NUMBER 44

SPECIAL TERM CIRCUIT COURT FOR SEMINOLE COUNTY

INVESTIGATE MACHINE GUNS ON U. S. SHIPS

That Were Found On Board Ship Bound For Ireland

OFFICIALS PUZZLED

AND ARE CHECKING FACTS TRYING TO FIND THE SHIPPERS OF AMUNITION

(By The Associated Press)

NEW YORK, June 15.—Investigation is under way today to determine how and where more than five hundred modern machine guns with hundreds of spare parts were placed on the steamer Eastside while at the pier in Hoboken awaiting departure for an Irish port. Officials of the Department of Justice, the United States Shipping Board customs service began checking facts in an effort to discover to whom the weapons intended to be shipped and who caused them to be placed aboard the vessel.

According to Chief of Police Hayes of Hoboken, the arms were seized yesterday by the federal agents. This morning, he said, a man giving the name of Frank Williams appeared in recorder's court and swore out a search warrant, claiming the weapons. The Hoboken police said that when they went to the pier where the East Side is tied up they were told that there were no machine guns there. Later, they said, they found them being loaded on a truck and took possession of them, after some argument with customs men.

The federal agents declined to discuss the seizure but officials of the department of justice admitted they were investigating a report that a plan was afoot to ship arms to Ireland.

Presence of the arms on board the East Side was not known to the owner of the ship, the United States shipping board, or its managing operators, until they were informed of their discovery by federal investigators.

The East Side cleared today for Norfolk, where, according to Chief of Police Hayes of Hoboken, she was to take a cargo of coal for a port in Ireland.

Another Passenger Train Wrecked, Four are Killed

(By The Associated Press)

OMAHA, June 16.—Four persons were killed and fourteen wounded, some severely, and several are missing in the wreck of a Chicago & Northwestern passenger train last night near Crawford, Nebraska. The forward sleepers of the train plunged through the bridge over Big Cottonwood creek, after the engine and mail car had passed safely over it, according to first reports received. Crawford is in the far northwestern corner of Nebraska and wire communication with the scene of the wreck is meagre.

A later report said that 34 persons were injured, at least eight seriously. A cloudburst last night flooding the creek is said to be the cause of the disastrous wreck. The bridge sagged as the engine passed over it and fell under the weight of the loaded sleeping cars.

Seventeen Strikers Held in County Jail at Panama City

(By The Associated Press)

ST. ANDREWS, June 16.—Seventeen strikers, four whites and thirteen negroes, from the Bay Harbor and Millville sawmills, are being held in the county jail at Panama City. The men are said to have been arrested for vagrancy, but the formal charge was lodged against only one of them.

FREE LECTURE ON HEALTH, SANITATION

STATE INSPECTOR WILL TELL YOU SOMETHING AT CENTRAL PARK TONIGHT

There will be a big meeting in Central Park tonight held for the purpose of hearing a good talk on Sanitation and Health by Julien DeNazarie, inspector for the State Board of Health.

Mr. DeNazarie will tell what he knows about conditions in the state and in Sanford and will give the actual facts as he sees them and not from rumors or hearsay. He will tell you about the condition of Sanford from a health standpoint and then tell you how you can get clean and keep clean.

It is something that will interest every man and woman in Sanford and the Woman's Club, the Chamber of Commerce and all kindred organizations should be present to hear Mr. DeNazarie who knows his subject and goes right to the heart of the subject.

This lecture is absolutely free to everyone. Come out and hear something that is of the greatest interest just at this time.

Train Fired Upon Near Dublin Yesterday Two Attackers Killed

(By The Associated Press)

DUBLIN, June 16.—A train bound from Limerick to Ennis was fired upon yesterday. Soldiers aboard returned the fire and two members of the attacking party were killed. One soldier was wounded.

Federation Labor Wants Investigation—Lockout of Seamen

(By The Associated Press)

DENVER, June 16.—The American Federation of Labor today, by resolution, called upon the United States senate to adopt the LaFollette bill providing for federal investigation of the nation-wide "lock-out" of seamen.

Conference Deadlock May Knock Out the Borah Amendment

WASHINGTON, June 16.—Conferees between the senate and house on the naval appropriation bill ended today in a deadlock and the bill for \$494,000,000 with the Borah disarmament conference amendment was taken back to the house for action.

WEATHER DISTURBANCE REPORTED OVER HONDURAS, HOPE IT GETS COLDER

WASHINGTON, June 15.—A disturbance of moderate intensity over Western Caribbean sea central near the coast of Honduras was reported to the weather bureau today.

SIX SENATE BILLS OUT BY GOVERNOR'S VETO ALSO TWO FROM HOUSE

Sixth Man Arrested For Rought Stuff in Connection With Case

Assaulted J. P. Milton and Ordered Him to Leave County.

(By The Associated Press)

OCALA, June 16.—Harvey Waters was arrested today charged with being a member of the party which two weeks ago assaulted J. P. Milton, a farmer, at his home near here and ordered him to leave the county. Waters is the sixth man arrested in connection with the case, five others being taken into custody yesterday. All are at liberty under \$500 bond.

City Manager Form of Govt. Urged For More Florida Cities

GAINESVILLE, June 15.—Adoption of the city manager plan or the commission form of government by more Florida cities was urged and defects in city advertising schemes were pointed out by speakers at today's sessions of the short course for commercial secretaries being conducted by the University of Florida.

The two plans of government both originated in the South, according to Dr. J. M. Leake.

"The commission plan of government was first tried out at Galveston, Texas," he said, "and worked under the most trying circumstances."

Staunton, Va., was the first city to adopt the city manager form, he asserted, and the plan "has proven it is workable in both small and large cities."

The commission plan has as its chief asset, the speaker declared, the concentrating of both legislative and executive powers into the hands of a small body.

The city manager plan was originated to eliminate defects of the commission plan, Dr. Leake declared, by centering administrative responsibility. It has cost Florida cities many thousands of dollars, according to A. A. Coult, of the Florida development board.

The sale of pictures and postcards snakes and tumbled down negro shacks" should not be permitted, Mr. Coult asserted, as they were detrimental to the best interests of the state. Pictures of churches, schools and other buildings should show "life," he asserted, not "with their windows closed and streets deserted."

Poland has adopted a give-and-take policy—give the allies the horse laugh and take what she wants.

***** CALLED FOR MONDAY, JUNE 27, BY HON. JUDGE PERKINS *****

SARASOTA CO., CREATED TODAY BY PEOPLE

WHO VOTED ON THE QUESTION IN SARASOTA DISTRICT.

(By The Associated Press)

SARASOTA, June 15.—Legislative action creating Sarasota county out of the lower part of Manatee was ratified by the people of the district yesterday 508 to 154. County officers will be appointed by Governor Hardee before July first and they will hold their first meeting on the first Tuesday of that month.

SPECIAL TERM WAS ASKED BY THE GRAND JURY IN THEIR PRESENTMENT AND BY COUNTY COMMISSIONERS.

People Want Special Term to Try the Joe Saucer Case and Any Other Cases That May Come Before the Court

Eight Firemen Killed at Crossing By Fast Train

(By The Associated Press)

PERTH AMBOY, N. J., June 16.—The death of another fireman today brought the death list up to eight as a result of last night's grade crossing accident when a city fire engine struck a locomotive said to have been running at a rate of forty miles an hour. The engineer of the locomotive and the conductor of the train have been arrested, charged with manslaughter.

America Takes No Part In League of Nations; Council Meets Friday

(By The Associated Press)

WASHINGTON, June 16.—The American government, it was learned today, does not contemplate participation in the deliberations of the league of nations council which convenes in Geneva tomorrow for the consideration of the problems arising out of the allocation of mandates.

KENTUCKY GROCER SHOT SIX PEOPLE

Runs Amuck at Frankfort While Resisting Arrest AND HAS ESCAPED

BUT STORE WAS SET ON FIRE BY BULLETS AND BURNED

(By The Associated Press)

FRANKFORT, Ky., June 15.—John Fallis, grocer, who last night shot and wounded six persons while resisting arrest for interfering in an altercation between a policeman and Fallis, son, escaped during the night from his combination grocery store and dwelling where it is believed he had barricaded himself. Early today Sheriff More and a large number of deputies riddled the house with bullets and the fire elicited no response. Bullets ignited matches or other inflammable material and the structure was gutted.

Judge of the circuit court of Duval county, fixes the salary and allowances for expenses of such circuit judge at the same amount as that prescribed for other circuit judges throughout the state. Other circuit judges, by recent act of the legislature, are paid a salary of \$5,000 per year, with \$300 for expenses, which compensation must necessarily be that of the circuit judge of Duval county, under the provisions of section 42, article 5, as above. Any additional compensation to him as provided in this act would be unauthorized and contrary to the constitution.

"I do not favor the policy embodied in the proposed measure because it deposes a plan, unconstitutionally, I believe, whereby certain members of the judiciary would receive additional compensation, contrary to the spirit of our institutions and opposed to the practice which has prevailed throughout the history of Florida."

Seminole county has taken a decided stand against crime and especially against the sale of liquor. This was made manifest by the grand jury in session here for two weeks and in their presentment they called attention to the Saucer case in which the defendant was charged with having liquor in his possession and the case being continued on account of the absence of the wife of the defendant it was presented by the grand jury that the case should be tried at this term of court even if a special term was made necessary. On the heels of this presentment came the resolutions of the board of county commissioners who asked that the special term of court be held to try this case. Naturally, special terms of court cost money but the citizens generally would like to have this term of court to dispose of the cases now and save the county money by quick action and also give the people a better feeling with regard to justice and the courts. Judge Perkins in calling the special term of court can rest assured that his action is endorsed by the majority of people of the county who only want to see fair play and the laws enforced with no unnecessary delays.

International Unions Are After Gompers For His Patriotism

(By The Associated Press)

DENVER, June 16.—Two international unions have demanded that the convention of the American of Labor now in session here, instruct its president, Samuel Gompers, to immediately re-affiliate the American Federation of Labor with the International Trades Unions, it became known today when resolutions presented to the convention by the International Association of Machinists, and firemen and others' unions were made public.

Both practically call for the repudiation of Gompers' action and that of the executive council in severing relations with the European labor movement because of its "revolutionary activities."

Congressman Mason, Of Illinois, Died Today

(By The Associated Press)

WASHINGTON, June 16.—Representative W. E. Mason, of Illinois, died here early today of heart failure. Although he had been suffering from a heart attack for the past several days, his condition yesterday was reported as showing improvement and death came unexpectedly after a sudden relapse. Representative Mason was 71 years of age and a former member of the senate.

Atlanta Lady Eliminated in Golf Tournament

(By The Associated Press)

FONTAINEBLEU, June 16.—Alexa Stirling, of Atlanta, the American woman golf champion, was eliminated from the Women's French open golf championship tournament today by Miss Joyce Wethered, of England.

Lee Renominated for Plant City Mayor

(By The Associated Press)

PLANT CITY, June 16.—Mayor W. E. Lee was renominated here today in white municipal primary over his female opponent, Mrs. L. C. Sanderson.

The Daily Herald—15c a week, delivered anywhere in Sanford.

THE BRIDGE AT OSTEEN FERRY SHALL BE BUILT

GREATEST SYSTEM OF ROADS IN SOUTH FOR SEMINOLE COUNTY

RECENT BOND ISSUE OF SPECIAL ROAD AND BRIDGE DISTRICT FOR EASTERN SEMINOLE LINKS UP COMPLETE SYSTEM OF ROADS

Orange County Bond Issue Will Make The System Complete With Perfect Network of Hard Surface Roads North, South, East and West

The recent bond issue voted by the special road and bridge district for Chuluota, Geneva and Oviedo that went overwhelmingly for bonds demonstrates that the people of eastern Seminole want good roads and they intend to have them. This new district will connect with the excellent system of hard-surfaced roads that will be built immediately by Orange county and joined up with the new road system of Brevard county and will mean that Seminole and Orange counties will have the most comprehensive system of hard-surfaced roads in the entire South. This sounds like a big statement, but it is true, and this paper expects to have a map of the entire system in an early date and will publish it in order to herald to the world that such a fine system of roads really exists in the South and in Florida, where many who have not been in the state can hardly imagine good roads for Florida.

Seminole county is among the pioneers in the matter of good roads and while a part of Orange county fought for good roads and the first big bond issue that was advocated had its strongest support from this part of the county. Since Seminole has set up housekeeping for herself the making of good roads to every part of the county has gone merrily on and with the big idea advanced by Orange and Brevard counties to make a hard-surfaced road to Titusville, south of the present road to the beach, came the thought that Seminole should get into the game and join up with this great trunk line that will get all the travel going south to Miami and coming north to points in South Florida, cutting off many miles that are necessary to go, via Daytona and New Smyrna.

The present system of good roads recently voted by Special Road and Bridge District No. 2, will be from Oviedo to Golden Rod to join with the main road to Orlando. From Chuluota to the county line of Orange county. From the road between Geneva and Oviedo to the town of Osceola. From Geneva to Osceola and connecting with the new road at Titusville.

This system of roads will embrace the greatest net of hard roads that has ever been devised in this state and means more to the counties involved than anyone can comprehend at first blush. It means, among other things, that the vast territory south of us will now be opened to traffic and travel. It means that the vast Everglades country is nearer us by many miles and all the trade and travel of that vast section will come via Sanford and Orlando and the route will be much shorter. It means that the bulk of travel from the north to Miami and southern points in the winter season will come this way. It means that this part of the state will get the benefit of the trade for many miles south and east of us that heretofore has had no outlet. It means that Seminole and Orange counties will have the best system of good roads in the state and that one can, in the near future, leave his place of residence in any part of Seminole county and drive anywhere in the state over a system of good roads—at least, one can drive anywhere in Orange and Seminole and Brevard and Volusia and Lake counties over good roads, and this part of Florida will be a kingdom unto itself.

The Herald wants to congratulate the people of Special Road and Bridge District No. 2. You have carried out the slogan of the county and have shown that you stand for progress and prosperity.

"How We Cleared Our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May it was alive with rats. They'd knawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Company.—Adv.

LAKE MONROE

The spring season proved a happy one. Peppers were abundant and the price was right. Carload after carload left our station and express packages were piled high each day awaiting shipments. Folks are busy, therefore happy and a general air of prosperity hangs over the village. Business has picked up right along. New buildings are going up, houses are being painted, new automobiles bought, and everybody wears a pleasant smile and some, a new suit of clothes. Many of the folks are preparing to take a summer outing. One family will go to Hot Springs, Ark., others to Kentucky, Tennessee, many to other different northern points and of course all the "leave behinds" go to the various beaches. Oh, we are all going some place, and every mail brings in big packages from Sears, Roebuck & Co., for we are all going to have good clothes and make a big impression upon the folks up North this summer.

The Baptist denomination has been conducting a series of revival services at Monroe the past two weeks. Rev. E. Lee Smith and William Combs, of Orlando, officiated. Mrs. Smith directed the choir and the music was all very beautifully rendered. Quite a number united with the church and baptismal services were held at the lake Thursday afternoon at 4 o'clock where baptism was administered by the pastor. Rev. Smith and Rev. Combs are zealous ministers of the Baptist church and are quite popular. Mrs. Smith is quite a charming woman and very accomplished. She is a musician of much talent and teaches music, both vocal and instrumental, and is also a teacher of English literature in the schools of Orlando. She made many friends while here.

E. A. Osteen sold his home in Volusia county to Mr. Bruce, of Monroe, and Mrs. Osteen and children have moved to DeLand where they will reside in the future. Mr. Osteen having purchased property there. The community regrets very much losing this estimable family. Mr. Osteen will continue his general store at this place and is boarding with Philip Eager.

Mr. and Mrs. J. J. Guts, who have been guests of Mr. and Mrs. John Bolly have returned to Lakeland. While here, Mr. Guts purchased property in Sanford and will move to this county in a short while. Mr. and Mrs. Guts lived here about two years ago and farmed the Muse place on First street.

Charlie Rabun and family have moved into their nice new home near Mr. Rabun's mother. Their cottage is very neat and pretty. Harry Rabun will also build a new home on the corner lot which he purchased on First street.

Mr. and Mrs. Henry Lapkin and uncle, Frank, Lapping spent a very pleasant Sunday at Daytona Beach.

Jack Peck went to Fort Myers on Wednesday to look the situation over for a prospective pepper crop in that locality this winter.

Mr. and Mrs. Jacob Bolly took some of their friends to an outing on the beach Sunday.

Miss Linda Miles is home after spending a week in town at the Robson hospital where she was with Mrs. Curtis Muse, who has been ill with typhoid fever.

Miss Alice Bolly, the popular and pretty daughter of Albert Bolly is a guest of Mr. and Mrs. Stutzorf at Daytona Beach.

Mr. and Mrs. John Bolly, Albert Bolly and Mr. and Mrs. George McCrumb spent Sunday at Coronado Beach.

The many friends of Matt Tarbell are pleased to hear of his recovery at the Fernald-Laughton hospital. Mr. Tarbell had a hemorrhage of the stomach, brought on by a strain from heavy lifting. He formerly lived here where he is pleasantly remembered.

Mr. Mancel and family have moved to Crocklin, Ga., in hopes that the change will be a benefit to Mrs. Mancel's health, she having been very ill here for some time. Mrs. Mancel has

many friends here who hope for her a speedy recovery.

Bartow Mann, one of our most industrious and prosperous citizens is building three dwelling houses upon the land he purchased from J. E. Pace. More houses is what the town needs and Mr. Mann has made a good move, and now that the ball has been started we hope others will help to keep it rolling. Mr. Mann has also bought a new Ford, has freshly painted his dwelling and is helping to boost the town. Good work.

Prof. J. T. Jacobs visited his old home at Chuluota this week. Mr. and Mrs. Jacobs have decided to remain in Monroe for the summer. Miss Sadie Blackburn, a sister of Mrs. Jacobs, who taught in the grammar schools at Sanford, will return to her old home in Kentucky. Miss Blackburn is a very attractive and popular young lady and has made many friends who regret her departure.

Mrs. Jesse Mathews and children have returned to their home at Lakeland after visiting relatives here.

Little Claude Hawkins has returned home after visiting his sister, Mrs. Wheeler Marsh, of DeLand. Mrs. Marsh spent Sunday here with her mother, Mrs. Albert Hawkins.

Mr. and Mrs. Emmett Hornode, of Tampa, are guests of Mr. and Mrs. Charles Bell.

Miss Bessie Swaggerty has been confined to her home by illness. Miss Swaggerty is the popular clerk at the store of E. A. Osteen.

Mr. and Mrs. John Dukes, of Okeechobee, are visiting their mother, Mrs. James Oglesby.

D. B. Warren, Jr., is ill of bronchial pneumonia.

At the general school election held for trustees Monday, the following men were elected for this district, H. N. Stanford, Paola, John Bell and Charles Bales, of Monroe.

EAST SANFORD

Mrs. Julia Yahn is very ill at the home of her daughter, Mrs. G. L. Bledsoe on Celery ave.

Mr. and Mrs. A. B. Commons of Stone Island, and Mr. Commons' brother, Carlton A. Commons, of North Baltimore, Ohio, were dinner guests and spent the day Sunday with Mr. and Mrs. J. C. Ellsworth of Beardall avenue.

Mrs. Charles Polk and little twin sons went to Grand Rapids, Mich., last week and will spend the summer with Mr. and Mrs. Luke, former Sanford residents, at their home in Hart, Mich.

Mrs. W. V. Wheeler, of Orlando road, and little daughter, traveled in company with Mrs. Polk as far as Cincinnati, Ohio, where they will visit this summer.

John Ingram came over from Hawks Park last week for a visit with his daughters, Mrs. Elwood Irish and Mrs. R. L. Guerry.

Boston Steele, of Beardall avenue, is leaving the first of next week for Manassas and other points in Virginia on a business trip to be gone about three weeks.

Horace Chorpensing left Monday for Cleveland, Ohio, to resume his position with the Pennsylvania Railway Co., after having been at home since last Christmas.

Joe Corley is the guest of Jim Stone at Coronado Beach for two weeks.

Mr. and Mrs. J. W. Corley will spend Thursday as guests of Mr. and Mrs. A. H. Stone at their cottage.

Mr. and Mrs. Fred Cowan, sr., and two little girls, are leaving next week for Blairsville, Ga., to visit Mrs. Cowan's father and other friends. They will be away about five weeks. Their daughter, Mrs. Ethel Higgers and two daughters, are out from town spending this week.

Lionel Monroe has bought the five acres, known as the Reber Homrighous place and the five acres located east of it in Cameron city and is building a cozy home and a barn and he and his bride will soon be nicely settled in their new home. The land is all improved.

J. F. McClelland has bought the five acres of uncleared land directly east of his house on Miller avenue.

Mr. and Mrs. Joe Cameron, Henry and Eleanor together with Mrs. B. Steele, Miss Mannie Steele and Robert made a pleasant party driving to Orlando Monday.

We learn that Frank C. Greenman died of pneumonia at his home in Owasso, Mich., a short time ago. He has been a resident of Mecca Hammock for the past 11 years and had a

fine 25-acre improved farm. Our sympathy goes out to Mrs. Greenman, their daughter, Mrs. Woodward and their son, who are all well known here. Ashley Purvis has recently purchased a fine team of mules from Brady's stable. He recently lost the family cow, having died recently.

and R. L. Wheeler. The supper will be from 5 to 9 p. m.

Mr. and Mrs. Enoch Partin and Mrs. A. P. Farnell spent Thursday in Sanford.

Tilden Jacobs of Monroe spent Tuesday in Oviedo.

OVIEDO

Mrs. H. B. McCall has returned from a two weeks visit to her sister in Lakeland.

Rev. E. L. Wright left Tuesday for Clearwater Beach, where he goes to attend the Sunday School training school at Southern college.

Misses Ruth Young and Elizabeth Lawton and Messrs. Francis Swope and Reverdy Wright, chaperoned by Mrs. T. W. Lawton, attended the high school play in Orlando Thursday.

Mr. and Mrs. T. W. Lawton and little daughter, Virginia, left Tuesday for a stay at Daytona Beach.

Miss Mabel Swope is spending the week with her sister, Mrs. C. S. Lee, at Lake Charm.

Rev. J. N. Thompson spent Monday in Orlando.

Mrs. L. E. Wright, Misses Virginia Wright, Elizabeth and Kathrine Lawton, Elizabeth Young and Lucile Partin spent Wednesday in Sanford.

Theodore Aulin was a Sanford visitor Wednesday.

John Robinson spent Monday afternoon in Orlando.

Mrs. C. A. Brannon and Mrs. Andrew Leinhardt spent Tuesday in Orlando.

A box supper will be given Thursday evening at the C. E. park by the members of Mrs. T. W. Lawton's S. S. class, for the benefit of the tennis court fund. Everyone in town is invited to come and bring a box of food. The boxes will be in charge of Mesdames Thompson, T. W. Lawton

and R. L. Wheeler. The supper will be from 5 to 9 p. m.

Mr. and Mrs. Enoch Partin and Mrs. A. P. Farnell spent Thursday in Sanford.

Tilden Jacobs of Monroe spent Tuesday in Oviedo.

GENEVA

The B. Y. P. U. met at the Baptist church last Thursday night.

William Ballard was serving on the jury last week.

J. J. Nicholson, of Osteen, is staying with his mother this week, seeing after the cattle.

Miss Lucile and Jeane Flynt, who have had the hotel management left for Georgia Sunday.

Mrs. Ballard was in Sanford Wednesday attending the Walker-Laing wedding.

Mrs. T. W. Prevatt spent Wednesday with Mrs. Grover Leflies.

Mrs. Scott, of Osceola, spent the week end with Mrs. McFarland.

Mr. and Mrs. H. H. Pattishall were shopping in Sanford Saturday.

Mr. Ando Curlett was a visitor in Sanford this week.

Mr. and Mrs. Willie Lee Sigg, of Chuluota, spent the week end with Mrs. Sigg's mother, Mrs. Tom McClain.

Miss Ruth McFarland spent last week with Miss Bessie Clark, of Osceola.

Mrs. Culpepper and two children are spending a few days in Chuluota.

Mr. and Mrs. T. W. Prevatt were visiting Mr. and Mrs. Will Prevatt Sunday at Moore's Station.

Mr. and Mrs. J. M. Littler and family of Osteen, spent Sunday with their daughter, Mrs. T. W. Prevatt.

Seeing isn't always believing. We see a lot of people we don't believe.

"Head-IT-OFF"—ENERGIZE—NOW.

PERSONAL NOTES

(From Thursday's Daily)
Miss Lydia Yowell of Orlando is the attractive guest of Miss Mildred Holly. Miss Yowell is the daughter of Mr. and Mrs. N. P. Yowell of Orlando and has many friends in Sanford who are glad to see her again.

Mrs. L. B. Hollar and little daughter, who have been visiting in Lakeland, have returned home. Mr. Hollar going down Saturday to accompany them home.

Miss Virginia DeCoursey, who has been attending Stetson University at DeLand, has returned home for the summer vacation.

Mr. and Mrs. Fred S. Dalger, Sr., who have been visiting relatives here, left this morning for their home in Tampa.

Rush J. Murphy, of the John Russell Co., left yesterday for an extended trip, including California. While away Mr. Murphy will visit relatives.

Miss Claire Walker, who has been spending the winter with her cousin, Mrs. M. Minarik, has joined her mother, Mrs. C. R. Walker, going on together to Asheville, N. C., for the summer.

Clifford Walker, who has been a student at the University of Florida, is spending the summer at Chattanooga, Tenn.

Mrs. J. A. Thomas and son, of Orlando, spent yesterday in Sanford.

IN THE CIRCUIT COURT OF THE SEVENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY.—IN CHANCERY

CITATION

Virginia Coney, Complainant,
vs.
H. B. Coney, Defendant.
To H. B. Coney:
It appearing from an affidavit filed in this cause by the complainant that you, H. B. Coney, are a resident of Sanford, Florida, and that you have been absent from the State of Florida, for more than sixty days next preceding the date of the application for this order of publication, and that your last known place of abode was Atlanta, Georgia, and that there is no person in the State of Florida, the service of a subpoena upon whom would bind you.
Therefore, this is to command you, H. B. Coney, to personally be and appear before me said Circuit Court, at Sanford, Florida, on the 11th day of July, A. D. 1921, to make answer to the bill of complaint in this cause, otherwise said bill of complaint will be taken as if you confessed.
It is further ordered that this notice be published in the Sanford Herald, a newspaper published in Sanford, Florida, once a week for four consecutive weeks.
WITNESS my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of Florida, in and for Seminole County, on the 10th day of June, A. D. 1921.
E. A. BOUTWELL,
Clerk of the Circuit Court,
Seminole County, Florida.

666 cures Dengue Fever.

Ways and Means

Two ways to sell things these days:

ONE—
To sell for a "one time customer"—the sale to the man who probably will not come in again.

THE OTHER—
to sell to people who are likely to "repeat"—who may be in to buy again in a day or two.

At our store we have only the second principle. Every customer is a possible "repeat". We're so very, very careful to see that he gets the best attention, the best values in clothing and men's wear, the best of our judgment in men's wear matters.

THIS is your safeguard in buying here. Aren't we the kind of a store you want to know—TODAY?

THE CLOTHCRAFT STORE IN THIS TOWN

SENATOR PARK TRAMMELL GIVES CLEAR PRESENTATION FREIGHT RATE FROM FLORIDA

Makes Out Clean Case
For Interstate Commerce Commission

GIVES THE RATE

AND SHOWS THE MONEY LOST
BY GROWERS THIS SEASON

WASHINGTON, June 13.—One of the clearest presentations of the citrus fruit freight rate as it affects the Florida grower and shipper yet made out was yesterday shown in the following letter which Senator Trammell forwarded to Chairman Clark of the Interstate Commerce Commission.

"During the past few months I have received a large number of communications and petitions from the growers of citrus fruits and vegetables in Florida protesting against the present high freight rates and appealing for relief. The advance on citrus fruits and vegetables which was authorized in 1920 has been very detrimental to the growers of my state. The high freight rates are unquestionably more than the traffic can stand if our growers are to be permitted to have left even small returns for their labor and capital invested.

"While it is true that the market was bad and the prices poor a considerable part of the last season, those producing citrus fruits and vegetables had but little net returns remaining even from sales where their products were marketed at a good price. I could bring to your attention hundreds of instances which would illustrate that the present rates are excessive but I will only mention a few.

"A grower shipped 312 boxes of oranges from Cocoa to New York and the same sold for \$1,594.66 which was a gross of \$5.11 per box. The freight was \$427.69 on this shipment and when to this was added the other charges the grower received \$566.00 or \$1.78 per box for his fruit that had sold in New York for \$5.11 per box. This fruit brought an exceptionally good price for the past season.

"The same grower shipped from Cocoa to New York 350 boxes of oranges which sold at \$1,302.61 or \$3.73 per box. The freight on this shipment was \$489.59. After other charges had been added the grower received \$328.81 net or less than \$1.60 per box for fruit which had sold in New York for \$3.78 per box.

"A grower shipped from Wimauma to Washington 374 hampers of lettuce which sold at \$466.25. The freight on this shipment was \$411.11. After other charges had been added the grower received \$3.80.

"The same grower shipped 330 hampers of lettuce and 66 crates of cabbage to Philadelphia. The shipment sold for \$478.50 and the freight on the shipment was \$434.15. After other charges had been added the grower received \$10.86.

"A grower shipped 334 boxes of grapefruit from Orlando to Casper, Wyoming. The carload of fruit sold for \$876.10. The freight was \$886.10 or \$10 more than the sales price of the fruit.

"A shipment from Orlando to New York of 461 hampers of cabbage sold for \$677.13. The freight was \$458.80. After paying other charges there was no net proceed for the farmer.

"A car of melons shipped from Florida to Philadelphia sold for \$200. The freight on the car was \$195.60.

"Thousands of cases could be sighted to establish that the present rates are excessive. It must be born in mind that in addition to the charges in connection with the foregoing shipments that the producers had to defray the expense of all of the work and outlay required to produce the crops.

"It is my information that experts fix the increase of rates on Florida citrus fruits and vegetables at 67 per cent over the rates prior to the increase in 1920.

"I learn through the press that your commission in bringing about, with the railroads, a decrease in rates on certain commodities. One of the commodities mentioned was that of citrus fruits of California. While California enjoys better freight rates, considering the distance of the haul, than Florida has I think that if the rates are reduced proportionately from Florida and California that the reduction would be a very proper one. It is my opinion that the rates on citrus fruits and vegetables produced in each of these states should be materially reduced.

"I would respectfully urge that your commission give the most careful and thorough consideration to the situation in Florida with a view to having promulgated a schedule reducing the transportation charges on citrus fruits and vegetables. Should you desire any further information on this subject than you now have before your commission I would be pleased to present you with same."

PRESBYTERIAN SUNDAY SCHOOL AT LAKE HARNEY

(From Friday's Daily)
The Presbyterian church held their annual Sunday school picnic yesterday and decided to stay at home this year and picnic on the shores of beautiful Lake Harney where there is a good pavilion, good clean sandy beach and fine bathing with plenty of artesian water to drink and cool, shady dells where one can lie down and sleep after eating a hearty picnic dinner.

One of those who were present sends us the following facts about the picnic and as he is a very truthful person and we believe in him even though he is with a farmer's organization we give his version of the picnic:

There was an unusually good attendance, an abundance of good eats, a barrel of lemonade, barbecued fish, et cetera. The lunch was served in the pavilion at the lake shore in faultless style, after which games of various sorts were indulged in, such as pitching quoits, swimming and the like. All in all every one had a whale of a good time.

Now for the special features: Sheriff Hand attended in person, surrounded by a bevy of deputies—among whom we recognized Mr. Williamson and Jacobs. These gentlemen were never more than ten feet from the lemonade (?) barrel, and all of them took samples internally and in bottles for future analysis.

Item: At 1:30 p. m., approximately an hour after lunch, Dr. Brownlee was discovered sound asleep in his car with the curtains drawn.

Item: Chas. Henry actually refused to take any more food or drink about 2:00 p. m., declaring that he had already burst two buttons, but shortly afterward was trying to pitch horseshoes and hold a fried fish in each hand at the same time. He was very properly debarred from the game. I omitted mention of one of the principal amusements, which consisted of scratching at red bugs.

Make Fine Record Among Shops of South Sanford is There

Atlantic Coast Line Shop Safety Committee Holds Enthusiastic Meeting at Sanford Today.

(From Friday's Daily)
In the interest of accident prevention among employees at the shop plant, a regular committee, known as the Sanford Shop Safety Committee, met in the office of H. R. Stevens, master mechanic, at 10 o'clock this morning and discussed many questions connected with this important subject.

The men at Sanford Shops have already made an enviable record as compared with other shops on the Atlantic Coast Line System and it is their aim to maintain this record.

The plan of this work is to eliminate, as far as possible, all dangerous conditions, and at the same time guard against unsafe practices on the part of the men. Many improvements have been made in the physical conditions at this shop since the Safety Movement was inaugurated on the Coast Line and much educational work has been done among the men with a view of teaching them the safe way of conducting their work.

At this meeting today there were in attendance Robert Scott, chairman of the General Safety Committee, and H. S. Corbin, supervisor of safety, both of whom have their headquarters at Wilmington. Mr. Scott expressed himself as being particularly well pleased with the progress of the work at Sanford.

Those serving on the Safety Committee at present are the following: H. R. Stevens, chairman; M. Carroll, vice-chairman; W. C. DeCoursey, secretary; A. L. Campbell, R. Runge, W. R. Griffith, R. M. Grovenstein, R. H. Smith, D. C. Howard, H. S. Rabun, R. Johnson and C. M. Daly.

The true measure of kindness is the certainty of its continuance.

YACHT BASIN AND COMMUNITY HOUSE WILL BE PLANNED

The lake front has unlimited possibilities and the Herald has called attention to them from time to time but it seems that visitors can see them before the home people and can see more in the lake front than the citizens who see the lake every day and have grown familiar with it and are not alive to its wonderful situation. The bulkheading all of concrete made several years ago and costing some \$70,000 was one of the greatest projects from a health and scenic standpoint that this city ever attempted. After this we rested upon our labors and have done nothing since. Last winter William T. Donnelly, of New York, one of the foremost engineers and naval architects in the country, came to Sanford with his electric propelled yachts, stayed for some time and became enamored of Sanford and her people. Mr. Donnelly spent much time looking over our little harbor, saw what a wonderful place we have, saw the possibilities, saw the back country, met our people, visited with the Chamber of Commerce and took time to investigate our advantages by rail and water. While he is one of the busiest men in the city of New York, he still thinks of Sanford and promising the Chamber of Commerce to plan a boat basin and landing pier seems to have done this and he sends the following synopsis to Secretary Pearman:

I am in receipt of your letter under date of May 30th, which reached me in my office almost as soon as I have arrived here. Our trip north was most delightful and we arrived on schedule time for the opening day at our club, the Bayside Yacht Club, Bayside, L. I.

I am pleased to hear about the drive for your local improvements including yacht basin and community house, and my plans are under way for the yacht basin and I now have my ideas as to just what it should be, pretty well crystallized, and I can call up a very clear mental picture of just what it will look like when complete.

In the front of your new hotel, there will be a water park, approximately 500 ft. square, from which all local contamination is to be strictly excluded. The purest water in the world will be introduced to it constantly from two artesian wells. Investigate and let me know the approximate cost of two 6 inch wells, put down about 100 feet out from the bulkhead and approximately 250 ft. apart. Also an estimate of the amount of water which would be delivered from each of these wells. Around these wells would be an artificial island, each made into a water garden showing the very finest growth of your native trees, shrubs and flowers. In the center of the basin there would be extended from the shore a private pier for the exclusive use of small boats, taking and delivering guests to the hotel. Opposite the end of this pier would be the restricted entrance to the basin, this entrance being restricted sufficiently so that the outflow of pure water would prevent any floating material finding their way into this basin.

The left hand side of your basin would be the extension of your main street, and this would be eventually developed so as to make an automobile road out to the outer end, and this would have a "T" head with some buildings, around which the auto road would extend and return, being of course, a one way road with eventually a line of shops down the center to make it attractive for people on foot as well as auto tourists.

Now I am fully aware that this will look to some a formidable proposition, but just you wait and see how it works out. I am hoping and I sincerely believe that Sanford will eventually be one of the most attractive cities in the South. You certainly have the climate and a most wonderful location on Lake Monroe, and it is my sincere judgment that there is nothing too good for Sanford.

Remember me kindly to the many friends I made there, and tell them we certainly shall never forget the hospitality of "The Lake City" of the South.

Yours sincerely,
WILLIAM T. DONNELLY.

BIG TIME AT NEW SMYRNA

New Smyrna expects to have a grand big time on the Fourth and if Sanford has nothing on that day New Smyrna wants us to come over and help the American Legion put it over. There will be a big shore dinner, the DeLand Band will play, a car will be given away, there will be a bathing suit parade and auto races and all kinds of sports. You know that New Smyrna always does things just right and on the Fourth they are very anxious to show the Sanford people a good time. Go over there on the Fourth and help the American Legion to celebrate.

SANFORD'S WELCOME TO CLEVELAND

Mr. R. J. Holly,
Editor Sanford Herald.
My Dear Mr. Holly:

The enclosed clipping from the Times-Union in reference to an Ever-bearing orange tree has no doubt caught your alert eye and that of the reading public generally. Of course, anything that smacks of oranges is an eye-catcher in Florida. But, this clipping, giving a birth-date to this new orange incidentally touched in this old citizen a vibrant cord that rings out so fresh and sweet that he feels he must share it with you and yours—ah la Herald. Charles B. Pelton, of Lake Helen, who frankly states all he knows about this strangely, neglected ever-bearing orange says: "I took several of these trees to the Orlando fair. I do not recall the year but it was soon after Mr. Cleveland was elected president at the fair, etc." Now I must believe that Mr. Pelton's memory, like my own does, side-stepped him for the moment and that instead of the Orlando fair it was the Sanford fair where he met Mr. Cleveland. Indeed I do not believe that Orlando had her fair that year. Sanford had the fair that year, the most complete and tropical in all her history and Mr. Cleveland and his young wife, nee Frances Folsome, were her special guests. The J. T. & K. W. R. R. was but recently finished and the distinguished parties came by rail. Now, in those early days the spirit of adventure was rife to commercialize our tropic possibilities—the olive, the date, the plum, Surinam Cherry, banana and the starch-yielding plants were being tried out, the tuberose among them, adorably rich of fragrance and pearly, beauty came into Sanford from the Sorrento district where the bulbs were grown and largely shipped to foreign markets. These charming flowers were new to Sanford, a waste product and in abundant supply were every where in evidence, filling the show windows, adorning homes and in lavish bunches riding high the laps of old and young were at once seized upon as an inspiration and turned to account. A massive reception arch of these flowers took form over night in the new depot and with numerous et cetera, Sanford was ready for her distinguished guests. They came, and bet your life, she was there to the very last lame kitten and now, with good wishes and good-byes yet in the air a copy of the Sanford Journal, printed on white satin was passed to the hand of Grover, a happy and most appropriate ending to a great big day for Sanford town.

Yours truly,
CHARLES B. PELTON,
Lake Helen, Fla.

PARTIES FOR MISS LYDIA YOWELL.

(From Monday's Daily)
Misses May and Mildred Holly entertained very delightfully Thursday evening at a dinner party in honor of their guest, Miss Lydia Yowell, of Orlando.

The guests on this happy occasion included Misses Maude Lake, Olive Newman, Margaret Zachary, Gladys Wilson and May and Mildred Holly.

On Tuesday evening the Misses Holly entertained at a promenade and dance in honor of their guest, Miss Lydia Yowell of Orlando, at their home on Park avenue.

The house was most artistically decorated with quantities of vines, ferns and baskets and bowls of varicolored petunias.

The evening was pleasantly spent with promenade and dancing, the music being furnished by Mrs. Ed Lane. At a late hour the hostesses, assisted by their mother, served pineapple sherbet and cake.

There were about fifteen couples enjoying this delightful event.

McCLUNG-TOLBERT.

(From Monday's Daily)
The many friends of Miss Mary McClung, who visited her sister, Mrs. C. H. Dingle, frequently during the winter, will be interested in the following announcement:

Mrs. John Moccet McClung announces the marriage of her daughter Mary

to Mr. Henry Perkins Tolbert of Connecticut.

The wedding taking place Tuesday, June 7, at Dundee, Florida.

Woman's head is on the dollar, but she will never be satisfied until she gets her hand on it.

The glory of life is to love, not to be loved; to give, not to get; to serve, not to be served.

thirty bearing trees of this variety in Lake Helen today. I have ten or twelve trees in my grove. The others belong to my neighbors that I planted for them.

They bear the same as a lemon tree, every new growth blooms. The first few years of its bearing we get four growth a year, which gives four different sizes of fruit. After the tree gets quite old and bears heavy crops it is impossible to get more than three growths a year.

Everybody ought to have a few of these trees for home use. The quality and flavor is very fine, the rind is very thin and it has only two or three small seeds. I would not advise planting a large acreage for market, as more than 75 per cent of the total crop will run 250 and smaller to the box.

The fruit is almost as oblong as an egg. On your trees the fruit will run larger.

I introduced this variety in my catalogue as "Long's Everbearing." As far as I know the Valencia orange was not known in Florida thirty-six years ago and this tree of Mr. Long's had been bearing for fifteen years then.

Yours truly,
CHARLES B. PELTON,
Lake Helen, Fla.

SANFORD PUBLIC SCHOOLS WILL OPEN OCTOBER THIRD WITH BRIGHTEST PROSPECTS

Many of Last Year's
Teachers Will Be
On Faculty

MAKE FINE START

TOWARD ONE OF THE MOST SUCCESSFUL TERMS OF OUR SCHOOL HISTORY

The public schools of Sanford will probably open for the fall term on October 3, 1921. There will be many of last year's teachers with us again, which insures another successful year of school work. Mrs. Arrington will continue as supervising principal of the primary schools, Miss Millen of the grammar school and Mrs. Maxwell as building principal of the high school. We are delighted to know that these three faithful and successful teachers will be at their usual posts of duty next year, and we feel that under their leadership these schools will be kept up to the high standards of the past.

Much to the regret of his many friends and admirers, Prof. Claude Ogilvie, principal of the high school during the past two terms, has resigned, and expects to enter the Harvard law school next fall. We wish him the same degree of success as attended his work here in our schools.

The new high school principal will be Prof. G. E. McKay, for the past five years city supervising principal of the schools of Key West. Prof. McKay is a young man of high scholarship and proven ability as a teacher and principal. He has been re-elected for the sixth term in the Key West schools, but prefers to move into the interior of the state where he will be more closely associated with other school men. County Superintendent Lawton is personally acquainted with Prof. McKay and describes him as a man of most pleasing appearance, personality and address, and one that will soon win his way into the hearts and affections of both pupils and parents. Mrs. McKay will also teach in one of the high school departments, and her record in former positions is assurance of her popularity and efficiency.

Although there may be some changes before the opening of the school term, the list of teachers will probably include the following:

High School.
High School principal, Prof. G. E. McKay.
Latin and commercial, and building principal, Mrs. R. C. Maxwell.
Mathematics, Miss Ida Mae Gray.
History, Miss Elizabeth Humphries.
English, Miss Sarah Muriel.
Science, Mrs. G. E. McKay.
Spanish, (to be supplied.)

Grammar School.
Principal, Miss Clara Millen.
Eighth Grade, Mrs. D. S. Habbitt.
Eighth Grade, Mrs. Rachel Kirkman.
Seventh Grade, Mrs. Selena M. Barber.

Primary Schools.
Supervising principal, Mrs. S. P. Arrington.
Principal East Side Primary, Miss Ethel Moughton.
Principal, West Side Primary, Miss Mary Irvin.
First Grade, Miss Hermina Lehman.
Second Grade, Miss Francis Hughes.
Third Grade, Mrs. Hazel Moughton.
Fourth Grade, Miss Helen Terwilliger.

Fourth Grade, Miss Louise Kolb.
The many friends of Mrs. Rosa L. Dickenson, who for many years has been one of the best and most faithful teachers of the Sanford grammar school, and who was for several years principal of that school, will regret to learn that she has resigned her position in this school. Mrs. Dickenson was re-elected to the position held by her last year—the seventh grade in the grammar school, and the trustees were very much surprised to receive her resignation.

Mrs. Dickenson has been with Seminole county schools ever since its creation, and was one of the best teachers in old Orange before the division of that county. She is well

known and highly respected as an educator among school people over the state, and the school to which she may go from here will indeed be fortunate in securing her services. Her strong christian influence has been felt in Sanford during her residence here, and that city to which she goes will gain a citizen who will at all times stand and work for the very best interests, not only of its schools, but also of the community in every phase of activity.

That success and happiness may be her portion in whatever field she may work is the wish and prayer of her Sanford friends.

High Freight Rates Shut Off Building To Certain Degree

FREIGHT ON BRICK FROM GEORGIA COSTS MORE THAN THE BRICK.

If the railroads would reduce their freight rates there would be twice as much building going on here and elsewhere in the state as there now exists. The exorbitant freight rates that takes more than half the price of materials are knocking out the big building operations and holding back the state of Florida.

Senator Park Trammell is making great efforts to bring the facts before the interstate commerce commission but if they act at all they will not act so slowly that Sanford will not get the benefit of the reduction in rates in time to take care of the many big building operations that are contemplated here this summer, among them being a large tourist hotel.

For instance, this week a Sanford contractor had a car load of brick shipped here from a Georgia concern freight prepaid. The freight on a thousand was \$7.95; the price of the brick and freight laid down here being \$13.95, leaving the brick manufacturer \$6.00 for the brick. In other words, the railroads received more than the brick manufacturer, and if this freight rate could be reduced now there would be twice as much building as now.

Why should the railroads receive more for freight than the manufacturer receives for his product? It is on a par with the rates of last winter when the Sanford growers and other growers sent car load after car load of fruits and vegetables to the northern markets and on account of the high freight rates, received less than nothing back; in many cases being called upon to pay the difference in freight rates and getting no money in return for their fruit and vegetables.

In other words, no manufacturer, no grower, no business man can make anything under the present high freight rates, and the thing for these people of this state to do—and do it now—is to demand that all of their senators and all of their representatives in Washington get results now. That is what they are there for and that is what the people want them to do.

Ladies Broke Up Odd Fellows Meeting, Will Not Be Arrested

For The Women Were Rebekahs and The Men Enjoyed the Affair

(From Wednesday's Daily)
The Odd Fellows of Sanford Lodge, No. 27, were happily surprised Monday night when the members of Seminole Rebekah Lodge walked in upon them and broke up their meeting. A very pleasant time was enjoyed with speeches and music, after which all partook of refreshments. It was decided to have more of these delightful gatherings; one of which is to be held this week at an outing at Crystal Lake.

SOMETHING WILL HAPPEN SAYS THE CASH GROCERY AND IT LOOKS LIKE IT

The Sanford Cash Grocery says that something is going to happen and here it is: A handsome Limoges China Dinner Set given free every week for twenty-six weeks, a complete 100-piece Limoges China dinner set given away free the 27th week. With each purchase of 25c a numbered coupon is given and the person holding the lucky coupon will draw the China. It is something that will attract the public and you should read all the particulars in today's Daily Herald. It will pay you to watch this paper every day.

666 cures a Cold quickly.

MAYOR MARTIN TO SPEAK HERE NEXT TUESDAY

CHAMBER OF COMMERCE WILL BE HOST TO JACKSONVILLE EXECUTIVE

(From Tuesday's Daily)
The Honorable John W. Martin, recently re-elected mayor of Jacksonville has accepted an invitation extended him by the Sanford Chamber of Commerce to be the principal speaker at the dinner to be given by that organization Tuesday evening, June 21, at 8 o'clock, at the Valdez hotel.

Mayor Martin is a particularly brilliant speaker, and his popularity is not confined to his own city, but extends over all sections of the state as well. His constituents in Jacksonville will testify that the unprecedented majority which re-elected him mayor of Jacksonville was not due alone to his linguistic ability, but to the efficient and fearless administration he has given while mayor.

The appearance of Mayor Martin before the membership of the local chamber next Tuesday evening will afford the opportunity of observing the wonderful personality which he possesses and his address, typical of the man, will be along lines of civic development. His host of friends throughout the state are confident that the future holds great things in store for him, and at a not far distant date Jacksonville will have to relinquish her claim on this most efficient public servant, realizing that the state and nation are ever in need of men of his calibre.

An invitation has been extended to the members of the Professional and Business Women's club to be present in made that reservations be made promptly, as accommodations are limited and a great many of the members have advised that they would be present. Tickets can be secured from Secretary Pearman, at the Seminole hotel. Price per cover, \$1.25.

ST. JOHNS RIVER BRIDGE

JACKSONVILLE, June 14.—Completing the last link of the Dixie highway into Florida, the St. Johns river bridge, spanning the St. Johns river between Jacksonville and South Jacksonville will be dedicated July 1 with elaborate celebration now being arranged by the Duval county celebration committee, which will present, beginning June 30 and ending July 2, a festival of massive proportions commemorating this event. Three days of festivity and fun are being arranged, with assurance by the committee in charge that the celebration will surpass in entertaining features any event previously arranged in Florida. Numerous Mardi Gras features have been planned including an old-fashioned carnival of fun, masked street dancing, parades with decorated floats, entertainments, fireworks, several bands and many other features.

All Florida is invited to join in the celebration and many cities have appointed sponsors to participate in the dedication ceremonies and maids of honor to accompany their sponsors, who will be entertained with an elaborate series of social events while in Jacksonville. Low railroad rates on excursion fare basis are being arranged by the transportation committee and will be announced in the near future.

Arrangements are being made in Jacksonville to accommodate many thousands of visitors during the three days.

WESTMINSTER CLUB.

(From Tuesday's Daily)
Mrs. Robert Grovenstein and Miss Helen Peck entertained the members of the Westminster Club yesterday afternoon at the home of the former on Myrtle avenue.

During the business meeting plans were discussed and other things of importance were attended to. All the sewing for the Red Cross which had been completed was turned in. There were six new members enrolled. Following the business meeting a social hour was enjoyed. The hostesses served a delicious ice course.

There were fifteen members attending this delightful meeting.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

GET INTO THE HABIT OF DRINKING A GLASS OF HOT WATER BEFORE BREAKFAST

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it's guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.—Adv.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.—Adv.

WILL GO TO GIRLS CAMP

Miss Sarah Wight will leave on July 5th for Camp Junaluska, N. C., taking with her a party of six girls, Mary Elizabeth Puleston, Olive Newman, Virginia Neely, Florence and Helen Witty and little Billie Wight. The camp lasts through July and August, and is one of the largest and best in North Carolina.

Miss Ethel McCoy, Camp Director, is a former Sanford girl who has made wonderfully good in educational work in Interment College, Bristol, Va.

ST. AGNES GUILD

(From Tuesday's Daily)
The St. Agnes Guild held their regular business meeting yesterday afternoon at the home of Mrs. S. M. Lloyd on Park avenue.

It was decided to only meet once a month during the summer, and that each member should make one article each month for the Christmas bazaar.

Europe's heart is doubtless broken, but it still uses a club to make work for spades.

WITH AN EXCELSIOR

- Your police department will give your home and your business better protection.
- You can travel to and from work independently, comfortably, swiftly, and safely.
- You can pass anything on the road if you wish.
- You can take her along on every trip and outing.

SOUTH'S HARDWARE JOBBERS CHARGED WITH BOYCOTT KNIGHT SAYS INNOCENT

Co-Operative Firm Bro't
the Suit Against the
Wholesalers

REFUSED TO SELL

TO CERTAIN CUSTOMERS AND
KNIGHT SAYS THEY COULD
PICK THEIR CUSTOMERS

WASHINGTON, June 15.—Concluding oral argument in the case of the Southern Hardware Jobbers' Association charged with use of the boycott and conspiracy in restraint of trade, were heard yesterday by the Federal Trade Commission. The case has been bitterly fought on both sides and has been on the commission's docket more than a year. Decision was reserved.

Although C. M. Neff, commission counsel produced what he described as conclusive proof that members of the association had sought in influence all hardware manufacturers, as well as members of the association, to join in an alleged conspiracy, P. O. Knight, of Tampa, Fla., for the association, entered a categorical denial of the whole charge. Mr. Knight asserted that the whole case simmered down to the question of whether any merchant could not pick his own customers. No law, he contended, could compel general sales and no power was reposed in congress permitting it to enact such legislation.

The case grew out of a complaint by the Merchants' Co-operative Association and the American Purchasing Company of Atlanta, a joint concern in which many retail hardware dealers were allied for the purchase of their stocks from manufacturers. The government claim was that members of the jobbers' association had attempted to refuse to sell to it. Mr. Knight contended that testimony, taken in the last year, had disclosed only five manufacturers who had not accepted orders from the co-operative institution and that each of these had legitimate grounds for so doing.

A sharp line of demarcation on the question of a boycott was drawn by the opposing lawyers. Mr. Knight told the commission that the government case represented "many inferences, assumptions and conclusions for which no basis existed in the sworn testimony." He declared that whereas, the government's argument held the jobbers' association responsible for all acts complained of by the co-operative firm, it embraced only 145 jobbing concerns in the section east of the Mississippi and south of the Ohio and Potomac. In this territory, more than 350 hardware jobbers are engaged in business, he added.

Mr. Neff on the other hand, offered as evidence of this alleged conspiracy, several dozen letters exchanged between officials of the jobbers' association and the American Hardware Manufacturers' Association and individual business concerns throughout the South, which he claimed showed a definite plan to employ the boycott against the co-operative institution.

Dangers of clashing with the Sherman act were mentioned in several of them. In one, a letter said to have been signed by John Donnan, secretary of the Jobbers' Association, the subject was believed to be too delicate to "put in writing," Mr. Neff said, so its discussion was deferred until a district meeting of the members was held at Montgomery, Ala. Mr. Neff was unable to give the commission details of what went on at the Montgomery meeting, which was held nearly two years ago, because the session was behind closed doors.

Answering the complaint that the co-operative house had been denied membership in the Jobbers' Association, Mr. Knight declared the association by-laws required a firm to have a paid-in capital of \$75,000 and to employ at least three traveling salesmen. The co-operative firm, he asserted, never had had any paid-in capital and by the very nature of organization could use no salesmen in soliciting business.

SWIMMING PARTY.

(From Wednesday's Daily)
Mr. and Mrs. Frank Akers entertained at a chicken supper and swimming party at Crystal Lake last night in honor of Mrs. Allen Jones, whose birthday anniversary it was.

The evening was pleasantly spent with swimming and other water sports.

Those who enjoyed this delightful occasion were: Mr. and Mrs. Frank Akers, Mrs. Allen Jones, Mrs. Virginia Coney, Mr. Austin Halle, Misses LeClair Jones, Mauda Lake and Emma Spencer, Harry Wimblish and H. B. Coney.

PARTIES FOR MRS. McLAUGHLIN

(From Wednesday's Daily)
Mrs. Norma McLaughlin of New York, who is the charming house-guest of Mrs. R. E. Newman, will be honoree at several parties given this week, among them being the bridge party to be given Friday afternoon by Mrs. A. P. Connally. The guests will include the members of the Every Week and Duplicate Bridge clubs. Mrs. McLaughlin was a former member of these clubs.

On Saturday Mrs. E. M. Galloway and Mrs. W. E. Watson will entertain at a picnic bridge at Silver Lake in honor of Mrs. McLaughlin.

PUSH PLANS SOUTHERN COLLEGE

Plans will go forward at once on the planning and construction of Southern College at Lakeland. This was authorized by the trustees of the college who met at Sutherland yesterday and delegated the task of engaging an architect and landscape artist to an executive committee composed of J. E. Wall, Dr. R. H. Alderman, Dr. J. P. Hillburn, Dr. J. A. Hendry, Dr. W. A. Cooper, L. N. Pipkin and E. T. Roux. The committee will meet at Lakeland ready for business Friday, June 24.

The trustees were gratified at the result of the Christian Educational movement, which will provide the needed funds for the college. The trustees declared yesterday that the fact that Florida was the first conference to go over the top proved that the Methodists of the state were behind the college wholeheartedly. Florida has been the only conference to raise more than the assigned quota and the \$700,000 for Southern College will provide an institution that will be a pride and asset of the state.

The last batch of ballots confirming Lakeland as the site for the college were counted by the trustees. Not more than seven out of 212 members of the conference voted against Lakeland. The official confirmation will be made when the conference assembles in December, but the straw vote indicated the prevailing opinion.

Another important matter discussed informally was that of encouraging the establishment of a preparatory school for the college at Sutherland. The executive committee was invested with the power of investigating the feasibility and practicability of such an institution, which would accommodate students who aspire to enter the college but who lack two years preparation.

It was conceded that the people in the vicinity of Sutherland would have to show an interest in the movement and an expression on their part in its favor would be welcome to the trustees. Two of the old buildings out of four, still remain at Sutherland and it is proposed that these could be converted into an administration building and a dormitory. A dining room and a girls' dormitory would have to be built in addition.

D. A. U. BRIDGE CLUB.

(From Wednesday's Daily)
Mrs. E. P. Morse entertained the members of the D. A. U. Bridge club very delightfully yesterday afternoon at her home on Mecca Road.

Quantities of red dahlias were effectively used in the living room, where the card tables were arranged. Of unusual interest was the game of bridge played during the afternoon. High score among the club members was made by Mrs. Ayala Pitts. Mrs. Cecil Butts of Orlando made high score among the guests.

Following the game Mrs. Morse served a delicious salad course followed by an ice course.

Substituting for absent club members were Mesdames George A. DeCottis, Norma McLaughlin, A. B. Wallace and Cecil Butts of Orlando.

They loved America more when she had a heart of gold instead of a monopoly.

Woman's Auxiliary of The American Legion Held Meeting

(From Wednesday's Daily)
A meeting of the Woman's Auxiliary to the American Legion was held Monday afternoon in the Woman's Club rooms. A number of new members were added to the list and the prospects are fine for a live unit in Sanford.

Another meeting will be held in the near future at which time we hope many more women will become affiliated with us.

JUNE CLEARANCE SALE PROMISES MANY BARGAINS AT SPEER & SON'S STORE

The people have been looking forward to the annual June Clearance Sale of Speer & Son because they know that when this store advertises a big sale that they can count on a feast of bargains. The June Clearance Sale means that Speer & Son are getting ready for their annual stock taking and before they enter upon that tiresome job they want to reduce the stock as much as possible, hence the clearance sale and hence the many bargains in white goods, Women's Hose, Children's Hose, Notions, Trimmings, House Dresses and Aprons, Corsets, Lingerie, Sheets and Pillow Cases, Towels, Draperies, Cotton Dress Goods, Underwear and everything. Prices are down to a level where people can buy with confidence, says Speer & Son and the prices quoted in the page advertisement in this issue means just that. Read the advertisement and attend this big sale that starts Friday morning and lasts one week. Get there early for the bargains are the greatest you have seen.

Remains of President Gomez Transported To Cuba via Cruiser

(By The Associated Press)
NEW YORK, June 14.—The body of former President Gomez of Cuba, who died here yesterday, will be met at Key West Sunday by a Cuban cruiser and taken to Havana for interment.

EVAPORATION REFRIGERATION LATEST THING OUT FOR FARMERS

GAINESVILLE, June 14.—Directors for the construction of an evaporation refrigerator which should prove of great benefit to farmers and others who are not in position to obtain a regular supply of ice have been issued by A. P. Spencer, of the University of Florida's agricultural extension division. The evaporation of water will not often produce a freezing temperature, Mr. Spencer states, but a cooler operated by this means will take the place of ice for ordinary refrigerating purposes.

A wooden frame should be covered with cotton flannel the smooth side out. Pieces of cloth thrown over the top will act as wicks to take water from a shallow biscuit pan placed on top of the refrigerator, and communicate it down the cloth sides by means of capillary attraction. The evaporation from the damp walls cools the interior and if it is tight and the door fits snugly the temperature may be reduced sufficiently to keep butter, milk and meat. The cooler, which may be of any size, should be placed in the shade and in a draft, to get the best results.

County agents or the College of Agriculture here will furnish any information on the subject interested persons might desire.

COAST LINE CANAL MAY BE BOUGHT BY SYNDICATE

WEST PALM BEACH, June 15.—Negotiations for the purchase for \$1,250,000 of the Florida Coast Line canal which extends from the St. Johns river at Jacksonville to Biscayne Bay at Miami, are under way, according to reports here. The original cost of the water way was \$3,000,000. It is understood that the Florida Coast Line Canal and Transportation company, the owners, recently granted to a western syndicate an extension of an option for its purchase. Plans of

the prospective purchasers, it is reported here, call for the expenditure of \$1,000,000 for improvements.

"Where Style Reigns"

OGLESBY CASE CONTINUED BY REQUEST OF ATTORNEYS, PERKINS ADJOURNED COURT FOR TERM

DEFENDANTS HAD MOVED TO QUASH THE INDICTMENT WHICH WAS REFUSED BY JUDGE PERKINS

State Wanted Immediate Trial But Landis & Fish, Attorneys, Were Taken By Surprise and Were Not Ready

(From Saturday's Daily)

Court adjourned yesterday much to the surprise of every one present. The Oglesby case was up for argument again and the defendant's attorneys, Landis & Fish, had asked for a motion to quash the indictment and submitted no argument. Acting State's Attorney Theodor and George A. DeCotte were asked to state their side of the case and Judge Perkins refused to quash the indictment and Landis & Fish immediately moved for a continuance of the case making a verbal motion for the same as "they were taken by surprise" and had not been prepared for the indictment of murder in the first degree and had only made preparations to fight the indictment for manslaughter, this case having been in court for almost three weeks and taking up all the time of the court, and they asked for a continuance on the grounds that they were not ready to try the case. The state was very anxious to try the case for many reasons chiefly because the defendant, J. M. Oglesby will have to remain in jail until December or January at the expense of the county and also because the state was ready for trial and wanted to dispose of the case without any more time being consumed. Judge Perkins announced court adjourned and it was all off.

But the Oglesby case was not the only one that the people wanted to come to trial. The Saucer case was another and had been called to the attention of Judge Perkins by the grand jury who asked for a re-opening of the case that had been continued and asked to either try it now or have a special term to try it. The county commissioners in the following resolutions also called his attention to the case:

Whereas, it has come to our attention that the two separate cases pending in the Circuit Court of this county against J. M. Saucer, wherein the said J. M. Saucer is charged with a violation of the prohibition laws of this state, have been continued because of the sickness of the mother of wife of the defendant, and

Whereas, it has been further brought to our attention that the grand jury has recommended that the two said cases be brought to trial at this term of court, and that this term of court, if necessary, be postponed from day to day until said cases can be tried, and if found to be necessary that a special term of court be ordered, held by the judge thereof for the purpose of the disposition of these cases,

Therefore, be it resolved, that we heartily concur in the recommendation made by the Grand Jury, and be it further resolved, that it is the sense of this body, that the security of society in this county demands and requires that there be a speedy trial in these two cases.

Therefore, we respectfully urge and request the Hon. Jas. W. Perkins of this Circuit Court of this county, to follow the recommendation made by the Grand Jury, and take such steps as may be necessary to procure a trial of the cases aforesaid, at the earliest possible date, even tho it may prove necessary to call a special term of court for said purpose, and,

Be it Further Resolved, that the clerk of this board is hereby instructed to forthwith transmit an official copy of this resolution to the Hon. Jas. W. Perkins, Judge of this circuit.

Adopted this 7th day of June, 1921.

SOUR STOMACH INDIGESTION

Theodor's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theodor's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theodor's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theodor's.

UPSALA AND GRAPEVILLE

Miss Lizzie Icenhour of Twin Lakes after spending the winter here, has returned to her Ohio home for the summer.

Wm. Stafford has put down a well for Tom Fortier as well as one for Barney Beck.

A number of Grapeville people have been sick from severe colds or sore eyes for the past month but are better now.

We are all glad to note that Andrew Bertelson is able to get about some on his crutches.

Mrs. T. O. Tyner has been going down to take electrical treatments for her injured limb.

Miss Margaret Ericson is attending summer school to make an extra grade.

John Lundquist, Jr. made a trip to Orlando Monday. His brother, Elmer is employed during vacation at Volle Williams' garage in Sanford.

Mrs. V. C. Collier and sister, Mrs. Gleason and son, Clyde, were dinner guests on Monday at the home of Mrs. Barney Beck.

Quite a large crowd enjoyed a picnic supper on the third at Crystal Lake, a good many also coming from town.

Rev. Albertson and wife, coming over from DeLand, were also invited and while here they were the guests of Mr. and Mrs. Ericson, calling on as many of the homes in the community as possible.

On Sunday Rev. Albertson gave us a fine sermon on "Running the Gauntlet."

Mr. and Mrs. Dinnie Arrants, of

UPSALA AND GRAPEVILLE

Celery avenue, have moved into town, having given up the plan of purchasing the Beck cottage in Grapeville, much to our regret.

A few friends met at the home of Mr. and Mrs. Meador on Memorial day and enjoyed a house moving party.

Mr. and Mrs. John Borell and Mr. and Mrs. Andrew Bertelson and little daughter and son, Woodard, spent the day with them while W. T. Tyner and Walfred Pierson also helped in the moving.

Mrs. Jennie Gleason and son, after after spending a pleasant winter here at the home of her sister, Mrs. V. C. Collier in Sanford, expects to leave for their home near Canton, N. Y., early Wednesday morning and Mrs. Collier will accompany them to spend the summer with her son, who is ill and other relatives.

Mrs. Alfred Ericson and little Esther were in to spend the day with them on the third and Mrs. Ballinger on the 9th, going with them in the afternoon for the ride to Lake Harney where we all enjoyed some of the fine fish prepared under A. K. Roslter's oversight for the picnickers, a merry crowd.

Servant Girl Wouldn't Go In Cellar, Fearing Rats.

Mrs. Tepper, Plainfield, N. J., says, "Rats were so bad in our cellar the servant girl wouldn't go there. Bought some RAT-SNAP and it cleaned all the rats out." RAT-SNAP destroys rats and mice. Absolutely prevents odors. Comes in cake form, no mixing. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

SANFORD BEATS PALATKA

(From Friday's Daily)

In a most interesting game, full of thrills and big league stuff Sanford brought the fast Palatka team to a halt in their own back yard.

Palatka, who boasted of the fastest amateur team in the state and who should be called a professional team as they have at least five paid players in their line-up looked like a stone wall for our team to go up against and with all the big odds being offered against Sanford it looked like a walk away for them until the operations began.

A return game will be played here some time next month, the exact date to be announced later.

The box score for yesterday's game will have to be omitted here as the scorer failed to send his report to this paper in time for today's issue. The score by inning:

| | | |
|---------|-------------|----|
| Palatka | 000 030 100 | —4 |
| Sanford | 020 000 030 | —5 |

Batteries: Palatka, Sanford and Larzo; Sanford, Chapman, Ammons and Rive.

BUSINESS IS GOOD

AND THE BUILDING OF NEW BUSINESS HOUSES SHOWS IT.

Among the many new buildings for the week are a business block on First street and Myrtle avenue, and the remodeling of the Warman apartments on Palmetto avenue and six brick store rooms on Second street.

The business block on First street will be built for J. J. Cates and will consist of four good store rooms, to be built of brick and made modern in every respect. While they will be one story now, the walls will be made with the view of making them two or three stories in the near future.

George Venable has the contract for the Cates building, which will be 100 feet on First street and 65 feet deep. J. J. Cates will occupy two of them and Mrs. Cates will occupy the other two, the stores to be groceries, wholesale and retail, and dry goods.

The Warman building, recently purchased by T. J. Miller & Son, is being made over into an up-to-date apartment house. Built of brick and now having a two-story porch of concrete and brick, new bath rooms and many other improvements being made inside and outside the new Miller apartments will be among the best in the city. The building will be painted and stuccoed as soon as the repair work is finished. George Venable also has the contract for this building.

The six store rooms on Second street, just west of the DeForest building occupied by the Sanford Dry Goods Co. and Robbins Credit Store, will be built for Mrs. Anna DeForest, who owns considerable real estate in the city. The new store rooms will be one story in height but built for more stories in the future. They will be of brick and up-to-date in every particular. S. O. Shiholzer has the contract for these store buildings.

Pays for Fertilizer

Summer fertilizer on citrus trees pays for itself in two ways—gives larger fruit, therefore more boxes, and a greater bearing surface for next year's crop. We recommend

American Shot By Crown Forces, Probably in Ireland

(By The Associated Press)

LONDON, June 13.—A dispatch from London said Thomas Rush, 35, said to be an American navy pensioner, was shot to death yesterday by Crown forces.

\$625 f. o. b. Detroit

The merits of the Fordson Tractor can be best judged through the opinions of its daily users. We have asked a few of our customers for their frank comments concerning the operation of their Fordsons. Read what these owners have to say and then judge whether or not they are pleased with their purchases—Or better still, ask them yourself.

Sanford, Florida, Oct. 6, 1919.
Mr. Ed. Higgins, Sales Agent Fordson Tractor, Sanford, Fla.
Dear Sir:
Referring to your recent inquiry as to how the Fordson Tractor that we purchased a year ago had performed.

I have a letter from our Mr. A. Q. Lancaster, Superintendent of our Isleworth Grove, which reads as follows:

"Replying to yours of Sept. 27th. As regards the Fordson Tractor I beg to advise that as a whole the tractor has given very good satisfaction. We had to renew all the bearings in the front wheels after using it about 40 days, which cost around \$23. After we put in new bearings we fixed flanges on the wheels to keep the sand from getting into these bearings and have not had any more trouble at that point with it. We have an order in now for new repair parts which will cost about \$60.00. As far as we can see these repairs will put it in first class shape to start in for another season."

"From the experience we had with the other tractor, and from what I can learn from people who have operated other tractors I believe the Fordson Tractor is the best tractor for sandy land. I think it would be wise to order another one of these tractors, as we can do as much work with one of them and one man, as we can do with three teams, and three men, and do better work."

The report that Mr. Lancaster sends, in my opinion will be satisfactory, especially so since he thinks enough of the Fordson Tractor to request us to order another one. Repeat orders on tractors are certainly a good endorsement.

Yours truly,
CHASE & COMPANY.

Sanford, Fla., Sept. 1st, 1919.
Mr. Ed. Higgins, Sanford, Fla.,
Dear Sir:
I am very glad to tell you how well pleased I am with the Fordson Tractor purchased August, 1918. I have used the machine constantly on our 60-acre truck farm and have done a great deal of work for others. The total cost for repairs has not exceeded \$10.00. While not a machinist, I do all my repairs and adjustments myself. I do a good deal of my own driving but any good hand can handle it.

Yours truly,
RALPH CHAPMAN.

Sanford, Fla., Sept. 15-19.
Mr. Ed. Higgins, Sanford, Fla.
Dear Sir:
Replying to your inquiry in regard to the Fordson tractor purchased from you.

I consider this machine the best investment in the way of farm machinery that I ever made. I have a fourteen-year-old boy driving and he harrowed 20 acres with it yesterday, and did a better job than could be done with teams.

You could not buy this machine back for several times what I paid for it if I could not get another.

Yours truly,
ROY F. SYMES.

Nothing doing at Sanford on the Fourth. All right we will go over to New Smyrna and hear about the bridges.

A bold, bad burglar entered the home of Judge Andrews at Orlando and stole the judge's pocketbook. He will probably ask for a change of venue if he is ever caught.

Sanford's new booklet will soon be out and it is one of the finest bits of literature that has ever been turned out in Florida. That covers some territory but wait until you see it.

Buildings to the right of us, buildings to the left of us, buildings in the front and in the rear of us and on to properly ride the city of Sanford—with all due respect to the heroes of Balaklava.

Daytona officers are now intercepting all the liquor that is going from lower East Coast points to Jacksonville. This might be a tip for the folks who are contemplating a summer residence at Daytona.

Glory, be. The Volusia County Commissioners have decided to take over all the toll bridges that span the Halifax river and make them free bridges. The owners of the bridges will fight the case, of course, and it will go to the supreme court and there is no telling how it will turn out. However, as a last resort, you can night ride 'em, you know.

In tendering his resignation to the Lakeland Chamber of Commerce, Mr. A. J. Holworthy, among other reasons, gives "lack of proper respect from all interests of the city," which, in itself is sufficient to warrant resignation on the part of any chamber of commerce secretary whose work is not supported by citizens anxious for the prosperity and progress of their city.—Times-Union.

An advertisement in the Palatka News says "Keep Your Refrigerator Thoroughly Chilled." Good advice, George, good advice, but honest to goodness, we cannot afford it. At the present price of our ice to keep our refrigerator thoroughly chilled would cost us ten dollars a day. We are thoroughly chilled, all right, with the ice question not the refrigerator.

Daytona Gazette says that a fine life saving corps will be organized at Daytona Beach this summer to be ready for any eventualities. Ed Fitzgerald is the finest life saver we know of and we move that he be made the head life saver. In that case we quit the "Stay at Home Club" right now and hike to the beach where we can be saved at least twice each day.

It is a long lane that never turns and we can pay toll over the bridge between New Smyrna and Coronado and across the St. Johns river on a flat for two years longer if we have to, but there is sure to be a turning point at the session of the legislature which will convene two years from now. The people of the coast side of the county are progressive and want free bridges, and will elect officers who will endeavor to enact laws for the benefit of the masses.—New Smyrna Breeze.

The Herald will not publish the alack list. We made this statement many months ago and having received many questions about it will reiterate that we shall not publish it under any circumstances. There are too many names of boys who were in the country's service at the time they were supposed to be evading the draft and in justice to those who were not draft dodgers we refuse to publish any of the names. The war is over and the less said about the draft evaders the better.

The Chamber of Commerce should receive the undivided support of every man and woman in Seminole county. The Chamber of Commerce is working for you every day in the year and working while you sleep. If you want to know what they are doing go to the board of governor's meeting every Friday noon and see what these busy business men are doing for you. It is all right to kick but you ought to make it a constructive kick and be doing something yourself for your town instead of standing back and let the other fellow do it all.

And also why don't soft drinks take a tumble with sugar and fruits and everything else falling down? It is another sad commentary on Florida for Florida limeade to be bringing such prices right at home.

When courts get better and lawyers stand for nothing but the right may be the ordinary man in the ordinary walks of life will have more respect for the law and maybe when that time comes there will be no more riots or taking the law into your own hands.

After looking at the faces of that bunch of women who are supposed to have murdered Kaber at Cleveland, it seems that even suicide would have been a relief. They take the prize for being the ugliest outfit that has disgraced the front page of the newspapers in some time.

The beaches will be the most popular places in Florida if this hot weather continues as fine as Florida beaches and Sanford, being only 40 miles from salt water, can have all the delights of the beach in two hours' ride at any time.

The Sanford Herald has visions of a yacht basin being built in Lake Monroe at Sanford by a northern engineer. Here's hoping it's a dream comes true. Bob Holly is doing some fine work with his boating in his newly little dally.—Reporter-Star.

Report from Live Oak says the Rotes will be inaugurated next week and another item says that watermelons have started from that point. With a Rotary installation and watermelons at the same time Live Oak ought to be a wonderful place in which to reside.

At the fountains you see California orange and lemon and even lime drinks. Why should we be drinking California fruit drinks. The idea of California sending to the West Indies for limes to sell to Florida people. Why don't some enterprising Floridian make up some Florida fruit juices?

The DeLand News has discovered the root of the whole trouble. It says the railroads never got into financial trouble until they cut out advertising. That is a tip they better take.

It might create a better feeling among the newspapers, also.

Sanford is certainly growing and growing every day. One can hardly keep up with all the improvements that are being made in this city and there will be room for many more families this winter than ever before and there will be need for them for Sanford is attracting people winter and summer.

Acts of violence lead to anarchy. Can't we get the courts in such a condition that we again have respect for them, and then let them attend to matters needing their attention?—DeLand News.

Wake up, brother, and find out just where the trouble lies and then tell the world about it. Publicity will get results in Volusia county.

Colonel Galbraith, head of the American Legion, died in the service. He was killed in an auto accident, it is true, but he was serving the American Legion when he was killed and had been serving them faithfully ever since he was elected their commander. He was a real soldier all the way through and he will be missed by the Legion and his many friends.

Sanford merchants report the best summer trade in all the years of business here. It is bound to come. Advertising and sales and prices will bring the shoppers here. Sanford is in the heart of the finest bit of business territory in the state and they will come here if they are properly coaxed. Keep them coming with plenty of good advertising and Sanford will be the busiest city, winter and summer, in this part of the state. Sanford is the natural trading center and should keep this prestige.

"Never before have so many houses been started in Sanford," says that splendid optimist, the Sanford Herald. "Never before has there been such real activity or so many improvements started on store buildings and houses. New homes are going up over night—in fact some of the carpenters are so busy on other jobs that they have to build their own houses by moonlight—the sound of the saw and the hammer being heard in the land day and night." The Herald says that this activity means many new people have come to Sanford to live and make their homes and that the people who were there already have decided to make themselves more comfortable. Merchants and others find it to their interests to build and improve their places of business. Sanford is growing, steadily and splendidly.—Times-Union.

And talking about taking the law into your own hands does it not seem strange that there is so much of that being done in Volusia county? It may just be our idea but every paper is filled with armed posses taking out this man or that man and whipping him or shooting him or doing something of the sort. Would it not seem that the people of that county have but little respect for the law or rather are they not afraid the law will not give them the proper results? Have they not been in this frame of mind for some time? Strange, isn't it?

The attention of Governor Harice is called to the fact that several persons have been killed in Volusia county during the past year—and that none have been brought to trial—much less to justice. We recognize the fact that it is not fair to put this up to the governor when we are supposed to be a people fit for self-government, with all the right granted under the constitution to govern ourselves; but we have delegated the right to govern us to a clique who refuse to relinquish the reins which we have placed in their hands, will you, Kind Governor, please come to our relief, take the reins from them and put them back into our hands—and then see what we do.—DeLand News.

The order taking over the wooden bridges across the Halifax river may seem a high-handed proceeding to some. The corporations which constructed these bridges had franchises for a term of years; the term expired some years ago, and they have been operating the bridges for the past few years without franchises. The claim is made by some that if a person leases a piece of ground and builds thereon a store or dwelling, the improvements go to the land at the end of the lease unless it is especially stipulated in the lease that the improvements are to belong to the lessee. This may also be true with regard to bridges. At any rate, the matter will eventually be thrashed out in the courts, and will, presumably, be settled from a legal standpoint. It ought to be settled from a standpoint of right and wrong, of justice to all parties concerned, and perhaps it will be. However, few people have any confidence in the justice of the courts as at present constituted.—DeLand News.

THE MILLERS—TOWN BUILDERS

T. J. Miller and his son, Frank L. Miller are among the Town Builders who quietly and without any ostentation go about building some \$50,000 worth of city property this summer.

They are remodeling the former theatre building and making it into one of the finest department store buildings in this part of Florida. They recently bought the Warman apartment building and are remodeling the building into up-to-date and convenient apartments. They recently bought the uncompleted building of John Cook on Park avenue and will make it into one of the best store rooms on that popular street. They have just purchased some valuable property on Commercial street from the Lakefront Improvement Co., in the rear of the postoffice and will build one of the best and most complete embalming parlors that there is in Central Florida. These are only some of the improvements that the Millers are making. Town Builders, yes. Real Sanford citizens, yes. Just another instance of Sanford people making Sanford that we spoke of in that editorial several weeks ago.

SHIP BY WATER.

This paper has shown time and again that the railroads have pushed up the rates until it is impossible for any business man to make a profit any more; it is impossible for the farmer to make any profit and impossible for the consumer to live with the present high rates in effect. The railroads are camouflaging on the labor question and the employees truthfully say they cannot work for less until the prices come down and the rates are reduced therefore the railroads should be forced to lower their rates first and this will automatically bring down wages.

But the best thing to do under this and any other circumstances is to go ahead and help yourself without asking the railroads anything. Experience will teach you that the railroads never did anything until they were compelled to do it by the very force of circumstances.

California has always enjoyed a better freight rate than Florida on account of the many competing lines but not satisfied with the present freight rate California has been shipping fruits and vegetables via the Panama Canal and the all-water route to the eastern markets and now the railroads want to reduce and have reduced the rate from California to the eastern markets and the other day said that if the California growers would stop shipping by water they would reduce the rate farther down the scale.

This is the attitude of the railroads.

Either with the consent and the support of our so-called Commerce Commission or by the fact that there are no competing lines in the full sense of the word the southern railroads have robbed the shippers for years in the matter of freight rates and the thing to do now without waiting for any terms or compromises is for Florida growers to make arrangements to ship by water and keep on shipping by water even if the railroads offer to deliver the stuff free of charge.

The people need not look for any help from the Commerce Commission. The people need not look for any help from the railroads. They should get together and stand together and pool their interests and put in their own cold storage plants and have their own refrigeration boats and cars if possible and go to it with the idea that they are bigger than the railroads, the Commerce Commission and the people that are supposed to represent them at Washington.

THE SANFORD BUILDING & LOAN ASSOCIATION

The Sanford Building & Loan Association could loan over \$100,000 now for building purposes if the Association had the money to loan. Now, when you stop to think about this question it becomes larger and larger. It means that if \$100,000 of Sanford money had been put into the Association some time ago instead of into foreign stocks there would be at least fifty houses more started or erected in the city of Sanford today. This is only one of the instances of where the people of Sanford are standing in their own light. By putting their money into this safe and sane investment they would make seven per cent for themselves and aid the city in building more houses and building a bigger city, housing more people, holding more people here, enlarging the city in the residence section and settling new people here who will in turn invest more money.

It means so much to the city that it is strange, indeed, that the people will not invest their money in this Building and Loan stock. It is one of the safest and soundest investments.

It means more to you and more to your city than any investment that you could possibly make. And yet there are people here who have never invested a nickel in this association. There are people who stand around the street and wonder why this city does not grow any faster, wonder why people do not stop here in the winter, wonder why home people leave here on account of the lack of houses when the whole question could be solved by investing their money in the Sanford Building & Loan Association.

Figure up how much money has been taken out of Sanford by foreign companies this winter and then figure how much good this money would have accomplished here if invested in Sanford Building & Loan Association stock and it would amount to thousands of dollars invested both ways—for the investor and for the city of Sanford. Try this on your piano.

FLAG DAY

At the "dawns early light" of Tuesday, June 14th, will see the colors of the American flag displayed from every home in Sanford, is the earnest wish of the local chapter D. A. A. in celebration of the birth of the Stars and Stripes.

The Palatka News prints the following interesting item appropriate to the day.

July 4th, 1776, the Declaration of Independence was signed in Philadelphia and the colonies became an independent nation. The new nation had to have a new flag, as they could not use the Union Jack, so during the latter part of May, 1776, George Washington, Robert Morris and Colonel Ross called on Betsy Ross to make the first flag which they designed. They kept the thirteen stripes of the colonial flag, but replaced the Union Jack by a blue field bearing thirteen stars arranged in a circle. The birthday of the flag was June 14, 1776. Then Congress passed a resolution that the flag of the thirteen states should have thirteen stripes. The first unfurling of the Stars and Stripes was on a warship, by John Paul, in June, 1777. Tradition says that this flag was made for John Paul Jones by the ladies of Portsmouth Harbor, and that it was made from their own mothers' gowns.

It was first carried in the battle of Brandywine in September, 1777. The flag was made of a soldiers white shirt, women's red petticoats and an officers blue coat.

A famous flag now in the National Museum in Washington is the one of fifteen stars and stripes which floated over Fort Mifflin near Baltimore, in the War of 1812. This is the flag which Frances Scott Key saw "by the dawns early light." After watching through the night "the rockets red glare, the bombs bursting in air" was proof that the fort had not fallen during the night into the hands of the enemy. The next day he wrote the "Star Spangled Banner."

REDUCE WAR TAXES OR ELSE—

The Herald has time and again called the attention of the people to the fact that although the war is long over we are still paying the exorbitant war taxes and paying them on articles that are not on the regular list. Not only that but we pay for the mistakes of the men who are hired by the government to collect and we are harassed and harassed until patience ceases to be a virtue. We go into the stores and are confronted right and left by the war tax and we even get it at the cold drink places and just why this war tax cannot be cut is what the average person wants to know, and the average person will know or he will change this government around to suit himself. We are all patriotic enough, but we want to know where all this war tax is going and now that the republicans are in power we want to know what they are going to do about it. Disarmament would do more to "cut out the enormous taxes and cut the profiteer and cut the political grafter from his living than any other movement and the average person wants to know about this" also. The Jacksonville Metropolitan has the following about this same subject and it is being discussed in many places, and it would be well for the government and the various counties and cities to investigate this question of taxes:

The coalition government in Great Britain is beginning to realize how earnestly the people want a reduction in taxes, and because the English people are carrying a heavier burden than that borne by American taxpayers their sentiment is more pronounced; but unless the administration takes active steps to eliminate unnecessary expenses and conduct the government as economically as possible, which has not yet been done, the same spirit is bound to gain momentum in this country. And when the American citizen becomes aroused he is more emphatic in his disapproval than the Englishman. He demands an overthrow or a recall, and once determined to get it he cannot be persuaded that the wrong course has been taken.

The canards of the coalition government are being defeated at the polls almost as regularly as they appear for election or re-election. Because the war is over the English taxpayers feel that their taxes should be reduced, and no reduction has been put into effect. The government perhaps cannot see its way clear to inaugurate this system of cutting; the debts of war still remain and the work of reconstruction requires billions of dollars annually. But the rank and file do not take these facts into consideration.

During the presidential campaign the republicans promised the voters of this nation a reduction in taxes. They did not explain how it would be done. However, the promise still stands and the hope has not died in the bosoms of taxpayers. It will not die. It is too close to the skin.

The government cannot be operated as cheaply—the war is hardly appropriate—as before the war; our debts and obligations are yet to be met, but there are many things the administration could do that would cut down expenses, and incidentally taxes. The armament issue is an important one. It is in the limelight at present. If the administration can convince Great Britain and Japan of the tax-reducing possibilities of a national holiday, the taxpayers of three nations will be under obligations to President Harding and his associates. The administration, although committed to some step of this kind, is hesitating and there is no assurance that "heart" will be injected into the campaign, even if it is launched. There are other glaring corners in the government that could also be trimmed. If the administration forgets its promise, it may expect a call-down from the American people.

THANKS AGAIN, SENATOR

Senator Fletcher undoubtedly saw our article about the books and wishing to please us again sent the latest Congressional Directory this morning. Now, if there is one thing we like better than the Congressional Record it is the Congressional Directory that shows just where all of these wonderful men, these supermen, who make our laws, can be found.

We thought for a long time that they lived in the cloak room especially since in the old days there was a bar there but we find in looking over the directory that they live in various states in the union and out of the union and partly controlled by the American Federation of Labor who are working less than union hours and greatly over the scale. We also find in the directory that the capitol building at Washington is situated in latitude 38 degrees and 20.4 minutes north and longitude 77 degrees and 55.7 minutes west from Greenwich.

After seeing the long-haired artists and other freaks at Greenwich we were greatly surprised to know that there was such a long distance from Washington to Greenwich but we are convinced of one thing. The Congressional Directory and the Congressional Record and all of the rest of the "ready sellers" printed at the nation's expense, must have come from Greenwich—(Village, we mean).

WATER TRANSPORTATION VS. RAILROAD

Winter Garden, Fla., June 15, 1921.
 Dear Sentinel:—The orange and truck growers of our state are and have been very much concerned over the advance in rates that the railroads have been imposing on them. They know that they have a strangle hold on us and are squeezing us.

It reminds me of the old fable about the goose that laid the golden egg. All over this section one could see acres of cabbage left in the fields to rot, for the grower could not get enough out of them to justify shipment. I had a small patch and when the home market played out I tried shipping a few crates and they brought 35 cents above the cost of the crates, so I fed the rest to the chickens and cows and made good money out of them that way. All sorts of meetings have been called by the authorities and but little accomplished towards getting the rates lowered.

It puts me in mind of what Orleto did many years ago when she could not get the two roads that run out there to give her a rate that she thought she was entitled to, as she had such competition. So the growers had a meeting and raised money to build a road of their own to Lake Jesup, the head of navigation on the St. Johns, just two miles distant. They got a boat to agree to come up to a dock on the lake and take out their fruit at a big saving over the all rail route. They surveyed out the line, cut the right of way and graded, bought the rails, and put on the crosses. Did they lay that track? Oh no, for when the railroads saw that the goose was about to get away they met the growers with a rate that killed the little road. This rate lasted until the state formed our railroad commission, and they advanced their rate according to distance, and right then Orleto had no further use for the railroad commission.

The situation as regards the state is similar. We have water transportation of the best kind. Jacksonville has boat connections with the big fruit cities of the north, and it would not be much of a proposition to reach Europe. The "Do-Boys" have led the way, and they will take our fruit. The old Florida Fruit Exchange shipped a boat load of oranges to London before our big freeze, and it brought fair money, but it did more than that; it relieved our own market of that much fruit and left a better market at home. The old boat that carried fruit from Jacksonville had no refrigeration and the fruit often arrived in bad order. This could be remedied by putting in the Vanitas system, which they would no doubt do if they knew they could get the fruit.

L. C. Scoble of Leesburg, traveling agent for the Clyde Line, used to get all the fruit the boats could carry, and when the pineapple business on the East Coast was in its prime, when he and I were sweating and killing mosquitoes around Jensen and Port Pierce, he used to overload the boats. But now the railroads think they own the state and they are not willing to make a living rate for us.

Look what California has done this season by shipping fruit by way of the Panama canal. Surely our situation in regard to water transportation is vastly more favorable. I have sometimes got restless over the efforts of some parties urging on our growers to adopt the California methods in packing and grading, for I have not seen where they have beaten us in this, but this is one thing we can pattern after her, with great gain, and the Citrus Exchange and other big handlers of fruit have plenty of time to get everything in shape for next season.

Orange county can mass a quantity of fruit at Sanford for the Clyde boats; Volusia could put a big lot at Bereford. We ought to ask ourselves: What have we been thinking about so long? The Tampa section has plenty of shipping possibilities, Miami also.

I know that the railroads have been hard hit and that it costs them more to haul freight than it used to do for they are paying too much for their help, and then the trucks, autos and auto buses are cutting into their revenues.

We have two railroads coming into this place and yet our merchants have most of their supplies brought to them by truck from Orlando. There must be something radically wrong in the management of the railroads at this place.

This section seems well pleased with the prospects of better roads in the near future, and I think most all will vote for the bond issue.

Yours for the welfare of Florida.
 C. P. SHEPHERD.
 —Orlando Sentinel.

STEPHEN L. BROWN WAS LAID TO REST

U. S. SOLDIER, WHO DIED IN FRANCE, BURIED AT CHULUOTA SUNDAY, AT 5 P. M.

(From Thursday's Daily)
The remains of Stephen L. Brown were interred at the Chuluota Cemetery Sunday afternoon at 5 o'clock.

The body arrived over the Florida East Coast railroad Thursday from New York from whence it had just arrived from Reona Tape, France.

Steve, as he was familiarly called by his friends, was called into the military service of his country, June 27, 1918. He was a member of Company L, 324th Infantry, 81st Division of the National Army, A. E. F. He stayed in the training camps in America about two months when he was transported to France.

He was on guard duty in the Argonne when he contracted the Spanish Influenza which was raging all over Europe and America during the fall and winter of 1918. He was taken to a hospital where he died and was buried temporarily to await the time when the war should be over and the bodies of the brave boys could be sent back to their own country, homes and friends.

Mr. and Mrs. E. L. Brown, Steve's parents, were notified when the body arrived in New York and they were permitted to have it sent to them to be buried in the family lot in the Chuluota cemetery. A division of the American Legion from Orlando had charge of the burial service while a number of the Sanford chapter assisted.

When the casket was carried to the grave, "Taps" was sounded by the bugler, and owing to the absence of the Chaplain Prof. J. Tilden Jacobs read the funeral service and offered prayer and a number of friends sang, "We Shall Meet in the Sweet Bye and Bye."

The casket was then lowered and a squad of the Legion fired three volleys of shot in farewell over the grave of their comrade.

The grave was covered with many beautiful flowers brought by loving friends as a token of love and honor to one who gave his all for his country and suffering humanity.

The family of the deceased are: Mr. and Mrs. E. L. Brown, father and mother (the father dying Tuesday of this week); Hilton, of Ft. Drum and Pat, of the home place near Chuluota. Sisters, Mrs. Georgia McClelland, of Geneva; Mrs. Della Holmes, of Ft. Drum; Mrs. Annie Sanger and Miss Winnie Brown of Sanford and Mrs. Nellie Reeves of Chuluota.

Killed Papa Bear Today—Pud Hawkins Gets Another Big One

(From Thursday's Daily)
Pud Hawkins, Krauss, Wynn and several other hunters brought in a big black bear from the Wekiwa river bottoms that was one of the biggest of the season. The bear was probably the "papa bear" of the whole bear tribe and would weigh 400 pounds. The party had quite a time killing him and are proud of their capture, as he would undoubtedly prey on the live stock of the farmers in that vicinity. Black bears are plentiful in the Wekiwa river swamps, but Pud Hawkins is a renowned bear hunter and kills several every season.

FELT LIKE AN IRON BAND AROUND HEAD

MRS. OSBORNE SAYS SHE SHUD-DERS WHEN SHE THINKS OF HOW SHE SUFFERED.

"For years," said Mrs. V. B. Osborne, of 118 Lancaster avenue, Lexington, Ky., "I have been in a run-down condition; nervous, weak and dizzy. I was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I actually could not climb stairs, for to attempt such would thoroughly exhaust me.

"I had nervous headaches and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours.

"My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tanlac. I obtained a bottle of the medicine and began its use.

"I began improving at once and soon my nervousness and dizziness disappeared. The my headache left me and I realized my strength had returned. My appetite and digestion improved and I am now so much better in every way. This Tanlac is a wonderful medicine and the only one that ever really helped me. I hope every poor woman who is suffering as I did will try it."—Adv.

LAKE MARY

Born at the home of Mr. and Mrs. C. A. Farino on Thursday, June 9th, a boy. Both mother and baby are doing nicely.

N. H. Braddock spent the week end here with his family, returning to his work Monday on the East Coast.

W. P. Monroe and family motored to Palm Springs Sunday afternoon for a dip.

E. F. Lane, of Sanford, was here last Thursday and insured the house of H. D. Durant.

E. A. Quigg has been on the sick list for several days, but is better at the present writing.

The latest arrivals here are Mr. and Mrs. Fred Harden and mother, Mrs. Harden of Savannah, Ga. They expect to locate here.

Mrs. Willis Chambers came home Tuesday evening from Tiger Bay where she has been visiting a sick sister-in-law.

Mr. and Mrs. M. H. Barlow and children, of Orlando, were Sunday visitors at the home of Mrs. Barlow's parents, Mr. and Mrs. E. A. Quigg here.

Mrs. Furgeson was a Tuesday visitor in Sanford.

Stanley Quigg, of Orlando, visited his parents here Sunday.

LONGWOOD NOTES

Mrs. Roy Saura returned Friday, after an absence of about two months. J. E. Phillips spent the week-end in town.

H. R. Chapman of Jacksonville was in town visiting his father-in-law, J. S. Dinkle and family. Mr. Chapman was called to Orlando on account of the serious illness of his mother, Mrs. James Mainland.

Friends of Mrs. S. V. Lewis will be glad to learn that she is improving in health.

W. S. Entzminger of Plant City was the guest of his brother here, C. W. Entzminger, several days this week.

C. W. Entzminger was transacting business in Sanford Monday.

J. S. Dinkle and Miss Olive spent the day in Sanford Monday, guests of Mrs. S. A. Huston.

Mr. and Mrs. D. W. Sport were visitors in Sanford Monday.

Friends of Mrs. Stiles will be sorry to learn she is quite ill again.

The ladies of the civic league served ice cream at the library building on Tuesday evening.

Little B. J. Overstreet celebrated his ninth birthday on Monday, June 13. His little friends gave him a surprise party. Refreshments were served at the Overstreet home and then the party motored to Palm Springs where they all enjoyed a swim, topped off with a feast of watermelons. Those who helped celebrate the happy occasion were Grace and Bryant Spin's, Marion, T. J. and Roy Conor Williamson, Alda LaVigne Barbara and L. T. Hunt, Martin Rinosa, Francis and Emma Fuller, B. J. Earl and Ellen Overstreet.

A happy reunion of the Cathedral School Girls was enjoyed on Tuesday afternoon, Miss Olive Dinkel entertaining her graduating class with a swimming party at Palm Springs. The table was prettily decorated with their class colors, pink and grey, and the place cards were daintily designed in the same colors. The girls had a merry time recounting incidents of school days.

The only absent members were Mrs. Sam Page of Winter Haven, formerly Miss Elizabeth Baynard of Hurlburndale and Mrs. Sebastian Burgmyer of Leesburg, formerly Miss Carrie Hicks.

Mrs. Chesa Magruder of Orlando, formerly Miss Ruth Bourlay of Leesburg; Miss Mary D. Rowan of West Virginia, Misses Helen Warlow, Dorothy Johnson, Marion Smith of Orlando, Mrs. C. B. Bearly, formerly Miss Berta Langenbach of Orlando, and Miss Olive Dinkel.

SUCCEED OR FAIL

This is the most vital question with the Celery farmers in and around Sanford. With the proper strain of seed together with the proper management from the time of planting to marketing there is no doubt of success. Therefore, it is very essential that the farmer should be very careful in selecting his seed, knowing the source of supply, knowing the house he obtains these seed through and being thoroughly convinced that the quality is O. K.

If the planter will follow the following instructions they will get the information and at the same time will be convinced of the proper seed to plant. We have the invoice from the grower, the B.-L. from France to their destination and last but not least the seed is in 5 pound sealed packages sealed with Vilmorin's seal. When we have said Vilmorin Celery Seed, we have said it all so far as quality is concerned. Give us your order and join the satisfied band.—The L. Allen Seed Co., Sanford, Fla. 44-2tc

NOTICE OF SALE

Notice is hereby given that under and by virtue of that certain distress warrant and judgment and order of sale issued out of and under the seal of the County Judge's Court of Seminole County, Florida, in that proceeding or distress for rent in said court pending wherein R. A. Newman and W. C. Hill are plaintiffs and H. H. Fleetwood doing business as H. H. Fleetwood & Company, is the defendant, the undersigned, will on Monday, July 4th, 1921, at the store building in Sanford, Florida, lately occupied by the defendant, and during the legal hours of sale, offer for sale and sell the following described property, or so much thereof as may be necessary to satisfy the sum of \$75.00 and costs, to-wit:

Stock of goods and fixtures, purchased to pay for title.

Witness my hand. (SEAL)

C. M. HAND, Sheriff Seminole County, Florida.

By J. C. JACOBS, D. S. 44-2tc

SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Weyth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

FLORIDA IN GENERAL AS SEEN BY EDITOR WOODRING, OF THE PERU (INDIANA) JOURNAL

FAPT in the climatic luxury of the semi-tropical zone, clothed in the verdure which springs from soil kissed by passionate sunbeams and bathed by copious showers; tended by a people rich in the virtues of industry, thrift and sobriety; with a dozen ports busied with ships laden with the products of every clime; dowered with an incomparable forest; the earth stored with valuable deposits of phosphate and clays; supplied with splendid clear lakes, fringed with moss-covered trees, in which the finny tribe play with endless dive and swirl; provided with ample supply of good water; flecked with magnificent horticultural groves; the plains grazed by stately herds; gemed with bewitching gardens; dotted with flourishing cities and fanned by balmy gulf-stream breezes.

To the old and the young alike, Florida has a strange appeal—wondrously strange at times, and most difficult to analyze or explain. Romance with its old world flavor still holds its sway and always will. A land of enchantment, it has ever been, and it will continue to charm and enthrall in the years to come, just as it has in centuries past. The venturesome explorers of four hundreds years ago, though often times forced to turn back because of insurmountable difficulties, found in Florida, a land of enchantment. Today one can revel in the warmth and sunshine, in the long stretches of white sandy beaches and in the crystal clearness of the many lakes and the cool breezes of velvety softness as they whisper a unique and most interesting feature of many of the lakes is the long rows of pine sapplings found at the waters edge. One could feel almost of certain the planting had been designed and made by man but such is not the case—it is just a pretty bit of nature's handiwork.

Combinations of nature's beauty are here frequently found in a rippling glake, trees heavily laden with Spanish moss and a bit of sunlight breaking through. Those who will take the time to explore a bit out of the beaten paths will find many delightful surprises. There is something new and different awaiting one just over the hill or around the turn

and one never tires of these scenes. As twilight shades into darkness, the hanging mosses take on fantastic shapes and assume a sombre tone. Night treads quickly on the heels of day and ushers in twinkling stars of a brilliancy only exceeded in north-western Canada.

Frankness and veracity compel us to admit that for four hundred years Florida was used scarce more than for a gateway, its explorers passing through and beyond in search not of fertile land but of gold in bulk to carry back across the seas. It has been a far cry from those early troublesome days to the present time and the transposition from a primeval fastness to the wonderland of today is all the more marvelous for the reason that the greatest strides have been made in the past decade.

Azure skyde and rainbow tinted Florida is old in years yet young and fresh with opportunity. The soil responds lavishly with intelligent care and treatment. The climate contributes generously to the health and joy of the people. With interminable resources and scenery as varied as it is beautiful Florida enthralls and fascinates.

The search for the fable's perpetual foundation of youth is now only a memory, but on the other hand we found those things which spell long life and happiness. The song of birds, the perfume of orange blossoms and flowers, skies of ethereal blue, nights of velvety softness with myriad stars of surpassing brilliancy—these and more are yours to possess without let or hindrance.

Florida, to many who have yet to visit here is a mass of contradictions. Exaggerated reports and misleading literature of an earlier day coupled with ruthless exploitation of lands oftentimes wholly unsuited for agriculture, are largely responsible. Happily all these things are almost wholly in the past. Well marked trails now lead to whatever the traveler may most desire. A mass of information is his for the asking from government, state, and various districts. A network of splendid roads of asphalt and brick are at his disposal and make readily excessable almost every part of the state. The early ex-

plorers were not long in reporting as they frequently did that the whole country was underlaid with gold. It was and is. It simply was left for the generations to mind and this is being done today at the rate of \$35,000,000 yearly from her products of agriculture and livestock alone and this is only the beginning.

With the state's almost limitless resources, it would be difficult, even for those who have carefully measured the possibilities, to overestimate the value of her products in the years just ahead. With an average annual value of farm products of \$149.00 per acre; with billions of feet of standing timber, sufficient, when sawed, to build homes for twenty million people; with an annual production of eighty per cent of the world's phosphate; with a yield each year of turpentine and rosin valued at millions, with an outgo of more than fifty thousand carloads of fruit and vegetables the past season, Florida has taken her place in the front ranks as a wealth producer.

When you add to the foregoing, the millions of dollars yielded each year by her eggs and poultry, dairy products, of honey, cotton and tobacco, sponges and seafood, not forgetting that Florida, commercially, is just in her infancy, you may grasp something of what the future has in store.

At all points our entertainment was lavish,—flowers strewn in our pathway, orange and grapefruit, and barrels of iced orange and grapefruit juice were served us. The profuseness of Floridian entertainment proved great generosity in both spirit and purse.

Florida is a land of infinite variety. Each city and section has its own peculiar and distinct features. The state has spent \$7,000 on direction signs and is spending \$10,000 in placing them. Many thousands of acres of the most productive land in the world have been reclaimed from the swamps, hammocks, and pine forests in the last year. Millions now just as good remain to be developed. It is simply a matter of enterprise and capital. It is true that the tourist who sees Florida from the car window views much that is sand and barren waste but touring as we did, the interior by automobiles, we found it vastly different.

PERSONAL NOTES

(From Monday's Daily)

Mr. and Mrs. A. W. Smith and daughter, Juanita, returned yesterday from Tampa, where they spent several days with Mr. Smith's sister.

D. E. Brisson returned to his home at Daytona Beach Saturday, after spending last week here on business.

Mr. and Mrs. M. S. Wiggins and little daughter, Dorothy Ellwood, spent the week-end with Mrs. Ella Lettler, returning to Ocala today.

Isadore Kanner, who has been attending Georgia Tech in Atlanta, has returned home and will spend the summer vacation with his parents, Mr. and Mrs. Chas. Kanner, at their home on the Heights.

Mr. and Mrs. H. A. Neel and Mr. and Mrs. N. J. Lillard motored to Orlando yesterday.

Dean Treadwell, Mr. and Mrs. R. K. Gore and children were among the visitors to Daytona Beach yesterday.

Mr. S. O. Chase and Randall Chase were among those from Sanford enjoying the delightful ocean breezes at Daytona Beach yesterday.

G. J. Ball spent the week-end with his family at Daytona Beach and was delighted to find Master Bille Ball greatly improved in health.

Mr. and Mrs. N. P. Yowell of Orlando motored over yesterday and were accompanied home by Miss Lydia Yowell and Miss Mildred Holly.

Miss Yowell has been the attractive guest of Miss Holly for the past week.

Mr. and Mrs. John Melsch and Ed Melsch motored to Daytona Beach yesterday.

Judge and Mrs. E. F. Householder, Master Carlyle Householder and Mrs. Julian Schultz motored to Daytona Beach yesterday, where they spent the day very pleasantly.

Mr. and Mrs. B. W. Herndon and party of friends motored to Daytona Beach yesterday.

Mr. and Mrs. L. Urban May and baby, who have been visiting relatives at Morgantown, N. C., for the past two months, returned home yesterday.

Dr. and Mrs. Sam Puleston were among those spending yesterday at Daytona Beach.

Dr. and Mrs. W. T. Langley and Miss Marie Teague spent yesterday very pleasantly at Daytona Beach.

Miss Mary Zachary, who has been teaching domestic science at Perry, Fla., has arrived home for the summer vacation.

Mrs. John G. Leonardi left this morning for Tallahassee, where she will spend the week.

Miss Emma Owens, who has been teaching at Ft. Pierce for the past winter, is the guest of her sister, Mrs. L. P. McCuller, at her home on Ninth street.

Miss Fannie Tucker and Miss Betty Henderson of Orlando were the attractive guests of Mrs. Raymond Key for the week-end.

Mr. and Mrs. F. E. Roumillat and Francis, Jr., left in their car this morning for Miami, where the form-

er goes to attend the druggists' convention.

Miss Julia Zachary, who has been attending Florida State college at Tallahassee, has returned home for the summer vacation.

Robert Deane was among the visitors to the beach yesterday.

Miss Emery Corey, of Tampa, is the guest of her aunt, Mrs. L. Urban May at the Montezuma.

Among the many homes recently remodeled and made into one of the up-to-date houses in every respect is that of Mrs. J. N. Whitner on Magnolia avenue.

N. S. Paik, a recent graduate of Emory College at Atlanta, was here yesterday and made two splendid addresses yesterday at the Methodist church.

E. R. Welch, of Macon, arrived yesterday and is stopping at the Montezuma. Mr. Welch will relieve Dr. George Hyman at the Baptist Temple during the summer months.

Leonard Bloomenthal of New Orleans, who has been attending Georgia Tech, is the guest of his friend, Isadore Kanner.

Mrs. Norma McLaughlin of New York arrived Saturday and is the charming guest of Mrs. R. E. Newman at her home on Fourth street.

Mrs. W. C. Hill and little daughter, Caroline, left yesterday for Albany and Valdosta, Ga., where they will visit relatives. Mr. Hill accompanied them to Jacksonville, returning home today.

Mrs. Fountain, of DeLand, is the attractive guest of her aunt, Mrs. L. P. Hagan. As Miss Lottie Dutton Mrs. Fountain was well known here where she used to visit and has a large circle of friends.

Mr. and Mrs. Raymond Key and their guests, Misses Fannie Tucker and Betty Henderson of Orlando, Messrs. Benjamin Whitner and Richard Twitchell and Mrs. A. D. Key, formed a congenial party motoring to Daytona Beach yesterday.

Mr. and Mrs. L. Urban May and child, former residents of Sanford, but who have been making their home in Tampa for the past few months, returned to Sanford yesterday and will now make this their home.

C. E. Secrest and wife of 309 French avenue are spending the summer with Mr. Secrest's parents, Mr. and Mrs. T. M. Secrest of Concord, Ky. Mr. and Mrs. Secrest will return to their home here this fall and during their absence, Jas. T. Magee and family have charge of their home on French ave. Mr. and Mrs. Magee, having come here from Kentucky.

(From Tuesday's Daily)

Mrs. Griggs and little daughter, Mary, returned home Sunday from Coronado Beach.

Forest Lake is in Arcadia, going there on a business mission.

Mrs. C. C. Beasley spent the week-end very pleasantly in Orlando as the guest of Mrs. J. A. Thomas.

Schelle Maines returned last night from a business trip to Jacksonville.

Miss Agnes Berner and Mrs. John G. Leonardi, left Sunday night for

Gainesville to attend a short course at the University of Florida.

Mrs. J. N. Tolar and little Ralph left this morning for Lakeland.

Mr. and Mrs. Frank Akers and Mr. Ed Higgins motored to Daytona Beach Sunday.

Miss Olive Dinkle and her mother, of Longwood, were in town yesterday shopping.

E. G. Pearson, of Orlando, representative of the Standard Oil Co., was in town yesterday on business.

Miss Lois Warren, who has been spending the winter here, leaves today for her home in Lexington, Ky., where she will spend the summer. Miss Warren expects to return to Sanford again this fall.

Mrs. Sheldon A. Morris and son, Dr. Kenneth A. Morris, of Jacksonville, are expected today and will be the guests of the former's sister, Mrs. Joe Harold for several days. Mrs. Morris and her son are on a motor trip to the Southern part of the state and will stop over in Lakeland, Tampa, Clearwater, Pass-a-Grille and other places.

Mr. and Mrs. T. L. Burns, Miss Sara Blitch and Harry Blitch of Brunswick, Ga., spent yesterday here enroute home. They have been on a motor tour through the state.

Dr. G. F. Highsmith spent the week-end very pleasantly at Daytona Beach.

Messdames A. E. Hill, Henry McLaughlin, Fred Williams and Olive Newman and Sara Williams are spending the day very delightfully at Daytona Beach today.

K. R. Murrell and sons, Sam and Oliver, returned this morning from a pleasant trip to Miami.

Mrs. Gleason and son, Clyde, who have been spending the winter here with her sister, Mrs. Verne Collier, at her home on Magnolia avenue, left today for their home in Canton, N. Y. Mrs. Collier accompanied them home.

Mr. and Mrs. Kent Rossiter and children left today in their car for Commerce, Ga., where they will spend several weeks with Mrs. Rossiter's parents.

Allen Jones accompanied Mr. and Mrs. F. E. Roumillat to Miami Monday and is the guest of his aunt, Mrs. A. H. Adams.

Mr. and Mrs. Harry L. Walsh left today in their car for Jacksonville, going from there by boat to Baltimore, and other places of interest before going to their home in Indiana.

Miss Ruth Smith Smith has taken a position as stenographer in the Haight & Magee office.

Among those spending the day at Coronado Beach Sunday were Miss Ruth Griggs, Ernest Griggs and W. H. Sapp, of Orlando.

Mrs. F. L. Greene has just returned from a delightful ten days visit at the Florida State College for Women, where she visited her daughter, Miss Gladys, who received her Bachelor of Science degree.

Judge and Mrs. Schelle Maines have as their guests, Mr. and Mrs. O. W. Maines, of Lake Butler, and Mrs. Tom Moore, of Pensacola, father, mother and sister of the judge. Mrs. Moore

PACE HOME BURNED UP TODAY NOON

ONE OF THE OLD LANDMARKS AND MOST BEAUTIFUL HOME DESTROYED.

(From Wednesday's Daily)

The beautiful home of John E. Pace east of the city on Mellonville avenue, was destroyed by fire today about 12 o'clock, the fire starting, it is thought, from the explosion of an oil stove, or by spontaneous combustion, as the house was in flames almost before the fire was discovered.

Being out of the city about one half mile the water mains do not extend that far and there was no available water to be had to extinguish the flames.

The chemical engine was taken out at once but on account of the rapid headway gained by the fire the chemicals were of no benefit and the chemical engine was almost burned up before it could be extricated and taken to a safe distance.

The home and many of the out-buildings were a total loss, as only a few articles of furniture could be saved as soon as the fire was discovered. The big barn was saved, being far enough from the house to be safe.

It has not been learned how much insurance the home carried but it is safe to assert that the loss will run into the thousands of dollars, as this home was one of the finest in the city and county and was one of the old landmarks of Sanford, having been occupied by Mr. Pace and relatives for the past thirty years or more.

The sympathy of the many friends of the family is extended to them in their loss.

will be remembered as Miss Nettie Maines, who taught in the public schools here for a number of years.

Mr. and Mrs. Harry L. Walsh left today for Pontiac, Mich., where they will spend the summer months, returning in the early fall to make their home here as usual. They will probably build a new bungalow in the city where they will reside. Mr. Walsh is one of our best citizens and a prosperous farmer and expects to induce some of his Michigan friends to come down with him in the fall.

Mrs. R. L. Jones and family are removing from their former home on Park avenue to their new residence on Beardall avenue, known as the Chamberlain home. Mr. Chamberlain has rented the Jones house and will not occupy it himself. The Chamberlain place is one of the best on the avenue and has been a money-maker for the former owner. It is said the Chamberlains will make their home at Daytona Beach for some time.

(From Wednesday's Daily)

W. F. Blackmon of Wekiwa Ranch, was in the city yesterday on business.

Mr. Alex Vaughn, Jr., of Okeechobee, stopped over Sunday and was the guest of his parents, Mr. and Mrs. Alex Vaughn. He was en route to Toronto, Canada.

Dr. A. B. McQueen of Dunedin, stopped over in Sanford yesterday en route to DeLand.

B. D. Sturkey of Dade City, sheriff of Pasco county, stopped over here yesterday en route to DeLand.

R. T. Thrasher returned home yesterday from a pleasant trip to Kentucky and Tennessee.

Mrs. Cecil Butas of Orlando is spending a month here with her mother, Mrs. Stringfellow.

Miss A. Gallagher of Orlando is spending several days here at the Gables.

Dr. G. F. Highsmith and Mrs. A. Thedford are spending several days in Miami.

John F. Jones and Melton R. Smith of Atlanta were in town yesterday on a business mission. While here they made their headquarters at the Montezuma.

Miss Agnes Dumas leaves today for a month's visit with relatives in Charleston, S. C.

Miss Marie Teague, who has spent the winter here with her aunt, Mrs. W. T. Langley, leaves today for her home in Bennettsville, S. C., where she will spend several weeks.

Mrs. C. W. Speer and Miss Alice Morris are leaving on the 16th for West Palm Beach and Miami. Mrs. Speer will go from there to Waynesville, N. C., to spend the remainder of the summer with her son.

Reg Holly was here today on a flying visit on his way to Jacksonville and points in Georgia, where he will remain for several days. He is living at Ellenton at present.

Miss Clara Millen is spending this week with Mrs. Henry Nichol at her cottage at Daytona Beach.

More Poultry Pin Money

You can get more eggs and make more money by feeding hens more material for making whites of eggs. No grain feed contains anything like enough white-making material (protein). As a result, many yolks are formed in the hen's body that are never laid.

Purina Poultry Chows

fed together, make more eggs because they supply the scientific balance of all the elements a hen requires to produce the highest number of whites and yolks of which she is capable. Purina Poultry Chows are sold under an iron-bound guarantee of More Eggs or Money Back.

Sold in Checkerboard Bags Only by CATES CRATE COMPANY

DON'T BE MAD AT THE SMALL MERCHANT WHO TRIES TO SELL YOU

PURINA FEEDS

At a Higher Price than ours; because he has to buy second handed and pays the profits we give you to the other fellow. Our prices on today's market on PURINA FEEDS are as follows:

FIRE AT WINTER PARK DESTROYS ICE FACTORY AND WATER WORKS PLANT

Orlando Supplying City With Ice in Limited Quantity

(By The Associated Press)
 ORLANDO, June 18.—Fire early today destroyed the ice factory and water works plant at Winter Park. Flames believed originated from ignition of gasoline from lantern. Orlando is supplying the town with ice while water in limited quantities is being served by small emergency station located near destroyed main plant.

Men's Club Built Fine Place at Crystal Lake, Miscreants Tear it Up

The Men's Club of the Congregational Church recently built a nice table for picnic punches and a spring board and made many other improvements at Crystal Lake. The other day Mrs. A. E. Hill had a party out there and was so greatly impressed with the idea that she volunteered to give all the lumber for bath houses provided the club could get permission for building the same. Mr. Chase gladly granted this concession and some time Saturday night some miscreants tore up the table and burned it for a camp fire. If this sort of thing is to continue there will be no bath houses built here or any other improvements made and the owners of the property will fence it up and make it private. There are some folks in this world that are always doing something of sort and the balance of the world has to suffer for it.

STORY HOUR.

(From Monday's Daily)
 One of the interesting features in connection with the Mothers' Club of the Child Conservation League of America is the permanent story hour for the children of the city, from 4 to 5 o'clock Saturday afternoon. One or two good volunteer story tellers will be on hand to entertain the children. Central park will be the scene of the initial story hour, and Mrs. Downey, assisted by Mrs. Kutney and Miss Daphne Wimble will have charge of the first story hour. A committee from the Mothers' club will be responsible for its conduct in the future. Sanford has talent, as well as beautiful parks, which should be used for the little ones.

Europe is entitled to the dumps, after all she has endured; but she must not get the idea that America will be one of them.

666 cures Biliousness.

LONGWOOD

Mr. and Mrs. Wilkenson, of Perry arrived Saturday to spend some time with her parents, Mr. and Mrs. Bill Allen.

A farewell party was given Friday evening in honor of Mrs. Geo. Stuart and family who left Tuesday for their old home in Pennsylvania.

Miss Lelia and Frances Fuller spent a few days in Orlando the guest of their aunt, Mrs. Frank Topliff.

Mr. and Mrs. Parrish and Mrs. Yarbrough were visitors in Orlando Saturday.

Two new buildings are going up in Longwood. Robert Lynch is building a seven room bungalow on his lot recently bought from J. S. Dinkel and A. Buck is putting one up in South Longwood.

Ed. Lane and Bob Holly, of Sanford, were visitors in town one day this week.

Louis Entzminger was a visitor in Sanford Saturday.

Miss Ellen Fuller left Wednesday night for Troy, N. Y., where she will spend the summer.

Sumpter Davis, of Orlando, was transacting business in town Saturday.

J. E. Phipps spent the week end in town returning to Ocala Tuesday.

Mr. and Mrs. Sam Hutchins, of Orlando were visitors in town Sunday.

Mr. and Mrs. Tillis, Mrs. Frain and little daughter Fern were visitors in Orlando Wednesday.

A number of Miss Ellen Fuller's friends from Orlando gave her a surprise party Tuesday evening.

Tuesday was the regular monthly meeting of the Ladies Civic League.

A school meeting was held at the library last Wednesday night. C. W. Entzminger resigning his office as trustee and B. J. Overstreet was elected to take his place.

The editor of The Herald wishes to thank Mr. and Mrs. H. C. Durant of the Lake Mary section, for a box of fine peaches. They have a fine place at Lake Mary and have all kinds of fruits and vegetables and peaches is one of the crops they raise to perfection. It only shows that Seminole county is the best in the state for every kind of fruit and vegetable. Many thanks, old friends, for remembering that editors eat and that we have no car to drive out and see you on your native heath, but we will some time.

WOODEN BRIDGES OF VOLUSIA TAKEN OVER

COUNTY WILL TAKE CASE TO SUPREME COURT IF NECESSARY

At its meeting Friday the board of county commissioners acted on legal advice given by its attorneys and instructed the clerk to notify the owners of the five wooden bridges on the East Coast, three at Daytona, one at Port Orange and one at New Smyrna, that the county would take them over on June 15th and operate them as free bridges.

This morning's Daytona paper stated that the owners of the bridges would fight this action of the commissioners in the courts.—DeLand News.

LARGEST RUBBER PLANTATION.

In manufacturing automobile tires there is a big advantage in growing the rubber that goes into the tires. The manufacturer can thus be sure of the quality of the rubber for he handles it exclusively until it goes from his factory in the form of finished tires. He does not have to use rubber picked up in odd lots from a hundred different sources.

"The United States Rubber Company owns and operates in Sumatra the largest single rubber plantation in the world," says Frank Akers of the Edw. Higgins, Inc. "The planted area is as big as the District of Columbia. It is a beautiful orchard covered with stately ranks of trees. This supply of fine quality crude rubber is one of the things that has built up the reputation of the company's tires."

Granulated Sugar Down to Six Cents; All Records Broken

(By The Associated Press)
 NEW YORK, June 13.—New low price for last four years was established in refined sugar market today when several local refiners quoted fine granulated sugar at six cents a pound.

"How We Cleared Our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May it was alive with rats. They'd knawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Company.—Adv.

RED CROSS RELIEF WORK AT PUEBLO

TAKING CARE OF THE FLOOD SUFFERERS WITH THEIR CUSTOMARY ACTIVITY

Mrs. Endor Curlett, Chairman, Geneva, Fla.

You will be interested to hear some of the details of the relief work being carried out by the Red Cross at Pueblo, Colo., and vicinity where the flood which occurred on June 4th caused such great loss of life and property.

The manager of the Southwestern Division, A. R. C., Jas. L. Fieser, arrived in Pueblo on the 7th inst., having been preceded by an assistant on the day previous, and will conduct the relief operations in person. Fortunately there was already organized a strong and efficient disaster preparedness committee in the Pueblo Chapter which had taken care of the emergency up till the arrival of outside aid.

News of the disaster was carried from Pueblo to Colorado Springs by airplane and from there was wired to our National Headquarters which immediately made an appropriation of \$50,000 followed soon thereafter by another appropriation of equal size.

On the 6th instant both the President of the United States and the Governor of Colorado issued proclamations calling on the public for financial aid and designating the American Red Cross as the proper administrative agency. Splendid response to these appeals is being reported.

Any contributions from surplus funds of Chapters or individual donations made to them for the Pueblo flood should be forwarded through our office. It would not be wise at this time to send supplies. It is estimated that the sum required by the Red Cross for the rehabilitation of families will be \$500,000 which is entirely apart from the immense sum that will be needed to re-establish industries and rebuild public works.

Yours very truly,
 HARRY L. HOPKINS,
 Mgr. So. Div., A. R. C.

IN MEMORIAM

Whereas, Almighty God, in His infinite wisdom, has called from earthly cares our beloved President and brother, F. R. Kent, and

Whereas, we deeply feel the loss of one who was an ardent supporter of the principles of our organization; who served us faithfully, as President of our local lodge, for many years, and who was a friend to all; therefore be it Resolved, that we extend to Brother Kent's family our heartfelt sympathy, and be it further Resolved, that our charter be draped in mourning for sixty days; that a copy of these resolutions be sent to Brother Kent's family, a copy to the Sanford Herald; a copy to The Machinists Monthly Journal and a copy spread on the minutes of the lodge.

R. W. LYONS,
 F. M. TAYLOR,
 E. B. RANDALL, Jr.

BIRTHDAY PARTY.

(From Monday's Daily)
 Little Miss Olivia Brady, the pretty young daughter of Mr. and Mrs. W. W. Brady, entertained a number of her friends Thursday afternoon at a lovely birthday party at her home on Mecca Road, in celebration of her ninth birthday anniversary. Quantities of black-eyed susans were used in decorating the living-room. In the dining room the color scheme was pink and green, it being decorated with streamers of pink and green crepe, entwined with the pink vine. The dining table was centered with the wonderful birthday cake, topped with nine pink, burning candles, and extending from the cake were pink ribbons with tiny luck charms, which were drawn by the guests and used as souvenirs. All kinds of interesting childish games were played by the little folks on the lawn. A peanut hunt was enjoyed; Pearl Robson finding the most, was given a prize. Bettina Campbell was awarded the booby prize. Dainty refreshments of ice cream, cake and candies in the colors of pink and green were served; the favors were pink and green baskets filled with candy. The little hostess was assisted in entertaining by her mother, Mrs. W. W. Brady, and Miss Kathleen Brady.

We'll say Gran'pop packs a wallop!

GRAN'POP PROBABLY is THE NATIONAL champion. AT SWAPPING things. TWO YEARS ago he swapped. THE OLD blind mare. FOR A cider mill. AND THEN of course. WHEN WE went dry. CIDER MILLS got valuable. AND GRAN'POP swapped again. AND GOT a silver. SO I said, "Gran'pop. SUPPOSE I start you. WITH THAT old busted. BABY CARRIAGE back home. COULDN'T YOU swap it. AND GET me. A LIMOUSINE." A CRAFTY gleam. CAME INTO Gran'pop's eye.

AS HE said, "No. BUT I'LL toll ye. I'LL SWAP a match. FOR ONE of them. CIGARETTES of yours. THAT SATISFY." SO WE swapped. ONE BROKEN paper match. FOR ONE perfect cigarette. AND YOU ought to see. HOW PLEASED he was. IT DID me good. TO BE "done" by Gran'pop.

TWENTY Chesterfields for twenty cents—some swap! Your good money never brought better value. Choicest tobacco (Turkish and Domestic) so blended that you get every last bit of their flavor. And Chesterfields do what no other cigarette can do for you—"They Satisfy!"
