JUDGE HAND HANDS OUT DECISION ON INJUNCTION RESTRAINING FOREIGN SHIPS

FROM PUTTING INTO EFFECT THE BONE DRY RULING

STAY TEMPORARY

Providing That Steamship Companies File an Appeal to the Supreme Court

(By The Associated Press) NEW YORK, Oct. 23.—Federal Judge Hand today handed down a decision dismissing the motion of foreign and American shipping companies for permanent injunction restraining federal prohibition agents from putting into effect the bone-dry ruling. Attorney General Daugherty extended the stay temporarily, however, providing that the steamship companies file an immediate appeal to the United States Supreme Court.

WASHINGTON, Oct. 23.—The steamers which sailed from foreign ports for the United States yesterday are under the interpretation of the prohibition laws which became effective at 12 o'clock this morning. The amount of alcoholic liquor on board against the company is to be determined by the ship's daily log. The steamers and other vessels of this type are to be inspected before the ship crosses the one-mile line marking the accepted limit of American maritime jurisdiction under the interpretation of the prohibition laws which became effective at 12 o'clock this morning. The amount of nine companies are temporarily exempt from operation of the reason of injunction proceed pending before Federal Judge Hand in New York, and will be permitted to enter with their wet goods sealed under the system which prevailed before Attorney General Daugherty's new ruling.

The nine "exempt" lines include two American companies, the International Mercantile Marine and the United American Line, and seven registered under foreign flags, the United Anchor, White Star, French National Navigation, Harland & Wolff, Scandinavian American and the Royal Steamship Line. They sought permanent injunction against enforcement of the law on the grounds that Mr. Daugherty went farther than the authors of the statute and amendment intended, or if he did not, he is in this respect in violation of the law.

Other ships come within the meaning set forth by the act, but are exempt from the prohibition law. The act provides that the United States marshal did not force immediate continuation of the law by a resolution by the nearest foreign port of regular call is forty-eight hours from New York, while the trans-Atlantic liners are from five to eight days to complete their voyage. It was considered probable that a week might elapse before the enforcement agents would be called upon to apply the law restriction in a specific case.

"THE INVISIBLE POWER" WILL BE FEATURE AT PRINCESS TODAY

"The Invisible Power," a Goldwyn picture, by Charles Kenyon and directed by Frank Lloyd, is the feature picture at the Princess Theatre tonight. It is an engrossing story of the underworld, of real dramatic power. Although the characters belong to the "submerged tenth," the story deals entirely with the efforts of a reformed convict to lead an honest life. The fact that he has once been in jail, makes him a marked man for the secret police; and his attempts at reform meet with strange handicaps.

House Peters is seen for the first time as a Goldwyn leading man, and his splendid performance in the role of the regenerated convict is both appealing and convincing. Irene Rich, as his wife, gives a poignantly sincere portrayal of the young mother whose self-sacrifice at last leads to her husband's name being crossed off the police index for criminals. A two-part comedy, too.

BONAR LAW IS ELECTED NEW LEADER

OF UNIONIST PARTY AND WILL FORM A NEW CABINET

(By The Associated Press) LONDON, Oct. 23.—Andrew Bonar Law was unanimously elected leader of the Unionist party at a party meeting today. The meeting was held at the party headquarters in London. Mr. Law, who is 70 years of age, is a former member of the House of Commons. He was elected to the House of Commons in 1905, and served as secretary of the party from 1911 to 1921.

LONDON, Oct. 23.—The election of Mr. Bonar Law as leader of the Unionist party and the appointment of a new cabinet are the chief news items of the day. Mr. Law's election was a surprise to many observers, as he was not generally considered a strong contender for the leadership. His appointment as leader is expected to result in a new cabinet, which will be formed in the near future.

The Sunday papers are full of predictions regarding the program of the new government and the composition of the cabinet. All give advice to the prospective prime minister on the necessity of settling foreign affairs so that the country's trade may be untroubled. The Sunday Observer appeals for fair play for Mr. Bonar Law and his colleagues and urges the immediate clearing up of foreign affairs. Referring to Mr. Lloyd George, the Observer says:

"The retiring premier is by far and away the most brilliant popular leader in the world. His peace ministry was much below his war ministry in merit. A greater tenure of office and power will reflect to him in due season the credit which he has so justly earned."

Sponsored by the American Red Cross, the poster shows the outline of the United States with a Red Cross superimposed upon it. Around its borders are sketched scenes depicting the work of a volunteer of the Red Cross today—service to disabled veterans of the World War, disaster relief and promotion of the public health. The poster is the work of Lawrence Wilbur, a New York artist and will be displayed throughout the country during the enrollment of the Red Cross membership for 1923.

JUSTIFIABLE HOMICIDE NOW WHEN HUSBAND KILLS WIFE AFTER SHE IS UNFAITHFUL

Man Beats Wife to Death and is Cleared by a California Jury

(By The Associated Press) LOS ANGELES, Oct. 23.—A California jury today acquitted a man charged with the murder of his wife after she was found to be guilty of adultery. The man, who is 35 years of age, was charged with the murder of his wife, who was 32 years of age, on October 15th. The jury found that the man was justified in killing his wife because she had committed adultery with another man. The man was cleared of all charges and will be free to go home.

DR. LYMANN ABBOTT DIED YESTERDAY AT HIS NEW YORK HOME

Famous Minister and Editor Passed Away After Short Illness

(By The Associated Press) NEW YORK, Oct. 23.—Dr. Lyman Abbott died at his home in New York yesterday after a short illness. Dr. Abbott was 70 years of age and was a prominent minister and editor. He was the author of many books and was a member of the American Academy of Arts and Letters. He was also a member of the National Academy of Sciences. He was buried in the Woodlawn Cemetery in New York City.

EVERGLADES FLOOD REPORTS ARE GROSSELY EXAGGERATED SAYS THE ARMY ENGINEERS

BIG WEEK FOR MASONRY IN SANFORD RECEIVE REPORTS WHO HAVE PERSONALLY INSPECTED THE FLOODED AREA

SCHOOL OF INSTRUCTION UNDER DIRECTION OF GRAND LODGE Daily On the Situation and Make Different Statements from Others

(By The Associated Press) JACKSONVILLE, Oct. 23.—Reports of heavy damage in the Everglades as a result of the flood are being regarded by the Army Engineers as "grossly exaggerated." The engineers, who have personally inspected the flooded area, say that the situation is not as serious as reported. They say that the water is receding in many places and that the damage to crops is not as extensive as claimed. The Army Engineers are working to control the flood and to prevent further damage to the Everglades.

WEST PALM BEACH OCT. 23.—

Mr. Moore, who is in charge of the drainage work in the Everglades, says that the situation is not as serious as reported. He says that the water is receding in many places and that the damage to crops is not as extensive as claimed. The Army Engineers are working to control the flood and to prevent further damage to the Everglades.

JUSTICE DAY WILL RESIGN FROM THE BENCH

(By The Associated Press) WASHINGTON, Oct. 23.—Justice William R. Day of supreme court has announced that he will resign from the bench at the end of his term in 1923. Justice Day has served on the supreme court since 1913 and is one of the most respected members of the court. He is expected to be succeeded by Chief Justice Taft.

INVESTIGATION HERRIN TRAGEDY REVEALED TODAY

(By The Associated Press) ST. LOUIS, Oct. 23.—The investigation into the Herring massacre in Missouri today revealed that the police had been negligent in their handling of the case. The investigation found that the police had failed to take proper precautions to prevent the massacre. The Herring massacre was a tragic event in which 18 people were killed and many others were injured. The investigation is still ongoing and is expected to take several more days to complete.

Senator Fletcher says Florida is the best state in the union. The Senator ought to know

Remember the open forum meeting at the court house Thursday night. It is free and open to all to discuss the questions of the day.

Foreign vessels are now affected by the prohibition law. It is only a question of time when all of the world will be affected by the prohibition law for it will be in effect in every country in the world.

Sanford High was away victorious Saturday and our people are justly proud of the team which are sweeping toward a state victory. It just shows what our boys are going to do when they are helped by the business men of the city.

North Carolina man in a despatch to the New-Yorker says that the Everglades are flooded and human people are homeless. This is the first time that we knew the Glades were flooded or that anything like ten thousand people had a hard part of the state.

Lloyd George defended himself in a speech at Leeds Saturday. This grand old man needs no defense. After the new ministry and the new party goes into power in England we shall see what we shall see. It is a pity to see the change from Wilson to Harding.

There is a new factory for them in Sanford. It behooves every one to cooperate with the city authorities to stamp out mosquitoes. They are not to be had all over the country.

There is a new factory for them in Sanford. It behooves every one to cooperate with the city authorities to stamp out mosquitoes. They are not to be had all over the country.

Now that a change in the weather is predicted and the prediction seems true it is the time to get busy on the idea of stimulating business of all kinds and the best stimulation is the Dollar Day that will be out on here Friday of this week. The Sanford merchants are offering some rare bargains on that day and the Herald hereby invites every man, woman and child in Volusia, Orange, Lake and Seminole counties to come over Friday and spend the day with us. The Woman's Club will take care of you in Central Park and you can get plenty to eat at very reasonable prices and there will be amusements

for the big and little folks. It will be a great day in many ways and will be the first of a series of Dollar Days that Sanford merchants will put on during the year.

They have queer justice in California. Fatty Arbuckle is freed from the charge of killing Virginia Rappe and a jury today charged husband with justifiable homicide when he beats his unfaithful wife to death with the butt end of a shotgun. Maybe those folks in California want the wives to behave themselves but a little of the same thing for the men would help some. If all states would call it justifiable homicide there would be a lessening of this promiscuous loving that is going on all about.

Again the reports come to this office of young men and boys in Sanford obtaining liquor. This is only one of the bad features of the present law enforcement of the Volstead act. Bootleggers have no conscience and their chief source of revenue seems to be the young boys who are being debauched before our very eyes every day. Every time a young boy or man is found drunk he should be made to tell where he obtains his liquor and if the young man comes up in court twice for the same offense he should get a fine that will make him sit up and take notice. And this should go for all offenders in the courts today for either getting drunk or for selling liquor. The Ku Klux stopped some sellers of liquor to young boys. Maybe we should call on the Klan again.

DOLLAR DAY FRIDAY

The Woman's Club will pull a fair Friday of this week and the Sanford merchants will cooperate by pulling a Dollar Day Sales campaign. This will be a day of visiting and general get together for the people of the counties around us and the people of Sanford and should be a regular old fashioned party in every sense of the word. Let the people of the habit of going to Sanford and keep them coming to Sanford as their town and they will make it a most interesting and profitable day.

REACHING THE WATER FRONT

Dispatch in the Tampa Tribune says that Bradenton, a number of companies had a time meeting the other day and decided that their big goal work of the season would be the reaching of the water front. They have a front similar to that of this city with the exception that it is on the water front instead of a lake and is salt water. Bradenton has neglected the water front for many years and is just now waking up to the fact that the water front is their greatest asset. Sanford bulkheaded the lake front many years ago and now is spending work for years. The water front of Bradenton, the lake front of Sanford, should be made into a factory site or wholesale site or something of that sort unless a big tourist hotel is built there and saves the water front for the factory site.

REAPING A HARVEST OF THEIR OWN SOWING

According to Mr. Sullivan, one of the leading political students and writers of the country, "Hard times are foreclosing on the republican majority in Ohio." Mr. Sullivan can not be said to have an undue leaning toward the democrats. Certainly he would not make so bold as to predict would not make so bold as to predict he had the best of reasons for believing it to be practically a foregone conclusion. One of the chary habits of the political writers is to go slow on predictions. Mr. Sullivan may be mistaken about Ohio's vote, but he is not mistaken about the overwhelming indications which are before him. It is his business not to be mistaken about such things. It is the farmers, Mr. Sullivan says, who are reversing the sentiment of Ohio. The farmers bought farms under Wilson and are being foreclosed on the courthouse steps under Harding. In a sentence, that is his explanation of the situation. It is probably unfair to attribute to President Wilson the price levels in farm products which prevailed as a result of war. It is perhaps equally unfair to lay the blame of agricultural hard times

on Mr. Harding. But it was on a platform of such unfair claims and charges that Mr. Harding's party went into power. He guaranteed normalcy, and the Ohio farmers are dissatisfied with his delivery and with the quality of the goods as well.

Frank Munsey said recently that there are no party issues, but that parties now manufacture issues for election purposes and then forget about them. There is plenty of truth in the statement. It ought not to be in this country that the price of hogs or wheat determines who goes to congress and who lives in the white house.

But as long as one party is contending that it can give the people prosperity and the other that the first is the assured agent or ruin, we may expect statesmanlike handling of public business—but we aren't by any means likely to get it. The republican party sowed in 1920 the charge that the party then in power had failed to set up "normalcy." It is now reaping the harvest of that charge, and the fruit thereof is bitter.—Tampa Times.

WHY THE EGG SHORTAGE?

In the course of her address before the Woman's Club on Thursday afternoon, Miss Lois Godbey, Polk county's efficient and hard working home demonstration agent, mentioned with regret the decadence of Lakeland as a fresh egg market, stating that she had been informed Lakeland people would rather pay less for shipped eggs than above the average price for strictly yard eggs. She properly called attention to the splendid nutritive value of the home product as against the questionable value of the imported article, placing the value of the fresh eggs per dozen, being worth anywhere from ten to fifteen cents a dozen more than the shipped. But she gave the impression that Lakeland housewives will not pay the price asked for the yard eggs and that the Polk county output was being taken to other points, notably Plant City.

Reply yesterday among the producers revealed the fact that in no instance can any local grocer secure all the fresh eggs he can sell. In some cases they are at a premium and can only obtain seemingly at any price. Other merchants have been able to barely meet the demand of their regular trade. Therefore, it is a self evident fact that Lakeland does offer a good market for eggs and for poultry. These little difficulties, however, will all be removed when the farm or city market is established. The farmers will come to town to sell their eggs, their butter, their chickens, turkeys, ducks, and geese, their honey, fruit, vegetables and other products, finding here a steady demand for all they have to offer. The Lakeland curb market ought to be a Polk county institution and the sooner the home market is established the better off will be for the housewife and the farmer. Lakeland star-

"The luncheon should contain two sandwiches, a piece of fruit, and two cookies or a piece of cake. If possible, a bottle of milk should be added to his lunch.

"Next to the correction of physical defects, the most important thing for a school child is the contents of its lunch box. It is hard to believe, though it is true, that little or no real serious thought is given to this very important matter, even in some of our best homes.

"It was long ago proven that proper feeding of children is the greatest safeguard against stunted growth and muscular weakness.

"Children should have regular feeding hours as do blooded cattle, prize poultry, etc., and their feeding should be carefully supervised.

"If the school lunch is to take the place of the regular luncheon, it could be a substantial meal. Although sandwiches are best adapted for lunches, they become monotonous if used all of the time. "The same bread day after day is also monotonous. Variety sharpens a child's appetite. White, brown, rye, whole wheat, bran, corn or nut breads can be used to advantage. Both pieces of bread should be spread with butter—not lard or bacon grease."

STATE NEWS

MIAMI Oct. 23

The Miami Ad Club is up in arms because of the alleged action of constables who arrest speakers in the Arch Creek section and have proposed to lodge a formal complaint with Governor Hardee in the name of a petition from the club. Members of the club charge that the arresting officer of committing magistrates had been accepting payments of \$10.25 of offenders and that some drivers had been told that if they did not pay the costs amounting to that sum they would have to give \$100 bond for appearance in court.

The \$10.24 they said, usually was forthcoming immediately. Joe Frank, a member, cited as an instance the case of a tourist bound for Miami, arrested at Arch Creek for speeding. The defendant had a carload of furniture on its way to Miami but because of what he termed his unjustifiable arrest he telegraphed to have it diverted to St. Petersburg and butters.

EUSTIS, Oct. 23.—The next meeting of the Florida Grape Growers' Association will be held here November 18 according to an announcement from H. T. Fisher, president of the organization. Principal subjects to be discussed by the members will include the standardization of shipping crates, co-operative community organizations for marketing grapes and reduction of the membership fees.

WASHINGTON, Oct. 23.—Citrus fruit growers are overlooking a source of profit by allowing great numbers of bruised, under-sized or over-sized oranges, grapefruit lemons to go to waste annually in the growing districts, according to the Department of Agriculture which has just issued a circular on the subject. A careful investigation was made by the bureau

of chemistry on methods of several excellent food products such fruit, which they can be of at a profit to the grower. Tons have been prepared for commercial manufacture of orange juice, orange vinegar, cranberry, candied, grapefruit and maralades of various kinds and butters.

MONTVERDE, Oct. 23.—A gift from a friend of the school is not known personally. President Carpenter or any of the staff. It was a shipment of Duroc Jersey hogs and 400 sent to the school, freight by Med R. Kellum, of Fort Verde. President Carpenter received the greatest surprise of his life the following telegram Sunday ago:

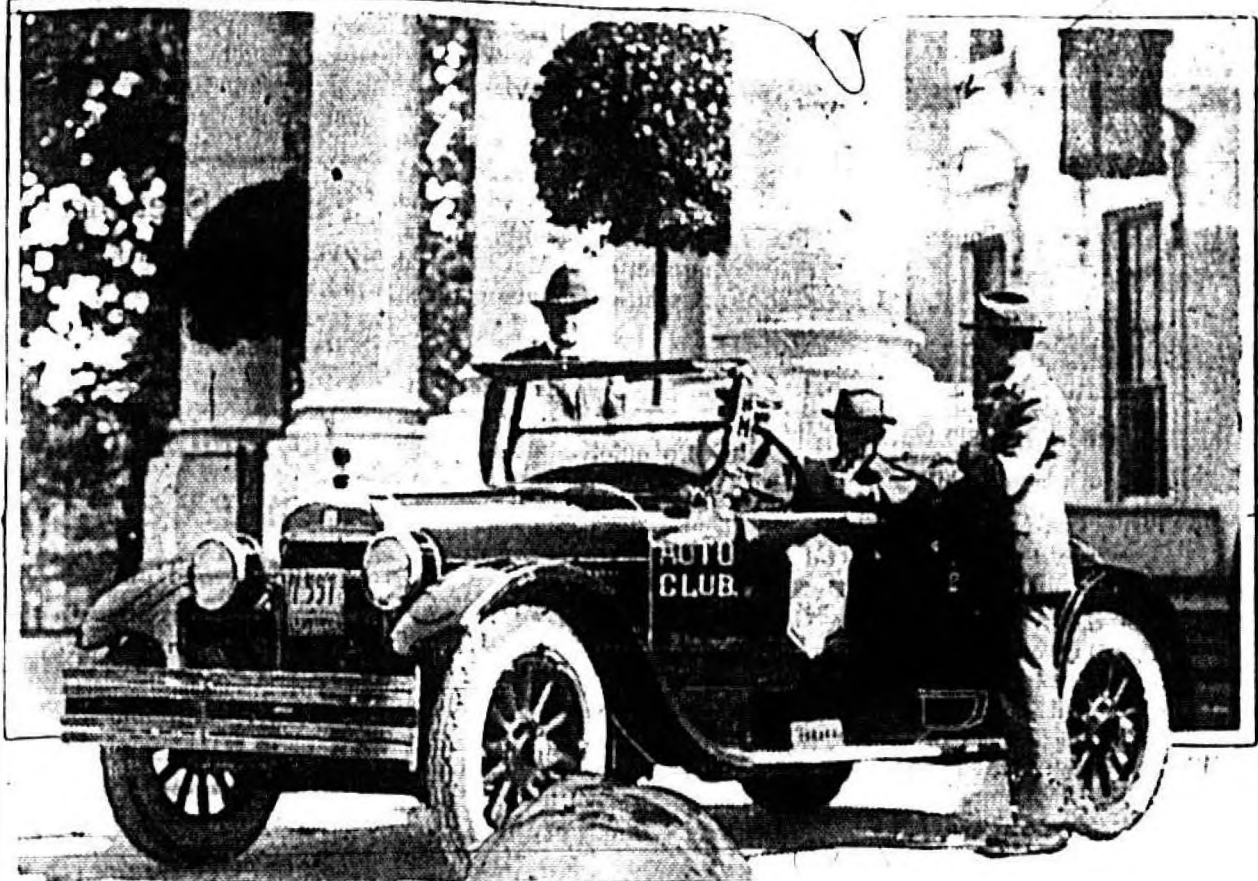

"Will you accept gift of 2 and 400 chickens, freight by Answer collect. Med R. Kellum. The school executive lost no reply in the affirmative."

THE THRILLS OF THRIFT. Those who have not experienced the sensation of starting a thrift account with the Peoples Bank of Sanford, and watching it grow week by week, have yet to know the possibilities and thrills of such a joy. The desire to accumulate is as old as the world—and it is a commendable desire. You need but a dollar to open a savings account with the PEOPLES BANK OF SANFORD Sanford, Florida

They Couldn't Know. Back in 1818 the greatest newspaper of the day declared that the world had reached the limit of human expansion. It even went further, saying that there weren't enough supplies in the world to support further growth of population. The mind of 1818 couldn't conceive of the miracles that human ingenuity would perform during the twentieth century. It couldn't imagine the wonders that would be wrought by new agricultural methods and modern manufacturing genius. It was ignorant of transportation as we know it, or the progressive sales methods of today. It could not see the vital part that would be played by advertising. Even today there are some who fail to realize what an important factor advertising has become. Advertising is as much a part of today's life as electricity, anti-septic surgery or automobiles. It keeps us up-to-date on the many things we need in order to live profitable, happy and useful lives. It presents for our approval articles of all kinds and for all purposes. The requirements of each member of the family are met by advertised offers of good merchandise of proved value. The advertisements save time, money and effort for those who read them and follow their guidance. They are practical guarantees of satisfaction. MAN MAROONED ON ISLE IN LAKE ERIE

Aged Man Stays Behind, Sending Son on Rescuing Lifeboat to Bring Help.

Kingsville, Ont.—A staunch tugboat, prepared to battle seas and gales, sailed from here to rescue Robert Sawyer, seventy-four years old, old-time lake fisherman marooned on Middle Sister Island, Lake Erie. Sawyer's son, Charles, his companion in a three-day fight against death from exposure in zero weather and starvation, which began when their motor-boat sank in heavy seas, was rescued

Three Days Father and Son Were Marooned.

and after reaching shore set out immediately to rescue his aged and hardy parent.

The father chose to permit his son, forty-four years old, to go for aid, staying behind with a few dry matches and a few fish taken ashore before their 14-foot motor cruiser broke from the anchor and went down. The son, taken to Kingsville by a freighter which sent a small boat to the island, was confident when the rescue tug set out that he would find his father alive.

After the Sawyers had put into a sheltered beach on the island to avoid a heavy gale from cruiser broke from the anchor and went down. The son, taken to Kingsville by a freighter which sent a small boat to the island, was confident when the rescue tug set out that he would find his father alive.

For three days the father and son were marooned on the island, possessing only a few dry matches and a few fish. They kept a log of the day and night. A smoke signal was seen by the freighter Movers, which sent a lifeboat ashore. The boat, however, could carry but one passenger and the father remained behind to wait until the son could bring aid.

FATHER FORCED TOT TO STEAL

Four-Year-Old Child Arrested for Robbing Grocery Store Tells Remarkable Tale.

Philadelphia.—A four-year-old boy, the youngest prisoner ever lodged in the Camden police station, was arrested on a charge of robbing a grocery store.

He told the police a remarkable tale of how his father had sent him out regularly before daylight to rob stores. It was four o'clock in the morning when the boy was discovered at a Dauphin street grocery store.

Policeman Clements saw him raise the lid of a box and take cakes. When arrested the child howled. He was clad only in a dress and slippers.

Pasquale Lombardo walked into the police headquarters and inquired if the police had found his missing boy. The father was arrested.

And now when a woman smells something burning she can't tell whether it's the roast in the oven or her cigarette on the buffet.

RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men in Hospitals After Four Years of Peace.

CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets Individual Attention of Sympathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1922 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strains and exhaustion incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their special care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, aiding through its very active Chapters in reaching the disabled men with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them and hundreds of them frequently helpless in the face of grim necessity.

2,679 Chapters Aiding Veterans In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 300 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity.

For the current fiscal year National Headquarters appropriated \$3,000,000.00, an increase of \$505,500.00 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single year is expected again to reach the \$10,000,000 mark by June 30, 1923.

Hospital and District Office Work During the fiscal year a total of over 1,000 persons, paid and voluntary, has been engaged in Red Cross work in hospitals or district offices of the U. S. Veterans Bureau. An average of 300 new cases require definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February 1919, it has disposed of 64,174 allotment checks payable to veterans which the Post Office Department reported undeliverable.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,065,070 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his special wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

Spread Christmas Joy Afloat More than 100,000 Christmas boxes for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans already under way.

Kissimmee Is Out-Classed and Sanford Makes It 3 Straight

WADDY FIELD MARS EXCELLENT PLAYING—MANY FUMBLES ON BOTH SIDES

Slashing down Kissimmee's much lined and otherwise slashing line, and at the same time using a more consistent attack strategy, with very little success toward passing an account of a wet field and good playing difficulty, Sanford High triumphed over the bulkhead Saturday afternoon, by the score of 18 to 0. It was Sanford's third game and third of the season, and although the field was wet, many mud puddles and the field and good playing difficulty, it was an excellent game from the standpoint of the players and the spectators.

placed the wire there. And it is also plain to be seen that the ones that crowd out in front of the wires are made up of most of those who paid nothing to see the game. We can help to keep the good work up and assist Sanford in going thru with their first successful season if we will all do our share. And it is to be hoped that we will.

HIGHEST SCORE IN HISTORY

BRISTOL, Tenn., Oct. 23.—King's college a week ago and Saturday the coach of the highest scores in football history here Saturday, defeating Lenox college of Hickory, N. C. 206 to 0. The local players had just won a 10 to 0 victory over Tusculum college a week ago and Saturday the coach sent in second and third string men in the last half but they had caught the spirit and could not be halted. The game finally ended after six minutes of the fourth period had been played. King's college has only twenty students.

ORLANDO AND Ocala Tie

ORLANDO, Fla. Oct. 23.—Pressing the predictions of their booster to be true, the Tigers of Orlando High School scrimmage, battled and fought their way to a 0 to 0 tie with the Ocala Wildcats here Saturday afternoon, while hundreds cheered for the Orange and White. Throughout the four periods the two crews fought bitterly. Outweighed several pounds to the man, the locals depended largely upon speed to carry them through and this was one of the outstanding features of the contest.

IOWA, 8; ILLINOIS, 7

URBANA, Ill., Oct. 23.—Illinois, fighting a desperate battle and playing their team to Iowa opponents to a standstill, lost one of the hardest fought football games ever played in Illinois here Saturday afternoon. The game was a close one, but the Hoopoes were unable to break through the line of the Hawkeyes, who started a series of 4 to 0 tie games one touchdown of the game. Illinois outplayed, outthought and out-guessed the conquerors of Yale in the first and second quarters, but when Clark was removed with an injury in the third period, the tide changed to ward Iowa.

RECEIVE BOX APPLES WILL EAT THEM TONIGHT

Sanford Lodge No. 27 I. O. O. F. was the recipient, one day last week, of a box of the finest apples one would imagine ever grew on trees. They came all the way from Youngstown New York, and from no less a personage than our own 'Sandy Anderson'. All members who are present at tonight's meeting will get a chance to sample the very best they ever ate, in the way of apples, judging by the looks of the contents of the box received. Here's to Sandy, one of the staunchest members we ever had, and may he live long, and be able to return many times to Youngstown, and send many more boxes of like nature back to 'the boys'.

DELAND GETS VICTORY OVER DAYTONA HIGH

DELAND, Oct. 23.—Deland warriors marched to a 57 to 0 victory over the plan of Coach Philen's Daytona High School pigskin chasers, here Saturday afternoon. Philen's men put up a game fight against men from two to four years high school experience but their lack of experience and frequent fumbles and penalties cost them considerable yardage throughout the game.

DeLand made nineteen first downs to Daytona's one. Touchdowns for DeLand, Tatum 3, Ackroid 1, Anderson 1, Johnson 1, Skeels 2, Walters 1. Total—9. Extra points Johnson 2, Tatum 1. Total 3. DeLand score 57. First downs 19. For Daytona 0. Daytona score 0.

TO BRING AID TO REFUGEES

(By The Associated Press) WASHINGTON, Oct. 19.—Two steamships as the result of action taken today will leave soon from American ports filled with food and clothing for refugees in the Near East.

One of the vessels, a shipping board steamer, will proceed by direction of President Harding who in requesting Chairman Laskar to furnish the ship, declared there was good reason for further government assistance in Near East relief activities. The other vessel, the steamship Stuyvesant, will leave New York October 24, with 1,000 tons of food and wearing apparel, according to an announcement by the American Red Cross.

Chairman Laskar, responding to the President's request, notified Dr. James F. Barton, head of the Near East Relief, that the United States crew at New York was available and that of the area was not ready another vessel would be furnished at the convenience of the relief agency. The crew of the Stuyvesant is capable of carrying 1,000 tons.

CENTER OF FOREIGN-BORN WHITE POPULATION, 1920

WASHINGTON, Oct. 23.—The department of Commerce announces that the center of foreign born white population in the United States is located in the eastern part of Allen County, Indiana, taken January 1, 1920, is located in latitude 41 degrees 37' 45", and longitude 84 degrees 49' 17", being in the eastern part of Allen County, Indiana, about 14 miles east of New Haven and 10 miles east of Ellettsville. This is the first time in this decade that the center of the population of the United States has been located in the eastern part of the country.

The center of the population of the United States in 1920 was located in the eastern part of Allen County, Indiana. The center in 1880 was located in Monroe County, Michigan, and in 1870 it was located in the eastern part of the state in which it was located in 1890.

The change in direction of the movement of this center from east to west is due principally to the increase in foreign born white population in the state of California. The total increase in the foreign born white population of the United States was 357,209 and the increase in the states of Texas, California and Arizona was 316,222 or 86 per cent of the total increase. Twenty states showed an increase in the percentage of their population from 1910 to 1920; ten of them were states east of the center and seven were states west of the center. The western states, however, had much greater increases in their foreign born white population than the states east. The largest increases were in California, Michigan and Texas.

WASHINGTON, Oct. 23.—Investigation of the diseases of truck crops, particularly celery and lettuce, is being conducted by the United States Department of Agriculture at Sanford, Fla. F. Victor McKemp, of the Bureau of Plant Industry has just left Washington for Sanford to assist in the investigation and will be stationed there until next July.

As a symbol of authority, there is nothing quite so distinctively American as the swivel chair.

CELERY SEED

Now maybe we ain't right about that Sanford team.

And maybe Vic McLaulin is playing the old game. His nose got in the way of a row puncher Saturday.

Heads up boys—don't weaken there's hard work still ahead.

And above all things we want that Orlando game this week.

There were many good golf scores made at the links yesterday. Bob Neyman and Bill Hill taking the day's honors.

The Florida eleven won over the American Legion at Tampa Saturday. Tampa now feels that Florida has a little better chance at Harvard after besting the Tampa stars.

Chuck Palmer, playing with North western, picked up a fumbled ball behind his own goal line and ran the entire distance of the field for a touch down. Some that we say.

King's College holds the record for picking up a fumble Saturday. They defeated their opponents Saturday at 206 to 0. Must have been some game to look at.

DeLand and Orlando battled to a 0 to 0 tie Saturday. Last week for Orlando's game of 18 to 0 with Sanford, they will have to be right on the ball.

Navy beat the Army yesterday 14 to 0. The much needed Centre Harvard game is over and the praying parsons missed M. Miller this year. They lost to the tune of 14 to 10.

Deval Higgs of Jacksonville beat the Charleston High Saturday 27 to 0. First time this happened since 1920.

Don't forget the prize fight, first on Wednesday at the traps on the Lake Club grounds. This is the last go round for the season and some nice prizes will be awarded that day.

Stetson won over the Southern outfit at Lakeland 8 to 0. Little trouble found out was at Lakeland and the Memphis team were sure they were better than the other two.

England defeated Ireland in their international soccer game 2 to 0.

PIGGY WIGGLY STORE HAS CHANGED LOCATION IS NOW MEISCH BLOCK

W. Bamberger is in the city to look after the store of hte Piggly Wiggly company who will open a store here about the last week in November or as soon as the store room can be finished. They have leased a room in the Meisch block on First street the second store from the postoffice. Mr. Bamberger will be here until the opening of the store as it is his business to get everything in readiness for the opening of Piggly Wiggly stores and he has just finished starting one in DeLand.
