

SANFORD CITY GROWING IN RAPID BUT THRIFTY MANNER

NEW BUILDING RECORD BREAKS ALL PRECEDENTS

HOME PEOPLE CONFIDENT

ARE INVESTING THEIR MONEY IN THE CITY OF THEIR FAITH AND HOPES

That Sanford is growing into a real city is apparent to any one taking a short drive over the city and noting the signs of prosperity on every hand in the shape of new dwellings and store rooms.

Magnolia avenue and Palmetto avenue seem to be in the lead in the matter of new dwellings, although the building fever seems to be prevalent in all parts of the city and wherever the eye can reach new buildings are starting.

Magnolia has taken a start that will carry this street ahead rapidly and from First street to Tenth street will soon be an unbroken front of fine residences.

At the present time there are no less than a dozen new homes either just started or nearly completed on Magnolia and the past six months have seen about that many more until at the present time there are but one or two vacant lots on this beautiful avenue.

Palmetto avenue has almost as good a record for fast growth and about six new houses are building on this street and over a dozen have been built in the past six months.

In this business portion there will soon be an added activity and there will be several fine business blocks built during the early spring and summer.

J. Musson has just finished several nice store rooms near the union station and will rent these out and also sell them to investors.

Frank Woodruff who has faith in the future of Sanford will build another block this time on the corner of Commercial street and Park avenue. The building will be 64x100 feet and will be brick two stories in height. The first floor will be occupied by a grocery and the upper rooms will be fitted up as offices.

Mr. Woodruff has also purchased the lot of the Sanford House property on First street next door to his present new block and will tear down the frame stacks that now adorn the premises and build two nice store rooms. Being in the very heart of the city these rooms should be filled by desirable tenants all the time and Mr. Woodruff is making no mistake in this enterprise.

T. J. Miller has purchased the lot for between his Imperial Theatre building and the John Miller building on Magnolia avenue and will build store rooms on the site during the summer.

Several other Sanford business men are contemplating building in the business portion of the city, thus demonstrating their absolute faith in Sanford. The very best demonstration of the solidity of any growing city is the faith of her citizens and the fact that our home people are doing all the building is proof sufficient that we are a power within ourselves and the city will become great through that faith.

Geisel's Lecture Called Off

A telegram received in the city Thursday a. m. calling off Dr. Geisel's lecture for this (Friday) evening, because of the illness of Dr. Geisel has occasioned much disappointment. The lecture was widely advertised, so the disappointment reaches a large class of people. Dr. Geisel's telegram states that she is voiceless with an attack of laryngitis, and that she is unable to give the lecture. There is every reason to believe that the lecture will be given at a later date, notice of which will appear in The Herald.

In Musical Circles

Church of the Holy Cross (Episcopal)—Morning services, Benedicite, Hallel; offertory, L. Rest in the Lord, Mendelssohn, Mrs. George Hoy.

Congregational—Morning offertory, violin solo, Mrs. L. W. Brady; evening, prelude and postlude, Church Orchestra; offertory, Consider the Lilies, Gopff, Miss Aspinwall.

The next rehearsal of the Lod Folks Concert by the Young Folks of the High School will be held next Wednesday afternoon at 2 o'clock in the High School Auditorium.

The next rehearsal of the Sanford Quartet will be held Tuesday evening at Phillips Studio.

Cooked food on March 21st, under the auspices of the Ladies Union, Congregational church.

SANFORD GROWERS PROSPEROUS AND MAKING GOOD THIS YEAR

LETTUCE AND CELERY HAVE NETTED GOOD RETURNS

SALES MADE HERE

GROWERS HAVE NOT TRUSTED TO FLUCTUATING MARKETS BY CONSIGNING PRODUCTS

The Sanford section will probably make more money from vegetables this season than any other section of the United States. Taking a general average of what has already been marketed and what will be marketed to spring crops and add to these the hay and corn crop and the figures would be most startling.

The lettuce was the first pay streak to be struck and started off with an agility that was most agreeable to the growers and kept up the gait through the season. Only once was there a lull in the market during a few days of very warm weather, but Hieser's advance brought in the first again and the market advanced saving the growers a bunch of money.

Lettuce is selling here for \$2.50 per crate and several growers sold lettuce this week for \$1000 per car. A grower yesterday offered \$5,000 for five acres of lettuce and is in no hurry to accept the offer, which demonstrates more than any other one thing that the Sanford growers have the vegetable market down to a fine point and the demand is steady.

Of course this price may not stay at the high places and several warm days in succession could make lettuce hit the tobagian chute but the buyers are offering money for the crop in the field and in the grower's take no chances.

It can be safely estimated that every grower in the celery delta has made money this season. Some have lost money on the crop only to make on another and lettuce, cauliflower, celery, etc., have brought excellent returns.

Cabbage looked for some weeks like a loser but has come back this week and looks good for the remainder of the season as the stored cabbage and foreign shipments have been exhausted. The recent cold snaps killed all the green stuff north of Florida and these markets will not enter into competition with Florida early in the spring as they formerly have and the prospects for spring crops in the Sanford section are ever better.

The border stuff here was touched but not much of it went through and is practically untouched and these crops are bound to bring top prices.

It is too early to make predictions on the general average of Sanford crops but not too early to predict that there will be more money made here than ever before, a fact that is becoming apparent to the most casual observer of trade conditions.

Baptist Church

Baptist Church—Corner Park avenue and Sixth street, Sunday services, March 15th.

9:30 Primary Sunday school, Miss Allie Trafford, superintendent in the Sabbath.

9:30 Main Sunday school, Mr. N. J. Perkins, superintendent, in the church.

11:00—Preaching by the pastor. Subject, The Salt of the Earth.

3:00 Jr. B. Y. P. U., Mr. Edgar Biggers, leader.

3:30 Beginning of Normal Institute conducted by Mr. Perkins and Mr. Hyman. A complete course in Sunday school methods will be given. The institute will last for a full week.

6:15 B. Y. P. U. In charge of Miss Clara Millen, as captain of Company C.

7:15—Preaching by the pastor, subject, Shall I Go Home?

You are given a hearty welcome to all of these services.

GEORGE HYMAN, Pastor.

House Warming

On last Tuesday evening a party of Sanford's young people had a sort of get-together meeting and went in a body to surprise Mr. and Mrs. Deas, in their new quarters on Palmetto avenue. It was quite a surprise as the young couple were not expecting such an onrush of jollity and good fun. After a general good time tables were brought out and 500 was played. The first prize, a hand made towel was won by Miss Laura Fish; the gentlemen's prize, a stein, was won by Mr. Braxton Perkins. The game was continued until the wee small hours when ice cream and cake and bonbons were served. Many thanks are due Miss Fish for the lovely refreshments.

The Co-operative Meeting

The cause and principles of Co-operation assumed a unique aspect Tuesday at the Imperial Theatre. It was in the form of an entertainment of music by a male quartet and by an orchestra, moving pictures and a lecture.

The committee having this entertainment in charge was composed of Charles Ingold, Henry Egge, M. A. Mitchell, Bert Brings and J. E. Thomas, all of the Co-operative Association of our city. The following program was rendered:

- Musical by Orchestra.
Read of Pictures.
Musical by Orchestra.
Quartet.
Lecture by Mr. A. B. Hawk.
Musical by Orchestra.
Read of Pictures.
Quartet.
Musical by Orchestra.
Read of Pictures.

The Quartet, which gave some taking, got to beautiful harmony, was composed of Messrs. Woodruff, Stockton, P. Body and Wright. The Lecture, under the capable leadership of Mr. Brock had the following gentlemen in it, Messrs. Brock, Hess, Thornton, Graves, Crosby, Appinwall, Bradford and Munson. Clarence Mahoney pianist. The audience appreciated this feature of the entertainment about as much as any other. The lecture by Mr. A. B. Hawk, the international secretary of the Co-operative, Homestead Co. of America, was a clear and forceful presentation of the origin, growth and principles of the Co-operative work of our country. The moving pictures on livestock and evening for the youngsters, but we must not forget for the purpose of giving space to any well ordered program. Altogether the cause of co-operation received such a boost as could hardly have been realized by any one means.

Change to See Mexico

Sanford people are going to have a change to see something about Mexico without the risk of running against one of the industries of Florida or the other. An expedition car, entitled "Seeing Mexico" will be on exhibition at the A. C. H. depot four days this week, from Monday to Thursday, being open daily from 9 a. m. to 10 p. m.

The car was built in Mexico City during the Mexican regime by the Mexican National Educational Society, having been the gift of the government.

That many valuable things were packed in it taken from the National Museum and placed for exhibit on the car. The Mexican National Railway also supplied many valuable gifts, such as the glass plate photographs.

Besides the agricultural, industrial and mineral exhibits of Mexico of great interest are the Aztec relics of stone and pottery, some of the relics being recently unearthed by Professor Nivn, who has discovered a buried city 15 feet below the old Aztec capital. The discoveries of Professor Nivn are regarded of such importance that the United States Geological Society recently sent experts to Mexico City to secure detailed account of his work. There is one Aztec idol called "The God of Love" which is the only idol ever permitted to leave Mexico. In the car will be found many things of special interest to the ladies, such as the drawn work, handkerchiefs, finger paintings, etc. The school children will be interested in the school display of the Mexican children, also in the Mexican talking parrot, Mexican monkeys, etc.

A small admission fee, five cents for school classes in charge of teachers, and ten cents general admission, is made to help defray transportation and other expenses of the trip, the deficit being made up from a fund set aside by the National Educational Society. The car is under American management. It will be one of the attractions at the San Francisco exposition.

Thrasher for Superintendent

The superintendent's duties are not to teach but to see that the children are under the instruction and training of competent and efficient teachers and also to direct and manage the schools as prescribed by the school laws of the state and to make such recommendations, from time to time to the county school board as may tend to promote the best interests of the schools of the county, and to see that all orders of the county school board are carried out as directed; to issue warrants to pay teachers and other bills of the schools; to keep records of all the acts of the county school board; to hold teachers examinations; issue certificates; make reports to the state auditor and to the state superintendent of public instruction. These are only a few of the duties of the office of superintendent of public instruction. The present incumbent is experienced and trained in the work and is competent and fitted for the office.

A Birthday Party

The ever hospitable home of the Stewarts was thrown open to the ladies of the Baptist Aid Society Monday evening on the occasion of Mrs. Stewart's birthday. The guests, as they came, dropped into the treasury of the society pennies to number the age of the hostess. There was not one dull moment during the evening. Conversation, music and when the most laughable reports of a wedding in Hingville. About 9:30 the young ladies of the home sewed delightful coffee and sandwiches and bonbons. Then too noon time came for adieu. Even afterward some lingered for songs and then the good byes again. The Stewarts indeed know how to entertain. Ye Olden Style.

TWO MORE REGIMENTS LEAVE FOR THE BATTLE SCARRED BORDER

SOMETHING DOING IN MEXICAN CRISIS ARE LONG

LOOKS BELLIGERENT

OTHER NEWS AND VIEWS OF THE WORLD AT LARGE AND THEN SOME

Washington, Mar. 10.—Two or more regiments are today moving to join the American border patrol. The Seventeenth Infantry at Fort McPherson, Ga., and two battalions of the Ninety Infantry at Fort Thomas, Ky., and Ft. Logan, Ark., are loading their baggage on trains and with their arrival at Eagle Pass and Laredo, Texas, the border patrol will be larger by 3,000 than Shafter's army when it entered Cuba. The White House and state department maintained today that there was no significance in this movement and said that patrol had been increased at the request of Texas congressmen. The war department said the troops would probably actually enter Sunday or Monday and the Seventeenth Infantry would probably go to Savannah and from there to Galveston on an army transport; the others by rail.

The Superdreadnought Texas

The most powerful battleship afloat today left the yards of her builder at Newport News and proceeded to Norfolk to be placed in charge of Rear Admiral Fisher. The Texas carries ten fourteen-inch guns and twenty-one five-inch guns. She is 373 feet long, has a speed of 21 knots and a displacement of 25,000 tons. Her armor belt is 11 inches thick. Her contract cost was \$5,500,000.

So as to enable him to take better

of the rural credit legislation in the senate, the senate leaders yesterday afternoon decided to increase the banking and currency committee by one member for the special benefit of Senator Fletcher, of Florida.

There is a persistent renewal today

of the report that Secretary of the Treasury McAdoo will marry Miss Eleanor Wilson, the youngest daughter of President Wilson in June. There has been no announcement and Secretary McAdoo said it would be inadvisable for him to discuss the matter. Miss Wilson is 21 and Mr. McAdoo is 50. He is a widower and father of six children and has one grandson.

Miss May Richardson, the suffragette

who mutilated the Rokeby Venus at London was sentenced today to six months imprisonment. She has been on a hunger strike since her arrest. Suffragettes burned a large unoccupied mansion at Stewart, belonging to the Free Church of Scotland. A message was left stating this in revenge for the brutal arrest of Mrs. Pankhurst.

What the district attorney's office

described as material for at least fifty indictments alleging fraud against Henry Siegel and Frank E. Vogel, president and vice president respectively, of the Siegel stores corporation, who were arrested yesterday on three indictments and are now at liberty under \$25,000 bail each, was placed in the hands of the grand jury today. Assistant District Attorney Arthur C. Train said that as many indictments as the ends of justice seemed to require would be found against the merchant bankers.

Remember the time, 11 o'clock a. m.

and 7 o'clock p. m.

Congregational Church

Next Sunday morning a Lenten theme will be presented for consideration.

Sunday school, 9:45. The Baraca class will welcome all young men, at this hour, who are not attendants upon other Sunday schools.

The C. E. Society is profiting by the study of "What Next in Turkey?" a book presenting a great field of our missionary work. All Endeavorers are urged to be present at 8:30.

The evening service, 7:30 p. m., will be a gospel service; good singing, special music by choir and orchestra, and a sermon from one of Paul's important utterances. Please do not forget that the evening service hour is now 7:30, instead of 7 o'clock.

CONDITION OF SANFORD

From the Viewpoint of the Sanitary Inspector of Our City

In an interview with the sanitary inspector a few days ago he suggested a few facts that will probably be interesting and beneficial to the public's welfare at large, if only partly carried out.

First, there are at least one thousand families in the city of Sanford. Suppose each family put in two hours a week cleaning and beautifying their homes. This would mean 2000 hours per week, 250 days or a little over 41 weeks. It would cost the city to do this work, \$1.50 per day, \$375.00 per week or \$2,625.00 per year. Think of it! If each one will do a little. It's the small things that count.

Again, if your trash has not been moved call up clerk Griffin or Mr. E. E. Brady and make your complaint. Don't say my trash has not been moved, if it has. Say it has but is not moving again. He will gladly move it.

If your garbage tax is due and you do not care to come down town to pay it, call up clerk's office and give your name and number and the inspector will call on you for same.

Clean up your yard before the inspector has to tell you. It is more embarrassing for him to have to tell you than for you to be told.

Put your trash in some receptacle and place it in a convenient location. The wagon man has not the time to rake trash and cans up that are thrown over the fence in alleys. He has just so much work to do in so much time and if delayed at your home will be late at the next.

Keep your chickens up. It is against the city ordinance for them to run at large. This also applies to ducks.

If you have any rain barrels that are not covered cover them or do away with them. They are mosquito breeders and also against the city ordinance.

The city will have on hand in a few days a supply of galvanized cans with covers that you may have at cost. Can't give price at present.

The city is in very nice shape at present. Let's keep it that way, by doing as will prevent disease and save you a doctor's bill. Spring is here and what comes with it you all know. An ounce of prevention is worth a pound of cure.

At the Methodist Church

The attendance and interest in the services at the Methodist church are growing each Sabbath. All members and friends are cordially invited. Visitors will receive a real welcome.

The Sunday school continues to grow in interest and numbers. Since curtains have been put in we can accommodate a much larger attendance than before. Mr. J. K. Mettinger, the superintendent, for twenty-six years is awake to all the new methods of the modern Sunday school.

The Wesley Brotherhood Class is a fine body of men, taught by L. R. Phillips.

Wesleyan Truth Seekers is under the efficient leadership of Mrs. Steinmeyer.

Daughters of Wesley is making a fine record. Mrs. Marshall, the teacher deserves credit for large class of young ladies.

The younger members of the school have a fine corps of teachers.

Those not in attendance upon Sunday school will have a glad hand in this school.

The subject of the morning sermon will be The Base of Missionary Activity. The evening subject, Influence. These subjects will be handled in a practical way by the pastor, Mr. Steinmeyer. Familiar songs will be used so that all can take part in the singing. However, there will be special music, both vocal and instrumental at both services.

Remember the time, 11 o'clock a. m. and 7 o'clock p. m.

**COUNTY HAPPENINGS**

**A Budget Of Interesting Items From Correspondents**

**EVENTS OF SEMINOLE COUNTY**

**Efficient Staff Of Reporters Weekly Covers The Territory For The Herald**

**MOORE'S STATION**

Rev Bartlett of Enterprise will preach morning, afternoon and evening at the church here Sunday, the 15th inst.

Rev Arthur Ieck preached here Sunday afternoon to a large congregation.

The social of last Friday evening at the church netted the Sunday school society \$32.00. The entertainment was fine.

There was quite a hard frost Sunday night. Hit string beans, cukes and all the tender stuff. There will be considerable planting over again. Everything is two weeks late and this is the latest frost for a good many years.

E. H. Clappell is shipping 25 solid cars of fine celery this week. Florida Gardens 2 cars and G. F. Smith is still keeping up the record of a car a day. We understand.

Miss Jennie McClelland has suffered a relapse and is again confined to her bed. She has been ill all the entire winter, to the sorrow of her host of friends.

Mr and Mrs L. Royce, recently from Chicago, Ill., have moved into the Cobern house on Beardall avenue and will buy a farm and make this their home after looking about Florida considerably.

Mrs C. J. Terwilliger of Parkersburg, Pa., who is spending the winter in Sanford with her son and family, J. E. Terwilliger, on Oak avenue, her first visit here in nine years, was on an exploring expedition to Cameron City and Moore's Station recently, having read of them many times in the Herald.

Mrs Terwilliger told much that was interesting about Sanford of thirty years ago, when she came here with her husband from New Jersey. Showing photos of the first lettuce grown for market in 1884. The first lettuce hampers were made of orange crate material; also showing photos of tomatoes raised by them at that time, and it was our privilege to read the letters patent for the first irrigation system used by her and by her husband, and to learn of his experiments in 1885 and 1886 for bleaching the first celery ever shipped to northern markets.

All honor is due to the man who first thought out and experimented and set in motion the things needed for the great industry in the celery delta of today.

**PAOLA POINTS**

Mildred Potter of Monroe has recently been the guest of Bessie Smith. The Paola packing house has finished its work for the season, and almost the quiet of the summer time has descended upon our little village.

A. V. McGuin has been quite ill, but we are pleased to report is much better and will soon be out again.

Mr Crowell, our new real estate man, was here last week looking over the situation and seemed fairly well impressed with the prospect.

Dr. E. H. Bishop of New York arrived on Monday and is the guest of his brother-in-law, A. V. McGuin.

Frances and Flora Pearson entertained a few friends Saturday in honor of their visiting friend, Lula Hilton of Loughman. Those present were Mrs Cleveland, Mrs Bennett, Jack and Lillian Booth, Mattie Tate, Bert Long and Clark and Oscar Pearson.

Mrs C. F. Cooley of Madison, Wis. has come to spend a few weeks at her attractive winter home here, accompanied by a friend, Mrs Torney.

The family of L. P. Hagan has moved back to Markham to the pleasure of many friends.

If you want to see what can be done

in a very short time by a new comer, a Yankee, with little or no experience in southern agriculture, go and look at the model little place of M. C. Cleveland at Banana Lake. Mr Cleveland came here little more than six months ago, bought a piece of land, a part of which had once been cleared, but had grown up to a thicket of pine saplings and oak bushes. He has cleared up in fine shape some three acres of land, built a charming little five room cottage, with stable, chicken houses, pigeon loft, etc., near by. Has a gasoline engine at the lake and an elevated tank at the house, and all the plumbing and conveniences of a modern city home. On the shore of the lake he has as fine a kitchen garden as will be found anywhere, Irish potatoes, tomatoes, cabbage, onions, cucumbers, beets, green peas, etc., all growing luxuriantly and a fine showing of strawberry plants, full of bloom and ripening fruit. There is also a prized flock of white Wyandotte chicks, eight weeks old, that will easily average one and a half pounds in weight and a nice start of Homer pigeons. Mr and Mrs Cleveland are both practical workers, thoroughly in love with their new venture and from the present outlook their success is assured.

**Sudden Shocks**

**IMPAIR THE SYSTEM, SHORTEN LIFE AND DO GREAT HARM**

If you knew that you could cure yourself or your child of a malignant disease by the use of dynamite, would you take the chance?

Calomel acts on the sluggish liver like dynamite on the solid rock.

It shocks and upsets the organs and works much harm as proven by its after effects.

Modern science has discovered a vegetable substitute that produces all the desired effects of calomel without the shock or after troubles. It is so harmless that acids may be taken into the system immediately after the medicine without fear of after effects.

It rids liver, kidneys and bowels of all poisonous accumulations and leaves the patient feeling new and strong.

Carwell's Liver-Aid is on sale at R. C. Bowers' drug store at 50 cents for a large bottle. The purchase price will be refunded in full if you find it unsatisfactory.

**Resolutions**

Preamble and resolutions of love and respect promulgated and passed by Sanford Lodge No. 27 I. L. O. F. on the death of W. S. Baldwin, who died on February 25, 1914 at Sanford, Florida in the 82nd year of his age.

Whereas our beloved brother, W. S. Baldwin has been called from us by a command from Him who doeth all things well, and whereas in the parting from our brother a great void is felt in our lodge that cannot be filled; and whereas the family of our departed brother have lost a loving husband and a kind and indulgent father, and whereas one has gone to that bright upper world whom we all loved, honored and respected; Therefore,

Be it resolved, that while we humbly bow our heads in submission to the will of the Father, we mourn for our brother and friend.

Be it resolved that we extend to the family of our brother our heartfelt sympathies and commend them to the Father of the Fatherless and the Husband of the Widow.

Be it resolved that this preamble and resolutions be copied in our minute book, that a copy be sent to his family, that they be printed in the Sanford Herald, and that our charter be for a period of thirty days draped in memory of our departed brother.

J. H. Ferguson  
J. J. Dickinson  
J. C. Hall  
Committee.

**A REAL NERVE AND BODY-BUILDING MEDICINE**

We believe Rexall Olive Oil Emulsion is the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy—the best medicine you can use if you are run-down, tired-out, nervous and debilitated, no matter what the cause. It doesn't depend for its good effect upon alcohol or habit-forming drugs, because it contains none. It may not make you feel better in a few hours, but it will make you feel better, we are sure, just as soon as the tonic and food properties it contains have a chance to get into the blood and, through the blood, into the rest of the system. Fine Olive Oil and the Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined into one preparation, which, as a nerve-food and a builder of strength and health, we believe, has no equal.

If you don't feel well, begin taking Rexall Olive Oil Emulsion today, and build your health and strengthen your system against more serious illness. To convalescents, old people, puny children and all others who are weak, run-down or ailing, we offer Rexall Olive-Oil Emulsion with our personal promise that, if it doesn't make you well and strong again, it will cost you nothing. If we didn't have the utmost faith in it, we wouldn't offer it with this guarantee, nor even recommend it to you. We are sure that once you have used it you will recommend it to your friends, and thank us for having recommended it to you. Sold only at the more than 1000 Rexall Stores, and in this town only by us. \$1.00.

L. R. PHILIPS & CO.,  
100 East First Street, Sanford, Florida

**BARGAINS FOR MONDAY  
MARCH 16th.**

Read this advertisement—every word of it—whether you are man, woman or child you'll find something listed here you may need. If you don't, then write for our catalog—you didn't know we issued a catalog, did you? Well we do. It was compiled especially for the convenience of our out-of-town customers, at the same time every woman in Sanford should have one of our catalogs. It matters not whether you live in Florida or Australia, OUR MAIL ORDER DEPARTMENT is at your service to fill any order you might entrust to them.

**WOULDN'T THIS JAR YOU**

**Prominent Citizen Wants Editor to Become Candidate**

The editor of The Herald is being urged to run for the legislature but we wish to announce that we have no desire at the present time for political honors. However, we certainly appreciate the kind expressions among which are the following from one of Sanford's best citizens:

Sanford, Fla., Mar. 10, 1914.  
Mr. R. J. Holly, Editor Sanford Herald.  
Dear Sir: The time is drawing near for the primary election, at which you we expect to nominate our state representative for the coming term of the legislature.

Up to date we have heard nothing in regard to the race for representative from Seminole county. The writer does not know who will enter the race as I hope that no one has yet announced. We want a man to represent us in the legislature of the legislature who will represent the people of the county as a whole and not one who enters to an ignominious defeat. We want a man who will stand up to the matters of the day, a man who is always a sufferer for new ideas and good laws. We want a man who is broad minded and liberal in his views.

After perusing that we had such a man in our county in the person of Mr. R. J. Holly, editor of the Sanford Herald. We believe he has already done much for the general good of this county through his paper, the Herald. His newspaper has been the best material for the people. How W. A. Russell of Lakeland, a prominent man has said: "This county has served his people well through the Herald. It is a credit to the county." Mr. G. E. Woods, editor of the Florida State Region in the race for representative from Lake county for the coming term and will without doubt be elected.

We hope you will give this matter your careful consideration and we believe that if you will enter the race you will be elected. You may rest assured that the people of this county will believe in you and your party.

Yours truly,  
ONE OF THE PEOPLE  
Notice to Taxpayers  
Tax books will close first Monday in April, as provided by law, and property on which taxes are imposed on that date will be advertised and sold for taxes. Pay now and avoid the sale at the end of the month.  
Bring your money and tax books when you come to pay.  
JNO. D. JINKINS,  
Tax Collector, Seminole County.

**Florida Woman Suffers 26 Years And Is At Last Given Relief**

**Swift Relief From Stomach Ills Found by Mrs. Pettis of Ybor City**

Mrs. T. S. Pettis of Ybor City, Fla., suffered for more than twenty-five years with stomach troubles. She has led a sedentary life and digestive troubles resulted. She took Mbyr's Wonderful Stomach Remedy and received immediate benefit. She has written an interesting letter in which she says:

"I was almost frightened at the results at first. I am delighted at the improvement in my condition. I have told many of my acquaintances of your medicine. I was a stomach sufferer for twenty-six years and this is the only remedy which brought results to me."

That same sort of experience is general among the users of Mbyr's Wonderful Stomach Remedy. The first dose brings relief. It is known all over the nation because of its merit.

Mbyr's Wonderful Stomach Remedy cleans the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel ailments. Many declare that it has saved them from, distasteful operations; many are sure it has saved their lives.

Because of the wonderful success of this remedy there are many imitators, so be cautious. Be sure it's Mbyr's, Go to L. R. Phillips & Co.'s drug store and ask about the wonderful results it has accomplished in cases they know—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill. (By free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.)

**Indians Raising Crops**

That the Seminoles of Florida are in the most thriving condition they have ever been is the report brought by Dean L. A. Spencer, special Indian commissioner, who is in town today from an extended tour in Florida. Mr. Spencer is on his way to the Florida coast, where he will visit the Gadsden and Miami Indians, in the company of Miami Indians, and this will complete his inspection work for the year.

Dean Spencer went to Glade Cross in January and has been living in the woods ever since. He found the Seminoles industriously engaged in raising their crops which are quite extensive this year. The Indians are growing fine sweet potatoes in raw hammock soil without fertilizer. While bookworm is extremely prevalent, Dean Spencer says the Indians are otherwise in good health.

The **Little Cross** Indians are being so hemmed in by the whites that they have asked for their allotments from the government. Dean Spencer will assist them in securing these allotments, and eventually an Indian agency may be established among these tribes. There are only 2,000 acres in the East Coast reservation, while the Everglade Indians have about 23,000 acres, and are in no way concerned about allotments.

There are now 574 Seminoles in Florida of whom 380 are in Lee county, and the balance near Miami. Ft. Myers Press.

**OUR HOME WOMEN HAVE BEAUTIFUL HAIR**

Next time you look in the mirror at the hair, just look at it with a new eye. Many of our home ladies have beautiful, glossy, lustrous, and well-dressed hair. If you will pick out five or ten of those whose hair seems to be particularly pretty and with it, what they use on it, we feel sure that at least more than half of them will say "Harmony Hair Beautifier." It is of becoming help to us with both men and women who are particular about the appearance of their hair.

Sprinkle a little Harmony Hair Beautifier on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp clean and free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stinkiness—just a sweet cleanliness.

Both preparations come in old-fashioned, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00; Harmony Shampoo, 50c. Both guaranteed to satisfy you in any way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by us.

**D. D. D. In Hospitals; Standard Skin Cure**

How many hospital patients suffering the tormenting itch, the raw, scorching pain of skin diseases, have been soothed to sleep by a soothing fluid washed in by the nurse's hands? That fluid is the famous D. D. D. Prescription for eczema.

**THE SUPERVISING NURSE** of one of our prominent Catholic institutions (name of nurse and institute on application) writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

**DR. GEO. T. RICHARDSON** frankly writes "D. D. D. is superior to anything I have ever known for soothing and soothing, yet a powerful agent."

To do the work D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and rest.

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. Write to us to judge.

**A 25c Want Ad. in The Herald will Rent Your House For You**

Seminole county is insisting upon first class work being done on its system of brick highways and Seminole is eminently correct. It should be done right in the beginning, for the building is being done with the idea of saving cost of repairs.—Orlando Sentinel.

Editor Holly of the Sanford Herald has asked the newspaper men of the surrounding counties if a meeting for March 26th at some central point will be held to discuss the possibility of organizing a lake region press association. The Sentinel favors the idea, and promises to have a representative present. Let the brethren speak out.—Orlando Sentinel.

Editor-Postmaster Humphries of the Bradentown Journal, is either getting high as postmaster or the Journal is living in clover, or both. If we may judge of the splendid edition of his paper last week. The twenty-four pages that entered into the make up of the issue of the Journal in question, were models of editorial, reportorial and typographical work. We congratulate Brother Humphries, Bradentown and Manatee county on the effort of the Journal. If Uncle Burleson would reflect upon the great and good stimulus he gives a newspaper man by turning over to him the keys to the postoffice he would be handing out keys all over the nation to members of the fourth estate.—St. Augustine Meteor.

The work of building the brick roads in the Sanford special road district of Seminole county is progressing at a rapid rate; in fact, as stated by the Sanford Herald, the work is a little too rapid to be consistent with the best quality of workmanship; and it is thought that the contractors will have to go over portions of it a second time and cure defects in construction, the manner in which the work has been done in some places not meeting with the approval of the county commissioners. Some of the brick on the Sanford Orlando road is said to be put up to the standard and will have to be replaced with better. Some of the roads that were intended to have been made sixteen feet wide will be cut down to twelve feet on account of the rise in the price of brick. This reduction in width will be necessary in order to cover the same number of miles within the appropriation.—Tampa Times.

CLARENCE WOODS, STATESMAN

Hon. Clarence Woods, editor of the Enterprise Region and one of the brightest minds of the Florida Press Association and certainly the most polished gentleman and a silver-tongued orator is a candidate for the legislature from Lake county, meaning of course that he will be elected; for newspaper men have a way of getting what they want in the political pot. Lake county will make no mistake in sending Clarence Woods to the legislature, for no better man ever came out of Kentucky, the home of great statesmen. Luck to you, Clarence. We may be with you when you arise to make the red hills of Leon echo your opening speech.

THEY TAKE FENCE

The Herald is in receipt of a letter from northern, western and southern and many from the southern state commending our new congressman, Hon. Claude L. Engle for the many good measures that he has stood for since becoming a member of congress, among them being his plain and outspoken challenge about the spending of millions for the opening of a government railroad to Alaska when his own native state needs so many improvements. Another of his opposition to any measure that would repeal the free trade privilege to American coastwise vessels through the Panama canal. The following letter was received today from Illinois:

Evaton, Ill., Mar. 12, 1914.

Editor Sanford Herald:

What do you think about Congressman L. Engle's stand on the free tolls question and what does some of his ex-friends down there think about it. I wish that Illinois had a man like him in Washington.

Yours truly,

AUGUST THIEL.

Although handicapped by sickness and many other drawbacks L. Engle has accomplished much during his short term and will accomplish much more when he is returned for another term.

THE INJUSTICE OF IT

An Orlando merchant tells us that he received a cartload of merchandise from Middleport, N. Y., a few days ago on which the freight was 71 1/2c per hundred. The charge from Middleport to

Jacksonville was 26 1/2c and from Jacksonville to Orlando 45c. As one is about 1300 miles and the other less than 150 miles, it looks to us as if there is something wrong somewhere. Either one is too low or the other too high.—Orlando Reporter-Star.

Simply means that Jacksonville has the rest of the state sewed up in her pocket and having made arrangements with all the railroads and transportation companies can command the price of freight. If it were not for this fact other cities would have wholesale grocery and grain houses and other lines, but in the present instance Jacksonville will not allow any competition. How in the world could Sanford have a number of wholesale houses when the freight from Sanford to Orlando is as much as the freight from Jacksonville to Orlando. The only way to overcome this unjust discrimination in freight rates is to put Jacksonville statesmen down and out, cease to patronize such cut throat competition and every South Florida and Middle Florida man work for South Florida and Middle Florida. There is no reason for Jacksonville getting the lion's share of all the appropriations, cutting up freight rates and gobbling up the office.

THE TIME TO MAKE GOOD

Newspaper men all over the state should begin now, if indeed they have not already started to prepare for the excellent showing that will be expected to be made by them during the meeting of the Florida Press Association in Ft. Myers next month. The matter has been allowed to rest, but now the time is rapidly approaching—in fact is even short—in which to make the necessary preparations for this, the biggest event ever recorded in the annals of the association. Vice President Marshall and other notables will be present and address the convention on topics of importance, and it therefore behooves every one who is to take part to put forth the very best, the most Herculean effort, to help in the campaign of spreading the fame of Florida. There will be prominent newspaper men from the nation a capital and perhaps from other great cities, and no opportunity for the present has ever been afforded for the newspaper men of this fair state to make known some of her many wonderful beauties. Remember that while the meeting is to be held in almost the extreme southwest corner of the southeast corner of the United States, and while Ft. Myers will naturally reap wonderful benefits from the meeting, it is not a sectional affair, and the good results that are obtained will redound to the glory of all Florida. Ft. Myers anticipates great pleasure in entertaining the members of the association and their guests, and will endeavor to furnish one and all with something pleasant to remember during the interim between this and next convention. The glad hand awaits all who come, and it is but theirs to come and receive welcome.—Ft. Myers Press.

LEST YOU FORGET

Several years ago the Sanford Celery Delta was ditched from end to end. Many of these drainage ditches were finished the entire length and many of them were stopped by an injunction before being finished. The injunction may have been necessary and then again it might have been settled in other ways and the drainage operations finished and contracted. One man alone lost some twenty thousand dollars in the operations and others lost smaller sums but their losses were none the less heavy. The drainage operations were stopped notwithstanding the fact that today the majority of the farmers owe their prosperity and ability to make crops of the fact that the ditches were dug and yet they never felt called upon to reopen this question and have the important work completed. In other words they have the ditches and are not compelled to pay for them and why should they worry?

But the gitter of The Herald is interested in this matter, not only because of its importance to the majority of the farmers and the entire celery delta and the city of Sanford from a sanitary point of view but because The Herald is individually a loser and we feel that we have ample cause for complaint and this line. We have waited from time to time thinking that this matter would be compromised in some manner and the people who have received the most benefit are not willing to pay for it and the time to settle has come. The growers of the celery delta have made a killing this season and can well afford to pay this drainage tax—a tax voted by them and for them and an obligation that still rests upon them.

EVERYBODY HELPS

And Sanford Can Be Made Beautiful As Well As Healthy

The season of the year when our people cannot take too great precaution for the prevention of disease and sickness is rapidly approaching. As warmer weather comes on, disease carrying insects begin breeding most rapidly and if therefore, behooves us to begin the fight against our enemies now. We may not hope to eliminate all of the house flies and mosquitoes but with a proper regard for the laws of sanitation by the individual family, we may not produce, by neglect or carelessness any mosquitoes and reduce the

house flies within our gates to the minimum. A few gallons of standing water in the yard or lot may breed sufficient mosquitoes to inoculate every member of all the families in several blocks with malaria, and a wagon load of stable manure may breed sufficient house flies to carry disease and sickness into every home within the city. An immediate and proper treatment of such a measure to the comfort and health of our people must not and will not be neglected by the city. Attention is called to the fact that there is an ordinance to cover such within the city and that it will be enforced to the letter. But Sanford is the town of your home, her streets are for your use, her parks and her parkways for your pleasure and enjoyment; its your city, help to make it clean and healthful, and help to keep it so. If for no other reason than because it is cheaper to prevent sickness than to cure it.

Is it not possible that there may be created a community sentiment against the unsanitary and disorderly. Is it too much to expect the law loving and obeying citizen to cooperate by example in the enforcement of the law.

The executive department of the city may do many things without the direct assistance of a citizen, but with the sincere and sympathetic cooperation of the citizenship of Sanford great things may be accomplished for the good of the community. If you want a more beautiful and more healthy city line up and do your part to make it so. A little help from individuals in the enforcement of the laws of sanitation and in obedience to all other laws of the city will result in great social and economic good to the community. The aggregate of such a concerted effort on the part of each individual would prove a tremendous impetus in making Sanford a city of exceptional health and beauty. I earnestly call upon the entire community for its earnest consideration and in the discharge of my duty to the city and my obligations to the public as your mayor. Yours for a clean, more healthful and more beautiful Sanford, D. L. THRASHER, Mayor.

Let It Be Said of Me

Let it be said of me Not that my wit was subtlest of them all; Not that its thrust was keenest, that the fall Of him, my foe, was compassed by my act. That I was versed in language, lore or fact; Not that I had the gift of speech to sway A multitude to think the other way; Not that the world of custom was my guide; Not that in rich possessions was my pride. Let it be said of me Not that I strove and ran and won the prize; And blocked the way when others sought to rise. Not that my voice was heard in wild hurrah; When ancient license pealed as higher law; Not that my eyes were blind when sham was set To dazzle folly into mid regret; Not that my ears were deaf to sob and cry; Beneath the wheels when splendor hurried by.

Let it be said of me Wherever there was holy cause to serve, Or hearts that ache or perils that unnerve; Wherever there was arduous task to do; A path to light, a duty to pursue; Wherever there was child to wrest from wrong; Or weary soul athirst for love and song; Wherever slaves of time cried to be free, My hand was reached—let it be said of me. By Kate Brownlee Sherwood

I have a first class painter and sign writer. We can do your harness repairing and auto top work now. W. H. UNDERWOOD.

WE HAVE FAITH IN THIS STOMACH REMEDY

A woman customarily said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this. They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We wouldn't offer them to you carelessly at our risk unless we felt sure they would do you a lot of good. U. Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00.

Mrs. George Prant and daughter of Florence, S. C., are the guests of friends in Sanford. Mrs. Prant lived in Sanford as Miss Emma Spencer, and has many friends who are glad to welcome her return to Sanford.

Mrs. Wm. Flanagan and daughter, Miss Willie, who have been the charming guests of Mrs. Flanagan's sister, Mrs. J. C. Pennington, returned to their home in Christiansburg, Va., leaving Sanford Tuesday morning.

I. Underwood is on a visit to his son W. H. Underwood. He has a plantation in West Florida and is enjoying life and although in an advanced age is hale and hearty. His many Sanford friends are glad to see him again.

W. W. Lamm is in town for a few days, resting up from a strenuous campaign on the road. He will enjoy Sanford and the fishing for as long as his duties will allow him and his Sanford friends wish that he could stay here the year round.

Day Old Chickens—We have them in White Leghorns and Rhode Island Reds at 15c per chick. Have a few full hoods at 25c. Send in your order today. G. C. Fallow, 113 First St. or phone 69, 2 rings. 58-2tc

Mrs. Walter Howard and little son have returned from Tampa where they spent several weeks with Mrs. Howard's parents, Mr. and Mrs. H. H. Hill. Mrs. Howard will spend the remainder of the winter with her sister, Mrs. Turner Houser.

Orange boxes lettuce baskets potato hampers and all style carriers at F. F. Dutton's. 27-1f

F. Vallboe of New York has arrived in the city and will remain during the remainder of the heated term. Mr. Vallboe has a fine farm on Maitlandville avenue and is greatly interested in Sanford. His many friends are giving him a most cordial welcome.

Notice Horse Owners. I have a first class expert horse shoer. Give him a trial. 46-1f W. H. Underwood

Mrs. James F. McComb left yesterday for New York where she will visit her daughter, Mrs. Larry Doyle for several weeks. Mrs. Doyle has just returned from the world tour of the Chicago and New York teams and will be prevailed upon to accompany her mother home to Sanford for a visit.

LeYan Uphur, the popular representative of the Johnson Co., of New York, is in the city calling on the local trade, selling fishing tackle and sporting goods. Mr. Uphur is a fisherman and has a reputation to sustain every time he comes to Sanford in the pleasure line and his many friends here always arrange a fishing party in his honor.

Real Estate Blanks for sale. Warranty Deeds, long and short form, Quit Claim Deeds, long and short form, Real Estate Mortgages, long and short form, Chattel Mortgages, Leases, Bill of Sale and Land Contracts. All new and up-to-date blanks can be had at the Herald office. 58-1f

Willis Callaway, the popular representative of the Winston Salem Railway was in the city yesterday looking after the shipments of vegetables. Willis is making Jacksonville his headquarters and has many friends in every part of Florida. It is rumored that he will be elected to his home and will be heard from later in the local politics.

Mrs. McDaniel of Bay City, Michigan left yesterday for Tampa where she will spend several days. Her little daughter accompanied her and they will visit West Coast points before returning to Sanford. They have been visiting Mrs. F. J. McDaniel south of Sanford and will spend several weeks here on returning home.

George Brown, the little fellow who was knocked down by an automobile several days ago has almost recovered and, suffered slight injuries. No blame was attached to the driver of the car as the little fellow was not watching the street corner and ran in front of the car before the driver was aware of his intention. Street crossings should be watched by the pedestrians and especially should the children be warned about attempting to cross in front of vehicles.

Home—Sweet Home. If you wish to beautify your homes plant Heron, Pine Strains of Sweet Peas, Corolla and Aster plants which will produce a continuous mass of bloom of varied colors and great profusion. James F. Harris, Florist and Plant Grower, Aucado avenue, opposite Haskins, postmaster. 58-1f

Registration Books Open. The registration books for all the precincts of Sanford county will be kept open by the supervisor at his office in the court house from March 15th to April 15th, 1914.

Millinery Opening. The event of the season in the millinery line in Sanford is when Mrs. J. H. Bruton opens her doors next Tuesday, March 17th and displays the mammoth stock of Spring Millinery and fashions. The season Mrs. Bruton claims to have purchased some of the largest and most complete stock of Spring Millinery that has ever been brought to the city and for two days, Tuesday and Wednesday, the ladies will bring her millinery parlors, for they know the name of Bruton stands for guaranteed materials and the best in millinery. Read the advertisement in another part of this issue and come to the opening next Tuesday. Some rare bargains will be offered in Panama during the opening days.

Advertising Pays. Advertising pays, even the small want ads that appear each week in the Want Column, for the buying public knows where to look for every thing that is needed and have come to the conclusion that in the Herald Want Column they have the market place of this section. The following from L. G. Woolcott is one of many letters received each day regarding the efficacy of our advertising columns: Sanford Herald: Take my ad out of the paper. I have received all the sacks I can use for the next 12 months. They came from every direction. L. G. WOOLCOTT, Oviedo, Florida. If you have anything to sell, if you have anything to rent, if you want to buy anything, if you want to rent anything, if you have lost or found anything the columns of The Herald are the place to make known your wants. It is the market place and has hundreds of customers. The cost is small but the benefits are large.

The Trade Mark. The most valuable asset of the trade mark. The merchant, banker, peasant and artist all depend upon it. Nothing succeeds like success. Success never comes without diligence, forethought and honesty. We know all men by the goods they keep. Their honesty of purpose. The day of so-called gold diggers is a thing of the past. There is no such thing as giving something for nothing for that would spell bankruptcy. Our greatest firms have started in a small way simply their names for themselves. Established authors and artists have followed the same method of caution for what the public wants, care for what they will have and a reasonable price for honest goods. The theater is just a store after all, where purchasable commodities of life's happiness rejuvenate us all. For twenty years the trade mark of Perich-Gyprene has been as reliable as the government stamp or pure gold. The company turns the ninth year after year and always gives the greatest of satisfaction.

They will fill a weeks engagement at the Imperial Theatre commencing Monday, March 16th, with the Yuletide Play in four acts. Ladies free if accompanied by the holder of a 5th ticket and reserved before 6 p. m.

Normal Institute. On next Sunday afternoon at 3:30 at the Baptist church is to begin a Normal Institute for Sunday School Workers. Any person desiring to be better prepared as officer or teacher in Sunday school is invited to take this school work. The Convention Normal Manual for Sunday School Workers will be the text book used. You will only need a composition book and pencil, a receptive mind and a willing heart.

Schedule for the work is as follows: Sunday, March 15th, 3:30 p. m. Outline of work by the faculty. Each day, Monday through Friday, Afternoon, 3:30 to 4:45. Management and History by Hyman, 4:45 to 4:55. Old and New Testament by Hyman, 4:55 to 5:15. Pedagogy and Psychology by Perkins. In order to give the opportunity of the school a duplicate of the work done in the afternoon will be given in the evening, beginning at 7:15 and closing at 8:30.

At 11:00 o'clock, March 22nd will be the delivery of diplomas. Hon. G. E. Mabry of Tampa, a leader in Sunday school work in the state has been invited to deliver the address of Graduation. A regular lithographed Normal Diploma will be presented to those successfully doing the work. This diploma is granted by the Sunday School Board of Nashville, Tenn. About 20,000 Sunday school teachers in the south hold the diploma as present.

There is a place left on the diploma for gold seals to be added when other books have been completed. A person holding these gold seals will be given a gold seal. A person holding all eight seals will be given a blue seal.

The faculty in charge of this work is prepared to give an excellent training. Mr. N. J. Perkins, Superintendent of the Sanford High School will teach Sunday School Pedagogy and Psychology. Mr. George Hyman, who will teach Management, History and Bible, holds the blue seal and has conducted more than 100 of these institutes in the Baptist churches of the state.

The most valuable asset of the trade mark. The merchant, banker, peasant and artist all depend upon it. Nothing succeeds like success. Success never comes without diligence, forethought and honesty. The faculty in charge of this work is prepared to give an excellent training. Mr. N. J. Perkins, Superintendent of the Sanford High School will teach Sunday School Pedagogy and Psychology. Mr. George Hyman, who will teach Management, History and Bible, holds the blue seal and has conducted more than 100 of these institutes in the Baptist churches of the state.

The most valuable asset of the trade mark. The merchant, banker, peasant and artist all depend upon it. Nothing succeeds like success. Success never comes without diligence, forethought and honesty. We know all men by the goods they keep. Their honesty of purpose. The day of so-called gold diggers is a thing of the past. There is no such thing as giving something for nothing for that would spell bankruptcy. Our greatest firms have started in a small way simply their names for themselves. Established authors and artists have followed the same method of caution for what the public wants, care for what they will have and a reasonable price for honest goods. The theater is just a store after all, where purchasable commodities of life's happiness rejuvenate us all. For twenty years the trade mark of Perich-Gyprene has been as reliable as the government stamp or pure gold. The company turns the ninth year after year and always gives the greatest of satisfaction.

### It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework as well as run a big water mill."

I wish every suffering woman would give

### GARDUI The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good. Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

**Waistcoats Appeal to Feminine Favor.** Let no woman labor under the delusion that the new waistcoats which appeal so strongly to her fancy are easily copied. Although loose and baggy, they are carefully cut and fitted, and their edges are perfectly tailored. Do you thoroughly understand the mysteries of tailor stitching, Mme. Thrifty? Think twice before you un-

MODERNESS IN SILK VESTS.

dertake a waistcoat unless you do; otherwise it may prove your Waterloo. If you are using a suiting material for the vest be sure to purchase enough material to make garter tops for the boots to be worn with the waistcoated tailored suit. Garters matching the walking skirt make the feet look small and smart.

#### A Writing Experiment.

The following is an entertaining experiment in a party of young people. One of those present is asked if he can write his name and with of course, answer "Yes." He is then subjected to the following test: He is asked to sit down in a chair, a paper folded several times is placed on his forehead, a lead pencil is handed him, and he is asked to write his name on the paper. As little time as possible to reflect should be left him. If he hesitates he should be told to just go ahead, and in most cases it will be found that he starts writing his name at the left temple and to the amusement of the others present writes it so that it is legible only when held in front of a mirror unless one is practiced in reading reversed writing.

#### Queer Eating.

The king or horseshoe crab chews its food with its legs. This is an actual fact, the little animal grinding its morsels between its thighs before it passes them over to its mouth.

(Articles Published under this heading furnished by M. P. A. Bureau, Jacksonville)

Some esteemed friends (?) take exception to the clerical expression published in these columns to the effect that prohibition is not christianity. So do I. That is, to the manner of expression — not to the sentiment. That expression should have been, Not Christlike. Under the amazing leniency of the plan of salvation, men may live a long way from God, and still make the goal. Hence I have hopes for prohibitionists. But it cannot be said Christ was a prohibitionist. Therefore, prohibition is not Christlike. It follows, also, that it is not Christianlike; because the life of Christ was nothing but a manifestation of the christianity which is pleasing to God.

Law is not for the arbitrary restriction of the liberties of people who live right; but for the punishment of wrong-doers — for its restraining effect upon those of like evil-inclination. Any other kind of law is an unwarranted infringement upon human rights.

Self-restraint is one of the most beautiful of all the teachings of christianity. Let the other hand, forcible restraint of the freedom of those not engaged in, nor likely to engage in, and overt act against the peace and well being of society is a form of tyranny which has brought to grief every government which adopted, and enforced it.

A few weeks ago this Bureau said there would be no aid to prohibition, once the idea got a foothold. Now comes Dr. Porter verifying this statement with a proposition to prevent marriages, except after an examination and health certificates by a physician. The Dr. would be all right for those who, like Dr. Porter, have outlived the tender passion. But cupid has laughed at locksmiths and other impediments during all the centuries past, and will hold up the public scorn and contempt of all the eugenics you can trot out while the new centuries come and go.

It is contended by a certain class of agitators we have to restrict personal liberty to prevent murder, arson, and the whole catalogue of crime. Such is not the case. Liberty is not license. All crime is an infringement upon the rights of another. Human rights and human liberty are synonymous terms, and never counter to each other. It is well to bear in mind that in discussing principles, we invariably speak of normal humanity, unless otherwise specifically stated.

Which to a Doughnut is a Doughnut. The latter we bake Fresh Each Day. And Sell at 10 cents The Dozen

The holes in the center of the doughnuts we bake Are smaller than in many others, Thus more for the price If yours you take, And you'll find no Better Crullers.

### HOW TO MAKE MONEY GROWING FIGS

This book treats this important fruit as completely and thoroughly as it does citrus fruits, etc. There is no section of the citrus or cotton belts in which figs do not thrive. Figs are increasingly in demand and the fruit is destined to become an important commercial factor in Florida and all the Gulf Coast Country. Plant fig trees now.

#### Diversify in Fruit Growing—It Pays.

Even in the heart of citrus Florida it will be found profitable to grow some fruits other than oranges and grapefruit. Many tropical fruits, also figs, Japanese persimmons, plums, peaches and peaches should be planted. In many instances these can be interplanted in citrus groves and a good income derived from them without injury to the citrus trees.

#### Griffings' 1914 Tree Book

Women Find This Is Better Than Colomel

Many Mothers and Wives Have Learned that Dodson's Liver Tone is a Fine Remedy for Constipation

L. R. Phillips & Co. will tell you that it takes the women to realize the merits of a new remedy for constipation and biliousness quickly and surely, whether it is for themselves or for some one else in their families.

There are today a great number of households in which Dodson's Liver Tone has come to take the place of dangerous colomel as well as all other remedies for such ailments and where an atmosphere of health and happiness now prevails.

Dodson's Liver Tone is unconditionally guaranteed by L. R. Phillips & Co to be a safe liver regulator and remedy, absolutely harmless and with no bad after effects such as are liable with colomel.

Dodson's is a pleasant tasting vegetable liquid and clears the aching head and suffering body with no pain or gripes. So perfect a remedy has Dodson's Liver Tone proved to be that your druggist will refund the purchase price (50c) instantly without question, if you are not thoroughly satisfied. They are authorized to do so by Dodson, who does not want your money unless his remedy can benefit you. Under such conditions a trial would seem the part of wisdom.

DOUBLE FUNERAL AT SORRENTO

Mrs. Budgen and Mrs. Miller Both Die Last Friday

Seldom is a community called upon to mourn the loss in one day, and within a few hours of two long time resident and much beloved ladies, as are we of Sorrento today.

At 4 a. m. Tuesday, Mar. 19th Mrs. Ellen Budgen, well beloved wife of Edward Budgen, passed away at the Budgen residence, 1 1/2 miles east of town. The cause of death was fatty degeneration of the heart. Her age was 71.

At 7:30 the same morning Mrs. Margaret Miller died at her home in the village at the age of 77; of pneumonia.

Mrs. Budgen was born at Crowhurst, county Surrey, England in 1843, married Edward Budgen in 1863 and in 1849 the Budgens sailed from their native island to a foreign shore and settled in New York state. A few years later they came to Florida. Mr. Budgen filed on land under the homestead law, three miles south of this place. After several years there Mr. Budgen moved the family to another tract 1 1/2 miles east of town. Here he erected a fine dwelling and met with success as farmer and gardener.

Ten children were born to Mr. and Mrs. Budgen, five of whom survive. These are Ellen, now Mrs. A. Woodcock, of Atlantic Ave., who became the wife of S. E. Carr, Waterbury, Conn.; Ida, Mrs. G. H. Marden, Methuen, Mass.; Herbert L., of Daytona Beach and Chas. E., who with his wife has recently come here from a New England state.

The daughter, Mrs. Woodcock, and Chas. E. and wife were present at the funeral. The two last named will remain with the father on the farm.

It is only a few months since Mr. and Mrs. Budgen suffered a sore bereavement in the death of a son, Arthur, at Daytona Beach.

Mary Adams Pierson was born at Lebanon, Ohio, in 1836. In 1860 she became the wife of T. M. Miller. After the war Mr. Miller engaged in trade in Mississippi. In the 80's the Millers came to Sorrento, where they established a dairy farm. Mr. Miller passed away about the year 1890. There was no issue to the marriage. Since the death of her husband Mrs. Miller has resided in this village. She was interested in citrus groves with her sister, Mrs. Lockwood, also a widow.

The bodies were prepared for shipment by Embalmer Cowles of Eustis and Undertaker Hackett of Mt. Dora. Wednesday morning the obsequies for both were held at the residence of Mrs. Miller. Rev. C. H. Foland of the Presbyterian church conducted the service.

Mr. Foland has recently been called to this charge from Summerfield, Fla. He comes to the pulpit made vacant by the death of our lamented pastor, Rev. L. R. Sutherland, who had been leader of the Presbyterian society

for the past eight years, and is deep in the hearts of all, regardless of religious affiliations.

The train going east at 11 a. m. Wednesday bore far from us all that is mortal of these two dear old ladies, who had been our company and comfort so many years.

Mr. Budgen accompanied the remains of his wife to Daytona Beach. Mr. Henry Lockwood, young nephew of Mrs. Miller went with the body of his aunt to Lebanon, Ohio, the place of her birth.

TRANSPORTATION LINE

Auto Trucks Will Operate Between Sanford and Orlando

Beginning Monday an auto truck line will be operated between Orlando and Sanford, making two round trips daily and having a capacity of four thousand pounds of freight on each trip.

Freight rates will be cut below the railroad rates five cents a hundred on all classes of freight, with the additional advantage that freight will be delivered by the truck to the door of the patrons, thus saving cost of drayage besides the five cents a hundred.

It is likely that the new line will be well patronized from the beginning. Freight rates between Sanford and Orlando are burdensome, and the people will welcome relief. A regular schedule will be maintained.

Store door delivery at a saving of five cents a hundred below the rail freights will amount to many thousands of dollars a year to the merchants of Orlando.

The truck which has been purchased and which arrived yesterday is a Selden two ton truck. No attempt will be made to build up a passenger business, though occasional passengers may be carried.

Besides the regular run between the two towns a general trucking business within the city will be done. All of this cannot be done with one truck, and others will be purchased as the demand arises.

Mr. A. L. Weatherbee will be in active charge of the business. Associated with him will be Messrs. W. D. Rogers and L. B. Fort. The latter will be in charge of the office and mechanical end of the business, being managers of the San Juan garage, which will be headquarters for the company, to be known as the L. & S. Transfer Co.

Mr. Weatherbee has been a traveling salesman for the past ten years, having been identified for the greater part of that time with the International Harvester Company. He is well acquainted with the needs of the proposed line and with the demands of the traffic business generally, and with his well recognized ability and energy will undoubtedly make a success of the venture, which starts with the well wishes of all who know about it, with the possible exception of the railroad company.

When it is considered that the freights from Jacksonville to Sanford by water are cheap in comparison to their rail rates

Save Time!

Time lost because of headaches, lassitude and depressions of biliousness, is worse than wasted. Biliousness yields quickly to the safe, certain home remedy—

BEECHAM'S PILLS

Sold everywhere. In boxes, 10c., 25c.

It is obvious that Orlando stands in need of a cheap and rapid transportation line to connect with the docks at Sanford, in order to get the benefit of the cheap water rates. An electric or truck line will fill the long felt need.—Orlando Sentinel.

L. Engle Has More Bills

Washington, Mar. 12.—Congressman L. Engle today introduced two bills in the house. The first of these is to equalize freight rates over transportation lines in interstate commerce so that hereafter charges shall be no higher for commodities moving in one direction than in the other. Where there is a difference in rates between the same points for the same commodities going in different directions the lower rate would prevail.

The other bill would deny admission to the mails as second class matter to certain newspapers and periodicals owned either wholly or in part by any steam or electric railroad, express company, steamship company, etc., where such public service corporations have been convicted of a violation of the Sherman anti-trust law. The postmaster general would be given authority to determine whether such facts exist as to justify such exclusion.

Character

As a man's yes and no, so his character. A prompt yes and no marks the firm, the quick, the decided character; and a slow the cautious or timid.—John Caspar Lavater.

The Purpose of an Advertisement

is to serve your needs. It will help sell your goods—talk to the people you want to reach. An advertisement in this paper is a reference guide to those whose wants are worth supplying.

POLITICAL ANNOUNCEMENTS

FOR COUNTY JUDGE

To the Democratic voters of Seminole county subject to your action in the Primary of June 2, for the position of the office of County Judge, I respectfully solicit your support and request that sixteen years experience at the bar and present me the knowledge requisite to the proper and efficient discharge of the duties of the office. GEORGE W. HARRIS

FOR CLERK OF THE CIRCUIT COURT

I beg to announce to the Democratic voters of Seminole county my candidacy for the office of Clerk of the Circuit Court, subject to the decision of the Primary Election to be held June 2nd, 1914. Respectfully, (DICK) R. C. M. WELLS

To the Voters of Seminole County

I hereby announce myself a candidate for the office of Clerk of the Circuit Court in Seminole County. I have no claims to make for my services and have no ulterior motives. My best efforts in helping to organize and improve the new county in the first ranks among the counties in doing this. I invite you to come to the polls and see for yourself. After so long a stay in the good of the county. Very respectfully, E. A. HAYES

FOR SHERIFF

To the Democratic voters of Seminole county, I hereby announce myself a candidate for Sheriff of Seminole county. If elected I will myself to fulfill the duties of the office to the best of my ability. E. L. BRADY

I hereby announce my candidacy for the position of Sheriff of Seminole county. If elected I will without fear or favor, and with impartiality, fulfill the duties of the office. Respectfully, (LITTLE) A. D. SMITH

I will be a candidate to succeed myself for the position of Sheriff of Seminole county. Having served the people in this capacity for the past several years, I have acquired a wide knowledge of the duties of the office and am confident that I can perform them to the satisfaction of the voters. I am a native of this county and have spent my entire life here. I am a member of the Democratic Party and will support the party in the Primary to be held on June 2nd, 1914. Respectfully, CHARLES M. HANCOCK

FOR COUNTY TREASURER

I hereby announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary. If elected I will turn all the funds of the county over to the proper authorities and will guarantee the receipt of the office to be expended fifty per cent of the receipts. N. H. GARNER

At the solicitation of my friends I will be a candidate for the office of County Treasurer of Seminole county, subject to the decision of the Democratic Primary to be held on June 2nd, 1914. Respectfully, JOHN CASPAR LAVATER

I encourage my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary to be held on June 2nd, 1914. I will accept any and all positions that may be made for me to help me perform my duty. Respectfully, R. L. BRIDGES

FOR SUPERINTENDENT OF PUBLIC INSTRUCTION

I hereby announce my candidacy for the position of Superintendent of Public Instruction, subject to the decision of the Democratic Primary to be held on June 2nd, 1914. I have spent the greater part of my life in the public schools and have acquired a wide knowledge of the duties of the office and am confident that I can perform them to the satisfaction of the voters. I am a native of this county and have spent my entire life here. I am a member of the Democratic Party and will support the party in the Primary to be held on June 2nd, 1914. Respectfully, J. HOWLAND WILSON

ONLY WHITE DEMOCRATS VOTE IN THE COMING PRIMARY ELECTION

STATE COMMITTEES OR RULES IN EXECUTIVE SESSION

PRIMARY FOR JUDGES

CANDIDATES MUST SHIFT FOR THEMSELVES AND NO MEETING ARRANGED FOR THEM

The State Democratic Executive committee on Saturday in Jacksonville in regular meeting refused to levy an assessment for campaign purposes on the candidates entering the campaign to end with the primary in June, and expressed itself as not favoring an itinerary for the candidates, leaving the candidates to shift for themselves, and speak when and how they are individually pleased.

It passed a resolution declaring that the district judges and other judges of record, and the state prosecuting attorneys of the state should be eliminated by the people in the primary, so far as the filling of vacancies is concerned within the next two years.

It also appointed a committee of five to advise with the chairman and the secretary of the state executive committee, to be known as the campaign committee, to which committee will be left the details that may arise during the campaign.

The following resolution regarding any but Democrats voting in primaries was adopted:

Whereas, Section 16 of chapter 6469, Act of 1913, Laws of Florida, provides the state executive committee of each political party may by resolution declare the terms and conditions on which legal electors shall be declared and taken as proper members of such party; therefore, be it

Resolved, by the state Democratic executive committee, that in addition to the qualifications specified in said chapter 6469, only white legal electors shall be permitted to vote the Democratic ticket in the ensuing primary.

Mr. Horns of Jefferson offered a resolution thanking Governor Park Trammell for his work on having drafted and passed the corrupt practice act.

The following were the members of the state Democratic executive committee who were present and answered to their names: Chairman F. J. Fearnside, Fitch, J. B. Horns (proxy for R. L. Fitch), Monte Carlo, Treasurer: L. W. Johnson, acting secretary proxy for B. W. Fisher, Volney Davis, Bradford, J. E. Fitch, Citrus, Dr. G. A. Dame, Columbia, Dr. A. E. P. GREAT PRESS ASSOCIATION

Meeting at Ft. Myers Will be Greatest in its History

The executive committee of the Florida State Press Association met in Jacksonville at the Aragon hotel, Saturday morning, and arranged the program for the coming annual meeting in Ft. Myers, which promises to be one of the best in the history of the association.

President W. A. Russell of Palatka presided, and Secretary T. J. Appleyard called the roll and announced that a quorum was present.

The first thing done was to approve the change of date made by the Fort Myers people in order to accommodate Vice President Thomas R. Marshall, who will address the association. This change consisted in moving up one day the opening of the association, which will begin its sessions April 23 and will adjourn April 25.

The following is the program that was arranged, by the executive committee Saturday:

Thursday, April 23

4 p. m.

Meeting called to order

Invocation by Rev. C. T. Blanchet of the Episcopal church

Address of welcome by the mayor of Fort Myers and president of the board of trade

Response by Hon. Robert McNamee

Adjournment

8 p. m.

Music

Invocation by Rev. G. W. Rettford, D. D., of the Presbyterian church

Music

Address Hon. Thomas R. Marshall, vice president of the United States

Introduced by Hon. W. A. Russell, president of the Florida Press Association

Reception in honor of Vice President Marshall and wife and other visiting invited visitors, by the citizens of Fort Myers

Friday, April 24

9 a. m.

Invocation by Rev. F. F. Scott, pastor of the Methodist church

President's annual address

Report of secretary

Report of treasurer

Appointment of committees on committees

Report of committee on membership

Report of committee on cost congress

Introduction of same, led by Harry I. Brown, Record at Virginia

2 p. m.

Entertainment by Ft. Myers board of trade

8 p. m.

Paper—Florida and Her Resources, Gilbert D. Leach, Tallahassee, Tampa

The Girls' Greeting Club, Miss Agnes Ellen Harris, together of home economics, Florida State College for Women

The Work of the Boys' Club Clubs, Dr. J. A. Evans, of the agricultural department, Washington, D. C.

Followed by a banquet tendered by the board of trade of Ft. Myers

Saturday, April 25

9 a. m.

Invocation by Rev. W. C. Martin of the Baptist church

Business session

SENATOR FLETCHER INTERESTED IN CANALS ACROSS THE STATE

WILL PULL FOR FLORIDA'S INLAND WATERWAYS

HOME FROM THE CAPITAL

OTHER NEWS FROM STATE AT LARGE GARNERED FOR BUSY HERALD READERS

There is probably no man in public life who watches with keener interest every possibility for developing additional facilities for transportation than Senator Duncan U. Fletcher of Florida, who is home in Jacksonville this week. For five years Senator Fletcher has been president of the Mississippi-to-Atlantic Inland Waterways Association and a director of the National Rivers and Harbors Congress. During that time he has been an enthusiastic advocate of waterway improvement, his pleasing personality and his intelligent appreciation of the needs of commerce being largely instrumental in bringing about waterway improvements beneficial to the whole country. Our people are greatly interested, said the senator, in the plan for an inside waterway from Cape Cod to the Rio Grande and will do everything possible to make this dream a reality, but while vitally interested in the whole scheme of an inland canal waterway, he is especially enthusiastic over the connecting up of certain links in this waterway chain. These links extend from New Orleans on the Mississippi river, along the Gulf of Mexico to the west coast of Florida, thence across my own fair state to the Atlantic ocean, connecting on the Atlantic coast with the canal or inland waterway from Key West to Boston.

Jackonville is having a desperate time trying to raise the money necessary to entertain the old vets, and Tampa papers are already appealing to the citizens to patronize the bill games in order to help out expenses. From a billion dollar congress down to the boggy blackboard, it is a struggle to get all the funds that are needed to carry on necessary work. The Orlando board of trade needs five thousand dollars right away to enable the publicity committee to carry out its plans. The five thousand dollars will bring two hundred thousand dollars into the city next winter. We ought not to be afraid to loan money at 10 per cent interest. Orlando Sentinel.

The Jacksonville postoffice mail refuses to clarify. The senators seem unable to get together and it is stated that Postmaster General Burleson has summoned Florida National Committeeman John T. G. Crawford to Washington to act as advisor. It now appears that Dugan cannot be appointed owing to the unqualified opposition of Senator Fletcher, who has offered two names to Bryan as acceptable to him. If the senators continue to disagree Crawford may be acceptable to both senators, yet this will be a hard matter as Crawford and Fletcher love each other not.

Bids for the million dollar palace of James Deering, to be erected in Miami have been opened. Construction work will begin upon the palace within two months after the contract is let. Those who have seen the plans state that the Deering palace will be the most magnificent residence of which the state of Florida boasts.

A fine specimen of the Philippine Indragopal was exhibited by G. W. Linder last week at West Palm Beach. It was grown from seeds sent from the Philippines and weighed ten pounds, in flavor much of the order of the muskmelon, though of a somewhat less pronounced flavor.

P. H. Rolfs, director of the agricultural experiment station of the University of Florida was in the city recently in conference with the secretary of the Tampa Merchants Association. The topic of special interest to the University men and to the Merchants secretary was the establishment of an experiment station in Hillsborough county, and the introduction to this county of the Natal grass, recently discovered, as a profitable forage crop in this part of the state and in all the ridge land suitable for the production of citrus fruit. Tampa Tribune.

The East Auditorium will seat 200 people. No more tickets will be sold than the seating capacity. Secure your ticket before all are taken. See same at Irwin & Gilles store.

INFORMATION FOR CANDIDATES

For Those Who Will Run for Office at the Democratic Primary Election

First Each candidate shall secure from the secretary of the Democratic Executive committee of Seminole county a form of oath to be made, and shall pay to the secretary of said committee the assessment required, which is two per cent of the annual salary or compensation of the office sought by the candidate, and secure a receipt for same.

Second: Said candidate shall file with the clerk of the circuit court of Seminole county, Florida, the affidavit and receipt, properly signed and sworn to, together with the receipt for his assessment paid to the county executive committee, and shall at the time of filing such affidavit and receipt, pay to the clerk of the circuit court the assessment as required by law, namely: Three per cent of the compensation or annual salary of the office sought by the candidate. The law requires that the foregoing affidavit receipt and filing fee shall be filed and paid to the clerk of the circuit court, not less than thirty days previous to the day of the primary election.

Third: Each candidate for nomination shall file in the office of the clerk of the circuit court a detailed, itemized statement of his campaign expenses as follows: Not more than thirty days prior to the primary, also not more than thirty days prior to the primary, and within ten days after the day of the primary. See printed law for necessary statements to be made.

St. Johns to Key West.

A dispatch from Washington, Friday, says plans for a navigable canal from the St. Johns river to Key West, and the appointment of a board of inquiry into the present condition and value of the East Coast canal from the St. Johns river to Key West, are contained in a bill introduced by Senator D. U. Fletcher of Florida. According to the provisions of the bill, the president is to be authorized to appoint a commission consisting of one officer or retired officer of the engineer corps, an officer of the navy and one person from civil life, to examine and report upon a route for construction of a free and open waterway from the St. Johns river to Key West. The commission is to examine and appraise the value of the canal and franchise of the East Coast canal from the St. Johns river to Key West, with reference to the desirability of purchasing the canal and the construction of an open waterway having depth sufficient to accommodate vessels drawing ten feet at mean low water. The total cost of any parallel route is to be ascertained. The bill, appropriate \$40,000 expenses.

Bill of P. Conventish

With the selection of Palatka as the next meeting place and the election of officers to serve during the coming year, the twenty-ninth annual session of the Grand Lodge of the Knights of Pythias of Florida adjourned at Ocala on Friday night. The session was attended by one of the biggest delegations ever attending a grand lodge meeting.

In the field for meeting next year were Key West, Palatka, Tallahassee and Lakeland.

The following officers were elected to serve the Grand lodge during the ensuing twelve months: Grand chancellor, Robert E. Davis, Gainesville; grand vice chancellor, Scott M. Lofton, Pensacola; grand prelate, E. P. Roberts, Key West; grand master at arms, N. P. Yowell, Orlando; grand master of exchequer, William C. West, Jacksonville; grand keeper of records and seal, W. H. Latimer, Tavares; grand inner guard, N. J. Williams, Milton; grand outer guard, William M. Gobere, Ocala.
