SANFORD, FLORIDA, FRIDAY, MARCH 14, 1919

NUMBER 41

BOARD OF COMMISSIONERS MEET

MANY MATTERS OF INTEREST TO CITIZENS OF THIS COUNTY RECEIVE ATTENTION

Sanford, Fla., March 4, 1919. Hon. Board of County Commissioners in and for Seminole county, Fla., met in regular session at 10 a. m. Present: Chairman L. A. Brumley and Commissioners L. P. Hagan, O. P. Swope, C. W. Entzminger and E. H. Kilbee, with V. E. Douglass, deputy clerk, and Roy Tillis, deputy sheriff, in attendance. Minutes of last regular meeting, also two called meetings read and approved.

J. W. Bell addressed the board in reference to road work on road leading to the school house at Lake Monroe.

Motion of C. W. Entzminger, seconded by L. P. Hagan, and carried, clerk is instructed to pay rent on store room in the Pico building used for government research work until court house is ready.

E. A. Douglas appeared before the board in reference to redemption of taxes by Eugene Orr, Tax Cert. No. 401, tax sale of 1917, covering 2 1/2 acres in Sec. 7, Tp. 21 S., R. 30 E. and on motion of L. P. Hagan, seconded by E. H. Kilbee and carried, clerk is instructed to recommend to the state comptroller that he allow the redemption of same at the flat sum of \$15.00 plus clerk's fees.

Letter from J. J. Dickinson, in reference to his appointment as attorney for the board was read and ordered filed.

L. M. Rehlinger and Mr. Marshall, representing the Orange Belt Auto Line appeared before the board in reference to license tax on auto bus lines.

Mr. Hunter, representing the Ocala Cypress Co., appeared before the board in reference to road leading to Cook's Ferry, and on motion of L. P. Hagan, seconded by C. W. Entzminger and carried, this matter is referred to Commissioner Kilbee to investigate and make report to the board.

F. L. Miller appeared before the board in reference to repairs on brick road on West First street.

Mr. Harvey and Mr. Roller, representing Southern Clay Mfg. Co., appeared before the board in reference to bridging the Geneva road just west of St. Johns river. No action taken.

Report of road committee was read, and on motion of L. P. Hagan, seconded by O. P. Swope, and carried, report of committee is accepted and the following is declared a public roadway: Forty ft. wide, beg. at intersection corner of Secs. 31 and 32, Tp. 20 S., R. 30 E., run west one Tp. line quarter of a mile, and the committee is relieved of further duty.

Bids for 1000 gallons of cattle dip were opened, and the bid of Chipman Chemical Eng. Co., Inc., being the lowest and best bid is hereby accepted for 1000 gals of Atlas Cattle Dip, price in 5-gallon cans \$1.10 per gallon f. o. b. Sanford, Fla., payment in one year from date of shipment with no interest.

REMODELING NEW COURT HOUSE NOW

Work is progressing rapidly and workmen are busy tearing out that part not needed by the county officers and putting in other parts that will be needed.

It is stated by those who know that Seminole county will come near having a model court house when the present plans are completed.

The following resolution was offered by Commissioner L. P. Hagan, duly seconded by Commissioner C. W. Entzminger and adopted:

Whereas on the 4th day of February, A. D. 1919, a petition was presented to the board of county commissioners in and for Seminole county, Florida, by G. B. Read, et al., wherein it appeared that it was deemed necessary and expedient for agricultural purposes and for the benefit of certain lands described in said petition, which were low, wet, submerged or liable to become submerged to establish a public ditch, drain or canal in the county of Seminole and state of Florida, for the purpose of draining said described lands, by those owning a greater part of the lands through which such proposed ditch, drain or canal and lateral ditches, drains or canals shall run, and by those owning a greater part of the lands contiguous thereto that would be benefited by such ditch, drain or canal, which petition was purported to be signed by the owners of the greater part of the lands through which such proposed ditch, drain or canal as proposed should run, and the owners of the greater part of the lands contiguous thereto that would be benefited by such ditch, drain or canal and lateral ditches, drains or canals, to which petition was attached a plat of said lands showing the general course of such proposed ditch, drain or canal and the lateral ditches, drains or canals the approximate length of same and showing the lands to be benefited thereby, and

(Continued on page 8)

NEW SCHOOL BUILDING AT LAKE MONROE

Beautiful brick school is completed at cost of \$10,000 for the children of that place.

Lake Monroe is the proud possessor of a new \$10,000 brick school building, which was recently completed and is now being occupied by the school at that place.

The new building is two stories in height and contains ample room to accommodate the children at Monroe for years to come. In addition to the class rooms and halls the building has a good auditorium for the use of the school and the public meetings of the little city as well.

The people of Lake Monroe may justly be proud of this beautiful new building which has been built with no little difficulty on account of war conditions. It was planned to have the building ready for occupancy at the time of the opening of the school in the fall but the delay in obtaining materials has retarded the work to such an extent that the school could not occupy the building until last Monday.

The building was built by S. O. Shinkler, contractor with F. H. Trimble as architect. J. Tilden Jacobs is principal and Mrs. Jacobs assistant and under their leadership the school is in a very prosperous condition.

PLAN TO BUILD \$250 FORD CAR

WORK IS PROGRESSING RAPIDLY AND SEMINOLE WILL SOON HAVE A MODEL COUNTY BUILDING

New Concern to be controlled by Family—Factories to Specialize on Parts

Detroit, March 13.—Edsel Ford, son of Henry Ford, and president of the Ford Motor Company, while en route home from California today, gave out the following statement regarding the intention of the Fords to withdraw from the Ford Motor Company and establish a new company for the manufacture of a \$250 automobile. Mr. Ford said:

"The arrangements for our new company are undeveloped, but we know in a general way what we will do. The Supreme Court decision whereby we must distribute \$19,000,000 accumulated profits is the thing that definitely convinced us that a new company was essential.

"The company will be owned entirely within our family, and thus can be directed without outside interference. We have no intention of building all our factories at once, nor will we operate them at first as we intend to eventually. We expect to start work on our plants in the early part of next year, and are having water power, and so far have only two definite locations, and they were bought primarily for tractor factories. They are at Troy, N. Y., and Hamilton, Ohio. It will probably be a year before we launch the new company.

"The reasons for spreading the company out in many cities are imperative. One is the problem of housing all of the employees if we locate in one city. Another is that we can specialize in each factory on one part."

The present Ford system of assembling plants in large cities will be followed by the new company, according to Mr. Ford, building up a sales organization independent of that used by the existing company.

That the announcement of a new company and a lower priced car might be considered an attempt to force stockholders in the Ford Motor Company to sell their stock was brought to Mr. Ford's attention.

"I know that will be the conclusion," Mr. Ford said, "but it is not true. We are going to hold our interests in the old company, and will not buy a share of any one else's stock, so that charge cannot be borne out."

Bankers Meet Tomorrow

New Smyrna, Fla., March 13.—Group No. 3 of the Florida Bankers' Association will hold its annual meeting in DeLand and New Smyrna March 15th, and an interesting program for the session has been prepared by Gen. Nolan of Orlando, chairman, and John T. Hammond of this city, secretary and treasurer.

The business session will be held at 9 o'clock in the morning in the DeLand Commercial Club rooms and addresses will be delivered by Dr. Lincoln Hulley of DeLand, Forest Lake of Sanford, G. B. Sausure of Jacksonville, J. H. Griffin of Tampa and Dr. K. Boyce Tupper of Philadelphia.

A number of matters of importance to the bankers will be taken up for discussion in the round table talks.

WILSON DUE IN FRANCE YESTERDAY

WAS TO ARRIVE AT BREST LAST EVENING AT 8:30

On Board the U. S. S. George Washington, Wednesday, March 12, 7 p. m.—(By wireless to the Associated Press).—President Wilson expects to arrive at Brest about 8:30 o'clock Thursday evening. He will board his special train after the brief reception ceremonies and will probably arrive in Paris about 9 o'clock Friday morning.

President and Mrs. Wilson dined this evening with Capt. McAuley in their suite. This afternoon Mr. Wilson sent messages to Secretary Lansing and Col. House and arranged to begin work in Paris without loss of time.

House at Brest to Meet Train

Brest, March 13.—Col. E. M. House and Jules J. Jusseland, French ambassador to the United States, with Mme. Jusseland, have arrived in Brest to greet President Wilson when he lands. They were given a dinner this noon by George Leguire, minister of marine.

The city was gaily decorated, all flags and other dress being put into place before noon. The people worked with alacrity and banners spanned the streets bearing the legion "Welcome Wilson." The street leading to the railway station was gaily bedecked. The Star Spangled Banner and the French tri-color predominated in the decorative scheme.

At Congregational Church

"Jesus at the house of Simon" will be the subject for thought at the morning service, beginning at 11 o'clock. Sunday school precedes it at 9:45.

"World-wide Interest and Influence; or the Christian the Only Successful Life," will be the evening subject, the service beginning at 7:30.

Portions from one of the sacred oratorios will provide the music for the evening.

After the Wednesday evening service Mrs. Julius Takach will sing selections from oratorios, and Mrs. Frye will play organ selections, these recitals to continue Wednesday evenings until Easter.

The one given this week was a rich treat. All are invited.

Brings Entertainer of Note

In keeping with the reputation of the local Woman's Club to do "Big Things" they now announce that arrangements have been made with the famous and widely known impersonator Gilbert Atlee Eldredge whereby he will appear here in the near future. The Woman's Club is to be congratulated in being able to bring Mr. Eldredge here and the public will look forward with pleasurable anticipation to this event. Mr. Eldredge is spending the winter in Orlando after twenty years of continuous connection with the leading lyceum bureau of the United States and his entertainments are always eagerly sought.

SEMINOLE IS TO BE UNDER QUARANTINE

OFFICIALLY PROCLAIMED BY STATE LIVE STOCK SANITARY BOARD FOR ERADICATION OF CATTLE TICKS

Seminole county has been officially proclaimed by the State Live Stock Sanitary Board as under special quarantine for conducting systematic eradication of the cattle fever ticks this season, effective April 1st.

This action was in accordance with the wishes of the county officials and cattle owners who attended the recent conference in Sanford, and will give this county an opportunity to clean up and get released from quarantine this year.

It is understood that the cattle along the Orange county line will be dipped regularly from about the middle of March, whenever the officials decide to start the clean up work in that county, and all cattle in the county will be taking swims through dipping vats filled with the arsenical solution not later than April 1st, and every two weeks thereafter until all the cattle ticks are killed.

Volusia county was left out of systematic work for this year, because the vats are not ready, but Osceola and Brevard counties were

USED CLOTHING NEEDED

INCLUDED AND WILL BE WORKED AS ONE UNIT

A call comes to the local Red Cross for used clothing for the people of the liberated countries of Europe and Asia.

The Red Cross rooms will be open next week from Monday to Friday for receiving such articles of used clothing as may be donated by the good people of the city and county, and shipment will be made at once. Only such articles as are usable are wanted as it will not pay to ship worn out garments and shoes.

Approximately 6,800 square miles are included in working area this year, the counties additional to those mentioned above being Duval, Leon, Jackson, Washington and Escambia.

The legal quarantine notice appears elsewhere in this paper.

A GUARANTEED TIRE PRICED AS CHEAP AS A SECOND

KEYSTONE TIRES

Guaranteed on a Basis of 3500 Miles

We have secured the agency for the KEYSTONE TIRE and in order to introduce this tire, we will sell them at prices stated below, saving you about one-third on a standard brand fully guaranteed tire.

Keystone Tires are Made Only in Non-Skid Style

30x3	\$12.75	34x4	\$28.29
30x3 1/2	16.75	34x4 1/2	37.50
32x3 1/2	19.30	35x4 1/2	39.20
31x4	25.70	36x4 1/2	39.80
32x4	26.25	35x5	44.80
32x4	27.50	37x5	47.40

Keystone Tires are guaranteed against defects in material and workmanship. They are guaranteed to be first quality tires and to give you the service you can reasonably expect from any standard tire when properly used. Should any Keystone Tire prove defective, we will make an adjustment based on 3500 miles service.

"ACROSS FROM WHERE THE NEW HOTEL IS AT"

New Garage
The Herald is informed that Sanford is to have a new garage, which will be styled the City Garage. E. W. Dickson is the proprietor of this new enterprise and expects to be open for business within the next ten days. Mr. Dickson will be remembered as the owner of the Sanford Vulcanizing Works, he having disposed of that business when he answered his country's call for men.

New Tanks
From the looks of new tanks about the street one would think Sanford had joined the "tank corps" but this is not a fact. The tanks are service tanks for the weary automobile. Improvements in tanks are being installed this week by the Wight Accessory Service and by the Sanford Cycle Co.

Banquet for Graduates
Last week a Teachers Training Institute was held at the Baptist Temple for the purpose of giving a regular course of teacher training to teachers and aides of the Sunday school. Throughout the entire week two sessions a day were held at the Institute and a large number took advantage of the opportunity offered. Dr. W. W. Wilbur, the State Sunday School secretary for Florida was in charge and was assisted by Dr. W. D. Moore of the Oklahoma State Sunday School Board. A number of tanks were taught and some fairly successful pupils assembled in the parlors of the church Friday evening where a banquet was served in honor of the occasion. While the Doctors, teachers and pupils were yet seated at the table Mr. Jno. D. Jenkins arose and with many remarks about the watery condition of things in general presented to Dr. Moore a beautiful hand painted water scene mounted on a stick pin. Not to be outdone, Mr. Maines, in his usual funny way made a presentation speech and then presented Dr. Wilbur with an engraved gold tie clasp. Both Doctors accepted with remarks on the occasion. The presents were made on behalf of the Temple Sunday school.

Commercial and Monthly Pay plans. Also two or three Special Traveling Agents who can produce results. An opportunity for some one to get in right on contract and territory with possibility of other lines later. If interested write, stating age, territory desired and experience, too. C. S. Hoag, State Manager, No. 7 West Church St., Orlando, Fla. 41-3tp

IT IS SERIOUS

Some Sanford People Fail to Realize the Seriousness of a Bad Back. The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ailments, may result seriously if neglected. Dangerous urinary troubles often follow. A Sanford citizen shows you what it does. Mrs. W. A. Tills, 1100 Elm Ave., says: "I am just as strong as I ever was, but I feel now as when I had a bad back. I used to use some years ago. At that time I had a sore and lame back and found it difficult to bend over. My kidneys didn't get as they should either. I used a box of Doan's and they regulated my kidneys and rid me of the pains in my back. I have great faith in Doan's Kidney Pills."

CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME" EVEN THE GATE POST NOT IN IT

"Ships" Oh joyous ship but lately come Across a buoyant sea I know that on this throbbing pier There is no place for me.

"Yesterday we buggied to town and baseballled all afternoon. Then we went to Med's and poked till morning. Today we muled out to the corn-field and gee-hawed until sundown. Then we suppered, and then we pined for awhile. After that we staired up to our room and bedstedded until the clock fixed."

Progressive. That is the word for Sanford and Seminole county. Seminole, while one of the smallest counties in the state, nevertheless is looked to in a great many instances to set the pace when progressiveness is the goal.

Sometimes I just sit down and wonder and one of the things I have wondered about is the road to the beach. I wonder if the authorities of Volusia will fix that road for the heavy travel that most assuredly will be ready for the road before many months.

bridge at Osteen ferry—this matter might be looked into by a joint session of Seminole and Volusia commissioners. Now let's make it a free bridge, or so near free that people won't mind.

As things are now the city of Sanford seems to have an excellent street cleaning department. Most always the streets are in good condition. The trash is carried away and things, so far as the cleaning goes are in pretty good order, except one particular, and just here I would offer a few offerings to those who have the trash haulers in charge.

America, Sanford, Florida, a plot of land on Silver Lake to be used for a summer Camp Site, and the members of Troop No. 1 intend to build a camp on this property, including 4 cabins, a dock on the lake and otherwise fix this camp up so that the boys will have a place to go during the summer months, which will be of great benefit to them.

The Boy Scout movement is one of the greatest movements of this country for the betterment of the boys. And those in charge are working and doing all they can to make these boys better men and better citizens, and they feel that this summer camp will be a great help to them.

The boys of this troop have taken an active part in all of the Liberty Loan Drives and in selling War Saving and Thrift Stamps. They have helped the Red Cross whenever called upon; gathered clothes for the Belgians, books for the soldiers and performed many other acts which could be mentioned.

All this has been done willingly and gladly for it conforms with the principles upon which the organization is founded.

Sergeant Munro.

The last number of the Great War Series will be given at the Lyric Theatre March 15th at 8:30 p. m., when Sergt. Archibald Munro will lecture on "Eighteen Months in German Prisons."

Sanford will probably never have another opportunity to hear any speaker on this most interesting subject, about which so little is known. Everyone wishes to be thoroughly informed on the different phases of the great World War, about which volumes will be written, and this will give us graphically and in a pleasing story form a full account of an important chapter of the World War history.

After eighteen months of almost unbelievable suffering in German prison camps, Sergeant Archibald Munro, one of the first thirty thousand of the Canadian troops to fight on the fields of France tells his thrilling and vivid story on the Great War Series.

Sergeant Munro was wounded at Ypres. For twenty-four hours he lay helpless in "No Man's Land" and then was captured by the Huns. He tells us the things about prison life in Germany which we have all been wanting to know. From him we learn from one who has himself suffered the vilest of insults and the most inhuman tortures at German hands just what the Huns have done to American and allied prisoners.

Sergeant Munro is a great human document. He is a young man, but he has lived a life time.

When the history of the great war is finally written there will surely be an all absorbing chapter dealing with the sufferings and heroism of such men as Sergeant Munro.

Certain-teed Roofing and Shingles. A roof that anyone can lay right. No skill and help except your own are needed to lay Certain-teed right—all materials required and full directions for laying are packed in center of roll. Because Certain-teed is so easy to lay, so economical and so efficient and durable, it is preferred for practically every kind of building, large or small. More than one-fourth of all the roll roofing used throughout the world comes from the Certain-teed factories. Certain-teed has become the dominant choice. Everybody knows about Certain-teed. It is used for buildings of every size and type—for factories, warehouses, garages, stores, hotels, office buildings, farm buildings, round houses, etc.

Going Him Several Better The oldest good story is the one about the boy who left the farm and got a job in the city. He wrote to his brother, who elected to stick by the farm, telling of the joys of city life, in which he said: "Thursday we auto'd out to the country club, where we golfed until dark. Then we motored to the beach, and Fridayed there." The brother on the farm wrote back:

No Wasting of Bar Soap!

NO—decidedly no, when GRANDMA is around. No bar soap lying in waterwasting away. No chipping, slicing or shaving off more than you need. GRANDMA is a wonderful soap—and it is powdered. That's the big secret. You just measure out what you need, no more. Sprinkle it in the tub and presto—just like magic, millions of glorious, cleansing suds in an instant. Then, the whitest, cleanest, freshest clothes that ever hung on a wash line.

COUNTY HAPPENINGS

(Continued from page 2)

LAKE MARY ITEMS
 H. D. Durant has just purchased a new five passenger Ford car of the latest model.
 The latest arrival here is Wm Truxworth of Atlanta, Ga. He has recently bought the Carter property, better known as the Farmer place on Crystal Lake. He is stopping at present at the Crystal Lake Hotel until he can build on his own place.
 Frank Evans and son, Tracy arrived here Saturday from St. Petersburg where they have been for several weeks. On arriving here they found a telegram giving him an invitation back to his home in Boston to see after his income taxes, but he expects to return in a few weeks and make his home folks a visit. His wife will remain with her parents in St. Petersburg until he returns.

R. B. Ranaldi and wife and baby were thrown from a wagon in Goldsboro Monday and the mother got fractured arm in the deal. Battis, as he is better known was holding the baby, the mother being sick, having been to Sanford to the doctor most every day for a week, the baby being only a few weeks old, besides three more small ones in their household to care for. And it was all due to the bad condition of the road so we are told.

PAOLA
 Dr. J. N. Bishop who has been visiting Mr. and Mrs. A. V. McGuin at their country home in Paola has returned to his home in New York city.

Miss Eleanor Roberts was a guest at the home of Mr. and Mrs. R. R. Eldridge Sunday.
 Miss Frances Pearson spent the week end with her father, C. D. Pearson.
 C. W. O'Connor who has been

visiting his cousin, Mrs. R. E. Ivey and family left Tuesday on a short business trip to Atlanta. He will return to Paola in a few days.
 Little Miss Effie O' Cain of Sanford was the guest for the week end of little Margaret Kersey.

WEKIWA ITEMS
 Mr. and Mrs. W. F. Boyd and little children spent Sunday here visiting his parents, Mr. and Mrs. W. H. Boyd.

Miss Flora Brockway has returned to Leesburg after spending several weeks at her home here.

Everyone was glad to see Raymond Boyd home again from France and he is Wekiwa's first soldier to reach home. He is now visiting his brother, Frank in Winter Park.

Mrs. W. D. Fillmon and children who spent the winter in Lakeland are expected home Thursday night.
 Robinson, the trapper, is still busy along the river.

Rex Holiday is visiting his friend, Rev. W. J. Bartlett at Grand Island for a few days.

Rev. Allen filled his appointment here Sunday morning and evening.
 Andrew Boyd is spending some time in Florida City.

Eben, Crippen is preparing to leave Wekiwa but we don't know where he is going.

W. C. Holiday and daughters, Achabel and Minnie are home again, their school having closed the last of February.

The gardens are looking very good around here this spring.

OVIDO
 E. R. Moore of Chicago, Ill., one of the largest stock holders in the Black Hammock Gardens Co. of Iowa Black Hammock Gardens Company of Iowa City, is in Ovido looking after his interests. Mr. Moore is one of Florida's most enthusiastic homesters. It was through his influence mainly that so many of his own home county Jones county, Iowa citizens have invested in the Garden Company. With such men as Mr. Barr, Mr. Murphy and Mr. Moore from their own county we are not surprised that so many have invested. Mr. O. P. Swope has managed the sales quite successfully.

Mr. Moore, Mr. Clifford Lane of Iowa, a guest of Hotel Ovido and Mr. O. P. Swope motored to Geneva to meet Mr. Robertson and Mr. Severson of Miami on Wednesday.

Mr. Moore leaves for Miami on Thursday where Mrs. Moore awaits him.

Mr. Samuel Robinson of Orlando, a former surveyor of Orange county is also a guest at Hotel Ovido while attending to business in this section.

Mr. and Mrs. C. A. Brannon have moved from Orlando and are keeping house in the Cushing cottage. Mr. Brannon is an employee of the Seaboard Railroad and at his own request was transferred from the Wildwood branch to the Ovido run.

The many friends of Miss Mary Leinhardt will regret to know that she is confined at home with measles.

Ovido will welcome one of its oldest friends, Mr. J. N. Jones, who arrived Monday night from El Paso to visit his mother.

Mrs. L. H. White, who has been occupying one of Mr. T. C. Brannon's houses in Lake Ohara has moved to Ovido and taken rooms at the Cushing House.

Mr. J. A. McCulley is building a garage.

Mr. Tanner is building a garage for Dr. Summons. The doctor has added another new car to his list.

During the last two or three months quite a number of our people have bought cars. There remain only a dozen families who use shoe leather instead of gas as a mode of traveling now in Ovido.

Beautiful Musical Recital
 The recital in the studio of Mrs. Fannie S. Munson last Saturday afternoon, March 8th was greatly enjoyed.

The entire program was beautifully rendered and full of interest to the student as to the music-lover.

Mrs. McGuin was excellent in her group of readings and showed wonderful versatility.

Program:
 Piano, Hungarian Rhapsody II Liszt
 Alma Blount, Anna Mason
 Violin, Sonata.....Mozart

Miss Margaret Tinne
 Mildred Kennedy, Piano
 Piano, Polka de Concert Bartlett
 Alma Blount

Violin.....
 Miss Tinne
 Anna Mason, Piano
 Piano, Rondo Capriccio.....

Mendelssohn
 Mildred Kennedy

Violin, Saltarelle.....Germer
 Miss Tinne
 Alma Blount, Piano

Piano, Prelude C Sharp Minor.....
 Rachmaninoff
 Anna Mason

Marche Militaire.....Schubert-Tansig
 Alma Blount

Readings:
 Tribute to France.....Van Dyke
 Smiles.....Ella Wheeler Wilcox
 Impersonations, The Old Mammy of a Little Child
 Virginia DeCoursey, Sec'y.

UPSALA AND GRAPEVILLE
 Rev. Ericson was too ill to preach last Sunday, but hopes to be able to be with us this coming Sunday.

Mr. and Mrs. J. E. Lundquist visited at the home of Axel Lundquist at Lake Mary last Sunday to see their brother, Charles, who has been very feeble of late.

Mr. and Mrs. E. E. Lundquist and children were Sunday afternoon callers at the home of their brother, Hilmer and wife.

Clarence Bergquist who took dinner with his sister, Mrs. E. W. Lundquist Sunday received word of the safe arrival of their brother Elmer, in Virginia from overseas, while he is now awaiting his discharge. We all hope to greet him ere long.

We gardeners grumble about the amount of rain we have been getting of late but we may be thankful that our lot is cast in pleasant places after all for brighter days are with us. The oranges are in bloom and all nature is putting on its spring dress. In the woods the blue violets and the yellow jessamine delight the young folks.

E. F. Lundquist has a fine patch of Irish potatoes, while T. J. Miller is planting his big field in corn and we are all busy with our gardens.

A letter from Walfred Pierson received by H. G. Lundquist says that he longs for the sunny days of Florida, and he has seen but little of the sun while at Brest, France. He keeps well and cheerful. Not much hope of coming home soon as he is in the engineering department. He told me while here that they put up the wire entanglements. I pity them if they also have to take them down.

Mr. E. F. Lundquist made a trip over to DeLand Sunday and his wife and children who spent the week there visiting at the homes of Mrs. Adam Karr and Mrs. J. A. Thompson, returned home with him.

Mrs. Andrew Bertleson is expected home this week from a visit with her folks in Palatka. Andrew has been stopping with Alfred Ericson.

Mr. and Mrs. Fred Krell moved into town last week, to be near his work and are now located on Third street and Avocado avenue, near the A. C. L. shops. Her father, T. O. Tyner having to work was a dinner guest there Sunday and her mother spent Tuesday with them.

Mrs. E. W. Lundquist and little son, visited Wednesday afternoon at the home of Mrs. H. G. Lundquist. We notice E. W. has another car, having exchanged their Ford for one of a later make.

Mrs. Geo. Clark, who has been bothered with hawks getting her chickens found a large spreading adder near them and was glad to call in Eunice Tyner and they killed it. Everything seems to like chicken.

We understand that Mrs. Paul Keely was called to the bedside of her grandfather, Mr. Hancock on the East Coast Sunday. She arrived in time to see him but he died that night and was buried the following day. He was 83 years of age. This makes the third death in the family in a year. Before her marriage, being an orphan she had made her grandparents and so they were especially dear to her. She made the trip in their auto, Mrs. Norman DeForest accompanying her.

Wants to Get Even.
 "When a lazy man has to work," said Uncle Eben, "the first job he wants is dat of a policeman to keep other folks 'fom violatin' an' loadin' laws."

Plant scarce fruits for an assured income

THERE will be greater demand than supply for many of the semi-tropical and tropical fruits so well adapted to Florida for many years to come. Even a few trees of these fruits will mean a ready-money income. Avocados are particularly worth while. Every year more people learn to eat them and they sell at prices returning growers fine profits. Plant an avocado grove if you can; at least set out a few trees of the varieties which will thrive in your section.
 Royal Palm Nurseries offer the choicest avocados and their new catalog tells which kinds to plant. It also describes and gives cultural suggestions for other fruits that should be more generally grown in Florida and supplies full information about shade trees, shrubbery, ornamental plants, etc. Send today for free copy of this "Beautiful Grounds Book."

People cannot afford boxes of
chocolates at the present price, but
they do anyhow.

The presidential third term has
long been a bugaboo. If we were to
experience one, would it probably be
very different from a second term?

The United States has been so ac-
customed to using Armenian rugs
and-laces and embroideries that it
can perhaps handle an Armenian
mandate with ease and efficiency.

Supporters of the League of Na-
tions "understand" that the Monroe
doctrine is satisfactorily covered by
its constitution. In this case it
would be better to know than to un-
derstand.

If the Bolsheviks and labor dis-
turbers and other elements of unrest
would kindly take a short nap until
the rest of us could get the world
into running order again, they would
confer a favor.

Three different opinions are ad-
vanced in the peace conference as to
the nature of damages for which
Germany should pay indemnities. But
no one either in the peace confer-
ence or in the whole world doubts
the obligation of Germany to pay
indemnities of some kind.

The national war garden commis-
sion reports that \$425,000,000 worth
of food was produced on back yard
lots last year.

This means a reduction in the cost
of food which the families cultivat-
ing these gardens would otherwise
have purchased. Not only that, but
the vegetables raised in these gardens
came to the table fresher and of
better quality than vegetable pur-
chased at a market or store could
possibly have done.

Many people who made gardens
last year because the government
requested it found pleasure enough
in the garden work and profit enough
in the results to encourage them in
keeping up the garden habit.

We welcome the Backyard Garden
as a permanent national institution.

If our soldiers in France were ask-
ed what they most desired, one
hundred and eighty-nine out of a
thousand would answer: "the trans-
port of mail to the United

A certain young man of
careful habits in dress
recently told us that the
reason he always wore

Mallory Hats

is that they not only
represent his ideas of
style better than any
other hats, but that he
receives better service
because they retain their
"newness" longer.

Only fine materials can be relied
upon to make a hat appear new
after considerable wear, and if
style also is present the result is
most gratifying and "Mallory
Hats" always gratify. Even the
market's guaranty is a source of
gratification and the new Spring
Shades is another.

Sanford Shoe & Clothing Co.
"Everything Men and Boys Wear"

States, with a ticket from the port
to entry home.

That is the dominant note in the
soldiers' letters from abroad. And
you cannot be surprised. They
went over to fight while the fighting
was good, and now that the war is at
an end the American soldier for
home and mother!

And if the same question were put
to the people at home, the response
would be, "Most of anything, I want
my soldier boy home again."

Don't think that the government
has overlooked these conditions. It
is combing the highways and by-
ways of the sea for transports to
hurry the men home. It is sending
them on American ships, Holland
ships, Italian ships—whatever it can
secure.

Remember that it took over a year
to get the army into France, and
that the British transports which
carried much of it over are no longer
available.

Patience, mothers and fathers and
kinsfolk here in Sanford. It will not
be long at the longest before Uncle
Sam returns your good Tom or your
nice Dick or your fine Harry, bigger
and browner than when he left, and
as overjoyed to reach home as you
are to see him.

THE MONROE DOCTRINE

The Monroe doctrine—the princi-
ple under which the United States
neither joins in European entangle-
ments nor permits encroachments of
any former power upon the Ameri-
can continent—has been for a cen-
tury past an integral part of the
United States policy. It was in-
stituted into us all at an early age,
side by side with the doctrines and
catechism of our especial religious
set. The nation at large has a faint
idea that it could get along without
any one religious body, but it has a
firm conviction that the Monroe
doctrine is the sine qua non of
America.

Now the plan is for America to
take her part in a wider world and
become a member of the League of
Nations. She is willing to do this
and to help secure peace on earth
if that is a possibility. But she
does not want to emulate the day of
the League of Nations, which was
a sad good in reaching out for a
problematized greater and indefinite
one.

The League of Nations for Amer-
ica and the world so far, so good.
Let it first and foremost a renewed
recognition of the Monroe doctrine
to safeguard the interests of Amer-
ica.

WANTED AT ONCE

Fifty new houses are needed at
once in Sanford.

This is the condition at home and
they are similar throughout the
country.

Houses are not to be had. In
quiries for them either for purchase
or rent meet with disappointment.
The restriction of building during
the war has of course played a
great part in producing this scarcity
of homes.

A shortage of houses is to be re-
gretted for several reasons. It
means congestion. Where two peo-
ple are living in quarters which a
single one could comfortably accom-
modate.

Also, if a small town has no
houses enough for its present in-
habitants there is no prospect of
further growth. New residents, how-
ever satisfactory they might be, a
citizens, simply cannot be accom-
modated.

Men who have capital or en-
terprise for the use of it should wak-
e up and realize that the present is
an excellent time for building.

In the first place, the greatest
necessity of the country just now is
work for the returned soldiers and
sailors. Building will furnish this.
In the second place, building
would be an act of public spirit,
supplying the builder's home town
with the houses required for its
progress and growth.

Lastly, the demand for houses
shows that well built homes will
prove an excellent investment for
the builder. Houses to rent will do
an assured source of income. And
the sale of houses upon easy month-
ly payments is a most satisfactory
plan. A town which has these to
offer can secure a fine class of thrifty,
prudent citizens, who as they are
property holders will be interested
in their homes and surroundings.

Local banks should see their in-
terests in financing builders where
necessary. It is to be hoped that as
the season progresses, we shall see a
good class of homes going up in
Sanford, such as will reflect credit
upon the town and bring profit to
the builders.

Fertilizers for Sweet Potatoes

John M. Scott
The sweet potato is one of the
most important crops grown in Flor-
ida. It is a source of food for a

large part of the rural population of
the state. It is also used to a large
extent for feeding all classes of live-
stock. Few people realize that the
sweet potato crop in the last few
years has been nearly equal in value
to that of the upland cotton crop,
and to that of the corn crop of the
state.

In the spring of 1915, a fertilizer
test for sweet potatoes was begun, on
land that had been used for a fer-
tilizer test on Japanese cane, during
the previous seven years. The pota-
toes were planted in the same plots
and given the same fertilizer treat-
ment as the Japanese cane. The
land on which this experiment was
conducted was a fair grade of high
pineland. The sweet potatoes grown
in 1915 followed Japanese cane while
the 1916, 1917 and 1918 crops fol-
lowed cotton. Eight plots were used
in this test.

Fertilizers Used

The same amounts and kinds of
fertilizer were applied to each of the
sweet potato plots as had been ap-
plied to the Japanese cane and cotton
in previous years.

The same number of pounds of
fertilizer was not applied to every
plot, but each plot received the same
number of pounds of plant food for
each element.

The first three plots received in-
complete fertilizers, the next four
plots a complete fertilizer, and the
eighth plot a complete fertilizer to-
gether with ground limestone. The
fertilizer was given in two equal ap-
plications. The first application was
made on May 30, and the second on
July 19. Triumph sweet potato
draws were planted May 10, in rows
6 feet apart, and were set 16 inches
apart in the row.

Results

The yields were determined by
weighing the sweet potatoes from
each plot and figuring them 60
pounds to the bushel. The yields
are given in bushels per acre.

Yield 1915

Plot I which received no phos-
phorus produced 215.6 bushels, plot II
which received no ammonia produced
221.6 bushels, plot III which received no
potash produced 209.6 bushels, plots IV, V,
VI and VII which received complete
fertilizers produced 259.6, 252.0,
216.0, 222.0, respectively, and plot
VIII which received a complete fer-
tilizer plus ground limestone pro-
duced 269.6 bushels an acre.

Yield 1916

Plot I which received no phos-
phorus produced 151.6 bushels, plot II
which received no ammonia pro-
duced 17.6 bushels, plot III which received
no potash 96.4 bushels, plots IV, V, VI and
VII which received complete fer-
tilizers produced 228.8, 192.6, 128.0,
203.2, respectively, and plot VIII
which received a complete fertilizer
plus ground limestone, 119.4 bushels
an acre.

Yield 1917

Plot I which received no phos-
phorus produced 222.4 bushels, plot II
which received no ammonia pro-
duced 210.0 bushels, plot III which received
no potash produced 72.0 bushels, plots IV,
V, VI and VII which received com-
plete fertilizers produced 291.4,
276.8, 320.0 and 251.2 bushels, plot VIII
which received a complete fertilizer
plus ground limestone gave a yield
of 232 bushels.

Yield 1918

Plot I which received no phos-
phorus produced 114.6 bushels, plot II
which received no ammonia produced 161.6
bushels, plot III which received no potash
produced 60.8 bushels, plots IV, V, VI and
VII which received complete fer-
tilizers produced 161.6, 219.6, 163.2
and 153.6 bushels, plot VIII which
received complete fertilizer plus
ground limestone produced 215.6
bushels per acre.

An average of the yield in bushels
per acre for the four years is, plot I
183.8; plot II 200.2; plot III 79.7;
plot IV 236.1; plot V 240.2; plot VI
206.8; plot VII 207.5 and plot
VIII 191.4. This shows that plot
VIII which received no potash pro-
duced the smallest yield, while plot
V which was fertilized with 112
pounds dried blood, 24 pounds manure
and 224 pounds acid phosphate produced
the largest yield per acre.

Crucity to Actors

"Your only applause" quoth a star
of the movies, "is the click of the
camera." Obviously, an instance of
crucity to actors. Invention should
come to the rescue and equip every
movie studio with an applause ma-
chine, consisting of a pair of cast-iron
hands and an endless string of percus-
sion caps.—Pitts Pitt.

lature period and it means that you
will receive the Times-Union at less
than the "before the war" subscrip-
tion rate. This is a special offer
and does not mean any permanent
reduction in subscription rates. The
offer is open to all. Send One
Dollar. 44-21

NOTICE
Notice is hereby given that the under-
signed will on Monday, April 28th, 1919,
or as soon thereafter as convenient apply to
the Honorable Sidney J. Catts, Governor
of the state of Florida, for letters patent in-
corporating the Florida Vegetable Com-
pany, under the following proposed char-
ter, the original of which is on file in the
office of the Secretary of State of the State
of Florida, at Tallahassee:
Dutton
H. Jones
Sandy Anderson, Secretary and Treasurer
Articles of Incorporation of the Florida
Vegetable Company
The undersigned hereby associate them-
selves together for the purpose of forming a
corporation to be known as the Florida
Vegetable Company, and under the fol-
lowing proposed charter.

Article I.
The name of the corporation shall be the
Florida Vegetable Company, and its
principal office shall be at Sanford, Florida,
and it shall have the power to acquire,
hold, lease, and dispose of real estate,
and to purchase and sell goods, wares,
and merchandise, and to do all kinds
of business that may lawfully be con-
ducted by a corporation organized under
the laws of the state of Florida, and
under the laws of the United States, and
to do all such other acts and things as
may be necessary to carry out the
purpose of the corporation.

Article II.
The nature of the business of the cor-
poration shall be to buy, own, hold, sell, lease
and otherwise to acquire and dispose of
lands and real estate, to plant, lay out,
cultivate and farm the same, to produce,
manufacture and otherwise acquire, and
dispose of the products of the soil, to pur-
chase and sell goods, wares, and merchan-
dise, and to do all kinds of business that
may lawfully be conducted by a corpora-
tion organized under the laws of the state
of Florida, and under the laws of the
United States, and to do all such other
acts and things as may be necessary to
carry out the purpose of the corporation,
and to do all such other acts and things
as may be necessary to carry out the
purpose of the corporation.

WHAT WILL THE
FLORIDA LEGISLA-
TURE DO TO YOU?
And what will it do for you?
Every measure which comes before
it will affect you, directly or in-
directly.
You owe it to yourself to keep
fully informed in regard to the pro-
ceedings of the coming session.
Don't wait until some injurious
law has been enacted and then kick
about its enforcement. Watch the
bills introduced from day to day.
When you see that a dangerous
one has been offered, protect right
away to your senator and representa-
tive; be equally prompt in com-
mending good measures.

Article III.
The amount of capital stock of the cor-
poration shall be One Hundred Thousand
(\$100,000.00) Dollars, divided into
Twenty Thousand (20,000) shares of the
par value of Five Dollars each, which
shall be payable in lawful money of the
United States, in full or in part, and
such other acts and things as may be
necessary to carry out the purpose of
the corporation, and to do all such
other acts and things as may be neces-
sary to carry out the purpose of the
corporation.

THE FLORIDA TIMES-UNION
WILL KEEP YOU FULLY POSTED.
As usual the Florida Times-Union
will print daily the fullest and most
complete reports of the work of the
state legislature at the coming ses-
sion.
Three staff correspondents of the
paper will be kept at Tallahassee
during the entire session, and they
will report fully everything of gen-
eral interest.

In and About The City

Summary of the
Floating Small
Talks Succinctly
Arranged for
Herald Readers

Mrs. C. P. Herndon and her sister, Mrs. Gibson were visitors in Orlando Friday.

Ford parts. Sanford Cycle Co. 44-2tc

Supt. Lawton has swapped his Ford runabout for a Ford sedan.

B. L. Perkins of Daytona Beach spent several days here this week on business.

This morning Rev. Mr. Brower gave an illustrated talk on minerals before the Grammar School.

Mrs. R. A. Terheun left this week for a visit of several weeks in Jacksonville and Savannah, Ga.

Howe Inner Tubes. Sanford Cycle Co. 44-2tc

Mr. and Mrs. Stanwood T. Soule of Portland, Me., Mrs. Robert E. Herndon, Mrs. Earl L. Burdick and Mr. Jas. M. Stumon formed a congenial party motoring to Orlando Thursday. Mr. and Mrs. Soule will remain in Orlando until Monday.

Oscar Speer returned this week from France where he saw active service on the front lines. Oscar was wounded several times but managed to escape without serious injuries. He expects to make his home with his mother here in the future.

Dr. Davis is still at Lincoln Hotel. See him for glasses for headache, poor vision. Eyes tested free. 42-1f

Mr. and Mrs. Stanwood T. Soule of Portland, Me., Mrs. Robert E. Herndon, Mrs. Earl L. Burdick and Mr. Jas. M. Stumon formed a congenial party motoring to Orlando Thursday. Mr. and Mrs. Soule will remain in Orlando until Monday.

It won't cost you a cent to phone your ORDERS FOR PIANO TUNING to Wade, the Tuner, Orlando, 41-8tp

J. C. Hutchinson, a former teacher at the Sanford schools has been discharged from the field artillery and is back in Sanford, where he has a position with the Sanford Truck Growers. Mr. Hutchinson was in France several months and has many interesting experiences to relate. He received his discharge on Feb. 17th.

Mr. B. J. Starling motored to Daytona Beach Sunday to bring his mother, Mrs. Mary E. Starling and his grandmother, Mrs. Eliza E. Jones of Summerville, who have been spending the winter at Daytona Beach, here for a visit. Mrs. Jones and Mrs. Starling will remain for the remainder of the winter.

Mr. B. J. Starling motored to Daytona Beach Sunday to bring his mother, Mrs. Mary E. Starling and his grandmother, Mrs. Eliza E. Jones of Summerville, who have been spending the winter at Daytona Beach, here for a visit. Mrs. Jones and Mrs. Starling will remain for the remainder of the winter.

Peerless Blow-out Boots, all sizes. Best to be had. Sanford Cycle Co. 44-2tc

Frank S. Daiger, Jr., has accepted a position with his uncle, D. L. Thresher and will be glad to answer his many friends call on him, there.

FOR SALE
1 Overland Roadster, wire wheels
1 Ford Touring Car
1 Ford Sedan
All in good condition and real bargains.
Seminole County Garage.

S. H. S. Notes
The school was presented with a beautiful pennant of the University of Florida by Clifford Walker as representative of the Seminole Club at Gainesville. Mr. Walker gave a short speech on the advantages of getting a higher education, especially at the University.

The Senators are working hard on their play and on the Salmagundi. All are waiting impatiently for the class rings which are expected daily.

Property Owners Take Notice
The law provides that "if taxes upon any real estate shall not be paid before the first day of April of any year, the tax collector shall advertise and sell."

This is to notify all concerned that the requirements of law will be complied with and the tax books will positively be closed on April First, provided by law and all lands on which taxes have not been paid will be advertised.

Jno. D. Jenkins,
Tax Collector, Seminole County.
Tax Collector, Seminole County.

First National is Prosperous
Everywhere in this issue will be found the statement of the First National Bank of this city. This financial institution now enjoys the distinction of being a "Million Dollar Bank," as the assets of the institution have exceeded that amount.

This is the first time in the history of Sanford that a bank has reached this coveted figure and the management are to be congratulated upon this new record.

Notice
By order of the board of directors notice is hereby given that the stockholders of the Geo. H. Fernald Hardware Company, a corporation, will at its office in Sanford, Seminole county, Florida, at ten o'clock a. m. on the 31st day of March, A. D. 1919, hold a special meeting for the transaction of important business affairs of said corporation.

This 14th day of March, A. D. 1919.
J. G. Ball,
Secretary of The Geo. H. Fernald Hardware Company.

W. F. Bartlett
Oakfield, Ga., May 10, 1917...
Old Kentucky Mfg. Co.,
Paducah, Ky.

Gentlemen:
Please allow me to state that I have sold your hog cholera remedy for one season and have ordered

more for this season. Last year I sold it to 12 or 15 men who raise hogs. I told each of them to take the remedy, feed it to their hogs and if they lost a single hog from disease of any kind not to pay me a cent for the remedy, but when they began to sell cotton every man came in and paid me for the medicine and every one of them told me that it was the best hog medicine they ever used. One man paid me for the small package and bought \$5 worth more and said it was the best that he had ever tried.

Yours very truly,
W. F. Bartlett.
Merchants Grocery Co.,
Sanford, Fla.
44-3tc

Carelessness Results in Failure
That is why we say "Feed B. A. Thomas." Hog Powder according to directions. DO NOT FEED IT SLOPPY, but mix it with ground feed and moisten with just enough water to make a crumbly mass. Then each hog gets a beneficial dose. See full directions on package. Your money back if you are not satisfied.
Merchants Grocery Co.,
Sanford, Fla.
44-3tc

Death of John L. Mooney
Word has been received by Mrs. Elizabeth M. Williams, who lives at Silver Lake, of the death of her son, John L. Mooney, who died in France of bronchial pneumonia on Feb. 23rd, 1919.

Young Mooney was well known here, having worked in the A. C. L. shops for several years as inspector. He left here in 1912, going to New Smyrna, Fla., and enlisted in the motor transport corps in June, 1918. He sailed for France during the same month as his enlistment and was in active service until a short time before his death.

The deceased was born in Belleview, Marion county, Fla., on Sept. 6th, 1892 and moved to Sanford with his parents in 1907. He was a member of the Masonic Lodge at New Smyrna and was well and favorably known.

Monkeying With the Time
As we understand it now, the clocks will have to be set forward another hour on March 30, which will mean that we will be getting up before day again and will eat our evening meal in the middle of the afternoon. Since we have been put in Eastern time it has pushed us to get up at a time when we could look the clock in the face unashamed, and now just as the sun is beginning to conform in a measure to our time we are to have the clocks jumped forward another hour. We do not know whether anything can be done about it, but we object to this constant attempt to make a monkey of old Father Time. If there is any way to reach the powers that be we hope an earnest protest will be made against the proposed robbery of another hour's sleep in the morning.—Lakeland Telegram.

The Meaning of Service
It is very tiresome for the autoist to wait in front of a garage and blow his horn till the boy comes to fill the gas tank or put oil in his motor.

It is still more tiresome for him to wait for the transmission and rear axle of his car to be filled with the proper lubricant by the old slow methods. That is why so many people neglect their cars. They buy a good car and let it wear out through lack of attention. They don't like to wait. How many sets of gears have gone to pieces because they were dry? How many storage batteries are today ruined because they don't get the proper amount of pure distilled water. There is practically no wear on a car that receives the proper attention.

A modern service station has just opened in this city, a place where you can get the proper attention without the usual delay; a man is kept at the curb at all times to serve the car owner, to fill his car with gas and oil, to fill the grease cups that are usually neglected, to put heavy grease in the transmission and rear axle with a modern grease pump—it only takes five minutes to do this. Pure distilled water that has never touched metal is on hand for storage batteries. This service is free. Charge is made only for materials used.

This service station is The Wight Tire Co., operated by Ralph and Hal Wight in the Seminole County Bank annex on Magnolia avenue. They keep a complete stock of the best make of tires and tubes and all the accessories for the auto, and a man at the curb to serve you.
44-1tp

"Daddy."
A teamster was heard addressing his hard working horse with "Daddy, Daddy" and to us it occurred that "Daddy" is a mighty good name for a work horse, most daddies being under the name all the time.—Chicago

WOMAN'S CLUB

The annual meeting of the Woman's Club was held March 5th in the club rooms on Oak avenue. At this time a resume of year's work was given. Reports were given namely, Literature, Music, Welfare and Social Departments, also treasurer and vice president. Considering extreme disadvantages under which the club labored last year the reports gave a creditable showing through the year. Social Department had to its credit the prettiest and best attended ball in history of club. This department also proved its ability in the war work line—Belgian Relief, etc. The Literature Department had exceptionally good program "Vital Questions of the Day." This was carried out well in all meetings. A paper given by Mrs. Arrington, "Woodrow Wilson," was deemed worthy enough to be chosen for the State Bureau of Information. The music department had for its year's work the community sing and specialized on chorus training. The Welfare Department had as its plan Civic Improvement and Child Welfare Work. Though work was done in all lines—results were not fully obtained—illness and Red Cross activities intervening but efforts were made that have formed a firm foundation for work to be accomplished in the next two months; hence the cornerstone, so to speak, was not put in vain. The treasurer's report was a good one and showed funds ample to have covered all expenses of the club and a goodly portion remaining for the Building Fund. The vice president's reports as well as finance chairman's gave long lines of figures as club's disbursements and showed that for which the Woman's Club truly stands—uplifting and betterment of everything along all lines—charitable, home improvement and Red Cross. The president's report, Mrs. J. W. Dickins was especially good and brought much deserved commendation. An article read from the Woman's Federated Magazine cited the true field of woman's work, what she is doing and what she will do in future years.

Following acceptance of annual reports the annual election of officers was held and resulted as follows:
President Mrs. J. W. Dickins
Vice President Mrs. W. E. Watson
2nd Vice Pres't, Mrs. E. M. Galoway
3rd Vice Pres't, Mrs. D. A. Kelly
Treasurer, Mrs. E. P. Morse
Cor. Sec'y, Mrs. E. A. Douglass
Cor. Sec'y, Mrs. R. C. Bower
Chm. Lit. Dept., Mrs. L. H. Phillips
Chm. Welfare Dept., Mrs. S. Puleston
Chm. Music Dept., Mrs. Schelle
Chm. Social Dept., Mrs. W. E. Morgan

The club has to its credit the procuring of a splendid Lyceum Course for the instructive war questions, which also deal on reconstruction. Two of these numbers have been enjoyed by the public. The last one promises to be of unusual interest inasmuch as Sergeant Monroe has his experiences to give of "Eighteen Months in German Prisons."

Victory Trees for Lake Front
The time, the place and the reason are all ours, and whether we have all given a boy or not, let's plant a tree as a living memorial to the victory over the Hun and the policy they stood for.

It is fitting that the heroism of living soldiers and sailors, as well as that of their comrades who made the supreme sacrifice should be recalled in future days.

Let growing trees signify the increasing blessings of Victory. And what can better express our gratitude to Our Boys from Seminole county, who went out for us in all the fullness of youth to fight that we might be safe. Let us all band together and plant our boulevard on the lake front, our Memorial Victory in trees and palms that draw their life from Mother Earth.

The Civic Department of the Woman's Club stands ready to assist the city officials in this work, and all that will please notify Mrs. W. E. Watson and tell her just what their wish is, and after a complete list is made she will order the trees and palms and in co-operation with council see that these are planted.

It is safe to feel that the trees or palms will rest in the neighborhood of \$2.50, possibly a little more, or a little less. We want to work at once, so get busy, and plant to honor your boy or some one else's boy.

In doing this there will grow into being a beautiful boulevard on our lake front, which is in all truth the front door to our city, so let's awaken all the pride of home and work together to accomplish what is right. Nature has blessed us wonderfully and it seems to be the only right step in the right direction.

Now, it may occur to some of our mothers that they would wish a name plate on the tree they give, to

make the tree a more accented memorial to the boy; that is well, and can be taken care of very easily. We are going to put a limit of time to the spring work, that it may be quicker accomplished, and a pretty spot well on the way when our boys get back, to show them our gratitude in a living form, therefore let us hear from everyone right away—this week—can't you?

Drop a card in the mail if you live out of town, call on the phone, or you can find Mrs. Watson at the Red Cross Home Service Section Rooms every Monday, Wednesday and Friday, Room No. 9, Garner & Woodruff Bldg., over Woodruff & Watson's store. From 9:30 to 12:30.

There will be a catalogue from a reliable nursery and we can attend to all wants right away. Please think these plans over, and be one of many who are already in line for this great memorial boulevard.

INDIA'S CALL

"Give Us Bread or We Die!"
No cry for help has so appealed to us as Armenia's. It was the moan of our brothers—our persecuted, bleeding, starving "brother beloved." The bitter heart breaking call for help from those who have worshipped, and who have suffered for our Savior and the World's Redeemer!

No wonder hearts responded and purses opened, and our silver and our gold were laid on humbly's altar for that noble, faithful, splendid band of Christian heroes!

But there is still another cry from far across the waters—India! India, 100,000,000 of her population is now being affected by the awful white specter of a ghastly famine.

The future looks much more gloomy than in the last great famine of 1909 when two-thirds of the population were swept away in one district.

The Christian East Indians are now living on grass seeds? Some of the people already look like skeletons. In one village alone fifty families have died and the children were found lying out in the streets crying themselves to death!

Shall we help them too? "Give and it shall be given unto you" may also be applied physically as well as spiritually, may we not believe?

One inspiring thought that comes to us as Christians is that the natives will realize that our religion is a practical and beneficent one, and many a poor benighted soul may thus be won to accept our high and holy ideals through the loving ministrations to the bodies of suffering humanity.

"Give us bread or we die!" is the call from that far away land. "Whoso hath this world's goods and seeth his brother have need and shutteth up his compassion from him, how dwelleth the love of God in him?"

Offerings can be sent through the Christian Herald, Bible House, New York City.

Put On The Left Shoe First

They all said it—Doughboy, Poilu, and Tommy—and clinging to that bit of trench superstition, they believed it brought good luck for the day—and longer life in the shell-racked stretch about them.

But in these fairer, happier days, when peace whirls the wheels of motordom again, we say,

"Put on the right shoe first."

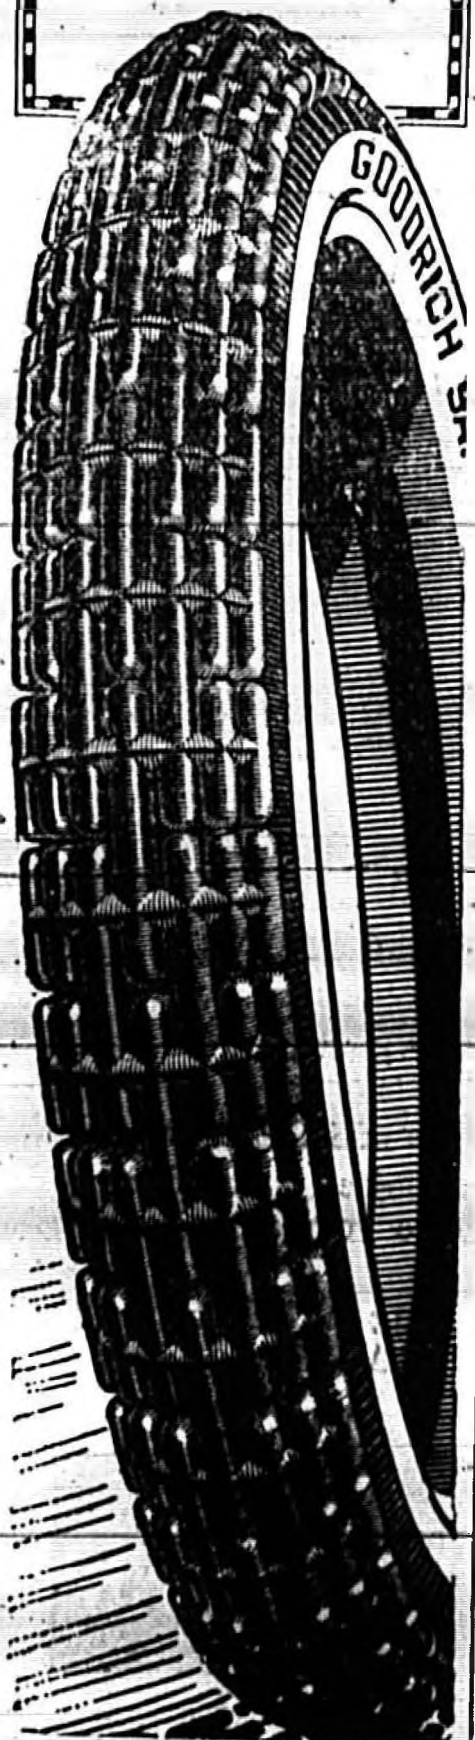

And, of course, the right shoe, is the Goodrich Shoe, because it means good luck day and night, and longer life in your tires.

But there's no superstition about it; only the big, husky body, and the wide, thick BLACK SAFETY TREAD, Goodrich builds into tires that—

BOARD OF COMMISSIONERS MEET

(Continued from Page 1)

Whereas, upon the filing of said petition and plat with said board of county commissioners the said board, by its order duly made, had same over until the next regular meeting of said board, to be held this 13th day of March, A. D. 1919, and did give notice by publication for three weeks in the Sanford Herald, a newspaper of general circulation published at Sanford, Seminole county, Florida, of the date when said board would consider said petition, and all persons who may be interested to appear and present any reason why such petition should not be granted, and

Whereas, it appears that said petition is in form as provided by law, and that the same is signed by the owners of the greater part of the lands through which such proposed ditch, drain or canal, as proposed shall run and the owners of the greater part of the lands contiguous thereto that would be benefited by such ditch, drain or canal and lateral ditches, drains or canals, and that all matters and things required by law to have been done have been fully and strictly complied with, and proof of publication having been duly filed with this board showing the publication of the notice hereinbefore referred to, all as required by law, and

Whereas, at the next regular meeting of said board after the presenting of said petition, and being the time mentioned in said notice by publication, the said petition has come up for consideration by said board, and no person or persons having appeared and presented any reason why said petition should not be granted, and the said board being of the opinion that said petition should be granted, and denied it proper to grant the same, and finding that it is for the benefit of said land for agricultural purposes and for the benefit of the lands herein-after described, which are found to be low, wet, submerged or liable to become submerged, to establish a public ditch, drain or canal and lateral ditches, drains or canals thereon, all as prayed in said petition.

Now, therefore, be it resolved by the board of county commissioners of Seminole county, Florida, and it is hereby ordered that said petition be and the same is hereby granted, and that such ditch, drain or canal and the lateral ditches, drains or canals be established.

It is further ordered that the land within the boundaries mentioned in said petition, and being as follows, to-wit: Commencing at the southeast corner of the northeast quarter of the southeast quarter of Section 19, Township 20 South, of Range 32 East, and run thence North one and three quarters (1 3/4) miles to the Northeast corner of Section 18, said township and range; then West one quarter (1/4) of a mile to the Northwest corner of the Northeast quarter of the Northeast quarter of said Section 18; thence North one quarter (1/4) of a mile to the Northeast corner of the Southwest quarter of the Southeast quarter of Section 7, said township and range; thence west one quarter (1/4) of a mile to the northwest corner of said southwest quarter of the southeast quarter of said Section 7; thence north approximately one mile to the Sanford and Geneva brick road; thence northwesterly along said brick road to the west line of Section 6, said township and range; thence south to

the northeast corner of the southeast quarter of the southeast quarter of Section 1, Township 20, south of Range 31 east; thence west on quarter of a mile to the northwest corner of said southeast quarter of the southeast quarter of said Section 1; thence south one quarter of a mile to the south line of said Section 1; thence west 5.60 chains to the meander line of Lake Jessup; thence southerly along said meander line to the intersection of said meander line with the north line of the northwest quarter of the southwest quarter of Section 19, Township 20 south, of Range 32 east; thence east to the center of said section 19; thence south one quarter of a mile to the southwest corner of the northeast quarter of southeast quarter of said Section 19; thence east one-half mile to the place of beginning, is hereby constituted a special drainage district of the county of Seminole and state of Florida, to be known and designated as the Jessup Drainage District.

And it further appearing to said board that J. H. Huddleston, H. H. Pattishall and C. F. Harrison are disinterested free holders and are citizens of the county of Seminole and state of Florida, it is further ordered that J. H. Huddleston, H. H. Pattishall and C. F. Harrison be and they are hereby appointed a committee who shall have power to employ a surveyor and cause an accurate survey to be made of the proposed ditch, drain or canal and lateral ditches, drains or canals, and establish the commencement, route and terminus of same, the width, length and depth thereof, and to make and present to this board at their next regular meeting or at a meeting as soon thereafter as practicable, plans, specifications and profiles for said construction, together with an estimate of the approximate cost of same and the annual cost of their maintenance, and to do and perform such other things, acts and services, and to have such other and further powers and rights required or set forth in Chapter 16, Title 9, First Division of the General Statutes of the state of Florida and all acts of the legislature of the state of Florida, amendatory and supplemental thereto.

It is further ordered that this resolution and order be spread in full upon the minutes of this meeting of this board.

Adopted, made and ordered this the 4th day of March, A. D. 1919. Attest: L. A. Brumley, Chairman.

E. A. Douglass, Clerk. By V. E. Douglass, D. C.

Table with 2 columns: Name and Amount. Includes Fine & Forfeiture Fund: Schelle Maires (\$ 50.00), David Speer (65.00), L. R. Phillips & Co. (2.15), Mobley's Drug Store (9.27), E. F. Housholder (11.00), Sanford Hand Laundry (2.64), R. C. Whitten (1.39), E. E. Brady (114.99), E. E. Brady (129.85), L. T. Hunt (2.91), E. A. Douglass (13.00), E. F. Housholder (31.32).

Total \$433.52

County Guard Fund: Geo. Fox, Agent \$20.00

Warrants paid during the month were ordered cancelled.

The above bills as audited by the clerk and presented to this board were ordered paid.

There being no further business board stands adjourned to meet again at their next regular meeting held April 8th, A. D. 1919.

EXCHANGE OF PROGRAM

Eustis Music Club to Render Program with Music Department

Music lovers and others of the city will be glad to know that the Music Department of the Sanford Woman's Club has arranged to exchange programs with the Eustis Music Club. The Eustis Club will take charge of the program here at the club rooms on Tuesday afternoon, March 18th, and will render an entertaining and instructive program. Many high talented artists are members of the Eustis Club and to say that this program will be a treat in music circles would be putting it mildly.

This day is to be "Open House" and everyone is invited. No charges to be made.

Teaching Canaries to Sing Tune.

Canaries may be taught to sing a tune, such as, "A Life on the Ocean Wave," by repeatedly singing to them a fable, or even to speak a few words. Once in a while (though rarely) a female canary turns out a line singer.

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission.

Washington.—(Special.)—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

To the American People: The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "...on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

BLANK'S CHILL TONIC. The Dependable Remedy during the Epidemic. CHILLS AND FEVER, MALARIA, COLDS, GRIPPE, INFLUENZA. 25 and 50 cts. No Cure-No Pay. Made in Jacksonville, Fla. by THE TROPICAL CO-OPERATIVE CO.

Trade acceptances, tariff, consular in-voices, documents, insurance, mail or-der, trade and other lines of interna-tional work hitherto left mostly to men. These classes are designed to meet after-war needs.

The American Red Cross work in France was initiated by a commission of eighteen men who landed on French shores June 13, 1917. Since then some 9,000 persons have been upon the rolls in France, of whom 7,000 were actively engaged when the armistice was signed.

The work in Italy has been almost entirely on behalf of the civilian popu-lation of that country. In the critical hours of Italy's struggle the American people, through their Red Cross, sent a practical message of sympathy and relief, for which the government and people of Italy have never ceased to express their gratitude.

Supplies and Personnel to Near East. The occasion for such concentra-tion of effort in Italy, England, Bel-gium and even in France having natu-rally and normally diminished, it has been possible to divert supplies and personnel in large measure to the aid of those people in the Near East who have hitherto been inaccessible to out-siders.

An extensive group of American workers has been dispatched to carry vitally needed supplies, and to work this winter in the various Balkan coun-tries. In order to co-ordinate their ac-tivities a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

A commission has just reached Pol-and with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Rus-sian prisoners still confined in German camps.

An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Rel-ief Commission, which was the only agency able to carry relief in the in-terior of Turkish dominions.

Red Cross Will Continue. "Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our ex-perience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast.

We know that so long as there is an Amer-ican army in the field the Red Cross will have a special function to perform. "Nothing could be of greater impor-tance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended ac-tivities in the interest of humanity. The conception involves not alone ef-forts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings through-out the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than ver-tual "Peace on earth good will to men," and practical in that it seeks to take means and measures which are actually available and make them ef-fective in meeting without delay the crises which is daily recurrent in the lives of all people.

For a accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sym-phony, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-opera-tion which will make its work a source of pride and inspiration to every Amer-ican."

Mr. Davison, as chairman of the In-ternational Commission of the Amer-ican Red Cross, has undertaken to re-present the American Red Cross in the preparation of the program for extend-ed Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross so-cieties for that purpose.

THE WAR COUNCIL OF THE AMER-ICAN RED CROSS. Henry P. Davison, Chairman.

WOMEN BEGIN Y. W. C. A. FOREIGN TRADE COURSES

Courses in New York City Prepare Girls for South Amer-ican Jobs.

Sending a sudden call to jobs for American women in South America, the New York City Y. W. C. A. has opened Foreign Trade courses, includ-ing classes in shipping, filing orders,

trade acceptances, tariff, consular in-voices, documents, insurance, mail or-der, trade and other lines of interna-tional work hitherto left mostly to men. These classes are designed to meet after-war needs. South America is receiving particu-lar attention as the Y. W. C. A. is in-formed of new jobs that are opening in the southern countries. Many girls in New York who combine a desire to see the world with a craving for finan-cial independence are registering with the expectation of going there to get positions when their courses in train-ing are completed.

MAJ. SIDNEY C. GRAVES

Maj. Sidney C. Graves, West Point, 1915, who has been decorated for bravery in France, is to go with his father, Maj. Gen. William S. Graves, commander of the American forces in Siberia.

***** DEMOCRACY VS. AUTOCRACY. "There is no royal road to food conservation. We can only accomplish this by the voluntary action of our whole people, each element in proportion to its needs. It is a matter of equality of burden." "The truth of this statement, made by the United States Food Administrator soon after we entered the war, has been borne out by the history of our ex-ports. Autocratic food control in the hands of our enemies has broken down, while democratic food sharing has maintained the health and strength of this coun-try and of the Allies.

**QUESTION—Who is it?
ANSWER—This is the boy the American Marines "caved-in" in "The Common Cause" at the Star Theatre Monday matinee and night.**

LETTERS FROM THE BOYS OVER THERE

Letter From Bob Holly
Dear Mr. Holly:
I am writing you a few lines today, as mail on boat before it lands, as I will be so busy in Liverpool Monday that I will not have time.
I had a wonderful trip and although first 3 days out of New York were stormy I was not sick and never lost a meal at table and they all consider me a fine sailor.
The weather is fine now and while we are nearing the Irish coast it is not so cold as you would imagine it.
I cannot begin to tell you about the trip over. I tried to write you each day but gave up as it would require a bundle to carry it by mail.
My typewriter is in the hold and I will not get it until we land at Liverpool but will try again when we reach Liverpool. This is one of the finest ships afloat and has now over 1200 people on board and coming back will have more than there are in Sanford. Every morning at 6 o'clock a steward calls me, I take a hot water bath in a wash tub, a bath room and then go back to sleep and get up at 8 for breakfast. I am feeling fine and except for thinking of you and the dear children would be all right.
We gave the captain of the ship a moving picture show last night just to let him see how it would work as he was afraid it would set the ship on fire. He enjoyed it very much. It is a wonderful vessel and I am in luck to get it, only I had an awful time with my goods as they were all loose in the hold. But after the first trip all things will adjust themselves. Just think of my being on-

the Irish coast Sunday, and in Liverpool and London perhaps next week. I cannot begin to tell you about my various adventures and will not attempt it until I get back to New York. This afternoon they have a big athletic contest on board and I will take part in it. Tonight they have a dance with one of my photographs for the music. Tomorrow (Sunday) the Chaplain and I will give a service of some kind.
I am with an army unit, consisting of a captain, chaplain, surgeon and sergeant. I am under government orders, having the same orders that they have. Sergeant Mack who was the boy that carried his colonel out of the Argonne forest when the "Lts. Battalion" was surrounded is with me. He is now on the transport service while he is recovering from five wounds. He is decorated for bravery and is a dandy boy, being an orderly now for the army doctor on board. His father is one of the big men of the Pennsylvania Ry. and they have plenty of money. Yet he is just a plain sergeant in the army and one of the heroes.
My next letter will be from Liverpool. Good-bye and God bless you and the children.
Lovingly,
R. J. H.

Letter From Clifford Proctor
Pleets, France, Feb. 16, 1919.
Dear Mr. Holly:
I wish to express my opinion through the columns of your paper as to the six months extra pay for the soldiers and the way we boys feel about the service stripe in foreign service.
When I came into the service, why I was making more in a week than I make in the army in a month and I am sure none of us are in the service for the money but because we feel it is our duty for our country.
We soldiers of the A. E. F. have slept in cow barns and stables and have seen the nights that we would have been glad to have had a cow barn to sleep in for I have slept on the battlefields at night and woke up in the morning with snow on our blankets and I am sure the soldiers of the A. E. F. will deserve all the pay they get.
We have done all these things with a smile because we felt that it was our duty. I have talked with several hundred boys of the A. E. F. in regard to our service stripe for foreign service and they will certainly be disappointed if they are taken away from them. We were all so glad to see the day come that we could wear them and will be disappointed if we have to take them off before we return to the States.
We have gone days at the time with very little to eat because it was a hard matter to get provisions to us on the front and had very little water to drink, much less wash. But we have done all these things with a smile because we knew it was our duty and we feel as though we deserve all the pay we get and that it will be wrong to take our service stripes. The boys in the States have had the chance to wear them for foreign service and I do not see why they should be opposed to us wearing them or feel that we do not deserve them.
We hiked 170 miles in eleven days with a pack on our backs, and if any one wants to know what a pack is, why it is our clothes and supplies and it weighs about seventy pounds and get after all this and hundreds of other experiences we are not entitled to any extra pay or even a service stripe for foreign service.
We boys are anxious to get home and enjoy the pleasures of life again but we are waiting patiently for the time to come.
With best wishes to all Sanford Seminole county friends and tell them I hope to see them in the Land of Sunshine and Flowers in a few months.
1st Class Pvt. Clifford F. Proctor

U. S. Army, A. E. F. France.

The Menace of Weeds
Weeds take great quantities of moisture and fertility away from cultivated crops unless they are kept in subjection. Weeds are usually much harder than cultivated plants. That is why weeds should be kept out of the fields and gardens otherwise they smother and overgrow their more tender and useful neighbors, says the State Marketing Bureau.
It is estimated that there are some 800 kinds of weeds in the United States to give trouble to farmers and gardeners. Fully 400 may be called common weeds, and about 200 range from merely troublesome nuisances to dangerous pests. Strange to say, most of the worst weed pests, like insect and plant diseases, in the United States have come from Europe and Asia. Among weeds it is sufficient to mention Canadian thistle, Russian thistle, field bindweed, Johnson grass, quack grass, foxtail, cheat, buckhorn, most of the wild mustards, the cockles, mullein, burdock, pigweed, lamb's quarters and wild carrots. These and scores of other weeds have come into the United States in seed shipments or in ballast, and have made their way steadily inland.
Between weeds and insect pests and plant diseases, not to speak of marketing problems, after he gets his crops, the farmer has his trouble and is entitled to consideration in his struggle to supply the world with foodstuffs. With the menace of new pests and the injury inflicted by the established ones, great endeavor will be necessary in the near future to overcome them, or else there will be distress or famine. Birds in the past had much to do with keeping down insect pests and in eating weed seeds, but birds have ruthlessly been slaughtered and many kinds have become extinct. This has unbalanced the natural order and hodes ill to farging interests unless extreme preventative measures are not put into force. We know what the boll weevil has done to the cotton plant, and of the depredations of other insects, some kinds of which multiply in astonishing numbers in a single season.

invited to send its pastor, superintendent, and at least three other delegates. No formal appointment or election is necessary. Just go.
Catholic Church
Cor Oak and 8th street.
Sunday, the second Sunday in Lent:
