Our Manager for the South is Bama Rowell on the basis of his experience and fine record at Cocoa..., Our Northern selection is last year's Southern Manager, Ed Levy.

Turning to the North, we find a difficult task in segregating many top flight players... Levy is the best first baseman and Red Foster of his Beach hitting 365 is a matural there...... Chico Fundora hitting with authority all year both the long ball and the consistant spray variety is our shortstop, though some might argue that Jack Cade (431) should be used at short to permit Bartow lifty of Daytona to play at third withe his lofty 385, However, we are inserting Cade at third and using Irby as our utility man.

Six F-S-L Pitchers May Crack

For, from all indications, not over half a dozen harlers likely will win as many as 20 games; one, perhaps even three huriers migght set new records or break old ones for number of men walked; not over three may win as many as three shut-outs each. Lengue

record is nine.

Top hurler thru midnight Haturday June 6 in wins and losses was Jue Angel of Jax Beach, Ills 14 wins in 10 decisions maken him a logical contender for the all-time league record of 29 wins inside a regular season. Elwyn Stabelfeld of Daytona once won 28

only to have Stan Karpinski of St. Augustine win 29 in 1949.

Angel had probably the best control of them all thru Saturday night, too, for in 184 innings he had walked but 31 men, while fanning 61. He had started and finished 11 of the 22 he had appeared in. Jim Vickery of Deland's defending champions was leading in striks-outs with 117, or a trifle over one an inning, for he had hurled 114 innings. His curving pitches had already seen him come up with two tilts in which he fanned ten each, three with 11 each, and one

Wildest of the lot so far is Daytona's husky Ernie Craumer who had walked 103 men in 101 innings. Oddly, he had fanned 101 men, too, making him third behind Angel and Vickery. The dependable Virgii Frazler of Cocoa had hit seven men so far but, since he is a "hot weather" type hurler, it is expected that he will settle down soon that the lengue record of 25 hit in one session likely will not be topped this year.

Hest looking of the loop's rookie right-handers so far seem to be Wise of Orlando and Palmieri of Sanford. The former had won in sixe of seven, white Palmier had six of eight, all of them well hurled affairs. Wise had fanned 11 and 13 men, too, Shut-outs are few and far between so far. Leesburg hurlers have three, but the two men who did it have since been sold or re-leased. Don Urquhart, sold for a near record price of \$3,000, had one leased. Don Urquhart, sold for a near record price of \$3,000, had one to his credit, while Bill Phillips, released last week to make room for the young veteran, Jack Gaines, ha dtwo. Other shut-out winners are: Rowell of Cocoa, Miller of Daytona, Vickery and Clarich of Deland, Angel and Britt of Jax Beach, and Hass of Leesburg.

Vickery's one hitter, and Rowell's two hitter are among the five lowest hit hurled tills of the season whose first half comes to an end Sunday night June 21, Rowell had a seven inning no-hit streak but was touched for two in the eighth.

The phenomenal success of Milwaukee's debut as a hig league city has altered the picture radical-ly, our informant says. Where only two clubs, Cleveland and Chicago voted to approve the transfer last spring, the count should be virtually unanimous this time.

Television of boxing matches has its faults, as we have been glad to point out, but the industry pretty well balanced its books the other night by permitting inlitions of hume viewers to watch Willie Pep, one of the great modern masters, exhibit his art against the rough youngster Pat Marcune at Madison Sonare Garden.

Very few of them had seen the wonderful little ex-chamolon before, and there will not be many more opportunities. He is 30 and no longer has the vitality which once carried him through 15 rounds at dazzling speed. But this was his return to the Garden after a sad exile, and Wille made the most of it. The television audience must have marveled at Wille's skill and appreciated the final department. appreciated the final desperate drain upon his resources that stopped Marcone.

We Win, Either Way

One of the great difficulties in arriving at an intelligent conclusion on most public issues is the fact that almost invariably there are respected men on both sides who support their positions ardently and with sound reasoning. Thus in the controversy over how many wings the Air Force should have we find two men like Charles E. Wilson and General

Vandenberg on opposite sides.

Both are highly respected men and their cogent deductions lead us first to accept one point of view and then another, until we are at last almost in a state of mind of not trying to have any opinion of our own on one of the great issues of the moment.

But however difficult it may be for an ordinary citizen to come up with the right answers on public matters in view of the divergence of opinion among capable men, it is reassuring that we do have respect for their divergent views. It would, indeed, give us an uneasy feeling to believe that in a question apparently as vital as the size of our Air Force it might be decided according to the reasoning of a man whose intelligence did not command our respect.

Thus we know that howeveer the issue is resolved it will be for the best interest of the country. Mr. Wilson and General Vandenberg are both patriotic and well informed men The Hernid is a member of the Annelated Press which in catalled and if General Vandenberg has his way we believe the country will be safe, and if Mr. Wilson has his way we believe the country will not be in danger.

Preventing Vandalism

In many communities vandalism by youthful deliquents poses a problem. Parks, public buildings and private property are destroyed by thoughtless young people who may develop into serious threats to the safety of the community if they are not checked and put on the right path.

In order to find an answer to the problem New York telations is often a tyrant at home. City recently held a panel discussion with some reformed vandals serving as members of the panel. On Sunday Night

Ernie Palmieri, winner of six and loser of but two games this year, will be intrusted to guide the Sanford Cardinals on their winning course again after the Cocoa Indians capsized the swift sailing Redbirds, 4-3, in the Indian River hamlet last night.

Having had its winning skein

snapped at six straight, Sanford will rely on the cool working Palmieri to hurl against the Cocoa Ladies Night. Despite last night's loss, which

all but eliminated the Redbirds from contention for the first half flag-9½ behind, Sanford remained five games out of the first division as the Leesburg Lakers were likewise losing to Orlando, 6-5, in 10 innings. Sanford's winning skein now

reads, 11 wins in the last 13 games and 12 victories in the last 16. By May 15, 1952, the Seminole Blues had amassed an amazing 17 wins in 19 games to catapult within a half-game of first place. Last night Clarence Ingram

went the entire route, yielding place hits, three bases on balls and familing a pair to lose his fifth All-Star Voting game as against eight victories. Ingram had able support until the late innings when Catcher Bill Harris rifled a pick-off throw to third only to have the ball sail up against a light pole in the eighth, permitting the tying run to score. Bill Samuels committed 2 errors and Ben Benedict another.

In the bottom of the ninth with the game all knotted, 3-3, and George Hughes roosting on second, Manager Bama Rowell popped up behind the plate and Harris bobbled the catch, which would have made it three outs and extended

the game into extra innings.

Two pitches later Rowell laced out a single to score Hughes from second and give Cocoa a 4-3 victory. Thus, two of the four Cocos tallies were unearned off the slants of Ingram, hard working 19-year-old from Geor-
