### Management, Labor Pessimistic

**NEW YORK (AP)**—Roger Blough, chairman of the U. S. Steel Corporation, today put the major blame for the overblown economy on administration programs and sharply criticized President Johnson for trying to cool it by cutting tax incentives to business.

PVT. THOMAS D. Austin, 19, son of Mr. and Mrs. Homer G. Austin, R. R. 1, has completed a wheeled vehicle mechanic course at Fort Jackson, S. C. Member of Company B, 2nd Battalion, 124th Infantry, Florida National Guard, he will return to his Guard status following special training.

Blough said that the President's proposal that Congress suspend for 16 months the seven per cent tax credit for new plants and equipment "just doesn't make sense." One of the first business leaders to condemn the proposal after President Johnson made it on Sept. 8, Blough fired another blast at the plan in remarks prepared for delivery at the opening of the 50th anniversary world convention of the National Industrial Conference board at the Waldorf Astoria hotel.

**NEW YORK (AP)**—George Meany, AFL-CIO president, warned today that the nation's expansion boom may put the nation's markets with goods. "The potential for a big gap between the economy and the market is producing and its ability to buy is developing," he said.

# We Wait On The Commission

Tomorrow the County Commission is expected to make public its long-awaited road program for the coming fiscal year.

## Lyle C. Wilson Says: Day Of Mourning

This week's celebration of the 17th anniversary of the independent U. S. Air Force should be rescheduled as a day of mourning—or perhaps a day of Atonement—for misuse of American airpower.

Much that Gen. Billy Mitchell fought for 35 years ago against Army and Navy stupidity is being lost by the modern generation of Air Force brass.

German misuse of Hitler's air superiority in the British blitz did not do that. What so outraged the British people...

# Titusville Scores A 'First'

A hard-nosed group of Titusville Terriers under their new head coach, Jack O'Brien, defeated Sanford Friday night by the score of 18 to 7.

This was the first time Titusville has ever beaten Seminole High in football. Titusville threw up a stubborn defense which turned back a valiant comeback effort by the Seminoles.

The first quarter was a defensive battle, and neither team was able to get its offense working. In the second quarter Titusville scored on a 59-yard run by Phil Edwards, who kicked up a fumble and scampered around right end for the touchdown. The extra point attempt failed and Titusville led at halftime, 6 to 0.

The third quarter was strictly a defensive struggle. Neither team could generate any effective offensive drives. In the fourth quarter the Terriers took to the air and began to dominate. After a sustained drive of 28 yards, Phil Edwards hit Danny Quinn with a 34-yard scoring pass. Roger Adkinson kicked the extra point and Titusville led 13 to 0.

Sanford then roared back late in the fourth quarter when Mark Cocolo intercepted a pass on the Sanford 40-yard line. Buddy Stumpf then engineered their first successful offensive drive of the evening for the Seminoles. Stumpf hit Mike Long with a pass for a 16-yard gain and Kelly Ogden followed carrying to the 18.

Stumpf then hit Long again who caught the ball between two defenders and bulled his way across the goal line. Frank Whigham kicked the extra point to make it 13 to 7. However, this was the last successful drive Sanford could manage.

"Whenever you give the ball away the number of times as the Seminoles did as a result of fumbles, this has to be charged to the fact that a large number of these boys were playing their first varsity contest," Metts continued.

"Our weakest points during the contest were on defensive ends and the timing of our backfield."

While preparing for this Friday's game against Colonial, Metts indicated that preliminary scouting reports rate the Seminoles as one of the best in the Orlando area.

Metts said, "Outstanding individual performances were turned in by Jay Stuber, Gordon Meyer on middle-guard; Roy Dunn at center and Bill Frisby. Frisby was particularly effective on a successful reverse and in punting two pass completions from quarterback Stumpf.

SEMINOLE'S KELLY OGDEN leads interference for quarterback Buddy Stumpf as he sweeps left and against the Titusville Terriers. (Herald Photo)

## We'll Get Better — Metts

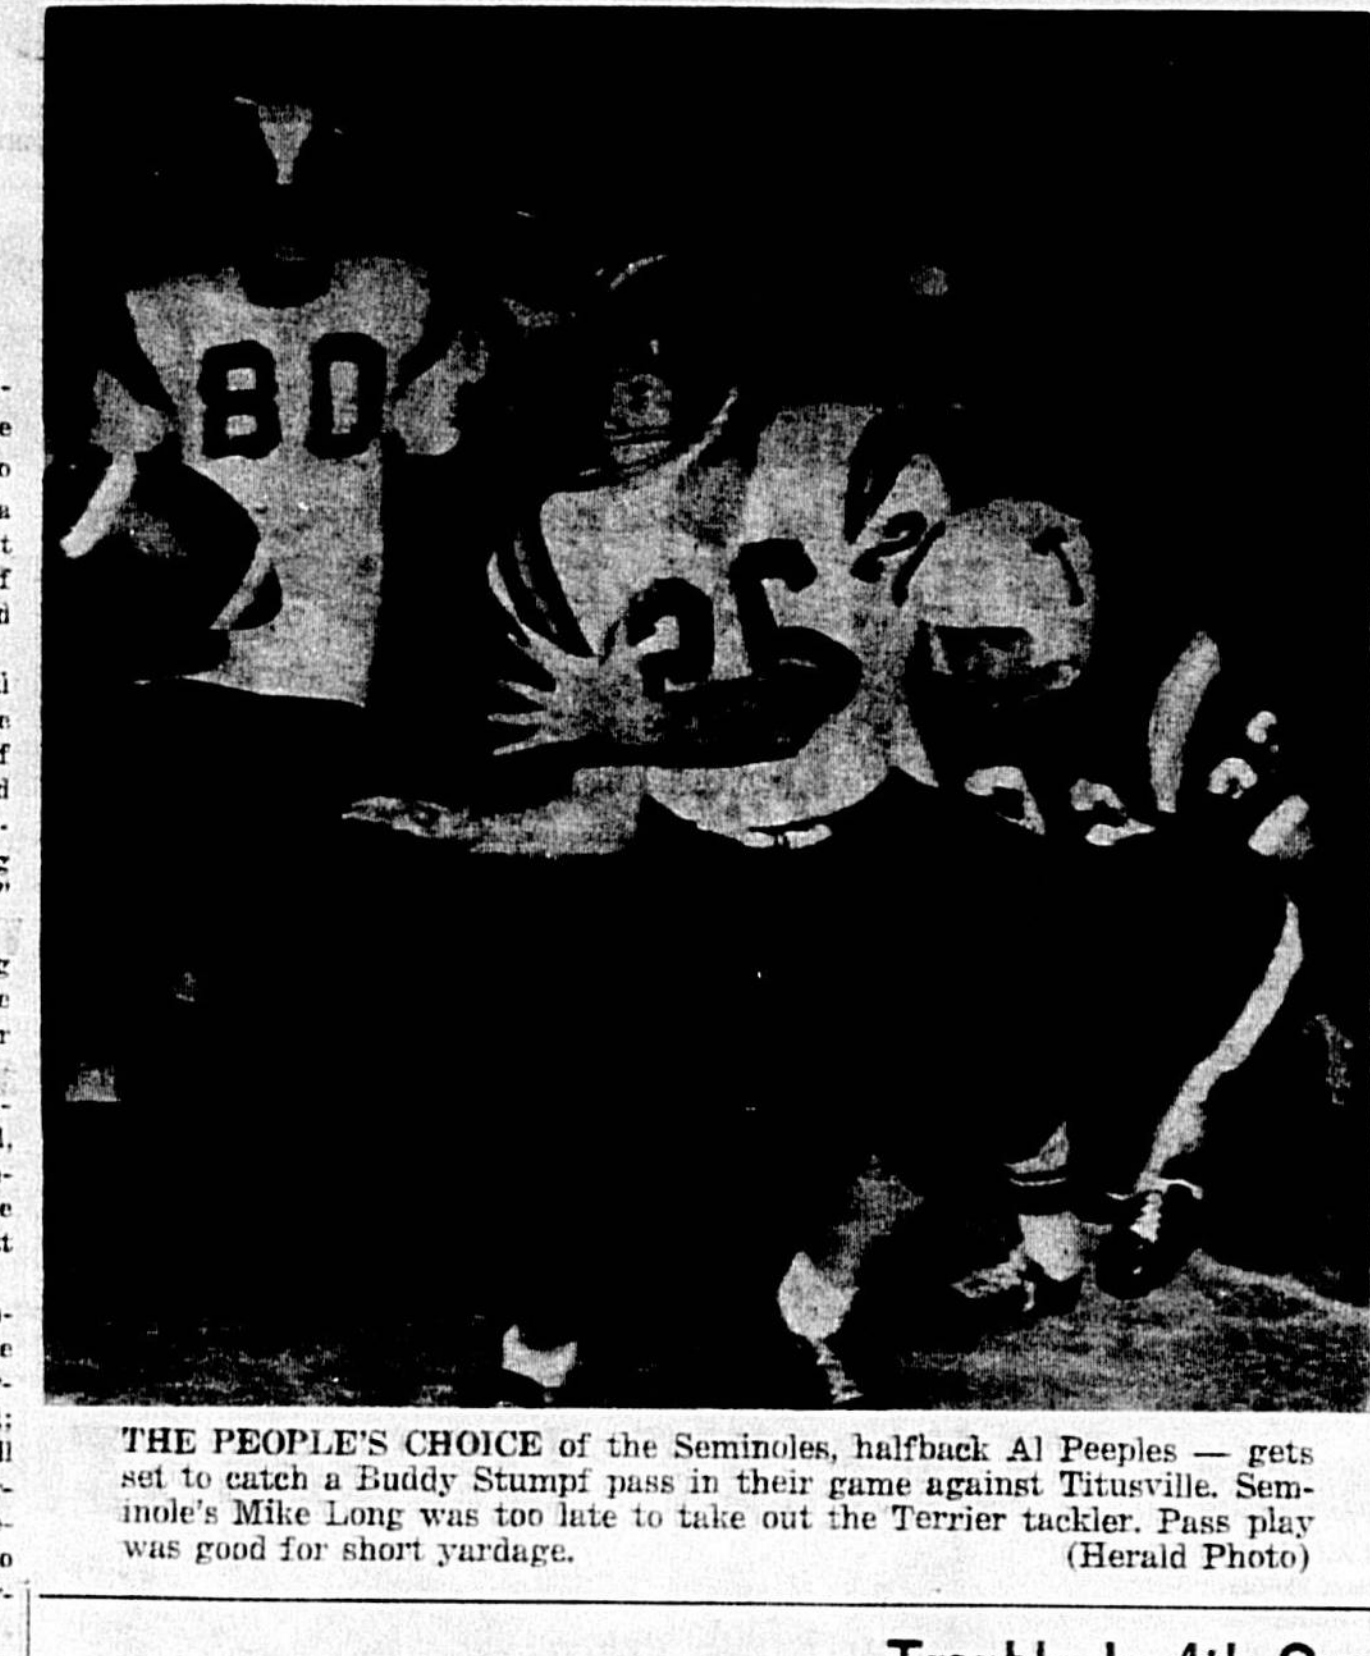

Coach Buck Metts of Seminole High School reviewed the results of their 18 to 7 loss to the Titusville Terriers with a concise statement, "We'll get better with the development of our young and inexperienced players."

"Whenever you give the ball away the number of times as the Seminoles did as a result of fumbles, this has to be charged to the fact that a large number of these boys were playing their first varsity contest," Metts continued.

"Our weakest points during the contest were on defensive ends and the timing of our backfield."

While preparing for this Friday's game against Colonial, Metts indicated that preliminary scouting reports rate the Seminoles as one of the best in the Orlando area.

Metts said, "Outstanding individual performances were turned in by Jay Stuber, Gordon Meyer on middle-guard; Roy Dunn at center and Bill Frisby. Frisby was particularly effective on a successful reverse and in punting two pass completions from quarterback Stumpf.

THE PEOPLE'S CHOICE of the Seminoles, halfback Al Peoples — gets set to catch a Buddy Stumpf pass in their game against Titusville, Seminole's Mike Long was too late to take out the Terrier tackler. Pass play was good for short yardage. (Herald Photo)

## Spurrer, Gators -- A Big Day

GAINESVILLE (AP) — Add two more superlatives behind Steve Spurrer's name and figure this football season may turn out better for the Florida Gators than most people expected.

In addition to his passing feats — which set records every game — Spurrer is a place kicker now. He was good at it right from the start — booting 25-yard and 41-yard field goals in Florida's 43-7 romp over Northwestern.

Coach Ray Graves says Spurrer's other achievement is even more valuable.

As a senior, the star quarterback has become a special leader off the playing field as well as on it.

"You should see the way he talks to his younger boys," Graves said. "He encourages them and inspires them."

The Gators demonstrated they are a cohesive team all the way, but especially in the closing minutes of their opening game.

Victory was salted away when players begged the coaches to send in a tackling squad to play with 221-pound senior John Preston scoring.

The coaches finally did and Preston went into the end zone for his big sixth point — which incidentally was the first varsity touchdown for reserve quarterback Ray Stephenson as play went on.

From the way the players warmed over Preston and Stephenson, it appeared these were the deciding points instead of fumbling on the field.

Someone presented Preston the ball or, as one player remarked, no one could get away from him.

As for Spurrer's start on the 1966 season, he's well ahead of that stage in 1966 when he gained 487 yards in 13 games including the Sugar Bowl.

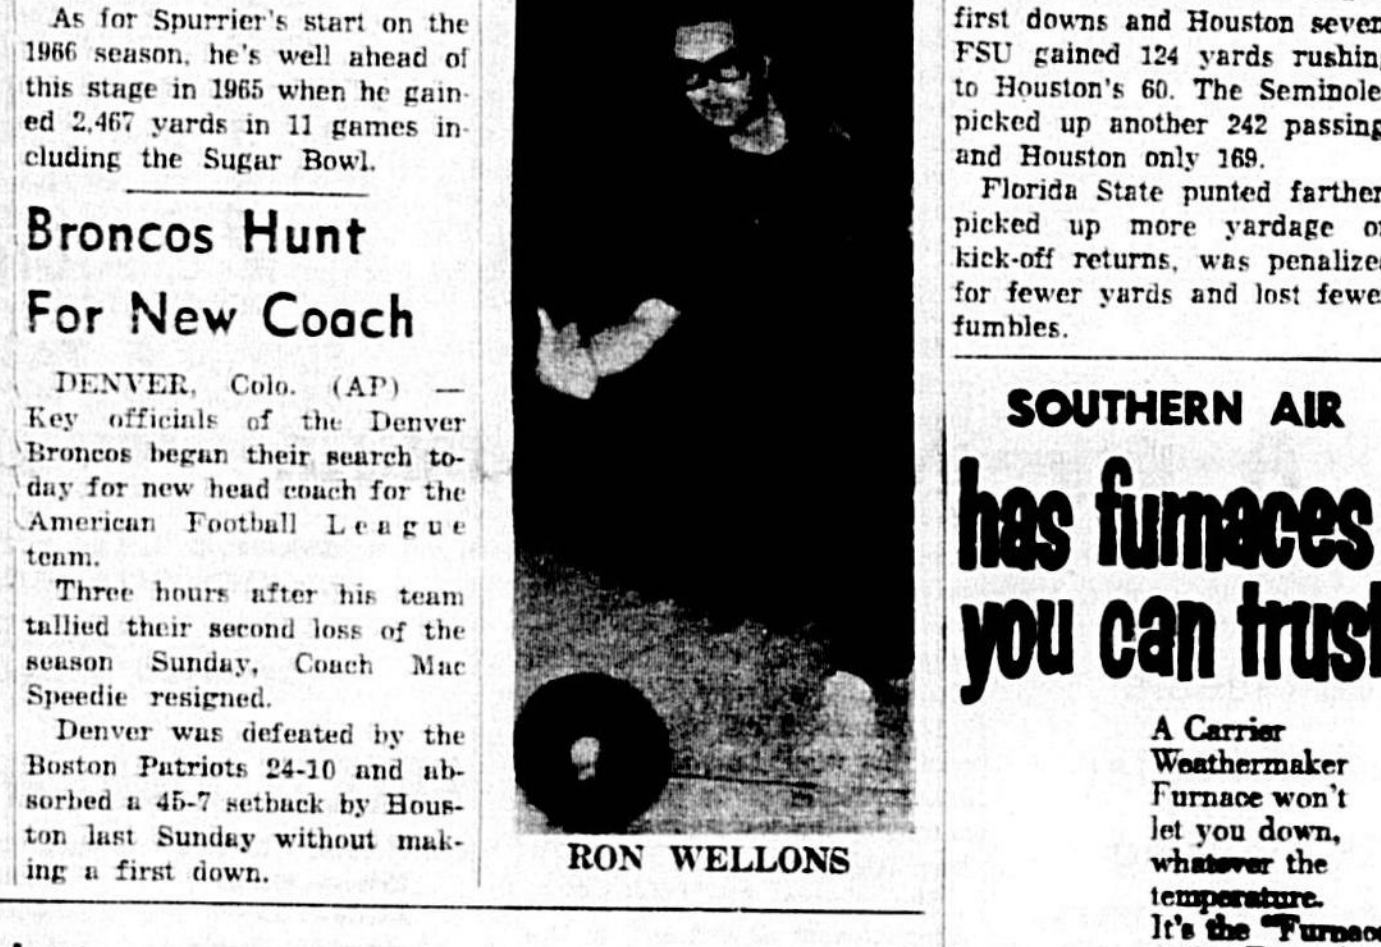

Florida State puntster farther, picked up more yardage on kick-off returns, was penalized for fewer yards and lost fewer fumbles.

### FSU Game 'Sloppy,' Says Coach

TALLAHASSEE (AP) — It was a game played by the Florida State offense and the Houston defense; but Houston was 23-3 against the Seminoles. The Seminoles' defense was sloppy, says Coach Ray Graves.

Statistics showed Houston was on the offense only 22 minutes, Florida State controlled the ball 68 minutes. FSU had 20 first downs and Houston seven; FSU gained 124 yards rushing to Houston's 60. The Seminoles picked up another 242 passing, and Houston only 168.

Florida State puntster farther, picked up more yardage on kick-off returns, was penalized for fewer yards and lost fewer fumbles.

RON WELLSONS

## Broncos Hunt For New Coach

DENVER, Colo. (AP) — Key officials of the Denver Broncos began their search today for a new coach for the American Football League team.

Three hours after his team tallied their second loss of the season Sunday, Coach Mar Sperdie resigned.

Denver was defeated by the Houston Oilers 24-10 and absorbed a 41-7 setback by Houston last Sunday without making a first down.

## Spartans, UCLA Battle For Top Spot

Michigan State and UCLA will not meet on the field this year. The big weekend of college football showed they might tangle at the top of the national rankings.

The Spartans, No. 2 in pre-season polls, swept past North Carolina State 29-10 Saturday, prompting Wolfpack Coach Earl Edwards to say, "They just had too much to us."

The Spartans might have to wait for anyone, although UCLA, No. 4, could argue it isn't.

The Bruins unveiled their 1966 edition by beating unfortunate Pittsburgh 57-14.

Michigan State, which beat UCLA in regular play last season, was before losing an unbeaten season and No. 1 ranking to the Bruins in the Rose Bowl, ground in their victory as quarterback Jimmy Hayes filled the shoes of departed Steve Juday. Ray ran for one touchdown and set up two others in the crunching at the end of the game.

Quarterback Gary Bryan is still second in UCLA polls, but lost two TDs and passed for third as he hit eight of 13 passes for 300 yards and ran for 100.

First-ranked Alabama did not play, but will begin its quest for third straight national title Saturday against Louisiana Tech.

Other teams in the Top Ten and their problems, except Auburn, expected to contest Michigan State for the Big Ten crown.

The Bollweavers agreed by his University on Bob Griese's scoring passes in a 33-13 rout for their outflank with late Steve Durren, No. 6, Saturday.

UCLA's chief competition, southern California, needed a split, squashed by Texas as

## Wildcats Rally To Overtake Lyman In Opener

The Wildwood Wildcats rallied for a pair of touchdowns in the fourth quarter Friday night to earn a 12-7 victory over Lyman in the season opener for both teams in Wildwood.

Coach Dick Copeland's Greyhounds of Lyman clung to a 7-0 lead at the outset of the final quarter, but the Wildcats, led by Lovery, performing in a starting role for the first time, led the Wildcats to paydirt twice in the closing minutes to hand defeat to the Greyhounds.

Lyman had numerous scoring opportunities in the Orange Bell Conference affair but were the victims of their own mistakes. The "Hounds lost the ball three times on fumbles, twice on pass interceptions, and 86 yards in penalties.

The only Lyman score came in the second period on a 20-yard scamper by senior halfback Bob Eldridge. The "Hounds" were kept in the game by the running of Eldridge and fullback Paul Lambert, had moved the piskin to the Wildwood seven after a 42-yard punt return by Eldridge had put the team in position in "Cat territory." The drive was stopped by one of the evening's three Lyman fumbles. Their own. Bruce Stuart kicked the point after touchdown which gave the "Hounds a 7-0 margin.

The Lyman TD remained the only score until Lovery, a junior, got the OBC champs moving late in the third period.

The "Cats" received a Lyman fumble on their own 31. Lovery then combined with fullback Johnny Harrison on a 34-yard pass play which moved the ball to the Lyman 95. On the final play in the third, halfback Terry Maier slipped through the line to the "Hound 24" with an 11-yard gain. A three yard run by Maier and a well executed option play by Lovery moved the "Cats to the Lyman 11 where Lovery again connected with Harrison for a touchdown.

The PAT attempt was stopped by Lyman and the "Hounds still led 7-0.

Following the kickoff however, Copeland's crew were plagued by fumbles and forced to punt on four down from their own eight. The kick by Stuart was short and the Wildcats recovered possession of the ball on the Greyhound 30.

Lovery ran for 25 yards in two carries and halfback Butch Watkins hauled over from the four for what proved to be the winning TD. With five minutes remaining, the Lyman 11 Maier slipped through the line to the "Hound 24" with an 11-yard gain. A three yard run by Maier and a well executed option play by Lovery moved the "Cats to the Lyman 11 where

## Tennis Title At Stake In Jaycee Play

The Sanford-Seminole Jaycees are sponsoring a part of a national 1966 Jaycee Tennis Tournament with Miss Emma Spencer, tennis enthusiast and instructor serving as hostess.

The JC's hope to stimulate interest in the sport of tennis by inviting all youngsters under the age of 18 to participate in this program.

The Sanford event will begin today and continues through the week at which time a Junior Tennis Championship will be crowned. All play will be staged at the Ocala Drive in Sanford with the winner to represent the Sanford-Seminole JC's at the state eliminations.

Best Soccer Team — HELSINKI (UPI) — Finland established itself as the best Scandinavian soccer team this year by edging Denmark 2-1 Sunday.

## Doubles Tourney Jonas, Smith In The Lead

Two 1872 series, including handicap, by Orlando's Doug Jonas and Charles Smith loomed bigger and bigger in the top spot of the First Annual Men's Doubles Tournament at Jet Lanes.

This tourney, which has only one more week-end to run, now has more than 400 entries competing for the \$750 guaranteed prize money for the top two positions.

With Jonas and Smith gaining a more firm hold on the \$500 top prize, a battle for the number two spot worth \$250 has developed with two teams being at 1966 — Jerry Carlton and Ron Wellons of Tampa and the team of Truman Sharp and Pete Narkates of Merritt Island.

The high scores rolled by Sharp and Narkates is all the more remarkable considering that their averages are only 147 and 133, respectively.

The doubles action will resume again on Friday at 8 p.m. and continue on Saturday and Sunday with the final squad set for Sunday midnight.

More than 200 entries in this week-end which should produce a total of approximately 600 bowler teams by next week-end. This would make it one of the largest bowling tournaments run in Central Florida with an overall prize purse of nearly \$5,000.

The team of Art Bourles and Jerry Arthur of Deltona are in 12th place in current standings and the team of Doug Owens and Buddy Welch of Sanford are 14th in standings.

The individual weekly prizes for high game scratch by an individual and high series scratch by individual were captured by the team of Carlton and Wellons.

Carlton rolled the high single by putting six strikes in a row and finishing with a 214 game. This is the highest single game rolled during the three weeks of competition.

Wellons set up still another high score in the closing minutes of this time period, was composed of games of 210, 211 and 224.

## Meredith Stuns Giant Eleven Dallas -- Team To Beat In NFL?

By THE ASSOCIATED PRESS

Football buffs in the Southwest used to call it Southern Meredith University. Next thing you know they'll be saying that Big D stands for Dallas.

Don Meredith, probably the most celebrated graduate of SMU since Doak Walker, threatened to take Dallas' nickname for his own Sunday when he threw five touchdown passes on route to the Dallas Cowboys' 52-7 humiliation of the New York Giants.

The overwhelming triumph in Dallas' National Football League opener — the Cowboys' 52-7 win over the Giants — was made last week when the rest of the teams opened — stamped the team as the one to beat in the Eastern Conference.

The Cowboys' victory looked even bigger when Green Bay knocked off Cleveland, the other big favorite in the East, 21-0. Pittsburgh surprised Detroit 17-13. Philadelphia handled Atlanta 23-10. St. Louis took Washington 27-10. Baltimore won Minnesota 38-23 in the other Sunday games.

The Los Angeles Rams upset Chicago Bears 21-17 Friday.

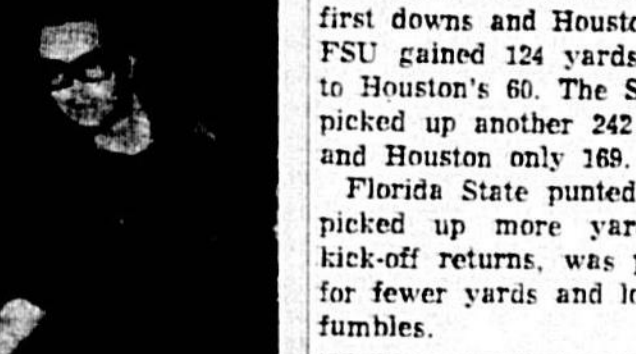

Meredith, 28, and in his seventh season as a pro, appeared to be, at last, reaching his potential as a professional quarterback.

He completed 14 of 24 passes for 388 yards and five touchdowns, set up still another touchdown with a 12-yard run and played less than three full quarters in the Cowboys' rout of New York.

"Meredith played as near a perfect game at quarterback as I ever saw," said Coach Tom Landry. "He was in command all the time, moved the team with great confidence, made only one poor pass and all-in-all played the best game of his career."

He whited away the time playing catch with Bob Hayes and Dan Reeves. Hayes caught six passes for 185 yards, including touchdowns of 74 and 30 yards. Reeves took six for 120 yards, including touchdowns of 2, 1, and 19.

Baltimore's veteran Johnny Unitas had a passable afternoon, too. He hit on four touchdowns passes after the Colts had

JIM TAYLOR

## A Big Day For Namath

By THE ASSOCIATED PRESS

Quarterback George Blanda of Houston is thankful that mammoth defensive tackles Ernie Ladd and Pat Holmes are on the Oilers' side.

Quarterback Joe Namath of New York was thankful Sunday that the Oilers' Ladd and Holmes are on the Oilers' side.

With Ladd and Holmes out of his way, Namath fired five touchdowns passes as the Jets annihilated the Oilers 52-13 and gained the distinction of being the only unbeaten team in the American Football League's Eastern Conference.

Before the game, the Jets thought they would have more than a little trouble with Ladd, Holmes and Pat Holmes, who are 6-foot-5 and 285 pounds. "It's sure nice to have those big fellows on your side," Blanda had said.

Once the Jets' offensive line got started, it didn't matter.

# Dodgers' NL Lead Trimmed -- No Panic -- Yet!

By THE ASSOCIATED PRESS

When the rain finally fell in Los Angeles, it was little and too late for the Dodgers.

Philadelphia's Larry Jackson was putting the wraps on a 4-0 lead over the National League leaders Sunday when a downpour halted play for seven minutes at the start of the ninth inning.

The Dodgers have learned to live without runs — they had been shut out 14 times this season before Jackson blanked them. And Pittsburgh's 3-1 victory at San Francisco, which trimmed their lead to 1 1/2

games, caused no panic in the Los Angeles clubhouse.

But rain was something else for the Dodgers.

They have never had a home game since migrating west from Brooklyn nine years ago. Sunday's rain delay was the first they've ever had to sit out at Dodger Stadium.

When the rain let up, Jackson mopped up his 13th victory and fifth shutout of the year. The rubber arm, 35-year-old veteran, scored seven hits and allowed only one Dodger runner past second base.

Meanwhile, Woody Fryman, who had not pitched a complete game in two months, tossed the Giants on four hits, fanning the batters in the ninth.

The rookie left-hander beat Gaylor Perry, who has been unsuccessful in seven straight starts since becoming the first 20-game winner in the majors four weeks ago.

Houston swept a doubleheader from New York 9-2 and 6-1; Atlanta ripped Cincinnati 9-4; and Chicago edged St. Louis in other NL action.

Chicago nipped Baltimore 4-3; Cleveland topped Detroit 6-5 in 10 innings; Minnesota downed New York 5-3 in 10; California beat Boston 5-3, and Washington shamed Kansas City 1-0 after bowing 3-0 in the completion of a suspended game.

The Phillies scored all their runs in the third inning, chasing LA starter Claude Osteen, who had won three in a row. Cookie Rojas drove in two runs with a single. Dick Groat punched a run-scoring single and reliever Bill Swager balked the last run.

Jackson walked two and struck out three in boosting his record to 15-14 and shutting out Los Angeles for the second time this year.

The Pirates kept Perry, who third Pittsburgher in the fifth inning.

Fryman, 12, set down the first nine men he faced, gave up a single by Fuentes in the fourth and did not yield another hit until Jim Davenport singled in the eighth.

Sanford Herald Sept. 10, 1966 — Page 7

spotted Minnesota a 16-0 lead, leading Baltimore from behind and breaking Y.A. Tittle's old career touchdown pass record.

He connected through of 83, 40, 28 and 4 yards for a career total of 214, more than Tittle's old mark.

Baltimore, however, remained a full game behind Western Conference co-leaders Los Angeles and Green Bay when the Packers' Jim Taylor crashed over for the deciding touchdown against Cleveland with three minutes left.

Taylor scored on a nine-yard swing pass from Bart Starr, sidestepping two defenders on his way to the goal line, culminating an 85-yard drive and putting the Packers ahead for the first time.

The loss dropped Cleveland well back in the East, now dominated by St. Louis. The Cards came back behind the Redskins with 17 points in the last quarter, two touchdowns being set up on fumble recoveries and Jim Bakken kicking his third field goal of the game.

## Moss Didn't Enjoy Panther Win

By THE ASSOCIATED PRESS

Rodger McFarland set a CFL record by pilfering four Panther passes, while all-league line backer Sam Fernandez intercepted another.

The victory, achieved on a 27-yard field goal by Don Jonas with 13:02 gone in the sudden-death overtime, also marked the first overtime victory for Coach Moss.

Rocket Coach Ken Carpenter wasn't particularly disappointed with his team's performance.

# Decorative Ceramic Tile Adds Elegance To Home

By ALLEN SNOODY

Newspaper Enterprise Assn.

NEW YORK — (NEA) —

A material used by the ancient Egyptians to decorate their buildings is experiencing a revival in the home. This is ceramic tile and the term includes glazed wall tile, ceramic mosaics for floors and walls and quarry tile for floors.

Like so many building products for the home, ceramic tile is undergoing a metamorphosis. Sometime during the last 7,000 years ceramic tile became part of the home and was used in design and color when compared to its ancestor unearthed by archaeologists in royal tombs and cities.

In the United States a trend for many decades was for tile manufacturers to make only "safe" tiles in neutral, go-with-anything colors. However, the growing interest in better, more colorful design for home decorating is having its effect on this industry as it has

demand. These are in step with the growing use of color throughout the home.

Larger-sized wall tiles, for example, have brightly colored surfaces. Many designs are recognizable, from abstract Chinese symbols to Currier and Ives prints or Delft designs. Glazes may be bright gloss or matte finish, or unglazed for the overall design effect.

Behind the growing use of such tiles in the home is the boom in remodeling. This \$15-billion-a-year business tends to focus attention, the Council says, on redoing a particular room and tile often is being used to perk up floors in living, dining and family rooms, bedrooms, dens and outside. Decorative murals as panels to break up a wall of windows or create an effective entrance to a home are becoming popular, the American home-maker wants more than ever to be surrounded by beauty.

Some ceramic tiles remain flat but others are three-dimensional or flat with a three-dimensional effect when installed in a combination of shapes and colors. The range of colors, too, has expanded, the Tile Council expert continues. Even though pastels are popular, bright hues such as cobalt blue and tans are in

An outstanding group of oil and water color paintings by Gary Gustaf is on display at Sanzar's during the month of September. Gary is a Photographer 2/C in the Navy and is stationed in Sanford.

He has studied at the Famous Artists School and the Minnesota Art Institute. He won first award in Still Life at the Sanford Art Association show last February and it is interesting to note that when his picture won the award, he was in Viet Nam.

At the recent show in Casselberry he won second and third awards. When he has completed his service in the Navy he plans to make art his career.

## North Orlando Garden Club Outlines Season's Events

MRS. JACK RIDDLEY, right, pours punch for Mrs. James Vernetti, a guest at the first meeting of the current season for the North Orlando Garden Club.

By MARILYNE PETERSON  
North Orlando Garden Club held its first meeting of the season at the home of Chaplain, Mrs. George Duquette, on South Cortez Avenue.

The club members voted to sell Christmas cards and to hold a silent auction in November as fund raising projects. Secretary, Mrs. Ralph West, announced all members are invited to a workshop given by the Florida Federation of Garden Clubs. The workshop will be held at the Sanford Garden Club on Sept. 29. Instruction will be given in making orchid corsages, pine needle weaving, and various other crafts.

All participants are requested to bring an orchid and two and one-half yards of ribbon. If any member is unable to obtain an orchid come anyway, as many of the Longwood members raise orchids and there will be extras available.

The ladies also voted to hold a Flower Show in April, date will be announced later, and to hold a Halloween Party on Oct. 29 at the Billy Pilbeam residence. All members must be masked.

Program chairman, Mrs. George Duquette, announced the workshop project of the year will be a terrarium, or fish garden.

At the close of the meeting, secret pals were chosen for the year, and last year's secret pals exchanged gifts and identified themselves.

The next meeting will be held at the residence of Mrs. Raymond Ware, on Oct. 13, and the board meeting on Oct. 26, at the George Fuller residence.

## Mrs. J. Cohen Guest Of Honor At Fete

By MRS. H. L. JOHNSON

The lovely home of Mrs. James Lee on Narcissus Avenue was the scene for a stork shower recently. The honor guest for this delightful gathering was Mrs. Jimmy Cohen (nee Martha Cleo Teston).

The spacious home was open en suite for the occasion and was decorated throughout with red roses.

The dining table was overlaid with an extra lace cloth and was centered with a bowl of red roses. Each end held rose can-dleholders with pink candles.

A bounty of gifts was presented to the honoree in a basket lined with white satin liner decorated with pink roses which was the gift of the hostesses.

Various games were played with Mrs. Margaret Warner being the winner. Much laughter and gaiety reigned while the excited guest of honor opened her many gifts.

Mrs. Lee, assisted by Mrs. Fred Howery and Mrs. Kermit Wallstedt, served three superb punch, cake, mixed crackers and nuts to the Mmes. Thomas, Inez Sessions, Robert Mallet, Robert Bramley, Annabelle Innes, Bertie Russell, Margaret Warner, Ed Riehey, Elizabeth Arnold and Nellie Nelles.

Also the Mmes. Thomas Arnold, Inez Sessions, Robert Mallet, Robert Bramley, Annabelle Innes, Bertie Russell, Margaret Warner, Ed Riehey, Elizabeth Arnold and Nellie Nelles.

DECORATIVE CERAMIC tile comes in many shapes and colors now to add touches of elegance to the home. The dining area (left) has a floor design made possible through use of some triangular shaped tiles. Rectangles, hexagons and octagons also are available for floor and wall designs. Firms offer new kitchen and bathroom theme tiles (right) and tiles with some design like the two at bottom left for people to make their own customized patterns.

**BE MILITARY**  
Young women will want another pantsuit this fall—one of the military kind. Complete with epaulettes and high collar collar. It takes its tailoring like a soldier. Don't forget to complete the look with the right shoe style. Most preferable is in suedeed pigskin.

Mash a small wedge of blue cheese or Roquefort and add it to mayonnaise thinned with buttermilk for a quick-and-easy salad dressing for wedges of lettuce and sliced tomatoes.  
Ever add minced anchovy fillets (drained) to French dress-ing for a tossed salad? Just make sure the dressing you use does not contain sugar.

## MEDICAL NEWS

After nine months' meticulous study of the efficacy and safety of the oral contraceptive, the Food and Drug Administration's Advisory Committee on Obstetrics and Gynecology recommended recently that the present four-year limit on prescription of the pill for an individual be ended. The Committee urged that doctors be free to prescribe the pill for as long as they believed it safe and beneficial.

Dr. James Goddard, FDA Commissioner, said that in accordance with the recommendation the time limitation will be rescinded.

## Xi Epsilon Sigma Selects Betty McKee Valentine Girl

"Conversation" was the title of the first program presented when members of Xi Epsilon Sigma chapter of Beta Sigma Phi held their first meeting. This is a newly formed Exemplar chapter of Beta Sigma Phi. The members thoroughly enjoyed the program for the evening as well as chatting over summer events and making plans for the new year.

The meeting was held at the Greenbriar home of Betty McKee (Mrs. Bob) McKee and was conducted by the president, Pat (Mrs. Tom) Larson. Other officers are Kay (Mrs. Art) Lee, vice president; Betty McKee, recording secretary; Betty (Mrs. Jack) Erickson, corresponding secretary; and Joanne (Mrs. Walt) Bohannon, treasurer.

Refreshments were served by the hostess to the following members: Pat Larson, Joanne (Mrs. Dan) Butler, Kay Lee, Betty Erickson, Peggy (Mrs. Cameron) Lawrence, Betty (Mrs. Paul) Lewis and Joanne Cameron.

Dermatoglyphics, the study of skin patterns, seems to be one of the increasingly important ways of detecting birth defects, according to the Journal of the American Medical Association.

The crease patterns on an infant's palms and feet are formed during the first three months of pregnancy and remain unchanged thereafter. In normal, healthy infants the palm prints follow a similar pattern. Variations in these patterns, scientists have observed over the past few years, may give clues to disease.

Investigators studying the palm prints of newborns at the University of Minnesota and New York's Downstate Medical Center have detected infants damaged by German measles (rubella) which had been contracted by their mothers in the first three months of pregnancy. There is also some evidence that congenital heart disease might be detected by means of dermatoglyphics.

# Florida Solon Leads Fight To Strip Chairman's Powers

WASHINGTON (AP)—Rep. Sam M. Gibbons says nothing Negro leaders can do will keep Rep. Adam Clayton Powell from losing his chairmanship powers of the House Education and Labor Committee.

Asked about plans for a rally in New York City Tuesday in Powell's behalf, Gibbons, a Florida Democrat, said, "I don't think it would have any effect on the outcome of the vote."

About offers by some Negro leaders to picket the homes of committee members known to be against Powell, a New York Democrat from Harlem, Gibbons said in an interview: "Anything like that involving members of Congress is fraught with danger. You don't threaten people who are in the highest law-making body in the land and perhaps the most important in the world. Congressmen are not intimidated. Each man votes according to his conscience."

Gibbons is the leader of a group of committee members who say they have the votes (at least 16 on the 21-member committee) to transfer Powell's powers as chairman to six subcommittee chairmen. The move is to be made Thursday.

Powell, a Negro, preached Sunday at Harlem's Abyssinian Baptist Church where he is pastor and announced plans for Tuesday's rally at the A. Philip Randolph Institute, Randolph head of the AFL-CIO Sleeping Car Porters Union, is to be rally chairman.

Powell's sermon was on Daniel in the lion's den. It contained no political remarks.

But at the end of the 90-minute service before about 2,000 persons, Powell said of the committee members' move against him: "This is the reward I get for excellence."

He said he has been called "the best chairman on the Hill" by Presidents John F. Kennedy and Johnson and by House Speaker John W. McCormack.

Fifty-four major bills were passed during his chairmanship, he said.

Powell could not be reached for comment on Gibbons' statements. An aide to Powell said only, "I'll all come to pass on Thursday."

A Powell spokesman said previously that Powell has tried to discourage any demonstrations in Washington.

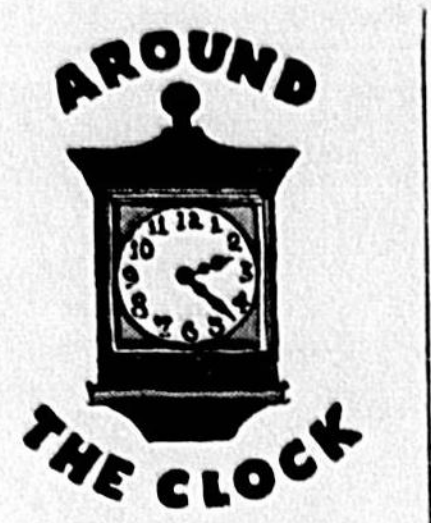

The Sanford Herald Page 14—Sept. 19, 1966

view that he has received "a tremendous response" in support of his move against Powell. Much of the support has come from Negroes, he said.

"They (the Negroes) feel that this man has betrayed the trust he could have been of such great help to them," he said.

## More Wage Earning Power Revealed Personal Income Soars Here

Total personal income of all Seminole County wage earners has risen 46 per cent in the past 10 years, statistics from the Florida State Employment Service show.

In 1954, the average family of four had an income of \$4,036. Present figures show that same family earning \$5,880.

In 1954 all Seminole County employed persons earned \$31,668,000, with a population of approximately 40,000 persons.

Today, with the population increased to nearly 70,000, total earnings total \$98 million.

Yearly comparisons of the non-farm wage and salary workers' earnings to reflect consistent growth in the Seminole County economy. Job gains were centered in trade, service and finance industries. These groups added more workers to meet demands of the increasing population.

Figures show the county is close to full employment with only 700 persons out of a labor force of 15,000, unemployed, and this figure is expected to drop as fall crop harvesting gets into full swing.

Out of the 14,200 employed persons, only 1,100 are employed in agriculture as the county economy swings more and more to non-agricultural jobs.

Figures show 10,660 persons in non-agricultural establishments and 2,500 whose income is derived from other sources such as interest and dividends, rentals, retirement pay, military pay, welfare, unemployment insurance and other private sources.

Other employment is in trade and commerce, civilian government, services, manufacturing, construction, transportation, communications and public utilities, finance, insurance and real estate.

The City Commission will meet in special session tonight and is expected to reduce the general operating budget by one mill, The Herald learned today.

Mayor Al Wilson, at a special adjourned meeting of the board last night proposed that appropriations for moving the zoo and a new street department building be lopped off the operating budget and that both projects be postponed "until other funds are available."

Indications are that Commissioners Joe Baker and M. L. Raborn will go along with Wilson's recommendations.

Last night the board met to review written complaints on the city tax roll. During the meeting Wilson vacated the mayor's chair to make the motion and the board decided to table action on his proposal until the meeting tonight.

Commissioners Earl Higginbotham and Vincent Roberts are expected to stand fast on the zoo and street department improvements.

The zoo appropriation is \$20,000 while the street dept. project is listed in the budget for \$20,875.

In special meeting last week the board reduced the debt service millage. Proposed general government budget, minus debt service was \$1,024,350. Cuts in the budget, plus an expected increase in taxes reduced this by nearly \$20,000.

Present millage is 18 mills, with 12 mills in general government and six in debt service. A cut in the debt service millage last week reduced it to five mills and the proposed cut in general government millage would reduce it to 11 mills, cutting the overall millage from 18 to 16.

### Wilson's Statement

"We are known generally I think as a forward looking, progressive minded commission. We have several projects now underway, that a short time ago were only dreams. . . . But in order to have the public support that we need in order to make these dreams come true, we must at times, either leave off or postpone some of the desirable projects that we plan, and stick with the necessities, in order to balance a realistic, reasonable budget, for a reasonable tax minded public."

Action taken at our last meeting proposes that we enter into a full re-assessment of all property within the city at the earliest possible moment to take effect next year, with a corresponding roll back of millage.

In so order to prepare the way for this I would suggest that in view of the appraisals so far that, in keeping with future plans, we do just that, this year. . . .

That we decrease our proposed budget by deleting account No. 4374; appropriation for relocation of the zoo in the amount of \$20,000.00, and account No. 4772, building construction in the street department, in the amount of \$20,875.00, both of which can be postponed until our general operating budget, in line with future planning, so as not to work undue hardships at this time upon a good segment of the citizens of our city.

We realize that inequities exist, but that is no reason to push for projects that can wait, and at the same time, impose further inequities without some form of relief upon those most affected, just in order to get the job done a year earlier.

I firmly believe that the action as just outlined will have both public support and approval of our taxpayers as a whole, and I so offer this procedure as a motion at this time."

## Law Enforcement—What The Cost Is

Law enforcement is the second most expensive commodity paid for by the taxpayers of Seminole County, exceeded only by the cost of public education.

Total expenditures for local law enforcement, including municipal police forces and the county sheriff's department but excluding state and federal units is more than \$500,000 per year.

The sheriff's department budget for the 1966-67 fiscal year was \$220,000 which costs each man, woman and child in the county about \$3 for this service.

Per capita costs for police service in the municipalities are led by Sanford with \$10; Casselberry \$7; Oviedo \$6.70 and Altamonte Springs \$4.50.

Proposed budgets for the various departments during the new fiscal year for Sanford is \$225,000 and for Longwood \$34,500.

Budget totals during the 1965-66 fiscal years for Casselberry were \$27,000; Altamonte Springs \$16,000 and Oviedo approximately \$13,000.

Included in the Oviedo, Sanford and Casselberry budgets are expenses for operation of jail facilities.

Per capita figures are based on a county population of 70,000; Sanford 22,000; Longwood 3,500; Casselberry 4,000; Altamonte Springs 3,500 and Oviedo 2,000.

## The Day The Rains Came...

Seminole County was drenched with nearly two inches of rain in a little more than an hour Monday evening. Official record precipitation at the Central Florida Experiment Station.

Only minor trouble from the storm were reported throughout the county.

Lightning knocked down a telephone pole in the south end of the county, the sheriff's office reported. A hole was washed in Mangrove Avenue, near Loomis, a member of the Bear Lake Community Club, Mrs. Hazel Loomis, wife of the club's vice president, has gone on record as being definitely opposed to creation of a fire control district being pushed by the Forest City Volunteer Fire Department in her area.

Addressing the club at its opening meeting of the season, Mrs. Loomis stated, "We will be happy to have the Lockhart department continue giving us protection," suggesting that "once a tax is added, it will never be dropped." She urged residents to "be sure what you vote on this November. . . . talk it over with your neighbors."

Petitions were being circulated by the South Seminole Jaycees and the Forest City Volunteer Fire Department to have the two fire control districts created, but when the petitions were not presented to Mrs. Camilla Bruce, supervisor of elections office by last Friday, time ran out for certification of the petitions.

## Push Fire District Plan For Ballot

It is still possible that the question of fire control districts for the unincorporated areas in South Seminole County and in the Bear Lake-Forest City area may be placed on the ballot for the Nov. 8 general election, according to latest information available at the Supervisor of Elections' office.

County Attorney Harold Johnson will report to the County Commission next Tuesday that the intent of the legislation concerning fire control districts as interpreted by Sen. Mack Cleveland is that proposed fire control districts shall be placed on the ballot if petitions containing the required number of 26 per cent of freeholders is presented. It also may be placed on the ballot if the county commission desires to do so, Johnson says according to Cleveland's interpretation.

Cleveland was unavailable for comment.

## Predict Mass Growth For Seminole

A 5.4 per cent increase in the rate of growth, higher than any of the other seven counties in the East-Central Florida area, is expected in Seminole County by 1972, according to latest report from the East-Central Florida Regional Planning Council.

The average annual change in the population in Seminole is expected to increase by 7 1/2 per cent.

Rate of increase here in the population between 1960 and 1966 was exceeded only by Brevard County, the home of Cape Kennedy.

## Boosters Club Needs Your Help

We tried to get the net loss the hospital incurred during the past year from welfare patients. The administrator said he didn't know. . . . The comptroller stated he could not give us that information. . . . The circuit court clerk said to call the hospital administrator. . . . All around the mulberry bush. . . .

## Boosters Club Needs Your Help

Figure this out — On Sept. 13 The Herald ran a legal ad from the city saying the Civil Service Board is accepting applications for water distribution superintendent. . . . The very next day we ran a front page story that a new man was hired. Pretty fast work, eh?

Oh, yes, in that legal it said all applications must be in City Hall not later than Sept. 28.

So, how come we have a new water superintendent already?

The high price of copper. . . . Deputies looking for some things who stole copper lines from the Atlantic Coast Line out by Markham Rd. . . .

## GOP Making Strong Bid For County Seats

It's 45 days to general elections, Nov. 8.

With 15 days left to register, only 20,967 out of a potential 40,000, are registered to vote.

Out of the less than 21,000 registered about half will bother to go to the polls on election day.

To be eligible to vote, persons over 21 must have resided in the state one year and in the county six months. It is not necessary to be a property owner — this is a general election.

Republicans are making strong bids in three county races—two school board races and state representative.

Dr. John Darby, school board candidate from District 1 is opposed by Republican Mrs. Jean Bryant while incumbent school board member Donald Bales of District 5 is opposed by Republican A. F. Keeth.

Hep. W. H. Reedy of Oviedo, democratic incumbent for state representative Group 1 is opposed by Charles Beals, Republican, of Clermont. Group 1 has a Lake County residency requirement.

Unopposed for Group II for state representative is Sen. Mack Cleveland Jr. This seat has a Seminole County residency requirement.

Thomas McDonald is unopposed for the District III seat. This can be a resident of either Lake or Seminole County.

In the county commission race, John Alexander of Sanford is unopposed for District II and Robert Parker is unopposed for the District IV seat, currently held by Mayor Lee Gary of Oviedo.

In the city of Sanford, the seats of Commissioners Earl Higginbotham and A. L. Wilson will be open in the Dec. city election. Qualifying deadline is Nov. 18.

Seminole County voters must also approve new Justice of the Peace Districts, re-drawn because of redistricting of the commissioners districts in 1965. JP districts must conform to precinct lines, which have been changed because of changes and increases in population.

Thirteen proposed amendments to the state constitution will be before the voters for approval or disapproval.

On Sept. 18 voters will be asked to choose between Sherman Smith Jr., Democrat, and Spencer Cross, Republican, for Judge of the appellate court in the Fourth District of Appeals and in the gubernatorial race, Robert King High, Democrat and Claude Kirk, Republican.

State Attorney General Earl Faircloth is opposed by Republican Ellis Rubin and State Insurance Commissioner Broward Williams is challenged by Republican Joseph Yasecko.
