

Sanford Legion Juniors Crushed By Leesburg 15-2 Through Costly Errors

Sanford's Legion Juniors were crushed by the Leesburg team in a game played there yesterday as nine hits and six errors accounted for 15 runs while the local club managed to get only three hits and two runs.

The two tallies of the Sanford team came in the sixth inning, but the opposition was so far ahead it made little difference in the score.

One bad inning, the fourth, in which the little Anglers ran away with the contest by scoring seven runs finished the chances of the Sanford team making a comeback sufficient to overcome the early lead of three runs.

Pennington, R. Johnson and Moore were the only Sanford batters to get a base hit, and both Pennington and Johnson made a contribution for a tally.

Scott Wins Bout Over Gomez By Surprise K. O.

TAMPA, July 15. (AP)—Buddy Scott of Washington, D. C., scored a surprise seventh-round knockout over Soltier Tommy Gomez of Camp Blanding last night in a heavyweight bout scheduled for 10 rounds.

It was Gomez's fight through the first six rounds. Scott's three-blow barrage in the seventh that sent the soldier to the canvas for keeps took the crowd of 2,500 by complete surprise.

Scott weighed 184 and Gomez 165.

Gomez had staggered Scott in the second and sixth rounds and appeared to be having things his own way. Then in the seventh, Scott poked a left to Gomez's stomach and another to the soldier's chin, and Gomez, apparently in a daze, was wide open for Scott's whistling right to the chin.

It was the first knockout and the second defeat for Gomez in his short but spectacular career as a heavyweight. Only 20 years old, Gomez had been regarded as a likely contender for the title.

Pruett Sold To Charleston Club

GAINESVILLE, July 15. (AP)—Club President Fred Cone said Monday that negotiations had been all but completed for the outright sale of Jimmy Pruet to Charleston of the class B South Atlantic League.

Pruett played his last game for the G-Men of the class D Florida State League and will probably leave for Charleston today.

Cone said the local club would get \$150 when Pruet reports to Charleston and \$500 more if he makes good.

Andy K Is Winner Of Ten Point Purse

NEW YORK, July 15. (AP)—Andy K, Tony Pelletieri's speedy colt that easily took the three-year-old "tamperet championship" last year, came back to the races Monday and won the Ten Point Purse, a \$2000 overnight sprint, at Empire City.

Packing 125 pounds, he raced five and three-quarters furlongs in 1:09 to win by a head from Mrs. C. S. Bromley's Sungino, Mrs. Alice F. Sherman's Grey Wolf, was a close-up third. Andy K was made a \$5.40 for \$2 favorite by the crowd of 12,304.

C. V. Whitney's Yankee Chance, rated a 2-5 favorite over three rivals in the mile and a sixteenth secondary feature, barely managed to score by a head over Abbe Pierre, a rank outsider.

IN THE CIRCUIT COURT SEMINOLE COUNTY, FLORIDA IN CHANCERY NO. 418.
WILLIAM O. EDLER, Plaintiff vs. CLARA B. MULLEN, Defendant.

ORDER OF NOTICE
IN THE NAME OF THE STATE OF FLORIDA:

To: CLARA B. MULLEN, whose residence and address is 104 "E" Street, N.W., Washington, D. C. YOU ARE HEREBY NOTIFIED, ORDERED AND REQUIRED to appear at the office of the Clerk of this Court in the City of Sanford, Seminole County, Florida, on the 15th day of August, 1941, to file your appearance or pleadings in the above entitled cause, and to show cause why you should not be held liable for the same. If you fail to do so, judgment will be entered against you, and said cause will proceed ex parte.

IT IS FURTHER ORDERED that this notice be published once a week for four consecutive weeks in the Sanford, Seminole County, Florida, on the 15th day of July, 1941.

WITNESSE MY HAND AND OFFICIAL SEAL at Sanford, Seminole County, Florida, this 15th day of July, A. D. 1941.

CL. P. HERRINGTON, Clerk Circuit Court, Seminole County, Florida.
W. E. WINDHERR, Attorney for Plaintiff.

Notice is hereby given that INA H. FENWICK filed her final report as Executrix of the estate of CARRIE G. FENWICK, deceased; that she filed her petition for final discharge, and that she will apply to the Honorable R. W. Ware, County Judge of Seminole County, Florida, on the 31st day of August, 1941, for approval of same and for final discharge as Executrix of the estate of Carrie G. Fenwick, deceased, on this 15th day of July A. D. 1941.

Russians Continue Counter-Offensive On Central Front

Enemy Driven Back, Soviet Dispatches From Front Claim; Nazis Still Terse

Red Army Unit Said Destroyed

U. S. S. R. Air Losses Placed By German Agency At 7,182

LONDON July 16.—(AP)—The Soviet Union's widely dispersed industrial plants are being bombed in almost total absence of German reports of bombed industrial targets in Russia.

German Panzer columns, knifing deep into the Stalin Line toward Leningrad, were reported today to have "wiped out" the Soviet army forces at Bjelaja, 87 miles east of Pakov, but the Russians asserted their Red army smashed the new salient and hurled the invaders back.

Soviet dispatches from the front said the fierce Russian counter-offensive continued on the central front, west of the Dnepr River and that the German had been driven back even farther than the 18 miles reported yesterday.

Adolf Hitler's field headquarters again reported today that operations of the 24-day invasion were "proceeding favorably" and that "in several places desperate counter-attacks were repulsed with bloody losses to the enemy."

Monoway communications indicated the Germans were making little if any progress toward Kiev, Ukraine capital. Lacking reports of the spectacular successes such as marked the blitzkrieg sweep through Belgium, Holland and France last summer, the Nazis traced from Hitler's two-entente communications to press dispatches ascribing the Luftwaffe was spreading havoc among Soviet communications behind the lines.

DMB, German news agency, placed Soviet air losses to date at 7,182 planes.

The Russians claimed today to have virtually annihilated advanced German motorized forces striking at Leningrad from the Pabov-Perkhov sector, some 175 miles to the north and to have held fast at the Red center about Vitebsk in violent fighting that cost many dead on both sides.

Along the Ukrainian front, Monoway said, German troops were pictured the Nazi drive on Kiev as halted and arrested, moreover that German tank units had not so far advanced as the Germans are to be left in a difficult situation.

This estimate of the situation was almost diametrically opposite to that of the German. The claimed specifically that their northern forces had reached nearly to Novgorod, which is only 100 miles southeast of Leningrad, and that the last, counter-attack of the German tanks in the Vitebsk area before the city was occupied by Nazi troops.

About Pabov-Perkhov, the Soviet command's communications said, German tank units were surrounded and destroyed "with heavy losses" while the remaining Nazi troops in that area were driven back to the west.

The Red general staff made no mention, however, of earlier reports by the Soviet government through its news agency that the counter-offensive at the center had driven the Germans back 19 miles across the Dnepr River in a 25-mile-long salient between Novgorod and Vitebsk.

1916 Auto Tag Is Shown By Jenkins

W. B. Miller, a celery grower who lives on Celery Avenue, has brought into the office of County Tax Collector Jno. D. Jenkins one of the earliest automobile tags issued in Seminole County. The date on the tag is 1916, three years after this county was formed from a part of Orange County. In those days, Mr. Jenkins related today, the tags were issued by the individual counties under State law. It wasn't until later that the State began the manufacture of standard tags. C. M. Jenkins, who lives on the West Side, bought the license plate for a Ford car for \$5, records in the office of the tax collector reveal. The tag is small, about five by seven inches, and is black and white. Coated with enamel it still is in good shape today.

Japan's Cabinet Quits Suddenly; Matsuoka Leaves

Group Placed Nippon In Axis Line-Up, Made Soviet Pact

HAVANA, CUBA, July 16.—(AP)—The Cuban cabinet resigned today to facilitate the reorganization of the government by President Fulencio Batista.

TOKYO, July 16.—(AP)—The cabinet of Premier Prince Fumimaro Konoye, which put Japan in the Axis line-up and bound her in a neutrality accord with Soviet Russia, resigned suddenly today.

A palace announcement asserted the resignation en bloc was to strengthen the government's policies in facing the situation at home and confused problems abroad.

Foreign Minister Yosuke Matsuoka, influential in involving Japan in the two major pacts which now are the keystones of her policy, was among those who went out.

Speculation was that Japan might be planning a stronger pro-Axis policy, or possibly to withdraw from all European commitments.

Elsewhere on the war front, twenty-one years ago today in Syria and Lebanon, British and French troops entered the mandate as the mandate was turned over to British occupation under the terms of Monday's Armistice.

These terms gave to Great Britain and her Free French allies all naval and military aviation facilities and equipment in Syria and Lebanon, including ships planes and fuel.

However, Paris newspapers reported that before the armistice most French munitions and reserve stocks of gasoline had been destroyed by order of the French High Command in Syria; all French boats were reported to have left Syrian and Lebanese ports and French airplanes to have been flown to Turkey and North Africa so that they would not fall into British hands.

Sanford Airport Is Selected For Funds

Edward Higgins, secretary of the Seminole County Chamber of Commerce, returned yesterday afternoon from a trip to Washington, D. C., in the interests of the Sanford Municipal Airport, and reported today that the field was one of 149 selected by a joint Army-Navy-CAA committee for improvement in the defense program.

Mr. Higgins said 191 airports in the United States were submitted for defense funds, and the committee selected 149 from this group after hearing last week.

"The amount of money to be spent and the type of improvement to be made will be released through the United States Public Relations Office in a short time," the chamber secretary stated.

Judy Canova Files Suit For Divorce

LOS ANGELES, July 16.—(AP)—Judy Canova, the motion picture star, who was "in the band by a soft moon" and married mysteriously in Honolulu a month ago, filed suit Monday for a divorce or annulment.

The suit, naming Cary James E. Ripley of Ft. Roper, Honolulu, as defendant, was not operative. It merely charged cruelty as the basis for a divorce plea, and alleged fraud as the ground for an annulment.

Key West Hospital Fund Is Approved

WASHINGTON, July 16.—(AP)—President Roosevelt signed Tuesday a bill authorizing the Navy Department to spend \$31,000,000 for development of 19 shore hospitals.

OUSTED NAZI CONSUL MISSES BOAT TO TOKYO

Capt. Fritz Wiedemann, ousted Nazi Consul at San Francisco, with his wife and son, Eduard, stands at the patio rail of his mansion on the coast, watching the Japanese liner, Yawata Maru sail away toward the Golden Gate and the Orient. The British government promised safe conduct to Wiedemann and Dr. Johannes Borchers, Nazi Consul from New York, but the papers arrived too late for them to make their scheduled departures. As a consequence, they were granted a special dispensation allowing them to remain in the United States until July 31.

Harper Explains Set-up Of Guard Unit To Jaycees

Clyde Ramsey To Replace Delgado As Citrus Chairman

E. C. Harper, captain of Company 18 of the Florida Defense Force, explained the set-up of the home defense unit at a meeting of the Junior Chamber of Commerce last night at the Palma and Pine dining room on the Sanford-Orlando Highway.

Two new heads of committees were appointed at a business session during the meeting. Clyde Ramsey was named chairman of the Jaycee citrus committee to replace Eloy Delgado, who has been transferred to Orlando.

Preston Sherrell was appointed to take the place of C. K. Carter, resigned, as head of the tourist committee.

Harper told the Jaycees that the principal activities of the Defense Force at present are firing sub-caliber rifles, learning military discipline and formations, and handling 30 caliber rifles.

Men from the ages of 18 to 45 are eligible to become members of the unit, Captain Harper said, and the term of enlistment is for three years. Discharges may be granted, however, if a member leaves for town or has some other valid reason.

Members of the Junior Chamber were invited to register for the unit, since several vacancies are open.

Those in the Defense Force serve voluntarily and without pay, Captain Harper said, except when they are called to active duty in times of emergency such as fires, storms or mob violence.

They also may be summoned when martial law is declared, which has only happened twice in the history of Florida, Captain Harper explained. One of these times, he added, was in the Jacksonville fire of 1901. When called to active duty, the Defense Force members would serve under civil authorities such as the police, it was stated.

Stolen Auto Is Recovered In 3 Hours By Police

"Efficiency plus" might well be adopted as the motto of the Sanford Police Department, based on its quick action in recovering a stolen car belonging to John Kader early this morning.

Mr. Kader telephoned the Police Station at 12:05 A. M. today that his car, a 1930 Chevrolet coach, had been stolen. Chief W. Williams said immediately a call was radiated to the police cars, which were asked to be on the lookout for the automobile.

Officers Charles Dunn, Jr., and Louis Barberis were coming north on Mellonville Avenue in their police car when they saw a car heading east traveling at a high rate of speed. Chief Williams related.

The two officers chased the car, and when they were nearer saw that it had its motor plate. When they stopped it, they found to be the stolen car. The time was 2:30 A. M., less than three hours after Mr. Kader had made his complaint.

Four negroes were occupants of the stolen auto, and all were arrested and taken to the Police Station to await trial. The driver, Webster Thomas, was arrested for larceny of an automobile and for speeding.

Americans Urged To Have More Children

CAMBRIDGE, Mass., July 16.—(AP)—Harvard sociologist, Carl C. Zimmerman called upon the American people today to have more children.

Speaking at a Harvard summer school conference on tomorrow's children, Zimmerman advocated an immediate increase in the birth rate, saying:

"We need to encourage parents to have their third and fourth children right away, and we must encourage young persons to have their children now so they'll have their third and fourth before they are too old."

He said a mother should have her last child ready for high school by the time she is 40.

First Regiments Of Troops Leave For War Games

CAMP BLANDING, July 16.—(AP)—Two regiments of engineers left here yesterday for the extensive maneuvers to be held in Louisiana and Texas during August and September.

They will be followed before the end of the month by the 31st and 43rd Divisions from this camp, the fourth division from Fort Benning, Ga., and special fourth corps units from here and from Jacksonville.

There had been reports that neither the 43rd Division nor the 31st Division would make the trip to the war games but the fourth corps headquarters announced that only the 74th Field Artillery Brigade will be left here to do guard duty while the other troops are away. The brigade includes the 17th Regiment from Georgia and the 172nd from New Hampshire and the 35th from the regular Army.

The 31st Division and the 118th Engineers Regiment of the 43rd Division preceded the other troops to the maneuver area rendezvous near Dry Prong, La., to prepare roads, bridges, sanitation facilities and water supply places along the lines the motor convoys will follow.

The two divisions will move out of camp here between July 23 and July 28. Maj. Gen. Jay L. Benedict, fourth corps commander, and his staff will leave Jacksonville July 24. The fourth division from Fort Benning and other fourth corps units will meet the staff officers, the 31st Division and the 43rd Division in the Dry Prong, La., area before Aug. 5.

GRANTED U. S. PATENT

TARPON SPRINGS, July 16.—(AP)—John H. Boyette, local boat builder, has been granted a patent for a plug cutting instrument to be used in boat building, according to an announcement from the U. S. Patent Office Tuesday. He applied for it last year.

Defense Industry Classes To Start Within Few Days

Young Men Interested In Trade Asked To Register Now

Classes designed to train young men in the ages of 17 to 25 for jobs in defense industries are expected to be started in Sanford in a few days, Alex Johnson, instructor, said today.

"The money has been approved for the course and we are just waiting orders to start," Mr. Johnson said.

Those who are interested in learning a defense trade were asked by the instructor to register as soon as possible, so that they may know how large a class to prepare for. The number allowed to take the course is limited, he said. Federal funds are provided for the classes, and there is no expense to the students, Mr. Johnson pointed out.

The class is expected to be formed in metal work, which will include welding, blacksmith and sheet metal work. Another class will be organized in motor mechanics, and it is hoped to start a third class in small boat building, Mr. Johnson said.

Last week Mr. Johnson attended the conference of agricultural teachers and national defense training supervisors held at Daytona Beach, where the need for industrial training was pointed out. It was shown that at the start of the present war, Germany had 12 million skilled workers whereas the United States had only four million.

It was estimated, Mr. Johnson said, that a minimum of 12 million skilled workmen will be needed in defense production in the United States during 1942. Classes similar to the one in Sanford will be held all over the country to help supply the need for workers.

Those interested in signing for the defense training classes may see Mr. Johnson at the Seminole High School Farm Building.

Eloy Delgado Is Manager Of Store

Eloy Delgado, formerly assistant manager of Forrest Gatch's grocery store on Sanford Avenue, has been named manager of the Winn-Lovett store in Colonialtown, Orlando. He assumed his new duties yesterday.

Mr. Delgado will continue to make his home in Sanford with his wife and two small children.

C. I. O. CHIEF ILL

PITTSBURGH, July 16.—(AP)—Philip Murray, C. I. O. president who collapsed Sunday during a game of badminton at a family outing, will be confined to Mercy Hospital for a few weeks, his physician said Tuesday.

Stapler Wins Trip To Forestry Camp

Billy Stapler, winner of the forestry contest sponsored by the Seminole County chapter of the Future Farmers of America, will leave Sunday for Camp Ocala near High Springs, where he will enjoy a two weeks' stay as a reward for winning the contest.

About 150 other Future Farmers, selected by chapters over the state in similar contests, will also attend the forestry camp.

While there the boys will study forestry, planting and care of trees, food, beds, tree cultivation, thinning and other related subjects.

Axis Assails Roosevelt For Foreign Policy

President Said Circling Like Vulture Over Cape Verde And Azores Isles

Aggression Is Charged To U. S.

Spokesman Says Two Powers Are Ready To Meet America

BERLIN, July 16.—(AP)—German newspapers vied with each other in bitterly assailing President Roosevelt today after Deutsche Diplomatische-Politische Korrespondenz, foreign office mouthpiece, accused him of trying to push the United States into war "arm in arm with Bolshevism."

The Borsen Zeitung said Roosevelt is "circling like a vulture" over the Azores and Cape Verde Islands.

The Deutsche Allgemeine Zeitung declared the President "breaks his word, constitutional law and international law" while the Lokal Anzeiger observed: "Truly Roosevelt has raised gangsterism to be a symbol in American politics."

Germany and Italy are ready with the "necessary forces" to meet United States "aggression," Virginia Gayda, authoritative Fascist spokesman, asserted in Rome today, charging that President Roosevelt is planning to take advantage of the Axis war against Soviet Russia.

If United States warships fire without warning on Axis vessels, they would reply, Gayda declared, and Japan would do what he said is "her duty."

President Roosevelt warned yesterday that the Army faces disintegration unless Congress revises the selective service law to retain selectees, reservists and National Guardsmen for the period of the national emergency.

The President said at a press conference that the problem is a serious one and he placed the responsibility for finding the answer squarely up to Congress.

He rejected claims coming from many congressmen, including some of his own lieutenants, that extension of service to retain selectees, reservists and National Guardsmen for the period of the national emergency.

The President said at a press conference that the problem is a serious one and he placed the responsibility for finding the answer squarely up to Congress.

The warning was issued by the president after Undersecretary of War Patterson had urged Congress to approve the extended service plan and to lift present restrictions which specify that not more than 500,000 drafted men may be in training at one time.

It was revealed that General Marshall, Army chief of staff, told the Senate Military Affairs committee last week that demobilization of the Army now might lead to a "national tragedy."

The President, who Monday persuaded reluctant congressional leaders to open a drive for retention of the Army's temporary soldiers, said the dispute boils down to this question: In times like these do we want to disintegrate the Army of the United States?

The decision, he said, is up to Congress.

If the law is not changed, he said, the Army—which he described as one of the mainstays to the world—soon will disintegrate, with two-thirds of its personnel returning to private life and their places filled by raw recruits.

The selective service law specifies that reservists, draftees and guardsmen serve only 12 months in the Army unless, in the interim Congress declares a national emergency. In that event the President can extend their service until the emergency ends.

Orlando Air Base Is Given \$300,000

WASHINGTON, July 16.—(Special)—Final approval by President Roosevelt of a supplementary WPA project totaling \$310,000 to continue construction work at the Orlando Army Air Base was announced here Tuesday by Senator Andrews.

WPA funds amounting to \$286,417. Completion of buildings, additional drainage work, electrical and telephone installation and miscellaneous facilities will be provided.

Hurt To Furnish Bond Information

J. L. Hurt, deputy collector of internal revenue, has been supplied with literature concerning defense bonds and savings stamps by Administrator John L. Felt of Jacksonville, and said today he will supply those interested with information.

Mr. Hurt's headquarters are at the Chamber of Commerce on Wednesday, and during the remainder of the week at the Post Office Building in Orlando. Karl Lakeman of Tampa has been named to direct the sale of the defense bonds and to handle the publicity for them.

PWA Projects Totalling \$170,000 Are Requested For Seminole County

PWA projects for Seminole County amounting to about \$170,000 were presented at meeting of eight Central Florida Counties at Orlando yesterday. H. N. Sayer, city clerk said this morning.

The projects would be financed by a recent appropriation of \$150,000,000 by the federal government to build sewage systems, roads, schools and recreation facilities.

Only a temporary budget was presented yesterday, asking for funds for the new county hospital and city recreation building.

Another budget is being made up today to present to the PWA authorities, to include water and sewage systems for the new airport and the paving of the road to the airport, Mr. Sayer explained.

The hospital was listed as one of the projects with \$150,000 as the required funds needed, and the recreation building was set at a \$20,000 project, Mr. Sayer said. Other projects have not been fully organized so no estimates have been made on the costs.

The Sanford delegates who attended the meeting in Orlando today had expected to be in project engineer of the PWA; and W. H. Toms, construction engineer.

City News Briefs

A marriage license was issued at the Court House yesterday to Joseph Outeen and Miss Susie Thompson, both of New Smyrna.

Walter E. Brown of Sanford has completed his initial period of service at the reception center at Camp Blanding and will be transferred to Camp Wheeler, Ga., where he will be assigned to the infantry replacement training center.

Price Controls

One can well understand the reluctance of the government to see prices rising out of sight and Leon Henderson's Price Control Commission is apt to strike a responsive chord among a large segment of the population which thinks only in terms of the things they have to buy and not of what they sell and never considers the whys and wherefores. So Mr. Henderson wants to put a ceiling over prices. Isn't that just dandy?

Everyone recalls well enough the high cost of living which characterized the last war and we remember only too well the great period of prosperity which accompanied that inflationary era when every business man could make a profit and enough wartime millionaires were created to cast a cloud over the entire capitalist system, even if we do not recall so well the silk shirts which laborers were buying out of their fattened pay envelopes.

President Roosevelt and his New Deal stalwarts in Congress are determined that there shall be no repetition of those evil days and legislation has long since been enacted "to take the profits out of war" in the event there should be any. Such tax schemes have been provided that if anyone should by any chance make any money during this period of national emergency, he would simply have to pass it along to the government.

But besides the income tax and the excess profits tax and all the other taxes which are based on the amount of money a corporation makes, other taxes have been levied which are designed to make it difficult to make money. The concern is making any money at all. As a matter of fact, these new and excessive taxes have to be paid first and if there is no money to pay them with we suppose you still have the right to close up.

Now if a ceiling is put on prices and these taxes continue to go up, that is just what a lot of concerns are going to have to do. Prices are not something arbitrarily fixed by the merchant or the manufacturer but are the result of a compilation of costs which go into a certain product. If these costs go up, naturally the prices have to go up too, or the product must be sold at a loss and then the producer goes broke.

As everyone knows these costs are going up. Certainly taxes have gone up. Wages have gone up too and the government has done everything in its power to facilitate their increase. The cost of certain commodities imported from abroad have gone up because of the war and the difficulties of transportation. The Priorities Commission has ordered a cut in the production of many articles of merchandise further increasing the cost of those that are made. And practically all other costs have increased.

But prices? No, they must be held down. If the costs of a certain article get to be more than the price for which the government will allow it to be sold, then it can be sold at a loss, and if the concern which makes it goes bankrupt, then there will be more workmen for the WPA, and fewer concerns to pay the rising costs of government.

In 1918 we found out what it was like to fight a war during a boom. This time we may see what war is like after the profits are taken out.

HILLE VERSE FOR TODAY

SERVING GOD IS PROFITABLE TO US, NOT SLAVERY THAT IS NEVER REWARDED. O Lord, am truly thy servant, the son of thy handmaid, Thou hast loosed my bonds.—Psalm 110:16.

AMERICAN

(From The Christian Science Monitor)
 This sword my father's father bore,
 Balanced to parry, strike, or thrust,
 Its flexing strength outlasted war.
 The steel is bitten now with rust,
 But not the strength wherein I trust.

And this my father's father swore,
 By cleavings cut and fenced and plowed,
 Freedom is worth the fighting for
 Where man can face to man unbowed.
 I am his grandson, and as proud,
 —CHARLES MALAM

What some of our American generals need is a good public relations man.

Advice to young bloods: don't try to drive with one arm; it's safer to park.

With blackouts and bombing raids in the offing, growers should advertise that celery is good for the nerves.

France didn't do much celebrating this year on Bastille Day, and well bet the people missed the fun.

The Fort Myers News Press seems to be concerned lest in his drive on Moscow Hitler is getting there "steppe by steppe."

Be sure of your facts before repeating them. Every rumor-monger is a potential fifth columnist.

Practically every newspaper editor in Florida is warning his readers to beware of sunburn but the sun keeps fighting on burning just the same.

German Urges United States to Enter War—headline. Not a German Nazi, but we'll bet there are many Germans who feel that way about it.

We confidently believe Mayor III, Ed Higgins, Willie Williams, et al are going to get that airport for Sanford if they have to build it themselves.

The Ocean Banner reminds us that although the Sino-Japanese war has been under way for four years, it has not actually been declared yet.

If Hitler heard Churchill's fighting speech Monday, he may be thinking that the next time British youth say they'll never fight again for King or country, they're only fooling.

It is said to have suffered 50,000 casualties since the start of the war. And now they are sending an expeditionary force to Russia to see if they can't lose some more.

There seems to be considerable doubt as to whether there is enough oil in the Ukraine to make up for what the Germans are burning up in their Russian conquests.

Prosecutors have charged that President Roosevelt is planning to remain in the fourth term in 1944. But the people wish to know if they don't want him.

Margaret and Dorothy Beach are having a party. They are having a lot of fun and are having a lot of fun.

"OLD WINE IN NEW BOTTLES"

WEEKLY NEWS COLUMN
 By JOE HENDRICKS

Over the Labor Building Washington waves the flag of the United States and the pennant of Labor. The flag of course is hoisted first and patriotic Labor is determined that the flag of the United States will always come before its pennant and I am convinced that 95 percent of them are sincere in this and that they are patriotic Americans. I am also firmly convinced that 2 percent at least of Labor organizations are composed of radicals who would go to any length to prevent this country siding Britain in her fight against the totalitarian states, as evidenced by the things which happened in the Ingleswood, California aviation plant strike.

Therefore, these 2 percent are placing the Labor pennant above the United States flag, and, in fact, they would probably like to see the swastika hoisted above the flag. This they will never do. The day before this writing the House of Representatives had before it for consideration a bill to prevent the subversive elements in Labor from slowing up the Defense Program and lending "aid and comfort to the enemy." These provisions were stricken from the bill by a big majority. This I cannot understand. The bill contained in section 9 (1) the following language: "It shall be unlawful to prevent or to attempt to prevent, by force or violence or BY THREATS THEREOF, ANY PERSON FROM ACCEPTING OR CONTINUING AN EMPLOYMENT PLANT, OR FROM ENTERING OR LEAVING ANY DEFENSE PLANT IN THE COURSE OF SUCH EMPLOYMENT." I would certainly dread to go before my constituents and ask that they reject me after having voted against the quoted provision of the act. I have been a friend of organized labor and they have been my friends. I have had their endorsement but do not believe that legitimate labor would object to such legislation. In fact, I had very few communications from Labor organizations in the State of Florida objecting to the bill and part of those were from outside of my District. Time only can tell whether my vote for this law was correct. But I must say that I did not hesitate to vote to revise the Neutrality Act. I did not hesitate to vote for the Conscription Bill which sent young men to Army Camps with pay beginning at \$31 per month many of them being taken out of parental employment to serve their country. I did not hesitate to vote for the Land Lease Bill which I thought was for the defense of this country and which placed a burden of \$2,500,000,000 of loans upon the people of this country who are patriotic. And therefore I did not hesitate to vote for the act which I thought was aimed at the recent subversive element in the Labor organizations of this country. Further these men voted to pass the bill on Friday last. I think I at least must give them credit for coming to their convictions as I must.

me credit. I hope that those who voted to kill the bill will not some day see the flag of the United States hauled down and the flag of another country hoisted in our country and hear some dictator proclaim the words that General Petain proclaimed when the flag of France was hauled down. In sounding the requiem for lost France, Marshall Petain said: "Our spirit of sacrifice was stronger than our spirit of sacrifice. We wanted to have more than we wanted to give. We tried to spare effort, and met disaster."

FIFTY HOUSES — The Banana River Air Base, which started out as a "small portion of the Southeastern Air Base at Jacksonville, is beginning to assume some magnitude. Already there has been more than a million dollars spent there and there is a million and four hundred some thousand to be spent this year. There is more coming and recently President Roosevelt has announced that because of the increased personnel at the Banana River Air Base he has authorized the Navy Department to construct 50 houses for the personnel there. There are other things coming for Banana River and I am delighted to see this progressive and beautiful county developing by leaps and bounds.

"HATCHET" ACT — I note from the Florida papers that three men from Orlando Beach were cleared of charges that they violated the Hatch Act during the Spring primaries last year. This is pleasing to me. Not that I want anyone to violate the Act or not that I want anyone to see pressure on government employees, and least of all WPA workers who are only getting enough for sustenance. But no doubt in this case the men who were indicted had merely expressed their choices or asked some friend who was employed on the WPA to vote for a friend of theirs. I do not know the names of those indicted. Nevertheless I am delighted to see those on whom they were supposed to have brought pressure. But when the time comes that a man cannot express his choice or urge someone to vote for his candidate in a free election in this country, the election is no longer free and we have no freedom of speech. I have always maintained that the Hatch Act, while having a good purpose, was a violation of the Constitutional rights of the people of this country and I am glad Judge Strum has agreed with me in this case.

CITRUS NUTRITIONAL SPRAY

ARCADIA, July 16 (Special) — More nutritional spraying of citrus has been done throughout early Spring and summer than ever before in the history of Florida citrus, reports County Agent E. H. Vance. Results of the early spraying already are being noted in the shape of more and more crop well along with yields. The additional interest was brought about by a trip to the Citrus Experiment Station in Lake Alfred last winter.

Washington, July 16 — (Special) — Far-reaching price control legislation, which may be put a ceiling on rents in some areas, as well as on food, clothing and other things throughout the nation, is being given immediate consideration by the War Relocation Authority.

WHAT OUTFIT BUDDY?
 THIRTY-SIXTH DIVISION

A 36 in World War days, the Panther division is today based at Camp Bowie, near Fort Worth, Texas.

In August of 1917, the Thirty-sixth division began to develop into a fighting unit from national guardmen of Oklahoma and Texas. In October, 1918, the division was dispatched to France.

The division served in the Champagne sector during the offensive there, October 6 to 23. In all it spent 23 days in active sectors and none in quiet. It advanced 21 kilometers against the enemy, captured 240 men, nine artillery pieces, and 294 machine guns.

The insignia is a cobalt blue arrowhead with a khaki superimposed, all on a khaki disc. The arrowhead represents the union of Oklahoma and Texas in arms.

Cool Reception For Peace Ideas Planned

WASHINGTON, July 16 — (AP) — Apparently preparing a cool reception for a spectacular peace offer expected at any moment from Adolf Hitler, President Roosevelt asserted yesterday that persons in Europe or the Far East were planting peace ideas among well-meaning Americans.

The President's remarks, made at a press conference, were a follow-up to a speech in which Mayor La Guardia of New York said Monday that Hitler's peace proposals, if accepted, would "put control of the world into the hands of an irresponsible fanatic."

The President said that almost every week some well-meaning person rushes to Washington with word that people abroad have told them it would be a perfectly good thing if peace could be worked out.

Price Control Laws Under Consideration

WASHINGTON, July 16 — (AP) — Far-reaching price control legislation, which may be put a ceiling on rents in some areas, as well as on food, clothing and other things throughout the nation, is being given immediate consideration by the War Relocation Authority.

10 Cases Listed On City Court's Regular Docket

Others Are Heard By Judge At Special Session On Friday

Ten cases, constituting one of the smallest dockets in recent weeks, appeared before Municipal Judge Frank L. Miller at the regular session of Municipal Court Monday afternoon at the Police Station.

Three of the charges were were as follows:

William H. Rogers, charged against white persons. They with driving while drunk, had his case continued. D. W. Byrd, charged with disorderly conduct, estreated a \$5 bond. Elton Jowers, accused of drunkenness, estreated a bond of \$10.

Charges against negroes included:

Eunice Everly, charged with disorderly conduct, had her case dismissed. Gus Johnson, charged with disorderly conduct, was given a suspended sentence of 30 days. Zennie Lou Smith, charged with disorderly conduct, was given a suspended sentence of 30 days.

Hand Simpson, charged with blocking the sidewalk, had his case continued. Joe Johnson, charged with disorderly conduct, was found guilty and fined \$10 or 30 days.

At a special session of the court on Friday, the following cases appeared:

Leonard E. Lundy, Jr., white, charged with reckless driving, estreated a bond of \$1. Joe Cronshaw, charged with running a red light, was found guilty and fined \$3 or 10 days.

Charges against negroes were as follows:

R. W. Wiggins, charged with reckless driving, was convicted and fined \$10 or 30 days. Ida Smith, charged with assault, was dismissed. Ida Smith, docketed on another charge of assault, was found guilty and fined \$15 or 45 days. Levi Knight, charged with being drunk and disorderly, was found guilty and fined \$10 or 30 days. Pierce Cooper, charged with gambling, estreated a \$5 bond. Bert Adams, charged with gambling, estreated a \$5 bond. Paying old fines were J. B. Clements, George Barnes and William H. Rogers.

Talmadge Fires More Educators

ATLANTA, July 16. — (AP) — Governor Talmadge, engaged in a shakeup of educators in the state university system, Tuesday issued a statement linking the president of the University of Georgia and two newspaper editors with the Julius Rosenwald fund.

A few hours earlier he announced that his newly reorganized board of regents had "dismissed" in an executive session, two university system employees on the grounds they were associated with the Rosenwald Fund — the same fate that Monday overtook two other state educators.

Mrs. Crumley Named Chairman of Circle

Mrs. B. B. Crumley was appointed to serve as chairman of Circle Four of the Women's Society of Christian Service of the Methodist Church at the meeting of the circle on Monday afternoon to fill the vacancy caused by the departure of Mrs. Arthur Phillips, who recently moved to Monticello to make her home.

The meeting was held in the church annex with Mrs. A. K. Shoemaker and Mrs. J. Charles Griffith as hostesses. The circle voted to present Mrs. Phillips with a gift of remembrance.

Mrs. Shoemaker presented the devotional, continuing from last month her theme of "Prayer" and Mrs. Griffith taught the Bible Study. Following a routine business discussion the hostesses served refreshments.

Those present were: Mrs. W. K. Hill, Mrs. J. B. P. Smith, Mrs. M. J. Holt, Mrs. M. V. Hitting, Mrs. Carl Williams, Mrs. J. R. Hoelcher, Mrs. L. C. Smith, Jr., Miss Beula Zachary, Miss Leola Evans, Mrs. Shoemaker and Mrs. Griffith.

Youngsters Enjoy Picnic And Swim

Evansdale Park was the scene yesterday afternoon of a picnic which was enjoyed by a group of youngsters and their mothers. Swimming and games were participated in and the supper served from the long tables on the grounds.

Those enjoying the outing were: James Miller, Janice Reel, Margaret Moore, Joan Moore, Marty Cameron of St. Petersburg, Wynne McCoy, Bibb Moseley, Thomas Russell, Larry Reel, Floyd Dossay and Jackie Miller.

Also, Mrs. Henry Russell, Mrs. Allen Mowley, Mrs. J. M. Cameron, Mrs. Earl Dossay, Mrs. L. E. Reel, Mrs. John Miller, Mrs. Milton Moore and Miss Carol Jean Nix.

Woman's Club Gives Party At Clubhouse

The second in the series of bridge parties being given by the Women's Club during the summer months was held yesterday afternoon. These parties are sponsored by the club in order to maintain the upkeep of the club so that it may be kept open during the summer for the use of the Red Cross.

Quadrilles of colorful floral decorations for the party and the refreshments were served with which punch was served with cookies throughout the afternoon.

In addition to bridge games, Chinese checkers and rummy were also featured. High score in the checkers games was Mrs. Carl E. Williams and rummy was won by Mrs. C. E. Jewett. The rummy contest was won by Mrs. John Matich, Sr. and Mrs. A. M. Phillips.

Hostesses for the afternoon were Mrs. W. K. Hill, Campbell Hill, Mrs. J. B. P. Smith and Mrs. M. J. Holt. The party will be given in the club on the afternoon of July 23. The public has been extended a cordial invitation to attend.

Committee Approves Tick Deer Slaughter

WASHINGTON, July 16—(AP)—The Senate Indian affairs committee approved legislation Tuesday to permit the slaughter of deer on Seminole Indian lands in Florida.

It acted at the urging of Florida game officials and other persons by representatives of the federal agriculture department that the deer-killing campaign was an essential part of the program to eradicate the tick which only Senate People the bill would prohibit any further interference on Indian land with the eradication campaign of State and federal agriculture departments.

APPROVES LEGISLATION

WASHINGTON, July 16—(AP)—President Roosevelt Tuesday approved legislation giving the Maritime Commission power to control the movement of merchant vessels in the event of national emergency.

TARPON PROVISION

WASHINGTON, July 16—(Special)—The Senate Tuesday approved legislation giving the Fish and Wildlife Commission power to control the movement of tarpon fish in the event of national emergency.

Florida Station Develops Resistant Napier Grass Line

GAINESVILLE, July 16—(Special)—The Florida Experiment Station has developed a strain of napier grass resistant to cyespot disease, giving Florida farmers an excellent forage crop.

Napier grass was introduced to Florida about 1915, and had attained some prominence as a forage crop by a decade ago. Its small canes grew to heights of seven to 15 feet, and fields of napier grass can be grazed at intervals or the grass can be cut and fed green. It also makes silage which compares favorably with that from sorghum.

In 1934 and 1935 a field of napier which had been used in fertilizer test work on the Experiment Station farm was killed by a disease known as cyespot. By the Spring of 1936 only 12 vigorous plants were growing in the field.

W. F. Stokes and E. F. Ritchey, of the station's agronomy staff, removed the 12 plants and planted cutting from each one in separate rows, with diseased plants in separate rows. Later the plants were collected at random from the disease-free and progeny from 11 of the 12 plants were not injured, remaining healthy.

In 1937 plantings were made of 1,000 resistant plants and 1,000 susceptible plants collected at random from napier grass plants growing wild in the Everglades. Best strains have been selected since that time and the Station now has a resistant strain which it recommends for general planting.

Mr. Stokes says that the Experiment Station is not in position to harvest and ship grass for planting, but that a few cases are available for interested farmers who can come to Gainesville and do their own harvesting. The canes will be ready between the middle of July and the first part of August.

Mr. Stokes says that the Experiment Station is not in position to harvest and ship grass for planting, but that a few cases are available for interested farmers who can come to Gainesville and do their own harvesting. The canes will be ready between the middle of July and the first part of August.

Applicants Will Be Examined For Board

TALLAHASSEE, July 16.—(AP)—The State cabinet set up a five-member committee, headed by Juvenile Judge Walter S. Criswell of Jacksonville, to examine applicants for membership on the new Florida Parole Commission.

Other members of the examining committee are Vernon Hawthorne, Miami; Mrs. Paul Boyner, St. Petersburg; W. A. McRae, Jr., Gainesville; and E. Dixie Bege, Pensacola.

The cabinet requested Judge Criswell to call a meeting of the committee for next Tuesday in Tallahassee, when the type and scope of the proposed examinations will be discussed.

Reich Named In Espionage Plot

NEW YORK, July 16.—(AP)—The German Reich was named Tuesday as a co-conspirator in an espionage indictment against 33 persons rounded up last month in the nation's biggest spy hunt.

The indictment, returned in federal court in Brooklyn, said "The defendants conspired with each other and with the government of the German Reich and with others."

The 33, including three women, seized by the Federal Bureau of Investigation, were accused of conspiring to send information to a foreign power, but two were additionally accused in a second count of acting as agents for another government without having registered with the State Department.

Willkie Says More Production Needed

NEW YORK, July 16.—(AP)—Wendell Willkie said last night that "we need greater output to a high level of production, and the first step toward accomplishing this is a voluntary, harmonious adjustment of our industrial relations."

"It is incredible that in America beyonds should be used to solve problems that need only wise cooperative effort," he said in a preparedness address broadcast over the NBC blue network under the auspices of the American labor committee to aid British labor.

More R.A.F. Fliers Reach This Country

MONTEGOMERY, Ala., July 16.—(AP)—A second contingent of 80 Royal Air Force trainees have arrived on American soil, but military authorities had not revealed Tuesday when or where they landed.

The southeast air corps training center, said the Britons would be assigned to elementary schools including one at Arcadia, Fla.

NOMINATION CONFIRMED

WASHINGTON, July 16.—(AP)—The Senate confirmed Tuesday the nomination of United States district attorney George Earl Hoffman, northern district of Florida.

SHOW AAA GARDENS

GAINESVILLE, July 16.—(Special)—Seven families to the number of 24, 24 in 11 states provided themselves with better diets by growing their own produce under the new AAA farm program, according to reports received here from the United States Department of Agriculture.

The best pictures of children show them absorbed in play. Photographs show boys of Bayville, N. Y., passed the day in a care-free manner, not by giving her young money, but by giving her a good time. A true winner in Popular Photography, 1941, the photograph of a boy and girl was selected as the "Best of the Year" in the August issue of the magazine. The photograph was taken with a 2 1/2 x 3 1/2 Super 8 camera. The exposure was 1/100th of a second at f/11 on Agfa Superpan film.
