How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was freed up for all-day parkers.

Now farmers get their shopping done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

Skyscraper Cities

reason, he says, is danger of detection, which would lead to immediate war and lose the attacking power the invaluable air bomb surprise. Underwater bombs, such as at Bikini, will not be very effective, he thinks, because most harbors are too shallow.

The bomb that makes so many cities in the American industrial northeast obsolete is the air bomb, 1,000 feet or more above ground.

Explode one of these, he says, 1,000 feet above Forty-Second Street and Fifth Avenue, New York. That is almost as high as the top of the Empire State Building, the World's tallest, about one-half mile away.

Newly everyone in the upper floors, says the scientist, would die from the effects of the flash of gamma rays of the A bomb. At the Empire State's distance 20 inches of concrete would be necessary for the occupants to survive.

The steel structure would stand. But its walls would blow out, and many of the people inside would be blown out too.

The Chrysler and the RCA Building of Rockefeller Center would suffer almost equally and in the same way from the gamma ray flash. One of these skyscrapers, he says, may contain as many as 30,000 persons.

Dr. Lapp says an air bomb over Chicago's Civic Opera House would wreck the Loop. Chicago's furniture mart would suffer the same fate as the Empire State.

"Such cities," he says, "are cities of the past. In an atomic age no nation can afford to present such a perfect target to an enemy."

The vulnerability in American cities lies in their vertical piling up of population. Los Angeles and Houston have not yet gone vertical. Because of these architectural designs, Dr. Lapp says New York population is 21,000 per square mile. Chicago, 16,000, Pittsburgh 12,000; Los Angeles, 3,000 and Houston 5,000. The spread population does not offer such a worthwhile target.

He recommends that America start a long-time dispersal in great cities. This, he says, will take 10 to 20 years. But he thinks that in protective value it would be worth spending a few billion dollars each year.

"Our days of peacetime indifference," he says, "are numbered. We may never again have an equal opportunity for preparation."

Demo Nominations

(Continued From Page 1 Sec. 2)

Secretary of Agriculture Brannan, a career man, is one example. Brannan has produced what he says is an income-guaranteeing farm plan. It has the Republicans secretly sinking in their boots because of its political lure.

Mr. Truman has made the plan his own, but up and down the land around vote time in 1950 you probably will be hearing the pros and cons of the Brannan plan.

It is standard political procedure for the "son of a bitch" to flail away at the appointees of the "ins." That's a favorite method of attacking the president by indirection.

Just as they used to say President Roosevelt couldn't find any good men outside of New York state, Republicans now say Mr. Truman can't see anybody except Missouri.

Let's look at a couple of cases that might be called average.

W. Stuart Symington, Mr. Truman's Secretary of the Air Force, has some Missouri in his background's oldest and apparently most trusted friend.

Both were "drafted" by the President. Both are business men, Gray a railroader and Symington a manufacturer of radios.

Gray knew the President in Kansas City in the 1920's, when both were active in reserve officer affairs there. They have kept up personal contact since.

Gray apparently has extracted a promise that he won't have to mix in politics, but Symington made speeches for the Democratic ticket in the campaign and expects to make more of them when the occasion arises.

The Air Forces Secretary is an old friend of Secretary of the Treasury Snyder, one of Mr. Truman's oldest and apparently most trusted friends.

The President first met Symington when Mr. Truman was around looking over war plants as part of his job as head of the Senate War Investigating Committee. He liked the Symington plant's record. He remembered Symington when he had a hard job.

Possibly because Congress is pretty well sold on air power, Symington has had better than average luck getting what he wants out of the lawmakers. And who is to say that some Democratic congressmen in 1950 won't be pointing with pride to "our glorious Air Force" and taking a little credit on their own shoulders?

SADAK SPEAKS

NEW YORK, Apr. 28 (AP)—Necmeddin Sadak, foreign minister of Turkey, said today "it was a great mistake" to exclude his country from the North Atlantic Pact as long as Italy, another non-Atlantic state, is in it.

The minister made the statement aboard the liner Queen Elizabeth, before he sailed this morning after three weeks in Washington and at the United Nations General Assembly.

Taft-Hartley Bill Repeal Is Rejected By House 275-37

Rumbling Mounts Off Floor Over President's Patronage Program For Demos

WASHINGTON, Apr. 29—(AP)—The House rejected emphatically today simply to repeal the Taft-Hartley Law and go back to the original Wagner Labor Relations Act. The proposal was made by Rep. Marantonio (AL-NY), but was voted down. The roll call count against it was 275 to 37.

The House got around to its first votes after four days of debate on new labor law.

Still ahead was the big test—whether a substitute offered by Rep. Wood (D-Ga.) would be taken instead of the Administration's bill.

Off the floor, there was continued rumbling over President Truman's broad hint that Democrats who do not support the Administration on this issue need not look for any political plums. One House leader said privately that the president "lost votes" for the Administration's bill by trying it in with political patronage. But he still predicted the Administration's measure would be passed.

Meanwhile a test case shaped up on President Truman's attitude toward patronage for Dixie Democrats.

Senator Stennis (D-Miss.) and Democratic National Chairman J. Howard McGrath went to the White House together and urged appointment of State Circuit Judge J. P. Coleman of Ackerman, Miss. (Continued on page 11)

Negro Masons To Lay Cornerstone At Crooms Library

Negro Masons today will conduct the laying of the cornerstone of the new Crooms Academy library building at 5:30 p.m. at the corner of 1st and 2nd streets, announced today.

Participating in the ceremony will be members of Mt. Olive Lodge No. 79, F and AM, Sanford, and affiliated lodges of Orlando, Winter Park, Oviedo, Florida Garden and Deland.

Representing the Florida Teachers' association will be G. L. For, Tallahassee, president, and C. W. Curtis, Clearwater, executive secretary. Other speakers will include W. J. Maxey, Orlando, Past Grand Master and Charles J. Jones, Jacksonville, grand master.

Prof. Crooms today expressed thanks to members of the school faculty, students and friends who have supported the library project which he initiated several years ago, and declared that he is grateful to Supt. Lawton, the County School Board and all who have played a part in this effort.

Guard Recruiting Drive Ends Thursday

At the regular meeting of the local National Guard held last night at the Sanford Armory it was announced by Lieut. Raymond Kader, the recruiting officer, that the recruiting drive will end next Thursday. The losing side will entertain the winners with a dinner meeting at the Armory.

He also stated that on the weekend of May 14-15, 20-22, 28-29 the local unit will go to Camp Blending for test firing.

All persons desiring information on the recruit drive are asked by Lieut. Kader to contact himself, Lieut. John Sauls or Sgt. T. W. Brown or to attend any of the meetings.

The annual encampment for the Guard will take place in Columbia, S. C. at Ft. Jackson from July 26 through Aug. 8. Col. Clyde "Traveling" battalions commander, visited the local National Guard Unit last evening and commended Lieut. Kader on the activities.

MOBILE, Ala., Apr. 29—(AP)—A conference which has held off a strike of Mobile city bus drivers and mechanics continued today, but no decision from it is expected until a few hours before the walk-out deadline tomorrow.

DOUGLAS AT OFFICE

LONDON, Apr. 29—(AP)—United States Ambassador Lewis Douglas went to his office in London today for the first time since he announced his resignation by a flash-bomb while visiting April 4.

Douglas, who spent nearly two weeks in a Southampton Eye Hospital after the accident near there, spent some time in the hospital and then returned to his home in Washington to receive his resignation.

U.S., Russia Meet For Talk On Berlin Row

Philip Jessup And Jakob Malik Confer Following Request Of Soviets

NEW YORK, Apr. 29—(AP)—Representatives of the United States and Russia met here at 4:00 P. M. (3:00 P. M. EST) today on the Berlin blockade question.

The meeting was in the Soviet headquarters on upper Park Avenue between Philip C. Jessup, U. S. Ambassador-at-Large, and Soviet Deputy Foreign Minister Jakob A. Malik.

They met there last on Wednesday.

Today's meeting was requested by Malik. This may mean the Soviet representative has received a written reply from Moscow to a request which Jessup made Wednesday for a formal declaration of Russia's position on lifting the blockade. However, a U. S. spokesman said he had no knowledge whether Malik had received a reply.

This was regarded as the crucial meeting in the series that started privately last Feb. 15 when Jessup first approached Malik on the Berlin problem at Lake Success.

If the Russian answer is satisfactory to the Western powers, it may open the way for lifting of the blockade quickly and an agreement for a meeting of the council of foreign ministers on the whole German question.

Jessup got a telephone call from Malik a few minutes after he arrived this morning at head quarters of the U. S. delegation to the United Nations.

Jessup had come from Washington. (Continued on page 11)

3 Men Killed In ACL Freight Train Accident

MANCHESTER, Ga., Apr. 28—(AP)—Three trainmen were killed in an Atlantic Coast Line freight train wreck near Manchester today.

Rescuers recovered the body of one man. Railroad officials at the scene said two others were still trapped in the wreckage.

The officials said the train had derailed about two days after excessive rain. The freight, pulled by a diesel, was en route from Chicago to Miami.

Atlantic Coast Line officials in Atlanta said the derailed train was about 7:40 A. M.

The engine, tender, and one of the trucks, and the three trainmen were buried in the wreckage.

Workers recovered the body of Frank Perry, negro fireman.

Bill buried under wreckage were the engineers, J. H. Presley, and Johnny Hill, negro brakeman. All were from Manchester.

Driskell Expresses Appreciation For Home Easter Gifts

The gifts of church, civic groups and individuals to inmates at the Seminole County Home during the Easter season were deeply appreciated, L. P. Driskell, superintendent, declared today.

Among these gifts, he said, was a decorated cake donated by Mrs. Brown Miller, two Easter boxes from the Philathea class of the First Baptist Church and food prepared by the Brotherhood of the Holy Spirit Church, in which 25 pounds of chicken, 25 pounds of fish, 25 pounds of beef, 100 rolls and two gallons of coffee.

The young folks from the Methodist Church came and put on a nice Easter program, he said, and the refreshments. Members of the Lions Club brought out a number of rugs, some clothing and one chair. Women from the Presbyterian Church put on a program and brought gifts and circles five and six of the Baptist Church had a similar program, refreshments and gifts for the home.

"The Home was in such a run down condition when I arrived," said Mr. Driskell, "that it will take at least 12 months hard work with the co-operation of the general public everywhere to bring this worthy institution."

Legion To Attend Pavlick Services

All members of Campbell Legion Post 63 of the American Legion were today requested to assemble at 2:30 o'clock, Saturday afternoon at the Erickson Funeral Home to attend the funeral of Frank Pavlick, member of the Post and World War I veteran, who died early Thursday morning following a brief illness.

Services will be conducted by the Legion Post both at the funeral home and at the graveside in Evergreen Cemetery. Members of the Post will serve as pallbearers.

Mr. Pavlick is survived by the widow, Mrs. Allen Pavlick; the mother, Mrs. Marie Pavlick; a daughter, Miss Frances Pavlick; a brother, Charles Pavlick, all of Sanford, and an uncle and aunt, Mr. and Mrs. Edward Lejka of Orlando.

EVERGLADES FIRE

BELLE GLADES, Apr. 29—(AP)—Fire in the Everglades just north of the Palm Beach-Broward County line cut a path of smoke over a wide area today.

Howard E. Blair, assistant chief of the Everglades Fire Control District, said the fire was burning along a two mile front in open saw grass and heading toward the Miami canal.

CIRCUIT COURT

Circuit Court will convene Monday morning at 10:00 o'clock for trial of criminal cases, five of which are scheduled, O. P. Herndon, clerk of the court, announced today. Dr. J. M. Smith will preside.

The County Commission will meet Tuesday morning in regular monthly session.

FHA Requirements On Loans Eased

WASHINGTON, Apr. 29—(AP)—The Federal Housing Administration today eliminated the requirement that persons borrowing for home repair and modernization put up 10 percent of the job cost in cash. This easing of credit comes on top of four similar moves by the Federal Reserve Board in less than two months. The rules changes indicated a swing in government policy to combat deflation instead of recently mounting inflation.

Giants' Manager Suspended For Striking Fan

CINCINNATI, Apr. 29—(AP)—Leo Durocher, manager of the New York Giants, was suspended indefinitely today by Baseball Commissioner A. B. Chandler.

The suspension was the result of a disturbance following the game yesterday between Brooklyn and New York, when Durocher allegedly struck a fan.

Durocher was ordered to appear before the Commissioner in Cincinnati May 1.

"The Commissioner is making a complete investigation of the case," Walter Mulby, baseball secretary, said in announcing the suspension.

Durocher is accused by a Brooklyn fan of punching and kicking him yesterday at the Polo Grounds.

It was the second time the fiery manager has been suspended by Chandler. He was set down for the entire 1947 season for conduct detrimental to baseball.

National Family Week Is Announced

The week of May 1 to May 8 has been set apart as National Family Week, Rev. Joe C. Crews, secretary of the Sanford Ministerial Association, announced this morning. His observance is urged upon all churches. The week is planned to emphasize the responsibility of parents for child welfare and training.

Radio station WTRR secured a series of religious and educational programs which will be presented each day at 3:15 P. M. except Saturday when the program will be heard at 10:00 A. M.

Rev. Crews said: "The program will be based on the following titles: 'Democracy Begins at Home,' 'Families that Worship Together Stay Together,' 'Families that Play Together Stay Together,' 'Home Builders are World Builders,' 'High Finance on a Low Income' and 'The Question of the Family Car.'"

Gov. Thomas Dewey Nurses Desire For Third Shot At White House

ALBANY, N. Y., Apr. 29—(AP)—Governor Thomas E. Dewey, who led the dust race in running for President, nurses a deep-down desire for another try at the White House.

This came out today when an unimpeachable source thoroughly familiar with Dewey's views declared that the 1944 and 1948 Republican standard-bearer, contrary to frequent reports, has not decided to return to private life when his gubernatorial term ends Dec. 31, 1950.

Neither has the governor decided to try to continue in public life beyond the date.

In short, he has not made up his mind. He won't until he has to.

Close friends said—and Dewey does not deny—that the presidential bug still is in his system.

This, plus other evidence at hand, has led friends to conclude that Dewey is more inclined than not toward extending his career as a public servant—with a view to being in good position should he ever get a new crack at the big prize of politics.

Dewey himself said after his defeat by President Truman that he did not intend again to seek the office. The governor, often argued as a realist, still cannot see any real prospects of winning the GOP presidential nomination a third time—under foreseeable conditions. But he foresees that conditions change, often radically and quickly.

And those who know Dewey best report that:

1. He defies last fall still rankles, and he longs for political "vindication."
2. He likes public office, with its power and prestige and limelight.
3. He is genuinely interested in government problems.
4. He has a fighting spirit that never really surrenders.

Before his second term as governor expires, the choice of two political paths leading to a continuation of his public career might be his—another term as chief executive of the Empire State or a seat in the U. S. Senate.

Either one, in the opinion of his admirers, under favorable circumstances could lead to a comeback on the national scene.

However, neither "problem" has arisen, and until it does he will not face it or discuss it publicly, he was learned authoritatively.

The governor sails next Thursday. (Continued on page 11)

Sen. Alford Charges That Scruggs Offered Him \$2,000 To Fight Measure

TALLAHASSEE, Apr. 29—(AP)—Two bills to prohibit State employees from receiving pay from more than one appropriation were approved by a House Committee today.

TALLAHASSEE, Apr. 29—(AP)—A new bribery scandal rocked the Florida Legislature today over the same bill to curb bookmaking that created a sensation two years ago.

Senator C. L. Alford of Grand Ridge stood on the floor immediately after the House-approved bill had cleared through the Legislature and charged that John Scruggs had offered him \$2,000 to vote against the bill.

He identified Scruggs as a former Leon County legislator and member of the State Democratic Executive Committee.

Only Senator Baker of Umatilla, Beacham of West Palm Beach, Getzen of Bushnell and Moore of Sebring voted against it.

Governor Warren, who had been notified in advance of the alleged bribe and had already asked State Attorney William D. Hopkins to take action, was in the gallery.

Senator Alford said he had accepted the money and turned it over immediately to two officers who were present at a pre-arranged meeting with Scruggs.

Two years ago, in debate that preceded House defeat of an identical bill to deny telegraph and telephone wire to bookmakers, Rep. Odham of Seminole and Camp of Marion accused Rep. Papp of Monroe of attempting to

Paving of Cypress Avenue between First and Second streets immediately east of the new Market and Anson streets was authorized by the City Commission at a special meeting last evening.

City Manager Clifford McKelbin was directed to enter into contract with the city of Jacksonville of the firm of Smith and Galt, Inc., which is expected to submit a report in two weeks on the possibility of operating the lights with electrical generating equipment at the works.

The city and state have been discussing a plan to purchase an electrical plant and operate it as a special utility. A law was proposed requiring that only revenue from the plant could be used for paying annual interest and principal payments. (Continued on page 11)

Senate Approves School Aid Bill

WASHINGTON, Apr. 29—(AP)—The Senate today speedily passed a bill to give the states \$100,000,000 a year in federal funds for school health programs. The vote was taken after less than an hour of debate. There was no opposition to the measure, which was introduced by Democrat and Republican members of the Senate Labor and Education Committee.

Final Committee Vote On Citrus Bill Is Delayed

TALLAHASSEE, Apr. 29—(AP)—Annual House Citrus Committee vote on the Governor's citrus bill today was postponed until Monday at a technicality.

The committee agreed sufficient "yes" votes had not been given for the measure.

Members of the group agreed informally, however, to take a vote on the bill at 2:00 P. M. Monday and to hear no more testimony on it.

The Orlando school bond election carried, one of the few in Florida since the constitutional provision requiring at least 50 percent of the freeholders to go to the polls.

The House of Representatives has approved a bill requiring anti-Communist oaths from all public officials in Florida.

Indian Affairs

The Association on American Indian Affairs is plugging hard for the passage of a bill in Congress which would appropriate about 80 million dollars for rehabilitation of the Navajo and Hopi Indians.

The wealth of some of the Indian Oklahoma, for instance, results from the discovery of petroleum beds beneath their lands.

Alexander Lesser, executive director of the Association, sees the long range objective of the bill as an enlightened Navajo people ready to take their place with all citizens in the forward movement of American life.

Smoke And Hard Cash: Once smoking chimneys were regarded as signs of a busy city, and hence something to be viewed with gladness.

A Cleveland department store has just published an estimate of this damage in its own case. The store has spent \$100,000 to install and operate a complete dry cleaning plant.

What this store has suffered on a large scale, is true to a lesser degree of every resident of any smoky community. Businessmen and private citizens who do not try to abolish smoke on their own premises are extremely foolish.

THE WORLD TODAY

By DEWITT MACKENZIE

The historic agreement whereby India can become a republic and still remain a member of the British Commonwealth of nations, without recognition of the King's sovereignty, constitutes one of the striking developments of these amazing days in which we live.

By a simple juggling of words this great Commonwealth has been saved from disastrous loss of India's membership, and the possible withdrawal of other members later.

As a matter of fact, it's a fair guess that this aspect of the situation was constantly in the minds of the London conferees. They scarcely could ignore that angle in view of the steam-roller offensive of the Chinese Communist armies against central and southern China.

Thus freed from constitutional barriers, the Commonwealth offers a way to get around the kingly sovereignty to which India objects so fiercely.

It might seem somewhat strange that India should be the one to object to further recognition of the King's sovereignty. Through the long reign of the British throne, with her hundreds of Arabian nights princes, was the scene of a regal splendor rarely equaled in history.

S-Sgt. Harry Lucas Praised For Work With Army Pigeons

A former resident of Lake Monroe, Staff Sgt. Harry Lucas of Ft. Monmouth, N. J. has been winning records with his racing pigeons.

During Army day observance in Asbury Park, N. J., Sgt. Lucas kept his pigeons busy conveying messages to Ft. Monmouth designed to be relayed by radio to service men and women in various parts of the world.

The following article by R. S. DeAlder in a recent issue of Racing Pigeon Bulletin describes activities of Sgt. Lucas as follows: "Sgt. Harry Lucas of the Fort Monmouth Pigeon Breeding and Training Center has flying records with the Seaboard Sandy Hook and Orlando, Fla. clubs that prove that he can fly pigeons."

Other outstanding birds in Harry's loft are his 110 and 111 black check race-mate brothers from a German pair of birds and youngsters 1 and 2 bred from German stock and the Roberts hen, 110 won the Seaboard, Dr. Marcellus 400 mile special last year.

Harry's racing experience dates back to his childhood in England. As a youngster on his way to the States with his parents he walked up the gang plank with his crate of six racers in one hand.

During this past series for young birds, Sgt. Lucas won both the Sandy Hook and Jersey Shore Concourse point championships and won second in the Sandy Hook Futurity race.

The Azalea Circle of the Sanford Garden Club will sponsor the first annual recital of the Duxbury School of Dancing at 8:00 P. M. in the Benmore High School auditorium. The theme of "colors" will be employed to form an interesting review of terpalchorean art.

The first portion of the program will be entitled "Pastel Fantasy" with the second being "Colors on Parade". Costumes are being designed for the presentation by Mrs. Jack MacDonald and Mrs. W. G. A. Lobb and are being made by Mrs. W. H. Stewart, Mrs. J. P. Gullen, Mrs. J. M. Moye, Mrs. MacDonald and mothers of dance school students.

Mrs. Lobb will also be in charge of the lighting arrangements. The production is under the direction of Doris Duxbury and approximately 65 students from Sanford, Deland and Orange City will participate. Tickets may be obtained at the dance studio, from pupils of the dancing school and members of the Azalea Circle.

For a first course, tomato juice and stuffed celery sticks are usually very welcome. Season the tomato juice with salt, freshly ground pepper, and a little celery salt. Use cream cheese to fill the celery and flavor it variously with anchovy paste, or with minced canned pimiento, or with chopped olives, or with finely chopped salted peanuts. Be sure to dry the celery stalks thoroughly before adding the filling; then cut each stalk in one- or two-inch sticks.

Miss Sarah Oleda Dyson, daughter of Mr. and Mrs. Winnin R. Dyson of this city, whose engagement is being announced today to Dr. Ward Casscells, orthopaedic surgeon of Wilmington, Dela. Miss Dyson will graduate from the University of Virginia in Charlottesville in June with a law degree. The wedding will be an event of June.

Miss Dyson To Marry Dr. Ward Casscells

Mr. and Mrs. Winnin R. Dyson announced today the engagement of their daughter, Sarah Oleda, to Dr. Ward Casscells, son of the late Mr. and Mrs. Ward Casscells of Charlottesville, Va. and New York City.

Miss Dyson attended her mother's alma mater, the Women's College of Furman University, where she was selected by Cecil B. deMille as one of the yearbook beauties. She received a similar honor from the University of Florida. She was graduated with a BA degree from John B. Stetson University in Deland where she was a member of Delta Delta Delta national social fraternity and secretary-treasurer of both the Florida Inter-Collegiate Press Association and Florida Student Government Association.

Miss Dyson made her debut at a tea dance given by her parents at the Sanford Woman's Club during the Christmas season of 1941. She is a member of the graduating class of the University of Virginia School of Law in Charlottesville where she is a member of Farmington Country Club. A descendant of Capt. John T. Truluck, she served as Florida State President of the Children of the Confederacy. Dr. Casscells attended the University of Virginia and received the degree of Doctor of Medicine at the university where he was a member of Calceon Medical Fraternity. He also attended Harvard University School of Medicine. Following graduation he specialized in orthopaedic surgery at St. Luke's Hospital in Cleveland, O.

Dr. Casscells served for three years in the Army Medical Corps in the Mediterranean Theater where he held the rank of captain. Upon discharge he served as resident of the Children of the Confederacy's institute of the Alfred I. duPont DeMunroe Foundation in Wilmington, Dela. and as an instructor in anatomy at the University of Virginia School of Medicine. He is now practicing orthopaedic surgery in Wilmington, Dela. The wedding will be an event of June.

Business Women To Sponsor Speakers

Plans were made to invite four outstanding women speakers on women's rights to speak before the Sanford Business and Professional Women's Club. Two of the speakers will be for and two against equal rights for women. The club met last Wednesday evening and discussed the plans. A discussion was also held on the state convention which will be held in Jacksonville May 19, 20 and 21 and announcement was made that the local group is entitled to be represented by 13 delegates, this being the third largest club in the state.

Mrs. Edna Van Acker of Miami visited the Sanford chapter on Thursday and urged attendance at the state convention. She will return to this city on May 18 for installation of the 1949-50 officers. While in Sanford she stated that 24 new clubs have been formed in Florida this year of which the local club is the largest.

Activities for the month were discussed and Mrs. P. M. Gingles, general chairman of the charter banquet last week, was given a note of thanks for her splendid work on the event. The club voted to sponsor a pet show for children in June under the direction of Mrs. Gingles, Mrs. Rosamond Chapman, Mrs. Olga Hunter, Mrs. Haymond Hull and Mrs. Elsie White.

Suggestion were made for securing an adequate place for a temporary auditorium for the City and the Pilot Club was invited to assist with this project. It was stated that renovation of the auditorium at the City Hall would be \$5,000.

THE GARDEN GATE

Garden Club Program, Station WTHB, Monday at 7:30 P. M. PLANT PROPAGATION.

Softwood or greenwood cuttings are the ones most commonly used by amateur gardeners for increasing ornamental shrubs. These softwood slips are leafy tips that are still immature and woody. Usually the half-hardening of the first spring flush in Florida yields wood that produces excellent cuttings of the greenwood type.

Shoot tips of azaleas, camellias and other evergreen shrubs will make good leafy cuttings by the end of this month. The warm, damp days of early summer help in supplying a congenial atmosphere and most cuttings should be well rooted in a month or so.

Experienced gardeners know that the season at which cuttings are taken is highly important and many so-called difficult plants may respond well to the propagator at the proper season.

This matter must be worked out for your locality and for your plants, and, in general, the best response will be had in May, June and July.

Cuttings must be taken from stock plants that are healthy and free from pests. A tubercle tip that is fast to apply or one that is not root readily even though ideal environmental conditions are furnished.

Softwood tips, three or four inches long, are cut from healthy plants with a sharp tool and are immediately covered with wet burlap or moss to protect them from the sun and drying winds. Cuttings may be made from wood below the terminal growth, but the tip is preferred by most amateur propagators.

The upper two or three leaves are left intact, as cuttings will produce heavy root systems much more quickly when a large leaf surface is present to supply food materials. Hormones and vitamins. Investigations have shown that the old nursery practice of removing buds of

the upper leaves, actually promotes the time that the propagating frame. Tipless cuttings are usually by large, such as some of the new croton hybrid, the hydrangeas and the acalypha, must be reduced to economize on space in the cutting bench.

Beginning at the base of the cutting, careful strip off the lower leaves with a steady pull and twist. If the bark cuts badly, perhaps it is best to trim the leaves with a sharp knife. If the leaves come away readily, considerable time can be saved by stripping rather than laboriously cutting through each individual petiole.

If you decide to use one of the plant hormone dusts, the basal ends of the cuttings are now moistened in water and are dipped for about one-half inch into the hormone powder. Excess talc is shaken off by tapping the cuttings against the side of the jar, and the slips are ready to use.

In a box of damp burlap and one-half inch of sand and peat, open holes to a depth of some four or five inches and insert the cuttings at a considerable slant so that the leaves are directly on the rooting substance. This material is pressed firmly with the hand, about one centimeter and leveled off, after which the whole box is gently flooded with water.

It is no longer considered good horticultural practice to hammer the rooting medium solid with a back and then open a furrow with a pointing tool.

After flooding the cuttings in, cover the box with a pane of glass, a double thickness of cheesecloth or a piece of glass substitute. A shade of nylon should be suspended over the box to intercept the sun's rays. A plastic used to cover your cutting box. The cover must be lifted each day so that the leaves can be sprinkled with a mist like spray. J. V. Watney.

DeLand Red Hats Take 5 To 4 Tilt From Sanfordites

Locals To Entertain Orlando Saturday; Giants To Play In Conrad Park Tonight

Manager Hal Gruber announced this morning that Charlie Rose would get the mound call tonight in the contest between the Sanford Giants and the DeLand Red Hats. Ben Wilbur is scheduled to pitch against the Orlando Senators here tomorrow night and Jim Schultz will face the Senators in Orlando Sunday afternoon.

The DeLand Red Hats took a 5 to 4 decision from the Sanford Giants at the Municipal Park last night in which hits and errors reigned as masters of the day. The Giants, with 11 men left stranded on the sacks, had several opportunities to win the game, but were unable to produce the needed hits with men on the base paths.

Tonight the Giants move to Conrad Park in DeLand for a return engagement with the Red Hats, and Saturday night the Sanfordites play hosts to the Orlando Senators. Sunday afternoon the locals travel to Zinker Field in Orlando for a contest with Ed Sherman opened on the hill for the Red Hats last night, and was pounded for three runs in the first frame. Johnny McManus walked and was thrown out, attempting to steal second base. Jim Jones flied out to right field, then Charlie Peipo singled through the box into center field. Bob Hallman walked and Connie Kavakis jammed a three base blow into right center field. On the play, John Cooney, DeLand second baseman muffed a throw from Center Fielder Breezy Brasington, allowing Kavakis to cross the plate.

The Sanford guns were silent until the ninth inning, when Jones doubled and went home on a single first on a walk issued to Cooney, by Hallman. DeLand scored one run in the what would be their last frame, and was troubled home by Red Roberts. Three hits by Cooney, Roberts and Roy Dunne and an infield out by Ed Bass netted the Hats two markers in the third. Cooney tripled to open the DeLand half of the fifth. Roberts popped a high fly to left field, and Hallman dropped it, allowing Cooney to score. The Red Hats scored the winning tally in the fifth frame on a single by the third. Cooney tripled, double by Tim Tyler and a long fly by Cooney. Jack "Bobo" Boback opened on the hill for the Giants and was pulled in favor of Buddy Lake in the fifth. Ed Sherman hurled until the ninth for the Hats, and was relieved by Villines.

Low Scorers Meet Early Defeats In College Tourney

ATHENS, Ga., Apr. 29.—(AP)—The low scorers' medal play met an early jinx in the Southern Intercollegiate Golf Tournament. The Spencers of Georgia, who won the Southern Conference individual title with a 71, was knocked out of competition yesterday by Gene Fowry of North Texas State, 4 and 2.

The tournament medalist was slender P. J. Wright of Wake Forest College, Spartanburg. He toured the 6,650-yard Athens Country Club course in 68—three strokes better than the SEC champion. Wright, who won a thing when he went up against Jack Key of Auburn.

Key ousted the medalist, 2 and 1, in the opening round. It was the third successive time tonight that he failed to get beyond the first round in the tournament. Key himself (2) in the next before the master stonking of Al Bessolink of Miami, the defending champion. Bessolink, 3 and 2, downed the Auburn player 3 and 2.

Other afternoon round results: Pete Robinson, Vanderbilt, defeated Henderson Hilton-Green, Alabama, 5 and 4. Louie McLenahan, Duke, defeated Buddy Godwin, Miami, 5 and 3, and 4. Bob Keller, Miami, defeated Bill Peachett, Georgia Tech, 5 and 3. South Carolina defeated Jim Thomas, North Texas State Teachers, 5 and 3. Frank Berdeleben, Auburn, defeated Frank Hanes, The Citadel, 1-up in 19 holes. Buster Reed, North Texas State, 1-up.

Polly Riley Defeated In Golf Tournament

NEW ORLEANS, La., Apr. 29.—(AP)—Things have not been all as bright as they appeared in the Women's Southern Golf Association Tournament here. Polly Riley, who was heretofore the queen of the sport, was defeated in the final round by Betty Mackinnon, who won the title by a 3 and 2 upset in the rain.

Mackinnon is paired against Mary Lena Faulk, the three-time Georgia champion from Thomasville. Miss Faulk had a medal score of 79, second only to Miss Riley's 77.

In the other semi-final match, Mrs. Sara Israel, Jr., of New Orleans, defeated Margaret Gunthe of Memphis.

Miss Kirk, Lenczyk Vie In Finals Of North-South Meet

PINEHURST, N. C., Apr. 29.—(AP)—A couple of golfers who have been specializing in close matches this week met today for the 37th North and South Women's Golf Title. Grace Lenczyk, national champion from Hartford, Conn., and Peggy Kirk of Findlay, Ohio, both pulled out hard-earned 1 up decisions in semi-final play yesterday. Miss Lenczyk, two up with three holes to go, had to battle through the 10th green against Mrs. Estelle Lawson Page of Chapel Hill, N. C., a former national champion who was after her eighth (11) here, Peggy Griffith and hung on grimly to lead three straight holes from the halve the last six for a fine victory.

Miss Lenczyk had a rough quarter-final bout, herself, edging Pinehurst's Mrs. J. D. Platt, Jr., 2 and 1. At Emory he designed a new athletic plant and perfected the current physical education program. During the war he directed the aquatic warfare and physical program for the Navy V-12 program at Emory. He is president of the Southeastern AAU and a national vice chairman of the NAU swimming committee.

Tallahassee And Valdosta Score G-F Loop Wins

By Associated Press

Valdosta and Tallahassee scored victories last night to make it a three-way tie with Albany for first place in the Georgia-Florida League. All three clubs now have won 10 games and lost six for a .625 average.

The Valdosta Dodgers whipped the Moultrie Athletics 10-7, while the Tallahassee Flyers hung a 12-3 defeat on the Waycross Bears. Both other contests—Cordale at Albany and Thomasville at Americus—were rained out.

The Pirates outdid the Bears 11 to 9 to take their sixth consecutive victory. Most of their runs came in two innings—six in the fourth and five in the fifth. The Bears put five men on the mound in an effort to stop the Pirates. Waycross scored once in the first and twice in the third. From there on out, they weren't even in the ball game.

The Athletics got one more hit—10 to 9—than the Dodger and had a better record in the errors department—two to five. The Dodgers just got more runs. Valdosta collected one run in the second, two in the third, three in the fourth and four in the sixth. The Athletics crossed home plate once in the third, four times in the fourth and twice in the eighth. Both clubs used two pitchers.

Waycross is midway the standings with R.R. for .500, followed by Cordale and Thomasville with 1-8 records for .467. Americus has six wins and 10 losses for .367.

Acosta Is Named Manager Of Dodgers

LEESBURG, Apr. 29.—(AP)—Julian Acosta, veteran Cuban first baseman, took over yesterday as manager of the Leesburg Dodgers, marking the club's third managerial change within the first 10 days of the Florida State League season.

Hazleton, who piloted the Dodgers for exactly one week, will continue as an infielder with the club. Acosta, veteran of 11 years in pro ball, originally started as a southpaw pitcher and hurled for Milwaukee in 1944. But he turned first sacker because of an all-around and gained a reputation as a long-ball hitter.

The switch was the fourth managerial change in the league this far. In addition to the three Leesburg changes, Ray Mott took over from Julian Morgan at Palatka four days after the season opened.

U. S. Airmen To Get Script In Britain

LONDON, Apr. 28.—(AP)—American airmen in Britain are to be paid in script instead of dollars starting tomorrow. The Air Force announced today.

Bookie Bill

(Continued From Page One) bribe them to help beat it. They were tried in Leon county circuit court, acquitted, and was re-elected to this session of the House.

Berlin Row

(Continued From Page One) on his way to Norwalk, Conn., to attend the funeral of former Senator Frederick Walcott, his wife's uncle. He immediately cancelled plans to go to Norwalk.

The U. S. delegation spokesman said Jessup planned to report to the State Department and to the British and French U. N. representatives immediately after seeing Malik.

Any announcement to the press, he said, would have to come after these consultations.

Plans for the U. S.-Soviet meeting were announced by the U. S. while Malik was attending a meeting of the steering committee of the United Nations assembly at Flushing Meadow Park.

The spokesman issued a formal denial of a Lake Success dispatch in the New York Times today reporting the United States and Britain would propose to the projected council of foreign ministers that Western Germany merge with Eastern Germany to form a single federal state.

The statement, read out at a special news conference called by the United States delegation's chief press officer, said:

"It is not correct, as reported in the New York Times this morning, that there is an Anglo-American proposal relating to plans to be advanced in a meeting of the Council of Foreign Ministers if one is to be held.

"The further statement in the press report concerning French disagreement with this proposal is therefore also without foundation since no such proposal exists."

Lions Meet

(Continued From Page One) a pamphlet put out by the Florida Tuberculosis and Health Association.

Co-operation in both programs was promised in behalf of the plan by King Lion H. Bibebe.

Pointing out the results of surgery, Mr. Ratigan in his talk stressed the rising costs entailed by hospitals, and declared that, according to the New York Times, non-profit hospitals in the New York area faced a net deficit approaching \$5,000,000 for 1947 and quoted the Times statement, "If the volunteer hospitals are to survive their present crisis, they must become the community responsibility."

He reported that a Tampa Tribune survey showed that operating costs of the Tampa Hospital increased \$500,000 in the last four years with annual deficits for 1946 and 1947 of \$300,000. Lakeland's Memorial Hospital was reported to have lost \$100,000 in 1947, and St. Petersburg, \$120,000 and Havana, \$35,000.

Between 1941 and 1948 the cost to a patient for bed, meals and nursing care at the local hospital was increased from \$10.00 a day, or 33 percent, to \$12.25 or 164 percent. Cost of nursing increased 524 percent; of medicines 338 percent; of laundry, 59 percent; and of linen, 654 percent.

"Support your hospital today, you may need it tomorrow," he declared.

Leroy Strawler was inducted as a Lion by Henry Witte. John Meisch reported nomination of new club officers. Supt. T. W. Lawton was welcomed as a guest.

The Commission authorized that the act as drawn up by City Attorney Shiholzer be submitted as a first step in the program to New York bond attorneys for approval as required by the RFC. The act as drawn up is based on an act drawn up in Ft. Pierce and held valid by the State Supreme Court 10 years ago.

Citrus Bill

(Continued From Page One) the measure. Rep. Andrews of Orange said he wanted to vote on the bill as quickly as possible because "to delay it much further will get it into a legislative jam at the end of the session." He tried to have a vote on the bill today. No date has been set for the Senate Citrus Committee vote on the bill.

The Administration bill is aimed at raising maturity standards by stiffer regulations at the beginning of the season, putting canners and concentrate producers under control of the Citrus Commission and requiring compulsory grade labeling.

Proponents of the bill have agreed to concessions which would leave the present citrus commission intact with the addition of man-utill the members' terms have expired. The bill's supporters also said they were voting to permit the Citrus Commission to advance the dates when solids requirements (sugar) in oranges would be relaxed.

Under the bill, oranges would have to pass a nine percent solids test up to Nov. 1. After then solids requirements would be dropped to 8.7 percent. Dodge Taylor, chairman of the Governor's Citrus Advisory Committee, said he would agree to have the commission after a hearing—drop maturity tests to

Vets Are Refunded Overpayments On G. I. Insurance

WASHINGTON, Apr. 29.—(AP)—Thousands of World War II veterans have been receiving government checks in recent weeks for overpaying on their GI life insurance.

The surprise "bonuses" totaling many thousands of dollars, are an unexpected by-product of the Veterans Administration's efforts to start insurance dividend checks rolling by the end of 1949.

"An matter of fact, many recipients of the overpayments have confused them with dividend payments," a VA spokesman told a reporter. "Some have complained that they expected a larger dividend. We have had to reassure them that this is merely that they are being reimbursed for having paid out too much on past premiums, and that they will get their dividends later."

Furthermore, the checks now going out will have no bearing on the size of the dividends the recipients eventually will receive. The overpayments have shown up by the thousands in connection with the audit of accounts that has been under way for many months in preparation for the declaration of dividend.

Adjustments are made as soon as excess payments are discovered, and checks are sent out immediately. Underpayments are being discovered also. No attempt is being made to collect these amounts due, but they later will be assessed against the dividends.

Statistics on the amount and number of the over payments are not available. In most cases the overpayments resulted from readjustment of premiums. An estimated 16,000,000 veterans may share in the dividend, to be declared from an insurance fund surplus estimated at more than \$2,000,000,000.

8.7 solids on Oct. 15. This would ease shipments when the season is early.

COMPLAINT PROBED

MADRID, Apr. 29.—(AP)—Spain promised today to investigate a British complaint that six British-sponsored protestant chapels have been closed by the Spanish government.

The foreign ministry said that if the chapels have been seized, full payment will be made for any damage.

Congress Roundup

(Continued From Page One) as United States attorney. Mr. Truman didn't say "yes" and he didn't say "no."

But Stennis reported, nothing was said either about his votes in the Senate although Mr. Truman has made support of the Democratic platform a "party loyalty test" on patronage.

"I came to talk to the President about what I knew personally about Judge Coleman," Stennis told reporters. "The President took the matter under advisement. I hope and expect him to appoint this gentleman."

The Senate turned its attention on a \$35,000,000-a-year school health program. It has strong bipartisan backing, and Chairman Elbert D. Thomas (D-Utah) of the Senate Labor and Public Welfare Committee said it would pass.

The major purpose of the bill is to aid the states providing regular medical and dental examinations for children 5 through 17 years of age in public, private and parochial schools.

Yesterday the Senate upset Administration leaders by sending back to the appropriations committee a \$2,400,000,000 money bill to finance the Labor Department and Federal Security Agencies for the next year. The committee was instructed to prune down the total.

The upset vote was hailed as a victory for Republican Senators who hope to reduce the President's multi-billion dollar spending program all along the line. Senator Taft (R-Ohio), spearheading the economy campaign, said later that "apparently the Senate is getting serious about cutting expenses." Mr. Truman, urging his full program be adopted, recommends an increase in taxes to pay for it.

The money question also came up in connection with hearings on the North Atlantic Defense Treaty. Secretary of Defense Johnson told the Senate Foreign Relations Committee that the cost of arming Allied nations would be about \$1,200,000,000.

Senator Watkins (R-Utah) accused the Administration of "trying to fool the people" and said the actual cost would be several times that sum.

The foreign ministry said that if the chapels have been seized, full payment will be made for any damage.

Court Upholds Conviction Of 2 Grid Bribers

Hearing On Rights Of States To Ban Wage Dispute Slowdowns Are Rejected

WASHINGTON, May 2.—(AP)—The Supreme Court today upheld by a 4-4 vote the conviction of two men charged with offering bribes to New York Giants pro football players.

The pair, Harvey Stemmer and David Krakower, contended New York state illegally used evidence against them obtained by wire-tapping.

Justice Jackson took no part in the case. By long precedent an equally divided decision upholds the lower court.

Stemmer and Krakower were accused of offering Frankie Filchuck and Merle Hapes \$2,500 each, plus the return on a \$1,000 bet, if they would throw a game to the Chicago Bears. The game was an important one in the 1949 National Football League race.

Stemmer and Krakower were sentenced to 3 to 10 years in prison each. Filchuck and Hapes were fined \$5,000 each. Stemmer and Krakower appealed to the high tribunal after the New York Court of Appeals upheld their convictions.

New York police said they discovered the attempted bribery at a taping telephone conversation. New York law permits law enforcement officers to tap wires under certain circumstances. The police said they acted under authority of three court orders. Lawyers for Stemmer and Krakower argued that several of the taping calls were made across the state line to Elizabeth, N. J., and that therefore the use of evidence gathered by these calls was in violation of federal law.

The Federal Communications Act forbids wire tapping without the consent of one of the parties to the conversation.

In other actions today the court:

1. Refused to reconsider its two month old decision that states may ban union slowdowns in wage dispute cases. The Labor Relations Board sought to require the states on the grounds the NLRB did not call for significance when it first came to the court from Wisconsin.
2. Refused to consider a new test case involving properties bought by negroes in white real estate developments covered by restrictive covenants. The court last year held lower courts cannot enforce such covenants.
3. Agreed to consider the case of a 33 year old German bride who claims she has been improperly naturalized.

Discuss Atlantic Defense Treaty

SECRETARY OF DEFENSE Louis Johnson (left) is shown with two members of the Senate Foreign Relations Committee in Washington, just after he testified before that group on the North Atlantic Defense Treaty. Johnson said that the pact can improve U. S. security but must be made effective by a flow of American arms to Europe. Pictured (l. to r.) are Johnson, Sen. Millard Tydings (D-Md.), chairman of the Senate Armed Services Committee, and Sen. Brian McMahon (D-Conn.), head of the Senate Atomic Energy Committee (International).

Shanghai's Last Railway Escape Strikes Spread, Crippling Philco And Singer Firms

Nationalists Report No Sign Of Attack In Important City

BY ASSOCIATED PRESS.—The last railway escape route from Shanghai was reported closed off today as students considered when the expected Communist assault on the great Chinese city would begin.

The semi-official Chinese Central News Agency said rail service had been suspended between Hangzhou and Nanchang, both below Shanghai. It is the last remaining communication artery to the south.

This was the first indication the Communist offensive might have penetrated so deeply into South China.

Inside Shanghai there was no sign of any impending attack. With the city troop movements were not especially evident. Hundreds of Chinese soldiers, however, boarded Chinese naval vessels which steamed down the Yangtze River toward the sea.

Economic panic gripped the city. The chaotic money market crashed after garrison headquarters cut off the free trade in several cities. Just when the Communist war machine was headed no one seemed to know.

One Shanghai resident drove 20 miles outside the city yesterday.

Showdown On Cattle Fence Bill Delayed

House Okays \$50,000 Appropriation For Scientific Research On Salt Water Fish

JALAHASSEE, May 2.—(AP)—The showdown fight over cattle fencing in Florida was postponed for another day by the House today.

It was set for special order business at 11 A. M. but the House delayed until 10 A. M. Tuesday. It agreed to adjourn early today because of the funeral of Mrs. Rebecca Bookin, mother of State Senate President Newman C. Bookin.

The big question in the logjam is whether all cattle must be fenced wherever they are or just kept off the highway. The Administration bill to provide total fencing called through the Senate without change, but it often apparently hold the upper hand in the House.

The latest investigation into Senator C. E. Atford's charge that he was bribed a \$2,000 bribe to vote against the anti-bribe bill showed signs of coming to life.

Investigation was raised for two highway portions, who were all legal to have written and signed the transaction, etc. made to appear before the State Attorney at 2 P. M. with all other witnesses.

John Seay, Sen. Atford's Democratic Party politician who was accused by Atford, remained at the courthouse today.

Robert Lovett Gives Senate Outline Of Pact

Alliance Would Not Plunge U. S. Into War, Former U. S. Official Asserts

WASHINGTON, May 2.—(AP)—Robert Lovett, former Undersecretary of state, today denied that the United States would be plunged into war if a North Atlantic Pact nation were attacked.

Lovett told the Senate Foreign Relations Committee that the "time" method and extent of American action in such a case would remain in control of Congress.

A Undersecretary, Lovett helped in the early pact negotiations last year. The treaty was signed here April 4 by the United States and Canada and 10 Western European nations. It must be ratified by a two-thirds vote of the Senate to become effective.

Lovett agreed with Senator McMahon (D-Conn.) that the alliance should not be considered a 100 per cent guarantee for peace, and people should not consider it as such.

Sen. Watkins (R-Iowa) called it the pact, saying that if it really does not lead to peace, it is not worth the money. Lovett said the pact was not an advance to peace, but a step toward it. He said the pact was not an advance to peace, but a step toward it.

Lovett said this is not the time to set up rules which have Congress. The determination of the pact is not a matter of life and death. He said the treaty was not a matter of life and death.

4 Power Berlin Meet Outlook Is Reported Bright

PARIS, May 2.—(AP)—French Foreign Minister Robert Schuman and other members of a group of four powers met today in Berlin. The outlook for the meeting is reported bright.

The group, which includes France, the United Kingdom, the United States and the Soviet Union, is expected to discuss the North Atlantic Pact and other international issues.

Schuman is expected to play a key role in the negotiations. The meeting is seen as a step toward greater cooperation between the four major powers.

J. C. Hrtchison Heads Hospital Fund Campaign

General Joseph J. Hrtchison, a member of the Sanford Hospital Board, today announced a fund-raising campaign to help the hospital's financial needs.

Hrtchison, who is also a member of the Sanford Chamber of Commerce, said the hospital is facing a deficit of \$10,000. He called for the help of the community to meet this need.

The campaign will involve a series of events, including a benefit dinner and a raffle. Hrtchison said he was confident that the community would respond generously to the appeal.

Speaker Of House Announces Support Of Amendment To Measure

WASHINGTON, May 2.—(AP)—Speaker Rayburn announced today his support of a amendment to the Administration Labor bill, and said he believed they will cover passage of the measure.

Rayburn said the amendment would be a "win-win" situation for both sides. He said he was pleased to see the House members who are supporting the amendment, and he hoped they would be able to pass the bill.

The amendment would provide for a 10 per cent increase in the minimum wage for workers in the garment industry. Rayburn said this was a fair and reasonable increase.

January, February State Farm Income Shows Large Gain

JACKSONVILLE, May 2.—(Special)—According to figures from the United States Department of Commerce, returns to Florida farmers during January and February exceeded last year's returns for the same period by over \$2,000,000.

The entire South and West showed an increase and while the dry weather and increase in height of some other crops, production has been splendid. Reports from various areas show that both large and small farmers have benefited profitably from their efforts.

The Florida State Market has paid out the highest price for any crop in particularly in aiding the small grower to easily and profitably market the products of his labor, said William L. Wilson, Director of State Markets in his weekly review today.

Manager Anderson of Sanford Market predicts that in spite of the dry weather and increase in movement of vegetables to the north of Florida, that market will have a good supply of beans, etc.

City Water Pumps Hit By Car, Tree

Two recent accidents threatened to diminish the city water supply, but an interruption in the regular supply of water was averted. Clifford McKibbin declared this morning.

At 7:00 o'clock Saturday morning a Chevrolet sedan being driven north on the Orlando Highway by D. H. Sheppard, Raleigh, N. C., swerved to the left off the road and made a sudden jump of 15 and 21 feet and struck a City pumping station a glancing blow and caused damage estimated at \$85 to the foundation. Sheppard, who was not injured, faces charges of reckless driving and damaging public property.

Yesterday a falling tree interrupted the power supply to the water pumps by causing a short circuit. The line was repaired.

Dr. Phillips' Plant Destroyed By Fire

A fire destroyed the main packing plant of the Dr. Phillips Packing Co. today.

The fire, which started at about 10:30 p. m., caused an estimated \$200,000 in damage to the plant, estimated damage of \$200,000 to \$300,000.

The fire followed by 24 hours of rain which caused an estimated \$100,000 damage to the firm's nearby fertilizer plant. Robinson and a built of lightning was believed to have caused the Friday night blaze. Origin of last night's fire was undetermined.

Rebuilding work will begin shortly on rebuilding the fertilizer plant. The packing plant probably will be rebuilt, he said, but since peak production has passed, the firm can get through the summer with facilities at its Fairville plant in Orlando.

The plant here had a capacity of about 25 carloads of citrus a day. The Fairville plant has about half that capacity.

Presented To School Band By Sanford Shriners

The Sanford Shrine Club today presented \$726.59 to the Sanford High School Band. The money was presented by the club's members, including the club's president, J. E. Thorneley, and other officers.

The money was used to purchase new instruments for the band. The club's members were proud to be able to help the school band in this way.

Southern BLFE Meet To Discuss Union Problems

ATLANTA, May 2.—(AP)—Southern members of the Brotherhood of Locomotive Firemen and Engineers met today to discuss union problems.

About 700 delegates were present, representing more than 14,000 members in the Southern region of the Brotherhood.

J. D. Robertson, of Cleveland, international representative of the Brotherhood, will explain the plan of proposed merger with the Brotherhood of Locomotive Engineers. The merger would require referendum approval of both unions.

The question of assigning an extra fireman to diesel engines has been rejected by the railroad, and now is before a presidential emergency board.

W. F. Coff, assistant president of the BLFE, will explain the new vacation plan, reached last week and by all five railroad brotherhoods.

Fort Pierce Favors State Sales Tax

FORT PIERCE, May 2.—(AP)—Replics received on a far in a Chamber of Commerce poll here show a preponderance of sentiment in favor of a state sales tax.

Out of 87 replies that had been received today, 60 favor a sales tax of one, two or three percent with various exemptions, and 18 oppose a sales tax of any sort.

Most U. S. Businessmen May Disappointed With April Showing

NEW YORK, May 2.—(AP)—Most businessmen enter May disappointed with their showing in April. Business in April wasn't so bad, but it wasn't good enough, either.

They had been told April was the month to watch for signs of a returns aren't in—and the heavy avalanche.

Nature had a lot better luck than government in getting business some shots in the arm in April.

Nature's seasonal buying program, spring production and outdoor activities helped some industries hold a steady pace, led others to turn minus signs into plus.
