

# 16 Jr. High Teams Battle For County Title At SHS

## Finals To Be Played Tomorrow Evening

This morning at 8:30 a. m. 16 boys' and girls' Junior High School basketball teams opened a two-day elimination for the county championship in the Sanford High School gymnasium, playing 11 contests through this morning and this afternoon.

Defending boys' champions, Oviedo, went into the tournament top-seeded with the Little Lake Mary boys ranking second-seeded on the basis of their sterling 8-0 record so far this season.

The Lake Maryites, coached by Harold H. Heckman, are entered in the junior division of the Junior High tournament with Oviedo closed in the senior bracket. Both are considered favorites in their division, junior and senior, by Superintendant of Public Instruction Royburn T. Allwee.

The play-off for the boys' Junior High championship will be staged tomorrow night at 8:30 p. m. in the SHS gym between the junior and senior divisions. In the girls' flight, the title match will pit the winners of their junior and senior brackets tomorrow night at 7:30 p. m.

In all, 16 schools are sending the 16 teams to the tourney. The Lake Mary girls are the defending champions and top-seeded in the tournament on the basis of a sterling 6-0 record this year. The Lake Mary losses were the title loss to Oviedo, in Oviedo, for the first time. Previously the Oviedo girls had held a death-like grip on the title but as their counterparts have far so long.

Tomorrow afternoon's semifinal boys' game and the final tomorrow night at 8:30 p. m. are the only two games to be staged at the High School for the addition prize, adults will be charged 35 cents and children 15 cents.

# Mrs. Austin Is Medalist In Mayfair Women's Title Tourney

## Eliminations Begin For Field Of 27

Mrs. C. L. Austin opened the Mayfair Seminoles County Club's annual Women's club championship best Saturday afternoon by registering the top qualifying score to win the medalist title. The 27 women, however, rolled up the first score among the field of 27 women entries only to default because she has to return to Texas this week.

Miss Mrs. Fritz Heard, runner-up medalist who was outlined by Mrs. Austin, was her first round by default and succeeds to the second round of the championship flight to play the winner of the Mrs. E. H. Smith-Mrs. Howard McGough match in the initial pairing of the title bracket.

Mrs. E. H. Smith goes into her first match with Mrs. McGough. The championship flight to play the winner of the Mrs. E. H. Smith-Mrs. Howard McGough match in the initial pairing of the title bracket.

The play-off for the boys' Junior High championship will be staged tomorrow night at 8:30 p. m. in the SHS gym between the junior and senior divisions. In the girls' flight, the title match will pit the winners of their junior and senior brackets tomorrow night at 7:30 p. m.

Mrs. C. L. Austin, medalist in the Mayfair Women's Title Tourney.

# Fort Lauderdale Wins State "AA" Basketball Title

A well-integrated summer Junior basketball recreation program paid handsome dividends for the Flying "L's" of Fort Lauderdale last Saturday night as they defeated Miami High, 49-50, to win the state "AA" championship. The astronomical "L's" succeeded to the AA championship last year by Pensacola when they defeated Hillsborough in the state final.

Central Florida's only finalist, Wildwood, who turned out to be the Cinderella team on the tourney, snared the class A title from Homestead of population 5000 County, 61-47. Earl Heinz showed the nets for 25 points to pace the winners.

In the other two championship games, last year's champion represented this year, Malone made to crown behind the one-way scoring punch of Charlie Horn, 22 points, and Bill Rodgers, 20.

Weswhitchka, the team that dominated Seminoles County's only home, Oviedo, in the state tourney's opening round, 67-43, 2 rounds to the title again last Saturday night by dropping Hillsborough, 50-15.

# Wiederhold Paces Lake Mary Cagers To 49-10 Victory

Little Chuck Wiederhold pounced in 23 points to pace the Lake Mary boys team to its ninth straight win, 49-10, over Lake Monroe this morning in the opening game of the Seminoles County Junior High School basketball tournament at the Seminoles High School gymnasium.

Martin Brown pipped in 12 points to rank second to Wiederhold for the winners as Billy Hawkins hit for three to lead the losers. Lake Mary broke from the first quarter with a 15-5 margin, which it didn't relinquish the rest of the way.

(First Game)

# Giants Win 2-0 To Tie Red Sox In Lions League

Eddie Darbour fashioned a nifty two-hit shutout to pace the Giants to a 2-0 victory over the Red Sox in the Lions Junior baseball league play last Friday afternoon at the Lakefront diamond.

The triumph enabled the Giants to forge into a two-way tie with the Red Sox for second place only one game behind the front running Cubs, who have won both games of the one-week-old campaign.

Charlie English went the route for the losers turning in a creditable performance, yielding only four hits and just two runs.

Homeplate Play Cubs Today  
 The last-place Seminoles and Cardinals will battle it out for fourth spot today at the Lakefront diamond starting at 1:00 p. m. Tomorrow's Lions League game will see the second-place Red Sox and league leading Cubs meeting each other in the Lakefront park at the regular 7:00 p. m. starting time.

# Oviedo Lions Are County Champions With 18-4 Record

Seminole County's hub of basketball, Oviedo, proved its metal by winning 18 of 22 games this year, smothering a 17-game winning streak at one stage of the season.

The Lions were undefeated in 17 Class C Central Florida games and won the CIFC Mount Dora tourney, while placing runner-up in the Weirsdale Class C state group.

They went to the state championship tourney in Gainesville last week only to lose out in the initial game to the Class C state champion, Weswhitchka, 35-21.

Sophomore forward Bobbi, Driskill, second leading scorer in Seminoles County, was the individual leader for the Greys, scoring 23 points in 21 of the 22 games played this year. Driskill sank 108 field goals to place second in the county and pace the Lions. Driskill's 12.1 average topped Lyman and was second to Jones' 18.1.

Senior forward Charlie Shaw was the second Lyman point maker with 106 markers, third high in the county. Allen Thomas, sophomore center whose brother Ed, a junior, also played for the Hounds, was third with 131 markers. Newman was fourth with 128 and Hopkins ranked fifth with 80 in only 13 games for a fourth high average of 6.8.

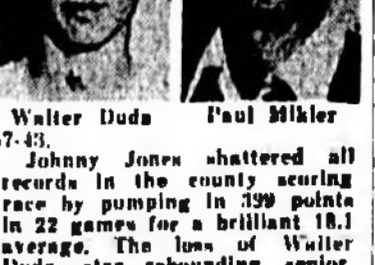

While the Painesmen won nine of 22, they lost seven of their 13 games by the slim margin of less than five points. By winning half of these close games the Hounds would have concluded its season on the winning side of the ledger.

The Greyhounds' true value may best be seen by comparing the difference in points scored by Lyman and the opposition. Less than a point separated the Lyman opponents and the Hounds. The margin was a close 4:1 for the opposition and 42:3 for the Longwood.

By comparison, Oviedo out-pointed its rivals by 19 tallies with Sanford scored six points.

# Lyman Five Posts 9-13 Record On Late Season Winning Surge

Coach Payne in playing his green recruits had an eye for the future. Next year and the season following the Lyman cagers should be a power to contend with. This year the Hounds amazed everybody by winning their way into the semi-finals of the Central Florida Conference tourney at Mount Dora and the semi-finals of the Group tournament at Weirsdale.

Walter Duda, a player in the Lions League.

#### BUSINESS MAN'S PRAYER

Give me a good digestion, Lord, And also something to digest; Give me a healthy body, Lord, And the sense to keep it at its best.  
Give me a healthy mind, O Lord, To keep the good and avoid the bad, Which seeing sin is not apparel, But finds a way to set it right.  
Give me a mind that is not bored, That does not whimper, whine or sigh.  
Don't let me worry overmuch About this fussy thing called "I." Give me a sense of humor, Lord, Give me the grace to see a joke To get some happiness in life, And pass it on to other folk.  
—Exchange

There is going to be considerable opposition to the move to extend the city limits to include the new ACL depot. But if the city limits are not extended, the City is going to lose a lot of revenue.

Despite the fact that Florida is a tourist state, rents here are cheaper than they are in the rest of the country. Census figures show that houses rent in Florida on the average, including utilities, for \$39.35 a month while the rest of the country pays \$42.47.

There are 1,400 drug stores in Florida employing 8,200 persons with a total payroll of some \$20 million, the State Chamber of Commerce reveals. Florida drug sales are expected to be 30 percent higher than the average for the rest of the country, but this is accounted for largely by the tourist business.

The seriousness of the water shortage in Florida, despite our abundant rainfall, and numerous lakes and streams is indicated by a report from Fort Myers where the city is spending \$450,000 to increase the water supply. But of four wells already dug two are dry and the third collapsed two hours after pumping started. Only the fourth stood up. Pumping some two million gallons daily, the output is dropping by 50 thousand gallons weekly.

Pay raises seem to be in store for a number of State officials if the Legislature approves. Cabinet officials who get \$10,000 a year are asking for \$12,000. Heads of departments now receiving from six to eight thousand may be raised to ten thousand. Pay raises will also be requested for the secretary of the board of control, the State Budget Director and the head of the State Mental Hospital. When one stops to think that \$10,000 will buy only about half as much as it would ten years ago, some raises would seem to be in order.

This country may not be ready for war, says the director of the Office of Manpower Requirements. But it is in the best shape it has ever been in for a knock-down drag-out fight during peace times. "The United States has more trained men ready for war than ever before in its history," he says, pointing out about two million trained reservists as well as many millions who saw service in the last war and who are still fit for duty or who could be made fit. However, he should be told that some of them will need a lot of foot work.

"Prominent names in the House," says Jim Powell in the Tampa Tribune, "will include Speaker Ferris C. Bryant of Ocala, Rep. Thomas E. (Ted) David, of Broward county, and Gus Dikle, of Taylor, the main candidates for speaker in 1953. Thomas T. Cobb, of Volusia, Vain A. Williams, of Seminole, Dante B. Fascell, and Robert L. Ford, of Duval, Fletcher Morgan, of Duval, Wilbur Ayres, of Marion, Roy Series and Perry Murray, of Volusia, E. Elliot, of Palm Beach, James L. Shavers, of St. Johns, ranked will also be mentioned in the House by freshman member Mack Cleveland Jr.

### False Colors

Sanford's Congressman S. D. Herlong has dropped a bill into the legislative hopper in Washington which seems destined to develop into the law of the century as far as the citrus industry is concerned. Rep. Herlong proposes that the Pure Food and Drug Act be amended so as "to provide that citrus fruit to which artificial coloring is added shall be deemed to be adulterate."

If this bill passes, it would, in effect, prohibit the sale of "color-added" fruit by Florida growers. With substantially more than half of the fresh fruit market given over to "color-added" fruit, and with some of these growers contending it is necessary to color the peeling of Florida fruit in order to compete with California oranges, it is plain that Rep. Herlong's bill is in for some tough sledding.

However, we believe he is on the right track. It was Abraham Lincoln, we believe, who said, "You can fool some of the people all of the time, and you can fool all of the people some of the time, but you can't fool all of the people all of the time." "Color-added" has the effect of fooling almost any northern consumer at first, but he soon gets wise.

People don't buy oranges because they are "golden apples of Hesperides"; they buy them because they are sweet to taste. When they buy some that are luscious looking but taste like last week's shredded wheat with sour milk, they are reluctant to buy again and they soon learn that the looks don't mean anything.

There is something about "color-added" that we never did like. It's like sailing under false colors. It doesn't seem to be exactly on the square to color Florida oranges to look like California oranges in order to sell them. What's the matter with the way Florida oranges look anyway?

What's the matter with a russet orange, or a greenish orange . . . if it's ripe and tastes good?

### Safety Clinic

New Jersey is conducting an experiment in promoting highway safety. Traffic offenders are assigned so many points for each violation. Drunken driving and leaving the scene of an accident, for example, draws twelve points. Minor infractions draw fewer points. When a driver has accumulated twelve points in three years he must appear in court to show cause why his license should not be removed.

Before the court appearance, however, the chronic offender has a chance to attend a safety clinic. The attendance is voluntary but those who decline to attend have little hope of retaining their licenses.

At the clinic a series of physical and psychological tests are given to the violators. Some people who have attended the clinic have found that glasses improve their vision and change them from accident risks to normal, safe drivers. Tests are given to determine the mental attitude of the drivers who have managed to get into so many scrapes with the law.

Preventing accidents is a major responsibility of state and local governments. Laws which punish but do not correct drivers who are involved in traffic mishaps or violations of driving laws are worthless. The New Jersey program should be examined by safety groups everywhere.

### Communists Dropping Off

The Communists themselves admit that their number is diminishing. The party enrollment, throughout the world has dropped by at least 1,000,000 in the last three years. This news comes right from the horse's mouth. Pravda, the Kremlin's official organ, the information is "true," it is true, but it is there. Pravda states that there are now 24,000,000 party members in the world. In 1950 the Russian press figures gave the number as 25,000,000 or 26,000,000.

Of these 24,000,000 Russia contributes 7,000,000, and China 5,000,000. The next largest enrollment is in Italy, where 2,000,000 Communists are claimed. North Korea is stated to have 1,000,000 members. Three fourths of the Communists come from Communist states. This would leave only 6,000,000 for the rest of the world.

Not only did the figures show a decline of 1,000,000 since 1950, but actually it must be more than that. Both Russia and China are known to have increased the party strength of late. That must mean that elsewhere the number has dropped far more than a million.

Depend upon it, Moscow is worrying over these figures.

### State Farmers Market

REPORT NO. 482  
SANFORD STATE FARMERS MARKET  
MARKET  
SANFORD, FLORIDA  
The following prices reported by the dealers in the Sanford State Farmers Market for produce sold to Truckers and Dealers up to 2:30 p. m. Mar. 16

Potatoes, Sebago U. S. One A 1.00 lb. St. 4.75  
Onions, Green Doz. Buss 90-1.10  
Do, English No. Supplies  
Peppers 1.00-1.25  
Radishes 5 Doz. Crates 1.50-2.00  
Rutabagas 20 lb. St. 1.15  
Squash, Yellow Ho. Bkt. 2.50-3.00  
Tomatoes 40 lb. Crates 2.00  
Due to light supplies and late arrivals prices quoted are incomplete.

ORANGES, ALL SIZES Box 12.00  
Oranges, Temple 1/2 Box 2.00  
Grapefruit, Duncane No. 1 Box 2.00  
34 varieties produce received at Sanford State Farmers Market from 10:00 a. m. Mar. 14 to 10:00 a. m. Mar. 16. Total receipts 9,888 packages. Demand slow, market barely steady. Supplies plentiful on citrus, demand good, market steady.

### THE WORLD TODAY

By LARRY J. HARRIS

WASHINGTON (AP) — Charles E. Bohlen, one of this country's top diplomatic experts on Russia, ran into a political meat grinder. And Secretary of State Dulles, at the rate he's going, will get caught in it if he doesn't watch out.

President Eisenhower and Dulles both thought the 48-year-old Bohlen, who has spent 24 years with the State Department, was the best man they could find to be U. S. ambassador to Russia. They asked the Senate to approve him.

"For a few days there was some doubt that the Republican-controlled Senate would approve Bohlen, although now the clouds seem to have rolled away. He'll probably be confirmed by a comfortable vote.

But the fact that the opposition got up steam all was a stiff neck for Dulles who asked the Senate to hurry up on Bohlen because of Stalin's death and new doings in Moscow.

It wasn't the first jolt for Dulles. Only recently he and Eisenhower wanted the Senate to approve a resolution, which they had prepared, to condemn Russia for breaking agreements with the U. S. particularly those made at Yalta.

But Senate Republicans, who for years had been denouncing deals made with Stalin by President Truman, decided to add a paragraph of their own. The result was harsh:

"At one point the finished product condemned—Russia for breaking agreements. But then it promptly said the Senate wouldn't admit the agreements were agreements and President Truman, a Republican senator, wanted.

Recognizing this as a batch, the Republicans put it on the shelf. The result: no resolution passed, although Dulles had planned to try to get the Senate to go along with them.

In this way the Republican senators gave a demonstration of riding roughshod over their own secretary of state. But Dulles had suffered a couple of other rebuffs from Sen. McCarthy, Wisconsin Republican.

Dulles' men back water several times. They did what McCarthy wanted and he didn't take any stand against him.

Dulles can't stand much more of this without losing both prestige and effectiveness and, for all practical purposes, as one of the heads of a most important department, the leadership in foreign affairs he's supposed to provide.

Bohlen, started with the department in 1929 and served at the Potsdam conference. He served with Truman at Moscow and took part in a number of international conferences.

He also acted as interpreter for Roosevelt at Yalta and Truman at Potsdam. Because of his many years in the department, he served under many secretaries of state.

The last one he worked for, before Dulles, was Democrat Acheson. So this, in the eyes of some Republican senators, put two strikes on him.

First, he had been associated with Acheson in carrying out the Truman-Acheson foreign policies; second, he had been associated with the Democratic administration at the time of the Yalta and Potsdam agreements.

Eisenhower and Dulles apparently tossed Bohlen's name to the Senate, requested approval for him

### State University Told No Danger In Flourishing Water

TALLAHASSEE (Special)—All available evidence indicates there is no danger in water fluoridation, Dr. Harold C. Hodge of the University of Rochester School of Medicine and Dentistry told a Tallahassee audience at Florida State University yesterday.

There are four toxic effects known, he said, but they cannot be encountered in drinking or using fluoridated water.

"The possibility of acute fatal poisoning is nil. Children drinking fluoridated water will grow normally. No detectable alterations will occur in bone structure. Such changes have been found in a small fraction of a population taking eight times the recommended one part per million, but there is no evidence that the alterations were harmful," the speaker summarized.

Even an accident in a water treatment plant, for example, dumping a day's supply of fluoride into the water in an instant which would only increase the fluoride 2 1/2 times, would not be poisonous, the speaker said. It could be taken for 10 years without serious difficulty.

Fluoride is deposited in bones, but in 70 years a level of treated water this concentration does no harm, Dr. Hodge said. About one-third of ingested fluoride is excreted by human beings in three hours, he pointed out.

Unborn babies do not get fluoride, most likely by the same mechanism that the mammalian body keeps it out of milk, Dr. Hodge said. An important side-light, he said, human milk in water-treated communities contains only traces of fluoride.

Concluding that health hazards do not justify postponing water fluoridation, the speaker quoted from a recent report made by the Department of Public Health in the State of Illinois:

"Mortality statistics show that there is no significant difference in the general death rates between areas where fluoride is present and those where it is absent. Similarly, there is no significant difference in the risk of death from specific diseases such as heart, cancer, nephritis and diabetes."

Dr. Hodge's lecture was sponsored by the Florida chapter of the American chemical society.

### Sanford Forum

The Sanford Herald

Dear Mr. Dean,

Having been on the Coroners jury after the accidental death of little Charlie Humphreys, a very regrettable accident which will no doubt take years from the life of Philip Kessler, a man that would hesitate to kill a rabbit.

There are several things that are in need of publicity, brought out by this accident.

Many of these misfortunes are avoidable if the parents of children will just love them so much that they would be concerned more about their whereabouts, and do more to safeguard them in their mode of travel.

Traveling the distance that many do, with the heavy traffic on the highways, makes us wonder just how much love parents have for their offspring. Many reports have been coming in about the carelessness of children on bikes, some have been riding through red lights in front of shifting trains, forgetting how much larger the train is than a mere bike.

If more parents could have seen little Charlie, as we viewed her, I believe they would be more considerate of their welfare.

Many children are dashing across streets, heedless of the consequences of children on bikes, stop suddenly to avoid striking small children who rode directly in front of the truck I was driving. Maybe some drivers brakes will not respond quickly enough, and another little Charlie will present a horrid scene, and another innocent man will be placed in a questionable position.

If you parents really love your children, try to protect them wherever they are. Don't allow them to ride where traffic is hazardous, thus you will enjoy their presence longer, and show that you respect the driver that cannot have eyes all around his head.

This accident has carved a blot to be placed upon the driving record of Philip Kessler, a thing that ought not to be. Recently I have had to be branded guilty until found guilty, and regardless of the fact that he was exonerated of all blame, the papers published the charge as it was given them by the officials, which was right and proper for the press, but the public should not be informed of the suspicion of guilt until it is decided. It is a hurt to the innocent, and does not better the guilty.

The law that demands that a charge be made against every driver of a car in the event of an accident, regardless of who is at fault, should be amended. Who wants to be a marked man through someone's carelessness that causes an accident? I suppose the time is fast coming when we will have to apologize to those in authority for being on earth, but let me again remind you parents of small children, think of the fate of little Charlie, and act accordingly, the next one to be accidentally killed, may be your little boy or girl.

Respectfully,  
Rev. B. W. Miller  
Miller Farms

### Fraternity Women Lead As Students

GAINESVILLE (Special)—The fraternity women once again set the pace in scholarship at the University of Florida this fall, according to figures released this week, by Advisor to Student Organizations Layton K. McGilland.

Sororities came out with 2,327 average in topping the all-women's average of 2,270 and the all-nonfraternity women's 2,237.

In determining the averages, an A equals four points, a B is three points, a C is two, a D is one and an E is zero.

The male side of the picture is the same as that of the college with the fraternity men's 2,235 outranking the 2,1058 made by all men and the 2,090 of all nonfraternity men. The student body average was 2,142.

Delta Delta Delta sorority and Pi Lambda Phi fraternity were first in their individual groups with 2,802 and 2,532 averages, respectively. There are 11 sororities and 26 fraternities on campus.

Following the Tri Deltas in the order of their averages are Chi Omega, Delta Gamma, Phi Mu, Kappa Delta, Alpha Chi Omega, Zeta Tau Alpha, Alpha Epsilon, Phi, Alpha Omicron, P. Sigma Kappa, and Alpha Delta Pi.

After Pi Lambda Phi are Tau Epsilon Phi, Beta Theta Pi, Phi Sigma Chi, Phi Gamma Delta, Sigma Kappa, Phi Delta Theta, Kappa Alpha, Chi Phi, Zeta Beta Tau, Lambda Chi Alpha, Tau Kappa Epsilon, Alpha Gamma Rho, Pi Kappa Phi, Sigma Alpha Epsilon, Delta Sigma Phi, Delta Tau Delta, Kappa Sigma, Alpha Tau Omega, Sigma Phi Epsilon, Delta Chi, Sigma Nu, Phi Kappa Tau, Theta Chi, Pi Kappa Alpha, and Alpha Epsilon Pi.

### Notorious Capital Influence Peddler Ordered To Trial

WASHINGTON (AP)—Overruling protests that Henry Grunwald was too ill to stand trial, a U.S. district judge today ordered the celebrated Washington wirepuller to trial on 81 charges of contempt of Congress.

Judge Alexander Holtzoff acted after receiving a report from a court-appointed heart specialist that Grunwald—referred to as "The Dutchman" in a series of congressional hearings—was physically able to testify.

Actual start of the trial awaited the completion of another case before Judge Holtzoff. There were indications Grunwald's trial might get under way before noon, or early this afternoon at the latest.

Grunwald's physician, Dr. John J. Curry, said in a statement filed with the court yesterday that Grunwald was suffering from a heart ailment and extreme nervousness.

His statement was made the basis of a motion by defense attorney William H. Collins for a delay in the trial.

Dr. Bernard J. Walsh, a court-appointed heart specialist, reported to the court through assistant U.S. attorney William H. Hitz. Dr. Walsh filed no written report and did not answer in court.

Three separate attempts by a House subcommittee to question Grunwald about income tax fraud cases and to inspect his records yielded virtually nothing.

His refusal to answer questions has been described by Hitz as "probably the most contemptuous contempt ever committed before a congressional committee."

Many of the questions concerned Grunwald's alleged relationship with high officials of the Internal Revenue Bureau.

### Campaign Against Ridgway Worries U. S. Authorities

PARIS (AP)—American authorities here became so concerned over a European "whispering campaign" against Gen. Matthew B. Ridgway that they've even discussed the matter with President Eisenhower.

A high level authority here said no decision had been reached yet on direct steps to meet the publicity campaign against Eisenhower's successful successor as supreme military commander for the North Atlantic Treaty Organization.

The "whispering campaign" first appeared publicly in Paris newspapers which said certain British officers at Ridgway's headquarters were asking to be returned to duty with British troops.

The charges were largely pushed out by SHAFEP but correspondents know of several instances of second or third level officers who felt they were preparing and new studies on military tactics to have them pigeon-holed or rejected as unsatisfactory by American superiors.

Part of the criticism, the sources here said, seems to come from the changed nature of Ridgway's job. Eisenhower was chosen as first SHAFEP commander to be an inspirational leader, able to get quick agreement on a central organization. Ridgway was expected, the sources said, to take over the going concern and whip its loose

### Chemical Plant In Jax Is Destroyed By Fire And Blast

JACKSONVILLE (AP)—Booming explosions ripped apart a chemical plant and fire completed its destruction here Monday night.

The series of blasts, lasting nearly 20 minutes and heard over much of Jacksonville and surrounding communities, drew hundreds of spectators to the plant in the west part of the city.

Spectators along with firemen managed to duck behind and under fire trucks, other vehicles and buildings as steel gas tanks were hurled as much as 200 yards and metal and glass fragments showered the area.

Only injuries reported were two firemen overcome by gas. They were treated at a hospital and released.

A spokesman for the firm, Apperson Chemical Co., said many kinds of chemicals were at the plant. One large shipment had just been received. He declined to estimate damage but reported it mostly insured.

The plant, built just last August, was a steel and aluminum building about 20 by 100 feet. A nearby office building of the firm was severely damaged by explosions but did not burn.

### Older Boys Whipped 10-Year-Old Inmate

TAMPA (AP)—Older boys, and not a juvenile home superintendent, delivered blows that caused big bruises on a 10-year-old inmate of the home, an investigative group has decided.

The Board of Visitors of the Hillsborough County Juvenile Home reported after a hearing that inmates on Donny Meadows were caused after the boys forced him to run a belt line gauntlet.

Price Leeper, home superintendent, was accused of beating the boy and has been charged with assault and battery.

The board said it found that Leeper had "administered a calm and reasonable punishment in the boy; had not administered cruel punishment nor mistreated him."

Leeper said he had whipped the boy for lying and implicating other boys in a runaway plot.

### Court Justice Held On Corruption Count

PITTSBURGH (AP)—Justice Michael A. Musmanno of the Pennsylvania Supreme Court was held for court action today on a charge of attempting to hinder a witness in a bribery trial.

Justice John J. Mullen of Clairton, Pa., testified Justice Musmanno asked him to "forget" bribery charges against councilmen Caesar Ricci and Ernest Dequenne and coal operator Fred Fiore.

Mullen said Justice Musmanno later told him to "forget all about it" when Musmanno learned that the three men were in stand trial.

Ricci and Dequenne were convicted of accepting \$1,000 bribes from Fiore for coal mining rights on city owned property.

Justice Musmanno appeared at divisions into disciplined and coordinated defense forces.

This job called for tenuous relationships with associates and subordinates than were necessary for Eisenhower, sources here said. The Eisenhower put-on-the-back was displaced by the sherp dog of the get-going type of commander Ridgway is considered to be.

### Sanford Industries

(Continued From Page One)

Boyle. "It is possible that action could be taken during this spring's session, but without power so granted the commissioners can do nothing."

Mr. Cowan requested a member of the County Commission to volunteer to serve on the Board of Directors of Sanford Industries, Inc. and attend tomorrow night's public meeting of the stockholders.

A considerable portion of the morning was taken up with a discussion of bids submitted in connection with the purchase of four trucks and a motor grader for county use. Representatives of several local companies which had submitted bids were present.

Chairman J. F. McClelland said commissioners would discuss the bid during a noon executive session and make an announcement later in the day.

Clerk O. P. Herndon announced details of the purchase from the County by the Southern Bell Telephone and Telegraph Co. of five lots on Laurel Avenue. He said the total purchase price was \$25,010 of which the County received \$20,651 as its share.

He broke the total amount received down into the following items: City of Sanford received \$1,301.37; Board of Public Instruction, \$40,093; State of Florida, \$3,286; school bus, \$1,000; expenses, \$3,883; and county clerk's office, \$10.

In other business, the Commissioners:

Accepted a portion of Shirley Avenue from the lake front to Second Street for County maintenance.

Refused to take any action on a request to have work done on a section of Alford street within a subdivision.

Refused to sell property owned by the County located across the highway from the County Home.

Named Robert Bremer of Lake Mary as County purchasing agent and designated his office in the County camp building.

Approved payment of \$983.17 to Sheriff Percy A. Moss for demerolization of motor vehicles for the six years he was in office.

### Priest Suggests Aid For Larger Families

PHILADELPHIA (AP)—A Jesuit priest urged today that a federal aid system be set up to provide for outside financial assistance to the parents of larger families in the U. S.

The proposal came from the Rev. Francis J. Corley, S. J., of the Institute of Social Order at St. Louis University and editor of the monthly magazine "Social Order."

In an address prepared for delivery at a meeting of the National Catholic Family Life Conference, Father Corley declared "it is imperative we stop ignoring the personal and social harm that results every day from the serious imbalance between wages and needs."

He advocated monthly payments of \$12 for the third child in every family, \$10 for the fourth and \$8 for the fifth and each succeeding child.

"I would recommend that payments be made to the mother of the family," the priest said. "The matter is not important, but it seems probable that mothers would make better use of the funds."

Father Corley asserted that "a nation which can afford to spend \$2 billion dollars a year on alcoholic beverages can certainly raise 1.75 billion a year for improved care of its children."

### Capitol Will Be Cold During Weekend Text

TALLAHASSEE (AP)—Anyone visiting the Capitol building here over the weekend today was advised to wear woollies and an overcoat.

It's going to be a fright week end, Improvement Commission Director Walter Keyes told the Cabinet, because a cold run is going to be made of the new air conditioning equipment at peak capacity.

Officials close over the weekend and few people are expected to be around.

### Bowl Of Shamrocks Is Given Eisenhower

WASHINGTON (AP)—President Eisenhower got a bowl of shamrocks from Ireland today and let it be known that "geneticological experts have found a trace of Irish blood on his maternal side."

This information came from John Joseph Hearne, the Irish ambassador to the United States, who called at the White House to present Eisenhower with the shamrocks, a gift of President Sean

Former "Quiz-Kid" Vanessa Brown, now starring in the Broadway play, "The Seven Year Itch," here proves that the brains of a genius are no handicap—if they don't have to be. She hit the big time on stage, screen, and television—and she's also much in demand on the lecture platform. A cover story in the March Cosmopolitan magazine says she hopes to establish herself as a writer when her acting career wanes. At 23, she has already written a play and sold three stories.

### St. Patrick's Day

(Continued From Page One)

There are no such things as shamrocks?"

New Hagerly is the most peaceful of men, but if looks would kill we'd be buryin' that poor girl on Thursday.

There are ten," said Hagerly in tones you could hear the length and width of Galway Bay, "such things as shamrocks!"

Back in the parlorroom:

"Well, now," said the first Irishman, "things might be worse. Things might be much worse. In fact—"

Now would the words come out of my mouth," said the second Irishman, reaching for his hat. "And to whom shall we drink the first St. Patrick's Day toast? To President Meiko or to President O'Eisenhower?"

T. O'Kelly of the Emerald Isle: The shamrocks were flown here from Ireland yesterday.

Hearne told newsmen Eisenhower expressed his gratitude and extended "greetings, congratulations and good wishes" to the Irish.

Because no satisfactory engine could be bought, the Wright brothers had one built in their own bicycle shop to power their first airplane.

### Blues In The News

By BOB ANTHONY

Many men aboard the station acquired nice suntan from the beautiful Florida sunshine which prevailed over the past weekend.

Johnny Johnson, AFAN, of FASRON 51 and Bill Hrennon, YSN, Ken Jones, MNH, Harry Cutler, SA, Red Gallagher, PNSN, and John Manning, SN all journeyed over to Daytona Beach over the weekend and enjoyed swimming and lying around on the beach.

"Footie" and Polly Lawrence chose New Smyrna Beach for their weekend spot for fun and relaxation while Dale Koal, SN, of FASRON 51 went swimming at San Juan Springs.

But there are more ways to obtain a suntan than swimming or lying around on a beach as evidenced by Ralph Gasman, PI2 of FASRON 51, who found energy during the week to play tennis.

Ralph and Miss Martha Grovan of Sanford teamed up to play Don and Betty Flamm a few sets of tennis at the municipal tennis court on First Street. Don Flamm was formerly in the Navy stationed here in Sanford and is now employed as a representative of Metropolitan Insurance Co. Don's wife is the former Betty Cagle of this city.

A station softball team is being formed at NAAS and anyone interested in playing on the team should be at the organizational meeting to be held Thursday at 10:00 a.m. in the station auditorium. Personnel from the station and all fleet units are eligible to try out for the team. The team will be entered again this year in the Orlando Softball League. Last year the NAAS team won the title in the league and everyone is hoping for a repeat performance this year. If you have played softball before or would like to play softball now, here is your chance. Be at the organizational meeting Thursday at 10:00 a.m.

A last minute switch in plans has made it necessary to call off the St. Patrick's Day party which had been scheduled for the United Men's Club tonight. Naval personnel will still have an opportunity to celebrate the festive day by attending the dance at the Navy Center. Sure it's a great day for the Irish today and, of course, on St. Patrick's Day everybody is Irish so don't miss out on the fun. The Navy Center dance begins at 8:30 and there will be dancing, prizes and refreshments for all. Come early and enjoy the entire evening!

The uniform of the day aboard the station became optional today which means enlisted men may wear their white uniform or blue uniform, whichever they choose. With this balmy summer weather we have been having, it will undoubtedly be mighty pleasant to don a white uniform again.

### Sorrento Girl Is Want In WAC

WAC TRAINING CENTER, PORT LEE, Va. (Special)—A former Philadelphia teacher, Betty J. Sammons, had new second lieutenant's bars pinned on today following graduation exercises for Officer Candidate Course VIII in the WAC Chapel here.

A graduate of Haverford High School, Haverford, Pa., and Pennsylvania State College, State College, Pa., Lt. Sammons enlisted in the Women's Army Corps in 1950.

The daughter of Harold T. Sammons Sr., of Sorrento, Fla., she completed basic training and Leaders' Course here and then was sent to Signal School at Camp Gordon, Ga.

In 1951 she was assigned in Yokohama, Japan, where she was the non-commissioned officer in charge of recreation for the WAC battalion. She received a promotion to corporal while in Japan.

Deciding to make the WAC her career, she applied for officer candidate training and returned to the States to attend the course. The twenty-week course conducted here is open to qualified enlisted women who wish to attain officer status.

After graduation from Penn State with a B.S. in physical education, Lt. Sammons was employed by the Philadelphia School District as a physical education instructor. She also served as a camp counselor for the Philadelphia Girl Scouts.

A brother, Technical Sgt. Harold T. Sammons, is serving with the Air Force.

Lt. Sammons' new assignment will be here at Port Lee, Va.

### Atomic Blast

(Continued From Page One)

would come through a real blast. The Federal Civil Defense Administration built two two-story homes on the proving ground and scattered nearly 70 cans among the Joshua trees.

New Zealanders eat about 30 pounds of butter a year on the average, which is believed to be more than is used by the people of any other country.

### Witness Tells How He Paid Tax "Fivers"

WASHINGTON (AP)—A New Jersey businessman related to House tax fraud investigators today that he paid out \$115,000 to a succession of lawyers and would be "free" to settle his tax troubles with the government—only to plead guilty to tax evasion in the end.

The witness was Garry D. Iozia, of East Paterson, N. J., president of the Housatonic Dye Works of Derby, Conn. He said he is now awaiting sentence on a charge of evading \$150,000 in taxes in the early 1940s.

"Didn't it ever occur to you that you were being taken for a ride?" Iozia replied, adding that "I have faith in human beings."

# Lyman 8th Reaches Junior High Cage Finals Tonight

## Jr. High - Lake Mary Play For Finals

**By KENT CHETLAIN**

Out of an original field of 16 teams, two girls and three boys' junior high school cage teams survived yesterday's first round in the Junior High School championship basketball tournament of Seminole County at the SHS gym in eight consecutive hours of 10 elimination contests.

Those two blistering hot Lake Mary girls' and boys' teams continued their unbeaten records in turning back four foes in four tilts to gain semi-final berths.

Meanwhile, the Lyman 8th grade boys earned a berth in tonight's finals in their senior bracket against the winner of today's junior flight winner of the Lake Mary - Sanford Junior High 7th grade quintet.

The Lake Mary boys extended their unbeaten season to 10 straight by crushing Lake Monroe, 32-10, in yesterday's opener and the slaughtering Geneva, 42-7, yesterday afternoon in the quarter-finals.

The Junior High 7th from Sanford drew a bye in the initial round and then went on to defeat Slavia, playing with five fives in its lineup, had defeated the Lyman 7th graders, 20-11, in the opener.

In the boys' senior division, Lyman's powerful 8th graders drew a bye in the first round while Sanford's Junior High 8th graders were defeating Ovidio, defending boys champions from last year, 27-10.

The Lyman 8th graders out fought the Junior High 8th five in the finals of the senior bracket, 25-21, to go on and meet the winner of the junior bracket in tonight's finals at 8:30 p. m. in the SHS gymnasium. The Junior bracket champion will be determined in the junior finals to be held at the SHS this afternoon at 3:30 p. m. between Lake Mary and the Sanford Junior High 7th graders.

The Lake Mary girls pushed their winning streak to eight straight by defeating the Geneva females, 14-3, and going on to thump the Lyman 7th grade girls, 17-11, after the Lyman ladies dumped Lake Monroe, 18-15.

Thus, the junior bracket winning girls from Lake Mary enter the finals tonight at the SHS gym at 7:30 p. m. with the defeated girls, who defeated the Lyman 8th grade ladies, 14-12, in the only girls' senior clash yesterday.

**JUNIOR HIGH CAGE TOURNAMENT (Today's Finals)**

Boys Flight  
Junior Flight Finals  
5:30 p. m.—Lake Mary vs. Jr. High 7th

Girls Flight Finals  
7:30 p. m.—Ovidio vs. Lake Mary  
PLACE—Seminole High School Gym  
ADMISSION—15 cents for children, 25 cents for adults

Following the finals tonight, Superintendent of Public Instruction Rayburn T. Milwee will present the winners with a pennant. Over 500 students, teachers, players and parents viewed yesterday's continuous tournament elimination grind.

Movile Gordie, Sanford Junior High coach, acting as host for this year's tournament, which was moved to Sanford from Ovidio this year, reported that over \$20 was collected from fans yesterday. Approximately 250 children in the gymnasium and 160 of these were actual participants.

High School students were also admitted free during gym classes, but some of these gave a free will offering for the tournament. Coach Gordie praised the outstanding job of officiating turned in by Ike Eisenbrand and Joe Merslich of VJ-02 of the Sanford

Naval Auxiliary Air Station yesterday. "Those two fellows did a whatcha of a job out there. They gave up their liberty for 10 hours to referee all nine games from 9:00 a. m. until after 5:00 p. m. when we finished," Gordie declared. "Besides they did the job knowing they wouldn't receive any pay. The money we received yesterday was a tremendous boost for our county athletic association."

Seminole Coach Bill Fleming stated flatly "This has been by far the best junior high cage tournament in the history of the County." Lake Mary coach Heckenbach also praised the tournament staged here yesterday.

Chuck Weiderhold, of those incomparable Lake Mary Boys, was the individual star scoring 40 points in two games, 25 against Lake Monroe and 17 against Lyman 7th grade.

## Rotary Junior League Opens Season Monday With Player-Draft

### 25 - Game Slate Will Begin After Picks

The annual Rotary League player-draft, which was slated for yesterday but was postponed until next Monday at the Ninth Street Dalmard, will open the Rotarian loop business preceding the inaugural clash with the Tigers and Cubs next Monday afternoon. It was announced today by Co-League chairman Sonny Powell and Bill Bush.

The 25-game schedule was released for the four-team junior boys loop. All boys between the ages of 13-15 are eligible to play. All boys of this age are urged to attend Monday's player-draft. Sonny Powell stated.

The drafting of all players for each of the four teams, Tigers, Cubs, Pirates and Giants, is an annual event. Many of the gradations will be in the late play-off available to the Rotary circuit this season.

The 25-game season commences with Monday's game and lasts through until May 1 with games being played on every Monday, Tuesday, Thursday and Friday each week. Two Rotarians have been assigned to supervise and manage each of the four teams. B. F. Ganas and Junior High Coach Hoagie Gordie will umpire all games.

**Rotary League Managers:**  
TIGERS: Bill Bush and Sonny Powell  
PIRATES: Roy Butler and Bud Moughton  
GIANTS: George Stone and Bob Corneil  
CUBS: George Stone and Bob Corneil

All games will last for five innings. Beginnings promptly at 5:00 p. m. at the Ninth Street Dalmard, which has a brand new steel and wooden backdrop this year.

As in the past years, the winners of the Rotary League will play an all-star team made up of the other players in the league. Last year the All Stars won a night game at the Memorial Stadium.

## Johnny Jones and Bobby Driskill Are Picked On All-CFC Cage Team

Seminole County's leading scorer, Johnny Jones of Ovidio, and second high point producer Bobby Driskill of Lyman, both sophomores this past season, were selected among the players on All-Central Florida Conference team by the Orlando Sentinel this morning.

Jones, who is currently ill in the Orange Memorial Hospital in Orlando, scored the county's highest with 309 points in 22 games for a county record of 14.1 points per game. Driskill was second in both scoring and average per contest with respective totals of 253 and 12.1.

The Ovidio Lions, who survived the CFC schedule and tournament

Johnny Jones, Slayton, Fred Wheaton, Bobby Driskill and other players on the All-Central Florida Team.

**ALL-CENTRAL FLORIDA TEAM**  
Charles Jones, Clermont  
Gene Hally, Groveland  
Eckel Lowmell, Chovilla  
Bob Driskill, Lyman  
Johnny Jones, Ovidio

**HONORABLE MENTION**  
Fred Wheaton, Harvey Joe Slayton and Warren McCall of Ovidio; Heartlein and John Hyde of St. Cloud; Jack Manning and Felton Braswell of Tavares; James Newman of Lyman; Donald Green of Chovilla; Harry Bennett and Linville Brown of Titusville; Herman Ehrhart of Groveland.

**Boxing Results**  
By The Associated Press

**MONDAY NIGHT'S FIGHTS**  
Brooklyn — Danny (Bang Bang) Womber, 152, Chicago, drew with Ralph (Tiger) Jones, 152 1/2, Yankee City, N. Y. 10 rounds.

Hutte, Miami — Carl (Bobu) Olson, 165 1/2, San Francisco, outpointed Garth Pantier, 165, Dayton, Ida., 10 rounds.

Johnstown, Pa. — Miguel Mendivil, 147, Havana, stopped Tony Anthony, 157, New York, 4 rounds.

New Orleans — Al Pellegrini, 140 1/2, New Orleans, outpointed Joe Hartegan, 148 1/2, New Orleans, 10 rounds.

Chicago — Allan Young, 146 1/2, Chicago, III, outpointed Joe Greenwood, 149, Akron, O., 8 rounds.

**U.P. BEGINS DRILLS**  
GAINESVILLE — It's Wednesday that Florida Coach Herb Woodruff begins spring football practice — limited to 20 seasons by South-eastern Conference rule. An earlier report had the Gators starting practice Monday.

The youngest player on the roster of the Chicago White Sox is Mike Fornioles, 21-year old right-handed pitcher.

The Brooklyn Dodgers have finished one-two-three in the National League pennant race in 13 of the past 14 seasons.

Grover Cleveland Alexander pitched four one-hitters during the 1915 season. This is a record that has never been topped.

**DUTCH HARRISON WINS**  
MIAMI BEACH — E.J. (Dutch) Harrison, playing out of Ardmore, Okla., added \$300 to his bankroll today as a result of his victory in the La Gorce Pro-Member Golf Tournament Monday.

Harrison put together scores of 34-34-68, three under par, 36-71 in his two strokes ahead of Fred Wampler, Indianapolis, 118.

**BRACKEN IS NEW COACH**  
GAINESVILLE — Andy Bracken is the new Florida golf coach. His appointment was announced Monday to succeed Bill Dellastola, who has taken a coaching job in Missouri. Bracken has been a physical education instructor here since his graduation from Florida in 1948.

Following the finals tonight, Superintendent of Public Instruction Rayburn T. Milwee will present the winners with a pennant. Over 500 students, teachers, players and parents viewed yesterday's continuous tournament elimination grind.

## Giants Hope Mays Can Obtain Army Discharge Soon

**By BEN OLAN**  
AP Spotsylvania

It still was Pvt. Willie Mays today and that's not good news for the New York Giants.

The 21-year-old Negro outfielder had his application for discharge from the Army on dependency grounds turned down yesterday. Mays said he was the sole support of his mother, stepfather, three brothers and six sisters.

The Giants had been hoping to have him back in time for the opening of the National League season next month. His availability in center field would have depended on the switching of Bobby Thomson to third base.

Manager Leo Durocher is currently playing Hank Thompson in center but the shift-conscious skipper is expected to make further experiments before deciding who will open the season in that spot. Thomson played center field after Mays went into service last year.

A spokesman at the Second Army headquarters, Ft. Meade, Md., which reviewed Willie's case, said, "Dependency did not exist to a degree to warrant a discharge."

To add to the day's misfortunes, the Giants learned that Thomson would be sidelined for two weeks as a result of a blow he received on the right wrist Sunday when struck by one of Mike Garcia's pitches.

Also on the debit side, the Giants dropped a 4-3 exhibition decision to the Chicago White Sox at Los Angeles. A couple of errors gave the Sox three unearned runs in the fourth inning off southpaw Max Lanier.

Another injury, at first thought to be a damaging one, cropped up as the Chicago Cubs defeated Los Angeles, 6-3, at Fullerton, Calif. Harry Sawyer, left side, who is the most valuable player in 1952, jammed his right index finger while sliding back to first base. Trainer Al Scheuerman said last night the injury was not serious and that there was only a little swelling.

In other games, Dave Philley's single with the bases loaded capped the Cincinnati Reds' 4-1 victory over the Philadelphia Athletics at Philadelphia and also capped the Philadelphia Phillies' 1-0 win over the Cincinnati Reds at Cincinnati.

The Cincinnati Reds pounded out 17 hits, including Gus Bell's home run, as they trounced the New York Yankees, 11-3, Hubbs Church and Eddie Fraut limited the Yankees to seven hits.

At Bradenton, Fla., the Boston Red Sox scored three runs in the ninth inning to whip the Boston Braves, 8-6.

The Washington Senators walked two Detroit pitchers for six homers and an 11-4 win over the Tigers.

Rookie Bill Hunter's triple and single which accounted for four runs led the St. Louis Browns to a 2-1 triumph over the Cleveland Indians.

Home runs by D. E. Osis and Earl Torgerson were the big blows as the Philadelphia Phillies out-slugged the St. Louis Cardinals, 11-8.

At Havana, the Pittsburgh Pirates defeated the Cuban All-Stars, 9-4.

**Cardinals Crush**  
Seminoles, 10-3, In Lions Contest

Ronny McMurray hurled the last place Cardinals into a three-way tie for second place by turning in a 10-3 win over the lowly cellar dwelling Seminole yesterday afternoon in the Lions Club League contest at the Lakewood Dalmard.

McMurray out-thrilled Jimmy Cordell of the Seminole, striking out 11 of the opposing batsmen to Cordell's eight while issuing five passes to Cordell's four.

The second place Red Sox face the front running Cubs this afternoon at the Lakewood Dalmard at 4:00 p. m. And the Cubs swing back into action again on Thursday against the second place Giants.

**Trippi To Play For**  
Jacksonville Tars

JACKSONVILLE, Fla. — Charlie Trippi, center, Georgia football great, has agreed to play baseball with Jacksonville of the Class A South Atlantic League.

Previously he had accepted salary terms but balked at not getting part of his sale price from the Atlanta Crackers.

The money involved was not announced, nor were terms of the final agreement between Trippi and Sam Wolfson, president of the board of the Jacksonville team's operating corporation.
