

### Army Physicians Tell Soldiers How To Drink

#### Suggest Highballs Instead Of Cocktails: Food With Drinks

By FRANK CAREY  
WASHINGTON, Feb. 4, (AP)—Soldiers who drink were told today that if they must bend the bow, they should sip "never drink liquor straight or directly from the bottle."

You remember the old woe that the governor of North Carolina remarking to the governor of South Carolina that "it's a long time between drinks?"

Well, Maj. Merrill Moore and Capt. G. Allan Chalmers of the Army Medical Corps say, in effect, "the longer the better."

"Make one drink last a long time," the doctors advised soldiers in an article in the Military Surgeon, adding that it's a good idea for civilians to do likewise.

"The experienced drinker, the gentleman, if you like, is the man who can make a few drinks last all evening."

Here's how:

"Choose tall drinks like highballs rather than concentrated ones like cocktails," they suggest. "The tall drink with its charged water helps to cushion the shock of alcohol on the system. The water dilutes the alcohol so that it is not so concentrated."

They also listed the oft-repeated advice that one should always eat before and while drinking because "food in the stomach—especially milk, cream, butter and meat—slows up the rate at which alcohol is absorbed into the system."

Declaring the problem of "the soldier who drinks too much" is often mishandled, Moore and Chalmers said, the chronic alcoholic in the Army should be treated as a physiologically and psychologically sick man rather than being punished temporarily or discharged from service.

"Encourage him to find and use substitutes for liquor," they suggested to officers who might be

frayed with the problem of the two-flated drinker. "Anything else can do. He should be encouraged to say, 'Make mine ginger-ale,' or 'tomato juice,' or 'milk' or anything else that contains no alcohol whatever."

They said the chronic drunk needs to have his self confidence restored. They explained that if officers can teach a man of this type how to do anything in which he will be better than some of the other men—whether it is doing the manual of arms, playing checkers, or pitching horseshoes—one temptation to drink is being removed.

Handling the chronic drinker and steering him to the ginger-ale stand is primarily the job of junior officers, the doctors said, but they added that the cooperation of non-commissioned personnel should be obtained in keeping men in the ranks from becoming barflies.

Particularly the first sergeant," they declared.

### Drunkenness Cases Mark City Court

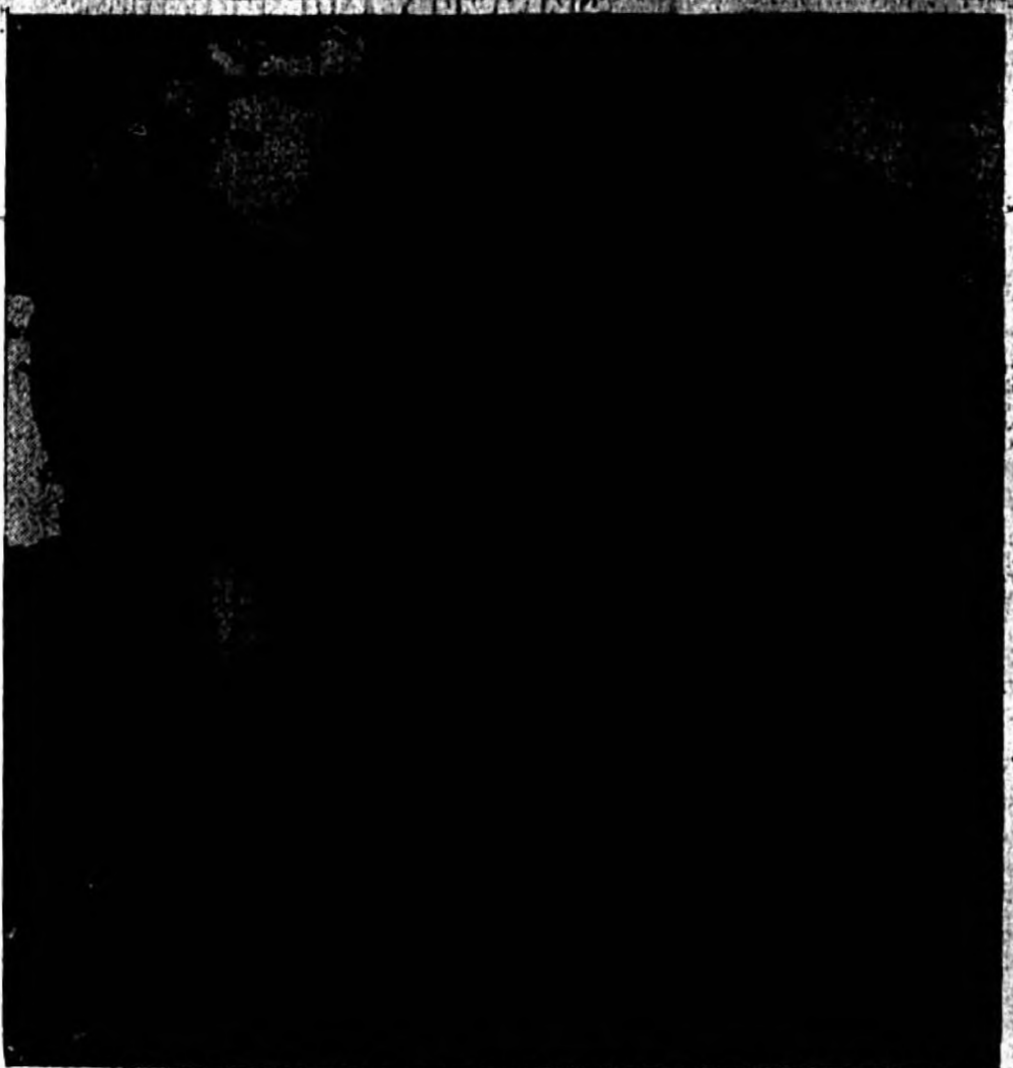

The docket at City Court Monday evening was somewhat lighter than during preceding weeks, and consisted mostly of cases of drunkenness and disorderly conduct.

In the case of Josephine Blackman, negro, found guilty of gambling, her \$36 bond was exonerated by Judge Frank Miller. The case of Fred Heath, negro, also charged with gambling, was ordered continued at the next session of court.

Cases of drunkenness by negroes were: Robert Muncey, \$10 and costs or 30 days and for disorderly conduct, \$10 and costs or 30 days; Henry Harvey, \$11 bond exonerated; Will Humphrey, \$11 bond exonerated; Richard Jackson, \$10 and costs or 30 days.

Disorderly conduct cases of negroes included: Willie Nesbit, \$10 bond exonerated; James Singleton, \$15 and costs or 45 days; Richard Sherman, \$15 and costs or 45 days; Steve Williams, \$10 bond exonerated.

California has one of the nation's largest deposits of celestine, the mineral used to illuminate tracer bullets.

Brig. Gen. William Wilbur, an outstanding hero of the African campaign is decorated by President Roosevelt at Casablanca, Morocco. At left is Chief of Staff, Gen. George C. Marshall, and at right Maj. Gen. George Patton, Jr. Wilbur, then a colonel, led landing assaults at Fedala, rove through enemy lines under heavy fire and made contact with French colonial officials to whom he delivered important messages.

### Early Deliverance Promised To French

LONDON, Feb. 4, (AP)—General Giraud promised early deliverance for the French people and French prisoners of war, and urged them to wait with patience and strength.

In a broadcast from Algiers recorded by the Associated Press Wednesday, Giraud addressed himself to "France in chains, to prisoners of war in German prison camps and to the towns of Metz and Strasbourg."

(Metz and Strasbourg are in the "lost regions of Alsace and Lorraine.")

"To all I say be confident of victory and be convinced beyond doubt of Germany's defeat," the high commissioner said.

"The soldiers of Tunisia are showing the enemy they know how to fight and they are determined. The African army has found again its burning spirit and its faith. It will come to liberate you. This I promise."

"To help it with all your patience with all your skill and all your confidence."

### Blanding Team Beats St. Augustine Quint

CAMP BLANDING, Feb. 4.—The 120th Infantry basketball team defeated the St. Augustine Coast Guard quint, 53-48, in the ancient city last night.

Off to an 11-2 lead, the soldiers were hard pressed to finish the first half with a 22-20 advantage.

As the last half started the Coast Guardmen moved out in front and at one time were ahead 35-26.

With three minutes of play left, the Army eagers tied the score at 44-44 and then regained the lead, holding it until the end.

Fredrick of the Coast Guard and Czerniawski of the 120th Infantry shared scoring honors, each making 14 points.

### Solon Asks Repeal Of Barge Canal Plan

WASHINGTON, Feb. 4, (AP)—Rep. Dondero called yesterday for repeal of the Rithetristal bill for the Florida barge canal on the ground that construction would be a national affront in war time.

Saying the minimum cost would be \$4,000,000, Dondero declared in a House speech that a canal would require three years to build and therefore fail to achieve its primary purpose—transportation of oil to the Eastern seaboard now.

"There has been some loose talking lately," Dondero said, "to the effect that the canal can be completed in a year or 18 months but Maj. Gen. Reynolds, chief of the army engineers, has refuted this."

"Particularly is this true when one views the alternatives—for these are alternatives. These involve the use of practical, available means of transportation today—not by waiting from 36 to 48 months for the first drop of oil."

### Eligible Draftees Told To Keep Jobs

NEW YORK, Feb. 4, (AP)—A rush of 10,760 men to Government employment offices seeking war jobs caused the city's director of selective service to urge men of draft age not to quit their present jobs until it is determined whether they are essential to the war effort.

The rush followed yesterday's announcement by the War Manpower Commission that family selective service to urge men of draft age not to quit their present jobs until it is determined whether they are essential to the war effort.

Col. Arthur V. McDermott warned against precipitate action which would cause unnecessary confusion and ultimately would hamper the war effort.

### New Demands Rise Out Of Work, Fight Edict

WASHINGTON, Feb. 4, (AP)—The War Manpower Commission's drastic "work or fight" edict to men of draft age in non-essential industries Wednesday gave rise to new demands in congress for safeguards for farm labor and men with children.

After hearing secret testimony by Maj. Gen. Lewis B. Hershey, WMC's selective service chief, Chairman Bankhead, (D., Ala.), of a special senate appropriations subcommittee, warned that "we will reach the brink of starvation" if the armed forces permit in cutting more than 11,000,000 in uniform.

Some congressmen interpreted WMC Chairman Paul V. McNutt's statement Tuesday that 10 out of every 14 men of draft age will be in the armed forces by the end of 1943, to mean that personnel requirements may exceed 15,000,000.

### Sulfathiazole Found Cure For Impetigo

CHICAGO, Feb. 4, (AP)—Discovery that very fine crystals of sulfathiazole provide a one-day cure for contagious impetigo, a pus forming skin infection, was announced Wednesday in the Journal of the American Medical Association.

## Allied Offensive In Pacific Seems Close

### First Word Of Large Enemy Sea-Borne Attack Comes In Delayed Reports

(By Associated Press)

The first word of a large Japanese sea-borne force bearing down on Guadalcanal came today in delayed dispatches.

The rising tempo of Allied aerial blows touched off speculation that a United Nations offensive might be imminent against Japanese strongholds in the Solomons.

American troops made further advances against the Japs on Guadalcanal Tuesday despite aerial bombardment from the enemy, the Navy announced Thursday, while warships of the rival fleets apparently still skirmished throughout the Solomon Islands area.

The American ground forces continued their advance to the west, driving the Japs toward the sea. They occupied several positions west of the Bona River, killed 30 Japs and captured considerable equipment.

The sea fighting, the Navy said, consists of "recurrent evasive maneuvers" in which air forces of both sides have taken part since the sparring for position began several days ago.

Tairo radio reports that the Japs have started the imminent big battle were described at the Navy Department as false. The Thursday late communication said:

### Guadalcanal Hero

WHEN REPT. THEODORE GOSWELL, JR., of the House of Representatives today announced that the Japs on Guadalcanal are being driven back, he reminded them that they were not the only ones who were fighting. The Japs kept coming. Then Goswell mentioned an officer, captured his sword and, with the Jap weapon, he can also hold his own with a machine gun.

### Work Gets Under Way On Homes For Colored Laborers

A government bill of lending, referring to 2,000 pounds of equipment for the Sanford Military Camp to be set up for negro field workers at Eleventh Street and Jasmine Avenue, has just been received by County Agent C. R. Dawson.

Mr. Dawson said that he had been informed by the Federal Office of the Farm Security Administration would arrive soon, in order to supervise the setting up of the camp.

The camp will be maintained, under FCA direction, Mr. Dawson stated. Negro workers of which 100 are men and 50 women, brought from Mississippi to ease the labor shortage in celery harvesting, are at present housed with negro residents.

### Finland Seems To Seek Separate Peace

WASHINGTON, Feb. 5. (AP)—Early, concrete developments on reports that Finland is seeking separate peace with Russia were predicted last night after H. F. Arthur Schofield, American minister to Helsinki, conferred with President Roosevelt and Finnish Minister Procopio met with Under-Secretary of State Welles.

Schofield made no statement after his White House call but it was believed he reported fully on Finnish-American relations. He left Helsinki only a short time after his Finnish officials were officially reported to have participated in a Japanese Pearl Harbor day anniversary celebration.

### Florida May Lose Cross-State Canal

WASHINGTON, Feb. 5. (AP)—Opposing interests may be successful in delaying indefinitely the construction of the Florida cross-state canal, Gov. Chas. B. White said today. He said the House and Senate Committee on Commerce and Navigation met yesterday.

However, a House speech is expected to be made today, and a Senate speech is expected to be made tomorrow.

### War Captives May Be Solution To Labor Shortage

#### Labor Chief States Prisoners Could Harvest Crops

WASHINGTON, Feb. 5. (AP)—J. A. Walker, chief of the labor branch of the Food Production Administration, today said Axis war prisoners captured in Africa and Europe may be used in the United States to help harvest crops this summer to feed Allied armies. They would be used, he said, mainly in cultivating and harvesting commercial vegetables, canning and fruit crops in an effort to help fill farm labor shortages.

Chairman Paul V. McNutt announced last night that the War Manpower Commission would take control of the hiring of labor in shortage areas, a step expected to freeze millions of persons to war industries or other tasks deemed essential.

Under the system, McNutt said, the Manpower Commission or agencies approved by it will furnish workers to employers on a priority system based on the importance of the employer in the war effort. New barriers will be raised to prevent workers shifting from vital occupations to less essential ones, and limit the number of workers in the country and are classified, "critical labor shortage areas." Officials said that many other areas where workers are being shifted from vital occupations to less essential ones, and limit the number of workers in the country and are classified, "critical labor shortage areas."

### Officers' Clubs Must Dispose Of Liquors

WASHINGTON, Feb. 5. (AP)—Any liquor stocks which may have been accumulated by United States Army officers' clubs through misinterpretation of military area prohibition regulations will be disposed of by the groups involved, a war department spokesman said Thursday.

In answering the war department circular which called attention of all military men to the no-liquor regulation, officials stressed that the department had received reports of reports to officers' club dues challenges.

### Magazine Ads Hurt By Paper Shortage

NEW YORK, Feb. 5. (AP)—The New York Times said Thursday that many magazines had been forced to refuse advertising as a result of the order reducing the use of paper by 10 percent.

Some were booked solid for the balance of the year, the Times said. Agencies complained that they were being turned down right and left in their efforts to place business.

### Market Sales In Past Month Total \$260,000

#### January, A Year Ago Only \$169,000 In Produce Handled, Lehman Announces

Sales of vegetables and fruits at the Sanford State Farmers' Market during January amounted to over a quarter of a million dollars in value, or at a rough estimate, \$260,000, Lehman, market manager, announced today.

During the same period last year, market sales totaled \$169,000, he stated.

This increase of over \$90,000 in sales, was in the opinion of Mr. Lehman, due not merely to increased prices paid for produce, but also to the great demand for these products. As a result of this demand, he added, between 50,000 and 60,000 more packages of fruits and vegetables were sold.

Celery led in sale value during the past month, he revealed, with total sales amounting to more than \$71,000.

Chicage sales were next in value, totaling around \$5,000. Tomatoes, oranges and lettuce were next. Sales on each amounted to between \$23,000 and \$27,000, he stated.

Although the majority of the trucks and buyers are from the eastern seaboard, particularly the Carolinas, Virginia and New York State, Mr. Lehman added, there have also been trucks coming from Chicago, Michigan and Arkansas, and last week, a few from Canada.

Demand for the smaller sizes of celery is reported to be strong. Eight dozen sizes bring \$3.50 to \$3.50, and the ten, \$2.50 to \$3.25 in the New York market, C.B. Miller, market bulletin representative at the market stated today.

### 4-H Clubs Have 7-Point National Victory Program

Members of Seminole County 4-H Clubs will take up work to carry out their National seven-point victory program as they observe National Mobilization Week Feb. 14, Mrs. J. J. Wilson, County Home demonstration agent, stated today.

Mrs. Wilson disclosed the boys and girls also plan to offer meat herp in 4-H Clubs or similar work to every eligible person in the county.

### Seven Draftees Depart For Army Induction Today

#### 19 More Colored Men Will Leave For Blanding Monday

Seven colored selectees departed this morning after a patriotic send-off program under the direction of J. N. Grooms, professor of the colored academy and Mr. H. H. Ziegler, pastor of the A. M. E. St. James Church.

The men, who were here on a week's furlough from Camp Blanding were accepted from a group of 23 who were first sent out for examinations, Grooms disclosed. The 33-piece academy had played bouyant selections as selectees were presented the selectees' group of the academy girls sang.

Monday morning 19 more colored men will report to Camp Blanding for a final check up before induction into the Army, E. H. Carter, selective service clerk, stated this morning.

Three men have been transferred to other towns for induction: Herschel Thomas Kirtrell, Miami; Milton John Jackson, Belle Glade; and David Graham Taylor, Altona. Vinson was transferred from the Daytona Beach Draft Board to Sanford.

Other colored selectees include: Herbert Lamar Armstead, David Glee, Earl Joseph, George Johnson, Robert Blaine Bonner, Richard Junior Robinson, Joseph Thomas Smith, Charlie Grace, Victor Edge, Jr., John Henry Rembert, John Henry Rembert, Oliver, Willie Lee Gilchrist, Alford Earl Knight and Robert Langston Kearse.

### Allocation For Crops Lost In '29-'30 Probable

ORLANDO, Feb. 5. (Special)—The first hurdle of this session of Congress has been taken by the House today when it approved a bill to allocate \$10,000,000 to reimburse Florida citrus and vegetable growers for crops destroyed in 1929 and 1930, under United States disaster laws.

This bill yesterday was approved by the Claims Committee of the Senate.

### Franz Warner Is Lieutenant In U. S. Army Engineers

Franz W. Warner, formerly of Sanford and a son of Mr. and Mrs. Wurt W. Warner, has recently been commissioned a second lieutenant in the United States Army upon completion of the officer candidate course at the Engineer School, Fort Belvoir, Va.

Lieut. Warner joined the Army on Nov. 12, 1942 and served seven months in the Southwest Pacific as a corporal.

### Voting On Rutledge Appointment Put Off

WASHINGTON, Feb. 5. (AP)—Senate confirmation of the nomination of Judge Wiley Rutledge to the District of Columbia, as proposed by the Supreme Court was delayed Thursday until Monday.

Democratic Leader Barkley of Kentucky, told reporters Senator Langer (R-ND) had notified him he wanted to make a 30-minute speech against Rutledge, now a member of the Court of Appeals for the District of Columbia.

### Low Water Causes The "Orlando" To Get Stuck

Carrying a cargo of 135 tons of canned grapefruit juice, the "Orlando" of the St. Johns River Line, started for Norfolk, Va., at 4:30 o'clock this morning, but only progressed about a hundred yards offshore when it became stuck on a sandbar, due to the low level of the lake. At 2:00 o'clock this afternoon it was reported still unable to get loose.

W. W. Treasurer of the River Line said the same incident happened a month ago. "At this time of year we usually have enough rain to keep the water level of the river up, but unusual dryness has kept it down," he added.

### Marine General Gets Medal From F. D. R.

WASHINGTON, Feb. 5. (AP)—President Roosevelt Thursday presented the Congressional medal of honor to Maj. Gen. Alexander A. Vandegrift of the Marines, for "Outstanding and heroic accomplishment" against adverse conditions against Japanese forces in the Solomon Islands.

General Vandegrift, a native of Charlottesville, Va., thus became the first Marine in this war to receive both a Congressional medal and the Navy cross, having received the latter last October at Guadalcanal from Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet.

### Science Finds New Method To Set Jaws

CHICAGO, Feb. 5. (AP)—A new method of setting broken jaws quickly by the use of rubber bands to meet war emergency needs was reported in the first issue of the Journal of Oral Surgery of American Dental Society.

The new appliance was described as a miniature of the metal pin apparatus used to close fractures in jaw bones, the body, and designed to ease the removal of jaw fractures from the way of war.

### Indian Sends Letter To Mayor Expressing Hope For Victory

#### Variety Shows Planned By USO For Service Men

A letter addressed to the Mayor of Sanford bearing a stamp marked India Postage, was today received by Mayor Edward Higgins, which led him to remark that "advertising money sent out by the national county Chamber of Commerce must be going a long way."

The letter, written on a small slip of brown paper has on one side some curious inscription, apparently Hindi, which are entitled the "Rama Nama victory prayer for the British Empire and the United States of America." On the same side are short expressions such as "Up up with the British Empire and God Save the King." At the top is the name of the sender, S. D. V. Gouhale, 401 Sadashiv Path, Poona City, India.

On the other side of the following message: "My country, Rama Nama prayer for the success and victory of the British Empire and the King Emperor from Chitral, Dardistan, Kashmir, Gouhale M.A. the most loyal and obedient servant of his most excellent British Majesty, belonging to the most respected, noble and glorious Maharajah Maharajah of Sirdar Gouhale."

"The Rama Nama is our highest prayer, and is believed by us to bring a complete victory to the just cause, and we firmly believe in the justice of the British and U.S.A. cause."

The letter concludes, "Down with the Nazi-Jap tyrants!"

### System Outlined By OPA For Hotels And Restaurants

ATLANTA, Feb. 5. (AP)—How hotels, restaurants, boarding houses, hospitals and other institutions in the Southeastern States will get their allotments of rationed foods under the new rationing system was outlined by OPA officials today.

The institutional rationing program affecting all types of eating establishments, will go into effect at the time of the rationing of protein foods for hotels, restaurants and institutional consumers will register for their allotments during the first ten days of March. The time and place of registration will be announced locally by the War Price and Rationing Boards.

#### MUSIC WITH SHAVE

OKLAHOMA CITY, Feb. 5.—(AP)—H. G. Hatfield has music when he shaves each morning—and he doesn't have to whistle to himself either. The Hatfield canary which has the run of the house—has formed the habit of flitting in and perching on his shoulder the minute he picks up his shaving brush. There is a note through the whole precarious operation, singing whatever airs canaries sing and hitting a sour note only when Hatfield playfully dabs a little lather on its beak.

#### IN THE RED

KNOXVILLE, Tenn., Feb. 5. (AP)—Herbert C. Sanford, 72-year-old teacher of the ABC (A Brotherly Crowd) Bible Class, has worn a flaming red necktie before his Sunday pupils regularly for the past 30 years. Sanford donned the red cravat when he first taught the class in 1914. He doesn't confine his red necktie to his class, but wears it to his office and on the streets constantly. He never wears another colored cravat in public.

American Planes Assault Japanese In Eastern Burma

British Eighth Army Advances Further Against Rommel In Tunisia

In China, American planes raided the Japanese in eastern Burma and along the Burma-Yunnan border as the Japanese pushed up reinforcements for a renewal of the attacks on the Yunnan frontier.

Prime Minister Churchill's return from the Mediterranean warfront today touched off in London a new clamor for a European invasion.

Indicating a further Tunisian advance by the British eighth army, British patrols were reported to be in contact with Rommel's forces west of Faidia. Sharp activity was hinted further inland where Axis armored cars were dispersed.

American airmen, scoring better than a two-to-one victory over the Axis, shot down 80 enemy planes and damaged 72 others in the Tunisian area last week, it was announced last night.

In the all-out aerial battle the Americans lost only 38 of their craft, according to the announcement, which came after bad weather forced a lull on both the air and ground fronts.

Rains and heavy cloud formations restricted air operations except for sweeps by fighter planes in central Tunisia. In one sweep anti-aircraft positions at Faidia and Kairouan were silenced and a vehicle column was strafed.

In another, B.A.F. Hurricane bombers escorted by Spitfires carried out a low-level attack on the Tunisian coast.

Dozens of shipping up a number of the coast were strafed.

Not counting the total of enemy planes destroyed in the North Africa campaign, 358 compared with the American 52d Air Force's losses of 162.

President Praises Work Of Scouting On Anniversary

President Roosevelt in a message to the Boy Scouts of America on its 33rd birthday anniversary yesterday paid high tribute to the training it provides to the youth of America.

In his message addressed to his 1,859,281 "fellow Scouts and Scouters," the President said "The leaders of our armed forces in training camps and on the battlefronts have emphasized the value of Scout training in developing knowledge and skill, as well as courage, self-reliance, resourcefulness and initiative which are proving to be so essential in our determination to win the war."

President Roosevelt's message, made public by Dr. Elbert S. Fretwell, chief Scout executive, reads:

"Fellow Scouts and Scouters: Today, with the Nation at war, we observe the 33rd birthday of the Boy Scouts of America. The job of winning the war and assuring a decent and lasting peace is the concern of every American."

"I heartily approve the slogan adopted for the Boy Scouts for 1943: 'We'll win the war, we'll build a better world.' I am confident that the more than three hundred and twenty-five thousand Scouts and Scouters who are serving in our country are being trained as leaders in the art of winning the war."

Ration Book Two Less Complicated For Canned Goods

Peterson Says Former Plan Would Not Be Satisfactory Now

In describing War Ration Book 2, A.B. Peterson, executive secretary of the War Relocation Authority, stated that the system formerly used for rationing canned goods would become too complicated for store keepers and the public.

Everyone doesn't use all canned foods, Mr. Peterson continued and under point rationing, everyone will be able to choose the rationed food he likes best and will get a fair share.

Mr. Peterson did not announce the exact date persons may get War Ration Book 2, but announced that residents of Seminole County will be introduced to the plan during a registration period of several days.

During the registration period, all retail stocks of rationed goods will be frozen to allow storekeepers to get their books in shape before the day point ration shopping begins.

Although the exact dates and places for registration have not been announced yet, Mr. Peterson and rationing officials have been at work with O.P.A. officials and have perfected the system by which civilians in every community in the southeastern region will be able to register.

Mr. Peterson said the registration for War Ration Book 2 will be carried on in each community by alphabetical groups. On the first and second days, persons whose names begin with the letters A, B, C and D will register.

Those whose names begin with E, F, G, H, I, J and K will register on the third and fourth days; L, M, N, O, P, Q and R on the fifth and sixth days; and S, T, U, V, W, X, Y and Z on the seventh and eighth days. On the ninth and tenth days, anyone who had a good reason for not registering on the first eight days may do so.

Any adult member of the family may register for all members of the group. To enter the registration center, he must show at the door a copy of War Ration Book 1 for each member of the group for whom he wishes to register. Mr. Peterson stated, "It is (Continued On Page Two)

Grammar School Students Perform For Rotary Club

A program composed of eloquent pupils from the Sanford grammar school and arranged by Earle Klipp, principal of the Grammar School, was presented at the regular weekly luncheon of the Rotary Club held at the Mayfair Hotel today.

Ed Higgins, charter member of the Rotary Club, was welcomed back into the club by President Roland Dees who reminded the Rotarians that Mr. Higgins had been a member of the original Thirtieth Club of which the Rotary Club was organized in 1911.

Capt. George Woods told the Rotarians of plans to organize a Boy's Club as an answer to the local problem of juvenile delinquency. He said that efforts are being made to secure a downtown location for this club and intimated that the boys would build their own club house next summer.

The club will be in the nature of the Red Cross clubs which have been organized under the auspices of the Salvation Army in other communities. It will be open every afternoon from 4:00 to 6:00 o'clock when women will be urged to become members.

Millions May Be Called To Work By New Measure

WASHINGTON, Feb. 8. (AP)—National war service act, granting President Roosevelt sweeping powers to utilize the nation's manpower and womanpower in any job deemed necessary to achieve victory, was introduced in both branches of Congress today.

The measure would make millions of Americans eligible for call to assembly lines of tanks or planes and in farm fields at pay applicable to the kind of work they are required to perform. This would affect every person registered under Selective Training and Service.

Herbert Hoover today asserted the ration must have 1,000,000 more workers, some from the armed forces, to eliminate acute shortages.

He told a press conference he may compile the fatal error of over straining the home front and damage effectiveness in victory if "we attempt too much on the military side."

Growers were today urged by County Agent C. R. Dawson to make application to his office for payment on 1942 cover crops in connection with the soil conservation program. At the same time they could also sign for the National Farm Production program. The deadline for signing for this latter program is Feb. 20, he added.

Defense Unit Has Successful Test Of Mobilization

A successful mobilization test of the local unit of the Florida Defense Force was conducted yesterday with 48 members of a total roster of 87 officers and men reporting for duty at the Armory in little more than one hour after the orders had been received from state headquarters at St. Augustine.

The wire was received at 9:10 o'clock Sunday morning. Sgt. Byrd Goodie stated today. At 10:15 o'clock the roll was called and 48 men with full equipment reported present. Hot coffee was served and at 10:45 o'clock the men were dismissed.

Sgt. Goodie revealed that there are several vacancies in the company at present and good men under 18 or over 25 who want to serve their state and county are invited to enlist.

Most Stores Comply With Shoe Freeze

Soft Soled Slippers Exempt From New Rationing Order, Effective Tuesday

A general survey of Sanford this morning showed that the majority of the shoe stores here were complying with the ban on sales, with some merchants said they had not been notified of the freeze order.

Families may pool the No. 17 coupons of all members of their household. A. B. Peterson, executive secretary of the rationing board, announced this morning as the rationing order which went into effect yesterday is lifted.

Waterproof rubber footwear cannot be purchased with stamp No. 17. Mr. Peterson stated since it was previously rationed. Soft soled infant shoes, soft soled dancing slippers, house and house slippers, knitted slippers, d'orays, rompers, and soft soled moccasins will not be rationed.

A person who would suffer hardship if he were unable to buy shoes, because he has no valid stamp and is unable to secure one, may apply for a special stamp at the Armory. Mr. Peterson stated No. 17 stamps go good from tomorrow until June 15. Each person will be allowed three pairs of shoes a year.

The Associated Press stated this morning in contrast to all plans published in previous rationing undertakings, the shoe order was promulgated from the White House, without advance warning either to the public or business men. Mr. Peterson stated the shoe order went into effect a half hour later.

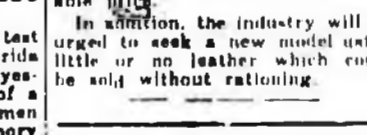

Officials said that the nation still has a large stock of shoes and rationing was instituted to prevent hoarding and to provide a liberal ration as possible. First announcement was made from the White House by James F. Byrnes, director of economic stabilization, who said that shoe rationing was inevitable because the submarine menace limits imports of hides and because the armed forces are taking about one-third of the available supply of sole leather. One hundred soldiers, he explained, wear out 12 pairs of shoes a month.

Byrnes explained, said, the supply of leather will be conserved by limiting manufacturers to the most essential types of shoes by eliminating all colors except white, black, tan, brown, and army russet; by eliminating decorative straps and other wasteful leather styles; limiting the use of heavy duty leather to work shoes; limiting ladies' heels to not more than 2.5 inches in height; and prohibiting civilian boots more than 10 inches high.

As a specific example of "less essential shoes" slated for discard for the duration, Byrnes listed "many sport shoes, men's leather shoes, women's formal evening slippers, men's sandals, metal spike golf shoes."

While promoting the public's selection of the most essential types of shoes, Byrnes said the shoe industry was being asked to develop "war model" utility types of shoes of standard quality and pleasing design at a reasonable price.

In addition, the industry will be urged to seek a new model using little or no leather, which could be quit without rationing.

CITY BRIEFS

It was reported in a Rome broadcast that Count Galeazzo Ciano, son-in-law of Mussolini, had been cited as Italy's foreign minister, a post he has held since 1936 and was appointed ambassador to the Holy See. Other changes were also made in the Italian Cabinet. Axis reverses in Russia and the loss of Italy's African empire were said to be responsible for the housecleaning.

Following the parole by County Judge R. W. Ware of three of the four boys recently arrested on 18 charges of breaking and entering, into the care of Salvation Army Captain George Woods, the organization Friday called a meeting of its advisory board, and outlined a plan to combat juvenile delinquency by the formation of a club for boys.

Members of the board, including many new members representing civic clubs, welfare organizations and school faculty members, attended the luncheon at the Hotel Mayfair. A hearty report of the Salvation Army finances was given by Capt. Woods.

Major H. P. Macdonald of the Salvation Army of Orlando, was introduced by Capt. Woods, and was credited by him with introducing the first Salvation Army Boys Club in the United States.

"It happened in Harlem in New York," said Major Macdonald. "We were holding an outdoor meeting and suddenly a stable full of boys burst through the air and just mixed Mrs. Macdonald."

Another time we were having a meeting on a sloping street, and a large auto came bounding into us. In addition, our attention was frequently called by the predations of mischievous and unruly boys, especially a tough little Irish kid, by the name of Jimmy McGee.

"To curb this tendency for mischief, and to divert the natural energies of these boys into constructive channels, we established a gymnasium on the third floor of a building," he continued.

"Because of our need, I went to the dean of Columbia University and requested that he aid me in securing some student to help me in the athletic training program. As a result, we secured (Continued On Page Two)

Complying with orders of the ODT, all school bus drivers in the county will attend the first of a series of courses in driving at the Junior High School from 10:00 A. M. to 2:00 P. M. tomorrow, according to Supt. T. W. Lawton.

Prof. Herman L. Morris will be in charge of the course. Earl C. Luck, representing the State Board of Public Instruction and the ODT, will address the bus drivers.

Counties that do not observe this ruling in regard to instruction of bus drivers, are liable to find themselves in serious difficulties, in regard to securing gas and tires," Supt. Lawton declared.

Assurances that approval of priorities or critical materials to be used in the construction of the Federal building for service men in Fort Mellon Park, would soon be given by the War Production Board have been received by Mayor Edward Higgins in the form of telegrams from Senator Claude Pepper and Congressman Joe Hendricks, the former stated today. Both representatives said that they had contacted W.P.B. officials on the matter, and had been assured that the go ahead signal on securing of materials would be given soon.

City commissioners will meet tonight at 7:00 o'clock in regular session, and it is expected that Grady Dunson, city inspector, will give a report on sewerage and use of repair, Mayor Higgins said.

Plans Made For Organization Of Local Boys' Club

Salvation Army Men Have Program To Fight Delinquency

Following the parole by County Judge R. W. Ware of three of the four boys recently arrested on 18 charges of breaking and entering, into the care of Salvation Army Captain George Woods, the organization Friday called a meeting of its advisory board, and outlined a plan to combat juvenile delinquency by the formation of a club for boys.

Members of the board, including many new members representing civic clubs, welfare organizations and school faculty members, attended the luncheon at the Hotel Mayfair. A hearty report of the Salvation Army finances was given by Capt. Woods.
