

Clark Orders Probe Of Lobbying By Jury

WASHINGTON, Jan. 14, (AP)—Attorney General Clark today ordered a federal grand jury investigation of lobbying in the District of Columbia.

That law requires that persons attempting to influence legislation must register with Congress and file a statement showing who is paying them.

Arabs Attack 4 Jewish Villages With Machineguns

Snipers' Guns Bark Constantly In The Tel Aviv, Jaffa Area

JERUSALEM, Jan. 14 (AP)—Arabs attacked four Jewish settlements in the area between Jerusalem and Hebron today, Jewish sources reported, and tension mounted with reports from Syria that Middle East Arabs have set Feb. 15 as D-Day for military sweep against Zionism.

Snipers' guns barked constantly in Jerusalem and in the area of all-Jewish Tel Aviv and all-Arab Jaffa. Jaffa is thronged with Syrians, Iraqi and Trans-Jordanians awaiting orders to move against Tel Aviv.

Unofficial but reliable sources said three columns of Arabs attacked Ain Taurin, near Hebron, with grenades and automatic weapons. Jewish reports said the Arabs also attacked the neighboring collective villages of Cikh Bazan, Masouth and Jibah, and Kfar Etzion. They said the first band of attackers was comprised of 15 men, the second, about 30. A third band struck from the direction of Jerusalem, the reports said.

On the Bethlehem-Hebron road a motor car of the Iraqi consulate was attacked and the driver and the driver's wife were reported injured. The consul himself was not in the car. Police quoted one of the pair as saying some of the attackers were "in what appeared to be army uniforms. Jewish sources expressed belief the car was mistaken by Arabs for a Jewish-owned vehicle.

Later in the same area Jews blew up a two-story house suspected being used as an Arab snipers' nest, Jewish sources said.

A high government authority said the Palestine government declared Jerusalem's old city area an "open city," and that negotiations were "nearing a successful conclusion." The area is sacred to all three religions.

Hazana, the Jewish militia, posted up leaflets in Jerusalem Arab quarters warning that if the Arabs did not lift their siege of 1500 Jews within the ancient walled city, "We will be

Thomas D. Bailey of Tampa, for 24 years a Florida schoolman, today became a candidate for State Superintendent of Schools.

Luther Lee Parker, defendant in a divorce case, was ordered to appear in person (or by attorney) in the Circuit Court of Seminole County, Florida on or before the 14th day of February, 1948, to answer a Bill of Complaint filed herein against you, same being a suit for divorce, otherwise a Decree Pro Confesso will be entered against you for failure to appear, plea or answer as required by law.

Royall Declares Draft Measure Is Aid Bill Alternate

Army Secretary Says If Plan Isn't Ok'd, Army And Budget Needs To Increase

WASHINGTON, Jan. 15 (AP)—Secretary of the Army Royall told Senators today that the alternative to a European Recovery Plan may be drafting men for military service.

Royall made the statement to the Senate Foreign Relations Committee today in response to questions from Chairman Vandenberg (R-Mich.) and Senator Lodge (R-Mass.).

The Army secretary testified yesterday that unless the recovery plan is accepted, the Army and its budget will have to be "measurably and immediately" increased.

Asked how this can be accomplished, Royall said either through an increase in voluntary enlistments, which he said is doubtful, or "some method of selective service."

If we assume that voluntary enlistments have not produced as many men as necessary, that leaves only the draft, Lodge commented.

Royall replied that this is correct.

In other words, Lodge said, we have the alternative of the European Recovery Plan, or "else going back to the draft."

Royall said this is the "logical conclusion" unless some way can be found through an increased compensation or some other means.

Secretary of Defense Forrestal, meanwhile, told the House Foreign Affairs Committee the objective of the recovery program "is the prevention of war" and should not be construed as a military aid bill.

Damage To Florida Citrus Is Said To Be Inconsequential

LAKELAND, Jan. 15 (AP)—Damage to Florida's million dollar citrus crop from today's freezing temperatures was "inconsequential," Meteorologist Warren O. Johnson of the State-Federal Frost Warning Service reported.

Johnson said, because the air was dry. For that reason early reports indicate that vegetable growers along the lower East coast and the lush Lake Okechobee region apparently came through with little damage to their tender truck crops.

The forecast said lowest temperatures in colder locations would come tomorrow morning about 25 below zero.

Taft Says Truman Is Not Economy Minded

PROVIDENCE, R. I., Jan. 15 (AP)—Asserting that President Truman "has no interest in economy," Senator Robert A. Taft, (R-Ohio), declared today he believes the \$30,600,000,000 Truman budget can be cut "in nearly every item."

"I have never heard the President mention economy," Senator Taft said in an interview shortly after his arrival for a speech at a Republican mass meeting tonight.

The Senator, who admitted he was looking for Rhode Island support in his bid for the Presidential nomination, said he believes about a billion dollars can be lopped off the budget for execution of the Marshall Plan and that the appropriation for European aid should run between four and five billion. He added he did not see much room for cutting defense appropriations.

Taft said that combatting Communism was a major issue confronting the American people and defended the anti-Communist activities of the Thomas Un-American Activities Committee.

JOINS FIRM
Betsy N. McGinnis, former student at Stetson University, has joined the W. E. Williams Realty Co. as office manager and manager of the new mortgage and loan service. She is married to the former Betsy J. Burks of Kentucky, lives at present in DeLand and intends to move here as soon as possible.

The firm is now in position to make long term mortgages and loans including G. I. loans, said Mr. Williams.

Rent Control Extension Is Under Survey

Administrator Woods Will Be First Witness; Harriman And Myers To Be Called

WASHINGTON, Jan. 15 (AP)—Senate Committee hearings on legislation to extend rent controls, now due to expire Feb. 29, will begin Saturday.

Senator Cain (R-Wash.), chairman of a banking subcommittee on rents, today announced plans for the hearings. He said rent Administrator Tigue, Woods will be among the first day's witnesses.

Extension of these controls is called for in one section of President Truman's 10-point cost-of-living program. It is one of the points he appears to have the best chance of getting from Congress although there is opposition.

It has not drawn the fire, however that has been leveled at the President's request for price-wage controls. Sharp opposition to that cropped out in Democratic ranks today with Senator Burchard (D-S.C.) asserting that "all this talk about rationing and price control is only serving to frighten people and will do more harm than good."

Cain told a news conference that other witnesses scheduled to appear Saturday include Secretary of Commerce Harriman and Senator Myers (D-Cal.), sponsor of a rent control bill.

Cain said that in accepting (Continued on Page Three)

Accident Victims Awarded \$10,000 Each In Damages

Norman J. Atkinson and his wife, Mrs. Elsie Atkinson, were each awarded \$10,000 in damages yesterday in Circuit Court by J. B. Dickerson, construction company of Lakeland to obtain damages to compensate for severe injuries received on July 10 when the automobile driven north on Highway 17 one mile south of Sanford by Mr. Atkinson, collided with the tractor of a truck driven by Cecil L. Sharouse and belonging to the construction firm.

It was alleged by the plaintiffs that due to the carelessness or negligence of the defendant, the tractor of the oncoming truck had swung or jacked into their path, causing the collision.

In the action, Mr. Atkinson, who was represented by G. W. Spencer, asked for \$25,000 damages for injuries which he said, included a fractured sternum, or breastbone which he maintained, might interfere permanently with his breathing. Mrs. Atkinson, also represented by Mr. Spencer, asked for \$50,000 damages for injuries which she said included a fractured right femur, a severe blow on the head that impaired vision and chest injuries that impaired breathing. Both plaintiffs testified in court.

The defendant was represented by the firm of Akerman, Dial and Akerman and by George A. Speer. Leo Butler was foreman of the jury. Other jurors were R. W. Conroy, E. D. Decker, E. H. Randall, Jr., W. A. Hinder and Raymond McGill.

Circuit Court recessed until Friday morning at 10:00 o'clock at which time a \$50,000 suit for damages by Mrs. B. M. Maxwell against Richard Maxwell against James R. Hoolahan as the result of injuries received by Mrs. Maxwell when struck on March 17 by an automobile driven by Mr. Hoolahan, will be taken up.

President May Order Fuel Oil Conserved

WASHINGTON, Jan. 15 (AP)—President Truman probably will issue an order today or tomorrow directing rigorous conservation of fuel oil and gasoline by all government agencies, Max W. Ball, director of the Interior Department's oil and gas division, said today.

Ball said the petroleum shortage confronting the nation is "more serious" than just an emergency of this winter and may continue four or five years.

His remarks were made to state fuel coordinators, government officials and oil industry representatives seeking an effort to ease fuel shortages in Eastern and Mid-Western states.

Gasoline shortages next summer may hinder harvests in the Midwest area, Ball said. He said the industry may not be able to make petroleum products abundant before 1953 or 1954.

U. S. African Air Base Fits Strategy Plan

Field Is Calculated To Increase Ability Of Air Force To Operate Route

WASHINGTON, Jan. 15 (AP)—The reopening of a wartime American air field in North Africa fits into a strategy of expanding American strength in the turbulent Mediterranean area where Greece, Palestine and Trieste are local spots for trouble.

The field, Mellaha airport, near Tripoli, is calculated to increase substantially the ability of the Air Force to operate the North African ferry route to the Middle East and keep American supplies and key personnel moving in and out of the troubled areas.

Beyond that, however, the move shaped-up as the latest in a series symbolizing the intention of the United States to make good its commitments and to protect its interests in that part of the world which probably is getting more official attention here than any other.

The trend of developing policy was disclosed in a state department report last night on the status of the North African air field since the war ended.

Two years ago, said press officer Michael J. McDermott, the State Department began negotiations with the British for military rights at Mellaha. British administrators the former Italian colony of Libya, where the field is situated.

In June last year, the Army decided to close down the Air Transport Command facilities, as the whole question was dropped.

Then, in November, the Army decided to reactivate the North African ferry route. McDermott (Continued on Page Three)

Progress Reported By Atlantic Bank At Annual Meet

New loans totalling 1,542 and aggregating over one million dollars have been made by the Atlantic Bank during 1947.

J. L. Ingles reported to stockholders of the bank at the annual meeting today at which he also revealed satisfactory progress during the year with substantial additions to surplus, undivided profits and reserve accounts.

More than 10 percent of the new loans were handled through the personal loan department for individuals.

A substantial increase in deposits in the past five years was also noted by Mr. Ingles, as follows:

Date	Loans	Deposits
12-31-47	\$428,141.00	\$4,294,113.00
12-31-46	\$812,048.00	\$6,030,851.00

Improvements to the banking quarters, including acquisition of the bookkeeping machines which absorb 60 percent of the noise, as well as modern heating and air conditioning units, were reported by Mr. Ingles who also revealed that the Bond Department (Continued on Page Three)

\$208,000,000, Florida Flood Control Plan Is Being Studied

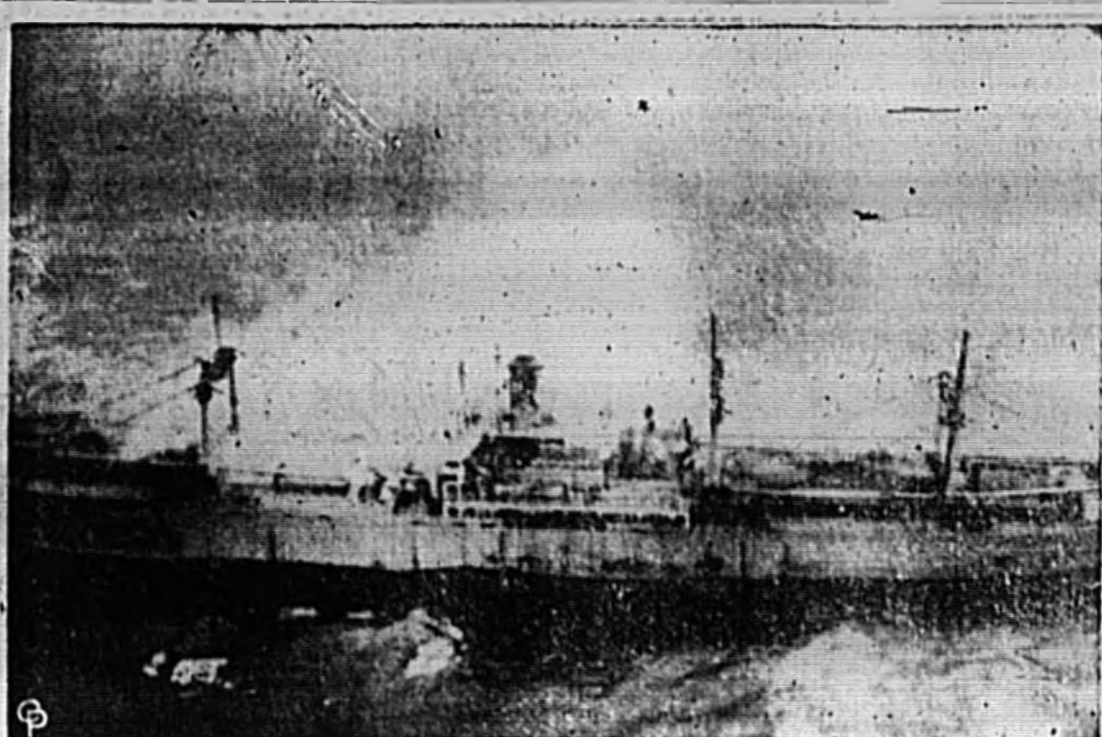

OKEECHOBEE, Jan. 15 (AP)—Details of the proposed \$208,000,000 Florida Flood Control Program were being studied today as plans went forward for local participation by the 21 counties affected.

The master plan was outlined by Oscar G. Rawls of the U. S. Corps of Engineers' Jacksonville office at a meeting here yesterday after which the flood control committee of Florida and the area water control committee merged into one group headed by Orlo F. Bronson of Kissimmee.

Bronson will appoint a committee to confer with Gov. Millard F. Caldwell on plans to raise local participation funds.

Additional outlet capacity for Lake Okechobee is proposed but no large reservoirs are planned in the Kissimmee and upper St. Johns River basins, Rawls said in explaining details of the proposed program.

As Fire Began To Sweep Army Funeral Ship

SMOKE CAN BE SEEN billowing from the U. S. Army's funeral ship, Joseph V. Connelly, after it had been abandoned by its crew of 16, some 900 miles off New York, headed for Antwerp, with a cargo of coffins for American war dead, fire broke out in the ship's engine room during a heavy gale and hail storm. The crew took to lifeboats and were rescued after being buffeted about on high seas for nine hours. (International)

British Planes, Tanks Stop Arab Jewish Fighting

RAF Spitfires Make Dummy Runs Over Area, Then Leave

JERUSALEM, Jan. 15 (AP)—A plane which British military officials said they believed was Jewish-piloted fired on an RAF Spitfire in the mountain area south of Jerusalem, where Jews and Arabs had been locked in a bloody 24-hour battle.

The battle had raged in the vicinity of Helwan where Arabs estimated to number 400 surrounded four Jewish settlements. A Jewish agency spokesman said "fighting stopped when the military moved in." The British Army, confirming this, reported the army quit.

The army said tanks and self-propelled guns had arrived to patrol the section. Royal Air Force Spitfires made dummy runs over the craggy hills at daybreak but withdrew after an hour.

The Jew-spokesman said 100 Arabs and two Jews were slain and a half dozen Jews wounded. But police estimated casualties at about 50, and the company of Jewish, Arab and police sources said that 20 Arabs and 30 Jews had died.

The attackers were believed to be "recruits" from Syria and Iraq. Jewish sources said most of the attackers wore uniforms and steel helmets. Damascus dispatches (Continued on Page Three)

De Bary Estate Becomes One Of State's Largest Home Projects

The transition of the famous 3400-acre De Bary Plantation on Lake Monroe, at Orange City, Volusia County, into one of Florida's largest developments and home building projects was announced today by Frederic L. Spore, president of Plantation Estates, Inc., 500 Fifth Avenue, New York City.

One of the last of Florida's old time plantations, this great estate with the romance and history of a hundred years ago. Two model homes have been built and FHA applications are being prepared for 20 year rental cottages in price bracket of \$500 to \$700.

Several miles of roads have been installed, a deep water dock for pleasure cruisers is being built on Lake Monroe, community beaches are being made on Lake Monroe and an extensive smaller lakes within the confines of this plantation.

The 20 room De Bary Mansion is being remodelled into a Community Club House. Ten guest cottages and outbuildings will be altered into modern cottages. The huge electrically operated water plant with its auxiliary windmill, built by De Bary, has sufficient capacity to supply several hundred homes.

For many years the plantation of Count Frederic de Bary a native of Belgium, the North and South American agent for Mumma's Extra Dry Champagne, was one of the show places of the South. Presidents and Royalty, the great and near great of this country were often and wined there for 20 years, starting in 1870 before the Civil War.

Among these famous guests (Continued on Page Three)

Carl Williams To Run For Sheriff In Next Primary

C. C. Carl Williams, former deputy sheriff and police officer today announced his candidacy for the office of Sheriff of Seminole County and following P. A. Mero, incumbent, is the second to enter the race.

He was born on a farm near Jasper, Ala. in 1901 and came to Sanford in 1923 and during the following year began five years of service as a police officer, entering in 1929 to enter private business. He became a deputy sheriff in 1937 and served in this capacity until 1947. He has served as branch manager for the Orange State Oil Company for the past two years.

Mr. Williams lives with his family on the Orlando highway five miles south of Sanford. The family includes his wife, a son in college and a daughter in high school.

"I have always had the highest regard for my fellow officers," he declared in announcing his candidacy, "have enjoyed their respect and will endeavor to maintain it."

CITY PERMITS
The American Oil Company, of which John Krider is local distributor has obtained a City permit to erect a 26 by 27 foot steel warehouse and four oil tanks of 17,740 gallons capacity each.

The McCarty Store recently received a permit to build an elevator shaft at a cost of \$1,600.

Home building in Sanford has started at a fair pace since Jan. 1. Among recent City permits are the following: E. G. Campbell, to erect a three bedroom dwelling on Tenth Street near Myrtle at estimated cost of \$5,000. C. T. Jones to alter barbershop on West Thirteenth Street at a cost of \$2,000; C. A. Taylor to put an apartment over his garage at 401 Palmtoe Avenue; Wilbur Lee Dunwoody, colored, to erect a concrete block home at Thirteenth Place for \$2,000.

Three Supreme Justices Walk Out On Ruling

Issue Involves Negro Property Owners Barred From Living In White Areas

WASHINGTON, Jan. 15 (AP)—Three Supreme Court justices today disapproved themselves from taking part in the court's consideration of challenges of property agreements which bar colored people from living in white neighborhoods.

Justices Rutledge, Reed, and Jackson left their places on the bench when cases involving the issue were called for argument. None gave a reason. There are no court rules on disqualification, each judge making his own decision whether there are reasons, such as past appearance as an attorney in a similar case, why he feels he should not sit in judgment.

These three justices, disqualification of themselves left the court a bare quorum of six justices and made possible an evenly divided vote on the final decision.

By historic precedent, equally divided decisions uphold the rulings of lower courts. If this should happen in the present case, it would mean the Supreme Court's upholding state and federal court rulings that property agreements barring colored people are valid and enforceable by court orders.

The withdrawal of the three judges left Chief Justice Vinson and Associate Justices Murphy, Frankfurter, Black, Douglas and Burton to decide a legal controversy which began 20 years ago. The remaining justices faced a court room packed with lawyers (Continued on Page Three)

Henry Walcott Nite To Be Observed At Legion Hut, Jan. 19

A delegation from Campbell-Lewis Post 22 of the American Legion will accompany Comdr. James Ringelstony tonight in Okechobee to invite all members of Okechobee Memorial Post to attend Henry Walcott nite at 7:00 o'clock, Monday evening, at the Legion Hut, Okechobee, post address, Okechobee, Florida.

Mr. Walcott, who resigned in mid-1945 as commander of the local post, is invited to affiliate with the recently organized Okechobee Post, which is headed by a past commander's pin, which is usually presented at expiration of a commander's term. He was the first World War II veteran to become commander of the post.

The club has been opened with a past commander's pin, which is usually presented at expiration of a commander's term. He was the first World War II veteran to become commander of the post.

Increase Is Noted In Auto Tag Sales

An increase of 500 vehicle license plates over those issued last year at this time was today reported by John G. Galloway, county tax collector. More than 4,500 tags have been issued, he said.

There was a rush of applicants to secure tags today on this, the last day of grace allowed by Governor Millard Caldwell to drive a car or truck with a 1947 license. The rush of last minute applicants has been going on all week, said Mr. Galloway.

The increase in tags issued indicates an increase in population of the County and in vehicles owned, he said.

More than 3,000 plain auto tags have been issued, 300 or more B-facts for small cars, 330 W-facts for large cars and about 1,500 trucks.

Proclamation

WHEREAS, this week has been designated as the National Junior Chamber of Commerce Week by the National Organization and, WHEREAS, the Seminole County Junior Chamber of Commerce was organized in December, 1945 and has become a leading force in the civic affairs of Sanford and Seminole County, I, Robert A. Williams, Mayor of the City of Sanford, do hereby declare and proclaim this week as National Junior Chamber of Commerce Week in the City of Sanford.

1st Robert A. Williams, Mayor

BIBLE VERSE FOR TODAY

BUT STEAM IS A VAPOR AND IN A BOILER IT MOVES GREAT SHIPS. LET YOUR LIFE BE INSPIRED AND DIRECTED—James 4:14.

President Truman calls for a 10 percent increase in agricultural production during the next ten years...

General Graham, the President's personal physician, turns out to have made a \$6,165 profit speculating in grains...

The City of Bradenton has just voted to employ a special property appraiser for the purpose of reassessing property values...

Southern governors meeting in Nashville, Tenn., are considering regional cooperation in taking over the Meharry Medical College...

An excellent suggestion as well as a timely warning comes from John Krider who reminds us that between 600 and 1,000 young men will soon be attending the various baseball training camps...

The limits to which some people will go in trying to avoid honest work is well demonstrated by the 60 year old "dirt rat" who is digging a 90-foot hole in the middle of one of Green Cove Springs' business streets...

Penal Aims

Citizens may well ask what is the purpose behind prison sentences. A dangerous habitual criminal is locked up as a safety measure...

But with first offenders, particularly with youth who get into trouble because of one indiscreet exploit, society's obligation both to itself and to the condemned man only starts as the man enters confinement.

It is expensive to keep men in prison. But it is still more expensive to keep letting them in, letting them out, arresting them for new crimes, trying them again, locking them up again and letting them out again ad infinitum.

Wise effort at rehabilitation will be found less costly from every point of view in the long run. This effort should be directed first of all to train young men so that life can have some meaning for them...

King Of Horses

The king is dead, long live the king! Man O'War was the undisputed king of horses till his recent death at 32. Does any horse have any claim to his title?

A newspaper poll sought to answer this question, limiting the poll to horses in the Bluegrass country of Kentucky. They had some impressive possibilities to choose from: War Admiral, Man O'War's distinguished son; Gallant Fox, Whirlaway and Count Fleet among them.

"Mr. Bigtail" deserves this honor. Not only did he gain in 1941 the so-called triple crown by winning the Derby, the Preakness and the Belmont; but he broke all records for money-winning, making \$561,101 in three racing seasons.

Public Enemy No. 4

When a prominent business man underwent a complete physical examination recently, he was happy to hear his doctor report that he was in excellent condition and had no cause for worry about sickness.

In little more than a half hour he was in the hospital again. This time carried in on a stretcher, his body twisted in agonizing pain and with gashes on his face and head.

While driving home, the man had exceeded safe driving speeds and had failed to make a sharp curve in the road. Though for years he had been extremely careful about his health, he had neglected the importance of one of the four great causes for death — accidents.

Until every individual takes a sane attitude toward accidents and respects the forces which are combatting them, he or she can expect to die — perhaps agonizingly — or to see the life of someone in his or her family or circle of friends needlessly snuffed out.

Krug To Freeze Items If Power Is Granted

WASHINGTON, Jan. 15. (AP)—Secretary of Interior Krug said today that if Congress grants stand-by price control power he immediately will order a 60-day "freeze" of retail and wholesale prices for coal, fuel oil, gasoline and all other petroleum products.

Schmeling Plans To Challenge For Title

HAMBURG, Germany, Jan. 15. (AP)—The aging Max Schmeling, 42, plans to challenge for the German heavyweight crown and as a preliminary to a title bout has signed to fight Walter Neusel 35, "within the next few weeks."

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, Jan. 15. (AP)—Those were brilliant days, warm and full of hope, in San Francisco in the spring of 1945.

Germany had surrendered. Japan was falling. And this country and its allies were meeting in San Francisco to create the United Nations. They did.

That veto, they knew, meant any one of the big nations could block all the others when it felt like it and make a joke of the U. N.

Nevertheless, here at last UN was coming to life and where there was life there was hope, and that was something.

They called what they did a charter. And right at the start the charter said why they were setting up UN.

"We the people of the United Nations, determined to save succeeding generations from the scourge of war, which twice in our existing lifetime has brought untold sorrow to mankind, have resolved to combine our efforts to accomplish these aims."

"To achieve international cooperation in solving international problems..."

But that was three years ago and since then something has gone wrong because last night a report was issued here.

"Survival in the air age—a report by the President's Air Policy Commission..."

"Even the most optimistic view of the record and prospects of the United Nations does not assure us that the United Nations will develop in time the necessary authority and power to prevent another great war."

The President's commission was made up of five men, civilians, who President Truman appointed last July for this reason:

"To look into this country's aviation problems and suggest ways in which we could grow strong in the air, commercially, and what we should do, if anything, to protect ourselves with a strong military air force."

"The provisions of the United Nations charter for the reduction and regulation of armaments have not been fulfilled, and unilateral disarmament by the United States is out of the question."

"We'll have to depend upon our Air Forces to defend us if war breaks out—and we need a stronger Air Force than we have now. We should start building it up right away."

Any successful attack on the United States any time soon isn't likely. But some time—in the future—a crashing atomic attack on us through the air is possible.

Well, then, when is an atomic attack on us through the air possible? The commission said we should be prepared against such an atomic attack by 1953.

It didn't say we would be attacked by them. But it said we should be prepared by then. The commission said:

"Great wars usually happen after the nations have recovered from their wounds and a new generation has forgotten the horror of the previous battles."

But 1953? Do we have to start building now an Air Force that may be needed to protect us by that deadline of 1953?

"There is no doubt about it," the commission said.

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

It's going on ten years now since I sat with an aged Greek amid the ruins of Delphi, looking up the silver slopes of Mount Parnassus, while we discussed the ancient glories of his country—the "Cradle of Liberty."

We consulted the Oracle, too, and received comforting personal messages. However, while the rumblings of the coming Hitlerian war were beginning to be heard in the Balkans, the mystic voice from the cavern of the earth gave us no inkling that within a decade Greece would be fighting for her very life against an aggressive Communism which was yet to develop into a world menace.

Who, indeed, could foresee then that Red guerrilla forces today would be attacking loyal troops on Mount Parnassus? Who could foresee that Greece's neighbors—Albania, Yugoslavia and Bulgaria—would be transformed into Bolshevik satellites of Moscow and be supporting the Red revolt against the Athens government?

Who could have foreseen then that Bolshevism would have become such a menace to free men as was demonstrated two days in the Bulgarian parliament when Communist Premier Dimitrov hurled a horrible threat against nine Socialist deputies who had dared to criticize the government's budget.

Speaking directly to them, he reminded them of the execution of Nikola Petkov, the agrarian leader, who was convicted of plotting against the state and was hanged, despite vigorous protests by the United States and Britain.

ESSAY WINNER ST. AUGUSTINE, Jan. 15. (AP)—First prize in an essay contest sponsored by the St. Augustine Historical Society was won by Herbert A. Doherty, Jr., of Gainesville. David R. Dunham, president of the society and a member of the judging committee, said yesterday.

Social Calendar

THURSDAY
The American Home Department of the Sanford Woman's Club will meet at 8:00 P. M. at the club house. The annual election of officers will be held. The program will be based on "Child Psychology" by Mrs. James Dougherty as guest speaker.

MONDAY
The Dependable Class of the First Methodist Church will meet at the home of Mrs. C. L. Wallis, 1507 Elliott Avenue with Miss Nell Williams as co-hostess. A "market basket" sale will be held following the business session.

The W.M.U. of the First Baptist Church will hold its program meeting at 3:30 P. M. with Circle Five in charge. Mrs. John Miller, program chairman, directing. The topic will be "50 years in Royal Service". The Sunbeams will also meet at the church at 3:30 P. M.

WEDNESDAY
The Civic Department of the Sanford Woman's Club will hold an annual hospital benefit bridge and Chinese checker party at 2:30 P. M. to be preceded by election of officers at 2:00 P. M. Reservations may be made with Mrs. George Stine, Mrs. W. D. Hofmann, Mrs. Fletcher Bolls, Mrs. Clyde Terwilliger of Mrs. A. E. Shiholser.

The monthly luncheon meeting of the Sanford Women's Golf Association will be held at 12:00 o'clock at the Seminole Country Club. Members are asked to make reservations with Mrs. George Thurston before Monday night.

Civic Department To Have Benefit Bridge

The Civic Department of the Sanford Woman's Club will hold its annual hospital benefit party at 2:30 P. M. at the club house on Wednesday, Jan. 21. The party will be preceded by a business meeting at 2:00 P. M. for members of the department who will elect officers for the new year. At 2:30 games of bridge and Chinese checkers will be enjoyed and visitors are cordially invited to attend. Admission to the party will be a donation to the hospital fund. Reservations may be made with Mrs. George Stine, Mrs. W. D. Hofmann, Mrs. Fletcher Bolls, Mrs. Clyde Terwilliger and Mrs. A. E. Shiholser.

Allied Youth Post Formed In Sanford

About 65 teen-age girls and boys attended the chartering ceremonies of Allied Youth Post 356 held on Friday at the Seminole High School. The service was conducted by Katie Echols of Orlando. The following declaration was repeated by the members present: "I believe in the platform of Allied Youth; we stand for liberation through education of individual and society, from handicaps of beverage alcohol. I desire my purpose to establish my personal freedom through voluntary total abstinence."

Officers elected at the organizational meeting are president, Mona Ruth Mills; vice president, Mildred Turner; secretary, treasurer, Betty Duncan; historians, Jean Yarn and sponsor, Roger Harris. Meetings will be held twice a month during school hours.

In the chartering ceremonies Miss Echols presented each officer with a symbol of his office. In her talk she stated that the Allied Youth is both an organization and an ideal standard way of living by keeping physically, mentally, morally fit to make the most of any opportunities which may arise. In future meetings the members plan to direct their study to the alcohol problem and the ways in which it affects youth.

Miss Echols asserted that the organization is non-political and is not affiliated with any religion. Financial support will come entirely from contributions. She said that the group is neither a reform movement or a crusade and will confine its work to education among teen-agers. In closing she stated that in studies at Yale University it has been found that two out of three alcoholics begin drinking at high school age and that at this age sympathetic help and sound advice are needed.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Harvey H. Hale announced today the birth of a son, George David, on Jan. 9 at the Fernhill Lighthouse Memorial Hospital. Mrs. Hale will be remembered as the former Margaret Murphy.

Social Department Elects Officers

Election of officers was held by the Social Department of the Sanford Woman's Club yesterday afternoon preceding a dessert-bridge and Chinese checker party given at 1:30 o'clock at the club house. Artistic arrangements of "Brazilian pepper" were used in the large club room. Hostesses for the occasion were Mrs. Roy Tillis, Mrs. A. D. Johnson, Mrs. O. M. Burns and Mrs. O. M. Harrison.

Mrs. S. D. Highleyman spoke to the group on the hospital benefit party to be given by the Civic Department on Jan. 21 at 2:00 P. M.

New officers elected for the coming year were Mrs. Harrison, chairman; Mrs. E. A. Londonberg, vice chairman; Mrs. Highleyman, secretary; Mrs. H. W. Goodspeed, program chair; Mrs. H. A. Moreland, membership chairman and Mrs. Howard Montiegh, finance chairman.

Following election of officers eight tables of bridge were enjoyed and one of Chinese checker. After scores were added high prize for bridge was awarded to Mrs. Harrison, high prize for checkers to Mrs. B. R. Beck and serene was won by Mrs. Bacot Ellerbe.

Mrs. Chase Speaks At St. Monica Meet

Mrs. Randall Chase was the guest speaker for the monthly meeting of St. Monica Chapter of Woman's Auxiliary of the Holy Cross Episcopal Church held on Tuesday night at the home of Mrs. Clyde Terwilliger, Jr. at 129 West Sixteenth Street. Mrs. G. D. Bishop, Jr. served as co-hostess for the meeting.

The short business session was presided over by Mrs. F. A. Dyson who called attention to the parish dinner to be held tonight at the Parish House. She requested the members to attend the meeting of the Woman's Auxiliary on Monday afternoon at 3:00 P. M. also at the Parish House. Mrs. Simpson of Mt. Dora will speak to the organization on "Christian Marriage".

Mrs. Chase was then introduced and had as the subject for her talk "God in Society". Late in the evening a sweet course was served by the hostesses to Mrs. Chase, Mrs. Dyson, Mrs. Ava Davis, Mrs. Ruth Carlton, Mrs. Richard Brown, Mrs. Wallace Phillips, Mrs. Alfred Stanley, Mrs. W. E. Eridle, Mrs. Gordon Bradley, Mrs. J. J. West, Mrs. Raymond Lundquist, Mrs. Jack MacDonald, Mrs. Lauren Johnson, Mrs. Ted Williams, Miss Barbara Ruprecht, Miss Elizabeth Dyson, Miss Carl Stone and the hostesses, Mrs. Terwilliger and Mrs. Bishop.

Casselberry News

By Audrey R. Casselberry

Mr. and Mrs. James H. Phillips had as their guests over the weekend Mrs. Phillips' sister and brother-in-law, Mr. and Mrs. W. L. Todd and their son, Bill and daughter, Mary Susan, of New Smyrna Beach.

Mr. and Mrs. James H. Phillips entertained at home and Mrs. Hib Casselberry, Jr. at a waffle dinner last Sunday evening at their home on Lake Triplet Drive in Casselberry.

Mrs. Flossie Weaver has recently returned to her home in Indianapolis, Indiana. Her son, Mrs. O. E. Weaver drove here home and then he stayed for a few days to visit relatives.

Mrs. Gordon Lisk is giving a stork shower for her daughter, Mrs. Annabelle Dalrymple, Mrs. Annabelle Dalrymple.

Mr. and Mrs. Andrew Brooks, Major and Mrs. Barney Clary and Mr. and Mrs. Hib Casselberry, Jr. all of Casselberry attended the dance at the Coliseum last Saturday evening to hear Johnny Long's orchestra. After the dance Mr. and Mrs. Brooks entertained the group at their home.

Recent guests of Mr. and Mrs. O. E. Weaver were Mr. and Mrs. Buren Cunningham of St. Petersburg.

Mrs. R. C. Weaver and her son, Stephen of Perry Lake spent the day, visiting her sister-in-law, Mrs. Bill Williams of Casselberry.

Mr. and Mrs. C. C. Hudson of Interlachen are here visiting with Mr. and Mrs. James H. Phillips, of Casselberry.

Personals

Friends will regret to learn that Mrs. B. B. Crumley is confined to her home on Silver Lake because of illness.

Friends will be interested to learn that Mr. and Mrs. F. H. Anderson are now residing in their new home on Park Avenue.

Mr. and Mrs. C. L. Redding and daughter, Harriett, have returned to Sanford after spending the past several days in Jacksonville.

Friends of Mrs. W. E. McWhorter, Jr. will be glad to learn that she is able to be out after having been confined to her home because of illness.

Mr. and Mrs. Ernest DeGrasso have arrived from Woburn, Mass. to spend about three months with Mr. and Mrs. G. R. Rouse at 601 Park Avenue.

Mr. and Mrs. Paul E. Thorp of Ashaway, R. I. have left after spending a week in Sanford as guests of their daughter, Mrs. Jerry Lord.

Mrs. George Dangleman and son, Gary, arrived last night from Providence, R. I. to spend some time with Mrs. Dangleman's parents, Mr. and Mrs. S. F. Doudney.

Miss Pearl Robson returned yesterday from West Palm Beach where she was the guest of Mr. and Mrs. Jack Robson and Hollywood where she spent some time as the guest of Mr. and Mrs. Claude Robson.

Mrs. Myers Presides Over Class Meeting

Mrs. Fred Myers presided over the monthly meeting of the Women's Bible Class of the First Baptist Church held on Tuesday night at the church annex. A social hour followed the business meeting. Those present were Mrs. R. C. Moore, Mrs. J. T. Newby, Mrs. Volie Williams, Mrs. A. B. Lovejoy, Mrs. C. D. Forrester, Mrs. J. M. Wilson, Mrs. Pearl Hansell and Mrs. F. E. Bolz.

Also Mrs. J. L. Jackson, Mrs. R. L. Garrison, Mrs. J. T. Denton, Mrs. W. A. Cagle, Mrs. W. C. Jumbley, Mrs. A. J. Peterson, Mrs. R. R. Pipping, Mrs. V. G. Hasty, Mrs. M. N. Cleveland, Mrs. E. B. Carter, Mrs. A. C. Madden, Mrs. R. F. Cooper, Mrs. R. C. Wiley, Mrs. R. L. Dann, Mrs. T. C. Pitchford and Mrs. Myers.

Hibiscus Circle Has Regular Meet

Mrs. Grady Duncan and Mrs. Herbert Moreland were appointed as a nominating committee for new officers at the January meeting of the Hibiscus Circle of the Sanford Garden Club held at the home of Mrs. James Rowland, 911 Magnolia Avenue.

Plans were made for planting a tree at the West Side Primary School on Arbor Day. The guest speaker for the day was Mrs. Seth Woodruff who had as the subject for her talk, "Propagation of Plants by Layering."

Those attending were Mrs. R. F. Moulie, Mrs. James Gut, Mrs. W. C. Satcher, Mrs. Duncan, Mrs. R. L. Dann, Mrs. Moreland, Mrs. Charles Morrison and Mrs. John Ludwig.

Episcopalians Will Have Parish Supper

The annual Parish supper and business meeting will be held tonight at 7:00 P. M. at the Parish House of Holy Cross Episcopal Church. Father Mark T. Carpenter announced this morning that four new vestrymen will be elected to fill the places of T. W. Jones, senior warden, John L. Galloway and R. A. Newnam.

Hadassah Group Has Luncheon Meeting

The Sanford Chapter of Hadassah held its monthly business and luncheon meeting on Tuesday at Temple Beth Israel. Hostesses for the luncheon were Mrs. James Toll, Mrs. William Toll and Mrs. Joe Moss. Mrs. L. Munson and Mrs. Phil Kessler took part in the opening ceremonies and Mrs. J. L. Lustig was welcomed to the group as a new member.

Announcement was made that Rev. John Stanley Grauel, a volunteer crew member of the Exodus, is in Florida and will speak at the Tourist Center in the near future. The president, Mrs. Frank Shames, read a summary of the year's work which will be included in the National Hadassah bulletin.

During the business meeting the group voted to donate books of current interest to the public library. Reports were heard from the various officers and chairmen. Wednesday of each week was designated for the knitting and sewing of Palestine supplies and also for study groups.

Mrs. Manuel Jacobson, program chairman, told of the plans for programs for next month which has been selected to highlight American affairs in the study of current national and international events. In the absence of Mrs. Maximilian Sheppard of Longwood, Jewish National Fund chairman, Mrs. Kessler read an article on the rebuilding of the desert area of Negev which told of the forest to be planted there by Hadassah and named the United Nations Forest.

Mrs. Herman Jacobson conducted a quiz on the activities of the Jewish National Fund group. Those attending the meeting were Mrs. Herman Jacobson, Mrs. William Toll, Mrs. Michael Ginson, Mrs. James Toll, Mrs. Joe Moss, Mrs. Frank Shames, Mrs. Morris Moses, Mrs. Phil Kessler, Mrs. Fred Stine, Mrs. J. Shames, Mrs. Dave Levy, Mrs. Manuel Jacobson, Mrs. J. Fleischer, Mrs. L. Munson, Mrs. J. L. Lustig, Mrs. Lee Samuels, Mrs. C. Kanner, and guests Mrs. Gray of Scranton, Penn. and Mrs. Cliff Ingram.

Circle No. 3 Met At Church Annex

The monthly meeting of Circle No. 3 of the First Baptist Church was held on Monday afternoon at the church annex with hostesses being Mrs. Lula Miller and Mrs. C. A. Anderson, Jr. Mrs. H. E. Turner, chairman, urged members to attend the revival services to be conducted at the church Jan. 18 through Jan. 25. Those present were Mrs. H. M. Pearce, Mrs. S. C. Graham, Mrs. J. R. Ashley, Mrs. Mary Hall, Mrs. Arthur Williams, Mrs. E. S. Rockey, Mrs. R. C. Moore, Mrs. H. L. Turner, Mrs. Miller, Mrs. Anderson, Mrs. W. H. Elliott, Mrs. L. A. Phillips, and a visitor, Mrs. L. S. Wilkins.

Stenstrom Re-named As Service Officer

Commander James Young of the Disabled American Veterans organization announced at a meeting held recently at the Legion Hut that Douglas Stenstrom has been re-appointed as service officer of Seminole County Chapter No. 3 of the group. Mr. Stenstrom was commended by the chapter for his service to the veterans of Seminole County during the past year.

Retiring Commander Sam Martina presided over the installation of the chapter's newly-elected officers for 1948.

Reports were made by members on cases of hardship in the county in connection with disabled veterans and their families. A committee, headed by Gwynn McCrum, was appointed to investigate the distribution of Victory Medals in this area. Ralph L. Peters was introduced as a guest.

CUB SCOUT MEET.

A program planning meeting has been called for the Cub Scouts at the Methodist Church annex tomorrow night at 7:30 o'clock. All ten mothers are requested to be present.

Freezing

(Continued from Page One)
found in cabbage and celery and it appears that the lettuce crop is ruined. Very little frost was reported.

The only mitigating circumstance in the opinion of growers this morning was that the freeze followed rainy weather, which they said was more favorable to plants than in the cold had followed a dry spell. Only 16 cars of celery were shipped from Florida yesterday, according to Ralph G. Rison

of the Federal-State Market News Service. On Tuesday only 20 Florida cars were shipped. The cold will continue to interfere with celery cutting, he said, as some crews will not want to work, and those that do will seek to get near fires at frequent intervals.

County Agent C. R. Dawson, who has returned from a conference of county agents at Winter Haven, expressed the opinion that tender leaf crops will be nipped beyond recall, but that notwithstanding possible immediate damage, celery would be benefitted in the long run from a price standpoint, due to elimination of competing crops. The cold certainly will kill a lot of bugs that prey on vegetable plants, he declared.

Mr. Dawson reported that at the conference it was the general opinion that Florida citrus growers are "in a fix" because of the market condition. California oranges have also dropped in price, he stated. He quoted Dr. A. P. Camp of the Citrus Experiment Station at Lake Alfred as advising citrus growers who intend to use less fertilizer to cut the poundage, but not to eliminate vital ingredients of fertilizer such as potash and phosphate.

Barr Umpire School Opens

Classes Are Started At Municipal Airport With Nearly 100 Men Present

By ARTHUR BECKWITH, JR., Herald Sports Editor
The George Barr school for umpires opened at the Municipal Airport today with nearly 100 men attending the first sessions in which several of the city and civic officials participated.

Mayor Robert Williams welcomed the men to the city and wished them success in their work. E. M. Armitage represented the Chamber of Commerce. Others present for the opening class included L. V. McLaughlin, Joel Field, Rev. Douglas Charles, Frank Shames, Father William Nashrah and others.

Professor Barr introduced his staff of instructors to the students. The instructors included W. E. Mohr, umpire in chief of the Kansas-Oklahoma-Missouri League; Johnny Ruskin of the Colonial League; E. C. Terry of the Georgia-Alabama League and Bill Brockwell of the Georgia-Florida League.

Bar stated in an interview yesterday that he had already received a number of inquiries concerning placement of men, and that he has jobs for about 40 men without sending out any correspondence to any of the league presidents in an attempt to secure positions for his students.

The balding arbiter stated that he will have "many more applications for men than I will be able to fill if they keep coming in the way they have in the past few days."

Thirteen leagues have written requesting men. Among the circuits asking about umpires are Appalachian League, Big State League, West Texas-New Mexico and Lone Star League, Evangeline League, Longhorn League, Boone State League, Georgia-Florida League, P. O. N. Y. League, Carolina League, Central Association, Ohio State League, Georgia-Alabama League and the Florida International League.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

Data and Balls
We think that everyone loves football, basketball, track, swimming and all of the other sports that make up the year's annual sports parade, but when it is all boiled down we believe that the majority of us like to see the baseball season roll around better than anything else.

It may seem a little odd to start beating the bushes about the coming baseball season, but if you sit down and think about this thing a little you will find that the old ball and ball program is nearly upon us, the training schedules and the like.

Several of the clubs in the Florida State League are beginning to line up players and have a few notes that may be of interest to the fans of Seminole County.

The Daytona Beach Bats, who were hurried in the mire of the 1947 FSL cellar, have renamed Grover Hartley as business manager of their ball club. Last year Hartley managed the team, as well as handled the business end of the club. Hartley has already set out to make connections for the team, and may be successful in securing the needed players to take his ball club out of the doldrums of the State League cup.

The Rochester Red Wings of the International League are slated to pitch their spring training in the City Island Park in Daytona Beach. Manager Cedric Durr of the Red Wings has called his team to report on March 8 and will remain until April 7. The Columbus Ohio Red Birds are also slated to report to the Daytona Beach site. Columbus is an entry in the American Association. Both Columbus and Rochester are Triple A farm clubs of the St. Louis Cardinal chain of clubs. It has also been reported that several other minor league Cardinal farm clubs may report to the Daytona park. Columbus, Ga. Cardinals of the Sally League may also go to Daytona.

Deland reports that a Florida International League club is going to take a "look" at Hal Stewart. The Red Hots have purchased a bus from the Florida Motor Lines for their baseball bus. The players will be assured of more comfortable seats on their long trips in the new bus.

Tony Vega, 1947 Red Hat skipper, reports that Juan Perez is the best pitcher in the winter league down in Puerto Rico. He also states that he has an outstanding catcher and a left handed pitcher lined up for the '48 team.

Bill Fuchs, '46 Red Hat skipper, is interested in buying a franchise in the Florida State circuit if the league is expanded to ten teams.

Gruber Says He Has No Word On Status As Boss For Feds In 1948

By Arthur Beckwith, Jr., Herald Sports Editor
Hal Gruber, New York Giant executive who is in charge of completing the work on the baseball fields, quarters and clubhouse for the New York farm club training camp at the Municipal Airport, stated this morning that he has received no information from Carl Hubbell, chief of the Giants farm system, regarding his appointment as manager of the Sanford Celery Fed entry in the 1948 Florida State League.

"All I know is that I have been sent here to do a job at the airport, and I will continue in this capacity until I get additional orders from Mr. Hubbell," Gruber stated.

John S. Schwarz, assistant director of the Giant farm system, reported yesterday that no manager has been selected for the local club, and that the information concerning a Celery Fed skipper would come from Hubbell.

When asked if he thought that he would remain in Sanford for the baseball season Gruber replied, "I do not have the slightest idea. I will have to wait orders from Carl Hubbell before I make any other plans."

Johnny Lujack Is Named Male Athlete Of Year By Scribes

NEW YORK, Jan. 15 (AP)—Johnny Lujack, Notre Dame's All-America quarterback, today was named male athlete of the year for 1947 in the annual Associated Press year-end poll.

The 22-year-old star, winner of the Heisman Memorial Trophy and named the standout player of the Jan. 1 East-West shrine game at San Francisco, drew almost twice as many first place votes from the nation's sports editors as his nearest competitor.

Fifteen thought Lujack was the No. 1 man and eight voted for runner-up Jack Kramer and eight for Joe DiMaggio, on a point basis, with five for first. Lujack piled up 116 points to 78 for Kramer, the national tennis champ, and 49 for DiMaggio, final centerfielder of the World Champion New York Yankees.

Jackie Robinson, Brooklyn's first baseman who was the first negro to play in the big leagues in modern days, drew considerable support, so did Hank Walker, Southern Methodist All-America halfback.

But Lujack was the winner by a comfortable margin on the strength of his play for the undefeated, united Fighting Irish. Honored as a fit successor for such great Notre Dame quarterbacks as Harry Stuhldreher, Fran Carlen and Angelo Harrell, the modest unassuming senior capped his collegiate career with a brilliancy at San Francisco on New Year's day.

Lujack, 180-pound six-footer from Connelleville, Pa., said he would play pro football next fall after he has graduated from Notre Dame but he has not decided between the Chicago Bears of the National League and the Chicago Rockets of the All-America Conference.

The Notre Dame passing star succeeds another football player, Glenn Davis, who won the award last year while rounding out his brilliant career with the Army. DiMaggio was the only previous winner who drew any votes, Joe Louis, the runner-up in 1946, being completely overlooked after his fight with Jersey Joe Walcott.

Baseball dominated the first 10 although a football ace was the winner. DiMaggio was third, Robinson finished fourth, Ted Williams of the Boston Red Sox was fifth, Ewell Blackwell of Cincinnati was eighth and Joe Mauer of the Yankees was ninth. Dock Walker, who finished sixth and Lujack, were the only footballers. Golf was represented by Bobby Locke of South Africa in seventh place and Jimmy Demaret, the No. 10 man.

GOLF TOURNEY

TAMPA, Jan. 15 (AP)—About 80 women golfers, including many of the nation's best, fired their opening drives today on the chilly Palma Ceia course in the \$3,000 72-hole women's open golf tournament which winds up Sunday.

Daily Double Pays \$1454 At Seminole Track

The highest daily double award of the current racing meeting at the Sanford-Orlando Kennel Club was paid last night when the 4-3 combination was good for \$1,454. The winning dogs were Town Ship in the first half and Jonella in the closing half. The previous top doubles mark for the season was \$712.80.

Town Ship closed at 10 to 1 while Jonella went to post at 13 to 1.

Six races on tonight's card of 10 events will be run from the five-sixteenths of a mile box while the remaining four contests will start from the futility box. The Kennel Club is located Orlando on Highway No. 17.

First Race—Futility
Tobky Herlow, Vernon Kopsky spread, Jack Sherwood, Deland Lullie, Tommie, Maida Torrey, Hubert Matory.

Second Race—Futility

Thermometers In Florida Hit 20's, Expected To Be There Again Tonite

By ASSOCIATED PRESS
Thermometers in Florida went down into the 20's last night for the first time in almost a year and they're expected to be down there again tonight.

It was too early in the day to assess damage to citrus and vegetable crops but Meteorologist Warren O. Johnson of the Federal State Frost Warning Service at Lakeland said last night he didn't expect too much danger to fruit. Biggest threat of the cold spell came in the diminishing fuel supply throughout the state. The shortage of fuel already had brought about closing of Miami and Dade county public and parochial schools and public schools in Palm Beach county.

Other areas were surveying fuel resources with the possibility of additional school closings today and by tomorrow if there is no letup in the cold wave.

Hearing charges by Jacksonville residents that principal fuel oil companies are hoarding fuel, Rep. Emory Price of the Second Congressional District urged the firms asking their "reason for keeping oil off the market."

"I realize that Congress does not have any direct control over these oil companies, Price said, "and if the reports that they are refusing to release oil supplies here (Jacksonville) are true, they are facing the possibility of new rationing directives and price control over their products."

He said hundreds of Jacksonville residents are suffering from lack of fuel oil and public and private school systems are on the verge of closing because of the inability to obtain fuel oil. Jacksonville's Chamber of Commerce also took cognizance of the shortage and appealed to Washington for immediate help in relieving an acute situation.

Tampa, Orlando and Tallahassee were among other principal cities feeling the pinch as heaters rapidly burned up the already meager quantities of kerosene and fuel oil available.

Another scarce item today was

Scholarship Use Urged For Worthy High School Boys

ORLANDO, Jan. 15 (Special)—Use of a little known scholarship for worthy high school boys to the College of Agriculture at the University of Florida is being urged by C. H. McNulty, Chairman of the Agricultural Committee of the Florida Bankers Association. Mr. McNulty, who is also President of the Bank of Melbourne, Melbourne, has addressed a letter to each of the Association's County Advisory Bankers in the state outlining the steps necessary in making these scholarships available.

Mr. McNulty points out that Sections 239, 25-26 of the 1941 Florida Statutes provide that "The of County Commissioners of each county in this state may offer and create one scholarship to the Agricultural Department of the University of Florida at Gainesville. The said scholarship shall be awarded by competitive examination under the rules and regulations prescribed by the Board of County Commissioners and shall entitle the holder thereof to a full course of instruction at the University of Florida and shall subject the holder thereof to the same rules and regulations as other students in the University of Florida.

"These scholarships, which include board and room for a four-year period," Mr. McNulty continued, "have a monetary value of approximately \$1800 to \$2400. As long as one boy is successfully pursuing a course of instruction from any given county, additional scholarships cannot be awarded. We are asking our County Advisory Bankers to take the lead in bringing this matter to the attention of the right people and right boy in the various counties. Only a few have been awarded since the law became effective. We are striving for a scholarship to be awarded from each county of the state for the fall term of 1948 because, first, this is a service and recognition to deserving farm boys; and second, it will be another factor in the general improvement of agriculture of the state which is so important to all of us, by the education of another farm or ranch boy."

Mulloy Will Play In St. Pete Meet Today

ST. PETERSBURG, Jan. 15 (AP)—Top-seeded Gardner Mulloy of Miami will see his first action today in the annual West Coast Tennis Tournament. Second-seeded Richard Gonzales of Los Angeles eliminated two opponents yesterday to get the jump on Mulloy. Gonzales ousted Ivey Wilson of St. Petersburg, 6-4, 3-5, 6-2, and Ravis Phillip of Brooksville, 6-2, 6-4. Irving Dorfman of New York City, seeded third, moved into the third round with a win over George Winchell of St. Petersburg, 6-2, 6-3. Ricardo Balbiera, seeded sixth, defeated Dan Dullivan of St. Petersburg, 2-6, 7-5, 6-2.

In the only women's singles match played yesterday, Janet Turville of St. Petersburg won over Betty Washington of Tampa, 6-0, 6-4.

The universe in which the sun exists contains about 100 billion stars.

Americans produced an estimated 300 million pounds of rope and twine in 1947.

WHAT ABOUT MY FUTURE?

Ferris Fain Returns Contract Unsigned

SAN FRANCISCO, Jan. 15 (AP)—Just as Connie Mack won't think he's "gone soft," Ferris Fain has returned unsigned his 1948 Philadelphia Athletic contract although it embraced a salary hike.

Fain, who batted .291 last season as the A's rookie first baseman, explained: "It's tradition you know, to never sign the first one. The boss might figure you've gone soft. Besides maybe I can get more lettuce."

TO TURN PRO

OAKLAND, Calif., Jan. 15 (AP)—Herman Wedemeyer, Hawaiian football star, wants time to think over an offer to play baseball for the Oakland Aconia of the Pacific Coast League. He already is under contract to appear in professional football with the Los Angeles Dons.

Fire Chief Says To Be Hazard Conscious

When it comes to fire prevention and fire protection, "Don't be too late" in '48," Fire Chief Cleveland warned local residents this week, citing the record national fire loss of more than 700 million dollars last year.

Chief Cleveland said reports from the Fire Protection Institute indicated that nearly 90 per cent of last year's 800,000 fires could have been prevented or controlled with minor damage.

"Fire losses here can be kept to a minimum in 1948 if home owners and businessmen will keep two "common sense principles" in mind, the fire fighting executive declared:

"1. Do your best to prevent fire by cleaning out rubbish, checking all electrical installations, and chimneys and by using extreme care in handling matches and cigarettes.

"2. Be prepared to fight by installing and knowing how to use modern, approved fire-extinguish-

ers and other emergency fire fighting equipment."

Procrastination is the "villain" responsible for an appalling number of fire disasters, Chief Cleveland asserted. "It's deceptively easy to put off fire prevention measures. And we too seldom appreciate the need for such items as fire extinguishers until fire breaks out. Procrastination cannot only be costly, it can be fatal. Where safeguarding our

homes and businesses is concerned, "Don't be too late in '48" is a good motto for all of us."

From where I sit... by Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who are the folks who make up our town? Where'd they come from?

"I do your best to prevent fire by cleaning out rubbish, checking all electrical installations, and chimneys and by using extreme care in handling matches and cigarettes."

"2. Be prepared to fight by installing and knowing how to use modern, approved fire-extinguish-

differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

Brand NEW for '48 FORD Bonus Built TRUCKS

Bonus* Built—THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE...and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built... designed and built with extra strength in every vital part. But that's only a part of this great and vital truck engineering principle...

This extra strength provides WORK RESERVES that pay off in two important ways:

- FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!
- SECOND, these same WORK RESERVES permit Ford Trucks to relax on the job... to do their jobs easier, with less strain and less wear. Thus, it's easy to see that Ford Trucks last longer because they work easier!

Yes, Ford Trucks are Bonus Built... built stronger to last longer! They give wider use, longer life! That's why there are more Ford Trucks in use today than any other make!

*BONUS: "Something given in addition to what is usual or strictly due..." Webster's Dictionary.

Only the New Ford Bonus Built Trucks Give You All These Big Advancements!

NEW! 3 NEW ENGINES... UP TO 145 H.P.!
Brand new Six... 2 brand new V-8's! Packed with advancements that give you real Ford economy, solid Ford performance and reliability!

NEW! 2 NEW BIG JOBS... BIGGEST FORD TRUCKS EVER!
Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! Speed transmission! New, heavy-duty brakes, up to 16" x 5" size. They're rugged, they're something!

NEW! MILLION DOLLAR CAB... LIVING ROOM COMFORT!
New coach-type seat. More headroom, legroom, elbowroom! Picture-window visibility. New, exclusive Level Action cab suspension that insulates cab from vibration and frame wear.

NEW! NEW FRAMES, AXLES, BRAKES, STEERING!
These new Ford Trucks for '48 are really new all through... the greatest, most built! See them! Compare them with any other line of trucks.

ONLY FORD TRUCKS ARE Bonus Built FOR WIDER USE, LONGER LIFE!

FORD 1948 Bonus Built TRUCKS 1948

BUILT STRONGER TO LAST LONGER

LIFE INSURANCE EXPERTS PROVE... FORD TRUCKS LAST UP TO 19.6% LONGER!

Marshall Plan Recommended By Bank Head

First Year's Bill Is Called "Tight Fit"; Vandenberg Says We Want Money's Worth

WASHINGTON, Jan. 16 (AP)—The \$6,800,000,000 initial appropriation asked by the Administration for the first 15 months operation of the European recovery program was described by the head of the international Bank today as "not extravagant, but instead a tight fit."

Testifying before the Senate Foreign Relations Committee, the Bank's president, John J. McCloy, said he had reached that conclusion after the proposed spending had been carefully scrutinized by his staff.

Committee Chairman Vandenberg (R-Mich.) said he believes "half the criticism" of the overseas aid program would melt away if arrangements could be made for the United States to "follow our dollars abroad and said we are getting our money's worth."

McCloy recommended that "no fuzzy loan" be made under ERP, citing criticism of the \$3,750,000,000 British loan here and in England.

While McCloy testified to the Foreign Relations committee, Senator Joseph P. Kamp of Illinois, the Assistant Democratic leader, told a women's patriotic conference on a national defense that congressional opponents of the European recovery program "should suffer some slight embarrassment in finding themselves in complete agreement with the Communist Party line."

The Administration found it (Continued on Page Two)

E. E. (Ed) Walker Offers Candidacy In Sheriff's Race

E. E. (Ed) Walker, former deputy sheriff in Marion County, constable and police officer in Sanford and a State investigator for four years, today announced that he is a candidate for sheriff of Seminole County subject to the Democratic primary to be held in May.

A native of Florida, Mr. Walker has lived in the county since 1919, is married and maintains a home in Sanford. Two married sons live here. Another son attends Florida State College in Tallahassee.

Mr. Walker is now engaged as an operator of school buses and in farming. He is a member of the First Baptist Church and of the Elks Lodge.

In announcing his candidacy, Mr. Walker declared that if he is elected as sheriff, he will enforce the law equitably as to all persons and violators as far as the Sheriff's office is concerned.

LIBERALS TO MEET
WASHINGTON, Jan. 16 (AP)—Wilson W. Wyatt, national chairman of Americans for Democratic Action, announced today that the self-styled non-Communist liberal organization will hold its first annual convention Feb. 21, 22 and 23 in Philadelphia.

Program details have not been completed, but Mrs. Eleanor Roosevelt has agreed to serve as chairman of a banquet to be held on the first night of the convention.

Influence Of Gandhi Subjected To Grave Test By Peace Appeal

By G. MILTON KELLY
NEW DELHI, Jan. 16 (AP)—Mohandas K. Gandhi is his spectacular fasting for religious and communal harmony in India has subjected his hold on the people to its greatest test.

Those abroad who have not seen the effects of communal riots and the appalling aftermath of each one find it difficult to understand the unrest among refugees.

The refugees number high in the millions. It has been among their ranks that the opposition to Gandhi's appeal has been the strongest and this is why.

Stripped of much or all their possessions when they fled for life from Pakistan areas of peril, many left behind mutilated bodies of loved ones or saw their women carried away by Mohammedans to be forced into lives of prostitution, offered wives after forced conversion to Islam or, if they were sufficiently unattractive for either purpose, converted and left to shift for themselves as menial servants.

Stories appear in newspapers daily of how these women are being treated when they are being converted to Islam and Indian governments and sent back to their people. Gandhi and Prime Minister Jawaharlal Nehru of India especially contend that forced conversion is no conversion at all and that it is unjust to blame the women for indignities. They contend they should be accepted with honor. They have urged Sikh and Hindu priests to turn their backs on centuries-old tradition and refrain from encouraging the enticement of the women themselves and of their families as well, if they fail to ostracize the women.

The result has been mass conversions for groups of these unfortunate women, as well as for individuals. But the appeal to welcome them and forget what has happened has been only partly successful in many instances.

The women and their relatives have such privileges as bathing (Continued on Page Three)

Lawton Is Again Elected To Head Hospital Group

Deficit Of \$11,758 Is Reported Due To Moving Operations

T. W. Lawton was re-elected president of the Fernald-Laughton Memorial Hospital Association for the 28th time at a meeting of the Association and board of directors held yesterday afternoon at the Court House.

Mrs. E. Courlet, who has served as a member of the executive board since its formation in 1919, was re-elected vice president. Other officers re-elected were O. P. Herndon as auditor, S. F. Doudney as secretary-treasurer and Mrs. R. E. True as recording secretary.

Elected as members of the Executive Committee were Randall Chase, chairman, Mrs. Courlet and Mrs. True, Dr. E. D. Brownlee, Lea R. Lester, A. E. Shindler and H. B. Pope.

At the meeting of the Association, attended by about 25 members, O. P. Herndon reported that accounts were properly kept and in balance, but that there was a deficit at the end of the year of \$11,758.

This deficit, Mr. Lawton explained, was largely due to moving to the new location at the Municipal Airport, to the greater overhead expense due to the larger facilities and to the fact that the staff had to be maintained for 100 percent occupancy. Average bed occupancy was but 67 percent in 1947 as compared with 81 percent in the old hospital in 1946, he reported.

Rules Okeyed For Control Of Spy Work

New Regulations To Curb Subversive Acts Is Signed By Attorney General

WASHINGTON, Jan. 16 (AP)—Attorney General Clark today approved drastic new controls to curb subversive activity by alien visitors to the United States.

Designed to provide much closer surveillance over the activities of such visitors, the new regulations are scheduled to become effective about March 15.

After that time, the ordinary one-year visiting permit now in common use will be abolished, and the visiting privilege limited to three to six months.

Extensions may be obtained, but they will require a showing that a more extended stay is justified.

Department officials said the new rules are aimed solely at the alien who gets in as a visitor and then engages in subversive activity.

Clark acted under the Administrative procedures act in signing the proposed changes in regulations.

These will be published some time next week in the federal register, official government organ, after which a period of 20 days will be allowed for receipt of "written arguments relative to the proposals."

Arguments may be submitted by any "interested person."

Among other things, the authority over extensions of stays and the responsibility for overseeing visitors in the Philadelphia area, now held by the Philadelphia (Continued on Page Two)

Little Damage Is Reported From Cold Weather

LAKELAND, Jan. 16 (AP)—Rolling hills and valleys of the Citrus County Citrus Commission, announced today a meeting would be held here Monday to consider the advisability of imposing an embargo on Florida citrus.

The citrus fruit and vegetable today the mercury began rising over the state. Cross City, scene of the Southland Train wreck, had the lowest reported temperature—21 degrees.

A heavier frost fell over Florida last night and today. Meteorologist Warren O. Johnson of the State-Federal Frost Warning service said early reports indicated "very little damage" to the citrus crop outside of the remaining small part of the tangerine crop which was just about wiped out.

Johnson said there would be some damage in unprotected groves in Lake and Volusia counties, but it would take some days to determine the extent. Groves in the Gainesville-Ocala district also might have suffered some from the cold, he added.

In the Indian River section, Johnson explained, the cold weather "did do some damage." About 75 percent of the fall citrus crop was reported lost in the Fort Pierce area, but that was the remaining part of old plants and there were not many tomatoes remaining to be harvested.

Snyder Sees Truman Veto For Tax Cut

Treasury Head Says Any Reduction Must Be Accompanied By Boosts Elsewhere

WASHINGTON, Jan. 16 (AP)—Secretary of the Treasury Snyder today virtually promised the Republican-controlled Congress that President Truman will veto any attempt to reduce income taxes without boosting other federal revenues.

He laid what looked like an Administration ultimatum before the House Ways and Means Committee, whose GOP majority is bent on passing a tax-cutting measure quickly. It went like this:

"The revenue loss resulting from any tax adjustments should be offset by upward revisions in other taxes. There must be no reduction in aggregate revenue."

Snyder said the President's own plan of a 40 income tax cut for each taxpayer and dependent, matched by a new \$3,200,000,000 bite of corporation profits which exceed a private average, would fit the bill.

But he declared a message by Chairman Knutson (R-Minn.) of the Ways and Means Committee to cut income taxes without making up the loss elsewhere, would wipe out part of this year's budget surplus and create a \$2,000,000,000 deficit in the 1949 fiscal period starting July 1.

Furthermore, Snyder declared, the Knutson bill would cost the government \$6,000,000,000 a year instead of \$5,000,000,000 estimated by the Minnesota.

"The cold facts are," Snyder said, "that unless a economic conditions, budgetary considerations, inflationary pressures and debt management problems require the maintenance of government revenues at present levels."

In his prepared statement as opening witness at the committee's tax hearings Snyder stopped short of calling President Truman's plan the only one the Administration will accept.

But he called it "the fairest and most equitable" and urged Congress to "act promptly" to ease the hardship of price increases on families with low incomes.

He said the Republican-favored Knutson bill would do less for the poorer taxpayers and above all, would require a critical review of government revenue.

Republicans have declared the President's plan "dead as a mackerel."

Snyder blasted at the Knutson bill point by point. He gave the Administration credit for the important parts of that measure as follows:

1. Extension to all states of the community property principle, now effective in only 12 states, whereby married couples obtain lower rates on joint property.

2. A "war of words" against the United States.

"At the moment," he told reporters, "we are losing this war of words."

Auto Workers Ask 25 Cent Wage Boost

"Jail On Wheels" Discloses How Criminals Are Caught, Punished

Parked on First Street in front of the Sanford Atlantic National Bank, the "jail on wheels," designed by former Sheriff J. Edward Slavina of New Haven, Conn. to insure respect for law and to combat juvenile delinquency, attracted much attention in Sanford yesterday.

Presented to visitors were enough crime detecting devices to deter the ambitions of any would-be Dillingers or Jesse Jameses. Especially impressive from the point of crime detection was the electric chair and the description of its use.

The exhibit was made under the sponsorship of the local police department. Police Chief Roy G. Williams, who constantly has to deal with drunks and drunken drivers, was especially interested in the apparatus used for a sobriety test.

Such tests are not compulsory, but declining to take one is a good indication of drunkenness, said Bob Reed, a former deputy sheriff, now managing the exhibit. Sanford is the 17th city in which the "jail on wheels" has been shown, and today Chief Williams invited State principals to encourage pupils to see it.

The latest aids in crime detection were exhibited, including two-way teletype machine, two-way FM radio sets similar to those recently installed at local police headquarters, and fingerprint equipment.

Also included were various pistols of .32 to .45 caliber used by police, sawed-off shotguns and machine guns, hand cuffs, and an iron claw to catch criminals.

A small magnet capable of lifting 35 pounds of metal in three times its weight under water, was shown as a means of finding lost coins or metal under lights. Various new signal flashlights were shown, and there was a display of a dummy in it, a warning to would-be offenders. A collection of police badges was also shown.

Steps were taken today by the Lions Club to provide eye examination and glasses for a few colored brothers after a letter from the State Welfare Bureau directing the attention of the Lions to the need of glasses for the boys was read to the club at its meeting at the Tourist Center by John Ivey.

King Lion W. O. Livingston directed that Clyde Ramsey, chairman of the Lions Aid to the Blind Fund, investigate the matter.

About 12 pairs of glasses have been furnished by the Lions during the year to needy children, said Mr. Ramsey.

Mr. Ivey reported that gum ball machines had been placed throughout the area by the gum company.

The club voted to donate \$5.00 to the Christmas fund for tuberculosis relief.

Bob Thompson, manager of Station WTRR and guest of the club told of the fund raising work of the Lions Club of Sanford, Ga.

MOORE FREIGHT CARS
WASHINGTON, Jan. 16 (AP)—Construction of 10,000 freight cars, a move for at least two years was urged by a Senate Interstate Commerce Subcommittee today to relieve a national shortage.

Completing a year's study in which it heard 165 witnesses from 20 states and compiled a report of 995 pages, the group said such a program is necessary to increase the nation's supply of boxcars and open top cars by 100,000 units each.

RED BROADCASTS
WASHINGTON, Jan. 16 (AP)—Senator Smith (R-NJ) estimated today that Russia is spending \$120,000,000 to \$180,000,000 a year for a "war of words" against the United States.

"At the moment," he told reporters, "we are losing this war of words."

By contrast with the Russian propaganda outlay, Smith said, Congress provided "a meager \$12,000,000" to run the State Department's "Voice of America" international broadcasts and other information activities during the fiscal year ending June 30.

INFLUENZA SPREADING
WASHINGTON, Jan. 16 (AP)—Influenza is striking Americans this winter at a rate higher than normally expected, the United States Public Health Service reported today, "but there are no indications of a widespread epidemic as yet."

Since early August 53,893 cases have been reported, compared with 36,840 for the corresponding period in 1947, a Health Service statistician said. Most of the cases occurred in southern and southwestern states.

Hoover Reveals 8 Percent Feed Ninety Percent

Former President Insists This Credit To Free Enterprise

MIAMI BEACH, Jan. 16 (AP)—Former President Herbert Hoover today said "it is a remarkable commentary on the free enterprise system that the United States and three other democratic countries containing only 8 percent of the world's population and supplying 90 percent of the food moving in world commerce."

Hoover, in an interview, named the other countries as Canada, Australia and Argentina.

Hoover made the observation as he prepared to sail from Miami Beach on the yacht "Wind-swept" for the Florida Keys where he will spend about three weeks fishing. He visited the Keys several times while in the White House and has been fishing in South Florida waters for two decades.

Hoover disclosed he is working on a report to the Senate Foreign Relations Committee on the Marshall Plan which he said he will mail within the next few days. Asked if he still thought as he did a year ago that (Continued on Page Two)

Wallace May Drive Truman Off Ballot

CHICAGO, Jan. 16 (AP)—A leader of the Progressive Citizens of America said today that Henry A. Wallace, third party candidate for President, would "cause the Democrats to discard Harry Truman within the next few months" as their prospective presidential nominee.

Robert W. Kenney of Los Angeles, national PCA chairman, said in a news conference that Wallace over Truman within the next few months will wake up the Democrats and make them take heed.

C. B. Baldwin, New York, PCA executive vice-chairman, agreed with Kenney's prediction at a news conference prior to Wallace's address and expected PCA endorsement at the PCA's two-day national convention opening here tomorrow.

Wallace "expects" to be on the ballot next November in all 48 states, Baldwin said, and any possibility that Wallace and Mr. Truman may patch up their differences is "remote."

COSTLY SNOWFALL
NEW YORK, Jan. 16 (AP)—New York City's 22 1/2 inch snowfall Dec. 26 has cost \$255,000 an inch to remove so far and there is still plenty remaining.

The Board of Estimate said snow removal costs for the one storm have reached \$6,500,000—a record amount for storm cleanup.

THREE INDICTED
NEW YORK, Jan. 16 (AP)—Three men were indicted today in the alleged forging of a will of Miss Mathilde Malabar, who died last June leaving an estate estimated at \$500,000, when Fred Leach, 65, an underwriter, Fred Drusel, 65, an underwriter and the apartment house where a Miss Malabar lived; and Bernardine Madsen, 36, a lawyer.

DISTRESSED FREIGHTER
NORFOLK, Va., Jan. 16 (AP)—The Coast Guard cutter Mendota, racing through heavy seas to intercept the distressed American freighter Adria Victory, reported today she expected to reach the vessel at 6 P. M. about 450 miles due east of Charleston, S. C.

Listing so badly from a cargo shift that her starboard weather deck railing was "riding in the sea," the freighter reported last night her 65-man crew had moved 500 tons of cargo from starboard to port to correct the list and that she was "just holding on."

FISH CHIEF
WASHINGTON, Jan. 16 (AP)—The Fish and Wildlife Service announced today the appointment of Jesse F. Thompson, former regional supervisor of law enforcement in the Minneapolis region, as chief of the division of game management.

RED ARRESTED
WASHINGTON, Jan. 16 (AP)—The Justice Department announced the arrest for deportation of Alexander Bittelman of New York, a national committeeman for the Communist Party in the United States.

The department said Bittelman is a Russian alien and it is alleged that he "delivers in, advocates and teaches" the violent overthrow of the United States government.

HAIFA SHOOTINGS
JERUSALEM, Jan. 16 (AP)—Bombings and shootings scoured the port city of Haifa today as Arab-Jewish fighting throughout the Holy Land brought death to at least 20 persons.

Jewish bombs at Haifa blasted Arab buses and homes; the Jews believed shelled Arab snipers. The Arabs replied with shootings and stabbings in the streets.

Boyle Announces

Senator Lloyd F. Boyle who formally announced his candidacy today for re-election to the State Senate from the 37th senatorial district, Senator Boyle is completing his first term in office.

Senator L. F. Boyle Offers Candidacy For Re-Election

Senator Lloyd Boyle of Sanford today announced his candidacy for re-election to the 37th senatorial district embracing the counties of Brevard and Seminole. He has represented the district in two sessions of the Legislature since he was first elected to a four-year term in 1944.

In offering his candidacy Mr. Boyle issued the following announcement:

"I wish to announce to my good friends in Brevard and Seminole Counties, that I have qualified as a candidate for re-election to the Democratic primary to be held in May.

"During the past three years I have served the District to the very best of my ability. This has required the devotion of long hours to my duties as Senator, at home and at Tallahassee.

"I have carried out every pledge I have made in the past to my fellow citizens and have been faithful to their trust. It is my hope that my actions as Senator will have the approval of the people of my district and that they will consider that I have earned a vote of confidence.

"I renew my pledge to continue in the future, as I have in the past, fearlessly, conscientiously, and to the best of my ability, to labor for the best interests of my district, and my State."

In the last session of the Legislature Senator Boyle was a member of the following important committees: Judiciary "B", of which he was chairman, and Citrus Fruits, Constitutional Amendments, Drainage and Water Conservation, Finance and Taxation, Privileges and Elections, Public Roads and Highways, Public Utilities, Rules and Calendar, Transportation and Traffic.

Senator Boyle Will Attend Road Meeting

Senator Lloyd F. Boyle is planning to leave Sunday to attend a meeting of the State Road Department in Tampa on Monday where he will represent the interests of his district in the preparation of the 1948 budget.

Senator Boyle stated that he is particularly desirous at this time of having funds included in the budget for the construction of the bridge and causeway on Highway No. 46 at Lake Jessup.

DREWY WILL ACCEPT
ALBANY, N. Y., Jan. 16 (AP)—Governor Thomas E. Dewey will accept the Republican presidential nomination if it is offered him at the Philadelphia National Convention next June.

James C. Hagerly, executive assistant to the governor, said in a statement "I am informed that a group of Governor Dewey's friends in Oregon have entered his name in the preferential primary in that state."

CIO Union Will Also Ask Other Benefits Amounting To Five Cents Per Hour

DETROIT, Jan. 16 (AP)—The CIO United Auto Workers announced today they would seek a wage increase of 25 cents an hour and an additional five cents for other benefits in forthcoming negotiations with the motor car industry.

The demands, approved by the union's 22-man executive board, are aimed at obtaining a third round of cost-of-living adjustments since the war.

Also included are demands for a guaranteed weekly wage and a three weeks vacation for workers with five years' seniority.

A 25 cent wage increase would boost average pay for the auto workers to roughly \$1.75 an hour.

The additional five cents an hour would cover hospitalization, health, medical and surgical insurance.

"A 25 cent wage increase is necessary," the board's statement said, "to restore the buying power of auto workers' wages to the level attained in June, 1946, the last month of effective price control."

The board said it used the Federal Bureau of Labor Statistics consumer price index in determining the 25 cent figure.

Either Chrysler Corp. or General Motors Corp. is expected to be the UAW-CIO's 1948 target. Ford Motor Co., other member of the big three, has a contract that expires later in the year.

Elsewhere on the labor front the National Labor Relations Board in Indianapolis asked the southern U. S. district court for a "temporary injunction" that would prevent the calling of strikes by the International Typographical Union in violation of the Taft-Hartley Act.

The injunction was sought as the NLRB continued at Chicago (Continued on Page Two)

26 Mile Soaring Flight Is Made By Visiting Airman

A 26 mile soaring flight was made yesterday by Fred Brittain of Brooklyn, N. Y. in the South-eastern States Glider meet at the Municipal Airport. Braving the cold weather, Mr. Brittain succeeded in finding a rising thermal of warmer air and landed safely five miles south of Orlando. He won two hot dinners.

Bill Goodale of Chattanooga, Tenn. Coupled another thermal yesterday and soared to an altitude of 2,700 feet. He also made an endurance record of four hours and 18 minutes. Among his rewards after descending from the chilly heights was a gallon of ice cream offered by a local dealer.

Wally Wisberg of Dallas, Texas, won the spot landing contest yesterday by losing his craft to within 12 inches of the landing spot on the runway. Events yesterday were for distance and endurance.

Today the thermals are reported not to be as good as those of yesterday due to cloudy weather. Today a spot landing contest was again in progress and among contestants was Miss Suzanne Melk, champion woman glider pilot of France, who was reported to have been up 40 minutes.

Contests will be started Saturday morning at 11:00 o'clock for altitude and distance. On Sunday more than 25 pilots will try for altitude and duration only. Sunday afternoon at 3:00 o'clock there will be an acrobatic contest of glider manipulation and a spot landing contest.

ROTARY PROGRAM
Dr. H. H. Rothe, the Rotary supervisor, will be the principal speaker at the Rotary luncheon Monday. He will be introduced by Tr. C. W. Baker.

LOCAL TEMPERATURE
A minimum temperature of 36 degrees was reported this morning at the Central Florida Experiment Station on the east side, and in outlying areas frost was reported.

RED SETTLEMENT
WASHINGTON, Jan. 16 (AP)—Soviet Ambassador Alexander S. Poyushkin said today Russia is ready to resume negotiations to settle her \$11,500,000,000 wartime lend-lease account with the United States.

The negotiations were broken off last July. The envoy said he hopes the discussions will be resumed in the "near future."

THE WEATHER

LAKELAND, Jan. 16 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Saturday morning was clear to partly cloudy; continued rather cool but no frost danger.

The outlook, however, was colder in north and central districts Sunday morning with frost probably in northern districts and colder in all districts Monday morning.

Tonight and tomorrow morning, the forecast said, would see a few light showers in the lower East Coast districts while Saturday's forecast was for cloudy and cooler with occasional light rain in north and partly cloudy and mild in central and southern districts.

Temperature	Low	High
