High Tribunal Hears Debate Of Citrus Law

Legality Of Price-Fixing Measure Begun In Seminole Courts Is Argued

3-Judge Court Ruling Appealed

Pierce Says Act Is Essential To Survival Of Growers

WASHINGTON, Jan. 12. (AP)—The constitutionality of the 1935 Florida law providing that citrus growers should receive at least the cost of production for their product was challenged and defended during arguments before the Supreme Court today.

William C. Pierce, Tampa attorney for the State, contended the act was essential to permit the growers to survive.

G. I. Reeves, Tampa attorney for a group of independent canners, challenged the act, and asserted it was unconstitutional interference with interstate commerce and took their property "without due process of law."

Reeves told the court that the only question before it was whether the three-judge federal court in Florida had erred in temporarily enjoining the enforcement of the act.

Pierce urged the high tribunal to pass on the constitutionality of the legislation.

He asserted that the three-judge court had gone too far in declaring the act unconstitutional and that the plaintiffs had no legal basis for a temporary injunction, which was requested by the canners.

The canners, in the opinion of the court, had no right to return to the favorable decision of the lower court and the canners subsequently joined in appealing to the Federal court.

Those attacking legislation, Pierce asserted, "produced only two witnesses at the hearing, neither of whom knew a great deal about the subject."

Pierce also said the "opinion was written and dated prior to the hearing and the plaintiffs had produced all of their evidence."

Recalling that the three-judge court held the act discriminated against the independent canners at the expense of co-operatives, Pierce said "All independent canners are affected alike by the act. Co-operatives are in a different class than independent canners and may be dealt with differently. This court has no right."

The attorney explained that the three-judge court had found that the co-operative canners credited their growers' members with 23 cents a box for the grapefruit furnished, the price fixed for that product, and that the growers would not receive the minimum back at the end of the season unless the market price enabled such a payment.

Questioned by Chief Justice Sutherland, Pierce said all of the canners of the law were independent canners and included no growers.

Defending the act against the contention that it took property without due process of law, Pierce said that he had been answered by the Supreme Court's decision sustaining a New York law fixing the price of milk.

Sentiment Rises For Diverting Defense Monies

WASHINGTON, Jan. 12. (AP)—Increased sentiment for diverting the \$400,000,000 of defense monies to the relief of the unemployed was expressed today in Congress.

The House was expected to pass a bill authorizing the Secretary of War to divert \$100,000,000 of the defense monies to the relief of the unemployed.

The bill would authorize the Secretary of War to divert \$100,000,000 of the defense monies to the relief of the unemployed.

Finnish Chances Said To Grow As Strife Continues

Amount Of Outside Aid Is Growing, DeWolaki Declares

The longer the war in the Far North continues, the better chance of success has the Finns, Capt. Constantine DeWolaki told a group of listeners at the Episcopal Parish House last night when he began a new series of discussions on developments in the European war and their possible bearing on future events.

Finland's terrain will not be sufficiently thwarted out for the efficient operation of Russia's war machine until late next summer, the speaker said, and in the meantime Finland is receiving more and more outside assistance.

Finland's weather is the coldest during the months of January and February and the "thaw" begins about the middle of March.

Even after the thaw, the passages between Finland's lakes in the far north are so narrow that they will be much easier to defend by the "Finnish Finns."

The speaker declared that the showing of the Red army against the British empire, namely a conquest of India, in the first place, he pointed out, mountain ranges provide a natural protection for India.

He said that he had learned through authoritative sources that the mountains which Italy sent to Spain would be shortly transferred to the Finnish front to be used again in an attack by forces against Communism.

The dismissal of Hiro-Bolshak as Britain's minister of war will result in intensified activities of the Western Front, the speaker said.

Many Activities Are Planned For Conclave Visitors

Local Club To Keep Kiwanians Well Occupied During Stay

Kiwanians visiting Sanford for the mid-winter conference here on Sunday and Monday will not have any spare time on their hands if the entertainment committee of the local club have anything to do with it.

For the Kiwanians and their wives from all over Florida, who will be present for the event, second in importance only to the annual district convention, the local club has provided for boat trips on the St. Johns River, sight-seeing tours, free admission to a movie at the Ritz Theatre, and free use of the Municipal Country Club as well as a visit to the Municipal Zoo.

All those who register for the conference will be issued a card which will entitle them to all of these events and in addition it will entitle the visitors to attend the Fellowship Dinner Sunday night at which the officers will be installed and the Fellowship luncheon on Monday night at the Kiwanis Ball Monday night, which will be the climax of the two-day conclave.

The schedule for the entertainment of the visitors begins on Sunday afternoon at 3:00 o'clock when they will be admitted to the golf course free of charge. A visit to the zoo is also planned for the evening and through the courtesy of the management of the Ritz Theatre visitors will be admitted free of charge to the showing of "Another Thin Man" with William Powell and Myrna Loy.

The Fellowship Dinner begins at 7:00 o'clock and Dr. W. S. Allen, president of Stetson University in Deland, will be the guest speaker. The recently elected officers for the ensuing year will be installed by Mark A. Smith, International trustee.

For the Kiwanians, Monday will be a busy day. (Continued on page two)

Armado Presented To Zoo By A. W. Wise

Sanford's Municipal Zoo has a young armadillo today because of quick action by A. W. "Doc" Wise.

Yesterday Doc was driving south on the highway just below Titusville in the company of L. A. Dixon. Doc glimpsed the armadillo on the side of the road but before it could get away he stopped his truck, picked up a stick and ran the stick across the animal's nose. He finally cornered it between two palm trees.

This morning he presented the armadillo to James L. Moughton, superintendent of the Zoo, who said the young animal was one of the finest specimens he had ever seen.

Very few armadillos are found in Florida except in the extreme south portion, he notes. Inhabitants on the North American continent are the only ones.

FDR Gets Third Term Boost At Demo Meeting

National Policies Should Continue, Andrews Tells Executive Committee

ST. PETERSBURG, Jan. 12. (AP)—Senator Andrews told Florida Democrats today that the anti-lynch bill will not pass the Senate.

There was also applause when he said the policies of the national government should be continued in the hands of "a Democrat, or the same Democrat," President Roosevelt.

Governor Conn said "we have a great leader in Washington, who will see us through" perilous times. He made no mention of his own recent intimation that he would run against Senator Andrews.

Chairman Turnbull passed over to the Resolutions Committee all proposals concerning the election of delegates to the national convention, including the matter of amending the primary so the elected delegates will not be pledged in advance on the presidential nomination.

All sides agreed there will be no presidential primary as in 1936, when Roosevelt won the Florida vote.

Seminole County's two delegates, Committeewoman Miss Newton Merrill of Fern Park and Committee member S. A. Williams of Sanford were present for the meeting.

Bank Deposits Show Increase, McNair States

The appreciation of the citizens of Sanford and Seminole County for the additional banking facilities afforded by the Citizens Bank of Sanford, M. G. McNair, president of the bank, which was opened here last summer, and today.

Nearly a quarter of a million dollars is now on deposit to the credit of Seminole County residents according to the statement of condition made at the close of business on Dec. 30, 1939.

The deposits have nearly doubled in the last six months. Mr. McNair said, adding that the statement also discloses a large increase in deposits to the public during this period.

"I am not only gratified at the response of the people but I am somewhat amazed at the rapidly increasing business here," McNair said, "and we are endeavoring to keep up with the demand."

The Florida State Bank of Sanford opened its doors for business on June 1 last year. The officers of the bank are M. G. McNair, president; J. H. Van Hoy, vice president; R. G. Bennett, cashier; J. E. Rowland, assistant cashier. Any student in Seminole High School may purchase a necklace, but only seniors are entitled to purchase class rings.

School Ring Samples Arrive For Students

According to information released at Seminole High School, four 1939 high school class rings, ordered through Chas. F. Wark, local jeweler who is representative for Herr-Jones Company, have arrived. These rings were ordered for the ring committee of the senior class as samples.

Orders for 22 rings and two necklaces have been placed and the first shipment will be made from the company about Jan. 15.

Any student in Seminole High School may purchase a necklace, but only seniors are entitled to purchase class rings.

Commission Again Debates License For Contractors

The City ordinance which would protect local contractors from outside competition was again the subject of discussion at the meeting of the City Commission in the City Hall on Wednesday night, and a new ordinance, the third since the agitation for such a municipal statute was begun, was placed on its first reading.

The proposed ordinance drew fire from Commissioner H. James Gut who contended that a modern building code strictly enforced is the best protection against outside contractors, especially the "fly-by-night" type.

"There's something rotten in Denmark," if local contractors can't underbid these outsiders on a job where the requirements of the building code are uniformly and rigidly enforced, Mr. Gut said, especially when these outsiders must bring their help into Sanford.

The new ordinance is simpler in form than the one which preceded it and provides merely that a "contractor not a resident of the City of Sanford, Florida, engaged in general contracting," must pay a license fee of \$100.

For the purpose of the ordinance, a contractor is defined as "any person, firm or corporation, including sub-contractors, taking contract to perform work by the job employing one or more persons to assist in such work."

The new proposal will be placed on its final reading at the next regular meeting of the Commission and any contractors who desire to appear before the Commission to discuss the matter further were extended an invitation to do so.

Historical Group Begins Meeting In Palm Beach Today

WINTER PARK, Jan. 12.—Ranging from a Walter Winchell-like discussion of early families of St. Augustine to a report of the recent salvaging of a 17th century English ship along the Florida keys, an unusually varied program of the Florida Historical Society will be held at the Society of the Four Arts, Palm Beach, today and Saturday, sponsored by a distinguished group of winter residents, according to an announcement made by Professor A. J. Hanna, president of the Society, who extended a cordial invitation to the public to attend.

Mrs. Louise duPont Crowninshield of Boca Grande and Wilmington, a director of the Society, will preside at one of the sessions as will Joshua Coffin Chase of Winter Park, former president of the Society. Among the speakers will be George E. Merrick, founder of Coral Gables, Dr. Otto Elenachmil, of Chicago, author of "Why Was Lincoln Murdered?"; Dr. Daniel J. McCarthy, president of the Society of the Four Arts, Mrs. K. B. Lawson, Librarian, St. Augustine Historical Society, Dr. C. W. Tebeau, the University of Miami, Hon. J. R. Lyles Will Be Candidate For Legislature Seat

J. R. Lyles, for 20 years a resident of Sanford, announced today that he will run in Group No. 1 as a candidate for Seminole County representative in the Florida House, subject to the Democratic primaries in May.

It is not Mr. Lyles' first venture into politics for he represented this county in the Legislature of 1925, serving in the regular session and two special sessions called by the governor.

He bases his candidacy on his belief that he can be of service to both Seminole County and the State at large. A lifetime Democrat, Mr. Lyles declared he favored a more economical operation of the government and a reduction of taxes. He also expressed a "firm belief" that Florida's schools should be second to none in the country.

Born in South Carolina, Mr. Lyles moved to Sanford in 1919 and became connected with the Atlantic Coast Line Railroad, which he is now serving as an engineer.

In June 1932 he was elected as department commander for the United Spanish-American War Veterans and since that time he has visited veterans' camps all over the state.

He is a member of the Methodist Church, a Wesleyan, and a Mason. He resides at 11 West 10th Street, is married and has one daughter, and one son.

Courtesy Contest Ends Tomorrow, Higgins States

"Have you made your selection of the most courteous clerk in Sanford?" City Commissioner Edward Higgins asked and answered today, pointing out that customers will indicate their selection will appear in the Sanford Herald and must be filled in and returned to the Herald Office not later than 5:00 P. M. Monday evening.

A total of \$30 in cash prizes will be awarded to those clerks who are adjudged the most courteous by a vote of the customers. The first prize winner in the contest will be given \$10, the second prize winner \$10, and \$5 to the third prize winner.

Mr. Higgins said that a committee of 20 shoppers whose duty it will be to visit all local stores and make a written report concerning their observations, have been active all week and will continue active until Saturday. The reports and criticisms they make will be turned over to the merchants whose stores are involved.

The clerk's contest and the investigation of the stocks, salesmanship, etc. in the local stores is the second phase of the campaign launched more than two months ago to induce the spending of "Sanford Dollars in Sanford," the slogan of the "Trade-in-home" campaign.

Mr. Higgins pointed out that no person is entitled to more than one vote in the contest for selecting the most courteous clerk, and reminded those who intend to cast ballots that their votes will not be counted unless the coupon which will be in Saturday's paper reaches the Herald Office before the 5:00 P. M. deadline on Monday.

Coal Shortage Is Acute As Germans Endure Cold Wave

GUAYAQUIL, Ecuador, Jan. 12.—(AP)—Jose Maria Velasco Ibarra, apparently defeated as presidential candidate, led an uprising of army sergeants and soldiers on a military aviation field, but his insurrection was quickly suppressed. Some 200 civilians joined the rebellion.

Velasco Ibarra, a former president, was arrested along with Major Rafael Astudillo and Flores Mito, a Guayaquil broker. On the basis of early returns, Ibarra was running second to Carlos Arroyo Delrio, who resigned as provisional president to be a candidate.

The uprising began shortly after midnight when the government announcement in Quito said Delrio could be considered elected.

Ibarra, who won in Guayaquil and Quito, the largest cities, charged the government, headed by Andres Cordoba, with fraud.

Nazi Fliers Scout East English Coast

British Fear Raids For Shadow Destructive Attacks; 4th Day Of Flights

One Ship Reported Sunk By Bombers

FDR Asks Congressional Leaders For Plan To Aid Finns

German fliers roamed high in the skies over the east coast of Britain today in continued scouting expeditions. Britishers feared shadowed destructive raids. It was the fourth successive day of extended Nazi reconnaissance flights which the British matched last night with observation trips over western and northwestern Germany, and seaplane bases of Helgoland and Blyth.

There were conflicting announcements of what the rival fliers accomplished. The Germans said their scouts sank three British patrol boats and armed merchantmen, and downed a British plane. The British said the steamer Keynes was sunk by five bombs, but that no other sinking was a result of the aerial warfare. They said their own flights over Germany were "successful."

Miners and collisions sent at least four vessels to the bottom, including the war's first Irish Sea sinking.

The Russians reported aiming a drive anew southward from the Arctic Circle. The Finns expected the bitter cold to prevent decisive encounter.

Copenhagen reports said Finnish shipshooters behind the Mannerheim line picked off Russians attempting to land by parachute. Danish volunteers arrived in Finland. Roosevelt disclosed he had asked Congressional leaders of both parties to work out the Finnish aid problem.

King Carol of Rumania, and recent Prince Paul of Yugoslavia were reported to have conferred Tuesday to sound out Yugoslavians against the German Italian-Hungarian offer to support Rumania even in case of Russian attack.

The French said Spain and Italy and other European nations were shipping supplies to Finland through France.

Premier Abe of Japan, announced his intention of resigning Sunday.

LONDON, Jan. 12.—(AP)—The people of the British Isles received their biggest dose of war thus far when German planes roared across a 500-mile stretch of the Scottish and English East coasts Thursday in raids that might have been forerunners of Field Marshal Goering's promised aerial "blitzkrieg."

Air battles were fought at six points along the coast as swift British Spitfire fighters went into the air against the German Heinkel bombers and Dornier flying boats, and anti-aircraft guns blazed all day long.

Again the German raids were aimed at Britain's vital First of North naval anchorage and coastal shipping and—for the first time since the start of the war—the Newcastleton-Type shipbuilding yards were raided.

The British Air Ministry dropped the bombs on land, although five ships near the coasts were machine-gunned and bombed by the German aviators before they were driven off.

The intensified German raids appeared to have been an answer to the British Air Force's attack Wednesday on Germany's Spitz Island seaplane base off Jutland where, according to Danish reports, bombs damaged a dam and causeway connecting the island with the German mainland.

In the wake of the raids along the English and Scottish coasts, a German Heinkel bomber whose empty bomb rack seemed evidence that it was returning from an attack, was forced down last night on Danish territory and its four crew members immediately set afire. It was the second German plane forced down on Danish territory in 24 hours. A third German plane, described by the Nazis as an unarmed transport, was forced down in Belgium.

The war in Finland was brought close to the capital city of Helsinki Thursday when residents of the party evacuated city heard the loud fire of what appeared to be coastal artillery guns on the nearby Gulf of Finland coast.

Rolling Along Tourist Notes

Mr. and Mrs. William Thomas of Union City, Penn., are visiting with Mrs. C. F. Parkin at her home on Laurel Avenue for the months of January and February. Mrs. Parkin and daughter, Dorothy, have Woodbury, Conn., as their home address.

Miss Mildred Parkin and George Parkin of Waterbury, Conn., spent Christmas with Mrs. F. C. Parkin and Miss Dorothy Parkin.

Mr. and Mrs. William Otto celebrated their 35th wedding anniversary Jan. 8. Mr. Otto was the president of the Tourist Club last season. Mr. Otto did great work during the Christmas holidays, and with the help of Mrs. Otto, they made a very jovial Mr. and Mrs. Santa Claus.

One of our esteemed members, J. A. Balding of Lake Mary had a very unfortunate experience last Thursday, Jan. 4. His home was burned to the ground. He escaped serious injury in trying to save various articles in the house. Mr. Balding hails from Lawrenceville, Ill.

The Sanford Shuffleboard Club is going very well these days. More and more visitors are being seen there. It is a favorite spot to relax and play in the Sanford sun. The way the weather is up north, it is a pleasure. Or probably you all know it now, W. L. Aldrich is in charge, and he is always willing to help anybody there. Happy shuffling!

The next meeting of the Tourist Club will be held in the City Hall Auditorium Monday evening, Jan. 16, at 7:30 o'clock sharp. An excellent program is being planned, and we hope to see you all there.

FOOLED YOU!

RICHMOND, Va., Jan. 11. —(AP)—The trial was over—but the evidence lingered on. Court attaches explained, in response to puzzled sniffing about Justice Eiben Folkes' bench, that contents had been spilled from a jug used as evidence in the case of a man charged with selling without a license. The jug had contained high-powered perfume.

Typus Vaccine Now Be Made in Big Quantities

NEW YORK, Jan. 12. —(AP)—A new method to produce typhus fever vaccine, enough for the first time to protect an entire nation, and probably the whole world, was announced yesterday in science.

Typhus is one of the principal medical worries in the present European war, as it was in the past when delousing of clothing was universal in armies. Lice carry the disease.

It is endemic in Russia and parts of the Balkans. Wars always have spread it to civilian populations. Food shortages render people more susceptible so that historically it is known as the famine-disease.

There are two main types, European and American. The American has been far less destructive of life. The Harvard discovery is for the European type, and culminated a 20-year, world-wide hunt.

How to make typhus vaccine has been known. It is done with the bodies of rickettsiae, the germs which cause typhus. But until now there never has been any way to obtain enough rickettsiae.

Poland, until the start of this war, had the only practicable method, but this produced only enough to vaccinate about 20,000 persons a year. When epidemics threaten, millions need vaccination.

The Harvard discovery is no secret. Its publication makes the new mass production method immediately available to all nations.

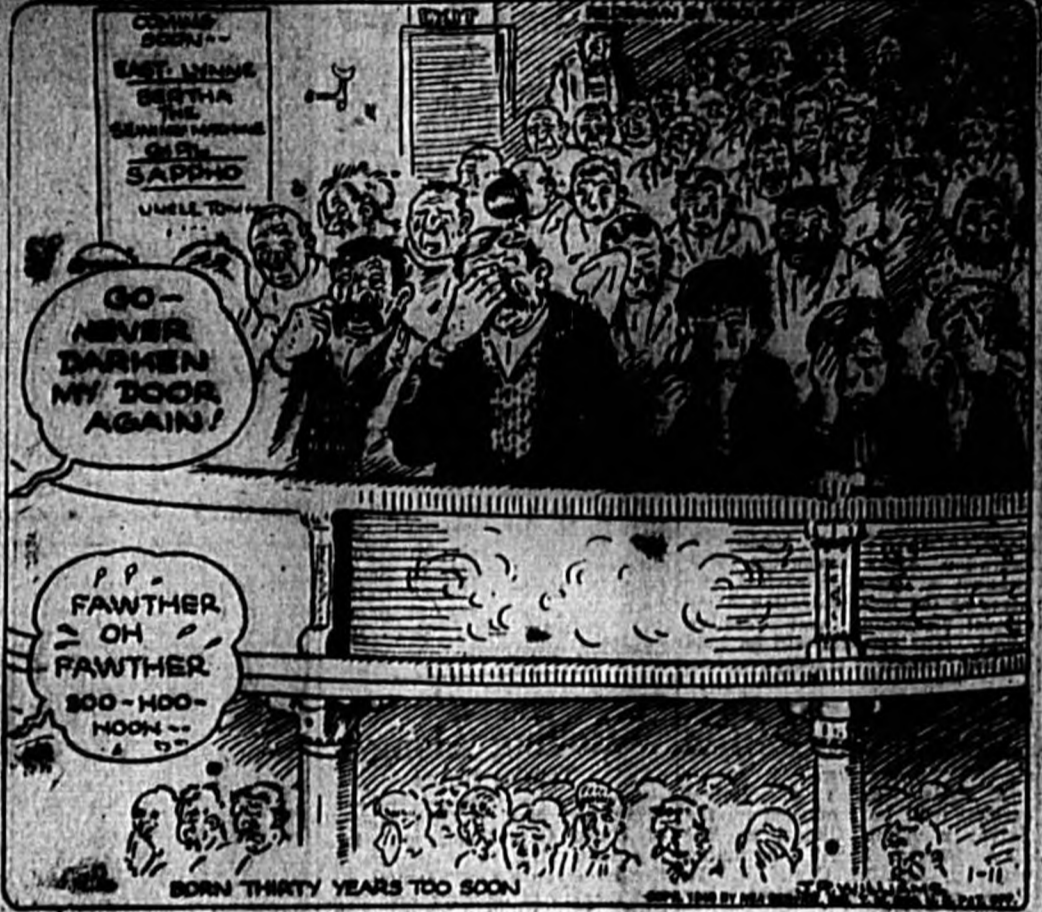

Mass production is done by combining two new methods of growing the germs which had been discovered in the United States in the last two years. The work is reported by Doctors Hans Zinsser, one of the world's best known bacteriologists, Harvard, and John F. Enders. Zinsser is a guest worker at Harvard from the Pasteur Institute, Paris.

These Harvard workers recently discovered that rickettsiae could be grown fairly well on agar, a gelatinous substance from seaweed. But not enough to make sufficient vaccine.

About the same time Dr. H. H. Cox reported in the U. S. Public Health Service Proceedings, that the germs could be grown well by incubating fertilized hen eggs. But again the yield was disappointing.

Harvard scientists now were combining the two methods. The germs grow well on the agar, but not on the hen eggs. By this method, the scientists

Pomanders, used in grand-mother's time to scent linens and clothes closets, are back in style. To make one, stick cloves as close together as possible, in a large thin-skinned orange. Sprinkle with 2 tablespoons of cinnamon mixed with 1/4 table-spoon of citrus rind. Wrap carefully in waxed paper and store for two weeks in a covered box. Shake off and the Pomander is ready for use.

New Pastor Occupies Church Of God Pulpit

The Rev. Clyde Ogilvie, recently transferred here from Chattanooga, Tenn., has taken over the pulpit of the Church of God, replacing the Rev. O'Neal Hughes, the former pastor, who has been transferred to Gaines City. The Rev. Ogilvie is a talented singer and musician.

A series of revivals will be conducted at the church by the Rev. O. C. Crank of the Orlando Church of God, beginning Sunday. All denominations were invited to take part in the campaign.

Evenly Matched Field Scheduled For Feature Event At Dog Track

ORLANDO, Jan. 12. — Although some of the feature races in the dog track included in the field for tonight's ninth race, Racing Secretary Pat Meets of the Sanford-Orlando Kennel Club considers this field as one of the most evenly matched of the season.

The feature tonight is another 5-16th mile event and the dogs entered for the heat are top long distance runners.

Don Black, E. O. Edwards' three-year old dog, who struck across the finish line in the first heat of 32.3 in Wednesday night's 5-16th mile quinella event will be one of the outstanding favorites when the greyhounds break from the starting box tonight.

Lucky Salin, Ed Willard's two-year old brindle, who swept to a victory in a 5-16th in the event preceding Black Salin's race Wednesday night, in the commendable time of 33.4, only a second slower than the track record for the distance, rates as another marked greyhound for tonight's feature.

Don At Arms, another 5-16th winner Wednesday night, has also been announced for this ninth event. The two-year old fawn dog from Lester Cole's unusual string of dogs, topped the fifth race Wednesday night, another 5-16th heat, in 33 seconds.

Judge's Decision, second to Bern Black, Sam Cain, the sensational young puppy who blossomed forth the first few nights of racing. Forerunner, Happy Career and Spooky Jazz round out the ninth race entries for tonight.

Lucky Dot, the sensational brindle puppy from Lester Cole's kennel of champions, equalled the track record for the 5-16th of a mile distance when she was clocked in 32 seconds flat to win the feature event last night.

The record was established three years ago by Ann Hope and has never been seriously threatened since, although My Valentine Jr., was timed once last year in 32 1/3 seconds.

The two-year-old 85-pound Dot, out of Lucky Roll and Traffic Babe was out of the eight box like a shot and took the lead at the rail while passing the judge's stand. From then on set the speeding youngster uncorked a mighty, turf-pounding stride to lap the oval without a faltering moment.

It was the tightest bunny-chasing performance of the season and the crowd gave the puffing greyhound a big round of applause at the close. Last night's win was the fourth straight for Lucky Dot which is the best track to date. She holds three straight schooling wins in addition and has yet to meet defeat at the Longwood track.

The throng in attendance established the Cole Kennel luminary as a hot favorite with Dot going to post at odds of 7 to 10 while next in line was Fanny Fay at 5 to 1. Sand Babe gained the place in a camera flash with Big Question.

It was another night of "close decisions with the camera being called upon to decide money winners in six of the 11 contests.

Irish Brogue, of the Ard Na Loch Kennel, won the 10th contest in 29 and 2-5ths seconds for the feature. This is just one-fifth of a second behind the sea mark from this box set by Lucky Dot and Lady At Arms. The Brogue's running last night will undoubtedly cause Secretary "Pat" Meets to give this greyhound an opportunity to show his stuff.

Cefery Feds Lose Second Game To DeLand 22 To 16

Seminole High School's Cefery Feds lost their second game of the season last night to DeLand's Bulldogs in DeLand by a 22 to 16 score.

The Feds started off strong and at half time were leading 13 to 8 but in the third quarter the Bulldogs spurred and went ahead to hold their lead until the end of the game.

Dunn and Riser led Sanford's attack with five points each. Hunter topped the Bulldog scorers.

Ocala Tennis Team Plays Here Sunday

Definite arrangements have been made for Ocala's tennis team to meet a Sanford team Sunday, City Recreation Director R. M. Harshaker announced today.

Playing in the men's matches will be Dr. T. F. McDaniel, Clay Williams, James C. Higgins, Robert Knight, and Pete Schirrad. The women's team will be composed of the following: Mrs. Arthur Zachary, Mrs. Kinchen Powers, Mrs. Charles Morrison, Miss Ellen Betts, Miss Katherine Calhoun, and Mrs. Algernon Speer.

Sanford defeated Ocala in the latter city several weeks ago.

Business Conducted By Junior Class

The Dramatic Club meeting Thursday, January 4, was held at Bruce Bolt's home. The meeting was called to order by the president, and due to the fact that Leroy Estridge went away, a new member, Jack Herring, was voted in to take his place in the east. This and the switching of two parts will further delay the presentation of the play, "Road to Niagra." The date, however, will be announced soon.

After the business meeting refreshments were enjoyed by Joyce Adams, Mary Martha Emerick, Winifred Lovell, Dorothy Runge, Lola Caldwell, Helen Hutchison, Leona Howard, and Patsy Hodge.

Also Bruce Bolt, Harry Brownlee, Dicky Brown, David Gatchel, Mack Cleveland, and Miss Nellie Williams, sponsor.

Seminole Freshmen Have Class Meeting

The meeting of the freshmen class was held on January 5, in the High School Auditorium. The meeting was called to order by the president. The secretary's report was given and the treasurer's report read. They voted and adopted a class flower, color, and motto.

Rev. John Williams Addresses Students

The students of Seminole High School were privileged to have as their guest speaker, the Reverend John E. Williams of Atlanta, Georgia. Mr. Williams' subject was "What is Life and What Does It Mean to Us."

Parent-Teachers Have Session On Tuesday

The Seminole High School Parent-Teachers Association met Tuesday Jan. 9. Mrs. F. A. Dyson presided over a short business session. The membership committee reported 105 paid members.

Mrs. E. A. K. Stone was to have had charge of the program but because of her daughter's illness she asked to be excused. Marian Allen and Clyde Ferguson sang a duet.

The date of the next meeting which will be a joint meeting with the Junior play, has not been set but Mrs. Volle Williams, program chairman, asks that all members look for the announcement in the local paper.

Business Meeting Of Drama Club Is Held

Junior Class meeting was held Friday, January 5, 1940 in the upstairs study hall. The meeting was called to order by the president, Edwin Brannan. Minutes were read by Jesse Durden and were approved. A report was given by Erma Doudrey, of the Junior Dance held during Thanksgiving. A short report was given on the progress of the Junior play. An advertising committee was appointed and the stage and property managers were named.

Exams To Be Given For Appointment To Guard Academy

An announcement has been received in the library of the annual competitive examination for the appointment of cadets to the United States Coast Guard Academy, at New London, Connecticut. The examination will be held at various places over the country on May 15, 1940.

The examination is open to young men between the ages of seventeen and twenty-two years. The course of instruction is basically scientific and engineering in character, so that the requirements are in general those necessary for admission to one of the better engineering colleges.

As a supplement to classroom study, practical experience is gained aboard modern cutters on annual cruises to European or South American ports.

While undergoing instruction the cadet is paid a salary of \$780 per year, and also an allowance for subsistence. Upon graduation, the cadet is eligible for a commission in the Coast Guard as Ensign, with due advancements.

New Books Received By School Library

As usual, the library is receiving new books. Those received this week are interesting as well as helpful. Everyone should be interested in "This is My Story" by Eleanor Roosevelt. Also, there is "Forward with Roosevelt" by O'Brien. Then, in contrast to this type of book, there is "Daniel Boone" by James Daugherty, "Worldamous Paintings" by Rockwell Kent, and "The New Wonder Book of Knowledge" by Dr. Brownlee.

Bell Ringers Give Chapel Program On Odd Instruments

The High School Glee Clubs sponsored a chapel program Thursday at Seminole High School of the Mason Bell Ringers. For the opening numbers Mr. and Mrs. Mason played "Bells of St. Mary" and "Believe Me If All Those Endearing Young Charms" upon the Swiss hand bells.

Following these Mrs. Mason played "Grandfather's Clock" upon the musical goblots.

Two of the most interesting numbers were "Auld Lang Syne" and "Home Sweet Home" played by Mr. Mason using two flash-lights and a photo-electric cell. Another way by which Mr. Mason was able to produce music was the Victor Theremin, accompanied by his wife who played "Old Black Joe" on the piano. The Theremin is not played by touching it but by moving the hands over it, thereby causing electrical vibrations.

Mr. and Mrs. Mason played "Long, Long Ago" on the vibrat-harp as a duet. Mr. Mason then played the "Old Spinning Wheel" and "Are You Washed in the Blood of the Lamb" on the staff bells. These bells have neither clappers nor handles. The program was concluded by the rendering of "Home Sweet Home" as a duet on the musical goblots.

It was planted in memory of Billy Warren, deceased classmate and friend. The tree was dedicated by Dr. Brownlee of the First Presbyterian Church. 9. Tree—Glee Club.

Why High School Pupils Should Be Interested In Elections

Who are tomorrow's citizens? High school students are "just around the corner" citizens. They are to be the leaders or they are to select the leaders in coming years.

Although we do not vote now, we are affected directly by the elections. We should be interested in elections as we will want to watch the method of the selected man. This is an important factor as most incumbents seek re-election. We must check his record when we gain the right to vote. This is a way to be sure to get a worthy man.

Discussed in my preceding paragraph was the carefulness needed in selecting a man for a position. We, the high school students, are to be the future electors. Has this man been a worthy representative? Has he assisted in aiding our community, our state, or our country? Did he intend to satisfy his own personal greed? We must answer these questions satisfactorily before we vote.

How many students are sincerely interested in elections? The answer is not a sufficient number. If he is the son of a republican or a democrat, he "roots" for the candidate of the respective parties. This is emphatically wrong. The platforms should be looked over and a man's record checked. A boy or girl should choose his own candidate and his own political party. Many politically-minded men who think only of themselves are elected because

Work Is Begun On Junior Class Play

The Junior Class play, "Professor, How Could You?" has been cast and production has been begun. The presentation of the play will be on Thursday, Feb. 8.

The cast includes: Nell Stewart, Natalie True, Erma Doudrey, Marcia Proctor, and Catherine Hurt. Also Dickey Brown, John Dunn, Leroy Lang, Chris Thompson, and Jack Morrison.

The plot centers around a young professor who gets hopelessly muddled with girl trouble due to his kind, helpful friends. The play promises to be grand entertainment for one and all.

Oviedo Future Farmers Hold Regular Meet

The Oviedo Chapter of Future Farmers held a meeting Monday night in which they discussed their Father and Son banquet which is to be held in Oviedo Jan. 22.

The treasurer gave a report on the thrift account in which there are seventeen boys with accounts. The following were present: Charles Lee, Sidney Cartwright, Benoit Kimble, Arthur Hunter, T. L. Lingo, Rex Clout, Jimmy Malcolg, James H. Cooper, Billy Gammage, Arthur Matalci, Earl Beasley, Herman Long, Edward Parker, Bobby Farber, Jack Malcolm, Tommy Staley, Camby Kimble, and Mr. Cooper.

Girls Gym Classes Practice Basketball

With the new year the girl gym classes left volley ball and began basket ball. Many of the students enjoy this game more than any of the others played during the year.

Air Warfare Continues In Europe's Skies

Soviet Bombers Drop Explosives On Helsinki, Other Cities In Furious Raids

British Report Downing Plane

U. S. Plays At Largest Army-Navy War Games In History

Air warfare held the spotlight today as good visibility sent Russian, German and Allied planes into action from southern Finland to Austria and Bohemia.

Soviet bombers raided Helsinki and other Finnish cities while German scouts sped over Britain's coast, and British fighters ranged over the eastern section of the Reich.

Forty bombs were dropped on Helsinki, where two were killed, and four injured, some buildings were destroyed. The British said they shot down one German plane.

The British reported the first scouting flights over Bohemia and Austria since the outbreak of war was carried out last night as well as reconnoitering over northwest Germany.

The island of Heligoland was bombed, as were three destroyers, but no hits were claimed.

Explorations and fire swept a Swedish town as its shipbuilding yard in western district was bombed, but officials said there had been no casualties.

Scandinavian advice said Russian troops had been withdrawn from part of Linnaharri, Finland's Arctic port, and that both Russian and Finnish forces were being strengthened all along the front, further south, but still above the Arctic Circle, and apparently were headed for a major battle.

In southeastern Finland the invaders reported advancing Mannerheim Line defenders through lead speakers to surrender in 48 hours or the Germans are coming.

The United States played at the largest joint army-navy war games in history off the coast of California and war department army troops in navy sections were receiving training in attacking the North sea.

A British statement announcing several consecutive days of flight by German planes over the British Isles, Royal Air Force planes dropped six bombs on a row of lights believed to have been a path of flares to guide German aircraft in a raid on the island of Helig.

Germany's great seaplane base in the North sea.

A British statement announcing the operation said all the planes returned safely despite anti-aircraft fire.

Residents Are Urged To Vote For Most Courteous, Efficient Clerk

"Today is the day to cast ballots in the contest for the selection of the most courteous and efficient clerk in Sanford," Commissioner Edward Higgins, who is directing the "trade-at-home" campaign, reminded residents of Sanford, urging them to fill out the ballot appearing elsewhere in today's Herald and return it to the Herald Office not later than 6:00 P. M. Monday.

The decision of the three secret judges will be made next Thursday and to the clerk voted the "most courteous and efficient" will be given a cash award of \$15. The second prize winner will receive \$10 and the third prize winner will get \$5.

Every resident of Sanford was asked to cast a ballot on which their selection should be written. The decision of the judges does not depend solely on the results of the election, Commissioner Higgins pointed out, adding that the winner must not only lead in

the voting but also must have been given a good recommendation by the committee of 20 shoppers which visited Sanford during the week to make observations for a written report including their criticisms.

Commissioner Higgins pointed out that the objective of the contest held in connection with the drive to induce the spending "Sanford Dollars in Sanford" is to assist merchants in improving their services to their customers as well as improving the town.

The ballot appearing in today's Herald may be either brought in personally to the Herald Office or mailed, but it must be received before 6:00 P. M. Monday because the count will be made at that time and the results turned to the judges for their consideration.

This contest was launched on Jan. 2 as the second phase of the "trade-at-home" campaign.

Monies For U. S. Defense May Be Upped

Chairman Vinson Of Naval Committee Says We Ought To Have More Taxes

WASHINGTON, Jan. 13.—(AP)—The possibility developed today that "emergency" outlays for national defense, which the President recommended should be financed by additional taxes, might exceed the 460,000,000 estimate made in the President's budget.

Chairman Vinson of the House Naval Committee said he has authorized the \$1,300,000,000 expansion program in time, funds would be sought to start as many of the 77 new warships involved as building facilities would permit.

The President made no allowance for these ships. "We've just got to have some additional taxes," Vinson said.

Both houses of Congress began a weekend recess, but both parties seemed disposed to approach Finnish aid proposals cautiously for fear of possible violation of American neutrality. Republicans contended it was the responsibility of the Chief Executive to initiate a specific plan of assistance.

Meanwhile, the nation held its teeth around the western hemisphere security zone with new rules including one refusing to allow belligerent warships to make repairs or take supplies inside the zone after belligerent acts had been committed inside.

Cone To Announce For Office Of U. S. Senator Next Week

ST. PETERSBURG, Jan. 13.—(AP)—Governor Cone, who has been toying with the idea of running for the United States Senate since last Nov. 9, said flatly today he would be a candidate for the office next week.

"Yes, I'll make my announcement in a few days," he told a Tribune reporter. "It'll be about the middle of next week."

He added that he would run on his record as governor, and the main plank of his platform would be, "we don't need any more taxes."

The governor was a speaker here at the state Democratic convention, which also brought out a number of candidates for various offices.

Jerry W. Carter, state railroad commissioner, told friends he was going to run for the Senate, too.

"I'll announce soon after Governor Cone does," said Carter.

David Shultz, former governor and also a speaker at the convention, confided that he was giving the race his "serious consideration," and left the impression among convention delegates that he also would be in the race.

Doyle E. Carlton, of Tampa, former governor, left the convention guessing, in a facetious speech he indicated one moment he would make the race and another that he would not.

J. J. Parrish Will Seek Re-election To Seat In Senate

Veteran Legislature Member Asks Support Of Seminole

J. J. Parrish, of Titusville, announced today that he will be a candidate for election to the Florida Senate from the 17th District, which includes Seminole and Brevard counties.

In asking the voters of the two counties to return him to the legislature for another term, Mr. Parrish declared "I love the people of the 37th District they have been my friends in business and I owe them more than I can ever pay back by the service that I can render them, but I will do my best. If re-elected I will give the 37th District honest service and do everything possible to make it better for the people therein."

"I am interested in the welfare of the young and the aged in my district which is a matter of record at all times. My business life has been spent in district 37 and I speak for itself," he concluded.

Mr. Parrish has more years of service to his credit than any other member of the Legislature taking into consideration the terms he served both as a senator and a member of the House of Representatives.

He entered politics in 1918 when he was first elected as a House member from Brevard county and was re-elected for successive terms to the House until he went to the Senate from the 37th District in 1927. His record of service in the Legislature was climaxed by his elevation to the presidency of the Senate in 1935, a position succeeded only by the governorship.

He is a member of the Presbyterian Church, a Mason, an Elk and a member of the Rotary Club.

Born in Bowling Green, Mr. Parrish moved to Titusville in 1915 when he has continued to reside ever since. He has three children and two grandchildren. He has long been connected with the citrus industry.

Police Invoke Law To Protect Local Merchants

Chief Asks Co-Operation In Keeping Out Itinerant Peddlers

Alexander Gregg, Jr., who gave his residence at Philadelphia, Pa. will make a wide tour around Sanford on future visits to Florida if he heeds the counsel of Judge Frank Miller, who is the first itinerant peddler to be tried and convicted under the ordinance passed by the City Commission last summer for the protection of local merchants.

Gregg was arrested yesterday afternoon when it was learned that he had sold a fur coat to a Sanford resident without payment of a license fee of \$500 prescribed in the ordinance for itinerant peddlers.

A fine of \$100 or 60 days in jail is the maximum penalty for violation of the ordinance but Gregg was sentenced to pay \$25 and \$25 and remanded by Judge Miller to stay away from Sanford in the future.

Gregg was held in jail for several hours in lieu of the \$200 bond which was required by the Chief of Police Roy G. Williams before Judge Miller was called and the case tried in a special Municipal Court session.

Chief Williams urged the co-operation of the residents in stopping the itinerant peddlers who at times are so persistent that they become annoying.

Other peddlers in Sanford have been forced to buy the required \$100 license or be fined \$100 each but previously they have chosen the first alternative. Gregg was the first actually to be convicted under the ordinance.

Police said that the peddlers were allegedly assisted in making contacts with local persons who might buy their products by a person in business in Sanford.

Mrs. Gregg, who accompanied her husband, but who was not arrested, Chief Williams said that they got \$40 for the coats but would take \$25 for them. She said the coats were "Hessians, sea or lapin coats. Following the trial, the Police Department was informed that seven of the coats had been sold to Sanford women before Gregg was apprehended.

The ordinance under which Gregg was prosecuted, requires that any person, firm or corporation before selling any goods within the City "whether upon order for future delivery or immediate delivery, without a fixed place of business, in which is defined, shall be required to pay an annual license tax of \$100, and obtain a license for the transaction of such business."

The prohibition does not apply to the sale of agricultural products when sold by the producer, nor to sales by a wholesaler dealer to a retail dealer.

Explaining what is meant by a "fixed place of business," the ordinance says the term shall be construed to mean a permanent fixed and established place where goods, wares or merchandise are sold or displayed for sale and normally and continuously be conducted by means of any vehicle or railroad car.

2 Navy Planes Collide In Air In California

Battered Body Of One Flier Found, Others Parachute To Safety

SAN DIEGO, Jan. 13.—(AP)—Two navy planes collided midair over the Southern California desert and early today one ship was found with a flier's battered body inside.

Five other aviators in the collision were reported safe, but an official said only four had shown up, and one was still missing.

The dead man is James Crowson, 24, found when the searching party arrived at the scene of the wreckage 70 miles from here.

Two torpedo bombers, carrying three men each, and were circling in regular formation when shifting currents brought them too close together.

The planes spun off a wing of the lower, both spun crazily. All bailed out except Crowson, who it was reported, seemed unable to jump.

Mrs. Laura A. Lee, Pioneer Resident, Dies After Illness

Mrs. Laura Augusta Lee, 85, widow of the late J. H. Lee, who served for a number of years as an Orange County Commissioner before the division of the two counties, died at the home of her daughter in Oviedo yesterday afternoon about 3:30 o'clock following a lingering illness.

ANNOUNCES

Seminole Teachers Get December Checks

Seminole County's school teachers received their checks in payment of their salaries for the last half of the month of December yesterday, it was learned at the office of the Superintendent of Public Instruction today.

Checks for the first two weeks of the month were given to the teachers before Christmas.

The Seminole School Board was forced to negotiate a loan of \$7,500 to obtain sufficient funds to pay the teachers up to date since the State is behind in its allocation to the counties for this purpose.

Tennis Matches With Ocala To Be Played

Chances for the appearance here of the Ocala tennis team tomorrow to play Sanford's tennis team diminished with a heavy fall of rain last night that soaked the City clay courts by the waterworks.

Director of Recreation R. M. Hardaker said today that the matches would be held unless more rain fell between the afternoon and 8:00 o'clock tomorrow afternoon at which time the matches are scheduled to begin.

Sanford defeated the Ocala team several weeks ago in Ocala.
