Clean Bill Health by Board... Committee Vote Four To One... Was Wheeler Fee to Press of Dome Cases

WASHINGTON, May 15.—Burt K. Wheeler, Montana, is "wholly operated in a majority of his actions by Senator Borah, Republican, chairman of the committee which charged that Senator Wheeler accepted a fee from Campbell, an oil operator, to prosecute claims before the department after he had been removed from the senate.

In the committee was Senator Borah and McMillan, Oregon and Virginia and Caraway, Democrats signed the report, but Senator Sterling, South Dakota, refused to submit separate reports to do this next few days and said he did not assume either the guilt or innocence of Wheeler.

Another thing that has been noted by the tax collector is the fact that there has been a great deal of interest taken in the payment of taxes. To substantiate this fact it is shown that there have been 350 more receipts issued this year up to this time than there were a year ago. To date, the office has issued 3038 and a year ago the number was 3586.

MAY FIGHT ON SHOALS BID ON SENATE FLOOR

New Proposal Provides for Disposal of Muscle Shoals Plant by Submission to Senate by Agriculture Committee of Various Offers Without Recommendations By Proponents of Each.

WASHINGTON, May 15.—Disposal of Muscle Shoals would be fought out in the senate floor under a movement which gained momentum Wednesday proposing to report all of the bids without recommendation to the senate.

BISHOP CANNON ACCUSES YOUTH OF IMMORALITY

WASHINGTON, May 15.—Testimony before the house judiciary committee Wednesday at hearings on pending bills to legalize 2.75 per cent beer was momentarily diverted to the question of present day American morals when Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, told the committee he thought there was "more immorality than drinking" among the younger generation.

The bishop's opinion was given in reply to a question by Representative O'Sullivan, Democrat, Connecticut, as to whether he did not think there was more drinking among young men and women under prohibition.

At today's hearing, E. A. Yates, representing the bid of the Associated Power Companies, said it would be possible to cover the entire territory east of the Mississippi river with power from Muscle Shoals. He declared there would be a power shortage in the South within fifteen or twenty years if the 800,000 available horsepower at Muscle Shoals was not made available for distribution.

Dr. McKenzie Predicts Sweeping Victory for McAdoo on June 3rd

Dr. W. A. MacKenzie, State Manager McAdoo Campaign, has just returned from a trip through several counties where he has been aiding in organizing McAdoo clubs, etc. In an interview, he said in part: "McAdoo sentiment is growing in a truly remarkable way. Lake County has just organized and is certain to go fully three or four to one for the great Democratic progressive, and Lake County will poll probably twice as many votes in the primary as she has ever done before.

Florida made one serious mistake before. She went for Underwood against the great Wilson and Underwood was never heard of in the Baltimore Convention. Florida threw her support away and lost her opportunity for National prestige, influence and power. She will not make that mistake again. Underwood will not be heard of in the Democratic Convention, and Florida knows it. She is not going to waste her delegates and her influence. She realizes that she needs Federal aid for waterways, freight rates, and many things that spell advancement and progress.

SENATE TALKS \$45,000 LUMBER ITSELF OUT ON PROFIT PAID TO FREIGHT RATES JOHN PHILLIPS

WASHINGTON, May 15.—Transportation rate questions came to the front Wednesday at the senate floor. The senate devoted its entire session to debating the proposed modification of the long and short haul section of the interstate commerce act, while in the house, the rate-making section of the transportation act came under attack.

WASHINGTON, May 15.—Calvin L. Robinson, one time vice-president of J. J. Phillips and Company, with offices in New York City, testified Wednesday afternoon at the alleged lumber fraud conspiracy trial before Justice Bailey and the jury in criminal division two, district supreme court, that he paid John L. Phillips, of Atlanta, Ga., \$45,000 as the latter's share of profits made on the re-sale of 10,000,000 feet of lumber from the army cantonments.

WASHINGTON, May 15.—The prosecution sought to introduce books of Robinson's tending to show that false entries of the money paid to Phillips were made in the transaction and Phillips agreed with him to guarantee a profit in excess of an allowance of \$1,000 per month to the witness for his expenses in consideration of two-thirds of the profits.

VOTE SEEKERS GIVE OPINIONS AT LONGWOOD

DeCottes Makes His First Address Of Present Campaign Behalf Re-election

Candidates For Senate Present

Second In Series Of Precinct Meetings Is Marked Success

The second of a series of precinct political meetings was held Wednesday night at Longwood when candidates for the several county offices addressed a gathering of between 150 and 200 people. The candidates spoke in front of the postoffice at that place. Robert J. Holly of this city, secretary of the county committee, presided over the meeting.

Exceeding in enthusiasm and interest the first of the meetings held last week in Geneva, the gathering was a great success in the opinion of those who were present. More candidates spoke at last night's meeting than did at the one last week, indicating the growing interest in the campaign and the increased activity of the office seekers.

Included in the list of speakers was George A. DeCottes, candidate for re-election to the office of state attorney for the Seventh Judicial district. This was Mr. DeCottes' first speech in the present campaign and his remarks were received with loud applause. Neil Smith, of Titusville, nor J. A. Scalfelt, of DeLand, were present. Another feature of the meeting was that the candidates for the office of state senator from this district were both present and made speeches following that of Mr. DeCottes.

The next speakers on the program were the candidates for state legislature, Mayor Forrest Lake and J. B. Lyles. Both men presented statements made at previous meetings. The mayor stated that he is seeking re-election to the office which he has held for four times and pointed out that if returned to that position this year, he will be the ranking member of the house and as such will be able to perform better service than ever before. Mr. Lyles stated that he was for tax reduction, better roads, better school system and stated that if elected that he will do all in his power to serve well.

Work of Woman's Missionary Union Is Extensive Now

ATLANTA, Ga., May 14.—More than 2,500 new organizations of the Woman's Missionary Union, auxiliary to the Southern Baptist Convention, have been formed during the past year, according to reports made to the opening session of the annual convention of the body here tonight. Baptist women from eighteen Southern states and the District of Columbia are in attendance.

The total number of organizations of the Union exceeds 20,000 after all inactive societies have been stricken from the roll, according to reports. It is said that 12,000 of these organizations are among the young people of the churches.

During the year, more than 14,000 mission study classes have been held and many thousand seals and certificates have been awarded for work done in these classes, it was reported.

In the principal activities of the societies many of the members engaged in White Cross work, sending equipment and supplies to foreign Baptist hospitals during the year, valued at approximately \$14,000, reports showed.

Stewardship and titling have been vigorously pressed in the societies during the year, it was stated, making possible the best financial report the union has presented in several years. During the special week of prayer for foreign missions, an offering was made for the work on foreign fields, while many hours were spent in study and in prayer for this great enterprise, as well as for the cause of home missions.

Of the 28,000 Baptist churches in the South, about one-third have at least one Woman's Missionary Union organization, while 635 have the W. M. U. full graded system of five organizations, including those among the young people and the children, it was reported.

DR. SEN YAT SEN CHINA'S CHIEF DIED TUESDAY

(Continued from page 1.)

and that his political influence was pitted in no small degree against that of General Chen Chiung-min, who was appointed Southern Viceroy by the Peking government early in 1922, despite the fact that he was known to be on friendly terms with the Southern president at the time.

The final break between these two leaders came in May, 1922, whereupon the armies of Chen Chiung-min became another serious obstacle in the path of Dr. Sun.

Defeat, desertion, treachery, and the latter at every hand. Although he continued to fight for several weeks, he could not muster sufficient strength to oppose with success the constantly rising tide of Chen, who finally broke down what little resistance was offered at Canton and forced Sun to flee the city.

Perhaps his narrowest escape was in Canton in 1925. One of his plots to assassinate the British officials and seize the city was betrayed and a round-up of the leaders was set in motion. Dr. Sun fled with a band of hostile soldiers at his heels. Suddenly a door opened and he was drawn inside. The door closed and the pursuers passed on. A friendly servant in the house of a prominent and rich had made the rescue. Three days later the fugitive watched from a window of that same house as 15 of his followers were put to death with all the refinement of torture in which the Chinese excel.

Another time, while in London, he was kidnapped and held prisoner in the Chinese Embassy. While awaiting a special steamer which was to take him to Peking and death by the axe, he managed to get word to his friends on the outside. High officials of the British government obtained his release.

He has made his way through China in every known form of disguise, and by every conceivable method of transportation. He is a coolie barter, a Mandarin, a fisherman, a jinrikisha runner, a soldier, a sailor and a student, he has flitted about the great Chinese nation, always hunted and hounded, even when he occupied the high office of president.

Dr. Sun, although few of his associates knew it, was a Christian. He was born in Honolulu in 1862 and received his medical education in the Hong Kong College. He was married quite early in life and was the father of two children, a son and a daughter.

MAY CHANGE INSPECTION

FORT MYERS, May 14.—Federal inspection of citrus fruit may be substituted for state inspection prior to shipment, under plans backed by the Fruitman's Club, the membership of which is made up of all of the large and most of the small shipping concerns handling Florida citrus fruit. The club already has taken the matter up with the United States Department of Agriculture. Shippers would voluntarily submit to federal inspection, paying a fee therefor on each car, under the method proposed by the club. Buyers would then be furnished with government certificate as to maturity of the fruit.

NEW "RAT" COACH

GAINESVILLE, May 14.—Warren C. Powell, former state athlete at the Kansas Agricultural College, has signed a one-year contract as freshman coach at the University of Florida, succeeding Rex Farrior. He will coach the freshman teams in football, basketball and baseball. Powell made ten major sports letters on Kansas Agricultural teams.

Method Conducting Election Is Taught To Poll Officials

At their last meeting the Board of County Commissioners authorized the holding of a school of instruction for inspectors and Clerks of the coming primary election, and the school was held at the Court House Tuesday. The school was well attended. Practically all of the inspectors and clerks appointed by the Board were in attendance.

H. C. DuBose, Supervisor of Registration, was in charge of the school and instructed the present with reference to the qualification of a citizen as a voter in the primary election.

Schelle Malnes, County Prosecuting Attorney, followed Mr. DuBose, explaining fully the numerous duties of the inspectors and clerks at an election, and gave particular instructions as to the tallying and counting of the first and second choice ballots.

Mr. Malnes had prepared an enlarged fac-simile of a page in the primary election tally book and used that in his explanation of making up the tally and returns of the result of the election.

Judge Housholder addressed the meeting, calling attention to the absent voters law, which provides that one may vote at a local precinct and his vote be counted in another county, if he is qualified there, and explained the provisions of this law and the duties of the inspectors with reference to the same.

Geo. A. DeCottes, State Attorney and Attorney for the Board of County Commissioners, addressed those assembled touching on elections, and the duties of election inspectors in general, and urged that where the ballot provided such that second choice as well as first choice votes be cast.

G. L. Bledsoe, representing the Board of County Commissioners, was present and thanked the inspectors for their attendance, and the other gentlemen for their assistance in arranging for and holding the school of instruction.

So far as is known this is the first school of instruction for inspectors that has ever been held in this state and as usual Seminole county and Seminole county's citizenship are leading.

Baptist President Urges Successful Finish of Campaign

ATLANTA, Ga., May 14.—Making a strong plea for successful culmination of the \$75,000,000 campaign, President E. Y. Mullins in his annual address before the Southern Baptist Convention at its opening session here today, called upon the churches of the South to gather up in the remaining months of the campaign all the energies in our power and go forth to a great victory.

"We have made great gains," Dr. Mullins said. "Some one says the most depressing expression in the English language is the phrase, 'I cannot' and the most inspiring phrase, 'I can.' We have heard the meaning, in a measure, of both. But the new sense of power has come beyond all question."

Declaring the attention of mankind has been challenged by a sublime undertaking and daring commitment of faith, the speaker asserted the denomination has come into a new sense of unity, power and a new position of influence in the world, through the measure of success already achieved in the campaign.

The raising of the \$75,000,000 was begun at a convention held here in 1919. It closes on Nov. 30, this year.

"We are at a great hour," Dr. Mullins said. "May God give us the spirit of sacrifice."

In a discourse devoted largely to the "mission of the Southern Baptist Convention," Dr. Mullins stirred the large audience to enthusiasm by a re-statement of the aims and purposes of the denomination—both undertaken and planned for the future.

He declared the convention should strive for the promotion of the interests of the democracy on the largest scale known in the Christian history, for Christian unity, the true relation between spiritual cause and effect and for sacrifice of a great people for a great cause.

The campaign which funds are devoted to all missionary objects is "our crucial test," he declared.

PROMINENT SPEAKERS

TAMPA, May 14.—C. C. Hamilton, of Boston, field secretary for the United Society of Christian Endeavor; Charles F. Evans, Chattanooga, secretary for the Southern States; and Karl Lehmann, of Orlando, are among prominent speakers that will take part in the program of the state convention of Christian Endeavor societies to be held here June 13-16, according to the program for the meeting. Rev. Allison P. Marston, D.D., of Brooklyn, N. Y., will conduct the Bible and mission study sessions.

Baseball Team Will Go to Titusville For Ball Game Thursday

As was reported Tuesday by Manager Whidden, the Sanford semi-professional baseball team will play in Titusville Thursday afternoon at four o'clock. Tuesday's paper stated that this team represented the Seminole Athletic Club, which was an error. It is a Sanford team composed of Sanford boys.

Hope has been expressed by the manager that the people of Sanford will support the team thus enabling it to grow in strength and have a successful season. Until the home diamond has been put in shape, he states, games will be played away from home, after which he will arrange for five or six consecutive games to be played in this city.

The men who have been trying out for the team are: pitchers, Ammen and Palmer, catcher Rinc, infielders, C. S. Thompson, Walker, Deter, McCall and C. Thompson; outfielders, B. McCall, Richard McLaughlin and G. W. Spencer, Jr.

Most of these men have played on local teams before and some of them on other teams. Ammen has pitched for the local team for the past two summers. G. W. Spencer, Jr., who played for the University of Florida team two years ago when it was at its best, has for the past few years been a mainstay of the local team.

The manager wants everyone who possibly can to attend the game in Titusville Thursday. He says that if the people of Sanford will support the team by being present that it will add considerably to their chances to win. The team will leave Sanford at twelve thirty P. M. Mr. Whidden said, and everyone is invited to go along.

DRIVE AGAINST "ALIEN RING"

TAMPA, May 14.—Immigration officials here have started an investigation based partly on statements of automobile drivers, of a local "alien ring." The drivers of three cars captured last week transporting 25 aliens near Tarpon Springs are said to have told the immigration officials that they had been employed for the trip by a man "well known by sight, but whose name was not known." The seventy-five aliens caught Thursday and Friday are being held and probably will be deported.

FAIR MANAGERS MEETING

TAMPA, May 14.—County fair managers of Florida will hold a meeting here on June 26, according to notices mailed out by A. H. Wale, of Leesburg, acting as temporary chairman of the Florida County Fair circuit, who announced that the meeting originally scheduled for May 22 has been postponed. A permanent organization is expected to be effected at the Tampa meeting, officers elected and dates fixed for the various county fairs in the state.

BIG YIELD OF FISH

OKECHOBEE, May 14.—Six and a half million pounds of dressed fish worth approximately \$1,000,000 is the estimated yield for the eight months season just closed on Lake Okechobee. The season began last October 1 and ended May 1, during which several hundred men were engaged in catching, dressing, freezing, icing and shipping the estimated 32,000 barrels of 200 pounds each. The fish were shipped to points as far away as St. Louis, Kansas City and Omaha.

Chuluota

Mr. and Mrs. Clifton E. Tribbie, of Clermont, visited their parents this week. From Sunshine Cottage they went to Miami to look after some investments in Miami suburbs.

Chuluota's polling place on May 9 was the scene of an unprecedented election. A unanimous vote for a \$10,000 issue of school bonds for the purpose of building an adequate school building on the donated township school site. This school bond election bespeaks Chuluota's happy spirit of progress.

Mr. Tart, the active manager of the stove factory, is busy installing new pieces of machinery at the new plant.

Several of the workmen are boarding at Mrs. L. Jacobs, on Lake Mills.

The lumber concern now at Bithlo, Fla., is being moved to Chuluota.

This industry adds a huge planing mill to Chuluota. Work and workers!

Visitors to Chuluota were on Saturday, shown the splendid new roads leading to Chuluota, Sanford, Ocala, Orlando, and south through Bithlo, Christmas and in sight of the approach to Bridgeport!

Mr. Frank Story's little son is reported much better.

Chuluota citizenship was well represented in Sanford Saturday.

The Real Estate Developers

POINT OUT FACTS—You—having an intelligent mind and can analyze them for profit.

Pioneers in thousands of towns have made money. In each new town development the Doubting Thomases have predicted that it would never amount to anything. Then these same Doubting Thomases come right along, after the development has made enormous profits for the pioneer investors, stating the fact that they had the opportunity to buy and make a profit, too; but that they did not have sense enough. The wise investor buys property ahead of great developments and looks into the future for large profits.

Figure it all out for yourself. Where there is so much smoke there must be some fire.

The Orlando East Coast road connects the East and West Coasts at the heart of this great peninsula. Thus Bithlo, the commercial center of "East Orange," and Desota, Journalista, Cocoa and Melbourne Beaches, the finest beaches on the Florida Coast. Anyone who believes in the future development of Florida must realize the fortunes that will be made by the pioneer investors in these developments.

Town developments are not new. Just think how many towns have been developed in this America since Columbus landed. How foolish it would be to think that other towns would not develop!

There are many sound reasons for the development of Bithlo and we would like to have an opportunity of pointing out some of these to you, after which you will be in position to judge our investment offering for yourself.

BITHLO

The Commercial Center of "Eastern Orange," the largest half of Orange County. Bithlo is the only Town Development in the fast growing "East Orange."

Bithlo is on the Florida East Coast Railroad, where the Orlando-East Coast Boulevard intersects it. This branch railroad extends from New Smyrna to Okeechobee City, a distance of about 150 miles. The road is being extended from Okeechobee to Miami at a cost of millions of dollars and upon completion Bithlo will have a main line railroad.

A 16 foot brick road has just been completed from Bithlo north to the county line, connecting up with a hard-surfaced road into Sanford.

The Orlando-East Coast Boulevard connecting Orlando with Cocoa Beach and Titusville Beach by Bithlo is to be completed about July.

The Southern Bell Tel. & Tel. Co. are constructing a telephone line from Orlando to the East Coast through Bithlo.

Bithlo is about 9 miles from the St. Johns River, 2 miles from Lake Pickett, affording splendid fishing, and is 18 miles from the East Coast.

Nature provides a natural drainage system for Bithlo in the form of branches and creeks that take all surplus water off as rapidly as it is drained from any Florida city.

Bithlo is surrounded by thousands of acres of as rich trucking and general farming land as can be found in Orange county. Many farmers are now preparing land for cultivation.

Approximately 5,000 lots have been sold in Bithlo to approximately three thousand individuals from all parts of America. A percentage of the property owners will surely develop their property.

There are thousands of acres of virgin timbered lands surrounding Bithlo that will be turpented and sawmilled.

Bithlo is suburban to no other city and is so situated as to best serve Eastern Orange County, being 18 miles East of Orlando, 21 miles west of Titusville, 40 miles south of New Smyrna, 100 miles north of Okeechobee.

Bithlo is an incorporated municipality, having two miles of paved streets. The Town has voted a Bond issue for paving 4 1-4 miles of additional paved streets this summer.

Improvements mean that real estate will advance, hence profits to the investors.

Allow us to show Bithlo to you without expense or obligation. Then you are in position to judge of our investment opportunities.
