

# Essegian Deal Pays Off For Tribe

United Press International  
What's the rap on Chuck Essegian?

Nobody seems to know, although everyone agrees he never seems able to hang on with any club too long.

The 28-year-old trillity outfielder for the Cleveland Indians has been with six major league clubs already, including three different ones so far this season.

Some say Essegian isn't too fast, others say he's not much on defense, but no one says he can't hit. Least of all the delighted first place Indians. They can thank him personally — and they did — for increasing their American League lead to 1 1/2 games.

Essegian got into the opener of Sunday's doubleheader with Kansas City as a pinch runner for

Jim Piersall in the fifth inning. He hit a pair of homers in his only two times up to drive in five runs and lead the Tribe to a 7-3 victory.

Then he doubled off loser Bud Daley in the ninth inning of the nightcap, driving in the winning run in the 4-3 triumph.

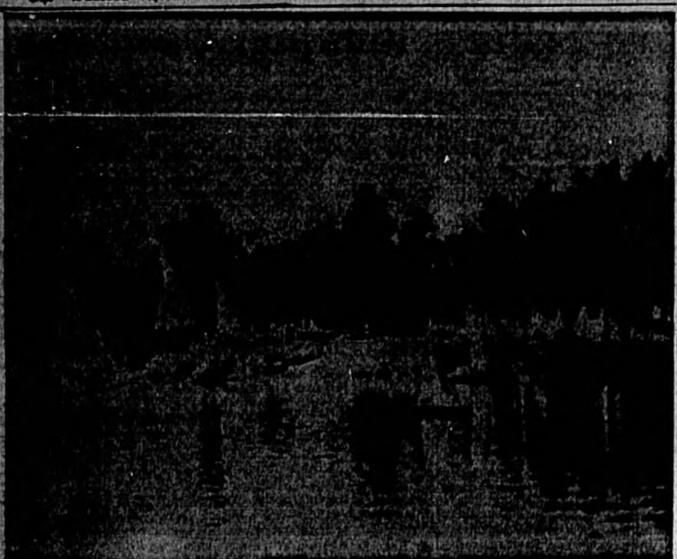

What hurt the A's most was that they were the ones who trad-

ed him to Cleveland last month for a minor league pitcher. Essegian now is hitting .382.

Willie Kirkland homered for the Indians in each game, helping Dick Stigman score his first victory of the season in the opener and Barry Latman his sixth straight without a defeat in the nightcap.

The Detroit Tigers held on to second place with an 11-inning 7-6

victory over Washington in the nightcap after the Senators won the opener, 7-4, the New York Yankees took two from the Los Angeles Angels, 2-1 and 3-1, the Baltimore Orioles beat the Chicago White Sox, 8-3, but dropped the nightcap, 7-1, and the Boston Red Sox also split, defeating the Minnesota Twins, 8-2, and then losing, 10-5.

GETTING UP SAIL FOR RACES held on Lake Monroe Sunday between members of the Orlando Sailing Assn. and the Daytona Beach club, these boats were among the entries in the event which the organizations hope to make an annual event here. The craft were launched at the Seminole Blvd. ramp and sailed a triangular race course on Lake Monroe. (Herald Photo)

## Kiwanis Still Paces Babe Ruth League Play

Rotary's Babe Ruth league baseball team broke into the win column last week when George Miles' charges beat Civitan 5 to 4 and CPO 4 to 2. However, the Bay Thomas and Glen Price's Civitans came back on Friday to down the Rotarians, 7-4.

League standings remained the same as those of the preceding week as the eight teams battled back and forth in the scrappy scramble for the pennant. One of the highlights of the week's competition was Ernie Belmeister's no hitter pitched against Lake Mary, when he and his Kiwanis team mates took them, 11 to 0.

Results of the past week's games: Rotary 5, Civitan 3; Kiwanis 11, Lake Mary 0; Oviedo 5, Elks 2; Rotary 4, CPO 3; Elks 4, Civitan 1; Lake Mary 15, Shrine 3; Shrine 10, Oviedo 3; Kiwanis 7, CPO 0; Civitan 7, Rotary 4.

Schedule for this week: Mon.—Lake Mary vs Civitan, Rotary vs Oviedo; Tues.—Elks vs Shrine, Kiwanis vs CPO; Wed.—Civitan vs Kiwanis; Thurs.—CPO vs Oviedo; Fri.—Elks vs Rotary, Lake Mary vs Shrine.

Standings after Friday's games:

Team	W	L	Pct
Kiwanis	10	1	.909
CPO	4	4	.500
Elks	4	4	.500
Lake Mary	0	5	.000
Civitan	5	6	.455
Oviedo	4	6	.400
Shrine	3	8	.273
Rotary	3	8	.269

## Peewee Play

The Recreation and Parks Department is taking registration for boys seven, eight and nine years of age who desire to play peewee baseball this year. They must register today and Tuesday, June 12 at the Recreation office in order to be eligible to play. Practice will begin Wednesday, 4 p. m. at Ft. Mellon Park. For additional information contact the Sanford Recreation Office.

## To Defend Title

MARACAIBO, Venezuela (UPI)—Rafael Jofre of Brazil will defend his world bantamweight championship against Ramon Arce of Venezuela in Caracas, July 25.

## Grand Prix Regionals Slated For Local Kart Track In July

Announcement was made last week by Chester Kart Track president, Edward B. Mims, that the Grand Prix Kart Club of America will hold their Southern Regional competitions at the South Brevard County track on the weekend of July 1, 2, 3 and 4. The meet which, according to Mims, will bring together the finest collection of top flight drivers ever to appear at a karting track, will determine the Florida State Championship and the Southern Regional championship.

Drivers in the championship will receive points on the Grand Prix team schedule.

There must have been about 100 yards from the Lemon Bluff camp. Bass fishing has been pretty good, although the St. Johns water level still is way down, Mrs. Crim said.

Biggest one caught last week was a 15-pounder landed by J.R. Clark, 2101 1/2 Magnolia Ave., Sanford. The catch was registered for entry in the Ted Williams Bears Roebuck Fishing contest, for which Lemon Bluff is one of the official weighing stations.

One always fascinating season of the year is the time from May to July when the big sea turtles come onto Florida beaches to lay their eggs. Turtle watching has become a beach pastime as the lumbering loggers move to spots above the high tide mark and dig their holes.

Conservation agents keep a constant patrol along the beaches to protect the turtles from poachers, since turtle meat and eggs bring a high price from some who have no regard for conservation efforts.

The agents also are engaged in what amounts to guided tour type lectures to the many curious people who come to watch the turtle digging routine.

## Suppliers Take Mixed Loop Lead

Powell's Office Supply grabbed the lead from Appleby's Restaurant in The Thursday Nile Mixed League, after this weeks play, holding first with 15 wins, while Appleby's dropped to second spot with 14.

Pryor's State Farm Inc., Steinmeyer Roofing, and Sanford Mfg. all are in third with 13 wins, followed closely by DeBary Pharmacy, Union Park Pharmacy and Pierre's Mfg.

George Conklin was high in the league this week, with a 545 series, with Dot Powell leading the women with a 529. Bill Harris and Woody Wilson picked up the 3-10 split twice each to convert their spares, while Bill Foster, Ken Stone, Harold Appleby, Harry Pentecost and Jerry Farella all made it ones. Doris Nicholson got the 3-10, Beverly Grabarkiewicz made the 3-7, Ron Robinson 4-5-7, and Chester Fawley outdid them all with his pick up of the mean 9-7.

SALT LAKE CITY—Presidents of the eight schools making up the Skyline Conference voted unanimously to dissolve the league next year.

## \$900,000 School Bonds Are Sold For Seminole

The State Board of Education today sold more than \$9 million in school bonds for 12 counties, including \$900,000 for Seminole County.

A total of seven firms submitted bids and two firms bought the whole batch. Halsey Stuart and Co. and Associates of New York bought nine of the issues and Arch Roberts, St. Petersburg, the other three.

The Halsey Stuart firm bought the Seminole issue at the interest rate of 3.675 per cent.

The money from the sale of the bonds will go for a new Bear Lake Elementary School and for a new Junior high school next to South Seminole Elementary School.

Final plans on both schools were approved at last week's school board meeting. Work on the schools are expected to start in August.

The Bear Lake school will have 20 classrooms and the Junior High School will have 28 classrooms.

## Special Session Might Be Called

State Rep. Mack Cleveland Jr. said today there is a "liberal chance" for a special session of the Legislature if there isn't enough revenue to finance needed state construction placed in second priority.

The 1961 Legislature provided little money for construction in first priority appropriations and Cleveland said "the amount might not take care of us."

At Bradenton, State Sen. Ed H. Price Jr. said he has been opposed to a special session because "I've said from the beginning the job should have been done in the regular session."

However, he said he "certainly would agree to a special session" if it were necessary to get enough money to finance necessary second priority construction, including additional buildings for mental institutions.

Price said there was sufficient tax legislation proposed "during the regular session to take care of needed construction of state buildings." But he said he didn't think Gov. Farris Bryant, who has insisted new taxes were not needed, would call a special session.

## West Consults On Berlin Paper

PARIS (UPI)—The Western Allies are consulting on a reply to Russia's demand that they get out of Berlin, French diplomatic sources said today.

They said the consultations among France, Britain, West Germany and the United States likely would lead to a high-level Allied meeting on the crucial issues, although no final decision was expected for some time.

French diplomats said Moscow's public release of the documents headed by Soviet Premier Nikita S. Khrushchev to President Kennedy in Vienna represents the "first phase" of a long-term maneuver in Soviet cold war strategy.

The document on Berlin and Germany, they said, was merely a reiteration of Soviet policy statements since 1958. The document on a nuclear test ban and disarmament was seen as demonstrating Soviet firmness in the demand for a three-way veto system.

The Communist East Berlin newspaper Berliner Zeitung said today the Allies have six months to accept the Soviet plan to end Western rights in Berlin or face unilateral Soviet action. The newspaper indicated the six-month time began when Khrushchev handed Kennedy his memorandum.

## Little League Pie Sale Set Friday

The Sunland Auxiliary of the Little League will sponsor a homemade pie sale Friday to raise funds for equipment for Little League players.

The pies will be sold in front of the Food Fair store from 8 p. m. to 9 p. m. Friday.

## Ambassador Named

WASHINGTON (UPI)—President Kennedy today named Mayor On Leases Morrison of New Orleans as new U. S. ambassador to the Organization of American States.

## Free Parking

The City Commission Monday night voted to allow free parking in the downtown area on Wednesday mornings during the summer months.

Commissioner Tom McDonald told the board that the Chamber of Commerce is planning a drive to boost downtown area shopping and asked the commission to allow free parking starting immediately and continuing through August. The board agreed.

## New Well Pump To Bolster City Water Supply

The city commissioners moved Monday night to give Sanford's water supply a big boost when they awarded the low bid from a Tampa firm for a well pump at a cost of \$18,686.

The pump will be connected to the newest test well on Hwy. 17-92 and according to Engineer William Leffler will increase the city's water supply by "approximately 39 percent."

Leffler told the commission Monday that the new pump would increase the supply for a 24 hour period from 3,600,000 to 5,000,000 gallons.

The low bid was made by Southern Water Contractors. Leffler asked the board to approve the low bid pending completion of a check of the firm's performance ability.

In other business, the commission denied a request from Sanford Junior High School teacher Zeb Dickson to sell his book, "The Common Sense of Segregation, door-to-door."

Commissioner Earl Higginbotham led the opposition to granting Dickson a selling permit, saying "we don't want anything to stir up any misunderstanding among our people."

Approved a request for a transfer of funds totaling \$136.02 to the General Sanford Memorial Library.

Agreed to join with police officers in dedicating the new police clubhouse on N. Seminole Blvd. next Monday at 10:30 a. m.

Reappointed Harry Lee Sr. to the Civil Service Board; for a two year term.

Agreed to vacate the street light of W. 1st St. at Locust Ave. to Orange Ave. and retain a drainage easement.

## Swimming Classes Open Wednesday In Casselberry

Thirty students of the Casselberry area have registered for beginner and intermediate swimming lessons which open Wednesday in back of the LuRay Motel on Lake Ellen.

Qualified American Red Cross volunteer instructors of the Casselberry Water Safety Committee will be in charge of the three week course with classes scheduled on Mondays, Wednesdays and Fridays.

Beginners are to report from 9 a. m. until 10 a. m. with intermediates from 10 a. m. until 11 a. m.

Instructor Robb Ladd reported today that plans for adult instruction are being made and advised that all interested persons may contact him or Fire Chief Paul Bates for further details.

SEMINOLE COUNTY 4-H boys taking part in the annual short course of the University of Florida are Owen Cammack, Geneva; John Jakubcin, Slavia; Billy Hein, Maitland, and Danny Thompson, Slavia. They are shown with County Agent Cecil Tucker as they prepared to leave on the trip, awarded them on a scholarship basis. Sponsorships are given by the County Farm Bureau, Kiwanis Club, Citizens Bank of Oviedo and Florida Ford Tractor Co.

WEATHER: Scattered showers through Wednesday. High today, 90-93. Low tonight, 70-73.

VOL. 53 United Press Leased Wire Established 1908 TUESDAY, JUNE 13, 1961 SANFORD, FLORIDA NO. 212

CDR. T. A. WAGNER  
Cdr. Wagner New VAH-9 Commander

Cdr. T. A. Wagner, executive officer of VAH-9, will relieve Cdr. S. R. Johnson as the commanding officer of the squadron at change of command ceremonies Thursday at the Naval Air Station.

Cdr. Johnson, who served as VAH-9 commanding officer since last July 29, will take command of VAH-3 in mid-July.

Cdr. Wagner, who completed the heavy attack plane commander course at VAH-3 in October, 1960 joined VAH-9 on November 17, 1960 at Naples, Italy, while the squadron was deployed in USS Saratoga. He has had the unusual experience of piloting every type of operational Navy jet aircraft while he was a test pilot of the Service Test Division at the Naval Air Test Center, Patuxent River, Maryland.

Wagner and his wife, Elaine, make their home at 126 N. Shirley Sanford, with their three children, Teddy 12, Dawn, 8, and Mark 5.

## Office Building Request Okayed

A request by Sanford architect Hal Harris was approved by the Casselberry Board of Aldermen Monday for a zoning variation on property located on Hwy. 17-92 between the Community Methodist Church and the Sinclair Service Station.

Harris, whose request was accompanied by preliminary sketches for the office building he plans to build on the property, asked that the presently required 25-foot highway setback be varied in order that show windows of his building could be reasonably close to the highway.

Parking spaces, the architect advised, would be in back of the building.

## Agreement Seen By United Press International

Two Florida legislators, both citrus men, said today they were confident the governor and agriculture commissioners could work out a mutual agreement with Georgia about breeder fees to prevent such retaliatory action as has been proposed by that state.

Georgia agriculture officials Monday proposed a 10 cent tax on every container of Florida fresh fruit shipped into Georgia in retaliation against fees totaling \$225,000 annually that Florida imposes on Georgia broilers.

## Eichmann Next On Trial Stand

JERUSALEM (UPI)—One week from today the world will begin hearing from Adolf Eichmann's own lips his reasons why he should not be convicted of being history's worst mass murderer.

The Israeli prosecution Monday night all but completed its two-month-long presentation of evidence that Eichmann has on his conscience the slaughtering of six million Jews during Germany's Nazi era.

## Stocks Shaded

NEW YORK (UPI)—Stock prices shaded today with mostly fractional declines in another quiet session. Dow Post fell about two points at the first hour and was largely responsible for heaviness in the Dow-Jones industrial average.

## Citizen Threatened Arrest, Commissioner Avery Says

District 3 County Commissioner James P. Avery told the commission today that he was "abused" and threatened with arrest when he and road department officials, tried to clear a dedicated park on Bear Lake Road.

Avery said that George Bunnell, who owns property on Bear Lake Road, ordered Avery off the property claiming squatter's rights.

Avery said he refused to get off the property and said "it will take a legal court order to stop us from doing this work."

The commissioner stressed that "someone put up a barbed wire fence in the middle of the 30 foot piece of property which fronts on Bear Lake Road."

Avery said road crews attempted to tear down the fence and

clean up the place and Bunnell threatened to swear out a warrant. "I was defending the public right to use the park and will continue the fight by all means to retain title to the property," Avery said.

A delegation of property owners along Bear Lake Road appeared before the board today wanting clarification on rights of way on the road.

The delegation, headed by Bunnell, his son, Archie, and R. F. Loomis, said that they didn't want any work done on private property.

Avery said he has "suffered

more abuse in two weeks while trying to clear rights of way on this road than in my entire life. "We are certainly not going to bother any private property, but this road was a confused mess when I took office," Avery said.

"We are now conducting a survey to show where the county line is and no work will start until we get an accurate survey," Avery said.

The property in question is on south Bear Lake Road near Bunnell Road.

In other business, the board deferred action on approving a trailer park on SR 434 west of Longwood.

The Board of Adjustment denied the use of the property and the board tabled action for two weeks pending further study by attorney Mack Cleveland Jr.

## A Herald Editorial

### Hospital Board Has A Problem

This is the week that the board of trustees of Seminole Memorial Hospital will consider bids on the new addition to the hospital's building and facilities.

Original estimates of the cost of expansion was in excess of half a million dollars and when the hospital was approved for a Hill-Burton grant of federal funds to match its own money, financing did not appear to be any problem.

The picture may have changed slightly now since costs of construction, materials and equipment is so changeable these days. The hospital board may be faced with the possibility of revising its original hopes for the addition. The cost factor might necessitate omission of some facilities which the expansion was planned to include.

We hope the board will not have to decide on such a matter. But one thing the trustees should keep in mind is that the hospital is at the stage where it must have a resident physician, an intern program and the resulting improvement in emergency services.

Certain criteria must be reached in the way of facilities, number of patient beds—in other words, size and scope of operations—before the hospital can have what it needs in the way of more complete services.

We hope the trustees will not make any adjustments in their plans which will jeopardize the hospital's ability to proceed with expanded staff and services.

We hope the cost problem won't put the board in too cautious a mood when it comes time to decide that we must have the best possible hospital, regardless of the costs to be met.

The way things are going, costs are bound to be higher at any future time than they are right now, so there is no way to clear the economy hurdle. Now it the best time for action.

## Bryant Requests \$18 Million U. S. Waterway Funds

WASHINGTON (UPI)—Gov. Farris Bryant asked Congress today to make available more than \$18 million for Florida public works projects, including enough to start the long-awaited barge canal across the state.

Bryant testified before the Senate and House public works appropriations subcommittees. He was the first southern governor to make a personal appeal in behalf of his state's projects.

Bryant was accompanied by Secretary of State Tom Adams, Atty. Gen. Richard Erwin, Comptroller Ray Green, Treasurer Ed Larson and Agriculture Commissioner Doyle Connor.

The state's congressmen appeared with Bryant and later testified on behalf of projects in their districts before the House subcommittee.

Bryant's request included the amount requested by former President Eisenhower in his budget and also additional asked by President Kennedy when he reviewed the budget for the fiscal year starting July 1.

The key addition made by Kennedy was a request for \$18,000 to start planning on the Cross-Florida Barge Canal which will run from Yankeetown on the west coast to Jacksonville on the east coast. It would provide a barge route from the Gulf of Mexico to the Atlantic Ocean.

The biggest item requested by Bryant was \$13 million for the Central and Southern Florida Flood Control District. Bryant said the Corps of Engineers could use \$14.5 million, but he did not make an extra effort to have the subcommittee approve the larger amount.

The association, organized by residents opposing annexation action taken by the Village Council on May 2, has announced a meeting open to all North Orlando homeowners at the Longwood Elementary School Auditorium for 7:30 p. m. Wednesday when Attorney Kenneth McIntosh will present a legal interpretation of the village charter.

## Fasula Asks For Joint Meet

North Orlando Mayor Frank Fasula stated Monday that he would like to meet with officials of the newly organized Homeowners Assn. for "if they are sincere in wanting the betterment of the Village, their actions should start in the Village Hall."

The association, organized by residents opposing annexation action taken by the Village Council on May 2, has announced a meeting open to all North Orlando homeowners at the Longwood Elementary School Auditorium for 7:30 p. m. Wednesday when Attorney Kenneth McIntosh will present a legal interpretation of the village charter.

Neither Fasula nor any of the North Orlando Co. attorneys will attend the Wednesday meeting.

## Foreign Service Man Held As Spy

WASHINGTON (UPI)—Irvin C. Scarbeck, a State Department foreign service officer, was arrested here today on charges of passing U. S. classified information to the Polish Communist government.

Atty. Gen. Robert F. Kennedy said that Scarbeck, 41-year-old native of Brooklyn, N. Y., was arrested by FBI agents on a Washington street this morning.

Scarbeck has been serving as second secretary in the American embassy at Warsaw since Dec. 14, 1958. He returned to Washington from that post on June 8.

Kennedy said an investigation of Scarbeck's activities was begun as a result of information developed initially by the State Department's office of security in Poland.

He will be charged with "unlawfully transmitting classified information affecting the security of the United States to an agent of the Peoples Republic of Poland," Kennedy's announcement said.

# Florida Next For 'Riders'

By United Press International

The troubled states of Alabama and Mississippi apparently are going to receive a respite in the "Freedom Rider" campaign to end segregation in the South's bus, train and plane terminals.

An "interfaith group" of 14 Protestant ministers and four Jewish rabbis was scheduled to leave Washington today aboard a Greyhound bus which will take them down the coast to Jacksonville.

Another 14-member group of "union and professional workers" leaves the capital Wednesday on a similar trip. Both groups are sponsored by the Congress of Racial Equality (CORE), which began the massive attack on deep South segregation statutes involv-

ing interstate passengers last month.

Since that time 100 "Freedom Riders" have been jailed in Jackson, Miss., and state officials report they may have to be transferred to the state penitentiary because Jackson jails are filled to capacity with the anti-segregationists.

A federal judge Monday lifted his "off-limits" decree on "freedom rides" in Alabama, but remarked that he could issue another fast injunction restoring the ban if developments warrant.

Judge Frank M. Johnson Jr. in Montgomery let the injunction die on a technicality. The ruling, issued on May 2, barred "freedom rides" sponsorship in Alabama. It could have been renewed for 10 days.

Johnson permitted the order to expire when he learned the U. S. attorney's office failed to serve CORE and other pro-integration groups with one of the documents involved in the case. The judge told attorneys for the organizations he "reserved the fight" to issue another injunction on the weight of evidence which will be presented at another hearing in Montgomery on July 17.

The Rev. Wyatt T. Walker of Atlanta, executive secretary of the Southern Christian Leadership Conference said he would go to Montgomery today to map plans "to restart 'freedom rides' as soon as possible" in Alabama. No dates have been set, Walker said.

Today's riders from Wash-

ington, jumping off point for the first group of "Freedom Riders" which ran into violence in Alabama last month, were not expected to meet trouble in the Carolinas, Georgia or Florida.

In Athens, Ga., Monday, Atlanta music teacher Mary Frances Early registered at the University of Georgia for summer classes at the university's graduate school. She became the third Negro admitted to the school. The others, sophomores Hamilton Holmes and Charlyne Hunter, are attending summer classes.

A federal judge in Biloxi, Miss., Monday recessed a hearing on an attempt by James Howard Meredith, 27 to become the first Negro admitted to the University of Mississippi.

## Legal Wheels Turn For GI Killers Of Seven

SALT LAKE CITY (UPI)—Legal wheels turned today to bring George York and James Latham the punishment they insisted they desired and deserved: execution for murder.

For the calloused young escapees from an Army stockade in Texas, their ultimate execution appeared almost certain. They freely admitted seven murders in a two-week, five-state blood bath, which ended with their capture near here Saturday.

It was just a question of where and when the executions would be carried out, they felt.

Authorities of six states were trying to answer the "where" part of that question today. Utah officials were listening to appeals for jurisdiction over the youths that came from Florida, Illinois, Tennessee, Kansas and Colorado.

A meeting was set for today in the office of Salt Lake County Sheriff George Beckstead to determine who would take over custody. The arrest, at a roadblock near Grantsville, Utah, was on a federal warrant, charging car theft.

However, this charge was expected to be dismissed in favor of one of the murder accusations. Tooele County Sheriff Fay Gillette, who arrested Latham and York, said "it doesn't matter to me, it's just a question of who has the best case and the least technical problems."

Latham, 19, from Mauriceville, Tex., and York, 18, from Jacksonville, Fla., told Gillette they would decide whether they would waive extradition after "thinking things over." They said they would seek three promises before going voluntarily to the courts of any state—that death penalties be certain, that they be prosecuted together and that action be quick.

"We killed together so we'll die together," York said at a news conference in the county jail late Monday. "We both killed all of them (the seven victims)—regardless of who pulled the trigger. It was like we both were holding the gun."

FLORIDA POWER and Light Co. manager Scott Burns presents a gift to Margaret Wright at a dinner party held recently honoring Miss Wright for 25 years of service with the company. The dinner was held at the Capri. (Herald Photo)

## Summer Play Program Set For Sanford

The Recreation and Parks Department announces their schedule of activities for their summer supervised Recreation Program. The elementary playgrounds will be operated from 8:30-11:30 each day, Monday through Friday starting June 19.

The program this year will include arts and crafts, special events such as: treasure hunts, tick hunts, baby stupa, Junior Olympics, pet shows, water carnival, doll shows, talent shows, and many other events.

In addition to all of the above activities there will be playground leagues in athletics, storytelling, table-games and many others. The elementary playgrounds will be operated at the following areas: Theonest School, Grammar School, Southside, Ft. Mellon Park, Goldshore School and Hop-

The teenagers will take over each day at 2 p.m. for a full schedule of varied activities. All teenagers are requested to please register at the Recreation Office for the activities which they desire to participate in between June 12-28.

CELEBRATION OF HOLLER MOTOR SALES' 17th year in Sanford was helped along by Miss Janice Moore, who was hostess at the serving of the big birthday cake to customers at the Holler showrooms. Shown with Miss Moore is Claude Hittal of the company's sales staff. Bill Holler opened his business here 17 years ago in the building where The Herald is now located and has expanded it into the present location at 219 E. Second St. (Herald Photo)

## Hot, Muggy Air Spreads Over U. S.

By United Press International

Hot, muggy air from the tropics spilled across the nation from the Rocky Mountains to the Atlantic today in the first heat wave of the summer.

The hot June sun baked the steamy air to form thunderstorms, some of them heavy and some of them violent, in the Deep South and across the northern tier of states from the Dakotas to New York Sunday.

American flocks to beaches and hotels in an effort to beat the heat. At least 20 of them drowned.

More than 5 1/2 inches of rain fell in 24 hours at Freeport, Tex. Nearly two inches fell at Spartanburg, S. C., and more than one inch at Huron, S. D., during a six-hour period Sunday night.

Temperatures were in the 80s and 90s in most of the eastern two-thirds of the nation. It was 92 at Valencia, Neb., Milwaukee with 50 and Grand Rapids, Mich., with 87, had recorded highs for June 11.

Severe thunderstorms crashed across South Dakota and Minnesota. High and high winds hit Iowa, Wisconsin and lower Michigan.

While the rest of the nation sweltered, residents of the Pacific Northwest shivered in 50 to 60 degree temperatures and New Englanders enjoyed temperatures in the mid 60s.

Along Wisconsin's Fever River, a man saved his two teen-age daughters from drowning Sunday night, and then drowned himself. On Bayou, Bartholomew near Raposa, La., three children drowned while returning home with their parents from a grocery. Their boat hit a submerged object and overturned.

## Industry Urged To Aid Education

HOLLYWOOD (UPI)—The newly-formed Education Research Foundation of Florida, Inc., was busy today in an attempt to attract more top-flight educators to Florida's colleges and universities.

Gov. Farris Bryant, the foundation's chairman, called more than 100 industrial, educational and cultural leaders from San Francisco for the foundation's organizational meeting.

## 3 Percent Of Population Retarded

(Part two of a Herald series on the problem of mental retardation.)

Accurate statistics on mental retardation in the U.S. and Canada are not available. However, it has been assumed for several years that about 3 percent of the U. S. population, or five million children and adults, can be considered mentally retarded. Approximately 120,000 children born each year are mentally retarded.

The U. S. Children's Bureau estimates that 85 percent of the mentally retarded are educable, 12 percent are trainable and 3 percent are dependent. In 1953 the U. S. Office of Education estimated that of the three-quarters of a million mentally retarded school age children in the U. S., only 15 percent were receiving the special services they needed.

Concern for the welfare of the mentally retarded has, in the past ten years, been exhibited at a local, state and national level.

## North Orlando Co. To Co-Sponsor July 4 Event

by MONA GREENTHREAD

W. W. Anderson, president of the North Orlando Civic Assn., reported Friday that the North Orlando Co. will co-sponsor the Fourth of July all-day celebration and has donated several hundred dollars towards the event.

A meeting of the association entertainment committee chairman, Dave Tilson, and company representative, John Schwartz, will be held early this week with Mayor Frank Paula invited to attend as a representative of the company and the Village.

Anderson also reported that Schwartz has assured officials of the association, which voted unanimously at a recent meeting to petition for a water rate decrease, that a thorough survey will be made and studied by the Utility Co. and if at all possible, rates will be lowered.

## Lana's Kid In Trouble Again

BEVERLY HILLS, Calif. (UPI)—Cheryl Crane, 17, the daughter of movie star Lana Turner, was in trouble again today—this time for partying with two teen-age girl friends, police disclosed.

The girl disappeared from home Monday following her arrest and subsequent release to the custody of her mother, but Miss Turner said, "she's gone away for a few days—just to think things over."

Cheryl's arrest came at the home of her grandmother, Mrs. Mildred Turner, after a neighbor's call had brought police to the scene.

Juvenile authorities said they knew where she was and did not consider her missing, even though she was supposed to show up for questioning at police headquarters Monday.

## Business Briefs

A. D. Davis, president of Winn-Dixie Stores, Inc., which operates 230 supermarkets throughout the South, was presented with an honorary doctor of laws degree on Sunday (June 11) at the University of Idaho. Davis was graduated from the university in the class of 1939 with a BS degree in business administration. The honor was bestowed during commencement exercises at the university, located in Moscow, Idaho.

TELLING IT TWICE  
MEMPHIS, Tenn. (UPI)—Louis Tallaferra has his name listed twice in the telephone directory here but under different spellings. To boost confusion, Tallaferra, an attorney, entered his name under the phonetic spelling "Tallfer," and, of course under the true spelling "Tallaferra."

## Oviedo Graduates Enjoy Dance At Cafetorium

By MARIAN R. JONES  
The Oviedo Cafetorium was transformed into a lovely ball room following the graduation exercises.

Class colors for the occasion were red and white and the seniors just receiving their diplomas were the guests of honor.

Students and party representatives of the High School group held red and white streamers coming together in the center with a cluster of red and white balloons dangling from this point.

The serving table was adorned with tall crystal candle holders, surrounded with clusters of carnations. The punch bowl, filled with red punch, graced the other end of the table.

Individual tables overlaid with alternate red and white cloths and centered with individual candles of the opposite color of the cloth were placed around the room for the couples to rest and play games when not dancing.

Mrs. James Partin and Mrs. Wesley V. Swanson, recreational chairmen for this group, were assisted by Mrs. Walter Teague and Mrs. W. H. DeShazo, who had charge of the refreshments.

Many of the High School teachers were also present with the group for part of the evening.

## Girl Scout Diary

**BROWNIE TROOP 294**  
A fly-up ceremony was recently conducted for six Brownies from Troop 294, in the educational building of the First Christian Church.

They were Nancy Brooks, Linda Cullum, Cynthia Leonard, Jane Mero, Marcia Meyer and Wanda Perkins.

Guests present for the ceremony were parents and friends of the girls. Mrs. D. H. Fletcher, their new leader and six intermediate scouts from other troops.

The guest scouts were Mary E. Johnson, Pat Owens, Linda Renfro, Melanie Hurt, Susan Kuhn and Michele Boudinot.

Following the fly-up program, the group went to the Pinescrest Inn and enjoyed refreshments and a final get-together for the season.

## Enterprise

### Personals

By HELEN SNODGRASS  
Mrs. Chester Henderson spent the weekend in Jacksonville and attended a lingerie show given for her daughter, Roxann, at the home of Mrs. Carolyn Clyde. Guests at the buffet supper party were employees of the State Welfare Department office where Roxann is employed.

Mr. and Mrs. Lovick Hayman Jr. and son, are spending several days at the home of his parents, Mr. and Mrs. L. O. Hayman.

Miss Jean Parker, daughter of Mr. and Mrs. D. J. Parker, arrived home this weekend, from Florida State University, for the summer vacation.

Miss Susan Hiers, co-captain of the Groveland High School cheer leaders, Mrs. H. R. Hiers, chaperone, and Miss Audrey Hiers, sponsor, attended the state cheerleaders clinic in Tallahassee last week. The Groveland group came out with an excellent rating.

## Miss Patricia Jackson Honored With Shower At Estes Home

Miss Patricia Jackson, whose marriage to Andrew Duda, III, will be an event of June 18 at St. Luke's Evangelical Church, Slavia, was the inspiration for a personal shower on Thursday evening at the home of Mrs. R. W. Estes. Co-hostesses were Mrs. B. G. Smith and Mrs. George Kelsey.

The refreshment table was centered with an arrangement of roses and baby's breath in a silver bowl and other arrangements of gladioli were used on the porch. Crystal candelabra with burning tapers graced the buffet.

Miss June Fleming kept the guest book and Miss Bessie Fleming assisted the honoree with the gifts. Guests included Mrs. Andrew Duda, mother of the groom-

## Retirement Party Honors Mrs. Goff

Members of the 1960-61 class of Stepping Stones Kindergarten honored their teacher, Mrs. Bobby Goff, with a retirement party at the school.

MRS. GOFF

MRS. HUMPHREY

MRS. BRACKEN

Mrs. Goff was presented with an engraved sterling silver dish as a lasting memento from the appreciative parents and children. Countless Sanfordites remember Mrs. Goff as a teacher in the public schools, prior to the opening of her kindergarten, nine years ago.

A retirement gift was presented to Mrs. Robert T. Humphrey, pianist, who is also retiring this year, after being with Mrs. Goff since the opening of the kindergarten.

A "thank you" gift was accepted by assistant teacher, Mrs. Laura Bracken, who will be the new owner-teacher of the school next year.

The party climaxed many interesting activities for the youngsters in recent weeks. They joined the nation in celebrating Law Day, May 1, by touring the Sanford Naval Air Station.

## Oviedo Home Club Conducts Workshop

If you peeped into the Lee building last Wednesday and Thursday you would have seen a group of industrious workers inside.

Mrs. W. W. Dietrick and Mrs. Marilyn Kovach were conducting a workshop for the Oviedo Home Demonstration Club.

They worked all day Wednesday, making aluminum trays, each member bringing her own lunch, and half of Thursday.

Those enjoying the occasion and the lovely trays made were the president, Mrs. W. W. Dietrick, Mrs. Marilyn Kovach, Mrs. Arthur Richter, Mrs. Lynn Mosier, Mrs. E. G. Cross, Mrs. Annie Cross, Mrs. Annie Carter, Mrs. Roger C. Miller and Miss Ruth Davidson.

## Oviedo

### Personals

By MARIAN R. JONES  
Tommy Partin, son of Tip Partin, has arrived home from Mt. Verde, where he attended school this past year. Grandmother, Blanche Partin, and dad are quite proud of the three awards Tommy received, in citizenship, agriculture and history.

Jimmy DeShazo celebrated his 18th birthday recently at a bowling party with a small group of close friends.

Mr. and Mrs. J. B. Jones and Mr. and Mrs. Lynn Mosier celebrated their joint wedding anniversaries by having dinner at Norwood's, New Smyrna Beach. The Joneses were celebrating their 31st anniversary while Mr. and Mrs. Mosier were celebrating their 31st.

It was also a happy anniversary deal for Mr. and Mrs. Paul Campbell on June 7, their 30th; and Mr. and Mrs. Allen Thompson, their 31st.

Mrs. Kenneth Wiggs and children, Mike, Sandy, Ray and Jeff, of West Palm Beach spent several days with Mrs. Wiggs' mother, Mrs. R. W. Estes and other relatives here.

Mr. and Mrs. Lloyd Dunklee and son, Raymond, of Tampa, arrived in Oviedo in time to see daughter, Clyde, receive her diploma from Oviedo High. The family moved to Tampa several months ago, leaving Clyde with relatives to finish her senior year here.

FOUR GENERATIONS help Mrs. Sarah Bishop, celebrate her 91 birthday, this past week. Seated on couch—Mrs. Howard Sharp of Grande Vista, DeBary; Mrs. Bishop, mother of Mrs. Sharp and Mrs. Thomas Potter, Mrs. Sharp's daughter. Seated—Richard Henry, Sheri Lee, Christie Lynn, and Deborah Anne Potter.

## Relatives Visit At LaRoche Home

Mr. and Mrs. H. C. Conrad of West Allis, Wis., are visiting Mrs. Conrad's parents, Mr. and Mrs. J. I. LaRoche, in Elder Springs.

During their stay they have been busy seeing points of interest in the state.

The LaRoche's grandson, L. P. Conrad and his wife have also been visiting with the group but left this weekend for their home in Wisconsin.

## Osteen

### Personals

By MRS. CLARENCE SNYDER  
Mrs. Rena Veino has returned to her home after being a patient in Seminole Memorial Hospital.

Mrs. Robert Williams and Mrs. Harry Osteen attended the Memorial Day dinner, given by the Cross of Malta, at the home of Mr. and Mrs. Harry Leard in Orange City.

Mr. and Mrs. W. H. Slippo of Florence, Ala., are spending several days with their aunt, Mrs. Rose Phillips.

Mrs. Harry Osteen attended a meeting of the Cross of Malta, past presidents of the auxiliary of World War I Veterans, in DeLand, Thursday evening.

For little Moms and not-so-little Moms, it's rugs and spreads and gosh-knows-what-all-washing time again. At ECON-O-WASH you can use as many washers as you need at one time... get the fastest, cleanest wash in town... the fluffiest drying! Takes only about an hour to do the entire week's laundry!

## Club Women Enjoy Unusual Hat Show

The first summer meeting of the Sanford Business and Professional Women's Club was held in the new and spacious patio of the J. E. Gradick home on Park Avenue recently.

Members in a relaxed and care-free mood wore gaily decorated hats while partaking of a delicious covered dish supper.

To go with the other good things to eat brought by the club members, Mrs. Gradick provided fresh sweet corn. All weight watchers decided on the spot to take a holiday from diets.

The hats worn by club members were decorated to represent the kind of work the wearers do in their jobs and professions. A vote was taken to decide whose hat was most outstanding, and this honor, together with a prize, was won by Mrs. Arolyn True.

The trim of her purple and silver sombrero served as track for a complete miniature train, and the crown supported a railroad crossbuck warning sign. Ingenious ideas were cleverly carried out on all the many gay hats.

The next regular meeting of the Club will be held June 20 at the Florida State Bank meeting room.

**CIVIL WAR DEAD**  
Approximately one-half million (on both sides) lost their lives in the Civil War. Of this number, 364,000 were Union soldiers who either were killed or died of disease.

WE HAVE PRICED THEM TO MOVE QUICK.

MISS JEAN MASTERS, daughter of Mr. and Mrs. Joe Masters, of Osteen, entertained a group of her school friends at the J. J. Redditt cabin at Salt Springs, last weekend. The girls enjoyed swimming and boat riding and other outdoors activities. Left to right are, Sandy Slayton, Betty Pittard and Jean. Second row, Gay Hunt, Mr. and Mrs. Redditt and Mrs. Elmer Hayman. Back row, Joyce Shepard, Sandy Herbis and Anne Aiken.

## Joy Wainright Honored With Birthday Party

By MARIAN R. JONES  
Miss Joy Wainright, daughter of Mr. and Mrs. Ben G. Wainright, of Oviedo, was guest of honor Friday evening when her parents entertained with a birthday party.

Joy was celebrating her 13th birthday and the party was held at the Sweetwater Park pool.

Guests assembled at the pool at 7:30 p.m. and stayed until 10:30 for the festive occasion. Swimming and dancing were enjoyed by the group.

Delicious birthday cake, sandwiches, potato chips and punch were served to the guests by Mrs. Wainright, ably assisted by Benne and Roy Wainright, Miss Linda Harris and Miss Jewel McClung.

Those invited included Marilyn Partin, Nancy Swenson, Jimmy Courier, Judy and Jimmy Minter, Arthur and David Evans, Rex Brooks, Gay Ulrey, Jan Beasley, Karen Jensen, Danny Gammage, Ted Aulin, Miriam Wheeler, Walter Beasley, Marshal Lingo, Tim Packard, Wayne Jacobs, Ouida Wolcott, Linda Riggins and Al Ward.

## Chuluota Graduates Honored At Party

By MARIAN R. JONES  
The graduates of Oviedo High School have been honored with a series of parties during the past week.

Last Thursday evening the mothers of the Chuluota graduates entertained with a dinner party at the Lake Catherine Inn, Chuluota, honoring all graduates.

The new manager of the Inn had the dining room beautifully decorated for the occasion. The center arrangement of the dinner table was composed of red and white roses, gladioli and carnations.

Following the dinner games were played and the couples danced. Later in the evening each graduate cut a piece of the cake, placed on an individual table. It was decorated with red roses, the class flower, combined with the white icing. As the graduate cut the cake each gave a testimonial of life's goal they hoped to reach. The mothers followed, each giving a wish to the graduates.

Coach Paul Mikler, class sponsor, spoke to the members following the dinner. Graduates attending were Gladys Alford, Jerry Arndt, Gerald Bellhorn, Sandy Bellhorn, Darlene Chambers, Douglas Cruce, Betty Duda, Katherine Duda, Clyde Dunklee, Nancy Estes, Marian Chambers, Marian Fabry, Gregory Edward Feuz, Bessie Fleming, Karen Franklin, Julie Gore, Sharon Howell, David Richard Johnson, Mike Kennedy, Charles McClung, Danna Morski, Albert Myers, Esie Pearson, Carol Rook, Keamoth Sparks, Walter Teague Jr., Jerry Ulrey, Peggy Wata and Richard Van Wormer. Coach and Mrs. Paul Mikler and the parents of the children of the Chuluota group.

## County Home Clubs Plan Installation

The County Home Demonstration Clubs for Seminole County will meet on Thursday at Rock Springs Park.

The meeting will start at 10:30 a.m. and will include joint installation of new officers from all the clubs. A picnic dinner will be served following the installation.

## Novel Approach

When Harry Truman was president, he made a number of "fireside chats" in the old FDR tradition of the 1930s and early 1940s. A White House aide to President Kennedy dug into history, found Truman's ratings were pretty low.

This seems not to have discouraged either him or his new TV producer, for Truman next year will undertake 26 hour-long television shows ranging the field of practical affairs.

Harry has been a pretty peppery fellow in his later years, and maybe that fact would make him a solid drawing card.

We note his promise to adhere "with complete fidelity to historic facts." That would be something of a departure for the old campaigner. It could be his undoing, too, on TV.

### Dr. Crane's

## Worry Clinic

Betty is a college graduate yet her ideas are a sincere evidence of the mistaken notion of many wives today. Despite the Kinsey Report and women like Betty, we doctors know that women not only crave less meat and potatoes than men but also far less erotic caloric, too.

**CASE J-414:** Betty G., aged 23, is the wife of a college professor. "Dr. Crane," she began, "I agree with Madame X, whom you quoted yesterday.

"For I am sure I have a much greater erotic appetite than does my husband.

"He is a quiet, unassuming man and very devoted to me. But I am sure I feel far more romantic than he does.

"So why do you say the average husband has a much greater sex hunger than the average wife?"

Many of the women reported in the Kinsey survey also argued that they had much greater ardor than their mates.

And all of us doctors encounter many wives who make the same protest.

But they are wrong! Kinsey's big mistake was in taking a woman's opinion and then treating it as a FACT.

We doctors don't rely solely on our patients' statement that they have appendicitis or other surgical ailments. Not at all.

Their OPINIONS are not necessarily medical facts!

You women freely admit that the average husband needs more food calories per day for his stomach than does the average wife, don't you?

Thus, he probably requires 3,500 while you need only 1,500.

What would happen, however, if we gave him his 3,500 but limited you wives to only 500 calories at the table per 24 hours?

If a Dr. Kinsey interviewer then knocked at your door and said he was taking a poll as regards food hunger, you can guess the results.

"Do you have as great a need for food as your husband?" he might inquire.

"Oh yes," such a starved wife would reply, "I even have a much

greater food appetite, for I am hungry all the time!"

If this Kinsey interviewer then tabulated such an OPINION, would it be a fact?

Certainly not! It would not mean that such a woman needed 4,000 or 5,000 calories per day but would simply indicate she was on a rigid diet of the near-starvation type.

**TRUE SEX FACTS**  
The average wife likewise has much less sexual appetite than the average husband.

Alas, however, the usual husband fails to understand the medical fact that the male and female bodies are not created anatomically so they will satisfy each other in the erotic realm.

So the great majority of wives ever since Eve have been frustrated. If they have children, however, plus social, PTA and church duties to sublimate their limited sexual energy, they get along pretty well, even though short rationed in erotic calories.

Occasionally, however, we encounter the sex-mad female who is called a nymphomaniac (see tomorrow's follow-up), but her supposedly abnormal hunger is a ruse or camouflage.

Women are created primarily to be maternal creatures and only secondarily to be sweethearts.

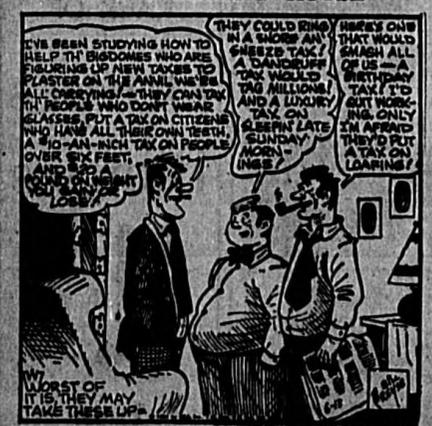

So when you husbands tend to get jealous about your wife, just realize her indifference is a normal trait in married women.

Send for my booklet "Sex Differences Between Men & Women," enclosing a stamped, return envelope plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

**Experts Arrive**  
SAIGON, South Viet Nam (UPI)—Seventy-two U. S. guerrilla warfare experts have arrived in this South Vietnamese capital to aid the government of President Ngo Dinh Diem in his battle with Communist rebels.

## "Step Right Up and See How It Works"

Ed Koterba's

## Assignment Washington

WASHINGTON—Now we have Chapter 2 in the fascinating book of Psychiatry in Government . . . This episode shows the popularity — or unpopularity? — of psychiatrists who, together with a number of psychologists, received \$77,000 last year to look for oddballs in the United States Information Agency.

The USIA disclosed — after some Congressional prodding — that 240 psychiatrists and psychologists examined its men and women applicants to determine if they were fit for overseas duty.

What aroused the curiosity of our inquiring lawmakers was not the pay of the consultants, but the very practice of hiring them.

Why, wondered the men of The Hill, should USIA apply professional psychiatry to its employ

when the State Department—USIA's parent organization—gets by without it?

One Congressman, namely that terrible-tempered John Rooney of Brooklyn, put it this way: "Why do you do it? I ask this question since it seems to me that they — the State Department—have far superior personnel overseas than you do."

The question was directed to G. Lewis Schmidt, USIA's administration man. The witness replied: "We thought that on the basis of experience it should be advisable to give psychiatric examinations to make sure that the people whom we were sending abroad were not of the type that might crack up under overseas conditions."

Schmidt said the program has value. In the last two years, since psychiatry became a way of life around USIA, said Schmidt, 38 of the 676 persons examined were rejected as unfit.

Two others were turned down because of the psychiatric evaluation of their wives.

This disclosure distressed Rep. Frank Bow (R. Ohio), especially because he had before him a copy of a letter sent to the USIA from a rejected applicant.

In part, the letter reads: "This is in reference to Dr. — with whom two rather odd things took place, both during my wife's visits.

"The first was his line of questioning in sexual matters, to such an extent of crudeness and poor taste that my wife has not been able to discuss them fully with me even yet, although we have been married 14 years and are not excessively shy with one another . . ."

Purpose of the USIA man's appearance before the Congressmen was to ask more money for the psychiatric-psychological program.

This coming year the agency wants \$172,711—more than double that spent last year.

This was Rooney's cryptic comment on that request: "Could not a good personnel officer detect all this without a psychiatrist?"

To that: Amen.

### Fay Henle's

## Your Pocketbook

Q—What immediate and long-range problems are created financially by teenage marriages where either one, or both, lack a completed education and have little knowledge of money matters?—M. J.

A—Dear M. J.: If you are thinking of yourself, slow down. Both partners should complete basic education before marriage. If the wife does not understand how difficult it is to bring home the bacon, she may tend to be impatient with her husband—especially if the gal next door has more possessions. If neither know how to budget to make money grow via savings, to understand the careful use of credit and to set long-range goals, both will be on the road to quick unhappiness. In teenage marriages, there is always the danger that as the husband advances at work, his wife will not keep pace with his growing interests and new social status. Often this is not her fault, especially if children come soon after marriage.

Q—I retired May 21, 1960, after paying maximum social security tax from the time the system started. I have been receiving only \$187.50 per month for myself and my over-65-year-old wife since the last increase went into effect two years ago. Shouldn't we be receiving \$180?—P. L. L.

A—Dear P. L. L.: Terribly sorry, but the \$180 maximum to an over-65 couple is being paid only to those who retired in 1959 or later.

## Peter Edson's Political Notebook

WASHINGTON — (NEA) — A fight is that the Bureau of Reclamation's program for all-federal transmission lines has the approval of both Eisenhower and Kennedy administrations.

Part of the explanation for this is found in the fact that Dominy, a career civil servant who worked his way to the top in Bureau of Reclamation during the Eisenhower administration, was kept on as head man by Kennedy.

Anyway, just three days before the Eisenhower administration ended, Republican Secretary of Interior Fred A. Seaton approved Dominy's recommendations for an all-federal transmission line system in the Colorado River storage basin.

Two weeks after the Kennedy administration came in, Interior Secretary Stewart L. Udall reaffirmed Seaton's decision, over private utility objections. And the battle was on.

What is involved is a proposed 1,878-mile government built, owned and operated system of 115 and 230 kilovolt capacity. It would connect the principal government power dams and generating stations in Wyoming, Utah, Colorado, Arizona and New Mexico.

Private power companies have some transmission lines of their own in this area, and propose to build others. They oppose an all-federal system as a duplication. Also, they would like to be paid for "wheeling" government power over their own lines for wholesale distribution. It would go to government-preferred customers like rural electric co-ops and to

private power companies that would retail it to consumers.

Private utilities also argue they would save the government money by constructing the lines themselves and by paying taxes on their system. Federal lines would operate tax-free.

The government's reply, in brief is that it can deliver the power at six mills a kilowatt, while the private charge would have to be 6.75 mills minimum. The government system would thus provide a yardstick to keep prices down.

This would be done by interchanges with other federal power systems. The upper Colorado basin transmission system would connect with the Hoover-Davis-Parker dam system on the lower Colorado at Phoenix. It would connect with the Colorado-Big Thompson system at Green Mountain, west of Denver. It would connect with the Missouri River system at Pueblo.

Ultimately this system might be connected with the Bonneville power system in the northwest through the upper Missouri river in Montana. An all-western power grid is one of the dreams of assistant secretary of interior, Kenneth Holm.

Any idea that Bonneville power could be delivered to the Tennessee Valley or the eastern U. S. is, however, nonsense. Maximum range would be 230 miles.

Bureau of Reclamation received \$5.1 million from Congress for developing the upper Colorado grid this year. It is requesting \$13.6 million for the year beginning July 1.

## Two Arrested For 'Tortures'

NEW YORK (UPI) — Two men were arrested Sunday on charges of sadistically torturing five robbery victims, blinding one, because they didn't have enough money to satisfy the thugs.

John Santana, 35, and James Culeita, 20, were labeled "sadistic brutes" by Magistrate Manuel Gomez when they were arraigned.

Police said the men forced their way into Mandawa Social Club early Sunday and found five members chatting. The thugs demanded \$1,500, but when the victims could get together only \$64, they terrorized them.

Anthony Montella, 32, vice president of the club, was forced to lie on the floor. A shot was fired so close to his head the powder burns blinded him.

More shots were fired close by the other members. Two patrolmen heard the shots and arrested the thugs.

### LeMay In

WASHINGTON (UPI) — The Senate today confirmed the nomination of Gen. Curtis E. LeMay as Air Force chief of staff, succeeding Gen. Thomas D. White.

### National Front

SEOUL, Korea (UPI) — Republic of Korea military rulers today launched a national front movement designed to whip up grassroots support and prove their takeover was really a "popular national revolution."

## NOTICE TO OWNERS OF DOGS

As required by law, all dogs in the City of Sanford, Florida must be vaccinated against rabies, and the vaccination tag continually worn by dogs on collar or harness for the following year.

In order to accommodate dog owners, Dr. Raymond Bass, Veterinarian, will be at the rear of the City Hall June 16th, to vaccinate dogs from 1:30 P. M. to 3:30 P. M. and June 23 from 1:30 P. M. to 3:30 P. M.

All dogs found without a tag certifying they have been vaccinated for rabies for year of 1961 will be subject to being picked up by Police and will be disposed of by the Dog Catcher.

City license tags for the year 1961 are now available and owners must obtain tags from the City Tax Collector, City Hall. Cost of License Tag \$1.00 Rabies vaccination \$3.00

# City To Back Little League State Tourney

The City Commission Monday night agreed to advance the recreation department \$800 to prepare for the State Little League tournament slated here Aug 7.

Sanford will host the four day play with youngsters competing in the tournament to be housed in the Giants dormitory.

## Liston Jeopardizes Title Bout Chance

PHILADELPHIA (UPI) — Heavyweight contender Charles (Sonny) Liston's title aspirations were jeopardized today by his latest brush with police.

Liston and a companion spent several hours in jail Monday before they were released in \$800 bail each for a further hearing Wednesday on charges of impersonating an officer, conspiracy, resisting arrest and turning off automobile headlights to avoid identification.

Liston, 26, and Isaac Cooper, 27, were charged with following an automobile before dawn driven by Mrs. Dolores Ellis, 39, on the Schuylkill Expressway. Mrs. Ellis said the man pulled alongside her car when she left the expressway, aimed a spotlight on her and ordered her to pull over to the side of the road.

At that moment, Fairmount Park guard John Warburton happened by. He said Liston and Cooper jumped into their automobile and raced off at speeds up to 50 miles per hour without headlights. They halted a mile away when Warburton fired a warning shot.

The arrest caused Bill Fugazy, president of Future Sports, Inc., to anticipate trouble in promoting a match between Liston and former heavyweight champion Ingemar Johansson.

"It is a serious enough crime for a Commission to refuse Liston a license, then we wouldn't promote the fight," Fugazy said.

"However, I think we should all wait until we find out whether Sonny is really as charged."

Fugazy said that an agreement had been reached on the terms of the fight and only Johansson's "tax problems" were delaying final plans. He expected Johansson to clear up his tax difficulties "in a week or so."

It was the second arrest for Liston since he bought his contract from manager Pop Paroz and signed George Katz as his "new and improved" manager and coach. He was arrested last month for interfering on a street corner and violating a street order issued by a policeman. Liston was discharged at a court hearing.

A. C. CLEVELAND of Sanford landed this catch of bass on the St. Johns River recently. The biggest weighed nine and a half pounds. (Herald Photo)

## 'Open' Play Golf Course Losing Its Reputation

BIRMINGHAM, Mich. (UPI) — They don't start playing for keeps until Thursday, but the Oakland Hills golf course where the 61st U.S. Open championship will be played, appeared today to be losing its reputation as "a fairway monster."

For the field of 150 who will tee off Thursday has been breaking par in practice rounds and while that doesn't mean too much with favorable pin placements it indicates that there probably will be more subpar rounds than there were when the Open was played on the same course 10 years ago.

Ben Hogan won it then, the second of his four Open titles, with a closing round of 67 for a total of 287. The late Clayton Kasper was the only other golfer to break par, a 66, also shot on the final round.

Hogan still feels that was the greatest round he ever played. He calls it "the time I brought the monster to his knees."

But it isn't playing that tough now — always remember, of course, that this is only practice and that the course will be played harder when the bell rings Thursday and they start hiding the pins on the greens.

Hogan, who has confided to friends that he is putting better now than he has for the past five years, believes a four-round total of 284 or 285 will win it this time. That means he figures the course, which measures 6907 yards, will play from two to three strokes easier this time around.

Former PGA champion Walter Burkemo, who has turned in four practice rounds of 68, 69 and 70's, agrees with him.

"Taking the bunkers out of the 10th and 11th fairways and the bunker from the left of the 18th green makes a big difference," Burkemo said.

"But that doesn't mean this is an easy course. It's still one where the payoff will be on accuracy."

Although the rough is not too tough — former U.S. Open champion Jack Fleck believes it does

# Young Staff Pays Off For Yanks

United Press International  
Youth — the asset Ralph Houk had in his favor when he got the job of New York Yankees' manager — is helping Casey Stengel's successor mold a classy pitching staff.

Houk was still glowing today over 22-year-old Bill Stafford's four-hit, 3-1 victory over the Los Angeles Angels Monday night that moved New York into second place in the American League, only one game behind the Cleveland Indians.

For the third straight game the Yankee version of the "Kidie Corps" has kept the Bronx Bombers in the AL fight when all of their veteran starters, except Whitey Ford, had faltered.

Stafford, who had been counted on as a middle distance relief man early in the season, won his fourth consecutive game and his third route-going performance in a row since being given a regular turn.

In beating the Angels, Stafford had to outduel Ted Bowerfield, an old Yankee nemesis, who matched zeroes with the young right-hander for the first four innings. Three of the Angels four hits came in the fifth inning, including Ken Hunt's run producing triple after Lee Thomas' single.

The Yankees got all their runs in the sixth on singles by Tony Kubek, Mickey Mantle, Elston Howard, an infield out and Hector Lopez's double. New York has now won five straight and 10 of its last 11 games.

With the rough western road trip starting today, Houk will be relying on Stafford, rookie Roland Sheldon, 24, Ralph Terry, 25, and Jim Coates, 27, to back up Ford, with former aces Bob Turley and Art Ditmar relegated to the bullpen.

A's Best Indians  
The Indians' lead dwindled to a single game over New York and Detroit when they dropped a 7-5 decision to the Kansas City Athletics. The Tigers were idle but fell into third place, four percentage points behind the Yankees.

Roy Sievers and Al Smith provided the sock for the Chicago White Sox, who defeated the Baltimore Orioles, 9-8, and relief hurler Mike Fornieles quelled a late Minnesota rally to give the Boston Red Sox a 10-8 triumph over the Twins in the only other American League games scheduled.

In the only National League contest, Billy O'Dell struck out 10 Los Angeles Dodgers in a relief role to lift the San Francisco Giants to a 7-4 victory.

Leo Posada's two out, two-run pinch home run off Cleveland's top fireman, Frank Funk, in the 10th inning was the decisive blow for the A's. Jim Archer picked up his fourth victory in five decisions.

Sievers Belts Two  
Sievers connected twice for Chicago for his 13th and 14th homers of the year but it was Smith's

## Tampa Cinches FSL First Half

By United Press International  
Tampa lost out to the rain Monday night, but still clinched the Florida State League first-half pennant when second-place St. Petersburg could do no better than split its doubleheader.

The Tarpons, trailing Leesburg 0-3 in the bottom of the fifth when rain washed the game out of the record books, still came out leading the league by 11 games.

Tampa has 10 more games to play in the first half of the season, and St. Petersburg only has eight.

The Saints were whipped solidly by Palatka, 11-2, in the opener on home grounds. The Asaleas opened with a pair of runs in the first inning, then poured it on with three more in the fourth, two in the fifth and four in the sixth.

But in the second contest, with Orlando, St. Petersburg blasted six runs in the fourth inning to come from behind, then was tied when Orlando collected two in the sixth.

It was St. Petersburg reliever Dave Lenoch who won the game with a single in the bottom of the seventh that drove in the winning run and gave the Saints a 9-8 victory.

The only other game of the evening, Daytona Beach at Sarasota, was also rained out.

## Tape AFL Games

NEW YORK (UPI) — Taped highlights of top American Football League games next fall will be telecast on Saturdays immediately following regularly scheduled video broadcasts of NCAA college contests, it was announced Monday by the American Broadcasting Co.

## British Golf Tourney Opens

TURNBERRY, Scotland (UPI) — Jimmy McHale of Philadelphia and 13 other Yanks teed off in the second round of the British Amateur golf championship today, but none of them figured as a serious threat to the talented home forces led by defending champion Joe Carr of Ireland.

McHale, a former Walker Cupper who drew a first round bye Monday when nine Yanks lost opening round matches and two others were eliminated by default, faced Scotland's Harry Brownlee, while John Penrose of Miami Beach, Fla., met Welsh amateur champion Huw Squirrel, and Frank Bostock of Phoenix, Ariz., played Scot John Cubbage in leading matches involving Americans.

## Trojans Favored In Baseball Play

OMAHA, Neb. (UPI) — The Trojans of Southern California, veterans of 80 games this season including a hair-raising 4-3 triumph over Oklahoma State Monday night, march into tonight's NCAA national baseball tournament semi-finals with everything in their favor.

Southern Cal, the only team still unbeaten in the college world series, engages Boston College in the nightcap of a doubleheader which opens with Oklahoma State meeting Syracuse.

## Oviedo Takes BRL Victory

Oviedo topped Rotary 9-3 in Babe Ruth League play Monday and Civitan defeated Lake Mary, 4-3.

In Little League play, George's toppled Florida State Bank, 8-4, and Chase knocked off Monroe Harbor, 10-9.

## Signs Again

NEW YORK (UPI) — Fullback Mel Triplett of the New York Giants has signed for his seventh National Football League season.

## County Budget Hearings Slated Week Of July 1

The County Commission is expected to start the 1961-62 budget hearings the week of July 1 and economies will be the watchword. Vice Chairman James P. Avery said today. Avery said the only pay raises given to county employees will "be to be fully justified." "This budget is going to be written on a sound economic basis," he added. At the same time, Tax Assessor Mary Earle Walker reported that she hopes the taxable assessed valuations will be ready by July 1. Last year it was approximately \$175,000,000. Clerk Arthur Beckwith Jr. reported this morning that he already has started work on the preliminary budget and has sent out budget requests to all county department heads.

## Courthouse Roof Bids Authorized By Commission

The County Commission Tuesday agreed to advertise for bids to reroof the County Courthouse and voted to ask architect Hal Harris to draw up specifications for the job. Zoning Director Robert Brown estimated that the reroofing job should cost roughly \$2,100. Last week Brown recommended the services of an architect and said that work on the courthouse was urgently needed. In other business, the board authorized Chairman J. C. Hutchinson to appoint a committee to check the records and bookkeeping system in the road department. Authorized Brown to look into the possibility of locating a clay pit in the south end of the county after District 8 Commissioner James P. Avery said "our clay supply will be critical in 10 years."

## Kennedy School Bill Dispute Nears

WASHINGTON (UPI)—President Kennedy's controversial dogged school bill appeared headed today into a dispute over the old issue of city versus country interests. Rep. Robert N. Glaime, (D-Conn.), a member of the House Education and Labor Committee, sounded the opening note of the battle this week in a letter to other Connecticut congressmen about the \$2.5 billion bill. Glaime said he was "deeply disturbed" about the formula worked out by the committee to distribute federal aid to states for public school classroom construction and teacher pay. He said the bill would give too much money to small county schools and not enough to the crowded city schools. He proposed reversing the emphasis—a move that would surely spark a battle between city and country congressmen regardless of party.

## Pope Named Most Valuable

TALLAHASSEE (UPI)—Sen. Verle Pope of St. Augustine, called by his colleagues "the spokesman of and for the conscience of the people," has been named the "Most Valuable Member" of the 1961 Legislature. Lawmakers picked Rep. John E. Mathews Jr., Jacksonville, second, and Sen. Wilson Carraway, Tallahassee, third in the biennial "Cracker Politics" poll conducted by Columnist Allen Morris.

## State Calmly Awaits Riders

By United Press International  
Florida waited calmly today for the arrival of two groups of "Freedom Riders" who plan visits to at least four of the state's cities. Gov. Farris Bryant said through a spokesman that if any situation comes up when the Freedom Riders arrive, it "will be dealt with promptly, peacefully and satisfactorily in keeping with the laws of Florida." But authorities were taking steps to assure a cool, calm reception for the riders. Two busloads of Freedom Riders left Washington Tuesday and listed Tallahassee, Jacksonville, Tampa and St. Petersburg as the four Florida cities they planned to visit. The first group was due in Jacksonville Thursday morning. A United Press International survey indicated that uniformed police and plain clothemen would be on hand at the bus stations the riders planned to visit to head off any violence. In Tampa and St. Petersburg, not even the Ku Klux Klan planned a demonstration. Bill Hendrix, perennial Klan leader who now heads a group called the Consolidated Klans, said he knew of no Klan group planning a demonstration, and that he expected "no trouble." In Tallahassee, the major holdout against integration among the four cities, signs designating separate "white" and "colored" waiting rooms in the bus station have been removed and several Negroes recently used the white waiting room without incident. Both Jacksonville bus terminals have separate waiting rooms. But, as in Tallahassee, Negroes have

used the white waiting rooms—and white restaurants, as well—without trouble. Authorities were armed with a new law from the recent Legislature empowering city police, city commissioners and the Highway Patrol to disperse unruly or unlawful mobs. Previously, Florida law gave this power only to mayors. The 1961 Legislature also extended for another four years the power of the governor to close any public facility to cut off possible violence during an emergency. Gov. Farris Bryant also has spoken of a "secret" plan he has of dealing with any trouble caused by Freedom Riders. Bryant said through a spokesman Tuesday he didn't feel he should "dignify" the activities of the Freedom Riders with comment, "for he feels the people of Florida are aware that the purpose of these activities is to agitate and attract attention by creating discord."

NEW YORK (UPI)—Atty. Gen. Robert F. Kennedy said today that "Freedom Riders" should discontinue their actions in the South until the Interstate Commerce Commission and the courts have acted to end racial discrimination in interstate travel. At a press conference here, Kennedy reiterated that he believes the integrationists may be doing themselves more harm than good to press at this time. He said he expects the ICC to end discrimination on interstate buses within the next few months.

## News Briefs

### Coalition Favored

GENEVA (UPI)—Neutralist Prince Souvanna Phouma said today he favors a coalition, non-Communist government in a neutralized Laos that would end years of bloody warfare and help stabilize Southeast Asia.

### In Agreement

NEW YORK (UPI)—Representatives of two maritime unions and 81 ship owners agreed on a new contract Tuesday night recognizing union rights to organize U. S.-owned foreign flag vessels. The settlement appeared to be a major breakthrough in a threatened East and Gulf coast strike.

### Active Part

JACKSONVILLE (UPI)—The State Chamber of Commerce urged Floridians to take an active part in observance of Flag Day today. Every state citizen should display the flag at his home, place of business, or "any appropriate location where you choose to proclaim your allegiance," said executive vice president Harold Cole.

### Heading Home

NEW ORLEANS (UPI)—U. S. Navy "fisher" George Lincoln Rockwell left his home "storm troopers" in jail today and headed for home under a \$1,000 bond. Rockwell and the troopers were fined and sentenced Tuesday night on counts of unduly alarming the public and of conspiring to breach the peace by picketing a New Orleans theater in Nazi uniforms.

### Urban Plan Hit

TAMPA (UPI)—The Florida NAACP said today Tampa's urban renewal plan did not meet requirements set by the federal government. Robert W. Saunders, the NAACP's state field secretary, said he sent a telegram Tuesday to Robert H. Weaver, director of the Federal Housing and Home Administration, urging that certification of the Tampa program be reconsidered.

## No Big Changes In JP Districts

The constable and peace justice districts in the county won't be realigned to any great extent, Zoning Director Robert Brown, a member of the redistricting committee said today. Only one constable and JP district will be extended slightly, Brown added, explaining that District 6—Peace Justice Elmer—shirley and Grady Hall's district will take in a little more territory. The other two district, 3 and 4 will be "just about the same," Brown said. District 3 is shared by Peace Justice Hugh Duncan and Bob Carroll while District 4 is made up of Constable George Kelsey and Thomas Moon. Brown said he plans to confer with all the district officials in the near future to discuss the minor changes.

## Stones Greet Stevenson On Tour

SANTIAGO, Chile (UPI)—Red-lead students stoned the U. S. Information Service office here Tuesday night and scattered anti-American leaflets in the streets as a protest against the visit of Ambassador Adlai Stevenson. No casualties were reported and damage was minor. The demonstration was the first

direct show of Communist hostility to Stevenson in his 10-nation tour of Latin America, although the Reds in Uruguay used his visit as the occasion for a denunciation of "imperialism." Communist students in Peru have promised the good-will ambassador the same sort of spitting, stone-throwing welcome they gave Vice President Richard M. Nixon in 1958. Stevenson is due in Lima Friday. Despite Red sniping, however,

the success of the Stevenson mission so far appeared to assure the successful launching of President Kennedy's "alliance for progress" in Uruguay next month. Qualified observers said the prospects of success appear good enough to make it seem likely that Kennedy will attend the conference at which the program is to begin. In the first five countries he visited, Stevenson received requests for at least \$1.5 billion in financial aid—\$330 to \$450 million for Venezuela, \$400 to \$500 million for Argentina, at least \$500 million for Brazil in addition to an estimated \$2 billion in extended credits, \$150 million for Uruguay and \$70 million for Paraguay.

Chile is expected to ask for several hundred million dollars. Foreign correspondents accompanying Stevenson believe his mission went "over the top" in Brazil, where President Janio Quadros expressed unequivocal support for the Kennedy plan to ease new world social and economic problems. Paraguay, fifth stop in the tour, presented particular problems because its president, Maj. Gen. Alfredo Stroessner, is the last of South America's military "strong men." Stevenson commented with unexpected firmness on the need for restoration of democracy in Paraguay. "I pointed out that the prevailing climate of political tension makes it difficult for us to be a whole-hearted partner of Paraguay," he said at Asuncion airport before taking off for Santiago. He said Stroessner assured him that next year's presidential election in Paraguay will be "free and fair."

## Killers Of 7 Sent To Kansas

SALT LAKE CITY (UPI)—Teenage killers George York and James Latham begin the long trip from Utah to Kansas today to face possible hanging for one of seven murders during a two-week ro-b-and-kill rampage. Kansas won custody of the youthful pair after a meeting Tuesday with officers from Utah, Florida and Illinois. Colorado and Tennessee, the other two states where York and Latham admitted murders, were not represented. Gordon Hall, attorney for Tooele County, Utah, in which the pair was captured Saturday, ruled Kansas had the best case "in quality and quantity."

In that state they are charged with the murder of Otto Zeigler, 62, railroad stationmaster at Wallace. York and Latham waived formal extradition.

## New York Hit By Power Failure

NEW YORK (UPI)—And then the lights went out—and so did the elevators, air conditioners, refrigerators, subway service and traffic lights in the heart of the nation's biggest city. For four hours and 22 minutes Tuesday night a half-million New Yorkers, sweltering at the tag end of the year's hottest day, were thrown back to the "good old days" when there wasn't electricity and the transportation and cooling it, powers.

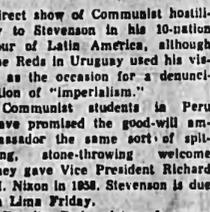

From Times Square to up in Central Park and from the Hudson to the East River power went off in a crazy quilt pattern that left lights twinkling on one side of a street, and off on the other.

## Ohio Ave. Road Project Completed

County Engineer Carlton Bliss today urged motorists to drive carefully on Ohio Ave. between Mellonville south to the Naval Air Station. Bliss explained that road department crews recently finished paving the stretch of road.

## Peace March

SOUTHAMPTON, England (UPI)—A group of pacifists on a "peace march" from San Francisco vowed today they would "get to Moscow yet" despite their failure to land in Europe.

M. H. BILLINGSLEY, familiar personality of Sanford for 17 years, will retire from his duties at the furniture store on July 1. Known to business associates and most of the town as "Bill," he came to Florida 28 years ago from Chicago, Ill., where his work had been in the Department Store line. Billingsley refers to himself as a "reformed hard-boiled character" whose only hobby is sitting down to "three squares a day" and says he will have to learn some retirement habits to fill his time after the first of the month.

## Jaycees To Hear Aviation Expert

A representative of North American Aviation, here to assist in the indoctrination program for the Navy's new Vigilante bomber, will be the guest speaker at the Jaycees meeting Thursday.

Another highlight of the weekly program will be the announcement of winners in the membership drive and awarding of prizes. T. W. St. Clair of North American will discuss the training of new pilots for the AJ3 program at the Sanford Naval Air Station. He also will narrate a color film on the Vigilante and its capabilities. Winners of the membership drive will get some outstanding prizes. The top one will be a 15 by 18 foot patio to be built with materials from Holloway Concrete Co. with labor furnished by Carroll Daniel Construction Co. Dr. Tom Largent, first vice president and chairman of the member campaign, said.

NEW LIONS CLUB PRESIDENT, James Lee, third from left, is congratulated by George East, International Club officer at the Lions Club installation held Tuesday night. From left to right are George Hughes, second vice president; Bob Carroll, first vice president; Leo Milton Smith, immediate past president; East and H. E. Owens, tall-talker. Seated is Volie Williams Jr. (Herald Photo)

# 'Optimistic' Over Canal, Krider Says

Chamber of Commerce Manager John Krider was back home today and "optimistic" after conferring with congressional authorities on water projects in the state. Krider, a member of the Florida Waterworks Committee appeared along with Gov. Farris Bryant and 38 other state officials in behalf of the state's public works projects, said "I am satisfied that planning appropriations for the Cross State Barge Canal will be included in this year's budget and believe that the St. Johns-Indian River Canal is a necessity and will be completed before the state canal." Krider added that he feels the state canal will be completed in about eight or nine years. "I was pleased by our reception and delighted with the solid front Florida presented to the Congress," Krider said. In all, the committee asked for about \$20 million in federal funds for water projects in the state including \$185,000 to start planning the Florida Barge Canal which will run from Yankeetown on the west coast to Jacksonville on the east coast. The biggest item request was \$13 million for the Central and Southern Florida Flood Control District.

## Castro Makes New Demand On Freeing Rebels

HAVANA (UPI)—The Castro government said today it would exchange the three captured leaders of last April's abortive invasion attempt only for a convicted Cuban slayer, an imprisoned U. S. Communist leader and the head of Puerto Rico's National party. That is the only basis on which the three invasion commanders will be freed, the government-controlled morning newspapers announced. The announcement came as American farm exports were expected to start negotiations here on Premier Fidel Castro's proposed exchange of tractors for 1,200 captured invaders. The leaders of the invasion were Manuel Artimo, Jose San Roman, and Rafael Bolivar Fuentes. Artimo will be freed in exchange for Francisco (The Hook) Molina, pro-Castro Cuban now awaiting sentencing in New York on a murder charge, the newspapers said. Bolivar Fuentes will be released in exchange for Henry Winston, 30-year-old Negro leader of the U. S. Communist Party. Winston is in prison. San Roman will be exchanged for Pedro Albizu Campos, aged and ailing leader of the anti-American party in Puerto Rico who was convicted of trying to foment a revolution against U. S. authority several years ago.

## U. S. Can Beat Reds On Moon Flight

LOS ANGELES (UPI)—A chief space planner in the Eisenhower administration, hailing President Kennedy's call for a stepped-up space program, says the United States can beat Russia to the moon. But, warned former Air Force Under Secretary Trevor Gardner, it will take substantial ability of money and undoubtedly human lives. Gardner told a joint meeting of the Institute of Aerospace Sciences and the American Rocket Society Tuesday Kennedy's call for a program to put an astronaut on the moon "is a dramatic, necessary and timely reversal of the trend" of the United States being behind. "He (Kennedy) now offers us the leadership and the opportunity to erase the familiar phrase 'we are behind,' from the blackboard of time," Gardner said. Later, in a press conference, he said he did think that Kennedy was more aware of the possibilities of space than his predecessor. "But I think this is not a political judgment at all," Gardner said. "A technological war is being waged — it's erupting all around us."

## New Disarmament Talks Slated

WASHINGTON (UPI)—With nuclear test ban talks in Geneva at an apparent impasse, the United States and Russia will begin a round of disarmament talks of a different sort here Monday. Russia's UN representative Valerian A. Zorin, will meet at the State Department with President Kennedy's disarmament adviser, John J. McCloy. Their purpose will be to work out a "procedure" for resuming East-West general disarmament talks — meaning conventional as well as nuclear weapons — about Aug. 1.

## Beckwith Gets Post

Clerk Arthur Beckwith Jr. was elected Sergeant at Arms of the State Association of Circuit Court Clerks of Florida at a meeting of the group in Ft. Lauderdale last week.
