

Women Are Ones Who Want Things To Be Improved

By HAL BOYLE
NEW YORK — Civilization would go to pot except for the bravery of women in small nations.

The improvement of a culture depends upon things being done better and better, and it is women who generally insist that they be done better. For this their reward is often blame instead of the praise they deserve.

Neither sex has a monopoly on courage. But they have different kinds.

Man is a sucker for applause. He likes to do the big deed at the big moment with the spotlight centered on him and a band softly playing, "Onward Christian Soldier." He wants the hero in him, when it does come out under great stress, to be fully recognized. He wants for the outspoken appreciation of the herd, and he feels hurt and angry if he doesn't get it.

But women have no courage to meet the lonely moment, the long, weary vigil to cope with the loneliness of such chores as house-keeping, and the firm bravery to fight for her small rights in the face of the public frown.

A man's heroism is usually shown in the midst of noise and bloody battle and memorialized by phrases such as "Don't give up the ship, boys," "Damn the torpedoes—full speed ahead," or "You may fire when ready, Gridley."

But a woman has no applause at the big moment of her life-time. There are no cheers when she makes up her mind to marry a man nobody would bet on in a horse race, or goes through the valley of agony alone to give birth to a little doll she knows may grow up and break her valiant heart.

It takes courage to make these great gambles, but women have still another kind of courage that takes even more character. That is the courage to fight against the inertia of the slowly, to see that things be done properly, that the small gains value received in the small dealings between people that take up most of our lives.

A man may boldly cry "Don't give up the ship, boys," yet lack the downright guts it takes to tell a waiter, "This veal is undercooked. Take it back." He is a coward when it comes to what he

calls "making a scene." No matter what he feels his rights are in small matters, he has a great big yellow streak about demanding them.

A woman may be afraid of a mouse, but she isn't afraid of a mouse. A mouse is somebody who is trying to take money from you for not doing something he is being paid to do. Civilization is full of them and more crawl out of the woodwork all the time.

A husband will let store clerks badger him, butchers shortweight him, and repair men overcharge him. His motto is "Let well enough alone," and he stands by embarrassed when his wife gallows to his rescue with the flat challenge, "Look, this won't do at all."

Women—bless their honest pride—have the strength to say, "To hell with what the bystanders think. I'm going to get what I want when I'm right."

It takes real courage in our time to face a social sneer, and it is only women who have this courage. Sometimes they may overdo it a bit. But civilization would tumble without their moral fiber, and soon when you went to a restaurant they would serve you food on a shovel.

After a three-year absence from Hollywood, Rita Hayworth shows she's still in dancing shape as she marks her return before cameras on film capital set. (International)

Barnsdale, Beard And Groza Admit Cage Conspiracy

NEW YORK — Three former University of Kentucky basketball stars — Dale Barnsdale, Ralph Beard and Alex Groza — pleaded guilty today to conspiring with gamblers to shave points in the Madison Square Garden game in 1949.

Barnsdale captained the 1948-49 Kentucky five, one of the top teams in the nation. The other two defendants were All-America players.

They were among the best-known of 32 players from seven schools so far named in the collegiate basketball scandals.

The game in which they admitted conspiring was the National Invitation Tournament clash with Loyola of Chicago on March 14, 1949. Loyola, the underdog, won, 67-56.

The three players were indicted on two counts, conspiracy and accepting a bribe.

They were permitted to plead to the conspiracy charge. The more serious bribery count was, in effect, dropped.

Conspiracy is a misdemeanor, punishable by a sentence in the New York City Penitentiary for an indefinite term up to three years. Bribery is a felony, punishable by a state prison term.

calls "making a scene." No matter what he feels his rights are in small matters, he has a great big yellow streak about demanding them.

A woman may be afraid of a mouse, but she isn't afraid of a mouse. A mouse is somebody who is trying to take money from you for not doing something he is being paid to do. Civilization is full of them and more crawl out of the woodwork all the time.

It takes real courage in our time to face a social sneer, and it is only women who have this courage. Sometimes they may overdo it a bit. But civilization would tumble without their moral fiber, and soon when you went to a restaurant they would serve you food on a shovel.

Blues In The News

By BOB ANTHONY
Thank you for your vote for the "Seminole Blues." This column was at bat for that name in the Sanford Baseball Naming Contest as was reported in a previous column. It was very gratifying to hear the results of the contest last night but what was even more gratifying was the fact that so many men here aboard the Station entered the contest. It was just one more proof that the men in blues are taking an active interest in the activities of the City of Sanford.

The NAAS Skeet Team kept their winning streak alive last week by trimming an invading Ceell Field squad 405-329. Each man shot a 100 "skeets" making a possible team total of 500. Chief E. D. Voss was "sharpshooter" of the day as he smashed 97 of his possible 100 birds while Brain-bridge Roberts and Lt. J. F. Stone took second honors as they each missed only four of the fast-moving targets giving them each a total of 95. The remaining two members of the NAAS team, Lieutenant Commander H. B. Gibbs and Chief George A. Funk, shot 91 and 85 respectively. The local team hasn't lost a match yet and they are becoming very highly rated around the state of Florida. Future contests include a return "shoot" with the Ceell Field team and one with NAS, acknowledgment.

Jim Meyers found out the weaker sex of Sanford aren't so weak when it comes to playing tennis. Jim got into a fast game of tennis with Betty Doris Williams over the weekend and came out on the short end of a 6-3 set. Don't feel too bad, Jim I understand Betty Doris is pretty well known around Sanford for her superb tennis playing.

Two newcomers aboard the station are James Owens, SK2 and Chief Commissarymen Leo Yingling. James has just completed a cruise aboard the USS THE SULLIVANS while Chief Yingling reports his following a cruise aboard the USS FRANKLIN D. ROOSEVELT. Welcome to Sanford, men. Here's hoping your stay is a pleasant one.

The "old timers" at the Station returned aboard over the weekend from extended stays in the north. Lawrence Tablachi spent the last four months in naval hospitals at Jacksonville and Philadelphia with severe knee trouble. Proving the adage "You can't keep a good man down," Larry has come back to NAAS for duty.

The other "old timer" is Bill Brennan. Bill left the Station last December to attend the Naval School of Justice at Newport, Rhode Island, which is just 2 1/2 hours from his home in Waltham, Mass. He returned to Sanford Saturday afternoon and says the school was tough but very educational. Of course Bill is pretty modest and inside information has it that if there's anything you want to know about the Uniform Code of Military Justice, he's really the boy to see.

Thomas Long returned from his leave yesterday with a plain gold ring around that third finger left hand. The newlyweds are making their home at 900 East Central, Orlando.

Chief Haynes spent the weekend enjoying his favorite sport—fishing. Did I say sport? The chief came back with a total of 23 very nice size fish Friday. Just in case you want to go out and see if he left any there I'll tell you his secret place to fish—someplace on the St. John's River.

The Orinoco River in Venezuela has a mean depth of 335 feet.

Gen. Dean Says His Aide, Not He, Was The Big Hero

Former Head Of 24th Division Gives Letter To 'Ked Scribe'

By ROBERT B. TUCKMAN
FARMINGTON, Korea (AP)—Major William F. Dean, highest ranking Allied officer in Communist hands and a Medal of Honor winner, says his aide, not he, was a hero.

The 32-year-old former commander of the U. S. 24th Division said in a letter from Prison Camp No. 6 in North Korea: "I regret that I am not the hero" newspaper accounts "make me out to be."

The stories of Dean's experiences in South Korea during the month he eluded Communists before he was captured in August, 1950, came from Koreans he encountered and Americans who were with the general just before the last contact with his troops.

Dean's letter, dated in January, was addressed to Australian-born Wilfred Burchett, correspondent for the Communist Paris Ce Soir. Burchett released it to the Associated Press today.

"It was good to hear from you and to have the information on my son's reaction (William F. Dean Jr. at West Point) upon being informed that I was still on deck."

"I am indeed grateful to you for getting the information that Arthur Clarke, my aide, escaped and is still alive. That wonderful news had taken a great load off my mind. Clarke was the hero of the night of 21 July, 1950, not I."

(That's the night Communists overran an element of the 24th Division; Dean risked his life to save his men, was cut off and escaped, only to be captured eventually.)

word to her so expeditiously. Mr. (Robert) Tuckman of the AP sent me a copy of your radio letter."

Burchett's letter to Mrs. Dean in Berkeley, Calif., was transmitted from Tokyo to San Francisco by the AP's radio teletype.

Dean said, "Your account of our meeting and your interview with me is extremely flattering and complimentary and depicts me in a very heroic light. I regret that I am not the hero you make me out to be."

"I hope that I am not presuming on good nature when I request you to send me by the North Korean liaison officer or anyone coming up here a fountain pen that I have asked Colonel Clarke in Tokyo to send you. I am very hard on a pen and I therefore dislike using another's pen for fear of ruining it."

"Thanking you for the kind and generous treatment of me in your report and again thanking you for writing Mildred, I am,

"Sincerely, William F. Dean, major general U. S. A. (POW)."

PLANE CRASH
AUBURNDALE — Two persons were killed today when their plane crashed near here.

Douglas Eli Joiner, Auburndale, was identified as one of the victims. His companion was not identified immediately because of difficulty in removing his body from the plane.

Highway Patrolman T. Mark Mack said he saw the plane go into a spin from about 400 or 500 feet. It crashed between heavily traveled S. S. Highway 92 and Gilbert Field near here.

The ship was a Fairchild trainer.

Jeanne Crain gives Scott Brady a lesson in kissing technique, in a scene from 20th Century-Fox's "The Model and the Marriage Broker" showing on the Ritz Theater screen Tuesday and Wednesday.

Braxton Baggett, 55, Dies In Daytona

Braxton (Brick) Baggett, 55, of Daytona Beach and a former resident of Sanford for 23 years, died in the Halifax Hospital in Daytona Beach Sunday afternoon following a short illness.

Mr. Baggett operated the B & O Motor Service in Sanford for a number of years and later he and O. D. Farrell opened the Baggett and Farrell Confectionary Store in the location of Homer's Soda Shop. Later they opened the Package Store where Mr. Baggett remained until his retirement about 10 years ago when he moved to Daytona with Mrs. Baggett, the former Violet Messer.

Besides the widow, Mr. Baggett is survived by his mother and several brothers and sisters. He was born Dec. 25, 1896 in Dunn, N. C.

Funeral services will be held at Baggett and Melintosh Funeral Home in Daytona Beach at 2:00 p. m. tomorrow and short graveside services will be held at Evergreen Cemetery in Sanford at 4:00 p. m.

ATHLETIC CONTROL
ATLANTA — The Southern Association of Colleges and Secondary Schools, says its spokesman, will study cautiously a plan by the American Council on Education for control of college athletics.

"I do not anticipate any radical steps on the part of the Southern Association," its executive secretary, Dr. A. J. Geiger, declared Monday. "The proposal will be studied cautiously by all concerned before any action is taken."

He said the last annual meeting of the association at St. Petersburg, Fla., in December named a special committee to study athletics at the college level and also on the high school with particular reference to "their effects on the integrity of scholasticism."

Geiger added that the committee's report at the association's next annual meeting at Memphis, Tenn., Nov. 30 will have considerable bearing on what the association decides to do.

It is estimated that the average U. S. farmer produces more today in one hour of work than the farmer of 50 years ago produced in two.

and was thought to be in use by civilian pilot training school here.

DEDICATION POSTPONED

The dedication ceremony for the Edward Higgins Terrace housing project, slated for 2:00 p. m. next Sunday afternoon, have been postponed until Sunday, March 16, at 2:00 p. m. because bad weather has slowed up construction. George Williams announced today.

COAST GUARD MEET

WINTER PARK, (Special)—Comdr. G. W. Holtzman called a meeting of all division and staff officers of the Fourth Division, Coast Guard Auxiliary at DeLand Wednesday evening, it was announced today.

The group is to meet at the Florida Bank at 7:30 and will discuss plans for the District Seven program for the coming year. Comdr. Holtzman is on his way back to Miami, Seventh District C. G. A. headquarters of which he is commanding officer, from Washington, D. C. where he has recently attended the national meeting of all district officers.

Although U. S. population grew 60 million between 1910 and today, the farm population dropped from 32 to 24 million.

Called the Darkroom Photography Youth Project, it is designed to reach potential camera bugs through the school, the photography dealer and photography clubs. Dealers and clubs will demonstrate the use of various equipment and materials.

BACK WAGES

WASHINGTON — The Labor Department reported to Congress today that it collected \$6,666,293 from employers during the year ended June 30, 1951, in back wages due workers under federal minimum wage laws.

The report said the money was divided among 55,604 employers, 16,528 employers found to owe back wages, 11,325 paid no back wages, the full amount owed and 800 agreed to part-payment.

The telephone was first called a "membrane-speaking" apparatus.

Modern Way To Control Roaches!

Bothered by roaches or ants? Johnston's NO-ROACH, applied by brush in the kitchen, kills roaches, ants, and waterbugs. What's more, the colorless coating is effective for months, and kills the strays that wander in and walk over it. For scientific control, use Johnston's NO-ROACH!

Price per 4 oz. 50¢; pint, \$1.00; quart, \$2.00, available at Rounhill & Anderson

Klein Denies Tax Evasion In Ship Deal

Panamanian Corporation Organized To Deal Advantageously With Panama

WASHINGTON (AP) — Sen. Nixon R-Calif., said today the Panamanian corporation which received \$1,150,000 of taxes on charter fees figuring in ship deals from which a group of public figures netted 3 1/2 dollars, Nixon said \$1,150,000 in the amount which would have been collectible if the group had not operated five tankers through a Panamanian subsidiary exempt from U. S. taxes.

WASHINGTON (AP) — E. Stanley Klein, New York financier who shared in a multi-million dollar profit from deals in surplus government ships, denied today that he and his associates set up a Panamanian corporation just to avoid U. S. taxes.

Questioned by a Senate investigation subcommittee, Klein conceded that having the Panamanian corporation deal with the government ships was "put in advantageous position to deal with the government of Panama." The ships were put under Panamanian registry.

Klein was associated with Joseph E. Casey, Washington lawyer, and others in two ship deals which they conceded returned the million dollars in cash investments totaling \$101,000.

The general outlines of the deals were developed last week when Casey was in the witness chair.

The No. 1 deal was this: The Casey-Klein group organized American Overseas Corp., an American corporation, putting \$100,000 into it. This company borrowed over \$100 million dollars from Metropolitan Bank, New York, and bought five surplus government oil tankers, American Overseas chartered the ships to Greenwich Maritime Corp., a Panamanian firm, owned by the Casey-Klein group.

Greenwich subchartered the ships to a subsidiary of Standard Oil of New Jersey, applying \$2,191,305 a year of subcharter revenue to paying off the debt to Metropolitan. As a Panamanian firm, Greenwich did not have to pay U. S. taxes on its revenue.

Southern Campus In Turmoil After Niemoller's Talk

LAKELAND (AP) — The visit of Dr. Martin Niemoller to Florida Southern College had the campus in an unhappy turmoil today.

A student petition was to be presented to the college administration, protesting an apology made by Vice President Charles T. Thrift Jr., for the conduct of four students at a talk by the famed German Lutheran pastor.

The petition also objected to forced attendance at the series of talks during an international relations congress at the college last week.

Members of the petition said more than 100 of the approximately 1,000 students at the Methodist school had signed.

The incident which touched off the furor occurred during a question and answer period after Dr. Niemoller spoke on his six years confinement in the Nazi concentration camp at Dachau.

The four students, one of them an ex-GI who was imprisoned three years at the Buchenwald camp, asked Dr. Niemoller if he had not received favored treatment while imprisoned, whether he had dealings with the Nazis during World War II, and whether he had worked with Communist Russia after the war.

Dr. Niemoller at first refused to answer these questions. Then he reconsidered and said: "I worked with the Nazis or getting any favors from them."

"I'm no closer to America than to Russia," he continued. "I have gone in my own people and preached that their hearts were in the house in order, not looking to leadership from either America or Russia, but from Jesus Christ."

Instead of the apology by Dr. Thrift to Dr. Niemoller, the petition said:

"We feel an apology should be made to the students who lost hours and had to sit while their country and government was criticized."

At another point the petition said regarding to the entire series of talks:

"These hours were used for less than an hour to hear a man who had been a brotherhood member of an organization of government and religion who had been a member of the German government."

Big Three Reach Agreement With West Germany

ATTENDING THE CONFERENCE OF 14 North Atlantic Treaty allies in Lisbon, Portugal, the representatives of the United States, Great Britain and France are shown at a press conference as an accord reached with West Germany on the ending of the occupation status and the rebirth once again of Germany as a member of the international community. Funds For French Avenue Project Left In Budget

City Is Going Ahead On Program To Secure Right Of Ways

The State Road Department has agreed to leave funds totaling \$425,000 for the widening and repaving of French Avenue in the 1952 construction budget, State Senator L. F. Boyle was advised at the meeting of the department in Tallahassee which he attended Monday and Tuesday.

This amount had previously been included in the 1951 budget, but the project was held up pending the securing of right-of-ways from the Lakeland Boulevard to the Orlando Highway. At present the City, which is working on the right-of-ways, an order that the project may be started this year.

On Feb. 21, Mayor W. H. Stempert received a letter from Alfred A. McKethan, chairman of the road department, stating that Mr. Boyle had visited him on Feb. 6, and presented to him a letter from Mr. Stempert.

"Senator Boyle has suggested that we approve the French Avenue project in our final budget," Mr. McKethan wrote. "We have advised him that it was contained in our tentative budget, to be adopted next week. It is a pleasure to note that you are going forward in providing that facility for your City."

Commenting this morning on the action of the Road Department, Mr. Stempert said, "We are glad that the project was approved in the final budget. The City is going progressively ahead in securing the necessary right-of-ways."

Mr. Bayer, city clerk, pointed out this morning that the City is appraising French Avenue property owners involved have been contacted, and prices will be set in accordance with appraisals before entering negotiations to securing the right-of-ways.

Mr. Boyle stated that he had been informed at the meeting that work will be started on the resurfacing and widening of Celery Avenue from Sanford Avenue to the St. Johns River Bridge.

Freezing Weather Predicted Tonight In Many Districts

LAKELAND (AP) — The weather is expected to range from 30 to 35 degrees in Peninsular Florida's Northern Districts Thursday morning, the Federal State Frost Warning Service said today.

The morning bulletin forecast for tonight and Thursday morning: Mostly clear skies and colder. Light to gentle northwesterly winds with periods of calm toward morning. High ground will be about five degrees warmer than low ground locations. Lowest temperatures occurring about sunrise Thursday morning in colder low ground locations.

Mrs. Hamilton Talks On Sweden At Pilot Meeting

Minds Of Young And Old Stimulated By Education Classes

Speaking before the Pilot Club last night in the Yacht Club Mrs. Ruth Hamilton of Fern Park was high in her praise of the Scandinavian reforms which are being accomplished through adult education classes. While their term of government is of a socialist nature, it is more of a socialistic democracy, she said.

She told how adult classes are formed to educate the people in all of the arts and sciences and of other "study circles" which include old and young alike, in order to teach them in appropriate the finer things of life and the way to be able to enjoy them in a way which is "state" in such a manner that all classes of people are treated on an equal basis as far as cultural opportunities and advantages are concerned.

Mrs. Hamilton, who came to Fern Park from New Hampshire where she served a term in the legislature, has traveled extensively and particularly in the Scandinavian countries where she has many relatives.

In 1928, she said, three folk high schools were established by farmers in southern Sweden for the purpose of "giving education for the soul and useful schooling for life." By 1938 more than 40 such schools existed over Sweden's rural districts in attractive surroundings. The aim of the schools, she said, is to awaken, kindle and cultivate the mind and spirit of men and women and emphasis is laid on instruction which inspires and fosters personal thinking and integrity of character. These schools are attended not only by the farm youth but also by young industrial workers.

Because of the shortage of men, women take all major responsibilities and honor positions, she explained. She told how Alma Hedlin, sister of Sweden's famous explorer, Sven Hedlin, had organized a "flower fund" which receives its contributions from the sale of flowers into it instead of toward funeral expenses.

She told how Miss Hedlin had started the move to place money in a fund to take care of the aged rather than spending it on flowers for the dead. One beautiful home for the aged has already been built and others are being planned.

In a resolution of visiting the world's largest book store in Helsinki where there are 12 miles of books in every language and of every nature. She compared the huge amounts of money spent over there for education "while over here only 2 percent of our national income goes toward education. She deplored the fact that education is of such little consequence in the powers in Washington and the individuals to whom it is available in this country.

Mrs. J. C. Mitchell, program chairman, introduced the speaker. Mrs. Evans McCoy was welcomed by Mrs. V. C. Messenger as a new member in the club. Mrs. Joel Field announced that a dinner tea is being sponsored by the Seminole County Federation of Women's Clubs, of which the Pilot Club is a member, at Analee Lodge in Fern Park Thursday afternoon from 8:00 to 9:00. (Continued On Page Six)

Senator Taft Asks Delay In Starting UMT

Draft Act Seen As Taking Enough; Peace Move Begun In G.O.P. Circles

Washington (AP) — Rep. Shafer (R-Mich.) charges today that the House administration, "confused, corrupted and discredited," wants universal military training (UMT) to help build "more big government."

WASHINGTON (AP) — Sen. Taft proposed today that the start of universal military training (UMT) be postponed "for about three years."

"I can't see why we should try to start UMT as long as the draft law is taking most young men for two years active duty," the Ohio Republican told a reporter. "I could not vote to do it now."

Other protests were cited by Rep. Short (R-Mo.), a leading opponent of UMT. Short predicted that Northern Democrats from labor and farm districts would help Republicans kill the measure.

But Chairman Vinson (D-Ga.) of the House Armed Services Committee continued to predict passage of the bill when it comes to a vote, probably next week.

The House is in the second day of debate on the controversial measure to give 18-year-olds six months training, followed by 7 1/2 years in the reserves.

UMT bills before the House and Senate would set up detailed authority for a start of compulsory military training, whenever Congress or the President determined it possible and funds were provided.

Taft, a candidate for the Republican presidential nomination and chairman of the Senate Republican Policy Committee, said he wants Congress to tell the military that before UMT is started, Pentagon leaders should come in and offer "to cut out four or five divisions."

"I have not heard any such offers by our military leaders," he added.

The Senate bill has a provision requiring a gradual scale-down in the regular force after 200,000 men complete six months basic training and go into the reserves.

Taft said he believes men who have served two years under the draft, or as volunteers, would constitute the reserve force.

President Commends Lisbon Conference As Most Successful

Stormy Weather Interrupts Air Traffic And Fishing

By The Associated Press

A sloop with six men aboard was missing in heavy seas off the Florida coast today when aerial traffic was disrupted by gusty winds that reached 50 miles an hour.

The 55-foot auxiliary sloop Brandon, which left Miami Beach at 3 p. m. Monday, was reported 26 hours overdue at Cat Cay in the Bahamas, 50 miles east of Miami.

Small craft warnings have flown along both Florida coasts for two days. Winds of 25 to 35 miles an hour formed in the Gulf of Mexico and crossed the Florida Peninsula.

In Miami, several commercial flights from the International Airport were delayed as the wind gusts hit 50 mph.

Heavy waves dashed against the causeways connecting Miami with Miami Beach. A 50-foot salvage barge broke loose from its anchor between San Marco and San Marino Islands and the waves were knocking it against the heavily traveled bridge that connects the two islands on the Venetian causeway.

The U. S. Weather Bureau said high winds were blowing all over Florida. Top velocities included 47 mph at Key West, 34 at Palm Beach and Vero Beach, and 29 at Orlando.

Colder weather will follow the disturbance. Low temperatures of 30 to 43 degrees were forecast for the western part of the state. Miami is expected to get a low of 45 tonight.

A small tornado damaged three homes and turned over an automobile yesterday at Lakeland. Damage was estimated at about \$1,000. West Palm Beach had 1.0 inches of rain.

\$5 Million For Florida Flood Control Asked

Smathers Says Project Is Sound Business Investment

By WILBUR JENNINGS

WASHINGTON (AP) — The Florida House appropriations subcommittee today to approve at least five million dollars for work on the South and Central Florida flood control project.

President Truman's budget contains five million dollars for the project for the year beginning July 1. Rep. Rogers (D-Fla.) told a reporter before the group's closed-door session with the committee that the Floridians might ask more.

Last year's appropriation came to six million. Through a series of levies, the project is designed to hold back flood waters from Lower Florida East Coast cities and to protect rich winter agriculture lands in the Lake Okechobee region. Estimated cost of the work is more than 200 million dollars.

Rogers said the work underway for several years has already proved of value. The project, he said, "become a potential instrument for saving life and preserving farm interests" and farmers in the area have doubled or tripled in value.

Sen. Smathers (D-Fla.) took the point of view that "we will get back in federal taxes alone every penny that we will be putting into this program."

He called the project a "sound business investment" and said it would be the most foolish project when completed, would insure an adequate year-round fresh vegetable supply for much of the nation. He continued:

"It would be the most foolish economy to eliminate or reduce this program. Sound business judgment would dictate that this project be sped to completion, not slowed or retarded."

Sen. Holland (D-Fla.) and other members of the delegation also were to speak in behalf of the project.

Acheson Returns To Capital To Receive Plaudits For Work At NATO Meeting

WASHINGTON (AP) — Secretary of State Acheson returned today from Lisbon and received congratulations from President Truman for the "accomplishments" at the meeting there of the North Atlantic Treaty Organization (NATO).

Mr. Truman, greeting Acheson personally at the airport, said the Lisbon conference was the "most successful" held thus far by the Western Allies.

"I think we have accomplished in the last few days the things we have been working for for the last three or four years," Mr. Truman said.

He congratulated both Acheson and Secretary of the Treasury Snyder, who returned in the presidential plane with Acheson, for "the job you have accomplished."

In reply, Acheson said he thought "we have accomplished what we set out to accomplish."

Acheson's immediate plans include a conference with the President, followed by detailed explanations to the Senate and House Foreign Relations Committees of the moves made by the North Atlantic Treaty Council to strengthen the 12-nation lineup against Communist aggression.

What Acheson has to say to combat the cooperation of Western Europe, promises to have a direct bearing on the fate of the administration's forthcoming request for \$7,000,000,000 in foreign aid funds.

Officials look for Acheson to say that the Lisbon conference and earlier efforts by Western European leaders particularly will want to make up their own minds on what actually was accomplished.

The Council approved plans for about 20 air bases in Western Europe and for a combat force under Gen. Dwight D. Eisenhower of 50 divisions and 4,000 planes by the end of this year. Double that many are hoped for in 1953.

It also approved the European army plan to join German troops with those of France, Italy, Belgium, Holland and Luxembourg. However, German participation began only after the peace treaty. The agreement states that the German contribution is ready.

Seminole County Day To Be Held At Florida Fair

Tomorrow will be Seminole County Day at the Central Florida Exposition in Orlando. Classes in regular force after 200,000 men complete six months basic training and go into the reserves.

Taft said he believes men who have served two years under the draft, or as volunteers, would constitute the reserve force.

Kiwanis Meeting Is Entertained By High School Group

Seminole High School girls today entertained the Kiwanis Club in a program of singing and dancing. They were introduced by A. L. Collins and Principal Herman E. Morris.

Miss Norma Faye Harvey drew applause with her singing of "Lower 'Em Back To Me." She was accompanied by Miss Olive Reese Whittle, Glee Club director. Miss Mona Jobe, freshman student, sang, "Drink to Me Only with Thine Eyes."

A sprightly dance routine was performed by a trio in pink costumes, including Miss Harvey, Ann Whitaker and Janie Saunders. Mrs. Innes Blankenship played. (Continued On Page Six)

Churchill Wins In House Of Commons

LONDON (AP) — Prime Minister Churchill won a House of Commons confidence vote on his foreign policy Tuesday night after asserting his pledge of "prompt, resolute and effective" action in Korea only continued policies set by the former Labor government.

He declared also that the Labor regime of Prime Minister Attlee secretly set up a plan for regular production of atomic bombs and had produced an atom bomb.

Churchill won the confidence vote, 218 to 235, a margin of 33. Liberal Party backing swelled his nominal Conservative edge of 14 votes.

Jean Thompson Hurt In Accident

Jean M. Thompson, 69, received lacerations of the head and his right knee was injured in an automobile collision at Second Street and Palmisto Avenue shortly after 5:00 o'clock yesterday afternoon.

At the time of the accident, according to Police Chief Roy Williams, Mr. Thompson was being taken to a doctor's office to receive medical treatment for a previous hip injury. He was a passenger in a 1941 Ford Coupe driven north on Palmisto Avenue by Joseph P. Windsor, 84.

The Ford collided with a White truck driven east on Second Street by James W. Banks, Knoxville, Tenn., and the gasoline tank on the right side of the truck was knocked into the street, but no explosion occurred. Mr. Thompson was taken in the ambulance to Fernald-Laughton Memorial Hospital. The front and side of the Ford was damaged.

ARMEN RESCUED

GUAN (AP) — A U. N. Navy landing party rescued four of five Armen who bailed out of a 5-8 bomber plane when an engine failed 120 miles northwest of Guam Tuesday.

The plane was on a fifth mission. Five others presumably died in the crash.

Jacksonville May Demand Probe Of Road Department

JACKSONVILLE (AP) — The City Council has called for an investigation of the State Road Department in event work is stopped on the multi-million dollar Jacksonville Expressway.

The Road Department Monday left a six million dollar item in its budget for the huge project but said unless the city moves its utilities on the route "within a reasonable time" the money will be diverted to other Florida projects.

In a resolution approved Tuesday night, councilmen refused "to entertain" a Road Department suggestion a utility tax be levied to pay the utility moving cost. They said they "heretofore" reproach the Road Department for proposing such tax notions.

Meanwhile, Mayor Hayden Burns and city commissioners were scheduled to appear before a House subcommittee in Washington today in support of a bill which would allow federal financing of utility relocation on road projects similar to the expressway.

The cost of the utility relocation has been estimated at about two million dollars. The expressway, originally figured at approximately 40 million, will probably cost between \$5 and 60 million before completed, officials say.

Expressway projects now under construction—principally two additional bridges over the St. Johns River—total \$17,550,000. Work will continue until they are completed in one or two years.

A 7 1/2 million riding bond issue has also been said to help finance the project and is to be repaid from bridge tolls.

The Council proposed the investigation be made by the holders of the revenue bonds and the State Legislature. It said the Road Board was "unwillingly trying to force this city government to act hastily and without foundation."

Meeting Is Slated For Concert Series

J. L. Ingley and Raymond M. Ball of the Chamber of Commerce's concert series planning committee will meet tonight with all interested people to organize a concert association in Sanford.

The meeting will be held in the Commissioners' room of the City Hall at 7:30 p. m.

Mr. Ingley urged all people interested in having a concert association to attend tonight's meeting when the group plans to set up the organization and elect officers.

Robert Klander, vice-president of the Municipal Concerts of New York, has offered to present five concerts here for \$1,875 next fall. Mr. Ingley said. The next meeting plans to try to obtain 500 adult memberships for \$5 and 60 student memberships for \$2.50.

Mr. Ingley said that unless sufficient interest is displayed in the association the concert plans will be dropped.

\$10,000 Elgin Street Sweeper Is Tested

The City's new \$10,000 Elgin street sweeper arrived Monday and was tested in operation. It is larger and more efficient than the two older type sweepers now in operation, one of which will be traded in, John Gillon, acting city manager, stated this morning.

A company instructor will remain here for a few days to acquaint City employees with the proper operation of the sweeper.

Locust Avenue has been designated as a through street from Second Street to Twentieth Street, with stops at Seventh Street and at Celery Avenue. Stop signs will be placed at intersecting street corners. Other stop signs will be erected at intersections of Elm Avenue between Thirteenth Street and Twentieth Street.

Services Are Held For Mrs. Wester

Funeral services for Mrs. Helen E. Wester, 74, who died Saturday night at her home in Lake Mary, were held yesterday afternoon at the Branson Funeral Home with the Rev. J. E. McKinley, First Methodist Church, officiating. Active pallbearers were Joel Field, Charles Morrison, Dick Alken, C. B. Schirard, Jerry Newberg and W. R. Connolly. Burial was in Evergreen Cemetery.

Immediate survivors include Harry Wester, Lake Mary; Birger Wester and family of Lakeland; and Mrs. Charles Blomquist, New York, N. Y.

Home Burns

MONTREAL (AP) — Five members of a family died early today when fire swept their home in nearby Ville St. Pierre.

They were Elton Morton, 71; his brother Hurch Morton, 65; Mrs. Marla Morton, 42; Hurch Morton's daughter-in-law, and her daughters, Sheila, 13, and Rita, 4.

An unidentified girl escaped from the burning house.

The cause of the fire was unknown.

YOUTH SENTENCED

DOTHAN, Ala. (AP) — An 18-year-old high school student Tuesday was sentenced to 15 years in prison for dynamiting his home.

Wilbur Ervin Jr. of nearby Cottonwood pleaded guilty at the start of his trial, and the sentence was imposed on agreement of attorneys for both sides.

WEDNESDAY FEB. 27, 1952

TODAY'S BIBLE VERSE

In these days of fabulous ma-
terial prosperity in some lands
we are apt to imagine that money
can take the place of a lowly
and a comely heart. But Peter
said unto him, Thy money perish
with thee, because thou hast
thought that the gift of God may
be purchased with money. Acts,
8:20.

Florida is getting to be one of
the leading livestock producers in
the country. Fourteen State Live-
stock Markets last week sold
2,997 head of cattle and 3,742
hogs, according to Director Wil-
son.

Senator Taft is making con-
cessions for the Southern vote.
He will name a Southern Demo-
crat to his Cabinet, he says.
One of these days both political
parties are going to recognize
the South . . . when it becomes
politically independent enough.

Senator Humphrey says that tax
loopholes cost the federal govern-
ment no less than 4 1/2 billion dol-
lars a year. And that comes from
Senator Humphrey, a leading Demo-
crat, a power in Administration
circles, and in a position, if anyone
is, to do something about it.

Although the Republicans meet-
ing in Gainesville picked Senator
Taft as the most favored pres-
idential candidate, a recent public
opinion poll conducted in this
state by Joe Abram of Jacksonville
shows that General Eisenhower is
the favorite among Florida voters
with 29 per cent of the total vote.
Taft was second with 26
percent.

Rep. Cooley of North Carolina
says that he believes President
Truman is going to seek re-
election and will announce his in-
tentions within the next two or
three weeks. Meanwhile, Senator
Russell of Georgia is gathering
supporters from all over the South
and will be in a position to pre-
sent considerable opposition to
Truman in the Democratic con-
vention.

Chairman Vinson of the House
Armed Services Committee is not
convinced that war with Russia
will be avoided. "We face the
possibility of sudden war tomor-
row and a threat of war over
an extended period of time," is
the way he summed it up in
discussing the Universal Military
Training bill. Under the circum-
stances it appears the wisest thing
for every young man, as well as
all others, to be prepared for
whatever may come.

We have no intention of turn-
ing this column into a cook book,
but here is our favorite recipe for
hush puppies: 2 cups Southern
Corn Meal, 1 tablespoon flour,
1/4 teaspoon soda, 1 teaspoon
baking powder, 1 cup buttermilk,
1 teaspoon salt, 1 whole egg, 3
tablespoons chopped onion (I
always use more). Mix all dry
ingredients together. Add the on-
ion, then milk and last the beaten
egg. Drop by the spoonful into
the pan or kettle in which fish
is being fried. Fry to a golden
brown. Drain on paper, the same
as fried fish. If a deep kettle is
being used the hush puppy bread
will float.

The State Improvement Commis-
sion predicts that Florida's
population will reach 4,000,000
within ten years, a gain of about
2,000,000. Florida is a prosperous
progressive state and most
regard such growth as in-
dicative of a sound economic
condition and generally stable
conditions for all. However, we
cannot add a million more
people to our present population
without encountering considerable
difficulties. The state's water
supply, for example, is being
depleted at an alarming rate.
The state's land is being
overdeveloped and the state's
resources are being exhausted.
The state's population is
growing too fast for the state's
resources. The state's resources
are being exhausted. The state's
population is growing too fast
for the state's resources. The
state's resources are being ex-
hausted. The state's population
is growing too fast for the
state's resources. The state's
resources are being exhausted.

Cutting Down Football

Eight Ivy League colleges have adopted a program which bans Spring football practice and post season football games. The program follows the lines recommended recently by American Council of Education and outlines academic requirements for athletes as well as for scholarships awarded them. The colleges are: Brown, Columbia, Cornell, Dartmouth, Harvard, Pennsylvania, Princeton, Yale.

The crowded football stadiums every Autumn are a tribute to the popularity of the game with the American public. But of late a fear has spread that the sport will get further and further out of hand until the real purpose of the college are drowned by the cheers for the accomplishments of the football players. Those who enjoy football most have been leaders in the movement to bring it into a proper and proportionate place in the educational scheme.

Post season games such as those at the Rose Bowl, Cotton Bowl, Orange Bowl and others, can perhaps be defended. As promotional ventures they often raise great sums for charitable or civic enterprises. These games help to publicize the communities where they are held. The participating schools receive a large share of the gate receipts and this frequently enables them to pay for other parts of their athletic programs which do not attract spectators.

The Ivy League Colleges have taken a courageous step. They may find that some of the points of the plan are too drastic and can be relaxed. But at least their action will keep the sport under control. Educators and football fans will be watching to see how the Ivy League action affects other schools and football conferences.

Red Riots

The rioting of over 5,000 Communist prisoners of war in Korea may have had several purposes. The riots, apparently instigated by Red fanatics, resulted in the death of one American soldier and 75 prisoners. American guards were finally forced to shoot into the mob to keep the group under control. Some observers see the riots as part of a higher Communist strategy which will allow the death of those killed to be a point of discussion at the truce meetings. Still others regard the uprising as an attempt of Communist leaders among the prisoners to hold their authority and demonstrate the solidarity of the prison group.

Had the soldiers in charge of the prison camp wished to quell the disturbance immediately they might have turned machine guns on the milling crowd in the compound and killed hundreds. Other methods of breaking up a mob were used instead until no other way was open to restore peace except to fire and kill the seventy-five Reds.

The riot is an illustration of the discipline which Communist leaders can exert over those who follow them. At the outset of the uprising it must have been apparent that the prisoners could accomplish nothing. Yet human lives had to be destroyed to allow the Red leaders the satisfaction of the assurance that their power was still intact. The incident is a commentary on how cheaply the Communists regard lives and how carefully Americans try to save them.

Sunshine Soldiers

Word from Korea has it that some of the Republic of Korea troops attached to the Eighth Army are drifting off from their military duties to do the Spring planting or to renew family ties. Somehow the news has a familiar ring for Americans. In the War for Independence the ranks of the Continental army were frequently thinned by deserters who thought that tending their farms and families was more important than spending a stalemated winter with Washington at Valley Forge.

But enough Americans did stand by their guns to get the job done, lonely, bitter and miserable though that job was. There is in the Korean people a sincere desire for liberty and though there are some deserters it is likely that there are also many heroes. May their bravery and perseverance be as well rewarded in history as was the gallantry of the Americans in 1776.

Snow Is Reported In Jacksonville Area

JACKSONVILLE (AP) — Snow fell in the Jacksonville area this morning but the Weather Bureau didn't see it.

At nearby Dunmore south of the city train crews reported seeing quite a few flakes, the Weather Bureau said, and airplane pilots arriving from the North said they saw snow falling 700 to 800 feet from the ground.

Any snow which reached the ground, however, melted on contact. The low temperature was 39 degrees.

With the coming of the cold, the sun came out here for the first time in 4 1/2 days.

"The air certainly felt like snow but there wasn't enough to put it

into the records," said Weather Bureau Chief R. L. Anderson.

KING'S FUNERAL

LONDON (AP) — The funeral of King George VI cost 58,000 pounds (\$152,400).

The government presented the bill to Parliament today, asking it to vote the necessary money.

The total includes 8,000 pounds (\$22,400) for entertaining royal and overseas guests, hiring cars and railway expenses.

Biggest item was a bill from the armed forces for 35,700 pounds (\$100,010) for the troops who took part in the ceremonies.

That does not include their pay—only special costs resulting from the royal funeral on Feb. 15.

In 1938 Rhine River cargo to Rotterdam, Holland, totalled 32 million tons.

ARTIST Richard T. Fernandez poses in Oakland, Calif., beside the self-portrait that identified him as a hit-and-run driver. The artist surrendered to police when the driver of car he had collided with found the painting in the rear seat of abandoned car and identified the subject as the man who fled the accident scene. Police officer Fred D'Asquith makes sure law won't get brushoff again. (International)

Too Late To Classify

By RUSSELL KAY

While neither favoring nor opposing any candidate for office, the Florida State Chamber of Commerce will again spearhead a statewide "Get Out the Vote" campaign in an effort to awaken our citizens to the importance of the ballot in the American way of life.

Freedom is everybody's job. American boys are fighting to preserve it. It is too much to ask those at home to give thought to the welfare of the country and help protect our freedom by registering and voting?

So long as every one of us has the right to vote, to vote exactly the way he wants to vote and to have the vote count, so long shall we have freedom. If we ever lost that right we might just as well knuckle down to the first dictator who comes along. While voting costs you nothing, failure to vote may cost your liberty.

Frequently, especially around election time, you hear this question, "What good will ONE vote do?"

History records countless instances where national, state and local elections have been decided by just ONE vote. But some mighty big and important issues have been decided that way, too. Maybe you didn't know it but our American charter of liberty, the Resolution of the Declaration of Independence, was passed by the Continental Congress, July 2, 1776 when Caesar Rodney, delegate from Delaware, rose from a sick bed and rode 80 miles on horseback through a stormy night to cast just ONE vote, putting his state on the side of freedom and helping assure unanimous approval of all the colonies.

In 1918, woman suffrage in the United States passed the House of Representatives by a margin of just ONE vote. When the bill went to the Senate, it failed to pass by just TWO votes; it passed both House and Senate the following year, however.

But don't think the importance of just ONE vote or a few votes applies only to the past. Not long ago a municipal election to vote bonds for needed improvements was defeated by just ONE vote.

"My ONE little vote don't make any difference one way or the other," you hear someone say. Considering the effect of ONE vote on scores of occasions, it is a pretty silly argument, don't you think?

Your vote, Mr. and Mrs. Cit-

South Blanketed With Snow As New Cold Wave Spreads

(By The Associated Press)

A February storm that cost two lives piled deep snow on wide-spread areas of the South, and even greater depths were forecast for some sections today.

Thick blizzards blanketed many parts of Georgia, the Carolinas and Virginia—and the weatherman said the worst was yet to come for North Carolina.

Lighter falls swirled across sections of Alabama and Mississippi, and a trace was reported deep in Louisiana.

Temperatures generally were above freezing. However, though subfreezing weather was reported early today in North Carolina and in the Virginia mountains.

Frost was forecast for North and Central Florida.

The U. S. Weather Bureau said early today rain and chilly weather extended from Northern Florida along the Atlantic Coast as far north as Virginia with snow or freezing rain in parts of Virginia and the Carolinas.

Except for a little snow and rain near the Canadian border in the Northern Rockies, the rest of the country had generally fair weather. Mild temperatures continued over the Midwest and they were around seasonal levels in New England and in the Far West.

The two deaths attributed to the storm occurred Tuesday night near Martinsville, Va., when a motor car crashed into the rear of a state highway truck spreading abrasives on a snow-covered highway. Two men riding in the car were killed.

The snowfall at the Greensboro-High Point Airport in North Carolina measured six inches at midnight and the Weather Bureau said more was coming.

Winston-Salem, about 29 miles west of Greensboro, had a depth

zen, counts just as much as the president's. Your vote is the equal of anybody else's in hiring or firing a public official. But you have to USE it and in order to use it you must REGISTER and then go to the polls and cast your ballot on election day.

At the last presidential election millions failed to qualify and of those who had registered and could have voted, 45 million failed to go to the polls. Let's not permit this to happen the coming election. If you haven't registered don't let another day go by without taking care of this important matter. Don't just "think" you are qualified. Get in touch with your local Supervisor of Registration in your local county seat and make sure. Every election a lot of folks go to the polls to vote and find that through carelessness or apathy they had failed to qualify. DON'T let that happen to you.

Remember that ballots are as important as bullets in preserving the freedom and liberty we enjoy. Be a good American. REGISTER and VOTE this year.

Ship Deal

(Continued From Page One)
Eventually, the ships were sold for \$2,500,000 profit.

In the second deal, the Casey-Klein group organized a firm they named National Tanker Corp., putting in \$1,000. This firm bought three ships, financing the purchase with money lent by United Tanker Corp., an American corporation but largely financed by Israel.

Which had tried unsuccessfully to buy ships from the government. National tanker then sold the ships to United Tanker for \$450,000 profit.

Among Israel's exports are marble, citrus fruits and cut and polished diamonds.

Covington's 176 Points High For Seminole Cagers

Jimmy Smith Ranks Second With 130 And Wise Hardin Is 3rd With 117

Gerald "Spider" Covington crept closer up the basketball web to the 300 point scoring mark as he brought his total to 172 in 15 games after last night's 12 marker performance. Covington leads the Seminole varsity cagers in every counting category in the County playoffs, 42 free throws, 172 total points and an 11.5 average per contest.

Trailing the giant forward in All-Conference Jimmy Smith with a 130 point total and 8.2 average per game. Smith also stands second in field goals with 53 and free throws, 21. The "Dunkster" Hardin ranks third in the scoring parade with 117 points.

The Seminole cagers have begun pulling away from their idle Ovieo counterparts in the County scoring race. Covington's total is now 40 points higher than Ovieo's leader Jim Wheaton's total of 120. Jimmy Smith has passed Wheaton by four markers since the last time the Ovieoans played.

Wise Hardin edged by Walter Duda, second ranking Ovieo point producer in the County.

COUNTY PREP SCORES

Player	TP.
Covington, Sanford	172

Seminoles Face Seabreeze High In Tourney Play

The Seminole High School varsity cage team met Seabreeze this afternoon at 1:00 p. m. in the single elimination state group section tourney. The Sand Crabs went into the game a 25-point favorite over the Fed.

Captain Fred Gans will go with his usual starting five of MacCall and Jerry Covington at the forwards with Jimmy Smith and Junior Metts at the guard posts. Wise Hardin will get the call for the center.

If the Seminole lose this will be the last game of the 1951-52 season basketball season. However, if the Gansmen could defy all odds and win they would go on to play in the quarter-final rounds of the class A Group Three Tournament.

Three of the starting five cagers are seniors and will probably be playing their last game for S.H.S. The three seniors are Jimmy Smith, all-conference guard, center Wise Hardin and forward Jerry Covington.

Mac Call and Junior Metts are both juniors and will return next year.

Celery Fed JVs End Season With 8-7 Season Mark

The Seminole High School Junior Varsity concluded a successful 14-game basketball schedule Monday night with eight games won and lost six. The JVs, coached by Bill Fleming, opened the season with four game winning skins.

Jimmy "Jock" Krider starred for the Flemingmen at center by leading the squad with 60 total points. Krider played in every one of the 14 tilts and also led in field goals with 35 and average points per game with 5.7.

Frank Stafford tied "Handy Handy" Reynolds for second high marker production with 66. Stafford, however, ranked second in the average points per game department with 5.1. Reynolds was third with a 4.5 percentage.

The JVs, while boasting a better record than their opponents, were outscored by the opposition 391 to 374.

SILVESTRI

CLEARWATER — Catcher Ken Silvestri is dissatisfied. In three seasons with the Philadelphia Phillies the 36-year-old veteran has been in a total of 19 games. But now he tells Manager Eddie Sawyer that he is out to gain the starting receiver's berth left vacant by the trade of Andy Seminick.

Silvestri has been the "brains" of the Phillie bullpen since coming to the club and is credited with helping develop many of the young Philadelphia pitchers.

Silvestri claims he is tired of bullpen duty but Sawyer says he considers Silvestri too valuable for a starting role.

MICKY MANTLE

ST. PETERSBURG — Two New York Yankee question marks, Pitcher Vic Raschi and Outfielder Mickey Mantle, have started light workouts.

Mantle ran a bit Tuesday and put some pressure on the leg he injured in the second game of the World Series. He felt no ill effects. Raschi, who had a cartilage removed from his knee, threw exceptionally hard and also felt no pain.

GOOD NEWS

ST. PETERSBURG — Eddie Stanky, the St. Louis Cardinal manager, got some good news Tuesday from the team physician.

Pitchers Joe Presko and Cloyd Boyer show no ill effects from shoulder injuries received last season. Both hurlers showed promise in bolstering the Cards' pitching staff last season before being benched with the injuries.

BUSSY PLANS

EL CENTRO, Calif. — Fleet-footed Jim Busby, the Chicago White Sox base-stealing outfielder who wound up the 1951 season exhausted, will have a new timetable in 1952.

Manager Paul Richards said he plans to play Busby about three weeks at a time and give him four or five days rest in between. Busby was hitting .363 in mid-May last season, .330 two months later and then began running out of gas to finish with .283.

Ovieo Quintet Favored To Win Wiersdale Meet

By JOHNNIE JONES
OVIEDO—(Special) — Coach Paul Mikler will take his Ovieo Lions Quintet to Wiersdale tomorrow for the Class C District State Tournament.

The Ovieo cagers will face the winner of the Lyman Christian Home Day School District State Tournament on Saturday afternoon. Coach Mikler will probably go with Ted Glaswire and Jim Wheaton at the forwards with Walter Duda at center and Larry French and Johnnie Jones at the guard posts.

However, Coach Mikler said that Harvey Joe Slayton may supplant Duda at the center pivot if the other team has a tall center. Slayton is taller than Duda.

Both Wheaton and Duda have scored over a 100 points this year while Jones has 96. The Lions have been seeded first in the Wiersdale tourney.

Top-seeded Ovieo fell to Groveland in the Mount Dora Central Florida Conference Tourney last week. Groveland went on to win the tournament. Probable Line Ups

Wheaton	RF
Glaswire	LF
Duda	CF
Jones	RG
French	LG

PREACHER ROE

VEIO BEACH — Preacher Roe, star left-hander of the Brooklyn Dodgers, doesn't expect to match his brilliant 1951 record this season.

"I figure that if I can win 18, it'll be a good year," Roe said today. The Preacher won 22 and lost three last year.

"You need a lot of luck for a record like that."

PIRATES

SAN BEARNARDINO, Calif. — Fourteen Pittsburgh Pirates are still unsigned as the Buc rookies training camp continues in full swing.

General Manager Branch Rickey has indicated that Pitchers Murry Dickson and Ted Wilks and Outfielder Gus Bell are causing him the most concern.

JIM HEARN

PHOENIX, Ariz. — Manager Leo Durocher of the New York Giants is expecting great things from Pitcher Jim Hearn this season.

"Jim may surprise you and become the greatest pitcher on this team," Durocher said today.

STATE TOURNEY

MIAMI — The Group 4 Class AA Prep Basketball Tournament opens tonight at Miami Jackson Gym with second-seeded Miami High meeting West Palm Beach in the curtain-raiser.

Miami Edison and Coral Gables meet in the second game. The other half of the opening round will send Miami Jackson against Miami Tech and top-seeded Fort Lauderdale against Miami Beach.

Tonight's winners will open the program Friday night.

EL CENTRO, Calif.

Fleet-footed Jim Busby, the Chicago White Sox base-stealing outfielder who wound up the 1951 season exhausted, will have a new timetable in 1952.

Manager Paul Richards said he plans to play Busby about three weeks at a time and give him four or five days rest in between. Busby was hitting .363 in mid-May last season, .330 two months later and then began running out of gas to finish with .283.

GOOD NEWS

ST. PETERSBURG — Eddie Stanky, the St. Louis Cardinal manager, got some good news Tuesday from the team physician.

Pitchers Joe Presko and Cloyd Boyer show no ill effects from shoulder injuries received last season. Both hurlers showed promise in bolstering the Cards' pitching staff last season before being benched with the injuries.

Nelle Dutton Famous Bareback Riding Horse will be presented with the Hagen-Wallace Circus in Sanford at the afternoon and evening performances of Mar. 6. The circus is sponsored by the Junior Chamber of Commerce.

Many Big League Stars Missing From Spring Drills This Year

By RALPH RODEN

NEW YORK — Baseball's spring training camps will not look quite the same when they officially open Saturday—missing will be some of the game's brightest stars.

Familiar faces that will not be on hand when the gong sounds include Joe DiMaggio, Charley Keller, Tommy Henrich and Ted Williams.

DiMaggio, Keller and Henrich, the great New York Yankee outfielders of the early 1940's, all have retired. DiMaggio hung up his glove at the end of last season. Keller drew his unconditional release from Detroit and Henrich resigned as a Yankee coach.

Williams, recalled by the Marine Corps, hasn't decided whether to play with the Boston Red Sox until he reports for duty.

Also missing from the Red Sox camp is Bobby Doerr. The 34-year-old second baseman called it a career during 1951.

There's a star missing at the Brooklyn Dodger camp at Vero Beach, Fla. Don Newcombe, crack right-hander, reported for Army duty Tuesday.

Service calls probably will limit the activities of Gerry Coleman of the Yanks and Lloyd Merriman of Cincinnati. Both have been recalled by the Marines but expect to play as long as possible.

Veteran Outfielder Sam Chapman's name will not appear in an exhibition game. General Manager Hank Greenberg of the Cleveland Indians reluctantly placed Chapman on the voluntary retired list.

CHISOX'S LANE SAYS FLORIDA CAN'T DRAW

LOS ANGELES — Frank Lane, business manager of the Chicago White Sox, says the six major league clubs now training on the West Coast will continue to pitch their spring camps here, despite the Pacific Coast League's ban on the major clubs playing each other in PCL parks.

"We'll draw more in California than in Florida," says Lane. "There is only one place the 10 major league teams in Florida

NIT Promises To Announce Names Of All Entries

NEW YORK — The selection committee for the National Invitation Basketball Tournament, opening in Madison Square Garden March 8, has promised to announce the five remaining teams by Thursday.

Already named for the NIT tournament are St. Louis, which also will play in the N.C.A.A. basketball championship as the Missouri Valley Conference winner; Dayton, Seton Hall, St. John's of Brooklyn, Holy Cross, St. Bonaventure and Duquesne.

This is as fine an array of basketball talent as you'll find anywhere. Among them they have lost only 19 games. Five of the defeats were suffered by St. Louis, one of the two teams to defeat top-ranked Kentucky.

Kentucky can't take part because a Southeastern Conference ruling says a team may compete in only one post-season tournament and the Wildcats will defend their N.C.A.A. crown. The players voted Tuesday to go for the double but the SEC said "no."

Harvard broke a 10-game losing streak Tuesday night by whipping Boston University, 54-48. The largest turnout ever to see a basketball game in Mississippi—5,000—watched Mississippi beat Mississippi State, 73-61.

Dick Harter's field goal with 90 seconds left gave Penn a 67-66 victory over Notre Dame in the feature of a twin bill at Philadelphia's Palestra. In the opener, Villanova licked Siena, 57-49.

St. Bonaventure beat Niagara, 62-51; Western Michigan downed Cleveland, 70-59; Duke won its 12th straight by defeating Davidson, 58-50; North Carolina State took Wake Forest, 65-51; George Washington clinched a spot in the Southern Conference tourney by whipping Washington and Lee, 60-62; Idaho edged Oregon, 66-60; Texas conquered Rice, 54-48; and Columbia humbled Yale, 69-62, in an Ivy League clash.

double plays last season was the third highest total in National League history. The Cincinnati Reds in 1928 and again in 1931 produced 194 twin killings.

Gerry Calabrese of the Syracuse Nationals in the NBA works for a construction company during off-season.

These teams, says Lane, average 6,000, which means a total of about 150,000 customers and \$25,000 for each club, but here last spring the Yanks about doubled that attendance figure.

The Browns, White Sox, Pirates, Cubs, Indians and Giants do their training in the West.

"We'll draw more in California than in Florida," says Lane. "There is only one place the 10 major league teams in Florida

Radio Quiz Show To Highlight Baseball Day Program Saturday

Final plans have been drawn up for "Baseball Day" in Sanford next Saturday. The occasion will be topped by an one-hour radio quiz and interview show on the corner of First Street and Magnolia Avenue beginning at 4:00 p. m.

The new Seminole Blue manager, Chuck Aleno, will be the featured guest on the program. Aleno's presence will be his first official appearance in Sanford.

Advanced tickets to all home games of the Seminole Blues will go on sale during Baseball Day. Marion Harman, chairman of the "Baseball Day" committee, will conduct the radio program with Jim Fields, sportscaster. Fans will be interviewed on the street and given a chance to win 24 tickets to the Seminole Blues home games.

The questions that will be asked will be selected from a list in the Herald every day this week.

Here is a list of questions which will be asked:

1. When did Sanford last win a pennant? Answer: 1939.
2. How many games did Sid Hudson win in 1937? Answer: 21. He lost 4.
3. Who has the highest batting average in the FSL? Answer: Al Pirtle, Gainesville, .385 in 1949.
4. Who holds the highest batting average for a Sanford player? Answer: Ralph Hyder .351 in 1940.
5. What Sanford player set the FSL record for runs-batted-in in 1947? Answer: Buddy Lake with 140.

YOST DUE IN

ORLANDO — Injured Baseman Eddie Yost is due in the Washington Senators' camp today, after ending his salary holdout for a reported \$20,000, the club's highest.

The 25-year-old slugger batted .263 from leadoff position last season.

POW Exchange Is Dropped Into Lap Of Subcommittee

Stalemate Looming Over Russian Supervision Of Truce

By GEORGE A. MCARTHUR
MUNSAN, Korea (AP) — Staff officers tentatively agreed today to drop the question of voluntary exchange of prisoners of war back into the laps of a truce subcommittee.

They settled all prisoner exchange details but this key issue and one minor translation problem. The translation is to be ironed out Thursday.

The subcommittee of armistice negotiators tentatively is scheduled to take over again Friday.

A second staff committee is headed toward a similar stalemate over Communist insistence that Soviet Russia help supervise the truce.

Col. Don O. Darrow told the Reds they appear to be more interested in the merits of the Soviet Union than in reaching an armistice agreement.

North Korean Col. Chang Chunsan said the Communists would "categorically reject" any Allied proposal to sidetrack Russia. He said the only solution was for the U. N. Command to accept the item nomination of the Soviet Union, Poland and Czechoslovakia as neutral nations to help police a truce.

"Until such time," Chang said, "there will be no progress in these negotiations."

The Reds previously turned down a U. N. offer to drop Norway from its list, retaining Switzerland and Sweden as neutral supervisors, if the Communists eliminated Russia.

Until the Russian question cropped up, the main truce supervision stumbling block was whether the Reds could rebuild airfields.

The same staff group made no progress toward agreeing on the limits of ports of entry for supplies and troops during an armistice. The Allies propose six, the Reds five. Both figures are compromises.

Communist charges that the Allies are using their warfare weapons heard in Panmunjom outside the truce tent.

The charges, repeated regularly for four days over Red radios, also drew first official note from an Allied spokesman. In Seoul, a U.S. Eighth Army spokesman said: "It is not true as far as this headquarters is concerned. We have at no time or in any place engaged in any such activities."

Unofficially Allied officers said Red charges indicated epidemics, perhaps the bubonic plague, were sweeping North Korea and the Communist propaganda machine was trying to blame it on the U.N. Command.

At Panmunjom Communist Correspondent Wilfred Burchett of the Paris Ce Sair said the Communists have instituted a widespread inoculation program for bubonic plague and cholera. He said the Communist correspondents in the truce town were inoculated Tuesday night.

Burchett charged that Allied warplanes were spreading the diseases using spiders, crickets, fleas, lice and flies as carriers. He asserted they were contained in cardboard cylinders dropped by planes over North Korea on eight occasions between Jan. 26 and Feb. 16.

His story followed the Red radio's pattern but added specific details to repeated Red radio "atrocity" charges. They have not been mentioned in the truce tent.

But in Tokyo a U. N. Command officer predicted Communists would use it to stall armistice negotiations.

SEOUL, Korea (AP) — U.S. Sabre jet pilots today shot down one Communist MIG-15 and damaged another in a 10-minute fight in clearing North Korean skies. It was the first jet battle since Saturday.

The Sabre pilots said they traded firing passes with about 100 MIGs — 50 in the morning, 80 early in the afternoon and 60 toward evening.

Senator Taft

(Continued From Page One)
price necessary reserves for the next few years.

But Senate sponsors of UMT say it is unfair to restrict the nation's reserves to combat veterans. They reserves from non-veteran ranks.

Senate leaders have said they want the House to act before taking up UMT. The measure has approval of the Senate Armed Services Committee.

Meanwhile Sen. Taft and California's Gov. Earl Warren joined in an apparent effort to keep the GOP presidential battle on a more friendly basis.

The Ohio senator disclosed a "friendly" letter exchange with Warren and said he hoped the Republicans could unite in support of whoever is nominated. Both Taft and Warren are avowed candidates for the nomination.

Taft told newsmen he had received a "cordial" letter in which Warren explained that his appearance in Cleveland was "non-political."

Warren was in Cleveland, O. where he addressed the National Association of Soil Districts convention. He told reporters his trip was strictly non-political, but he made a point of praising Taft as a "great American."

Warren's address included his first public stand on government farm price programs. He said they are necessary to protect farmers.

Following his unity theme, Taft said he has never questioned the presidential qualifications of Gen. Dwight D. Eisenhower "although I may not agree with him on politics."

"I am opposing him for the nomination," Taft said, "but I want a Republican to win in November and would support him if nominated. I hope he would support me, too."

In Keene, N. C., Sen. Duff of Pennsylvania spoke along the same lines saying there would be no name-calling in the Eisenhower campaign.

Duff said Eisenhower is a candidate "we know we can elect," but added he would support any Republican candidate regardless of who he is.

However, Duff said "scurrilous" publications being distributed are "intended to bring all candidates faced a reception battle with a name-calling in the Eisenhower campaign."

Other political developments:
1. Twelve of 18 delegates to the Republican National Convention selected Monday in Florida's Executive Committee said they favor Taft. One declared himself for Eisenhower, four declined to state a preference and one was not reached. The delegation, however, faced a reception battle with a party minority group planning to send a separate set of delegates to the Chicago convention.

2. Sen. Lodge of Massachusetts predicted the Republicans would win control of both houses of Congress. He said they would gain eight or nine Senate seats and 50 to 60 House seats.

3. Harold E. Stassen became the first candidate to declare he wants to enter Oregon's Republican primary. He asked for necessary applications.

4. Attorney Andrew W. Green filed three separate court suits seeking an order to nullify Gen. Douglas MacArthur's withdrawal from the Pennsylvania primary April 22. With MacArthur off the ballot, Stassen and Eisenhower are the only candidates remaining. MacArthur also asked Oregon officials to remove his name from that state's May 16 presidential primary ballot.

Four Arrested For East Coast Thefts Of Art Galleries

WEST PALM BEACH (AP) — The systematic looting of art galleries at Lake Worth and Daytona Beach was revealed today with the arrest of four Negroes and the recovery of jewelry valued at \$6,275.

Deputy Sheriff Emory Pickren arrested Martin Davis, 29, and his wife, Inez, 32, both of Riviera Beach, were jailed here on grand larceny charges, and that Thomas Burnett and Mook Davis, were in jail at Daytona Beach.

Loot worth \$2,275 was recovered and identified as the property of the Lake Worth Art Gallery, he said. About \$4,000 worth of valuables were identified as from the Royal Art Gallery, Daytona Beach, he added.

Both art galleries are owned by Herman Kimmel Palm Beach and Hendersonville, N. C. Sterling Davis had been employed at the Lake Worth Gallery about four years.

Pickren worked with Deputy Sheriffs E. A. King and W. C. Burney, Daytona Beach, in solving the thefts.

The deputy sheriffs told this story: The Daytona Beach robbery was reported Monday. Later the same day Thomas Burnett and Mook Davis were arrested for a traffic violation.

They were taken to the Daytona Beach jail where Mook Davis tipped a trusty \$10 to phone Beulah Bostick, a West Palm Beach Negro, and ask her to remove his property. The trusty told police instead. Deputy sheriffs went to her boarding house and found part of

the loot packed in expensive leather bags, also reported stolen. Beulah was not held. Investigation showed she had simply rented the room.

Then acting on a hunch due to the similarity of names, the deputy sheriffs went to the home of Sterling Davis in Riviera Beach and found more stolen merchandise packed in bags.

Among the objects reported stolen were gold watches in leather cases, strings of pearls, silverware, figurines, fountain pens, clock sets, imported linens, costume jewelry, luggage and novelties.

Radio Briefs

By MARION HANMAN

Baseball Day in Sanford, Saturday, Mar. 1, will give sports enthusiasts an opportunity to talk with Chuck Aleno when he appears on an interview program at the corner of First and Magnolia at 4 o'clock. Kent Chollain, Sanford Herald's sports editor and Jim Fields, WTRR's sports director will have their turn at the microphone with the new player-manager. Listeners are asked to meet the group of baseball fans Saturday afternoon for the hour-long broadcast.

Another chapter in the series "Better American Speech" will be heard over WTRR tomorrow morning at 11:15. These quarter-hour programs provide excellent listening both at home and in the schoolroom.

News notes south of the border perk up the daily musical visit to the continental countries. "Latin Americana" at 1:15 is a fast-moving series of rhumbas, congas, and other exciting Latin-American dancesteps.

"Save Your Vision" week, March 2 through March 8 will be highlighted over WTRR on Wednesday March 5 when Dr. Earl Lawry will be interviewed by Jim Fields on "Children's Vision."

"United Nations Today" continues to be one of the outstanding informational programs in this area concerning the daily activities of the United Nations organization. Daily events are brought together in the 15 minutes from 10 to 1:15 nightly.

Kiwanis Meeting

(Continued From Page One)
the piano accompaniment.

Forrest E. Breckenridge, Kiwanian, played St. Louis Blues, and provided accompaniment for group singing in the absence of Harry Russell Mason, of Boston, Mass. president of the Sanford Kiwanis Club in 1934 and now a resident of Massachusetts, was introduced by President Martin Stinson.

Mr. Mason revealed that he is in Florida to attend the meeting of the Florida Audubon Society in Winter Park Friday and told of an outstanding color film that will be shown there. This motion picture was made of birds and animals in Massachusetts.

Guests introduced by Howard Montleth included M. P. Huckabee, Interstate Commerce Commission Investigator, Tom Hills, Orlando; Dr. J. W. Wilson; R. E. Wals, Miami and C. Van Midelen, Gainesville; Tom Ferguson and Frank Welton, Miami Beach and John Behrman, Jr., of Seminole High School.

Pilot Club

How to get what you want and need in a truck

"Dodge 'Job-Rated' Trucks are the best we've ever used!"

... says PAUL CRUCE, Cruze Butano Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

You are hereby ordered to appear in the Circuit Court of the 5th Judicial District, Seminole County, Florida, on or before the 1st day of April, 1952, to answer a Bill of Complaint filed against you, same being a suit for divorce, otherwise default judgment will be entered against you for failure to appear, and answer as required by law.

Witness my hand and official seal this 14th day of February, 1952.

O. P. Storden
Clerk, Circuit Court
Seminole County, Florida

SUPPOSE that you need a 1½- or 2-ton truck. Naturally, you'll want one that costs less to run. You'll want one that's engineered to last for years and years. Above all, you'll want a truck that fits your job to a T.

That calls for a truck in which every unit that moves the load is engineered to meet the most severe operating conditions—one in which every unit that supports the load is engineered to provide the strength and capacity needed. What's more, both load-moving and load-supporting units must be engineered to work together.

The way to get such a truck is to see us about a Dodge "Job-Rated" truck—one that's factory-engineered to your kind of work!

Time-saving performance. Low loading height on 1½- and 2-ton models and hinged center sections on stake bodies make loading easier. 5-speed transmission available on most models for more power, speed.

Easy handling. Exceptional handling and steering ease is made possible by wide front track and short wheelbase. Thanks to shorter turning diameter, you can turn sharper either right or left—back into tight places easier.

See us today for the best buy in low-cost transportation

Sen. Russell Plans To Run For President

Georgia Leader Complicates With Request Of General Assembly, Florida Group

WASHINGTON — Sen. Richard B. Russell of Georgia announced today he will seek the Democratic nomination for president.

Russell said in a statement he could "do no less than comply" with the unanimous request of the Georgia General Assembly and the state's Democratic Executive Committee that he become a candidate.

As the second Democrat to make a formal entrance in the race, Russell's name is expected to be in the greatest practical degree of local self-government.

Sen. Estes Kefauver of Tennessee is the other Democratic nominee for the Democratic nomination.

A number of Southern Democrats have been urging Russell to make the race. They said that if the President ran again they wanted their own candidate so that they could support him wholeheartedly.

Russell had conferred this morning with a Georgia delegation which handed him a resolution adopted Monday by the State Democratic Executive Committee.

Russell, 45, is expected to become the rallying point for Southern opposition to another term for Truman—opposition based primarily on the President's espousal of anti-lynch, anti-poll tax and other civil rights measures.

Russell headed the unsuccessful Southern revolt against Truman's nomination at the 1948 convention and got 203 votes from 11 states. Truman won the nomination with 497 votes.

The Georgia Senator did not take part, however, in the State Rights movement which took 20 electoral votes from Alabama, Louisiana, Mississippi and South Carolina away from Truman in the general election.

Former Governor Strom Thurmond of South Carolina was the opposition candidate. Russell faced an opponent, however, at "fraud and corruption" in the government.

Some very fundamental stone of popular government is the confidence of the people in their public servants. Fraud, corruption and divided loyalties cannot be tolerated in positions of trust and confidence.

Delegations from Florida called upon Russell also today to run for the Democratic presidential nomination.

The Floridians who saw Russell were Frank Upchurch, H. E. Wolf and James Hughes, all of St. Augustine.

Boy Scouts Plan To Hold "Kickapookie"

Boy Scouts will demonstrate their skill at what they term a "Kickapookie" Saturday night at 7:30 o'clock at Seminole High School Football Field.

All of the Cub Scout Packs and Boy Scout Troops of Seminole County will participate in the Kickapookie, and prizes will be given to the winners of each event.

Saturday afternoon, the Scouts of Seminole County will parade through the downtown section of Sanford. Other special features of the Kickapookie will be announced later.

Scouts will participate in the following activities: Ball Game, Football, Basketball, Football, Wrestling, Fire Drill, Fun Contest, Firebuilding, Tag of War, Cooking Contest, Three-legged Race, Assemblies, Prologues, Tower Building and First Aid Demonstration.

The Kickapookie committee, consisting of George Moffitt, chairman, Robert Brown, Robert Henry, W. W. Tye, and other members, are extending a cordial invitation to the general public to attend and enjoy a night of instructive entertainment.

NUNS BELLAIR HONO KONG U

Three pink-checked Canadian nuns arrived in Hong Kong today after 11 months in a Communist prison in China. They were the last of a group of 21 nuns who were captured by Chinese forces in Canton in 1949.

The three are believed to be Marie Jeanne Tanguay and Elizabeth LeMay.

NEW HOME

300-unit residential tract made available to women students at the University of Florida. The tract, known as "The Oaks," is located on the south campus and will be developed in two phases.

The first phase will consist of 150 units, and the second phase will consist of 150 units. The tract is owned by the University of Florida Board of Trustees.

Negro Released From Jail Over Year After Acquittal Of Murder

BROOKSVILLE — Sheriff Slim L. Lowman today released a Negro held in Hernando County Jail here a year and a half after he was acquitted on a murder charge.

No formal charge was placed against David Reese, 23, during that time.

Sheriff Lowman said Reese had been held on verbal orders of Circuit Judge Fred R. Hooper as "an accessory and witness" in the case of Willie Timmons, 22, another Negro.

On July 20, 1950, Judge Hooper directed a verdict of innocent for Reese in the slaying of Seavey C. (Bill) Langston, who was helping Sheriff Lowman during a bootlegging raid.

Timmons, co-charged with Reese was convicted of first-degree murder.

Reese was held in jail without charge for a long time. He has been a trusty since he was released from the jail for the last year, and wasn't ready to leave last night," Lowman said.

"He said he had some things to pack up and wanted to sleep in his own home."

Early Return Of General Urged By Dixie Senator

By The Associated Press
A Dixie senator said today he thinks a "non-political" trip home by Gen. Dwight D. Eisenhower would help the Senate Foreign Relations Committee in its study of U. S. aid to Europe—and he hopes the group will invite him soon.

Sen. Sparkman (D-Ala.) said he is not trying to entangle Eisenhower in a political situation.

But he said, the general's views on how much Congress should vote this year to aid Western Europe would be helpful because "he knows more about the situation than any other man."

Truman is expected to ask for about \$7,000,000,000 to continue foreign military and economic aid another year.

Sen. Brewster (R-Me.), who is supporting Sen. Taft of Ohio for the Republican presidential nomination, said Eisenhower's testimony might help, but he didn't think his return this time could be "divorced from the presidential political picture."

McDewherer has said he would accept the GOP nomination but he would like to see Eisenhower's testimony first.

McDewherer said he would like to see Eisenhower's testimony first.

Court Upholds Sentencing Of Puerto Rican

Three Judges Decide Oscar Collazo Must Die For Attempt On Truman's Life

WASHINGTON — The U. S. Court of Appeals today unanimously upheld the conviction and death sentence of Oscar Collazo, Puerto Rican assassin who tried to assassinate President Truman 16 months ago.

Collazo's Puerto Rican companion and a White House guard were killed during a gun battle fought on the steps of the White House, temporary home of the President on Nov. 1, 1950.

The 37-year-old Collazo was charged with murder although it was determined the bullet that killed White House Guard Leslie Coffelt came from the gun of Griselio Torresola, Collazo's companion.

Torresola was shot to death when presidential guards opened fire on the Puerto Ricans. Collazo was wounded during the assault. So were two other White House guards.

The law provides that every member of a group convicted of committing a felony that results in murder is subject to a charge of first-degree murder and punishable by death.

Collazo's court-appointed attorney argued the conviction imposed in District Court by continuing there were errors in the handling of the trial.

The 3-judge Court of Appeals said it found no error in the trial and noted "in accordance with custom in capital cases, we have examined the entire record to ascertain whether in our view errors were made which we will not call to your attention by counsel for the appellant."

"We found none," the Appeals Court said. "The judgment of the District Court must be affirmed."

The opinion was handed down by Judge Pinckney S. Harrell Prentiss and Charles Fahy.

Collazo still has two chances to engage the electric chair. The Supreme Court will hear his appeal in May.

Collazo's attorney argued that his client was a victim of Mr. Truman could commit.

Work Progressing On Improvements To Court House

Work is progressing on the improvement and enlargement of the Court House which should be completed within 30 days, Fred Dyeon, contractor, announced this morning.

Most of the work is now centered in the office of the Collector John L. Galloway, who carried on his work today at a desk surrounded by busy carpenters putting up a partition behind him.

Some of the work includes filling cabinets, he said, moved into the new room in the back.

Work on the offices of Sanford F. Doughty, county tax assessor, is well advanced. Sanford Stenstrom will be started soon.

The new addition to the vault room, about 28 by 30 feet in size, is well lighted by high windows, and practically doubles the capacity of the vault which houses County record books. Overhead ventilation space has been installed in the old vault room.

In the office of the County Clerk, O. P. Herndon, workmen today were installing a fire resistant partition between the outer portion and the tax department to tax redemption and other records.

Workmen this week have been applying a rubberized caulking compound to the exterior walls of the building pending the application of the new exterior coating of insulating exterior coating which is expected to give the whole Court House a "new look."

The office of Sheriff F. A. Mera, which formerly had an air shaft of draft dignities, and where the plaster had fallen in places, has been repaired and repainted with walls of light buff. New cabinets to house equipment or articles held for evidence, have been installed. Work on the floor remains to be done.

FIELD RELEASED

ASHLAND, Ky. — Frederick Vanderbil Field, millionaire Civil Rights Congress bigwig, has been released from the Ashland Federal Correctional Institution.

Acting Warden D. E. Large said the New Yorker was freed Wednesday after serving about 2 1/2 months of a 90-day sentence for contempt.

NAVY BELTS

NEW YORK — The Navy, which until now has made all its enlisted men's belts 45 inches long, said today it will begin issuing belts a year by making half the belts in their diameter or work clothes six inches shorter.

At the suggestion of a textile technologist, Louis Garbarini, the Navy said it is discarding the half a size men were wearing and discarding more than six inches of their belts to make them fit properly.

Suit Brought Against Road Department

Delay In Constructing East Coast 4-Lane Road Brings Big Action In Court

DELAND — Attorney Joseph Ginsberg of Daytona Beach filed suit today against the State Road Department for 10 million dollars.

He claimed East Coast cities suffered that amount of damage when the SRD failed to complete a 4-lane highway from Jacksonville to Miami as planned in 1945.

The suit named Alfred McKethan, assistant director of the department, to the board in office at that time. It was the largest damage action ever filed in Volusia County Circuit Court.

Ginsberg brought the action as "one taxpayer who was damaged by abandonment of the plan for some larger and grandiose million dollar plan." He apparently referred to the proposed East Coast Turnpike.

His suit said the SRD threatened in 1945 to bypass Daytona Beach, St. Augustine and West Palm Beach unless counties and cities obtained the right-of-way for the projected 4-lane road.

Accordingly, he continued, the county and City of Daytona Beach obligated themselves to spend "more than one million dollars for right-of-way" in the Daytona Beach area.

In addition, he "acted under threat that the tourist artery would be moved, the county allowed destruction of beautiful old trees along Ridgewood Avenue in Daytona Beach," Ginsberg said, adding that the SRD had been closed for about two years while SRD "did dilly-dally in putting through said road" causing a heavy loss of tourist trade.

Instead of completing the 4-lane road by the end of 1945, he said, as per the implied contract, Ginsberg charged that the SRD "spent millions putting down concrete strips" in an arbitrary and unbecomingly manner, and did not eliminate traffic bottlenecks.

Ginsberg called the State Road Department's action "inefficiency, ineptness and wanton waste by an unbecomingly manner" and asked for an injunction to prevent the SRD from continuing its policy of "wrecking the economy of Daytona Beach and Volusia County."

Program For 27th Pioneer Night In Lake Mary Is Set

An outstanding program of entertainment for the pioneers of this area will be presented Tuesday night at 7:30 o'clock at the Lake Mary Chamber of Commerce Building under the direction of Frank Evans, who will serve as master of ceremonies of the 27th Pioneer Night program for the Pioneer Society.

An interesting coincidence is that Mack N. Cleveland, Jr., young Sanford attorney and speaker for the evening, was born just 47 years ago in Sanford, and during the year the Pioneer Night was first introduced.

Featured on the program will be the Lake Mary Orchestra directed by Perry Bremer. The program will include a pot-luck dinner, a quartet and a triple trio, all of the younger generation, who will do their part in honoring the pioneers with a unique and entertaining performance.

In the past, the five oldest ladies present will receive gifts, and the five oldest men will be presented with hand carved urns.

Those who do not have transportation can make bus reservation by telephoning the Sanford Transit Lines, 1444. Pioneer Night is sponsored by the Lake Mary Chamber of Commerce.

DUKE OF WINDSOR IS RETURNING TO U. S.

SOUTHAMPTON, Eng. — The Duke of Windsor—Queen Elizabeth's Uncle David—sailed aboard the liner Queen Elizabeth for New York today to join his duchess. His secretary said he would return to England in a month or two.

The duke was cheered by dock workers as he stepped from his car to embark. Wearing a black-belted overcoat and a homburg hat, the former King posed for photographers at the foot of the gangway. He came to Britain for the Feb. 15 funeral of the late King George VI.

His private secretary, N. A. Waddilow, said Windsor's return to England would not have any political significance. The duke lunched with Queen Elizabeth on Tuesday amid speculation he might be sounding out his niece for a government job. There has been some speculation that he may be in line for an official position since his long talk with Prime Minister Churchill on Feb. 14. Churchill was one of Windsor's closest friends and was in the King's camp during the difficult days preceding Windsor's abdication.

WARSAW POLAND U

WARSAW, Poland — The Warsaw press announced today that three men, one of them a French citizen, have been sentenced to death on charges of spying for France.

Several other persons received longer prison terms.

President Mentions Adlai Stevenson For Presidential Nominee

Outstanding Program Presented At Twenty-Second Animated Magazine

By WILLARD CONNOLLY
Sanford's outstanding talent in music, dramatic art, architectural design, and philosophy was well represented yesterday afternoon as the Animated Magazine, annually presented by the Sanford Women's Club, came to life for the 22nd time.

Appearing on the program were Mack N. Cleveland, young attorney, candidate for the State Legislature and Stetson graduate, who delivered the magazine editorial "Does Anybody Care?"; Miss Nancy Williams, school music supervisor, who spoke on "Music and Tomorrow's Citizen," Miss

Joyce Hetzel, soprano, who was accompanied by Mrs. T. E. Tucker; Billy Park, violinist, who was accompanied by Mrs. George Touhy; Clarence Knight, architectural draftsman who told of the principles of modern architecture, and Miss Ellen Druggers, who climaxed the program with a moving dramatic reading.

Presented by the Fine Arts Division of the club, and with every available seat taken, the program was initiated with a welcome by Mrs. Henry McLaughlin, who pointed out the cover of the magazine, a Sanford lakefront view printed (Continued On Page Six)

Truman To Withhold His Own Intentions Until He Returns From Florida Trip

By D. HAROLD OLIVER
WASHINGTON — President Truman turned aside new questions today on his political intentions, but put in a good word for Gov. Adlai Stevenson of Illinois, a possible Democratic nominee for President.

Mr. Truman told his news conference he wouldn't disclose whether he will run again for President until after his trip to Florida. That would be a month in the future.

Asked whether he would be happy to see Gov. Stevenson nominated by the Democrats, he responded that Stevenson had made one of the best governors Illinois ever had. He said that is one of the best recommendations for a man becoming President.

"The President is going to Key West March 7 for a three weeks stay. He said he would not make the announcement on whether he will be a candidate until he gets back."

That led to questions about whether he would make it a day after his return when, on March 29, he will make a political speech at the Jefferson-Jackson Day dinner. He brushed those questions aside.

On other matters, Mr. Truman said House Speaker Sam Rayburn telephoned Sen. Moody (D-Mich.) and White House office Monday the decision barring the telecasting and radio broadcasting of House committee hearings.

Moody was in Detroit at the time and had urged that a hearing there by the House Un-American Activities Committee be televised. The President said he had nothing to do with the decision. He said Rayburn told Moody that telecasting the hearings would be against House rules.

Mr. Truman emphasized he was taking no sides in the matter and that it is up to Congress to say if a committee hearing should be conducted. He said it had happened before when Moody called the speaker.

The President began today's conference by announcing the selection of Paul A. Walker, now a member as chairman of the Federal Communications Commission.

He said he had appointed Robert W. Barley, Houston, Tex., as secretary of the Federal Communications Commission.

Asked whether he would join a criticism by Sen. Clegg (R-Wash.) of the way the Kefauver Senate hearing was conducted, he said he had no opinion.

Mr. Truman said the White House when Moody called the speaker.

Heavy Snow Storm Covers East With 12 Foot Drifts

BOSTON — At least 10 persons were dead, 10,000 Cape Cod homes were homeless and more than 100,000 miles of Cape highways were completely impassable today after one of the worst snow storms to hit Northern New England in 30 years.

The worst storm in possibly 30 years today left Cape Cod buried beneath snow drifts as high as 12 feet, isolated entire communities without power or communication and stranded an uncounted number of motorists.

Snow as high as 20 inches was piled by a northeast wind that reached 30 miles an hour in a str in many cases snow-crowded motorists were trapped in their cars.
