

Regulation Of Liqueur Sales In City Is Delayed

(Continued From Page One)

weeks ago, provided the words "approve and affirm" are stricken.

Mr. Wilson was requested to study City ordinances and the electric light franchise to find out whether the City could pass an ordinance requiring that in the future, all electric light and telephone poles be set up in alleys instead of streets.

In rendering his opinion on the liquor question, Mr. Wilson stated that "it will be in order for the City of Sanford, if you deem it proper, to pass an ordinance requiring a license tax for the sale of intoxicating liquors. Under section 986, of the Florida Compiled Laws, 1914, the minimum license tax which may be levied by the city is \$250."

Mr. Wilson also said that until changed by the Legislature, all laws relating to intoxicating liquors, wine and beer in effect on Dec. 31, 1918, "shall so remain."

"Assuming that the local option election in this county was valid," he concluded in a written opinion, "I think the portions of the county voting for the sale of liquor would revert to Chapter 6860, Laws of Florida, Acts of 1918, or what is commonly referred to as the Davis Package Law. However, before the sale of liquor would be legal, it would be necessary to obtain a permit therefor, either under Sections 1218-1221 or Sections 1222-28 of the Florida Compiled Laws, and a license."

The meeting was opened when S. J. Nix, local attorney appeared before the board as a representative of a group of Goldsboro negroes. He said that in 1911 the Legislature abolished the town of Goldsboro and permitted Sanford to extend its limits through that area.

At the same time, the Legislature provided that all liens against the town were to be absorbed by the City of Sanford. Mr. Nix stated that records covering liens valued at about \$10,000 were filed with the City shortly after, but that since, no audit has ever been made and the liens still are unpaid.

He said that the only evidence

now existing in connection with the liens are 22 suits, filed in court here in 1914, and still pending. The suits cover salaries which include those of mayor, city clerk, town marshal, aldermen and similar liens.

"I submit," Mr. Nix stated, "that this matter merits your investigation, and I urge that we settle this matter now and for all. There are 30 claimants of about \$10,000, including W. M. Clark, F. T. Green, and a negro named Bellamy."

No action was taken on the question, but the Commissioners asked Mr. Nix to file a list of the claims and a detailed history of the case, and told Mr. Wilson to investigate the matter and report at the next meeting.

A request by E. F. Lane that the city purchase accident insurance on its motorcycle officer at \$45 per year was turned down.

An offer, made by a new resident of the Fern Park area, to give the City \$50 or \$60 worth of concrete benches in exchange for two condemned houses also was turned down, the Commissioners announcing that they would rather dispose of the properties through competitive bids.

A request by H. M. Papworth, chairman of the advisory and supervisory board of the State Farmers' Wholesale Market, that two policemen be employed for day and night duty was tabled until a later date.

Alex R. Johnson announced to the Commission that he would pay \$700 cash for the city-owned residence he now occupies in Pinehurst. The offer was turned down temporarily on the basis that the City should advertise for bids on any property it wishes to sell.

Commissioner S. O. Shinholzer and James Moughton were named as a committee which was to investigate the condition of the home which Mr. Johnson said needed repairs costing between \$300 and \$400.

Mr. Wilson was authorized to prepare an ordinance prohibiting the sale of fruits and produce from trucks within the city limits. This ordinance was requested by Mr. Papworth as a protection for the new Farmers' Market on 13th Street at French Avenue.

Victor Check announced to the Commission that he had a chance to sell his lakefront property at French Avenue and State Road No. 3 but that a lien against it now constitutes a hindrance to the sale.

The Commissioners appeared to be of the opinion that the lien should be canceled in the same manner as those against some other lakefront property by an exchange of some of the land. The matter was taken under consideration.

The Commissioners were advised by officials for the Winn-Lovett Grocery Co. that although they expected to begin construction of their new dock and warehouse on the lakefront within the next 60 days, they would be willing to pay \$100 for a six months' extension from Nov. 8 on the property, as the City's offer has outlined.

After a second reading of an ordinance establishing appropriations for the year 1933-35, the ordinance was officially adopted.

Commissioner H. J. Lehman was officially confirmed as the City's representative on the State Farmers' Wholesale Market Board.

It was voted to give further study to the establishment of a Park and Recreation Board, as requested by a group of local merchants. The Board's membership would include Mrs. R. O. Williams, Mrs. F. E. Roumillat, H. E. Morris, Leonard McCullough, and H. B. Pope, according to the petition.

The Commissioners hesitated over acceding to the wishes of the petitioners on the ground that too much power would be placed in the hands of the Board. City Clerk F. S. Lamson recalled that during the boom, "all kinds of bills came in that we knew nothing of, bills apparently authorized by the Parks Board we had at that time."

The Commissioners accepted Otto Caldwell's offer to pull up 175 piling along the lakefront at a cost of \$211. These piling include all those now standing between the Mayfair Hotel and the St. Johns River Line Co. dock, and those near the mouth of Mill Creek.

Upon the reading of a letter of appreciation from the Civic Department of the Woman's Club of Sanford for the "quaintous treatment" extended Mrs. Walter Cooper and Mrs. H. M. Papworth during their recent appearance be-

A BEST-DRESSED MAN PICKS BEST-DRESSED LADIES

Adolphe Menjou, more or less officially rated the best-dressed man in the movies, named these four women in his own list of the "10 best-dressed women in the world." They are, left to right, Mrs. Schiaparelli, Paris style authority, whom he termed "infinitely smarter than most of the women she dresses;" Kay Francis, of the films, "whose taste is impeccable;" Mrs. Harrison Williams of New York, only last spring named by Parisian experts as the best-dressed woman in America, and (lower inset) Joan Bennett, also of tie films. (Associated Press Photo)

Cold Spell To Break Within Few Hours

By the Associated Press

Hope for a break in the cold weather that has held the nation in its grasp this week was held out today by the weatherman with a report that slowly rising temperatures were expected within the next few hours.

In contrast to snow and clouds in some sections of eastern United States, the weather today was clear and cold. The lowest point on the weather map was Forstburg, Md., with a reading of 16 degrees.

Violent Typhoon Hits Philippine Provinces

MANILA, Nov. 15.—(AP)—The most violent typhoon of the year swept across the Philippines today leaving in its wake untold damage and probable loss of life.

Broken communication lines prevented a check of the damage in provinces where the wind reached a reported velocity of 80 miles an hour, almost double that of Oct. 16 which killed 47 Filipinos and left 21,000 homeless.

Torrential rains fell in Manila, indicating that the provinces would be swept by floods. Overflowing streams have carried away hundreds of natives' flimsy huts in the past few weeks. Four fishermen were reported drowned and at least 20,000 were homeless today.

Distelhurst Funeral Set For Tomorrow

NASHVILLE, Nov. 14.—(AP)—While law enforcement agencies were doing "everything possible" today to solve the abduction and murder of Dorothy Ann Distelhurst, six funeral services tentatively were set for tomorrow.

Attorney-General Carlton Loner directing an investigation into the case said that "at the present time we have no tangible facts on which to base a satisfactory conclusion about the matter."

The child disappeared Sept. 19, while walking home from kindergarten. Tuesday the body was found in a shallow grave on the outskirts of the city.

Slash Mad. In Air Run To West Coast

NEW YORK, Nov. 15.—Progress made by commercial aviation was emphasized by United Air Lines' announcement of another slash, of two and three-quarter hours, in the flying time from Los Angeles to New York over the Mid-Continent route, its latest schedule being 14 hours less than the schedule existing at the time the Post Office retired on the same route eight years ago.

United's new service over the Mid-Continent route, flown exclusively with twin-engine trans-

HATCHETS OVER KANSAS

In the same section of the state where the militant Carry Nation (above) began routing bartenders 49 years ago, members of the Women's Christian Temperance Union at Arkansas City, Kan., have threatened the same tactics to keep the state dry in name as well as in fact. Mrs. May Frances (center), president of the chapter, who said, "I am ready to go in with my hatchet anywhere the law is being violated," is shown below with two aids, Sadie Ketchum (left) and Mrs. Elizabeth Wing. (Associated Press Photos)

MIKE DONAHUE COACHES AGAIN

Mike Donahue, veteran coach whose teams at Auburn won several southern championships, is shown here telling his son, Mike, Jr., how it's done. Mike, Sr., returned to active coaching this year to bring Spring Hill college, Mobile, back into the ranks of winners and Mike, Jr., has contributed much to the punch. (Associated Press Photo)

MALARIA

Speedy Relief of Chills and Fever

Don't let Malaria tear you apart with racking chills and burning fever. Trust to no home-made or more makeshift remedies. Take the medicine prepared especially for Malaria—Groves' Tasteless Chill Tonic.

Groves' Tasteless Chill Tonic gives real relief from Malaria because it's a scientific combination of tasteless quinine and tonic iron. The quinine kills the malarial infection in the blood. The iron builds up the system and helps fortify against further attack. At the first sign of any attack of Malaria, take Groves' Tasteless Chill Tonic. Better still take it regularly during the Malaria season to ward off the disease. Groves' Tasteless Chill Tonic now comes in two sizes, 50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25 percent more for your money. Get a bottle today at any drug store.—Adv.

Personals

Friends of Claude Herndon will be interested to learn that he is improving from a recent illness at his home on Magnolia Avenue.

Fred Daiger, Jr. of the University of Florida, formerly of this city, spent a short time here yesterday with friends.

Mrs. C. A. Haines, Miss Dorothy Haines, and Mr. Mary Maxwell of Steubenville spent

used for decorations. Games and contests were enjoyed during the evening and prizes were awarded to Mrs. Carl Meas and Miss Bobbie Johnson of Orlando. Mrs. Nott received a large number of gifts from the guests.

A sweet course was served by the hostess to the following: Mrs. C. A. Nott, honor guest, Mrs. Fred Ridgeway, Mrs. Harry Lee, Mrs. C. H. Moss, Mrs. Lourine Neal, Mrs. Grady Duncan, Mrs. H. N. Sayer, and Mrs. B. E. Purcell. Mrs. Linton Selph, Mrs. A. L. Wilson, Mrs. L. L. Moore, Mrs. Grady Ashley, and Miss Bobbie Johnson of Orlando.

Mrs. G. D. Bishop Entertains At Bridge

With members of the Sisters' Club as guests, Mrs. G. D. Bishop entertained with a bridge party and luncheon yesterday morning at her home on Magnolia Avenue. The rooms of the Bishop home were decorated with marigolds and small potted plants.

Bridge games were enjoyed until the noon hour when luncheon was served on the card tables by the hostess, assisted by Mrs. George A. DeCotte and Mrs. M. S. Wiggins. High score prize, chiffon hose, went to Mrs. C. R. Kirtley while cut prize, a double deck of playing cards, was presented to Mrs. Ralph B. Wight.

Those present were: Mrs. M. S. Wiggins, Mrs. B. L. Perkins, Mrs. George A. DeCotte, Mrs. W. A. Adams, Mrs. Ralph Wight, Mrs. C. R. Kirtley, Mrs. R. R. Deas, and Mrs. Walter L. Morgan.

Bethune-Cookman College Plans Recital

Announcement has been made that the Bethune-Cookman College will present in recital Caterina Jacchora, soprano, accompanied by Carl Diton, famous pianist, on

yesterday here. Miss Haines was initiated last Tuesday into the Pi Beta Phi sorority.

L. F. Cotter has gone to Lake Wales where he has accepted a position with the Lake Wales Citrus Growers Association.

Monday, Nov. 19, 8:15 o'clock in the college auditorium in Daytona Beach.

Mme. Jacchora made her debut in grand opera in 1931 in Milan, Italy. She made her debut to the American public last spring in New York City, assuming the leading role in the opera, Aida. She is the only negro prima donna to have interpreted such an important and technical role. Mme. Jacchora has spent eight years in Italy and other European countries studying and appearing

in recitals. The press, both in America and abroad, has given her some of the most favorable and enthusiastic comments.

SUSPECT UNDER BOND

TAVARES, Nov. 16. Bond of \$500 was set Thursday for J. M. Coomer held on a warrant alleging possession of a still. Coomer was taken into custody Tuesday by Deputy Sheriff J. M. Reeves in the east part of Lake county.

GETS LIFE FOR KILLING SON

EVERGREEN, Ala., Nov. 16. (AP)—Admitting he fatally shot his son through the back during an argument over the killing of a pig, a farmer, yesterday pleaded guilty to a murder charge and was sentenced to life imprisonment.

Personals

Mr. and Mrs. G. W. Spencer announce the birth of a son, Garland W. Spencer, Jr., this morning at the Fernald-Laughton Memorial Hospital.

Mr. and Mrs. John Andea and son, Oliver, and Mrs. J. O. Andea, Sr. have returned from Miami and West Palm Beach where they visited relatives for a short time.

Mr. and Mrs. Ben Cantwell will return tomorrow or Sunday from points in Tennessee and Alabama where they have been spending the past few weeks.

R. W. Duckworth has returned from the Veterans' Hospital at Lake City where he has been receiving treatment. He will leave in a few days for the Veterans' Hospital at Oteen, N. C.

Mrs. T. I. Harris, Jr. and son, T. I. Harris, III, will arrive tonight from Macon, Ga. to spend a few weeks here with the former's parents, Dr. and Mrs. E. D. Mobley, Oak Avenue.

Cohan Does Notable Job In "Gambling"

The attraction of the Midway Theater Saturday will be "Gambling," starring George M. Cohan and based on his own famous mystery melodrama of the same title, in which he appeared on the stage for two years. It has been produced by Harold B. Franklin, a showman long familiar with the exhibition end of pictures, for Fox release, and has been adapted and directed by Rowland V. Lee, who photographed such recent photographs as "Zoo in Budapest," "I Am Sissie," and "Count of Monte Cristo."

Featured in Cohan's support are Wynne Gibson and Dorothy Burgess, with Ted Norman, Walter Gilbert, Percy Ames, Robert Strasser, Gene Witherspoon and Harold Healy in other prominent roles. Camera work was handled by Jack Mackenzie, who photographed Howard Lloyd's latest picture, "The Cat's Paw." Sets were designed by the noted artist, Clark Robinson, and the gowns by the New York modiste, Hattie Carnegie.

COUNTRY-STORE BAZAAR

Everything desirable to furnish or provide a home will be on sale at the country-store bazaar to be given Saturday afternoon at 2:00 P. M. at the Congregational Church Parish House by the ladies of the Congregational Church. The bazaar will be replete with useful articles designed as Christmas remembrances. Coffee and cake will be on sale during the afternoon and a turkey supper will be ready to serve at 6:00 P. M.

Subscription Bridge Party Given By Club

Over 60 persons attended the subscription bridge party sponsored last night at the Woman's Club by the Civic Department of the club for the benefit of the welfare lunch fund of the South Side Primary School. Guests were received at the door by Mrs. H. M. Papworth, general chairman of the affair, and Mrs. W. T. Langley and Miss W. M. Scott.

The rooms of the club were opened ensuite for the occasion and decorated with quantities of green shrubs brightened by a profusion of aloe vera or golden rain trees from the garden of Mrs. Henry Wight. The tables on which scores were kept bore hand-painted floral designs.

At the conclusion of several progresses of contract and auction bridge scores were added and prizes awarded. Among the contract players high score prizes, donated by McLaulin's and Hill Hardware Company, went to Mrs. Frank Gonzalez and Paul Johnson while low score prize, donated by Reynolds Drug Store and Touchton Drug Company, were given to Mrs. B. L. Perkins and Dr. C. L. Park.

Among the auction prizes high score prizes, gifts of Briggs Jewelry Store and Stanley Rogers Hardware Company, were presented to Miss Margaret Takach and T. K. Apper while low score prizes were given to Mrs. T. C. Pichford and Oscar M. Harrison. S. C. Dickerson received the door prize which was donated by the Florida Power and Light Company.

1897 Rifle Used In Annual Hunt Season

CORUNNA, Mich., Nov. 14.—An 1897 rifle commenced its thirty-seventh year of service when the hunting season in Michigan opened recently. Kuris Cherry, of Corunna, approached before opening of the season said his 22 caliber Martin rifle, upon which the final patent was taken out in 1897, would again serve him this year.

SIB MOSKLEY JAILED

WORTHINGTON, Eng., Nov. 14.—Six Oswald Moskley, leader of the black-shirt British fascists, and three followers were committed to trial in police court yesterday on a charge of "rioting as assembly" after a fascist meeting at Worthington on Oct. 2.

PRESIDENT-NAMES ROCKE

WASHINGTON, Nov. 14.—President Roosevelt yesterday appointed Miss Josephine A. Rocke of Colorado as assistant secretary of the treasury.

New Sterilizer Just Installed At Coca Cola Plant

Installation of an Infiltro Type Sterilizer at the Sanford Coca Cola Bottling Co. plant on East First Street assured local patrons of the popular soft drink of a product which is as pure and sterile as it can be made, according to an announcement today by C. T. Parker, local manager of the plant.

The Sterilizer, installed at a cost of over \$1000, has been in operation for about two weeks, and, according to Mr. Parker, scores of persons have testified as to the marked improvement in the quality of the drink.

Guarantee which was affixed to the device when it arrived states: "The Infiltro Type DMO Sterilizer will deliver a water that is free from dissolved iron and pathogenic bacteria, and will be in accordance with the United States Public Health Service requirements for drinking water. The Infiltro Pressure Filter will deliver a water that is bright and clear and free from suspended matter visible to the naked eye."

The Sterilizer provides accurate and proportional feeding of chlorine sterilizing solution to relatively small quantities of water. Mr. Parker stated it is absolutely automatic in operation and requires no attention other than that of periodically replenishing the supply of sterilizing solution. Mr. Parker invites the public to visit the plant at any time for the purpose of inspecting this new device as well as seeing how Coca Cola is put up for the trade.

Clearing House Goes Out Of Existence

WINTER HAVEN, Nov. 14.—The Florida Citrus Growers Clearing House Association has become "defunct," A. M. Pratt, who has been general manager, announced in an official statement Thursday.

Little Gloria Stays With Paternal Aunt

NEW YORK, Nov. 14. (AP)—Little Gloria Vanderbilt, it was reported authoritatively last night, will remain in the custody of her paternal aunt Mrs. Harry Faxon Whitney, until such time as her mother, the beautiful actress Margaret Vanderbilt, demonstrates she is capable of caring for the child's welfare.

RECENT BRIDE

Woman Leader Buried Beside Her Hero Son

PITTSFIELD, Mass., Nov. 14.—The body of Mrs. Josephine Bates wartime chairman of the women's section of the movement for national preparedness, has been buried beside that of her son, a hero of the Lusitania disaster, at the rocky summit of Lebanon Mountain.

GENEVA

Shoppers in Geneva, Saturday were Mr. and Mrs. Edison and Mrs. Mary Stone, Mrs. Lily Miller, Mrs. P. H. Dole, and Ernest Dooly.

GENEVA

The Ovids, boys and girls, will hold their play program on the field today, Tuesday afternoon. Mrs. Lily Miller spent Saturday with Mr. and Mrs. F. J. Dole. Her home on the St. Johns River. Mr. and Mrs. W. F. Slug spent the week end at their camp on the St. Johns River.

STETSON READY FOR IMPORTANT TILT WITH TAMPA

Homecoming Affair To Draw Thousands To DeLand On Saturday

DELAND, Nov. 14.—With their preparations well advanced, the Stetson University football team, led by Coach J. W. Stetson, are awaiting Saturday when they will meet their rivals at a tilt against that of the Tampa University Spartans.

The Stetson team will make the trip to DeLand, according to telephone reports, leaving for Tampa Tuesday afternoon. They will arrive late Saturday and will leave here to await the return of the Spartans.

GENEVA

Shoppers in Geneva, Saturday were Mr. and Mrs. Edison and Mrs. Mary Stone, Mrs. Lily Miller, Mrs. P. H. Dole, and Ernest Dooly.

GENEVA

The Ovids, boys and girls, will hold their play program on the field today, Tuesday afternoon.

OVIEDO

F. W. Talbot and family are recent arrivals in Oviedo, Mr. Talbot formerly lived in Sanford, but moved to California some few years ago, and came from that state to Florida. They arrived in Oviedo last Sunday night. Mr. Talbot is an employee of the Nelson Fruit Co. They are living in the Williams Hotel at Oviedo. Stunt night at the Oviedo High on Tuesday, Nov. 27, at 7:30 o'clock. Proceeds will go to the Athletic Association. Admission will be 10 and 25 cents.

Miss Hazel Tew of Sanford left Thursday after a week's visit with her sister, Miss Thelma Tew, in Oviedo.

Robert Riley of Miami was a visitor in Oviedo and Orlando Friday and Saturday.

Miss Charlotte Lawton entertained the Epworth League with a box for table pull in the woods west of town Monday night. The chairman was Dr. and Mrs. W. L. Carpenter, Mrs. Lillian Wainright, and Prof. M. M. Lord.

Ray J. N. Thompson has returned to his home in Oviedo after a pleasant visit in Plant City.

Miss Mary Stetson and friend, Miss Anne Mitchell of Orlando and Walter Tarden were guests of Mrs. Charles Lee and Mrs. J. N. Thompson last week-end.

Mr. and Mrs. Meisch and children of Waynesville, N. C. who came to Orlando recently for Mr. Meisch's health, were week-end guests of their friend Mr. and Mrs. Charles Lee in Oviedo.

If the wrong mixture of fertilizers are used on land, plant food may be lost or rendered unavailable to the crops.

Seminole County Chamber Of Commerce Year Just Ended Is One Of Numerous Successes

Highlights of the booklet "Marching Along Together," being the record of a year when a wise people worked harmoniously and detailing the annual report of the Seminole County Chamber of Commerce for the year ending Sept. 30, 1934, are selected from its contents by The Herald as follows:

"Marching Along Together" is more to the people of Seminole County than the theme of a popular song. It is the keynote of twelve months of successful county-wide service. True, there have been a few out of step, but not any more than you will see in any line of marchers consisting of people who have not always been trained and accustomed to marching in unison. The Seminole County Chamber of Commerce record of the past twelve months has been made possible only because such an overwhelmingly large percentage of the people of this county have had a mind to work together for the upbuilding and development of the county and its several communities.

"Of course, it is not possible through the written or printed word to convey any real impression of the co-operation, enthusiasm and efficient spirit of the hundreds of folks who have worked together this year to do such an outstanding and conspicuous piece of community and county-wide work, one that has attracted favorable attention throughout the whole state and parts of the rest of the country. All of this has been possible because so many have been willing and anxious to do their full part. Because men like President H. M. Papworth have given their best to this work for the whole county.

"Organization. Much of the time and work of this Chamber of Commerce has of necessity been consumed in handling routine matters such as set up and keeping records and accounts, appointment and organization of committees for work, getting out notices, handling records and minutes and organizing regular meetings of committees. Keeping our equipment in repair and working order. Handling office details including membership records; 4,705 incoming letters, 12,306 outgoing letters, and

19,350 pieces of printed matter about Seminole County and its several communities were handled.

"We have furnished maps and road information to inquirers and building permit data monthly to state and national statistical organizations. We have maintained a library of directories of the important cities throughout the United States, and other documents such as lists of members of Congress, reports of Federal and State departments, etc.

"We have furnished information about available houses, apartments and rooms for rent to 120 people, 78 of whom have rented the places to which we have sent them. These people stay in the places to which we send them an average of three months. Owners of houses, apartments, etc., have collected rents totaling approximately \$1,950 as a direct result of this service, without cost to those having accommodations to rent or those renting them.

"Finances. Arthur Branan, treasurer; B. F. Haines, chairman, Finance Committee. Only four other Chambers of Commerce in Florida closed the fiscal year with all bills paid and money in the bank. The Seminole County Chamber of Commerce is proud of the fact that we balanced our budget, that we carried on a constructive program and came to the end of the year with all bills paid and a cash balance on hand.

"Highway Committee. H. M. Papworth, chairman, has secured the completion of the fill, grade and base for the Lakeshore Boulevard, arranged for the dedication of the new bridge across the St. Johns River at Monroe, the state and federal authorities have expended more than \$400,000 on these projects. We have been represented at practically every meeting of the Road Department during the year and have been instrumental in getting work done on State Roads 202 and 44. The co-operation of the State Road Department was secured in closing the bad turn on the road to the Seminole Driving Club near Longwood. Clay for this work was furnished by the City of Sanford clay pit.

"The Board of County Commissioners under Chairman John Meisch, Sr. and Engineer Tony

Pitchford has done effective and constructive work on important county highways during the year.

"The Waterway Committee. Fred T. Williams, chairman, has this year seen substantial progress in the development of waterways. An average of 12,000 tons per month of freight have been handled on the river during the year through the "Port of Central Florida" at Sanford and this water committee was instrumental in securing some six weeks of dredging at Sanford connecting the new dock sites on the Lakeshore Boulevard with the Government 8-foot channel.

"The most important waterway development in the county during the year has been the construction of important bulk plants, storage tanks and dock facilities for oil companies. The Cities Service Company, operated by Henry L. Doherty interests in Florida, has during the year built its own docks and storage tanks on the lakefront, will operate its own river oil barges from Jacksonville to Sanford, connecting with its ocean going tankers from Galveston, at Jacksonville. It has made an investment of some \$200,000 and is distributing from Haines City to Daytona Beach. The American Oil Company is completing the construction of its storage tanks and distributing facilities at Sanford. The Standard Oil Company is completing the construction of its facilities. The Sun Oil Company has purchased a site and will build its plant within the next few weeks. Two other oil companies are definitely negotiating and it is believed that six other companies will be located here by April.

"The St. Johns River Line Company is now operating six boats and a fleet of 67 trucks. It handled last year more than a million boxes of citrus fruit via boat from Sanford to Jacksonville. This company has begun construction of a 165 x 50 ft. addition to its docks at Sanford to handle its increasing volume of business at this point.

"The Suwannee Steamship Co. is now operating four boats making an average of nine trips weekly to Sanford, carrying about 450 tons of groceries weekly for the Winn-Love's Grocery Company distributing to its Piggy-Wiggly stores as far west as St. Petersburg, south as far as Daytona and north as far as Jacksonville and Eustis. It is operating 10 trucks and is constantly adding to its operations.

"Two Jacksonville companies are operating a tug and towing service between Jacksonville and Sanford handling fuel oil for the Flor-

ida Power and Light Company plant at Monroe and the Florida Public Service Company plant at Enterprise, and oil for the important oil companies located at Sanford.

"Industrial Committee. L. Hawkins Connelly, chairman. The Atlantic Coast Line Railroad has this year retained its division headquarters and shops at Sanford and their substantial payroll which is such an important factor in the development of this community. The Florida Public Service Company has reopened its power plant across Lake Monroe at Enterprise. This plant has been closed for more than a year. The Georget Florida Grocery Company has been brought to Sanford during the year and has established its headquarters, warehouse and executive offices in this city. This company owns and operates the Suwannee Stores scattered throughout the state. Up to the present time they have opened 45 stores. Their program calls for the opening and operating of 100 stores in Florida. The Eckerson Fruit Canning Plant brought to this county by the Chamber of Commerce three years ago operated again this season employing more than 250 people and spending more than \$50,000 on payroll and \$50,000 on fruit and other operating expenses. The W. Atlas Burpee Seed Company of Philadelphia has opened its first branch warehouse in the county at Sanford. C. R. Mason is in charge and it is distributing their seeds to five states and the West Indies out of their Sanford warehouse. Another wholesale grocery company is arranging for the construction of a \$50,000 dock and warehouse in the near future at Sanford. The Armour Fertilizer Company has leased the Black-shear warehouse and has established its central Florida distribution at Sanford. The Wagner Brewing Company leased a part of the Mountain Ice Company plant and is handling its Central Florida distribution from Sanford.

"Publicity Committee. J. L. Marquette, chairman. During the year 153 pages of news and pictures of this county have appeared in the press of the state. Excellent and lengthy editorials have appeared in such important publications as the Tampa Tribune, Tampa Times, Jacksonville Times-Union, Orlando Sentinel and Reporter Star and many other newspapers in Florida. The Secretary of this organization has attended 478 meetings in this and neigh-

boring counties and has delivered 369 addresses during the year. Road markers have been placed at important points directing people to this county and to points of interest in the county; and at the request of residents of Fern Park, Altamonte Springs, and Longwood, we have secured the co-operation of the State Road Department in putting markers on State Road No. 2 pointing the direction to these communities. A road marker has also been placed at Fort Christmas directing the way into Sanford and Seminole County from the Cheney Highway at that point. Central Florida Week at the World's Fair was featured by an exhibit sent by this Chamber of Commerce through the courtesy and co-operation of the Atlantic Coast Line Railroad Company and the St. Johns River Line Company. Seminole was the only county in Central Florida that had a special exhibit for Central Florida Week.

"Women's Civic Committee. Mrs. Walter L. Morgan, chairman. Consists of representatives from every women's organization in Seminole County, elected by the organization they represent. This committee gives leadership among the women of the county in the projects which they can serve best. Depository boxes have been provided for articles of clothing, shoes, etc., for the needy of the community and hundreds of such articles have been distributed. Teams of women were active in the Chamber of Commerce membership drive and in the Florida Zoological Society drive. A

Calendar of Coming Events has been maintained by the committee assisting in avoiding conflict of important engagements in this county.

"We organized the Florida Zoological Society and raised a fund which is the nucleus of a fund to rebuild the zoo and construct an aquarium at Sanford.

Exhibits. E. O. Shihohler, chairman, Seminole County staged an elaborate exhibit at the Central Florida Exposition in Orlando, Feb. 20-24. Our exhibit occupied the stage of the municipal auditorium and was the outstanding county exhibit at this great fair. We won \$255.00 in premiums, having taken first place in several classes. John E. Fox was in direct charge of the exhibit at Orlando. We have maintained an exhibit in the concourse of the Terminal Station at Jacksonville during the year which has featured a diorama of a celery field and has been of real publicity value to this county. At the World's Fair in Chicago, Seminole was the only county that sent a special exhibit for Central Florida Week, which consisted of a diorama showing the growing of celery, a display of canned grapefruit juice, grapefruit hearts, jellies and preserves, and a supply of attractive literature about this county handled by George E. Balmer.

"A Special Campaign was waged which produced \$457.50 to keep Florida's exhibit open at the Century of Progress Exposition in Chicago. This amount was remitted to Jacksonville.

"Agriculture. F. F. Dornier, chairman. We have maintained

this year a supply of Florida state and federal booklets for the use of farmers, citrus growers and others, and have distributed thousands of copies.

"Celery Promotion. We have secured greatly increased consumption of Seminole County celery on railroad dining cars and in restaurants at Sanford, Orlando, Jacksonville and other points in Florida. The Celery Week Campaign staged through the State Marketing Commission, Feb. 19-24 had very active participation from this organization including the following:

"The Farmers Wholesale Market for Sanford was given active co-operation and substantial help including activities of the committee, which resulted finally in the investment of \$27,500 of state and federal funds in this market to be built at Sanford.

"The Annual Membership Campaign was handled Jan. 16-18 with the most effective publicity ever given a similar campaign in Florida, including two trailers in the theaters, two special posters, a special edition of the occasional publication Good News, and active newspaper publicity. More than 100 workers participated in the campaign which resulted in the goal of 800 memberships being passed.

ARMY-NAVY SOLD OUT

NEW YORK, Nov. 16. — The Army-Navy football game is a sellout. The game has been sold out in previous years but this is the first time in history that the service classic has been over-

in advance. The game will be subscribed as much as two weeks played at Franklin field, Philadelphia, Dec. 1. The stadium seats 78,000.

The MILANE

There's More Miles - Per Dollar Value!

Leads the Field! Because:

- 1 They are made of the finest rubber grown, processed and refined to the utmost degree in one of the world's finest plants.
- 2 They have the Firestone exclusive "gum-tapping" process for making the cords stonger. The fact that the cord is an important part of a tire has not been overlooked by Firestone.
- 3 They are manufactured with an extra non-slip surface, having deep well planned treads that grip and hold the road in all kinds of weather.
- 4 They last longer—the excellent grade of rubber plus the manufacturing process, used in the production of Firestones is above the ordinary. Tests have proven that this tire will stand the roughest kinds of wear the year-round, giving the greatest mileage.
- 5 They sell at prices equal to if not lower than ordinary brand tires. Then too the Firestone guarantee is back of every tire sold by any of its dealers. You are protected in every way.

28 STATES NOW HAVE OLD-AGE PENSION LAWS

Many Unemployment Insurance Plans Have Been Slashed

WASHINGTON, Nov. 16. -- (AP) -- Widespread curtailment

of private unemployment insurance plans during the depression is noted by the labor department as the result of a recent survey. Sixty-seven such plans have been tried but only 62 still existing have been forced to cut their benefit payments sharply.

The department classified plans under three types. Joint agreements between employers and trade union plans and company plans.

Of 26 joint agreements only five remain; all are in the clothing in-

dustry. Sixteen company plans are in operation out of a total of 23 that have been launched. Forty-one of the 18 trade union plans have been continued, but with the greatest difficulty.

On the other hand old age pension plans set up by states have increased rapidly in the past few years. Adoption of pension laws by ten states last year brought the total to 28, not including two territories.

States and territories which now have these laws, with the

maximum pensions:

- Alaska \$35 a month for males and \$45 a month for females;
- Arizona \$30 a month; California \$1 a day; Colorado \$1 a day; Delaware \$25 a month; Hawaii \$15 a month; Idaho \$25 a month; Indiana \$40 a year; Iowa \$25 a month; Kentucky \$250 a year; Maine \$1 a day; Maryland \$1 a day; Massachusetts no limit; Michigan \$30 a month; Minnesota \$1 a day; Montana \$25 a month; Nebraska \$20 a month; Nevada \$1 a day; New Hampshire \$7.50 a

week; New Jersey \$1 a day; New York no limit; North Dakota \$150 a year; Ohio \$25 a month; Oregon \$30 a month; Pennsylvania \$30 a month; Utah \$25 a month; Washington \$30 a month; West Virginia \$1 a day; Wisconsin \$1 a day; and Wyoming \$30 a month.

Cuba is the chief product of Tampa (Friendly Islands).

Jesus missionaries introduced the olive to Mexico and California in the 15th century.

BUSY LONDON IS AGAIN HAILED AS GAYEST OF CITIES

Merric England Goes On Spending Spree That Surprises All

LONDON, Nov. 16. -- (AP) -- Merric England has become a reality again and London is being hailed by travellers as the gayest city in the world.

Every spending has increased. Hotels and hotels are crowded. Every night is a party in the West End. Theaters are showing and good times are being had.

Two or three more moves are expected in the next few days and the city will be a busy place.

London is again the center of the world. The city is a busy place and the people are enjoying themselves.

The city is a busy place and the people are enjoying themselves. The city is a busy place and the people are enjoying themselves.

of the exchequer, in a recent speech, pointed out that basic industries, railway receipts, retail trade and building contracts have made substantial increases. Shipbuilding tonnage under construction, he said, had doubled while retail trade increased five per cent in August, over August, 1933.

Restaurants are filled with people willing to pay more than \$2 for lunch and more than \$5 for supper. Tables are at a premium at the more expensive night resorts.

First night tickets were sold out a week ahead for all except a few less popular shows opening this autumn. You can't get a table at a popular hotel on a busy night unless you have made a reservation.

Most of the night are just a stay at the theater openings. Money is everywhere. The city is a busy place and the people are enjoying themselves.

Robert Smith, manager of the Royal Opera House, said that he has had more business in London than he has had in any other city in the world.

The organization, which has 10 offices in London, is making a reservation into January for no less than eight shows in London. Any

one who decided in late October to go to London for a holiday, he said, had to pay more than \$10 for a week's stay in London. The city is a busy place and the people are enjoying themselves.

Money is flowing in London and there are many Americans helping to keep it there.

College Graduates Finding More Jobs

PHILADELPHIA, Nov. 16. -- (AP) -- College graduates are finding it easier to get jobs than they did last year. The city is a busy place and the people are enjoying themselves.

An increase of 20 per cent in the number of college graduates is expected in the present year. An increase of 12 per cent was reported in the year 1933.

The city is a busy place and the people are enjoying themselves. The city is a busy place and the people are enjoying themselves.

REMEMBER HOW PRICES SOARED IN 1917?

Few people will ever forget how prices went up and on during the World War. Just when it seemed they couldn't possibly go any higher—they doubled again.

It was during these years of soaring prices that the company started. In 1917, A & P started to supply millions of new customers. And these millions of people discovered for the first time in their lives that good food could be bought at a saving.

At no period in history had the necessity for an organization such as A & P been so apparent in so many homes. The high prices of the war made A & P more wanted than ever before by many American people.
