Entzinger Makes 2 Touchdowns For Lyman While McCloud Stars For Darters

APOPKA—Big "Red" McCloud, halfback and captain of the Apopka Blue Darters, hammered away at the Lyman Greyhounds like a wild-man yesterday afternoon, but despite his great running, the Blue Darters went down in defeat by a score of 14 to 12.

As usual McCloud did most of the ball carrying for Apopka, piling up 84 yards from scrimmage besides making one of the touchdowns and setting up the other one.

It was McCloud, who marched down the field early in the first quarter to put the Darters in scoring position. After leading his mates down to Lyman's 10-yard stripe, he shot a pass to Godding, who crossed the pay dirt standing up. Try for the extra point over the line failed.

Although McCloud stood out as a star for Apopka, there was another great little man on the

field, who chalked up both touchdowns for Lyman. He was Full-back Entzinger. And besides his great running, he turned in some nice kicking, getting off several punts for 65 yards.

Soon after Apopka scored in the opening period, the Greyhounds took the ball after the kickoff and marched down to the 20 yard line, where the ball was given to Entzinger and he roared around right end for the tally. He also kicked the extra point.

Entzinger turned in his second touchdown of the afternoon in the second quarter when Apopka, on their own goal line, kicked a punt which went straight up in the air, falling on the Darters' 10-yard line. Entzinger recovered the punt and stepped across the pay dirt to M Hudson's 10-yard line.

Apopka also scored in the second period as McCloud went over on a short run after he had led the Darters try the field again.

Lyman threatened to chalk up a third touchdown in the second period when they drove down to Apopka's one-yard line. But the

Injuries Badly Cripple Tars For Havana U. Game

Several Regulars To Be On Sidelines For Another Week

WINTER PARK, Nov. 8.— Jack McDowell will give his badly crippled Rollins squad another light day of practice today in preparation for the international encounter Friday night in Orlando against the University of Havana.

With four of his regulars on the sidelines for at least another week, McDowell yesterday tried various barefield and line combinations in short signal and dummy scrimmage drills, contact work for both the freshman and varsity squads has been discarded this week because of the fear of further injury to the players.

Ollie Daugherty, Little Entente back of two seasons, Dick Turk, stellar center, Lou Betha, brilliant sophomore runner, and Earl Thompson, veteran and dependable tackle, are all out of action until the Ohio Wesleyan game next week. Earl Brankert, sophomore blocking back and placement kicker extraordinary, is still supporting a separated shoulder in a sling and will probably be out for another two weeks.

McDowell used senior Snooks Melonis in place of Daugherty in the right wingback slot for the first string backfield yesterday. Melonis formerly ran from the left, but with Joe Justice performing in brilliant style at this post, McDowell decided to shift Melonis.

With both Betha and Daugherty out, Rollins will be weakened at the wingback positions, with only little Sammy Hardman ready for reserve duty. Both Betha and Daugherty ran from right, their loss leaving a decided gap at this post.

The starting line-up follows:
APPOPKA: Pos., P. Jones; QB, L. Williams; HT, L. Williams; LT, J. Williams; LG, J. Williams; RT, J. Williams; C, J. Williams; RB, J. Williams; FB, J. Williams; K, J. Williams; P, J. Williams.

Feds Get Light Workout For Game With Orlando Tonight

By JULIAN STENSTROM
Herald Sports Editor
 Head Coach Leonard L. McLucas sent his 1938 gridiron machine through a light workout yesterday afternoon in preparation for the annual classic tonight with the Orlando Senior High School Tigers.

Head Coach Harry Greene of the Orlando aggregation sent his crippled machine through a light but fast session featuring signal drills and a punting practice.

The game was originally scheduled for last Friday night, but was called off because of rain. Coach Harry Green is none too optimistic over the outcome of the contest tonight as the Orlando eleven will be minus the services of two of their star players. Mundy Arnold, best runner on the squad, as well as being one of the passers, has an injury that will probably keep him out of the line-up for a couple of weeks. Maurice Linton, the best end on the squad, is still nursing shoulder

and hip injuries and it is not likely that he will get into the scrap with the Feds.

Coach Greene made several changes in the line-up, which was scheduled to start last Friday night. He has substituted Knight at left end in place of Phillips and will use Phin at left tackle in place of Keith. And Flanagan will start at left guard, taking the place of Sheppard.

The Feds are hoping for an upset tonight as they have been pointing to the Orlando game all season. It is their great game of the year and will be out in full force to turn back the Tigers.

Sanford has been defeated twice this season, by Daytona Beach and Ocala. The Tigers have also lost a pair of games, to Daytona and Robert E. Lee.

New Dealers Are Delivered First Major Election Defeat In Six Years

Democrats Retain Congress Control

Republicans Elect 11 Senators And Gain 62 Seats In House

The Republican party hit the comeback trail of political power today by upsetting Democratic regimes in a dozen strategic states, among them Pennsylvania. It delivered to the New Deal its first major election reverse since Franklin Roosevelt six years ago.

Democrats, nevertheless, retained control of Congress and more than half the governorships. An early afternoon tabulation indicated the Democrats had elected 232 congressmen, the Republicans 143, the Progressives 2 while 58 were still in doubt.

Thus the Republicans already had a net gain of 62 House seats. In the Senate the Democrats elected 21, and had 45 holdovers for a total of 66. The Republicans elected 11, had 12 holdovers and a total of 23. Forty-nine is necessary for a majority.

Of the 32 governorships at stake, the Democrats elected 11, the Progressives 15, the Republicans 18 for a gain of 11, the Progressives and Progressives each lost one.

In the two biggest state elections—New York and Pennsylvania—the major parties split even. Gov. Herbert H. Lehman, New York Democrat, won re-election.

Proposed Bond Issues Defeated By Duval Voters

JACKSONVILLE, Nov. 9.—(AP)—Duval county's property owning voters yesterday voted "no" to the proposed bond issues in the second round in two months.

The vote in the School Tax District One (Jacksonville and immediate environs), was 6372 for; 452 against. The needed majority to meet the requirements of the state law which makes bond elections invalid unless a majority of the qualified freeholders actually participate in the voting was about 10,100.

The vote in the four county-wide bond elections was as follows: (the necessary majority would have been 12,422):

The \$917,000 in bonds for the improvement of the road system, including the creation of the Hogans route in the beaches, 8111 for; 295 against.

The \$2,200,000 for the proposed Arlington-East Jacksonville Bridge, 5434 for; 1840 against.

The \$352,000 for the building of an annex to the Courthouse 5238 for; 1124 against.

The \$65,000 for the improvement of the Army; 5315 for; 1099 against.

The total vote in the city-wide bond election was announced at 7:27 p. m. with the required majority 864.

The vote as to the individual issues was as follows: Auditorium, 5795 for; 784 against. Yacht basin, 5999 for; 1181 against. Incinerator, 4997 for; 531 against. Fire station, 4765 for; 786 against. Davis Street viaduct, 6418 for; 524 against. Broad Street viaduct and Myrtle Avenue viaducts, 4464 for; 703 against. Park improvements, 5598 for; 954 against. Airport improvements, 4191 for; 505 against. Sewers, 4646 for; 507 against. Street improvements, 4907 for; 688 against. Playgrounds in Merritt Hill, North and Grand Park, 3797 for; 501 against. Work Of American Red Cross Shows Volume Increase

Sharon Says Work Is Made Possible Only Through Roll Call

Along the nation's highways, in underprivileged homes and isolated communities, in hospitals, military stations, schools, and on far-flung beaches, the work of the American Red Cross has been carried on in increasing volume, James O. Sharon, Jr., local chairman of the annual Red Cross Roll Call, pointed out yesterday.

In reviewing some of the work done locally and nationally by Red Cross workers during the past year, Mr. Sharon said that great strides had been made in reaching increasing numbers of Americans everywhere, and cited the fact that in the Red Cross campaign to eliminate accidents in homes and on farms, 16,000,000 householders had been advised how to eradicate existing accident hazards.

"Red Cross public health nurses made more than 1,000,000 visits to or on behalf of the sick during the past twelve months," Mr. Sharon said. "They are carrying out their work in communities where nursing and medical aid are not readily available, including homes in mountains, in small country towns, on prairies, and on isolated islands off our coasts. At the same time, these nurses have examined 859,187 school children for possible physical defects that need correction, and where it was found necessary the proper treatment was arranged."

He said, too, that 298,022 pupils (Continued on page two)

Florida Voters Give Approval To Amendments

Pepper Given Overwhelming Majority Over His Opponent

JACKSONVILLE, Nov. 9.—(AP)—Florida voters, ignoring Gov. Frank P. Taylor's advice and advice of three other State Constitutional amendments in the ball referendum yesterday, rejected all amendments claimed as "No."

The voters, the usual overwhelming majorities to Senator Claude Pepper and A. Pat Cannon, the new fourth district representative, the only Democratic candidates to gain their offices who had kept the Republican opposition in check.

The voters approved the amendment which places the State University under Federal States Aid regulations and eliminates the Governor's power to suspend students.

The voters, from 596 precincts out of the State's 1334 gave the National Guard amendment 59 per cent approval.

The vote in 693 precincts was 56 per cent favoring the amendment putting public school appropriations on a parity with those for other governmental functions.

In 608 precincts the vote was 62 per cent for extending the term of office of judges.

The voters in 693 precincts voted 62 per cent in favor of the amendment requiring advance action before the introduction of local bills in the Legislature.

Retains from 646 precincts gave Pepper 80.1 per cent of the vote to 19.9 per cent for Thomas J. Swann, Republican.

83 Hotels Reported In Seminole County

TALLAHASSEE, Nov. 9.—(AP)—Winter visitors in Seminole county will find 83 hotels, apartments and rooming houses available for their use, with a total of 976 rooms, and operating under supervision of the Florida State Hotel Commission, it was reported today by Commissioner V. M. Taylor.

Statistics compiled by the hotel commission at close of the last license year on October 1 showed that the county has registered with the commission 21 apartment houses with 257 rooms; 22 apartment houses with 441 rooms; and 66 rooming houses with 278 rooms available.

Building Permits For \$4,700 Are Issued

Building permits in the amount of \$4,700 were issued by local Building Inspector G. P. Paxton at the City Hall yesterday, records revealed.

Riddle and Putnam, Inc., was granted permission to begin work on a house in Sanford Heights, facing 28th Street between Oak and Elm Avenues at an estimated cost of \$4,000.

The HOLC was also given permission to make repairs to a two-story frame building on Laurel Avenue between Ninth and Seventh Streets at an estimated cost of \$700. Clarence Smith, local contractor, will have charge of this work.

Golf Course Greens To Be Opened Saturday

The newly planted greens at the Sanford Country Club are coming along nicely, A. C. Fort, manager of the club, said today.

Few players patronized the course last week because they were forced to use improved greens, Mr. Fort stated, adding that the new rye greens will be opened for play on Saturday.

The greens were cut for the first time Monday and Mr. Fort stated that with favorable weather the greens will be in excellent shape for play over the week-end, at which time he expects a large patronage.

Citrus Pact Draft Will Arrive Today

Draft of a proposed marketing agreement for the Florida citrus industry will arrive in Orlando from Washington this morning by airmail, J. J. Banks, vice-president of the Florida Citrus Growers' Inc., announced yesterday afternoon.

Mr. Banks refused to say what the terms of the agreement would be but did admit that he expected the AAA officials had merely ironed out the technical details of a form of agreement asked by the growers during the recent Washington conference.

Since the return of the delegates from Washington, however, it appeared that the majority of the shipping fraternity, including the Florida Citrus Exchange was pulling for a grade and size agreement.

Townsendites Urged To Attend Meeting

All Townsendites are urged to be on hand at the regular Thursday evening meeting at 7:30 o'clock in the Welka Building by Secretary Arthur Kirchoff, who revealed today that Dr. Townsend has just returned from Hawaii and will report on the success of the transaction tax in the Townsend Weekly.

Mr. Kirchoff said election results Tuesday in the nation showed that Townsendites have strengthened their position in Congress.

Seminole County freeholders tracked to the polls in unprecedented numbers yesterday and voted 1332 to 231 in favor of a \$70,000 bond issue for the construction of a \$127,000 PWA County-owned hospital. With at least 63 blank ballots cast, the total number of freeholders voting reached 1626, or 233 more than the required number, on the basis of The Herald's unofficial tabulation of the results last night.

In the City election, H. James and George Rollins were elected to the Commission seats now occupied by W. R. Duffee and A. W. Lee who did not seek reelection.

In the City election, H. James and George Rollins were elected to the Commission seats now occupied by W. R. Duffee and A. W. Lee who did not seek reelection.

In Group No. 1, Mr. Gut received 382 votes to 382 for James G. Sharon, Jr. in an election which saw the heaviest turnout of voters in recent years. In Group No. 2, Mr. Rollins received 146 votes, James O. Huff received 1 vote, W. R. Ruff 1 vote, and Charles Stenworth 1 vote.

In the general election Claude Pepper won an overwhelming victory over his Republican opponent, Thomas E. Swann. All four of the constitutional amendments voted on yesterday also carried in the county as well as throughout the entire state.

In the hospital referendum the bond carried in every precinct except Altamonte which voted 4 to 19 against. Highest favorable percentages were recorded in Fern Park which was 37 to 1 in favor, and Slavia which was 18 to 1 in favor.

Ballot propositions in the City turned in striking majorities for the hospital. There were 1084 votes polled in Sanford with 899 (Continued on page six)

Arguments In Jarrell Case To Be Heard In High Court Dec. 9

State's Attorney David E. Boyle announced today that the trial of the Jarrell case will be heard in the Florida Supreme Court on December 9.

The case involves the activities of "Bolita" operators in Seminole County, and Boyle declared that the coming grand jury will take definite steps to halt the racket.

At opening of the Fall term of Court yesterday, Judge Boyd granted a motion by Mr. Boyle to quash the jury venire drawn in the case for the State's Attorney and will argue the case for the State before the high tribunal on Dec. 9.

Pointing out that the activities of "Bolita" operators in Seminole County are continuing despite warnings, Mr. Boyle declared that the coming grand jury will take definite steps to halt the racket.

The Sheriff's office today served summonses on those to appear in court for duty next Monday morning at 10:30 o'clock.

Mr. Boyle stated that the grand jury had the following cases on schedule for investigation: Frank King, negro, charged with murder; Jesse Avamy, negro, charged with murder; General Turner and Raymond Gatin, charged with larceny of a cow; Fred Whiddon, Andrew Tucker and Charlie Montes, charged with armed robbery; Harold Bright and Hubert Bowling, charged with breaking and entering; Robert Gooden, negro, charged with breaking and entering.

Also William Schultz and Myrtle Oglesby, charged with breaking and entering; J. C. Hastings, negro, charged with assault in an attempt to commit murder; William Clark, negro, charged with larceny of a cow; and Harvey Hodges, charged with embezzlement.

The Hospital Approved

Favorable weather conditions this time, as well as a city election and a general election, all contrived to bring out the vote in yesterday's hospital referendum...

It is difficult to imagine a public project more likely to enjoy unanimous approval than a hospital for the sick and injured in a county which needs a new hospital as badly as Seminole.

A hospital is something from which everyone in the whole county will benefit. Practically everyone, sooner or later, will have to make use of it, unless he is killed instantly...

Having such whole-hearted and widespread support, the actual construction of the hospital should under no circumstances be delayed.

FREE CONTEST FOR SCHOOL CHILDREN

\$1000 in Prizes. Nothing to buy. No labels to draw. In order to awaken the people of Florida to the possibilities of the State as a sugar producing section, the United States Sugar Corporation of Clewiston is offering \$1,000.00 in prizes to Florida junior high school students for the best essay on 'What Sugar Production Means to Florida.' This contest is open to all Florida junior high school students. Entry blanks and details can be secured from their teachers.

The contest opens November 15, and closes on December 1, 1938. Students can secure a free booklet from local grocers, 'Florida's Sugar Bowl in the Everglades,' containing helpful information about the history of sugar production in the State. This booklet is published by the refiners of Dixie Crystals Sugar, to assist in writing the essay, because all raw sugars produced in the Everglades are refined into Dixie Crystals Sugar.

Exhibition Of Art Is Proving Success

The art exhibition being held at the Woman's Club today and tomorrow by the Sanford Art Club is at least a success from the standpoint of interest shown by those desiring to exhibit their work.

The abundance and variety of work displayed—paintings, drawings, photographs and crafts—shows a surprising amount of enthusiasm for the first show of its kind in Sanford.

From the public's standpoint the show should prove very interesting, mainly from personal interest because of the large number of Sanford people exhibiting; because there is the consumption—the satisfactory results, of desires which most of us have to do something creative with our own hands; but which most of us never quite get around to; and, last but not least, there is some work of outstanding merit displayed.

All in all I believe that much of the work compares favorably with that showing currently in many contemporary exhibits in cities throughout the country, and if for no other reason every one who can, should go (it's free) just to see what his neighbors are up to.

DOG TOWN! PERTAS, Persia, WAS BUILT BY ALEXANDER THE GREAT IN HONOR OF HIS FAVORITE DOG!

DOG TOWN A great lover of animals was the young conqueror, Alexander the Great. Strange as it seems, so saddened was he on the death of a favorite dog that he built a city in his honor.

Over the grave of Peritas, the dog, grew the city of Pertas, once an important trade center in Persia, itself named after the animal, which died in the year 333 B. C. while its master was on his Persian campaign.

Similarly was born the city of Burephala on the River Hydaspes in India. This settlement was built over the grave of a dog, the phyla favorite pet of Alexander the Great, which died in the year 326 B. C. Alexander had bought the dog for \$10,000, about \$200,000 and the name was still used to this day.

News Of The World In Pictures

FLEMING TACKETT, 34-year-old coal miner, and his ten-year-old bride, Rosie Columbus, are shown above shortly after their wedding in the backhills of Kentucky near Paintsville. The two were married by the Rev. W. G. Ratliff, a blacksmith, who said the girl was represented as 14-years-old. Tackett and his wife have moved into a two-room log cabin with her parents, two brothers, a sister and "some in-laws."

Refugees from the first naval engagement in the North Sea since the World War are shown in the radiophoto above. Capt. Manuel Aguilera, center, master of the Spanish merchant ship Cantabria, and his young son and daughter are shown at Cromer, England, with British coast guards who rescued them after the vessel was shelled and sunk by the Spanish rebel cruiser Nadir 10 miles off the coast. By ironic coincidence, the one-sided "battle" was being watched from Cromer even while Prime Minister Neville Chamberlain was assuring the House of Commons that "the Spanish question is no longer a menace."

With two and one-half years of a 25-year sentence served, Phil Kennamer, son of ex-governor Judge Franklin E. Kennamer, is pictured leaving state prison at McAlester, Okla., to begin a six-month conditional parole. Judge Kennamer told prison officials his son's mother was gravely ill. In a sensational trial at Tulsa, young Kennamer was convicted of killing his triplet, John Gorrell.

Eyes dull with despair, this Sudeten Jewish mother and daughter huddle on the cold ground of a refugee camp in the no-man's-land between German Sudetenland and Czechoslovakia. Like hundreds of other Jews, they were forced from their Sudetenland home after Germany took the area, and refused entry into Czechoslovakia. They live by the roadside, penniless and hungry, scrounging in the fields for potatoes overlooked by harvesters. Their only shelter is a tarpaulin given by a sympathetic frontier guard.

Johnny Allen's arm trouble was one of the principal reasons why the Cleveland Indians collapsed in the American League stretch. Allen still complains of an ache in his salary-scaping elbow. Indeed it was made a southpaw of him, as shown above. The fiery right-hander plans having an X-ray taken following a hunting trip this month. Meanwhile, he is improving his St. Petersburg, Fla., home by building a new fence, among other things. Johnny, Jr., is now ailing, and the old man pounds the nails in strict sympathy.

Work Of American Red Cross Shows Volume Increase

While these were few disasters of spectacular national importance during the year, Mr. Sharon said, the Red Cross through this period has rescued, fed, clothed, and given nursing and medical care to 108,885 victims of floods, fires, storms, explosions, and many other types of disasters.

Mr. Sharon described the nation-wide campaign against death and permanent injuries on highways inaugurated three years ago by the Red Cross, and said that with 476 new stations reported in operation during the past year, the total number of emergency first aid stations has grown to 2,579.

All this work, Mr. Sharon pointed out, is made possible by the annual Red Cross membership Roll call held each year between Armistice Day and Thanksgiving Day.

Foreclosures, Wages Law Are Hit By Growers

Mr. Schmah intimated that the growers' association might ask for a hearing with Administrator Andrews in which exemption from the provisions of the wage and hour law will be sought for the processors of vegetables.

Although the wage and hour law does not directly apply to laborers on the farms, Mr. Schmah pointed out, not only the processors but all allied industries such as fertilizer manufacturers, crate manufacturers, and others are affected.

The meeting will be held in the Vocational Agricultural Building in the rear of the high school Monday night at 8:00 o'clock.

Demos Salvage Two Conceded Senate Races

Gillette Is Apparently Re-Elected In Iowa And Van Nuys Named In Indiana

GOP Wins 8 Senate, 78 House Seats Triumphs Make Certain Strong Minority Opposition

In belated returns from Tuesday's general election the Democrats today salvaged two senatorships in races where they previously had apparently been defeated.

Senator Guy M. Gillette, Democrat, apparently was re-elected in Iowa as a result of the unofficial general election calculations given by the Associated Press. The Republican incumbent, Fred C. Robinson (R), while in Indiana, newly Senator Frederick Van Nuys, Democrat, had a lead of more than 2,000 votes over Republican F. Willis Angolia, Republican, with only scattered precincts in counties in which Van Nuys had been running ahead.

Even so, the Republican controlled 11 new governorships, eight new senate seats and 46 of the 78 new House seats. It was on their own side that they began a two-year struggle with Democrats for power.

The Democrats, characterizing many of their losses as "stolen" by the Republicans, will probably administer the New Deal sentiment. But the Republicans came out of the election with 14 senators, 10 compared with seven before.

These triumphs, more extensive than many Republicans had predicted, made certain strong minority opposition in both the House and Senate next session.

Against the Republican triumph, there were offsets. One of these was a narrow Democratic victory in the all important state of New York, which returned Herbert H. Lehman, Democrat, in the governorship.

In addition the Democrats took California, which has had a Republican governor for many years, and replaced the Republican governor of North Dakota with one of their own party. They also placed a Democrat in the governor's chair in Maryland, formerly held by a Republican.

But while the Democrats and the New Deal lost much, they had much to lose. The results left the party securely in control of both house and senate, although the Republican gains really increased the potential effectiveness of a coalition of Republicans and anti-New Deal Democrats.

The returns pushed the stock market into an energetic upward swing that produced new highs for the 1936 bull trend. And the bullish spirit was abundant, in gains for bonds and commodity prices, although the latter were moderate.

Dr. Langley Shows Slight Improvement

Dr. W. T. Langley, local physician, is slowly improving from the serious arm injury he sustained several weeks ago, Mrs. A. W. Lee reported today on her return from the Bay Pines Veterans Hospital near St. Petersburg where the physician is now receiving treatment.

Dr. Teague and Dr. S. Puleston reported, Mrs. Lee said, that no amputation would be necessary from all appearances although Dr. Langley will probably lose the use of two fingers on the injured limb.
