The snow was fast dripping from its portable coating place, but it was there, none-the-less, and it formed a subject of conversation over the week-end.

ROBINSON SEES ROOSEVELT GOLD POLICIES UPHELD

WASHINGTON, Jan. 2.—(AP)—The entire legislative outlook for the session of Congress starting Wednesday was discussed at a long conference of senate Democrats yesterday and culminated in a prediction by Senator Robinson, of Arkansas, the majority leader, that President Roosevelt's monetary policies would be upheld.

Full Support Of 73rd Congress Predicted By Veteran Senator

WASHINGTON, Jan. 2.—(AP)—The entire legislative outlook for the session of Congress starting Wednesday was discussed at a long conference of senate Democrats yesterday and culminated in a prediction by Senator Robinson, of Arkansas, the majority leader, that President Roosevelt's monetary policies would be upheld.

The prediction was based on the support of the 73rd Congress.

Senator Robinson expressed confidence in the President's policies.

The conference also discussed the outlook for the session.

13,423 BANKS MORGENTHAU MADE SAFER NEW HEAD OF FOR CUSTOMER U. S. TREASURY

77 Percent Of Nation's Depositors Secure Protection Of New Federal Insurance

WASHINGTON, Jan. 2.—(AP)—President Roosevelt was informed last night that 97 percent of the nation's bank depositors would be insured under the new deposit insurance which became effective today.

Walter J. Cummings, chairman of the federal deposit insurance corporation, reported to Roosevelt that deposits in 13,423 banks are insured.

He said that only 141 banks had been found ineligible and predicted that a number of them might be insured by making certain corrections.

Thus, for the first time in American history depositors of sums up to \$2500 were insured against loss.

After July 1 this insurance will be increased to \$10,000.

"I congratulate you," wrote President Roosevelt in response to the report of Cummings, and E. G. Bennett and J. F. T. O'Connor, "because you have in these few months accomplished with complete success a gigantic task which the pessimists said could not possibly be done before Jan. 1."

"That 97 percent of the bank depositors of the nation are insured will give renewed faith."

"I am also happy to know of the fine co-operation given you by the reconstruction finance corporation."

All national banks and members of the federal reserve system are automatically insured under the new federal law.

To become members of the federal insurance guarantee, state banks were required to meet rigid conditions by the federal government.

The reconstruction finance corporation opened its vaults to sound institutions requiring additional backing.

By the purchase of this capital stock in many institutions, the government has perhaps the greatest interest in and control over the banking structure of the nation in recent history.

Lehmann Asks Singers To Join Song Festival

As secretary of the Chamber of Commerce, Karl Lehmann this morning urged local vocalists to avail themselves of an opportunity to receive free tutoring in choral work under the direction of H. Augustus Smith, who will be in this city tonight, at the Woman's Club building.

President Will Go Before Congress

WASHINGTON, Jan. 2.—(AP)—President Roosevelt notified congressional leaders today that he planned to deliver his first annual message to Congress tomorrow in person.

CLIMATE SAVED ME, MRS. BULLOCK TELLS PIONEERS

86-Year-Old Sanford
Woman Gives Rules
Governing Her Life

"Live in Florida, watch your diet, and be careful, and you'll live as long and as happily as I have," said Mrs. E. D. Bullock, 86-year-old Sanford woman as she concluded a short talk that was easily the highlight of many features which made a gay success of the ninth annual Pioneer Reception, staged in the Lake Mary Chamber of Commerce building last night.

Introduced to an audience which numbered more than 300 persons and included 76 pioneer residents of the city and county, Mrs. Bullock charmingly expressed her pleasure at being present, and thanked Frank Evans, Lake Mary pioneer who acted as master of ceremonies, for his remark, "Mrs. Bullock is a wonderful woman with the sweetest face I've ever seen on a woman of her age."

Mrs. Bullock briefly sketched the story of her life in Florida during the past 40 years and unhesitatingly declared that "this lovely climate has saved my life."

She stated that before she came to Florida to live she had been in poor health and subject to sickness with every change in the weather.

"I owe my life to this wonderful climate," she stated, "and to you old people present may I say that if it is possible, you should arrange to live in Florida for the remainder of your days. In my own quiet way, I am passing away slowly but happily. The health that is as near perfect as my age will permit. You would be surprised at the work I am able to do with my needle as I live near the 100 mark, and my advice is that if you wish to live to a ripe and happy old age, you should live in Florida, watch your diet, and be careful."

The gathering of pioneers and their relatives and friends was the largest of any event ever held at Lake Mary. A new record for the attendance of pioneers was recorded when 77 persons registered as being over 60 years of age. The previous high registration was 64 persons last year.

Mr. Evans offered as speakers during the evening, Judge H. W. Watt, Fred E. Wilson, G. W. Spencer, Jno. D. Jenkins, Karl Lehmann, E. E. Brady, and T. L. Dumas, of Sanford. Each speaker professed solicited interest in the welfare of each pioneer and wished each a happy and healthful new year.

Introduced during the evening were George A. Jones, 83-year-old Lake Mary man; R. D. White, another Lake Mary pioneer; John Lee, 84-year-old veteran of the Indian wars, who entertained the audience with an unaccompanied song; Mrs. Powell, 84-year-old resident and spokesman for persons residing at the County Home, who received applause for her reading "Never Growing Old"; Mr. and Mrs. Jimmie Edmondson, who were married in Lake Mary last week; Miss Nona Wyly, who spoke on "When I Was a Girl"; John Melich who, with the late C. W. Entzinger was credited as having done more for Seminole County than any other two men; (Continued on Page Two)

City Commission To Be Re-Organized Tonight

Re-organization of the Sanford City Commission, with the election of a mayor to serve for the new year, will come at a special meeting in the City Hall tonight at 7:30 o'clock.

Commissioners S. G. Shinkholer and T. L. Dumas, elected without opposition on Dec. 5 to serve on the commission for the next three years, will be installed in office with brief commensals. Following this installation, the Commission will continue their duties for the year, and after the election a new board of commissioners will be elected.

GROCERY CODE IS GIVEN OKEY BY ROOSEVELT

Pact Governing Vast Retail Food Trade Will Be Placed Into Effect On Saturday

WASHINGTON, Jan. 2.—(AP)—President Roosevelt has approved a code to govern the vast retail food and grocery trade, composed of 400,000 stores in every city and town, and then complicit: the NRA's organization of the country's entire retail trade.

It was the 182d code of fair competition to be approved by the President, and the first of those originally consigned to the farm administration and then returned to NRA when the agricultural unit disagreed.

With its signature by the President, NRA closed down until after New Year's, leaving nearly 50 other codes at the White House ready for the chief's signature when he can give time to study them. Two hundred and fifty more were being perfected after hearings, and 40 additional hearings were docketed for the first part of next month.

The grocery code will take effect Jan. 8. In its final form almost all vestiges of agricultural administration influence were stripped from it, down to cancellation by presidential order of a provision requiring that "no food and grocery retailer shall knowingly sell a commodity adulterated or misbranded in violation of the federal food and drug act."

Johnson urged this cancellation saying he thought it "questionable" to provide additional punishment through the code for offenses under penal laws. Suspend also for 30 days, pending an early hearing, was a provision for inclusion in the calculation of delivered cost of goods of sums spent by merchants for transportation to the place of sale.

This apparently had been intended to put in some guaranty of delivery charges to the farmer, but evidence on its usefulness was not deemed sufficient to warrant its approval without further study.

The code generally paralleled the one covering general retail trade and its twin, ruling drug stores. "Loss leaders," the articles offered below cost to bring in customers, are prohibited. Nothing except perishable, damaged or similarly cheapened goods may be sold at less than their delivered cost, or replacement cost if that is lower, plus an allowance for store labor. The amount of the latter, as in the other retail codes, remains to be fixed and probably will be established by Jan. 15, to go into effect Feb. 1.

Previously approved labor provisions were continued in the new code, including a maximum 48-hour week and a ten-hour day, with one day off in seven; minimum wages ranging from \$10 to \$16 a week, on the basis of population. Each store must stay open (Continued on Page Two)

Canning Operations To Begin On Next Monday

The Eckerson Fruit Canning Co., plant at Thirteenth Street and Laurel Avenue will begin 1934 operations next Monday, it was announced today.

Scores of old employees of the plant gathered there this morning to submit to the usual pre-employment interviews and to be given instructions which they are expected to carry out during their season's term of service.

It was stated that there is no further need of men employed at this time, and that men wishing work at the plant should not call there. All available jobs for men are taken.

Interviews will be held on Thursday from 2:00 o'clock to 4:00 o'clock between C. H. Eckerson, owner of the plant, and women or girls who are seeking employment.

California Suffered Tremendous Losses As Result Of Flood

31 Drowned, 27 Missing After Week-End Of Record-Shattering Torrential Rain

LOS ANGELES, Jan. 2.—(AP)—The horror of one other catastrophe, the third in nine months, flooded southern California with misery, distress, and enormous damage today.

Sunday the greatest amount of rainfall in all history here's loosed flood waters which had drowned at least 31 persons.

In October, 20 men were snatched by a brush fire. Last March an earthquake traversed the southern portion claiming 102 lives.

Between eight and 15 inches of rain suddenly pouring down through a trap door had sprung in laden skies which threatened bad weather had created men of leaves, only to the appalling damage of the earthquake.

Beside the known dead, listed 27 persons as missing. Thirty five had suffered injury and hundreds were trapped for longer hours inflamed by flames of debris buried in surrounding mountainside the populated areas.

Hardly an acre of the mountain area escaped without a scar. Fear and grief written on their faces, people scurried from homes and hospitals to the streets.

Store owners fled from a rush of holiday business that bettered records of three years. Surveyed store stocks contained only a few dollars' worth of goods.

Mr. Williams had a part in the construction of the sea-wall at St. Petersburg, and later in the yacht basin and other lakefront improvements during the time he served as city manager.

He has again turned to his earlier occupation, engineering, for during the past several weeks he has been work director for CWA projects in this county. Under him are all foremen and workers that are assigned to various projects completed or under way in the county.

Smith To Be Installed As Altamonte Mayor

The government of Altamonte Springs, pioneer resort center of this county, comes under new officials after a re-organization meeting which is scheduled to be held in the Community House in that town tonight.

B. O. Smith will succeed R. F. Haines as mayor of the town, and a new town council of seven members will be installed also. The council members are: H. E. Fuller, W. D. Holdsworth, E. T. Haines, L. D. Haines, Mrs. E. A. Lyman, B. D. McIntosh, and J. C. Roosa. W. B. Ballard is the town's new assessor-treasurer, and he will be installed in office tonight.

Steps which the Federal government is taking toward the relief of the farmers and growers of this nation were explained to approximately 80 members and friends of the Seminole County Agricultural Club when they met at the Court House Friday night to hear an address by Earl Taylor, of the Department of Agriculture at Tallahassee.

Following the meeting, members of the club nominated 1934 officers who will be voted upon at a meeting to be held in the Court House next Friday night. P. J. Dornier, president of the club, said today that every farmer who is interested in the welfare of all growers should plan to attend the meeting.

Nation Greets 1934 High, Hopeful Spirit

"Happy days are here again. That was the keynote of the nation's New Year celebration. It witnessed 1934 born of a new promise of better things come."

From all parts of the country came joyous acclaim of another year which for the first time in 14 years made its entrance to the accompaniment of legal liquor, countless glasses in more than a score of states.

And—through the greeting to the New Year—a note of hopefulness that would reflect a continuation of the improvement toward prosperity noted in the waning days of '33. From the nation's industrial leaders came expressions of confidence that the new year would see a return of prosperity.

State CWA Okeys Additional Projects

TALLAHASSEE, Jan. 2.—Turning into the new year with 100,000 men on its payroll, the CWA today announced the approval of more than 2,300,000 of additional "preferred projects."

Fourteen counties are represented in today's approval which brought to more than 7,600,000 the total of preferred projects approved since Dec. 27.

New Year Dance Given By Legion Auxiliary

One of the largest dances of the winter season was the annual New Year's dance given Saturday evening at the Mayfair Hotel by the members of the American Legion Auxiliary with about 200 persons in attendance. Proceeds of the affair will be used for charity work.

The large ballroom at the hotel was decorated for the occasion with quantities of American flags placed against a background of pineboughs and other greenery.

Dancing was enjoyed from 10:00 o'clock to 2:00 o'clock to music furnished by Rene's Orchestra. At midnight claquers, serpentine, confetti, and favors were distributed by Mrs. J. H. Hintermister and Mrs. W. D. Hofmann. At the same time quantities of balloons were released from the balcony by Mr. Hofmann.

Among those seen dancing were: Mr. and Mrs. W. D. Hofmann, Mr. and Mrs. J. H. Hintermister, Mr. and Mrs. Joseph A. Meisch and guests, Mr. and Mrs. A. M. It adds something to the Taste and makes them Milder

SOMETHING like the method of ageing fine wines is used in ageing and mellowing the tobacco for Chesterfield cigarettes.

The picture you see here was taken inside one of our modern storage warehouses where the tobacco for Chesterfield are put away.

There are about four and one-half miles of these Liggett & Myers warehouses filled with thousands of casks of Domestic and Turkish tobacco, most of it lying there ageing and mellowing for Chesterfield cigarettes.

It takes just about three years to age the tobacco for your Chesterfields.

Everything that money can buy and that science knows about that can make a cigarette that's milder, a cigarette that tastes better, is used in making Chesterfields.

Columbia Lions Score 7 To 0 Victory Over Stanford After Slippery Rose Bowl Contest

ROSE BOWL, PASADENA, CALIF., Jan. 2.—A quick-thinking, ball-following band of Columbia Lions yesterday captured the most amazing football game in the 19 years of Rose Bowl competition to defeat Stanford's Indians, 7 to 0.

A crowd of approximately 40,000 looked on in astonishment.

SPORT BRIEFS

KNOXVILLE, Tenn., Jan. 2.—Punting, passing and charging hard through a mighty opposing line, Ralph Kercheval, Kentucky's great halfback, led a group of northern teammates to a 7 to 0 victory over a southern galaxy of stars in a charity game yesterday before 12,000 cheering fans.

The teams were composed of seniors and former gridiron luminaries from the 18 schools of the Southeastern conference.

MIAMI, Jan. 2.—Launching a sensational aerial attack in the last two periods after half the strong Duquesne university football team from Pittsburgh yesterday swamped the University of Miami Hurricanes 33 to 7 in a New Year's day inter-sectional gridiron classic before 6000 spectators.

The game, played under a brilliant tropical sun, was a complete walk-away for the Pittsburgh eleven in the final stages, with the Duquesne scoring a touchdown in the third period and four more in quick succession in the fourth.

Miami, hitherto undefeated this season, put over its single touchdown in the final quarter via the aerial route, after the Duquesne had stolen the show with their fast-clicking passing machine.

JACKSONVILLE, Jan. 2.—Uncorking a scoring punch early in the first period, Petersburg high school trimmed a combined local high school team 6 to 0, here yesterday for charity before 6,000 spectators.

Petersburg, after a shaky start opened with a thrust from midfield that netted good gains in quick succession. With the ball on Jacksonville's 10-yard line, Petersburg tossed a lateral that resulted in a goal. Prichard's try for the extra point from placement failed.

SAN FRANCISCO, Jan. 2.—Led by crashing George Sauer, backfield star of the University of Nebraska, west conquered east 12-0 yesterday in the football classic played here annually for charity.

Thirty thousand fans, who braved intermittent rains, saw the blond, haired Sauer turn in an brilliant performance as has ever been witnessed in the nine games that have been played, to date.

DALLAS, Tex., Jan. 2.—Centenary and the University of Arkansas played a 7 to 7 tie game yesterday in the annual Dixie classic. Both teams scored in the second period. An estimated crowd of 8000 saw the game, proceeds of which went to the Shrine's crippled children's hospital fund.

COCOA, Jan. 2.—Cocoa and Columbia conceded no chance to win the game and the best the experts could concede the visitors was that they might make it close. Out-weighted 17 pounds and said to be lacking in reserves, the lads from Morning-side Heights were held at 21-8 to 1 in the little wagering before the game. Odds of 6 to 6 could be had that Stanford would win by 15 points.

The only trouble from the standpoint of the Western representative was that the visitors did not know they had no chance. As for the reserves, Couch Lou Little did not need them, playing the grueling game on wet grounds and partly in the rain with 15 men.

Stanford won all the arguments but the game. In yards gained winners but three.

Stanford won all the arguments but the game. In yards gained winners but three.

Columbia was expected to cut the heavier Indians down to its size by passing, but threw only two, completing on a direct preliminary to the game's only touchdown. Stanford tried 12 and completed two.

"LITTLE WOMEN"

CHAPTER SIX—Returning from abroad, Aunt March brings Amy, with Laurie in Amy's train, Laurie and Jo now meet again, and Jo is able heartily to congratulate Laurie. "Laurie, we can't be playmates any longer, but we will be brother and sister to love and help each other all our lives," she says. "Ah, you're the same old Jo still, he answers, laughing one minute and dropping tears the next."

There is a great family reunion at the Marches, Meg bringing along, of all things, twins. All are happy at meeting again, the umbrella pretty much neglected.

Titusville All-Stars played their second 0 to 0 tie in a week here yesterday, duplicating the score of the game played Christmas Day. Long returns of punts and intercepted passes by the Cocoa team furnished the thrills of the contest.

Both teams were able to get within scoring distance on several occasions only to see their opponents stiffen and hold when the goal line was threatened.

The two teams were made up of former college stars and alumni of the Cocoa and Titusville High schools. Bo McClellan, former Florida back and coach of the Cocoa school, opposed Frank Clark a former teammate at the State University, and now coach at Titusville.

RALEIGH, N. C., Jan. 2.—Dr. R. R. Sermon, athletic director at North Carolina State College, announced last night that Hearnly W. (Husk) Anderson, had signed a three-year contract to coach football there.

Anderson, former coach at Notre Dame, and T. S. Johnson, acting chairman of the college's athletic council, came to terms yesterday in Washington, D. C. Dr. Sermon said.

No details of the contract were revealed except that it called for a three-year engagement.

Income Tax Form To Be Released In Florida Tomorrow

J. Edwin Larson, Collector of Internal Revenue for Florida has received instructions from the Commissioner of Internal Revenue to release income tax forms for year 1933 on Jan. 3, 1934.

On that date blank income tax returns will be mailed to every individual, corporation, and partnership who filed a return for the year 1932. Those who did not file returns for 1932 can secure a blank form by addressing Collector of Internal Revenue, Jacksonville, Florida.

Full instructions will be found on each return and by carefully following these instructions it is believed that the confusion of the past years will be avoided.

Deputy collectors stationed at the principal cities in the state will be glad to furnish information or assist taxpayers in preparing their returns. Deputy collectors will visit practically every city in the state during the filing

LEFFLER IS ELECTED AS CITY'S MAYOR

Sounding Note of Optimism Over Future, He Asks Support Of Entire Community

Sounding a note of optimism over the future progress and development of the city in which he was born and raised, W. A. Leffler, elected as mayor of Sanford at a reorganization meeting of the City Commission last night, this morning called for the united support of its citizens in "working toward the building of the City and the betterment of its citizens."

"The City Commission for the coming year," Mr. Leffler said in a prepared statement today, "is composed of the same citizens who have served in this capacity for the past year, having selected an expert-commissioner for the year 1934."

Continuing, he said, "As mayor-commissioner, I solicit your help and suggestions working toward the building of the City and the betterment of its citizens."

The City Commission has laid a groundwork of economy and has also made progress in the settlement of its debts. It has dealt free and above-board with its creditors. We hope that the ensuing year will bring us nearer to a definite agreement with our creditors.

"In the meantime, we should not despair. Our city is situated in the (Continued on Page Four)

9 Lives Endangered In Auto Accidents Outside City Limits

No one was seriously injured, but the lives of nine persons were endangered as the result of three automobile accidents reported to the Sheriff's office yesterday, all within 12 hours.

The first accident occurred yesterday morning immediately south of the city limits on the Sanford-Orlando road. An Austin coupe being driven northward by 13-year-old Christine Bond and with her father, F. E. Bond of Oviedo as passenger figured in a collision with a Ford roadster, being driven northward by F. L. McNair of Pennsylvania.

The roadster was badly damaged as it turned over several times throwing Mr. McNair to the roadway. The case was being held in County Court this morning.

At about 9:30 o'clock last night, a Ford sedan being driven northward on the Lake Monroe cut-off, turned over into a ditch bordering the John Buchanan farm when the driver, Paul Buchanan, of Hillsboro, N. C., was unable to apply the brakes in time to negotiate the sharp curve slowly. He was unharmed and a girl passenger in the car was slightly injured as she was ejected. The car was badly damaged.

Fifteen minutes later, and with a rain of the morning, D. L. Jones, of DeLand, driving a truck toward that city, ran into a truck parked on the highway without seeing Mr. Jones was not injured, but his truck was badly damaged. The other truck sped away before Mr. Jones could reach the driver, but he was able to secure the license number and the case is being investigated.

Predicting Banner Year For Kiwanis, Overlin Installs Mason As President

Predicting that the 38 members of the Sanford Kiwanis Club would conspire to make the year 1934 one of the most successful in the history of the organization, retiring club president Howard Overlin acted as the officer who installed C. Russell Mason as head of the club for the new year during a meeting at the Montezuma Hotel today.

The installation ceremonies were brief, and included the induction into office of W. S. Coleman and S. P. Doudney as first and second vice-president, respectively.

In a short talk in which he reviewed the progress of the past year, Kiwanian Overlin declared that it was made possible entirely because of the co-operation and enthusiasm of an active membership. He pledged his full co-operation to the new officers, and predicted them unbounded success for 1934.

President Mason accepted the gavel of office with an expression of appreciation for the honor accorded him. He pledged his best efforts as a leader of the club, and he promised an active, aggressive term of office.

Kiwanian Coleman declared that the club as now constituted is "a powerful organization which can play an important part in the development of the city as well as the furtherance of each objective of the club."

Kiwanian Doudney, after reading the several club objectives, declared that the new year should see their fulfillment as far as possible. He pledged his full co-operation in every endeavor that is undertaken.

When the new officers had been installed and the club had been

CITRUS CONTROL BOARD ACTS TO BOLSTER MARKET

Shipment Of Valencias Banned Until Mar. 1; Advertising Planned

ORLANDO, Jan. 3.—(AP)—No Valencia oranges or "other late varieties of the Valencia type" will be permitted to move from the state until Mar. 1, the Florida Citrus Control Committee decided yesterday at a session here.

The meeting was recessed after an all day discussion. The proroguing of all citrus shipments was to be discussed today, along with a host of other important business that was crowded off yesterday's calendar.

The committee took action on the following matters:

1. Advertising: A resolution was considered which calls for a national advertising campaign to be directed by the control committee and paid for by a 3 cents a box levy on all citrus fruits leaving the state. Upon the advice of W. G. Mead, Secretary of Agriculture, Wallace's representative here, it was voted to place the advertisement.

DEATH LIST IN COAST FLOOD IS SET AT 70

1300 Acres Celery In Venice - Sawtelle Area Has Suffered Considerable Loss

LOS ANGELES, Jan. 3.—(AP)—A swiftly recruited army of 5000 workmen began rehabilitation of the flood-stricken lowlands about Los Angeles yesterday while mounted deputy sheriffs hunted through miles of mud and debris for the bodies of victims. The tentative death list lengthened to a possible 70.

The search centered in the desolated Montrose-La Crescenta section which felt the greatest fury of the most disastrous flood in this region since the breaking of the big St. Francis dam, 40 miles north of Los Angeles, in 1928, causing a loss of some 450 lives.

Thirty-six bodies, 24 of them identified, were reported recovered; 37 persons still were on the list of missing and seven were dead as the result of traffic accidents in the storm. Authorities said the missing list might include the 12 unidentified dead.

An enormous job confronted the rehabilitation army, formed from men of the civil works lists, the forestry camps, American Legion posts, Red Cross chapters and county employees.

Thousands of homeless had to be sheltered. Roads buried deeply under silt and debris had to be cleared and the wreckage of hundreds of homes and other buildings remained to be cleaned up.

FLORIDA CWA ACTS TO STOP LABOR DISPUTE

Persons Offered Jobs In Fields, Groves Cannot Be Carried On Roll Any Longer

TALLAHASSEE, Jan. 3.—(AP)—All Civil Works employees who are offered jobs in citrus and truck crop harvesting in Florida must be dropped from CWA payrolls immediately, the State Executive Committee ruled today.

The committee thus caused will be filled by the assignment of new employees from Federal agency lists. The ruling also applies to persons offered jobs in any other line of private business.

The move was taken in view of reported labor troubles, particularly in the citrus belt.

Many shippers have charged that CWA wage scales and short hour schedules had all but disrupted the citrus industry, which could not afford to pay similar wages.

Nurses, especially, have been ruined as citrus workers it was charged.

The case of the truck farmers was presented by S. J. Sligh of Orlando who pointed out that CWA has made it difficult to secure labor in the South Florida tomato belt where, he said, crops must be harvested when ready, or lost. He said by Feb. 15 at least, 1000 more men would be needed there and that at the present time 100 could be used to advantage.

Chief U.S. Engineer Approves Funds For River Projects

WASHINGTON, Jan. 3.—(AP)—The chief of Army Engineers today announced that more than a million dollars can be spent profitably for the maintenance of 21 existing river and harbor works in Florida during the fiscal year beginning next July 1. He included \$1,000,000 for the St. Johns River between Palatka and Lake Harney.

Slight Damage Results From 2 Fires In City

First fire loss in the city of Sanford for 1934 occurred last night when roofs dropping from a small store, set fire to a building at 309 Cypress Avenue. Fire Chief Mac Cleveland reported the damage as not exceeding \$1000.

This morning the department was called to the residence of Sheriff I. P. McCallahan, 209 French Avenue, where a small fire in a furnace caused a shortage in a furnace caused a flame which was put out with no damage to residence.

CHANGE REHEARSAL DATE

Until further notice, it was announced today by George C. Leffler, director of the Sanford Concert Orchestra, the weekly rehearsal session will be held on Thursday nights at 8:00 o'clock in the Elks Lodge rooms instead of on Wednesday nights as has been the custom recently. Local and visiting musicians interested in joining the orchestra are urged to do so at once, he added.

TRADE HOPEFUL

NEW YORK, Jan. 3.—(AP)—American Machinery says the machinery trade is facing 1934 "more hopefully than it has faced any year since 1929." Inquiries in the past few weeks have been accompanied by statements that "orders would follow after Jan. 1 and there is reason to believe that the statements were sincerely made."

HISTORIC HOME DAMAGED

TALLAHASSEE, Jan. 3.—(AP)—The Grove, historic mansion here in which was born Ellen (all the first white child born in Tallahassee), was damaged heavily by fire Monday night. Flames apparently started in an addition to the building, swept through the roof before being extinguished. Mr. R. L. Hunt, the owner, said the building would be repaired.

ASSIGNMENTS TO LOCAL CWA JOBS FOR FIRE LOSSES IN OTHER HANDS

Re-employment Office On Magnolia Avenue Given New Duties

Because officials of the National Re-employment office on Magnolia Avenue now have the responsibility for assigning local persons to civil works projects in this city or county, it does not mean that there are any more jobs available than there were a few days ago, it was announced in a statement issued at the Employment office this morning.

It was further stated that such assignments as the Re-employment office may make will be only on requisition of the CWA, and then only to fill vacancies that may exist in projects already under way.

It was pointed out that it is therefore useless for those who have not already been placed on a work project to visit the Re-employment office with the view that they may be placed in civil works projects immediately.

Just as fast as vacancies occur, or additional workers are needed, they will be notified by card at once, it was announced.

Notice that assignments would be made by the Re-employment office rather than by the CWA was given several days ago, to become effective yesterday.

Estimated Damage Is Held Below \$3400, Cleveland Reports

A 20 year record for estimated damage by fire in this city was shattered during the year just passed, it was reported today by Fire Chief Mac Cleveland, veteran head of one of this city's most active governmental departments.

The estimated damage to the year was \$3378.75, resulting from exactly 100 fires, including gross fires. The previous low record was set in 1912 when an estimated damage of \$2800 was recorded during 106 fires.

While the estimated loss is not the lowest recorded in Sanford in its modern history, it is believed that the per capita cost of 33 cents to each resident of this city has never been approached.

Chief Cleveland reported that the most serious fire of the year, the fire bringing the most damage, was that which gutted the interior of the home of Mrs. J. Earnest on Myrtle Avenue early in December. The loss there was estimated at about \$3000.

Compared to losses in recent years, the new record is a source of gratification to Chief Cleveland and his staff of four assistants. Praise for the efficiency of the department was heard today in the remarks of local insurance agents who are vitally concerned in every fire made. All are agreed that Chief Cleveland and his men deserve commendation of the highest sort for the record which they have established with a limited force and small opportunity.

Chicago Group Seeks Record Of 1932 Vote

CHICAGO, Jan. 3.—(AP)—From their tomb in the public City of 1,641,000 ballots cast in the November, 1932, election may be exchanged in a hunt for records the Cook county's ballot boxes were tainted with fraud and deception.

A group of eminent political and club leaders petitioned the county court yesterday for a recount of the 1932 general election.

They charged that 20 precincts in the ballot boxes in 1932 were analyzed and had been tampered with by a group of men, and fraudulently marked ballots.

Judge E. K. Jareck impounded the ballots and indicated he would grant the petition.

The signatories promised to defray cost of the recount which may run to \$50,000.

Long Illness Claims Joseph M. Hooper, 63

Joseph M. Hooper, 63-year old retired sailor who has resided at the County Home since early in 1932, died there yesterday afternoon after a long illness.

Funeral services are to be held at the Erickson Funeral Home tomorrow morning at 10 o'clock, with Rev. Martin J. Ryan of Holy Cross Church officiating. Burial will be in Evergreen Cemetery.

Mr. Hooper is a native of Baltimore, Md., where he was born. He followed the sea for many years and following his retirement, he came to Florida. He has two known survivors. One is a sister, Mrs. Wm. H. Bankard, of Baltimore, and another is a brother who is said to reside in Honolulu.

Colemans Return After New Year's Visit To Nassau

Impressed with the efficiency and dispatch of modern air transportation as it is demonstrated at the port of Miami, H. H. Coleman, local manager for the Florida Power and Light Co., and Mrs. Coleman have returned to Sanford after having spent a unique New Year's week-end on the island of Nassau.

The trip to the island, one of the most interesting of several that lie in the Atlantic a short distance from Miami, was made by air in both directions.

The normal two hour crossing eastward was not possible, Mr. Coleman stated, because of extremely rough weather; the trip requiring an extra hour, but the homeward journey was a smooth and speedy crossing which included a surprise stop at a very small island to pick up a passenger who had withdrawn ahead for transportation.

Highlight of the trip, Mr. Coleman said, was the island's celebration of the New Year. The entire population of about 10,000 persons joined in this affair which lasted from early Sunday afternoon to early Tuesday morning. Parades, fireworks, and more parades was the order of the day, and the Colemans returned home declaring the experience as one of the most unusual they have ever known.

Rotarians Read New Year Resolutions During Hilarious Meeting Of Tuesday

Tuesday was New Year's resolution day as far as members of the Sanford Rotary Club were concerned as they spent an hour and a half listening to the reading of mirth-provoking resolutions which had been prepared by the program committee.

Impromptu talks were made also by R. A. McNamee, Jacksonville, high Coast Line official, and Rev. W. A. Cooper, pastor of the First Methodist Church of Sanford, who were guests of the club.

Interesting among the resolutions made by Rotarians yesterday are the following:

Rotarian Mayor W. A. Leffler resolved "That I will do my best during 1934 to stop this unwarranted waste of public funds by the government. Too many intelligent feet are in the public trough."

Bond-broker Walter Cooper resolved "That I will never, never buy any more stocks, particularly those not listed, but will confine my purchases to Sanford bonds."

Chemist Ray Munsalvage resolved "That during 1934 I will endeavor to make some actual progress in my work. Thus far I have done nothing but draw my salary."

Local manager H. H. Coleman resolved "That during 1934 I will keep the City Commission from tinkering with the electric light rates."

"Whereas," said Civil Engineer Fred F. Williams, "I have in the past put in considerable time investigating light and power rates for the City Commission and whereas, Cole Coleman has not yet made any concession on my own light bill nor has he even discussed the matter with me, therefore it is resolved that unless Cole comes through I will continue to make investigations along this line until he does, although I realize that the Commission will never do anything about it."

Pill-toller E. E. Bludworth resolved "That sometime during 1934 I will do something to please old Doc Touchton."

Fern "King" Ben F. Haines, of Altamonte Springs resolved "That with the firm conviction that the best interests of the fern buyers will be served if I can get control of the entire output of the ferneries of the county hereby resolve that I will endeavor to get control."
