With Christmas not even a month off, many sailors' ideas are turned to home and the holiday season there. Some men are dreaming of a white Christmas while others are thinking of the parties that will welcome the New Year, 1952, to the USA. NAAS, FASRon 821 and VF-32 have announced that Christmas leaves will be granted all hands desiring to append a few days with their families throughout America over the Hos throughout America of the Hos through Advances and Hos through America of the Hos t Mes throughout America over the Christmas season.

Before anyone scenres for Christmas, the Photo Lab is planning a steak fry at Chief Howard Haynes' home in Orange City.

In their replies, the correspondents denied having criticized the Army, as such, or the individual soldiers. They said they had criticized MacArthur, for his overall decisions, and Willough-by for his intelligence reports, on which MacArthur apparently based his strategy in Korea. As an example of the "belittling" of the Army, Willoughby quoted extensively from an
article by Baldwin. It compared
American generalship, troops and
equipment with those of other
countries, and said the Americans

were not always the best in the world. Willoughby described this as a

"devastating, surprising and telling reportorial attack." Baldwin said the article was written before the Korean fighting began. He said it was prepared early in the spring of 1950, but was not published until after the war started. He added:

Willoughby was widely and justly undertaker."

#### **Notable Immigrants**

At 85 Dr. Abraham Flexner is taking a course at Columbia University on Russian relations. He is possibly the most noted of a notable family. Born in Louisville, Kentucky, the son of immigrant Jewish parents, he completed four years of work at John Hopkins University in two years, became assistant principal of the Louisville high school before he was twenty, and after study abroad published in 1910 his greatest work. This was a report to the Carnegie Foundation on medical education in the United States, finding it woefully lacking. His report helped to make American medical education the world's finest.

His brothers included Bernard, who was a lawyer and did much to forward juvenile courts, and Simon, who was a famous physician. A sister, Jennie, was a noted librarian, first in Louisville and then in New York City. She was a pioneer in reader advisory work, helping inquirers to work out systematic courses of study by reading.

Abraham's wife Anne is a playwright of note. Two daughters, Jean and Eleanor, are active, the former as a playwright and the latter as an author of reports about the Department of Labor at Washington. Simon left a son, James T., who has written several authoritative books on the history of painting.

Even this list may not be complete, as the family connections of all the writing Flexners have not been painstakingly traced. They are an extraordinary family who have enriched America, as immigrant families have enriched America, as immigrant families have so often done.

#### Tired Congressmen

Physical stamina seems to be as important a requisite Now General MacArthur's for-iner chief of intelligence has gotten into an argument with the clan, points out that legislators work longer, receive more newspapers, which is unfortunate, mail and enjoy shorter vacations today than they did years ago. Even on vacation, the doctor said, Congressmen are beleaguered by constituents who wish to give advice or make requests. These things add up to increased strain on the physical resources of the legislators.

Most people will sympathize with the congressmen, even though it is often noted that they do seek office voluntarily. But there are things which congressmen could do which would make their load lighter. Improvements in the introduction and passage of legislation, without the seemingly endless delays which occur, could save their time. Often measures which are likely to cause debate are postponed until the closing days of a session, so that adjournment is delayed. Congressional oratory often takes up more time than the importance of the messages justifies and it sometimes seems as if the law makers were speaking for no record of the suspect's lawyer publication in the newspapers back home rather than on behalf of needed action.

Undoubtedly members of Congress have a difficult partment. jobs less exhausting might result in a better Congress as well as a more comfortable one, and the political popularity of the legislators responsible would be increased accordingly.

Briefly, these are the steps involved in a tax fraud case, from the time it's discovered until it's brought to trial or dropped:

Jones files a return. Chashim.

#### Capacity To Work

A new method is being developed to help persons with physical handicaps to find suitable work. In this period of worker shortage in many areas, added stimulation for the finds evidence confirming the suspendent comes from industry and government.

The new advice is known as the work classification unit, essentially a medical clinic which determines the intelligence agent, match these capacities with the requirements of jobs which are available in the community. A guide for operation of the plan has been published by the American Heart Association, written by three doctors who pionescol in the chief agrees, there's chough evidence for a court trial, he recommends it to the revenue bureau's chief counsel for the retion, written by three doctors who pionescol in the chief agrees, there's chough evidence for a court trial, he recommends it to the revenue bureau's chief counsel for the regional physical capacities of handicapped persons and helps to tion, written by three doctors who pioneered in the development of such a unit in New York City. There are units now the evidence. in several other cities.

There is growing appreciation of the fact that most handicapped persons are still useful individuals. They need chief counsel in Washington. #### THE WORLD TODAY By JAMES MARLOW

WASHINGTON, Nov. 29—(4?)—It's hard to understand a statement made by Theron Lamar Caudle, recently fired by President Truman from his job as Assistant Attorney General.

He was in charge of the jus-tice department's tax division which examined income tax fraud cases and had final say on whe-ther they should be dropped or prosecuted.

Caudle has been testifying be-fore a subcommittee of the House Ways and Means Committee which has been investigating the handl-ing of tax cases in the Justice De-partment and the Internal Reve-

partment and the Internal Revenue Bureau.

Before a tax fraud case reaches the justice department's tax division it has passed through many hands and been investigated by the Internal Revenue Bureau, whose job is to gather evidence for prosecution.

whose job is to gather evidence for prosecution.

Caudle told the subcommittee that tremendous pressure had been put on him—when he was considering the fraud cases laid in his lap for decision—by members of Congress and others.

He hurriedly added that no one ever saked him to do anything wrong. Qaudle said members of Congress frequently found it difficult to believe a prominent constituent had done anything wrong.

#### Free Press Or Free Paving?

In his speech at Tallahassee Monday night, Governor Warren came very close to an outright attempt to intimidate the free press of this state.

The Governor, in effect, told the people of Tallahassee that they couldn't expect to get state aid on street improvements if the Tallahassee Democrat continues to publish criticism of his administration by it political columnist.

During his drum-heating tour of the 67 counties, Mr. Warren has dropped hints elsewhere that newspapers which have been critical of his administration might handicap their communities in getting state projects.

But in Tallahassee he went much further. He made a baid attempt to shut up a newspaper what his back where the press criticizes him.

What manner of democracy is this?

tempt to shut up a newspaper critic by dangling road depart-ment dellars in front of the newspaper's subscribers and advertis-

paper's subscribers and suvertiers.

Mr. Warren has committed many political indiscretions but, to our mind, this is his shabblest performance. It is all the worse, coming at a time when world events show so clearly that when government claps its hand over the mouth of the free press, democracy quickly dies of suffocation.

We don't know what the people of Tallahassee think of the Warren threat. We know what they and all other freedom-loving Americans ought to think. They ought to be indignant that an elected official, sworn to uphold the principle of a free press, proposes to use the people's tax money to deny that principle.

Governor Warren. But we will be sadly disappointed if they don't tell him they would rather have a free press than to have every street; alley and pig-trail in Leon County paved with gold.

It is not a question of whether the Tallshassee Democrat's colthe Tallehassee Democrat's col-umnist has been fair or unfair in his criticism. So far as we know, the Democrat has given the Gov-ernor ample opportunity to reply to any criticism or correct any errors in references to his admin-istration. Every fair-minded news-paper will do likewise—and the great majority of them are fair-minded. The point is that Governor War-ren is not merely answering a cri-

If the citizens of Florida don't realize the full implications of the Warren statement at Tallahassey, there are many unhappy people in Argentina who can tell them. Real democracy died there when La Prensa, the loudest voice of freedom, finally was gagged by the government it was courageous enough to criticise.

We don't know what the subscribers and advertisers of the Tallahassee Democrat will tell Governor Warren. But we will be

night at 8:00 P.M. on the high school field in the annual Kiwanis benefit game.

It promises to be a colorful spectacle as the two seasoned squads meet for the first time in what will be the last chance for the seniors on each team to taste high school football glory.

Lakeview mentor Rober Clugish wall most single wing with single wing and is expected to toss in a few faney double reverses and a tricky T play or two for good measure. The Red Devils sport a less impressive win-loss than the local gridmen. But the Lakeview boys have been meeting tough Orange Belt Conference teams.

Bossing the Devil eleven will be Captain Ray Morgan in the left half slot. Rounding out the backfield foursome will be Fullback Gordon Russ, Ouarterback Bobby Fleming and Blockingback Don Griffith.

In the line will be a couple of heavyweights in Center Wayne Godbold, and Right Guard Pat Patterson, two 195 pounders. Another standout in the Winter Garden forward wall this year has been Right End Wayne Waldon.

Pitted against the visitors will be a seasoned Sanford squad that has already racked up a successful season record with a five out of nine and a better three out of five conference showing.

Coach Bill Fleming's backfield will be light and deep. One of the best fullbacks in the East Florida Conference, Ed Gordon, will be the mainstay of the ground attack. Starting with Gordon will be tailback Junior Metts, a promising broken field runner. Finishing off the opening quartette will be Stan Oglesby at wing and J. R. Howell at the blocking back spot. Howell has been plagued by a bad cold all week and Harry Rinkavitch may get the starting had.

#### Navy Favored For First Time Over Army In 8 Years

By HAROLD CLAASSEN NEW YORK, Nov. 20—th—If this fall season taught anyone any thing it is what the weather, wom-en, horses and football results all are unpredictable.

are unpredictable.

But here goes on the final round of football forecasts for 1951: (All games Saturday unless indicated).

Navy over Army: For the first time in eight years Navy enters the game as favorite. And almost for the first time since the series started 61 years ago there is little liklihood of an upset.

Southern California over Notre Dame: Little difference between the two with the home field giving the Trojans the edge.

Texas over Texas A & M: Even the spectators at this belated Thanksgiving Day tussle today won't be able to pick the winner until the final second.

Tennessee over Vanderbilt: If

until the final second.

Tennessee over Vanderbilt: If the Vois have forgotten about their conquest of Kentucky this could be a massacre but it likely will not be. Billy Wade to keep Tennessee on its toes.

Baylor over Bice: Larry Isbell in turn the trick. Texas Christian over Southern

#### Gridder Picks Up 19 Yards Without Donning Uniform

WASHINGTON, Nov. 29-1/P)—Rob Goode fullback for the Washington Redskins and pro football's leading ground gainer, officially picked up another 19 yards to-day without even putting on his sult.

It came about in this way:
Early in Sunday's game with
the Los Angeles Rams, Quarterback Sammy Baugh tried a pitchout that hit Goode in the back.
The ball was recovered, for a 18yard loss.
Statistician Arthur Stickley

Statistician Arthur Stickley charged the loss to Goode.

But after discussing the play with Baugh, Coach Dick Todd and Assistant Commissioner Joe La-Brum, Stickley decided he had Rodskin General Manager Dick erred, that the loss should go to Baugh.

Until the change was made, McCann said the change has been made in the official records. Goode led the National Football League by exactly one yard. He had 617 yards, and Dan Towier of Los Angeles had 616.

Goode, former Texas A. and M. ntar, had one of his finest days Sunday. Now the regords show he gained 148 yards. Towier, had an off day. He gained only 14 yards.

# Rebels To Play Mississippi State

By THE ASSOCIATED PRESS

Coach John Vaught kept his Mississippi Rebels occupied with fundamentals and tactics yesterday, getting ready to wind up the season against Mississippi State Saturday.

He selected a starting backfield and chose a No. I replacement for each post. The starters: Quarterback Jim Lear, Halfbacks Lea Paslay and Lindy Callaban, and Fullback Showboat Boykin. Their replacements: Recky Ford, Reegise Ott and Allen Muirhead, and Bags Brenner.

Mississippi State Coach Arthur Morton pronounced his Maroons "as ready as they can be and will play their best against Ole Miss." He said he will begin tapering off with today's drills.

Morton singled out Junior Canter Bo Reid as the most improved player on the club, saying: "Reid has really come through for us the year."

Louisiana Eate's Tigers and Coach Gaynail Tinalay still are worrying that top defensive back Jim Roahto work to worked out the first two days this week, but stayed in the training room yesterday suring a two-hour defensive drill.

Giants To Ask For Lanier, Diering In Stanky Trade

By JOK REICHLER

NEW YORK, Nov. 29—46—Eddie Stanky virtually is certain of succeeding Marty Marian as manager of the St. Louis Cardinals.

No definite agreement has been reached as yot, but presidents liorace Stoneham of the New York Giants and Fred M. Saigh of the Cardinals will meet within the next few days with the hope of closing the deal, brewing since the world series.

From Conference

PEORIA. III., Nov. 20—(P)—
Johnny Bright's broken jaw has
lost the Missouri Valley Conference two of its most substantial members.

Bradley University of Peoris
walked out last night, following
Tuesdey's withdrawal by Drake
University of Des Moines.

Both schools said the reason for
quitting was the much-publicised
"Bright case."

Thus the Grast Lakes-to-theGuif of Mexico Conference, which
in recent years began a hopeful
program of expansion with its
sye on the big time, finds its
membeship cut by one fourth.

It all began on a sunny Saturniay afternoon (Oct. 20) in Stillwater, Okla.

Drake was playing Oklahoms
A & M. Johnny Bright, Drake's
star Nogre halfback, wound us
in the heavital after a few clashes
with Aggre Guard Wilbanks
Smith.

Saigh's criticism of Marion was that Marty wasn't aggressive crough and didn't devote as much time as he should have to running the club.

That is a fault he won't find with Stanky, who talks and thinks baseball every waking hour of the day.

Reached in his home at Fair Hope, Ala, Stanky refused to discuss the matter until it was made official. However, he did say he was definitely interested in managing a big league club.

Tangerine Bowl-Bound Hatters Prepare Their Homecoming Plans

DELAND, Nov. 20—(Special)—
"Now that the Tangerine Bowl
hid has been accepted, let's turn bid has been accepted, let's turn out attention to Eastern Kentucky," Hend Coach Joe McMullen told his Stetson Hatters in a short get-together immediately precading practice Wednesday night under the lights.

McMullen looked over scout reports of the Marsons and found that the Hatters have a job to

world series.

The transaction may not be announced until the minor league convenitor. In Columbus next week.

The Cards will be asked to turn over Pitcher Max Lanier and Outh fielder Chuck Diering for Stanky. The Cincinnati Reds are reported two year contract at \$35,000 per season.

Although Saigh has been quoted as saying that he had three men in mind for the job, he has not seriously considered anylody other than Stanky.

It was only a question whether Stoncham was willing to part with the Giants' scrappy second baseman, admittedly the inspirational snark who drove the team to the National League flag last season. Stoneham is loathe to lose the brainy "quarterback" of his infield, but is agreeable to the transaction only because he does not want to be accused of "blocking Stanky's chance of realizing his dream"—managing a big league club.

BOSTON. Nov. 29—(/P)—By marking off an estimated \$100,000 cash outlay, the Boston Red Sox After nine operations and nine months in bed, it was decided Bobby Permane could keep his leg.

"If Iwaik again, I'll ride again," Permane said.

And in a few months he became a familiar figure at New York racetracks, walking with a scuffline limb, looking for morning exercise jobs.

He began his comeback on New York tracks, but was only an occasional winner. This fall he shifted his business to the Jersey-Maryland circuit.

The results are a metter of record, Permane was leading rider

I was decided to outlay, the Bostor Red Sox today were rid of Lea Moss, their most disappointing catching investment, after gaining an eighth outfielder of major league calibre. Moss, obtained from the St. Louis Browns last June for that huge sum plus Matt Batts, another backstop, was sent back to his old club, along with Tom Wright, a roskie outfielder. In return the Red Sox received Gus Niarhos, the slightly built catcher, and Ken Wood, an exceptionally strong armed outfielder.

Playing in 71 games, Moss batted a feeble .198, thereby convincting new Manager Lou Boudreau

The results are a matter of record. Fernane was leading rider at Garden State Park, and was lited for honors when he quit riding at Bowie.
