Stump The Experts

Want to get back alive and healthy from your Labor Day holiday trip? Then start early and take it easy. Cut your speed a little. Keep your temper. Give way in traffic, rather than be pushy.

Above all, don't drink if you drive. If enough drivers do this, the National Safety Council will look silly in estimating that as many as 520 persons may die in the holiday traffic.

And the Council urges you to make it look silly. It would love it. The smart driver meets the extra holiday

danger with extra care, courtesy and common So he has less fuss and more fun-and lives

longer. It's just that simple. Try it and see.

Hays Says They **Will Confuse** Coaches, Fans

COLUMBUS, Ohio (UPI)-The new college football substitution rule will "just about do away with platoon foot ball" and reverse a trend toward getting more players into the game, the president of the American Pootball Coaches Association said to-

"A rules committee spokesman has described the new rule as liberalizing substitutions," Ohio State football coach Woody Hayes said, "but actually it does not, re-

peat, does not." The Buckeye mentor, starting his 13th season here, said the rules were "considerably more intricate than the rules committee anticipated."

He predicted confusion on the part of coaches, officials and fans, but said commissioners of the major conferences have promised the Sanford Junior High School coaches that officials will cooperate in handling the new

Runs Roll In, 11 In All, As **Koufax Gets 20**

United Press International Sandy Koufax, the majors' first 20-game winner, still was in a state of semi-shock to-

Not because of those 20 rictories so much, but because of all those Dodger players who kept crossing home plate Thursday night in an 11-1 romp over the Giants, Koufax hadn't seen so many runs in more than two months. The Dodgers had scored a total of two for him in his previous two tries for his 20th victory.

But they did the job up brown before a record crowd of 31,967 at Chavez Ravine Thursday night, breaking out for five runs in the third inning to turn the contest into a "laugher" and increase their National League lead to 515 games over the secondplace Glants.

The Glants were able to collect only three hits and that included Orlando Cepeda's 23rd homer which produced their only run in the second inning.

Koufax, whose record now is 20-5, struck out five and walked only one in becoming the first Dodger left-hander to win 20 since Preacher Ros did so in 1931.

The setback just about cooked the Giants' chances even though Alvin Dark refused to look at it that way. "The loss won't have any

effect on our club," he said, We'll be back tomorrow." Only two other games were played in the National League Thursday, with the Mets besting the Pirates, 7-4, and the Cubs defeating the Phillies,

DEAR ABBY: Why does then she knows he's in love with another woman? I met this man and we became inperested in each other. His wife was in the hospital for a month, so nobody could blame him. After his wife came home we continued to see each other, but not so much. I know he loves me because he said so. I wanted to help him bring things to a head, so I called up his wife, pretending to be a third party, and told her all about her husband and myself. I gave her my name and address in case she wanted to check. She said she wasn't interested in anything I had to say. I hear she is back in the hospital again.
