

WALKER GIVES LONG PLEA FOR TOM MOONEY

Appears Before Gov- ernor Of California In Quest Of Pardon For His Old Friend

SAN FRANCISCO, Dec. 2. (A.P.)—Mayor Walker of New York yesterday appeared before his friend, Governor Rolph of California, and for more than an hour pleaded with the governor to pardon Tom Mooney. The hearing continued for four hours. No decision is expected immediately. The result may not be known for months.

The mayor submitted that the man who sentenced to hang after conviction on the murder charge in connection with the bombing of a garage in San Francisco, July 27, 1931, is innocent and did not have a fair trial.

Both Walker and Frank P. Walsh, who preceded him, told the governor and his advisors that in their opinion the record in the 15-year-old case shows Mooney did not have a fair trial and was convicted as the result of perjured testimony. Aaron Sapiro closed with an argument, summing up the case as a legal aspect.

Soon after the hearing was started in the state but small chamber of the supreme court, a crowd carrying banners assembled in the square outside the state building. They chanted, "Free Tom Mooney," and two delegations attempted to enter the court room.

Endorsement was refused. The indignation following the double verdict precipitated a mild riot.

Two Civil Cases Are Tried This Morning In Wright's Court

Circuit Court Judge Wallace W. Wright, awaiting the return of possible indictments by the Grand Jury now investigating charges against approximately 30 alleged law violators, this morning heard two of the nine civil cases on the civil docket of the Fall term of his court.

Both resulted in verdicts in favor of the plaintiff. The first was the case of Alexander Harrop versus R. A. Williams, et al, an agreement suit. Mr. Williams being unrepresented in court and offering no defense, Judge Wright ordered a directed verdict drawn up by the jury, favoring Mr. Harrop. The jury was composed of E. N. Roberts, A. J. King, D. F. Ferry, R. H. McPherson, James Smith, and A. E. ...

Fordham Tackle Is Dead From Injuries

NEW YORK, Dec. 2.—(A.P.)—Cornelius Murphy, Greenfield, Mass. right tackle on the Fordham University football team, who was injured in the Bucknell game at the Polo Grounds Nov. 21, died today in the University infirmary. It was not known immediately whether or not his death was caused by injuries. He was released from the hospital Saturday apparently on the road to recovery. John Szymanski, relieving Murphy at tackle, also was injured in the game and is still in the hospital paralyzed on one side.

IST AUTOMOBILE LICENSE PLATES ARE PURCHASED

Civic Clubs Take Lead
In Early Purchase
To Assist Schools

As members of the Sanford Kiwanis and Lions Clubs promised, their automobiles are today among the first to be carrying Florida's new orange and black 1932 automobile license tags, purchased yesterday from the office of Robert Hagan, in the Pico Building on North Park Avenue.

Two weeks ago both clubs passed resolutions urging that all automobiles purchase licenses before the 10th of December so that Florida's school teachers, who are this year to be partially paid from funds collected on the sale of automobile tags, may not suffer delays before the holidays.

County Superintendent of Schools T. W. Lawton today made an interesting comment on the school situation and how it was tied in with the sale of auto tags. He said "Although there is about a 20 per cent increase in the cost of some automobile license tags for 1932, the increase is more than offset by a reduction of five mills in county school taxes and the abolishing of personal tax on cars. The net result is that the total cost of a license is less than \$30.00, while the relief from personal tax on cars amounts to nearly \$15,000, based on last year's figures."

(Continued on Page Five)

750 Licenses To Hunt In This County Sold

No records are being taken as far as the number of persons purchasing hunting licenses in this county this year are concerned, according to Mrs. Cassandra Schmitt, of County Judge James G. Sharon's office today.

To date, she has issued 750 licenses allowing persons to hunt in Seminole county, 100 allowing them to hunt anywhere in Florida, and 13 allowing persons to take animals by means of traps. No fee is required for a license to hunt in this county, she added.

With the season nearly 10 days old, and numerous large bags of birds and game reported, the season has been termed a decided success by many hunters, although others report that the extremely warm weather has reduced the pleasures of bird hunting to a minimum.

NEW PLANE ROUTE OPENS

ATLANTA, Dec. 2.—(A.P.)—New airplane passenger service between Charleston, S. C., Augusta, Ga., Savannah, Ga., and Atlanta was inaugurated yesterday by Eastern Air Transport. Planes left Atlanta for Charleston and Savannah and Savannah for Atlanta during the day, to begin daily service on the line.

DRY LAW POLL IS IN SIGHT FOR NEXT SESSION

Senator Watson Gives Assurance Of Show- down In Senate If Question Is Raised

WASHINGTON, Dec. 2.—(A.P.)—A congressional vote on prohibition, long demanded by opponents of the national law and resisted by friends, is in sight for the coming session. Only today Senator Watson, leader of the Republicans, promised a showdown in that chamber.

Members of both parties in the House already were expecting a new lineup there to result in the rules under which the vote can be forced. Senator Watson predicted the roll call of the new Senate would show it "overwhelmingly dry." He said with "heavily implied" that economic questions should be given precedence in this session but not anti-prohibitionists. That if a temperance measure of any kind reached the Senate floor he would not stand in the way of a vote.

"I can't prevent the subject coming up in my judgment," he said. Senator Bingham, Republican of Connecticut, is going to push the prohibition referendum resolution providing for a repeal of the Eighteenth Amendment.

The latest of countless weekly wars over the Eighteenth Amendment and Volstead Act was precipitated by an announcement from the women's organization for national prohibition reform that its members of Congress favored a popular vote on repeal of the Eighteenth Amendment.

In quickly forthcoming rebuttal, the ...

Knights Templars Will Hold Annual Election On Friday

Taylor, Commandery No. 20, Knights Templar, will hold its annual election of officers for the coming year on Friday evening at the Masonic Temple, according to George W. Huff, eminent commander, today.

At the same time, members of the commandery will be made acquainted with several yearly requirements, one of which contains the statement of H. D. Sims, Tampa, state inspector general, who said that "the progress made by the local commandery during the year is extremely satisfactory."

The local commandery was chartered on April 22, 1922, with a membership of 44, and with Hamill E. Taylor, son of Lee, as the first eminent commander. The present membership is approximately 110, according to J. D. Jinkins, recorder, who stated that of the charter membership list of officers, they are still holding office. They are James Maughan, present preside; Ralph B. Chapman, present scribe; and Mr. Jinkins, as the local commandery was organized.

The present officers are: George W. Huff, eminent commander; A. N. Rosseter, grandmaster; Raymond Walker, captain-general; David D. Caldwell, senior warden; John D. Gove, junior warden; James Maughan, preside; Ralph B. Chapman, treasurer; and J. D. Jinkins, recorder.

CHASE DEFEATED BY DRY CLEANERS AT DIAMOND BALL

One Of Fastest Tiffs Ever Seen Here Is Played Last Night

By E. R. CULLUM

The one of the fastest, if not the fastest game ever played in Sanford, the Seminoles Dry Cleaners defeated Chase Monday night...

Johnny Hodge was in the box for the winners and turned in a fine performance, allowing the Chase boys only four hits...

Coach Leonard McClure yesterday afternoon made the one announcement which members of his football eleven have been awaiting since the last day of the season...

Players who earned letters this year are: Levi Brannan, Melton Ware, Woodrow Riser, Bill Preston, Johnnie O'Brien, Paul Higgins, Jr., H. B. Odham, Simpson Kinlaw, and George McClellan...

Coach McClure also announced that the football training season will start on Monday afternoon with 24 candidates...

On Wednesday night the Seminoles will go to Ocala to play the Ocala All Stars...

On Friday night the Truck Company and Company D will play a game...

On Saturday night the Seminoles will go to Ocala to play the Ocala All Stars...

OH YEAH?

NEW STYLE X-RAY OF MUCH USE IN CASE OF ULCERS

Great Saving Of Life Seen With Adoption Of Improved Type

ST. LOUIS, Dec. 1.—(A.P.)—

New style X-ray pictures showing how to save many lives in cases of stomach ulcer were explained to the Radiological Society of North America here yesterday.

This life saving possibility is due merely to the improved "eye-sight" from the latest speed film X-rays. These scientific eyes enable physicians to see inside the body in some instances almost as well as if treating a surface ailment.

Dr. Lewis Gregory Cole of New York City, who presented this X-ray evidence, said studies indicate the possibility that stomach ulcer by itself need almost never be fatal.

The rays are not used in treatment, but simply to guide physicians in choice of already well established methods.

An obstacle to choosing the proper treatment has been similarity in outward effect resulting from stomach ulcer and stomach cancer. Dr. Cole told of 58 cases of both diseases viewed with X-ray pictures.

"Shuffle these pictures as one would shuffle a pack of cards," he said, "and any one of you or all of you, can pick the cancers from the ulcers as readily and as rapidly as one can separate the reds from the blacks of the pack of playing cards."

"In each new pack of cards there is a joker and an advertising card and two blanks which may subsequently be used either as reds or blacks. So with the 58 cases the proportion of jokers and blanks is almost exactly the same."

A subsequent examination after the patient has rested with a red or two blanks are to be red or black ulcer or cancer. The joker will remain a joker to the blinder and, defining clinically, reason, rooster, dog, only by death or continued life is the status of the joker settled.

POLL REVEALS SOLONS FAVOR DRY LAW VOTE

(Continued from Page One) merely asked them whether they would agree to set the machinery in motion, as provided in article V of the constitution which would give the people an opportunity to express their wishes.

"We are especially proud of our women representatives," she continued. "Four of the five women in the House have replied to our letter in every one of them is for submission. Representative Ruth Bryan Owen is one of the avowed prohibitionists who believe in the people's right to vote."

The women's anti-prohibition organization, she said, planned to follow up work on the non-committal members and those who have not yet replied.

Mrs. Sablin's report showed 15 senators for submission, 14 against submission, and 14 non-committal, while 134 representatives favored submission, 84 opposed and 89 were non-committal.

The list of senators favoring submission she gave as follows: Bingham and Walcott, Connecticut; Brown, Louisiana; Tydings, Maryland; Walsh and Coolidge, Massachusetts; Cossens and Vandenberg, Michigan; Pittman, Nevada; Copeland and Wagner, New York; Buckley, Ohio; McCain, Rhode Island; Blaine, Wisconsin; and Carey, Wyoming.

Those against submission: Bankhead, Alabama; Cestigan, Colorado; George, Georgia; Robinson, Indiana; Brookhart, Iowa; McGill, Kentucky; Capper, Kansas; Hale, Maine; Stephens, Mississippi; Howell, Nebraska; Francis, North Dakota; Thomas and Gore, Oklahoma; Connally and Sheppard, Texas.

Those whose replies were non-committal: Hastings, Delaware; Fletcher, Florida; Lewis, Illinois; Logan, Kentucky; Bailey, North Carolina; Byrnes and Smith, South Carolina; Dixon, Vermont; Glass, Virginia; Amis and James, Washington; Neely, West Virginia.

Mrs. Sablin said Vandenberg, Cossens and Carey "do not favor repeal but are willing to favor the people an opportunity to vote on the repeal or retention of the Eighteenth Amendment."

Eighteen New Jersey and Kentucky, Wyoming, Mrs. Sablin said, favored submission but are non-committal on submission.

Speer Is Elected President Of New Flying Group Here

(Continued from Page One) 600 each. They were owned by individuals whose worth is of just the average up to many millions.

They followed the Florida East Coast to Miami, and to Havana, and on to the Bahamas, and back to their respective homes in the north, east, and midwest, with practically no knowledge of any other part of Florida except the East Coast.

"It is not my desire to be in any other part of Florida except the East Coast," he said, "but I am glad to see that the flying group here is growing and that it is doing so well."

"One thing that influences the major portion of the air travel down the East Coast is that many thousands of persons identified with aviation, have the impression that the Florida East Coast is a solid, safe landing field from Jacksonville to Miami."

"I believe that the Florida East Coast is a solid, safe landing field from Jacksonville to Miami."

T. C. Popes Entertain With Dinner Party

By way of celebrating the birthday anniversary of her husband, T. C. Popes, Mrs. Popes entertained a number of their friends with a dinner party given last night at their home, 211 East Twentieth Street. The dining table was overlaid with a lace cover and centered with a bowl of red radiance roses and ferns. A color scheme of red and green was developed by the floral decorations and by the place cards which bore Christmas designs.

Dinner was served in four courses immediately after the arrival of the guests. Those present were: Mr. and Mrs. E. J. Goeringer, Mr. and Mrs. Paul P. Johnson, Mr. and Mrs. Vivian A. Spear, Ben Wade, Joe Walker and Mr. and Mrs. Pope.

Mr. and Mrs. Collins Give Party At Home

A color scheme of white and gold predominated in the decorations used at the home of Mrs. M. F. Collins in Floral Heights when they entertained a large number of their friends and relatives Tuesday night with a party by way of celebrating their golden wedding anniversary. The hosts were presented with many gifts from the guests.

During the evening Miss Margaret Myers entertained with vocal solos; Miss Evelyn Stowe gave a reading; and E. S. Collins gave an address on "The Salt of the Earth." The guests were then amused with games and contests. Refreshments were served by the hostess assisted by Mrs. Fred Myers and Mrs. C. C. Collins.

Those present were: Mr. and Mrs. A. D. Abrams, Mr. and Mrs. H. A. Howard, Mr. and Mrs. J. P. Hickson, Dr. and Mrs. W. E. MacDugall, Mr. and Mrs. G. A. Jones, Mr. and Mrs. C. B. Rudd, Mr. and Mrs. A. H. Lundquist, Mr. and Mrs. E. B. Stowe, Mr. and Mrs. Sam Keeling, Mr. and Mrs. W. A. Hopkins, Mr. and Mrs. H. A. Reinmeyer, Mr. and Mrs. Fred Myers, Mr. and Mrs. G. C. Collins, Mrs. E. H. McIntyre, Mrs. M. F. Turner, Mrs. D. A. Holst, Mrs. J. M. Vinson, the Misses Gertrude Vining, Carol Vining, Lorene Collins, Margaret Myers, Evelyn Stowe, Helen Hickson, Bertie Mae Stegmeyer, Ethel Vining; and Clarence Collins, Bernard Collins, Randall Collins, Charles Vining, Robert Hickson, Paul Hickson, and Mr. and Mrs. E. S. Collins and Mr. and Mrs. C. W. Brooks, of New Smyrna.

Kid Party Is Held At Home Of Pitchfords

Pineapples and thryanthemums were used to adorn the rooms of the home of Mrs. T. C. Pitchford, 1015 Elm Avenue, when the members of the Althean Class of the First Baptist Church entertained with a kid party last night. The guests arrived early in the evening in kid costumes after which supper was served buffet style.

Following a short business session over which Mrs. James Fields presided, games and music were enjoyed until late in the evening. Mrs. G. S. Elman was awarded a prize for having the most suitable costumes.

Contest Of Epworth League Is Concluded

Closing a contest for membership which started six weeks ago and resulted in a tie, the members of the Epworth League of the First Methodist Church entertained with a banquet given last night at the church annex. The rooms where the banquet was held were decorated with the League's colors of white and yellow.

Those taking part on the program for the evening were: Misses Margaret Giles, Eloise Winn, Rose Varner, Margaret Varner, Juanita McMullen, and Edwin Shinholser, Kelly Pope, Melton Ware, and Edward Mitchell. Miss Dorothy Haines and Miss Dorothy Pope were the winners in a doll contest which was conducted later in the evening.

Mrs. Ruby Middleton, Mrs. Gustie Smith and Mrs. Lucille Johnson prepared the banquet which was served to the following: Misses Margaret Giles, Mabel Wilson, Rosalie Pope, Marjorie Turner, Pauline Crawford, Emily Priest, Eloise Winn, Ellen Telford, Lola Peaks, Effie O'Carin, Juanita McMullen, Dorothy Pope, Dorothy Haines, Margaret Varner, Rose Varner, Lucille Thornley, Bronnie Dugger, Catherine Tillis, Mary Helen Ramler, Catherine Allen, Adeline Harris, Helen Wilson, Marjorie Pope, Lillian Thornley, and Edwin Shinholser, Roy Harrison, Melton Ware, Carroll Varner, Jr., William Preston, Woodrow Riser, Kelly Pope, Clyde Brockman, Olan Greenshaw, and Edward Mitchell.

New Ice House To Be Built On East Side

Surveyors were this morning staking out the confines of the new ice storage plant to be constructed immediately by the Mountain Ice Co. on Broadway Avenue near the Chase and Co. and Sanford-Oviedo Tree Growers' wash-houses.

F. E. Stein, manager of the Sanford branch of the Mountain Ice Co., said that the new plant will supply the needs of East Side farmers who have heretofore had to send trucks several miles to secure ice, and that the new plant is being constructed in line with his firm's policy of being a vital factor in the growth and development of the local celery industry.

The plant will have a maximum capacity of 200 tons of ice, and will be 44 by 50 feet in dimension. Its construction is in charge of the Sanford firm of Hunt, Huddleston and Phillips, who will employ all Sanford labor in the erection of the building, which will be ready for use about Jan. 1. Approximately \$10,000 is being spent in construction and land costs. Mr. Stein said, most of which is to be distributed locally.

Wesley Class Holds Meeting On Tuesday

With Mrs. R. T. Thrasher, Mrs. Carroll Varner, Mrs. O. R. Estelze, Mrs. Sam Bradford, Mrs. G. H. Winn, and Mrs. Whittington as hostesses, the regular meeting of the Daughters of Wesley Class of the First Methodist Church was held last night at 8:00 o'clock at the home of Mrs. Thrasher on Celery Avenue. During the social period various games were enjoyed and Mrs. G. E. McKay was awarded the prize, a wall vase.

Mrs. M. L. Wright presided over the business session when plans were made to take care of two families at Christmas time. Six bed-panels were completed at this time for the boys' dormitory at the Methodist Orphanage at Benson Springs and many gifts were donated for the orphanage Christmas box.

Those present were: Mrs. R. B. Monroe, Mrs. W. F. Raines, Mrs. J. R. Forrest, Mrs. R. G. Hickson, Mrs. J. W. Harkey, Mrs. Maurine Winter, Mrs. J. O. Laney, Mrs. J. P. Thurmond, Mrs. P. A. Rowland, Mrs. J. L. Clark, Mrs. C. E. McKee, Mrs. James Hathaway, Mrs.

Sanford FURNITURE Company

Ocala Scribe Puts Kanner, Riser On Conference Team

Kanner Placed On First All-Conference Outfit While Riser Lands On 2nd Team

EVENING STAR NORTHEAST CONFERENCE ALL-STAR SELECTION

FIRST TEAM	SECOND TEAM
Smitherman (Landon)	Gates (Ocala)
Barbrough (Ocala)	Riser (Sanford)
Hardwick (Daytona)	McDonald (Ocala)
Kanner (Sanford)	Miller (DeLand)
Kane (Leesburg)	Rich (Daytona)
Wright (Daytona)	Pearock (Leesburg)
Musell (DeLand)	H. Brady (Leesburg)
Bullock (Ocala)	Lamb (Leesburg)
Pellet (Daytona)	Voegtle (Ocala)
Potter (Ocala)	C. Brady (Leesburg)
Alvarez (Landon)	Armour (Ocala)

(Ed. Note:—The selections above are by Florain Wood, sports editor of the Ocala Evening Star, and represent his personal opinion and are not the official all-conference eleven selected by coaches of these schools.)

By FLORAIN WOOD.

Ocala and Daytona Beach each placed three players on the Evening Star mythical all-Northeast conference honor eleven to tie for leadership in the largest number of honors awarded individual gridmen. Landon placed two and Sanford, DeLand and Leesburg each had one.

Captain Carlos Bullock, Wildcat quarterback, Wilmer Potter, senior All-State halfback, and "Babe" Barbrough, stellar tackle, were the Ocala players who drew popular attention on the team. This trio represents the cream of the Ocala school football players. Both Bullock and Barbrough were unanimously chosen on the honor team last year.

Murray Kanner, powerful Sanford center, has drawn the interest of coaches and players throughout the state in his spectacular performance around the grid post. Kanner is being honored for all-state honors. He is six feet one inch tall, and weighs 201 pounds. He will make an ideal player for a college eleven. He will probably join Stoinoff, a former teammate, at the University of Georgia.

Hardwick, a stern, roving defensive figure in the play of the Daytona Beach Buccaneers, gets the choice for one of the guard positions. He was off form when the Buccaneers were defeated by the Ocala players in the final game of the season. He is six feet, and weighs 175 pounds. He has been a consistent performer throughout the season. He is six feet, and weighs 175 pounds. He has been a consistent performer throughout the season.

Barbrough's running a halfback, Miller Wilcox of Daytona Beach, is the same type of hard driving tackle. Both boys are built on the same pattern, and play a similar rugged game. They would team well on any football team to bolster the defensive. Both were named on the selection last season.

Smitherman of Landon and Musell of DeLand, get the nomination for the wing positions. Both boys have displayed a hard-fighting spirit in handling wing backs this season, and both have shown the disposition toward tackling. They use their hands well, and go to the "blatant" with the best of them. They are lighter than the ordinary high school end, and are exceptionally well equipped for the job of heavier opponents on the field this season. Neither has over 140 pounds.

Wright, a stout, Captain Bullock of Ocala stands out as the best backfield in the conference loop. He is a field general, and leads the team in kicking and punting. He is six feet, and weighs 175 pounds. He has been a consistent performer throughout the season.

Pellet, a stout, Captain Bullock of Ocala stands out as the best backfield in the conference loop. He is a field general, and leads the team in kicking and punting. He is six feet, and weighs 175 pounds. He has been a consistent performer throughout the season.

Florida Backfield Mentor, and Eight Gator, Ball Carriers Who Will Play Against Kentucky Saturday

The University of Florida Gators have played through their strenuous 1931 schedule with many sophomores, and the backfield group has been no exception. Here is backfield coach Joe Holinger, former Klamath Aggie star, and eight of the best who are playing their last year on the varsity. They will play the season Saturday at Jacksonville against the University of Kentucky. No. 1, Sam Davis, the No. 1 running back; No. 2, "Bullet" Buck, the No. 2 running back; No. 3, Bobby Treadgold, the No. 3 running back; No. 4, Jimmy Hughes, the No. 4 running back; No. 5, George Beck, the No. 5 running back; No. 6, Jerry Litherland, the No. 6 running back; No. 7, Al Emmelhains, the No. 7 running back.

By FRANK S. WRIGHT. GAINESVILLE, Nov. 30.—Florida's "Fighting Gators" will face the University of Kentucky at Jacksonville Saturday, with four sets of backfield men, and of the 16 ball carriers listed on Coach Charlie Bachman's A squad, 12 are playing their first season on the varsity.

Line Sibley, fullback; Ho McClellan, tight half, are the only present members of the backfield who wind up their football this year. Al Rogers and Al Emmelhains are juniors. The other dozen boys are slated for two more years of competition—if they can make the grade.

Joe Holinger, backfield coach, who was one of the best backs of his day in the Missouri Valley conference, has had no easy problem this fall in shaping an effective offense. In mid-season he lost permanently by injury, Homer Seay, an experienced, senior, just after Seay had recovered from an ailment suffered during training season. From the opening game, from two to five of the backs have been in "hors de combat" condition.

McClellan was hurt before the schedule began, and did not get back until the Alabama game. "Bullet" Buck was carried out of the North Carolina tilt and did not play again for six weeks. Johnny Fountain along with Seay, suffered hurts in the Auburn game and the "Gator Geyser" missed the Georgia, Alabama and South Carolina battles. Sam Davis was hurt in the same contest and was missing when the Gators had to face Georgia. In that tilt, McClellan, Seay, Davis, Fountain, and Buck were achievement considering their badly crippled condition.

cause a favorite player has been left off the list, or letters of thanks for including some. Red went far enough back so that he didn't have to worry too much over whom to pick, for most of the players he placed on his All-Time list are those in the backfield lines in 1929, '31, '32, and '33. In these days there weren't very many high school eleven, and Duvet, Lakeland, Hillsboro, and Bartow were probably the most outstanding teams.

Red no doubt consulted important newspaper files and secured lists of all-state, and all-district teams before he ventured to issue his original list, because it's hardly possible that he is able to remember the outstanding players of the past 13 years although Red's memory is one of his most prominent features. He didn't issue a list which contained the names of players who later achieved greatness at college, for only seven of his stars stole the honor's spotlight in college. Here's Red's All-Time "All-Florida" high school football eleven:

The United Press All-Southern team is exactly the same, even to selecting Dairymple as captain of the national eleven. The three Tennessee boys will have a fine opportunity to display their talents in the N.Y.A. game in New York Saturday, while Landon, national champion, without doubt, will show the world and Washington State and Southern California what Southern football means.

Oh Yeah had a long and interesting letter from Red Barber, former Sanford high school coach, who says that he had never seen a player like Red's. Barber says that he had never seen a player like Red's. Barber says that he had never seen a player like Red's.

THEY EXPECT ROLLINS TO WIN

PRES.

HOLT

His Coaches

Coach McDonald and Evans have been able to maintain Dr. Hamilton Holt's ideal of clean sports by inducing a winner in the season. The Rollins members and Dr. Holt are very proud of the coming victory over the University of Kentucky.

Rollins is a member of the Southern States and Southern California State and Southern California State and Southern California State.

SPORTING GOODS PLAYERS DEFEAT BEAR CAT TEAM

Bryan's Is Winner Of Close Diamond Ball Game Last Evening

By E. H. CULLUM. The Bryan's Sporting Goods Store diamond ball team celebrated their entry into the game Tuesday night by taking the Bear Cats into camp by the close score of 5 to 2. Although the Bear Cats outbit the Bryan's team almost two to one, they could not bunt their hits enough to put over the winning runs, having men stranded on the paths in every inning except the second.

Al Johnson was in the box for Bryan's and yielded up eight hits, but tight fielding behind him at crucial moments limited the Bear Cats to four runs.

Britt Raburn hurled for the Bear Cats, and gave up only five hits. However, errors behind him allowed the opposing team to turn every hit into a run.

Going into the last inning one run behind, Sausser for the Bear Cats, singled; Herndon flew out, Sausser going to third on the put out; Doker drew a walk; with the tying run on third, Purdon hit to Quantock for the second out, who doubled Doker at first ending the game.

Quantock, for the Bear Cats, besides playing a good fielding game, got two hits out of three times up, a single and a triple. Doker in center field for the Bear Cats was also poison to the opposing team, taking care of all chances coming his way. He also got two hits out of three trips to the plate.

Carroll, the heavy hitter for Bryan's, getting two triples out of two times at bat. Hayes, catcher for Bryan's, was the only one who got a home run, this coming in the first inning after two were down.

Both of these teams were pretty evenly matched, played a good game, with the result in doubt until the last out was made.

Tonight the Sanford team goes to DeLand to hook up with the DeLand All Stars. So far the Sanford team has been unable to defeat this particular team on their home grounds; however they are going up there tonight with the grim determination to bring back the game and every effort will be made towards that end, and it will be well worth the trip to any of the Sanford fans who want to see a good game.

On Thursday night the Sanford Herald and Bryan's Sporting Goods Store teams will cross bats. On Friday night The Truck Growers and Company D will meet. Company D defeated the Truck Growers in their last encounter, and Porter Lansing is authority for the statement that Company D is going to make it two on Friday night.

WALKER GIVES LONG PLEA FOR TOM MOONEY

(Continued from Page One) Justice and Bill, a dozen patrol wagons filled with agitators were taken to the police station.

Governor Rolph set in the center of the massive supreme court bench flanked by Watt I. Sullivan, former chief justice of the supreme court; Lewis F. Brington, district attorney 30 years ago; his legal advisors and Daniel J. O'Brien, director of the State Department of Forestry.

The mayor, stressing the fact that he was making his plea for an attorney from another state, told the governor at times under evident emotional stress, that he believed Mooney to be an innocent man.

His voice broke as he held out his hands toward the supreme court benches, where sat the governor of California, and begged that Rolph "do justice where justice has been denied."

Walker began his speech at noon and spoke for 40 minutes before the luncheon recess. He closed in another 30 minutes after the intermission.

When the mayor finished, Agton Sapfro, San Francisco, and New York lawyer, began the task of summing up.

Although troubled by a severe cold, the visiting mayor did not falter as he pictured the yearning of "Mother" Mooney for her son. "Some day the sun will go down in Sunny California," he said, "and that dear old soul will not be here. When that night comes may her son be there."

Walker stressed the fact that only one tribunal remains for Mooney's appeal, that of the governor. He cited the record of persons and communications granted by California governors since the Mooney case was tried. He submitted that "this is a case, if there ever was a justification of the pardon power."

"The jury that convicted Mooney still sits. The jury that said he was guilty now says he is innocent."

"The judge who tried him, asking for executive clemency, suggested by the jurors themselves, who have asked that this plea for a pardon be granted."

"Only big men say 'I was mistaken,'" said the mayor. "Let me repeat, it means so much to me. I feel it so keenly the jurors have come forward, unwilling to be the doers of an erroneous thing, and asked for executive clemency."

Two Negroes Who Held Up Grocer Taken By Police

(Continued from Page One) Williams and his force had trailed him there on descriptions given by several persons near the scene of the robbery on Locust Avenue late Sunday night. The 28 Smith & Wesson Special pistol which was used in the robbery was produced by the negro after his arrest.

Anderson's capture was near Chier Williams had learned from several sources that a negro answering Anderson's description had moved from one home to another during the past few days, and that on Sunday night he had paid a colored boy a small sum to visit his home residence and secure his mother's name.

Williams learned that the man was named for Daytona.

Officer George Gray and Constable Bob Wilson went to the city last night, and with Daytona Beach police located the negro in the second floor of a house. The negro jumped from a window to the ground in an attempt to escape, but he landed almost in the arms of Officer Gray. His arrest was effected only after a struggle for the negro in a narrow hallway led to a police station.

Returned to Daytona, Anderson, including the other negro, was arraigned in court. The 19-year-old Williams and the 17-year-old Anderson, both of whom were arrested in Daytona, were held in the city jail. Williams was held in the city jail. Williams was held in the city jail.

Mrs. Caraway Has Virtually Won Her Seat In U. S. Senate

LITTLE ROCK, Ark., Dec. 2.—(A.P.)—Nominated unanimously by the Democratic state central committee for her husband's seat, Mrs. Caraway yesterday was virtually assured of becoming the first woman in the history to be elected to the United States Senate.

She received approximately a million votes for her husband's seat in the state of Arkansas. She received approximately a million votes for her husband's seat in the state of Arkansas.

INDIA SITUATION STATUS QUO AS DISCUSSION ENDS

Round-Table Parley Concluded Without Getting Anywhere

LONDON, Dec. 2.—(A.P.)—After deliberating nearly three months and spending almost \$1,000,000, the second Indian round table conference ended yesterday with India still in the status quo at the conclusion of the first conference.

Although Prime Minister MacDonald announced great strides forward had been made, the vital problem of appointing power among the various racial groups, which he admitted was the whole key to the success of the conference, apparently was as far as ever from settlement.

In his address, the prime minister dealt with Mahatma Gandhi with velvet gloves. But while he was praising the Nationalist leader, "My Dear Mahatma," the victory of India was preparing to handle any new subjective movement by Gandhi's followers in the Bengal district with an iron fist.

Immediate death or deportation for life is the penalty prescribed under new ordinances in Bengal for those who challenge King George's rule or attempt political crimes.

The army, police and even civil servants may be called upon under these new regulations to assist in the suppression of any rebellious moves on the part of Indian subjects.

While these repressive measures apply for the present only to the Bengal province, the government is preparing if necessary to extend them to all India.

"What gives me the greatest concern," said Gandhi tonight, "is not the outcome of the round table conference but the grave events in India where the government has been stamped into panic by a few political crimes committed by irresponsible Indian youths thirsting for their country's freedom."

"Is it to be peace or war," the Mahatma was asked.

"I cannot say at present," he replied. "The (nationalist) congress may have no choice except to renew the struggle."

The extraordinary powers of repression with which the Bengal government has armed itself seem to me to be wholly inconsistent with the desire expressed at the round table conference yesterday to part with power and give India real freedom.

"The little room in Bengal leaves little room for hope that anything big will emerge from the conference. The government has become panicky."

Several other highly controversial questions in addition to the matter of appointing power among racial groups remained unsolved at the conclusion of the conference. Among these were the problem of safeguards for India's defense and finances.

While MacDonald reaffirmed the Socialist government's program of last January for an all-India federation as offering the only hopeful solution of India's constitutional problems, the conference ignored completely every one of Gandhi's demands. This was interpreted to mean that the Indian Nationalists would begin all over again their fight for independence.

MacDonald announced the work of the conference would be continued through a committee. It dismissed the Indians that they themselves must come to an agreement on the problem of representation for minority groups.

The time minister pleaded with the dissatisfied Indian Nationalist not to give up hope for conciliation.

CHRISTIAN SCIENCE CHURCHES

Amment and Modern Necromancy, Altes Mesmerism and Hypnotism, Demons, was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 29.

The Golden Text was from Jeremiah 29:13. "Thus saith the Lord of hosts, the God of Israel: Let not your prophets and your diviners, that be in the midst of you, deceive you, neither hearken to your voices which ye say unto one another, 'The Lord is here, the Lord is there.' For ye prophesy falsely, and ye say in my name: I have not sent you."

The situation which surrounded the Lesson-Sermon was the following from the Bible: "Benedictus in the evening, when the Lord came to preach shall find watching and waiting for him, and he will come and save them." (Luke 12:37)

The Lesson-Sermon also included the following messages from the Holy Bible: "The Lord is here, the Lord is there," by Mary Baker Eddy; "The Lord is here, the Lord is there," by the same author; "The Lord is here, the Lord is there," by the same author.

Rotarians Hear County's Nurse Talk On Health

(Continued from Page One) members of the Sanford Rotary Club, were attending their first meeting.

Dr. C. M. Pease of the State Board of Health, who will Thursday administer the Echick test to Seminole County children, preceded Mrs. Lamb as speaker, and explained in brief form the nature and scope of the work done by his department, especially that relating to hookworm and malaria treatment. He favored the establishment of a county health unit here, as did Dr. R. E. Stevens and Dr. S. P. Puckett, who spoke after Mrs. Lamb.

Mrs. Lamb's talk to the Rotarians in part is as follows: "This is my third year as school nurse and instead of making progress in these years it seems to me that I have merely gone over the same ground every year. For example: In September 1929, 311 pupils were tested and found to have hookworm and were treated; in September 1930, 328 were tested, found positive and treated. The same thing is occurring again this year, proving that instead of preventing, practically all we are doing is giving temporary relief. These children get re-infected year after year—at least a large number of them have to be re-treated. The same thing holds true of malaria. In the last nine months 23 cases have occurred in this county from malaria. The cases mentioned are of those who cannot or will not have medical aid.

"Last year I visited 108 families, 32 of those families having no sign of a toilet, 44 had very inadequate outhouses, which were very poorly cared for, and in most of these families there were a great number of children. Hardly a healthy environment in which to live.

"Here, again it seems to point to the lack of education. I have visited homes in this county where no attempt had been made to prepare for a new arrival; these parents do not know the first thing about asepsis. And for proper care before the arrival, they know nothing of this important fact.

"A County Health Unit has many advantages over the inadequate system now in vogue in most counties. Some of the advantages of such a system are: First, instead of having a nurse merely inspecting school children, we would have a well qualified physician to examine and detect any symptoms of incipient diseases, such as heart trouble, tuberculosis, and the like.

"Second, the nurse would be free to make many more home visits, get better acquainted with the parents, the young children and the environment, and notify the county health physician of expectant mothers, etc.

"Third, the careful medical examination of pre-school children with the possibility of follow-up work would insure the correction of many defects of the children before enrollment in the schools, and this would give the children a much better start on a school career. In many cases it would mean that the child would not be an impediment to his associates and a liability to the school, but would be able to contribute his full share to school life. Average attendance in the schools would be very much enhanced, and this would result in a distinct financial advantage.

"Fourth, instead of a discouraging, disheartening and very inadequate program, we would enjoy the consciousness of saving our county in a really efficient manner through the operation of a well-rounded program.

"Now, of course, one of the first questions that will arise is, how much money will this unit cost? The following calculations have been worked out, so as to approximate cost: Doctor, \$2000 per year; sanitary inspector, \$1800; nurse, \$1500; clerk, \$800; drugs, \$300; car expenses, doctor, \$600; car expenses, inspector, \$600; car expenses, nurse, \$600; a total of \$8100.

"Of this total the county will pay \$6000 and the state \$2300. Of county appropriation, the school fund could pay \$1800, leaving a balance of \$4200 to be raised by a county levy of about three quarters of a mill. Surely the better health of Seminole County is worth this much."

CHRISTMAS PARTY PLANS

Plans for the annual Christmas party and tree will be discussed at the meeting of the South Side P. T. A. which will be held tomorrow afternoon at 2:45 o'clock at the school auditorium. Invitations to the coming of Christmas, the members of the Fourth Grade will present a Thanksgiving play. Proceeds from the meeting will be used for the benefit of the school. Invitations to the party will be sent to the homes of the members of the P. T. A. office at the school.

SCIENCE TEACHER DROWNS

PANORAMA, Va., Dec. 2.—(A.P.)—The body of David P. Collins, science teacher at the high school here, was found yesterday. Death was due to accidental drowning.

"SHOOTING" WITH CAMERA

With a simple pistol grip, like that shown above, the camera can be aimed and the shutter operated with one hand, leaving the other free to manipulate the flashlight or do some other job. The handle holds the camera in two positions and has trigger action on cable release button. The grip is made of birch or walnut, at least one inch thick, with holes for bolting on the camera.

14 IN VANGUARD OF HUNGER ARMY GIVEN MAXIMUM OF LAW

WASHINGTON, Dec. 2.—(A.P.)—Fourteen demonstrators—a self-announced vanguard for 1500 enroute to the capital—yesterday received maximum sentences for unlawfully parading before the White House last Friday.

After a three-hour trial in a crowded courtroom, Judge Isaac R. Pitt, of the District of Columbia police court found the whole group, including five negroes and one white woman, guilty. He sentenced each to \$100 fine or six months in jail.

Immediate notice of appeal was given by Charles E. Ford, defense counsel, and bond was fixed at \$500. Ford's plea that only the acknowledged leaders of the group be held responsible for lack of a parade permit was disregarded.

Albert Daniels, 24, of West Springfield, Mass., and Bill Phillips, 12, of New York City, testified they led the march and made application for a permit.

They said their purpose was to give President Hoover a pillbox containing food, clothing and shelter for the destitute enroute on their way to Washington and expected Sunday or Monday.

NEW CODE FOR SPAIN ADOPTED BY ASSEMBLY

(Continued from Page One) in a regime of liberty and justice." The constitutional changes were part of the radical Republican and socialist plan to "make Spain from the ground up" after the overthrow of Alfonso, XIII.

The new fundamental code separates church and state, provides for expulsion of certain religious orders, and rigid control over others. It makes divorce legal in Spain, after centuries of anti-divorce laws. It grants women suffrage. It places education under the control of the state, instead of the church.

The Catholic agrarian party and others of the extreme right already have begun a movement to repeal the constitution, which was formulated by a socialist-controlled assembly.

"We disapprove of the constitution," said Deputy Buena of the Catholic agrarian group, "and expect to start a revision campaign as soon as the instigement is finally adopted and the government grants us the right to campaign."

The decision to elect a constitutional president, to succeed provisional President Manuel Azaña, on Dec. 8, was reached at a cabinet meeting. Former President Alcala Zamora also attended the meeting. It was understood the assembly members had agreed almost unanimously to vote for him for president.

Convicted Members Of Capone Gang To Be Separated In Jails

WASHINGTON, Dec. 2.—(A.P.)—The government moved today to separate convicted members of Chicago's Capone gang and ordered Ralph Capone, brother of Al, transferred from the United States penitentiary at Leavenworth, Kansas to the penitentiary at McNeil Island, Washington.

Ralph was taken to Leavenworth recently after the Supreme Court refused to review his conviction for income tax law violations. Other members of the Capone gang are at Leavenworth. The government decided it would be better to prevent communication between the Capone and members of other gangs. Al Capone, leader of the gang, is in jail in Chicago awaiting the outcome of an appeal from his heavy sentence for violation of income tax laws.

Scamanship Course Available To Youths

Seminole County boys who have visions of becoming soldiers, sailors, or marines in later life may be interested to learn that in order to interest them in the advantages offered by the United States Merchant Marine as a career, boys between the ages of 10 and 21 years and residents of this state, who send in their application to the American Naval Academy, Washington, D. C., will be given a course in nautical instruction in their own home by mail.

There is no tuition charge for any of the courses offered by the Academy, which is the National Training School for merchant marine officers. The instruction includes, in so far as it is possible to teach them by mail, the following subjects: General characteristics of ships; daily routine and duties in connection with life on board ship; use of life buoys; first aid; signals, international and Morse code; the compass, log, and lead; ground tackle and deck seamanship; duties of lookout; the watch in port and at sea; cordage, boats, types, nomenclature, gear and duties of a boat-keeper.

Inland waterways carry 2% of America's freight.

Any Eijian known to wear shoes is not out of the tribe.

Irving Bach Says U. S. Is Challenged By Unemployment

NEW YORK, Dec. 2.—(A.P.)—The present unemployment problem furnishes a challenge to American industry, Irving Bach, president of the Bush Terminal, said. He said indications of improvement in some lines now and if we were in the same position we were in a quarter of a century ago, we might go on from here, however, we are so closely knitted in a financial and business way with Europe that our progress out of the present slump will depend in a large measure on Europe's advance.

But we will have other periods of unemployment and the time to prepare for them is now.

Youth, Shot By Vice Crusader, Is Worse

CHICAGO, Dec. 2.—(A.P.)—Herbert Knoll, 15-year-old boy, shot Sunday night by Daniel Gillick, liquor and vice crusader, was in a critical condition and has only a slight chance for recovery, it was announced today. Gillick is charged with having shot the youth on the roof of another boy's house. He had been held without bail since the shooting. Plea for Gillick's release on bail was refused yesterday. Assistant Attorney Malachy Coughlin and "We are holding this man because while in an intoxicated condition and without cause or provocation he shot and severely wounded a boy who went to help him." Gillick denied he was intoxicated and said he had the boy in self defense, as the two youths tried to build him up.

W. W. Barbour Named Tomorrow's Successor

TRENTON, Dec. 2.—(A.P.)—W. Warren Barbour, former mayor of Sumner and wealthy thread manufacturer, was appointed today by Governor Morgan Larson to succeed the late Dwight Motzinger as United States senator from New Jersey. Governor Larson said the commission will be issued today and he assumed that Barbour would go to Washington to be sworn in Dec. 7. Barbour is 43, a Republican, and once was champion heavyweight boxing champion of the world.

Southern District Has More Business Says Bank Report

ATLANTA, Dec. 2.—(A.P.)—Retail trade in the eighth federal reserve district increased during October over the gain usually recorded for the month, the current report of the federal reserve bank here shows.

The increase was given at 32.7 percent as compared with 29.8 percent last year and 23.6 for 1930. Price comparisons were not taken into account, however.

There were further increases in October over September in the volume of trade at both retail and wholesale, the report said, "and in volume of bank deposits at reporting cities of the district, but all these measures of business activity continue lower than at this time last year."

Imports, both domestic and foreign, declined, but outgoing federal reserve bank credit for the Atlantic bank reached the highest level of any date in three years on Oct. 31 because of increases in discounts and in holdings of purchased bills. On Nov. 11, it was only slightly lower than on Oct. 31.

The November estimate of the cotton crop increased, but the total crop estimated for the district was 3.5 percent smaller than in 1930.

The single federal reserve district is made up of Alabama, Florida, Georgia and parts of Tennessee, Mississippi and Louisiana.
