

SMUGGLING PLOT DISCOVERED COMING THROUGH FLORIDA WITH THE IMMIGRANTS

Seven Aliens Arrested at Miami Gave it Away NEAR KEY WEST WHERE THEY HAD PLACE TO LAND THEM FROM SHIPS

MIAMI, Aug. 17.—With the arrest here yesterday morning of six men and one woman, six of whom were taken from a northbound train by United States immigration officials, local authorities believe they have untangled the first threads in the unraveling of a gigantic plot to smuggle immigrants into the United States by way of Florida in violation of the recently enacted immigration act limiting aliens entering this country.

Six persons, one woman and five men, said to be Polish and Rumanian Jews, enroute from a Spanish harbor, about thirty miles from Key West, to New York City, were arrested here two hours later and are being held for investigation. The arrests were the result of investigations that have been conducted at Spanish Harbor by secret service operatives, the local officials said last night.

Unable to speak a word of English, the alleged aliens were well dressed, according to the immigration officers, who called in interpreters. Officials were reticent to talk of the arrests, but said that news of the expected plot had been communicated to this office several days ago from the lower Florida keys.

Sixteen secret service operatives came through Miami two or three weeks ago and after remaining in Miami two or three days, left for Key West, according to one of their number at that time.

Local officials are of the belief that the alleged aliens landed at Spanish Harbor or at one of the nearby keys by ship from a West Indies or Central American port. They were well supplied with money and all wore American made clothes. Officials believe that they have been in this country but three or four days and expressed the belief that they were accompanied by another person who could not be identified and who was smuggling them into the North.

The entire day was spent by the customs officials and the immigration officials grilling the alleged aliens in an attempt to learn the manner of entry, those at the head of the plot and the ship that landed them at Spanish Harbor. The results of this investigation were not given out.

MIAMI, Aug. 17.—Seven Jewish immigrants were taken off the northbound train here yesterday by the federal immigration authorities and are being held today for further investigation and instructions from Washington. It is believed that a plot to smuggle in immigrants in violation of the new immigration laws has been uncovered.

WHO SAID NEGRO COULD NOT HAVE TRIAL IN SOUTHERN STATES?

CENTERVILLE, Ala., Aug. 17.—In less than four hours after Clyde Thomas, a negro was placed on trial here today charged with the murder of a white farmer, he was found guilty and sentenced to death. If the sentence of the court is carried out he will be hanged September 16th.

GROWERS APART. WASHINGTON, Aug. 16.—Consideration of the permanent tariff bill was resumed today by the senate finance committee, the chemical schedule, salt, lemons and oranges, being the rates under discussion. Growers of citrus fruits were apart as to what protection the industry needs. G. Harold Powell, director of the California Citrus League, proposed 20 cents of citrate of lime and 40 cent. adalorem on lemon and orange oils.

TOOK BODY OF AUGUSTA NEGRO AND BURNED IT

Had Run Amuck and Killed Two White Men

AUGUSTA, Ga., Aug. 17.—A large body of men said to have been musketed their way into the university hospital here shortly after 4 o'clock this morning and took the body of Walter Smalley, negro, killed after having run amuck and killed two white men and injured four others yesterday afternoon, and carrying it beyond the city limits burned it to a crisp. The body was then returned to the hospital.

The body was found about 7:30 this morning. Scantlings had been heaped over it, gasoline poured over and a torch applied. All Tuesday night, automobiles hovered about the hospital and shortly after midnight the crowd visited the morgue, looked at the body of the negro in the vault, saying, "that's the man," and departed. Two hours later, they returned, gained an entrance to the morgue and carried the body away. The coroner visited the scene of cremation and had the body returned to the morgue. He said there was some doubt as to the body being that of Smalley.

PREMIER SMUTS MAY LEAD IRISH TO PEACE SOON

LONDON, Aug. 17.—Optimism continues the prevailing note in London opinion on the Irish question. The general view is that Eamon De Valera the leader of the Republicans in Ireland, having sought, but failed to secure improved terms, is in a position no worse than he was several days ago, and that since the negotiations are being conducted by both sides to the controversy with some success there is no reason why they should break down.

Public opinion here considered that the letter of J. C. Smuts, the South African premier, to Mr. De Valera, urging a chance of the imperial government's proposals, is likely to prove the central and deciding factor of the issue. The belief is expressed, however, that the Dail Eireann will decline to assume responsibility for a decision, but will refer the problem to a plebiscite of the Irish people, either by a referendum on the question of accepting or rejecting the government's proposals, or by a new election to the southern parliament, in which case it is believed the advice of Gen. Smuts will have the greatest weight.

YANKS IN CUBA

HAVANA, Cuba, Aug. 17.—Information on the presence of American troops in Cuba is asked, in a resolution submitted yesterday to the president of the chamber of deputies. The request resulted from the recent attack at Camaguey by two Cubans on LeRoy Foster, a major in the United States Reserves, and the resultant attack of the homes of Humberto and Ascend Semmiol, by an American marine captain and two enlisted men.

WASHINGTON, Aug. 17.—The only American military force in Cuba, it was said today, is the Marine detachment at Camaguey, commanded by Colonel C. S. Hill and composed of some 275 men. It was sent to the Cuban rail junction in 1917 in connection with the protection of the sugar crop and no orders for its withdrawal have ever been issued.

WHITE SLAVER?

RICHMOND, Va., Aug. 17.—T. Gordon Strachan, 40, rate clerk of the state corporation commission, was arrested at the state capitol yesterday on a charge of transporting Mrs. Mabel D. Lydiatt, a divorced Richmond woman, to Washington in violation of the Mann white slave law. Strachan immediately appeared before United States Commissioner Flegenheimer and was released on \$2,000 bond to await trial in October.

Prominent Physician Found Dead at Home, Looks Like Suicide

Was Member of Florida Legislature From Lafayette

MAYO, Aug. 17.—Dr. R. L. Goodbreed, member of the state legislature, one time chief physician at the state hospital for the insane, for several years member of the state Democratic executive committee and for the last thirty-five years regarded as one of Florida's leading physicians, was found dead seated in a chair in his home here yesterday. Death was due to a bullet wound. His sister-in-law, who discovered the body, found on the table in front of him a small hand mirror while on the floor nearby was a pistol.

Relatives and friends are mystified at the cause of apparent suicide, as Dr. Goodbreed was in good health and seemed to be in good spirits, and was engaged in a large and lucrative practice of his profession. Early in life he was a school teacher and among his pupils was the present governor, Cary Hardee.

FLORIDA BETTER OFF FINANCIALLY THAN MOST STATES

Financial Depression Here Less Keen Than in Other Sections

TALLHASSEE, Aug. 16.—Bringing word that the financial depression has undoubtedly been felt less in Florida than in almost any other state, that the banking record of Florida was the subject of much favorable comment among high banking and financial figures, and the selection of Ernest Amos, state comptroller, as vice-president of the National Association of State Bank Supervisors, Captain R. A. Gray, assistant chief clerk of the state comptroller's department, has returned from Philadelphia and other financial centers. Mr. Gray attended the conference of the National Association of State Bank Supervisors there as the personal representative of Comptroller Amos.

"The Philadelphia convention was well attended," Mr. Gray declared Saturday in speaking of his trip, "and many important subjects bearing upon the supervision and examination of banks were under consideration." He added that he gained much valuable information for use in the practicable work of a bank supervision in this state as a direct result of the conference.

"One thing was especially notable at the Philadelphia convention," he said, "and that is that Florida has many features in her banking laws that are ahead of many other states. In fact, it is surprising to know that some of the older and larger states are just now taking up in their legislatures the enactment of banking laws that have been in operation in Florida for ten years or more."

Selection of Mr. Amos as vice-president of the association is a signal honor to Florida, due to the fact that there are more than 20,000 state banks in the United States and about 5,000 national banks.

With reference to general financial conditions, Captain Gray stated that he talked to several officers of the big

New York banks and he found the belief was generally held by them that there would be still further effects felt from business reaching a stable and normal level, but that the worst was over and that those communities which had successfully withstood the financial depression thus far would certainly be able to emerge in good shape in the improved business conditions which are expected to be apparent by winter.

"A spirit of conservatism still prevails, however," he declared, and it is believed by the best financiers of the country that the secret to an early resumption of normal business prosperity will be by personal economies and a sane policy of individuals living within their means and producing to the limit.

While away, Captain Gray transacted business for the comptroller's office in Washington and Chicago.

DOPE FROM COMPANY D.

Top Kick Chittendon and Supply Sergeant Don Whitecomb returned Sunday night from a trip to Sanford.

Mrs. G. A. DeCottes, wife of the C. O., was a visitor at the camp Sunday. She expressed her congratulations on the work and appearance of the men.

Company-D barracks were given first honors in inspection Sunday. Col. Turck himself said the appearance was excellent.

The chow headquarters were also rated excellent after a close inspection Sunday. Some work, Company D.

Private First Class Chittendon and Privates Kennedy, Ball and Welch returned Sunday night from furloughs.—Florida Metropolis.

RICHMOND, Va., Aug. 16.—Delegates began arriving here this morning to attend the Southern Retail Merchants association, which will begin tomorrow morning, it being expected that about 500 business men will attend these sessions. Murray C. McKinnon, of Hartsville, S. C., president of the association, will preside.

KNIGHTS TEMPLAR HOLD MEETING

On Thursday evening, August 11th, at 8 o'clock the first convolve of Taylor Commandery K. T. was held in the Masonic Hall.

This organization was granted a dispensation by the Grand Commander of Knights Templar of Florida with the following officers to serve until chartered:

- H. E. Tolar, Eminent Commander.
- James Moughton, Generalissimo.
- Ralph B. Chapman, Captain General.

After reading of this dispensation the Eminent Commander appointed the following officers to fill the remaining stations:

- A. F. McAllister, Junior Warden.
- Julian N. Tolar, Senior Warden.
- George Hyman, Prelate.
- L. H. Gibbs, Standard Bearer.
- Thos. W. Jones, Sword Bearer.
- John M. Gillon, Warden.
- Geo. L. Bledsoe, Captain of the Guard.
- Eugene McConnell, First Guard.
- W. M. McKinnon, Second Guard.
- C. M. Hand, Third Guard.

And the Commandery U. D. was duly opened.

This announcement is of more than passing interest to members of the Masonic fraternity in Sanford and Seminole County, as the matter has been brought before the Grand Commandery of Florida for a number of years past, and that body has now decided that Sanford is large enough and important enough to support this organization.

A goodly number of Royal Arch Masons have already petitioned for the Orders of Christian Knighthood, and during the next sixty days all equipment will be provided and the Orders will be conferred.

This organization, as is doubtless well known, is of York Rite Masonry, and only Royal Arch Masons who are likewise believers in the Christian Religion are eligible for membership.

CHULUOTA

Mr. and Mrs. J. E. Snyder, our dry goods merchants, spent last week in Tampa visiting friends.

Mr. and Mrs. O. W. Townsend, of City Point, spent the week end with the latter's parents, Mr. and Mrs. Gabe Long.

Mrs. G. M. Jacobs and daughter, Mrs. Josie Prevatt, left Monday for Reklaw, Tex., where they were called by the serious illness of Mrs. Jacobs' two little grandchildren, the little son and daughter of Mrs. S. H. Holmes, nee Miss Bertha Jacobs.

Rev. and Mrs. A. A. Wainwright spent from Saturday until Monday at Kenanville where the former filled his regular appointments at the Whittier Baptist church.

Arch Hodges, of Cocon, visited J. T. Jacobs and family last week.

N. C. Jacobs and family are camping on the St. Johns prairie for a few days.

Mrs. M. S. Averette spent several days in St. Augustine last week getting her house ready to move into in the near future.

Miss Hazel Jacobs spent the week end visiting her school friend, Miss Frances Graves, at Wagner.

The death angel visited our community again last week and called to follow him Vernina, the 13-year-old daughter of Mr. and Mrs. D. W. Simmons. Vernina was stricken with a case of inflammatory rheumatism last Wednesday, a week ago, and suffered severely from the pain, but as she had had several attacks before her friends did not think but what she would recover. She grew worse and after one week's suffering she died last Wednesday night. She was a bright faced sunny dispositioned child whom all that knew her loved. Her parents and little sister Leona and the two married sisters, Mrs. Jack Gore and Mrs. Tom Lane, are almost heart-broken over their loss. After the funeral services which were conducted by Rev. Thompson, of Oviedo, she was laid to rest in the Chuluota cemetery. Her schoolmates and friends brought quantities of beautiful flowers and completely covered the little mound beneath which she sweetly sleeps in peace.

DID IT EVER OCCUR TO YOU?

The job department of the Herald is ever ready to take on a contract, regardless of size, for commercial printing, and we want to say, right off the reel, that we don't take our hat off to anyone when it comes to getting out a good job of printing.

We have always been too modest, when speaking of what we were capable of doing in this office, and without being brazen, we have cut loose from some of our modesty, and are willing to say before the world, that even a young couple being married, after getting invitations or announcements printed at the Herald office are more successful than under any other conditions.

When taken into consideration the care and exactness that is required from printers in the Herald shop, it is generally conceded that our prices are too low to give us a profit, but speed, when mixed in equal parts with efficiency, will make it possible for us to buy our usual daily allowance of grits, even at the prices we are making.

But don't get us wrong; wedding stationery is not the only kind of printing we pride ourselves in doing. We print anything you want printed—except postage stamps and Liberty bonds—and we give you a workmanlike job at a price you are tickled to death to pay.

We do not ask for any sympathy—all we want is work—and as long as we give you more than value received, in the way of efficiency, speed and workmanship, and can give you the work at the time we agreed to give it to you, there seems to be nothing else for you to do but send it in.

Every department of this shop and office is at your command. We are here to help you prepare your copy, we will give you exactly the kind of work you want done, and will have the work ready for delivery at exactly the time you want it. We want to cooperate with you and we are asking you to cooperate with us. No man lives unto himself alone—we'd hate to try to live without you, and we want you to feel that we are a little spoke in your wheel of good fortune. Let us prove it to you.

Word has been received from Miss Claire Walker, stating that her mother is very ill at Asheville, where they are spending the summer.

IN HONOR OF VISITOR

A pretty compliment to Miss Clara Preston, of Miami, who is the guest of her cousins, Misses May and Mildred Holly, at their home on Park avenue, was the dance and promenade party given last night, by her hostesses.

Quantities of pink hibiscus and ferns, with vines and potted plants were used in decorating the house for this pretty party.

Dancing and promenade were the main features of the evening. At a late hour the hostesses assisted by their mother, Mrs. R. J. Holly, served pineapple sherbet and cake. Punch was served throughout the evening.

The invited guests were: Misses Gladys Wilson, Marion Hand, Anna DuBose, Frances Dutton, Sara Warren Easterby, Lucile Newby and Lillian Shinhower, and Messrs. William and Ed. Moye, Schaal, Wallace Bell, Pierce Griffen, Charles Mero, Ralph Woodruff, Bob Dodson, Hamden DuBose, Billy Parks, Curtis Barber and Victor McLaulin.

DAUGHTERS OF WESLEY ENTERTAINED

Mrs. Howard Smith entertained the Daughters of Wesley very delightfully last night at her home on Sanford Heights.

The house was most artistically decorated with roses and other cut flowers. Quantities of these lovely flowers, in vases and baskets, being used.

The first part of the evening was devoted to the business meeting, following this a social hour was enjoyed. The hostess serving delicious refreshments consisting of chicken salad,

saltines, sandwiches, olives and iced tea.

The members present were: Mrs. J. D. Roberts, Mrs. H. H. Chappell, Mrs. E. A. Douglass, Miss Farrish, Mrs. Brodie Williams, Mrs. Dwight Babbitt, Mrs. Frank Roper, Mrs. Spearling, Mrs. R. T. Thrasher, Mrs. Bon Monroe, Mrs. Ben Caswell, Miss Katherine Huff, Mrs. W. A. Lester and Mrs. Claude Herndon.

SURPRISE BIRTHDAY PARTY.

Monday being Mrs. Schelle Maines' birthday, Mrs. Tom Moore and Mrs. A. M. Phillips, decided to give her a surprise party.

On returning home from DeLand, where Mrs. Maines had gone with the Judge, on legal business, she found the house in darkness. Upon turning the lights on, sounds of voices singing "Happy Birthday," came from the rear of the house. Upon investigation she found the house filled with friends.

The rooms had been beautifully decorated, the color scheme of pink and white being carried out with quantities of roses, asters and pink vine. The dining room table had as its centerpiece, a lovely birthday cake in pink and white, topped with pink tapers.

Music, games and contests were enjoyed throughout the evening. A speech on Ohio, was made by Mr. Jenkins, who also recited a poem on Ohio, Mrs. Maines' home state being Ohio.

Garden of Eden, Ohio.

(A scientist says the Buckeye State was the original home of Adam and Eve).

After Paradise, I believe, Asia was the home of Adam and Eve. Before the Angel told 'em to "go" They lived on the banks of the O-H-I-O.

After the rain went a-pitter-pat Old man Noah lit on Ararat. But where'd he build that Ark? You know?

Down on the banks of the O-H-I-O. Joseph with his coat of silk Knew of a land of honey and milk. Was it Egypt? Tell 'em Joe,

Down on the banks of the O-H-I-O. Where was the Magna charter signed? Giving rights to all mankind?

Where'd we get our Status Quo? Down on the banks of the O-H-I-O. When Columbus sailed the sea He made a grand discovery

Where was he when he yelled "hans ho"?

Off the banks of the O-H-I-O. When the Story on duty bent Carries a future president

Where's he sighted, flying low? Down on the banks of the O-H-I-O.

At a late hour the hostesses served refreshments of ice cream and cake. Mrs. Maines was the recipient of many lovely and useful gifts.

Those attending this delightful event were: Mr. and Mrs. W. M. Haynes, Mrs. A. M. Phillips, and little son, Lester, Miss Sarah Williams, Miss Brain, Mrs. June Roumillat, Mr. John D. Jenkins, Mr. Hugh Register, Mrs. Carl Roumillat and little daughter, Frances, of Jacksonville, Dr. and Mrs. O. W. Maines, Mr. and Mrs. Tom Moore and Judge Maines.

Big Time in Sanford Friday, August 26th, Wedding and Dance

The wedding that will startle the natives, the street dance that will be the best ever and the entire affair to be given in this city by the Educational Committee of the Woman's Club for the benefit of the school lunches for the children promises much to those who are making their arrangements to be present.

This affair will take place in front of the court house Friday night, August 26th and the ladies are making all arrangements for the largest crowd that has congregated in Sanford in many years. The wedding will be well worth the price of admission and by the way there will be no regular ticket booth for the sale of tickets but the girls will tag you for them and you pay fifty cents for the wedding and dance on the street to the good music of a fine band. And then the ladies announce that they will also serve a fine supper for a very small sum and the menu is published below:

Treasurer: B. F. Whitner.

Executive Committee of the Board: R. J. Holly, Mrs. Endor Curlett, L. I. Frazier, Mrs. W. F. Blackman and A. P. Connelly.

It was decided that the president

and secretary institute a campaign for re-natal of memberships and also for new members.

After several addresses and suggestions from members of the Advisory Board, to-wit: Drs. Puleston, Marshall, Langley and Denton, the meeting of the Board of Directors adjourned.

TO WHOM IT MAY CONCERN.

"Flashes of Action."

On Wednesday, August 24th, the motion picture, "Flashes of Action," will be exhibited at the Princess theatre under the auspices of the local post of the American Legion.

This is a wonderful picture of the American expeditionary forces in action in the war zones.

The commander of the American Legion Post at Anderson, S. C., commends the picture as follows:

To Whom It May Concern:

The moving picture, "Flashes of Action," was exhibited at the Strand theatre, in this city, Wednesday, April 6, 1921, under auspices of this Post of the American Legion, to twenty-two hundred and fifty-two persons this being the greatest number of people who ever attended a moving picture show in one day in this city.

The picture showed continuously from 9 o'clock a. m., to 11 p. m., and several hundred persons were unable to gain admittance to the theatre during those hours. So many colored people expressed a desire to see the picture that the Legion contracted for a return engagement of it, and the film is being shown this day at the Grand theatre, in this city to crowded houses in a theatre that seats more than 550 persons. A second return engagement for white people is going to be contracted for as soon as we secure an engagement.

As for the quality of "Flashes of Action," I can truthfully say that not one word of criticism of the film, from the standpoint of a truthful presentation of war as it actually was fought on the western front, has been heard. The people who saw it were deeply impressed, and profound in their praise of its vivid portrayal of the reality of war. And yet there is nothing "stagnant" about the film. This is the opinion of men who were in battle with the A. E. F.

This letter is written of my own accord and without any desire to make other than a fair and frank statement of facts.—L. M. Glenn, Commander, Anderson, S. C.

Little Ten-Year-Old Boy Brutally Bitten While Sleeping With Mother

Last Wednesday night about 11 o'clock, while sleeping with his mother, Johnnie Muggins, ten year old son of Mack Muggins, living near the Georgia and Alabama line, was brutally bitten on the ankle by an anopheles mosquito. The ankle is badly swollen but the doctors think he will recover after taking malarial treatment. This mosquito was not discovered until daylight next morning and a barrage of Torment was shot at him, killing him instantly. The gaseous fume from this liquid will not hurt a human being but is instant death to a malarial mosquito. It does not frighten them, it is not a bluff, it means death when the mosquito first inhales it. Torment is sold in all stores.—Adv.

NEW HOUSE BEER BILL SANCTIONS HOME BREW FOR PERSONAL USE.

WASHINGTON, Aug. 17.—Any house holder could have home brew under interpretations placed upon an amendment to the Willis-Campbell beer bill, approved today by the house.

The amendment, adopted as a substitute for a senate provision would require Federal agents to have warrants before entering homes in search of liquor. It provides, however, that no warrant shall be issued for search of a home "unless there is a reason to believe such a dwelling is used as a place in which liquor is manufactured for sale or sold."

Representative Field, Democrat, Kentucky, declaring the house amendment would virtually sanction "home brew," provided it was not made to be sold, attempted to have the words "for sale" stricken out, but his motion was rejected, 96 to 54.

Representative Volstead, Republican, Minnesota, author of the original prohibition act, favored the house substitute as adopted. He declared later it would not change the policy of the prohibition enforcement bureau, in reference to home brewing.

No attempt of late has been made on orders from Washington, he said, to prohibit the home manufacture of potent beverages for personal use.

Fort Myers will have another handsome new hotel with a hundred rooms ready to open December 1st.

New Solution of an Old Problem

All transactions in a retail grocery business are divided into three groups, requiring three kinds of service. First, charge and delivery, this transaction is the most expensive both for the merchant and the customer, requiring as it does, telephone, bookkeeper, gas and upkeep of the truck. Second, is the customer who comes to the store, has his merchandise charged but carries his goods home with him, eliminating a part of the expense. Third, is the customer who pays cash and carries his goods home with him, thus eliminating all expense of charge and delivery.

It is self-evident that there should be some distinction between the three classes of service. Recognizing this fact I have adopted the following plan without changing prices:

FIRST:
All goods priced on a charge and delivery basis.

SECOND:
Customers charging goods but delivering same will be discounted 2%.

THIRD:
Customers paying cash for goods and delivering same will be discounted 5%.

MR. MYERS, Aug. 17.—Whether the term of L. A. Whitney as secretary of the Fort Myers Chamber of Commerce expires September 1, 1921, or February 1, is a question upon which the Board of Directors of the organization is divided. Mr. Whitney was secretary of the St. Petersburg Board of Trade several years. Some members of the board contend that Mr. Whitney's term expires September 1, because he was elected for one year on Sept. 1, 1920.

Others argue that since the Chamber of Commerce was reorganized last February the Secretary's term does not expire until next February. Mr. Whitney is among those holding this opinion. The directors adjourned their last meeting, which was featured by animated debate on this question, without having reached a decision.

FABER, COVELESKIE AND GRIMES STAND OUT AS WET-BALL ARTISTS

Pitchers Who Use the Speed Spitter.

Spitball pitchers—dying race in major league baseball—are having trouble with the new lively ball as well as the dry-ball hurlers.

Only the fast-ball spitters are proving effective.

Of the fifteen major league pitchers eligible to moisten the ball, but three in the American league and four in the National have won more than half their starts.

Of these Urban Faber of the White Sox, Stanley Coveleskie of the Indians and Burreigh Grimes of the Dodgers are the real wet-ball aces, writes Dean Snyder in the Chicago Post. They all use the speed spitter.

Faber is Ace.

So far this year Faber outranks the great Coveleskie, recognized before as the king of spitters.

What makes Faber's victory record all the more brilliant is the fact that he is backed up by a team—now a mere shell of the defense put up by the old Sox machine.

Covey should hit his stride soon and give the Sox star a race for throne honors by the end of the season.

In the National league Burreigh Grimes is the leading moist ball pitcher. Phil Douglas of the Giants has a better record, but has not worked as many times.

How long this race of pitchers will last is questionable. One by one they will drop by the wayside.

Wears Arm.

The moist ball trick is wearing on the arm.

Coveleskie, the great-hearted Shamokin miler, however, doesn't think wetting the ball hurts his pitching super. Perhaps Covey is too rugged to note the strain yet.

Before this year the spitters could get by without whipping the speed into every ball. They'll burn up faster now at the pace they have to travel in order to gain effectiveness.

Besides Faber and Coveleskie other American leaguers on the accredited list of Ban Johnson to fling the spitter are: Urban Shocker, St. Louis; Jack Quinn, New York; Dutch Leonard, Detroit; Allan Russell, Boston, and Ray Caldwell or Al Sothoran, Cleveland.

Caldwell has practically dropped the wet-ball delivery altogether under Tris Speaker's advisement and is doing better without it.

Allan Sothoran, formerly of St. Louis and now with Cleveland, takes Caldwell's place as an eligible spitter for the Indians. But he's slipping and unless Speaker can revive him won't be in the big show long.

CROP CONDITIONS FAVORABLE FOR ALL OF FLORIDA'S CITRUS AND FARM PRODUCTS

Dry Weather on Lower East Coast is Reported

(By The Associated Press)

GAINESVILLE, Aug. 17.—The citrus crop outlook for the coming season is improving except on the lower East Coast where the condition is critical because of dry weather, according to the report of the Federal Bureau of Crop Estimates here on crop conditions during the month of July and the condition as of August 1. Favorable weather has boosted production prospects for most staple crops, cotton being about the only exception, the report declares.

Citrus prospects show some improvement through the central highland section of the belt and are distinctly favorable on the West Coast. Prospects are from fair to good along the lower edge of the belt except on the lower East Coast where rain is badly needed. The condition for the state as a whole is 88% of normal for both oranges and grapefruit as compared with 80% for oranges and 80% for grapefruit a year ago. Fruit is developing nicely and is beginning to show color in South Florida but bearing trees on the lower East Coast are in bad condition except where irrigated, and loss from shedding is anticipated, even with rain in the near future.

Limes are moving freely and are of good quality and size. Production will be less than for last year.

As compared with the Florida citrus condition, reports from California show the August 1 condition as 86% for oranges and 84% for lemons. The condition a month ago was 87% for oranges and 85% for lemons.

Favorable July weather is reflected in condition figures for most of the staple crops. Production of corn, sweet potatoes, peanuts and other field crops will run well ahead of early estimates, the bureau declares. The condition of rice has deteriorated slightly but prospects are still good for satisfactory yields. Tobacco production will fall under last year because of dry weather early in the

season. Hay crops, generally, have made splendid growth and pasture continues to improve. Wet weather is interfering with hay harvesting over a large part of the state.

Cotton prospects were described as "gloomy." The condition on July 25 had dropped to 60% of normal as compared with 70% a month ago and 64% last year. Weevil damage is heavy and rusting and shedding is becoming general because of rains. Some cotton is opening and picking has started on a small scale. Production is estimated at slightly less than 14,000 bales as compared with 17,906 bales last year, 15,925 two years ago, 20,415 three years ago and 37,585 bales in 1917.

The following figures show the preliminary estimates of production for 1921 and final estimates for last year, of the state's principal crops not yet harvested, in each instance the first figure being the estimate for the current year and the second last year's production:

Corn, bushel 11,562,000, 10,530,000; cotton, bales, 14,000, 17,906; sweet potatoes, bushels, 4,515,000, 4,275,000; hay all, tons 145,000, 152,000; tobacco, pounds, 4,000,000, 4,620,000; rice, bushels, 91,000, 72,000; sorghum (syrup) gallons 73,000, 844,000; peanuts, bushels, 3,800,000, 3,220,000; field beans, no estimate, 1,300,000 bushels; field peas, no estimate, 184,000 bushels; peaches (b) bushels 126,000, 102,000; pears (b) bushels, 55,000, 30,000; oranges, no estimate (a) 8,500,000 boxes; grapefruit, no estimate (a), 5,000,000 boxes.

(a) preliminary.
(b) total production.

SARASOTA, Aug. 17.—One of the first official acts of the Board of County Commissioners of the new county of Sarasota, at its organization meeting here last week, was to offer a reward of \$1,000 for the arrest and conviction of the slayer of Harry L. Higel, murdered near his home on Sesta Key last January 7. The resolution authorizing the reward included a provision that the governor of Florida be requested to offer a similar amount.

New Solution of An Old Problem

In the way Deane Turner puts the question in an advertisement in this issue. In other words Deane has solved the question of operating a cash store, a cash and carry store or a credit and delivery store—you pay your money and take your choice. It has always been a mystery to customers as to just why stores did not make a difference in prices to cash customers. The answer was invariably that people wanted credit or that they insisted on having goods delivered or that they could not make the same price on goods where they were charged and delivered.

The cash and carry system has been started, the cash store and delivery has been started but it seems to have remained for Deane Turner to inaugurate a store where you can get any of three kinds of service. In other words he says in today's Herald that all goods are priced on a charge and delivery basis now. If you want to charge the goods and take them home yourself you get a two per cent discount. If you want to pay cash and deliver them yourself you get a five per cent discount, all prices based on the present prices of goods.

There is no doubt about the plan proving popular since it gives the people the chance of obtaining groceries on any plan they want and they can be governed accordingly. Read his advertisement in this issue of the Daily Herald.

The new idea becomes effective Monday, August 22nd and applies to all orders of \$1.00 or more.

GETTING OUT BOOSTER EDITION OF HERALD

The ladies are working up a big booster edition of the Herald today and the merchants are urged to get all their copy in as soon as possible. The big edition will consist of four pages of advertisements for special sales for Friday, August 26th at which time there will be a big bargain day and a wedding and dance at night. The big edition will be published in the Weekly Herald Friday and the Daily Edition next week. It is the best kind of advertising and there will also be several thousand of the same edition scattered over the county and adjacent counties. Verily it will be a big day and night.

COME ON BOYS, GET BUSY!

Let's go! The time is now ripe for the stores to whom up the lagging trade. When business is brisk anybody can get their share but it is the early bird who gets the worm during this hot weather and the live merchant who gets in his work while the other fellow is asleep. Get busy on special sales and keep the trade coming. You have a real daily paper to help you keep them awake.

CAFETERIA SUPPER.

The Daughters of Wesley of the Methodist church will give a cafeteria supper at the home of Mrs. Dwight Babbett on Friday evening, August 19th, to which the public is cordially invited. They will begin serving the supper at five o'clock.

DR. STACEY HERE TONIGHT.

Dr. C. I. Stacey, pastor of the Presbyterian church at Lakeland, will have charge of the prayer meeting at the Presbyterian church tonight and all the members and the public generally are urged to be present. If there are any of the churches who will not hold meetings tonight the members are especially invited to worship with the Presbyterians and hear Dr. Stacey tonight at eight o'clock.

Now is the time to advertise. You can do it in various ways. All advertising is good but some is better than others and we believe that newspaper advertising is best. You have found it so in the past. Now get busy and bring them to Sanford. We are here to help you.

Bathing Suits

There has been more than one who has said that our line of BATHING SUITS were the snappiest in town. And now we have reduced the prices to close them out.

IF YOU NEED ONE

The logical time to buy is now and the logical place is at "The Store that is Different." We still have a few ladies' bathing shoes left that we are closing out.

CLASSIFIED ADS

Welaka Block Sanford, Fla.

LIVE NEWSPAPER PUBLISHER WANTED.

MOORE HAVEN, Fla., Aug. 17.—Glades county wants a good, live newspaper publisher. The board of trade, surveying the general welfare of the county, since it came into being by enactment of the last legislature, went on record for the establishment of a daily to serve in the interest of this section. As a result, the call for a member of the fourth estate went out.
