ADDITIONAL U.S. SHIPS SENT TO NICARAGUA

Ships Bearing 400
Marines To Insure
Sufficient Protection
For U. S. People

Warner Will Be
In Full Command

of Arms To Diaz
Government To Be
Committed By U. S.

HIGHPORT, Jan. 6.—
Six additional naval
ships have been ordered to
Nicaragua, carrying an ex-
peditionary force of 400 Mar-
ines.

The ships are the cruisers
Cincinnati and Marblehead,
destroyers Barker, Smith,
Compton and Osborne, and
the submarine tender Argon-

They report to Rear Admiral
Latimer, in command of the Amer-
ican forces in Nicaraguan waters
and such disposition as conditions
warrant. Two other destroyers
left Norfolk yesterday, and al-
though they were to replace two
other ships of their type, they
will be used temporarily
until the total American
strength available to Ad-
miral Latimer.

Navy Department said the
date of the dispatch of addi-
tional ships was to end
Admiral Latimer's "to insure
protection" American lives
in the war torn Central
American country.

Four of six officers and 160
men and Marines from the
Galveston were to arrive
in Nicaragua, the capital, in noon
as a legation guard.

The new contingent of Marines
and the Argon will replace
men from the Galveston at
noon, and the latter will re-
turn to their ship.

A mine sweeper Quail has been
Corinto from the Canal
for temporary duty, and will
be attached to Rear Admiral
Latimer's squadron.

Official announcement is
that Admiral Eberle, the chief
naval operations, listed the six
ships and said:

The above ships and men will
under the direct command of
Admiral Latimer for such
time as he may assign them on
the Atlantic or Pacific coasts

The above naval forces are
to join Rear Admiral Latimer's
squadron, to enable him to
properly protect American inter-
ests and the lives and property of
foreign citizens in

Daughter In Monastery Refuses To Renounce Faith To Share In Fortune

NEW YORK, Jan. 6. (AP)—A nuns' Order against the wishes of
her father, who was a Protestant.
She is now in the monastery of the
Dominican sisters in Newark, N. J.

Frequently from the time she
entered the monastery until his
death on Dec. 29, her father tried
to persuade her to leave the mon-
astery, Mrs. Minford said.

A clause in his will filed for pre-
sentment would permit her
share equally with two other sis-
ters and another provided she re-
nounced her faith.

"My father was my own father," she
said. "I informed him of the contents
of his will, and my regard shall
not be lessened."

BILL PROPOSES VETS' LOANS BY U.S. TREASURER

Representative Romjue, Dem-

sents Measure Wednesday In
Lower Body Of Congress

Bank Refusals Has Stirred Washington

Hines' Says Bank Attitude
Has Been Taken Without
Information On Subject

WASHINGTON, Jan. 6.—Loans
direct from the federal treasury to
World war veterans on their bonus
certificates were proposed in a bill
today by Representative Romjue
(D., Mo.)

World war veterans are offering
more each day about their prob-
lems for obtaining loans on their
bonus-insurance certificates.

General refusal of banks to rec-
ognize this government-backed
two year paper as collateral se-
curity for small loans has precipi-
tated a discussion among the
three agencies most interested, the
American Bankers Association
the American Legion and the Veter-
ans Bureau, which presages at
least an early clarification of the
question.

A bill also has been introduced
in the house to authorize the Veter-
ans Bureau, which now must
make good to the banks any unpaid
certificate loans, to loan money
direct to the policy holders.

Edith Nourse Rogers, of
Massachusetts, author of the
bill, said she was motivated by
a desire to aid "the hundreds of
veterans who have been turned down
by the banks."

Director Hines, of the bureau
who is now in New York advising
with bankers on the situation,
holds that the bankers' attitude
has been due to a general lack of
information, although he explains
that the law permits them to use
their discretion in all cases and to
grant loans only where they believe
they are needed.

He has informed the bankers
that the bonus certificates
are the same as paid up insurance
policies with a commercial value
and have the same loaning privi-
leges.

Many Members Are
Present At Kiwanis
Initial 1927 Meet

Fifty-two members of the San-
ford Kiwanis Club attended the
first luncheon meeting of 1927 at
Hotel Forrest yesterday and heard
plans discussed for the ensuing
year, which Kiwanians say are to
make up one of the most progres-
sive programs in the history of the
local organization.

Immediately following the meet-
ing, the new directors of the club
held an executive session for the
purpose of selecting committee
and attending to the details inci-
pient to their function.

Warren Smith, chairman of the
program committee, which has ar-
ranged a series of open forum
meetings to be held in the City Hall
Auditorium, spoke to the club
upon the necessity of its full sup-
port in order to make the meetings
a success. The next forum is to
be held Friday night, Jan. 7.

A musical program by Mrs. W.
S. Leake, Mrs. Richard Robertson,
Mrs. Phillips and Mrs. J. H. Col-
lough, was one of the features of
the session yesterday.

The Hotel Forrest Lake is to be
the scene of the luncheon meetings
for the next several months, it was
announced, following a vote of the
members present.

Visitors attending the meeting
were: William H. McIlroy, J. E.
Parker, J. H. Gifford, J. N. Juds
and T. N. Tunick.

Several Tremors Are
Felt In California

LOS ANGELES, Jan. 6. (AP)—

Several fairly heavy earthquake

shocks were felt in Imperial Val-
ley about 8:30 o'clock this morn-
ing, reported in telephone com-
pany here.

Three jolts at El Centro, coming

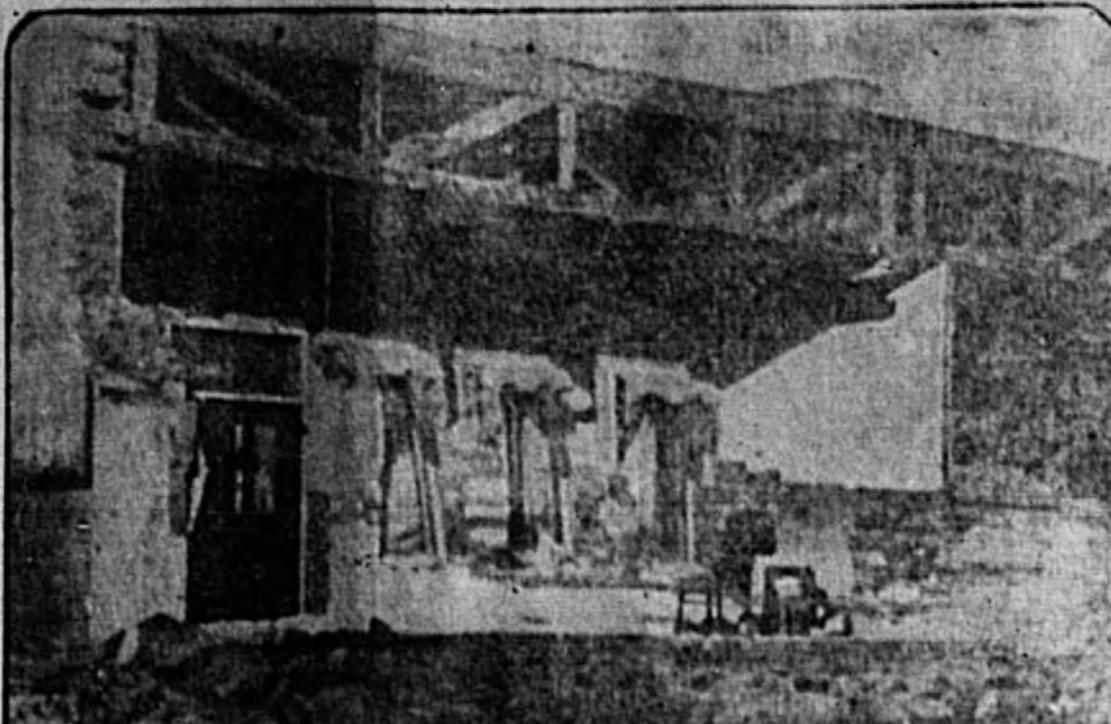

close together, startled residents,

but no nearly reports of damage

were reported in telephone office

there. This early tremor was fol-
lowed by a shock of approximately the
same time.

Damage Caused By California Earthquake

recent earth tremors did \$2,500,000 damage in southern California and northern Mexico on New Year's day. There were no fatalities. In the lower Imperial Valley, the quake's hand was laid heaviest on Calexico. This view of the wreckage of the Pioneer Transfer Company's U. S. bonded warehouse there was relayed by motorcycle to San Francisco, telephoned to New York and hurried to The Herald by NEA Service.

Prince William Of Sweden On Visit To U. S. Expresses Fondness For Lion Hunting

NEW YORK, Jan. 6. (AP)—A
Prince who rather would hunt lions
than be one is visiting New York.

The fourth member of royalty to
visit this country in the past year,
Prince William of Sweden, is here
as a private citizen. His welcome
was probably the most informal
ever accorded a member of a reigning
European family.

Six feet, four inches in height,
the Prince, who is a sailor, explorer,
sportsman and author, also describes
himself as a "self made man." He is the second son of the King of Sweden.

The Prince William does not accept a
bound from the Swedish govern-
ment. He depends upon his writing
an "earning for a living. He is
the editor of one paper and dramatic
critic of another.

The 42-year-old Prince is di-
vorced and says he is glad it is so.
It enables him to make his living
better, but admitted he liked "all
the good company."

His chief interests are big game
hunting, aviation, literature and
the drama. He is the author of
several books, short stories, a book

of poems and an unproduced play.
And he likes to play poker.

The Prince, who is to make a
lecture tour in Africa, declared lion hunting
the most exciting sport and
buffalo hunting the most dangerous.

LANDIS KNEW OF SCANDAL IN 1922 AVERS ATTORNEY

Ray Cannon Lawyer Representing Players Declares Whole Case Was Before Commissioner 4 Years Ago

LOS ANGELES, Jan. 5.—(AP)— Ray Cannon, Milwaukee attorney who at one time represented baseball players dismissed from the majors of the so called White Sox scandal in 1919, declared here today that Commissioner E. M. Landis, now back in 1922 that the Detroit club, American League had "thrown" games to Chicago in 1917, as charged recently by "Swede" Risberg, and refused to investigate it.

Cannon was attorney for Oscar "Happy" Felsch, Charles "Buck" Weaver, Joe Jackson, and Risberg in claims against the Chicago club after their dismissal from baseball. Cannon said that Felsch told the baseball commissioner, Weaver corroborating, that the Detroit club deliberately permitted Chicago to win seven games near the end of the season. Cannon said he asked Charles Comiskey to submit to an examination to determine the status of the White Sox club, but that Comiskey declined.

"At that time," Cannon said, "Commissioner Landis made the statement that the money interests in baseball were above reproach while only the players could enter into what was termed by Landis as 'quid pro quo' agreements."

The present baseball muddle is nothing but a resurrection of facts that were brought out of the 1922 case in which Felsch, Weaver and Risberg, who were represented by me, revealed the throwing of the 1917 games. At that time Ray Schalk, White Sox catcher, admitted that a fund existed, made up of donations of between \$45 and \$50 by Chicago players and which was to be given to the Detroit club for losing."

During the investigation, Cannon quoted Schalk as saying that each member of the team contributed a like amount, and I remember adding \$45 to it."

Felsch, in a brief signed statement during that investigation, Cannon said, "intimated that Charles and Louis Comiskey of the Chicago club, were content of the transaction between the Detroit and the Chicago clubs."

Johnson Declines To Make Any Comment On Supreme Court Ruling

TALLAHASSEE, Fla., Jan. 5.—(AP)— Attorney General J. B. Johnson today declined to comment on the action yesterday of the United States Supreme Court in refusing to permit Florida to file its bill attacking the constitutionality of the federal inheritance tax law.

"In the absence of official notice regarding the action of the court, I do not care to issue a statement at this time," the attorney general said. He indicated, however, that he may have something to say later.

HOTEL AT MOUNT PLYMOUTH WILL OPEN NEXT WEEK

Elaborate Program To Mark Formal Opening Of Hotel Completed At A Cost Of Approximately \$350,000

The formal opening of Mount Plymouth's new \$350,000 club hotel on Wednesday, Jan. 12, will be one of the outstanding social events of the winter season according to present plans.

A day of much merriment and pleasure has been planned for all those attending, commencing with 18 holes of golf over the new St. Andrews course at 9:30 o'clock in the morning. Persons are advised that they may make up their own foursome, or Charles Rowe, the professional, will place anyone in a suitable match if notified in advance. There will be no green fee for the day.

At noon there will be a buffet luncheon and though it is not necessary to make reservations for

this luncheon persons are advised that this would be more satisfactory than leaving it to chance. There will be tables arranged in the clubhouse for bridge, where the ladies may play in the afternoon or all day if they prefer.

At tea time tea will be served and a special orchestra will furnish music from 3:30 to 5:30. There will be opportunity for dancing.

The last event of the day coming as a climax to the affair will be the dinner dance which begins at 8:30 in the evening for which reservations must be made by Jan. 8. A first class orchestra will furnish excellent music and it is expected that there will be a large representation of this section's business and social leaders there for the occasion.

Palmer Farms Muck Is Exceedingly Rich In All Necessary Plant Growth Requirements—Wood-Thornton Lab.

Celery Beds Being Set Out at Palmer Farms Several Weeks Ago

Palmer Farms--The New Celery Section

With the expansion of Florida in agriculture, new sections are being developed, some worthy, others bearing more than close scrutiny. Palmer Farms, with the reputable and well-financed Palmer Corporation behind the project, offers an outstanding opportunity both to new settlers and older Florida farmers who de-

sire to cultivate new and rich lands. Palmer Farms, by nature of the soil, long planting season (Sept. to March) location adjoining the widely-known celery producing Manatee County and other factors is the logical section for increased acreage in celery, both for the early and late shipments.

Soil is Exceedingly Rich Rivaling The Everglades

Comparative tests made by the Wood-Thornton Laboratories, of Tampa, consulting and analyzing chemists, of samples of raw muck soil of Palmer Farms and cultivated muck of the Moore Haven section at the Everglades, brought the report from these experts that the two soils are "very similar in composition and character" and that both are exceedingly rich."

Wood-Thornton's report added that "under proper drainage and cultivation, Palmer Farms' soil will show an enormous natural productivity." Palmer Farms' tracts are cleared, plowed, harrowed—ready to plant NOW. For irrigation, water may be obtained from artesian wells. The farms are in a drainage district created under the laws of the State, which provides for keeping the drainage system in good order.

Hostess At Luncheon,
Bridge Wednesday

Exquisite in every detail was the
bridge-luncheon given Wednesday
when Mrs. Donald P. Drummond
entertained at her attractive home
on Magnolia Avenue, the members
of the Wednesday Fortnightly
Duplicate Bridge Club.

Radiant roses combined with
fans were artistically arranged in
baskets and bowls in the rooms
where the tables had been spread.
Luncheon was served at small
tables which were laid with Maderia
cloths and centered with baskets of
rose buds and sprigs of ferns.

The unusual place cards were
miniature baskets woven of golden
wires. Some were filled with "for-
get-me-nots" and were tied with
blue ribbons, while others held
rose buds and were tied with pink
ribbon. These were brought from
Paris by the hostess.

The afternoon hours passed
quickly with the enjoyable game
of duplicate bridge, the prizes for
high score, beautiful vanities, were
won by Mrs. F. E. Roumillet and Mrs.
Katherine Wilkey.

Those enjoying the cordial hos-

Comment on the liquor question
as existant in this country and the
club's attitude relative to prohibition
was voiced by Mrs. Henry
Wight, who offered a resolution
commanding The Sanford Herald
upon its openly expressed views regard-
ing law infractions by liquor
interests of the country. The resolu-
tion is as follows:

"Whereas, it is stated in the
Charter of the Woman's Club of
Sanford, that one of its prime ob-
jects for organization, is "to pro-
mote in general, higher social and
moral conditions," we regard with

contempt the following statement

joke of the infraction of that law
which has to do with the sale and
possession of intoxicants, as being

neither a dignified nor a respect-
able attitude towards national legis-
lation, as being a direct and deplorable

influence on the minds and

forming characters of the youth of
our day, and as being actively a
destructive force toward high
social and moral conditions in in-
dividual or community, there be-
resolved.

First, That the Woman's Club of
Sanford reaffirm the stand it has
always maintained toward law ob-
servance and enforcement.

Second, that this organization
respects and commends that out-
spoken policy of the Sanford
Herald, which finds its expression in
its editorial column, and in its at-
tention to the more encouraging
and constructive aspects of the
general situation.

Third, That these resolutions be
embodied in full in the minutes of
this meeting, and that a copy be
forwarded to the owners of The
Sanford Herald, with the thanks
and good wishes of the Woman's

SUNSHINE STATE CAMPAIGN BEGUN BY 'KLIM' ARMY

Florida Drive To Stimulate New Spirit Of Optimism. Officials Believe : Demonstrator Will Make Tour

JACKSONVILLE, Jan. 6.—From the Merrell-Soule convention which has just closed in this city, comes a message of confidence in Florida which should stimulate the New Year's spirit of optimism of every loyal Floridian to an unusual degree.

After a period of intensive study and careful experiment, Florida has been selected as the scene of one of the greatest and most intensive food stuff selling and advertising campaigns ever staged in this state by a manufacturer of food products.

Plans for this Klim campaign—Klim as most everyone realizes is the fresh milk in powder form, used by many Florida housewives—were announced at their Jacksonville convention by the Merrell-Soule company and were received with great enthusiasm by the men who attended. And no wonder, since these plans included a two-weeks' trip through Florida for everyone of the company's veteran salesmen! A two-weeks' visit—a trip combining business with

measures for more than 20 salesmen. Here's a firm worth working for!

According to the studies made by this enterprising company, Florida represents a market far superior to any others, for the sale of Klim.

After Feb. 15, if every Florida housewife does not know of the advantages claimed for Klim; if every grocer is not himself better informed about Klim, and also better equipped to supply the housewife's demands for this product, it will not be the fault of this company, nor of the Florida daily newspapers.

Big 10c Trial Size Campaign

During the next three months, prominent Florida newspapers will carry large advertisements urging every milk user in Florida at least to try Klim, for beverage as well as for cooking purposes. Both the product and methods of using it will be described in detail to every grocer, and most of them actually will have tried it in the thermos liquefied form from two-quart thermos bottles that will be carried by each of the 20 visiting salesmen as he makes his daily calls.

Many of the important fairs in Florida will be visited by "Lady Klim" who will travel in a huge yellow and brown demonstrating truck which contains a refrigerator system, a mixer, a serving counter and a big supply of the trial size tins.

The trial size tins will be sold at 10c, both at the fairs and in the
