## Scenic Board Lags Due To Lack Of \$

Lack of sufficient money for funding the Memorial Park beautification project of the Sanford Scenic Improvement Board (SIB) was partly responsible for a discussion to change the meeting of that city board to quarterly rather than the regular monthly sessions.

This was brought out at this morning's SIB meeting by Mrs. Frank L. Woodruff III, chairman, after it was disclosed that a total \$10,478 would be needed to continue the Memorial project, located at the foot of Park Avenue on the lake front (the old band shell site).

"We've done all that we've been charged to do by the city commission," Mrs. Woodruff said in explaining that the SIB according to the bylaws is not a fundraising body. She said, addressing her remarks primarily to City Manager W. E. Knowles, a SIB member, "I'm not discouraged but I can't see where we go from here."

The SIB was instrumental in obtaining \$5,000 from the City Commission for the preparation of five beautification plans for use in projects designed to suit Sanford's needs. Beautification of Crooms High School and Memorial Park are the two projects being worked on now by the SIB.

Mrs. Woodruff said she knew of the financial condition of the city but wondered whether the board should continue to meet monthly since "we have done so well."

Knowles cautioned the chairman that she should not take a strict interpretation of the laws governing the SIB and said the City Commission is expecting the SIB to push through the beauty projects.

Mrs. Woodruff, upon hearing Knowles' words, indicated she would forego the meeting change suggestion until later after discussing the situation in more detail with Knowles.

**AROUND THE CLOCK**  
By JOHN A. SPOLSKI

Now the next time it happens at City Commission, we're going to divulge what some of those "notes" contain.

Supposed to be everything above board? Then how come it's necessary for one individual to try and advise another with a secret note?

Sorta sounds like something that might be going on in my daughter's third grade... instead of a fast, growing, thriving, etc., city commission session!

Was talking 'bout Cassius yesterday... and what do I find out this morning? Supposed to be 100 show up for the bus ride to the induction center... and you know how many didn't show up?

Twenty-three... like I've been saying, be belongs in the clinic instead of a ring.

Along these same lines, Mr. Nixon, in his TV discussion with TV reporters of Monday night, made reference to the fact that the war in Vietnam is no longer an issue.

You couldn't be more wrong, Mr. President... you couldn't be more wrong.

Callers for Time-Temperature and Weather forecast service at Winter Park First National Bank Winter Park were astonished to hear usual charming male voice announce Tuesday morning that the weather would be "snow and cooler to-night." This was especially shocking as temperatures were up in the...

About that robbery at Sanford's Lui Lounge... there are a number of checks valued at \$700, already stamped, "For Deposit Only, Lui Lounge."

Club manager John Wheelock issued an appeal for information leading to the arrest of those who pulled the robbery. His number is 322-8536.

He's also asking that those who wrote him a check on either January 1 or 2, to give him a call, also.

Now that David Tilson is mayor of North Orlando again will the meetings over which he will preside be known as "the Flip Tilson show?"

You can help... if you have any information at all regarding that hit-and-run accident in Longwood involving a death, please give the Florida Highway Patrol a call at 322-1900.

The question for each man to settle is not what would he do if he had means, time, influence and educational advantages, but what he will do with the things he has.

Hamilton Wright Noble

## Meyer Stymied For SIC

Sanford City Commission tabled a motion by newly-seated Commissioner Julian Stearnon at last night's meeting that would have placed Commissioner Gordon Meyer on the Sanford Industrial Commission (SIC), the industrial-recruiting arm of the city.

Stearnon, just elected as a replacement for retiring Commissioner Thomas McDonald on the city council, sought to nominate Meyer as McDonald's replacement on the SIC, according to past commission practice of having a commissioner on the industrial board, but his motion failed to receive a second and was tabled until the regular Jan. 11 commission session.

It was apparent that Meyer may have difficulty in taking McDonald's place on the SIC, since there was no unanimity of opinion.

## Swofford Regains Mayoralty Post

By MARION BETHA  
ALTAMONTE SPRINGS — "First in the hearts of his countrymen" would seem to be apropos in the appointment last night by City Council of Mayor Lawrence Swofford to complete his term of office which expires in 1972.

Swofford had resigned the mayoralty to run, unsuccessfully, for the County Commission.

Following adoption of a resolution declaring the vacancy in the mayor's office, Swofford received the nod for appointment from Councilman Keith Nixon when, with obvious preference, he stated, "I can only think of one person I'd like to see in the office of mayor... Lawrence Swofford."

His sentiments were echoed by new Councilman Dan Dorfman with the enthusiastic remark that, "I'd have to support Nixon's position." He continued that during the few years in which he had been a member of the City Council, Swofford had been a great asset to the city.

## Longwood Man Dies In Hit-Run

A 74-year-old Longwood man was killed and a 14-year-old English Estates school girl injured in two separate hit-and-run automobile mishaps in the past 12 hours.

Thomas Saddow, Box 311, Fairview Drive, was struck by a car late last night in an accident on Highway 17-92 near the SR 434 intersection at Longwood.

The driver of a 1960 Dodge car is still being sought after smashing through a barricade set up at nearby Altamonte Springs. Terry E. Morrison, 2321 Fairview Avenue, was injured when struck at 6:45 a.m. today while she waited for a rental car on Oxford Road to transport her to Milvee Middle School.

Authorities traced the car by license number to a rental agency in Maitland but no arrest has been made. The girl was taken to Winter Park Hospital for treatment of superficial wounds.

**ANOTHER TRAGEDY**  
KILLED after a hit-and-run car mishap late Tuesday night was 74-year-old Thomas Saddow, Fairlake Drive, Longwood. Driver of a 1960 Dodge plowed through a barricade which was set up at Altamonte Springs to stop the suspect. Longwood Police Chief Claude Swardt (left), Patrolman Earl Cornell and Conover Thomas Lovett are shown above examining the body.

## Property Custodians Named Commission Reorganized

Appointments of custodians of county properties was made at yesterday's reorganization meeting of the County Commissioners.

Sidney Vihlen, Jr. was named as custodian of roads, agriculture department, county grove and food stamp office.

John Kimbrough was named as custodian of the courthouse and jail.

Edward Yarborough was named to the branch office of the courthouse and the motor vehicle inspection station.

Al Davis was named as custodian of the health department, Osceola landfill and Big Tree.

Chairman Greg Drummond told the board that it was traditional to name to the county employment board one veteran member at large and an alternate-at-large. The two latter positions were held in absence until Jan. 12.

Also held in limbo was the designation of the county legal holidays for 1971, following discussion over the proper holiday for Christmas to coincide with state holidays.

## Dick Patrick Succumbs At Age 66

Richard J. (Dick) Patrick, 66, of 301 Hiwassee Road, Winter Garden, vice president of Patrick Fruit Corporation, Sanford, died Monday at his home.

Funeral services will be held Thursday at 2 p.m. at Hawthorne Funeral Home Chapel, Orlando, with Rev. Ernest F. Kende and Rev. Willis A. Reed officiating. Burial will be in Woodlawn Memorial Park, Orlando.

He was born in Evanston, Ill., and moved to Winter Garden in 1919. He was a member of Christian Church of Osceola, vice president of the Board of Directors of the board of directors of the Terrell Foundation, both of Elgin, Ill. He was a charter member of the Elks Club 2165, Winter Garden.

# B52 Bombers Strike Commie Supply Targets

By BERT W. OKULEY  
SAIGON (UPI) — U.S. B52 bombers struck targets in South Vietnam today for the second time in three days. Military sources reported one of every four American planes lost in Indochina in 1970 went down in Laos.

South Vietnamese troops reported killing 632 North Vietnamese and Viet Cong in a month-long campaign in the Mekong Delta. B-52s pounded the Ho Chi Minh Trail and its branch roadways in Laos and parts of South Vietnam. The areas were bombed Tuesday night and today were not far from the

site of Stratofortress strikes Tuesday night. The Demilitarized Zone (DMZ) separating the two Vietnams. Military sources said the air war in Laos had been responsible for 25 per cent of all American aircraft losses in the Indochina War last year. Communiques from Phnom

Penh said Viet Cong units tried Tuesday night to cut the capital's river link with the outside world. The Communists attacked government gunboats projecting an oil and gasoline ship convoy 22 miles southeast of Phnom Penh on the Mekong River.

One Cambodian sailor was killed in the clash. Three sailors were wounded in a similar attack earlier Tuesday. The capital has received all its oil and gasoline by ship since Highway 4 linking Phnom Penh and the port of Kompong Som was cut by the Viet Cong and North Vietnamese Nov. 21.

Col. Am Rong, the official Cambodian military spokesman, disclosed today that the Communists hold more than one segment of Highway 4. He said Viet Cong units control at least five miles of the road at a point starting 17 miles north-east of Kompong Som. It was the first confirmation

that Communist units held areas of Highway 4 other than the Kirirom Highlands, 60 miles west-southwest of Phnom Penh. "It would not be too difficult to retake Route 4," Am Rong said. "The problem is to organize a defense when we take it."

## Reds Attack Cambodian Gunboats

# Hoover: 1970 Was A Very Good Year

By MARK BROWN  
Associated Press Writer  
WASHINGTON (AP) — To FBI Director J. Edgar Hoover, 1970 was a very good year. More fugitives were located, more organized-crime figures convicted and more fingerprints

checked than in any previous year in the agency's history, the FBI chief said today. And according to the FBI's arithmetic, it was done at a profit. "Fines, savings and recoveries in FBI investigations during the period reached the record figure of over \$422 million, a re-

turn of \$1.60 for every dollar appropriated for FBI operations," Hoover said in his annual report to Atty. Gen. John N. Mitchell. However, Hoover reported a rise in new-left violence, aircraft hijackings and killings of police, by black militants, and added, "As long as crime continues

to increase and dissident elements continue to strive violently to destroy our current way of life, law enforcement cannot afford to look back for long on past accomplishments, but must look ahead and seek new ways to meet and challenge them." In the calendar year 1970, Hoover said, 468 persons in

## Zoning Change Okayed

consent of neighbors within 300 feet. Former Councilman Gravelle (Jerry) Brown said that the matter was "against all the principles of good planning and zoning" and continued that the zoning ordinance specified that the area be B-1.8 and called for a "spot zoning" in its lowest form. "Brown said it could be a 'day school today' . . . a grocery tomorrow." He also noted that the approval of neighbors in a 300 foot radius was against zoning regulations which called for 500 feet.

REPUBLICANS took control of the Seminole County School Board last night when A. F. Keeth was named chairman and Jean Bryant was named vice chairman. Dr. Stuart Culpepper (right) is the third GOP member on the board. Holdover Ray Slaton is at the left. A. P. . . . (Bill Scott Photo)

## Republicans Take Over A. F. Keeth Is School Chairman

By BILL SCOTT  
Seminole County School Board named A. F. Keeth as chairman, and selected another Republican, Mrs. Jean Bryant, vice chairman. At yesterday's re-organization of the board.

The pair was named without opposition to the posts for the next two years when they received unanimous ballots from Ray Slaton and Dr. Stuart Culpepper, other board members attending the session.

## MEDICARE ON THE RISE

Medicare monthly premiums paid by elderly persons to cover doctor bills will have nearly doubled July 1 when the rate is increased to \$5.60. Chart shows rises since 1966 when the plan started with a \$3 monthly premium. A Health, Education and Welfare Department spokesman said increases are necessary to meet physicians' rising fees.

## L. Swofford Regains Mayoralty Position

\* Continued From Page 1  
Swofford set the theme of things to come when he noted that "there is a real challenge ahead . . . for a small city. All being great." The mayor told council that they should prepare for two regular meetings a month, sprinkled with special meetings and workshops.

## Bulletin

WASHINGTON (AP) — The Army today dropped dereliction of duty and other charges against four more officers in the alleged cover-up of a massacre of South Vietnamese civilians at My Lai.

It announced that Lt. Gen. Jonathan O. Seaman, commanding general of the 1st Army at Ft. Meade, Md., dismissed the charges against Lt. Col. David C. Gavin, Lt. Col. William D. Guinn, Maj. Charles C. Callahan and Maj. Frederic W. Watke because of "insufficient evidence."

The action leaves only three officers—including Maj. Gen. Samuel Xoster, former American Division commander and former West Point superintendent — still facing possible courtmartial for handling of a field investigation of the My Lai incident nearly three years ago.

Moore's Garbage Service was granted a one week's extension for the use of the county sanitary landfill to give all the involved department heads an opportunity to report on the situation that had arisen. The county had previously issued a Tuesday deadline for the company to settle its account with the county which had arisen from a situation of non-payment for use two years ago. In conversation with Commissioner Sidney Whiten Jr., Moore had cited extenuating circumstances.

## Insurance Required

USE OF A VACUUM pump on an air conditioning system is explained to students at the Florida Gas Service Training Center, Sanford, by Joseph F. Furrer (second from right), center supervisor. More than 250 servicemen attended courses here during 1970.

## Gas School Rounds Out First Year

The Florida Gas Service Training Center, first school in Florida to train natural gas utility servicemen in the installation and maintenance of gas appliances, will complete its first year of operation here this month.

More than 250 students, representing 22 distribution firms and gas customers throughout the state, have attended courses at the center during 1970. Apprentice servicemen and those with less than 18 months' experience took a basic two-week curriculum including theory and lab applications on the installation, maintenance, and safety of gas appliances — water heaters, dryers, and swimming pool heaters. Also offered were basic and advanced air conditioning courses, "upgrading" classes for experienced servicemen, and specialized courses conducted by equipment manufacturers.

The center also coordinated a special liquefied petroleum gas control demonstration in November for personnel from Seminole County, Palm Beach County, Volusia County, and St. Johns County. The school will expand its

operations in 1971, according to Joseph F. Furrer, Service Training Center supervisor. To be added to the curriculum next year are a three-day sales service seminar; a two-day service managers' seminar; a one-week advanced heating and air conditioning course; a one-week advanced course on gas ranges, water heaters, and dryers; and a three-day boiler control course.

Courses are limited to a maximum of 14 students to assure individual participation. They are taught by Furrer and two assistants, Dan W. Hughes and Ralph Backler. Servicemen completing courses at the Florida Gas Service Training Center during 1970 were from Florida Public Utilities Company, Peoples Gas System, Inc., Florida Gas Company, Lakeland, Appleton Natural Gas District, South Florida Natural Gas Company, Contemporary Building Systems, Inc., Gulf Natural Gas Corporation, Palm Beach County Utilities Company, Florida Gas Transmission Company, Palatka Gas Authority, Altona Gas Light Company, Plant City Natural Gas Company, Southern Gas Company, Sanford Fire Department, Ready Creek Improvement District, and the cities of

Altoona, Fort Pierce, Tallahassee, Fort Meade, Clearwater, Leesburg and Starke. Located in a 7,500-square-foot facility at the Sanford Airport, the non-profit institution is operated cooperatively by the Florida Natural Gas Association, the statewide natural gas consortium, and Florida Gas Transmission Company, the Texas-to-Florida subsidiary of Florida Gas Company.

## Ice Cream Swan

DENVER (AP)—Alfred Jenney, Denver pastry cook, said one of his desserts that makes a big hit with small fry is an ice cream swan. This is made by cutting a cream puff shell in half and piping ice cream on one half. The other half of the shell is cut in two and fastened to the ice cream for wings. Cream puff dough forced through a pastry tube forms the neck and beak.

## G.E. LIGHT BULBS A Bulb Package 79c WESTERN AUTO 301 West First St.

# 1971. You've changed. We've changed.

Change. That's what it's all about this year. And that's what we mean by putting you first. These are uneasy times. There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars. We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

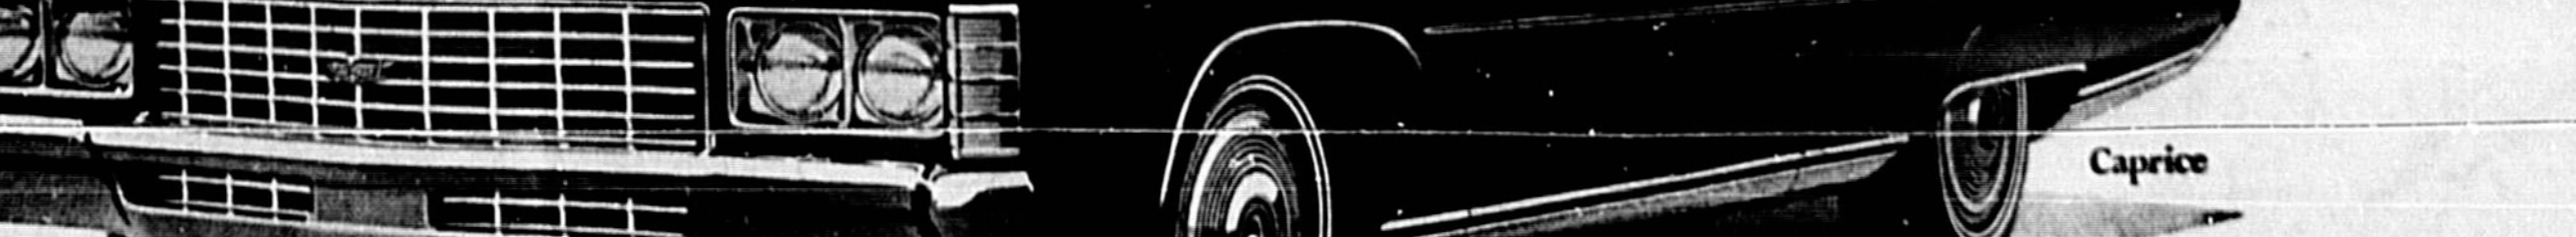

Your car has to work. It has to last. And each new model must have more built-in value. At Chevrolet, we understand. You want meaningful change. You want improvements that are not just skin-deep, but deep-seated. And not just of those, among the many that you find in the 1971 Chevrolets, is new emission controls to help bring back clean air. In every new

model, we've made further substantial reductions in both the discharge of hydrocarbons and carbon monoxide. All 1971 Chevrolet engines run efficiently on the new low-lead or low-lead gasolines, too, which not only decreases air pollution but increases the life of your spark plugs, exhaust system and other engine components. Caprice. The biggest, most luxurious Chevrolet ever. A complete change.

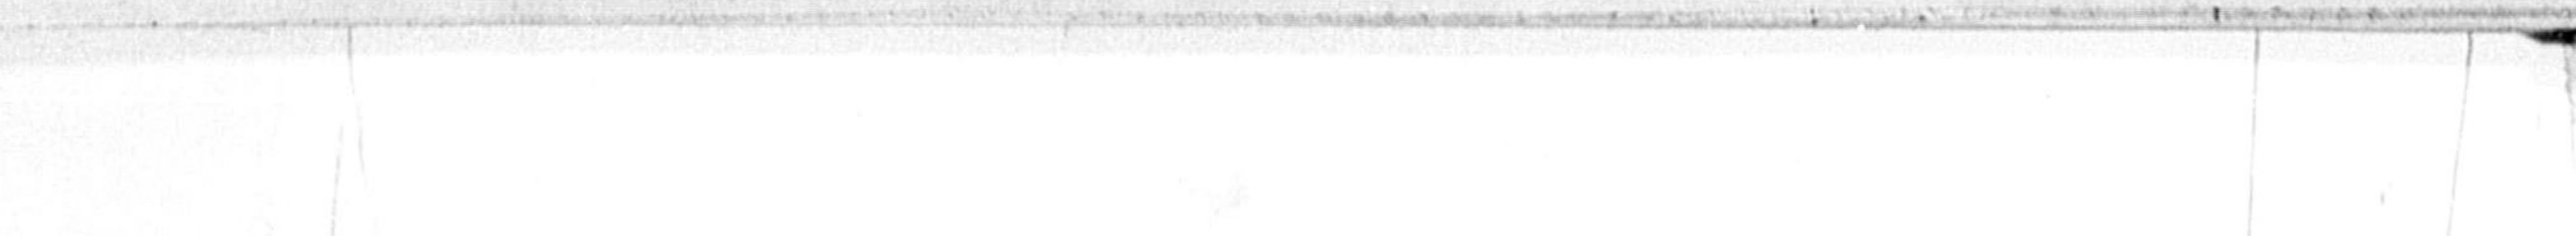

Bigness in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something. You've got a smoother ride. The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

Influenza In State An Epidemic

PORT LAUDERDALE (UPI) — The seasonal flu outbreak in Florida has reached epidemic proportions in Broward County, where 18 deaths have been reported among 13,000 cases of flu and flu-related diseases.

Dr. Paul Hughes, Broward County health director, said his estimate of 13,000 cases was based on a survey among 10 doctors. A total of 10,000 or more persons affected by the flu qualifies the outbreak as an epidemic, Hughes said.

However, Hughes said the figure is well below last year's high, when 46,000 cases were reported in the county during one week in January and 240,000 cases were estimated for the winter months.

The 18 deaths, mostly from pneumonia complications among elderly patients suffering from chronic illnesses, represent a "big jump" from the average of six flu-related deaths a week during the winter months, Hughes said.

He estimated that less than 10 per cent of Broward County's old people have been vaccinated.

"None was healthy before catching the flu," Hughes said of the 18 victims. "The combination of cold weather a few weeks ago and the virus tipped the scales against them."

Hughes noted there is no shortage of flu vaccine this year. He advised all elderly persons and persons suffering from chronic illnesses to get the vaccination.

"As far as I am concerned, we have no reason to suspect influenza in Dade County at this point," said Nittkin.

A Winter Garden man has outfitted trailers with orange juice dispensers to make the rounds to shopping centers, turkey shoots and ball games.

KINDERGARTEN students at Spring Lake School enjoyed wrapping goodies to put on the sugar plum tree which had lost all its leaves. Putting on their gaily wrapped items are Sharon Stout and Jimmy Sefton. (Maryann Miles Photo)

Orange Juice Sales Climbing

By DAVID L. LANGFORD ORLANDO, Fla. (UPI) — A Nobel Prize winner and a popular singer are the big pushers in a new acid-free fatening

In an Orlando home, Patty L., a first grader with two front teeth missing, sits down to breakfast and says, "Pass the pills." She takes two, 250 milligrams each, and washes them down with a glass of orange juice.

Keith Stone has been appointed new principal at Oviedo High School and was formerly assistant principal at Lynn High School. He holds a doctorate in education.

Pauling recommends monthly dosages of ascorbic acid (Vitamin C) in powder or tablet form, anywhere from 250 milligrams to 10 grams a day, to ward off the common cold.

Pauling suggests mixing the powdered acid in juice to make it more palatable, as well as beefing up the dose. There are about 60 milligrams of Vitamin C in a six-ounce serving of orange juice.

While citrus officials are not willing yet to directly credit the Pauling report with increased orange juice sales, an important factor Drugists are sure "Tree" campaign is, closely of it.

Added Burden For Corporations Tax Hike Guideline Asked Of Court

TALLAHASSEE, Fla. (AP) — Ching an immediate need for new tax revenues, Gov. Reubin Askew has asked the Florida Supreme Court to tell him how — and how quickly — he can move to put the added burden on corporations.

'Show Me' Attitude Follows Address

By JOHN VAN GIESSEN Associated Press Writer TALLAHASSEE, Fla. (AP) — The words of Gov. Reubin Askew's inaugural address had hardly ceased reverberating off whitewashed Capitol Center

In his request for an advisory opinion, Askew said he would propose a balanced budget for the 1971-72 fiscal year by Feb. 15. And without new taxes, he said, fiscal experts have projected a 1971-72 fiscal year deficit of \$200 to \$220 million.

A tax on net income of corporations "is in the public interest," Askew told the court. But he said there was uncertainty about a section of the 1968 Constitution which says: "No tax upon ... the income of residents or citizens of the state shall be levied by the state."

Democratic leaders, however, reacted favorably to Askew's statement that "to even consider increasing the sales tax in Florida to 5 per cent, while our tax inequities still exist,

# Miss Brewster And R. J. Bevis Married In Church Ceremony

Faith Presbyterian Church of Tallahassee will be on display at the DeBary Hall State Museum through Jan. 20.

Jean Routh is one of America's most creative flameworking glass artists. He was taught the traditional Bohemian style by his father, who was a flameworking artist as well as a painter. Today he is still a traditionalist but within the framework of the Bohemian style he has become the leader of the flameworking movement.

He has exhibited widely in the East and on the West Coast. His present gallery representative in New York City is America House, and two of his pieces have recently been acquired by the Metropolitan Museum of Art in New York.

Routh's son, Donovan, also has

Sanfordites Attend Tallahassee Wedding

MRS. RODNEY JAMES BEVIS

The bride, daughter of Dr. and Mrs. William Brewster of Thomsville Road, wore an Empire long dress with Victorian collar and long full sleeves trimmed in natural lace. She carried a basket of ivory roses and carnations.

The bridegroom, son of Mr. and Mrs. Russell Roland Bevis of Greenwood Drive, asked his father to be his best man. Ushers were Bill Brewster, brother of the bride; Monty Bevis, brother of the bridegroom; Buddy and Hugh Bevis, of Fort Meade, cousins of the bridegroom; Bill Gunnels, Dennis Brooks, Boyd Henderson and Ron Noble, all of Tallahassee.

The bride's parents hosted the reception at Killlearn Country Club.

Out-of-town guests were Mrs. S. J. Barby and Lesley and Lynn. Mr. and Mrs. Steve Southerland and Mr. and Mrs. Frank Sullivan, all of Panama City, Mr. and Mrs. William H. Bevis of Fort Meade; Mr. and Mrs. L. L. Grant and Ann of Miami; Mr. and Mrs. Walter Brewster of Laurel, Miss.; Mr. and Mrs. Ben Hovde and Sally of Hearns of Chapel Hill, N. C.; Mr. and Mrs. B. E. Radloff of Sanford and Thomas Radloff Sr., also of Sanford.

Following a wedding trip to Montego Bay, Jamaica, the Bevises will make their home in Miami where the bridegroom is attending Miami-Dade Junior College.

The bride is the granddaughter of Mr. Thomas Radloff Sr. and niece of Mr. and Mrs. R.C. Radloff, Mr. and Mrs. B. E. Radloff and Mr. and Mrs. Thomas Radloff Jr., of Sanford.

### Wonderful World Of Women

### Two New Ideas In Pantsuits

By HELEN ABEL Copy News Service

The pantsuit parade has reached a fashion peak with designers looking everywhere for fresh ideas. Two new presentations are:

**ZOUZAVE PANTSUIT** — The uniform of the Zouzave regiment inspired this pantsuit. The Zouzave regiment originally was made up of Arabian recruits from this tribe in Algeria. Later it became a French army unit and included many French soldiers but the uniform remained the colorful and distinctive one of the Zouzaves. The Zouzave regiment fought in the Franco-Prussian War. Zouzave is pronounced Zou-ah.

The Zouzave uniform consisted of a deep-blue bolero-style jacket with rounded corners, with neither collar nor buttons, but with gold braid ornamentation. The trousers were red full

MRS. ROY JONES, Deltona, (right) has consented to serve as advisor for the newly organized "Seminole Parliamentary Club," which will hold the first meeting Jan. 27 at 7 p.m. Mrs. Glimmer Randolph, left was named secretary and Mrs. R. C. Michaels, center, was hostess for the election meeting.

## New Parliamentary Club Open To Both Men And Women

A new organization has been formed in Seminole County, called "The Seminole Parliamentary Club." Membership is open to both men and women from Seminole, Volusia and Orange Counties. Purpose of the group is to strive toward better legislation in area clubs.

Respect for law is a basic characteristic of the representative form of government. This is clearly shown by a willingness to adhere to and the practice of an orderly method of procedure in assemblies, so as to:

- (1) Follow the will of the majority;
- (2) Protect the rights of the minority; and
- (3) Guard the interests of those absent.

This is the purpose of parliamentary procedure law.

The rapid growth of assemblies makes it imperative that not only the presiding officer but ALL officers AND members be cognizant of basic rules of parliamentary procedure.

To that end, a group of interested club leaders who have recently completed a course in Parliamentary Law have formed the Seminole Parliamentary Club. They will meet on the fourth Wednesday evening of each month, beginning Jan. 27, at 7 p.m. in room 207 at Seminole Junior College.

## English Press Blames 'Do-Nothing' Congress

LONDON (AP) — Britain's Financial Times has blamed the 91st Congress for many of President Nixon's problems. A columnist for the London Evening Standard said it caused the U.S. economy's troubles.

"Few Americans, and least of all President Nixon, will be sorry to see the 91st Congress dissolved," the Financial Times said last week. It called the 91st "a muddled, ill-tempered, do-nothing Congress" that set up a situation in which Nixon will have to "run against Congress" in 1972.

Lord Balogh, economic adviser to the British Cabinet from 1964 through 1967, wrote in the Evening Standard that Nixon should change his orthodox economic policies to avert a recession and higher unemployment and lower production. The radical approach, Lord Balogh wrote, should include agreement with

## Area Deaths

MRS. MINNIE McLAULIN, 72, of 406 W. 19th Street, died Tuesday morning after a long illness. Born in Warrenton, Ga., she came to Sanford in 1929. She was a member of the First Presbyterian Church of Sanford and Hibiscus Circle of Sanford Garden Club.

Survivors include her husband, hand, Dick McLaughlin, Sanford; two nephews, Clyde Hunt, Palo Alto, Calif. and Howard Kitchens Warren, Ga.; three sisters, Mrs. Carolyn Moyer, Columbus, Ga.; Mrs. Ann Norris, Thomas, Ga.; Mrs. Mabel Kitchens of Warrenton, Ga., and one brother, Cliff and Will Kitchens. Burial in Brison Funeral Home in charge of arrangements.

MRS. VETTA WILLIAMS, 72, of Bonifay, died Monday morning in Baptist Hospital, Fortlake, as a result of injuries received in an auto accident Wednesday, Dec. 30, near Panama City. She was returning home from the funeral of Eda Davis in Sanford with her son, Brady Williams, Jr., of Fort Walton Beach, who remains in critical condition.

Other survivors include six

ROY B. DIXON, 72, of Chesapeake, Va., died Monday night at Seminole Memorial Hospital. He was a retired carpenter and a Baptist. He and his wife, Mrs. Nellie Brown Dixon were visiting his sister-in-law, Mrs. J. P. McClelland, of Sanford. He is also survived by eight children. The body was sent to Chesapeake, Va. for services and burial.

Brisson Funeral Home in charge of local arrangements.

## Funeral Notice

McLAULIN, MRS. MINNIE — Funeral services for Mrs. Minnie (KITCHEN) McLaughlin of 406 W. 19th St. who died Tuesday, will be held Thursday at 2 P.M. at Brison Funeral Home with Mrs. Verrell Bryant officiating. Burial will be in Evergreen Cemetery. Brison Funeral Home in charge.

## U. S. Seeking Orange Juice Bids

LAKELAND, Fla. (AP) — If the price is right, the federal government will help Florida's citrus industry move a bumper orange crop.

The U.S. Department of Agriculture is taking bids on bulk purchase of frozen orange concentrate until Jan. 19, Florida Citrus Mutual announced Monday.

The concentrate would be used for school lunch programs. "I am confident that if processors will submit bids which the USDA can accept, our marketing problems will be significantly less than we had anticipated," said Robert W. Hollister, Mutual's executive vice president. "They cannot buy it unless it is offered at prices reflecting the current market," he added.

USDA has not set an estimate for the purchase, but Mutual hopes for sale of 20 million gallons.

Growers, added with an initial USDA estimate of 168 million boxes of oranges this season, have been concerned they won't break even, may end up with oranges rotting in the groves or find themselves in a price war. The federal production price was lower slightly, but not enough to warrant industry optimism.

### PASS IT ON by L.M. Boyd

THOSE FIVE STATES where you find the most beauty contests are Texas, Louisiana, Mississippi, Alabama and Georgia. Question is why? A student of the mind has made a study of the matter. He contends it's the men of those states who are most apt to be addicted to pretty girls. Put a good looking young lady in front of a northern fellow and he'll just accept her as it with some mild admiration. But put her in front of a southern man and he'll not only inspect the one, but he'll want to examine five more. Or so this expert claims. Watch this space for further insight into the romantic natures of northern and southern men and how they differ.

THE SCIENCE BOYS say the average grown carries around about eight pounds of skin. Believe they found this with computers. Hope so, at \$45 a year. If THAT GIRL criticizes your facial follicle, young fellow, remind her of the old Spanish proverb that says, "A kiss without a mistake is like an eye without any salt." IN THAT MATTER of unusual hunchbacks, now have a little bit of the California, who says he was very afraid in a high stand of corn. Maybe that's the limit, what?

IN SAN ANTONIO, a married couple, both previously divorced, last month named their eighth child, a daughter in honor of the father's first wife. Is that savoir faire? NOTE IT CLAIMED as a basic business principle that any man who sleeps more than eight hours a night is doomed to fail in his career. Old Calvin Coolidge didn't understand this principle, evidently. He regularly slept 12 hours a night.

CUSTOMER SERVICE—Q: "How many liters does a rabbit run out every year, ordinarily?" A: Five maybe six. Q: "Do you play golf?" A: Not anymore. You know what Mark Twain said, "Golf is a good walk spoiled." "What's the difference between a podiatrist and a chiropodist?" A: No difference. Both were sprung up because the foot doctors got tired of being called foot cutters.

OUR LOVE AND WAR MAN says he likes the sort of woman who... Sticks to one kind of perfume... Uses week... Desires twin beds... Quotes limericks... Uses a blade razor on her legs... Hums hymns... Barking Problem  
JACKSONVILLE, III. (AP)—Charles Goodwin, who had been plagued by the constant barking of a dog when trying to sleep, called police on night. Goodwin's soon was assisting the police in removing the dog from the ledge of a bluff. The black dog had miraculously escaped death by breaking its fall from a bluff when it landed on the ledge. Goodwin was on the ledge with the dog when it was removed. He put a rope around the dog and lowered it to a fireman on an extension ladder.

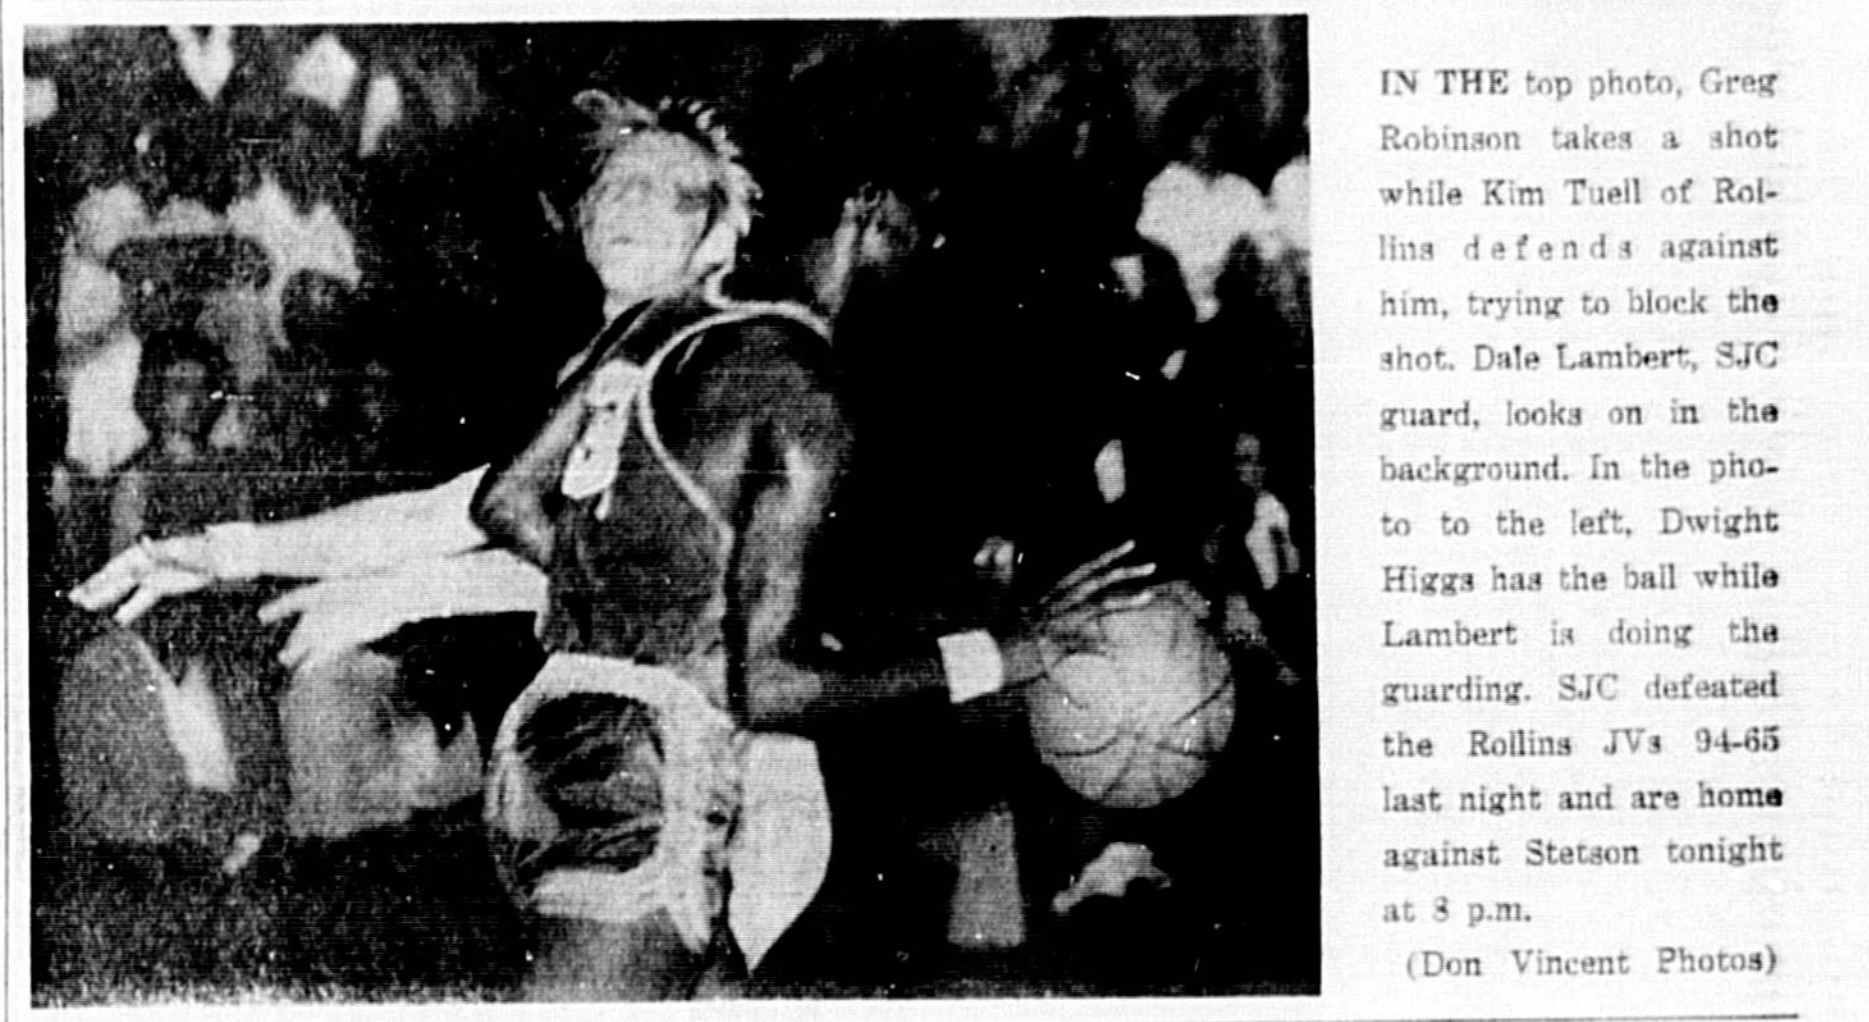

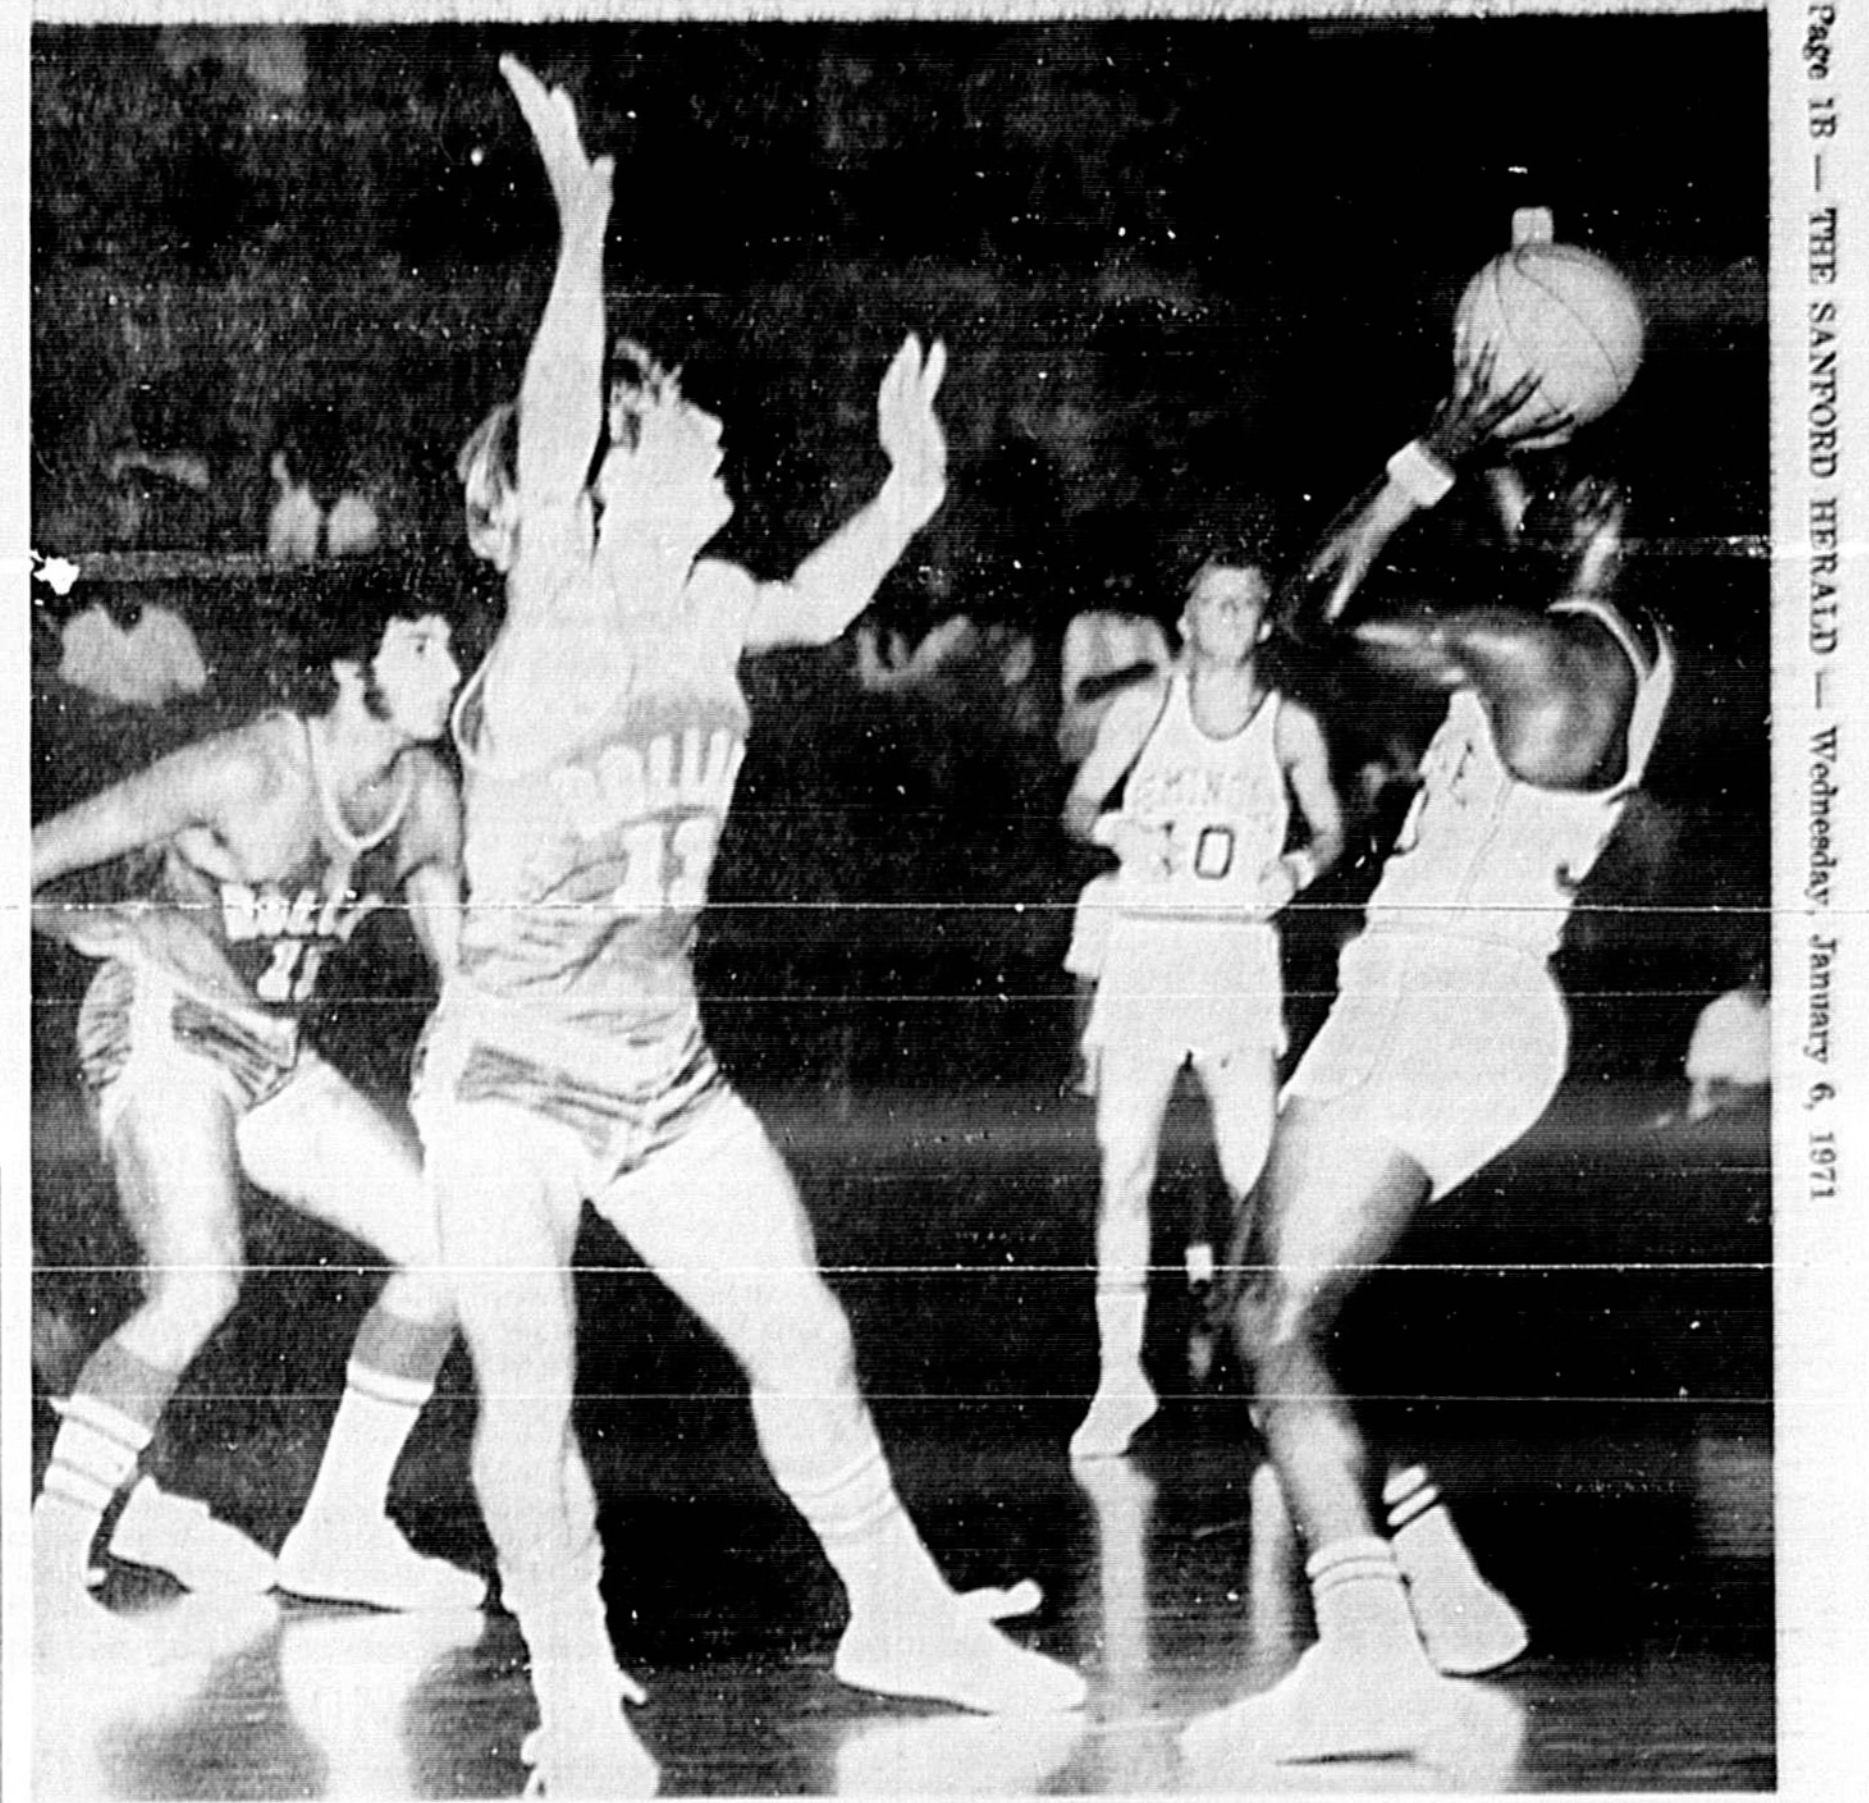

## Auto Drivers' Re-exams In Force -- Don't Be Afraid!

By ELLA MAY FRAZER  
This is the year of the automobile driver's "re-exam." The beginning of a system designed to make more careful drivers and fewer accidents! One can cooperate by doing a few things before re-exam — if one is to come in line for it in 1971. Does one's name begin with "A" or any other letter of the alphabet through "M," which includes the "Mc" category? Were you born in an odd-numbered year, such as 1889 or 1907? If so, you must be ready to take your re-exam as an automobile driver. During the month of your birth date or just before you will receive notice to appear. If you feel you are really ready to appear you will have a much more calm approach to the examination. Do not let your birth month pass without a re-exam! In SAN ANTONIO, a married couple, both previously divorced, last month named their eighth child, a daughter in honor of the father's first wife. Is that savoir faire? NOTE IT CLAIMED as a basic business principle that any man who sleeps more than eight hours a night is doomed to fail in his career. Old Calvin Coolidge didn't understand this principle, evidently. ## Raiders Stop Rollins JVs; Get Back To Winning Ways

By GARY TAYLOR  
Herald Sports Editor  
Losing streaks aren't for coach Joe Sterling. His Seminole Junior College Raiders had one going, and he decided it was about time to break. After all, the streak had reached one. The Raiders stopped the junior varsity of Rollins 44-6 last night in their record 11-1. To night they entertain the Hatter junior varsity from Stetson at 8 p.m. at the Seminole High gym. SJC jumped to a 2-0 lead just seconds into the contest. Rollins tied it 2-2, but the Raiders went score-high to 10-2. But as suddenly as they built the lead, they lost it. The score was soon 10-7. Things kept getting closer and the score read 19-17 with 12:22 remaining in the first half. From there the Raiders began to pull away, stacking up a 46-31 lead at the intermission. The second half was no different with the Raiders not adding much to the lead, but keeping a steady margin. Sterling was able to clear the bench and get everyone into the action. Ken Bryan was the high man for the Raiders as he scored 20 points. Several times he was able to get free under the hands of the defense and take long passes and

IN THE top photo, Greg Robinson takes a shot while Kim Tuell of Rollins defends against him, trying to block the shot. Dale Lambert, SJC guard, looks on in the background. In the photo to the left, Dwight Higga is the ball while Lambert is holding the guarding. SJC defeated the Rollins JVs 44-65 last night and are 9-4-5 against Stetson tonight at 8 p.m. (Don Vincent Photos)

## Long Shot Wins Race At SJC Night At SOKC

Scholarship Night for Seminole Junior College at Sanford was termed a "huge success" by Sanford-Orlando Kennel Club's general manager Jack Ledoux. Attendance and mutual handicapping figures ran ahead of last year's scholarship night when the junior college received over \$10,000 for the athletic, academic and grants-in-aid to needy students. This is the third year Seminole Junior College has reaped the benefits of one night of racing at the SOKC. Each year the proceeds have increased. Seminole Dean R. A. Scriber and Athletic Director Joe Sterling were on hand to make the featured presentation in the 11th race. John Lingle's L. Sir David was the winner at odds of 45 to one. He scored a slim victory over co-favorite in the race. Cameron Cummings' Austin Mick. The result was a split pool in the big perfecta, and the regular

## Sportsmen's Club Installation Set

DELTONA — The Sportsmen's Club will hold the annual installation of officers after a dinner at the Woman's Club on Normandy Boulevard, January 9 at 6:30 p.m., to be followed by entertainment by the "Modernaires" from Deltona Senior High School. Reservations must be made beforehand. Phone Bill Sherrett 574-1616. There will also be a last meeting of the officers of the Club Wednesday January 6th at 7:00 p.m. at the Community Center. Plans for January and February activities will be outlined. Bring some ideas for March and April! Bill Sherrett becomes a Director for three years; Nora Wheeler, Director two years; and Everett Shim is a "carry over." Director having one year remaining of his three year term. The Club's new president, serving for the third time, will outline the Club's objectives for the new year, appoint Committee Chairman, as directed by the Club's By-Laws, and present his plans to continue to make the Club "No. 1" in Deltona; and to make its presence felt in State and National Conservation affairs.

NO FORT: That's what this golf ball attached to a nylon covered cord is called. Instead of taking to a practice tee it can be used in a yard where you have about 40 feet of space.

JOHN LINGLE'S L. Sir David was the winner of the feature race last night at Seminole Junior College. Night was staged at the Sanford-Orlando Kennel Club. Shown during trophy presentations after the race are (left to right) Jack Collins, manager of the Sarasota Greyhound track, Phil

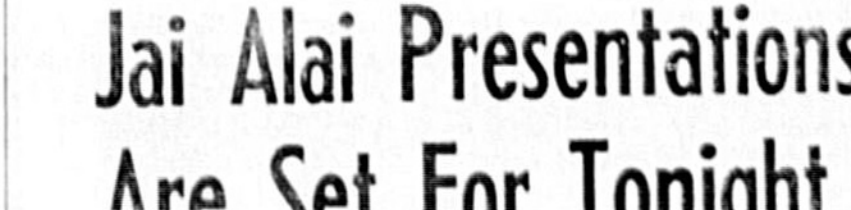

## Knights Hosting McMill

## Cage Action To Resume For FTU

By HERKY CUSH  
Florida Tech's cage crew resumes its "solidation" on the hardwood tonight when they play host to the Flybros of McMill Air Force Base at the Ovidio High School Gymnasium. The opening tip is slated for 8 p.m. It's two weeks in the day since Tech last saw action and that was a game the team would rather forget. That last outing, on December 22, the Knights dropped a 87-85 verdict when coach Gene Clark and part of the team arrived late due to a traffic mix-up on the trip to the gymnasium in New York City. New York College College hung on to edge the Knights after building a 14 point first half lead. Cathedral owns a 9-1 record in the school. FTU fans will get a chance to see a "new" Mike Clark since the Knights last played winning streak in the brief history of the school. FTU fans will get a chance to see a "new" Mike Clark since the Knights last played winning streak in the brief history of the school. FTU fans will get a chance to see a "new" Mike Clark since the Knights last played winning streak in the brief history of the school. FTU fans will get a chance to see a "new" Mike Clark since the Knights last played winning streak in the brief history of the school.

## Jai Alai Presentations Are Set For Tonight

Tonight, the Orlando Seminole Jai Alai Fronton presents the player awards for December. In the most singles wins, Avellano is tops with 11 and Quinto next with nine. Quinto's record is 11-11. In the most doubles wins category by a wide margin, the team of Clark and Garita ran close second, each with 23 wins. The race for most times in the money — 1st, 2nd, or 3rd — went in favor of Miguera who placed in the money 41 times out of 146 games played in during December. This was a fantastic 55 per cent average. John Krieger, executive manager of the Greater Sanford Chamber of Commerce will be at the fronton Thursday evening to make the presentation to the winners of the Sanford C of C Handicap seven. General manager Gordon Hulbert wants all members of the chamber and the public to be his guests for the evening. Admission is free to chamber members and guests. Just show your membership card or your copy of the Sanford fronton box office people. They will cheerfully see that you get good reserved seats. There will be 12 exciting games on tap. First game starts at 7:45 p.m. Adam Had Knack NEW YORK (AP) — Calumet Farn's Best Turn lost seven races in a row with seven different jockeys during 1970. But when Larry Adams got aboard in the Yankee Handicap at Aqueduct on Oct. 24, he won, at

MIKE CLARK

On the rear Clark has 351 points in 14 games for a 25 point average. He led the Tech team last year with a 24.3 average. While the added scoring of Clark has played a vital role in Tech's success this season there have been others who have been improving and should continue to do so. Newest of the Tech starters, Jim Flanagan, has hit double figures every time out since taking over for Pat Fitzgerald. The 6-4, 240 pound Flanagan is described by Coach Clark, as having improved much more rapidly than expected. In addition to his fine rebounding strength Flanagan has averaged 13 points a game in the last nine outings. Tech's other three starters, Rudi Jones, Ed Smith, and Don Mathis also have been doing their usual steady part in keeping the Tech machine rolling. Jones is the second high scorer on the club with 244 points in 14 games for a 17.5 average. Smith has dropped in 170 points in 12 games for a 14.1 average. While he hasn't been a prolific scorer Mathis, the Knights' center, has proven a valuable cog in the Knight machine with his fine rebounding ability. The 6-4 senior has held his own despite the fact he rarely has the height advantage over his counterparts on the opposition. After tonight's outing the Knights will play another Air Force Basketball game on Saturday at the Ovidio High School Gym when they meet Homestead. This game does not show up on Tech's schedule for the month of January but rather the 8th of February. The game was moved up because of a Service Tourney the Homestead team will be playing in on that date in a gym.

## Cheese Snack Bread

By Cecily Brownstone, AP Food Editor

**SUNDAY BUFFET**  
No need to knead this yeast bread!

Chicken Salad with Crisp Greens  
Sliced Tomatoes, Deviled Eggs  
Cheese Snack Bread  
Olives  
Fruit Compote  
Beverage  
**CHEESE SNACK BREAD**  
2 1/2 cups unbleached flour  
2 tablespoons sugar  
1/2 teaspoon salt  
1 tablespoon instant minced onion  
1 teaspoon dill seed  
2 tablespoons butter  
1 cup (4 oz) shredded Provolone cheese  
1 cup warm water (110 to 118 degrees)  
1 package instant blend dry yeast  
1 egg, room temperature  
Topping: soft butter, Romano cheese, coarse salt  
Measure the first 7 ingredients into a bowl; blend with fork or pastry blender; set aside. In a small bowl, dissolve the yeast in the warm water; add the egg; pour into flour mixture. Beat until thoroughly blended.  
Cover and let rise in warm draft-free place until doubled—about 45 minutes. Beat down raised batter in about 25 strokes; batter will be thick and somewhat sticky. Spread batter in greased jelly roll pan (15 by 10 by 1 inch).  
Tap pan on table to settle batter. Let rise until doubled—about 30 minutes. Brush top of batter with soft butter; sprinkle with Romano cheese and coarse salt. Bake in a preheated 425-degree oven 15 to 20 minutes. Remove from pan to rack.

## Choucroute Garni From Alsace

By TOM HOGE, Associated Press Writer

A French province I visited all too briefly some years ago was Alsace, an ancient story-book land of cobbled streets where a couple of dollars puts you up at a friendly inn with a real leather bed.

The province also boasts some fine restaurants where for reasonable sum you can buy a delectable meal and wash it down with one of the fine Alsatian wines. And the wines of Alsace are truly beautiful, from the smooth white Rieslings and Traminers to the Sylvaners and Gewurztraminers.

Alsace and neighboring Lorraine have often come under German domination over the years. This is reflected in their hearty German cooking, particularly in Alsace whose chefs perform feats of magic with sausages and sauerkraut.

The flatlands of Lorraine smothered into the high farmlands of Alsace whose soil is considered by many to be the most fertile in all of France.

It is true dairy country with its crusty breads, its croissants covered with coarse sugar and its creamy munster cheese.

A good way to visit Alsace is to fly to Strasbourg and then drive by rented car down to Colmar. South from Strasbourg on the Route Nationale onto the winding Route des Vins and you are journeying back into the 14th century.

In the crisp days of autumn when the grape harvest is in full swing, university students, and wine lovers often work their way through the lush Alsatian vineyards helping the crew picking the grapes.

Wine is the principal occupation of Alsace, but a close rival is the famed pates de foie gras made from the livers of the plump geese raised in the region. Next in importance is the sleek pig and the province has become famous for its fragrant hams. Both the porkers and the beef cattle which graze on the fertile slopes of the Vosges Mountains contribute to the dashing variety of Alsatian sausages.

Visit a charcuterie or processed-meat shop in most any Alsatian village and you'll see a rich display of pork, beef, veal and garlic sausages, homemade pates and cooked meats strung in neat rows from the ceiling and along the walls.

The French custom of stuffing vegetables in order to combine several flavors is popular in Alsace where the cooks stuff red cabbage with a puree of chestnuts and simmer the combination in red wine laced with the rich, creamy local butter.

My favorite Alsatian dish is one the natives have been perfecting for five centuries. It is a mouth-watering mixture of sauerkraut simmered in Gewurztraminer and cooked with four varieties of pork. The name is Choucroute Garni, and I learned it from Jean Pierre Stoehr, an Alsatian chef in New York.

**CHOUCRUTE GARNI**

- 1 1/2 lbs sauerkraut
- 4 oz lard
- 1/4 lb. onion, finely sliced
- 1 clove minced garlic
- 8 oz Gewurztraminer
- Salt and pepper to taste
- 1/4 lb lean smoked loin of pork uncooked
- Pinch thyme
- 1 bay leaf
- 2 cloves
- 1/2 oz Juniper berries
- 1/4 lb frankfurters
- 1/4 lb knockwurst
- 1/4 lb boiled ham
- 1 lb peeled potatoes

Mash sauerkraut in warm water and strain. Preheat oven to 400 degrees. Use a large casserole with cover which can be placed in oven. Soother onion slightly in lard 10 minutes, add garlic 3 minutes.

Add wine, sauerkraut, salt and pepper and mix well. Add loin of pork and spices wrapped in cheese cloth. Add water up to 2 inches below level of sauerkraut.

Bring to boil, cover and place in oven for about two hours, until meat is cooked. Fifteen minutes before, add frankfurters, knockwurst and ham. Cook potatoes separately.

Serve on platter with kraut heaped in center and fringed by potatoes and meat, both sliced, adding some on top of kraut. Serves 4. Good with a chilled bottle of Gewurztraminer.

# Mincemeat Pudding Cupcakes

By CECILY BROWNSTONE  
Associated Press Food Editor

These Mincemeat Pudding Cupcakes do double-duty. They may be served as cupcakes or as a pudding. In the latter case they should be offered with a favorite dessert sauce.

We haven't given directions for decorating the pudding cakes in the recipe, but if you want to do this brand the cakes, just before serving, with warm corn syrup and garnish with red and green glacé cherries, wedges of glacé pineapple and nuts.

Anything made with brandied mincemeat is so good! An easy dessert we have been concocting for years goes like this. Arrange drained canned cling peach halves in a shallow baking dish; fill the peach cavities with the mincemeat. Bake in a preheated 400-degree oven until hot through—about 10 minutes. Serve at once with scoops of vanilla ice cream or with sweetened vanilla-flavored whipped cream. This is a great emergency dessert if you keep the mincemeat and the peaches on your pantry-shelf and have the ice cream or whipped cream in your freezer.

Yes, you can freeze the whipped cream in small paper cups.

## MINCEMEAT PUDDING CAKES

- 2 cups sifted flour
- 1/4 teaspoon salt
- 1 cup sugar
- 1/2 cup salad (not olive) oil
- 2 large eggs, separated
- 1/2 cup dry or medium white wine
- 1 teaspoon cold water
- 1 jar (4 ounces) mincemeat (about 3 cups)
- 1 container (8 ounces) diced glacé fruit (1 cup)
- 1/4 cup walnuts, chopped medium-fine

Put a muffin-size foil baking cup in each of 24 muffin-pan cups (1.3 to 1.5 cup capacity).

Into a large mixing bowl sift together the flour, salt and sugar. Make a well in the center and add salad oil, egg yolks and wine. Dissolve baking soda in the cold water and add; beat until smooth.

Add mincemeat, glacé fruit and walnuts. With a spoon, mix well.

In a medium mixing bowl with the clean beater, beat egg whites until stiff; fold into batter. Turn 1/4 cup of the mixture into each foil cup in muffin pan.

Bake in a preheated 300-degree oven until a cake tester inserted in center comes out clean—about 1 hour.

Let cool in pan; remove and cool completely but do not remove from foil baking cups. If Mincemeat Pudding Cakes are to be kept for more than a few days before serving, wrap appropriately and store in refrigerator or freezer.

Serve at room temperature or reheated. Can be used as cupcakes or pudding; in the latter case, serve hot with a favorite pudding sauce.

## GOOD DINNER

- Baked Ham
- Fig Chutney
- Macaroni and Cheese
- Salad
- Frosted Cake
- Beverage

## Fig Chutney

- A delightful condiment to serve now and later.
- 1/4 teaspoon each ground allspice, cloves and cinnamon
- 1/2 teaspoon salt
- 2 cups water
- 2-2 1/2 cup cider vinegar
- 1/4 cups granulated sugar
- 1 cup firmly packed light brown sugar
- 1 1/2 teaspoons grated lemon rind
- 2 tablespoons lemon juice
- 3 cups dried figs, sliced (about 1 1/2 pounds)
- 2 cups cranberries (1/2 pound)
- 2 1/2-3 cups chopped pared tart apple (2 large apples)
- 1/2 cup seedless raisins
- 1 cup chopped toasted filberts

Place spices, salt, water, vinegar, sugars, lemon rind and juice in a large saucepan; bring to a boil over medium heat, stirring often until sugar dissolves. Stir in fruits; cook, stirring occasionally, until thickened—about 30 minutes. Add more water during cooking if necessary. Stir in nuts; cook 2 minutes more. Pour into hot sterilized jars and seal. Makes about 2 quarts.

## Try Fish For After Holidays

By CECILY BROWNSTONE  
Associated Press Food Editor

- Chilled Sherry (for adults)
- Chilled Cranapple Juice (for youngsters)
- Creamed Smoked Fish
- Baked Potatoes
- Green Salad Best Cranberry Muffins

Tea or Coffee

We choose the fish dish because Christmas Day itself is a day of turkey, ham or roast beef or some other poultry or meat.

The baked potatoes are on the menu because they are filling, last good with the fish and take no effort on the cook's part.

The salad—composed of mixed greens and zucchini—stuffed olives—can be readied ahead and refrigerated, then tossed with French dressing just before serving.

The Best Cranberry Muffins really are best. And they're easy to make just before supper if you have the cranberries chopped and the dry ingredients mixed together in a bowl. Or the muffins can be baked ahead and reheated just before serving.

Good luck and happy eating! BEST CRANBERRY MUFFINS 1/4 cup (1/4 a quarter pound stick) butter

1 1/2 cups unsifted flour, fork-sift to aerate before measuring

2 teaspoons baking powder

1/2 teaspoon salt

1/2 cup sugar

1 cup fresh cranberries, coarsely knife-chopped

2 tablespoons sugar mixed with 1/4 teaspoon cinnamon

Generously butter a 12-cup muffin pan (1.3 cup capacity). In a small saucepan or skillet melt butter; set aside to cool.

In a medium mixing bowl, with a fork, thoroughly stir together the flour, baking powder, salt and sugar.

In a small mixing bowl beat egg enough to combine yolk and white; beat in milk and melted butter. Add to flour mixture; stir quickly and lightly just until flour is almost lumped. Add cranberries; lightly stir in; do not beat.

Using a large metal spoon, spoon batter into prepared muffin pan cups, filling each slightly more than half full. Sprinkle 1/2 teaspoon cinnamon-sugar over batter in each cup.

Bake in a preheated 375-degree oven until golden-brown and a cake tester inserted in the center comes out clean—20 to 25 minutes.

Remove muffins; loosen around edge of each with a small metal spatula or knife. Serve at once with butter.

Makes 12 muffins.

NOTE: If muffins are to be held 10 to 15 minutes before serving, tip them in the pan to prevent steaming and keep in a warm oven. To reheat muffins, place them in a covered pan or a closed paper bag in a preheated 350-degree oven for 10 minutes.

## BUFET SUPPER

- Curried Beef
- Rica Condiment Tray
- Salad Bowl
- Apple Cups
- Beverage

## APPLE CUPS

This dessert is cream created: 1/4 cup (1 1/4 sticks) cream oil margarine

12 slices bread, crusts removed

1/4 cup fine dry bread crumbs

1/4 teaspoon nutmeg

12 slices bread, crusts removed

### Pork Dish Cooked In Oil, Beer

By TOM HOGE  
Associated Press Writer

My one and only stay in Belgium came at a time when the picture country, squeezed between Germany and France, was still recovering from the ravages of World War II, but even then its cuisine was memorable.

Belgian cooking is a marriage between the culinary arts of the Flemish and the Walloons, the two peoples who make up the bulk of the country's population. The French and Flemish speaking lingual groups have been at bitter odds for centuries over the two-language problem which became so acute a couple of years back that it brought down a national government.

But Belgian cooking has survived the factional strife and blended into a thing of harmony and beauty.

We especially recall the Belgian custom of simmering meat in beer, garlic and spices until it is reduced to a toothsome delight. Until that time, we had thought of beer as something to quaff from a goblet or use with caution and forebearance in a West. Here, since then, we have encountered beer and ale in everything from soup to savory sausage, but that was years later.

Beer is said to be a contribution of the Flemish half of Belgium's population, although it seems uncertain whether they actually invented it or got it from some other source.

The national drink in Belgium is beer in many shades, varying in strength. People are so fond of the creamy brew that they like it in their food as well as their goblets, whether partaking of lunch or dinner. In fact, they even cook with beer at breakfast time, making a hearty omelette known as Gaufres Brusseleses, or Brussels Beer Waffles.

The steady diet of Brussels Sprouts that filled the mess kits of U.S. troops in Europe during World War II did little to curb the Belgian cookery in many American minds. But after the war, that much maligned vegetable faded from memory, as Americans became acquainted with dainty Belgian asparagus, lush Belgian endives and other bits of greenery. In fact, once they sampled bits of Brussels sprouts that hadn't been worked over by a G. I. cook, many Americans found it pretty good.

Meat has always ranked high on the Belgian menu, from the pungent smoked hams associated with the Ardennes to the chicken stewed in cream and duck stuffed with street-side bacon and mushrooms for which the country is noted. Not to mention the rich variety of fish and other types of seafood, such as eel, mussels and oysters.

### Divinity Fudge From Texas Easy

By CECILY BROWNSTONE  
Associated Press Food Editor

A young friend of mine who has brought me a Texas recipe for an old-fashioned holiday treat, Divinity Fudge, has said her mother was from Tennessee and had carried on a family tradition. Holiday time was not holiday time without this delicious treat. If you've never made this, ready, you might like to do so.

The following recipe is for an easy version of the fudge. (A large quantity recipe for the extra cooking of the marshmallows is given in the recipe.) When we tried the present recipe we found it had a pleasantly soft texture that held an soft bite. It is a good one to make always as it is simple. We've tried making the fudge without the nuts and it just isn't worthwhile. The following recipe suggests that you use walnuts or pecans. But if there are any powdered liberts in the house, don't hesitate to add them because they are an alluring addition.

**EASY DIVINITY FUDGE**

1 1/2 cups sugar  
1/2 cup light cream syrup  
1/2 cup water  
1/2 teaspoon salt  
1 large egg whites  
1 teaspoon vanilla  
1 cup coarsely chopped walnuts or pecans

In a 2 quart saucepan stir together the sugar, cream syrup, water and salt. Cook over medium heat stirring constantly until mixture comes to a boil.

Reduce heat; cook, without stirring, until temperature reaches 235 degrees on a candy thermometer or until a small amount of syrup dropped into very cold water forms a ball that is hard enough to hold the shape you please.

Just before temperature reaches 235 degrees an candy thermometer heat egg whites in large mixing bowl until stiff peaks form when beater is raised. Beating constantly at high speed of electric mixer, slowly pour hot syrup over egg whites. Continue beating until mixture begins to lose its gloss and a small amount holds a soft peak when dropped from the spoon.

Stir in vanilla and nuts. Drop by teaspoonfuls onto waxed paper.

Makes about 1 1/2 pounds or 30 pieces.

**NOTE:** For pastel candies, add few drops of food coloring with vanilla. If desired, place walnuts or pecan halves or candied cherry halves on top of each piece before it has set.

**FAMILY SUPPER**

Beef Cakes, Corned Beef, Cabbage, Buttered Noodles, Bread Tray, Fruit Salad, Beverage

**COLCANNON**

An Irish dish that is repeated by request.

4 medium (1 1/2 pounds) potatoes  
Boiling water and salt  
1 cup corned beef, shredded  
2 cups cabbage, packed, sliced  
2 tablespoons butter  
1 small onion, peeled and finely sliced (1/4 cup)  
milk and pepper  
Pour potatoes and quarter-cup water with boiling water; add 1/2 teaspoon salt; cook rapidly, covered, until tender; drain and dry over low heat; mash smooth. Meanwhile cook cabbage, uncovered, in 1 cup boiling water and 1/2 teaspoon salt until soft; drain. Also melt butter in a small skillet; add onion and cook gently until golden; mix potatoes, cabbage, hot onion-butter with milk (2 tablespoons or more) to moisten. Add more salt if necessary and pepper to taste. Reheat over boiling water until very hot. Makes 3 servings.

**FOOD HINTS**

Liquid leftovers after cooking soups, stews, casseroles, etc. are best used for boiling canned soup.

Peek up a white sauce with curry powder and serve the sauce with cooked split beans.

Sliced cooked carrots and cooked green lima beans make an excellent vegetable combination.

When you are making individual baked custards, put a marshmallow in each custard cup before adding the custard mixture. Bake as usual. Youngsters like this!

# St. Paul's Sets Special Services Sunday

By Mrs. E. B. THOMAS JR.,  
The Missionary Society of St. Paul Baptist Church will hold a special worship service Sunday at 11 a.m.

The speaker will be Mrs. Thomas A. Harris, a United Methodist missionary to Sarawak, Malaysia.

Mrs. Harris and her husband, Rev. T. A. Harris, have been missionaries in Sarawak for the past 18 years. For 15 of those years, they have been stationed in the interior of Sarawak, where they worked among the primitive people who were formerly headhunters.

Prior to their work in Malaysia, the Harriesses were missionaries in China for two years until expulsion of their work was forced under Communist rule.

As a teacher in Sarawak, Mrs. Harris led the U.S. Department of Education's English Education Project in Sarawak. She has done graduate work at the University of California at Los Angeles. She has studied at

the Far Eastern School of Language at Yale University, New York City and his nephew, Kevin Goff, spent Christmas here with his mother, Mrs. Jessie Walden, and his brother, Edward.

He also visited an aunt, Mrs. Eva Coleman, of Crescent City and a cousin, Mrs. Daisy Green of Sarasota.

Walden reports having spent an enjoyable holiday vacation here with relatives and former classmates.

Set James Williams and family of McGuire, AFB, N.J., spent the Christmas holidays here with their families. Mrs. Amanda Williams and Mrs. Ethel Grantham. They also visited with Mrs. Twilaine Leslie, an aunt.

Serpant and Mrs. Twilaine are graduates of Crooms High School.

The office of admissions and records at Florida A & M University informed Earl E. Minott that he had successfully completed all requirements for the master's degree of education degree in guidance.

Minott, a competent teacher in Seminole County, received his bachelor of arts degree in music from Florida A & M in 1970. He then began his teaching career in Bradford County, Fla. He was then transferred to the Sanford area where he has been teaching for the past three years.

Minott is a member of the church at Seminole High School. This church audited for the United General Baptist Union and will appear Sunday at 9:30 a.m.

Minott is also a member of the church at Seminole High School. This church audited for the United General Baptist Union and will appear Sunday at 9:30 a.m.

remain silent for selfish reasons. Selfishness in our kind becomes a scar on our soul, difficult to eradicate. It leaves others no conscience, but if we know it and it hurts.

When the old year has passed and the new baby, 1971 arrived, all humanity could look back over another year's life and contemplate unknown scenes and experiences awaiting.

In 1970, family life, every where stood on the brink of disaster, poverty and insecurity had all but snuffed the strength of our social order. Bitter had been the church and out of the church, crime, warfare and unrest was everywhere.

Protesting and striking was everywhere and against everything. Our schools have all but gone to pieces—no trust seems to be in our government.

In 1970, the divorced was no longer looked upon as a wayward, selfish, sinful errand.

He was just an alcoholic or crack person. The criminal was no longer a law breaker, but was looked upon as one in need of treatment. Dope peddling was at an all time high, destroying the American way.

No time can afford a better opportunity to accept a new way of life than the New Year. The New Year will either be a start for better things or it will be another year with little or no opportunities and privileges.

Many in 1971 will really attempt to start out new, mending their ways with hope of living a better life, but sin will overtake them in all its probabilities. They will be worse in 71 than in 70.

Whereas some will actually improve themselves and make this world a bit better than what it has been. Yet there are those who will fall in the class of "true late."

The late to condemn sin when it is known to be wrong, but

None were perfect in 1970, neither will they be in 1971, but we as Christians can be much better. Our lives ought to point some soul to Christ. In the words of Moses to Joshua, "There is an answer for 1971, courage."

The road to 1970 was filled with failure and regret, paved with good intentions but loaded and dead with lies.

The road to 1971 stands before us unmarked. The road is in us. We will accept it. How will we use it?

Regardless of how it may be, until we accept God as our Father, Christ as our Redeemer and all mankind as our brother, 1971 will be as 1970, dark.

Finally, we hear the words of yesterday, today and tomorrow saying to you as well as to me, the strong and of good courage; be not afraid, neither be discouraged; for the Lord thy God is with thee whithersoever thou goest."

## Mill Worker Held For Beating Child

By BILL SCOTT

A 38-year-old saw mill worker has been jailed in the alleged beating of a three-year-old child and a 19-year-old Winter Park college student was charged with two counts of exposing himself to school girls. This was disclosed today by sheriff's reports that listed the arrests of Harry Lee Hayden, 2515 Orlando Drive, Sanford, on assault and battery charges brought by Carolyn Touchton, mother of Michael Touchton.

According to a report filed by Deputy Clarence Smith, Mrs. Touchton reported her son was beaten by Hayden at the above address. The accused was arrested on a warrant taken by the mother and issued by Justice of the Peace Robert Carroll and lodged in the county jail in lieu of \$1,000 bond.

According to the deputy's report the child had bruises and black marks on the face and head. In the second report, Michael Eugene Beatty, 2829 Summerfield Road, was charged with two exposure counts in reported Monday incidents. One occurred near a South Seminole school.

Beatty was released after posting bond when he was apprehended by Winter Park police and released to county authorities, according to county reports.

A Sanford break-in netted burglars a total of \$165 worth of oil and oil products when the Texaco Oil bulk plant located on McCracken Road was entered some time last night.

J. C. Davis, oil firm official, reported the incident this morning to police.

# Page Air Expansion Questioned By SIC

A question of whether Page Airways, Sanford Airport's fixed base operator, is providing airport services in line with the earlier discussions between the operator and the City Commission cropped up at this morning's Sanford Industrial Commission (SIC) meeting.

JOHN MERCER

## State Officials Question Major Dredge Operation

By FRED VAN PELT

State officials, being reviewed by state officials, is being learned today, whether a major dredging operation on the St. Johns River, in the vicinity of Lake Harney, is legal or illegal. Roy Williams, of the State Department of Natural Resources, Delray, reported Kumppro, Inc., of Lake Park, "illegally dredged 50,000 cubic yards of spoil from Lake Harney" to bolster its property. Louis B. Bills, a Lake Park realty broker representing Kumppro, denied his firm "dredged anything" but said that it did use a dragline. Williams further stated Kumppro's property encompassed a 150-acre cove off Lake Harney and the air strip "with one or two lots on Lake Harney." Bills, now residing at Lake Park, north of West Palm Beach, said he is well acquainted with the area since he was born and reared at Geneva, Robert Schneider, of the State Game and Fresh Water Commission at Ocala, said investigation showed Kumppro dredged 50,000 cubic yards of spoil from the lake without a permit from the State Internal Improvement Fund. He added he had been informed Kumppro plans to build the area into a mobile trailer park. Bills said there are four or five camps on the property.

## McDonald's Seat On SIC Up In Air

Stenstrom Explains  
Nomination Move

Sanford Industrial Commission (SIC) declined to take action over whether a city commissioner should be seated on the industrial board at this morning's meeting. David Kelley, SIC director, had placed the subject on the agenda for discussion after former City Commissioner Thomas McDonald, also an SIC member, was retired from his City Commission seat by the election of Julian Stenstrom when McDonald did not seek reelection.

City Commission in past history always has placed one of its members on the SIC, since there was some criticism that city commissioners did not know what the industrial board was doing. Mayor L. P. Moore and Commissioner W. Vincent Roberts along with McDonald previously served on the SIC. SIC Chairman John Mercer, in declining to discuss the situation, said this was a decision of the City Commission. W. E. Knowles, SIC member, said the question had been shifted to the city attorney for an opinion which would be forthcoming at the Jan. 11 City Commission meeting. Commissioner Gordon Meyer has actively sought the SIC post if McDonald is leaving in accordance with his retiring in the City Commission. Last week told The Herald he thought either Commissioner Meyer or J. H. Crapps would be placed on the SIC in his place. But today McDonald said he would be around on the industrial board "a while longer" and indicated a doubt he would serve until Jan. 8, 1973, a date mentioned as the end of the term of former SIC member and city commissioner Roberts. Monday night, new Commissioner Stenstrom nominated Commissioner Meyer to be McDonald's successor but his nomination was tabled until next meeting pending research into whether a city commissioner must serve on the industrial body. Today, Stenstrom advised The Herald he would be willing to withdraw his nomination of Meyer for the SIC, stating he made his nomination in accordance with newspaper stories that indicated McDonald's term on the SIC coincided with his tenure on the City Commission. "I am pleased to hear of his willingness to serve and have no objection to Mr. McDonald being on the SIC," Stenstrom added. Questioned whether he favored keeping a city commissioner on the industrial board, Stenstrom judged and stated, "I have not had sufficient time to study the situation." Stenstrom continued to ex-

GUY ALLEN

## 'Down A Dark Road'

By MARION BETHA

NORTH ORLANDO — "We are going down a dark road . . . there is no light in sight." These are comments of Councilman Richard Allen relative to the financial situation of the Village. Allen has suggested to council that a moratorium be declared upon the future outlay of expenditures with the exception of emergencies. Allen suggested a work session in which "we sit down and talk turkey." He further mentioned that each councilman prepare a budget for the year relative to his portfolio in order that the Village "worth may be assessed." Allen contends that many of the Village assets have been depleted and that council needs to ascertain just where the Village stands financially. A work session has been set for Jan. 12 at 7:30 P. M., at which time it is anticipated that the councilman will present their anticipated budgets. Also to be discussed at the work session is the ordinance governing planned unit development (PUD) which Florida Land Corporation plans to utilize in development of its holdings in the Village. Council has executed a contract with H & W Company for refuse collection in the municipality. The contract is the same as the previous one, with the exception that it encompasses 12 months, which manager Sam Hodge stated was necessary for accounting purposes. Monthly fee is \$3. Some contention arose when Councilman Charles Kelley expressed that he wished to omit the two can limit. Hodge countered with the statement that the service will collect any number of cans with an additional fee. Hodge said that there was a time element involved, and that the concern had already absorbed a 15 cent per yard increase since the last contract was executed.

## Disabled Man Wins Huge Sum

ORLANDO, Fla. (AP) — Damages of \$1.35 million were awarded by a jury Wednesday night to Charles Meyer, 41, permanently disabled by injuries received in a collision between his car and an earth mover.

Meyer, father of two sons, had been hospitalized since the July 15, 1968 accident. At the conclusion of an eight-week trial, the Orange County Circuit Court jury put final blame on North American Rockwell Corp., manufacturer of a steering assembly on the earth mover. Meyer, father of two sons, had been hospitalized since the July 15, 1968 accident. At the conclusion of an eight-week trial, the Orange County Circuit Court jury put final blame on North American Rockwell Corp., manufacturer of a steering assembly on the earth mover.
