

DEFICIENCY BILL PASSED BY HOUSE

Republicans Protest Action As Gag Rule; Measure Provides For Drought Relief

WASHINGTON, June 4.—(A.P.)—Amid cries of "gag rule" from Republicans, the deficiency bill providing a cash outlay of \$1,178,000,000 and a potential relief expenditure of about \$6,000,000,000 was passed by the House today and sent to the Senate.

The measure was said by Chairman Buchanan of Texas of the Appropriations Committee to provide ample authority for funds to meet the drought-relief situation in 22 Midwest states.

He added, however, that Congress had appropriated at this session \$673,000,000 in excess of President Roosevelt's propositions.

President Roosevelt and Congressional leaders today determined to withhold a decision of the adjournment date until the Administration program is pushed to conclusion.

Capitol Hill chief-tains expressed the opinion to the President that adjournment could be reached within ten days. The President, however, told them he wanted the tariff, silver, housing, and Wagner labor board bills passed.

Socialists Vote To Resist Forms Of War

VALDOSTA, Ga., June 4.—(A.P.)—Trial of R. Z. Chaney and Travers Erwin, indicted in the killing four years ago of Mr. and Mrs. W. H. Brooks, was set for today in Brooks county superior court.

The grand jury which indicted Allen Westberry, now under sentence of death, Austin Westberry and Homer Padgett, who are serving life terms following their conviction in the Chaney and Erwin case, were at liberty under bond until recently when bondsmen asked court officials to release them of responsibility.

92-Year-Old Veteran Fights Off Bandits

CHICAGO, June 4.—(A.P.)—Simultaneously yesterday George M. Jackson celebrated his ninety-second birthday and single-handed victory over five bandits, many years his juniors.

The bandits drove up to the home of Jackson, pioneer Spring Lake, Ill., farmer, Saturday when his children were away. Finding the aged man alone, they forced their way in and demanded his savings.

"They're in the bank," Jackson countered. Unbelieving, the bandits ransacked the house.

From a pillow he drew an ancient, large caliber revolver and prodded the nearest robber.

"This old gun hasn't missed fire since 1868 and it isn't likely to now," he spluttered angrily, "so you all better get out quick."

And the robbers left hastily.

Aquarium Building Funds Still Come In

Contributions still are coming in to be added to the fund for the erection of an aquarium at Sanford's Municipal Zoo. It was reported at the Chamber of Commerce today.

Latest contributors are P. W. Bender, who bought an adult membership, David Gatchel, Dale Hoffman, Margaret Langley, Robert Mincey, Marjorie Hodges, and Bobby Pack, children's membership holders.

BOY, 4, KILLED

ATLANTA, June 4.—A four-year-old boy, James O. Babb, Jr., was killed instantly when he was struck by an automobile driven by Miss Mary Knott, 18. The girl collapsed at the scene of the accident when told the boy was being and was rushed to a hospital in the same ambulance. After being revived, she told police that James Babb ran into the path of her car before she could stop.

Canadian Quintuplets Are Afflicted With Jaundice; Doctor Forbids Exhibition

CORBELL, Ont., June 4.—(A.P.)—The Dionne quintuplets last night became afflicted with jaundice, Dr. A. R. Dufour stated today. He said the children must not be exhibited at Chicago's Century of Progress Exposition this summer.

The five little girls, clinging to life with a tenacity that surprised physicians, yesterday were tinged with yellow.

Dr. Dufour, the country physician who attended their birth, hastily prescribed treatment to overcome this jaundiced condition. The new state of affairs is alarming, the physician said, because it is not unusual for infants to die if the condition is not relieved. The quintuplets' chances of life are slim.

In other respects the condition of the children, including liver trouble, is not serious, Dr. Dufour said after a visit to the farm home.

FARM SITUATION LONG DRY SPELL IN NATION FULL APPEARS BROKEN OF THE UNUSUAL BY HEAVY RAINS

Food Shortage Held As Remote Despite Bad Weather Conditions

CHICAGO, June 4.—(A.P.)—The American farm situation today contained a number of ominous circumstances. The agricultural status at a glance:

1. Farm commodity production decreased by sustained drought.

2. Feed limited and more expensive, with much of 25,000,000 bushels of corn sealed in credit under loans of 15 cents a bushel unavailable.

3. Corn now about 11 cents higher than a year ago and worth that much more than the price at which loans were made, permitting farmers in parts of Illinois and Iowa to sell cash grain profitably.

4. Government permitting partial payments of loans for release of corn in feeding.

5. Wheat at a price high enough that importation of cheap Argentine grain despite 12 cents duty, is technically possible, although not probable. Wheat is about 25 cents higher than a year ago.

6. Hog prices about 13% lower than a year ago. Corn in market is actually greater in volume of \$2.25 possessing two hundredweight, distribution indirectly back to producers.

7. Cattle about \$1.50 higher than a year ago.

8. Thousands of cattle and hogs being sent to market in poorly fed condition, swelling supply and unsteady market.

9. Government buying 15,000 hogs a day for relief and beginning purchases of 1,200,000 head of drought emaciated cattle. Rail rates cut for movement of livestock from distressed areas, but executive enlarges against shipment of cattle into Minnesota and North Dakota for feeding in deficit.

10. Cotton price more than \$2 higher than a year ago.

11. Production of wheat, cotton, corn and hogs retarded through operation of the Agricultural Adjustment Act.

12. Estimated wheat production of 538,000,000 bushels deficient (Continued on Page Two)

U. S. BUSINESS GOVERNMENT CONTINUES ITS IMPROVEMENT FOR TREASURY

Further Slight Expansion Shows In Some Lines Of Industry; Fall Buying Brisk

NEW YORK, June 4.—(A.P.)—While business leaders expressed some concern over the threat of a sharp curtailment of purchasing power in the drought-stricken West, business activity continued to show a slight expansion in some lines of industry, and fall buying was brisk.

Memorial Day was the early start of the buying season in the West, and the buying of goods in the East was brisk. The buying of goods in the East was brisk.

Candidates Forecast Light Vote In County Tomorrow; 200,000 Qualified In State

Result Will Be Known In Local Races Before Midnight Say Most Of Candidates

TALLAHASSEE, June 4.—(A.P.)—Under a call by Governor Dix Sholtz for "a fair and honest election," some 200,000 Florida Democrats will express their preferences among candidates in Tuesday's first primary ballot. The second primary will be held June 26.

There are candidates for United States Senator, two seats on the State Railroad Commission, three district Congressional representatives, the House of Representatives, and several county offices.

It is estimated that not over 200,000 of the voters will enter the primary, and that the vote will be cast in several counties.

Two primary of the Supreme Court, one in each of the two districts, will be held on June 26. The candidates are: District 1, J. H. Pritchard and J. H. Pritchard; District 2, J. H. Pritchard and J. H. Pritchard.

MONDAY, JUNE 4, 1934

Tomorrow is election day. If you can't vote for the best man, try not to vote for the worst.

A Midwest woman tried unsuccessfully to have a judge send her to jail. Apparently she didn't have enough political pull.

A contemporary is talking about a contract bridge widow. It is said he had he can't get acquainted with some nice golf widow.

The Spread Of Taxation

The effort is often made by politicians to convey to the unsuspecting public that only the rich, the near rich, or the semi-rich bear the expense of government. They are able to support this contention with elaborate figures showing that the "little fellow" is not required to pay income taxes, or at the most only very small income taxes. And those too poor to own homes, buildings, or other real estate, naturally escape this type of tax.

Nevertheless the system of taxation has been so improved and developed during the past quarter of a century, that there are very few places indeed into which it does not extend its tentacles, so ingenious and so subtle are the various modern methods of extracting coin from the taxpayer's pocketbook, that the victim scarcely realizes he is being taxed.

Did you know that every time you buy five gallons of gasoline, you are contributing forty cents to the cost of government? The average citizen buys about ten gallons of gasoline a week. That makes 520 gallons a year. So the average citizen contributes 208 dollars a year to the government through gasoline taxes alone.

Now it is often said that these taxes go to the highway department for the construction of fine highways upon which the motorist can drive his car, so that he might not mind the taxes which he pays for this privilege. Can you picture a motorist who has just paid 208 dollars a year to contribute over two million dollars to the federal government?

In other words, every time you buy five gallons of gasoline, you pay five cents to Uncle Sam for the support of the Army and Navy, the various pension funds, relief and recovery agencies, and all the other projects of the national government. For the same five gallons of gasoline which you buy every week, you contribute to help operate the radio, the telephone, the electric light, to help various counties of Florida plant their bonded indebtedness, and only fifteen cents out of the total tax of forty cents to the state Road Department for the construction of highways.

Other so-called "burdens" besides the gasoline tax, include the 1 cent per gallon tax on lubricating oils, the 2 cents a gallon tax on motor fuel, the 2 cents per gallon tax on motor fuel, the 1 cent per gallon tax on fuel oil, the 2 percent tax on electricity, and the taxes on automobiles and automobile accessories, chewing gum, radio, telephones, and many other things, bank checks, theater admissions, and so forth.

In 1933 the people of the United States paid \$268,579,618.56 to the federal government in tobacco taxes alone, based upon a tax of 20 cents per pound of cigarettes, each box of 100.

Homespun Remedies

We have heard of "hot" sleeping in a room with a blanket of 20 or more sheets, and we know that there are many other "hot" remedies, some of which are not so good as others. One of the best is to use a blanket of 20 or more sheets, and we know that there are many other "hot" remedies, some of which are not so good as others.

Put a baby's clothes over him feet and until he reaches 6 months to keep him from crawling up stairs. Rub a baby's hands until he reaches 1 year to keep him from crawling up a tree.

Nutmegs, or castor beans, around the neck or in the pocket to prevent indigestion and cold. A pan of water under the bed to prevent night sweats. A belt made of rattlesnake skin to keep lumbago away.

Rub snake oil, skunk fat and leeching worm oil into a joint to cure arthritis. Wrap a red woolen sock still warm from the foot around the neck to cure a sore throat.

Wear red woolen underwear to cure rheumatism. Back a child with bronchial asthma up against a tree and peg a lock of his hair into a hole bored in the tree trunk. Snip the lock from his head. When bark grows over the hair, the asthma will disappear.

Blood from a black cat or a black chicken to cure erysipelas and shingles. Take nine sips of water, count nine backwards, turn around nine times, and your hiccoughs will be gone.

Farm Situation In Nation Full Of The Unusual

(Continued from page one) spite, drought, plus 250,000,000 bushels carryover, giving supply which is approximately 66,000,000 bushels less than the five year average.

Edward A. O'Neal, president of the American Farm Bureau Federation, asserted the immense carry-over of wheat and corn reserves and other grains is important in forming a true picture of the domestic food situation.

"It must be realized," he said, "that great stocks of grain are stored in this nation, so that a food shortage, despite drought and loss, is exceedingly remote."

Meanwhile, he said, rising prices of farm commodities is encouraging to farmers who hold their grain or have been able to obtain some equity in storage contracts and to those whose crops are not so good, especially in grain, confining to all crops.

The national month, unofficially designated, has brought about an all-around record of crops in wheat. A considerable surplus of wheat is expected at the end of the next crop year, the United States would produce wheat stocks below the margin of national safety.

The Senior Class held its class exercises and the eighth grade students received their promotion certificates Thursday night.

The Senior Class had its commencement program with an address by Professor Trowbridge of Johns College, Superintendent of schools, T. W. Lawton presented the diplomas to the class. Members of the graduating class were: Edward Lyman, Elizabeth Gilbert, Ruth Prosser, Ellen Overstreet, Gladys Stogrock, Edna Rivers, Margaret Whitehead, Dorothy Zimmerman, Earl Overstreet, and Roy Reiter. Music was furnished by T. M. Dollison's orchestra.

This orchestra was made up of Sanford musicians as well as those from Longwood.

Monday evening a progressive dinner in honor of Lyman Senior class was held at the homes of the class.

Red-Blinded Drama Is Milane's Film Fare

Red-blinded drama, with the glamour of New York night life as kaleidoscopic background; romance, excitement, and three great stars together for the first time.

That's "Manhattan Melodrama," now Clark Gable, William Powell, Myrna Loy, starring vehicle for Metro-Goldwyn Mayer which opened yesterday at the Milane Theatre.

Gable in "Manhattan Melodrama" at last returns to the type of role the fans have wanted since "A Free Soul." He plays a big shot gambler, lucky at cards and lucky at love, willing to let a dollar of his life on the turn of a card.

A powerful and dramatic figure of the metropolitan demimonde. Pitted against him is William Powell as his life-long friend, now district attorney and ambitious for further political advancement. Between them, loved by both, is

Myrna Loy. It is she who fights for Gable's life when his pal, Powell, is forced to prosecute him for murder.

There is not a dull moment in "Manhattan Melodrama" from the first scenes, in which are dramatically re-enacted the General Slocum horror of 1904, an excursion steamer fire in which more than 1,000 lost their lives. After that comes a re-creation of the Barry Thaw-Stanford White killing of 1906. Then the Dempsey fight of 1923, and then into the present day for the body of the story.

Miss Marjorie Turner Weds Henry G. Drake

The marriage of Miss Marjorie Turner, daughter of Mr. and Mrs. R. W. Turner of this city to Henry Grady Drake of Barnesville, Ga. was solemnized with quiet simplicity on Saturday afternoon at 6:30 o'clock at the First Methodist Church with only members of the bride's family and a few intimate friends in attendance.

Pre-nuptial music was played by Miss Dorothy Frederick Smith who also rendered "Melody of Love" while the Rev. W. A. Cooper, pastor of the church, performed the impressive ring ceremony.

The bride and bridegroom were met at the altar by the bride's only attendant, Miss Juanita Smith, and Robert M. Ricker of Jacksonville who served as best man.

The bride's wedding gown was fashioned of white Mallinson crepe along simple lines and was worn with a short coat of periwinkle blue floral crepe. Completing the outfit was a large white picture hat and other accessories in white. Her shoulder corsage was of Talisman roses, Boston Fair, and delphinium. As maid of honor, Miss Smith selected a white handkerchief dress with which she wore a white picture hat and other accessories in white.

Mrs. Drake was born in Tampa but has made Sanford her home the greater part of her life, coming here with her parents in 1918. She was graduated from Seminole High School with the class of 1932 and later received a certificate of Proficiency from Moler's School of Beauty Culture at Atlanta. For the past 15 months she has held a position as operator at Paul's Beauty Shop in this city.

Mr. Drake, who is the son of Mr. and Mrs. J. H. Drake of Turin, Ga., attended school in Newnan, Ga. where he was graduated from Newnan High School with the class of 1929. He was an employee of H. Kessler and Company for two years and was transferred by that company to Atlanta where he worked for more than a year. Until recently, he was employed as manager of Escher's Ten Cent Store in Carrollton, Ga. He is now proprietor of Escher's Store in Barnesville, Ga.

Mr. and Mrs. Drake left immediately after the ceremony for Barnesville where they will make their home.

Christian Science Church Gordon To Pay Tribute To Mothers Tonight

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 8.

The Golden Text was from Psalms 79, "Oh let the wickedness of the wicked come to an end; but establish the just, for the righteous God trieth the hearts and reins."

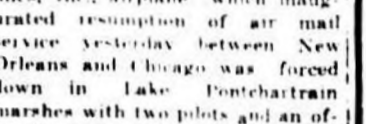

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And the Lord spoke unto Moses, saying, Regard not them that have familiar spirits, neither seek after wizards, to be defiled by them; I am the Lord your God" (Lev. 19:31).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science goes to the bottom of mental action, and reveals the theodicy which indicates the rightness of all divine action, as the emanation of divine Mind, and the consequent wrongness of the opposite so-called action, evil, occultism, necromancy, mesmerism, animal magnetism, hypnotism" (p. 104).

O. P. Herndon

Candidate For Legislature Group Two
Solicits Your Vote And Support

Mr. Herndon is familiar with existing conditions and the needs of Seminole County. His experience in office and in private life amply qualify him for this office.

His friends feel that a vote for Mr. Herndon is a vote for honesty, common sense and economy.

Garland W. SPENCER

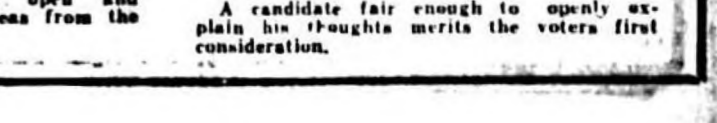

Will Appreciate Your Vote
Candidate For LEGISLATURE
Group Two

Opponents have whispered "Spencer favors eliminating our Circuit Court, providing the people adopt the Circuit Court amendment in November." This statement is untrue and absurd. The constitutional amendment is not self-executing and under said amendment the Legislature can not eliminate our circuit until 1941.

Spencer has not carried on a whispering campaign but has been fair, open and above board, explaining his ideas from the platform in open meetings.

Spencer is young, active and qualified to represent the people. If elected he will abide by the will of the people of Seminole County.

A candidate fair enough to openly explain his thoughts merits the voters first consideration.

Methodist Circle Has Meet At Daytona

Mrs. Otto Schmehl and Mrs. J. G. Wailes were hostesses to the members of Circle Number Three of the First Methodist Church at a spend-the-day party held yesterday at Mrs. Schmehl's apartment in Daytona Beach. Dinner was served buffet style at the noon hour from a long table spread in the dining room.

Dr. W. A. Cooper conducted the study class when he gave a chapter from the book, "The Open Gate to Prayer." A short business session was held with Mrs. Brodie Williams presiding after which a social period was enjoyed.

Those present were: Dr. and Mrs. W. A. Cooper, Mrs. Georgia Hart, Mrs. J. G. Wailes, Mrs. J. P. Hall, Mrs. R. M. Mason, Mrs. H. T. Walton, Mrs. J. M. Moye, Mrs. J. S. Hudson, Mrs. Pauline Howard, Mrs. J. Brodie Williams, Mrs. G. A. Radford, Mrs. Glenn E. McKay, Mrs. M. E. Moye, Mrs. L. P. Hagan, Mrs. John F. Cooner of Daytona Beach, Mrs. Leo Butler, Sadie, and Inez Williams, Homer Walton, Jr., Leo Butler, Jr., and Julianne Howard.

League will meet at 11:30 A. M. at the parish house. Luncheon will be served at 12:30 P. M. and the regular meeting will follow. Members and friends are invited.

Mrs. John Eick and Mrs. Allan Moseley will be hostesses for weekly "Ladies' Day" at the Sanford Country Club.

Last meeting of the year of the board of managers of the Woman's Club will be held at 10:00 A. M. at the club house.

The Sanford First National Orchestra will give a concert at 8:00 P. M. at the Woman's Club with Eugene M. Phillips as conductor. The public is invited to attend.

WEDNESDAY
Last monthly luncheon and business meeting of the Woman's Club will take place at 12:30 P. M. at the club house with Mrs. Karl Lehmann, Mrs. Richard Ten Eyck, Mrs. Walter L. Morgan, and Mrs. A. Derby as hostesses. A sweet shower of jellies and preserves for the hospital will take place. Reservations may be made with Mrs. R. L. Cornell.

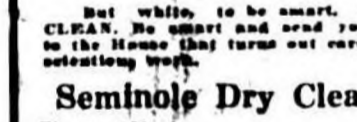

THURSDAY
Regular meeting of Seminole Chapter Number Two Order of the Eastern Star will take place at 7:30 P. M. at the Masonic Temple. New members will be initiated and a covered dish supper will be served at 8:00 P. M.

Feds Drop 3 To 2 Tilt As Kinsey Holds Them To Five Hits In Contest At Cocoa

CENTRAL FLORIDA LEAGUE

Hits	1	100
Errors	1	100

Cocoa, June 4.—Cocoa ran its winning streak to five straight games here yesterday with a 3 to 2 win over the Sanford Celeryfeds. Spec Kinsey held the Celeryfeds to five singles, three of them combining with a Cocoa error in the sixth to give the visitors their only runs. The Indian hurler struck out nine and walked a pair.

Cocoa scored twice in the third on three hits, including Howard's double, a pair of wild heaves by Mansfield and Abbott's error. They counted again in the fifth on Headley's single, Winsey's sacrifice and Harrel's double. Sanford threatened to tie the score in the ninth when Sparkman who had relieved Mansfield in the sixth, was safe on Prine's low throw to first, stole second and went to third on a passed ball. Kinsey tightened down to fan

Smith for the final out. Prine furnished the fielding feature of the game with an unassisted double play to nip a Sanford threat with two on in the fifth. Bill Headley, Indian manager, led his team at bat with two hits and a pair of runs in three times up.

SENATE OKEYS ROOSEVELT'S TARIFF BILL

Vote Removes One Of Last Big Obstacles To Adjournment, Ends Bitter Debate

WASHINGTON, June 5.—(A.P.)—By a margin of 24 votes the Senate yesterday passed the Administration reciprocal tariff bill and returned it to the House where Democratic leaders hope for acceptance of Senate changes to make a conference unnecessary.

The vote of 87 to 33 for the measure removed one of the last big obstacles to adjournment. It ended two and a half weeks of debate and permitted immediate consideration of the House-approved silver purchase bill.

The tariff measure emerged unchanged from a barrage of opposition amendments and only five Democrats—Adams, Dill, Glass, Long and Overton—left the reservation on the final roll call. An equal number of Republicans voted for the bill. They were Capper, Cousins, LaFollette, Norbeck and Norris.

The legislation, approved by the House Mar. 29, empowers the President to make tariff-bargaining agreements with foreign powers without submitting them to the Senate for approval. Its object is to regain some of the foreign commerce lost by the United States since the depression.

The vote was preceded by a burst of dramatics occasioned by a committee amendment offered by Senator Harrison, Democrat, Mississippi, to prevent the excise taxes (Continued on Page Five)

Large Crowd Attends Rail Club Program

A large audience last night applauded the speakers and entertainers who appeared at the City Hall as headliners on the June social and program meeting of the Jacksonville District Progressive Club of the Atlantic Coast Line Railroad.

N. P. Yowell and C. T. Bickford of Orlando, officials of the "Florida on Parade" Exposition which is to be held in Orlando in 1936, were the speakers.

The entertainment program was made up of talent recruited from the Orlando and Sanford classes of the Eben School of the Dance. Those taking part were the Misses Ann Wiggins, Nell Stewart, Kathryn Wiggins, Kathryn Hurt, Jean Caswell, Norma Joan Sayer, Doris Dornier, Marjorie Cogburn, Estelle Hurt, of Sanford, and the Misses Beverly Young, Doris Lee McManus, Charlotte Wing, Mary Remier, Betty Thornton, Belle Jean Creath, Ivey Jane Johnson, and Carolyn Rich of Orlando, and Dale Hoffmann, James Drummond and George Dornier of Sanford. Mary Gilmore was accompanist.

Mrs. S. Synonopoulos played for dancing which was enjoyed until after midnight.

POLICE COURT

Jack Godwin, white, charged with reckless driving, was fined \$5 which was later suspended.

J. D. Driggers, white, charged with reckless driving, was fined \$25, of which only \$10 was suspended upon promise of good behavior in the future.

Disorderly conduct charges against Henry Stewart, Mary Lee Stewart, Carrie Mae Stewart, Lola Mae Stewart, and James Fountain, were dismissed, while Eugene Williams was fined \$5, Don Calhoun was fined \$5, and Elijah Baker is to be tried next Monday on disorderly conduct charges.

George Cooper, charged as being drunk, was fined \$5.

Willie Jones, charged with being the keeper of a house of ill repute, was fined \$10, while Willie Jones, Sam Allen, Arthur Washington, Charles Ashby, Robert Williams, J. D. Patterson, Shady Joseph, James Smith, Ed Hill, Charlie Chapman, and James Williams, charged as being inmates of Jones' house, were fined \$5 each.

OPENING DAY FAIR CROWD BREAKS RECORD

Thousands once more lined the famed Avenue of Flags when the new World's Fair opened in Chicago May 28. A crowd of 154,534 broke the 1933 opening day record of 119,675. Visitors were surprised to find the Exposition actually completed. Foreign villages and the new exhibits proved most popular with sightseers. Above is shown a section of the opening parade, in which 16,000 marched.

BILL TO CONTROL GRAIN EXCHANGES PASSES IN HOUSE

No Objection Raised To Act Which Could To Act That Would

WASHINGTON, June 5.—(A.P.)—Legislation to bring grain and cotton exchanges under government control was passed by the House yesterday and sent to the Senate without a single objection.

The measure was taken up unexpectedly under suspension of the rules and passed without a recorded vote in less than an hour. Its disposition in the Senate was undecided.

Designed primarily to curb speculation the bill would set up a commission composed of the secretaries of agriculture and commerce and the attorney general with broad authority to check speculative holdings and other practices. It also would ban "wash sales," bucket shops, and indemnity trading.

Applying in present form to wheat, cotton, rice, corn, oats, barley, rye, flaxseed, grain sorghums and mill feeds the legislation is so drawn that poultry, fish or other commodities could be added later.

The commission would give full authority in setting the limits of futures that one individual might hold at one time and also restrict price fluctuations.

STEEL COMPANIES SAID ARMING FOR PROPOSED STRIKE

Johnson Is Seeking Concessions From Officials Of Firms

Gov. Frank P. Rowland Monday told President Roosevelt that steel companies were "arming" for the threatened general strike of steel workers.

Hugh Johnson said at a press conference today that he was seeking to have the steel industry establish a plan similar to that of the automotive industry for the handling of labor relations and meeting the present strike threat.

The White House conference coincided with a concentrated effort to the Recovery Administration to settle the strike before it begins.

Hugh S. Johnson, having heard the viewpoint of labor, was reported to be listening to the management side in a chat with William A. Irvin, president of U. S. Steel. Officially, the commission (Continued on Page Two)

LONG - FINOT FUSS OVER CHACO WAR TAKES NEW TURN

Bolivian Minister To U.S. Thinks Senator Wrong In His Views

WASHINGTON, June 5.—(A.P.)—The assertion of Dr. Enrique Rodenas, Paraguayan minister to the United States, that Bolivia armed herself for war against Paraguay with money "taken" from the American bondholders yesterday drew him into the Chaco argument between Senator Huey Long and Dr. Enrique Finot, Bolivian minister.

The Long-Finot dispute which resulted from a speech Long made in defense of Paraguay in the Senate last week broke out afresh yesterday in the House when the statement of Finot was made in the House.

Finot last Saturday in a letter to Long, and Long's reply were offensive, and a discussion of the truth, but Finot yesterday thought otherwise.

"I have no part in this matter," Rodenas said. "I think Senator Long can affirm and deny the real facts in connection with the Paraguayan Bolivian conflict."

Long's statement last week that the Chaco territory in dispute in South America belonged rightfully to Paraguay and his charge that the Standard Oil Company had corrupted the Bolivian government aroused Finot's ire.

Long refused to answer Finot's communication, but declared he would await the proper opportunity to discuss the matter further on the Senate floor.

The Paraguayan envoy emphatically denied he had seen or had any information about the Chaco conflict, but declared he believed Long could substantiate his assertions.

Bolivia, he asserted, "armed herself for the present war with money taken from American bondholders. In 1928, Dillon, Read and Company floated a Bolivian loan in this country for the sum of \$23,000,000. Five millions of those dollars were loaned to pay for arms acquired in England from Vickers' Company."

Paraguay does not owe a single cent in this country and her external debt does not amount to more than \$2,500,000. The Bolivian debt to the United States is more than \$60,000,000, and it has been in default since April, 1931."

BAR HEAD IN LAKELAND

LAKELAND, June 5.—John D. Harris, of St. Petersburg, president of the state bar association, was a Lakeland visitor yesterday. He conferred with E. R. Bentley, Lakeland, secretary-treasurer, and several other members of the executive council.

ENGLAND WILL NOT PAY U.S. ON WAR DEBTS CUBA ORDERS EMBARGO ON ITS MONEY

Paris Newspapers Hail Move As Proof That Nation Was Right In Not Paying Its Part

PARIS, June 5.—(A.P.)—The approach of June 15 on which date 13 nations were promised to pay the United States a total of \$175,000,000 finds the likelihood that a total of \$168,538 will actually be paid.

That amount has been promised by England as a complete installment on its war debt.

Great Britain announced today that since "tokens" or partial payment of more than \$85,500,000 due her would not prevent her from being regarded as a defaulter she would pay nothing at all.

France, which for two years past has made a policy of defaulting on her war debt to the United States, received the news of the British default with jubilation.

Paris newspapers hailed the British action as proof that France was right along in refusing to pay what she owes.

The amount France would be required to pay June 15th is \$50,000,000.

Semi-official circles in Italy indicated that the nation probably would take the same action as Great Britain.

The Italian quota is just short of \$12,000,000.

Belgium, Czechoslovakia, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, and Yugoslavia also are regarded as likely also to default.

The State Department yesterday, after the United States had been found necessary to defer making any payment on the total of \$107,791,011.64 due on war debts installment on June 15.

A few minutes before the British note was made public, Dr. A. Strom, the Finnish minister, informed the State Department that the Finnish government would, as usual, make full payment in each of its war debts on June 15.

The Eckerson Fruit cannery, Inc., plant on Thirteenth Street at Laurel Avenue will resume operations tomorrow morning after a short lay-off.

Employees will be called and packed for a several day period, as announced by C. H. Eckerson, president and owner of the plant today, noting that his plan is the first to have engaged in the canning of tomatoes in this section this year.

Cards have already been mailed to approximately 100 women workers who formerly were employed at the plant, and while only that number has been called to work, Mr. Eckerson said that there is a possibility that additional help will be required by next week.

Bloodhounds Fail To Locate Negro Killer

Bloodhounds which tracked John Garvin, local negro field worker, for a distance of nearly a mile last night after their release by Sheriff J. F. McClelland and Deputy Jack Hickson, lost the trail of the man who is wanted in connection with the death of Elmore Cash, another field worker, who died late yesterday.

The two negroes, residents of the Midway section, are said to have engaged in an argument which resulted in Garvin's firing at Cash. A bullet struck the laborer in the stomach, and the effects of the shot are said to have caused his death.

Deputy Hickson said this morning that he went to Midway shortly after Garvin. He was sleeping as he lay in a swamp near his home, and Deputy Hickson and Sheriff McClelland went to the County Stockade, secured the bloodhounds, and returned to the scene.

2 Precincts Report Favoring Trammell

TALLAHASSEE, June 5.—(A.P.)—Two small precincts, each with six voters, had reported at noon today. In Bluefield, St. Lucie county, all six votes were cast for Trammell and Wilcox, while one precinct in Leon county, with six votes cast, gave Trammell five, and Pepper one.

PROBE DEMANDED OF RAIL FREIGHT RATE VARIATIONS

Georgia Solons Introduce Resolutions Seeking Inquiry

WASHINGTON, June 5.—(A.P.)—Resolutions calling for an inquiry into rail freight rates throughout the country with the view to correcting any regional discriminations in charges were introduced in the Senate and House yesterday.

The resolutions, thrown into the legislative hopper by Senator George and Representative Vinson of Georgia declared that inequalities existed in the rail-freight rate structure.

Southern spokesmen long have claimed industrial development in their region has been retarded by high freight haul costs, as compared with charges in other sections.

Under the Georgia resolution the investigation would be conducted by the Senate inter-committee, which would report its findings to the next Congress. The committee also would report on the valuations of class 1 railroads.

Lake Mary C of C Plans Dinner For Losing Candidates

A party for defeated candidates will be given by the Lake Mary Chamber of Commerce, it was announced this morning. All political candidates who are defeated in today's election will be the guests of honor, and their friends are cordially invited to attend the affair which will include food and entertainment.

The title of the party will be announced later, it was stated this morning by Frank Evans who said that "we feel some opportunity ought to be given the defeated candidates to explain why their opponents were elected. All of them will be called upon to make a speech, and everyone is cordially invited to attend except the victors at the polls."

The Lake Mary Chamber of Commerce is one of the oldest commercial organizations in this part of the state. It boasts a membership which includes 67 percent of the qualified voters of Lake Mary. Roy Howell is president, Clarence Isbell, secretary, and C. H. Ellis, treasurer.

LIST IN HERE

List Number One of the names of those registering at the Florida Exhibit in Chicago reached the Chamber of Commerce office today where it will be available to all persons interested. Other lists will follow through the summer. The first list contains seven legal size pages with about 500 names of men and women, most of them residents of the north, east and west.

Light Vote In First Primary Election In County Appears Virtually Certain

Candidates, local "political observers," and election clerks and inspectors in the two city precincts were in agreement at about 3:30 o'clock this afternoon that unless there is a last minute rush to the polls, one of the highest votes cast in a first primary election in this county in some years is a virtual certainty.

Clerks in Precinct One reported at that hour only 316 persons, or less than half of those qualified, had voted.

Clerks in Precinct Three reported that only 399 persons, or 17 more than half the number of those qualified, had voted.

Reports from some of the county precincts, particularly those in the Oviedo and Lake Monroe areas, were that the same conditions were prevailing, and that the voters apparently are only slightly interested in the outcome.

With the polls closing at 7:25 o'clock, prospects were that at the same rate persons were voting during the morning and early afternoon, a total of not more than 1300 votes all over the county would be a surprise.

Randall Chase and Leonard Vihlen were the first two persons who voted in Precinct One, while W. T. Akers and S. C. Steen were the first to vote in Precinct Three.

The Herald will furnish its friends with complete election returns tonight, starting at about 8:00 o'clock. As fast as bulletins come in from the several precincts, they will be posted on a chart inside The Herald office. Local and state news will be furnished, and the public is invited to visit the office during the evening.

HALF BILLION PROPOSED FOR DROUGHT AID

Roosevelt Outlines Plan With Leaders Who See Its Okay By Congress Sure

WASHINGTON, June 5.—(A.P.)—President Roosevelt outlined a \$525,000,000 emergency drought relief program today to Congressional leaders and it was agreed to rush it through before the approaching end of the session.

Congressional leaders were in agreement that little time would be required to put through the urgent appropriation.

The President outlined the situation to more than 50 members of the Senate and House from the drought states who had gathered about his desk in the executive office. There was only a brief discussion.

While drought stricken areas of the vast Middle-West farm belt, given respite from abnormal heat Monday, drank in beneficial but inadequate scattered rains that fell over the week-end, Washington officials, led by President Roosevelt, framed a multi-million dollar relief program for farmers in the blighted regions.

Taking cognizance of a month of unprecedented aridity that has reduced wind swept plains almost to unproductiveness, the President summoned congressional representatives of 15 states to meet him tomorrow to discuss relief plans.

Washington was greeted into speedy action by a report made to the Relief Administration that famine conditions would prevail in one section of the nation unless early rain or federal aid were forthcoming.

Imminence of a national food shortage, although described as remote by government officials, prompted House approval of a supply bill providing \$1,175,000,000, and a potential relief expenditures of up to six billion dollars. The measure it was asserted, gave ample authority for providing funds for drought relief.

June showers tempered the weather in regions suffering most, and there was promise of more scattered rains and continued good days.

Rains coursed through parched fields in Minnesota, North Dakota, South Dakota and Montana and in scattered sections of Iowa, Illinois, Nebraska and Kansas. Thirty roots of all but dead wheat in the Dakotas received water, relieving the pessimism of farmers in those states.

A month of severe drought has created substantial price gains in farm commodities, statistics of Chicago markets showed.

Farm economists asserted price gains would provide substantial offset to the unofficial estimated drought damage of more than \$200,000,000.

Linton Allen Hurd Slightly In Queer Accident On Road

Linton E. Allen of Orlando, former president of the Sanford-Atlantic National Bank, was painfully cut about the face in an unusual accident which occurred between Daytona Beach and St. Augustine early yesterday morning while he was driving, alone, toward Jacksonville.

Mr. Allen, speeding along the highway, approached a large truck loaded with junk and scrap iron. As he drove his car alongside the truck in order to pass it, a small monkey wrench fell off the rear wheel of the truck, and thrown through the windshield of Mr. Allen's automobile.

Flying glass struck him in the face, inflicting several small cuts which bled profusely. Mr. Allen treated himself after a short stop along the roadway, after which he continued on to Jacksonville to have his wounds dressed.

GALE LASHES CUBA

VALPARAISO, Chile, June 4.—(A.P.)—A gale lashed the coast of Chile last night, endangering vessels at sea and in the harbor. At Barranca a house was blown in, injuring five persons.
