NUMBER 500

DEATH TOLL OF STORMS IN U.S. PASSES FORTY

Property Damage Will Reach Millions As Result Of Tornado Series Over Nation

ATLANTA, May 3.—(INS)—The death toll in the southern tornado area reached 40 this afternoon. More than 400 were injured and damage to crops and property will run into the millions of dollars. The death toll by states was: Virginia, 23; Arkansas 14; Maryland 4; Tennessee 2; Alabama 1; Georgia 1; Florida 2; and Kentucky 1.

(International News Service)

Thirty-five deaths—30 in the South, one in Pennsylvania, two in Columbus—and two in a train wreck at Oswego, N. Y., and millions of dollars of property damage are the results today of a series of storms and tornadoes which terrorized the Dixie and Mid-Western sections of the country.

International News Service reports from widely scattered districts indicated that in many sections suffering in intense and the toll of injured persons will mount into the thousands.

Some parts of the South, where the storms wreaked their greatest fury, are virtually isolated with all means of communication cut off.

A freak of the lashing elements was a snowstorm borne in to Buffalo, N. Y., where the ball game was called off because of snow.

The heaviest toll of lives was taken in Eye Cove, Va., where a twister demolished a school building and wrecked other structures. Fifteen students of the school and a male teacher were killed, while more than 100 others were injured. The entire North Carolina Valley was reported to be a wasteland as a result of the storm.

In Columbus, O., six prisoners were killed.

A Woodville, Va. one student was killed and several injured when the high school building was demolished.

At Embreeville, Tenn., a minor tornado demolished five houses and caused the death of a woman and a baby.

At Foley, Ala., a man was killed and several others, including a woman and child, were injured in a similar twister.

Near Lafayette, Ga., a tree blown down in the storm killed a boy youth.

The storm apparently blew it out in Maryland. At Fredrick, a number of barns were blown down and communication stopped.

Near Laytonville, Md., a gale blew down the home of Bowie Childs, a farmer, killing his 80-year old mother, and his 8-year old daughter. Other members of the family were injured.

Forty houses were injured to wreckage and 50 persons refused to leave their homes when the storm swept over Merigantown, W. Va.

More Men On Way To Fight Fruit Fly

Following President Hoover's approval of the appropriation of \$4,250,000 to fight the fruit fly in Florida, The Herald received word this morning from Congressman Ruth Bryan Owen that the Department of Agriculture is sending a group of men to reinforce the group already here. The first contingent left Washington last night. A copy of Mrs. Owen's telegram to Governor Carlton on the subject is as follows: "Bill carried by Congressman Drane and myself to the President, granting \$4,250,000 for extermination of the Mediterranean fruit fly, has just been signed. We are given to understand that the Department of Agriculture is immediately sending personnel to Florida and that first contingent left Washington last night."

(International News Service)

GARDEN CLUB TO AID AUTHORITIES IN FIGHTING PEST

Members Hear Talks By Dr. Mackie And Sanford Agent

After hearing two addresses by government experts on the danger of the Mediterranean fruit fly, the Sanford Garden Club this morning unanimously pledged its heartiest co-operation to the authorities in their efforts to exterminate the dreaded pest.

Thoroughly awake to the crucial situation, the club members pressed not only to observe strictly regulations laid down by the plant board heads but also to assist in getting others to appreciate the extent of the menace.

J. W. Monk, federal agent assigned to the Sanford district, and Dr. H. W. Mackie, senior entomologist of California who has been loaned by the state to assist in the emergency, were the speakers this morning at the meeting held in the City Hall auditorium between 6 and 6:30 o'clock when members present in addition to a small group of men, Mrs. Henry Wight, president, presided.

Each speaker emphasized the necessity for united support in the unrelenting and arduous task of eradicating the pest. Dr. Mackie stated that Florida citizens already have shown a magnificent spirit of co-operation. They warned, however, that a small group of persons should not be restricted to undo the work of the great majority called upon by the woman to help in every way to put down the objections of a few who have shown a disposition to ignore regulations laid down by the authorities.

The Garden Club members also pledged the use of a number of automobiles tomorrow in the "white" cleanup campaign that is to be conducted in an effort to finish the job of picking and destroying all fruit that still hangs on trees within the City limits. C. D. Wolfe, V. M. G. A. secretary who is organizing a contingent of more than 100 boys to help with the work, appeared before the club with a request for cars.

The boys, under the supervision of Mr. Wolfe and City Manager George H. Cairns, who has charge of the white campaign, will meet tomorrow morning at 9 o'clock at the courthouse. They will be divided into groups, each to cover a particular section of the city in a systematic drive to obtain all hanging fruit.

Two Trainmen Die In Wreck Of Freight

SAVING, Pa., May 3.—(INS)—Two trainmen were killed and two others were injured when a double header freight train ran into a washout near Oswego, N. Y., on the Auburn division of the Lehigh Valley Railroad early today.

The dead are: Zebo Thrall, engineer, and Floyd Young, fireman, both of Auburn, N. Y. They were the crew of the first engine that ploughed down an embankment into a small creek, pinning them beneath the water. They bodies were recovered several hours later when a wrecking crew arrived at the scene.

The engineer and fireman of the second engine, Beecher Flomert and William Sullivan, both of Auburn, were slightly injured when they were trapped in their cab as the engine overturned. They were brought to a hospital here where their condition was not considered serious.

FIGHT TO OUST MELLON GIVEN REAL SETBACK

News That Many Previous Secretaries Were Stock Owners Deals Blow Today

WASHINGTON, May 3.—(INS)—The effort to force Andrew W. Mellon out of the cabinet because of his large stock ownership in corporations suffered a setback today when it was learned that the three Democratic secretaries of the Treasury under Woodrow Wilson all owned stock.

William Gibbs McAdoo, the wartime President's son-in-law, Carter Glass, now senator from Virginia, and David F. Houston all possessed corporation securities while secretary of the Treasury. The question whether their holdings made them ineligible for the Treasury post under the 100-year-old law forbidding the secretary from "being interested in or carrying on business of trade or commerce" never was raised against any of them.

Senator Glass told International News Service how he and his Democratic colleagues held stock while at the head of the Treasury. He incidentally announced he would oppose the present move to oust Mellon.

It previously was brought out that Alexander Hamilton, first secretary of the Treasury, owned banking stock while in the cabinet of George Washington. The Treasury Department also supplied information showing that other secretaries in the administration of Cleveland had owned securities without the legality of their service being questioned.

Church Crowd Small Because Of Weather

Inclement weather last night resulted in the smallest congregation that has turned out for any of the special services that have been in progress during the past few days at the Methodist Church, Dr. W. P. Buchanan preached on the subject of "Confessing Before Men."

He called attention to the fact that anyone might experience in accepting the work of an evangelist concerning "open confession" and declare that the words of Jesus on this subject might be based among the "silly sayings" of the Bible. He added, however, that a close and honest consideration would reveal the justice and love of God.

The minister's subject tonight will be "The Great Invitation." W. Raymond Wilder, soloist and choir leader, will sing "Some Day May Be Too Late."

Marler Speaks To Woodmen Of World

Rev. Frank M. Marler, pastor of the First Christian Church, addressed the Sanford group, Woodmen of the World, Tuesday night at the first of a series of get-together meetings planned by the organization. His subject was "Practicalism." Another talk was given by John H. Nichols, major in the 30th infantry of the United States army, who is a member of the ranks of the W. O. W.

Following the speeches, refreshments were served. Between 40 and 60 members were present. C. C. Collins, county commander, presided over the gathering.

Clinic To Be Staged For Primary Pupils

A clinic and registration period for all children who are to enter Sanford primary schools next fall for the first time will be held May 8-10 at the Southside Primary School, according to an announcement today.

The clinic, sponsored by the Parent-Teachers Association, will be held under the direction of Mrs. Stella F. Arrington, supervising principal of the primary schools, and Mrs. Mary Holler, county nurse.

Gottschaldt Points To Low Costs Of Advertising For Increasing Public Demand

"The low cost of reaching people through the radio is a very interesting campaign an economist method of creating greater consumer demand," said Allan C. Gottschaldt, president of the advertising agency, Advertising Agency, who arrived today to work with the local advertising committee in plans for the meeting at the courthouse next Tuesday night.

"Just as a means of comparison, take newspaper and magazine advertising," Mr. Gottschaldt continued. "An expenditure of \$100,000 in these mediums over a three month period could reach approximately 20,000,000 people with a complete series of mass messages each week and every month. Just think of it—nearly one-fourth the total population of the United States. The cost per person on this basis would be only about one-third of a cent apiece. Compare this with the cost of sending just one ordinary one-cent government postage, \$25,000, and it is evident that advertising is really a most economical means of getting the message of a low cost advertiser.

The reason for this low cost advertising," Mr. Gottschaldt explained, "is that each newspaper and magazine is read on an average by at least four people while the rates are based only on the actual number of subscriptions."

GIBSON DEMANDS 'TORCH SLAYER' SHOWDOWN UPON WAR MATERIALS

Deadlock Develops In League Commission Over War Supplies

GENEVA, May 3.—(INS)—With deadlock developing in the meeting of the League of Nations preparatory commission over war materials, Hugh Gibson, the American delegate, today demanded a "show down" Saturday.

"Twenty six speakers are deadlocked upon the issues of direct or indirect limitation of war supplies," said Nicholas Habito, secretary of the preparatory commission. "Personally I favor Mr. Gibson's publicity plan."

Maxim Litvinoff, of Soviet Russia, heckled the speakers continuously, and caused the postponing of a resolution containing Mr. Gibson's proposals on limitation of war supplies, war supply budgets and publicity to reveal the war materials on hand in various nations.

One faction wants direct restriction of war supplies and the restriction of publicity for their production. Another faction wants "indirect limitation" of war supplies, which would eventually be drawn with that the subject mightly.

The United States had sided with France for limiting publicity, although Mr. Gibson said his country favors the widest publicity so that the whole world would know the amount of reserve war supplies held by each of the great powers.

Maxim Litvinoff, representative of Soviet Russia and Count von Bernstorff, the German delegate, said that their countries were opposed to the tactics employed here. Litvinoff accused the delegates of sidestepping "the issue of real disarmament" while the German delegate said that, if the allied nations really wanted to disarm, they should apply themselves to the terms of the Treaty of Versailles under which they disarmed Germany.

DeLand Schools Are Closed In Fight To Isolate Infantile Paralysis Germ

Closing of DeLand schools as a means of preventing the spread of infantile paralysis, the spread of which have been discovered here in the past few days, was requested here today. Dr. E. E. Stevens, county physician who yesterday warned Sanford parents to exercise care in an effort to prevent an outbreak of the disease here, was told this morning over telephone that no new cases have developed in DeLand.

In connection with the closing of the schools, other regulations prohibiting children under 15 from attending theaters or participating in any other kind of public gathering, have been promulgated by health authorities in that city. Following is a list of the rules, some of which Dr. Stevens said should be of assistance to local parents:

1. That all pupils in white schools up to the tenth grade are hereby dismissed from further attendance until further notice.
2. That all exercises connected with school activities are hereby suspended, effective to May 31st or until further notice.
3. That children under 15 years

G. O. P. HEADS APPOINT NEW STATE GROUP

Skipper's Patronage Committee Is Superseded By Another Backed By Hoover

ORLANDO, Fla., May 3.—(INS)—A new patronage committee superseding that announced some time ago and having been organized by Glenn B. Skipper, Republican national committeeman from Florida, was in power in Florida with the approval of President Herbert Hoover, according to word received here today from A. F. Knotts, chairman of the Republican State committee.

The new committee was chosen in a conference between A. F. Knotts, state chairman, W. A. Howey, Republican candidate for governor in the November election, J. Leonard Hopkins, West Palm Beach, Postmaster General Walter F. Brown, Congressman William Newton, administrative assistant to President Hoover, and James Francis Barlow, general counsel for the national committee. According to the announcement, the committee may meet with the approval of the President and will stand, Knotts declared.

Members of the committee as approved by the Chief Executive were: W. J. Howey, J. Leonard Hopkins, George P. Wentworth, Pensacola; Mrs. W. C. Lawson, Orlando; and Mrs. H. H. Morgan, Tarpon Springs.

It was said by public leaders of the committee including the national committeeman will be greater than the other. This in effect, directs the national committeeman of his appointive posts.

Republican leaders of Florida accused Skipper of attempting to secure a "patronage" position, which was not accepted by the administration and the party organization. It was also alleged that he is in direct consultation with party leaders.

Under the present committee, which has been met with the Chief Executive's approval, Skipper will be on a par with the other members of the committee and the majority will hold.

Skipper has rapidly been losing his position as leader of the Republican Party of Florida, according to the present committee, which was not accepted by the administration and the party organization. It was also alleged that he is in direct consultation with party leaders.

Bahamas Place Ban On Florida Fruits

WASHINGTON, May 3.—(INS)—The Governor of the Bahamas today has issued a proclamation prohibiting the importation of certain fruits, vegetables and other produce directly or indirectly from Florida of any plants, Charles C. Row, American consul at Nassau today informed the State Department.

The embargo includes tomatoes, cucumbers, eggplants, bell peppers, okra, green beans, and other fruits and vegetables, and the whole or any part of the growing, living or dead plant, or any package in which any of these articles have been packed or are paper or other articles which have been packed with any of the plants, vegetables or fruits defined above.

This action was taken because of an infection in the Mediterranean fruit fly in Florida.

Woman, Who Paced As Man 26 Years, Dies

OAKLAND, Cal., May 3.—(INS)—Death today had claimed the woman who had paced as man for 26 years. Mrs. Mary Ann, 79, died at the hospital here today. She had been suffering from a long illness.

The woman, who had been pacing as man for 26 years, died at the hospital here today. She had been suffering from a long illness.

Editor Asked For Apology By House

TALLAHASSEE, Fla., May 3.—(INS)—The House of Representatives today after an extended debate called upon the editor of the Florida State News, a local afternoon newspaper, to appear before the bar of the House and present a written apology for an article appearing in his paper on May 2. The article in question drew the conclusion that the vote upon a resolution relative to the financial survey of the state, reported by Governor Carlton's strength in the Lower House in connection with his tax reform program. A original motion by Hovers, of Hillsborough, to be the representative of the News failed for a substitute by Governor of Galand, that an apology be requested. A House bill today seeks appropriation of \$200,000 to reimburse citrus fruit growers for fruit destroyed by the state in the fight on the Mediterranean fruit fly.

SENATE EXTENDS FIGHT TO CHECK TRUST ACTIVITY

WASHINGTON, May 3.—(INS)—A demand for congressional action to prevent the purchase of power by trusts, possibly by including such prohibitions from the United States mails, was spreading today with the Senate extending the debate on the subject.

Senator Norris (D., Nebraska), head of the bill, announced he was studying the possibility of placing a legislative curb on the power trust. He declared the public utility revealed as having bought stock in a dozen different newspapers, were "blindly" passing the source of information for the American people. He said he felt strongly against and against the power trust, and against the selling of stock in the public utility, which revealed as having bought stock in a dozen different newspapers, were "blindly" passing the source of information for the American people.

Under the present committee, which has been met with the Chief Executive's approval, Skipper will be on a par with the other members of the committee and the majority will hold.

Stock Market Makes Spectacular Advance

NEW YORK, May 3.—(INS)—A large advance in stock prices today, with the Dow Jones industrial stock price index up 10 points, was the result of a combination of factors.

The advance in stock prices today, with the Dow Jones industrial stock price index up 10 points, was the result of a combination of factors.

The advance in stock prices today, with the Dow Jones industrial stock price index up 10 points, was the result of a combination of factors.

Removal Of Judge Is Another Step In "House Cleaning"

WASHINGTON, May 2. — (INS)—President Hoover's summary dismissal of William A. DeLoach, federal district attorney in Brooklyn, is but another step in the widespread campaign to "clean house" in the government's law enforcement machinery, it was said today in administration spokesmen.

One of the first steps taken by Attorney General Cummings upon assuming office was to order a nationwide survey of the work of federal district attorneys, and conditions in their respective districts, all with a view to determining whether they should be continued in office.

In the last six weeks three district attorneys have been removed, all at the instigation of the Department of Justice, John Cook in Mississippi, Wm. A. Geber in New York, and now DeLoach in Brooklyn. The investigation is continuing, and it is probable that more dismissals will follow before long.

CONSIDERS SWED

STOCKHOLM, SWEDEN, May 2. — (INS)—Harry Pearson, heavyweight boxing champion of Sweden, today was considering an offer to fight Otto Von Porat, Norwegian heavyweight, in a bout at Chicago.

ITALIAN HEAVY MATCHED

NEW YORK, May 2. — (INS)—Richardo Bertozzo, giant Italian heavyweight, has been matched for a bout with Jim Maloney in Boston on May 17.

TILDEN WINS REVENGE

PATERSON, N. J., May 2. — (INS)—William T. Tilden, former national tennis champion, had obtained revenge today for the defeat he sustained at the hands of John Van Ryn last winter. In an exhibition match here yesterday "Big Bill" defeated the New Jersey youth by a score of 6-8, 7-5, 6-2, 7-5.

BERLENBACH MAKES GOOD

NEW YORK, May 2. — (INS)—Paul Berlenbach, former light-heavyweight boxing champion, has made good in his first two starts as a professional wrestler. He scored his second victory in Brooklyn last night by throwing George Zaharis, of Greece, with a wrist lock in 2 minutes and 21 seconds.

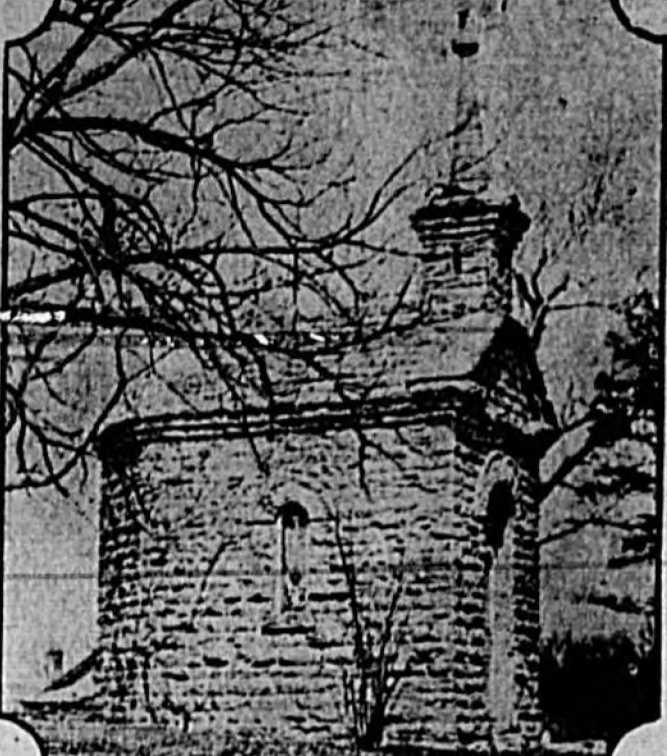

FIRE THREATENS FOREST

SAN BERNARDINO, Cal., May 2. — (INS)—Thousands of acres of valuable timber land were threatened with destruction by a forest fire that started today in the mouth of Day Canyon, near Hwatsada, according to reports received here.

CONFIRMS RUMOR

LONDON, May 2. — (INS)—In an interview published today in the Daily Express, Tullulah Bankhead, American actress, confirmed reports that her engagement to Cuban Anthony De Bonardi had been broken. "Tony and I have agreed to disagree," she stated.

World's Smallest Church

The world's smallest church—not a shrine, but a real edifice—is this tiny and quaintly beautiful structure, which is located on the top of Mount Casino, near Covington, Ky. It provides seating accommodation for but three worshippers.

The Famous Card Tree

The famous card tree in the park at Covington, Ky., is supposed to be the oldest living tree. Tourists who visit the park attach their cards to it.

Paris Dressmakers Seek To Help Elder Woman's Apparel

PARIS, May 2. — (INS)—Fair and forty frocks are far from making fair women look fat, this spring. For the French dressmakers have gone in for the needs of the larger woman, who is no longer in the bloom of first youth, and studied out ingenious slenderizing methods.

An unusual combination is seen in an afternoon frock of printed mouseline de soie in jade-green, black and beige, with black lace used in inserted bands on the bodice and in narrow fan pleatings on the skirt. A reversible satin coat, deep ivory on one side and black on the other, semi-fitting and with a flaring skirt is another extremely smart and practical garment for the older woman who must be careful of her "figger."

Trig, tailored street frocks come in navy-blue woolen reps or fine serge, trimmed with silk braid and sometimes with a touch of bright color. Worn with a smart felt hat and fox scarf this is an ideal slenderizing costume for spring days. There is one with crossed folds of white georgette in the front of the bodice and rather tight skirt trimmed with graduated rows of black braid from the hips to the hem. Another has a surprise bodice with folds of chartruse and deep cuffs of the same with rows of black braid.

Strange Malady Is Puzzling Physicians

RALEIGH, N. C., May 3. — (INS)—State medical authorities today began an investigation of an outbreak of a mysterious disease, following the death of two persons and the serious illness of a third. While private and state physicians have been unable to identify the malady, alleged that it was highly contagious and in most cases fatal. The first victim, McKee, a

AT MILANE THEATER TODAY

A Scene from the Paramount All-Talking Picture "The Hole in the Wall," with Claudette Colbert and Edward G. Robinson

professional ball player, who is still alive, was visited at a local hospital by a baby, who was stricken suddenly and died within 12 hours. A hospital nurse attending McKee contracted the malady and died within 36 hours. The U. S. public health service is sending an expert here to study the disease, which physicians said was accompanied by hemorrhages and stiffening of the joints.

The mail will arrive in San Francisco at 4:50 o'clock the next morning, giving Kansas City a service of less than twenty-four hours with that city. The Boeing corporation has announced it will add day planes to its present night service from the West, which will permit the delivery of mail from Kansas City several hours earlier than has heretofore been done.

Kansas City To Get Direct Mail Route With Pacific Coast

KANSAS CITY, Mo., Apr. 29. — (INS)—The opening of a St. Louis-Kansas City-Omaha air mail and passenger service by the Universal aviation corporation, which has been announced for May 1, will give Kansas City its first direct air mail connection with the Pacific Coast. Heretofore it has been necessary to send mail to Chicago by

way of the National Air Transport Inc., and there it has been rerouted for the West.

Large in Forenoon Under the new system air mail planes will leave Kansas City at 10:15 o'clock in the morning and will reach Omaha in time to connect with the planes of the Boeing Aircraft corporation, which operates a Chicago-San Francisco mail route, at 1 o'clock.

After the establishment of the new Universal route, Kansas City will become the clearing house for all air mail from Texas and other southern points. Mail brought here by the N. A. T. lines from the South will be sep-

arated and that designated for western points will be transferred to the Universal planes and carried to Omaha.

Surprise Canneries, Inc. is newly established tomato canning plant in Ocala.

Installation of West End sewerage system progressing rapidly at Plant City.

SOUTH PALM BEACH — \$2,000,000 Quarry Key Stone unit of Mizner plant now in operation.

TAMPA — \$75,000 will be expended for installation of harbor and channel lights in local port.

Plant of Apple Bros. Canning Company recently started operating at West Palm Beach.

JACKSONVILLE — Headquarters of Chain Tire Stores, Inc., in four-story building on West Forsyth Street.

PLANT CITY — Highway at this place repaired.

Clinic and registration for all children who expect to enter any primary school next Fall from 9 o'clock to 12 o'clock at the South Side Primary School.

BALVATION ARMY NOTICE
Major Woods of Atlanta, the territorial headquarters of the Salvation Army, is spending several weeks here attending to the business interests of the Salvation Army and will be the main speaker at the meeting of the Salvation Army on Friday evening at 7:45 o'clock at the Hall on Sanford Avenue. Major Woods has been doing field work for the past 15

years and was for 15 years a social officer in the Army. He will speak at the open air meeting on Saturday evening and also at the meeting on Sunday evening at the Hall on Sanford Avenue. The public is cordially invited to be present at these meetings.

Health Day Observed By Grammar School

By Mrs. E. F. Hausholder
Representing Parent Teachers Association
Health Day, May 1, was observed at the Grammar School in a very pretty way. The school was open to parents and visitors throughout the day. For the chapter exercises at 10 o'clock a special health program had been prepared, each of the ten rooms contributing a number to the program. The entire entertainment was splendid.

In every room an exhibit of the pupil's work was on display—maps, history, spelling, English, arithmetic with their attendant good or bad marks so that each parent had the opportunity of comparing the quality of his or her child's work with that of the other pupils. There was a general high standard shown throughout the school.

A most novel feature of the day was that classes were conducted as usual—many of the seats being occupied by the grown-up visitors. One mother, after sitting through a history lesson, confided to a friend that she was going home and secretly studying her American history.

At noon a splendid luncheon was served by Miss Nelson in the lunch room. Nearly 300 parents and children were served.

In the afternoon, out-door physical exercises were demonstrated to the interested spectators. After which school adjourned as usual at 3:15 o'clock.
Mrs. Babbitt, principal, and her corps of efficient teachers are to be congratulated upon the fine showing made by the little men and women of the Grammar School during the entire day.

Church Circle Holds Meeting On Monday

The members of Circle Number Six of the First Baptist Church met on Monday afternoon at the home of Mrs. W. E. Beecher, 1004 Avenue, with Mrs. Beecher and Mrs. J. V. Johnson as hostesses. Mrs. B. C. Moore presided over the business session which included the devotional and mission study course by Mrs. R. W. Lawton.

During the social hour refreshments were served by the hostesses to the following: Mrs. R. V. Lawton, Mrs. B. C. Moore, Mrs. A. K. Rosetter and Mrs. C. A. Anderson Jr. The next meeting will be held with Mrs. B. C. Moore, 2508 Elm Avenue, on Monday afternoon at 3:30 o'clock.

Recital To Be Given During Music Week

Among the events scheduled for National Music Week, which is observed throughout the country from May 5 to May 12, will be a recital by the vocal pupils of Miss Muriel Taylor. This program will be given complementing the Sanford Woman's Club and will be presented on Thursday, May 9 at 8:15 o'clock in the club house on Oak Avenue.
The program consists of songs, duets and trios in English, French and Italian, and will include a cycle of Gypsy songs to be given in costume with appropriate settings and lighting effects.
The Woman's Club extends a cordial invitation to the public to attend this event next Thursday.

Mrs. Seacy Surprised With Birthday Party

Mrs. J. N. Seacy of Longwood, who is a patient in the Fernside-Laughton Memorial Hospital, was given a surprise party on Wednesday afternoon by the nurses of the hospital in honor of Mrs. Seacy's seventy-sixth birthday, which she celebrated at that time. Little Lonnie Byrd, also a patient at the hospital entered Mrs.

Miss Bender Joins To Chit Chat Club

Miss Beverly Bender was hostess to the members of the Chit Chat club with a bridge party on Wednesday afternoon at her home on the Country Club Road. High score prize a silk handkerchief, was awarded to Miss Ethelda Tattersall while low score prize, novelty silver choker beads were presented to Miss Julia Higgins.

A profusion of gladioli and other Spring flowers adorned the rooms where the tables were placed while the tallies and other bridge accessories were in harmonizing colors. Late in the afternoon the hostess assisted by her mother, Mrs. F. W. Bender, served a salad course to the following members: The Misses Ethelda Tattersall, Rose LaVerne Hurt, Pearl Roberson, Julia Higgins, Jane Torrance, Katherine Schrader, R. E. Griffin and Margaret Thompson.

Local O. E. S. Chapter Meets On Thursday

Seminole Chapter Number Two of the Order of Eastern Star held its regular meeting on Thursday evening at the Masonic Hall in honor of Mrs. G. F. McKay, who was elected associate grand conductress of the state of Florida at the grand chapter which was held at Jacksonville last week.
Mrs. P. M. Elder presented Mrs. McKay with an arm bouquet of red and white roses after which other members of the chapter put on a drill in her honor.
Other guests were given coronets of old-fashioned flowers by Mrs. Murray Jarvis and the visitors received carnations.
For entertainment during the evening Mrs. Frank Hauser, accompanied by Mrs. B. C. Moore,

Seacy's room in the afternoon and announced birthday greetings to her and was then followed by the nurses bearing a birthday cake which was adorned with lighted candles.
Those present were: Miss Mary Landgraf, Mrs. Caroline Milane, Mrs. Edith Jones, Mrs. Rochik, Mrs. Mary Mickler, the Misses Frances Fumette, Mamie Minor, Betty Antosh and Dr. Samuel Puleston.

For the Sake

THERE is a secret back of the matchless good taste of La Touraine Coffee—a priceless secret formula that governs selection, blending and roasting. It is the exclusive property of a handful of men. With it, they are able to maintain the unvarying quality of La Touraine.

Wherever you drink this famous blend—in leading hotels and restaurants or in your own home—you will experience the same pleasures of tempting aroma and satisfying taste.

Four of the finest coffees grown—the choice production of tropic plantations—are blended to a rich harmony of coffee flavor.

This blending is done with extraordinary care. Specially trained men—the most modern equipment—the quality standards of its (La Touraine's) celebrated formula.

Roasted and packed in modern plants in Boston, New York, Philadelphia, Chicago, and Jacksonville

of Good Taste

The result is a rich, full-flavored coffee that has won the hearts of America's coffee connoisseurs.

It has been chosen for the tables of more leading restaurants and hotels, and for the dining cars of more extra fare trains, than any other brand.

It has made thousands of friends among people whose homes are famed for hospitality.

By sheer quality—unfailingly maintained year after year—La Touraine Coffee has become America's favorite coffee.

Why not order a trial tin of La Touraine Coffee today from your dealer? He has it—or will be glad to get it for you promptly.

Serve it on your breakfast table tomorrow morning and experience the delights of La Touraine flavor.

Buzzard Has Made Appearance Again This Spring

SPRINGFIELD, Ind., May 2.—(INS)—A buzzard, long reported as having been killed at Atlanta, Georgia, is still very much alive according to Nest Ackerman, of Dr. Charles A. Ackerman, who with a companion has just returned from various parts of the state.

Although the big cartoon artist was reported killed at Atlanta, Georgia, it is still very much alive according to Nest Ackerman, of Dr. Charles A. Ackerman, who with a companion has just returned from various parts of the state.

Ackerman and his companion were cutting out crowsies on his farm in Brown County, near Milledgeville, near here. Suddenly their attention was attracted by the faint tinkling of a bell which seemed to come from over head. Looking up they saw a buzzard flying not much higher than the tops and they were able plainly to discern a small bell about two or three inches in diameter attached to the bird's neck.

The appearance of the bird, which reports it had been killed, from numerous Indiana points in 1927 but was not seen or heard in 1928, which fact probably gave rise to its death report.

Solons Will Retain "Freedom Of Port"

WASHINGTON, May 2.—(INS)—The Treasury will continue to extend "freedom of the port" to congressmen travelling on official business, despite the recommendation of a New York grand jury that the practice be discontinued as "un-American," it was stated today by Seymour Lewman, assistant secretary in charge of prohibition.

The grand jury's recommendation was made after an investigation of the circumstances which followed the arrival of the steamer Cristobal from Panama, it being alleged that some of the returning congressmen utilized their official immunity to bring in liquor.
