

**ORANGE COUNTY FAIR**

Will Soon Be Upon Us And No Preparations Made

EXHIBITS SHOULD BE MADE

Sanford Section Ought to Exceed All Former Efforts In This Line

The Orange County Fair to be held at Orlando February 18th to 22nd inclusive should be kept in the public mind. Now is the time to prepare for the exhibitions and get the live stock in the proper shape. The annual premium list has been printed and can be had for the asking. The various committees are working hard to make this one of the greatest fairs in the history of the state.

**Fair Notes**

The directors of the Orange County Fair Association have called a meeting for Thursday, at which time actual plans will be inaugurated. Sub-committees will be named, and arrangements perfected for canvassing, getting exhibits, etc.

The central committee of the Orange County Fair Association, having in charge the "Automobile" Parade, is called to meet Wednesday morning in the "Rest Room." The purpose of this meeting is for the organization of sub-committees to ascertain how many automobiles can be entered in the parade. The committee earnestly desires the cooperation of all owners of machines for making of this one of the handsomest automobile parades ever seen in the state. —Reporter-Star.

**PREPARING FOR POTATOES**  
Hastings Growers Will Plant in the Neighborhood of 8,000 Acres  
Hastings, Fla., Nov. 15.—Because of favorable weather the last few weeks farmers are farther along with their work by several days than at a corresponding date last year. The last of the pea-vine hay crop has been gathered, the corn crop has been harvested, and farmers are now giving their attention to the preparation of ground for the spring crop of Irish potatoes. Approximately 8,000 acres will be planted to Irish potatoes this year, an increase of about 10 per cent over last year. The seed potato problem, an item of between 40,000 and 50,000 sacks, imported from Maine and New York mostly, is being given careful attention, and in the opinion of men closely in touch with the situation has been satisfactorily settled for this year, insuring growers good seed. Strict inspection following written contracts as to quality, is being maintained at both ends of the line.  
The acreage planned in truck is considerably larger than last year. Lettuce, beans, turnips and onions are now being harvested in small amounts, to grow larger very soon. Cabbage will start to move in about ten days. Large plantings are being made to strawberries. — Produce News.

**LET US SOLVE YOUR CLIPPER PROBLEM**  
By furnishing you with a sample pair of the famous "TUTTLE CLIPPERS," now in use by 75 per cent of the citrus growers in California, and by scores of the big fruit companies in Florida, who have bought heavily of them the past month.  
We claim that the TUTTLE CLIPPER will pick all varieties of citrus fruits WITHOUT INJURY and that it renders clipper-cutting ABSOLUTELY IMPOSSIBLE.  
It will do as perfect work in the dark as in the day light, and can be operated by a child as well as by the most experienced orange grower. Each pair is a marvel of mechanical expertness and comes in a separate box, with half a dozen extra springs and a slip of emery paper to keep the blades in good condition.  
These are a few strong points in its favor. YOU WILL FIND OTHERS EVERY DAY THAT YOU USE IT.

#### Daily Happenings in The Land of Flowers Culled and Tied Into a Nosegay of Brieflets

Standing almost within the shadow of the gallows on which he ended his life between 10:30 and 11 o'clock this morning, and after he had been exhorted by his spiritual advisers for nearly three hours, Robert Anderson, the Tampa negro unadorned and fire bug declared he had confessed to all the crimes he had committed that were of any moment with the single exception of having shot at a street car on Center street from which shot no damage resulted. A number of people witnessed the execution of one of the worst criminals that ever expiated his crimes in the state.

Auburdale was visited yesterday afternoon about 6 o'clock by a disastrous fire which consumed the general store and livery stable of Werner G. Jones, the loss being estimated at about \$15,000.

The election yesterday on the proposition to annex new territory to the city of Lakeland, by extending the boundaries one-fourth mile on the north, east and west sides, and one-half mile on the south, carried by the gratifying vote of 201 for to 44 against. Lakeland Telegram.

The big street car strike in Jacksonville, which was called three weeks ago yesterday, ended this morning. The strike conductors and motormen who walked out October 28 voted to disband the union, which was formed on the day the strike was called. Many of the men who first joined the union have been returning to work, until the ranks of the organization became so weakened that it was thought best to disband. The company has expressed a willingness to take some of the men back to work upon its lines.

William J. Bryan has a beautiful residence in Miami and in a few days will arrive there to make his winter home among some of the very best people of Florida. The Miami Herald says it is no small honor that has come to Miami by its selection as a place of residence by the great Commoner, and his coming will add prestige to that growing city.

The Ocala Lodge of Elks have purchased the Agnew home in that city for an Elks' home. It is located opposite the Government building and will make a splendid home for the Elks. About a couple of thousand dollars will be spent in remodeling and fitting up the place.

It is probable that Gainesville will have an opportunity to witness the aviation work of Geo. A. Gray, the well known birdman now in Malden, Mass., in December or January. He is making arrangements to come to Florida and writes an acquaintance that he is thinking of making a cross country flight from Palm Beach to Gainesville.

**Florida's Good Roads**  
Florida in 1909, when the last national statistics were taken, had 17,374 miles of roads, of which 1,762 miles were improved, or 9.97 per cent.  
The average percentage of improved roads in the United States is 8.66.  
Florida had more miles of improved roads in 1909 than these states: Arizona, Arkansas, Colorado, Delaware, Idaho, Kansas, Louisiana, Mississippi, Montana, Nebraska, Nevada, New Hampshire, New Mexico, North Dakota, Utah, Virginia, West Virginia, Wyoming.  
As Florida's greatest good roads movement has been the past three years it is safe to say that at the present time Florida has more good roads than

any of the states of tremendous populations like New York, Pennsylvania, Ohio, Illinois and California.

Further, Florida's sand roads average better the year around than the clay or stone roads of other states. They are easier to negotiate 365 days of the year than the roads of any other state. They are easier on tires than the rocky roads, easier on the machinery than the clay roads, more comfortable for the passengers than the adobe or other dirt roads.

It is stated by tire manufacturers that the motorist of Florida gets more miles out of his tires than a motorist in any other state. There are few ruts cut from them caused by baked clay ruts. Tampa Tribune.

#### Wilson's Uncle in Orange County

A brother of President-elect Woodrow Wilson's father is a resident of a voting precinct in Orange county and was for several years a resident of Orlando, having moved to his orange grove a year ago. He is Joseph B. Wilson and though a very modest, unassuming man, he is acknowledged the fact that the distinguished governor of New Jersey is his nephew. He was at the polls bright and early to cast his vote.

#### NOTED EDUCATOR SUICIDES

##### Visitor to Winter Park Takes Life in Despondent Mood

Rev. George A. Gates, sixty-two years of age, a distinguished educator, committed suicide at his home at Winter Park between six and seven o'clock last night, by cutting his throat. He died immediately.

The act is supposed to have been the result of a temporary fit of insanity. Last winter Rev. Mr. Gates suffered both mentally and physically from injury in a railroad wreck, since which time he has had recurrent spells of aberration.

He has been in Winter Park about two weeks, coming south from Nashville, Tenn., his home with his wife. He has been a nervous sufferer ever since he has been here. Last week he is said to have made a remark to a resident of Winter Park that he would either kill himself or somebody else before many days.

The deceased was a Doctor of Divinity and had served with distinction as president of Grinnell College, of Pomona College, California, and of Fisk University, Nashville. He was also widely known as an author. He was a personal friend of Dr. Blackman, president of Rollins College. It was owing to his friendship with Dr. Blackman that he came to Winter Park.

#### Sanford's New Depot

Atlantic Coast Line trains have for years backed into the depot at Sanford, waiting at least a half hour on each trip between Jacksonville and Tampa. The company is now building a new passenger depot on the main line, about two miles from the postoffice at Sanford. The Sanford people are well pleased with the change. If DeLand's passenger station were on the main line on a direct avenue leading to DeLand, the DeLand station would be about four blocks farther away from DeLand than Sanford's new station is from Sanford. With the auto four to eight blocks count for nothing, and practically everybody today travels to and from the station in an auto. Let's build the boulevard due west and put DeLand on the main line. DeLand News.

Wm. Slater of Pittsburg, Pa., is expected to arrive Monday to join his father, who is a truck farmer at Beck Hammock.

### HERALD STRIKES THE KEYNOTE

President of Produce Company Writes Interesting Letter About The Auction Project

Your editorial in the issue of Nov. 15th on the Sanford Market is very timely. It would be worth everything to the Sanford farmers to bring the market for their goods to Sanford. But I do not believe it will be accomplished except by a well nigh unanimous stand on the part of the growers. There are several commission houses with excellent buyers now represented in Sanford. Do they have vision and grit to undertake the buying of the whole marketable produce of the whole Delta at such prices as the market will warrant and the farmers will find acceptable? It would be impossible for them to do it if any large amount of the produce was shipped upon consignment. If those firms, which become more thoroughly identified with the Florida interest, would take up the matter for f. o. b. sales and become the distributors throughout the whole country for the Sanford produce, they could make handsome returns and the farmers would be sure of a paying price for every hamper which went beyond Sanford. But then the farmers would have to get together. A certain amount of agreement is essential to prevent heavy losses by the majority of the growers. It is not enough that the very early and the very late produce should bring a fair profit. The great bulk of the labor, expenditure and interest is in the main movement of the crop. Unless a fair return is received even at the height of the season, the business can never be reasonably profitable to the majority of the growers, and Sanford cannot have a general prosperity so long as a considerable portion of the people receive no adequate return for their labor, but are simply existing until whatever resources they may have had are lost, and they are compelled to fall out. The lowest price at which any hamper leaves Sanford should bring a reasonable profit to the grower. It is impossible to grow more truck at Sanford during the winter season than the great cities of the nation, North and South, would be glad to consume if well distributed and at prices which would pay the grower, the freight, and the middleman fair returns. As the business is now organized, no one takes any serious risk except the grower, and even under favorable circumstances the returns are not enough to pay him for the risk which he continually carries.  
It will very gradually increase the importance of Sanford as a business center, it will bring money to our merchants and all our enterprisers, if the market for our produce can be brought to Sanford, it will bring a valuable class of new residents for a considerable portion of the winter. Why do not the Merchants Association, The Chamber of Commerce and the Growers Association take up this problem for vigorous, united effort. It may not be too late to accomplish something in this direction this year. Certainly perfected arrangements could be secured for the next season.

A free municipal market or warehouse should be provided as the common meeting ground for sellers and buyers, and a sort of exchange building convenient to the points of shipment. It would pay Sanford to spend the small sum necessary for such a structure. And if the city should not feel justified in taking it up, I believe the organizations, to which reference has been made, would have no difficulty whatever in selling sufficient stock at \$10 or \$25 a share, or even \$100, a share, to put up an exchange building, the Sanford Produce Exchange, and receive a small margin on the business conducted. I believe, Mr. Editor, you are on the right track and for one I shall be glad to take shares if private enterprise shall be necessary for the construction of suitable warehouse and loading platform for the Sanford Produce Exchange. It ought to be natural ground not belonging to any particular transportation Co., but every line should have easy access to it. Somewhere on the lake front where a dock may be available for the river shipments and where spurs from the Atlantic Coast Line or the Sanford & Everglades

#### Telegraphic Communications Boiled Down For the Benefit of Busy Herald Readers

Railroad, etc., can be easily constructed. I think there are enough men of vision, readers of your paper, who can see the desirability of such a produce exchange. I am sure there is enough money to finance this in case the city should hesitate.

I have not written this letter in form for publication. You are welcome to use any of the matter, which, in your judgment, may be helpful to the common interests of your city. Since you published my former communication, calling upon the growers to get together for f. o. b. sales, I have been pondering the subject and I believe that we want to do these two things:

1. Secure if possible the harmonious action of the growers and of the important commission houses now so thoroughly identified with the trade for a Sanford Produce Exchange.

2. We want to give this Exchange a habitation as well as a name, something such as will be adequate to the present demands and to the promise of a greater future for the Queen city of Florida.

I am, with best wishes,  
Very truly yours,

#### FREIGHT BOAT BURNS

##### Fine Vessel Burns to Water's Edge at Coast Line Slip

An alarm of fire brought the people out last night about nine o'clock and the large blaze on the lake shore directed the Fire Department to the Coast Line slip just beyond the passenger depot. On account of the trestle and the distance from the fire plug the Fire Department could be of no avail and the boat burned to the water's edge.

The boat was the Selma S., owned and manned by Capt. J. W. Berry, formerly of Green Cove Springs. Capt. Berry placed the Selma S. in the river trade some time ago and had been very busy hauling oranges from Geneva to Sanford for several weeks. A cargo of oranges for Chase & Co., had just been discharged yesterday and the crew had left the boat at her moorings at the A. C. L. slip. There was no fire of any kind on the boat and as it was propelled by gasoline motive power the origin of the fire will always remain a mystery. The boat was only partially insured and the loss of the freighter at the height of the season is a very serious one and falls heavy upon Capt. Berry.

About one hundred feet of the A. C. L. wharf was consumed before the flames were checked.

#### About Trolley Line

According to advices from Sanford, they expect to have dirt flying in the opening of work on a trolley line front that city to Winter Park within the next sixty days. There has been any number of surveys and much talk of electric lines to and from Sanford and reaching out to various nearby cities and towns, but the recent organization of a company for a line to Winter Park appears to be the first that will really get to work. Prominent men of Sanford and Winter Park are interested and they claim that the greater part of the right of way has been secured and other preliminary work well advanced.—Times-Union.

#### Illinois Party Here

W. A. Whitcomb, C. E. Dooley and Mr. and Mrs. J. W. Dooley, all of Bloomington, Illinois have arrived in the city and will remain here for some time. Mr. Whitcomb is the head of the East Coast Florida Land Co., and will develop his large tract of land near Oviedo this season.

Cablegrams received in San Francisco from China announce that the public is preparing to go to war with Russia for possessions of Mongolia. The big Chinese secret societies which fostered the revolution have been exchanging dispatches with President Yuan Shi Kai. The young China association has opened subscription lists and lecturers have spoken at every Chinatown corner explaining the encroachments of the Czar's troops in the ancient Chinese territory. Dispatches have been received here by Yow Gook Har, secretary to Fung Chi You, secretary of state of Yuan Shi Kai's cabinet to the effect that an army of 60,000 has been mobilized at Peking and that General Wong Hing, hero of the revolution has been appointed its leader. According to a report General Wong Hing has ordered his army north to Mongolia with instructions to reestablish military rule and drive Russian soldiers out.

"Gyp the Blood," and "Lefty Louie," "Dago Frank" and "Whitey" Lewis, killed Herman Rosenthal, the gambler, at the instigation of Charles Becker, and must pay the penalty of death in the electric chair. The jury which has been hearing the evidence against the four gunmen so decided Tuesday, when it returned a verdict of murder in the first degree, after but twenty minutes of deliberation.

That John Schrank, who shot Colonel Roosevelt on the night of October 14 last is insane will be the substance of a unanimous report of the five alienists appointed by Judge A. C. Backus to examine into the prisoner's mental condition, was the statement of court officials today.

Eight trainmen were killed and three badly injured near Norlina, N. C., on Tuesday when Seaboard Air Line through passenger trains running between New York and Jacksonville, Fla., collided head on. Both locomotives and three passenger coaches were demolished. Further deaths and injuries were prevented by the fact that there were no passengers in the coaches demolished.

The change in administration is not expected to alter materially the plans of those persons who are interested in the improvement of the rivers and harbors of the United States. After the present administration is ended progressive citizens in all the states will look to a Democratic administration to carry on the work of the river, harbor and canal improvement now under way on the ground that the platform of the Democrats is even stronger than the platforms of other parties with respect to this very vital question.

#### Baptist Missionary Society

The Woman's Missionary Society of the Baptist church will hold their next meeting on Monday evening at 7 o'clock; in the church. Members are urged to be prompt. On this occasion those who have been investing dimes for the Chipley Memorial, or otherwise raising donations for it are asked to bring in the results of such investments and also report in prose or poetry how they achieved their success. There will also be an account of the past year's work, beside the monthly topic. Every member is urged to be present.

#### Will Serve Lunch

The Household Economics Committee will serve lunch and supper in the Welaka Club, rooms Tuesday, Nov. 26th from 12 to 2 in afternoon, from 5 to 8 in the evening. The patronage of the public is solicited.

**GENEVA JOTTINGS**

Oscar Nicholson of Daytona is visiting friends in Geneva.

Mr. and Mrs. Pouppeville of Lynne, Mass., who were the guests of the Geneva House last week, spent Thursday with Mr. and Mrs. George Peters. They are very much pleased with Geneva and expect to make it their winter home in the future. Mr. Pouppeville has owned an orange grove here for a number of years.

Mrs. Endor Curlett spent last Tuesday in Sanford, buying things for the M. M. S. Society bazaar which will take place early in December.

Mrs. Belg was called to Macon, Ga., last Saturday by the serious illness of her mother.

Mr. and Mrs. Jasper Nicholson and son of Daytona are the guests of Mrs. G. A. Nicholson.

Mrs. Laura Bowsher, who has been visiting Mrs. Roberson returned to her home in Chicago last Wednesday.

The M. M. S. Society met with Mrs. Victor Peters last Thursday afternoon with a good attendance. No business transacted. Every one very busy with bazaar work. Mrs. Peters' refreshments were delicious hot chocolate and cake. She was assisted in serving by Misses Belle Eichner, Blanche Patiahall and Irene Peters.

R. I. Gresham killed a large rattlesnake last week in Mr. Raulerson's grove. Once in awhile things like this occur, regardless of the fact that Geneva is rapidly becoming a city.

Mr. Cox was a guest of the Geneva House last week, coming here in the interest of the Southern Express Co.

Mrs. Ella Roberson spent last Wednesday and Thursday in Sanford, the guest of Mrs. Stephens.

The pupils of the Geneva school had a sugar cane party at the home of their teacher, Miss McLain, Friday night. A jolly good time is reported.

We are glad to know that Mrs. Aubrey Moran and her daughter, Helen, who were on the sick list last week are both much better.

Chas. Phillips arrived in Geneva last Thursday from Peru, Ill. We are glad to know that Mr. Phillips will become a citizen of our little place, having already purchased property here. His son, Harry, has been in Geneva some weeks. Miss Phillips will join her father and brother in a short while. We extend to them all a hearty welcome.

Mr. Montgomery and son of Illinois, also Mr. Jordan of Massachusetts were in Geneva last week, investigating matters with a view to locating a new industry here. These are moneyed men and it is hoped they will decide to invest in our locality. While here they were guests of the Geneva House.

**FROM MOORE'S STATION**

Clifford Iserman and wife have moved into one of J. W. Bell's houses near the depot. We are glad to have Mr. Iserman with us.

Chas. Kanner of Sanford was with us Wednesday advertising his fall sale.

**"Mutt and Jeff"**

When the head of the greatest theatrical syndicate on earth proclaims: "Mutt and Jeff" the financial success of the current season; it would seem that no further evidence of merit was necessary. Such an expression carries weight and it goes without saying that artistic success must have preceded financial success. The Fisher cartoon comedy is establishing new box records all over the country. Four companies of forty-five people each are now playing the four corners of the United States. Capacity business is an assured fact before the

show reaches town. It may easily be inferred from this that the play is more than making good. Gus Hill has made an elaborate production, so firm was his belief in the ultimate success of the play that he expended a fabulous sum in fitting out four companies before a dollar was in sight. Mr. Hill's judgment was unerring in this as it has been in his former successes. "Mutt and Jeff" with their fellow conspirators, singers, dancers and "squabs" will arrive in Sanford on November 26th and will appear at the Imperial Theatre for an engagement of one night.

A carload of magnificent scenery, properties and light effects embellish the general effect. Patrons of the Imperial Theatre are advised to watch for the sale of seats which opens at 9 a. m. at Maxwell's Saturday. Kindly remember that "Mutt and Jeff" never play to empty seats, therefore if you want good seats, or any at all, you must buy immediately.

# RELIABLE CLOTHING

**R**ELIABILITY is one of the points on which we have a decided opinion. We want you to have the utmost confidence in everything we say in regard to our Clothing. We sell nothing but the best and we know them to be thoroughly reliable. We know that the makers intended to make garments of proven reliability.

If for any reason whatsoever this condition is not thoroughly carried out in the garment we have sold you, we want to be told of it so that we may make it correct for you, thus serving a double purpose---first, giving you the satisfaction which you deserve for the money you have invested and secondly and more important, retaining your good will and having you as a walking advertisement for the goodness of the garments we sell.

Don't forget that we have the nicest line of Boys' clothing in the city. Watch Our Window for Saturday and Monday Specials

### BITTEN BY RATTLER

#### Tampa Man Took Precautions and Lived to Tell the Story

Resting easily today at his home, 202 Cardy street, Lee MacDonnell, who yesterday was bitten by a rattlesnake while hunting some twelve miles southeast of town, is in no danger, and according to his physicians, should be out of bed in a few days' time. That Mr. MacDonnell owes his life to his own presence of mind and to the prompt aid rendered by Roy Cotter, who was with him, and who applied an antidote to the wound in Mr. MacDonnell's right leg cannot be doubted.

When the snake struck Mr. MacDonnell, the hunter did not become excited, but stepping aside quickly shot the snake dead, then took his knife and made several deep cuts about the marks made by the snake's fangs, letting the blood flow freely. He called to Mr. Cotter, who, running up with a hypodermic syringe which contained an antidote for snake poison, quickly used the syringe, then hustled Mr. MacDonnell in the auto, making fast time to town. On the way in Mr. MacDonnell painted the wounds freely with iodine, and this aided in killing the snake poison. Arriving in the city Mr. MacDonnell was attended by Dr. H. M. Cook, and later the family physician, Dr. W. P. Adamson, was secured. The wounds were carefully cleaned and what poison remained taken out. Thus far Mr. MacDonnell has had no fever and no bad results are anticipated. It seems that in cutting into his leg he severed a vein, which, although it cost him considerable blood, helped largely in expelling the poison.—Tampa Times.

#### Delightful Evening

Mrs. Forrest Lako entertained a number of her friends at a very informal but delightful musicale Thursday evening, complimentary to Mrs. May Wickenberg of Jacksonville, the charming guest of Mrs. C. O. McLaughlin. Mrs. Wickenberg possesses a lovely, well trained soprano voice, which has charmed all who have had the pleasure of hearing her sing while in Sanford. She very generously entertained those present Thursday evening with a number of beautiful selections, with Miss Madge Ward accompanist. With one number Mrs. O. W. Brady accompanied the singer and piano with a violin obligato. Mrs. Brady also played a couple of charming violin selections, and Miss

Ward a beautiful piano solo. After the enjoyment of the music, chocolate and cake were served. Mrs. Lako's guests were Mrs. May Wickenberg, Mrs. V. O. McLaughlin, Mr. and Mrs. O. W. Brady, Mrs. Cruse Barnes, Mrs. T. A. Neal, Mrs. Fannie S. Munson, Miss Madge Ward and R. R. Deas.

#### Painful Accident

F. L. Miller, Jr., the little son of Mr. and Mrs. F. L. Miller was severely burned in his mouth and throat Wednesday morning with potash which he found on a table and which had been left there by the man who was doing some house cleaning for Mrs. Miller. While the baby is suffering very much from the severe burns in his mouth and throat the doctor, who was immediately called does not think that the little fellow could have swallowed very much, if any of the poison as he seemed to be getting along as well as could be expected the day after the accident.

#### Should Have Shade Trees

There probably is nothing that adds so much to the beauty of our streets as do the shade trees. Besides their beautifying effect they furnish shade and are a protection to property in case of fire, preventing the fire from jumping across the streets and spreading.

However, trees should be planted systematically, otherwise they may be a source of trouble and we will not get the best results. Section 146 of City Ordinances states that all shade trees shall be placed ten feet from lot lines.

The fault with many of the trees in Sanford is that they are set too close to the lot lines, not leaving room enough for a walk between trees and lot lines. Follow the ordinance, then when the sidewalk man comes along there won't be a sore spot because he has to remove a tree or a good share of its roots. You cannot have a sidewalk and grow roots on the same ground.

#### To Protect Cock Robin

At the next regular meeting of the Legislature it is proposed that the Florida Audubon Society introduce a bill providing for the protection of the robin the act to be drawn as follows:

Section 1. That it shall be unlawful for any person, firm or corporation at any time to kill, capture, or in any manner or by any means whatsoever, or to have in possession living or dead, any robin or part thereof.

Section 2. That the violation of this act shall be a misdemeanor, and for each robin so killed, captured or possessed, the offender shall be punished by a fine of five dollars or committed to jail for one day, or both in the discretion of the court.

For Sale Our surplus stock of early hatched White Leghorn and Orpington Black and White Cockerels, all from northern prize winning stock and ready for the brooding pen. Address Leonard Viblen, R. F. D. No. 1, Sanford, Fla. 25-4tc

#### Extends Mail Service

The blocks between Pine avenue and Sanford avenue and between Fourth street and Union avenue will now be covered by the free delivery service. As soon as received a letter box will be placed at the corner of Pine avenue and Third street, pending the receipt of which the mail can be handed to the carrier. All patrons are requested to put up proper receptacles for the mail.

This part of Sanford has never been upon the free delivery service and the above report will be good news to the many residents east of Sanford avenue.

#### Overman's Progress

There is no limit to the progress of the Progress Laundry under the able management of J. H. Overman. The following from the DeLand News will be of interest to our readers:

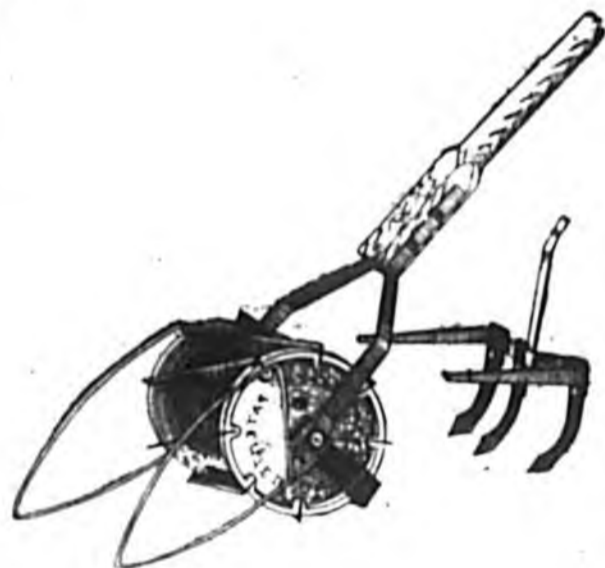

"J. H. Overman, proprietor of the Progress Steam Laundry of Sanford, has opened an agency at DeLand. He has placed in charge here C. S. Passmore, who is located for the present at Hutchinson Hall, phone 87. They have had a very neat wagon built, with which to call for and delivery laundry. A phone message to Mr. Passmore will receive prompt attention."

The ladies of the Congregational church will hold a bazaar in the Harrold building (opposite Spencer's Bakery) on Saturday afternoon and evening, December 7th. Cooked food, home made pies, cake, beans, besides fancy articles will be on sale. Open from 2 p. m. until 10.

Mrs. E. P. JEWITT, Secretary.

When your bicycle breaks down and needs repairing remember that you can get it fixed at 108 Palmetto avenue. Sanford Cycle Co. will gladly do the work for you. 24-2tc

## NEW SMYRNA SEA PORT

East Coast City Will Make Deep Water Fight

SMYRNA HAS FINE LOCATION

Small Amount of Dredging Would Make Smyrna A Deep Water Port

An effort is being made to secure congressional aid to the opening of the port of New Smyrna, on the East Coast of Florida. It is said that the work can be done at a small expense to the government compared with its advantage to the state.

Thomas C. Buddington, president of the Central Florida Inlet association, in a letter to the Manufacturers' Record says:

"This is the only port between Eastport, Maine and Key West, Fla., with a population of 200,000 people whose Atlantic coast trade, is not provided for at a short distance, and as it opens a harbor close to the heart of the orange and citrus fruit district, which this year will give more than 6,000,000 boxes of oranges and other citrus fruits, with other great trucking and phosphate industries which would come to this port as the nearest point of water transportation to the northern cities on the Atlantic Seaboard, it is as much to their interest to have it opened as to the people of Florida. Every steamer between New York and the Gulf ports, as well as to western Cuba, passes within hailing distance and could easily stop and take on freight to northern seaports without delay of but a few hours. Our plan is to enlist the support of all the seaboard cities in the Gulf ports and to Cuba, to have their congressmen unite with the people of Florida to have the port opened forthwith, as it will give their shipping entrance to the heart of Florida without additional cost to the public interests."

**Every Week Bridge Club**  
Mrs. O. W. Brady was hostess of the Every Week Bridge Club Friday afternoon. Two tables of bridge were enjoyed by the congenial players. Mrs. G. F. Smith made the highest score and won the very pretty prize, a pair of china

candlesticks. After the pleasant games of cards were concluded delicious oyster cocktail, sandwiches, olives, pickles, crackers and coffee were served. Mrs. Brady's guests were Mrs. C. M. Vorce, Mrs. W. R. Anno, Mrs. C. O. McLaughlin, Mrs. Cruse Barnes, Mrs. Forrest Lake, Mrs. G. F. Smith.

### The Music Club

The Music Club held their regular meeting at the studio of Mrs. Fannie S. Munson, president of the club, Saturday afternoon at 3 o'clock. Mrs. F. L. Woodruff, leader.

With the assistance of several members of the club Mrs. Woodruff prepared a very interesting program for the entertainment of those who were present.

"French Composers of the Nineteenth Century" was the subject considered. The first paper on the "Personality and Work of Berlioz" was read by Mrs. M. H. Bowler. Mrs. J. W. Dickens read an interesting paper on the "Personality and Works of Gounod."

A very delightful duet, "La Reine de Saba," by Gounod, and also "March Funebre," a duet by Bizet, another noted French composer, was charmingly rendered by Misses Madge and Veda Ward.

Mrs. E. L. Robinson, accompanied by Miss Ward, sang the magnificent solo, by Gounod, "O Divine Redeemer."

The musical part of the program was concluded by Misses Irene Brady and Veda Ward, with a lovely duet by Gounod, "Serenade Berceuse."

"How Did the Opera Influence the Development of the Orchestra was briefly discussed, after which several matters of business and committee reports were considered. After the calling of the roll by the secretary, Miss Mahoney, the meeting adjourned.

### Fancy Work Circle

The Fancy Work Circle did not meet Thursday afternoon on account of the week of prayer services in the churches this week. They will not meet next Thursday afternoon as Thursday will be Thanksgiving.

### A Beautiful Catalogue

The annual catalogue of Reasoner Bros., of Oneco, Florida is at hand and we acknowledge receipt of same. For every sick woman there is health and happiness. Read this most liberal offer telling how you can be cured at small expense or if you are not cured there will be no charge whatever for the treatment. We give you a chance to get well without risking a penny. If you are sick, discouraged, or have wasted time and money in vain efforts to recover your health, if you have taken a great many remedies and are no better, if you have doctored with physicians and specialists without help, you have naturally lost faith in everything. Still, you can't go on as you are,—weak, suffering and discouraged,—you must do something. Reno's New Health offers you a way to be cured, to get well. If it fails, the medicine is free. Could anything be more fair? This remarkable remedy is the outcome of years of experience of a celebrated physician. It is a medicine that positively cures 99 out of every 100 women who use it. You can get Reno's New Health from your druggist with his absolute agreement to return the money on first bottle if it fails to do all that is claimed for it. You are to be the judge as to whether it helps you or not. Is it not worth while to try this remedy on these terms, since you have nothing to lose and everything to gain? Reno's New Health surely and thoroughly relieves Sores, Profuse, Painful, Irregular or Suppressed Menstruation, Slight Periods, Constant Weakness and nervousness, Depression, Cramps, Dizziness, Violent Headache, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea, and all inflammation, Ulceration and Discharges of the Vagina and Uterus. Nervousness, sleeplessness, headache, paleness, thinness of body are all due to female weakness that can be quickly and positively cured by Reno's New Health. Every woman who has a periodical sick headache should use this remarkable remedy and see how quickly it strengthens and invigorates her so her headaches never return. You are doing yourself an injustice if you do not take advantage of this liberal offer.

# PURELY PERSONAL

Born to Mr. and Mrs. Tew, a baby girl.

Born to Mr. and Mrs. Jack Collins, a baby girl.

The many friends of Mrs. J. H. Bruton are glad to see her out again after an illness of several weeks.

Mrs. O. W. Brady will contribute a violin solo to the musical part of the program at the Congregational church next Sunday evening.

In addition to the anthems of praise at the Congregational church next Sabbath evening there will be a violin selection by Mrs. O. W. Brady.

Mr. and Mrs. F. P. Forster have arrived home after a pleasant visit to New York and other eastern cities where Mr. Forster always spends his annual vacation.

Walter Bryant, the well known commission man is confined to his home on Park avenue with a case of the grip and will be unable to see the trade for several days.

Mrs. Forrest Lake, Mrs. May Wickenberg and Mrs. C. O. McLaughlin motored to Orlando Friday morning to spend the day with Mrs. McLaughlin's friend, Mrs. Westcott.

Strangers in the city and all who do not attend church elsewhere are invited to come and enjoy the special service of sacred song and gospel sermon at the Congregational church Sunday evening.

Excellent attendance, fine music and an inspiring, uplifting sermon marked the new departure from former time order of evening service at the Congregational church last Sunday night. The worship will be of same character next Sabbath Eve.

You ought to visit the Welaka Club rooms on Tuesday night and get a nice unch. Oysters will be served in Welaka style and the ladies will demonstrate that they know something about the culinary art. The public is cordially invited to attend.

Jas. McCumb, the genial editor of the Association News is now comfortably quartered in the front part of The Herald office where he will be at home to his many friends. The growers are especially requested to call upon him and get late information about the crops and markets.

C. H. Dinges and R. J. Holly made a trip to Altamonte Springs last Wednesday morning. In order to study the beauties of sunrise they started at midnight and plowed through the heavy sand the whole distance. They had a fine appetite by the time Altamonte Springs was reached and enjoyed a chicken breakfast with Mr. and Mrs. Fogg at Oak Knoll, their beautiful country home.

### Will Open New Restaurant

Mrs. Alice Messenger will open the new Celery City Restaurant in the Welborne block next week and will serve the first dinner next Sunday. This restaurant is equipped with all the new and modern ideas for sanitary cooking and will prove popular with the public.

### Congregational News

Preaching services next Sunday at the usual hours conducted by the pastor, Rev. J. D. Langley. There will be a special musical program in the evening, same as last week, with a short and impressive sermon by the pastor. The large congregation last Sunday evening showed that such a service was fully appreciated and a cordial invitation is given to all to come.

### The Wednesday Club

The Wednesday Club held their regular meeting at the home of the secretary, Mrs. S. O. Chase, Wednesday afternoon with a good attendance of the members and five visitors present.

The program was delightfully opened by a cornet solo, "A Dream of Paradise," by Miss Jessie Stumon, accompanied by Miss Irene Brady. Mrs. May Wickenberg, one of Jacksonville's talented vocalists who is a visitor in the city, charmed her listeners with two delightful solos, "Who'll Buy My Lavender" and "You'd Better Ask Me," a sparkling Irish love song. Mrs. Wickenberg was accompanied by Miss Ward on the piano. The minutes were read by Mrs. B. F. Whitner, Jr., for Mrs. Chase, who was unable to be present on account of illness.

The subject of the program, "Child Welfare," was then taken up and a most excellently prepared paper on "Eugenics," the new science, was read by Mrs. Henry Wight. "Our Marriage Laws" as they exist in a number of the states, with comments and criticisms

on them were given in a paper prepared by Mrs. G. B. Waldron, and read by Mrs. C. E. Walker, in Mrs. Waldron's absence at the meeting of the Federation at West Palm Beach. Mrs. C. R. Walker read a fine paper on "Corrective Efforts for Juvenile Delinquents," which was supplemented by several fine extracts and quotations from Judge Lindsley of "Juvenile Court" fame. The three names proposed last Wednesday for membership were voted on and their owners were unanimously elected members of the Wednesday Club. Until further notice the club will meet at the residence of Mrs. S. O. Chase.

### Program for November 27th: Music.

A Flashlight on Spain of the Fifteenth Century, Mrs. A. E. Phillips.  
Study of Spanish Character with Discussion by the Club, Led by Mrs. E. W. D. Dunn.  
Drill on Spanish Pronunciation.  
Roll Call Answered with Spanish Proverbs.

### Mrs. Smith Hostess

Mrs. G. F. Smith entertained the newly organized Morning Bridge Club Wednesday morning. Two tables of bridge were played. The club prize, an exquisite cameo brooch, will be worn until next Wednesday by Mrs. Robert Newman, who made the highest score. The brooch will be worn for a week by the member of the club who makes the highest score at the Wednesday morning games of cards. A record will be kept and at the end of the year the member of the club who has made the largest number of best scores will be given the brooch. After the games of cards were concluded, chocolate and sandwiches were served. Mrs. Smith's guests were Mrs. C. M. Vorce, Mrs. W. R. Anno, Mrs. C. O. McLaughlin, Mrs. May Wickenberg, Mrs. O. W. Brady, Mrs. A. P. Connelly, Mrs. B. W. Herndon, Mrs. Robert Newman, Miss Mabel Bowler.

### Every Week Bridge Club

Mrs. Cruise Barnes entertained the Every Week Bridge Club at the home of her sister, Mrs. T. A. Neal Thursday afternoon. Three tables of bridge were played. Mrs. C. O. McLaughlin made the highest score and won the prize, a silver picture frame. After the games of cards were concluded a delicious fruit salad, sandwiches, cheese balls, crackers, coffee and salted nuts were served. Mrs. Barnes' guests were Mrs. C. M. Vorce, Mrs. W. R. Anno, Mrs. C. O. McLaughlin, Mrs. May Wickenberg, Mrs. O. W. Brady, Mrs. Forrest Lake, Mrs. G. F. Smith, Mrs. W. D. Holdich, Mrs. T. A. Neal, Mrs. Samuel Puleston, Mrs. Robert Newman.

### State Sues Merchant

Legal proceedings were instituted against one or more Miami business men who discharged employes because they were called upon as members of the National Guard of Florida to participate in the recent strike situation in Jacksonville.

The statement was made by one of the military officers high in authority, in Jacksonville recently, that the matter would be pushed through, and those who discharged their employes contrary to the law would be brought before the court having jurisdiction.

It is said here that one of the Miami employers wrote to one of his assistants in Jacksonville, to the effect that he need not return to his position, as he had quit of his own accord, and that the letter fell in the hands of the military authorities, who immediately began proceedings.

The statutes of the law make it a violation of the law for any employer to discharge his employes in a situation of this nature, where they have been called away from their work in their capacities as members of the National Guard.—Miami Herald.

Dr. R. P. Hudson, eye specialist, is again in Sanford, with office at Fairview, West End, (Mrs. Ferguson's) one week only, Nov. 25 to 30, phone 28. See him if your eyes or glasses trouble you. For fifteen years he has supplied this community with good glasses. Read the beautiful circular he sends out. 27-1c

Where The  
**"BIG CROPS"**  
Come From

EVERY day counts when you are growing crops for northern markets; and your crops must have what fertilizer they want when they want it. Fertilizers that do not become available until after the crop comes off the ground are altogether too slow for Florida truckers.

**BRADLEY'S FERTILIZERS**

For truck crops are rich in all the quickly available elements of plant food, and are so prepared that they supply the crop both early and late. They start it off quickly, keep it growing and mature the product. Florida truckers have depended upon them for thirty years, and with good results.

The Herald is glad to note that St. Augustine will hold the Fourth National Celebration as usual in that city, and that the celebration will be held in the city and of the state. If Harry Brown will promise to do up at Ponce de Leon the entire press association will go to the Ascent City to see him.

Stand will show the appreciation of the elegant new depot by building a good brick street from Park avenue to the railroad. Ninth street will undoubtedly be the best street in the city, and by the time the depot is built, the city will be a beautiful city. The city will be a beautiful city. The city will be a beautiful city.

The Herald will not endeavor to burden the readers with the county division matter. The majority of the people in all parts of Orange county are in favor of county division and there is no valid reason for the matter to be discussed in the paper. We have it from reliable sources that there will be no proposition made on the division subject. The reason for opposition are so obvious that there is no argument to be used against it.

**THE CITIZENS' DIVISION**  
Standards is a very short and snappy item. There are some things of this kind in the past papers, and when certain of the candidates for office were elected, the county division subject was discussed. It is a subject that should be discussed in the paper. It is a subject that should be discussed in the paper.

But rather than to say, the election was held in the city, and the result was a victory for the candidates. The result was a victory for the candidates. The result was a victory for the candidates.

At one time we were strongly opposed to a division of the county. We are still not for it, but our views are somewhat modified. It is a subject that should be discussed in the paper. It is a subject that should be discussed in the paper.

Miss Sanford is a determined woman. She is a determined woman. She is a determined woman. She is a determined woman. She is a determined woman.

For Treasurer and collector  
I hereby announce my candidacy for the office of Treasurer and collector of Orange county, Florida, for the year 1913. I am a resident of the county and have been for many years. I am a resident of the county and have been for many years.

The pioneer citizens of Orange county had had a fine orange grove established when the big freeze struck it away. Nothing but the big freeze struck it away. Nothing but the big freeze struck it away.

In the fine home, Mr. Pogg has all the modern conveniences of the city. It is a fine home. It is a fine home. It is a fine home.

A second lynching for the murder of James Burgess and his grandchild, Mrs. Mary Stevens, last week, near McIntosh, is reported. It is a tragedy. It is a tragedy. It is a tragedy.

Mr. Holly, We do you also, as through, the Herald to express our deep appreciation of the countless kindnesses extended to us in the recent fire. It is a tragedy. It is a tragedy. It is a tragedy.

### ON COUNTY DIVISION

The Following Editorial Is  
Taken From The Reporter-  
Star of Nov. 19th.

The county division issue is being agitated in Sanford, where, at a recent meeting of the Commercial Club, a committee on county division was appointed. We believe we voice the sentiments of this section of the county when we say that if Sanford wants a division by all means she should have it. The general tendency these days is towards concentration, and this is concentration of government. It is undeniable that vastness of territory and diversity of conditions, has retarded the development of many of our states. Generally speaking the smaller the state, the more efficient and more in touch with conditions is the government of that state. Looked at fairly it is a hardship for the people of Sanford to have to travel twenty-two miles to the seat of the courts, and the headquarters of the county's business. And a more serious reason for county division lies in the apparent difference in point of view between the people of the Sanford section and the other sections of the county.

Differences in people embraced in sections is often subtle and difficult to analyze. In this case it is hard to determine; but the fact remains that the Sanford people and the Orlando people have never hit it off very well. It is an open secret that Sanford has long been dissatisfied with her position as the second town of the county.

This ambition for first place, of our sister town is worthy, and should not be discouraged. Therefore, we repeat, if the territorial division can be settled to the satisfaction of both parties, there should be no hindrance placed in the way of division.

**Book Lovers Club**  
Mrs. Ernest Tolar entertained the Book Lovers' Club most pleasantly Thursday afternoon. Election of officers and selecting books for the new year was first on the program. Mrs. Henry McLaulin was elected president, Mrs. Ernest Tolar secretary. The hostess then entertained the members and invited guests with a peanut contest. There were four tables, four at a table. Each player was provided with a hat pin. The idea was to see who could get the most peanuts from a dish placed in the center of the table. At the close of the game Mrs. C. H. Dinges was declared to be the winner and was presented with a handsome cut glass nappie. Mrs. Frank Woodruff having the smallest number of peanuts received the booby prize, a unique little Chinaman, made from the shelled peanuts. A delicious salad course was served with the daintiest of peanut sandwiches, coffee and cakes.

Those enjoying Mrs. Tolar's hospital-  
ity were Mrs. Connelly, Mrs. Perkins,  
Mrs. Palmer, Mrs. Shinholser, Mrs. Mc-  
Laulin, Mrs. Dinges, Mrs. Woodruff,  
Mrs. Munson, Mrs. Luke, Mrs. Brother-  
son, Mrs. Holly and Miss Madge Ward.

**Naughty!**  
Lippicotts:—"What is the matter, dearest?" asked the mother of a small girl who had been discovered crying in the hall.  
"Something's awful happened, mother."  
"Well, what is it, sweetheart?"  
"My doll got away from me and broke a plate in the pantry."

**Way to Handle Them**  
The divorce court was grinding.  
"All ladies who married on a bet or for a joke will stand up, announced the clerk.  
They lined up.  
"Your applications are denied. Now the regular cases will be heard."—Louisville Courier-Journal.

**Odd Obstacles**  
"When the police arrested that man as a fence his lawyer couldn't clear him."  
"Strange; it ought to be easy for anybody to whitewash a fence."—Baltimore "American."

**Value of Education**  
"Does a college education help a man in after life?"  
"Big leaguers seem to think it makes a man quicker on the bases."—Louisville Courier Journal.

**Reason was Plain**  
Louisville Courier Journal:—My husband has deserted me and I want a warrant," announced the large woman.  
"What reason did he have for deserting you?" asked the prosecutor.  
"I don't want any talk from you. I want a warrant. I don't know what reason he had."  
"I think I understand his reason," said the official, feebly, as he proceeded to draw up a warrant.

**PARCEL POST NEWS**

**Officials Are Hustling To Get House In Shape**

**PEOPLE SHOULD BE INFORMED**

**Postmaster General Expects To Have All Details Arranged In Time To Start**

Washington, D. C., Tuesday.—Employees of the Postoffice Department drafted for the task are working double time to install the parcels post service by January 1 next. It is an enormous undertaking.

Promotes of the Geological Survey are turning out special maps at the rate of 5,000 a day, and manufacturers of scales are struggling to fill contracts for 35,000 sets of special scales.

The Government's Bureau of Engraving and Printing is staggering under a hurry order for early delivery of a new series of parcels post stamps in twelve denominations.

As fast as maps are printed they are delivered to the division of topography of the Post Office Department, where the eight postal zones—into which the parcels post section of the Post Office Appropriation bill divided the country—are stamped upon them.

Then, in tubes, they are mailed to postmasters. Each of 65,000 postmasters—first, second, third and fourth class—will get two of these maps, with an accompanying rate book.

After a look at the map and a glance at the rate book the postmaster can tell the charge for shipping any package accepted. Little confusion is expected as to rates.

First delivery of scales are to be made within two weeks, and at once thereafter will be sent to the postmasters. The scales for use in the postal service do not record weights above the present four pound limit of mail matter.

**Final Regulations Soon**

The weight limit of packages under the parcels post system will be eleven pounds. However, anticipating an increase of the limit as the service becomes popular, the new scales are to weigh accurately up to twenty pounds.

Only 30,000 sets of the new scales have been contracted for, because many of the smaller postoffices are in stores. For the present those postmasters having their own scales will not be equipped at Uncle Sam's expense.

The parcels post law rigidly requires special stamps. Parcels will not be accepted unless stamped with stickers of the oblong design accepted for the new service.

The parcels post stamps somewhat resemble the stamps used during the Louisville Purchase Exposition at St. Louis. They are being printed in denominations of 1, 2, 3, 4, 5, 10, 15, 20, 25, 50 and 75 cents and \$1.

Postmaster General Hitchcock said he expects to issue the final regulations governing the service within two weeks. The law says:

"That hereafter fourth class mail matter shall embrace all other matter, including farm and factory products, not now embraced by law in either the first, second or third class, not exceeding eleven pounds in weight, nor greater in size than seventy-two inches in length or girth combined, nor in form or kind likely to injure the person of any postal employe or damage the mail equipment or other mail matter and not of a character perishable within a period reasonably required for transportation and delivery."

**Traveling Menageries Maybe**

It is in the detailed interpretation of the statute that the Postmaster General is engaged. Apparently the farmer can send eggs, chickens, ducks, kittens, butter, honey, bees or puppies, possums or foxes, or anything not too heavy, too large or too dangerous.

It looks as if the fisherman could post his fish, frogs, tadpoles, oysters, crabs, terrapins or what not.

The merchant and manufacturer, presumably, will be allowed to ship any articles not over large or bulky and not dangerous. But it is within the discretion of the Postmaster General for instance to prescribe how articles shall be packed, how presented for shipment and so on.

It is likely Mr. Hitchcock will use his authority to prevent the indiscriminate shipment, for example, of young shoats with only a tag tied to their forelegs.

The mail carriers will not be made traveling menageries for the accommodation of the feathered and furred tribes, whether wild or tame.

The postal authorities ask the public to remember this fact—only fourth class mail matter can be shipped in the parcels post.

The law remains as formerly as to first, second and third class matter. Books and printed matter cannot be accepted at the parcels post rate.

**Big Poultry Show**

There was a great deal of interest shown by our poultrymen of the state at our last show, and it is possible to desire to stimulate this interest in every way possible.

The Florida State Poultry Show, Inc., will hold one of the largest poultry shows in the southeast, January 13 to 18, 1913, and there will be a great many cups, premiums and large cash prizes offered to the exhibitors.

We desire the cooperation of the poultrymen in every county in the state of Florida and want them to have an exhibit at this show. As an inducement, The Florida State Poultry Show will offer a handsome cup for the best display from each county, provided there are three or more exhibits from each county. This, of course, is in addition to the great number of other prizes which they can also compete for.

The Florida State Poultry Show is not giving this Second Annual Exhibit for profit, but absolutely to keep up the interest in thoroughbred poultry in this state, and should have the support of the people.

In view of the above, get your birds in shape to enter next January. The most competent judges in the south have already been engaged to officiate, and every one exhibiting will get a fair deal.

Our handsome catalogue and premium list will be ready for mailing about December 1st, and you can secure copy by addressing H. E. Partridge, Jr., Secretary State Poultry Show, Jacksonville, Fla.

### WEATHER STATION HERE

Government Has Consented To Recognize Sanford

### WIRE OF CONGRESSMAN CLARK

Bears Intelligence That Is Brief But Very Much To The Point

Thanks to the untiring efforts of Hon. J. N. Whitner Sanford will have a first class, well equipped weather bureau and another big improvement that is needed and has long been needed in this, the greatest vegetable section in the world. There has been no weather bureau here for many years. Several attempts have been made to display signals and give the growers warning of cold snaps in time to take precautions that would save the tender vegetables. But nothing in the nature of a complete equipment has been in Sanford in later years and the news that such a station is to be established comes to us in the nature of a telegram to Mr. Whitner from Congressman Clark as follows:

"The Department has consented to establish a cooperative weather station at Sanford at once. Will write."

We await Mr. Clark's letter when full particulars will be given to the public.

### Rosseter on County Division

Messrs. A. T. Rosseter and Charlie Hand of Sanford were in town today, and Mr. Rosseter had something to say of considerable interest about county division. Asked by a reporter if Sanford people were really out for county division he replied: "We're out to make a ripple in that direction anyway."

He said that the Commercial Club of Sanford had appointed a committee of ten men on county division, which committee held a meeting last night. He really came to Orlando today, he said, to have something to say officially about the matter, but after arriving here he received a telephone communication from the committee asking him to say nothing.

"Not officially as representing the committee, but personally," said Mr. Rosseter. "I favor dividing the county so that Sanford would have two-fifths and Orlando three-fifths. That would enable Sanford to take in two townships

coming south, and leave Orlando three. In other words, in round figures, Sanford would get by such division twelve miles by thirty-six miles of territory, while Orlando would have eighteen miles by thirty-six miles."

Mr. Rosseter said that he, nor any of his friends, favored county division, in fact, the matter was never thought of there, until the past election.—Reporter-Star.

### Announces for Treasurer

In this issue appears the announcement of A. A. Preston for the position of Treasurer and Collector. Mr. Preston has been a resident of this city for several years being connected with the Imperial Theatre as business manager and has also been engaged as bookkeeper with a number of firms. He has a thorough knowledge of bookkeeping and office work and assures the public that if elected the business of the city will be carefully attended to and will receive his undivided attention. Mr. Preston has become a candidate for the office at the solicitation of his many friends and will make a canvass of the city and endeavor to see every voter and lay his case pro bono publico before election day.

### Notice to Telephone Subscribers

On December 1st, 1912, the following rates will take effect, applying to all telephones in the city limits only:

Business private line per month	\$2.50
Residence private line per month	2.00
Business party line per month	3.50
Residence party line per month	1.50
Desk set instrument 25c per month extra	
Extension sets wall type 1.00 per month extra	
Extension sets desk type 1.25 per month extra	

Installation charge made on every new phone installed 3.00.  
This amount is deducted at the end of the year, provided the phone is not discontinued within that time.

A special rate of four winter services of four months will be made as follows: Business phone, \$12.00 in advance; residence phone, \$10.00 in advance.

These rates represent an advance over the present ones of only 50 cents per month. This company has been furnishing telephone service at a lower rate than any company in Florida. On account of the necessary heavy expenditures of installing underground cables and making our system metallic this

advance is absolutely necessary to meet our operating expenses.

Our subscribers are now receiving the use of nearly 500 phones and the rate charged in other cities of the size of Sanford is usually \$4.00 for business and \$2.50 for residences.

The new rate still gives a \$1.50 rebate to those who will use a two party line.

Any subscriber desiring to change their service from private to party are requested to notify us at once so that arrangements can be made.

## THE PARAMOUNT ISSUE

County Division. Now Occupies Center of Stage

## EAST ORANGE IS FAVORABLE

Other Portions of New County Will Fall Into Line In A Few Days

County division now occupies the center of the stage at present, and at a most enthusiastic meeting of the Commercial Club last night all other questions were sidetracked to make way for the latest move toward a new county.

In the absence of President Lake, Vice President F. P. Forster presided with his usual vigor and the little talks that he made and interspersed the other speeches during the evening were met with applause and ready response.

Among the out of town visitors to the meeting were E. A. Douglas, B. G. Smith and T. B. Jones, all prominent business men of Oviedo and while they could not promise the opinions of the entire Oviedo section they approved most heartily of the plans that were being discussed by the Commercial Club. All of them were called upon for remarks and Mr. Douglas gave a most interesting talk upon East Orange and her needs and gave it as his candid opinion that if his section of the county could be promised good roads that all of them would most heartily endorse the idea of a new county.

J. T. McLain, one of the most prominent citizens of the Geneva section was present and gave the club an account of the needs of his section for better roads, and that the people of his section were most friendly toward Sanford for the many good turns done them in the past and while the county situation was new for an opinion from Mr. McLain, he could assure the club that his people would favor any movement for the betterment of East Orange and the northern half of the county generally.

Since Sanford has gone on record in every road election as being in favor of good roads, and since this section has lately voted in a special election to make it a special road district and voted \$200,000 worth of bonds for the construction of brick roads there is no need of assurance to be given the people of the new county that our roads will not be neglected. As a double assurance those present at the meeting might pledge themselves to construct and maintain the roads before any other improvements would be made, and the people living in the outlying districts will have good roads first. The brick roads around Sanford will obviate any work being done on the roads here for many years to come and all the road work can be done on the country roads, thus assuring them the best of roads wherever they are needed.

There is no doubt about the various precincts in the northern half of Orange county being heartily in favor of county division. It means less taxes and better results and more improvements and they are investigating the matter fully and every day sees new converts to the idea of separation.

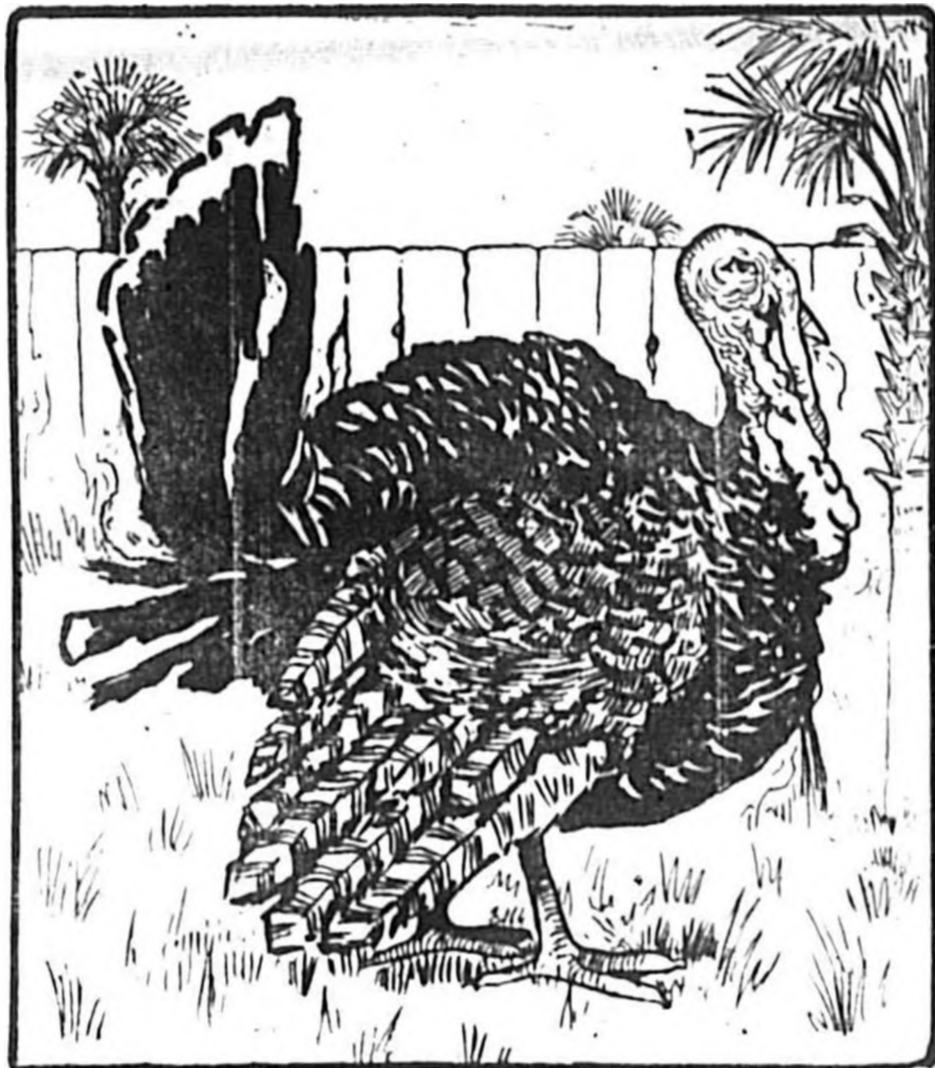

In a few days there will be pamphlets printed setting forth facts and figures about the taxes, new territory and every point in connection with the county division and this matter will be disseminated over the new territory, in order that the people can gain an idea of the scope of the territory and the reasons for division.

The meeting last night demonstrated most clearly that the division will be made and the only question now is the extent of the division. A committee of 125 members has been appointed to take the matter in charge and also a committee of 25 to take an active part and be an executive committee. The names of the committees will appear in the next issue of The Herald.

**Royal Arch Masons**  
There will be a regular convocation of Monroe Chapter, No. 15, held at 7 o'clock Thursday evening, November 29th, 1912. Important business is to come before the chapter and work in the Past Master degree. Members are expected to attend and visiting companions are invited to be present.

# THANKSGIVING DAY

# PROCLAMATION

To the World at Large

There are moments in the life of individuals and of communities when it becomes necessary to throw off the yoke of temporary business depression and a wholesome respect for the welfare of mankind requires that a feeling of expression of thanks be given the determination

Whereas, The American people by their suffrage have elected a chief executive after spending sixteen years in the wilderness and under Woodrow Wilson a new era of prosperity will be inaugurated insuring a postoffice for every applicant and general satisfaction for every malcontent, and

Whereas, It is believed that even those who differed from us politically will aid in promoting the public welfare by giving them aid and assistance in every reform for public good, especially in reducing the high cost of living so that every poor man will be able to have a turkey next Thanksgiving Day without mortgaging his home, and

Whereas, There has never been a time in the history of our country when the financial horizon looked so rosy, and the banks seemed so willing to loan money at good security for 8 per cent interest, and

Whereas, Sanford has long been recognized as the greatest center in the world for the growing and shipping of winter vegetables and consigning them to the tender mercies of the man farther north and

Whereas, Sanford and the Sanford section and the northern part of Orange county has long been recognized as the greatest and best part of the county and has paid the larger share of the taxes and has long been content with a small share of the emoluments and benefits thereof and having become wise in our generation and strong and vigorous, Therefore be it

Resolved, That the vegetable growers sell all their products here in Sanford, and let the good and kind middleman who has over looked after our welfare heretofore and only charged ten cents per crate for so doing now come forward and show his generosity and benevolence and love for mankind by buying our products at a nominal figure and making a fair profit on the same; also be it

Resolved, That inasmuch as the good people of Sanford and the northern half of Orange county has contributed for so many years toward the upbuilding of the whole county that we now proceed to apply for a divorce from the dear parent that has fostered us so long, and from this time and henceforth paddle our own canoe on the broad and placid bosom of Lake Monroe and Lake Jessup. And in this day of Thanksgiving and praise that we pause to drop a tear at the parting and in the midst of the sorrow at separation we can turn aside to give praise at the thought that we are large enough and strong enough to leave the parental roof of the Orlando court house and take up an abode of our own.

Wherefore, All of these many blessings in disguise falling to our lot on this the glad Thanksgiving Day, 1912, that Sanford should bear in mind the old adage: "All things come to those who wait" and at last we are coming into our own.

## County Commissioners Indicted

Indicting two members of the board of county commissioners on the general charge of using their positions to promote their private enterprises and scoring the entire board for willfully ignoring and violating the law by issuing time warrants, the grand jury Friday afternoon presented the most important document that has been handed down by a similar body in Hillsboro county in years.

Commissioner W. B. Moody is charged with being a stockholder in the Tampa Sand and Shell Company and selling the products to the county through the board Commissioner E. J. Devane of Plant City is charged with using his own teams on county work. The grand jury report stated that Devane was not much to blame, but he had violated the law. As to the time warrants, it asked that the people generally request the senator-elect and representatives from this county not to ask the next legislature to validate such warrants as was done two years ago as the holder, the Exchange National bank knew the warrants could not be legally issued.
