

## PLAN CONCERTED DRIVE ON ALL FLORIDA LIQUOR AND DRUG SMUGGLERS

Chief of Prohibition Agents Will Operate Along the Coast

### MIAMI WILL BE HEADQUARTERS

IN ADDITION TO FLORIDA AGENTS WILL TAKE MANY FROM FLORIDA

(By The Associated Press) WASHINGTON, Feb. 3.—Plans for a concerted drive on the liquor and drug smugglers along the Florida coast was announced today by L. G. Nutt, acting chief of general prohibition agents. Special force was detailed to Florida for thorough cleanup and will be in charge of General Prohibition Agent E. B. Honson, of Savannah, Ga. A special squad will operate along the entire Florida coast with Miami as headquarters. In addition to agents available in Florida and those Honson will take from Georgia a number of expert enforcement officers will be detailed from the Washington office. "We are going after the smugglers with a vengeance determined to get results," said Nutt.

MIAMI, Feb. 3.—Orders issued in Washington for a drive against the liquor smugglers in conformity with a request made several weeks ago by a delegation of local prohibition workers headed by William Jennings Bryan, who went to Washington and laid before the authorities alleged facts as to conditions here.

JACKSONVILLE, Feb. 3.—The Anti-Saloon League of Florida had prepared to send a huge petition to Lansing, it was learned today. The pastor of every church in Florida was provided with blank petitions and was asked to have members of the congregations sign it next Sunday. The petitions were to be delivered to the league officials at an annual state meeting next week in Orlando. The petitions would have asked the president and prohibition commissioner to do the identical thing ordered at Washington today.

### KENYON MAY PROVE TO BE INELIGIBLE FOR U. S. JUDGESHIP

But Congress Has Power To Pass Special Act In His Favor.

WASHINGTON, Feb. 3.—They appointment of Senator Kenyon, of Iowa as a United States Circuit judge may result in the passage of a special act by both houses of congress to meet completely the situation, it was intimated tonight in some administration circles. This course may be necessary it was said, because the salary of the United States Circuit judges was increased by congress in 1919 from \$7,000 to \$8,500 when Senator Kenyon was a member of that body and the constitution expressly states that: "No senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States which shall have been created, or the emoluments whereof shall have been increased during such time."

It was recalled tonight that the late Senator Ransom, of North Carolina, was appointed minister to Mexico in 1889 after the salary had been increased during his term as senator and under an opinion from the attorney general relinquished the post. But when the late Philander C. Knox was appointed secretary of state by President Taft after the salary for that office had been increased during his term as senator, it was further recalled, he was appointed to that salary which existed before the increase and subsequently the increase was accorded him through a special act of congress.

## SIX MORE DEAD ARE FOUND IN COAL MINE

BRINGS TOTAL UP TO TWENTY-TWO IN COAL MINE HORROR

(By The Associated Press) GALES, Pa., Feb. 3.—Six more dead were brought to the surface from the shaft of the Gales mine of the H. C. Frick Coke Company early today, bringing the total to twenty-two. The belief is expressed that the toll may mount higher. Reports indicated at least thirty men in section at the time of explosion.

### SUPT. DUMAS OF THE A. C. L. AND DR. OWEN SPEAK TO KIWANIAN

Brady—Sanford's Song Bird Delights Club Members With Several Songs and Sketches.

A meeting full to the brim of good spirit, information and entertainment was the Kiwanian Luncheon at the Valdez yesterday.

Brady—Sanford's Song Bird was present, the guest of Sam Lloyd, and delighted the club members and visitors with several of his high class solos and character sketches.

Superintendent Dumas of the A. C. L. was the ten minute speaker of the day and with his usual good humor and wit began his talk with some witty remarks that brought volumes of laughter from his hearers and after getting the club in an exceptionally good humor launched into a discourse replete with valuable information with reference to the transportation facilities of Sanford. Mr. Dumas dealt with the history and growth of transportation and said that in 1844 there was no regular schedule, except a weekly boat, made to Sanford, but in 1871 dirt was broken to make way for the South Florida Railway, and that in 1880, the first passenger train run out of Sanford as far as Longwood, and in 1884 the trip was completed to Tampa, while in 1886 the J. T. & K. W., connected Jacksonville with Sanford and Tampa. That in 1898 four cars of vegetables were shipped from Sanford, while in 1921, last year, there were shipped from Sanford 3027 cars of celery, 1834 cars of lettuce, 663 cars peppers, 283 cars cabbage, 150 cars tomatoes, and 140 cars miscellaneous vegetables. These were figures on solid car lots, and did not include express shipments, nor any shipments of other vegetables.

Dr. Owen the evangelist, who is to conduct a series of meetings at Oviedo next week was a visitor and addressed the club along the lines of Civic development.

The pill was slipped to B. L. Perkins, who will speak four weeks from yesterday. Brax says he will surprise the boys.

### Balloon Ascension Postponed Till This Afternoon, too Windy

The balloon ascension was postponed this morning after the big bag was half inflated on account of the high wind making the work on inflation almost impossible. The balloon was half inflated but the wind blew so hard that it was thought dangerous to try to get it filled as there is danger of fire and burning up the big bag. Miss Jaeger was greatly disappointed as it seems that luck is against her getting up this week and since her contract calls for two ascensions and the people were here yesterday and are here today she feels very keenly the disappointment and she is just as badly disappointed as the audience when she cannot inflate the balloon. However, if the wind calms down she will try to again this afternoon between 3:00 o'clock and dark and will give another exhibition tomorrow sometime between ten in the morning and six at night. Miss Jaeger is one of the best in the profession and is very anxious to give Sanford people a good exhibition of parachute leaping.

## SCHOOL LUNCHEES HAVE BEEN SUCCESS, INTERESTING REPORT

At a meeting of the Woman's Club on Wednesday afternoon, a report of the School Lunch for the first semester was given. The treasurer's books had been submitted to Superintendent Lawton for auditing and his report follows:

After thoroughly auditing of the accounts of the School Lunch Room, as kept and submitted by Mrs. E. P. Morse, I wish to advise that I find them correct and complete, all receipts and disbursements properly entered and the balance on hand in agreement with the balance shown by the statement of the Seminole County Bank, said bank being the depository for the funds of this account. It seems to me unnecessary here to make a report in detail of the items of expenditure, as the ledger showing all receipts and disbursements may be submitted to you along with this report.

Great credit is due the management for the following excellent record: (This record does not purport to show funds received and disbursed for the initial construction and equipment of the building, but exclusively funds used for current expenses in the operation of the institution).

Receipts	
Receipts from sale of meals	\$1,761.44
Receipts from donation by the Mother's Club	10.00
Total receipts to date	\$1,761.44
Disbursements	
Groceries and help	\$1,439.02
Actual profit in current operation	322.42
Total	\$1,761.44
This profit of \$322.42 is accounted for as follows:	
Expended for printing and extra equipment	\$238.71
Balance in bank	83.71
Total	\$322.42

The stock of groceries now on hand is inventoried at about \$40, which is, however, practically off-set by outstanding, unpunched meal tickets.

Free lunches has been given to deserving children during the sixty-six days of operation to the amount of \$92.40. If this sum be added to the profits as indicated above, the total profits would amount to \$414.82.

The above report, in my opinion, reflects great credit on the excellent management of this institution by the ladies promoting and operating it,

## JAPS MAKE CONCESSIONS IN THE MANY DEMANDS--- MEET CHINA HALF WAY

### CONGRESS TO ACT ON FORD PLAN WITHOUT DELAY

PEOPLE BACK HOME ARE URGING QUICK ACTION ON THE MUSCLE SHOALS PLANT

(By The Associated Press) WASHINGTON, Feb. 3.—Prompt action marked the reception by congress yesterday of the Ford proposal for lease and purchase of the Muscle Shoals, Ala., nitrate and water power projects as referred to the House by Secretary Weeks for its decision and afterwards consideration by the senate.

Speaker Gillett sent the offer immediately upon its receipt to the House military affairs committee, while members of the interstate commerce committee indicated they might seek a change of reference to their body.

Chairman Kahn of the military committee contended, however, that the report had properly been referred to his committee and pointed out that its members already had inspected the site and works.

For that reason, Mr. Kahn said, expeditious action by his committee could be taken and, in the event hearings were held, they would not be protracted. With the exception of Secretary Weeks and probably Mr. Ford himself, who might be called to testify, few other witnesses were understood to be under consideration in that connection.

Evidences of equally rapid action by the House itself after the committee's report with reference to recommendations that the proposal be accepted or rejected is made to the body, were somewhat more dimmed. A keen interest in the matter already has been manifested by a large number of House members, and indications were that they would discuss the question at some length before a final vote could be reached.

Frederick E. Engstrom, who has submitted to Secretary Weeks an amended proposal for the lease and operation of the Muscle Shoals properties, issued a statement yesterday after publication of the Ford proposal.

"My proposal," Mr. Engstrom said, "contains no conditions which might prevent the manufacture of nitrates. The entire development of the project will be devoted to the manufacture of nitrate and to nothing else. The present nitrate plants at Muscle Shoals were designed to produce nitrates for explosives, and cannot be used to manufacture nitrate for fertilizer. In my proposal, I agree to redesign, at once, these plants at an expenditure of \$5,000,000, if necessary, and produce commercial nitrates by the best process now known."

### MISSOURI SENATORS CLASH ON NEWBERRY

Spencer Replies to Charges of Corruption Made by Reed in Address.

WASHINGTON, Feb. 3.—The issues involved in the Newberry case were echoed in the Senate today as the two senators from Missouri, Mr. Spencer, leader of the Republicans in the fight which declared Senator Newberry entitled to his seat, and Mr. Reed, who bitterly attacked the met in debate.

Senator Spencer, speaking in reply to his colleague's address of the other day, declared with reference to that speech that "villification" is not evidence and vituperation cannot be substituted for facts in the Senate of the United States.

Senator Reed spoke only briefly in reply, explaining that he was preparing to leave the Capitol on business but on his return would reply at any time to any one who wished to hold what he described as "a post mortem examination."

### Japan Willing to Give Up Group Five of Demands

### CHINA TO GIVE REPLY TODAY

LOOKS LIKE PEACE AND QUIET WILL REMAIN WITH LITTLE BROWN MEN FOREVER

(By The Associated Press) WASHINGTON, Feb. 3.—Japan met China part way yesterday on the latter's request for abandonment of the celebrated "twenty-one demands" program of 1915.

Taking the center of the stage as the final scene of the arms conference began, the Japanese announced that their government was ready to give up entirely group five of the "demands," which China has held as calculated to rob her of her sovereignty, and to make further concessions regarding economic privileges and political and military preferences in Manchuria and Mongolia.

Today China is to reply in a statement that is expected to bring the Far Eastern negotiations to an end, and on Saturday the Washington conference probably will adjourn sine die after a plenary session for formal adoption of the Far Eastern treaties.

Consideration of the "twenty-one demands" the last topic remaining on the Far East agenda of the conference began in the Far Eastern committee, after hope of an adjustment of the Chinese Eastern railway situation had been abandoned and a resolution adopted merely declaring that arrangements for "better protection" of the road should be worked out in the near future through the regular diplomatic channels. Two powers other than China appended a point declaration of China's responsibility for fulfillment of her obligations to foreign stockholders of the road.

Japan's statement on the "demands" was presented by Baron Shidehara, who argued that the Chinese request for abrogation of the treaties and agreements resulting from the 1915 program could not be supported by a plea of invalidity, because the agreements made were entered into by China in the exercise of her full powers as a sovereign state. To question treaties because they were made under duress, he said, would be to challenge the validity of many of the most important existing international records throughout the world. He excused the delivery of an ultimatum to China, just before her partial acceptance of the "demands," as an expedient to bring the prolonged negotiations to an end.

### SLIGHT CLUE DISCOVERED TO TAYLOR'S MURDERERS IN CIGARETTE STUBS

Will Hays, postmaster general and soon to be the head of the movie industry, is spending a few days in Miami. Suppose everybody down there will have Hays fever.

Again we find out who won the war. It was a bull dog and the dog is owned by some people in Jacksonville. Said dog was in the ambulance corps and went through many battles.

They have only killed off 18 millions of people in Russia since the war. At that rate there will be no one left over there except Trotsky and Lenin in a few years. It seems strange that the Russian people allow these monsters to survive.

For the past three days there have been no Watson witnesses to prove or opposition witnesses to disprove it. We refer to the hangings in France that took place in the eyes of some and never in the eyes of others. Just one of those French mirages.

That gypsy that blew on the money in the Bank of Ellenton and had it follow her out of the door was some blower and also some slight of hand performer. Anyone that can coax money out of the banks these days has Laurent beat a mile.

I AM YOUR TOWN

Make of me what you will—I shall reflect you as clearly as the mirror throws back the candle beam.

If I am pleasing to the eye of the stranger within my gates; if I am such a sight as, having seen me, he will remember me all his days as a thing of beauty, the credit is yours.

Ambition and opportunity call some of my sons and daughters to high tasks and mighty privileges, to my greater honor and good repute in far places, but it is not chiefly these who are my strength. My strength is in those who remain, who are content with what I can offer them, and with what they can offer me. It was the greatest of all Romans who said: "Better be first in a little Iberian village than be second in Rome."

I am more than wood and brick and stone, more even than flesh and blood—I am the composite soul of all who call me home.

I am your town.—American Legion Weekly.

ARE THE FARMERS COMING TO THEIR OWN AT LAST

Elaborate theses have been written, and irrefutable arguments constructed without number to prove that man's existence is more natural, and his life more satisfying and happy when passed in the country, away from the noise and turmoil of the city.

Unquestionably the advocates of the country have the best of it in an argumentative way. They point to the fact that God Himself made the first man a farmer, or at least a gardener, which is only another branch of the same honorable calling, and they tell us that from that day, up to the recent past, the farmers have constituted the bulk of the laboring population; that upon them the whole fabric of prosperity rests, and volumes more to the same effect. The arguments are conclusive, they are satisfying, and theoretically they are unanswerable, and yet the census figures show that the farmers are leaving their farms in increasing numbers and flocking to the cities. For the first time in our history as a nation the city dwellers outnumber those living in the country. New England is a land of abandoned farms, which is perhaps not to be so much wondered at when the merits of the land as a farming section are considered. But the same condition is rapidly approaching in the rich farming sections of the middle west, where the farmers are fast passing into the hands of tenants, coming from both

northern and southern Europe. California is obsessed by the fear that the Japanese will monopolize the land, to the exclusion of the white farmers, and they are passing laws to prevent the little yellow men from acquiring lands, or at least make it more difficult for them to do so.

What is the meaning of all this, and what does it portend? Are we to lose that sturdy farming class, which has so long been the mainstay of the country, both politically and economically? Is the land which has been our pride and boast for so many years to be permitted to pass into the hands of an ignorant peasantry from Europe and the east, a peasantry ignorant and careless of our ideals, un-American in every drop of blood that flows through their veins, with all the prejudices and enmities of the old world ingrained in their systems? That would be a calamity that must be prevented at any cost. There may have been a time when we welcomed this food immigration from the old world. We needed them to dig our ditches and canals, to build our railroads, and cut down our forests, and do all the rough work which Americans were glad to pass to them. But that time has long since gone by. We no longer need them, at least in such number and congress should pass laws restricting their coming. Not the foolish and fallacious makeshift that now passes for an immigration law that restricts the incomes to a certain percentage of the same nationality, now in the country, and makes it necessary to turn back whole shiploads, who have sacrificed all their possessions to get to America, but an intelligent, comprehensive and humane law which will make such rank injustice as frequently appears at our ports of entry, impossible. The formation of an "agricultural bloc" in congress is an indication that our statesmen are hearing the cry of the distressed farmers and the calling of a convention of farmers at Washington is a hopeful sign. It may be that something will yet be done for the real relief of the farmers, and God knows it is badly needed.—Tampa Times.

GOOD HOMES CHEAP

A novel scheme for providing good housing accommodations for people of limited incomes has been proposed by Samuel Untermyer, of New York, after a long period of public effort to improve the building situation. He proposes to build 1,500 "model tenements" containing 45,000 four-room apartments, accommodating over 200,000 people. All are to be rented at prices within the reach of the average laboring man—a rental of \$8 or \$9 per room—and within easy distance of the down-town section. The money to finance these, estimated at \$100,000,000 would be obtained from life insurance companies, not as loans but as investments, calculated to pay a net return of 6 per cent. The necessary laws would be obtained to permit such investments by the insurance companies.

The bulk of the sum wanted is said to have been pledged by one insurance company. In order to get construction of the quality desired for the price proposed, there would have to be unusually good terms obtained, and strict economy at every step. This seems possible. The organized building trades have offered to work on such jobs for \$1 a day less than other jobs, or to give one day a week for nothing, on condition that they shall have first chance at renting the finished apartments. If sufficiently reduced prices are assured for building materials, the promoters will go ahead with the project.

Here at last is a plan for solving the housing problem in the most congested American community which sounds like business. If it is undertaken successfully, it will point the way for many similar enterprises throughout the country.—Tampa Tribune.

GETTING RID OF THORNS

The appointment of Senator Kenyon to a judgeship the other day was a stroke of good business on the part of President Harding. Senator Kenyon as head of the agricultural bloc in the senate was getting too much power, was blocking the wheels of the Republic steam roller, was showing the farmers their real power and was beginning a campaign to let the people rule. All of this was a thorn in the side of the Republican administration and they proceeded to get rid of the chief thorn—Senator Kenyon—and the easiest way to get rid of him was to offer him a nice soft snap among the judges where he will not need to go before his people for reelection where he will not need to work 'one-third as hard, where his position is assured at a nice fat salary and where the thorn will not pick the present administration. As to whether another thorn with half the pricking power can be found to lead the agricultural bloc or whether the bloc will be dissolved in thin air remains to be seen but the move was a political one

pure and simple and was a good move for the president and his administrative leaders. It will probably be followed by others as the leaders rise in power and show signs of jumping the fence and rallying to the support of the common people. Rallying to the common cause will not be allowed in the Republican ranks for this party has never been accused of being friendly to any interests except the big corporations and never will.

You people who voted for the Republican dynasty have only your own folly to lament. Watch the acts of the present administration, you farmers and see where they were trying to lead you, watch the proposition of Henry Ford and see if he obtains Muscle Shoals to get you cheaper fertilizer. Watch the protection granted under the Republican rule and see where you are beginning to suffer. Watch your prices and see if any manufactured goods come down while your produce and cattle and hogs and sheep continue to decline. Watch the daily bulletins and see if good times are coming with the Republican rule.

SHOULD SUPPORT THE LIBRARY.

Sanford has maintained a good library for many years under the Sanford Library Association. But it should not fall upon the library association to support the library by their own efforts. It should in time be made a free public library and when it is a free public library the city of Sanford should put enough in the budget each year to give the library the support it needs. And then the library could be placed in Central Park because it would be a city institution in every sense of the word and the big reason for it being located in the park is because the land would cost nothing and all the money on hand could be devoted to the building. In case it cannot be placed in the park where the band stand is now located some public spirited citizen should donate enough land for the library at some other central point. All the cities of Florida are talking libraries and the following from the Lakeland Star shows how they feel about it down there:

"Orlando is voting about \$75,000 for a free public library. It is included in a big bond issue for a city hall and other improvements. It is a great compliment to any town or city to have a free public library and we believe that they should all have something of that character and again we suggest that Lakeland should get in line for such an improvement. We have suggested it before, at different times during the last five years, but there seems to be no general interest in such a proposition.

"The matter was impressed upon us more recently when some young folks were talking about things to read, suggesting that they had to take about all the magazines in order to get anything at all to read that was decent, as there was no free public library where any good reading could be had. It would be a great boon to the young people to have such an institution and it would also be of great advantage to the business man and the public generally who like to read good books and magazines. We cannot understand the lethargy of the people of this community along this line, why nothing has been done to go after such an institution and why a city of 10,000 souls should not with enthusiasm get behind a movement which will culminate in a free public library for all Lakeland."

WARNING TO SERVE JAIL TERM UNDER COURT'S DECISION

R. D. Waring, a resident of this city, must serve six months in jail and pay a fine of four hundred dollars and trial costs for the alleged shooting of J. F. Ange, also of this city, on the night of last March 29, final disposition of the case was made on January 24 by Judge Charles O. Andrews of the Seventeenth Circuit but became known only yesterday. There can be no further appeal.

Waring was found guilty of the shooting in Criminal Court and was sentenced by Judge T. P. Warlow. The case was appealed to the Circuit Court and a reporter for The Sentinel discovered yesterday that the lower court had been upheld in its decision.

The mandate is dated January 24 and recites that within thirty days after its issuance it shall be filed in the Criminal Court of record and that the judgment shall then become effective.

Testimony introduced at the trial tended to show that Mr. Ange was shot in a disagreement over a business deal involving some property in Kissimmee. The shooting was said to have taken place in Waring's home at No. 13 East Amelia Avenue. At the time a woman named Hazel Matthews and Ray A. Gates, then an employe of a local bank, were the only persons in the house with the two principals. Gates later confessed to

Chief of Police Vestal that he had aided in getting Ange to come to the Waring home, but he was released on bond and did not appear in court in connection with the case.

After the shooting Mr. Ange was taken to the Orange General Hospital where his injury was treated. He was not seriously hurt, but the bullet has not been removed from his body.—Orlando Sentinel.

PUBLIC EXECUTIONERS GO ON STRIKE IN GERMANY

(By The Associated Press) BERLIN, Feb. 3.—Public executioners at Karlsruhe at Baden, following the lead of their comrade at Mannheim, have notified Ministry of justice they will go on a strike unless their pay increased. They declare it is impossible to behead criminals properly at the present prices.

Carlstrom Field Will Be Abandoned By Government

WASHINGTON, Feb. 1.—It has been decided here that Carlstrom field aviation ground, at Arcadia, Fla., soon will be abandoned, which probably means that this step will be taken when the present class there has finished its work, in a few months.

There is no discrimination against Carlstrom field, but this action is simply in line with the position of the government authorities to reduce expenses in all lines wherever possible. Of all the aviation fields only three—Wichita, Kan.; Ellington, Tex., and one in Oklahoma, will be retained.

When Carlstrom field was laid out by the war department during the world war, a companion field, Door, also was laid out at a point on the same prairie a few miles from Carlstrom. Soon after the armistice was signed Door was closed, and since that time only a squad has been maintained there to guard the buildings.

FUTURE OF GRADUATING MIDSHIPMEN IN DOUBT

WASHINGTON, Feb. 2.—The future of the 525 midshipmen who will be graduated from the Naval Academy next June was stated frankly today by high navy department officials to be much in doubt due to the reduction in naval armament and economic plans of the government.

The positive statement was made at the navy department that no steps looking toward the discharge or retirement of the graduating midshipment had been considered. Fears were expressed, however, in high naval quarters that in the interest of economy it would be necessary to limit the number of midshipmen to receive commissions as ensigns to about 200 men and accept the resignations of other members of the class.

WEATHER AND CROP CONDITIONS IN FLORIDA FOR WEEK ENDING JANUARY 31ST, 1922

Temperature: The week's temperature averaged low with frost and about freezing on the 29th in the northern and central divisions. The daily deficiency in temperature ranged from 4 to as much as 12 degrees.

Precipitation: There was cloudiness throughout the week before and after the 20th, which day was clear. The percentage of cloudiness was as low as 18 and 20 per cent in the west, north, and central portions of the State. Damp, overcast, and colder weather than the normal was dispiriting to both man and beast.

Condition of Crops: The cold soil was unfavorable for germination and growth of all crops. Truck made slow progress, being retarded and damaged in some instances by frost, although moderate shipments of almost every crop grown in the trucking belt were in market. Strawberry bloom was damaged locally by low temperature, but berries are fairly plentiful from the Plant City district—a few warm days with moderate showers will hasten retarded growth and ripen berries.

CALIFORNIANS WERE HARD HIT BY SNOW IN RECENT FREEZE

FRENCO, Calif., Feb. 2.—More than 100 persons stranded by California's recent record snow along the Ridge Route much traveled highway from Los Angeles north had been rescued or accounted for, according to a dispatch from representatives of the Fresno early today.

The newspaper men fought their way along a great part of the route in an automobile and on foot. A rescue truck sent out by the Automobile Club of Southern California had provided

thirty stranded automobile parties with food, they reported.

Automobile club officials expressed the belief that no lives were lost in the storm, at least, along the roads. As the groups of rescued storm victims arrived in Lebes, they brought tales of hardship that included stories of the children being out all night in the gale kept alive by the warmth of the mother's body.

Daylight yesterday revealed cars along the highway within a few feet of each other, where the occupants of neither car knew of the proximity of the other. One machine stopped within a few feet of a ranger's camp, and the mother and father and child spent the night in the car clinging to each other for warmth. Throughout yesterday, men, women and children came hobbling over the trail to Lebes from the cabin of forest rangers, DeLappe of the Tejon District. Most of them will remain here until their automobiles are driven from the snow drifts. Sacks and old clothing were bound around the feet and limbs of many who were caught in the unexpected blizzard clad in too light clothing.

In all sixty-two persons were marooned in the little three room cabin at Lebes.

Lloyd Johnson and Alton Self, both 16, lost in a blizzard in the mountains 30 miles east of here, were led to safety by holding to the tail of a dog, it was learned today.

A short time later, a rescue party found two other boys, lost in the same blinding snow, lying in the snow exhausted.

HONEST SPEEDER GETS LIGHT FINE

(By The Associated Press) ST. PETERSBURG, Feb. 3.—The first case on record in the local municipal court where a person arrested for speeding not only admitted he was running fast but exaggerated it, occurred here this week. Woodson Purcell, sixteen years old, told Judge Speerhe was driving between thirty-five and forty miles an hour and having a general good time of it on West Central Avenue when arrested by a traffic officer. Judge Speerhe commended the lad for his honesty and came into court and swear they were going twelve miles an hour when they were running nearly forty. The judge congratulated Purcell on his honesty.

ANOTHER BELLED BUZZARD

WEST PALM BEACH, Feb. 3.—Palm Beach county has a mystery and persons interested are attempting to learn who put a bell on a buzzard seen in the Everglades near Loxahatchee Farms recently. W. A. Roebuck and his son were hunting when they saw a flock of buzzards congregating around a dead raccoon. As the birds rose they heard a bell ringing. One buzzard held its head down as if it flew and attached to its neck was a small bell.

It is understood here that an investigator in Georgia or the Carolinas about ten years ago released six buzzards with bells around their neck activities. One of the birds was reported later as having been seen in Jacksonville and another in Mexico.

ARBUCKLE'S FATE IS AGAIN IN HANDS OF A JURY OF HIS PEERS

SAN FRANCISCO, Feb. 3.—The case of Roscoe C. Arbuckle, accused of manslaughter in connection with the death of Miss Virginia Rappe, went to the jury at 3:42 p. m. today after a trial covering three weeks. It was his second trial on the charge, the first having resulted in a jury disagreement.

Mrs. Estelle Baumeister, one of the two alternate jurors who were excused when the jury retired, said that in her opinion Arbuckle is not guilty. Henry Ottenberg, the other alternate, declined to express an opinion although he congratulated the defence on its showing.

The defense sprung a surprise by announcing it would submit the case to the jury without arguments. This action so accelerated the case that the jury was able to begin deliberating a day earlier than had been anticipated.

The announcement came at the end of the first argument of the prosecution made by Milton T. U'Ren, assistant district attorney. It had the effect of shutting off further argument by the prosecution as under the law such further argument could only be rebuttal of the final defense summing up.

Arbuckle, jovial and apparently care-free most of the day, was visibly nervous when the jury retired. A throng was drawn to the courtroom for the final arguments and the police guard had its hands full for the first time since the trial opened.

In a small town there is always citizens worth \$8,000 who is willing to tell young men the secret of

Large corner monuments have been placed on each corner on Celery Ave. There will be an auction of lots this month conducted by a real estate man from Newark, N. J., who is wintering in Orlando.

LAKE MONROE

The Seminole County Federation of B. Y. P. U. met Friday evening at the Lake Monroe Baptist church. A large crowd was present and a nice program rendered, consisting of songs and talks. The meeting was called to order by Miss Rines, of Sanford, President of the association, after which an invocation was offered by Mr. Eshe Swaggerty. The subject of the program, "The Work of the B. Y. P. U., was ably handled under the various sub-heads by the following members:

- "What B. Y. P. U. Stands For," Mrs. Bartow Mann.
"The Spiritual Need," Miss Arlo Mann.
"The Intellectual" Need, Miss Violet Swaggerty.
"The Social Need," Miss Dora Oglesby.
"Be What You Are," Prof. J. T. Jacobs.
"Courage to do Your Best," Mr. C. H. McKenney.

Voluntary remarks were then made by Dr. George Hyman of Sanford and Mr. Black, President of the Tampa Federation.

After the program an enjoyable social hour was held upon the lawn when delightful sandwiches, cake and coffee were served. Mr. C. H. McKenney donated a large white cake upon which were the letters, B. Y. P. U. Every one attending had a share of this delicious cake.

Although very young the Lake Monroe association has reached an A-1 standard for the year and received many congratulations for their success.

Miss Anna B. Shimmoms and Mr. Ernest Lee were quietly married at Sanford Saturday. The bride is a

daughter of Robert Shimmoms of Detroit, Mich., and is quite a popular young lady. The groom is a son of Henry Lee and is a prosperous young farmer. Mr. and Mrs. Lee have gone to housekeeping on First Street.

Little Marguaret Bales is confined to her home by illness.

OVIEDO

Mr. and Mrs. J. B. Swope, of Wichita, Kans., with Mr. and Mrs. O. P. Swope and baby Oliver, left Tuesday for a motoring trip to Miami and other East Coast points of interest.

C. E. Miller, of Jacksonville, assistant general freight agent of the Seaboard Air Line railway and T. L. Bouthwell, commercial agent for the same road, were business visitors to Oviedo Tuesday.

Col. W. M. Bleckley, of Cochran, Ga., is the guest of W. J. Varn and family.

The entertainment given by the Thompsons at the school house Friday night was greatly enjoyed by those present. Owing to the inclemency of the weather there was not as large a crowd out as was expected but those who faced the weather, felt well repaid.

On Friday afternoon, January 27, the members of the Woman's Club, of Oviedo, had the pleasure of having with them Mrs. Johnson of Leesburg, sectional vice-president, and Mrs. Galoway, of Sanford, vice-president-at-large of the Florida Federation of Women's Clubs. These two most charming women not only entertained the Oviedo club with their excellent speeches but gave to them many thoughts to carry home with them. The only other numbers on the program were a vocal solo by Mrs. C. S. Lee and a piano solo by Mrs. T. W. Lawton, both of which were beautifully rendered. The club house was attractively decorated in asparagus ferns, violets and yellow jasmine under the skillful management of Mesdames W. P. Carter, R. L. Murphy, and O. G. Wolcott. At the close of the program strawberries with whipped cream and sunshine cake were served by the hostesses Mesdames B. Slay, C. L. West, J. N. Thompson and B. G. Smith.

Dr. Mason, of Sanford, has opened a dental office just back of the post-office and expects to be permanently located in Oviedo.

W. B. Englett visited Daytona Monday to attend the auto races.

The home of E. G. Smith on Graham avenue is nearing completion and adds greatly to the looks of the street. The house is not only beautiful in appearance but is conveniently and comfortably arranged and the friends of Mr. and Mrs. Smith rejoice with them in the possession of such a nice, comfortable home and hope they will be able to move in within the next ten days.

Mrs. T. W. Lawton's Sunday school class will have a box supper at the Club House Friday night for the purpose of raising money for the completion of the tennis court. The fence around the court is being put up this week and the young people hope to be able to use the court within a short while.

Edward McCall and Frank McLain of Stetson University spent the week end with Mr. and Mrs. H. B. McCall.

Mrs. L. A. Joyner and Miss Jennie Malcolm of Jacksonville, are the guests of their sister, Mrs. L. H. Gore.

GENEVA

Mr. and Mrs. Oscar Nicholson, of Daytona Beach, spent the week end here with relatives.

Mr. and Mrs. H. H. Pattishall were shopping in Sanford Saturday. Quite a crowd from here attended "A Night in Honolulu" at Sanford last Friday night.

Mr. Allman and J. J. Nicholson, of Osteen, were here Sunday on business. Mr. and Mrs. Charles Phillips were in Orlando Saturday shopping.

Mr. and Mrs. T. W. Pravat and Mrs. McFarlane called on Mrs. Georgia Sipps Sunday.

Mrs. Endor Curlett and Mrs. Adams were shopping in Sanford Saturday.

Mrs. Sheldon, of Oviedo, is spending a few days here.

Mrs. Fred Ballard, of Lako Harney, spent Monday night with her mother Mrs. George Gieger.

Mr. and Mrs. Edward of New Jersey are spending the winter here occupying Henry Levy's residence.

The Community Club held its monthly meeting at the Hall Monday afternoon. A large number of members and visitors were in attendance and the meeting was voted the most interesting of the regular business was transacted with an interesting report of the T. I. W. C. convention which was held at Winter Park was given by Mrs. H. H. Pattishall and Mrs. P. N. Wakefield who attended the convention. At the close of the meeting dainty refreshments were served by officers of the club.

CHANGE ROUTE OF A. C. L. RY.

(By The Associated Press) BROOKSVILLE, Feb. 3.—Citizens of Brookville have revived discussion of a proposal that the Atlantic Coast Line change its route from Brooksville to Trilby, making the latter place instead of Croom the connecting point for the north, south and east.

The route was surveyed about seven years ago and at that time it is said the railroad promised that when the territory produced enough freight to warrant operation of the line it would be built.

1922 CALENDAR PADS

There is nothing quite so handy, quite so useful, quite so indispensable for the busy office man as the calendar desk pad. It helps you to remember, it gives you the day and date, it gives you just what you want and when you want it. 1922 Calendar pads just received from the factory—the second shipment—the first shipment was exhausted in one week. Get a 1922 Calendar pad before they are all gone. Desk stands for the calendars if you have none.

NEW INDICTMENT FOUND AGAINST SHERIFF OF DUVAL

JACKSONVILLE, Feb. 3.—New indictments against former Sheriff W. H. Dowling of Duval county, W. M. Bostwick, prominent banker and lawyer, and ten other Jacksonville citizens more or less prominent, were returned by the federal grand jury late yesterday, charging violation of the prohibition laws.

The indictments were returned after Federal Judge Henry D. Clayton had ordered quashed earlier in the day indictments charging fourteen men with conspiracy to violate prohibition laws. Of these, the grand jury found no true bill against R. E. Wheeler, former chairman of the board of directors of the Guaranty Trust and Savings Bank, and J. E. Morrill, of a shipbuilding firm.

KING EMMANUEL HAS BEEN ASKED TO FORM CABINET

(By The Associated Press) LONDON, Feb. 3.—Presidents of Italian Senate and Chamber have advised King Emmannuel to ask former Premier Giolitti to form cabinet in succession to Bonomi ministry says central news dispatch from Rome.

HIGH SCHOOL NOTES

This is first semester examination week and the students are proving how their young and tender minds can function. The averages are running higher than they have in several years.

Mrs. McKay, our new music director, is a peach, although not from Georgia.

Mrs. Maxwell was the guest of Miss Elizabeth Humphries Wednesday at lunch.

The students will put on a play in the near future to raise money for auditorium books.

Monday, February 6, will begin the new semester. Report cards will be given out Wednesday afternoon.

### PERSONALS

Did you see the balloon go up?

Great old Florida weather again, what?

This is the time for the tourists to enjoy the fishing and boating on the lakes and rivers of Seminole County.

Visitors in Sanford on Thursday from Deland were Mr. H. J. Wilman and Mr. Frank A. Storer, well known here.

Mr. Nidor who is remembered as a resident of Sanford in 1911, owning and operating a farm on the West side and is now residing in Santa Fe, N. M., is visiting at Holy Cross Rectory.

Word from Rev. F. D. Hunt says that he has moved from Thomasville, Ga., to Easley, South Carolina. He has given up the evangelistic work and will have a pastorate at Easley, South Carolina.

We acknowledge with thanks the

receipt of several fine bunches of celery from our old friends W. E. Walthall who looks after our needs in the vegetable line. Sanford celery is fine now.

Mrs. D. A. Manard, of 800 W. 1st St., has just purchased a beautiful A. B. Chase piano from the J. H. Hintermister Piano Co.

The many friends of Dr. Owens are glad to see him in Sanford again for a few days visit. Dr. Owens has been here upon several occasions holding revival services at the Baptist Church and has a large circle of friends.

Herbert Folkel editor and general manager of the Evening Record at St. Augustine and A. J. Van Selver manager of the Record printing plant were in the city yesterday, the guests of the Valdez Hotel. They were going back home after delivering St. Augustine's goat to Orlando Rotary Club. The club making the best attendance record was entitled to the other's goat and Orlando took the goat from the St. Augustine boys. The many friends of Herbert and Van were glad to see them again and give them a royal welcome to Sanford.

### "TAMING OF THE SHREW" TONIGHT AT THE PRINCESS

"The Taming of the Shrew" will be presented at the Princess Theatre tonight for the benefit of the Woman's Club of Sanford. The play featuring some of Sanford's best known amateur thespians, is being directed by Edward Waldmann, a Shakespearean actor from New York who has staged the same play in various parts of the Southeast under similar circumstances assisted by Dorice Wingo, a New York actress.

The dress rehearsal at the Princess last night went through in perfect order, and Mr. Waldmann feels certain that the Sanford talent participating in the production will acquit themselves with credit. In fact one of the first and most interesting performances of its kind is promised. It is seldom that any Shakespearean companies ever reach Florida in those times, so when Mrs. Leonard, the president of the Woman's Club of Sanford witnessed Mr. Waldmann's splendid performance of "Taming of the Shrew" at the Casino in Tampa, she exacted a promise from him, that on his next tour in Florida, he would stop over at Sanford and give the play with the Sanford local talent, promising him the full assistance of the ladies of the Club and the ladies of the people of Sanford appreciate this as well as Mr. Waldmann's effort in coming to a town of this size and giving his play with the same care as he would in Tampa, Jacksonville, Atlanta or New York City and respond generously in buying tickets for themselves, friends, and families, and witness this splendid performance.

Reserved seats now at Bower's and Boumillat's.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better simply try taking two of Mastin's yeast Vitamon Tablets with each meal and watch results. Mastin's VITAMON contains highly concentrated yeast vitamins, as well as the other two still more important vitamins (Fat Soluble A and Water Soluble C). Pimples, boils and skin eruptions seem to vanish like magic under its purifying influence, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. The whole system is toned and invigorated, and those who are under-weight begin to get some firm, "stay-there" flesh. So rapid and amazing are the results that success is absolutely guaranteed. Be sure to remember the name—Mastin's VITAMON—on the original and genuine yeast-vitamins tablet. There is nothing else like it, so do not accept imitations or substitutes.
