Change brewing at Casselberry intersection

By Christopher Patten
Managing Editor

City weighs in on plan to construct a Highway 17-92 bridge over S.R. 436

The most expensive road project from the second-generation voter approved 1-cent sales tax hike in 2001 is getting off the ground in Seminole County.

The crossroads of U.S. Highway 17-92 and State Road 436 was labeled by County Engineer Jerry McCollum as the "most dangerous intersection in Central Florida," and the Florida Department of Transportation (FDOT) is offering four alternatives to solve the hectic intersection.

The intersection rated as the top location for traffic accidents in Seminole County last year and in several previous years. According to Luis Diaz of FDOT, during a recent study by the state turnpike authority the intersection ranked as the fifth worst in the entire state.

Officials from the county, Casselberry and the state transportation department all agree that some-

thing needs to change to improve the flow of traffic through the area, however, it appears they may all have differing opinions of how the intersection will be improved.

The preliminary design and engineering study for the intersection of U.S. Highway 17-92 and State Road 436 was presented Tuesday to county commissioners. The board is expected to decide on supporting one of the four

construction alternatives at its next meeting Oct. 14.

Shortly thereafter, the city of Casselberry board of commissioners decided to meet in a special called meeting Thursday night to reach a consensus on an alternative that they could support. The only problem is Casselberry officials are favoring an alternative that is the second most expensive and not one of the two that FDOT is proposing.

In all, the FDOT evaluated 11 different alternatives that included a single

Winter Springs math teacher has chance to be a NASA astronaut

The National Aeronautics and Space Administration (NASA) has named a Seminole County Public Schools teacher, Carolyn Guzman, as a "highly-qualified" astronaut candidate for their Educator Astronaut Program.

Guzman has earned this distinction from a pool of thousands of national applicants.

She has taught in Seminole County since 1993. She started teaching

Guzman

mathematics at Oviedo High School. She was one of the inaugural teachers at Winter Springs High School where she still continues to teach advanced placement calculus and pre-calculus.

Guzman will be at the Johnson Space Center, in Houston, the week of October 4 through 11. During her stay, she will undergo a battery of tests and interviews in order to qualify for one of three full-time Educator Astronaut (mission specialists) positions.

Public servants dish out lunch to crowd as Lt. Gov. awards Wever with honor

Herald photos by Tommy Vincent

Sanford Commissioner Valma Williams (top) and Airport Authority President Larry Dale share a laugh as they serve lunch during the event. Lt. Gov. Toni Jennings and Mother Blanca Weaver are the annual event Servants of the People Luncheon.

Mother Weaver a shining light in Sanford

By Jamie J. Anderson-Potter
Staff Writer

Elected officials and dignitaries from throughout Seminole County gathered during the Fifth Annual Servants of the People Luncheon Tuesday to pay tribute to Mother Blanca Weaver, founder of the Rescue Outreach Mission in Sanford.

During the luncheon, more than 400 people were served lunch by volunteer ser-

vants made up of local mayors, commissioners, state legislators and school board officials.

The goal of the annual event, held at the Sanford Civic Center, was to raise \$52,000 for the Rescue Outreach Mission, more than double the \$20,000 from 1999. The money raised will ensure those in need receive food, clothing and shelter.

Iraqi diary: Mission accomplished

Editor's note: Sgt. Charlie C. Carlson, son of Sanford historian Willie C. Carlson II, is depicted in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

23 Aug. 2003 We are working under the cover of the 2/37 of the 2nd Infantry, continuing normal patrols and collecting intelligence. Each zone is made up of several sectors. Each sector has a man called a "Mug," kinda like a mayor.

These mukhtar were appointed by Saddam Hussein to keep everyone in the zone. Each mukhtar kept a list called a "Mullhallah," which listed every resident in the sector

and their occupations, religion, and whether they were Fedayeen, Baath party, or Saddam loyalists.

Part of our mission in zones 14 and 23, has been to collect these books. We've confiscated all in zone 14, but still have a bunch to find in zone 23.

Each squad does a 12-hour shift. I worked the mid-shift after midnight and we were told to stay in a static location unless called. We went to our normal location at Regiment HQ but were informed by intell reports that our location could

Carlson

possibly come under mortar and missile attacks. I got my squad up and moving, and we went to Camp Marlboro and sat static over there. I informed Enforcer base to keep all patrols out of the Regiment HQ area due to a possible attack.

Earlier in the evening, we went to the big blue egg-looking thing. It is a memorial to fallen Iraqi soldiers. My translator, Ali Hammadi, told me that when the sun rises, one egg-half is lit and when the sun is going down, it puts the Iraqi flag.

Man dies as lightning strikes lakeside gazebo

By Jamie J. Anderson-Potter
Staff Writer

Family and friends gathered to mourn the loss of a 22-year-old Sanford man who died Thursday after being struck by lightning in Lake Mary.

Throughout the day Friday, people who knew Eric Justin Sperry and others who were touched by a stranger's tragic death gathered inside the gazebo where he died after being struck by lightning. A makeshift memorial with flowers and fishing lures now sits where Sperry's charred fishing pole once laid.

Sperry, a student at

Seminole Community College, died Thursday after taking shelter from an afternoon thunderstorm inside a gazebo at the end of a wooden pier on Green Lake in Renaissance Park in Lake Mary.

Two others individuals, 15-year-old David Malard and 16-year-old Timothy Godbold, both students at Lake Mary High School who were making their way home after ROTC practice, also sought shelter with Sperry.

At approximately 4:20 p.m., the gazebo received a direct lightning strike in which Sperry suffered the brunt.

A survivor from the deadly lightning strike Thursday return to the Lake Mary site the next day.

Sanford commission OKs Airport Blvd. townhouses

By Jamie J. Anderson-Potter
Staff Writer

Sanford commissioners voted unanimously Monday to approve the development of a townhome community off Airport Boulevard in Sanford.

The 43-acre site is located south of Airport Boulevard on the west side of State Road 417 and will include 318 two-story townhomes. The only access to the site will be from Airport Boulevard, via Americana Boulevard.

"I'm excited to see this development," said Mayor Brady Lessard. "It will be a wonderful addition to the area."

The subdivision will be home to two-bedroom units, approximately 1,051 to 1,144 square feet, and three-bedroom units, approximately 1,525 square feet. More than 600 parking spaces will be available for residents and visitors.

"There will be a pool, clubhouse and all the things that you would expect in a Class A community," said Bob Horian, president of Lake Mary-based Suncor Properties, Inc., who will develop the site.

However, Commissioner Art Woodruff expressed con-

cern that the townhomes look too much like apartments.

"I think at some point, as soon as this one is finished, we need to look at what we need to do because these look like apartments instead of owner-occupied homes," said Woodruff. "I don't want to get into building rental units owned by one person."

According to Horian, the main difference between the townhomes his company will construct and apartments is the number of units per acre. The proposed subdivision will have only seven homes per acre.

In fact, the townhomes at this site will be identical to Placid Lake Townhomes, currently under construction at 600 W. Airport Blvd.

According to Horian, the Placid Lake townhomes have won several awards and have been extremely popular with Seminole County homeowners, selling out before construction was complete in the subdivision.

Horian said the townhomes will sustain the area, which includes a Fairwinds Credit Union, a shopping center and State Road 417.

"The townhomes will support the shopping center and the shopping center will support the townhomes," he said.

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

IN BRIEF

Orlando woman falls for pigeon drop scheme in Lake Mary

An Orlando woman was the victim Wednesday afternoon of a pigeon drop scheme that occurred in the Lake Mary area. The victim was approached outside of the K-Mart store just off Lake Emma Road and Lake Mary Boulevard. A female suspect struck up a conversation with the victim, saying that she had just found \$75,000 in a wallet. She offered to split the money, but the victim would have to put up some good-faith money, first.

The victim was taken to a couple other locations and was introduced to a second, and third suspect, who played along in the scheme. Eventually, the victim withdrew \$3,000 out of her bank account.

The suspects and the victim then went in the suspects' car to the Lake Mary Hilton at 705 Currency Circle, where the money was to be split. The victim gave one of the suspects her good-faith money to inspect. The money was in an envelope. The victim eventually witnessed one of the suspects allegedly switching envelopes, with one that contained paper. The victim began asking questions. One of the suspects began to confront the victim, challenging the victim about mistrusting her. The victim scrambled to get out of the car. The car, with three suspects inside, then sped off.

The victim was able to get a Florida tag number of V05 (zero five) TIV, which comes back to a white, 2004 Cadillac that was rented recently out of Fort Lauderdale.

It is believed the suspects are staying in hotels along the Interstate 4 corridor. One of the suspects is believed to be 53-year-old Pauline Babbs, who is also known as Pauline Marazzi.

Anybody who knows the whereabouts of the suspects, or sees the vehicle, is asked to call Investigator Neal Stewart at 407-663-6600. One may also call Crime Line at 1-800-423-TIPS, where one can remain anonymous, and may receive a cash reward for vital information related to this case.

School board names two schools in honor of community leaders

At the Sept. 23 Seminole County School Board meeting, two new elementary schools scheduled to open in August of 2004 were named for three long time district employees.

The new school to open Winter Springs will be named the Laver Elementary School. The new school to open in Chuluota will be named Joan Walker Elementary School.

William P. "Bud" Laver, was superintendent of Seminole County Public Schools from 1981 to 1981. He received his education from the University of Kentucky and Hanover College. His master's work was done at Stetson University.

Laver served in the Coast Guard during the Korea Conflict and came to Seminole County in 1955. Bud taught biology and was the head basketball coach at Seminole High. He also was president of the Seminole County Teachers Association before becoming an assistant principal at Lyman High School. He served as principal of Milwee Middle, Teague Middle and later Seminole High.

Lucy Laver graduated from Florida State University. She started teaching in 1949 at Oviedo High School. She retired in 1984 from Lake Mary High School. She was a math teacher. Bud and his wife Lucy have lived in Sanford since he retired in 1981. Their only daughter is a pediatrician in Philadelphia.

Joan Walker was a 23-year employee of Seminole County Public Schools. She began her career as an instructional assistant at Sabal Point Elementary and retired in 1996 as Clerk to the Board, having served in this capacity from 1981 to 1996. During her tenure as Clerk, she was known for her grace under pressure.

A native of Michigan, Joan graduated from the University of Wisconsin with a bachelor's degree in business education. She is a mother of four and grandmother of four. All of her children attended Seminole County Public Schools. One of them, Michelle McGrath Harris is a teacher at Woodlands Elementary. Joan enjoys singing and performing. She started with a four-part harmony group in high school and even sang for the Pope in Rome as part of the Annunciation Church's choir. A resident of Lake Mary, Joan and her family have annually prepared a Thanksgiving dinner for community members who would have had to spend the holiday alone.

The features of the schools will include 114,000 square foot, 2-story brick building, 38 classrooms, resource rooms, computer lab, art & music suites, media center with a TV studio, multi-purpose cafeteria with a stage, and PE pavilion and play fields. The construction cost for each will be approximately \$8,000,000 and the completion dates are scheduled for July 2004.

Cultural arts

Mural photo by Tommy Vincent

This wall mural at Tajiri School of Performing Arts and Academics reflects the multi-cultural society in which we live. Tajiri instructors teach dance and cultural arts to young students from all walks of life regardless of race or ethnic background. Tajiri is located in the old, red schoolhouse on the corner of Palmetto Avenue and 8th Street in Sanford.

Theft

•Harvey Lamont Perry, also known as Perry Harvey, Benjamin Hawkins, Benjamin Hawkins, Harvey Lamont Perry and Harvey Lamont Perry, 31, Hudson Street, Daytona Beach, was arrested by Sanford police Monday on the 1500 block of South French Avenue in Sanford. He was charged with retail theft.

•Ronald Cleveland Dixon, 45, Timber Lane, Clearwater, was arrested by Sanford police Wednesday at a restaurant located on U.S. Highway 17-92 in Sanford. He was charged with retail theft.

•CANDY LOUISE BETH, 42, West First Street, Sanford, was arrested by Sanford police on Terrace Drive in Sanford. He was charged with unarmed burglary of an unoccupied dwelling without assault or battery.

•John Dixie Redding, 51, South Sanford Avenue, Sanford, was arrested Thursday at home by Sanford police. He was charged with larceny of more than \$300, but less than \$20,000.

Traffic

•Frank Anthony Grady, 45, South Thompson Avenue, DeLand, was arrested by Sanford police Monday at the intersection of West 11th Street and Holly Avenue in Sanford. He was charged with a non-moving traffic violation for driving with a suspended or revoked license.

•Willie Thomas Harris, 52, Orange Avenue, Sanford, was arrested by Sanford police Tuesday at the intersection of West 13th Street and Williams Avenue in Sanford. He was charged with non-moving traffic violations for driving with a suspended license, the attached registered license plate not being assigned and driving with an expired license for more than four months.

Other

•John Doe, 22, Orange Avenue, Sanford, was arrested Monday at home by Sanford police. He was charged with resisting officers.

•Darlene Lewis Mathews, 40, Lake Monroe Terrace, Sanford, was arrested Tuesday at home by Sanford police. She was charged with cruelty toward a child for abuse with great harm.

•Charise Sherna Hilton, 23, Windchase Boulevard, Sanford, was arrested by Sanford police Thursday on South French Avenue

In Sanford. She was charged with counterfeit of public record certificates and fraud for uttering a false statement.

Multiple charges

•Shawn David Green, 24, Gale Drive, Sanford, was arrested by Sanford police Tuesday at the intersection of West 10th Street and Olive Avenue in Sanford. He was charged with having unsafe equipment on a motor vehicle for a faulty turn signal and/or unsafe tires and a non-moving traffic violation for driving with a suspended license.

•Jeannie Marie Wallace, 33, Lucern Drive, DeBary, and Paulo Peter Greco, 51, Belchase Court, DeBary, were arrested by Sanford police Tuesday at the intersection of French Avenue and West Seminole Boulevard in Sanford. Wallace was charged with driving under the influence (DUI) of alcohol or drugs and a non-moving traffic violation for driving with a suspended license. According to police reports, these are her first such offenses. Greco was charged with possession of narcotic equipment and less than 20 grams of marijuana.

•Danny Perez, 40, Balfour Drive, Deltona, was arrested by Sanford police Wednesday at the intersection of West 25th Street and Elm Avenue in Sanford. He was charged with DUI of alcohol or drugs and violation of a traffic control device.

•Diane Beland, 54, Pinecrest Drive, Sanford, and Jodie Beland, 27, Crystal Bowl Circle, Casselberry, were arrested by Sanford police Thursday at a nightclub located on the 2000 block of Orlando Drive in Sanford. Diane Beland was charged with aggravated assault with a deadly weapon without the intent to kill, battery causing bodily harm and disorderly conduct. Jodie Beland was charged with battery causing bodily harm and disorderly conduct.

•Debra J. Scinicariello, 36, Coot Street, Orlando, was arrested by Sanford police Thursday at the

intersection of Rehart Road and Towne Center Boulevard in Sanford. She was charged with resisting officers without violence and a non-moving traffic violation for driving with a suspended license.

•Brandon Dtsae Ward, 21, Coolidge Avenue Sanford, was arrested by Sanford police Wednesday at the intersection of West 11th Street and Maple Avenue in Sanford. He was charged with possession of less than 20 grams of marijuana and aroen container of alcohol.

•CANDY LOUISE BETH, 42, West First Street, Sanford, was arrested by Sanford police Wednesday on Holly Avenue in Sanford. She was charged with possession of drug paraphernalia.

•Trevor Camron Bagley, 18, Riveredge Road Oviedo, was arrested by Seminole County sheriff's deputies Tuesday. He was charged with possession of drug paraphernalia.

•Christopher nes Boyle, 19, Hunt Road, Longwood, was arrested by Seminole County sheriff's deputies Thursday. He was charged with possession of less than 20 grams of marijuana.

•Thomas Peterreckwoldt, 23, Starlight Cove, Re, Orlando, was arrested by Seminole County sheriff's deputies Tuesday. He was charged with possession of narcotics.

Battery

•Raymond Hord Barrett, 42, Chase Avenue, Sand, was arrested Wednesday at home by Sanford police. He was charged with aggravated assault with a deadly weapon without intent to kill (domestic violence) and battery (touch or strike, domestic violence).

•David Gomez, 48, Dunn Hill Road, Longwood, was arrested Wednesday at home by Sanford police. He was charged with battery (touch or strike).

•Deborah Hill, 40, Rosecliff Circle, Sanford, was arrested Friday at home by Sanford police. She was charged with battery (touch or strike, domestic violence).

•Michael Lewis, 46, North Ronald Reage Boulevard, Sanford, was arrested by Seminole County sheriff's deputies Thursday. He was charged with battery (touch or strike).

OUT &

SAT

The Sanford Seminole Art Association will meet at 1 p.m. Saturday at Grace Fellowship Congregational Church, 2401 S. Park Ave., in Sanford. For more information, call 407-678-3392.

"A Funny Thing Happened on the Way to the Forum," a play based on the book by Bert Shavelson and Larry Gelbart, will be presented at the Sands Theater Center, located at 600 N. Woodland Blvd., in DeLand. Showtimes are 8 p.m. Saturday, and 2:30 p.m. Sunday. Tickets are \$15 for adults and \$8 for students. For more information, call 386-736-7436.

"How to Succeed in Business Without Really Trying," based on the novel by Shepard Mead, will be presented at 7:30 p.m. Saturday, Friday and Oct. 4, 10 and 11, and 2 p.m. Sunday and Oct. 5 and 12 at Helen Stairs Theater for the Performing Arts, 200 Magnolia Ave., in Sanford. Lightning

Continued from Page 3A

According to officials, Sperry had dropped his fishing pole into the water, which caused it to conduct the electricity gener-

ating from the lightning bolt. The rod and reel disintegrated, leaving nothing but pieces of melted line.

Malard and Godbold, who did not know Sperry until they shared the gazebo's shelter, made their way to Green Way Boulevard where they caught the attention of driver Lisa Wulf, a former cardiac-care nurse at Orlando Regional Medical Center.

The Longwood woman, who was driving home after picking up her son from school, stopped to assist the boys. After

assessing Sperry's condition, Wulf performed cardiopulmonary resuscitation for nearly five minutes.

Sperry, however, was pronounced dead at South Seminole Hospital in Longwood Thursday evening. His death is the sixth in Florida this year.

Malard and Godbold suffered only minor injuries and burns. They were treated and released from Florida Hospital Altamonte Thursday evening. One of the boys, who asked to remain nameless, returned to the scene Friday afternoon.

According to Sperry's boss, Danielle Smith of Publix in Lake Mary, Sperry was a quiet, young man, mature beyond his years.

During the brunt of this storm, between 3:45 and 4:30 p.m. Thursday, Seminole and Orange County fire dispatchers were inundated with calls. According to fire reports, a bolt of lightning hit the attic of an Orange County home located on Ventana Lane, leaving the family homeless. Other calls reported downed trees and utility lines.

OPINION

Power Polls

A big year's a 'coming for Seminole County voters

Next year, 2004, is a major election year around Central Florida. Actually, it has already started with candidates having qualified and the books already closed for city elections in Oviedo. The books have closed for candidates to qualify in the cities of Longwood and Lake Mary, too.

Nick Pfeiffauf

What's up in Seminole County? Up for grabs are the offices of Tax Collector, Sheriff, Supervisor of Elections, and County Commission seats for Districts 1 and 5.

You can call up information on all Seminole County elections if you have Internet capabilities. Just call up Semcoelections.org and leaf through the various pages of information like I did.

There are names and addresses of candidates who have announced plans to seek these county positions. I count 14 people for the five jobs. Of the 14, even though I have been in the media, and a longtime Central Floridian, I only know five of them. Shame on me, you say? Hardly. Once you see the list of names, other than some incumbents seeking re-election and others who are seeking to get a different elected position, I suspect you will not know more than half of them.

Therein lies the problem. Between now and election time, it is YOUR responsibility to find out who each of them is, what they stand for, what they will do in the various positions if elected, and what I always look for, can they actually accomplish what they promise to do when campaigning.

As for statistics, only one of the 14 is a Democrat. All the others are Republicans, although many of the races are nonpartisan, so it won't matter.

According to the Seminole County Supervisor of Elections, Seminole County has 93,496 registered Republicans, 65,088 registered Democrats, 40,985 listed in other parties, for a total voter registration of 199,569.

While I'm on the subject, Volusia and Orange counties, where many of us live and/or work in addition to Seminole, will also be having elections in the near future. How many candidates do you know for your local races. Heck, in several cities in Volusia County, there are even positions where no one has qualified to run. Talk about people being dedicated to serving in public office.

Regardless, do yourself and everyone else a favor and learn about the candidates. You will be voting on them in the near future, and wouldn't it be great if the best person for the job was chosen in every race?

Your View

All hail Orange's Ambassador Richard Crotty?

To the editor:

I read with great interest an article in the Orlando Sentinel last week pertaining to Seminole County's decision not to send \$600,000 to the Orlando Regional Medical Center's trauma center in Orlando. While there were several reasons for the Seminole County actions, I understand from first-hand information that one of the main reasons for Seminole County not participating is because they were not kept "in the loop" and were not given all the financial information.

Unfortunately, in my almost 58 years in the real estate profession in Central Florida, this has been a trend and a pattern that has

been followed historically by many of the governmental authorities and others. In many cases, Seminole and Lake counties have been treated more like a "stepchild." I have written and spoken for more than one-half of a century that there needs to be more regional thinking and a better relationship (particularly governmental-wise) with the counties contiguous to Orange County.

I have also been reading with interest the ongoing discussion pertaining to Orange County Chairman Richard Crotty's title — whether it should remain Orange County Chairman or become Mayor.

I would like to make a name suggestion ... I think it would be appropriate for all of Central Florida that Mr. Crotty's title should be "Ambassador Crotty."

Reader Unkept buildings make for a trashy town

To the editor:

I'm writing this letter as a concerned citizen of our town. I have lived here for 24 years and have watched our town go down hill makes me ashamed to call Sanford my home. A lot of the office buildings along I-4, and off to the side streets, need to be taken care of by the owners. These places need to be cleaned up around the buildings and some new paint might help. If they were fix like homeowners may they would clean them up.

The town is just plain dirty and trashy looking, and I just cannot believe that more of our citizens are not complaining. We have nice town and nice people that live here and our town should look like a place that is clean and inviting

to travelers that are passing through or looking for a small home town to live in.

People that do come to our town look around and just want to keep moving on. We are far from the city beautiful. Is there not something we can do as citizens of our town to push our city officials to make business owners take care of their buildings and make the city of Sanford clean up the trash along the road ways????

I'm seeking your help as our local newspaper as many of our citizens read your paper.

One voice is not enough to get something done. But, many voices will be heard.

I will not stop my campaign to clean up the streets of our beautiful city until something is done. Please help or let me know who I can contact to help make this happen so we can all have a nice place to live.

Sheryl Colligan
Sanford resident

The humiliation of a president

Driving along Wisconsin Avenue here last Sunday night, passing the National Cathedral, my wife and I saw the first flames burning in the roadway. Everything else was dark for as far as we could see. As we got closer, we could see policemen behind the sputtering red fires on the ground at every intersection. The traffic lights on one of the capital city's major thoroughfares still were not working, four days after tropical storm Isabel missed the city, passing far to the west.

Hundreds of thousands of homes and businesses around here had no electricity. A storm with no name passed through the next night, Monday, and 100,000 more homes were knocked out. Schools were closed for miles and miles around. The Washington Times was running daily headlines in frustrated rhythm: "6 Days and Counting" ... "7 Days and Counting"

The sixth day, Tuesday, with an estimated 362,000 buildings still without power in Washington and its suburbs, was probably not the best day for the Bush administration to finally reveal actual numbers about what the reconstruction of Iraq might cost. One that has been noticed and talked about in the streets of Washington, if not the corridors of power, is \$5.7 billion to install a new electric power generation and distribution system in the country President Bush decided we had to liberate this year.

The 53-page, \$20.3 billion reconstruction plan — part of the \$166 billion Iraq bill that gets us only to the end of this year — is, to coin a phrase, making people here crazy. One of the few members of Congress to ask a sensible question (late, but sensible) was Rep. David Obey, a Wisconsin Democrat, who asked our consul in Iraq, L. Paul Bremer, why it would cost \$50,000 per bed in two 400-bed hospitals he wants to

Richard Reeves

build over there. Iraq, said Bremer, makes lousy concrete so he wants to import better stuff.

OK. And he needs \$3 million to set up telephone area codes and \$150 million for a "911" system. Did I mention \$100 million for a witness protection program?

Why should we do this? After all, we didn't destroy these things. In fact, some of them never existed; they are construction, not reconstruction. Well, the reasoning seems to be this: If we don't give them better phone service than we have at home, the Iraqis will get madder and kill more of our young men and women occupying their country.

Cutting to the chase: President Bush should fire Secretary of Defense Donald Rumsfeld and his ilk, including Deputy Secretary Paul Wolfowitz and CIA Director George Tenet. These people have screwed up; they have made a fool of the president. My God, we're the good guys; we and our kids in uniform were told that they were after a monster who not only was slaughtering his own people (which was true) but was about to get us, too (which was never true or possible). Bush's boys told him we could handle this all by ourselves — and, if you remember, Rumsfeld said we could fight two more wars like this at the same time. Flowers would be thrown at our boots all over the world!

right about that — I thought that we were seeing one of those situations where the wrong speech was coming up on the gizmos that roll the words on those little glass plates. It happens.

The president seemed discouraged. Perhaps he realized that unless he was willing to admit that we have gone too far, too fast, he had nothing to say to the world, and the premiers and foreign ministers in the audience there had nothing to say to him. Why should they pay us or send troops to cover up the ignorant incompetence of our war lovers?

We are fighting a war on terror, as we must. The world should join us, grateful for our determination and leadership. But this is not that war. With luck, we may capture or kill Saddam Hussein and use that decapitation as reason to find a way back home. But then, at best, we will be back closer to where we started on Sept. 12, 2001, when the world rallied to the cause. We turned them away with insults, told them we didn't need them. We squandered great treasure and moral stature in the desert, and now we may just have to start all over again.

© 2003 UNIVERSAL PRESS SYNDICATE

White House warriors blame everyone ... but themselves

"To announce that there must be no criticism of the president ... right or wrong, is not only unpatriotic and servile, but is morally treasonable to the American public." — Teddy Roosevelt, 1918

Ever have one of those foreign military adventures when your own foot becomes a better target than the enemy? If the tough-guy act is wearing thin, you can always whine.

Faced with well-deserved criticism of their adventure in Iraq, Bush administration officials have started to point fingers — blaming, variously, the French, the United Nations, al-Qaida, Syria and Saddam Hussein. (Who knew Saddam might pose a continuing problem?)

And when they're really in a self-serving snit, they blame Americans. Or at least those Americans who have the nerve to point out the obvious failings of the post-war plan.

This month, Defense Secretary Donald Rumsfeld told reporters that skepticism toward President Bush's scheme for Iraq is encouraging America's enemies.

They (terrorists) take heart in that, and that leads to more money going to these

Cynthia Tucker

(terrorist) activities or that leads to more recruits or that leads to more encouragement or that leads to more staying power. Obviously, that does make our task more difficult," he said.

With that, Samuel Johnson's famous definition of patriotism, "the last refuge of a scoundrel." In the case of the White House and its desk wars, the last refuge of scoundrels is to denounce critics as unpatriotic.

And this particular squad of scoundrels is desperate. They are no longer able to bludgeon dissenters with facts; the justifications President Bush and his co-conspirators used for this pre-emptive war have been revealed as a blinding, distorting and outright lie.

The anticipated draft report on weapons of mass destruction written by David Kay, former U.N. weapons inspector, acknowledges that no conventional weapons have been found. In many Iraqi neighborhoods, American troops are not welcomed as liberators but denounced as foreign occupiers. And Iraqis won't be paying for reconstruction, after all. Bush has just submitted to Congress an \$87 billion bill.

As the desperation spreads, the administration to deflect the blame, as well. Most recently, U.S. Rep. Jim Marshall, D-Iowa, pointed the finger at the mounting Iraqi casualties and continuing disorder in Iraq.

Writing last week in The Atlanta Journal-Constitution,

Marshall claimed that the news media are painting a "falsely bleak picture that weakens our national resolve, discourages Iraqi cooperation and emboldens our enemy."

"We need a few credible Baghdad Bobs to undo the harm done by our media. I'm afraid it is killing our troops."

That's news to me. I've heard no reports — not one — of journalists aiming AK-47s at American soldiers or planting explosives on bridges or firing rocket-propelled grenades at Bradley fighting vehicles. (Conversely, however, American troops have killed a few journalists.) And since my commentary is not published in Arabic, I doubt I have many readers among the Iraqi resistance.

Marshall, a Vietnam veteran, is someone I used to respect, even though I disagreed with his decision to jump on the war wagon during his campaign last fall. (Marshall was not yet in Congress when the House voted last October to give Bush the authority to invade Iraq.) But now that the wheels are coming off, he's looking around for someone else to blame. Sorry, Jim, it won't work.

Polls show that Bush's approval rating is now at its lowest ever — 49 percent, according to NBC News — and that about half the country is deeply skeptical about the Iraq enterprise. According to a recent USA Today/CNN poll, 47 percent disapprove of the way Bush is handling the situation in Iraq.

And, though Rumsfeld may not like it, they consider their right — indeed, it's their duty — as Americans to say so.

Seminole County's first black fire chief dies at 84

Joseph Jackson, Sr., Seminole County's first black fire chief and community activist, died Tuesday, Sept. 23, 2003, of respiratory failure at Central Florida Regional Hospital in Sanford. He was 84.

Born to Mattie and Willie Jackson in Quincy, on Nov. 15, 1918, Jackson was the oldest of seven children. After his father died, Jackson, his mother and two sisters, Lizzie Mae and Willie Mae, moved to Sanford in the mid-1920s and settled in the Cameron City also known as the "Hundred." Mattie met and married Floyd Child and to this union four children were born.

Jackson was educated in the public schools of Seminole County. A veteran of World War II, he was the "Bugle Boy" for his Army Company, receiving a Victory Medal, a Good Conduct Medal, an American Defense Medal, an Asiatic-Pacific Company Medal and a World War II Bronze Service Star.

On March 23, 1951, he married the former Bobbie Singletary, who preceded him in death in 1998, and to this union six children were born.

Jackson helped organize the Midway-Canaan Volunteer Fire Department in the early 1960s with a group of other men, then served as fire chief for 10 years before the county took over the service in the 1974.

The fire department made quite a name for itself, even participating yearly on the televised Central Florida Cerebral Palsy Foundation. To raise money, the department had a fireman's ball and solicited donations.

Seminole County Fire Chief Terry L. Schenk salut-

ed Jackson in a letter dated Feb. 25, 2001, presented during the Inaugural Midway Living Legends Awards.

"Over the years our department has evolved into one of the finest emergency service organizations in the country and we are very proud of the service we provide each day to the citizens of Seminole County," he said. "With that said, there always has to be a starting point for such ventures and you were part of that in organizing fire protection for the Midway area so many years ago."

Jackson was also an organizer and charter member of the Midway-Canaan Water Users Association, a member of the Midway Improvement Association, the Seminole County Firemen's Association, Boy Scout Troop No. 13, Lily White Lodge No. 73, the Sandra Fashioe Bowling League, the NAACP, and worked with the IA and Band Parents Association of the schools his children attended. He also worked with the Red Cross United Fund and Cerebral Palsy associations.

He was contacted the community's "messenger" riding throughout the community with loudspeakers attached to the roof of his car announcing community meetings, campaigning for Seminole County's first black candidate for county commissioner (Midway resident Willie C. Canings) or

making residents aware of upcoming county issues.

A deacon at Mt. Moriah Primitive Baptist Church for 50 years, Jackson served as chairman of the board for more than 20 years. One of his favorite spirituals is "We are climbing Jacob's ladder," which he often sang leading Sunday morning devotional service.

He was an avid gardener and shade-tree mechanic, often mowing neighbors' lawns and repairing their cars free of charge.

Jackson leaves to mourn his six children, Joseph Jackson, Jr., (Nadia) of Toronto, Canada, Barbara Gillison, of Jacksonville, David Jackson (Shelia) of Sanford, Charles Jackson of Sanford, Gregory Jackson (Lisa) of Pensacola, and Cassandra Grayson (John) of Tallahassee. He also leaves behind 17 grandchildren; nine great-grandchildren; sisters, Liz Diggs, Willie Mae Johnson, Flora Daniels and Lula (Eugene) Morgan, all of Rochester, N.Y.; sisters-in-law, Pearlle (Derry) McGill, Ella Mae Brooks, Elnora Singletary, Margaret Childs, all of Sanford, Betty Childs of Syracuse, N.Y.; and a host of nieces, nephews and sorrowing friends.

Funeral services will be held at 11 a.m. Saturday at Mt. Moriah House of Prayer (Primitive Baptist Church), 1101 Locust Ave., in Sanford.

Wilson-Eichelberger Mortuary, Sanford, in charge of arrangements.

The Way We Were: Part II of a 'Sally' revisited

This is a continuation of information found in the 1911 Sanford High School Salmagundi.

School events and clubs

The first meeting of the Irving Literary Society was held Monday, Nov. 21, with an increase of 45 members. Officers elected were Ernest Betts, president; Hopkins Jones, vice president; Margaret Davis, secretary; and Karl Roumillat, treasurer.

On Jan. 26, 1911, the society divided into two groups, the boys' debating society under the guidance of Professor Perkins and the literary society under the guidance of Miss Guld. The officers of the debating society were Osborne Herndon, president; Karl Roumillat, vice president; and Abie Kanner, secretary-treasurer.

The Girls Glee Club was organized with 16 members. They were working hard and had an organization of which the school could be proud.

Dr. Garner of Worcester, Mass., a prominent educator at the time, paid the school a visit. All enjoyed his remarks and appreciated his complimentary words. Also, Supt. Lynch paid his yearly visit.

The Turner Art Exhibit, held in the auditorium for three days, was enjoyed by all. The proceeds went to buy pictures to adorn the new school.

The Orange County Fair had been held in Orlando, Feb. 7-11, 1911, and Sanford High School had received a prize for almost every division of work displayed in the school exhibits.

Prizes had been awarded to Able Kanner, \$2 for best translation of 200 lines of Virgil; Mary Chappel, \$3 for translating from English to Latin an original composition, "The Advantages of Ancient Languages"; Vail Lovell, \$5 for best display of a mechanical drawing; Alma Pageruart, \$2 for best laboratory book; George Armstrong, \$2 for translating two chapters of Caesar; the 1910 Salmagundi, \$5 for best edition of a school paper; and \$10 for general school exhibit.

Social events from 1911

On Friday evening, March 3, Bertha Packard entertained the senior class at her home on Oak Avenue. The class colors — green and white — were carried out in the decorations. Games were played and Clarence Mahoney and Louis Gowdy captured the prizes.

Saidee Williams entertained the senior class at a St. Patrick's Day party on March 17. The house was decorated in clover and Irish flags.

A Blarney contest was held as each contestant wrote flowery compliments for each other. Eugenia Pope won the prize and Carrie Lovell won the prize for collecting the most flags in a limited time. The first course of refreshments were tea and Irish potatoes followed by fruit, cake and nuts. The group declared it a pleasant event and Saidee was a most entertaining hostess.

Martha Fox entertained the senior class with a Tacky Party on Wednesday evening, April 6. Everyone dressed in a tacky manner and wore masks. Before unmasking, everyone tried to guess the others' identities. Carrie Lovell won the prize as a little brown monkey, which became the class mascot.

Vail Lovell won an eating contest and received a pig, which was declared the class

See Stinecpher, Page 12A

Magic Memories: Orlando NBA team adopts Midway school

Herald photo by Tommy Vincent

Orlando Magic forward Pat Garrity reads along with second grader Deja Thomas of Midway Elementary. The NBA team adopted the school Tuesday as part of the league's Read to Achieve program.

Local program between LeapFrog and Magic to help schools with CAT tests

By Jamie J. Anderson-Potter Staff Writer

Orlando Magic Forward Pat Garrity helps local children slam-dunk the FCAT exam.

Earlier this week, Garrity "adopted" Midway Elementary school in Sanford as part of the NBA's Read to Achieve program, a year-round campaign to help young people, in kindergarten through fifth grade, develop a lifelong enjoyment for reading and to encourage adults to read regularly to children.

The local program is a collaborative effort between the Orlando Magic and LeapFrog to help schools retain or improve their FCAT scores using LeapFrog SchoolHouse products.

During a demonstration Tuesday, Garrity, along with Seminole County Superintendent Dr. Bill Vogel and LeapFrog Southeast Regional Manager Libby Preble, was on hand to illustrate the uses of LeapFrog products and the importance of reading.

"Our goal is to instill a lifelong love of reading and to encourage kids to become involved in their education," said Garrity, who graduated from Notre Dame with a 3.7 GPA in science/pre-med studies. "We, as role models, want to encourage them to know that it is cool to be an educated person."

The national NBA program reaches an estimated 50 million children a year and is the most extensive educational outreach initiative in the history of professional sports, according to

NBA officials. The Orlando Magic alone donated \$20,000 worth of LeapFrog products annually to each of its adopted schools.

Last year, Seminole County's Hamilton Elementary School in Sanford joined Nap Ford Community School and Lake Weston Elementary School, both in Orange County, and Ventura Elementary School in Osceola County, as the recipients of the products.

According to Nan Parker, principal of Hamilton, the students benefited immensely from the program and the school improved from a C to a B on the FCAT exam.

"It was wonderful," she said. "We showed improvement in all areas."

According to Kenneth Bentley, community educator of Hamilton, members of the team participated in the school's pep rally and the top readers were honored during a half-time celebration during an Orlando Magic game.

This year the Orlando Magic will make donations to Midway Elementary School, as well as Nap Ford Community School and Richmond Heights Elementary School, both in Orange County, Thacker Elementary School in Osceola County, Bonner Elementary School in Volusia County, Endeavor Elementary School in Brevard County and Griffin Elementary School in Polk County.

The program is nationally supported by all 29 NBA teams, 16 WNBA teams, the eight teams that make up the NBA's new minor league and the

National Basketball Development League (NBDL), as well as officials, parents and wives of players, the NBA Players Association and the Retired Players Association.

"It is definitely important for us to have partnerships such as this one so the students can see the connection in the community helps them achieve in reading," said Kimberly Goolsby, assistant principal of Midway Elementary School. "I think when they see the connection and how important it is and that their accomplishments are a community effort, it makes a difference in the students' lives."

"We are always going to be our best and make every child is achieving," she added. "This program will assist us in that. We're excited about this partnership."

In addition to this program, the Magic have found a partnership with the Governor's Literacy Initiative to provide literacy statewide. They will expand on the current partnership with the help of Reading is Fundamental, Scholastic and local sponsors.

In conjunction with the Read to Achieve program, the team will host monthly Read to Achieve events and acknowledge special events and accomplishments. Diagnostics will be given throughout September to hear Pat Garrity read Clifford the Big Red Dog, written by Norman Bridwell and published by Scholastic. Look back each month to hear another favorite Orlando Magic player.

Tillman celebrates 91 years

Marie H. Tillman celebrated a 91-year happy birthday Sept. 7. A celebration was held in her honor Saturday evening, Sept. 6, at the Triumph of New Age Church dining room.

She was born Sept. 7, 1912, in Hernando County, Fla., to Mary and Dennis Herring.

She moved to Sanford in 1930 to live with her sister, Leatha Mae Madison. Marie met and married Marva Argus Hawkins.

They raised five daughters, Myrtice Lackey of Atlanta; Josie Smith (deceased); Betty Roberson; Agnes Wade of Sanford; and Berita Tillman of DeLand, and three sons of Sanford, William, Lorenzo and Ralph Tillman. The couple has 28 grandchildren, 39 great-grandchildren and eight great-great-grandchildren.

Serving as mistress of ceremonies for the celebration was Cynthia P. Tillman with the prayer of love by Elder Grady Roberson, pastor of Triumph of the New Age Church. Lauren Nani-Mikal Rodgers extended the welcome to family and friends. Bettina Roberson dedicated a poem, and William Tillman Jr., Turner Davis Jr., and Garmon Davis entertained guests with a musical instrumental trio selection.

Edward Brown spoke of the spiritual walk of the honoree, having been a member of the New Mt. Calvary Missionary Baptist Church for many years. Shaunda Smith gave the family history with words of love spoken by the oldest child, Myrtice, oldest grandchild LaJuliette S. Glenn, oldest great-grandchild Keashaun Davis and the oldest great-great-grandchild Jade Davis.

God has blessed the life of Mrs. Tillman for four scores and eleven years, and we pray that God will continue to bless and keep her in His care as mothers are rare, precious and fun. As a praying mother, a Christian, a wise woman, a grateful woman, friend, neighbor, a child of the King, God bless you many more happy birthdays.

Micro-grants available at conference
Micro-grants will be awarded at the first annual Faith Based and Women and Minority Business Conference, which will be held Friday, Oct. 10, at the Rosen Centre Hotel

A Geneva Boy Scout is eyeing an eagle rank

Boy Scouts live by the Scout Oath, which they recite together as they meet. "On my honor I will do my best; To do my duty to God and my country and to obey the Scout Law; To help other people at all times; To keep myself physically strong, mentally awake, and morally straight."

The Scout Law states that: A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent.

An Eagle Scout — A Boy Scout who has reached the rank of Eagle — must, as part of attaining that rank, demonstrate that he lives by the principles of the Scout Oath and Law in his daily life.

He must also: 1. Be active in his troop, crew or ship for a period of six months after having achieved the rank of Life Scout. 2. Earn a total of 21 merit badges — 12 of which are required — nine are his choice. 3. While a Life Scout, serve actively for a period of six months in a position of troop responsibility. 4. Plan, develop and give leadership to others in a service project helpful to any religious institution, school or community.

To achieve this goal takes a Scout many years, but must be completed by his 18th birthday. Only 2 percent of Scouts are willing and able to join

the ranks of this elite group.

The residents of Geneva have one such young man here in their midst. And he needs their help in carrying out item number four — a community service project.

Seventeen-year-old Andy Liljenquist has been involved in Scouting since becoming a Cub Scout at age 8. He demonstrates in his life the Scout Oath and the Scout Law and has completed the other four phases of becoming an Eagle Scout. Along the way he has learned much. Says Andy, "My favorite part of being a Boy Scout is learning camping skills and how to use them. Canoeing has taught me the most because I learned about canoe safety and how to right a canoe. I also learned fishing skills. The most interesting things I have done were hiking on the Appalachian Trail and whitewater rafting."

Andy, a member of the Sanford Ward (congregation) of The Church of Jesus Christ of Latter-day Saints, wanted to do an Eagle Project that would benefit his church community as well as the community in

which he lives. "My church supports Scouting and (my leaders) have helped me to get all my badges and plan my project," Andy remarked.

Those leaders — as do Latter-day Saints — believe in the link between those who have lived before us and those who will come after. So when it became known that there was a new cemetery at the Geneva Cemetery, they felt Andy's Eagle project was a natural fit. So did Andy.

"The cemetery has very limited resources to do this type of work," he says. "Without project funds, the cemetery would fall into disrepair. This would be detrimental to those that have passed, and on families coming to visit and keep the graveyard clean. It will be reverent to the people."

So early on the morning of Saturday, Oct. 4, Andy and his fellow Scouts from Scout Pack 504, Cub Pack 504, church members, Geneva Historical Society volunteers and citizens who will join, will gather at the Geneva Cemetery and work. From 7 to 11, they will clean fence lines, cut sprouts, prune palms, clear parking area, remove debris from around grave markers and right stones that may have tipped or

Those wishing to volunteer need simply show up — preferably with gloves, buckets, shovels, brooms and hand spades. The group is also in need of wheelbarrows, leaf blowers, gas powered weed trimmers and saws.

But most of all, Andy needs people who believe in the same ideals as do the Scouts, and who are willing to get a bit dirty by putting those ideals to work.

Upon completion of this project, Andy must meet with district Scout leaders and make to them a statement of ambitions and life purpose. "So I asked him how this project and becoming an Eagle Scout could help him in the future as he graduates from school and begins a career. Replied Andy, "An Eagle Project can help me in pursuing a career by showing an employer that I am trustworthy." (And I would add, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent.)

We need you to tell us what you know that is good about Geneva! Please share your information, ideas and comments by calling 407-349-2140, writing to Stetson's Corner c/o The Seminole Herald, via e-mail at darlas@mpinet.net, (please put "Stetson's Corner" in the subject line), or with a fax to 407-323-9408. Thanks!

SPOTLIGHT ON BUSINESS

Jim Rowe Pest Control

Bugs and termites aren't just nuisances, they can also cause tremendous damage to your biggest asset — your home. That's why home owners need to talk to the fine folks at Jim Rowe Pest Control, located at 2626 Iroquois Ave. in Sanford. The company has been in business for 33 years and can help you fend off those pesky pests. With six dedicated employees, Jim Rowe Pest Control can meet all of your needs, both residential and commercial. The company offers a number of treatments for your particular problem, from lawn spraying, weed control, and lawns and shrubs, to mosquitoes, termites and tree injections. All of the technicians are trained and dedicated to providing the best possible customer service. In fact, owner Ron Russi said the company's emphasis on customer satisfaction is the key to its success and the reason why Jim Rowe Pest Control was named Best in Seminole.

"If you give good customer service, your customers will stay with you," Russi said. "Sanford is a close knit community. I bought this company from Jim Rowe and we've had some of the same customers since the first day Jim opened the business."

"There have been times when I've serviced a senior citizens

Jim Rowe Pest Control has been in business for 33 years. home and then stayed to help them change their lawn mower blade," Russi added. "Your not going to find that with other companies." For more information, call 407-322-2070.

Diary

Continued from Page 1A

looking statue in darkness. The egg-halves are set-off from one another.

As I pass by these neighborhoods, I can remember each house or place, where I've arrested someone, confiscated weapons, been shot at, saved someone, or raided some place. It kinda gets stuck in your mind.

We were told that if and when they capture or kill Saddam Hussein to report back to base immediately to seek shelter from rounds coming down from celebrating gunfire. They just shoot up in the air not realizing that lead falls back to earth.

I put my soldiers in for an award. They've risked their lives to confiscate so many weapons and arrest so many bad guys and have turned over a lot of useful intelligence, but my request was rejected. I think they each deserve a bronze star, but at least a commendation medal for what they've been through.

My left shoulder and arm hurts when I move it a certain way. I don't report it because you get stigmatized as a sick book rider if it is not combat related. I put up with it because it slows my reaction time when I need to swing my weapon into firing position.

My contact lenses were ruined a long time ago by the desert sand. I will have to buy new ones as the army won't pay for these.

As for troop support, this has been the most cheap-akate war that I've ever been in. I mean really, after five months we still eat MREs and drink lukewarm water. Give me a break. No wonder soldiers half-way to retirement are threatening to get out. Now I hear there is a proposal to allow 20 days leave, providing we pay our own way to and from Iraq. On top of that, they're talking about cutting our imminent danger pay and family separation pay. I think they are taking the words "volunteer army" too literal.

The other day we were on patrol and I saw a guy pushing a cart loaded with what appeared to be homemade bars of soap. So I pointed and said "Look, soap. That guy has a cart full of soap." About that time the guy pushing the cart picks up one of the objects and eats it. I don't know what it was, but it was funny because we thought it was soap.

Today, midshift came off patrol and I saw they got 9 more Mulhallah books and the other shift got 2 books. I then took my squad out and we got 21 books plus a book listing names of dead and missing people, which S-2 (Intelligence lower level) took a great liking to.

We went back into the depths of New Baghdad looking for more Mulhallah books where some mukhtars had fled from the area as

they were Saddam supporters. I have my sights on two sectors, and my squad will find the mukhtars' houses and I will get the remaining books if I have to kick-in doors or use bolt cutters or get a key from landlords to get into the houses.

26 Aug. 2003 Great news, mission accomplished, we have found and collected all the Mulhallah books in our sectors. Now our new mission is to resume recruiting Iraqi males for the Iraqi Coalition Defense Force, ICDF. I never expected to be a recruiter for the Iraqi army.

I met with two mukhtars from sectors 721 and 723 as they lived next door to each other. It was night so we sat down with my interpreter Ali Hammadi at one of their houses in the flickering of an oil lamp that, by the aroma, was burning camel fat. I laid out my intentions of the meeting and asked them to inform all Iraqi males interested in the ICDF of the benefits: 1-year contract; \$60 dollars a month pay; \$50 dollar bonus upon completion of eight weeks training with an armored cavalry unit; \$5 dollars per person they get to join who finishes training; plus food, housing, uniforms and medical. After going over the benefits I almost signed myself up as it sounded better than the way we live. I got seven prospect recruits for my efforts.

Every thing was running smooth here in our area until some U.S. official decided to round up a bunch of clerics and raid some mosques. This operation will cause an uproar and we'll be in the middle of it. Everything we worked hard for will be lost.

It is not the first time that Washington's wisdom has created problems for us, I just wish they'd let us do our job. We try to maintain good terms with the mukhtars and the people. Still we must be vigilant.

When I get out of my humvee to deal with a situation, I carry a 9mm in my side holster with the flap opened and have two MPs flanking me with M-4s. My other soldiers remain at the ready with the trucks, each with a gunner locked and loaded in the turret. I must be stern in dealing with the people, but fair. Iraqis do not like to face me when they know I'm upset with them.

One belligerent guy said he did not like the Iraqi police or the Americans. I grabbed his shoulder and spun him around face-to-face. "You don't care for me?" I asked. Then he put his hands up and said, in broken English, "Okay mister, you are good, no problem." That is usually all it takes and most times it doesn't require the threat of a weapon.

Next issue: Mosque bombings stir up trouble.

Weaver

Continued from Page 1A

Herald photo by Tommy Vincent

Even after serving 400 people, Lake Mary Deputy Mayor Janet Jernigan, Lake Mary Commissioner Michael McLean (center) and Longwood Commissioner John Malingot can enjoy the event.

During the festivities, Weaver, who began the Mission from her home more than 16 years ago, was presented the Points of Light Award. Weaver was selected to receive the award by Gov. Jeb Bush in February based on her dedication to the community and continued inspiration to others.

"I can't believe it. I just do what people should do," 78-year-old Weaver said. "I don't turn anybody down. When they come to me, I don't care how dirty they are I see to it that they get cleaned up. I treat them like people, not dogs," she added. "I treat them just as nice as I would if they were the president of the United States."

Weaver purchased the property on West 13th Street to build the Mission for \$10 more than 16 years ago. Since that

time it has grown to include a 6,000 square foot facility dedicated to providing food, clothing and shelter to those in need. A 5,000 square foot facility known as the Open Door Shelter for women was added to the property nine years ago. The facility has given Weaver and her staff an outlet to provided shelter to more than 10,400 people and prepare nearly 763,000 meals.

"She has touched thousands of lives," said Jennings. "She is dedicated to the people of her community. She will continue to inspire all of us for years to come."

The Rescue Outreach Mission provides three meals a day for the homeless and less fortunate. It is also the only homeless shelter for men in Seminole County and operates the Open Door Shelter for women and their children.

Interchange

Continued from Page 1A

point urban interchange over U.S. Highway 17-92, a single point urban interchange over State Road 436, a viaduct over State 436, at grade improvements and a no build option. Ultimately, state transportation officials decided on four alternatives to present to the community. Officials are already ruling out the fourth alternative, a viaduct, as it costs nearly twice as much than others at a total cost of \$94 million.

The four-lane interchange over State Road 436, which looks like a small bridge similar to the one at Maitland Boulevard and State Road 434, won out over other alternatives because it was determined most of the traffic on State Road 436 was turning to head south toward Orlando. In all, the interchange over State Road 436 has three alternatives: a center, left and right right-of-way acquisition.

Each alternative has a different impact to local businesses, but at least 16 businesses will have to relocate no matter what alternative is chosen. The center right-of-way build alternative is estimated to cost about \$54, but will impact the most properties at 44. The right, or east, right-of-way acquisition build alternative will impact the least number of properties at 36. The left, or west, right-of-way acquisition build alternative will affect 39 business and is the most expensive of three as it is estimated cost about \$68 million. The affected area on U.S. Highway 17-92 will be from about Live Oaks to Fernwood boulevards.

The city of Casselberry favors the left alternative and FDOT is supporting the right or center plans.

"Typically, when we do these things one (alternative) comes out ahead, but in the situation they're both similar," Diaz said of the center and right build alternatives.

City officials lean toward the left alternative because it protects the Casselberry Exchange and other properties that have been recently redeveloped.

"We're in the state of redevelopment so it's critical what we have happen here is not a monster," said Casselberry Commissioner Susan Doerner.

"We're essentially helping the rest of Central Florida by moving their traffic — they're not putting this in Lake Mary or anywhere else," she added. "Whatever we decide we will live with forever, which is critical."

In a straw poll conducted at Casselberry's special meeting of the city commission and planning board, the majority supported the left alternative.

Several other officials abstained as they didn't like any of the alternatives including City Commissioner Kathy Cook, who also levied a 'no' vote when the city commission made a motion to support the left alternative.

"Those options (center and right) are taking away so much of the landscaping and redevelopment that we

already have," said Mayor Bruce Pronovost. "Those are the worst possible scenarios. In my mind it's probably a no-brainer to look at the left side."

The project is a hard pill to swallow for some city leaders. They fear the economic impact will be insurmountable in an area they've worked hard to redevelop.

"For the next seven, eight, 10 years you're putting devel-

opment on hold," said Frank Clifton, city manager.

According to Clifton, the city commission will try to arrange a meeting with county commissioners so they can talk about the ramifications of the intersection construction alternatives.

"This will have a major impact on the community no matter what happens and this will have far reaching effects long after I'm gone into retire-

ment," Pronovost said. "So I think it's incumbent upon us to work with the county commission."

A FDOT public hearing on the project is set for Oct. 30 at the Casselberry City Hall located at 95 Triplet Lake

Drive. If an alternative is selected this year, design work is estimated to take about two years with two or three years of right-of-way acquisition occurring afterward. In all, it may not be until 2010 before the project is completed.

Top-ranked Alabama edged Arkansas 10-3 in the Sugar Bowl behind a tough Crimson Tide defense under coach Bear Bryant that only allowed 22 points all season. Alabama fullback Mike Fracchia's 43-yard rumble to the Razorbacks' 12-yard line set up the first score to make it 7-0 Alabama. The Tide tackled on a field goal by Tim Davis for a 10-0 lead at the half.

The SEC this week

GAME OF THE WEEK

Arkansas at Alabama

A must-win for Alabama

Alabama has its back up against the wall after last week's loss to Northern Illinois, and the Crimson Tide faces a must-win matchup in its fifth game of the season. The fact that Alabama, which showed it can hang with anyone in their loss to Oklahoma, is a little desperate makes them a dangerous team to deal with at home. Of course running back Shaun Williams also makes Alabama dangerous, bringing big-play capability as evidenced by his 54-yard fourth-quarter touchdown jump last week.

Arkansas comes into the game on the opposite side of the spectrum and ranked ninth in the country. Everything is going right for the Razorbacks, who are averaging 38 points per game and have held their opponents (North Texas, Texas, Tulsa) to a combined 48 points. Not only is Arkansas winning the battles in the trenches, where the Hogs love to wallow, they are even showing a little finesse with a fine-tuned aerial attack led by Matt Jones. With Cedric Cobbs breaking 100 yards in every game thus far, and Arkansas also having a 100-yard receiver in every game, it is difficult for opposing defenses to key on shutting down just one.

So who wins, the team on a roll or the team looking to Roll Tide? Either way, someone will have momentum heading into the meat of the conference schedule.

Arkansas at Alabama

Records: Arkansas 3-0 (0-0 SEC); Alabama 2-2 (1-0 SEC). **Series:** Alabama leads 8-5. **Coaches:** Arkansas' Houston Nutt (78-45); Alabama's Mike Shula (2-2). **TV:** CBS

Key for Arkansas: Stay balanced. As tempting as it is to just keep giving the ball to Cedric Cobbs, the Razorbacks must continue to mix it up against a defense as tough as Alabama's. The Razorbacks actually threw the ball for more yards (183) than they rushed for (143) in last week's victory over North Texas, and you can bet if that happens again, it will lead to a huge road win.

Key for Alabama: Win the battle of field position. The Crimson Tide offense managed 394 yards in the loss to Northern Illinois, but they started every second-half drive inside their own 20-yard line.

receptions per game and yards, what held in two catches for 26 yards in last week's loss.

Key for Mississippi State: Use the front four on defense to pressure Matt Mauck. Last week showed that if you hurry him, he will turn the ball over and make errant throws. And most importantly, he won't have time to find Michael Clayton.

Texas Tech at Mississippi

Records: Texas Tech 2-1 (0-0 Big 12); Mississippi 2-1 (1-0 SEC). **Series:** Mississippi leads 2-1. **Coaches:** Texas Tech's Mike Leach (25-17); Mississippi's David Cutcliffe (32-19). **TV:** None.

Key for Texas Tech: Break some big plays. The Red Raiders had a whopping 586 yards passing in last week's loss to the Wolfpack, yet still only managed three touchdowns. If any of their wide receivers could have broken a tackle, they would have won the game.

Key for Mississippi: It's real simple; get the ball in the hands of wideout Chris Collins and let him set records. The senior connection of Eli Manning to Collins will be crucial in a game that will turn into a track meet the instant the ball is kicked off.

South Carolina at Tennessee

Records: South Carolina 3-1 (0-1 SEC); Tennessee 3-0 (1-0 SEC). **Series:** Tennessee leads 17-2-2. **Coaches:** South Carolina's Lou Holtz (241-121-7); Tennessee's Phillip Fulmer (106-25). **TV:** ESPN.

Key for South Carolina: Keep Demetrius Summers rolling. The frosh phenom makes everyone else on the offense better, especially quarterback Dondrial Pinkins, who has less of a load to bear when the running game gets going. Don't abandon the run when it doesn't work early. Summers has fresh legs and needs a lot of carries to find his rhythm and break a big run late.

Key for Tennessee: With Cedric Houston ailing, just wind up Jahari Davis and watch him run. Davis displayed the type of speed to turn a corner and the power to punch it in.

Georgia Tech at Vanderbilt

Records: Georgia Tech 1-3 (0-2 ACC); Vanderbilt 1-3 (0-2 SEC). **Series:** Georgia Tech leads 16-15-3. **Coaches:** Georgia Tech's Chan Gailey (32-20); Vanderbilt's Bobby Johnson (63-49). **TV:** None.

Key for Georgia Tech: Use more three-step drops so freshman quarterback Reggie Ball has time to set his feet before he throws the ball. When he was able to set himself he had success, as evidenced by the 170 yards receiving on nine catches by wide receiver Jonathan Smith.

Key for Vanderbilt: Stack eight defenders in the box and force Ball to beat you. It worked to perfection last week for Clemson, who watched Ball wilt under the pressure of a pass rush and finish 19-of-42 for 248 yards.

The Rest of the Matchups

Western Kentucky at Auburn

Records: Western Kentucky 3-0 (1-0 Gateway Conference); Auburn 1-2 (1-0 SEC). **Series:** First meeting. **Coaches:** WKU's David Elson (15-3); Auburn's Tommy Tuberville (56-41). **TV:** None.

Key for Western Kentucky: Take away the run and force the Tigers to throw the ball to beat you. Last week the Hilltoppers, who only allow 15.7 ypg rushing, held Eastern Kentucky to minus-16 yards on the ground, and even though it won't be the same as the Tigers attack, their 3-4 features so much speed it can slow down almost any attack.

Key for Auburn: Continue to get the ball to wideout Jeris McIntyre. Not only will it keep drives alive and put points on the board, it will give quarterback Jason Campbell the kind of confidence boost he needs to make this offense fire on all cylinders once again.

Florida at Kentucky

Records: Florida 2-2 (0-1 SEC); Kentucky 2-2 (0-1 SEC). **Series:** Florida leads 36-17. **Coaches:** Florida's Ron Zook (10-7); Kentucky's Rich Brooks (93-111-4). **TV:** Jefferson-Pilot.

Key for Florida: Throw it down the field. The Gators called 17 runs and 15 passes in the first half last week. Of the 15 passes, only six were thrown downfield, and only two of those were longer than 10 yards. Enough with the dinking and dunking — the Gators have tremendous team speed and some of the best athletes in the country — now use them.

Key for Kentucky: Now that the running game is taking shape and the offense is rolling, try to get the defense to follow suit. They allowed Indiana (403) to outgain them by 46 yards, and you know Florida will try to roll up some gaudy passing numbers coming off an embarrassing loss to Tennessee.

LSU at Mississippi State

Records: LSU 4-0 (1-0 SEC); Mississippi State 0-3 (0-0 SEC). **Series:** LSU leads 60-33-3. **Coaches:** LSU's Nick Saban (73-38-1); Mississippi State's Jackie Sherrill (178-113-4). **TV:** ESPN2.

Key for LSU: Move wide receiver Michael Clayton around and find ways to get him open again. Put him in the slot, or run more slants, but make an adjustment. Clayton, who led the SEC in

2-MINUTE DRILL

ALABAMA The Crimson Tide was one of several major conference teams to fall to less heralded teams last weekend when it lost to an up-and-coming Northern Illinois squad. The loss knocked Mike Shula's team from the rankings, but he has little time to mourn the loss with the surging Razorbacks awaiting the Tide.

ARKANSAS The defense is a big reason Arkansas is one of three SEC teams still unbeaten. The Razorbacks allowed 371 yards against Tulsa in the opener, but since then have allowed an average of 261.5 yards in victories over Texas and North Texas.

AUBURN Tigers tailback Tim Smith and quarterback Courtney Benson spent the bye week pulling double duty, working with the team's secondary. Smith is working as strong safety, and the coaches are hoping Denson can fill a void at cornerback. Smith will still return kicks and punts and handle goal-line carries, but rather than sit on the bench waiting to get carries, he can make a more immediate impact, literally, at safety.

FLORIDA The Gators are already out of the championship hunt, after dropping games to Miami and Tennessee, but now the Gators are looking to right the ship before conference showdowns against LSU, Arkansas and Georgia. With Florida State also on the state, the Gators will need to refocus in a hurry or face the prospect of a .500 season.

GEORGIA The bye week is coming at the perfect time for the Bulldogs, who get a little time to heal before they host Alabama. Both quarterback David Greene (hyperextended knee) and defensive end David Pollack (injured kneecap) will appreciate the time off. Both will be ready to play against the Crimson Tide.

KENTUCKY At 260 pounds, Kentucky quarterback Jared Lorenzen outweighed all but two of Indiana's defenders in Saturday's victory over the Hoosiers. His size helps explain why he was only sacked once by Indiana, and why he dragged smaller linebacker Kevin Smith into the end zone with him on his 1-yard scoring run.

LSU The Tigers' victory Saturday gives them their first 4-0 start since 1996, and it was even sweeter since it came against Georgia and snapped the Bulldogs' nine-game winning streak. It was the Bulldogs who kept LSU from going 4-0 back in 1998 when they edged the Tigers 28-27 at Tiger Stadium.

MISSISSIPPI Senior wide receiver Chris Collins will break the tie with Grant Heard (1996-2000) with his first catch this weekend against Texas Tech. The two are knotted with 142 receptions each.

MISSISSIPPI STATE The Bulldogs are off to their worst start in 35 years after last week's 42-35 loss at the hands of Houston. Mississippi State is 0-3 for the first time since 1968, when it finished 0-8-2, and if quarterback Kevin Fant repeats last week's five-interception performance, the team might just match that eight-loss record.

SOUTH CAROLINA Freshman tailback Demetrius Summers is cranking it up at just the right time as USC travels to face the Volunteers this week. Summers had 161 yards and three touchdowns in the 42-10 romp over Alabama-Birmingham. Summers' emergence should help quarterback Dondrial Pinkins. Talk of benching Pinkins has died down after his efficient 13-of-19 effort for 202 yards last week confirmed that all he needed was a stronger running game.

TENNESSEE Running back Cedric Houston has a slight hip pointer, suffered Saturday against Florida, but he should be fine for the South Carolina game. The junior averaged 160.5 yards per game through the first two games and was leading the SEC. Houston only had 12 carries for 25 yards in last week's victory.

VANDERBILT The Commodores (1-3) led TCU 14-10 before one of the Vandy's four first-half fumbles led to a Horned Frog touchdown that gave TCU a 17-14 lead it would never relinquish. The Commodores haven't beaten a Top 25 team since a 27-25 victory over No. 17 Georgia way back in 1991.

3RD PRIZE \$10

FOOTBALL The Game Plan

All you have to do is find the games hidden in the ads below and pick the winners. All of the advertisers and teams picked by you must be correctly written on our official entry form. Each week a tie breaker game will be used. Contestants will be asked to predict the score of the tie breaker. The breaker will always be located in the official entry form.

The contestant with the most correct answers will receive \$25 First Place Prize, the Second Place Winner will receive \$15 and the Third Place Winner will receive \$10.

To enter, simply clip your completed entry form and deliver it to the Seminole Herald Office. All entries must be received by 5 pm Thursday each week. Entries must include name, address and phone number. The winner's names will be published in our Midweek Edition each week. Limit 1 entry per household per week. Facsimile of entry form will not be accepted.

Faith World Conference 2003 is an empowerment summit targeting Central Florida's faith and community-based organizations, and women and minority entrepreneurs. There will be workshops and symposiums as conference attendees will have the opportunity to apply for one of three micro-grants that will be awarded to businesses and organizations that register for and attend the event. These micro-grants will be awarded to a faith, community-based organization, one to a minority-owned business and a seed grant, which will be awarded at the conference as well.

The vision is to educate and motivate new and existing organizations with information that they need to ensure their long-term growth and stability, said Cheryl Zackary, founder of Christian Conference Consultants, Inc. The conference will help owners find business models, best practices and tools they can use. It will also help them network, collaborate and make partnerships.

Workshop facilitators are Charles Riley, former finance executive for Pepico Food and Beverage, Co.; Dr. Keith Jennings, southern regional coordinator of Center for Community Change in Atlanta; Mark Brewer, director of the Community Foundation of Central Florida; Dr. Rebekah McCloud, assistant director of the Office of Diversity Initiative at University of Central Florida; and many other great community leaders from various fields. The keynote speaker for the breakfast will be Minister Pete Jackson of Jacksonville's Network for Strengthening Families. Conference registration is \$50 and includes prayer breakfast, conference materials, workshops and a

micro-grant application.

For more information, call 407-298-7299 or log on at www.christianconferenceconsultants.com. Registration is required by Sept. 30. The event is sponsored by Ministry Women's Business Enterprise Alliance, State Sen. Gary Spitzer and a host of others.

Family Day a success

More than 50 parents and children gathered to eat dinner together for Family Day. Floridians were encouraged to make family time an important part of this special day and every day. Family Day is a national effort to promote parental engagement as a simple, effective way to reduce substance abuse by children and teens and to raise healthier children. It emphasizes the importance of regular family activities in parent-child communication and encourages Americans to make family dinners a regular feature of their lives. Goldboro Front Porch, Inc., supported this National Family Partnership.

Happy birthday greetings

A happy birthday to the September Virgo's and Libra's, Della James, Arthur Mae Scott, Natharine Bentley, Betty Smith, Mary Gibson, John Hall, Willie Mae Morgan, Grace Muller Miller and Roziland H. Tillman.

Volunteers sought

The Grove Counseling Center is in need of volunteers and mentors to work with students (boys and girls) ages 11 to 13. Mentoring occurs twice a month between the hours of 3:30 and 5:30 p.m. For more information, call Deidre Raggins or Cynthia Hicks at 407-588-1049.

Old Glory finds home at Vigilante Room

Sallie Harrison Chapter, NSDAR held its first meeting of the season Sept. 12 at the Vigilante Room of Orlando Sanford Airport.

Chaplain Mary Williams offered Grace and later read a Resolution adopted July 10 at the 112th Continental Congress in Washington, D.C. The resolution pays tribute to the armed services and also includes reference to the Sept. 11 tragedy.

Regent Virginia Powell welcomed guest speaker Connie Williams and other guests, Jack Dow, vice president of operations at the airport, and Patty Mahaney, vice president of the Vigilante committee. She also introduced two prospective members, Jan Leiben and Carol Wingo.

Powell presented to Dow and Mahaney for the Vigilante Room, a U.S. Flag. The flag was donated by member Nancy Williams in honor of her father, the late George W. Calab, who served in World War II as a pharmacist in the Pacific Theater.

In accepting the flag, Dow gave a brief history of the facility which, as the Sanford Naval Air Station during the 1940s, 50s and early 60s was an integral part of the Sanford community. It was in 1968 that the property was sold to the city for \$1. Commercial activity started in 1995-96 and today the airport is thriving with many flights each week from the United Kingdom. Domestic flights are increasing and the future holds promise of flights

to London, Paris and Rome.

Dow continued with an explanation of the significance of the Vigilante Room. Three and a half years ago, Mahaney and others spearheaded an effort to acquire a Navy plane to be placed in a park at the entrance to the airport.

Many volunteers were involved in the successful acquisition of the beautiful Vigilante that was restored and is now mounted and placed in a four-plus acres park. Landscaped by the Ixora Garden Club on a small portion of the park, future plans include additional landscaping, playground equipment and shade-covered structures. The park was dedicated on Memorial Day, 2003.

In addition to the flag, The chapter returned to the airport a framed copy of the Declaration of Independence. It had originally been donated to the Library of the Sanford Naval Air Station by Ensign James T. Talmadge, VAH-3, in memory of his ancestor, Private Noah Talmadge, who eight years

Herald photo by Tommy Vincent

Virginia Powell (left), regent of the Sallie Harrison Chapter NSDAR, presents a U.S. Flag to Jack Dow and Patty Mahaney, president and vice president, respectively, of the Sanford Airport Memorial Committee.

prior to the donation was a soldier in the Revolutionary War. When the NAS closed Ensign Talmadge's gift was given to Sallie Harrison Chapter and was placed in the DAR room at the Museum of Seminole County History. Several years ago a down-sized room could no longer accommodate the gift. Sallie Harrison Chapter saw fit to return it to the current airport facility.

Chapter members are invited to a luncheon Oct. 4 by Abigail Bartholomew Chapter. The annual Fall Forum for all chapters in the state will be held in Orlando Sept. 27 and 28.

Continued from Page 8A

bank. In a dry goods contest, Saidee won a beautifully decorated handkerchief and Harry Carlson won some very artistic hose.

The table was laid with a red tablecloth and refreshments consisting of fruit, peanuts, gingersnaps, donuts and pink lemonade.

On Thursday evening, April 13, the senior boys gave the senior girls a straw ride. They met at Saidee's with Mrs. George Fox as chaperone. During the ride, all enjoyed singing their favorite songs.

They went to "Lord's Station" where a delicious lunch was enjoyed that was prepared by the girls. The girls built the fire while the boys

made coffee. After supper, they drove back to Sanford, arriving at about midnight.

On Tuesday, April 18, Gussie Tillis treated the class to a moonlight launch ride, piloted by Capt. Roy Tillis. The crowd left the dock at 8 p.m. with lunch boxes under their arms and being chaperoned by Mrs. Dean Turner and Mrs. Bennett. They headed for the city of Enterprise where they spread their lunches and then took in Enterprise by moonlight. They then toured around the lake, arriving home at 11:30 p.m. after having a delightful time.

Eugenia Pope entertained the class Friday evening, April

27, at her handsome new home in Sanford Heights. The attendees participated in dancing on the spacious porches, which were lit with Japanese lanterns.

In one interesting game, everyone had to write a full description of each other's prospective bride or groom. Vail Lovell's vivid imagination won him the prize.

Delicious refreshments were served consisting of ice cream, cake and fruit.

Drew Butera (shown making tag against FAU this season) is one of the top catchers in the nation.

Butera cited by Baseball America

UCF catcher rated a top pro prospect; Football team set to open MAC play

Special to the Herald

UCF catcher Drew Butera was named one of the top 10 pro prospects coming out of the Great Lakes League this summer by *Baseball America*.

The list of top 10 Great Lakes League prospects was compiled by *Baseball America* editor Allan Simpson and national writer John Manuel through consultation with league managers and area scouts. Simpson stated that Butera, a Lake

Mary resident who graduated from Bishop Moore, easily had the best arm of any catcher in the league. A stout defensive catcher, he also hit .340 for the summer.

As a freshman, Butera hit .305 with one home run and 30 RBI in 49 games including 38 starts. Behind the dish, Butera threw out 20 of the 39 base runners attempting to steal against him.

FOOTBALL READY FOR KENT

The UCF football team practiced indoors at the UCF Arena due to inclement weather in the Orlando area Thursday. The Golden Knights used the 90-minute workout to go over the final details before today's (Saturday) contest at Kent State.

One Golden Knight who is very eager for the Kent State game is red-

shirt freshman linebacker Chad Breeden. The only Ohio native on the roster from Mayfield, Breeden said he expects close to 50 friends and family in attendance at the game.

"I can't wait to go back and play at home," said Breeden. "I am very excited to see all of my friends and family and have the opportunity to play in front of them."

Breeden is going to Kent State after winning the "Big Stick" award for his work on kickoff coverage last week at Syracuse. Breeden made three big hits on a first half kickoff and also tackled the kick returner on the same play to earn the honor.

Pat Barrett was named the offensive scout team player of the week. See UCF, Page 3B

Patriots prevail

Lyman falls in overtime

By Dean Smith
Sports Editor

Two things became clear Thursday night.

Lyman is a very good team that will never quit and Lake Brantley hasn't gone anywhere.

In the end it was the Patriots knocking the Greyhounds from the ranks of the unbeaten with a 28-21 double overtime victory at the Carlton D. Henley Sports Complex.

It was also the 21st straight time Lake Brantley has defeated its old rival, Lyman hasn't won in this series since 1982, but unlike the old days, this Greyhound team has a lot of intestinal fortitude and enough talent to play with anyone.

In fact, Lyman head coach Bill Caughell's defensive scheme forced Patriots head man George Clayton to turn away from his vaunted wishbone running attack and reach deep into his bag of tricks to pull out this win.

Twice Lake Brantley went to the halfback option pass, once in overtime, and each time it proved successful as Lammar Guy hit Wes Morton in both instances for touchdowns.

Most in attendance on the nasty evening never figured this defensive battle would come down to overtime as the Patriots carried a 14-3 lead into the final quarter. See Football, Page 2B

Photos courtesy of Arch Booth, Maple Memories, Inc.

Lake Brantley quarterback Brett Smith (above) and Lyman running back C.J. Walker (right) were forced to do things a little differently because of strong defenses Thursday night, Smith running for the game-winning touchdown in the second overtime and Walker becoming a receiver, catching a 76-yard touchdown pass, as the Patriots handed the Greyhounds their first loss of the season, 28-21, in double overtime.

Tribe tames Silver Hawks

By Dean Smith
Sports Editor

CASSELBERRY — If this had been a fight, it would have been stopped by TKO.

But since it was football, Mother Nature decided to step in.

Dominating both sides of the football, visiting Seminole built a 41-0 lead by the end of the third period and it didn't look like it would get any better in the fourth.

But after host Lake Howell finally got on the board, rain, which had come and gone for much of the game, started to fall again and just a moment later, with 5:28 showing on the clock, lightning put an end to matters as a thunderstorm set off the lightning detectors on both sidelines, indicating potential danger in the area, and the officials called the game final with the Fighting Seminoles on top 41-8 at Richard L. Evans Field.

Seminole showed right from the opening kickoff that it meant to play a physical contest, getting a tremendous hit to down the Silver Hawks returner at the 19.

Three plays lost four yards for Lake Howell and when the ensuing punt was partially blocked, the Tribe was in business at the Silver Hawks 39.

Three plays later, Steve Warren broke up the middle for a 14-yard touchdown and the rout was on, even though the extra point try was muffed.

Seminole picked off the first of four passes it would intercept on the night, this one by Jason Tate at the Lake Howell 45, setting up a one-yard score by running. See Tribe, Page 4B

Herald photo by Jim Wentz

Will Harrison (No. 9, shown last week against Lake Mary) had a big night for Oviedo, carrying the ball 24 times for 162 yards and a touchdown as the Lions improved to 3-0 with a 13-0 victory over Winter Springs Thursday night.

Oviedo displays dominance

By Tony DeSomier
Special to the Herald

WINTER SPRINGS — Sometimes simple is best.

For the Oviedo High School varsity football team, that means Will Harrison, Jason Raulerson, and a throttling defense.

That simple equation resulted in a 13-0 Seminole Athletic Conference victory for the undefeated Lions Thursday night over the Winter Springs Bears at the A. Wayne Epps Athletic Complex.

It was a deceptively simple solution to a situation that grew increasingly complex as the week wore on.

For starters, the game presented the potential for an emotional letdown for the Lions, sandwiched as it was between key 6A-District 2 contests with Lake Mary (last week) and Lake Brantley (next week).

Then there was the fact that the game was moved from Friday to Thursday night

because of Rosh Hashanah, leaving the Lions (and Bears) with a short week to prepare.

And it rained, before, during, and after the game.

So the Lions kept it simple. Harrison did most of the running (24 carries for 162 yards and a touchdown) and Raulerson did all of the receiving (four catches for 27 yards). Defensively, the Lions limited the Bears to 27 yards rushing, 74 yards passing, and six first downs.

"We just wanted to come out and play physical football tonight," said Oviedo head coach Greg Register. "We wanted to control the ball and I think we did a pretty good job and doing that. And our young kids on defense continue to get better and play as a unit."

Oviedo scored five seconds into the second quarter when Harrison bulled in from the 1- See Lions, Page 4B

Sunbelt Super Late Models take on New Smyrna

Special to the Herald

Tonight is going to be a "hoot-holler" Saturday night as the "Big Boys" take to the one half mile, high banked oval of New Smyrna Speedway as the Sunbelt Super Late Models highlight the show.

Wayne Anderson of Wildwood leads the points with a hefty margin of 266 points over second place James Powell of Astor. But with four races remaining in the Sunbelt season, the points could still go in any of the top five directions.

Jay Middleton comes in third and only 6 points behind Powell. Middleton "one of our

Young Lions" has proven his driving ability this year by also leading at one time the Florida Pro Series points and stands second in those points at this time.

Middleton is ready for his first win and by the way he has been driving, he is sure to get it soon.

Coming in fourth is Jonny Kay with 553 points followed by Barry Willoughby and the Pennzoil car with 503 points. Willoughby has already proven that he can be a champion from his SARA Open Wheel Modified Championship. Willoughby is also considered one of the "Young Lions".

Michael Williams of Mims and driver of the

South Forty Graphix Super Late has missed a few races from his accident in Lakeland in the beginning of the year but he still stands sixth in points and only 23 points behind Willoughby. Williams is fine now and back in his true racing form and is another driver due for a win.

Fain Skinner is new to the Super Late Model division but has proven that he has the right stuff to be a "Young Lion". Skinner stands seventh in points with 471 followed closely by Jacob Warren with 449 points. Warren got his first Sunbelt win this year and is looking forward to his second.

Eric Black of Vero Beach is our newest

"married Young Lion" as he got hitched on September 6. Black stands ninth in points. Rounding out the top ten is Mike Good with 356 points.

Other drivers expected are B.J. McLeod, David Rogers, David Froehlich, Justin Drawdy, Eric Almirola, Brian Finney, Chris Fontaine, Rich Pratt, Jimmy Cope and many more.

Points are very tight and the next four races and Saturday night's action will tell who the Team FASCAR Sunbelt Super Late Model Champion is. Qualifying for the 125 lap event will be at 6:30 p.m. depending on car See Racing, Page 3B

Football

Continued from Page 1B

Lake Brantley took an early lead when Kyrie Dreger intercepted a pass to set up the first Guy to Morton hook up, a 22-yarder in the first period.

The hosts cut the deficit to 7-3 in the second period when strong-legged Mike Benzer nailed a 43-yard field goal.

But the Patriots appeared to put the game out of reach when fullback Deon Casey raced 17-yards to paydirt in the third period. Miguel Santos added the extra point after each score and the visitors looked good with a 14-3 lead.

The Greyhounds were not ready to fold their tents, however, as Caughell also went to the halfback option with fullback Nate Beard combining with star running back C.J. Walker for a 73-yard touchdown.

The play almost went for naught, however, as a Lake Brantley defender looked to have the pass lined up for an interception, only to have it

bounce off his hands right to Walker, who strode into the end zone.

The final member of Lyman's backfield quartet, J.J. Bass, then got into the act, bursting into the end zone for two points, cutting the deficit to 14-11.

The two-point conversion set the stage for Benzer, who booted a 37-yard, game-tying field goal with a minute left to send the game into overtime tied at 14-14.

Bass gave the Greyhounds their first lead of the night in the first overtime, going seven yards on first down and then going the final three yards to score. Benzer's extra point gave Lyman a 21-14 lead.

The hosts looked like the amazing comeback was complete when the defense held the Patriots to one yard on three plays.

But facing fourth-and-nine, Guy again took the handoff and found Morton for a touchdown and when Miguel Santos followed with the conversion, it was on to the second overtime tied at 21-21.

Lake Brantley got to play offense first in the second series and the Patriots went back to the old tried-and-true, with quarterback Brett Smith faking the handoff and going the final five yards for the touchdown.

There would be no more comebacks for Lyman as it could not answer.

Lake Brantley had opened the season with a tough loss to Apopka and a close victory over Winter Springs. But after manhandling Seminole last week and topping the Greyhounds this week, the Patriots now find themselves at 3-1 heading into what will probably be the biggest game of the season, a home district game with undefeated Oviedo.

Game time is set for 7:30 p.m. next Friday at Tom Story Field.

Lyman is also 3-1, but is facing a tough district road game at Timber Creek, which was 3-0 heading into a Friday night game with West Orange.

The only Seminole Athletic Conference team not in action Thursday was Lake

Mary (1-2), which had to go to Gainesville to take on a tough Buchholz (2-1) squad.

Other locals in action on Friday, had Vero Beach St. Edward's School (1-2) at winless Trinity Prep and Jupiter Christian (2-1) at The Master's Academy (1-2).

In addition to the Oviedo-Lake Brantley and Lyman-Timber Creek matchups, also on next Friday's schedule is DeLand at Lake Mary in a 6A-District 2 game, Lake Howell at Freedom and Winter Springs at Oak Ridge in 5A-5 contests, and Seminole at Eau Gallie in a non-district game.

TEMPLE 43, MASTERS 6

Master's Academy 6 0 0 0 6
Temple Heights 6 22 8 7 43
First Quarter
TH - Barber 29 pass from Easterling (

Alex Haynes rushed for a then-career-high 149 yards on 23 carries including a touchdown in UCF's victory over Kent State last year.

UCF

Continued from Page 1B while Dennis King earned defensive scout team player of the week honors.

This is the Mid-American Conference opener for UCF (1-2, 0-0), its second as a member of the MAC, while Kent State is 2-2 overall and 1-0 in the conference with a road win over Akron.

The Golden Knights are in the midst of playing five of their first seven games of the year on the road. Kent State is playing just its second game of the year on its home field after road contests at Akron, No. 10 Pittsburgh and Penn State to start the year. The Golden Flashes also defeated in-state rival Youngstown State 16-13 at Kent two weeks ago.

Today's game is the third meeting all-time between the two schools with UCF holding a 2-0 advantage. Last season, UCF won 32-6

over the Golden Flashes in Orlando at the Florida Citrus Bowl. Alex Haynes rushed for a then-career-high 149 yards on 23 carries including a touchdown in the 26-point victory.

The last time UCF played at Kent State, the two teams combined for an offensive shootout, as Daunte Culpepper led the Knights to a 59-43 victory. Culpepper threw for 326 yards in the win. Kent State wide receiver Eugene Baker had the best day of any receiver ever vs. UCF, finishing with 15 receptions for 238 yards in a losing effort.

Live coverage on the UCF ISP Sports Network begins at noon with the pregame show. In Orlando, the game can be heard on 740-The Team (WQTM), with Marc Daniels, Garry Parris and Jerry O'Neill calling the action. Sunshine Network will also carry the game

live at 2 p.m. (repeats Oct. 1, at 10 a.m.). Rick Peckham will handle the play-by-play alongside analyst Brady Ackerman.

BLAGRIF NAMED PUBLIX STUDENT-ATHLETE OF THE WEEK

Junior midfielder Allison Blagriff has been named this week's Publix Student-Athlete of the Week. The Melbourne native netted both goals in UCF's 2-1 victory at Florida International last Sunday.

The business administration major was a member of the Spring 2003 Athletic Director's Honor for carrying a GPA of over 3.0.

Blagriff is second on the team in goals and points for UCF. Last season, Blagriff was named the MVP of the Atlantic Sun Championships for her efforts in help leading UCF to the A-Sun title.

Racing

Continued from Page 2B The Classic Auto Racing Series will make its second appearance of the season at the high-banked half-mile.

Current CARS point leader Ben Booth, a rookie in the Classic Cars this year, is certainly no rookie when it comes to New Smyrna having won several times in Modifieds when the class was just forming in the late 80's and early 90's. The high cost of racing forced Booth to "retire" from the sport for about ten years before he found a new lease on his racing life with the Classics.

Booth has a 33 point advantage over fellow Deland resident Daryl Grief headed into action Saturday night and has a whopping 102 point edge over yet another Deland driver and CARS rookie, Joey Strehle, who is third in points.

Grief's win at Orlando Speedworld on September 13th gives him three for the season, the most of any driver. Grief will have his work cut out for him at New Smyrna as he'll have to start last in the field per CARS rules. If he wins however, he'll pick up an extra \$100 and a Bahamas cruise courtesy of DAWB Motorsports and A-1 Discount Vacations as will a lucky race fan.

Patrick "Bam Bam" Sanders has parlayed some steady runs of late into a fourth place standing in the points, but just ahead of fifth place Bud Spencer and CARS rookie Bill Poesy in sixth. Al Hagan looks like he's put his early-season bad luck behind him, moving to seventh in points while George Hall, Jr. is eighth. Jim Rahman (who won at New Smyrna in April) is ninth in points despite an abbreviated race schedule this year and George Hall III rounds out the current top ten.

It will be the first time ever that the Classic Auto Racing Series has run along with the FASCAR Sunbelt Super Late Model Series.

Gates open at 5 p.m. with racing action beginning at 7:30 p.m. every Saturday night at the track located at the corner of SR. 44 and CR 415, between New Smyrna, Deland and Daytona.

On Sunday (September 28) the annual New Smyrna Speedway and the Auto Racing Legends Car Show and Swap Meet, sponsored by Featherlite Trailers, Advance Discount Auto and Penzoi will be held.

The event will run from 10 a.m. until 6 p.m. General admission is \$5 for adults, children under 12 will be admitted free of charge.

There will be.....food, drinks, door prizes & give aways. See your local drivers & their race cars. Clean out your garage or shop, turn those unused parts and tools into hard cash. Sell your race car or hauler. Show your race car to the fans.

Sale & Show space is limited, call and reserve your space early. All spaces for sales are \$25. Visa and Mastercard accepted. Show cars will be admitted free of charge.

For additional information please call: 386-760-9587, or 386-677-4232 or email us at jdrace8@earthlink.net or DeenJim@webtv.net.

For more information call the FASCAR offices at (407) 568-1367 (Orlando) or (386) 427-4129 (New Smyrna), or check the Internet site at WWW.NEWSMYRNA-SPEEDWAY.COM, or E-Mail FASCARNOW@AOL.COM.

VOLUSIA SPEEDWAY
Volusia Speedway Park in Barberville will be idle this week as they prepare for the invasion of the National Late Models and 360 Winged Sprints that will be taking part in the first half of "Octoberfest-2003". October 3rd-4th and 5th.
For information on schedules, etc. call 386-985-4402 or

visit the web at <http://www.volusiaspeedway.com>.

Volusia Speedway Park is located just 15 miles west of Ormond Beach. From I-95, take exit 88 west on State Road 40. From Highway 17, turn left on SR 40. The facility is five miles east of Barberville.

The Hunt For Reds In October tournament on tap

Special to the Herald

October is almost here and the annual "Hunt For Reds In October" is just around the corner.

What a great tournament this has become. The beauty of the tournament is the amount of luck involved and anyone can win. There will be over 1,000 entries by next weekend.

There is much more than just a tournament. There will be fishing seminars all day Friday, October 3. Several area guides such as Ray Van Horn, Brian Pahmier, Brian and Greg Waits 2002 International Fishing Association Redfish Tour champions, Mark Wright, David Rogers and Shawn Foster of Rip Tide Lures and Addictive Fishing TV host Blair Wiggins.

Along with the seminars there will also be raffles, pony rides, clowns, a moonwalk and face painting for the kids. These events will be

held at Sand Point Park in Titusville.

The entry fee for this tournament is just \$35 and the top prize in the general division is a brand new \$23,000 flats boat. There are also divisions for seniors, kids and ladies.

The object is to catch the redfish with the most spots. Most redfish have two spots on the tail, which are there to make predators think that is their eye so they can escape being eaten. Biologists say the spots are caused by melanin. The tournament also encourages a healthy release of the fish by awarding two additional spots for keeping the fish alive. The fish must also measure within in the slot of 18 to 27 inches.

People may fish by boat or wade fishing. Some redfish can have many spots, although the record is more than 500 spots. That is a whole lot of spots. Past winners

have won with as few as 6 spots, but it usually takes between 15 - 20 spots to win.

The man who won last year's spring tournament was wade fishing and never owned a boat. It really is a lottery chance to win. If you are able to find a school of slot fish that will eat, it really becomes a numbers game.

The Captains meeting will be held at 6 p.m. Friday and all the rules will be discussed. If you are not too busy next weekend and would like to try to win a new boat, you should give "The Hunt For Reds In October" a try. It might be your lucky day.

Tight Lines and good fishing. Captain David Rogers, AAA Hawgwild Saltwater Charters, 407-405-0819, www.aaahawgwildcharters.com.

BIG FISH OPEN
WINNERS CASH IN!
The big winners in week #3

of Kissimmee-St. Cloud's fourth annual Big Fish Open are:

Adult Bass - William Woodall, Indianapolis, IN, 9.80lb. (Weighed at Overstreet's Landing on 9/15/03 at 8 a.m. The bass was 25 inches long and was caught with a shiner on Kissimmee Lake.)

Junior Bass - Paul Mcavoy Jr., Aberdeen, NJ, 4.45lb. (Weighed at Big Toho Marina on 9/19/03 at 9:10 a.m. The bas was 20-inch long and was caught with a shiner on Lake Toho. Mr. Mcavoy is 12 years old.)

Recreational anglers are reeling in thousands of dollars in Kissimmee-St. Cloud's Big Fish Open, an 8-week catch and release-fishing event for anglers of every skill level. The Big Fish Open runs from September 1st through October 26th and offers divisions for both adult and junior bass anglers.

Here's how it works. Simply purchase a Big Fish Open pass at any participating Osceola County fish camp or tackle shop. Next, take the family out on the world famous Kissimmee Chain of Lakes for a day of fishing fun. Then weigh your live catch at any participating fish camp.

The angler recording the largest weekly catch in the adult division wins \$1,000. Junior anglers age 17 and under compete for a \$100 savings bond each week. The Adult angler with the largest bass recorded during

the eight-week period will win \$10,000. The grand prize for the lucky junior angler is a \$1,000 savings bond. And for out of state visitors there's even a weekly bonus prize of \$500.

All-tournament passes for adults are just \$50 or \$15 for a 7-day pass. All-tournament passes for junior anglers 17 years and younger are \$15; a 10-day pass is \$5.

The Big Fish Open is part of Kissimmee-St. Cloud's fourth annual Anglers Challenge. Other Anglers See Outdoor, Page 4B

Lions

Continued from Page 1B
yard line to cap a 20-play, 80-yard drive. Harrison had 12 carries on the drive for 63 yards.

"Will runs hard and he does a good job protecting the ball," said Register. "In conditions like this, that's important."

That was as much offense as the Lions would need as the defensive unit kept Winter Springs bottled up in its end of the field all night long. The only two times the Bears were on Oviedo's side of the field came after short Lion punts from deep in their own territory.

Tribe

Continued from Page 1B
back Thomas Evans. The touchdown was gift from the coaching staff as he had made a beautiful 35-yard run two plays earlier to get the ball to the two.

The Tribe missed a chance to add to its lead on their next two possessions, as the Silver Hawks' Steve Manana blocked a field goal attempt and then the defense held Seminole to a three-and-out.

But the Lake Howell offense could get nothing going against an amazingly stingy Tribe defense and an excellent punt return of 41 yards by Jamal Tennon and face penalty gave the visitors a first-and-goal at the eight and fullback Eddie Hogan rumbled up the middle for the first of his two scores on the night.

A short punt after another three-and-out for the Silver Hawks gave Seminole the ball at the 37 and three quick passes of 12-, 13- and 12-yards from Mike McKinzie to Chris Mooring, Danny Johnson and Daniel Lingard, respectively, put the ball in the end zone for the fourth time, giving the Fighting Seminoles a 27-0 halftime lead.

The second half didn't start any better for Lake Howell as Seminole took the opening-kickoff and march 70 yards on six plays with Evans going the final 27 for

Junior Terrance Mooring led the Bears with 11 yards rushing on seven carries. Quarterback Brett Hodges completed five of 16 passes for 74 yards. Andrew Bonnet had a pair of catches for 44 yards while Patrick Cucci had a 27-yard reception.

Oviedo padded its lead with a touchdown on its first series of the third quarter, moving 49 yards on five plays in under three minutes. Harrison's 42-yard run accounted for much of the drive with quarterback Lee Sloan capping the drive with a 1-yard sneak. Almost as important (perhaps more so

given the fact that both teams have district games next week) as winning the game was surviving the sloppy conditions without anyone getting hurt.

"Luckily, we got an extra day to get ready for next week's game after a short week this week, but then so does Lake Brantley," said Register.

Oviedo, 3-0, improves to 2-0 against SAC opponents and takes a 1-0 district record into next week's game with Lake Brantley. Winter Springs (1-3 overall and 0-2 in the SAC) will put its 1-0 district record on the line when

they play at Orlando-Oak Ridge next Friday.

LIONS 13, BEARS 0

the touchdown. A 33-yard McKinzie to Tennon pass was the other big play of the drive.

The Tribe's final score of the night came with six minutes left as a Silver Hawks fumble gave Seminole the ball at the 21. Warren then went 14- and seven-yards to complete the quick strike.

Lake Howell would finally get on the board on what would turn out to be the final possession of the game, and this score came after a turnover.

A fumble gave the Silver Hawks the ball at the Seminole 32 and back-up quarterback Joey Furjanic hit Dan Hayiahwazi for 22 yards and two plays later found James Benson for an eight-yard touchdown pass. Furjanic then ran the ball in on a fake kick for the two-point conversion.

The Seminole defense was outstanding in this game, holding Lake Howell to four yards rushing on 19 carries, for the game, and no passing yards until Furjanic entered the game midway through the third quarter.

The Tribe also held the hosts without a first down until the four-minute mark of the third period.

The only real saving grace for the Silver Hawks was Furjanic, who completed 6-of-11 passes for 98 yards, but he two threw two intercep-

tions. Evans ran for 96 yards on 11 carries for Seminole, while McKinzie was his usual efficient self, completing 9-of-12 passes for 95 yards. Tennon led with his 33-yard catch, while Rodney Grant, who also had a big night on defense and special teams, caught three passes for 30 yards.

Seminole is now 2-2 on the season, it only won once in 2002, and will look to extend the winning streak to two when it goes on the road next Friday to face non-district foe Eau Gallie.

Lake Howell, which fell to 0-4, will look to break into the victory column when it travels to Orlando to take on first-year Freedom High in a Class 5A-District 5 contest.

PUBLIC WORKSHOP IN OCALA TO DISCUSS STATE DEER HUNTING RULES

The Florida Fish and Wildlife Conservation Commission (FWC) is holding a public workshop in Marion County to discuss proposed changes to deer hunting rules. The meeting is Sept. 30 at 7 p.m., in the Rowan Agricultural Complex (Marion County Extension Service) Auditorium, 2232 NE Jacksonville Road in Ocala.

This workshop will offer hunters and other interested persons the opportunity to meet with FWC wildlife biologists and share their thoughts about proposals to increase the quality of Florida's deer herd by altering antler requirements and bag limits.

To review this deer management proposal go to: <http://floridaconservation.org/commission/2003/may/review.update.5.pdf>.

- Additional workshops will be held:
- Oct. 1, 7 p.m. - Columbia County School Board Administrative Complex Auditorium, 372 W. Duval St., Lake City
- Oct. 7, 6 p.m. - Chipola Junior College Arts Center, 3094 Indian Circle, Marianna
- Oct. 9, 6 p.m. - Pensacola Jr. College, Milton Campus, Building 4900, Room 4902, 5988 U.S. Highway 90 West, Milton.

Anyone requiring special accommodations to participate in this meeting should notify Cindy Hoffman at (850) 488-6411 at least five calendar days before the meeting.

CROCODILIANS DON'T MAKE LEGAL TRAVELING COMPANIONS

It's not unusual for people to travel with their pets. But with alligators?

That's what faced Florida Fish and Wildlife Conservation Commission Officer Danton Jones when he responded to an anonymous call reporting such a thing late Wednesday.

The caller told the FWC dispatcher that someone driving a green Kenworth tractor trailer parked at Petro Truck Stop at CR 318 and Interstate 75 had a couple of live alligators in the storage area under the sleeper compartment of the truck.

When Jones arrived at the truck stop, his first obstacle was to find the right semi-truck out of about 250 parked there. When he finally located what he thought was the right one, he sat down and waited for the driver to come out of the restaurant.

About 20 minutes later, Dennis Avery, 58, of Norwich, Conn., came back to his truck where Jones was waiting.

"I asked him if he had alligators in his truck, and he said, 'yes', and proceeded to open the storage compartment and show me," said Jones.

Sure enough, there was about a 3-foot alligator and a 5-foot caiman staring up at Jones

with their mouths wide open. "I told Avery I was used to seeing alligators in pickup trucks and airboats, but not tractor trailers," said Jones.

Avery told Jones the critters were his pets and he's had the caiman about 10 years and the alligator about a year. He said he likes to travel with them and he treats them like dogs. He admitted, however, that he didn't have any written permits to keep the reptiles.

Jones issued Avery three misdemeanor citations and a notice to appear in Marion County court on Oct. 30 for the following:

- No Class II permit for the caiman.
- No acquisition records for either the alligator or the caiman.
- Unlawful possession and transport of an alligator.

Jones transported the reptiles to a secure, permitted facility for safe keeping.

ALLIGATOR HUNTERS RESCUED

Five people are safe today after spending half the night holding onto a channel marker in the St. Johns River in Volusia County. They were rescued about 7 a.m., by a tug boat operator who picked them up and took them to Highbanks Marina in DeBary. There were no injuries.

The five people had been legally hunting alligators north of Lake Monroe when their 18-foot airboat took on water and sank around 2 a.m. The group had last been heard from at about 10:30 p.m., just before the batteries on their cell phone ran out. They were expected home around 5 a.m., and when they did not show up, the Volusia County Sheriff's Office (VCSO) sent Air One on a search mission.

However, shortly after the search began, the U.S. Coast Guard notified VCSO that the operator of the tug boat, Sun Gypsy, had come upon the five holding onto Channel Marker 87, and everyone was fine.

Among those on the boat were two off-duty Volusia County deputies - Sgt. Donaldson Taylor and Investigator Sean Gowan. The other three individuals were Peter Smith, 43, of DeBary (owner of the airboat); Glen Wilson, 56, of Oviedo (operator of the airboat); and Barry Smith, 70, of Summerfield.

The group had already taken one alligator and were attempting to take another, when the boat, for reasons not yet known, began to take on water. It sank within seconds and completely submerged. Nobody was wearing a lifejacket.

One life jacket from the boat floated and they used it and a cooler to help stay afloat until they swam to the channel marker.

"Luckily, that particular channel marker has a ladder that goes down into the water so they were able to climb up the ladder, onto the marker and get out of the water until help arrived," said Lt. Mark Hodges, Florida Fish and Wildlife Conservation Commission (FWC) law enforcement supervisor for that area of Volusia County.

The FWC is investigating the cause of the accident. Salvage efforts to remove the boat

from the bottom of the river will begin shortly.

BOAT WRECKS ON PONCE INLET JETTY

Florida Fish and Wildlife Conservation Commission (FWC) officers in Volusia County are investigating a boating accident that occurred in Ponce Inlet late yesterday.

A 67-foot Hatteras motor yacht ran aground on submerged rocks at the north end of the jetty about 10 p.m., Tuesday. Efforts to release the boat were hampered by an outgoing tide and the yacht eventually capsized. Salvage efforts were still underway today to remove the wreckage.

At the time of the accident there was only one person on board who escaped without injury. However, the boat wasn't as fortunate.

"The boat appears to be a total loss," said Lt. Steve Van Nortwick, an FWC law enforcement supervisor in Volusia County.

Charges are pending the completion of the FWC's investigation.

HE RAN BUT HE COULD NOT HIDE

A Clermont man found himself in a world of trouble early Saturday after he tried to run over a law enforcement officer with his truck who suspected the man of trying to kill a deer at night. After an early morning chase through south Lake County, and with the aid of an airplane and K9, officers caught up with the suspect, Darrell Dwayne Judy, 31, who was by then at home, in his bed, pretending to be asleep.

All told, Judy, (DOB 10-7-71), of 6236 Oil Well Road, is facing six felony and four misdemeanor charges after the ordeal that began just before 1 a.m., Saturday and finally ended several hours later.

It all started late Friday when Florida Fish & Wildlife Conservation Commission (FWC) officers were working a detail involving air support assisting officers on the ground to detect poachers using spotlights to take deer at night.

At about 12:48 a.m., FWC Officer Monty Hinkle, acting as spotter in an FWC airplane, radioed Officer Rick Staton that someone was working a spotlight just off County Road 474 in Lake County near the Polk and Orange county lines. Staton was about two miles from the suspect vehicle, but was familiar with the area and headed that way. Hinkle advised him that the spot lighter turned the light off every time a car approached on CR 474.

When Staton arrived at the location, he saw a pickup truck sitting in a driveway off the highway. When the operator of the truck, later identified as Judy, saw Staton's patrol vehicle, he spun the truck around, sped up and headed straight toward Staton, who had to swerve to avoid a head-on collision.

As Judy sped off into the night with Staton in pursuit, Hinkle in the airplane kept him apprised of the suspect's location. When Staton reached the pickup truck, it was stuck in a small ditch with the driver's side door open and the suspect gone. A box of .270 cal-

iber rifle shells was on the seat and a spotlight was on the floor.

Staton called for backup and FWC Officer Mark Bishard and Lake County K9 Deputy Chris Huskey and his dog arrived to assist. The K9 team got right to work and tracked the suspect to Judy's home where officers found the suspect in his bed, sweating profusely and pretending to be asleep.

As officers searched the home they found approximately 20 guns, but not the .270 caliber rifle they were looking for.

Enter FWC Officer Laird Canfield and his K9 partner, Harley. Canfield and Harley are recent graduates of the FWC's K9 program and Harley has been specially trained to find guns.

Canfield took Harley to where Judy's truck was stuck in the ditch and the dog went immediately to work. Within minutes he located the .270 caliber rifle, a semi-automatic pistol, and a fanny pack that contained marijuana, amphetamines and assorted drug paraphernalia, in a palmetto patch about 20 yards from the truck.

Judy was booked into Lake County Jail on \$27,500 bond. He was charged with:

- Take/attempt to take deer at night by gun and light (1st degree misdemeanor).
- Aggravated assault with a vehicle on a law enforcement officer (2nd degree felony).
- Felony trespassing with a firearm (3rd degree felony).
- Possession of cannabis, over 20 grams (3rd degree felony).
- Possession of amphetamine, 25 grams (3rd degree felony).
- Fleeing and attempting to elude a law enforcement officer (2nd degree felony).
- Possession of drug paraphernalia, 3 counts (1st degree misdemeanor).
- Possession of firearm by convicted felon (2nd degree felony).

MAN GETS TWO YEARS IN PRISON

A 32-year-old central Florida man was convicted today in Orange County for felony possession of an American alligator and sentenced to 24 months in prison for his crime.

David Wayne Knight, (DOB 5-8-71), formerly of Christmas, pled guilty to the third degree felony charge and an additional misdemeanor charge of possession of an American alligator without a permit.

Investigators discovered that Knight had killed the alligator on May 14 at Tosohatchee Wildlife Management Area.

FWC REOPENS WITHLACOOCHEE RIVER TO BOAT TRAFFIC

The Florida Fish and Wildlife Conservation Commission (FWC) will lift an emergency order that closed the Withlacoochee River to all vessel traffic because of severe flooding. Vessel traffic can resume at midnight tonight (Saturday).

An idle-speed, no-wake restriction will remain in effect temporarily from two miles north to four miles south of State Road 200 while the water level continues to recede.

The FWC issued the emergency order to close part of the river in late August because high water.

Salutations from Area Leaders

**FROM THE DESK
OF THOMAS C. GREENE
MAYOR OF LAKE MARY**

As mayor of the city of Lake Mary, I would like to welcome the 17th Annual Lake Mary-Heathrow Festival of the Arts to Lake Mary. This event brings world-renowned artists to Lake Mary and has grown to become a

nationally recognized outdoor arts event. Through the generosity of the corporate sponsors, the festival provides major scholarship support to Seminole County graduating seniors.

I would like to commend all of those involved in the Festival of the Arts for creating a program that benefits not only Lake Mary, but surrounding communities as well.

I encourage everyone to attend the 17th Annual Lake Mary-Heathrow Festival of the Arts to be held on Oct. 4 and 5, in Lake Mary, and I offer my best wishes for another successful festival year.

Sincerely,
Thomas C. Greene
City of Lake Mary Mayor

**FROM THE DESK
OF NORMAN WOLFINGER
SEMINOLE COUNTY STATE ATTORNEY**

It is an honor and a pleasure to welcome everyone attending this year's 17th Annual Lake Mary-Heathrow Festival of the Arts, an event that boosts our community in many ways.

We're all wishing the festival great success in this fund-raising endeavor since the money raised will benefit the children of Seminole County as it is channeled into the art and music programs in our public schools. It is efforts such as these — organized by volunteers, drawing on the talents of our citizens — which continue to improve the quality of life for our community.

As your State Attorney in Seminole County, one of my foremost goals is to protect the people I serve and pursue proactive crime prevention programs. Events such as this festival actually assist me in doing my job because they showcase the good and promote the cultural values of our society. I sincerely appreciate the positive things you are doing to benefit our community. Best wishes for a successful festival!

Sincerely,
Norman R. Wolfinger
State Attorney

**FROM THE DESK
OF GRANT E. MALOY
DISTRICT I COUNTY COMMISSIONER**

It is with great pleasure that I extend a warm welcome to all attending the 17th Annual Lake Mary-Heathrow Festival of the Arts, a premier event in Seminole County. This event not only

showcases area artists, but also provides Seminole County public school students the opportunity to participate in the "Hands-on-Arts" program.

I commend the dedication, commitment and hard work by DeLores Lash, committee chairman, and the committee members in organizing this fund-raiser. The goal of \$100,000 will provide fine arts scholarships for high school seniors and a cultural arts program for all in Seminole County.

Sincerely,
Grant E. Maloy
Board of County Commissioners

Featured Artist

Artist inspired by a Costa Rican parrot

By Jamie J. Anderson-Potter
Staff Writer

Linda Amundsen, the poster artist of the 17th Annual Lake Mary-Heathrow Festival of the Arts, has been painting since she was a little girl. Today, at age 64, Amundsen shares her artistic love with her 11-year-old granddaughter, Katie.

"She likes to paint, so she comes over and paints with me," said Amundsen, a 38-year resident of Longwood. "We really enjoy doing that together and she is becoming quite a little artist. She just won a coloring contest at Publix and, last year, was commended by the school PTA for painting a woman in camouflage with an American flag."

As Katie follows in the footsteps of her grandmother, she will have quite impressive shoes to fill. As a full-time artist, Amundsen participates in several juried art shows each year.

Known for her tropical and Florida-themed oil paintings, Amundsen also paints lighthouses and landscapes.

"I really lose myself when I'm working," said Amundsen, who admits she paints every day. "I can be tired and come out and set up my easel and paints and get so relaxed. It really is a wonderful outlet for me. I forget about everything."

As the poster artist of this year's art festival, Amundsen's "Polly," an oil painting of a parrot from Costa Rica, will be seen on T-shirts and brochures promoting the festival.

The inspiration for "Polly" came to Amundsen when she and her husband were on a family cruise through the Panama Canal. While at a resort in Costa Rica, she met Polly.

"In the lobby were these beautiful parrots," she said. "They were so fantastic and beautiful I knew I was going to paint them."

Along with "Polly," Amundsen

also completed a painting of a pair of parrots, "Friends," which she recently sold. Amundsen has donated "Polly" to the art festival where it will be auctioned off to the highest bidder.

The proceeds, along with the money raised from T-shirt sales, parking and other fund-raising items, will be given to Seminole County Public Schools for scholarship money.

"This is such a great cause," she said. "I'm honored to be a part of the festival."

Amundsen will also have an exhibit during First Thursdays at the Orlando Museum of Art, located at 2416 N. Mills Ave., in Orlando, on Oct. 2. The Mount Dora Center for the Arts, located at 138 E. Fifth Ave., in Mount Dora, will feature Amundsen during a month-long senior exhibit beginning Oct. 3, and she has been invited to attend the Epcot Wine and Cheese Festival for the third consecutive year, being held Oct. 18 through Nov. 16.

Lake Mary Rotary revs up for car show

The Fourth Annual Lake Mary Rotary Club Car & Truck Show will once again be part of the Lake Mary-Heathrow Festival of the Arts to be held Oct. 4 and 5 from 9 a.m. to 5 p.m.

The show is open to all makes and models (antique, custom, street rod, classic, muscle, foreign, late model and production). Trophies will be awarded both days for a registration fee of \$15 per vehicle.

A new venue for this year is the "Automobile as Art" show. This segment of the show provides a venue within the art festival grounds for the display of six automobiles and/or trucks of high quality and smooth flowing lines. Each day the "Automobile as Art" Cup will be awarded. The other entries will receive an honorable mention award. The entry fee for this venue is \$25 and includes the regular show venue for the second day.

Along with the wonderful camaraderie

of fellow "car nuts," the art festival provides things for the children to do, including musical entertainment and a variety of art and crafts on display. There will be space for shade covers.

Participants attending both days may want to consider staying at either the Marriott Hotel or the Courtyard by Marriott, which

are providing \$59 per night special room rates. Call for details.

Entries could also win up to \$10,000 in cash or other valuable prizes in the Rotary Club 50/50 Raffle to be drawn on Sunday. Suggested donation is \$10 per ticket. Ticket buyers do not need to be present to win. Visit the Rotary tent during the show to obtain a raffle ticket. Proceeds benefit area youth scholarships and other charitable causes.

For more information, call John Cairns at 407-322-0590, email at JohnnyK@iglide.net, or visit www.rotary-lakemary.org.

S.O.D.A Pops to uncork Festival entertainment

Miriam & Valerie's School of Dance Arts S.O.D.A. Pops will be "Mixing it up" at the Lake Mary-Heathrow Festival of the Arts this year as they take over the main stage at 2 p.m. on Sunday. Dancers ranging in age from 7 to 20 will be presenting a variety of dances and songs during their hour-long "Mixing it

up" special. The S.O.D.A. Pops are internationally known for their talent and versatility as they have performed for audiences all over Florida and on tours to the People's Republic of China and Moscow. Directors of the dancing S.O.D.A. Pops are Miriam Rye Doktor and Valerie Rye Weld.

A tasty treat called "Taco Bell" will be a featured number during S.O.D.A Pop's performance Sunday at 2 p.m. Pictured above are Rayna Hirt, Alex Colvin, Alyssa Read and Carly Flynn

*We have been awarded
the Joint Commission's Gold Seal of Approval™*

The Joint Commission on Accreditation of Healthcare Organizations evaluates and accredits nearly 17,000 healthcare organizations and programs in the United States.

An independent, not-for-profit organization, JCAHO is the nation's predominant standards-setting and accrediting body in healthcare. Since 1951, JCAHO has developed state-of-the-art, professionally based standards and evaluated the compliance of health care organizations against these benchmarks.

"Our staff works continuously to improve the quality of care provided to our patients. The excellent score we received reinforced the fact that we are doing a great job of serving our community's healthcare needs."

*- Rodney Smith
CEO of Central Florida Regional Hospital*
