devo, 20 Sassafras Drive, who saw the boy floating on the water.

Devo then went to the home of other neighbors and called for an ambulance, while Gerald was being given artificial respiration by Connie Brown, 119 Sassafras Drive.

According to the sheriff's report as filed by Detective George Abney, the boy apparently fell into the lake at the rear of the Brown home, where he and another child had been playing.

A gate leading to a pier was torn down and it was thought that the child may have fallen at that point.

After the youth failed to revive, the body was brought to Seminole Memorial Hospital where a doctor pronounced him dead.

He was born in Clinton, Mo., and came to Sanford four months ago from Michigan with his parents.

## R. Davis Offers Expert Instructions For Guitar

By CHARNER LEONE

The melodic sound of music—usually guitar music—casts a pleasant atmosphere around the corner on Highway 17-92 and Triplet Drive in Casselberry (half a mile north of the Seminole Plaza). The source of the musical strain is, appropriately enough, the Sound of Music!

For a year the Sound of Music shop has provided area residents with top notch musical instruction and all types of musical supplies.

Ray Davis ("I'm just 'Ray' to my friends") opens his "musical" shop from 10-8 p.m., Monday through Saturday, and brings some of the finest guitar instruction to the county that you'll find anywhere.

Ray is 35, and already strumming at a guitar, when he enrolled with the renowned Chicago Conservatory of Music. He studied for five years there with famous Jack Lunkin.

During World War II he entered the service and was selected to play the bass drum with the battalion band and guitar with the battalion orchestra which played dance music. He was also honored to play in the Dick Jergens Band while he was overseas.

Upon his return home Ray enrolled for advanced study in the Ray Knapp School of Music under the guidance of Joe Dipietro. He later became the staff guitarist with a major Chicago Radio Station. During this period he made recordings with such famous artists as Eddie Howard, Frankie Masters and Tiny Hill.

The club circuits and special dates with his combo, "The Sophisticates," have occupied Ray's time for the past decade. Since moving to Florida Ray has taken up teaching, and he says, "I love it!"

This unusually illustrious background has prepared Ray very well for the work he so enjoys—teaching others.

"I give instructions in classical, jazz and other musical styles and on all types of guitars," said Ray. He will give private or group instruction.

He carries all of the major brands of guitars, including Yamaha, sheet music, and method books for all instruments, as well as other musical needs.

Other instruments, 111 drums, and even a clarinet, are also in stock.

Give Ray a call, 831-6960, stop in and see his spectacular array of guitars and listen to him play a bit. You will be able to come away unimpressed from the Sound of Music. Ray Davis style!

## New Store Adds Red Rose Feed

At Seminole Hardware

There's a Red Rose in the Longwood Plaza in fact a whole bouquet can be found at the Seminole Hardware Store in the conveniently located plaza.

Charlie Glascock has recently moved to larger quarters just a few doors down from his old store. "I feel I can serve my friends in the community better in my new store," said Charlie. And also with the needs of the community in mind Charlie has just added the Red Rose dealership to his line.

Red Rose is a byword for quality in the feed business. For 128 years Red Rose has manufactured all kinds of feeds, from poultry, cattle and horses to special feeds for dogs, rabbits, and even fish! And many more types of animals.

"Every Dog has his day with Red Rose Feeds," reads the attractive glossy magazine advertisement. The people who read the ad, complete with an appealing picture of a puppy, have a right to know what it is that makes the purchase of Red Rose feed superior to that of any other type of feed.

"They've been in business for 128 years. It's the type of company that feels that a new challenge is born into every generation of livestock. Their feed is computer-measured in milligrams. It is quality and profit tested—101 237 animal feeds that they produce!"

Red Rose Feed is an unusual type of feed, and Charlie has reasons to be proud of the new addition to his already complete line.

Top service to his customers is what caused Charlie to stock such items as the Ken Co "Rid-a-bug," the concentrated insecticide that will enable you to terminate your home yourself, at a great savings.

Quality is stressed at the Seminole Plaza. Careful scrutiny of the western wear—boots, dress white shirts, and pants—that have just come in will assure you of that.

Black and Decker electrical tools, Stanley hand tools, Philips and Minute Man Faucets, and a full line of Rust Oleum show the carrier that Seminole Hardware carries only quality merchandise—merchandise that you can trust to do the job well.

A complete line of cafe rods has just been added to the stock at Seminole Hardware, as have parts for aluminum awning and jalousie windows. Charlie has just about everything you'll need in the hardware line, and at prices that are competitive with any other hardware store in the area. "And often times my prices are lower," says Charlie.

Little wonder the Seminole Hardware store has increased its business... and little doubt that the increase will continue. Charlie Glascock is a nice guy to do business with!

★ ★ ★  
BETTY Campbell clips Teddy, her standard-bred poodle with the knowledge and expertise of many years of experience. The Poodle Pad, located in the 27th Street shopping center near the Pinecrest School, is now accepting appointments for the Christmas season.

★ ★ ★

Don and Betty Campbell have seen to it that your pet will have the loving, expert care all poodles should have.

"Did you know that there are 154 different clips for poodles?" Betty's Learning the intricacies of the different styles from an expert teacher and years of practice to perform for my friends and relatives for years," said Betty. "And that's not counting the many hours she spends on her own immaculately groomed poodle."

"There are three basic types of poodles," explained the expert. "Toy, under 10 inches, miniature, between 10 and 15 inches, and standard, over 15 inches."

Depending upon the size, the poodle, they take about seven hours to groom.

"The padded walls of the comfortable waiting room, a small sign on the door to the shop area, no admittance of non-dogs, and a distracted staff explained Betty. A glimpse of an owner will cause the poodle to leap down.

Betty's work is tedious at times, but she says there is no doubt that she enjoys her work and loves the animals she grooms.

"We're looking now for Christmas," said Betty. So you can look his finest friend, meeting with Kris Kringle on your holiday company.

Betty is a native of Sanford ("I was born here"), her own name was Crow. She and Don have two children, 7-year-old John Charles and 5-year-old Luis Elizabeth.

Campbell's Poodle Pad opens 9-5 p.m. Monday through Saturday, by appointment.

And let a beautiful poodle emerge from that lovable fluff that's been in need of good clipping for so long!

## Campbell's Poodle Pad: You'll Find Latest Phydeaux (Fido) Fashions!

By CHARNER LEONE

Is your poodle sporting an Afro, but you know that really isn't the most flattering style for your poodle? Or have his French-style pom poms long since turned to plain ole shaggy dog?

It's time to treat your pet to a session at the Poodle Pad. It's the place where the same members of the poodle set are assaying to have their coiffures trimmed in the latest Phydeaux (Fido) fashions!

Campbell's Poodle Pad, open just two weeks ago, is located conveniently at 137 West 27th Street in Sanford, next to the Wes-Kay Washeteria.

## Tight Money Produces Shabbiness

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) — The evidence may be seen in many American cities throughout the nation: overcrowded schools, potholed roads, poor water supplies and otherwise inadequate municipal facilities.

Moreover, a good many financial analysts speculate that the situation may become chronic and suggest that new methods of borrowing must be devised for nonfederal governments, perhaps even involving subsidies of some sort.

This is the situation that has produced a somewhat shabby appearance in more than a few cities, and towns today.

Inflation during the late 1960s grew so dangerously fast, the federal government was forced into action. Stringent monetary policies were put into practice in order to stifle demand that was overstraining the economy.

This meant upward pressure on borrowing costs, and that meant that cities and towns were forced to pay steadily increasing yields in order to induce buyers to purchase their bonds.

As the prices rose, stockholders and bondholders were being hurt, also. The profits of underwriters were being shaved thin, and some of them began looking for ways to sell bonds when money rates were higher elsewhere.

One of the main attractions of municipal bonds, the tax-exempt feature, also came under attack, and the House Ways and Means Committee announced it would re-examine the traditional policy. Buyers were frightened.

Investors in tax-exempt municipal bonds now must balance the rewards of tax-exemption against the possibility that sometime during the life of purchases the tax policy might indeed be changed.

MISS MARSHA ELLEN SMITH  
**Smith-Bultman**

## Engagement Told

Mr. and Mrs. William Marshall Smith, Jr. of Rockledge are announcing the engagement and forthcoming marriage of their daughter, Miss Marsha Ellen Smith, to James Deloy Bultman, son of Mr. and Mrs. Sharon Lewis Bultman of Osgood, Ind.

Born in Tampa, the bride-elect is the granddaughter of Mrs. Jack L. Wilkerson Sr. of Sanford. She attended schools in Cocoa and Rockledge and was graduated from Cocoa High School in 1968. In June, 1970, Miss Smith was graduated from Florida State University with a B.S. Degree in Elementary Education. While at FSU, she was a member of Alpha Phi, Gamma Kappa Phi fraternity, and member of Alpha Chi Omega Sorority.

Mr. Bultman, grandson of Mrs. William B. Deloy of Osgood, was born at Batesville, Ind., and is a 1967 graduate of Jackson High School, Osgood. He is presently a senior at FSU where he will graduate in June, 1971, with a B.S. Degree in Finance. At the university he is also a member of Phi Kappa Phi fraternity.

The wedding will be an event of Saturday, Nov. 28, at 6 p.m., at Rockledge Presbyterian Church.

Marshall, a graduate of the University of Florida, is a member of the Phi Kappa Phi fraternity.

The bride is the daughter of Mr. and Mrs. Andrew J. Wolf and the bridegroom's parents are Mr. and Mrs. Gerald R. Smith, all of Sanford.

Following the ceremony, a reception was held in the church social hall. Georgia Evans kept the bride's book. Mrs. K. Evans, Donna Manfre and Candy Stanley assisted in the serving.

Following a wedding trip to Daytona Beach, the couple is residing in Winter Park.

## Rainbow Girls Install Officers

INSTALLATION of officers for the Order of Rainbow for Girls took place Sunday at the Sanford Masonic Temple. Among the new officers to serve during the ensuing term are, from left, Sherrie Greene, Hope; Carla Parker, Worthy Associate Advisor; Margie Anderson, Worthy Advisor; Donna Metz, Charity; and Kathy Stewart, Faith.

**Wonderful World Of Women**

There is intrigue for the bath in an orange peel bath oil and a banana body lotion made from banana oil that is very softening for the skin. In addition, there are scented soaps—cinnamon, sage, lilac, bayberry and strawberry.

Marshmallow, avocado, papaya, apricot, strawberries and mint are among the ingredients in cosmetics on the shelves of a new kind of beauty shop, Nature's Beauty Spa.

There are few, if any, chemicals in the products, points out pretty blonde, Kathy May, 29, who is a cosmetician.

The pink, orange, yellow and amber concealers in jars and bottles, do not resemble the best and chemists gloop that grandma shipped up for a bit of color but she hoped would fool grandpa, but they look yummy enough to eat.

At the shop, one may have a honey and almond pack or a makeup with an Indian elm foundation (Canadian elm trees and a wheat germ oil lipstick, while she slips a glass of papaya juice.

Or one may prefer a dryskin treatment with avocado cream and a papaya dew moisturizer. For dry spots around the mouth, Kathy recommends cucumber cream. Older women may be advised to use fruit essence night creams.

A strawberry and yogurt cleanser is made with real strawberries and has a lot of other great properties in it, Kathy explains.

For teenagers with acne, she has been recommending herbal masks and these, she is convinced, "draw impurities out of pores and help to dry skin bloom. After, if used faithfully." In any event, the masks have become popular with young people.

Lemon milk cleanser and a cucumber astringent are ideal for oily skin types, she points out, and a mint julep mask has a delicious scent.

Lemon milk cleanser and a cucumber astringent are ideal for oily skin types, she points out, and a mint julep mask has a delicious scent.

## Home Hints

**SCRUB THOROUGHLY**  
Baby bottles and dummies should be washed promptly after formula. Bottles are empty because getting them to stick to harbor bacteria. Keep a simple brush in a jar of soda to scrub each nipple on all surfaces.

**In the swim, 86 lbs. later**

"It's a wonder my husband ever looked at me," says Christine Strickly, whose cooking soon has her in the water. She lost the battle with her waistline. By 1964 Christine was 24, she weighed 230 lbs. She decided to try the Reducing Diet Candy. Taken as directed, April helped her cut 100, 150, 200, 250, 300, 350, 400, 450, 500, 550, 600, 650, 700, 750, 800, 850, 900, 950, 1000, 1050, 1100, 1150, 1200, 1250, 1300, 1350, 1400, 1450, 1500, 1550, 1600, 1650, 1700, 1750, 1800, 1850, 1900, 1950, 2000, 2050, 2100, 2150, 2200, 2250, 2300, 2350, 2400, 2450, 2500, 2550, 2600, 2650, 2700, 2750, 2800, 2850, 2900, 2950, 3000, 3050, 3100, 3150, 3200, 3250, 3300, 3350, 3400, 3450, 3500, 3550, 3600, 3650, 3700, 3750, 3800, 3850, 3900, 3950, 4000, 4050, 4100, 4150, 4200, 4250, 4300, 4350, 4400, 4450, 4500, 4550, 4600, 4650, 4700, 4750, 4800, 4850, 4900, 4950, 5000, 5050, 5100, 5150, 5200, 5250, 5300, 5350, 5400, 5450, 5500, 5550, 5600, 5650, 5700, 5750, 5800, 5850, 5900, 5950, 6000, 6050, 6100, 6150, 6200, 6250, 6300, 6350, 6400, 6450, 6500, 6550, 6600, 6650, 6700, 6750, 6800, 6850, 6900, 6950, 7000, 7050, 7100, 7150, 7200, 7250, 7300, 7350, 7400, 7450, 7500, 7550, 7600, 7650, 7700, 7750, 7800, 7850, 7900, 7950, 8000, 8050, 8100, 8150, 8200, 8250, 8300, 8350, 8400, 8450, 8500, 8550, 8600, 8650, 8700, 8750, 8800, 8850, 8900, 8950, 9000, 9050, 9100, 9150, 9200, 9250, 9300, 9350, 9400, 9450, 9500, 9550, 9600, 9650, 9700, 9750, 9800, 9850, 9900, 9950, 10000.

## Stork Presides At Party

The beautiful new Summer Avenue home of Mrs. Jerry Fabela was the setting for a baby shower in honor of Mrs. Donna Sapp, nee Linda De Mattio. Co-hosting the festivities was Mrs. Danny Horn.

Appropriate games were played with the winning prizes going to Sue Coyneva, Fonda Nobles and Arlene Dudley. The prizes, all baby items, were given to the radiant mother-to-be.

Refreshments were served in the formal dining room. The table, overlaid with a Quaker lace cloth, was centered with a blue and white centerpiece. Serving the food was Darlene Horn with Sue Coyneva serving the punch. Assorted pinwheel sandwiches, chips and dips, nuts and mints and coffee was also served.

The honoree opened her gifts in the family room where Mr. Stork presided over a playpen filled with gifts.

Joining in the happy occasion were Mrs. Marie Millon and Mrs. Louella Nobles, (paternal grandmother and great grandmother to be) Mrs. Evelyn De Mattio, maternal grandmother to be, and other guests the Misses Arlene Dudley, Fonda Nobles, Audrey Corso, Sue Coyneva, Louise Nobles, Mary Collins, Lois Falgout, Pam Knowles, Marion La Tour, Olive George, Caroline Pierre, Angie De Giovanni, Mary Rose and the Misses Donna Howland, JoAnn Wynn and Mary DeMattio.

It surely does my old heart good to see just how many friends one encounters among the persons who are "rustling" for one. What I would like to know is just how many of them will know us after eleven? How, just a thought and it would be more than grand if they would remember their signs after the shooting and campaign is over!

Boy on boy, if all the plans which the Geneva 4-H leaders have in store for our youngsters materialize, our "younguns" will certainly be well versed and "on the ball!"

## Live Wire

GENEVA

By LIZ MATHIEUX

Here we go lopt-loo — with that profound statement you have no doubt guessed that yours truly is up to something and I am — just wanted to remind you that with the opening of school, clubs resuming their fall schedule and the many social and scholastic activities which shall surely be commencing that if you have trouble you please call the "japper" and leave word for me to call you.

Joe and I went to the opening night of Mutual Concert and really received a "shot-in-the-arm" so to speak from all of the groovy music which filled our more than excited ears — great those kids were good.

After the concert, we were that delighted to renew acquaintances with Mr. and Mrs. Bob Gleason, whom I have not seen for too long. Mr. Gleason and I are old Navy Exchange buddies of bygone days and it was truly grand to see them again even just for a moment.

It surely does my old heart good to see just how many friends one encounters among the persons who are "rustling" for one. What I would like to know is just how many of them will know us after eleven? How, just a thought and it would be more than grand if they would remember their signs after the shooting and campaign is over!

## Cosmetics Return To Nature

By VIVIAN BROWN

AP Newsfeatures Writer

WILTON Conn. (AP) — For some earth watchers and others, it may be back-to-nature in cosmetics.

Marshall, a graduate of the University of Florida, is a member of the Phi Kappa Phi fraternity.

The bride is the daughter of Mr. and Mrs. Andrew J. Wolf and the bridegroom's parents are Mr. and Mrs. Gerald R. Smith, all of Sanford.

Following the ceremony, a reception was held in the church social hall. Georgia Evans kept the bride's book. Mrs. K. Evans, Donna Manfre and Candy Stanley assisted in the serving.

Following a wedding trip to Daytona Beach, the couple is residing in Winter Park.

## Luau Opens Season For Phi Delta Zeta

The lure of the Islands was captured Sept. 20, at Lake Mary Fire Hall when members of Phi Delta Zeta Chapter of Phi Delta Zeta Chapter of Beta Sigma Phi entertained at a gala Hawaiian luau.

Hula dancers, Island palm and a grass hut further added authenticity to the Hawaiian decor.

Sorority members and their husbands arrived on the scene dressed in colorful island fashion and enjoyed culinary specialties including sweet and sour meat balls, ham, yams, baked potatoes, salads and desserts.

Attending the first social of the season were Don and Barbara Gorman, Tommy and Serita Tindall, Mike and Zeldia Drennen, George and Connie Dowdy, Kit and Patti Jarrell, Lou Jantle and Marilyn Benson.

Lemon milk cleanser and a cucumber astringent are ideal for oily skin types, she points out, and a mint julep mask has a delicious scent.

# KNEE DEEP in OUTDOORS

The speck season is on us and some of the best speck fishing in Seminole County are preparing to get their equipment in ready for the season.

George Hoffman of Sanford will be starting his speck season next week when he launches his boat in Lake Monroe. Last year George caught well over 2,000 speckled perch while he was fishing in Lake Monroe in Missouri.

There have been some nice speck catches in Lake Monroe across at the power plant about a half mile from the plant itself. The specks have been biting live Missouri minnow while fishing deep with a cane pole.

Robert Williamson of Sanford caught himself a nice size catch of specks from the Osteen Bridge, using live Missouri minnows.

The specks are biting real good in the Woodruff Creek area and the old river on Missouri minnows. There have been some real nice speck catches in the Lake Bechal area. This is due to the speckled fishermen.

The specks are biting real good in the Lake Jessup end at the mouth of Soldiers Creek while fishing shallow with Missouri minnows.

There have been some real nice speck catches in the mouth of the Wekiva River, about half mile into the Wekiva from the St. Johns. These have been hitting top water plugs, and some underwaters, Repalas, Devil's Toothpick, and Spot Gay Blade.

If a friend tells you that night life and bright lights have improved his fishing success, you'd better believe him. Increased numbers of anglers are heading the fishing slump during hot summer months by fishing at night. And many of them are learning that bright lights can be used to advantage to catch some species of fish, such as crappie, sand bass, bluegill and pike.

The idea isn't new. Primitive fishermen have long used torches to attract fish to their nets or spears, and sports anglers along the Gulf coast use night lights to get a supply of bait fish for the next day.

Knowing that many anglers might like to rig their boat or dock with lights, the fishing department at Mercury outdoors checked into the matter and offers the following suggestions.

Night lights are generally of two types: floaters and sinkers. Floaters rest on the surface of the water and the light beam extends down some 30 to 40 feet, depending upon water clarity. Automobile sealed beam lamps are ideal for this. Obtain a lamp and socket from a salvage yard, and wire directly to the battery. Floaters are good only when the water surface is calm.

Sinkers are conventionally mud lamps, with a sealed circuit that prevents shorting. They are also wired directly to the battery. A hot lamp might shatter when immersed in cool water.

Floating lights will attract some insects, but rarely likely they'll draw small fish which then become an attraction for bigger fish. The group of Mercury also recommends that you don't fish where the light is, use minnows and work the area beyond the light's reach. This is where the big fish will be waiting.

## City Championships Friday PP&K Preliminary Winners Selected

Finalists in the Ford Motor sponsored Ford, Pass and Kick contest were held over the weekend in three locations. The top two in each age group in each location advance to the city championships this Friday night at 8 p.m.

## Chiefs Humiliate Colts; Fans Leave Before End

The time was ripe for a good showing by Baltimore. After posting the best record in the NFL during the past 12 years, 11-2-4, the Colts were one of three old guard teams shifted to the American Conference under the realignment.

Quarterback Len Dawson of the Chiefs picked apart the Colts defense for nine completions in 12 attempts for 182 yards and four touchdowns. Frank Pitts caught three passes for 62 yards and two TD's.

## Herald Football Ratings

Each week, the Florida Sportswriters release a prep football poll. Though this is fair in its ratings, it is unfair in the class. A school is given three ratings along with AA schools.

Beginning tomorrow, and every Wednesday during the football season, The Sanford Herald will release its Class A football ratings.

## Timberwolves in Town For Cross Country Meet

Florida Junior College will show the five in the Raiders' show last week, but SJCA should prove hard to handle in today's dual meet against Lake City Junior College.

Bob Schen, a graduate of Evans High, looked strong in last week's meet, but without the valuable help of veteran runner, Tim Deuring and number one man, Rex, the team's efforts fall short.

These two runners are back and should prove a vital asset in the Raider attack. Lake City is similar to the Raiders in team strength and a tight finish is expected.

The race kicks off the line at 2:30 p.m. with seven men from each team competing. The best five scores combined with the winner receiving one point, second place, two points; third place, three points; and on down the line.

FTU Soccer Team Set For Opener  
If enough students show an interest and some ability, FTU may be able to field another winning soccer club this year.

## Winners Selected

In the 12-year-old competition, Bryan Stenstrom was first in some one with 211 points. James Little was second. On one two, Joe Baker took first with 212 points while his second was Jeff Gilbertson.

## Too Late To Help Garrett's Hit Beats Cubs

In the American League, Clendon gave the Mets a life Monday night when he pitched the 22nd homer, a two-run shot in the ninth.

## College Football Poll

Ohio State opened its season with a 56-13 whipping of Texas A&M and received 25 of the 42 first-place votes cast by a panel of sports writers and broadcasters and a total of 727 points.

## WILD LIFE NEWS

Friday, October 2, marks the end of the regular archery season statewide. There will be only one area open to archers after Friday and that will be the Ocala Management Area (in the Central District area).

In talking to several Wildlife Officers who patrol the Ocala Area, I believe that this will be the best year ever for hunters in the Ocala National Forest. The deer herd there had a good fall drop this summer and due to added law enforcement activity this summer, the illegal deer kills have hit an all time low. Hunters should pick up a good herd of deer to become better informed of the areas that have been closed to hunting in Ocala this year.

This Saturday will be opening day in the first phase of the 1970 dove season. Legal shooting hours are from 12 noon to sunset. The daily bag limit is 15 birds. There will be only one public field dove field open to shotgunners this year and that is the T. G. Lee field in Orange County. The Leffer and Zieher fields in Seminole County will not be open to dove hunting. All that is needed to take dove is a valid hunting license and those who want to take dove in the T. G. Lee field are required to pay a \$2.00 fee for a daily permit.

In hunting the lightning fast dove, it might be well to remember that this bird must drink before it flies to roost. A good way to get in a lot of roosts is to find out where the birds fly into roost, then expand your search of the area to find where they are getting their drink. A good bird, a favorite chaser, and plenty of ducks and you're all set for an afternoon of fun shooting enjoyment.

Just a little extra tip. Check for the official time of sunset for the day that you hunt so you can stop your shooting by your watch at the proper time. Good Hunting!!!!

Amateur Fights Are Slated At Sanford Armory Tonight  
An all-star card will be featured tonight at 8 p.m. at the Sanford Armory under the patronage of B. G. Kondracki.

## 'Bad Guys' Are Losers At Last Night's Matches

By CLAY HARTSOE  
"Bad guys" never win! Or so Dusty Rhodes and Dick Murdoch (The Outlaws) Meuler, has already left town and will probably not be returning any time soon.

Stanford remained in third place by rallying in the third place to defeat Oregon 33-10. Not only did Stanford rally from sixth to fourth in the wake of a 48-0 rout of Purdue and Southern Cal rose from seventh to fifth after rebounding 1-0 by the same score.

Nebraska blanked Army 28-0 and moved up from eighth to sixth while Mississippi was down from fifth to seventh after edging Kentucky 20-17. Roundout Michigan, a 17-3 winner over Washington, and Air Force.

The second Ten consisted of Arkansas, Auburn, UCLA, West Virginia, Georgia Tech, Penn State, Alabama, Arizona State, North Carolina and Missouri. Auburn, Arizona State and North Carolina are newcomers to the Top Twenty, replacing Houston, Florida, Oklahoma and Tennessee, all of which lost.

## PRO BASKETBALL CHARTS

1-NBA Atlantic Division (Eastern Conference)  
By MARTY RALBOVSKY

TEAM	FRONTCOURT	CENTER	BACKCOURT	ANALYSIS
NEW YORK KNICKS Predicted Finish: 1st	Sold, with Bill Bradley, Dave DeBussche, who contribute more than just their 16 points a game but also their rebounding and defense.	Willie Reed was MVP of 1969-70. He is a great rebounder and defender.	Walt Frazier best defensive player in league. Points total offensive production.	Red Holman made it a tough expansion draft without losing much. Knicks might see him on easier time winning it all this season.
BOSTON CELTICS Predicted Finish: 2nd	Need help from Willie Anderson, who is a great rebounder. Steve Kahan is a great rebounder.	Howie Reed, Rick Roberson, Red Auerbach, who is a great rebounder and defender.	John Havlicek still outstanding. Points total offensive production.	If the Celtics had a center who could rebound with a fraction of Russell's consistency, they'd be a lot more imposing. Can't win without him.
PHILADELPHIA 76'ers Predicted Finish: 3rd	Bill Cousineau, who is a great rebounder and defender.	Luke Jackson, who is a great rebounder and defender.	Artis Gilmore, who is a great rebounder and defender.	Such was not the case last night.
BUFFALO BRAVES Predicted Finish: 4th	Bobbin John Hammer, who is a great rebounder and defender.	Tommy Green, who is a great rebounder and defender.	Strongest part of club. Mike Davis, Dick Garmy, who is a great rebounder and defender.	Dolph Schayes did well in expansion draft, but lost of Scott's rebounding ability on club. He looks at all up.

Dear Abby

By Abigail Van Buren

DEAR ABBY: My wife's brother started painting as a hobby a couple of years ago. I'll admit I don't claim to know anything about art, but I know what I like, and his stuff looks like an explosion in a paint factory. The 2 1/2 foot by 1 1/2 foot finished with a touch of my wife which he's doing as a Christmas present. He's working from a snapshot. My wife and I have seen it and we can't help but say "wow" every time we see it. We don't want to hurt his feelings. When it is finished, do we have to hang it up in the living room? Or should I take it right to the attic where it belongs? NAMELESS DEAR NAMELESS: It's not surprising for a respectable length of time that "sure" is in the attic with the Christmas decorations, and if your brother-in-law is a real artist, tell him you just couldn't bear to hang his last in the living room. DEAR DIT: Nobody believes me, but when I went to see "Midnight Cowboy" I honestly thought it was a Western. It was the Academy Award that I thought it was worth seeing. Well, after a while, I realized it wasn't the kind of movie I thought it was, so I went to the box office and asked for my money back. The girl selling tickets said she was sorry but I had seen nearly the whole movie and she couldn't give me my money back. How about that? GYPPIED DEAR GYPPIED: I don't know how many minutes make a legal movie, but four and a half hours make a legal ball game. Next time, use to see the manager. DEAR ABBY: This is written with a prayer that it will save just one marriage. It's a long story, but I'll make it short. Many years ago, after 16 years of marriage, I became attracted to a married man. He was a wonderful listener and I was lonely. My husband was a good man, but he was gone a lot. This other man and I started an innocent flirtation. He asked if he could call me a "sister" when we were out together on the telephone, morning, noon and night when we knew the other's spouse was gone. This soon led to secret meetings. Within two years, we had become so deeply involved, we decided we couldn't live without each other. So we broke up two fine families and were married. My children hated me for what I had done, and my children hated him, so you can imagine what kind of marriage we had. DEAR DIT: Nobody believes me, but when I went to see "Midnight Cowboy" I honestly thought it was a Western. It was the Academy Award that I thought it was worth seeing. Well, after a while, I realized it wasn't the kind of movie I thought it was, so I went to the box office and asked for my money back.

Horoscope Forecast

WEDNESDAY, SEPT. 26, 1970 GENERAL TENDENCIES: A fine day and evening to make long-range plans where others of importance to you are concerned. Business men to reconvene your joint efforts in a more satisfactory manner. Fun also for social events. ARIES (Mar. 21 to Apr. 19) Make new arrangements with associates that will cement better relations and bring greater happiness. Show true spirit of cooperation. Study more for greater success in the future. TAURUS (Apr. 20 to May 20) Sit down early with co-workers and talk over how to make your job more profitable and the smoother-running. Save yourself much energy by planning ahead. Look for improving appearance. GEMINI (May 21 to June 21) You can delight others today by being charming and helpful things for them. Apply more effort to that creative talent and you get better results. Don't be intrusive, though. MOON CHILDREN (June 22 to July 21) Conditions all here can be improved to suit you now. Buy gadgets that increase efficiency. Avoid small-minded persons who irritate you. LEO (July 22 to Aug. 23) Praise associates more, and you will go along willingly with their ideas. Do necessary buying or selling and write letters. Avoid repetition. VIRGO (Aug. 24 to Sept. 22) Use common sense methods in work and you will make a good impression on your boss. Take measure to improve value of property and show pride of ownership. LIBRA (Sept. 23 to Oct. 23) Decide what you really want from people, especially in your personal life. Go out socially and you will make headway. Your being so receptive, self-effacing and generous will earn you great friends. SCORPIO (Oct. 24 to Nov. 21) Start preparing for the new arrangements you want to make. Closet yourself where you can concentrate. Giving advice to some one you are fond of who asks for it is wise. Save that person from some real trouble. SAGITTARIUS (Nov. 22 to Dec. 21) Exhibit as much time as you can to be with good friends making possible some wonderful benefits in the days ahead. You can make headway if you want and can pursue it successfully. Talking too much is not good. CAPRICORN (Dec. 22 to Jan. 19) You are able to make big headway in the business world now, so get busy early. Keep all appointments and be on time. Having an air of confidence is important. Planning that little trip is best in plan. AQUARIUS (Jan. 20 to Feb. 18) If you think about buying things you will find yourself making more effort to attain them. An interest or two can add verve to your life. Stay on the practical side, though. PISCES (Feb. 19 to Mar. 20) Don't forget to buy some thoughtful gift for your mother or her own two feet. A fine career can be had if encouragement is given to study and prepare for it. Observe the life might be a wasted one. "The Stars Impel, they do not compel." What you make of your life is largely up to YOU! "Carroll Righter's Individual Forecast for your sign for October is now ready. For your copy send your birthdate and \$1 to Carroll Righter Forecast, c/o The Sanford Herald, Box 620, Hollywood, Calif. 90028.

TEENS AID CHULUOTA FIREMEN

By LIZA BAKER

The Auxiliary of the Chuluota Fire Department held its meeting recently at the Chuluota Community Club House with 27 at the meeting through the untiring efforts of Mrs. Marilyn Hall and Mrs. Louise Gills, who volunteered to make the meeting a success. A secretary and treasurer were elected and the two ladies to take office were Mrs. Ruth Boswell, secretary and Mrs. Louise Weaver, treasurer. Two teenagers were present at the meeting with Mrs. Adam volunteering to form a group of girls to sponsor a car wash at the local service station. Our teenage boys held a car wash Saturday and netted the Fire Department a grand total of \$13. Elmer Rice, owner of the station, furnished the water and space for the boys. The Auxiliary meetings will be held the third Monday of each month. A bake sale is planned for Oct. 10 in front of the local shopping center with Mrs. Ruth Boswell and Mrs. Florence Boulden in charge, beginning at 8 a.m. and ending at 12 noon. Starting Jan. 1, 1971, there will be annual dues per member. The firemen's convention will be held at the third Church of each month and every one is urged to attend all these meetings.

Day Care Center Registers

By ANN RILEY Beginning Oct. 5, Lyman Child Day Care Center will hold registration for preschoolers. Parents of four and five year olds may register by filling out a form at the Lyman High School office between 7:30 a.m. and 8:30 p.m. The Day Care Center will be held from 10:15 a.m. until 2:15 p.m., Monday through Fridays. Parents will provide the transportation for the preschoolers and may be responsible for a group of parents in one area to form a car pool. The only cost for this program is for the hot lunch prepared at the school. The Child Day Care Center is under the direction of Mrs. Eleanor Pustan and Mrs. Zula Mett. The program is designed to provide opportunities for senior girls to acquire skills and competencies in order to gain employment as aides in day care centers. To acquire knowledge of the principles of human growth and development, and its application to child care services; to relate learnings in the child care center to future motherhood. Those who would like their four or five year old in this program are urged to register. In early as children will be accepted first come, first served basis.

Jacoby On Bridge

By Abigail Van Buren

Back in 1952 young Oswald Jacoby married the tennis champion of Texas, Mary Zita Jacoby had never played bridge but wanted to learn and in order to teach his wife quickly he invented the point count no-trump. This picture book showed 4-3-3-2 or 4-3-3-2 distribution and 16-18 points in high cards. It became the Standard American no-trump and still is. It is also the JACOBY MODERN no-trump. The only difference between 1952 Jacoby and 1970 Jacoby is in what time you give. There are numerous versions of Stayman. The JACOBY MODERN version is one of the simplest. The basic idea of Stayman is that the two-bid response to an opening no-trump is an artificial forcing bid and it means that partner holds two diamonds if he doesn't have two hearts. If he does have a major he rebids two in it. If he has four cards in each major suit he rebids two of the one he likes better. North has 17 balanced points. There is no need to use Stayman. He knows the next bid is the key number for a small slam and 17 the key number for a grand slam. He just bids 4-1 no-trump. South may fool around and try to make seven by putting the ace of hearts to sleep. Maybe he will. Maybe he won't, but in any case six is home.

Jacoby and Son

Worry Clinic

By Dr. Crane

Try to visualize how much of the ocean's surface would then be sealed off from the evaporation of water, if all the contents and snow would soon be crying for moisture. Little or no rainfall would ever be deposited on the continent and snow would soon be absent from our white capped mountains. Cities now dependent on moisture from the sea would soon be crying for moisture. Without rainfall to seep into the ground, even our wells would begin to run dry. And the black oil fields that blew upon the icy beaches of the Arctic and Antarctic lands would soon be crying for moisture. The oceans would then rise until our coastal plains and cities like Boston, Miami, New York, New Orleans and Los Angeles would soon be buried under at least 100 feet of water. As much as the Biblical flood is reported to have devastated cities at the time of Noah. So Larry could show that our tampering with the offshore oil deposits might produce the chaos that exceeds even that attributed to Pandora's famous box. For when whole continents became Sahara deserts, our climate would change and hurricanes would be nationwide. World population would soon drop back to less than the 300,000,000 people estimated to be living at the time of Christ. So send for my booklet "How to Write Solvable Cross" enclosing a long stamped, return envelope, plus 20 cents, and thus add dramatic excitement to your life. Write your growth reports. (Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Polly's Pointers

By Polly Cramer

DEAR POLLY - Mrs. F. H. told us how she accidentally ironed the wrong side of a patch in the little boy's jeans and got the "goop" on the bottom of her iron. The stunt for removing that goop stuff from the iron is to sprinkle some salt on the board and run the hot iron over it several times. Makes it slick as a whetstone again. - ANNE DEAR POLLY - In answer to Mrs. F. H. who wanted to clean the bottom of her iron, I suggest using fine steel wool pads. Every time I burn something on the hot iron, I clean it with a fine steel-wool pad. - LINDA DEAR POLLY - When a

Bees Valuable

By Abigail Van Buren

DECATUR, Ill. (AP) - Bees are both a blessing and a danger to man says Carl E. Killian, who has been superintendent of the division of apiculture for 33 years in Illinois. "It is on the plants without the honey bee," he said. However, he warned, "More Americans are killed by members of the bee family than by snakes and spiders combined." Killian estimated that the honey bee adds at least \$10 million in agriculture in Illinois in 1969. He said they pollinate more than 30 kinds of food and farm crops.
