Scenic Wekiva River Study Is Approved

Sanford industrial director David Kelly has recommended to the County Commission that the name of Onoca Road and Grapevine Avenue be renamed. Suggested by Kelly is "Airport Boulevard." A recommendation also was made to the commission from H. W. Rowland, representing the Greater Sanford Chamber of Commerce, that a member be appointed from the County Commission for a study of the Wekiva River in the scenic river program.

Appointed from the commission were two members, Sid Vilhen, who expressed an interest in the matter, having become familiar with the situation as president of the Sportsman's Association, and Greg Drummond, who also indicated interest since he was one of the areas which was getting pollution from Orange County.

Vilhen has presented to the commission a petition from 200 persons requesting a traffic survey by the state to place a traffic signal at the intersection of U.S. 17-92 and 27th Street. Although a survey was made by the state in 1968, it is felt that conditions have changed and that a new survey is warranted.

The continuing discussion of the request from the county Planning and Zoning Board to eliminate meetings at Lynn High School still has not found resolution. Zoning Director Robert Brown was asked to contact members of the Planning and Zoning Board to ascertain their individual feelings in the matter. Next meeting at the school is scheduled in September and Brown seeks a solution by Aug. 15.

Failing Business Is Discussed

Airport Policies Questioned

Falling Sanford Airport business and delinquent payments of airport lessees were discussed at this morning's Sanford Industrial Commission (SIC) meeting after John Krider, SIC member, complained about having to read in the newspaper of airport firms who defaulted in their leases, and the SIC never advised of the situation.

Krider also questioned a voting procedure to locate on the airport before their lease requests are approved. "What are we doing, who is running the airport?" Krider asked.

The SIC member wanted a report given the industrialists of all people who are allowed to move onto the airport on the condition of their lease payments at regular intervals. W. E. Knowles, city manager and SIC member, told Krider the city commission has control over the airport.

Problem came after a lease request from Whittaker Savings Co. was brought before the meeting for approval and it was determined they had already moved into Building 100, which leases for \$10 a month.

After more discussion, it was disclosed that Airport Director J.S. Cleveland had allowed the entry before the lease was submitted for approval since the SIC meets only twice monthly, and the tenant wanted immediate occupancy.

Knowles, replying to Krider's comment regarding past due airport lease accounts said information was available to any member of the public who had any definite information regarding any default of airport property leases. Krider retorted, "Either this board has no authority or it doesn't."

Knowles then moved to have Cleveland notified that no airport occupancy will be allowed until the default has been approved by the city commission. Krider seconded this and the measure was approved.

SIC member Thomas McDonald asked that a report on all airport leases be given in a letter to the SIC.

John Metzger, SIC member, noting the failure of some airport clients to honor their lease agreements said it was good business to check on prospects financial status before allowing them to lease buildings.

Krider said J.V. Kelley, SIC director, should be given more control over the situation and this prompted Knowles to recommend that any lease applications at the airport or any other property be checked by Kelley before his recommendation to the industrial board.

In another matter, Kelley reported that the four state-issued interest certificates for the proposed new Seminole County court house.

The hearing on the matter was held on May 28. The bonds will furnish financing for the construction of the new court house and jail expansion. The \$2.9 million bond issue has not been sold.

Mathews Qualifies

Cleveland Heads Drive

Mathews qualified today to run in the 1970 gubernatorial race. The Mathews-Gissendanner team filed qualification papers with elections chief Don Glesson and then held a news conference, at which Mathews announced that former Sen. Mack Cleveland of Sanford would be his state campaign manager.

They became the second Democratic team of candidates to qualify for the 1970 race. Atty. Gen. Earl Faircloth and his running mate for Lieutenant Governor, former Sen. George Tapper of Sanford, also officially stepped in Wednesday.

Meanwhile, Don Meiklejohn, an ex-newman and aide to Gov. Claude Kirk, said today he plans to qualify to run for the nomination for Governor. His running mate is Elton Gissendanner (right), mayor of North Miami. Mack N. Cleveland Jr., Sanford, accepted the bid to be Mathews' state campaign manager. (Don Vincent Photo)

Red Tape Still Bogs New Plant

County attorney Harold Johnson and attorney William Hutchison are preparing a brief in the court house litigation in which an appeal has been filed by Harlan Tuck to the Florida Supreme Court to overturn the order of Judge Roger Dykes which changed the wording on the interest rates on the indebtedness certificates for the proposed new Seminole County court house.

Judge Dykes ordered that the wording on the already validated bonds be changed from six per cent interest to shall be issued at a rate of interest not exceeding the legal rate. State ceiling on the bonds is 7.5 per cent.

The hearing on the matter was held on May 28. The bonds will furnish financing for the construction of the new court house and jail expansion. The \$2.9 million bond issue has not been sold.

Dock Issue Unsettled

City Commission and Monroe Harbour indicated at yesterday's afternoon special meeting that an attempt will be made to resolve present difficulties between the city and the harbour firm over the sinking of 12 docks in the west side of the marina complex, which is owned by the city but leased to Monroe Harbour.

Mack N. Cleveland Jr. appearing as special counsel for the lessee and said it was not the purpose of the meeting to try to place blame for the dock condition but to try to resolve the situation to the satisfaction of both sides. "Monroe Harbour has submitted an offer, which apparently was not accepted, perhaps it would be best for us to get with City Attorney (W.C.) Hutchison and discuss the situation and come back later for a commission discussion."

Mayor Lee P. Moore said this \$60,000 loan from the city banks to repair and expand the docks with the city being listed as liable for the debt, in the event the loan is failed to meet the 2-year term.

Monroe had asked city to borrow money at six per cent interest and Shriver, World War II veteran and member of all the bar associations. He will devote full time of Mathews' campaign, he said.

Meanwhile, Mrs. Camilla Bruce, supervisor of elections, said her offices will be open from 9 a.m. to 5 p.m. Saturday for the benefit of candidates wishing to qualify. Deadline is Tuesday noon. For registration of voters her office will be open 5:30 p.m. on July 23, 30, Aug. 6. Books will close for registration on Aug. 8 and reopen on Nov. 9.

Candidates qualifying for local offices today with Mrs. Bruce were Al Davis and W. Lawrence Swafford, Democrats. County Commission district 3; Richard Wier, Democrat. County Commission district 4; Dorothy Meadors, Republican. County Commission district 5; John Evans, Democrat; Jean Bryant Republican, and Wendell Agee, Democrat. School board, and for tax assessor, D. Guy Allen, Republican, and Thomas Napier, Democrat.

Qualifying in Tallahassee for the Seminole-Orange House of Representatives delegation were Paula F. Hawkins, Maitland, Republican, district 3B; Bernard W. Brender, Maitland, Republican, district 3A, and Louis Breeze, Winter Park, Republican, district 11.

Two Republicans, Leonard Wood, of Altamonte Springs, and Dr. Herbert Riggs, of Ponce Inlet, announced they will seek the GOP party bid for the U. S. House of Representatives seat held by Democrat William Chappell.

Sanford Herald Prexy Succumbs At Age Of 53

Robert H. Haskell Jr., 53-year-old president of the Sanford Herald Corporation, died Wednesday in a residence maintained by him and Mrs. Haskell in Clearwater. Mr. Haskell had been ill for several days with a virus, but death was unexpected.

He had been associated with The Herald since its purchase in 1931 from Holland Dean. A one-time managing editor of the Orlando Star and city editor of the Miami Daily News, he served in the U.S. Navy in World War II.

Mr. Haskell had been a resident of Martinville since 1940, when he went there to become publisher of the Martinville Bulletin, then owned by General Newspaper, Inc., of which he was vice president. In 1950

\$2 Million Suit Filed Against GAC

SAN JUAN, Puerto Rico (AP) — An independent booker and his wife filed a \$2 million suit in Federal Court today against the Florida-based GAC Properties, once known as Gulf American Corp.

In the petition to be heard Wednesday, Puerto Rico residents David Kaplan and his wife, Florida, claim that the company, a subsidiary of General Acceptance Corp., terminated their contract in violation of Commonwealth law.

According to the suit filed by attorneys Santiago Polanco Abreu and Dr. Colazo Fain, GAC "illegally, maliciously and unilaterally terminated" a contract with the couple after they had worked for them for six months.

The Kaplans claim that their work as distributors in Puerto Rico did much to dispel that negative image. They claim that under the terms of their contract they concentrated directly on a resident market in San Juan, using conventional sales methods and advertising in local papers. In the suit they charge that the company's reason for severing connection with them was "to profit from the market that the plaintiffs had established through their efforts, expenses and investments, exports, labor, organization, means."

Boys Club Founded In Seminole

By MRS. R. B. THOMAS JR.

A group of interested Seminole Countians of various positions and status, have held regular meetings this year for the purpose of organizing a Boys' Club of Seminole County, with its objectives and goals identical to those set by the National Boys' Clubs of America.

These objectives are: (1) To develop good citizenship through everyday leadership and guidance in behavior and in attitude. (2) Boys of all nationalities, races, and creeds are given the opportunity for wholesome recreation and companionship. (3) The boys will be provided with information on health and physical training, and encouraged to build physical fitness through a variety of interesting programs. (4) The boys will be urged to stay in school and are guided in vocational choice. (5) Most important is, they are shown that someone cares to help them to become active and happy citizens of their city, state and nation.

These are only a few of the objectives of the Boys' Club. To delve a bit further into the scope of the organization, we note it is in full operation, we have had information on the Boys' Club will have full time professional leadership, supplemented by part-time workers and volunteers.

That is good character of pledge is required for the simple reason that the Boys' Clubs helps and guides boys who may be in danger of acquiring or have had, bad habits and wrong attitudes, as well as boys of good character.

That any boy can afford to belong because membership dues are kept low so that the poorest as well as the least fortunate can afford to belong on an equal basis with all other boys.

That it is building-centered. Activities are carried on in a warm friendly atmosphere of respect for the conduct of Boys' Club program.

That it has an open door policy to all of its members at any time during its hours of operation.

That it has a varied and diversified program, and it is guidance oriented.

The Boys' Clubs enables the members to discover their needs, nurture their talents, broaden their viewpoints, dissolve their prejudices, resolve their conflicts, set their goals and most important is understanding themselves.

On March 25, 1970, the following officers were elected to guide this group of interested citizens into a projection which they hope some day will become a reality.

Elected as president was Werner "Egg" Ruth, Jacksonville, Consul General of Seminole County; First Vice President, Mrs. Sadie Bloom, who for years has devoted her time and energy in establishing clubs of this type

Water Weed No Problem In Canal

JACKSONVILLE, Fla. (AP) — Water weeds probably won't be as big a problem to the Cross-Florida Barge Canal as opponents of the project have been claiming, says a federal botanist.

The botanist said he made checks at three points in the reservoir, first to be filled as part of the canal digging project.

He said water hyacinths and other such plants are under control and should be able to be kept that way with regular maintenance spraying.

What's more, Blackburn said, another point of heavy criticism by canal foes may turn out to be helpful.

Objections have been raised to the method of clearing the reservoir of trees by using a huge machine to smash trees to the ground and push them into the soft soil before water filled the reservoir.

U.S. Army Engineers, who are building the \$200 million waterway from Jacksonville to Yankton, made public today a report on the aquatic weed situation by Robert D. Blackburn, aquatic weeds specialist with the U.S. Department of Agriculture research station at Fort Lauderdale.

"A prediction that submerged weeds will be a problem in the lakes cannot be made at this time," Blackburn said. "Dark

Kissimmee Bombs St. Cloud Sanford Teams Tangle Tonight

By GARY TAYLOR
Herald Sports Writer

"Practice games don't mean a thing." So say the all-stars representing the Sanford Little League. They have yet to beat the Sanford Nationals in practice games, but tonight they will be looking to upset them and gain a berth in the District IV sub-district final. The two Sanford teams square-off at 7 p.m.

In the 6 p.m. battle, the Kissimmee American League all-stars tangle with the Ormond Beach American League. The Kissimmee squad advanced to this game as they defeated St. Cloud 12-3 last night. Both games will be played at the P. M. Little League Park.

Kissimmee put together a big seven-run fifth inning last night to put their relatively close game "on ice." The seven runs came after St. Cloud had cut the score to 5-2.

Kissimmee got started in the very first inning as they pushed four runs across the plate. The lead-off batter walked, advanced to second on a wild pitch and moved to third when the second batter grounded out. He then came home on a passed ball for the first score in the game. The next batter reached as the third baseman bobbed the ball. A hit and a base-on-balls loaded the bases, and another base-on-balls forced the second run across the plate. A base hit pushed

two more across to give Kissimmee a 4-0 lead.

Three straight errors loaded the bases with no outs for St. Cloud in the top of the second inning. An infielder pushed their first run across. The next two batters fanned and the last out came on a ground-out to the pitcher, killing the threat of a big inning.

Kissimmee matched the score with a double and a single in the bottom of the second inning and the score stood 4-1.

In the top of the fifth, trailing by four, St. Cloud put together three hits and a throwing error to score two runs. It looked as if they might have a chance to catch up in the sixth, until Kissimmee exploded in the bottom of the frame.

They pushed across seven runs on three hits, three errors and several wild pitches. They sent 11 batters to the plate and led 12-2 at the end of the inning.

Bob Gardner was the winning hurler as he fanned nine. He allowed six hits. David Williams was the losing pitcher. He was relieved by Gary Parker in the second, who in turn was relieved by Lloyd Holden in the fifth.

The Sanford Nationals advanced to tonight's game by defeating Travers and the Sanford Americans earned the chance by defeating the Kissimmee Nationals.

There are no admission charges to these games and Sanford Recreation director Jim Jernigan invites everyone to come out and cheer for their favorite team when the two locals tangle tonight.

College Stars Will Play

CHICAGO (AP) — The College All-Stars have made their sympathies known for locked out National Football League veterans and they're ready again to prepare for their scheduled battle with the world champion Kansas City Chiefs.

The college stars decided Wednesday night to return to supervised drills after a one-day strike.

There's still the possibility that the July 31 All-Stars football classic won't come off, since the Chiefs, along with the other National Football League clubs, have locked out veterans from training during management's dispute with the NFL Players Association.

Nonetheless, All-Star spokesman Steve Tamer said the college stars would train with the

Dreams of Nino Emile Griffith Decisions Tiger

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Emile Griffith still dreams of another shot at Nino Benvenuti's world middleweight title and Madison Square Garden officials are ready to pay \$100,000 to come to the mat.

"Nino is still my dream," said Griffith. "I fight Wednesday night after winning a unanimous 10-round decision over Tiger of Nigeria."

"I keep on beating all the contenders and I still can't get Nino," said Griffith. "I fight them all in their home towns and I win. They tried to get me bumped off in Copenhagen but I beat Tom Bogs. I'm still here."

Although Benvenuti is supposed to make his next defense against Carlos Monzon of Argentina in November, Garden officials still hope to make the Griffith match.

"Whatever they offer you to go to Italy," Garden Matchmaker Teddy Brenner told Griffith, Griffith's manager, "we'll match it here."

Harry Markson, the Garden's boxing director, said he had in mind a January or February date for a middleweight title bout.

Getting Benvenuti may be a problem. He won the title here. He won it back and then lost it again. In his last New York appearance, the handsome Italian was beaten by Tiger in an over-the-weight match in May, 1969.

Tiger showed his age and the effects of an eight-month layoff while Griffith did a little show-boating and taunted him during the fight.

"Come on, Tiger," said Griffith. "Let's fight. You know I'm beating you."

It was after Tiger finally replied in the 16th round and said, "I didn't know you were that kind of a man," referee Pete Delia warned them both for talking.

Referee Delia and judge Al Bert scored it 7-5 and judge Harold Lederman had it 8-2, all in favor of Griffith.

It was unanimous when they fought four years ago, too, but much closer as Griffith won the middleweight title for the first time.

Wednesday night Tiger had a 10-punch edge, 107 to 127 points.

Abdullah Gado, the consul general from Nigeria, visited Tiger's dressing room after the fight. Tiger told him he was sorry he lost the bout.

Pension Benefits—A Stumbling Block

By MIKE RECHT
Associated Press Sports Writer

NEW YORK (AP) — A difference of \$7.8 million in pension benefits emerged today as the major stumbling block to settlement between National Football League players and owners after player's sources revealed their side of the issues.

The owners have offered \$18 million in pension and insurance benefits for four years, an average of \$4.5 million per year, while the players are asking for \$25.8 million, or \$6.45 million per year, a source close to the players told the Associated Press.

The players were getting \$2.8 million each year during the two-year pact which expired, making the \$18 million figure an increase of about 33 percent.

The player's source was answering an earlier Associated Press story quoting club sources as saying the owners were making an \$18 million offer, but that the players had countered with \$26 million "must-take-it-or-leave-it" demand.

"The \$26 million figure never came into the discussions," the player's source said. "It is a major stumbling block to settlement. They (the owners) must be adding together everything. Both the \$18 million and the \$25.8 million figures relate only to pension and insurance benefits."

However, the players are asking for increased shares in post-season games, including the Super Bowl, and these increases possibly could be the difference between \$25.8 million and \$29 million.

The player's source said the owners also made two qualifications to their figure—that payments to players on losing teams in divisional playoffs games be eliminated, and that players give up their financial rights for the use of their names, faces or uniforms in commercial enterprises. This right was granted them during 1968 negotiations.

Referee Delia and judge Al Bert scored it 7-5 and judge Harold Lederman had it 8-2, all in favor of Griffith.

It was unanimous when they fought four years ago, too, but much closer as Griffith won the middleweight title for the first time.

Wednesday night Tiger had a 10-punch edge, 107 to 127 points.

Abdullah Gado, the consul general from Nigeria, visited Tiger's dressing room after the fight. Tiger told him he was sorry he lost the bout.

Superdome Planned For New Orleans

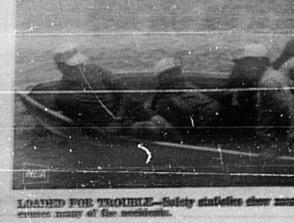

NEW ORLEANS (AP) — Test pilings have been hammered down for the 78,000-seat superdome here, a \$10 million project Gov. John McKeithen says will be "the largest building the world has ever seen."

The governor, Mayor Moon Landrieu and various other public officials and sports personalities were on hand for the ceremonial piling driving Wednesday.

Six concrete shafts were to be hammered down to a depth of 185 feet under the main support column of the dome, with eight others 85 feet beneath the support columns of the parking complex.

Dixon said demolition of buildings on the site will begin by September with actual construction on the stadium to start next spring. It is supposed to be completed by June or July, 1972.

The stadium will be the home of the New Orleans Saints of the National Football League and is designed to house baseball, hockey, and practically any trade show or convention, Dixon said.

Be looking for an announcement in the real near future concerning the next boxing matches to be held in Sanford. Local promoter R. G. Kondracki will try to stage fights within the next two weeks.

The fights will likely be held at the Sanford Armory since the City Fathers can't see fit to let them use the Civic Center. These amateur fights are not for the regular public, but they can use the civic center, which is PUBLIC property.

Oh well, I guess the city fathers would rather see the civic center idle than to be used for something good. Maybe someday they'll see the light. . . . but I doubt it.

Big "Moose" Skowron will be on first base and the "Super-chief," Alie Reynolds, will be available for mound duty when the New York Yankees start the past take on the great, former Braves players in the Braves' 1970 Old-Timer Game on Saturday, August 1, prior to the regularly scheduled game with the Pittsburgh Pirates in Atlanta stadium.

Skowron was the regular first baseman for the season with the Yankees, starting in 1964, and he played in eight World Series. He was the American League's All-Star first baseman from 1967 through 1970 and played in five All-Star big league homers. He played in a total of 20 World Series games (the last four with the Dodgers in 1963), hit .288 with eight homers.

Reynolds pitched 12 seasons in the big leagues and the last eight for the Yankees. Nicknamed "Superchief" and "Wahoo" because of his part-Indian extraction, he tied a major league record in 1951, by pitching two no-hitters in one season. On July 25, he beat the Indians 1-0 and then on September 28, he no-hit Boston 6-0.

He pitched in six World Series for the Yankees and had a record of seven wins and two losses. He had 283 victories in the big leagues and a 2.20 ERA. In 1952, he won his career high of 20 games and led the majors in earned run average at 2.06.

Reynolds now resides in Oklahoma City, Okla., and Skowron in Cicero Springs, Fla.

The highlight of his career came in 1956 when he led the major league with 21 wins while helping to pitch the Yankees to a league and world championship. He had 301 victories and 85 losses during his career with a lifetime 3.64 earned run average. He pitched in five World Series for the Yankees and appeared in the 1958 All-Star Game.

Philly Open Set

Associated Press Sports Writer

PHILADELPHIA (AP) — Doug Sanders lost the British Open Golf championship by one stroke in a playoff but the colorful Georgian native hasn't lost his sense of humor.

Sanders was hitting some balls on the practice tee at Whitemarsh Valley Country Club Wednesday when a spectator inquired: "How do you fade an iron shot?"

Sanders paused a moment, then not only explained a fade, but gave a lesson on a book, demonstrating both types of shot. When he finished, Sanders looked at the questioner and drawled, "If Arnold Palmer had answered that, it would have cost you \$200."

Sanders is here for the \$150,000 Philadelphia Golf Classic, along with his British Open conqueror, Jack Nicklaus. All but four of the top 20 money winners were entered as 147 started the four-day, 72 hole tournament.

Missing were Palmer, U.S. Open champion Tony Jacklin, Gary Player and Dick Lotz, a two-time winner this year.

In addition to Nicklaus and Sanders, others seeking to distinguish themselves were Dave Hill, including leading money winner Lee Trevino, Bruce Devlin, Bob Lunn, Miller Barber, Frank Beard, Billy Casper, Homero Blancas, Bob Charles and Tommy Aaron, all among the top 20 money winners this year.

The 37-year-old Sanders drew a lot of attention from the fans. One spectator abouted, "We ran out of handkerchiefs, Doug," referring to the heart-breaking 21-foot putt he missed on the 18th hole of Saturday's final round of the British Open which forced the tie-hole playoff with Nicklaus.

"Hell's bells we tried," said Sanders. "You can miss them for \$1 or for a championship."

Hitters Wipe Grins Off Pitchers' Faces

By MIKE RECHT
NEW YORK (AP) — Only two years ago hitters were mauling pitchers and pitchers smiling quietly as the men on the mound dominated the game. Now who's grinning and who's growling?

It was because of the lowering of the pitching mound, a shortening of the strike zone, expansion, the new artificial fields or a living of the base ball, 1970 has become the year of the hitters—at least as the second half of the season began today.

In 1968, there were only six 30 hitters in the major leagues—only one in the American League and just 135 home runs, bringing a cry that low run games were turning off the fans. Things picked up last year when there were 18 300 hitters proved pitching ever last year, more than 3,000 homers, and by the first half of this season, bats were booming more than ever.

Like Pete Rose and Carl Yastrzemski talked at the All-Star game Tuesday after playing on Cincinnati's new AstroDome, the second half of the season will bring more of the same.

As players returned today with the batting 300 or better and already almost 2,000 home runs in the majors.

The Cincinnati Reds, keeping in tune with the times, are the low hitting team in the majors behind.

The biggest surprise in the American League has been the California Angels, who were in last place, 22 games back, at this time last season in the West. The Angels presently are second to Minnesota, five games behind.

Cincinnati's pitching staff has been perhaps the biggest surprise of all. The Reds added rookie Wayne Simpson and Jim甫崎 and Gary Simon returned from arm trouble to join holdover Jim Merritt, and all four have a chance at 30 victories—no team has ever had four 19 game winners in one season. Merritt has 14, Simpson 13 and McGlothin and Nolan 11 each, joining nine other National League pitchers who have 10 or more victories. The American League has nine.

In 1969, there were 15 20 game winners with a number of them certain not to repeat. Denny McLain of Detroit, after sitting out until July, is without a victory after consecutive seasons of 31 and 24 triumphs; Dave Boswell of Minnesota and Juan Marichal of San Francisco have only three each, and Bill Singer of Los Angeles, a .55-lined carlin by hepatitis, has five.

Phil Niekro of Atlanta has only seven and Mel Stottlemyre of the New York Yankees and Larry Dierker of Houston have eight each.

Baltimore has a crack at three 20 games in Jim Palmer and Dave McNally, 12 each and Mike Cuellar, 11.

Cambodians Ready Drive On Mountain Resort

SANDAL-SHOED SOLDIERS practice near a pagoda in Cambodia's capital of Phnom Penh. These women are part of an all-out drive by the Cambodian government to get everyone between ages 18 and 40 involved in the struggle against the Communists. Some, like these, are to be taken into the armed forces. Others will work in war-related industry or on farms.

By T. JEFF WILLIAMS
PHNOM PENH (AP) — Four Cambodian army battalions moved into position south of the Kiri Rom plateau today, preparing for a drive on the mountain resort 50 miles west of Phnom Penh. There was speculation that most of the Viet Cong and North Vietnamese had pulled back into the jungles since the two battalions were posted on the southern edge of the 2,000-foot-high plateau. They reported taking enemy rifle fire but said they had not been hit by mortars.
 Two more battalions were reportedly moving toward the plateau. Officers on the scene said they believed the North Vietnamese and Viet Cong troops who overran the resort five days ago had largely disappeared.
 The Cambodian command also appeared to believe the Viet Cong were ready to attack after the destruction of a base camp. Indications were that more than 300 Cambodian troops were killed, wounded or missing. To take away losses were not known.
 Kiri Rom area has no apparent military value. The aim of the enemy appeared to be to look out of any government units as it could then pull out in the area during the night.
 The North Vietnamese and Viet Cong shot their way into the Long Vei base three days ago, but the Cambodians had removed all military supplies in anticipation of an attack. There was no indication why the enemy return after finding the normal base.

\$38.9 Million Budget Cut Urged

TALLAHASSEE, Fla. (AP) — Republican Gov. Claude Kirk today proposed \$38.9 million in 1970-71 budget reductions, including a 3 per cent cut in education spending and severe curtailment of state government construction.
 The Republican governor told the State Cabinet, sitting as the administration Commission, the cuts were necessary to avoid deficit spending in the new fiscal year.
 He said the \$1,289.9 billion appropriations law passed by the 1970 Legislature exceeded the \$1,250 billion in estimated revenue by the amount of his recommended cutbacks.
 Kirk's financial plan, prepared by the Department of Administration, provided for cuts of \$17.0 million in education; \$5.4 million in operations; and \$10.7 million in fixed capital outlay.
 Initiating a 3 per cent reserve requirement on education spending, Kirk said, \$12.1 million could be saved from the \$400 million appropriation to the program, \$1.6 million from junior colleges and \$3.1 million from the university system.
 In capital outlay, the biggest proposed cut was \$5.2 million from the \$8.7 million appropriation for the new Tams Memorial Health Institute. Kirk said this would leave \$2.5 million for completion of working drawings and construction of some patient care units.
 He also advised lopping off \$162,072 from the allocation for the Miami Mental Health Institute, leaving limited funds for architectural plans, but a two-month, \$192,000 appropriation to initiate a minimum foundation program for support of local law enforcement beginning next May 1.
 The other big item recommended for the state program could be 30 per cent cut in the \$10 million of the cost of county health programs. Due to a federal limitation, he said, it doesn't appear the state program could be implemented as early as originally thought possible.
 He also recommended cutting \$11 million from the \$4.8 million appropriated to assume from the counties 50 per cent of the cost of county health programs, leaving limited funds for architectural plans, but a two-month, \$192,000 appropriation to initiate a minimum foundation program for support of local law enforcement beginning next May 1.

Import Limits Pictured

By EDMOND LEBRETON
 Associated Press Writer
 WASHINGTON (AP) — House tax writers have wrapped up a precedent-breaking bill to limit imports by continuing the present system of quotas on foreign oil.
 The House Ways and Means Committee completed its basic decision late Wednesday on its strongly protectionist bill which breaks with the country's free-trade policies dating to the New Deal of the 1930s.
 Oil imports are subject now to quotas under national security legislation broad enough to allow the president to use other control methods.
 As the committee was finishing its report, the State Department's top economic expert was forecasting the possibility of a business war between the United States and its main trading partners.
 "There is a danger of trade war if everybody gets into an eye-for-eye policy," Nathaniel Sampson, deputy undersecretary of state for economic affairs, said in an interview.
 The basic trouble, Samuel said, is an increase in protectionist sentiment all over the world. "The question is: Can we contain it?" he added.
 He referred to a fear that the European Common Market might retaliate, perhaps by imposing heavy duties on American soybeans, should Congress approve textile import quotas proposed by the Ways and Means Committee.
 Ways and Means proposed textile quotas be established on textile articles and shoes. The committee plan would allow the president to order quotas on other imports deemed to threaten U.S. industries.
 The committee's language on oil imports requires that only quotas be used in control of imports under the national security legislation, leaving the president free to determine the level of quotas.
 A Cabinet committee, in a split decision, had recommended President Nixon shift to a tariff system for oil. Nixon has kept the matter under advisement, ordering studies by another group.
 In another decision Wednesday, the committee gave the president authority to increase imports of articles, despite quotas, when he finds the supply insufficient to meet U.S. demand at reasonable prices.
 Meanwhile, the American Footwear Manufacturers Association challenged estimates that costs of some consumer articles might rise as much as 30 per cent if the quotas are put into effect.
 "The unrestricted flood of shoes imports over the past five years has not been accompanied by any price reduction," association Chairman Hayden Griffin said in a statement.
 He added: "Import quotas do not mean a restriction in supply and higher prices. If the domestic industry has plenty of capacity and is highly competitive." The committee turned its decision over to its technical staff.
 The bill will be introduced in the House, but the prospect is remote.

N. Orlando Council To Meet
 NORTH ORLANDO — Village Council will meet at 7:30 tonight in a continued public hearing from the July 6 regular meeting. To be considered is a change in the zoning classification in trailer parks from the present T-1 to R-7.
 The applicant, Gersting Construction Company, is proposing a rental trailer park, encompassing 90 acres, to be located on Rays and Moss Roads up to SR 44. The spectacular development represents an investment in excess of \$1 million.
 Also to be considered is an amendment to the trailer ordinance 44 to permit rental trailers. In the interim following the July 6 meeting, engineers have been considering specifics of a buffer zone and one way or collector streets.
 Earl D. Craig Jr., a Negro teacher at the University of Minnesota, is running against former Vice President Hubert H. Humphrey for the Democratic nomination for the U.S. Senate.
 Craig, a critic of the Vietnam war, filed his nominating papers Thursday. The party primary will be held Sept. 10.
 Humphrey received endorsement of the Democratic Party from a convention last month. Craig polled 20 per cent of the vote.
 The Republican nominee for the seat being vacated by the retirement of Democrat Eugene J. McCarthy is Rep. Clark McGregor.
 "About a romance—how can you rule it out in advance?" a British reporter asked Constance Stuart, Mrs. Nixon's press aide, who had described the visit as a casual encounter between friends.
 She stuttered and spluttered, then goodnaturedly said she guessed she couldn't do that.
 The prince and princess will be flown by presidential jet from Canada, where they spent a triumphal two weeks helping Canada celebrate the centennial of its Northwest territories. They will return to London Saturday night.
 Although their visit is not considered a state affair, trumpets are heralding their arrival at the White House lawn and President Nixon is personally greeting them.
 After refreshments in the portico of the Blue Room—cloning that of President James Madison who fled shortly before the British Army burned the White House in 1814—the royal couple will helicopter with Tricia, Julie and David Eisenhower and 20 of their friends to Camp David in the Catskill Mountains for a picnic.
 The young Eisenhowers and Tricia will show the Britishers some of Washington's landmark monuments by night.

Cultivated Shrimp Near

FORT LAUDERDALE, Fla. (AP) — Deep in murky canals, crawling along in search of life-giving algae, one-pound shrimp today elude the dinner plates of housewives and the lettuce-decorated cocktail dishes of restaurants.
 But Paul Mulvihill, founder and president of Adventure Products and Research Inc. (APARI) is using \$100,000 from the federal government and \$90,000 of his own money to try and commercially cultivate these little-known creatures.
 "My aim is to change the fact that the U.S. imports more than 50 per cent of its shrimp," Mulvihill says.
 Within three weeks, thousands of the fresh water creatures will be placed in four acres of canals secluded far back in the Seminoles' Big Cypress Reservation in the Everglades. Another 36 acres has been set aside for expansion.
 The U.S. Bureau of Commercial Fisheries in Miami says it will be the first time in recorded history the clawed giants have been mass reared in this country.
 Mulvihill, a retired Navy captain, says he plans to raise three species on the reservation. They differ in size, shell structure and claw formation. He said the initial specimens were all harvested in Broward County canals.
 "They're out there right this minute but few people know how to catch them," he said. "I know of several local private enterprises which would love to know where to get them."

Royalty Treated To 'Dogs'

By PEGGY SIMPSON

 WASHINGTON (AP) — Prince Charles and Princess Anne, arriving today on their first visit to the United States, will be treated to a contrasting slice of Americana ranging from hot dogs and hot air balloons to baseball and rock music.
 There will be no romantic interludes between the festivities, the White House insisted as questions erupted about the possibility of a budding romance between the 21-year-old heir to the British throne and President Nixon's 24-year-old daughter Tricia.
 "About a romance—how can you rule it out in advance?" a British reporter asked Constance Stuart, Mrs. Nixon's press aide, who had described the visit as a casual encounter between friends.
 She stuttered and spluttered, then goodnaturedly said she guessed she couldn't do that.

Carved Cane

DENVER, Colo. (AP) — Guy B. Clark of Denver owns a wooden cane carved in a cork-screw pattern on which are engraved the names of 282 Union soldiers from Stratton, Pa., all of whom were Confederate prisoners of war. Clark said the cane was carved by the uncle of his cousin.

Brunch Compliments Merritt Philips

BRIDAL BRUNCH — Mrs. Alex McKibbin entertained at a bridal brunch Sunday for Miss Merritt Philips. Photo shows, from left, Mrs. W. M. Philips, mother of the honoree, Miss Philips, Mrs. McKibbin and her mother, Mrs. Bishop Ashby, who was co-hostess for the affair.

A Sunday bridal brunch at the charming Kingswood Court home of Mrs. Alex McKibbin on July 12 was given by Mrs. McKibbin and her mother, Mrs. Bishop Ashby to honor Miss Merritt Philips, who will become the bride of Charles Lane, Aug. 1, at Holy Cross Episcopal Church.

Merritt arrived at the party site wearing a stunning one-piece pants costume of Periwinkle blue fashioned with long, full white lace sleeves. A long rope pearl necklace and drop earrings were the perfect accents for her ensemble.

The dining room table, which was overlaid with aca lace, was centered with an arrangement of yellow and white shasta daisies and mums in a silver bowl. Similar arrangements adorned a smaller table in the living room and another table in the beautiful new Florida room. Clever hand-made yellow ruffled-edge place cards marked the guests places at the picturesque tables.

The hostesses served the guests Bloody Mary's before the brunch which featured superb cuisine including Quiche Lorraine, asparagus spears with apple garnishes, potato balls, cinnamon buns and melon ball dessert.

Miss Philips received a handsome silver covered casserole from the hostesses.

Sharing the lovely pre-nuptial fete with the hostesses and honor guest were her mother, Mrs. W. M. Philips, Mrs. William L. Merritt, Mrs. W. M. Philips Jr., Mrs. Beagan Ramsey, Mrs. G. S. Blake, Mrs. Hank Johnson, Mrs. Brock Perkins Jr., Mrs. Henry Wright, Mrs. William Lefrier, Mrs. Curtis Spencer and Mrs. Walter A. Giesow.

Cecelia Vernon, James S. Eckern Jr. Exchange Vows In Double Ring Rites

Miss Cecelia Vera Vernon and James S. Eckern Jr. were united in Holy Matrimony, June 20, 1970, at Lutheran Church of the Redeemer, Sanford.

The bride is the daughter of Mr. and Mrs. Harvey C. Vernon, 1558 Elliott St., Sanford, and the bridegroom's parents are Mr. and Mrs. James S. Eckern Sr., 806 E. 25th St., also of this city.

Rev. E. A. Reischer was the officiating clergyman at the candlelight and double ring ceremony before the altar accented by potted palms, two pedestal baskets of white glads and mums and two standing candelabra. White satin bows identified the family pews.

Miss Joan Wilke, organist, presented a program of appropriate nuptial selections.

Given in marriage by her brother, Glen E. Horton, the bride chose for her vows a formal gown of white staidiff crepe, fashioned along the Empire silhouette, with a scalloped neckline and long tapered sleeves. Her flowing train terminated in a chapel sweep. A tiara of lace and pearls secured her elbow length veil of silk fluffon and she carried a Colonial bouquet of white carnations, white rosebuds and lily of the valley, showered with long white lace streamers.

Miss Lois Wilkins, of Sanford, attended the bride as maid of honor. She wore a floor-length gown of yellow bridal satin with a yellow lace bodice. Her yellow veil was held by yellow satin bows and she carried a nosegay of daisies and yellow satin streamers.

MR. AND MRS. JAMES C. ECKERN JR.

Miss Marlene Sampson of Panama City and Miss Phill Sessions of Sanford were the bridesmaids. Their gowns and flowers were identical to those of the honor attendants.

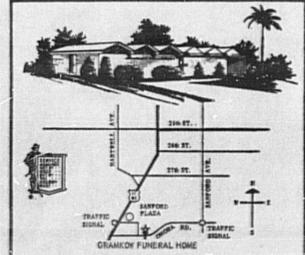

Ralph Myers of Orlando served the bridegroom as best man and ushers were Phil Vernon, brother of the bride, Carlos Hamlin and Bill Vernon, all of Sanford.

For her daughter's wedding, Mrs. Vernon chose a pastel blue knit dress accented with beaded appliques. She wore white accessories and a corsage of blue-tipped carnations.

Jane Lundquist and Miss Joan Wilke, cutting and serving the cake, and Mrs. Martha Wilson and Mrs. Eleanor Martin, Lake Mary, pouring.

For traveling the bride wore a yellow linen ensemble complemented with white accessories and the corsage from her bridal bouquet.

Immediately following the ceremony, the parents of the bride entertained at a reception at the church social hall. Assisting were Mrs. Gima Huff, bride's book; Mrs. Aris

"Anne of the Thousand Hats," as she is known, is the happiest thing that has happened to the military industry in London. Anne is the princess, whose penchant for wearing headgear of all shapes and styles has just about revolutionized the military scene. All the other Annes and Marys and Victorias are copying what she wears. The styles the princess wears are recently range from her pink turban whose long floating scarf blew across her face when she was in Australia, and provided an inspiration for Anne that was well publicized. The princess also loves cowboy Stetson caps, worn elaborately and trimmed with leather bands or gilt chains.

Several of New York's designers are bringing back an old favorite for fall and winter wear. It's broadcloth, with its smooth and lustrous surface, and its dense weave. Watch for it to compete with jersey as a fall favorite.

With wedding bells to ring out, Thursday, July 16, for Nicles Isabel (Nicki) McDonald and her fiancé, Joseph Leary (Lt. Cmdr. U. S. N., ret.), it was apropos for a wedding rehearsal to take place.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I can't understand why people go to a movie and then afterwards tell everybody how filthy and disgusting it was!

Movies are rated, so they surely must know what kind of movies they are buying a ticket to see. They know in advance whether there will be nude scenes or rough language, so if that sort of thing offends them, why don't they stay home? Right or wrong?

SICK OF HYPOCRISIES

DEAR SIK: You're right of course. (Such movies are rarely as "good" as expected—and by that I mean as "bad" as the viewer hoped they'd be.)

DEAR ABBY: He is of age and was married in college. He wrote and asked if he could bring his bride to her home until he finds suitable work. We feel that his bride's style is hurting his chances of getting a job. One prospective employer said he'd hire him if he cut his hair and shaved off his beard. Our son refuses to do either. He says he didn't want to compromise his principles.

Abby, should we welcome him home with his bride when he has that attitude? We are undecided. We want to help him, but we don't want to go along with something we feel is humiliating. He doesn't support this long hair.

Well, I'm sure it brings up 50 percent of the cases. It is the Yankee who brings up the subject of the Civil War. Also the majority of the visitors coming to Richmond, Va., to learn more about the Civil War history are Yan-

ing documentary is an absorbing as its subject matter, the migrant workers of the nation, often called America's forgotten people, Martin Carr, as a CBS documentary producer, documented a controversial award-winning documentary called "Hunger in America." The resulting furor led Carr before various investigating committees and politicians for well over a year. At the time CBS preferred not to make waves in governmental circles, so Carr resigned and joined NBC to produce more programs of that stripe. The result is this hard-hitting, and insight into a situation that will surely screw up your mindsets. Not only the

Jacoby On Bridge

There was a time in the distant past when a man who opened with a forcing two bid could make a game was somewhat of a pariah. Today we are much more sensible and there are just three general requirements for this bid. The first is that you be in a game irrespective of partner's hand. The second that you have an easy high card that you are afraid that a one bid will be passed. The third that your hand shows distinct slam possibilities.

South's hand must at least have these requirements also and he was fully justified in opening with two. Furthermore, he should have made game in spite of the frightful hand played on the table by his partner.

South was fortunate. He looked over dummy and saw that the nine of trumps would

Jacoby and Son

He ruffed the second club, cashed the ace and king of diamonds, and entered dummy with that nine of trumps, lost the diamond finesse and was down one.

We have no objection to the finesse. It is a fine play but it is only 60-40. South should have made his contract without it. He should have played one round of trumps to start his campaign and then continue by playing ace and another heart. Who he got to meet, he should have led out his last heart. This would set up dummy's six of hearts as a winner. He could get there with the nine of trumps and discard his jack of diamonds.

Of course, suits don't have to break 3-2, but if hearts failed to break he would still have been able to try the finesse.

He had an entry. That would give him a chance to try the diamond finesse and, if it worked, he would have his 10th trick.

Worry Clinic

CASE N-576: Nina P., aged 26, is a college senior.

"Dr. Crane," she said, "I plan to be a music teacher in grammar school.

"Since you have had a broad background as a college professor and also a nationwide educator of mankind via your newspaper column, what do you consider the most important items in a school curriculum?"

The Four H's are still the basic foundation of practical education.

And the most important is the "H" called "Honesty" or morality.

For with the proper moral training, even a roper remains an honest, law-abiding citizen. But without such tutelage, a brilliant college graduate can be a street rioter, embezzler or murderer!

So that first "H" needs to be revived rapidly, as by use of the proper maxims that for-

sixth graders 50 years ago. Nowadays, the usual waitress or cashier would be useless if the cash register or adding machine broke down.

It is a standard disgrace that children can not finish high school and not be able to perform fourth grade arithmetic.

Geometry and trigonometry, calculus and other "fancy" math courses are valuable for engineers and astronauts.

But for the usual American, including the lawyer and accountant, the study of financial arithmetic is essential.

Finally, that Fourth "H" is "Hitting."

Alas, many top men in American business and industry can't even sign their names legibly.

And that is a psychological flaw, for in this day of typed letters, your handwriting signature is often the only personal part of your letter.

If it is legible, scrawling and illegible, you have reduced the prestige of even the most articulate letter.

The so-called "new math" is another fad that is diverting the attention of the public from the basic need to add and subtract with the speed of the

New State Law

BOSTON (UPI)—A new state law goes into effect which will allow a man to sue a bar and lift their drinks with the men.

Massachusetts law has prevented women from being served at a tavern unless seated at a table or bar. The 1970 legislature repealed the statute as discriminatory under a suggestion from the Alcoholic Beverage Control Commission.

Hollywood Gossip Writer Retiring

By BOB THOMAS

Associated Press Writer

HOLLYWOOD (AP)—The last of Hollywood's three once-great grand dames of the press is leaving the local scene.

Last week Shellah Graham told Abel Green of Variety that she was going to end her reporting of movie chatter. She plans to devote herself to book writing and a column called "Speaking for Myself," with emphasis on a broad range of issues of interest to women.

The other members of the onetime "Terrible Trio" were the late Hedda Hopper and Louella Parsons, now in a Santa Monica sanitarium. Somehow the place doesn't seem the same.

The three ladies were considered terrible only in the power wielded over the careers of the famous and over the movies themselves. On the whole, their power was exercised benevolently, though many a bruised ego didn't think so.

First came Louella. For almost 20 years she enjoyed a near monopoly on studio news. With the powerful aid of her partner, William Randolph Hearst, she insisted that the studios channel important announcements through her. She also acted as mother confessor for two generations of stars, and that helped her maintain control of the personal news.

A pretender to the throne arrived in the late 1930s. Hedda Hopper had been a successful actress. Down on her
