Bidault Named President Of French Nation

New Chief Executive Confronts Difficult Task In Forming 3-Party Cabinet

PARIS, June 19. (AP)—A leader of the French Popular Republican movement, Foreign Minister Georges Bidault, has been elected President of the Interim French government. The Constituent Assembly named Bidault to the nation's highest office today by a vote of 884.

His election had been practically assured when the Socialists pledged their 128 assembly votes to Bidault. No opposing votes were cast in Bidault's election. The Communists refrained from voting.

The new President faces difficult problems in any attempt to form a three party cabinet. However, the Communists have given indications that they may resign themselves to entering the new government. As for the Socialists, they have asserted that they'll be party to no government which does not include the Communists.

Bidault's party emerged from the recent elections as the largest political party in France.

Marines Will Help Chinese Retain Order

General Refuses To Say Whether Troops Will Defend Tsing-Toa Port Defenses

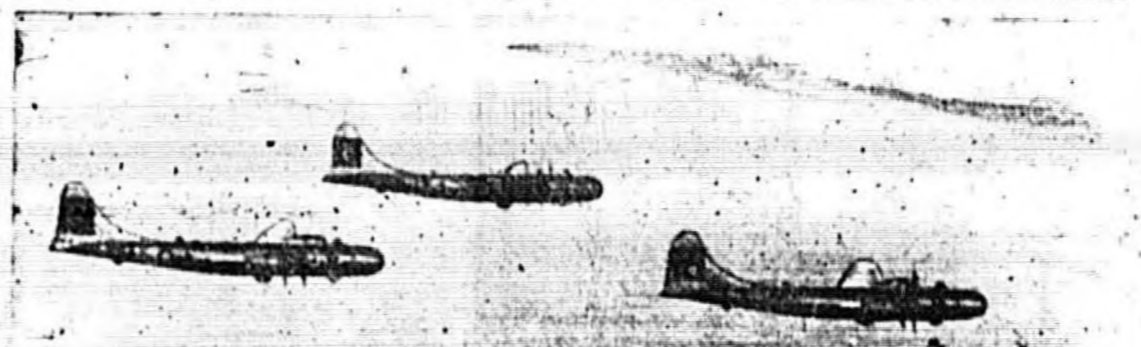

TSINGTAO, China, June 19. (AP)—The commander of United States Marine forces in Tsingtao, China, today said his troops would not Chinese authorities of the city and would not defend the key Shantung Province port city.

General Clement, Brigadier General Walter Clement, declined to say whether the Marines would defend the city of Tsingtao itself should the Communists move against the port's defenses. The Communists now are said to be on the move on all sides of Tsingtao.

Clement also declined to comment on rumors that the Communists had asked the Marines to withdraw from Tsingtao. The port city was once a summer playground for parts of the British and United States Asiatic Fleets.

General Clement said he did not wish to amplify his statement about the Marines' maintaining peace and order but said it was apparent that he meant to maintain order and not to fight. He said the Marines are being kept in Tsingtao as a buffer between the National Government and the Communist government.

Bikini Warm-Up For Atom Bomb Test

APPROACHING BIKINI, June 19. (AP)—The USS Nevada, the largest aircraft carrier in the world, today was seen flying over the Bikini Islands, the site of the atomic bomb tests.

British Begin Searching For Kidnaped Men

Jewish City Of Tel Aviv Under Curfew; Roads Blocked In Palestine Section

JERUSALEM, June 19. (AP)—A search of several Jewish settlements along the Lebanese frontier began today in an effort to locate a party of armed men who have kidnaped five British officers. The Jewish coastal city of Tel Aviv, already is under a strict curfew and all roads through the upper Galilee section of Palestine have been blocked.

No information regarding the whereabouts of the officers at the border has been received. The British troops have been ordered to remain in their positions and to be ready to move at any moment.

Terrorism in the Holy Land during the last three days has resulted in the death of 15 persons and the wounding of 40 others. Military authorities here have proclaimed a new curfew in Tel Aviv and in other parts of the country.

The British troops have been ordered to remain in their positions and to be ready to move at any moment.

Enraged Tampa Husband Beats Wife To Death And Slays Son-In-Law

Killer Is Fatally Wounded When He Attacked Detective With Hammer; Daughter Sustained Head Wound

TAMPA, June 19. (AP)—Capt. D. D. Stephens reports that today an enraged husband beat his wife to death with a hammer and then killed his son-in-law in another home some distance away, and was himself fatally wounded, according to Stephens.

Stephens identified the dead as Joseph Tucker, the husband, Mrs. Joseph Tucker, the wife, and Curtis Alan Tucker, the son-in-law, who was slain in a cottage at Palmetto Beach.

The daughter, who is 13 years old, is in a hospital with a painful head wound received when she was struck by a hammer as she tried to help her dying mother.

A son, who is 19 years old, and Capt. Stephens said that he found his mother, Joseph Tucker, and found himself badly wounded. He said he had been the first to see and saw the axe at his father's bedside, according to Stephens.

Detective Jack Shlyker, investigating the slaying of Mrs. Tucker, discovered the husband hiding in bushes near the home. When the man came out with the hammer, Shlyker says he struggled to disarm him and when he was struck with the hammer he shot Tucker, fatally wounding him.

Before dying, the man told officers they would find a body in the Palmetto Beach cottage.

The complex two children told Capt. Stephens their father has been estranged and recently has brooded over imaginary wrong doings within the family.

Capt. John Pope Arrives In U. S.

Capt. John Pope, son of Mr. and Mrs. H. R. Pope of this city, arrived in New York on Saturday after serving with the Army in Nuernberg, Germany, as supply officer and with the 16th Armored Division in Okinawa, Saipan and Iwo Jima.

Capt. Pope is now at Camp Kilmer, N. J., and expects to begin his terminal leave on Saturday, arriving in Sanford next week.

ELKS JOIN ELKS

UNION CITY, June 19. (AP)—An Elk joined the Elks club in Union City last night, that's right. His name is Harry Elk and he is a veteran of World War II.

Local Kiwanis Hear Report On National Meet

President J. W. Hall Tells Of Address By Dew Pearson

Speaking at a meeting of the presidents and vice-presidents at the recent Kiwanis International Convention held at Atlantic City, J. W. Hall, president of the Sanford Kiwanis, today told members of their meeting at the Palm and Pine Restaurant that political people had a great deal to learn from the Kiwanis.

The meeting was held at the Palm and Pine Restaurant.

UN Atom Chairman

The United Nations Atomic Energy Commission today announced that it had received information from the Japanese government that the Japanese had been developing atomic energy since 1939.

The information was obtained from a source in the Japanese government.

185 Japanese Die In Series Of Accidents

41 Persons Reported Missing Following Coal Mine Blast

YOKOHAMA, June 19. (AP)—A series of accidents involving two mine explosions and a railroad accident today left 185 Japanese dead, missing or injured.

Seven of the dead and 95 of the injured have been listed in the explosion of 4,000 pounds of dynamite at a coal mine near the city of Muro, Japan.

The railroad accident occurred when a passenger train derailed near the city of Kawasaki.

Submarine Chaser Here For Training Naval Reservists

A trim gray submarine chaser which saw active service during the war in the Atlantic and Caribbean Seas, arrived Sunday from Jacksonville and is now docked at the Municipal Pier and will remain here indefinitely for training of Naval Reservists of the Jacksonville-Duval Naval Reserve.

The six man crew includes Ensign H. W. Strauss, second in command, G. F. Keene, RM 2-c, M. V. Lee, MCM 1-c, J. A. Kubiak, RM 2-c and William W. Treida, SC 1-c. All of these men have had from 16 months to two years of active duty with No. 679 as the boat is designated.

Equipment includes radar and radio in use of which reservists will be instructed, and they also learn principles of gunnery, and how to take care of the ship, which has the equipment on a smaller scale than a larger Naval vessel has. There are comfortable sleeping accommodations for the crew.

The sub-chaser is 110 feet long and is powered by two 500 horsepower Diesel engines. It is armed with one 40MM and three 20MM guns. Because of the shallowness of the river (they pushed mud at seven feet on the way here) the depth charges were removed, said Ensign Sauerwein.

Equipment includes radar and radio in use of which reservists will be instructed, and they also learn principles of gunnery, and how to take care of the ship, which has the equipment on a smaller scale than a larger Naval vessel has.

There are comfortable sleeping accommodations for the crew.

The sub-chaser is 110 feet long and is powered by two 500 horsepower Diesel engines.

KENNEDY EASY VICTOR

BOSTON, June 19. (AP)—29 year old John F. Kennedy has won an easy victory in the 11th Massachusetts District primary race for Congress.

Kennedy is still favored for the seat in the fall. The seat now is held by Boston Mayor James M. Curley. This was the first political campaign for Kennedy who is the son of Joseph P. Kennedy, former Ambassador to Great Britain.

INDIANS DENY SALE

CLEVELAND, June 19. (AP)—The Cleveland News says that Major stockholders of the Cleveland Indians baseball team have agreed to sell the club to a group of Chicagoans, headed by 33 year old Bill Veeck, former owner of the Milwaukee Braves.

Major stockholders of the Cleveland Indians baseball team have agreed to sell the club to a group of Chicagoans, headed by 33 year old Bill Veeck.

STAPLER DISCHARGED

W. P. Sumter has been honorably discharged from the United States Navy, according to information received today from the Naval Personnel Separation Center, Jacksonville.

Named As Envoy

High Commissioner of the Philippines, Paul V. McNutt (above), has been named by President Truman to become the first U. S. ambassador to the island when they become a republic on July 4.

McNutt will also represent the Chief Executive at independence ceremonies to be held in the islands.

McNutt will also represent the Chief Executive at independence ceremonies to be held in the islands.

Brother Of Local Man Died In DeLand

Hubert E. Vanlley, brother of James H. Vanlley of Sanford, died at a DeLand Hospital Sunday afternoon. He made his home at 212 West New York Avenue in DeLand until his death.

The 51 year old man is survived in addition to his brother by his wife, Inez Vanlley and father, Walter P. Vanlley of DeLand; two daughters, the Misses Jeanette and Marie Vanlley of Annapolis, Md.; two sons, Hubert E. Jr. of DeLand and Frank A. of the U. S. Navy; and two sisters.

Funeral services will be conducted Thursday at 8:00 P. M. in the Combs Funeral Chapel in DeLand with the Rev. Clyde Smith officiating. Private interment will be made. The family has requested that flowers be omitted.

NO PERMITS SOLD

About 200 new fishing licenses have already been sold at the office of County Judge E. W. Warr despite the fact that old licenses are good up until June 30. Judge Warr reported today.

Normal sales of licenses is about 800 a year, he said. Resident licenses cost \$1.00.

Jamisons Will Visit Here During Summer

Mr. and Mrs. Henry Jamison, both students of the Rochester, N. Y. Institute of Technology, have arrived for a visit during the summer months.

The Jamisons are Mr. and Mrs. W. E. Jamison, 1017 French Avenue.

Mrs. Henry Jamison graduated this year from the Institute where she studied photography, specializing in portrait work.

Mr. Jamison, a former Army Air Force photographic instructor at McMill Field, Tampa, and a graduate of Seminole High School, will graduate from the institute next year. He has been specializing during the past year in color photography.

E.P.A. PLANS MEETINGS

Seminole Chapter members of the Future Farmers organization of Seminole High School will meet during the summer on the first and third Tuesdays of the month at the home of Alex R. Johnson, agricultural instructor, at 3011 Holly Avenue.

Members met Wednesday evening at St. Johnson's home and enjoyed a wicker roast and games of croquet and darts.

ASSOCIATION TO MEET

President Joel Field of the Sanford Baseball Association, Inc., this afternoon announced that a meeting of officials and directors will be held Friday afternoon at 8:00 o'clock in the Commission Chamber at the City Hall.

BIBLE VERSE FOR TODAY

BUT GO BEYOND THAT... KEEP AWAY FROM SINNERS... My son, if sinners entice thee, consent thou not... Proverb 1:10.

THE GRASSHOPPER

Leaps the long green arrow and finds my shoulder... Turns his horse-face fearlessly... long and solemn... Stares me down with beryl-green eyes grown bolder... Since he alighted... Shakes a long thigh, striped like a green snake's hooding... Slowly hoists his foot in air, then drops it... Takes a step, but seeing a slight revolting... Suddenly stops it.

Human iris, shaded with hairy lashes... Meets his compound eye with its hundred flashes... Slowly rocking sideways he lifts a feeler... Seeking strange friendship.

Brave, small, thing, how well do I know your secrets... Sun splashed leaping over a world of grasses... Tranquil matings, two hours long on leafy Chlorophyll-tiled.

God is there in your small head's thoughtful turning... There, in splendor, in your translucent front... How He calls me, when in the dusk I hear you Stridently singing... WINIFRED DUNCAN.

We'll see where an 11 cent increase in the price of butter is going to hurt anyone as long as the grocery stores don't have it for sale anyway.

The Tampa Tribune has been doing an excellent job of arousing the people of Hillsborough county to the need for school improvements.

Did you know that President Truman's recent radio address on labor unrest in this country brought him 40,000 telegrams, both praising and criticizing his remarks?

Unemployment is increasing in Florida as compensation benefits for the past week rose to \$101,135 for 5,591 persons. With so much work to be done, it seems strange that there should be so many unable to find jobs.

The flabby anti racketeering bill has made its reappearance in the House of Representatives. It would make it a felony under federal law to interfere by robbery or extortion or by threats of violence with the movement of goods in interstate commerce. Why labor unions should be opposed to such a law is little hard to understand.

Saburo Kurosu says he brought peace proposals to Washington just before Pearl Harbor. All the United States had to do was to unfreeze Japanese assets in this country, resume shipments of high octane gasoline to Japan and stop them to China. In other words if we had agreed to let the Japs tell us how to run our foreign trade, there would have been no war, at least for the time being.

Nearly every town on the East Coast of Florida from Key West to Titusville has been sprayed with DDT by airplane in a drive to get rid of gnats and flies and other carriers of infantile paralysis. In recent weeks the number of gnats in Sanford has reached such proportions as to become an unbearable nuisance even if there were no danger from disease. Wonder if we couldn't get one of those airplanes over here?

A friend of ours writes in to ask how we overlooked the defeat of the CIO-backed gubernatorial candidate by the Republican Earl Warren in California last week, since we are always looking for something to hit the CIO with. Well, we'll tell you, we weren't a bit surprised by the results of the election in California. We believe that any time that there is a clear cut issue between the CIO and any other candidate, Democrat or Republican, the CIO will get whipped. That's because an American it just doesn't have a chance at the polls in this country.

More Than Money

A quiet and thoughtful reader sends a letter containing this question:

"In these labor disputes, why cannot each side consider the viewpoint of the other? Surely in understanding are the roots of peace."

It's a question worth applying not only to labor disputes but to the unsettled unrest of the world. To follow the reader's thought about labor, it inevitably occurs to one thinking about the matter from the outside that a fact frequently lost sight of by union officials is that the members of many small and medium-sized companies have invested in their businesses so much more than money.

True, in a modest way, they may be called capitalists. But for every hundred dollars invested by those conducting the business they have put in many sleepless nights, many twelve to sixteen-hour days, many years without vacations, many cheerful sacrifices that were needed if the firm was to keep afloat.

And while the employee in factory or office has to worry about his household budget, his employer has not only that worry, but the more complicated problem of making enough money for a living profit while being ground between the upper millstone of price control and the nether millstone of rising wages.

Our reader concludes the letter: "Perhaps when more light is shed on the mutual problems of employer and employee, less heat may be engendered when their interests seem to conflict." Every American would like to see that happen.

Ancient Wisdom

Sometimes people think the ancient scriptures, such as the Bhagavad-Gita of the Hindus, the Old and New Testaments of the Jews and Christians, are out of date, behind the times, simply because they are old.

But books stating eternal verities have a way of turning up with bits singularly expressive of modern problems. It has occurred to more than one discouraged seeker of a home that Jesus of Nazareth said: "The foxes have their holes, and the birds their nests, but the son of man hath not where to lay his head."

Sometimes, too, a weary housewife, turning away from an empty counter, does not gripe, but finds a sudden comfort in the memory that "Man shall not live by bread alone, but by every word of God." Remembering, she smiles, and drops the coins not spent for bread into the Emergency Food Collection for the hungry overseas.

British Athletes

The British are dismayed by their poor showing in sports. In football, tennis and golf they have had humiliating defeats. There has not been a first-class British heavy-weight boxer since no one knows when. Now London sports writers are demanding that the whole system of training be revamped.

Training is the answer, according to Arthur Daley, writing in the New York Times. Yet the blood toll of two wars, taking the youngest and strongest men, must have had something to do with it. Even more so the British standard of living. The weedy, stunted townfolk who are so often seen in the British armed forces shock Americans.

Inside WASHINGTON

Senate Tempers Get Shorter | See Baseball Union Appeal As Summer Heat Burns Down | Aimed at Low-Pay Players

Special to Central Press

WASHINGTON—Tempers are getting shorter and shorter in the Senate as Congress approaches its expected mid-July adjournment date. The mood is reflected in outright name-calling and almost daily bickering over parliamentary procedure.

Senators protest about the cumbersome rules and top-heavy machinery, but privately admit that votes will be hard to get for the pending reorganization bill streamlining their facilities... too many members would lose committee posts.

The latest blow-off came when the Senate forced itself into a night session on the draft extension bill and then, midway in the evening, recessed until the next day. Many senators who had cancelled plans for the evening were snoring mad.

Actually, the Senate was in the position of finding itself with several days of "time on its hands" if the draft bill went too fast. The OPA extension, next piece of legislation, was not ready for action. Rather than be put in the embarrassing position of following a "hurry up and wait" program, the august Senate went over for another day.

IF THE PITTSBURGH PIRATES win their fight to bargain collectively, look for some drastic changes in baseball's labor relations. The National Labor Relations Board recently decided not to hold formal hearings at this time that involve the question of possible jurisdiction over professional baseball teams.

The threat of a baseball union was taken lightly by club owners and the public when it first was broached, but now it has ceased to be a laughing matter—at least for management.

The union chose Pittsburgh because of the powerful labor population, and it is believed that the Pirates will get what they want. Most of the union demands appeal to the vast majority of players who comprise the lower salaried group. Such items as a \$7,500 minimum salary and half the trade price to go to the player are inviting incentives.

The union already has cited the Washington Senators for appearance before the National Labor Relations Board in Baltimore.

DIPLOMATIC OBSERVERS IN WASHINGTON are certain that the United States intends to continue diplomatic relations with Spain regardless of whatever recommendation is made by the UN Security Council.

The United States feels that any break with Spain would antagonize most of the Latin American countries. This is especially true of Argentina, whose aid is now essential in the famine emergency campaign.

Another factor is the smarting political defeat the United States state department suffered in opposing the campaign of Argentine President-Elect Peron.

DESCENT FROM MT. OLYMPUS

Very truly yours, Claude Pepper

As this is written we are near a vote in the Senate on the OPA Bill. By the end of the day I expect that the Bill will be such form that, for all practical purposes, price controls will be eliminated and the country headed for uncontrolled and disastrous inflation. The bill as it came out of the Senate Banking and Currency Committee withdraws practically all subsidies which are now being paid by the government. The purpose of these subsidies has been not only to give the producers a fair return, but to keep prices from rising to the consumers. On meat, for example, there has been a subsidy of \$800,000,000 a year. Instead of that being paid out of the Treasury, it will now have to be paid by the consuming public. Furthermore, price control on meat has been lifted. The OPA estimates that meat prices will therefore rise about 50%. That will mean altogether that the consumer will have to pay three and four billion dollars more for meat next year than they have had to pay this year.

There is presently a subsidy of 600 million dollars on milk and dairy products. This too is to be drawn. If control of prices on milk and dairy products is removed, the OPA estimates the public will have to pay over a billion dollars more than they are now having to pay for these products. Price controls are also removed on poultry and eggs. Altogether, for the next year they will have to pay over five billion dollars more than they are now having to pay for meats, milk and dairy products, and poultry and eggs.

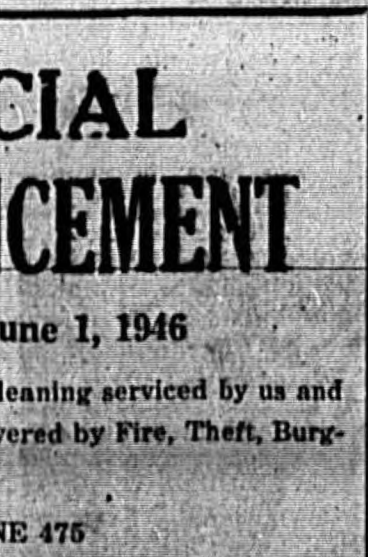

These are the essentials of life, not luxuries. I wonder if you knew that in 1940 90% of the non-farm children of this country were in families of a gross annual income of less than \$750. The lowest income families in the country spent about 50% of their total income for food. The families who have 90% of the nation's non-farm children don't have the money to pay for the more than five billion dollar increase for meat, milk and dairy products, poultry and eggs. As a practical matter then, the food ration of the children of America is a large extent going to be reduced. Again, the price increases will fall heaviest on those who can least afford to pay it. That is just the contrary of the Democratic doctrine of the greatest good for the greatest number.

I am offering a resolution that will continue the OPA as it is until June 30 next with authority in the President to eliminate the whole or any part of it as he feels in the public interest. I have never failed to help any individual or industry coming to me from Florida to get a fair price adjustment or increase from the OPA. I will continue to do that if OPA remains in effect, but I cannot in good conscience open the floodgates to violent price rises and dangerous inflation to be followed inevitably by a tragic depression, even to remove a hardship upon many people. Hardship is an inevitable incident of war. There are many boys who will never come back from battlefields. There are many fine young men, the flower of our country, with mangled bodies and distorted faces, in back rooms of veterans' hospitals. They had to

make an individual sacrifice for the public good. If instead of destroying the OPA we had gone on making the adjustments that were necessary as best we could, for another year, I think the sacrifices which individuals and industries have made would then have been a patriotic sacrifice for the good of the whole country. While I don't think my point of view is going to prevail in the Congress, I just want the country to be clear as to where I stand in this crucial fight.

SANFORD FORUM

Sanford, Fla. Editor Sanford Herald, Will you please run the following in the forum? entitled "Fecularities of America." Few people become alarmed at the present condition of this nation, morally, mentally and spiritually. Morals are gone, virtue, out of date, our young people are not taught to value above all, their morals, an article dealing with American service men in Japan and elsewhere is shocking, to put it mildly. Mentally, because the American public has been content to sit back and let the new deal government in Washington to do its thinking for more than a decade, and hurl the nation into a centralization of power by the most shrewd politicians ever, that instead of penalizing union racketeers, our national leaders threaten to draft as penalty into the armed services the laboring man, who is compelled by government sponsored leaders to join or no work organizations, then when a John L. or some other undesirable calls a strike, instead of slapping them in prison, they

Men Unaffected By Radar Waves

AP Newsfeatures DENVER—Relax, war wives. Exposure to radar waves won't leave your GI sterile, balding or anti-social.

Capt. Meyer Hebble of Lowry Field gave weekly talks to 300 wives of men who handle aircraft radar. He found them all perfectly normal.

Reports rose during the war that radar waves would produce all sorts of ill effects on humans.

One woman complained her husband had nightmares after exposure to the waves.

Another whose hubby wrote that he had to climb over radio antennae to make repairs, said his photograph, showed clearly "he is becoming as bald as an admiral."

Scientists took no stock in these

NOT AROUND CORNER

DIAMOND, Pa.—(AP)—The Little United Brethren in Christ Church in this northwestern Pennsylvania town is not often the setting for a wedding.

When Florence A. Main and Charles M. Fiely were married recently, it was the first wedding in the church in 83 years.

A guest at the ceremony was 86 year old Mrs. T. D. Thompson, who was the bride in the last previous wedding in 1863.

Stage Is Set For Louis-Conn Title Bout Tonight

75,000 Expected To See Fight In Yankee Stadium

Fair Weather Forecast For Battle; Boxers Weigh In

NEW YORK, June 19, (AP)—The Weather Bureau promised fair weather for the 75,000 fans expected to witness the Joe Louis-Billy Conn heavyweight championship fight at the Yankee Stadium in New York City tonight. The scheduled 15-round battle starts at 10:00 P. M. Eastern Daylight Time. (9:00 P. M. Sanford time). The forecast for tonight is for

Sanford Artillery Bogs Down Again As Palatka Wins, 4 To 2

Moss Drops 5-2 Tilt To Haynes And Williams

3-Run Attack In 6th Frame Gives Furniture Team 2nd Win

By JULIAN STENSTROM
Herald Sports Editor
The Haynes & Williams Furniture Company team continued to set the pace in the City Softball League last night when they captured an impressive 5 to 2 victory over the Moss Amusement Company, nine in the feature tilt of a double header.

Up until the sixth inning of the second tilt, it appeared that the Haynes & Williams aggregation was heading for their 11th defeat in two starts this season but a three-run barrage in the sixth proved to be the downfall of the Moss team.

Moss took the lead in the second frame when Ernie Bradley Odham got a Texas-league double to rightfield and scored when his brother, Glenn, dropped a single into left. The Moss men scored their second and final run in the fourth when Bramley walked and advanced to second on a fielder's choice. Glenn Odham blasted out his second hit of the evening, a long double to left-center, to push over run number one.

Haynes and Williams tallied their first run off Paul Ellis in the fourth when Touchton doubled to left, Allan grounded out, advancing Touchton to third. Touchton scored when Evans grounded out, second to first.

Haynes and Williams knocked the count in the fifth when Terwilliger singled to left field, went to second on an error, took third on Jones' infield hit and scored on a passed ball.

A series of wild pitches and passed balls provided the necessary breaks for the three-run attack in the sixth inning. Touchton led off with an infield hit, the only blow of the inning. An error by third baseman John Angel, a walk to Evans, three passed balls and a wild pitch accounted for the margin of victory.

Touchton gathered in two safeties in three trips to the plate to lead the Haynes & Williams attack. Terwilliger, Jones, Britt and Williams accounted for the remaining four hits.

G. Odham led the Mossmen with his double and single in three appearances. Marlin and B. Odham nicked pitcher Red Williams for the other two safeties.

Score by Innings: 010 011 0-2 4 3
Haynes & Williams 000 113 X
5 6 3

Batteries: Ellis and Sparkman; Bramley; Williams and River.

gentle to easterly winds, cloudy skies and cool, with the temperature hovering around 55 degrees.

The long weeks of sweaty monotonous training are behind Joe Louis and Billy Conn. Now, all they have to do is wait for the opening bell tonight.

The champion and challenger met when they appeared at Madison Square Garden at 11:30 A. M., Eastern Standard Time, this morning, for the official weighing in ceremonies.

Conn broke camp and stayed in a friend's New York apartment last night. He had a light workout yesterday.

Louis remained at his training camp until this morning. Incidentally, there have been rumors of a reconciliation between Louis and his former wife, Marva Trotter Louis.

Some 80 percent of the tickets sold for the Louis-Conn battle have gone to out-of-towners. New Yorkers haven't been knocking down Mike Jacobs' box-office window in an attempt to get tickets.

It may be that New Yorkers have been waiting to see what the weather prediction would be. It also is likely that many of the people who can afford to pay the prices Jacobs is charging are going to save a little money and see the bout in comfort by watching in on television sets.

Of course, there are comparatively few television sets. But most of the persons who do have such sets are planning special parties. The fight will be televised in three cities—New York, Philadelphia and Washington—and it is estimated that as many as 100,000 persons will see the televised version of the bout.

Some 600 of Washington's leaders have accepted invitations to one television showing of the bout. These include Supreme Court Justice Frank Murphy, House Speaker Sam Rayburn, and members of President Truman's cabinet—including Secretary of Commerce Henry Wallace, Secretary of Labor Lewis Schwelb, Secretary of Interior Julius Krug, and Attorney General Tom Clark.

Wolfhounds are considered to have the keenest eyesight of all dog breeds.—Sports Afield.

Lord Nelson, England's naval hero, won the battle of Copenhagen while acting against orders to stop fighting.

Schantel Will Hurl Tonight As Feds Meet Deland

Lake's Homer One Of Three Hits Made Off Ayon Driggers

AZALEA BOWL: PALATKA, June 19, (Special)—Manager Ed Levy's Sanford Cleye Feds continued to be bogged down in one of their worst hitting slumps last night as Ayon Driggers, Palatka southpaw, limited the Sanford aggregation to three hits while his mates were pounding out six blows off Jodie Howington to gather in a 4 to 2 victory.

The Azaleas came to bat in their half of the first frame and before the inning was completed, four Palatka men crossed the plate. From then on, they were unable to even threaten the Sanford portender. Howington pitched about as fast but the Sanford could do so, those hits was to muster two runs.

The initial Sanford run came in the second inning when left fielder Buddy Laks blasted one of Driggers' blows over the left field wall for a straight shot.

The other Sanford run was scored in the fourth by Lake. Tonight the Cleye Feds move into Deland for a contest with Manager Bill Fied's Deland Red Cats. Tomorrow evening the same clubs battle each other at the Monument Park in Sanford at 8:15 o'clock.

Howington pitched about as fast but the Sanford could do so, those hits was to muster two runs.

Palatka's first run came in the second inning when left fielder Buddy Laks blasted one of Driggers' blows over the left field wall for a straight shot.

The other Sanford run was scored in the fourth by Lake. Tonight the Cleye Feds move into Deland for a contest with Manager Bill Fied's Deland Red Cats. Tomorrow evening the same clubs battle each other at the Monument Park in Sanford at 8:15 o'clock.

Howington pitched about as fast but the Sanford could do so, those hits was to muster two runs.

Security Lumber Whips Robson's By 10-1 Count

13 Errors Prove Fatal To Sporting Goods Aggregation

The Security Lumber Company softball team captured its first outing in the City Softball League last night when they took advantage of 13 errors by the Robson Sporting Goods team and gathered in a 10 to 1 victory.

Harry Robson, on the mound for the losers, hurled excellent ball but lacked the backing by his mates in the field. Robson permitted the Security nine and 10 hits throughout the contest.

Junior Davis took the hill for Security and while he was being nipped for only five blows, his mates backed him up with superb play, committing only one miscue.

Security rammed over their first run in the opening inning when Cullum walked, stole second and scored on an error by Beckwith at second base. The second run came over in the third when Brooklyn was safe on a fielder's choice, took third on an error by Biehl and scored on a passed ball.

Williams scored the third Security run in the fifth when Brooklyn banged his home with a single to short right.

Robson's tallied their only run of the contest in the sixth frame when McCall singled to center field and advanced to second on an infield single by Beckwith, and scored on Pete Echols' bungle into right.

The lumbermen had their big inning in their half of the sixth. They scored seven runs off a single hit, eight Robson errors and two passed balls.

The five hits garnered off Junior Dyess, for the lumbermen were by Beckwith, Echols, Wood, Sikes and McCall. Hitting for Security were Brooklyn, Donald Dyess, George and Loma Dyess.

Score by Innings: 000 001 0-1 5 13
Security 101 017 X
10 4 1

Batteries: Robson and Sikes; Beckwith; J. Dyess and Cullum.

PRINCIPAL SCENE OF HEAVY TITLE BOUT

BILLY CONN

JOE LOUIS

BORN at Pittsburgh, Pa., Oct. 8, 1917. Turned pro in 1935. Fought Louis for the title in 1941 but lost. Won light heavyweight crown by defeating Melino Tactina by decision in 1939. Fought his last bout Feb. 13, 1942 in New York outpointing Tony Zaito, the middleweight champion. He joined the Army in 1942 and was discharged last year. He is 6 feet tall and weighs 180 pounds. His complete record shows he has won 62 fights and lost nine. He has been knocked out only once, by Louis. He has two brothers and two sisters.

BORN at Lexington, Ala., May 13, 1914. Turned pro in 1934, won heavyweight title June 22, 1942, by knocking out Jimmy Braddock in Chicago in eight rounds. Since he has successfully defended it 21 times. In previous bout with Conn he kept him in 13 rounds in New York. Fought his last bout March 27, 1942 in New York knocking out Abe Simon in six rounds. Joined U. S. Army in 1942, discharged last year. He is the second Negro to hold the heavyweight championship. Fought Johnson being the other. He stands 6 feet 11 and weighs 210.

Johnny Ray, Conn's manager

The Alaska brown bear is the most savage big game animal in North America. He is endowed with the killer instinct and will attack men without the slightest provocation.—Sports Afield.

SPORTS ODDITY

It isn't often that a comment goes publically denoted, such as his in the case of British Amateur Golf Professional Frank Stranahan, who, when discharged by his old club, James Devitt, an impartial observer, didn't blame Stranahan for the action. One American writer offers this explanation: "Devitt had become irked because Stranahan wished to practice for long hours. He had kept hitting balls until 9:00 P. M. each night, which was long after the hour Devitt wished to join his party at a nearby pub for a couple of ale."

Black bees will follow shelled apples in search of flies in the form of crayfish and other creatures which the turtles eat.—Sports Afield.

A dog's nose is not a sound indication of his condition. A cold nose does not prove he is healthy, nor does a hot nose mean he is sick.—Sports Afield.

Local Kiwanis Hear Report On National Meet

(Continued From Page One)

tion in issues that might have a that since Kiwanians represented leaders in the business world, and since in union there is strength, there is no reason for the organization not making its strength felt for things that are right.

As an instance he told of the declaration of a Florida Kiwanian who at the convention said: "We have a senator from our state of whom we are not proud," and then declared his club had wired the senator expressing the disappointment of its members that he had not taken a stand for a cause."

President Hall also told of the inspirational talk of columnist Drew Pearson upon Democratic principles, of the installation of J. N. Emerson of Washington State as new-president of Kiwanis, and of the fine attendance of the meeting from the United States and Canada.

Secretary Ralph A. Smith told of benefits derived from the conference of secretaries at the convention, of retiring president Hamilton Holt's inspirational address, of a talk on the United Nations Charter in relation to world peace by former Governor Harold E. Stassen of Minnesota, and of a fine talk by General Omar Bradley, head of the Veterans' Bureau. He described the huge \$12,000,000 arena where the convention was held with its world's largest organ. Rotary sent a huge floral gift and congratulatory telegram to the Kiwanians, he said.

Mrs. Smith and Mrs. Hall told of the fine entertainments given at the convention, especially the style shows.

Mrs. Smith told of the fine replica of Silver Springs exhibited under direction of Peter Schaaf. Mrs. Hall gave details of the style show and vaudeville, and both ladies declared the convention was delightful, interesting and inspiring.

Rural Common Sense

By Spuds Johnson

A LESSON IN EGGS

Because eggs are abundant now, are good substitutes for meat, are one of the most versatile of all foods and because they are good for folks, home-makers will do well to use them frequently in their menus. Here are some questions and answers about eggs that should be of interest to home-makers:

Are large eggs a better buy than small eggs?

It depends on the price. "Medium" eggs (average 21 ounces per dozen) are as economical as "Large" eggs (average 24 ounces per dozen) of the same grade. If at least one-eighth cheaper, "Small" eggs (average 18 ounces per dozen) are as economical as large eggs if at least one-fourth cheaper.

Is shell color—white or brown—related to food value?

Color of shell makes no difference whatever in the food value or quality of flavor of the egg inside.

Is a newly-laid egg always a "fresh" egg?

A newly laid egg that is not cooled quickly and handled carefully may lose its "fresh" qualities in a day or two. On the other hand, an egg given right care and storage may keep these qualities for several months.

Does an egg when opened show signs of "fresh" quality?

Yes. A high, rounded yolk and firm, upstanding white are signs of "freshness." As an egg loses "freshness," the yolk is flatter and the white more watery.

Should eggs be washed before storing at home?

No. Washin' removes the protective film or bloom, which helps keep bacteria and odors from getting through the porous shell. Any dirt can be wiped off with a dry, rough cloth.

Should eggs be kept cold in home storage?

Eggs deteriorate in a warm place and should be kept at a temperature between 32° and 45° F.

Does an egg contain good protein, vitamins, minerals?

Eggs provide protein in the top class with foods like meat and milk for building and repair of body tissues; iron for red blood cells, and phosphorus and some other minerals; vitamins A and D, and B vitamins—thiamine, riboflavin, and niacin.

Does orange color in a yolk always mean more vitamin A than a pale yellow?

No. Yellow corn and green feed in a hen's diet are good sources of vitamin A and tend to result in deep colored yolks. But a hen's diet low in these feeds and rich in fish liver oil may result in pale yellow yolks with just as much or more vitamin A.

Is a hard-boiled egg the same as a hard-cooked egg?

No. Eggs may be hard-cooked without boiling, and cooking at high heat toughens the egg protein. For hard-cooked eggs at their best, simmer—don't boil—the eggs 35 to 30 minutes. For all egg dishes, a success secret is to use low to moderate temperatures.

Scientists Are Protected From Atomic Pile By Lead Bricks At Opening

THE VEIL OF SECRECY concerning the plutonium-producing atomic pile at Oak Ridge, Tenn., has been lifted. The discovery that could destroy the atom bomb is now being used by U. S. scientists to benefit man. By putting elements like graphite into the pile (top), such elements become radioactive and can be used to trace the body's biological processes or to treat disease. The graphite block, which has been surrounded with lead-brick casing for protection, is removed (bottom) as a girl worker inspects its radioactivity with a special device. (International)

ACL To Share In Purchase Of 117 Streamlined Cars

The Atlantic Coast Line Railroad will share in the purchase of 117 lightweight, streamlined passenger train cars, devices of which are expected to commence during the middle of 1946, according to information received by W. M. Black, superintendent of the Jacksonville division from C. M. Davis, president of the line.

The other railroads sharing the purchase are the Florida East Coast Railroad, the Pennsylvania Railroad, and the Richmond, Fredericksburg and Potomac Railroad. The cars include 71 sleeping cars, 30 coaches, 13 dining cars and three baggage cars. Pullman Car Company was given the order for 95 cars and American Car and Foundry Company for 22.

When received, the cars will be used to completely modernize train service between New York and Florida and intermediate points. There will be three trains of this type in service.

The cars will represent the latest advancement in the fact that the sleeping cars will contain only individual enclosed accommodation without the familiar upper and lower berths of the conventional open section cars. The dining rooms will embody an entirely new type of seating arrangement to facilitate the service of new types.

Bowles Again Flays O. P. A. Extension Bill

Economic Stabilizer Hints Resignation If Congress Okeys Amended Program

WASHINGTON, June 20. (AP)—Economic Stabilizer Chester Bowles assailed anew today the Senate and House O. P. A. extension bills and called them "inflationary booby traps." At the same time, Bowles dropped a broad hint that he is prepared to resign if the amended price control program is passed by Congress.

Bowles again appealed to President Truman to veto any price extension act which is not in accord with the program of the administration to hold the line against inflation. Bowles added that a veto might then be followed by House and Senate action permitting price and rent controls to continue as they are for another year. The present price control legislation expires June 30.

Meanwhile, members of the Senate-House conference committee trying to iron out differences between the two chambers on extension legislation maintained a cooling-off period. The members said they would keep all further business secret until they have finally worked out legislation they feel will be acceptable to both houses of Congress.

Eisenhower Says Reds Want To Be Friendly To U. S.

WASHINGTON, June 20. (AP)—General Dwight Eisenhower told the House Appropriations Committee today that he believes Russians wish to be friendly to Americans. Eisenhower said there is no question, in his opinion, of the hope of the ordinary Russian that he is going to be a friend of the United States.

The Chief of Staff made his remarks during discussion of the Army Appropriation Bill sent to the House floor today.

Eisenhower said he believed that eventually we can work out the basis of friendly relations with Russia. He added: "I do not see how we can afford to do anything else."

General Eisenhower also declared he is opposed to giving away any secret of the United States, meaning the atomic bomb, until there is workable machinery for seeing to it that there will be a policy similar to our own. He offered the opinion that it will be necessary to occupy Germany and Japan for a minimum of three years.

COMMITTEE

WASHINGTON, June 20. (AP)—The joint conference committee has agreed to a compromise plan for the draft of teen-agers. Those 18 years of age would not be inducted, but those who are 19 would be taken. The committee action, a victory for the case group, was announced by Republican Senator Styles Bridges of New Hampshire.

RESIGNATION ACCEPTED

WASHINGTON, June 20. (AP)—President Truman has accepted the resignation of Philip M. Klutznick, Federal Public Housing Administrator. The resignation is effective on June 30. Klutznick, who comes from Omaha, Neb., said he was anxious to return to the private practice of law.

WHEAT FORECAST REVISED

WASHINGTON, June 20. (AP)—A mid-June survey of wheat production in the United States has led to an upward revision of the Department of Agriculture's earlier forecast of wheat prospects. On the basis of the latest survey,

BUSINESS SECTION LEVELLED BY FREAK TORNADO FURY

Crowds mill about in the business section of River Rouge on the outskirts of Detroit after a tornado struck the city by surprise, killing seventeen persons and injuring over 200 others. At right, a motion picture theatre stands badly damaged while in the foreground a crowd has gathered about a service station that has been completely ripped apart by the fury of freak storm.

Moughton Making Investigation of County Schools

Architect Surveying Buildings To Determine Repairs

Seminole County's schools are being investigated by Elton Moughton, architect, who is making a careful survey of the buildings in order to determine emergency repairs. It was announced today by Supt. T. W. Lawton, who has returned from Gainesville, where he attended a three day course for superintendent's study conducted by Prof. W. L. Johns.

Lt. Waller Stovall Is Visiting Parents

Lieut. Walter Stovall is visiting his parents, Mr. and Mrs. W. B. Stovall at 1101 Elm Ave. He is enroute to Columbia University in New York City, having been detached from the N.I.C.T.C. Unit at the University of Pennsylvania.

COMMANDERY TO MEET

Taylor Commandery No. 28, Knights Templar, will meet tonight at 8:00 o'clock. The Templar degree will be conferred. All 31st Knights are requested to attend, with or without uniform. Refreshments will be served.

ARKS PURSES BE HELD

WASHINGTON, June 20. (AP)—Representative Donald O'Toole, New York Democrat, has demanded that the New York State Athletic Commission hold up the purses of Joe Louis and Billy Conn. O'Toole wants the purses held up until an investigation can be made of last night's championship bout.

STRIKE SETTLED

CLEVELAND, June 20. (AP)—Mayor Thomas Burke has announced the settlement of a strike of 500 Cleveland City Hall employees. The Mayor said he had made no comment to the strikers—white collar workers and meat inspectors. They had asked for higher wages.

AGREEMENT REACHED

PARIS, June 20. (AP)—The four foreign ministers have virtually agreed to drop consideration of the question of Italy's colonies for one year. This has been disclosed by an American source at the four power conference.

Commission Weighing Russia's Plan To Outlaw Atomic Weapons

Program, If Adopted, Would Compel United States To Destroy All Atomic Weapons; Proposal Calls For World Convention

NEW YORK, June 20. (AP)—Members of the United Nations Atomic Energy Commission are weighing today a Russian plan for a world convention to outlaw atomic weapons.

The Russian plan has been offered by Andrei Gromyko as a substitute for the American plan advanced by Bernard Baruch. Under the American plan, the United States has conditionally offered to have her atomic secrets and destroy the atom bombs. But the Russian plan would put in force by ratification by half the nations of the world.

Moscow's plan is drastically at variance at that point with the American plan. Baruch has made it plain that the conditions set forth by the United States must be met before this nation shares her atomic know-how with the American atom bomb.

The key condition is that in all matters with regards to atomic control, the big five—America, Britain, France, China and Russia—surrender their veto power.

In addition, the United States has proposed to implement agreements only after effective world control of atomic energy is established.

The Russian plan would, within 90 days, take control out of American hands by means of an international convention.

Observers say that Russia's presentation of a counter plan has come as a surprise at this stage of the discussion. They believe it will greatly prolong the long-range problems for ultimate disposal of atomic energy as an instrument of warfare.

The UN atomic energy commission delegates will meet again next Tuesday afternoon.

TO ATTEND CAMP

Girls representing 17 groups from Palm Bay, Brevard and Seminole counties will attend a district camp during latter July at Camp McQuarrie in the Ocala National Forest, it was announced today by Mrs. Ouida Wilcox, county home demonstration agent.

ROSE SENTENCED

MONTREAL, June 20. (AP)—The Canadian Parliament's Communist member, Fred Rose, was sentenced today to six years in prison. Rose was convicted of sending information illegally to Russia during the war.

NEW SPEED RECORD

DAYTON, O., June 20. (AP)—A new speed record of 413 miles an hour has been set by an Army plane. It is the partly jet-propelled X-A-28-F. The plane flew roundtrip between Dayton and St. Louis.

PROCEEDING INSTITUTED

ATLANTA, June 20. (AP)—The State of Georgia has instituted court proceedings seeking to dissolve the charter of the Ku Klux Klan. It charges that the hooded organization is trying to "grab control of governmental agencies."

COMPROMISE REJECTED

WASHINGTON, June 20. (AP)—Senate and House conferences have rejected by a vote a compromise draft proposal that would permit the induction of 18 year olds as a last resort.

Hirohito Urges Diet To Approve New Constitution

Such Action Would Strip Mikado Of Nearly All Power

TOKYO, June 20. (AP)—Emperor Hirohito urged the Japanese Diet today to approve a new constitution which would strip him of nearly all his powers.

The Mikado also told the Diet that Japan must renounce her claims to the island of Manchuria. He said that the proposed new constitution would strip him of nearly all his powers.

Eugene Levy Serving With Airborne Unit

Cpl. Eugene Levy, 1st Airborne Division, is serving with the 1st Airborne Division in the Philippines.

SPINNING MAN ARRESTED

Deland Highway Patrol headquarters telephoned the Sanford Police Station at 2:00 P. M. today stating that an automobile with Seminole County license had been involved in an accident at Orange City. Thirty minutes later, Sanford Patrolman Cecil Buss and A. L. Tindale located the car at Second Street and Park Avenue, notified the road patrol and H. P. Hinesley of Route 1, Sanford, was arrested for leaving the scene of an accident.

PAY RAISE GRANTED

PHILADELPHIA, June 20. (AP)—An arbitration board has granted a pay raise of 5 1/2 cents an hour to the C.I.O. Hosiery Workers Union. Union leaders had asked for a boost of 12 1/2 cents. About 10,000 workers are affected by the decision.

BRITISH OFFICIAL ESCAPES

JERUSALEM, June 20. (AP)—One of six kidnaped British officers, Maj. H. P. Chadwick, escaped from his captors today. Chadwick was said to be leading a searching party of troops and police in Hucharim, the Jewish quarters of Jerusalem. The kidnapings have been attributed to Jewish Extremists.

V.P.W. TO MEET

Post No. 3282 of the Veterans of Foreign Wars will hold their regular meeting Monday evening at 8:00 o'clock at the Legion Hut on the Lakefront.

DAVIS IS DISCHARGED

ST. MICHAEL'S, June 20. (AP)—The United States Navy, according to information received today from the Naval Personnel Separation Center, Jacksonville,

Huge Peace - Time Army Appropriation Bill Sent To House

River Program To Be Discussed At Meeting Here

Geological Survey Representative To Discuss Proposals

Probable effect of the proposed program of conservation, reclamation and navigation on the St. Johns River, which passes through Sanford, will be discussed at a meeting of the Community Planning Council, 1004 Avenue C, at 7:30 P. M. today. The meeting will be held at the home of Mrs. J. W. Dugan, manager of the community planning council.

Object Of Search

The object of the search is to determine the extent of the damage to the river and to determine the best method of reclamation. The meeting will be held at the home of Mrs. J. W. Dugan, manager of the community planning council.
