

CLYDE LINE OFFICIALS PLEDGE THEIR SUPPORT SHIP BY WATER MOVE

Definite Assurances Given Chamber of Commerce

BIG CAMPAIGN

WILL BE INAUGURATED IN THIS CITY FOR BETTER AND CHEAPER TRANSPORTATION

The recent action of the Fourth Section Committee of Southern Carriers, in requesting an upward revision of class rates from various points to Southeastern Territory, resulted in arousing the just indignation of those sections affected by the proposed increase. These increases, if granted, would mean the levying of an additional 40% on incoming all-rail shipments. The present rates are burdensome enough as they stand, and the various commercial organizations throughout the state have taken what steps were in their power to combat it.

Unfortunate, a great many of these committees are powerless to do anything but protest. Sanford and other cities that have competitive rail and water transportation facilities are the exceptions. The Sanford Chamber of Commerce, realizing the value to the city of its never failing water route, which heretofore, has precluded all possibility of its business men ever being at the mercy of transportation exigencies, as in this case, devised plans to use this powerful factor in its aggressive fight against making effective these abortive rates.

The plans called for the education of our local merchants to move the preponderance of their freight by all-water, or rail and water wherever this service produces lower rates than all rail rates. It was also planned to enlist the support of other sections to have the merchants of those sections take advantage of the water rate to Sanford and haul by truck from here to its destination.

Before proceeding with the further details of the ship-by-water campaign the committee appointed for this purpose extended an invitation to the Clyde Line officials to meet with the committee in order that the latter could definitely determine the attitude the Clyde Line would assume in the premises.

H. G. White, General Agent, and L. S. Scoble, Florida Freight Agent, met with the committee and the board of governors at their weekly luncheon yesterday. At this meeting the plans of the committee were explained to these gentlemen. A direct interrogation was made as to what support the Chamber of Commerce could expect from the Clyde officials in the contemplated action.

Both Mr. White and Mr. Scoble gave positive assurance of the fullest measure of co-operation on the part of the Clyde Line in soliciting business and preparing data for use in interesting the merchants of other cities in routing their business via water. The local Chamber was also advised that when sufficient business had been secured to warrant it, a daily boat would be operated between Jacksonville and Sanford.

Mr. Scoble brought out the fact that return cargo was absolutely essential for the profitable operation of these boats. Return cargo business could be worked up amongst growers of oranges and produce that will keep under ventilation. It is interesting to note the rates on oranges and grapefruit from Sanford to New York as given by Mr. Scoble.

They are as follows: All rail, car load, \$1.00 per box, less car load, \$1.12 1/2 per box. All water, car load, 60 1/2 c per box; less car load, 74 1/2 c per box. Differential in favor of water, car load, 33 1/2 c per box; less than car loads, 38 c per box.

Rates on potatoes to Sanford to New York: All rail, car load, \$1.50 per bbl., less car loads \$1.76 per bbl. All water, big quantity, \$1.18 1/2 per barrel.

Differential in favor of water, 57 1/2 c per bbl. There is obviously but one course to pursue, now that this assurance of co-operation has been given—convert mouthy indignation into aggressive action. As long as the St. Johns riv-

FIRED INTO MOB KILLING MANY AT KNOXVILLE

Negro Assault Case, as Usual, Responsible for Many Crimes

KNOXVILLE, Tenn., Aug. 20.—(By The Associated Press) With at least forty men and women suffering from gunshot wounds, twenty-six of whom were checked in at a local hospital before midnight, Knoxville greeted a new day with peace and quiet as an aftermath of three hours of near rioting before the Knox county jail in which Frank Martin, a negro accused as the assailant of a white school teacher, is being held, and which resulted in the state militia and city and county deputies firing two or three hundred rounds from their pistols and riot guns, into the crowd. Fears were entertained today that trouble may occur tonight in more vigorous form.

JUST CROOKS SAYS BORAH SHIP BOARD

WASHINGTON, Aug. 20.—Demand that congress get the names of men who had been guilty of crookedness in the affairs of the shipping board" was made in the senate today by Senator Borah, republican, Idaho, during consideration of a deficiency bill carrying \$48,500,000 to enable the board to carry on its activities.

Senator Borah declared that if officials had failed to keep a record of funds received and paid out, and could give no reason for expenditures and losses, it could not be passed over as mere incompetency, but was "sheer crookedness."

Declaring that the effort to get at the bottom of shipping board management was not partisan, Senator Glass, democrat, Virginia, insisted if crooks should be found they would prove to be democrats and republicans alike, an opinion in which Senator Borah agreed.

Throughout the debate on the bill Chairman Lasker, was both criticized and defended. Senator New, republican, Indiana, and Williams, democrat, Mississippi, declared the sooner the government got rid of the whole shipping board the better it would be for the country. Senator New characterized it "as a miserable mess" and a "stupendous wreck." Defending the chairman the Indiana senator said he was one of the ablest business men in the United States and that he would fully sustain his reputation if given time to get some semblance of order out of "a disorganized establishment."

CONGRESS LOAFERS ON JOB WHILE BUSINESS WAITS AND COUNTRY ANXIOUS

Four Months After Being Called to Special Session

WASHINGTON, Aug. 20.—Four months after having been called into special session for the specific purpose of enacting new tariff and revenue bills, the congress has recessed until September 21 in order that its work on these measures may be expedited by committees.

Although the call for the special session contemplated concentrated attention exclusively on the tariff and revenue bills, these bills have progressed little toward actual passage. There is now no hope for a tariff bill at this session of congress. That must go over to the long session December 5.

A desperate effort is to be made, however, to get the new revenue bill through, and that may be accomplished by November 1.

In the meantime business and individuals must remain in the dark as to the extent of federal taxation on this year's incomes and profits.

While these major measures have been dragging along in committees, nearly three-score minor bills, including eight of general importance, have been enacted and have become law. The most important of these were:

- 1.—A joint resolution formally terminating the state of war with Germany and Austria.
 - 2.—An act creating a national budget system and providing an independent audit of government accounts.
 - 3.—An act limiting immigration.
 - 4.—The Sweet bill, consolidating under one head all agencies of assistance and relief for ex-service men.
 - 5.—The navy appropriation bill, including an amendment by Senator Borah authorizing the calling of a conference on the limitation of armaments.
 - 6.—The army appropriation bill, reducing the enlisted strength of the army to 150,000.
 - 7.—A bill regulating the landing of submarine cables and requiring federal permits therefor.
 - 8.—Bills to regulate dealing in grain futures and to supplement the Volstead prohibition enforcement act have been passed by both houses in different form, and are now in conference.
- A bonus bill for the relief of ex-service men, which was sweeping toward passage, was blocked by the direct interference of President Harding who declared its passage would wreck the government's whole financial program.
- The maternity bill, behind which organized women have stood almost unanimously, has never gotten out of the house committee.

FEDERAL GRAND JURY INDICTS PROMINENT MEN FOR BOOZE OPERATIONS

ARREST CAPTAIN OF SPANISH SCHOONER FOR SMUGGLING CHINKS.

(By The Associated Press) JACKSONVILLE, August 20.—Immigration authorities announced today the arrest at Fernandina last night of Captain Manuel Gaya, of the schooner Santa Lazia, on a federal warrant charging conspiracy to violate the immigration laws. Officials said the arrest was made in connection with the discovery of ten Chinese hidden in a barn near here this week, who is believed to have been smuggled into this country from Cuba.

DAYTONA TO HAVE CO-OPERATIVE MARKET.

DAYTONA, Aug. 18.—A co-operative market for Daytona, financed by growers and others interested and progressive people in the Halifax county, as an assured fact, as was shown at a meeting of the community council of agriculture in Casino Burgoyne Saturday night, at which nearly 100 growers of this section were present.

The committee appointed by the community council of agriculture early in the summer to launch the organization of the co-operative market have already purchased a site and building for the market for the consideration of \$6,000. The members of the committee, which is composed of W. H. Colby, chairman, Mrs. A. T. F. Chapman, J. Fitch Walker, S. T. Leonard and S. B. Crosby, have already paid for this property and the deed for it is in their hands.

The purchase of the site for the market was endorsed by the members of the community council present, and as soon as the company is formally organized and enough money paid in the property will be taken over by the Co-operative Market Association. It developed at the meeting that over one-third of the capital stock of \$10,000 necessary to finance the enterprise has already been subscribed over one-half of which was subscribed at the meeting Saturday night by the growers present, many of whom, solidly and enthusiastically behind the enterprise, signified their willingness to subscribe for more stock in the near future in case the shares yet unsold are not taken by market.

EIGHT YEAR OLD DAD CRUSHED BENEATH TRUCK

(By The Associated Press) OCALA, Aug. 20.—Raymond Bockhouse, eight years old, was crushed to death under a truck here today. AND SHERIFF REQUESTS STATE TROOPS TO QUELL THE MOB SPIRIT

(By The Associated Press) BARNSTABLE, Mass., Aug. 20.—The night passed without incident at the county jail here where early yesterday a mob threatened to seize and lynch three negroes charged with criminal assault on a white woman. National Guardsmen with machine guns, remained at the jail during the night. Reports last night were that negroes in a nearby town were forming rescue parties to free the prisoners prompted the sheriff to request state troops and one hundred men were detailed. Outposts were established along the road half a mile in each direction from the jail but were later withdrawn and eighty of the men returned to camp at West Barnstable.

JAY WALKING ON LAKELAND STREETS THING OF THE PAST.

(By The Associated Press) LAKELAND Aug. 20.—Jay walking on the streets of the business section here became a thing of the past today. Congestion even though mid-summer, and many residents of the city and county away on vacations, have become so great as to delay vehicular traffic and endanger pedestrians.

By Recent Tests of the Bombing Planes Off the Capes

WASHINGTON, Aug. 20.—Results of bombing tests held off the Virginia capes from June 21 to July 21 have failed to displace the battleships from its pre-eminent position as the nation's chief defense at sea.

This was the outstanding conclusion of the report of the joint board of the army and navy, made public today by General Pershing, the senior member, and approved by Secretary Weeks, and Acting Secretary Roosevelt.

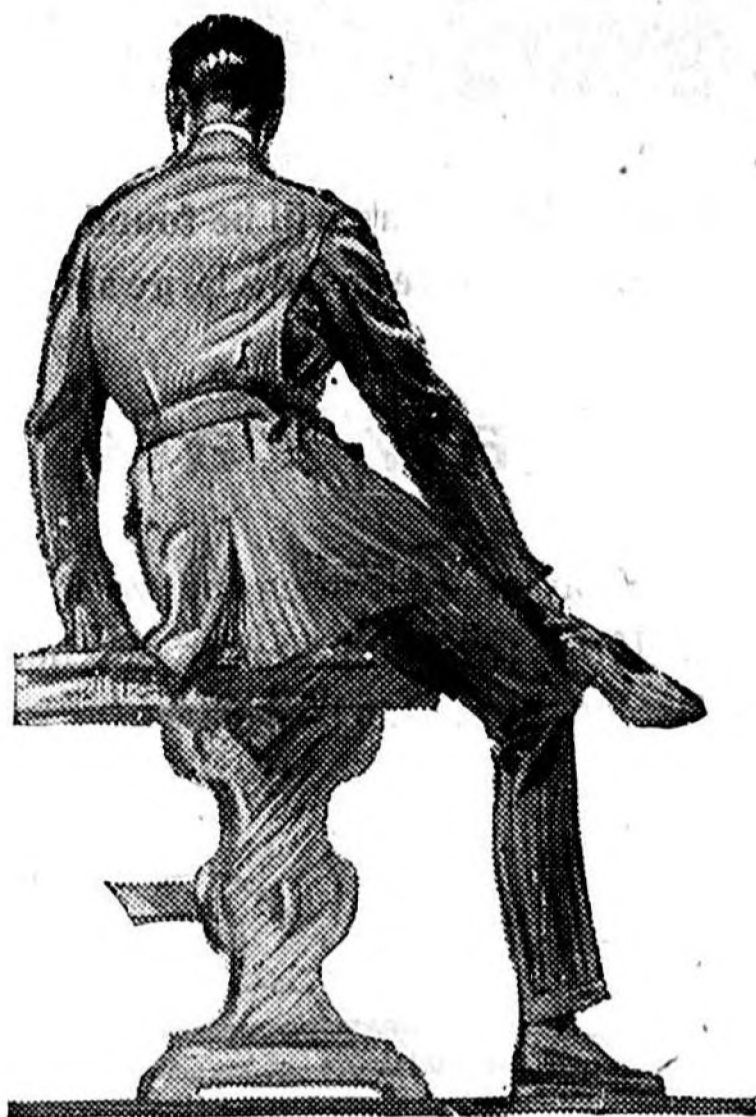

The tests which resulted in the sinking of four ex-German war ships by aerial bombs proves, however, the board added, "that it has become imperative as a matter of national defense to provide for the maximum possible development of aviation in both the army and navy."

The tests proved also, the board agreed, the "necessity for aircraft carriers of maximum size and speed as an effective adjunct of the fleet," and for the development of "effective anti-aircraft armament." "Instead of furnishing an economical instrument of war leading to the abolition of the battleship, the development of aircraft has added to the complexity of naval warfare," the report stated.

The tests which were conducted by the navy with the co-operation of the army aircraft, was reported upon separately by army and naval boards of observers, and these reports formed the basis of the statement issued today.

University of Florida Will Have Exhibit at the Florida State Fair

JACKSONVILLE, Aug. 19.—An entirely new attraction, which is, it is declared, will be one of the big features of the Florida State Fair and Exposition at Jacksonville, November 12 to 19, is the joint exhibit of the University of Florida and the State College of Agriculture.

The exhibit is to be under the personal supervision of Dr. B. C. Riley, director in charge of the University. Dr. Wilmont Newell, dean of the college, will be in charge of the agricultural part of the display. The entire faculty and student bodies will take part.

Preparations are now going forward for this big attraction which is expected to attract wide interest. It will be housed in a separate building, 60x140 feet in dimensions, which the State Fair Association has set aside.

The following departments are to be represented: College of Law, College of Engineering, College of Education, College of Arts and Sciences, general extension division including experimental station, college of agriculture, the State plant board and the agricultural extension division embracing the county agents' work, boys' club, home demonstration work and girls clubs.

This will be the first year the State University and College of Agriculture has taken an active part in the State Fair and it is believed that this will be made a permanent feature of the exposition.

The College of Agriculture will send a big display of live stock in connection with its exhibit, it has been announced.

Nations will beat their swords into plowshares when they outgrow the yearning to beat commercial rivals into a pulp.

COCOA—What is believed to be the largest specimen of weed ever seen in this section is on display at the Cocoa Tribune office here. The weed is of the well known Careless variety, measuring 15 1-2 inches in diameter, and was found in the garden of Hub Williams, an orange grower north of Cocoa. Mr. Williams states that while this particular weed is somewhat larger than any he has ever had, every summer it is necessary for him to clear his garden plot with a club-axe and he has thought at times that it would be better and more quickly done if he used a cross cut saw.

GAINESVILLE—S. A. Osteen, of Lotus, on Merritt's Island, recently produced \$1,178.13 worth of tomatoes from one acre of ground, according to reports to the Extension Division of the State University. Mr. Osteen harvested 240 crates of the vegetable from the one acre and received \$4.53 a crate for them. In spite of heavy transportation and commission charges, a net return of \$627.64, an average of \$2.41 a crate, was realized. Shipping began the latter part of May and continued into July.

FOR MYERS—Wireless communication between Fort Myers and Crescent Beach, 15 miles from here, will be inaugurated by October 1, according to Captain Jack DeLysle, who has been developing the beach for the past several months. Stations will be installed at Crescent Beach, on the estate of Med R. Kellum, six miles from here, and at the office of the Fort Myers Press here. In addition, Mr. Kellum's yacht, Medbet, will also be equipped with a set. Each of the stations will have a talking radius of 150 miles, Captain DeLysle says. It will be the first wireless telephone communication in this section of the state, if not in Florida.

TAMPA—Children under 17 years of age must keep off the streets in Tampa after 9:30 o'clock at night, as the result of the passage of the curfew law. The law, which becomes effective this week, permits the presence of youngsters on the streets if they are employed as messenger boys, or otherwise. In such instances permits must be obtained from the police department.

last day for the annual encampment of the first regiment, Col. R. C. Turck commanding.

From the first the officers of the camp have been high in praise of the work done by the various units. The spirit shown has been of the very best. The work has been hard, but every day has seen the men buckle down harder and accomplish more.

In addition to the work of the camp the social side has also been a success. The regimental ball staged Wednesday night was a complete success. Scores of pretty Jacksonville girls rode to the camp in the five-ton trucks provided for the purpose and until late in the night the fun continued.

Baseball games for the battalion championship, competitive drills and a regimental parade and escort to the colors were some of the features of Thursday's program. The regimental banner is the one donated during the war by the Girls' Home Guard to the reorganized Florida First Infantry which was eventually broken up and its personnel distributed to other units.

"Coincidence" is Screen Attraction

HILARIOUS COMEDY WILL BE AT STAR THEATRE.

A real treat is in store for the patrons of the Star theatre beginning tomorrow, when the new Metro release, "Coincidence," will be the feature attraction. This picture makes its principal appeal as splendid entertainment through the snappy sparkling nature of the story that unfolds in its hilarious movement from the first to the last.

"Coincidence" is presented with an all-star cast, including Robert Ham and June Walker, and relates the mishaps of Billy Jenks, a socially ambitious young man, who goes to New York to make a name for himself and ends up by being arrested for burglary. Throughout the story the growing and controlling influence of coincidence is shown molding the destiny of Billy Jenks from the moment that money he is counting blows out of the window and falls at the feet of the girl he afterward falls in love with.

From this time on, Billy is beset by one coincidence after another, resulting in his inheritance of a large fortune, only to have it stolen from him by a polished crook, who seeks not only to defraud Billy of his wealth, but also to steal his girl, which he almost accomplishes, and for Billy's timely arrival at the moment where the blackguard has led her.

In this manner the picture proceeds pell-mell, with each scene increasing the merriment caused by the mishaps of Billy Jenks. Robert Ham is seen to exceptional advantage in this role, while the part opposite him is admirably portrayed by June Walker, late star of the Broadway stage success, "My Lady Friends." The picture was adapted by Brian Hooker from a original story by Howard E. Morton, and directed by Chet Wilkey. Louis C. Bizer, photographed it.

"Putnam county has never made very strenuous efforts to win its place in the agricultural exhibit of the state fair," says the Putnam News. "It would be a great thing to do, and if proper steps are taken early enough the blue ribbon can be brought back here." The newspaper says that trouble was met with recently in securing fine products to exhibit because on one previous occasion the fruits furnished were not or given away, and those who had produced them at considerable expense were not considered fortunate. The News believes that if the authorities in charge of getting up the exhibit will assure growers that the valuable fruit loaned will be returned, or compensation made if the fruit is sold, that there will be a ready response to the call for exhibits.

WAR ROMANCE ENDS IN WEDDING.

Another romance of the world war, resulted in the marriage of Miss Winnie Hooper, of Cardiff Wales, England, to Mr. Theo A. Stiles, of Sanford, Fla., in New York city, August eighteenth.

The bride, who is a very charming and fascinating girl 18 years old, first met Mr. Stiles, while in the government service of the U. S. Navy. According to Miss Winnie's statement, it was during the armistice day celebration in Cardiff, when a bunch of sailors from some ship out for a spree, came down the street arm in arm, and seeing her and her four girl friends just ahead, deliberately surrounded them in the already crowded street, making overtures to separate her from her friends. Just at this time, a band of American sailors, coming from the opposite direction, seeing the distress, the girls were in, could not stand for this rough stuff where ladies were concerned, made a charge through the crowd extricating the ladies from their embarrassment. Mr. Stiles happened to be one of the rescuers, and now, after two years, Miss Winnie has decided to become an American citizen, and above all, will make her home in Sanford.

Mr. and Mrs. Theo Stiles will be at home to receive congratulations after August 22.

DR. GEORGE HYMAN BACK FROM THE NORTH.

Dr. George Hyman, pastor of the Baptist Temple, has returned from an extended trip to the Northfield Conference on Mass, and the eastern cities. While away he supplied the Baptist Temple of Philadelphia, of which Dr. Russel H. Conwell, is the pastor. He was unable to accept an invitation to take part in the services at the Temple in Brooklyn. He did accept such an invitation with Tremont Temple in Boston, and was there last Sunday.

Dr. Hyman reports a wonderful trip. He proposes to give the most impressive things of the trip in an address next Sunday morning at the Temple here. Be sure to hear this report.

OH, YOU GARAGE MAN!

Some garages have a flat rate fixed charge, notably the Ford service stations, where you can always ascertain just what the work will amount to. Others do not, as maybe you have noticed, if you own a gas wagon. It took a tailor at Tiffin, Ohio, to teach a garage proprietor the advantage of the flat rate. It seems that the tailor had had considerable trouble with his automobile this summer and his opportunity came when his garage man entered his shop to have a button sewed on a coat. The tailor did the work and later handed the garage man this bill:

Mayor Henk and wife expect to leave in a few days for their home in New York, for a several weeks' vacation.

Mr. and Mrs. H. R. Chapman and Ray, Jr., and Mr. and Mrs. J. S. Dinkel and Miss Olive Dinkel, motored down the southern part of the state as far south as Ft. Meade, Sunday.

Mr. and Mrs. Riebolt, of Orlando, were calling on friends Thursday.

Mr. and Mrs. Frank Anderson, who are out on their old place near Palm Springs, were visitors in Sanford Wednesday.

PAST MASTER'S NIGHT.

Something novel in the way of a Masonic meeting will be put on by the local Masonic lodge on the night of August 30th, in honor of the past masters of the lodge.

This will be called Past Master's Night, and a feature of the meeting will be that the work will be exemplified by the past masters of the local lodge, no other members being allowed to take any active part. Sanford lodge is fortunate in having a number of living past masters who are proficient in the work and all residents of Sanford.

The work will be handled exclusively by the following past masters under the leadership of Hon. Jno. D. Jenkins: Jno. D. Jenkins, C. J. Rumph, F. L. Miller, James Moughton, W. C. DeCoursey, J. E. Terwilliger, T. E. King, L. R. Phillips, A. C. Martin, G. W. Spencer and H. E. Polar. C. O. Bradbury a past master from another lodge will also assist in the work.

A. C. Martin holds the distinction of being the oldest past master of the lodge he having been master from 1877 to 1880.

The third degree will be conferred on several candidates and members as well as visiting Masons are invited to this meeting.

UPSALA AND GRAPEVILLE

THE WOMEN OF THE HOUSEHOLDS

are busy now putting up grape and guava jelly and marmalades for winter use.

Mr. and Mrs. Norman Swanson, of Celery avenue, were Thursday evening visitors at the home of his parents, Mr. and Mrs. Neil Swanson, coming out in remembrance of his father's birthday.

Mrs. Bertelson and little daughter returned home on the 6th after three weeks spent with her parents in Palatka. Andrew brought them home in his car.

We understand Mr. Reid, a brother of Mrs. Bertelson, who is keeping a market on Sanford avenue and a frequent visitor in Upsala, is expecting to send for his wife as soon as he can find rooms.

Mr. and Mrs. J. E. Lundquist visited at the home of Mr. and Mrs. Emil Magnerson on their wedding anniversary. Ice cream and cake were served.

Mr. and Mrs. Fry motored up Sunday from Windermere to bring home Miss Florence Tyner, who has been their guest.

Jesse Lee has been taking his wife to town for treatment under Dr. Denton, who removed a growth of a carbuncle order last Thursday.

Mr. and Mrs. Chezum, of Sanford, have bought the G. Lind orange and peach grove consisting of five acres, in Upsala. They are expecting to build and make other improvements. Mr. Lind now occupies a small building on his adjoining land.

We hear that Mrs. James Reid, of Boston, Georgia, has arrived and is visiting her sister-in-law, Mrs. Andrew Bertelson.

Wednesday was rather an eventful day for the Ballinger's. In the morning, V. C. Collier brought out lumber and Mr. Rutherford to ceil an upstairs room for them and in the afternoon Mrs. Alfred Ericson and their children and Alfred came when work was over to help celebrate the 85th birthday of Mr. Ballinger. After supper one of the brotherhood came out and took him in for the union prayer service of the Methodists and Congregationalists and then a number of the latter good people came out for a little surprise on us, in honor of the event, making it one of the best he ever had. He received a number of kind tokens of fresh fruit, jellies and pretty cups and saucers. Miss Margaret Ericson was a guest overnight.

Mrs. Ballinger was a Thursday afternoon caller in Upsalie calling with Mrs. Ericson on Mrs. Meador, who has not been very well and on Mrs. Cheezum and Mrs. Ebbu Lee, and taking supper with Mrs. Ericson.

Mrs. Stedt and Mrs. Neil Swanson and Miss Margaret Ericson have been recent visitor of Mrs. Emil Magnerson who is gaining slightly, we hear.

Mr. and Mrs. W. C. Tyner have moved into Sanford this week with Mr. and Mrs. Tew on Elm avenue as the place where they lived has changed hands.

Mr. and Mrs. E. W. Lundquist, Mr. and Mrs. E. F. Lundquist and Mr. and Mrs. Swanson were callers in Grapeville Sunday with their families.

Mr. and Mrs. Westerdick entertained at their home Monday evening in honor of the ninth birthday of their grandson, Barnwell Beck.

A number from Upsala attended the Sunday afternoon service at Paola. Morris Glidwell, of the West Side, remembered Mrs. Clarke with a generous piece of his birthday cake Wednesday.

Alfred Ericson returned to his work after a ten day vacation mostly spent at home but taking his family and other friends twice to the beach at Coronado and Daytona and one Thursday they took Miss May Dryden to Palm Springs.

Elmer Tyner and sister, Miss Eunice, with a party of young folks from town and chaperone picnicked last Thursday afternoon and evening at Palm Springs.

CARD OF THANKS.

I take this means of expressing my appreciation to the officers and enlisted men of Company D, for their kindness shown me at the death of my mother. G. W. WATERS.

The many Sanford friends of Geo. W. Waters are sorry to learn of the death of his mother which occurred in Tampa on Thursday.

If the child makes his appearance on the first of the month, it is considered a good form to name him Bill.

The difference between the Near East and the Far East is that the Far East is still open for exploitation.

It isn't the interest on what Europe owes us that troubles us so much as the principal of the thing.

New Solution of an Old Problem

All transactions in a retail grocery business are divided into three groups, requiring three kinds of service. First, charge and delivery, this transaction is the most expensive both for the merchant and the customer, requiring as it does, telephone, bookkeeper, gas and upkeep of the truck. Second, is the customer who comes to the store, has his merchandise charged but carries his goods home with him, eliminating a part of the expense. Third, is the customer who pays cash and carries his goods home with him, thus eliminating all expense of charge and delivery.

It is self-evident that there should be some distinction between the three classes of service. Recognizing this fact I have adopted the following plan without changing prices:

- FIRST:**
All goods priced on a charge and delivery basis.
- SECOND:**
Customers charging goods but delivering same will be discounted 2%.
- THIRD:**
Customers paying cash for goods and delivering same will be discounted 5%.

THE TALE OF BRUIN

Being a Story About Pud Hawkins and the King of the Bears By NELL H. CROSS

For many years, more years than Mr. and Mrs. Bruin could count on their fingers and toes...

His selfish, greedy nature was the cause of much dissatisfaction among his bear neighbors...

Not caring to live so far from others of his tribe in his old age, he decided to leave his home on Blackwater Creek...

Early spring found Mr. Bruin and family housed in a secluded bend of the Wekiwa river...

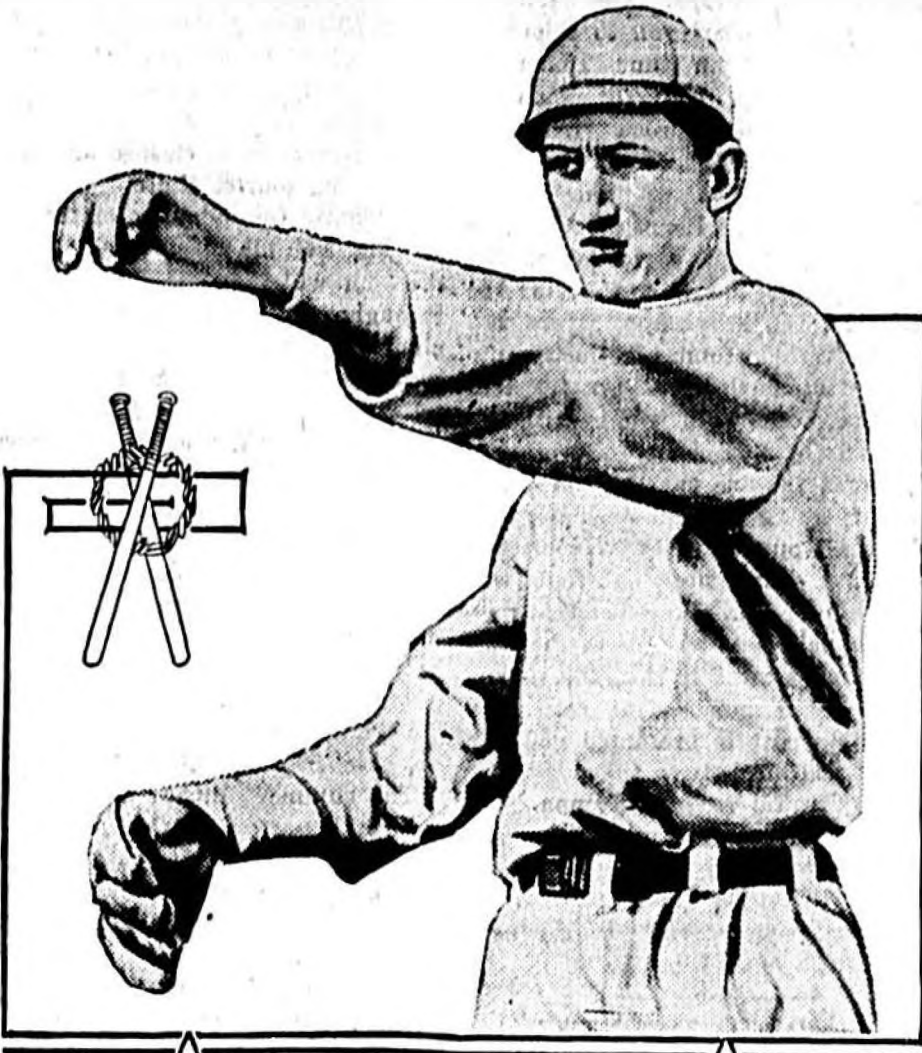

Now, while Mr. Bruin and family were living on the "fat of the land," the farmers in that section were not feeling so good over the matter...

Now in another county lived a man who was known far and wide for his skill as a marksman...

It was to these hunters that the farmers appealed in their troubles...

Overjoyed at the success of Pud and his men, the farmers went to their homes hoping once more to lie down and rest at night without having their slumbers interrupted...

LAKE MONROE

Vacation days are nearing an end. People are returning home in a steady stream. The summer outing has been very beneficial...

Under the supervision of Charles Bales, one of the trustees, the graded school grounds at Monroe are undergoing a decided improvement.

A delightful fish fry was enjoyed at Crystal Lake one evening lately. Those composing the party were: Mr. and Mrs. Charles Bell, Mrs. George McCrumb, Misses Alice Bolley, Iva Bales, Linda Miles, Thelma Lake, Rush Stafford and George Mathews.

One of our erstwhile staid and sober business men has lately blossomed out in a gay dashing, gallant Beau Brummel.

has such a lonesome time at home? (Hot Springs, Ark., papers, please copy).

A delightful surprise party was tendered Mrs. D. H. Rabun at her home on First street, August 9th...

Horace Swaggerty and Drew Warren have purchased the old Potter place in partnership.

Mrs. Hugh Brawdy and mother, of Orlando, visited friends here Friday.

Mrs. D. H. Rabun, Mrs. Will Hartline and son, Carl, motored to Palm Springs and Orlando Friday.

John Bell and family have returned home after a delightful vacation at Hot Springs, Ark.

Mr. and Mrs. J. T. Jacobs, of Chulusta visited friends at Monroe recently.

Mr. and Mrs. Bartow Mann have returned from a visit to relatives in Kentucky and Georgia.

Mr. and Mrs. Geo. Cain and son Elden, have returned home after spending the summer at their old home at Knoxville, Tenn.

Mrs. Charles Bell and son, Ernest, are expected home from Hot Springs, Ark., soon.

Mr. and Mrs. George McCrumb, Misses Alice Bolley and Thelma Lake spent Sunday at Daytona Beach.

Mr. and Mrs. S. H. Buchanan have returned home after a delightful stay of five weeks at Daytona Beach.

Henry Mills and family have moved to their own farm in Monroe.

Mr. Crenshaw, of the East Side, has moved to the Pace place vacated by Henry Miles.

There are persistent rumors of the Ku Klux operating in this city and rumors of what they are doing. There are many imitators of the Klan in this and other states who are using the Klan for personal reasons and personal gain and their undoing is only a matter of time. The real Ku Klux Klan is operating along different lines and do not stoop to petty stuff such as is being pulled by their imitators. The law will deal with these imitators sooner or later and all good law abiding citizens will be against them.

THEY ARE GOOD PEOPLE. Commenting of the Herald editorial regarding the trip to Osecola, the Melbourne Times says: The Times wishes to add that the people of Osecola are among the finest on earth. Most of them formerly lived at Hopkins and were the best of neighbors. Sanford does not know what it is missing by not knowing these good people better. The Herald's advice to investigate the situation is timely. A good road to Osecola will be found worth while.

Flashes of Action, World War Pictures At Princess Aug. 24

Spartanburg contributed more than her quota to the ranks of the American troops in the world war, and Spartanburg is the first South Carolina city to be given an opportunity to see moving pictures actually recording the achievements of Spartanburg boys on the battlefields of France. The pictures showing the 30th division in action in some of its bloodiest struggles in France were thrown on the screen here at 11 o'clock this morning, and the theatre was packed in a short time after the film recorded the bursting of the first shell that snuffed out the life of a Spartanburg boy. Indications are that every person in the city and hundreds from the county will see these pictures before 11 o'clock tonight, at which hour their engagement here will end. Local members of the American Legion who were instrumental in having these pictures shown here today are endeavoring to have them shown tomorrow also, but it was announced this afternoon that this probably will be impossible.

The films record the heroic achievements of the American doughboys from the moment they boarded transports bound for France until the humbled Hun agreed to the armistice. Regiments in which local boys served are shown marching to the front lines, and a little later these same regiments are shown marching against the Germans through shell and machine gun fire. American doughboys are depicted falling wounded and dying, and the spectators are given a clear and awe-inspiring view of scenes that have never been appreciated by those who did not actually participate in the bloodiest battles of history. Men are seen falling maimed or dying, while their comrades rush on toward the German lines. Red Cross workers are seen binding up the wounds of the sufferers and rendering first aid to those who fell while trying to penetrate the barbed wire entanglements that protect the German trenches.

A conception of what war really is was gained today by those who witnessed these pictures, and many who watched the screen saw and recognized "buddies" among the dusty, bloodstained heroes who smiled even when struck down by the Boche bullets. Thrilling aerial battles are also shown, and Eddie Rickenbacker is depicted shooting down a German airplane. The captured Boche airman, disgust and chagrin written all over his countenance, is also pictured surrounded by American doughboys who captured the German officer when he fell within the American lines.

Soldiers of the United States signal corps who were detailed to secure these films lost their lives in carrying out their mission, and the spectators are forced to marvel at the dauntless courage of the men who marched straight into the midst of the holocaust in order to secure these permanent records for the war department.

Wofford and Converse college students are arranging to attend the performance tonight, and efforts are also being made to have all school children in the city view the pictures before the closing hour tonight. Excursion men from every section of the country have seen the pictures today and are unanimous in declaring that every scene depicted on the screen is absolutely authentic.

"Flashes of Action" will be shown at the Princess Theatre, Wednesday afternoon and night, August 24th.

Speaking of money made from the tomato crop in Florida, F. R. Whittle, a Sanford grower, has made this past season a net profit of \$1,184.64, from two-thirds of an acre of land. He raised 416 crates from the two-thirds of an acre, which is a record that will probably beat any other in this state, or any other state. Other figures given from various points in the state, were gross receipts, and from one acre of land.

Mr. Whittle gave these figures to the Herald after reading about a Brevard county grower, who had made \$1,178.13 gross from an acre of land in tomatoes. As Mr. Whittle made more crates to the acre, and made more net profit from two-thirds of an acre than the Brevard man made from an acre, he naturally thinks he has the champion belt so far, and he has. He lives on a five-acre farm on the west side, and last year made even a better record for his crops. He is an example of what one man can do on a small farm in the Sanford section.

"Building permits issued in Gainesville during the past thirty days show that this city is going ahead at a rapid rate, a total estimated value being shown in that time of \$30,100," says the Gainesville News. "The shortage of rooms, homes and boarding houses in the city has caused the prediction that the present building plan is only a starter, and it is expected that even greater activity will be noticed in construction as the summer goes on." The News gives a half column to details regarding some of the permits recently taken out, showing that many new homes are going up and much repair and improvement work under way.

Welaka Block Sanford, Fla.

FORT MYERS.—Two hundred and ninety thousand brick were contributed by citizens of Lee county towards the paving of the highway between Fort Myers and Crescent Beach, a distance of fifteen miles, the first two days after Captain Jack DeLysle offered to finance the building of the highway which is to be sixteen feet wide if citizens would furnish the brick. "Buy a brick" has become a popular slogan here almost overnight and it is believed that within a short time more than enough material to pave the road will have been contributed. The movement had hardly begun the first two days of the campaign, the smallest pledge being for 1,000 brick. Dr. V. H. Voorhis pledged 20,000 brick. The committee in charge of the campaign expects to accept every pledge, even if the contributor offers only one brick.
