Britain To Accept Indochina Regime; U.S. Okey To Follow

Acheson Tells Congress Korean Aid Is Responsibility Of U. S. Government

Hearing Is Held By ICC On Barge Line Application

Marine Transportation Co. Seeks To Transport Freight

LONDON, Jan. 30—(UPI)—Britain will announce recognition of Bao Dai's regime in Indochina in the next week or so, diplomatic officials said today.

Parallel action probably will be taken by the United States soon afterwards, these sources said.

British recognition of Bao Dai will be de facto—an acceptance of the fact that his regime exists.

Full—or de jure—recognition will be given only when the British are satisfied that the newly formed regime can cope with the national revolutionary movement which has torn Indochina ever since the Japanese occupation.

This country promised France last year that it would recognize Bao Dai's government after the French parliament formally ratified the March 1949 accord between the IndoChinese leader and Vincent Auriol, President of the French Republic.

That accord was ratified by the national assembly yesterday after bitter debate.

It gives Viet-Nam, Laos and Cambodia the three states which make up Indochina full internal autonomy but reserves defense and foreign affairs matters to be decided by a joint IndoChinese-French high council in Paris.

American recognition of the new state was foreshadowed Friday by Dr. Philip C. Jessup, Ambassador at Large, who sent a goodwill message to Bao Dai.

In Washington, Secretary of State Acheson told Congress today that to stop economic aid to Korea now would be "most unfortunate." He said it would affect not only that young postwar republic but all of southeast Asia.

"It is safe to say," the Secretary continued, "we must

HEIL HITLER

HAMBURG, Germany, Jan. 30.—(UPI)—Metal Nazi swastikas about the size of a nickel were scattered from a speeding automobile through the Hamburg business district today—the anniversary of Adolf Hitler's proclamation as Reichskanzler in 1933.

Hitler's anniversary took place in Hamburg and Nazis. Police speculate that it was the work of a small underground movement.

One of several new and attractive homes in Oviedo is the residence of Mr. and Mrs. Charles Noback on the Sanford road. A white stucco finish and concrete block construction, it is located on a 200 foot plot of well-shaded ground. The living room is 16 by 24 feet

in size, and has a large dining room addition. There are three large bedrooms, a den, utility room, kitchen and a left rear porch garage. Mr. Noback is a progressive lumber grader and shaper and both he and Mr. Noback are active in their community life.

Roving Pickets Help Swell Strike Rank, President May Act

WASHINGTON, Jan. 30—(UPI)—The White House checked today on the number of coal miners at work and there were reported to President Truman was ready to act quickly if strikers do not go back to the pits. At a forenoon news conference, Chairman Presidential Press Secretary, said "I can't answer anything at the moment." He said Mr. Truman had nothing to add to what he has already said about the coal situation. The President has repeatedly said he would step in if the situation required action from him.

PITTSBURGH, Jan. 30—(UPI)—Hundreds of roving pickets helped swell the number of striking coal miners to 88,500 today as the "no contract no work" strike surged into its fourth week.

Last week about 88,000 of the nation's 400,000 soft coal diggers refused to work until they get a

Testifying at the hearing thursday were Mr. Willis, Mayor Andrew Carraway and City Manager Clifford McKibbin.

Due to the fact that all coal miners representing the opposition to Mr. Willis had not been notified in time, the amendment to his request to operate an independent bridge between here and Jacksonville was withdrawn by him for the present time.

Mr. Willis testified that he had been in motor transport work for 40 years, that he had been authorized to operate as a common carrier, Aug. 19, 1949, and prior to that had been a contract carrier. At present he revealed that he is transporting 8,000 tons monthly northward from Florida and 2,500 tons south. His barges also transport 10,000 automobiles a month from Norfolk, Va., to Jacksonville.

He also stated that he could operate northward from Sanford

Louis B. Reynolds Dies At Kader Home

Louis B. Reynolds, son-in-law of Mr. and Mrs. William E. Kader, died at their home, 2659 Palmetto Avenue, yesterday at 4:00 A.M. following a short illness. He was 51 years old.

Formerly a watch maker with Wm. E. Kader, Jeweler, Mr. Reynolds was born in Selma, Ala., Jan. 12, 1898. Three years ago he and Mrs. Reynolds moved from Sanford to Magdalena, N. Mex.

They were on a visit to Sanford.

Survivors include the widow, former Margaret Kader; one son, Louis B. Reynolds, Jr., student at the University of Florida; his parents, Dr. and Mrs. W. J. Reynolds of Selma; three brothers, W. J. Reynolds, Jr., brother; Arnold A. and Douglas Reynolds, all of Selma; three sisters, Miss Olive Reynolds, Selma; Mrs. Hudson Head, and Mrs. Ross Morrison of Washington, D. C.

He also stated that most of the funeral services Tuesday afternoon in the Episcopal Church there, which he was a member. Interment will be made in the family plot in Selma.

March Of Dimes Dances Slated Tonite

Alvin Odham, Seminole County chairman of the March of Dimes campaign for the Infantile Paralysis Fund, today called attention to the two dances which will be held at the Armory and at the Mayfair Inn tonight for the benefit of the polo fund, and urged everyone who could possibly do so to attend as practically the entire proceeds of the dances will be devoted to the March of Dimes.

The huge total piece was contributed by the people of Alva.

Survivors included the widow, former Margaret Kader; one son,

W. J. Reynolds, Jr., student at the University of Florida; his parents, Dr. and Mrs. W. J. Reynolds of Selma; three brothers, W. J. Reynolds, Jr., brother; Arnold A. and Douglas Reynolds, all of Selma; three sisters, Miss Olive Reynolds, Selma; Mrs. Hudson Head, and Mrs. Ross Morrison of Washington, D. C.

He also stated that most of the filling stations in Sanford have agreed to contribute one-half a gallon of gasoline each at their stations tomorrow, and urged everyone they could tomorrow receive as much benefit as possible from this source.

Pointing out the enormous cost of treating a case of polo, Mr. Odham said that few persons in the entire community are in a position financially to bear the expense of a single case alone and unaided when polo strikes, and added that only if everyone sticks together and supports the March of Dimes can the polo problem be met.

WINDSORS IN FLORIDA

NAHANT, Ga., Jan. 30—(UPI)—The Duke and Duchess of Windsor arrived here today on a four-week vacation which will carry them to Mexico.

They chatted with reporters and townpeople as 60 pieces of luggage were transferred from the train to a truck. Then, with a Georgia state police escort, they drove in a station wagon to the Horseshoe Plantation of Mrs. George Baker at Tallahassee.

The ex-King of England and his American wife arrived at this small south Georgia town in a private railroad car.

"A Night of Men" Picture

By GENE COOPER

HOLLYWOOD—The "King of Men," Kirk Douglas, was invited to Bell Ball of 800 Hollywood correspondents on Wednesday, Jan. 26, to present his motion picture, "What Do You Think Was the Best Movie of 1949?"

The picture received 20% votes, (A few correspondents split their votes between two pictures.) Next came "Twelve O'Clock High," with 7%, and "The Heiress," with 7%.

Preponderant choices for best acting honors in the poll are:

Starring actor: Broderick Crawford; "All the King's Men," 34 votes. He was followed by Richard Todd in "The Heart's a Heart"; and Kirk Douglas in "Champion," 11.

Starring actress: Oliva de Havilland in "The Heiress," 40 votes. Next were Susan Hayward in "My English Heart," 12, and Deborah Kerr in "Edward, My Son," 11.

Supporting actor: Dean Jagger in "Twelve O'Clock High," 10 votes. Cleo Sarelle was third in "All the King's Men," 40 votes. Following her were Ethel Waters in "Pinky," 6, and Judy Holliday in "Alfred's Bill," 3.

The poll, the first of its kind ever made here, may be a forecast of the Academy of Motion Picture Arts and Sciences awards Mar. 23.

Eight of the 80 respondents said they didn't see enough pictures last year to form opinions.

Best picture tallies included

"Champion," 6; "A Letter to Three Wives," 4; "Sands of Iwo Jima," 3%; "Home of the Brave," 2%; "The Heart's Lost Boundaries," 2%; "The Heart's Heart," 2%; "Battlefield," 2%; "Come to the Stable," 1%; "One Come to the Stable," 1%; "The Blue each went to "Custer," "The Blue and the Gray," "The Bicycle Thief," and "The Shoes." "The Window," got 1%.

Jeanne Crain received four starring-actress votes for "Pinky."

The Woman's Auxiliary of Holy Cross Episcopal Church will meet tonight at 8:00 P. M. in the Parish House. On the program will be a panel discussion of the work of the church in the community. Those taking part in the discussion will be Mrs. Randall Chase, Christian Education chairman; Mrs. Troy Ray, Judge Douglas Stenstrom and the Rev. H. L. Zimmerman. All parish members are invited to attend.

Other supporting actress votes

included two each for Ethel Barrymore in "Pinky," Lenore Ulric in "The Dust" and Celeste Holm in "The Past."

In addition to his 12 starring-actor votes for "The Heart's Heart," Todt got three as a supporting actor for the same role. Other supporting-actor tallies: Robert Keith as Susan Hayward's father in "My English Heart," 5; Paul Douglas in "A Letter to Three Wives," 3; James Edwards in "Home of the Heart," 2. One vote each to the Rev. H. L. Zimmerman, Frank Lovejoy in "Home of the Brave," Paul Stewart in "Champion," Louis Calhern in "The Red Danube."

USHERS HONORED
The Ushers of the Church of God, Hickory Avenue and Fifth Street, was highly honored on Sunday, Jan. 29, by Mrs. Maggie Brantley at her spacious home, 121 East Seventh Street. The ushers gathered at the appointed time where Mrs. Brantley had in readiness her beautiful lawn arranged with tables to accommodate those that was present. The tables were decorated with beautiful floral.

The purpose of this gathering was to encourage the ushers in their efforts. Expressions of gratitude was given to Mrs. Brantley, after which the hostess served a delicious course of ice cream and cake. When everyone had finished they all motored over to the home of little Ralph Walker, Goldsboro, who is ill and presented him a lovely bouquet of flowers and offering.

SERVICES AT ST. JAMES A.M.E.

The Ushers Board of The Church of God, Hickory Avenue and Fifth Street, met Saturday night, Jan. 29, with the president and all officers present and on duty. The meeting opened with much inspiration being exemplified. The president then gave many encouraging words to the group which served as food for thought.

A wonderful thought came to the president which she presented to the board, and that was to present gifts to those having birthdays in the month of January.

It was thought was immediately put into action and at the close of the meeting gifts were presented by the president to the following: Little Barbara E. Francis, Gloria Embanks, Masters, Anthony Brown and Ralph Walker. The Ushers wish to express their prayers and wishes to those who are sick wishing for them a speedy recovery.

Services Held For August Lindgren, 84

Private funeral services were held at Erickson Funeral Home at 2:00 P.M. today for August Lindgren, 84-year-old resident of Plantation Estates, who died last week following a two month's illness. Rev. H. L. Zimmerman officiated and burial was made in Evergreen Cemetery.

He had lived at Plantation Estates for the past year and was a member of the Swedish Working Men's Association of Providence, R. I. He came to Florida from Barrington, R. I.

He is survived by two daughters, Mrs. Harry Whewell and Miss Mabel Lindgren of Plantation Estates.

Coal Strike

(Continued from Page One) contact. The number of idle grew despite a White House hint that increased coal production could help stave off presidential intervention.

The strike doubled the number of stay-at-home miners in West Virginia. That state, biggest coal producer, counted 20,000 out of the pits out of 110,000.

In Pennsylvania, the number two coal state, 51,300 out of 100,000 soft coal mines are refusing to work. The State Department of relief applications are mounting swiftly in coal producing counties.

Several mines that were closed last week in Kentucky and Alabama were able to reopen. Alabama listed 8,000 miners idle out of 18,000 and Kentucky said only 200 diggers are taking part in the work stoppage.

The strike spread to Illinois where the 1956 disturbances first started Jan. 3. About 275 UMW miners walked out on strike of the Peoria Coal Company, saying they would not return until a contract calling for five day weeks is signed. The nation's miners are now on a three day week on Lewis' orders.

About 10,000 Illinois UMW miners skipped work the first week in January. They returned to the pits Jan. 9 on orders of Hugh White, state UMW president.

Meanwhile Federal and state mediators in informal talks sought a resumption of negotiations in the Chrysler strike today.

No date was set, however, for the resumption of talks between the motor firm and the striking CIO United Auto Workers union.

The walkout, with a pension plan or wage increase at issue, began last Wednesday. A total of 120,000 workers, 80,000 from Chrysler, have since been killed.

Philip Willis of the Michigan labor mediator said he had no way and union officials had been contacted separately. Therefore, he indicated a resumption of talks has not been "timely."

The union, meanwhile, has ordered an assessment of \$1 a week against its members not involved in the strike.

The assessment, to be started if the strike runs more than two weeks, will bring in approximately \$850,000 a week and can

(Continued from Page One) with a minimum of 300 to 600 tons. It takes a barge about 14 hours to go from Sanford to Jacksonville, he stated, a distance of about 100 miles.

Mr. Willis also revealed that he intended operating barges to serve the Hudson Pulp and Paper Co., Palatka.

Major Caraway revealed that the City had long been interested in the problem of promoting river traffic into Sanford, and revealed that a survey had been made in regard to its potentialities.

Mr. McKibbin told the group that the warehouse owned by City located on the lakefront and formerly used by the Winn-Lovett Grocery Co., would again be usable for water transportation unloading and limited storage if piling and decking were repaired at the cost of about \$8,000. He declared that freight, up to about 500 tons at a time, could be handled there.

Among those present at the hearing were W. F. Ackerman of National Gypsum Co., Buffalo, N. Y.; T. Collier of the Hudson Pulp and Paper Co.; W. C. Hutchinson, industrial traffic manager for Sanford, and Edward Higgins, manager of the Seminole County Chamber of Commerce; D. B. Dublin of the Atwacoal Transportation Co.; Jacksonville; Dan R. Swarts of the Jacksonville Warehouse Association; W. T. Wolf of the St. Johns River Lines; L. G. Hodge, president of the Norfolk Southern and Carolina Line and Mr. E. S. Swanson, manager of the Orlando Industrial Development Board.

man. He also will get the views of the men in Congress who have given most study to atomic matters.

Then the whole question will be in the President's hands.

Asked about the bomb at a news conference last Friday, Mr. Truman said the decision as to whether to develop the weapon must be made by the government, and he has not yet made it.

One member of the Senate-House committee already has come out publicly for an attempt to make the bomb. He is Senator Connally (D-Tex.) who is also chairman of the Senate Foreign Relations Committee.

In a week-end statement, Connally said "we want to preserve the peace of the world and the hydrogen bomb will serve that cause just as the atom bomb has done since it ended the war and gave us peace."

David E. Lilienthal, chairman of the Atomic Energy Commission made it clear at a news conference earlier in the day that the issue is not a simple one.

He compared it to the problem of the average man debating whether to buy a new automobile. There are many factors to take into consideration, including whether the money could better be spent in other ways.

McNamara's statement used the term "hydrogen bomb" for the first time in any announcements from his committee.

He gave reporters this statement:

"The committee met and discussed the matter of atomic weapons, including the subject of the so-called hydrogen bomb. The committee took no vote or action but will meet tomorrow afternoon for further deliberations.

Meanwhile, Mr. Secretary W. Studdard Thompson disclosed today that President Truman has selected a Defense Department recommendation for use of government funds to do pioneering work in development of transport aircraft.

The proposal called for the government to bear the expense of developing two low cost, long-range cargo or transport aircraft. The idea would be to have the prototype ships ready for copying if more were wanted.

One of the planes would be best suited to military needs and adaptable to maximum utilization by the civil air transport industry. The other would be best suited for commercial transport and adaptable to maximum military use in case of war.

run for 12 weeks.

Money collected under the levy must be used "exclusively for relief of strikers and their families or for expenditures related to the conduct of the strike."

Such assessments can be ordered only by the UAW's executive board whenever 50,000 or more UAW members are on strike or affected by a strike.

The strike concluded nearly eight months of negotiations over a pension plan. The UAW wants 10 cents an hour in either a wage boost or a pension system.

Miller Says His Company Favors River

Plymouth Citrus People Prepared To Ship 1,000,000 Cases Of Canned Fruit

Dr. R. L. Miller, representing the Plymouth Citrus Growers Association, testified yesterday at the ICC hearing at the Mayfair Inn that his company is prepared to ship 1,000,000 cases of canned citrus a year from Sanford via the St. Johns River if barge facilities are established.

The testimony was given at the hearing at which C. G. Willis sought authority to operate a barge line on the river between Sanford and Jacksonville to supplement present shipments between Jacksonville and Trenton, N. J., and other northern ports. It was conducted by S. R. Diamondson, I. C. C. examiner, and was not concluded until 11:00 o'clock last night.

Dr. Miller revealed that his organization is now trucking canned citrus to Tampa for shipment by water, but pointed out that Sanford would be but 20 miles truck haul for the shipments as compared to a 100 mile haul to Tampa. He estimated that shipments from here would, if established, amount to more than 2,000 tons a month.

Search Pilot For Visiting Japs In Missing C-54 Is Boston Are Given Dual Treatment

Snubbed By Council Diet Members Wel-Comed By Senate

BOSTON, Jan. 31 (AP)—An heroin search pilot, his face broken and bloody, fought through deep snow and tangled forest late yesterday to report his plane had crashed 21 miles to the south. Three of the men he left behind were injured. He said the two others were "all right."

The U. S. Air Force C-47 went down while engaged in the north country—greatest aerial mercy mission—which dropped from eight last Thursday with 44 persons aboard.

Charles R. Harden, pilot of the C-47 which arrived here Sunday from Elmendorf Field, Anchorage, Alaska, was brought in last night by two civilian employees of the U. S. engineers. They picked him up on the narrow Caucasus Road 21 miles below this principal Yukon air base.

"My plane is down," he weakly told the officials. He placed the crash scene as five miles east of the spot where he was found. A ground rescue crew headed by Lt. Edwin Gulinski, Camp Carson Colo., left immediately for the Yukon air base.

All Time High Set In Tax Collections

Seminole County property owners paid \$439,663.98 on 1949 taxes during the months of November and December, 1949 and received the legal discounts allowed during the months, John Galloway, collector, announced today.

These payments set an all time high mark for the months of November and December and the paying started in discounts the sum of \$17,995.70.

The total payments in November and December represented 71.5 per cent of the entire tax bill for 1949 as compared with 68.8 per cent on the 1948 Tax Bill. When the accounts for 1948 were closed, however, 69.6 per cent of the 1948 was collected, leaving only 0.6 per cent to be charged off due to double assessments, errors and insolvencies.

CITRUS PRICES

TALLAHASSEE, Jan. 31.—(AP)—The Florida Citrus Exchange said today it received 15,971 1/2 carats a day for all oranges sold last week to Snow Crop Marketers, Inc.

That is the top price the big concentrating firm has paid the exchange so far this season. They have a contract for about two million boxes for which the price is set at the end of each week according to the current open market price. The contract specifies a minimum of \$1 a box.

The exchange has not received new money since proceeding to Snow Crop since then.

LAW BIDS

TALLAHASSEE, Jan. 31.—(AP)—Apparent low bids totaling \$8,864,427 for 68 miles of road and bridge improvements were received by the State Road Department today.

The projects for which bids were received are located in DeSoto, Orange, Hillsborough, Polk, Marion, Putnam, Sumter, Columbia, Okaloosa, Walton and Pasco counties.

Brannan Asks Congress For Help On Spuds

Truman Adviser Says Destroying 50 Million Bushels Is Cheapest Way Out

WASHINGTON, Jan. 31 (AP)—Secretary of Agriculture Brannan proposes to destroy around 30,000,000 bushels of surplus potatoes unless Congress instructs him to make some other disposition of them.

This is the quantity of surplus potatoes the Department figures it will be unable to dispose of through give away programs to domestic and foreign relief, the school lunch program, and diversion to livestock feed and manufacture into starch.

The potatoes are being bought by the department at prices averaging above \$2 for 100 pounds under a price support program.

Brannan was expected to outline his plan before a closed meeting of the Senate Agriculture Committee this morning.

A Brannan assistant said the Secretary was prepared to avoid that destruction of the potatoes was the "cheapest" way out for the government.

The surplus potatoes could be used for making alcohol, but processors would take them only if the government paid the freight from areas of production to plants. That would cost the government about \$15,000,000 in excess of the purchase price.

The department also continues to offer the potatoes to relief agencies free of charge, at point of storage, as long as there is a demand for them.

It also will continue to offer potatoes for commercial export at one cent for 100 pounds, packed at points of storage.

Latest estimates indicate the government may lose upwards of \$100,000,000 on surplus potatoes from last year's crop. It has risen to \$260,000,000 on the 1948 crop.

The department has called upon growers to plant about 8 percent fewer acres this year than last year. This cut in acreage is designed to bring production more nearly in line with consumer de-

Board Of Fact-Finders To Make Recommendations Before End Of Sixty Days

WASHINGTON, Jan. 31.—(AP)—The government's top economists met today with the leaders of the communications workers. Their talks were aimed at heading off a nationwide telephone strike called for Feb. 8. William N. Marshall, attorney adviser to and Peter Meltz, general counsel, represented the Federal Communications Service. They held in hour-long session with President Joseph A. Eisinger, in charge of the communications workers.

WASHINGTON, Jan. 31.—(AP)—President Truman today called for a 70-day truce in the coal mining dispute while presidential fact-finders investigate.

He proposed to set aside the union-backed Taft-Hartley act, following the same pattern he used in last year's steel strike.

In messages to the United Mine Workers and leading operator George McFadden, he asked that they ever to.

Seventy days of talk and prodding followed.

An investigation by a presidential board of three which would be under instructions to make recommendations within 10 days for settlement of the mining contract dispute.

Neither side would be bound to accept the board's recommendations.

The President asked for replies to his proposal by noon Saturday, Feb. 4.

Mr. Truman stepped into the situation as the number of coal miners now idle rose to over 100,000. The other 300,000 miners are working only three days a week.

He proposed come-out 24 hours earlier than Lewis, head of the United Mine Workers, to renew talks and negotiate a wide ranging and modest miners' claim.

Mr. Truman's plan to his surprise

found little favor in the unions, but the miners' leaders were not so sure.

Reverend Father Antoninus Pallotti, the saint of the 10th century, was beatified in Rome.

He was canonized by Pope Pius XII.

WASHINGTON, Jan. 31 (AP)—President Truman today directed the Atomic Energy Commission to work on the "so-called hydrogen or super bomb."

He said in a two paragraph statement that he has ordered the AEC to continue work on all forms of atomic weapons, including the super bomb, because of his responsibility "to see to it that our country is able to defend itself against any possible aggressor."

He added that this work will be pursued on a basis consistent with American plans for peace and security.

The development of atomic weapons is to continue, the President directed, "until a satisfactory control of atomic energy is achieved."

This is the statement launching the government officially into a race for a new weapon perhaps as much as 1,000 times as powerful as the original A-bomb.

It is part of my responsibility as commander-in-chief of the armed forces to see to it that our country is able to defend itself against any possible aggressor.

Accordingly, I have directed the Atomic Energy Commission to continue its work on all forms of atomic weapons, including the so-called hydrogen or super bomb. Like all other work in the field of atomic weapons, it is being and will be carried forward on a basis consistent with our peace and security.

PARIS, Jan. 31 (AP)—The French national assembly today approved a record budget for 1950 and gave Premier Georges Bidault, vice-chairman of confidence.

The budget was reported officially as 100,676,251, the widest margin in Paris in a series of 10 confidence votes on his budget policies upon which he stood for three months old government.

During nearly four hours of debate, the assembly voted 491 to 112 in favor of the budget, which was adopted by a vote of 100 to 251.

It was the first budget without a coalition of all parties, without a majority of the Assembly.

During nearly four hours of debate, the assembly voted 491 to 112 in favor of the budget, which was adopted by a vote of 100 to 251.
