ELECTION DAY VERY QUIET WITH LITTLE INTEREST IN THE GENERAL RESULTS

SCHOOL AMENDMENT WILL BRING THE VOTERS TO THE POLLS TODAY

FLORIDA IS QUIET

But Other Parts of the Country Will Have Several Hard Fights

Election day is passing off quietly and safely today and the same report comes in from the county precincts. It is thought that a light vote will be polled since there is very little interest in the general election aside from the earnest desire to vote on the school amendment allowing a ten mill tax for school purposes. The ticket is not large and the voting has been fast and the work of the clerks tonight will be much easier than in the state and county elections when so much interest is manifested and the first and second choice votes take up the time of the clerks.

JACKSONVILLE, Nov. 7.—Florida's election machinery has been solid and is working in today's general election. Four constitutional amendments including the aged matter of re-appointment of the legislature are before the voters, while the nominees of last June's Democratic primary are expected to be elected with the exception of a few county offices where opposition to the established Democratic order has developed.

The Republicans have more candid dates in the field than they have ever advanced in this state in an "off year" election.

In a Democratic stronghold, however, interest centers on how much strength the Republican candidates will show, rather than their possible election to office.

More than usual attention will be given to the contest for the office of state school superintendent by W. S. Cawthorn, serving in the office now, and R. R. Riley of Jasper. Mr. Cawthorn carries the endorsement of the state Democratic executive committee. Mr. Riley's name has not been put on the ballots in some counties on the alleged ground that his petition was illegal.

Local contests will be held in Lee, Palm Beach, Pinellas, Glades and other counties, where the Democratic nominees for county offices are opposed by either Republican or Independent aspirants.

More than ordinary interest attaches to the issue in Lee county. Robert W. Henderson, the Democratic nominee for the legislature, is opposed by Francis W. Perry, an Independent. Mr. Perry served in the legislature at its last session, and was an unsuccessful candidate for the nomination of senator for his district in the primary. Mr. Henderson is an avowed county divisionist, while Mr. Perry is against a split.

Republicans are watching the strength polled by W. C. Lawson, of Orlando, as an "Independent Republican" candidate for the United States senator's office in opposition to Senator Park Trammell. Mr. Lawson heads the party recently organized at Orlando, on a "fily white" patronage basis, as opposed to the regular Republican party.

The regular Republican party is running William Gober and Howard McKay, in the first and fourth congressional districts, respectively, in opposition to Representative H. J. Drane and W. J. Sears, Democratic nominees.

Advocates of the proposed constitutional amendment to authorize an increased tax assessment in special school districts look for little opposition, while little interest has been manifested in the amendment to pay county officers their salaries monthly instead of semi-annually and providing for an additional judge in circuits where the population is more than 75,000.

The proffered reappointment solution is another matter. It holds the center of the stage and its outcome is enshrouded in uncertainty.

ATLANTA, Ga., Nov. 7.—Today

ROTARY CLUB IS ENTERTAINED BY PRESIDENT

HAD FINE MEETING AND DINNER AT HOME OF MR. AND MRS. D. L. THRASHER.

The Sanford Rotary Club had a treat last night when they were invited to the dinner guests of President D. L. Thrasher at his home on Park avenue to help him celebrate his birthday anniversary, which occurred last Friday and also as a compliment to the club from their president.

About twenty-five members sat down to the tables in the spacious dining room promptly at 7 o'clock, and were served with a regular Thanksgiving dinner with turkey and cranberry sauce, flavored by ice cream and cake and coffee. Three tables of Rotarians dined with one table of guests, which table could sing the latest hits, including songs of Rotary and with merry jests the happy occasion was soiced.

President Thrasher announced that no one would be allowed to make a speech but himself and, being in his own home, he got away with it and gave the members a short talk on Rotary spirit and told them every thing about his birthday except his exact age. Judge Householder spoke about the attendance race and about the trip to Tampa on Tuesday, the 14th All Florida Rotary Day, and it was finally decided that if Harry Stevens could make suitable arrangements with the A. C. L. the entire club would journey to Tampa in a special coach. The train would leave at 2:30 Tuesday morning and would get to Tampa early enough to attend all the features of the convention and would see the boys all day of Tampa and then would return here on Monday. The day night, making a very fine schedule if the price is right.

B. F. Whitner expressed the spirit of the club in a few well chosen words of appreciation of the boys to the president for his dinner party and wished him many happy returns of the day.

Dr. Walker, of the Methodist church, was made a member of the club and after business was transacted and at a late hour the members departed, wishing for their host a fine term in office as president, pledging him their support and wishing him long life and happiness.

INTERESTING MEETING.

Monday evening the Catholic Women's League met in their hall and a very interesting evening was spent and many plans were made for the coming season.

Every Monday night the league meets and we hope that the membership will continue to increase and that soon we will have every lady of this parish a member.

The lectures given by Rev. Fr. Hennessy are most instructive and of the highest class. He, having studied Shakespeare, will include some of his works and there will also be a talk from the different members on various subjects during the winter.

So remember that we meet at 8 o'clock sharp every Monday.

A party of people here from Atlantic City heard our band concert Sunday and said it was as good as any of the concerts given by Arthur Pryor at Atlantic City this summer. They were also amazed at the very reasonable figure at which Sanford is able to secure this wonderful musical organization.

The big Duplex perfecting press recently purchased by the Herald Printing Company is being moved here today and will be erected during the next few days and give Sanford one of the finest newspaper plants in the South.

PRESIDENT HARDING CALLS SPECIAL SESSION CONGRESS TO CONVENE NOVEMBER 20

While Not Exactly Committed to Call Will Undoubtedly Do It

WASHINGTON, Nov. 7.—President Harding expects to issue a call on Thursday or Friday for a special session of congress convening November 20th, it was announced today at the White House. It was said although the president was not irrevocably committed to proposal for special session which has generally been expected by congressional leaders, only eleventh hour change of mind would prevent him from issuing a call. Plan for special session after election has received general endorsement of senate and house leaders. Although the program for the session has not been worked out definitely it provides for consideration of the merchant marine bill by the house and the Dyer anti-lynching measure by the senate. The Dyer bill already passed the house.

TURKS CALL FOR MEN, WILL FORCE NEW WAR WITH RELIGIOUS FERVOR

(By The Associated Press) CONSTANTINOPLE, Nov. 7.—At one time, the Constantinian Anti-Nationalist newspaper said, the Turkish government has been both by the Turk and by the Allies. Now the government has been both by the Turk and by the Allies. The Turkish officials today have a message to the world. There is much speculation as to the effect the action by the Turkish government will have on the world. It is predicted that this may lead to the destruction of the Sultan's empire. The Near East, which has been a scene of much trouble since the war, is now in a state of confusion. It is predicted that this may lead to the destruction of the Sultan's empire. The Constantinian correspondent of the Daily News reports that 1,000 Turkish ex-soldiers in Constantinople are under arms to repel the colors of the Allies in Western Thrace. Fear of Bolshevik influence on the Kemalists pops out frequently in the press.

RESCUE WORKERS SEARCH THE WATER SOAKED PASSAGES FOR OTHERS

NUMBER UNKNOWN OF Those Entombed But Believe Death Toll Will Be Between Fifty and Sixty

(By The Associated Press) SPANGLER, Pa., Nov. 7.—The bodies of fifty miners who lost their lives in the Reilly mine explosion here yesterday lay in the temporary morgue at nine o'clock this morning. Thirteen more were in sight in the mine, rescue workers said, and thirty-two injured are in the hospital. Summary of situation at that time, men in mine when explosion not more than one hundred and twelve. Bodies recovered, 50; bodies located in mine, 14; injured in hospital, 32; total accounted for, 95. Still more uncertainty as to number who went to work yesterday but pointed out that if the total was 112 as some authorities believed, the missing seventeen miners probably would be found in the eighth heading where the water had risen so rapidly exploration this morning was impossible.

SPANGLER, Pa., Nov. 7.—Gas choked the hands of the Reilly men giving up their dead today. Forty victims of the explosion were brought to the surface early today as the rescue workers searched through the water soaked passages for the remaining twenty to twenty five believed to have perished when the blast entombed more than ninety men soon after they reported for work yesterday morning. The mine officials are not certain of the number of workers who perished when the disaster occurred. They expressed the belief that the death toll would be between fifty and sixty.

Thirty three men rescued are in the hospital here and physicians said they would recover. The task of removing the dead began at 2 o'clock this morning after the widows and children of the missing men were induced to return home. They stood in a misty rain all day yesterday. The miners had here been converted into morgues. The undertakers here, and in Bantistown and Johnstown were ordered to prepare for the dead men. Early today some undertakers were washing and embalming the mine soaked bodies in the hall here. Every truck and wagon in Spangler were pressed into service as morgue wagons.

SPANGLER, Pa., Nov. 7.—More than fifty miners are believed to have lost their lives in an explosion in Reilly mine of the Reilly Coal Co. here, yesterday morning. Exploration of the workings by trained miners was being continued today. Some of the dead had been brought to the surface at 10:30 last night.

Thirty bleached survivors—most of them young men—lay on a double row of cots in the miners' hospital here last night, anxiously watching the entrance to the big room. They were the known survivors of the 94 miners who went into the mine yesterday morning a few minutes before a terrific explosion. The exact number of the dead was still undetermined.

Their vigil began when the first eight were brought to the hospital. The entrance of stretcher bearers meant that another comrade had been dragged from an underground surge of gas.

At 7:30 o'clock yesterday morning, the explosion occurred in the heart of the mine. As soon as miners from neighboring pits could reach the mine, the preliminary work of rescue began and it was supplemented later in the day by trained engineers from the United States bureau of mines in Pittsburgh and the rescue crews of neighboring mines.

The rescue men all told the same

BIRTHDAY PARTY

Mrs. George Davis Hart entertained most delightfully Saturday afternoon in honor of her little daughter, Cora, whose sixth birthday anniversary it was.

Yellow and green, the dainty color scheme, was beautifully carried out in the decorations and details of this pretty party. In the dining room, festoons of yellow were fastened from the corners of the room to the chandelier. The lights were also covered with yellow shades which cast a mellow glow over all. The dining table was centered with the birthday cake, and in yellow and topped with six yellow candles. The decorations of a stream and cake also carried out the color motif.

During the afternoon games were played on the spacious lawn. The children were assisted in these by Misses Lettie Caldwell, Kathleen Brady, Lillian Brown, Rebecca Stevens and Lillian Peck. The first of these parties was held at the home of Mrs. J. P. Hagan, 419 Georgia was the occasion of a most delightful and pleasant afternoon. The guests included Mrs. J. P. Hagan, Mrs. Graham and Mrs. Godwin.

SANFORD BAND

The Sanford Band under the leadership of Mr. Ball, has brought a splendid program of musical entertainment to the city.

Much credit redounds to Mr. Peatman and the Chamber of Commerce for giving us so laudable an organization. We can not afford to be indifferent to this musical opportunity to our own people and the visitors who would entertain in this delightful and educational way.

City bands are frequently a municipal affair. All over the country the movement for good music free to the people is growing apace.

Municipalities are beginning to find out that it is good business to bring a little of happiness into the lives of the masses. It is coming to be recognized that with the increasing humdrum of the average person's life intelligent recreation in which music must have a leading role, is as important as food and drink. The clothes we wear, the bed we sleep on.

One writer has said: "The great social unrests, the labor troubles, are largely due to the monotony of the average person's existence."

F. S. M.

The man who disparages music as a luxury and non-essential is doing the nation an injury. Music now more than ever before is a present national need. There is no better way to express patriotism than through music.—Woodrow Wilson.

MUSICAL NOTES

Sunday afternoon our Municipal Band rendered a splendid program at Central Park and judging by the audience, which left no parking space around the park and filled the benches, is becoming one of the city's greatest assets. A number of distinguished out-of-town visitors were present from Orlando, Geneva and Ovid.

Among the numbers played were "Morning, Noon and Night" by Von Suppe, the Polish composer, who was born in Dalmatia, in 1820, and died in Vienna in 1895. Also the famous waltzes "On the Beautiful Rhine" by Keler-Bela, and the always popular, "My Old Kentucky Home" with variations for all instruments. W. H. Harvey beautifully rendered a cornet solo.

DAYLIGHT RUNS WILL BENEFIT PALATKA

There is now every reason to believe that Palatka will soon have a passenger service which will be of considerable benefit to the city, as the trip by boat from Jacksonville has heretofore been made at night when it was impossible to enjoy the varied scenery to be viewed along this great waterway.

It is now highly probable that the new line of boats will be on the run. The reports state that but one boat will be placed in service at the commencement, while another will be held in reserve until the patronage shall warrant the addition.

ORLANDO'S PUBLICITY TAX.

There has been some doubts in the minds of some as to the feasibility of the soundness of a publicity tax for advertising cities, but there is no doubt with those who have tried it out. The publicity tax is the only way to organize a real effort toward advertising a city or county and the only equitable manner in which to assess the burden upon all alike.

ELECTION DAY VERY QUIET WITH LITTLE INTEREST IN GENERAL RESULTS

story as they came to the surface. They declared bodies were scattered through the workings for more than 500 feet.

"The sad part of it," said one sturdy miner, "is that at least 20 of the victims were within a hundred feet of fresh air when they were overcome by the gas."

Every effort last night was being made to locate all of the living. As soon as that has been done, the work of removing the dead will commence. Men, women and children by the score crowded the police lines near the shaft. Many of them had been there since they heard of the explosion early in the day, and there was no indication that they would leave their posts until the last body had been brought out.

On the "cot of honor" at the hospital rests a youth of 22. His name is Abe Craig. His condition saved at see the outcome of one of the most vigorous campaigns the Republicans have ever conducted in the South, when the voters of all parties go to the polls to name a full Southern representation in the lower house of congress, select United States senators from Florida, Georgia, Mississippi and Virginia in addition to electing governors in Georgia, Alabama and Tennessee.

The Republicans have candidates in the field in all of the ten Virginia congressional districts, none of North Carolina, ten and other districts scattered throughout the South. They have secured their fight largely in Tennessee, however, where a determined endorsement of both state and national Republican administrations with Governor A. Taylor, Republican incumbent, seeking reelection, Austin Peay, Democrat, and Newt Sanders, former Republican United States senator, trying to overthrow the Peay-McKellar Democratic administration from Tennessee.

At the annual election of officers of the national congressional and state legislative bodies, state and national confidence claims of victory in both the Republican and Democratic camps.

The national ticket, centered around the state face, the "boiler" campaign of the Democrats, New Jersey, New York, Connecticut, Rhode Island and Maryland. New Hampshire does not hold a national election this year. The Massachusetts election has been postponed.

The rights of the Bay state has attracted widespread interest because the veteran Senator, Henry Cabot Lodge, Republican leader in the senate, is a candidate for reelection. His Democratic opponent is William A. Clayton, Boston banker.

The state of New York has a very close contest between Governor Charles D. Anderson, Republican, and Governor George P. M. Leary, Democrat, who is running against the former Governor, K. Livingston Beckman.

The seat of Senator Jos. I. Francis, Republican, of Maryland, has been sought by William C. Bruce in a vigorous campaign. Pennsylvania will elect two senators, the Republican incumbents, Geo. Wharton Pepper and David A. Reed, being candidates for reelection. Mr. Pepper is now filling the unexpired term of Bois Penrose and Mr. Reed is filling the unexpired term of the late Senator Clegg.

Two gubernatorial campaigns in New York and Pennsylvania have attracted national interest. In the empire state, Governor Nathan L. Miller, Republican, is a candidate for reelection, his opponent being ex-Governor Alfred E. Smith. This campaign has almost eclipsed all other contests in the point of popular interest in the state.

In Pennsylvania, Gifford Pinchot, who focused attention by wresting the Republican nomination from the regular organization, is opposed by John A. McSparran, active in the Keystone state grange. Close contests were indicated in many of the congressional elections. Republicans and Democrats alike claiming gains.

CHICAGO, Nov. 7.—Weather conditions throughout the Middle West and Mississippi Valley, with the exception of the Dakotas, are reported as favorable for today's election. Rain and snow in the Dakotas have

rendered roads in many sections impassable and threatens to cut down the country vote. Republicans and Democrats in South Dakota claim, as a result, they will have an advantage over the farmer members of the Non-Partisan League. The league candidate for governor is a woman, Miss Alice Lorraine Daly.

In Texas, the supreme court, in an eleventh hour decision, yesterday ordered the name of Earle B. Mayfield, the Democratic candidate for United States senator, printed on the ballots. The word was sent to all county clerks but some doubt exists whether all can comply in time. Injunctions by his political opponents had prevented the printing heretofore. Then name of his Republican opponent, George B. Peddy, has been barred from the ballot because he was not nominated by a regular party convention.

In Ohio, a vote buying scandal has broken, with the arrest of one man and the issuance of warrants for four others, charged with attempting to buy the votes of absentee voters of Pike county. Fresh package Codfish, Salt Mackarel, Kippered Hering in cans, Apalaheicola oysters. Popular market. 191-2c

FORTY EXPLOSION VICTIMS BROUGHT TO THE SURFACE OF PENNSYLVANIA MINE

(Continued from page 1)

At least a dozen lives. Rescue forces were made up of skilled miners from Spangler and vicinity in charge of engineers of the United States bureau of mines and the mine rescue crew of Cambria Steel Company, which arrived here early yesterday afternoon. They work unceasingly in a short relay, bratticing the workings so as to change the gas and admit pure air from above. They gave no intimation as to when the work would be completed, but each relay, as it came to the surface, said they were making progress.

Other volunteers gathered the dead and injured which were scattered in the workings not far from the foot of the shaft. The dead were placed in a subterranean room and the injured, swathed in blankets, were taken to the surface. Three first aid stations had been established by the Spangler physicians and the Spangler Chapter of the American Red Cross. They were re-informed later in the day by ten Red Cross nurses from Johnstown.

CAME 15 MILES FOR MORE RECUMA

Quick Return of Wife's Strength And a Gain of Forty Pounds In Weight Related by J. M. Smith

Jacksonville, November 6.—Last Saturday the crowds in Williams' Pharmacy waiting to get RECUMA witnessed an unusual sight when Jim Smith of Crawford, Fla., came into the store and insisted in seeing the RECUMA man.

"I came all the way from home to tell you how much good your RECUMA did for my wife," said Mr. Crawford. "Mr. Williams told me this RECUMA was the best medicine he had ever seen, and that it would bring her strength back so she could do her work around the house once more."

"But it did more than that. She has also gained forty pounds, and she now weighs a hundred and sixty pounds. Why, she got well so quick we couldn't realize that it was true."

When the RECUMA man first came here, he said that the many people who had gotten the medicine would be back in about a week to tell him of the miraculously quick results they would get by using RECUMA. This prediction is being borne out from the tone of Mr. Smith's story of his wife's return to health and strength in only a few days.

Many Coming Here

This miraculous RECUMA treatment has been secured here by the Union Pharmacy who is supplying it to the many people who have been sending to Jacksonville for it.—Adv.
