Truman Asks For Soft Coal Strike Report

Saturday Is Deadline For Report On Coal Fact-Finding Probe: Lewis Wants Aired

WASHINGTON, Feb. 17—(AP)—President Truman today asked his fact-finding board in the coal dispute to give him a preliminary report tomorrow.

The White House announced the President's move amid news that the government was putting on heavy pressure to get the dispute wound up this week end.

David Cole, the chairman of Mr. Truman's board, told reporters that government mediators were "shooting for a settlement by Monday."

Cole also suggested that it might be difficult for the court to refrain from contempt action against the miners if their strike continues beyond this week.

The 370,000 coal diggers have defied all this week a federal court's order for them to go back to work.

Eben Ayres, assistant Presidential secretary, said the inquiry board was instructed to appear in 10 A. M. to give the President an up-to-date progress report.

Cyrus C. King, chief of the Federal Mining Service, was asked to sit in on the White House conference along with John B. Riedman, the assistant to the President.

Cole said Monday is the target for a return to work as John L. Lewis and mine operators began their third successive day of talks. Hopes were high, however, of a seven-three-hour meeting held last night.

At this session, wages and other contract terms were reported to have been discussed more realistically than at any time in the past eight months of the coal contract dispute.

Cole named each side to reduce their representations to not more than four persons. They have been asked to appear for each side.

Before any proposals John L. Lewis is reported to have made for a new coal mining contract.

(There are insufficient estimates available to estimate the coal output.)

Donkey River, Y. T. Feb. 17

ANCHORAGE, Alaska, Feb. 17—(AP)—A 15-ton donkey river boat capsized today in the Donkey River, Alaska.

The boat was carrying a load of supplies and was en route to a remote area.

The crew of five men were rescued and are in good health.

Baby Spies Hunt

BALTIMORE, Feb. 17—(AP)—A 15-year-old boy and his 12-year-old sister were being sought by police today in connection with the search for a baby who was reported to have been kidnapped in Baltimore.

The boy and girl were last seen in the city on Monday.

Grim Story Of Stunt That Failed

The near-fatal plunge of stunt man Robert Niles is dramatically shown in the above sequence of pictures made as the daredevil leaped 100 feet from the famed "antide bridge" in Pasadena, Calif. Niles (top, left), hangs from rope. The stunt man (center) holds on to ropes as "chute drops" beneath him. Using his feet (right), Niles tries to open it. Wrapped in white shroud of his fouled chute, the stunt man lies on the ground at foot of bridge, his legs broken and skull fractured. (International)

New York Giants Spent \$400,000 In Sanford In 4 Winter Months

Nearly \$400,000 has been spent by the New York Giants during a four month period in operating their training camp at the Municipal Airport and in the operation of the Mayfair Inn, Edward Higgins, manager of the Seminole County Chamber of Commerce, announced today.

In our enthusiasm to contact and develop new businesses and industries for Sanford, we very often overlook the very substantial projects that we already have in our community that should be given every possible encouragement and cooperation.

One case that I have in mind is the New York Giants hotel and training project. Mr. Higgins continued, "In getting up information on this from an authoritative source, I secured the following figures, which should be of interest to every citizen of Sanford."

Total	\$393,000.00
New York Giants employ 170 people, 65 percent of whom are residents of Sanford, with a payroll as follows:	
Hotel Payroll per Month	\$11,000.00
Camp Payroll Jan. 1 to May 1	\$8,000.00
Total	\$19,000.00

"I find that the average of 1,000 new persons per month are brought into Sanford through the hotel and camp. This is from the opening to the closing date of the hotel and camp. According to the State Chamber of Commerce statistics, each visitor in our state makes an expenditure of at least \$10.00 per day. This would total \$300,000 per month for a five month period.

"The New York Giants advertise in all metropolitan New York papers; also in Philadelphia, Chicago, Pittsburgh and Boston, and many magazines throughout the country. The newspaper advertising alone for the months of November and December was \$21,000.00. Sanford was mentioned in all these ads. The national airlines carry advertisements of the Mayfair Inn and Sanford through all their offices in the leading cities of the country. The bill board advertising on the highways leading to Sanford cost \$2,000.00 per year.

"The New York Giants have a 16 minute radio program as a cost of \$250.00 per day through stations WFLA in New York and 50 other associated stations. The Mayfair Inn and Sanford are mentioned in this program for five minutes every day.

"We are also interested that the farm household plan, which number 18 million in 18 metropolitan states, carry the name of Sanford and the Mayfair Inn in their plan.

"When the New York Giants come to Sanford, they bring with them a large number of people. A new city is being built in Sanford. The Sanford Hotel and Camp are being built. A new city is being built in Sanford. The Sanford Hotel and Camp are being built.

Judy Coplon To Change Lawyers In Red Spy Trial

PIERCE, FENNER & SMITH, New York, Feb. 17—(AP)—Attorney Archibald Palmer practically admitted today that Judith Coplon has dismissed him as her lawyer in the Coplon-Gulabiev spy conspiracy trial.

"A woman has a right to change her mind," Palmer told reporters.

Reports that "Miss Coplon is changing attorneys have been current since Federal Judge Sylvester J. Ryan adjourned the trial yesterday with the cryptic announcement that "a situation has arisen."

Palmer declined today to give details on these reports.

Railroads Lack Cars For Florida Citrus

NEW SMYRNA BEACH, Feb. 17—(AP)—Not enough refrigerated railroad cars are available to take Florida's citrus and vegetable to market, the superintendent of the Florida East Coast railroad said last night.

P. L. Gaddis revealed that the shortage was to show up today and could become acute next week.

Trucks, which normally could take up some of the slack, are busy hauling citrus from the new strike off Key West, Gaddis said.

Although most Florida railroads burn oil, many cars are tied up in coal burning railroads by the coal strike, Gaddis said.

Low Water To Stop Turtle Creek

LOW WATER TO STOP TURTLE CREEK, Feb. 17—(AP)—Low water in the All-American canal will stop the flow of water to the National Agricultural Experiment Station in Sanford, Fla., today.

The water level in the canal is so low that it will not be able to carry the water to the station.

The station is a major agricultural research facility in Sanford.

Sub-Freezing Weather Due By Week-End Federalists Urge Congress To Back Plan

Low Of 31 Degrees In Forecast For San- ford-Orlando Area; Alabama Hit Hard

LAKELAND, Feb. 17—(AP)—Sub-freezing temperatures and frost as far south as the Everglades are forecast for Florida early tomorrow.

The morning temperature bulletin of the Federal State Warning Service said:

Forecast for peninsula Florida tonight and Saturday morning: Clear and continued cold. Light northerly winds with long intervals of calm. Temperatures in high spots will be about even degrees warmer than temperatures in low ground locations. Frost is expected where forecast temperatures are 30 degrees and lower.

Lowest temperatures in the cold locations occurring about 7 A. M. Saturday morning.

Orlando District—Fruitland Park, 28; Hooey, 29; Forest City, 28; Plymouth, Casselberry, Fern Park, Oviedo, 29; Conway, Umatilla, D. Phillips, 30; Kissimmee, Sanford, Winter Garden, 32.

Tender Florida truck crops were hurt by today's chill and frost. Meteorologist Warren D. Johnson of the Federal State Warning Service said it was too early to give a clear picture on what happened, but the damage ranges from spotty in area to extensive in others.

Several areas were covered with frost. The coldest area was around Gainesville which had ground temperatures generally from 28 to 31. There was a heavy frost.

Preliminary damage reports indicate the early bloom on citrus all trees in the Gainesville district were hurt. Tender crops were damaged.

In the Plant City area a peach orchard frost covered wide plantings. In one spot southeast of Plant City, the apple crop was practically wiped out. Beans, squash and tomatoes were hurt. Corn was about 50 percent damaged.

The high Everglades area apparently escaped with little harm, but north of there in the Lake Okechobee region the cold and frosts killed many tender vegetables.

Johnson said the outlook for tomorrow doesn't look too bright. Temperatures are going lower. He explained "some crops probably will get by and others will possibly get it."

The outlook is good for citrus and leafy vegetables such as cabbage and lettuce but is harmful for other truck.

Here is a picture of today's damage, based on preliminary estimates given by Johnson:

Aracadia had a 31 and Wauson 32. Both spots had heavy frost. If the low temperatures were general in the area citrus trees, only watermelons and peppers were certain to be hurt.

Hartwe—30-41 temperatures.

Washington Bank Is Robbed Of \$3,000

WASHINGTON, Feb. 17—(AP)—Three men held up an out-of-town branch of the Hamilton National Bank today and escaped with about \$3,000.

W. T. Waller, president of the bank, and one man remained in the bank outside, another stood guard at the door and a third tended up the lunch counter. H. B. Backman, and two others. Nobody was hurt.

Bank officials were unable to say how many customers were inside at the time.

Waller said bank auditors had been sent to the branch, on the District of Columbia-Maryland boundary, to determine the exact amount of the loot.

Seminole Exhibit At Orlando Fair To Feature Citrus, Celery, Flowers

Special displays of citrus, celery, flowers, and manufactured products will be featured in the Seminole County exhibit at the Central Florida Exhibition opening Monday at Orlando.

A new booth and new equipment has been secured and set up said Lea R. Leher, director of the exhibit, which is sponsored by the Seminole County Chamber of Commerce, Seminole County Fair Bureau and County Agent C. R. Dawson.

Much valuable assistance is being given by Veterans' On-The-Farm trainers, headed by John Pierson, in setting up agricultural exhibits which are due to be completed Sunday. The men of this group will provide evenings at the booth.

During the daytime, women from various Home Demonstration Clubs will provide. This morning, Miss Lila Woodard, county home demonstration agent, conferred with representatives of these clubs, who brought many exhibits of handmade, named products, etc., and who will place the products on display of the booth Sunday in preparation for the opening.

The Belgian Gardens of Casselberry will furnish a beautiful exhibit of produce. The Florida Honey of Orlando will show jars of honey. From local products will be shown by the Central Florida Quick Process and Storage Co. Celery pressed in Pilefilm will be exhibited by Leo Easton, from the plant of the new celery processing machine invented by C. J. Brown. A new celery can will be exhibited by the Sanford Farm of Geneva.

Manufactured products on display will include:

Power Company Clarifies Words In New Franchise

Says Kickback To B Based On Gross Re- venues Before Cost

The Florida Power & Light Co. advised the City Commission that the 6 percent payments to the City under the proposed new franchise will be calculated on its "gross revenues" before the deduction of expenses. City Manager Clifford M. Kibbin announced this morning.

The company further states, he said that it would be glad to make further clarification that may be desirable prior to the adoption of the franchise and pointed out that any ads or letters to the Editor in the Herald office by Saturday noon.

The books and records of the company are always open to the City for inspection.

The letter to the Commission received by Mr. Kibbin is as follows:

"February 16, 1950
The Honorable City Commission
Sanford, Florida
Gentlemen:

"In view of the unusual question that has been raised with respect to the 'kickback' under Section 6 of the proposed Sanford Electric Franchise, I am replying to you as follows:

"The 'kickback' referred to in the franchise agreement is a percentage of the gross revenues of the company before the deduction of expenses. This is the same as the 'kickback' referred to in the franchise agreement between the Florida Power and Light Company and the City of Melbourne in 1949.

Melbourne Gets "Kickback" Check From F. P. & L. Co.

MELBOURNE, Fla., Feb. 17—(AP)—The Florida Power and Light Company in Melbourne, this afternoon presented the city with a check for \$5,000, in excess of \$5,000 to the City of Melbourne in accordance with its agreement made a year ago whereby the City of Melbourne would receive 5 percent of the company's revenue in exchange for a franchise in the city.

This franchise agreement was accepted by the city at its regular meeting on Feb. 7, 1949.

Money to be received will be given to the civic improvement board for the expansion and extensive development of such projects as the harbor, Wells Park Field and the Central vocational high school athletic field.

The agreement between the Florida Power and Light Company and the City of Melbourne stated that the power company would add to the city \$5,000 each year on the strength of the franchise agreement.

Purley Tucker, prominent Melbourne business man and mayor of Melbourne at the time of the franchise agreement, stated today that every commitment made by the Florida Power and Light Company has been fulfilled and that every project planned by the civic improvement board had been carried out in completion.

Mr. Heston and City Manager Charles E. Heston will meet with the Civic Improvement Board this afternoon when appropriate ceremonies are planned.

West To Fight Williams

WEST TO FIGHT WILLIAMS, NEW YORK, Feb. 17—(AP)—South Bay West, last-minute replacement for the sick Bernard Decker, will fight lightweight champion Ike Williams tonight in a non-title 10 rounder.

The Washington Negro has lost only four of 42 fights.

Cigarette Tax

CIGARETTE TAX
Sanford's share of the cigarette taxes collected during December by the State was \$2,680, according to the official report by Comptroller Gay.

Oviedo derived \$715 from the tax; Longwood, \$478; Altamonte Springs, \$179 and Casselberry, \$180.

The State total collections during December was \$1,468,750. Of this, \$360,062 will go to the State for tuberculosis control; the remainder, \$1,108,688, will be distributed to eligible incorporated municipalities.

Hotel Improvements

HOTEL IMPROVEMENTS
Work has been completed on the installation of a new fire escape for the Florida Hotel at a cost of \$1,000, C. P. Leitner, manager, reported today. Work of repainting and improvement of the lobby of the hotel will be started soon, he stated.

U.S. Blasts Hungary For Voegler Trial

State Department Charges Reds With Railroading Ameri- can Businessman

WASHINGTON, Feb. 17—(AP)—The State Department charged today that the Communist Hungarian government decided in advance of the trial to convict Robert Voegler of spying and sabotage.

The department said that 10 days before the trial opened in Budapest, the Hungarian deputy prime minister Matyas Rakosi "asserted the guilt of Mr. Voegler" in a public speech.

A formal statement by the department also raised the question of whether Voegler, an American communications company representative, has been "subject to coercion by intimidation, lack of food, drugging, or other forms of mistreatment" since his arrest last November.

The Hungarian government has said that Voegler "confessed" to spying.

Of Voegler's reported "confession," the State Department said the validity of such confessions should be judged in connection with the circumstances under which they are obtained.

Michael J. McDermott, State Department press officer, told reporters the department has no information whether Voegler has been supplied with a defense counsel, and if so whether the counsel is qualified.

Meanwhile in Budapest, Edgar Handers, British assistant to American businessman Robert A. Voegler, Jr., pleaded guilty today to charges of sabotage and espionage.

Handers was arraigned this morning with Voegler, 38-year-old assistant vice-president of the national telephone & telegraph company, and five Hungarians. Hungarian treatment of Voegler has brought strained relations between the United States and Hungary.

The indictment against Voegler, read in court today, charged he had been a spy in 1940-1941. (Time Magazine Hungarian edition continued on Page Three)

War Veteran Held For Brutal Murder Of Own Mother

ROANOKE, Va., Feb. 17—(AP) Blood on the side led to the arrest of a war veteran in the slaying of his 60-year-old mother, detective captain Frank H. Webb said today.

Clarence Decker, 21, was charged with murder yesterday. He was arrested in the apartment of his mother, Mrs. Nettie Decker, who was found on the kitchen floor of her apartment, Webb said.

The body was lying in a pool of blood. Webb said the woman appeared to have been stamped on and had been brutally beaten and stabbed.

Police began questioning Decker today. No motive for the slaying had been ascertained.

Norman Decker, 16, another son of Mrs. Decker, was treated at a hospital for multiple cuts on his hand. He was reported to have leaped through a window of the Decker home to escape being attacked.

Patrolmen R. I. Moore and C. M. Porter said they found Clarence in the lavatory of the apartment. They said his hands had blood on them, as well as his forehead, clothing and shoes.

TODAY'S BIBLE VERSE

It does not cost anything. God's gifts are wholesome and life-giving. We need constant refreshment. Go where you will be refreshed and strengthened.

According to the Times-Union of Feb. 16, George Barr's Uniqur School Will Return to Orlando. Now, don't anybody ever tell us that the Times-Union doesn't make mistakes.

The Senate Agriculture Committee has voted to abolish government price support for potatoes... unless the growers agree to accept strict marketing controls.

Lutron Corp., a crackpot organization for building prefabricated houses, which looked the RFC for \$37,500,000, is heading for receivership, and, according to one RFC official, the government stands to lose \$30,000,000.

Now that China is under the domination of Russia, we wonder how long Japan could maintain its independence once U. S. troops are brought home. And what would we do, if China, goaded on by Russia, should attack Japan, our old enemy?

Since 1932 the cost of electricity in Sanford has gone down—down, not up—52 percent. There may be other commodities which have gone down in price, but we can't think of any. Most of them have gone up, 50 percent, 100 percent, 200 percent. Taxes have gone up 1,000 percent. Let's not sell anything that which is helping to keep the cost of living down.

It is important to remember that in next week's referendum, the people do not have to work out the legal details of selling a new franchise with the Florida Power & Light Co. All they are expected to do is to say whether they are willing to give a 30-year franchise to the Florida Power & Light Co. in return for 6 percent of their gross revenues.

The nationwide struggle for Florida gambling concessions between a notorious crime syndicate from New York and an equally notorious Chicago outfit has finally broken into the open with the sensational break between Governor Warren and his chief investigator, C. V. Griffin, in a row over who was to control the situation in this state.

Just to show the extent to which our Welfare State goes in trying to get rid of the taxpayer's money, we quote from a story on our AP wire yesterday which we did not have room to use. Last Spring the Indian Bureau made available to the Navaho tribe \$100,000 to loan for the purchase of some head milk goats.

Open For Discussion

Some encouragement for the international scene is to be found in the fact that an official State Department spokesman has said that the United States is ready at any time to resume atomic energy talks with Russia, in United Nations conference rooms.

There is no suggestion, however, that we are ready to have any new ideas of our own, and that is regrettable. Apparently there is a general belief that American scientists have sufficient ingenuity to invent a hydrogen bomb.

It is true that we have devised and proposed what Americans believe to be a sound and workable plan for control of atomic weapons, the Baruch plan. But it is questionable whether we can afford to stand pat indefinitely on that plan, waiting for Russia to come and embrace it.

Hawaii Question

Proponents of statehood for the Territory of Hawaii believe that they have an added argument for their cause in the "surprisingly good" turnout of voters in a recent election to choose delegates to a constitutional convention.

The real question probably is whether the United States is ready for the statehood of Hawaii and Alaska. The notion has been strong that the geographical structure of the nation was finished with the admission of the last state within the continental limits, Arizona in 1912.

Return Of The Gestapo

It was not surprising news that the puppet government of East Germany has in effect revived the Gestapo, the dreaded secret police of Hitler's day. The new secret police will be patterned after the Russian secret police, and will serve Soviet purposes.

These two actions can be added to numerous others which indicate that Russia is deliberately permitting the old Nazi group to return to power in East Germany, under strict Russian control, and to set up again its brutal, totalitarian organization.

Giants Spending

Continued from page one: first came to Sanford they spent over \$100,000.00 to build base ball fields and equip living quarters in the barracks for the use of their ball players.

In the purchase of the Mayfair Inn and the renovations at the training camp, combined, the New York Giants have a permanent investment of well over \$500,000.00 in Sanford and the expenditure for supplies for the camp and the hotel amount to \$40,000.00 for the five-month period.

This large enterprise deserves every possible cooperation and assistance from the people of Sanford and any privileges or favors extended to them is not a donation but an investment to develop good will and to keep this tremendous project satisfied and happy in their present location.

Sanford Forum

Mr. Roland Dean Editor The Sanford Herald, Sanford, Florida Dear Mr. Dean:

Having read with interest the various letters in your Public Forum relating to the franchise election to be held next Tuesday, I would like to bring out a few points.

First, the result of your vote Tuesday will not necessarily bind the City Commission. It will act as a guide for future negotiations between the Commission and the Florida Power and Light Company.

Second, the question of the legality of such a franchise need not be considered because similar franchises have been granted and are in effect in many cities in Florida.

Third, the proposed franchise does not create a monopoly. It creates therein that the grant is a "non-exclusive right". It does not prohibit the City from granting to an individual or corporation a similar franchise.

Fourth, the City Commission will retain the right to regulate the rates of the utility company which is to be established. Under the franchise the rates of change to be made by a private utility company shall be regulated by the legislative body of the municipality, which is the City Commission of Sanford in this case.

Fifth, the proposed franchise in no way controls or limits valuations, assessments or millages to be levied against the Florida Power & Light Company property in the City. It puts no ceiling on future taxes.

Sixth, as the election is principally for the benefit and guidance of the City Commission and if a majority of the qualified voters in the City approve the adoption of a new franchise ordinance, the Commission can easily clarify and define the word "eventual" in the ordinance and ordinance by requiring if necessary the inclusion of the word "gross" before adopting the franchise.

Seventh, the City Commission should have the right to inspect the records of the Florida Power & Light Company to verify its residential and commercial revenues, with the City each year. This check is already given the City in connection with the present utility tax.

The proposed franchise seems to me to be beneficial to the City and the community. The City will obtain additional income for public use. The franchise will lead stability to the Company's operations, resulting in care for the plant and new capital for expansion at a low rate of interest which will result in lower rates to the consumer.

Franchise, especially a non-exclusive one of this nature, is getting more or less than the right and privilege for a company to do business in a City. All of our merchants and business corporations enjoy this privilege. I can, therefore, see no sound reason for not entering into such a contractual relationship with a public utility company especially

when it will produce much needed additional revenue and reserve by law in the City the regulation of rates and charges to be made for electric power.

Hungarian-Born Lecturer Slated For Dinner Club

Imre Kovacs, the brilliant Hungarian-born American lecturer and student of European and American social problems, who has accepted the invitation of the Sanford Dinner Club to be its guest speaker on Feb. 22 at 7:00 P. M. will present one of the most challenging, thought-provoking addresses which has been given on the American platform in a long while.

Mr. Kovacs was born of a Hungarian father and a German mother in Pancsova, on the Danube, and received his formal education in Hungarian, German, Serbian, Rumanian and American institutions of learning.

In addition to English, which he speaks fluently, Mr. Kovacs is also conversant with other European languages, an accomplishment which has enabled him to investigate at first hand and from original sources, the various problems which he has been studying.

His enthusiasm for all things American and his devotion to the land of his adoption offers convincing proof of Louis Adamic's statement: "Some people are born in America; others, no matter where they were born, were born American."

Mr. Kovacs has addressed over a million people during the past few years. Everywhere his remarks have been received with general acclaim, for in addition to being a keen student of social conditions and problems, he has

been a student of social conditions and problems, he has

Red Strike Against U. S. Arms Aid To Europe, Fizzles

PARIS, Feb. 17. — (AP) — Nationwide railroad and coal strikes ordered by Communist unions in protest against unloading of American arms in France were said by a government official today to have been "defeated."

Officials at headquarters of the nationalized rail system which employs about 480,000 workers said the two-hour Communist-led demonstration strike had fizzled.

A 24-hour strike call in the northern coal fields also appeared to be ignored by miners usually responsive to Communist demonstration orders.

Interior ministry sources reported that the attempted rail strike against unloading of arms under the Atlantic Pact was less than five per cent effective.

At scattered spots strikers tried to halt trains by passing on the tracks, or forming picket lines, but police dispersed them with no trouble.

Government sources said that in the northern coal fields of the Pittsburgh area of France — work was normal among surface employees, and 65 per cent of the pit workers were on the job.

In Italy dock workers in three more Italian cities have voted to unload American arms coming to Italy under the military aid program, press dispatches said today.

The Communists and their supporters are urging the workers to refuse to handle the military equipment.

The reports said dockers at the Sicilian ports of Palermo and Milazzo voted "by a large majority" to unload arms-laden ships. At Manfredonia, southern Adriatic seaport, workers voted unanimously to unload all ships, the dispatches said.

Previously dockers at four other Italian ports including Naples agreed to unload the arms. A special delegation of Naples dock workers came to Rome and notified the ministry of merchant marine of their action. They were quoted as telling the officials the dock workers were convinced of the necessity of the defense of Italy against possible aggression.

A fine voice, a pleasing platform manner, and knows how to "put a lecture over" in a manner which never fails to win approval.

Mrs. Brinson To Lead County Federation

Mrs. W. H. Brinson of Sanford was re-elected as president of the Seminole County Federation of Women's Clubs at a meeting of the group held on Wednesday at 10:00 A. M. at the Library in Longwood. Mrs. Brinson is representative of the local Women's Club on the Federation.

Other officers elected were Mrs. Joel Field, first vice president; Mrs. J. H. Brinson, second vice president; Mrs. J. H. Brinson, recording secretary; Mrs. J. H. Brinson, corresponding secretary; Mrs. J. H. Brinson, treasurer; Mrs. J. H. Brinson, business and Professional Women's Club; Mrs. George Bridge, auditor; Mrs. Longwood Civic League; Mrs. J. H. Brinson, chairman of the nominating committee and assisting her Mrs. C. M. Flowers.

Patriotic colors of red and white were used and included lively arrangements of red bougainvillea, calla lilies and red anemones. Mrs. Brinson conducted the meeting.

Roll call was answered by the count of the various clubs present: Sanford Women's Club, eight; Longwood Civic League, 10; Seminole County Club, six; Sanford Garden Club, six; Home Demonstration Club, eight; Altamont Women's Club, four; Business and Professional Women's Club, one.

Activities of the various clubs were described by Mrs. E. B. Clement, representing the Sanford Women's Club; Mrs. George Bridge, Longwood Civic League; Mrs. C. M. Flowers, County Council Home Demonstration Club; and Mrs. Joe Corley, Business and Professional Women's Club.

Mrs. George Otto, 4-H leader of Longwood stated that a picture "Challenge to Lassie" will be shown at the Grand Lake Theatre Mar. 1, 2, 3, 4, sponsored by the 4-H Club to raise funds for sending girls to the 4-H short course and 4-H camp this summer.

Mrs. George Bridge, program chairman, presented Mary Burke Lowry of Winter Park who read her own composition "Romance of a Rose." At the conclusion of Mrs. Lowry's talk a luncheon was served by the Longwood members.

Garden Club Hears Lloyd Hoover Galtieri; Mrs. Seth Woodruff Elected President

Lloyd Hoover Galtieri, landscape architect of Orlando, spoke on city planning to members of the Sanford Garden Club at the annual luncheon yesterday at the Mayfair Inn where Mrs. Seth Woodruff was elected as the club's new president.

Beautiful decorations, which included the work of the club, included unusually lovely arrangements of azaleas, snapdragons, roses, statice, geraniums, hanging blossoms and many other seasonal flowers which were arranged with ivy and other greenery. Large arrangements of bamboo branches of which were studied with great interest by the club members.

At each place at the speaker's table was a hibiscus corsage and novel basket holding dainties. Place cards were embossed with the club flowers, the scrub hibiscus.

Mr. Galtieri pointed out that city planning takes in not only city beautification but also the elimination of slums and the recognition of what makes a city grow. The society should take stock of its streets and school grounds and realize that these also enter into the planning of a community. Mr. Galtieri said.

A majority of the visitors are elderly, he said, and this should be taken into consideration when planning city facilities. Parks and clouds should be carefully located and a considerable part of the results. He added that every community should employ a professional city planner.

Mr. Galtieri pointed to Florida's great area of unoccupied land and said that since the war, with the invention of the atom and hydrogen bombs, great numbers of persons from New England and other industrial areas are flocking to Florida. "With the new world created since the war," Mr. Galtieri stated, "we must have open-minded, new ideas, vision, boldness, new concepts and build new, where we are building old."

Members of the club followed the luncheon and then elected a new president, Mrs. Seth Woodruff, vice president, Mrs. L. E. Spencer, recording secretary, and Mrs. Zeb Ratliff.

Election of delegates to the annual state convention to be held Apr. 17-19 in West Palm Beach took place with Mrs. Charles Galtieri, outgoing president, and Mrs. Woodruff being elected to attend. Alternates are Mrs. H. H. McCallin and Mrs. H. C. Helzel.

The formation of a group of club representatives to take a picnic to the city of Jacksonville, representing the City Association, A. P. Ransom, Ransom Club, B. H. Chad, City Park, Antonio MacNoll, Louis Club, Volie Williams, E. B. Stone, Rotary Club, Jack Watson, Chamber of Commerce, Mrs. George Harden, Phil Club and Mrs. Ralph Austin Smith, Woman's Club. Mrs. A. W. Eppel introduced the representatives.

Best president, introduced by Mrs. Galtieri, who presided over the meeting, were Mrs. Enda Curlett, Mrs. Epps and Mrs. H. M. Papworth. Mrs. E. G. Yonson of Jacksonville is a honorary member of the local club, was also introduced. Mrs. Galtieri expressed regret that the club mother, Mrs. Henry Wright, was unable to be present. The meeting was opened with two solos by Mrs. George McCall and a devotional by Mrs. H. L. Zimmerman. Mrs. Woodruff introduced the speaker.

Mrs. Curlett told of plans for the annual flower show to be held Mar. 8-9 at the Tourist Center. Mrs. P. M. Gingles served as general chairman for the luncheon and assisting her were Mrs. H. H. Coleman, favors and place cards; Mrs. J. D. Woodruff assisted by Mrs. Charles Lawson, Mrs. Coleman, Mrs. E. Barker, Mrs. E. C. Russell, Mrs. H. B. Crumley, Mrs. Edward F. Lane, Mrs. W. A. Morrison and Mrs. Irving Feinberg; Mrs. Rose Circle, decorations; Mrs. Seth Woodruff and the Hibiscus Circle, corsages; Mrs. Myron Smith assisted by Mrs. Harden, Mrs. Irving Feinberg, Mrs. C. W. Baker and Mrs. Faye Lee of the Diet Gardeners Circle, refreshments; and Mrs. Charles Morrison, ditto.

The actress, 21, and Murphy, 25 were married 13 months ago, broke up last Feb. 1, because of cruelty, but finally decided on divorce. He became World War II's most decorated GI.

Virgil Fox Presents Concert At Rollins

By MISS J. L. McEWAN
Virgil Fox, organ virtuoso, sponsored by the Central Florida Chapter of the American Guild of Organists on Feb. 16 at Knowles Memorial Chapel, Rollins College, played to a capacity audience from Orlando, Winter Park, Sanford, Deland and other surrounding towns. Truly a master of this most difficult of all instruments, he captivated the professional musicians as well as the layman.

Besides his artistry, technique and balance of the keyboard, and his colorful, spiritual registrations, he achieved such unorthodox results, speed with his feet, playing a beautiful legato with total ease which not many trained musicians accomplish with their hands. This was shown in one number written for pedals alone, "Tropetrum Mobile" by Mendelssohn.

He had an engaging, even dynamic personality. Mr. Fox explained most of the more complicated parts of his program with a few well-chosen words, illustrating with tiny musical sentences and themes. As a tribute to Bach's greatness, not only as a musician but as a human being, he sang the chorale "The Profession of Faith" and his unquestioning faith in the Saviour of the world.

Especially entrancing was Mr. Fox' own arrangement of Bach's "Gone Sweet Death," a unique feature introduced by Mr. Fox at the end of his program, asked the audience to stand and sing the hymn "The Church's One Foundation" which was truly a "harmony of praise." Mr. Fox retired in complete silence.

Peanut Ban Lifted in Baseball Park After Fans Start Yelling

SAN FRANCISCO, Feb. 17.—(AP)—Peanuts, the public shall have and good ones—large, fresh roasted ones.

Not only did Fagan have to cope with the public, but he was squirming under an array of sports page editorial fingers—all pointing with shame at one who dare shove a peanut around.

That Fagan notice:

"When I decided to bar peanuts, I didn't think of all the peanut pickers it would throw out of work in the Virginia, Carolina and Georgia peanut plantations.

Those people have a right to earn a living."

The janitors think so, too. Represented by the building service employees union, the Seals stadium broom sweepers announced they would demand \$1.50 an hour for sweeping up peanut shells. That's 15 cents an hour more than they got last season.

That, at Fagan's estimate, will add \$2,000 to the \$20,000 it already costs to clean out the stadium.

Hank Marino has scored more than 300 games in American Bowling sanctioned play than any other bowler—11.

Women's Golf Tilt At Ormond Beach To Have Top Stars

ORMOND BEACH, Feb. 17.—(Special)—Entries for the annual Women's South Atlantic golf championship tournament on the Ormond course Feb. 28 through Mar. 3 will close at noon Feb. 27 in the annual voting by Pro Jim Thomson of the Ormond Beach Hotel and Country Club.

Many first and Florida women are planning to take part this year, but Thomson says that because of the large field of entries only those with handicaps of 18 or less will be eligible to play.

The annual South Atlantic tournament brings the best women golf stars of the nation each year to Ormond Beach. The Texas sensation, Marlene and Alice Bauer and Polly Riley will probably be seen in action here this year.

Bob Woodard, vice-president and general manager of the Ormond Beach Hotel expects to play host to such attractive feminine athletes as Carol Durringer of Tiffin, Ohio, Mary Agnes Walls of Menominee, Michigan; Betty Bush, Hammond, Indiana; Miss Bee McWaters of Birmingham, Alabama; Miss Pat Devany, Grosse Ile, Michigan; Catherine Fox Park, Glen Ridge, New Jersey; Miss Betty McKinnon who last year broke the course record with 69; Miss Marjorie Lindsay, Decatur, Illinois; Miss Clara Duran, runner-up and Peggy Kirk, Finley, Ohio.

SHARPLY Anita Tinsley of Detroit, Mich., poses for the cameraman at a Phoenix, Ariz., pool after she was chosen 'Tourist Queen.' The beautiful girl will reign over Arizona's Valley of the Sun for the current season. (International)

New York Giant Mel Ott Honored By Close Vote

NEW YORK, Feb. 17.—(AP)—Mel Ott, former New York Giants slugger, felled by 11 votes to make baseball's Hall of Fame.

At that, the left-handed power-hitter came closest this year to joining the list of diamond greats already named in the shrine at Cooperstown, N. Y. None made the grade.

In the annual voting of the Baseball Writers Association of America, Ott received 75 percent of the total vote—126 votes, in this case—is needed.

Last year Charlie Gehringer, Detroit Tigers second baseman, was chosen by the writers.

Bill Terry, Ott's teammate, ran second among the 125 stars of other years who figured in the voting. The Giant first baseman received 105 nominations. Each writer voted for 10 players.

Other leaders were Jimmy Foxx, 103; Paul Waner, 95; Al Simmons, 90; Harry Heilmann, 87; Dixie Dean, 85; Bill Dickey, 79; Rabbit Maranville, 66; Hank Greenberg, 64; Gabby Hartnett, 54; Dazzy Vance, 52; Ted Lyons, 42; Joe Cronin, 33; Tony Lazzeri, 21; Lefty Gomez, 18; Ross Youngs and Zack Wheat, 17; Ray Schalk, Eddie Roush and Hack Wilson, 10.

Sports Roundup By HUGH FULLERTON, Jr.

NEW YORK, Feb. 17.—(AP)—One reason why Don McEwen, Michigan's sophomore sensation from Ottawa won't run in the A.A.U. three-mile race tomorrow is that he's so good he even has his coach scared. After watching McEwen bring his two-mile time down from 9:15 to 9:06.9 in three races, coach Don Canham doesn't want to hurt the kid's chances for future greatness by sending him against White Stone, Illinois' Ed Co. too soon.

After reading a Washington columnist's report that he would like to be waived from the Braves to Washington, Tommy Holmes appealed to his newspaper friends: "Say it ain't so." Tommy thinks he still has a chance to be a Boston regular and he doesn't think anybody can hit enough home runs in Griffith Stadium.

A New Twist

A successful, celebrated "Clubfoot" Assault, may be your host, a California-owned colt which is due to be prepared for the Kentucky Derby. . . . Your host has a permanently twisted head and neck which gives what is described as a "cockeyed look." . . . Owner William Goets claims he got that way as the result of an injury while he was a weanling, but there's a strong suspicion that he's just giving back amazed stares to people who are silly enough to bet on horses.

'Sugar' Robinson Heads Top Orlando Boxing Program

ORLANDO, Feb. 17.—(Special)—It's hard to tell which is raising the interest of Central Florida boxing fans more for Saturday's ring card at Municipal Stadium, the featured 12-round bout in which World Welterweight Champion Sugar Ray Robinson will appear or the 10-round semi-final clash.

The same two featherweights who have recorded a total of 10 knockdowns in two local meetings will be back to renew their feud. Robert (Kid) Harris, Asheville, N. C., has sworn revenge for the post-battle attack by Fred (Flatliner) Norris, Atlanta, that wound up their four-rounder on the Joe Louis exhibition here last Wednesday.

A draw was called on the regulation scrap in which Harris was saved by the bell on the last round from being counted out. Norris landed across the ring after the going to renew his attack on the shakily-legged Harris and Harris hasn't forgotten it.

Robinson will meet Johnny Dudley in a non-title bout on Promoter Babe Lancaster's outdoor card.

Sugar Chlie Washington, Sanford middleweight will tangle with sticky MacNeil of Orlando, also of Sanford, will box Riv Weaver of Copec, sports promoter Babe Lancaster further revealed.

To Property Owners In Seminole County

Early in Our History, Benjamin Franklin realizing fire was leaving many people homeless, organized the first fire insurance company in America, A MUTUAL COMPANY, so home owners could protect their hard earned money, sometimes their life savings, invested in their homes, should fire destroy or damage same.

Today, we offer you protection in strong mutual companies, guaranteeing the money you have invested in your home will not be lost if your home is destroyed by fire, lightning, windstorm, hail, explosion or falling aircraft.

Under our five-year annual renewable plan we can write you a policy for one year and agree to renew it for four more years at a premium reduction of 20% each year after the first year.

By placing your insurance in mutual companies you will get a dividend each year which may be deducted from the renewal premium or paid to you in cash. The proceeds divided is 25% of the premium paid.

We predict the term rates will either be unchanged or the savings realized in the near future and happen to you, take advantage of the present rates by insuring for a term of five years.

Before buying or renewing the insurance on your automobile, home or boat, find out about the saving and better service by mutual insurance companies. Write for a prospectus.

Animated Magazine At Rollins Sunday

WINTER PARK, Feb. 17. (Special) — The famed Rollins College Animated Magazine Sunday at 2:30 P. M. will be the concluding event of the annual Founders' Week celebration, which will be highlighted by the inauguration Saturday afternoon of Dr. Paul A. Wagner as President of the College. Dr. Robert Maynard Hutchins, chancellor of the University of Chicago, will deliver the principal address to a large gathering of distinguished visitors, representatives of leading colleges, students, alumni, and townspeople.

Edward Everett Horton heads the star-studded list of contributors to the magazine that comes alive Sunday afternoon. Authors appear in person to read their five-minute articles to the "subscribers" who are seated out of doors. This year over 7,000 are expected to attend.

The Animated Magazine, a traditional event of Founders' Week, is now in its 23rd year. Dr. Wagner will wield the editor's blue pencil for the first time this year, taking over from Dr. Hamilton Holt, originator of the Magazine and now Honorary President of Rollins College, who has edited each edition in the past. Dr. Edwin Osgood Grover will be publisher, as he has been since the Magazine's inception.

The other contributors are: Ogden Nash, humorous versifier; Gen. Robert L. Eichelberger, former commander of U. S. and allied occupation forces in Japan; Zack Mosley, creator of the comic strip, "Smilin' Jack"; Edgar Bay, executive editor of the Orlando Sentinel-Star.

Roger Babson, business analyst; George Denny, Jr., founder and director of America's Town Meeting of the Air; Betsy Talbot Blackwell, editor-in-chief of Mademoiselle magazine; Charles O'Neil, author of the current best-selling historical novel, "Morning Time"; Sam Hugginbottom, missionary to India and farming expert; Capt. Earle Kinnell, distinguished retired naval officer; Robert Porterfield, founder and director of the Barber Theatre of Virginia; Vivian Laramore, post laureate of Florida; Walter Duncanson, well-known foreign correspondent and author; and Jose Billie, Seminole Indian medicine man and Baptist minister, who will wear his native costume and speak in his native tongue and Robert Mitchell, friend of the Seminoles, who will interpret for Billie.

For a buffet supper, when company's coming line a baking dish with a table of canned asparagus, top with slices of chicken or turkey, add a rich cream sauce, sprinkle with grated Parmesan cheese and heat in a moderate oven until top is delicately browned.

If you are new at using an electric roaster there's an important point to remember never plug it into a circuit to which any other appliance is connected because it may overload the circuit. Modern rules for roasting meat call for an uncovered pan, low temperature, and no water or other liquid.

OTHER CITIES PLEASED WITH ELECTRIC FRANCHISE

Read what they have to say. These are all of the replies received up until 6 o'clock last night.

February 14, 1950

Mr. Clifford McKibbin, Jr. City Manager City of Sanford Florida

Dear Mr. McKibbin: The Florida Power and Light Company and the City of Delray Beach executed a franchise agreement approximately three years ago. Our experience under this agreement to date has been very satisfactory. There have been rate changes, but only as covered by the cost of fuel increases.

Very truly yours, CITY OF DELRAY BEACH Charles F. Black City Manager

Mr. Clifford McKibbin, Jr. City Manager Sanford, Fla.

Dear Mr. McKibbin: The Florida Power & Light Company have been operating in LaBelle for about two years now under the 30-year franchise with the following provisions "6 per cent franchise payment on gross revenue of commercial and residential consumers less all locally imposed taxes."

Your very truly, W. P. Andrews, City Clerk, LaBelle, Florida.

February 13, 1950

Clifford McKibbin Jr., City Manager City of Sanford, Sanford, Florida

Dear Sir: Your letter of February 9 received. The franchise which the Town of South Bay has with the Florida Power & Light Company has been very satisfactory to the town and brings in a nice revenue. There have been no changes in rates within the Town limits since granting the franchise in so far as we know.

Very truly yours, Mabel West Barstow, Town Clerk TOWN OF SOUTH BAY

Mr. Clifford McKibbin, Jr. City Manager, Sanford, Florida

Dear Mr. McKibbin: Replying to your letter of February 10th, I am pleased to report to you that we are well pleased with our 30-year franchise to the Florida Power and Light Company. The only change in rates since this franchise was granted was downward, due to the decrease in the price of fuel oil.

Cordially yours, Fred M. Lowdermilk, City Manager CITY OF NAPLES

Mr. Clifford McKibbin, Jr. City Manager Sanford, Florida

Dear Mr. McKibbin: West Palm Beach has a franchise with the Florida Power and Light Company, which includes the 6 per cent payment on gross revenue of commercial and residential, less the taxes that they pay to the City, as you indicate Sanford is considering. The franchise has been very satisfactory to the City and the payment last year ran better than \$64,000. This money was placed in the City's general fund.

Very truly yours, Keith R. Chinn, City Manager CITY OF WEST PALM BEACH

Mr. Clifford McKibbin, Jr. City Manager City of Sanford, Sanford, Florida

Dear Mr. McKibbin: In answer to your letter of February 10th, we have just negotiated the franchise with the Florida Power & Light Company, and it is difficult for us to make a definite statement at this time regarding our experience. Our relations with the Florida Power & Light Company in the past have always been good, and we have never failed to receive their fullest cooperation.

Very truly yours, F. D. Rankins, City Manager CITY OF FT. LAUDERDALE, FLA.

Heavy Damage Is Reported To Florida Crops

2,500 Acres Of Beans In Everglades Are Reported Ruined; Damage Here Spotty

Damage to celery, lettuce, cabbage and beans was slight in the Sanford area, but corn and beans suffered heavy to spotty damage in West Sanford and the Lake Monroe sections early Friday and Saturday when frost and temperatures in the low thirties were recorded, said Stanley Anderson, manager of the Sanford State Farmers Market this morning. Damage to crops on the east side of Sanford was negligible. Corn in the Zellwood area was reported to be hard hit. But slight damage to tender crops was reported at Astor Farms, three miles west of Lake Monroe.

LAKELAND, Feb. 20.—(AP)—Thousands of acres of Florida truck crops were completely wiped out or badly damaged by the week-end frosts and chilling temperatures. In the Everglades area alone 2,500 acres of beans were killed and 1,200 acres of corn badly damaged. Five hundred acres of potatoes were about 20 percent damaged. These are the preliminary freeze estimates by the Federal-State Frost Warning Service here.

Meteorologist Warren O. Johnson said even lettuce and cabbage south of Lake Okechobee were slightly damaged. Celery in the area was not hurt. The frosts skipped here and there about peninsula Florida. Nearly all farming sections suffered.

The frosts on Friday and Saturday morning ended a 33-day frost free period. Thermometers got as low as 21 degrees in the Gainesville area. Meteorologist Johnson reported all unexpected tender truck crops in the Gainesville area were almost a total loss. There was minor damage to strawberries. Nearly all the citrus fruit trees were destroyed. This could mean a total loss of the tung nut crop in some spots.

Barr And Peters Presented With Gifts By Students

The Elementary Class of the George Barr School of Umpiring presented to Mr. Barr Saturday night a beautiful desk pen, pencil and calendar set bearing the inscription, "George Barr, National League Umpire, 1931-1940, Elementary Class 1950." John Malachuk, Toronto, Canada, member of the class, made the presentation, giving the ceremony an international flavor.

The Advanced Class of men who have returned to the school for further training gave their instructor, "Frosty" Peters a handsome Taylor golf tournament bag. By Saturday, the 114 umpire aspirants will have completed their five and a half weeks training period.

Mr. Barr revealed that he has signed a contract with C. A. Maddy of the Fellowship Foundation, permitting him to use again next year, the old Marine barracks for the housing, feeding and instruction of umpire trainees.

Last night, Mr. Barr, his instructors and about 30 pupils, together with 30 young ladies of Sanford, were guests aboard the Carol Ann on St. Johns River cruise sponsored by the Sanford Business and Professional Women's Club. Miss Mildred Williams was club chairman in charge of arrangements.

The cruise started at 7:30 P.M. soon was under way and headed back to the Sanford wharf. Several dishes were served and the party enjoyed the trip.

Mayor Carraway Tells Purpose Of Tomorrow's Franchise Referendum

The exact wording of the proposed franchise with the Florida Power and Light Co. will be determined in future negotiations between attorneys for the City and the power company if the granting of a 30 year franchise is approved by the people in tomorrow's referendum, Mayor Andrew Carraway stated today.

In a supplementary statement from City Attorney A. Edwin Shuholzer, Mayor Carraway pointed out that the result of the election will be advisory only and will not limit the action of the Commission on the actual franchise. "I would like to clarify the position of the City Commission in the matter of the actual wording of the thirty-year franchise to the Florida Power and Light Company, which will be voted on Tuesday, Feb. 21," Mayor Carraway stated. "At the public forum held at the Court House Friday night, some question was raised as to the advisability of entering into a franchise contract worded as proposed by the power company. "When the City Commission decided to submit the question to the vote of the citizens, the City Attorney was instructed to word the election proclamation in such a manner that the citizens would vote to show whether or not they favored a 30 year franchise, provided a 6 per cent payment less taxes was included, and he was also instructed to make the ballot as simple as possible to avoid confusion.

"The members of the City Commission felt that after learning the wishes of the people at the Tuesday election, they would be in a better position to negotiate with the Florida Power and Light Company in such a manner that the best interests of the people of Sanford would be served. "If a satisfactory agreement can not be reached in writing the contract, the Commission is

Court Upholds Search, Seizure Without Warrant

Split Decision Says Action Must Be For Lawful Arrest

WASHINGTON, Feb. 20.—(AP)—Splitting 5 to 3, the Supreme Court today upheld the right of federal officers to search and seize without a warrant so long as the action is part of a lawful arrest.

The major opinion by Justice Minton, newest member of the tribunal, described the search of a New York stamp dealer's office as "reasonable" and in line with past decisions.

But Justice Frankfurter dissented sharply and aimed an indirect slap at both Minton and Justice Clark, another comparative newcomer to the bench.

Declaring the decision run counter to the fourth amendment to the Constitution, which forbids unreasonable search and seizure, Frankfurter wrote:

"Especially ought this court not to reinforce the instabilities of our day by giving fair ground for the belief that law is the expression of chance—for instance, of unexpected changes in the court's composition and the contingencies in the choice of successors."

Minton and Clark were named to the tribunal last year by President Truman to succeed the late Justices Rutledge and Murphy, both long classed as members of the liberal wing.

Word Received Here Of C. C. Cox's Death

Word was received this morning of the death of C. C. Cox, formerly of Sanford and for the several years Jacksonville. Mr. Cox died yesterday in Lawson Memorial Hospital in Atlantic, Ga., following a long illness.

Funeral services will be held at the Evans Funeral Home in Jacksonville at 2:00 P.M. tomorrow. The casket will be in Jacksonville at 4:00 A.M. Monday.

Mr. and Mrs. Cox were active members of the First Baptist Church while in Sanford where Mr. Cox was at the time of his death.

New No-Strike Order Issued Against UMW

Miners Continue To Ignore Orders To Return To Pits; Violence Flares

PITTSBURGH, Feb. 20.—(AP)—Violence broke out in the coal fields today as renewed demands pushed their strike into its seventh week. Two operators of a Kentucky mine were beaten and equipment was damaged near Harborsville by a band of about 100 men. Douglas Douglas Blair and Douglas Numan said they were attacked after telling the men the mine was operating without a contract but under the Pitt-Rivers Act. The operators said they were beaten on the heads with plaited bats. Numan was hospitalized.

WASHINGTON, Feb. 20.—(AP)—Federal Judge Richmond B. Keck today issued a new no-strike order against John L. Lewis and the United Mine Workers. It runs until Mar. 1.

Keck has had a "stop strike" order out since Feb. 11 but the 372,000 miners have ignored it. Lewis himself has objected to the extent of twice sending instructions to the miners that they should go back to work.

The miners' refusal to obey the order has the government casting about for possible new actions to get coal mined. One move that is a possibility is contempt action against the United Mine Workers. That could result in big fines on the union.

There has also been talk in Congress of legislation to let the government seize the mines. But Democratic leaders are not taking that line.

House speaker Rayburn (D-Tex.) said after a conference of legislative leaders with President Truman today that the President has no plans to ask such authority. Mr. Truman said he does not want to.

Throughout the coal fields, idlers are steadfast in refusing to work until they get a contract. They are continuing their walkout in Pennsylvania, all Indiana and eastern Ohio pits failed to reopen. The strikes was pushed with undiminished vigor by West Virginia.

Polls Will Open At 7:00 O'clock At The City Hall

Sanford voters tomorrow will decide whether or not they favor granting by the City of a 30 year franchise to the Florida Power and Light Co. The franchise would enable the City to derive a six per cent rebate or "kick back" from the company's revenue from residential and commercial users.

All residents whose names are on the City books are eligible to vote, said City Clerk H. B. Sawyer this morning. The deadline for entering names of new residents not already on the books was Feb. 11.

New residents, however, have until Friday to register for the Mar. 7 election, when voters will decide the issue of building a new municipal athletic stadium.

Voting tomorrow will take place in the City Commission room UMW between 7:00 A.M. and 7:00 P.M.

Mrs. F. E. Roumillat will serve as clerk, and Floyd Palmer, Raymond Lundquist and Mrs. Ralph A. Smith as inspectors.

Tampa City Official Charged With Plot To Murder Sheriff

General View Of Long Island Rail Disaster

A. hundreds look on, the body of a victim, lying on a stretcher, trapped in the head on collision of two Long Island railroad passenger trains is passed through a window of one of the cars by Freeman and his associates. The accident, occurring in Rockville Centre, N. Y., was believed to be one of the worst in the history of Long Island history. It costed the death of at least 20 persons. More than 100 passengers were hospitalized.

Trial Begins For North, Central Florida Frost Danger Continues

LAKELAND, Feb. 20.—(AP)—Freezing temperatures and frost were forecast for northern Florida early tomorrow.

The Federal-State Frost Warning Service advisory for tonight and early tomorrow:

Clear skies, rather cold northern and rather cool south and central districts. Light northerly wind with long intervals of calm over northern sections.

Temperatures on high ground to stations will be at least eight degrees warmer than temperature in low ground locations.

Lowest temperatures, Tuesday morning in the colder low ground locations.

Thirty to 35 degrees, but not frost in the Gainesville and north portion of the upper east district.

Thirty four to 38 degrees, with patches of scattered frost in the head pockets in the south portion of the upper east coast district and in the Orlando and north portion of the Brooksville district.

Thirty seven to 43 degrees in the remainder of central district, and 42 degrees and higher in southern districts.

Forecast for Tuesday: Fair and warmer. Future temperature outlook: Rising temperature Tuesday night with no frost changes Wednesday and Thursday morning.

Services were held yesterday at 3:00 P.M. in Erickson Funeral Home for G. G. Roller, 66, who died suddenly Friday at 11:00 A.M. while enroute to Sanford from The Atlantic Coast Line Hospital in Waveross, Ga., on the Stremlinger No. 2. He had been confined to the hospital for several weeks.

The Rev. W. P. Brooks, Jr., pastor of the First Baptist Church, officiated at a final interment was made in Evergreen Cemetery.

Mr. Roller was born Apr. 2, 1881 in Palatka and entered the Atlantic Coast Line service as a trainman in 1911. He was promoted to conductor Dec. 1, 1920. He had been a resident of Sanford for 30 years. His home was in the Cowan Apartments. He was a member of the O.R.C. and the Woodmen of the World of High Springs.

Survivors include the widow; one sister, Miss Gussie Roller of Richmond, Va.; three step-daughters; Mrs. J. M. Cottrell of Winter Park; and Mrs. H. H. Pratt of Jacksonville one step-son, H. E. Turner of Sanford.
