Viet Nam Reds Beef Up

SAIGON, Viet Nam (UPI)—The South Viet Nam government today reported a continuing buildup of regular Communist military forces in the north central plains area. Gen. Maxwell D. Taylor studied ways the United States could better help contain the spreading Red menace.

He estimated the number of Viet Cong regulars in north and central portions of the country now totaled at least 30,000 plus hundreds of thousands of supporters.

Kennedy Reaffirms Red China Seating

WASHINGTON (UPI)—President Kennedy today reaffirmed strong U.S. opposition to admitting Red China to the United Nations or any UN components.

Kennedy, in an unusual statement, also emphasized the American position that the Chinese Nationalist government of Chiang Kai-shek rightfully represents China in the United Nations.

Kennedy's statement was unusual in that he had it prepared for his news conference last week in the expectation he would be asked about this country's current position on Red China. The subject was not raised by reporters and Kennedy decided to say nothing for the moment.

Since the news conference, however, there have been reports and interpretations indicating a possible shift, however slight, in the American position.

Navy Flier Killed As Trainer Crashes

MILTON, Fla. (UPI)—A T28 Navy training plane from Whiting Field crashed today, killing the pilot, at the Munson community, 27 miles north of here.

The name of the pilot, sole occupant of the plane, was withheld pending notification of next of kin.

Eyewitnesses said the plane apparently experienced a power failure at a low altitude.

Nobody asked me but, wouldn't the County Commission have avoided a great deal of criticism if they would have worked closely with the Civil Defense Council mapping out a program?

The Herald received a letter from a Georgetown resident complaining about the job of the local state welfare department and we have turned the matter over to the proper authorities for study.

City Manager W. E. Knowles, up at Camp Blanding Tuesday, purchased five portable generators for the city's disaster headquarters.

Guaranteed To Happen before Nov. 7: at least one candidate for the city commission race will say he's for progress.

County road crews will start surveying W. Lake Brantley Rd. for a \$21,200 paving project to be started next spring.

Two County Commissioners, James P. Avery and John Fitzpatrick will attend a three day convention of state commissioners in Ft. Lauderdale starting next week.

The county may consider floating a bond issue to finance a six lane highway to the Cape. (See Editorial today.)

Every now and then we do have something good to say about somebody and just to prove it we want to go on record as tossing a "very large" bouquet to Leif, A. R. Smith for his interest in Lake Mary's CD instrument training course even though most people in the area apparently aren't interested at all.

North Orlando should look as clean as the head of a brand new Service recruit in a few days. The new mowser, complete with scraper attachment, arrived in the Village Saturday and Mayor Frank Fasula says that lawns of all vacant houses, lots and roadides will be maintained in the future and the clay roads kept in good condition.

PARIS (UPI)—Angry Algerians who clashed with police in the French capital Tuesday night, rioted again Wednesday night in the Paris suburb of Nanterres. Two more Algerians were killed, bringing to five the number of victims in two days of rioting.

WASHINGTON (UPI)—The Army has admitted that one of its electric brains, in a flash of human fallibility ordered \$7.4 million worth of unneeded equipment for U. S. forces in Europe.

BERLIN (UPI)— Communist bullets, tear-gas grenades and roving patrols have failed to halt the escape of refugees through the East-West Berlin border which is barricaded by a wall and barbed wire fences. Now, the Communists have resorted to throwing rocks at West Berliners who often aid escaping East Germans.

Hoffa Mail Fraud Plea: Innocent

ORLANDO, Fla. (UPI)—Teamsters Union President James R. Hoffa pleaded innocent for the second time in 10 months today on mail fraud charges stemming from misuse of \$500,000 in teamster funds.

Hoffa and Detroit banker Robert E. McCarthy Jr., a co-defendant, entered pleas at their arraignment before U. S. District Judge Dozier Devane, who accepted their innocent pleas to the same charges here last Dec. 16.

Devane gave the defendants until Dec. 1 to file motions. No trial date was set.

Hoffa, dressed in a light blue suit, stood straight with his hands at his sides while his attorneys talked. The only words he spoke during the 10-minute proceeding were, "James R. Hoffa, 48," in reply to U. S. Atty. James Dowd's request that both defendants state their names and ages for the record.

Prior to entering the court room Hoffa said he was confident of a favorable decision in the case.

"I have good faith in the American people to tell right from wrong," he said.

Attorney Charles Davis of Orlando revealed today that he had filed an appeal with the 5th Circuit Court of Appeals in New Orleans seeking to overturn a ruling by Federal Judge Joseph Lieb, who ruled Oct. 13 against Hoffa's motion to suppress "wiretap evidence" Hoffa charged was presented to the grand jury which indicted him.

Davis said he based the appeal on the fact that Lieb made his ruling without holding a hearing.

Doud said, however, that to his knowledge no "wiretap evidence" ever was presented to the grand jury.

School Board Awards Low Bid For Bleachers

The County School Board today awarded the low bid of \$7,587 to the Imperial Athletic Co. of Winter Haven for new bleachers for the Seminole High School Gym.

The bleachers will be installed in 60 days. They include 1,680 seats.

The board also voted not to employ an executive secretary as recommended by the Florida School Board Association.

Chairman Roy Mann said the expenditure of public funds would not be justified.

The secretary would work in conjunction with the local board at the Florida Education Assn.

Supt. of Schools R. T. Millwee told the board that bleacher seats would be installed at the Lyman and Crooms schools next week.

S-541 Project To Start Soon

Work on a \$247,256 improvement project on State Road S-541 in Seminole County is expected to be started by Oct. 23, the State Road Department announced today.

A. Max Brewer of Titusville, Road Board member for District Five, said the project extends from SR 427 in Longwood eastward 3.4 miles to SR 419 near Lake Jessup.

U. S., Soviets In UN Deadlock

UNITED NATIONS, N.Y. (UPI)—The United States and Russia remained deadlocked today on procedure for naming an acting secretary general despite increasing small power clamor for an interim chief by United Nations Day, next Tuesday.

Ambassadors Adlai E. Stevenson of the United States and Valerian A. Zorin of the Soviet Union resumed talks after an eight-day break-off with a 70-minute session Wednesday night. As they emerged from a basement room in UN headquarters, they said almost in unison to a group of reporters:

"No agreement!"

The United States won a victory Wednesday when the main political committee voted 53-13 with 31 abstentions for simultaneous debate on an Indian demand for a new moratorium of nuclear tests and a U. S. call for resumption of negotiations on an unrelated treaty permanently outlawing such explosions.

Happy Birthday

Sheila, the famous lion cub of the Sanford zoo who was raised in the home of Zookeeper, Mrs. Willa Mae Hood, celebrated her first birthday Wednesday.

A huge steak of horseshoe, topped with a tall red candle, was served to Sheila, in lieu of a birthday cake, and she received a gift, too. It was a little yellow stuffed tiger, which the playful cub pounced on with glee, tossed it over her head and trotted around the zoo enclosure with it in her mouth.

Trotting with her was the little black dog, Teena, who is her constant companion and who helped "raise" Sheila. The tiny, eight-pound dog "bosses" Sheila around, and manages to keep the upper hand, in spite of the difference in size," Mrs. Hood said.

Sheila is the offspring of the two zoo lions, Bo and Peep, and she has two younger sisters, born four months later. The other two cubs in Sheila's litter, both males, died, and Sheila's survival is credited to vet Dr. Cameron Lawrence, who worked to save her.

She only weighed one pound when she was born, and now weighs 125 lbs. At her birthday party, the zoo gates were closed and she was allowed to roam freely over the zoo grounds, and play in a truckload of sand that had been dumped there for her.

The other candidate is Mrs. Rita Crews.

Oxford, who is employed at Ivey's Shoe Store, is a member of the First Baptist Church, Elks and Booster Clubs.

He stated late Wednesday that if elected "any decision I will make will be my own and mine alone... serving the best interests of the people."

One corps spokesman said, "We still think highly of her" and he added that she still is "very much in the Peace Corps."

Gardeners Hear Landscape Artist

By CAROL JEPSON

The His and Her Garden Club held its October meeting at the home of Mr. and Mrs. Verne Black, of E. 7th St. with Mrs. S. C. Dickerson of Gray Shadow Nursery, Sanford, who has landscaped many estates in this area, as guest speaker.

After answering many questions about Central Florida shrubs and trees, she demonstrated various plans for landscaping small areas.

With the proper placement of palms and other shrubs, she showed how to make a house appear more spacious and how to gain privacy for a patio without obstructing the view.

At the business meeting preceding Mrs. Dickerson's talk, it was voted to have a booth for the sale of plants and shrubs at the Chulucota Carnival Saturday. Help in setting up the exhibit will be needed on Saturday morning, at the parking lot. It also was decided that during the winter months, club meetings will be held at 8 p. m. instead of in the afternoon. Next meeting is scheduled for Nov. 8, the place to be announced later.

Chuluota Well Now Being Tested

By CAROL JEPSON
Officials of the Central Florida Utilities Co. report that drilling on Chuluota's new water well has been completed and that they now are in the process of test pumping for taking samples several times a week to determine the stability of the water's chemical content. The new 300-foot deep well, located on Seventh St. across from the Post Office, is not as deep as the present system but the company hopes that by remaining at this depth some of the sulphur content can be eliminated. After tests and analyses prove the water to be entirely satisfactory, a complete processing plant will be built including a 10,000 gallon storage tank, a pressure tank, pump house and an aerator.

'Pressure Great,' Peterson Tells Kiwanis Club

A. B. Peterson Sr., director of Civil Defense here told the Kiwanis Club Wednesday "I have done everything in my power to educate and warn the people of this county concerning preparation for war and the effects of fallout."

As I have been directed to do by the governor of the state, the Office of Defense Mobilization and the President of the United States. "I have no fight with any individual. My fight is based on the facts handed down to me. Every survival plan drawn up has been based on an adequate warning system."

"I only asked the county for \$25,000 for a skeletal system. If the program outlined by the county commissioners has been offered in sincerity then I am for it."

Peterson warned that in the case of a bomb drop anywhere in the vicinity the eyes should be protected, as blindness can result from the glare of the fireball.

Florida Lawmakers Elected By Masons

WASHINGTON (UPI) — The Supreme Council of the Scottish Rite Tuesday elected 363 Masons, including seven members of Congress, to the 33rd degree.

the 33rd degree included Sen. Spessard L. Holland, D-Fla., and Rep. A. S. Herlong Jr., D-Fla. Rep. Robert F. Sikes, D-Fla., was elevated to Knights Commander.

"A program of adequate warning should be available for the maximum protection of our citizens, but I hope that we never need it," the Civil Defense director said.

The Civil Defense director, who has held that position in Seminole County for 21 years, emphasized that his is not a paid job. "The pressure is very great," he said, "and I would like to get out from under it, but I am trying my best to do the job that I have been directed to do."

Deanery Meeting Attended By Catholic Women

A delegation from All Souls Catholic Women's Club attended the Orlando Central Deanery meeting at Our Lady of Lourdes Parish in Daytona Beach recently.

The meeting opened with Mass at 9 a.m. at the host parish, Our Lady of Lourdes. A short business meeting was held at the Bath and Tennis Club.

The theme of the meeting was "Prayer, Charity, Love to Study." Rev. John O'Hare, spoke on the importance of spiritual development in all affiliations. Mrs. Raymond Olech's topic was charity and she told many interesting things about the Morning Star School in Orlando—the support of which, it is hoped, will be the next project of the deanery.

The principal speaker of the day was Rev. Joseph Daley, Church of the Incarnation, Sarasota, whose topic was "Catholic Education in the Space Age." Father said it is a moral obligation to produce the caliber of student and citizen that is necessary to shoulder the burden placed upon him in this space age. It is also our duty to see that every Catholic child has the opportunity to get an education.

Those attending the meeting from All Souls included, Edith Krygier, Helen Keeran, Amelia LaFille, Bridget Kolarik, Helen Fritts, Victoria Rock, Carolyn Pierre and Jo Milliken.

BE WELL-INFORMED
Learn to take an interest in the world around you if you want to be a charming companion. No one who has "nothing to say" is much sought-after socially. Join discussions with enthusiasm when they concern topics with which you're familiar. Be an interested listener when you can't contribute to the conversation.

A well-informed person is welcome in any group, provided her fund of knowledge doesn't concern the personal affairs of her friends.

A GOOD 'LOSER'

If you are trying to lose weight and haven't found the liquid diets entirely satisfactory, you might like to try another method of taking off pounds.

For dinner each night, beat up two eggs and a measured glass of milk with an eggbeater. Add two teaspoons of chocolate powder for flavoring.

Have this as your dinner each night until you reach the weight you want. Use it from then on when the pounds creep back. This is all protein and good for you.

Dear Abby:

DEAR ABBY: For five years now we have taken on the full responsibility of our son's illegitimate child. The mother of this child is very irresponsible, and left the child with me since birth. My son and this girl have been going together since the baby was born, but have made no marriage plans for the future. They both date other people. The child sees his mother occasionally, but is confused about who she is because I am the only "mother" he has known, although I have him call me Nanna to let him know I am not his mother. We are the child's legal guardians, and our only concern is that this child should have a happy, normal life. Please help us clear up this mess while there is still time.

HEARTSICK NANNA

DEAR NANNA: To be honest with you, I think you have another child to raise. Why don't you ask for a legal waiver on the boy from both parents, adopt him, and give him the normal life he has coming to him?

DEAR ABBY: I like a kid and he likes me. He is 18 and I am 16. My father says this kid looks like a "wise guy," and he won't let me go out with him. I think this is very unfair as my father only saw him once for a little while. Can you help me?

SIXTEEN

DEAR SIXTEEN: Parents have been

known to misjudge people, but they usually are correct in their first impressions. Take your father's word for it, and be a "wise girl."

DEAR ABBY: This might sound like a very petty thing to complain about, but it means a lot to me. My husband doesn't remember my birthday, our anniversary, the children's birthdays or any of the smaller occasions, like Valentine's Day and Mother's Day. He DOES remember Christmas because there is so much advertising about it. I don't love him any less for it, but I can't help feeling a little hurt. Don't tell me I should be glad he doesn't get drunk and chase women. I know all his good qualities, but I wish he were a little more thoughtful. When he forgets, he feels guilty and apologizes. I never mention how hurt I am, but I hate being—"FORGOTTEN"

DEAR "FORGOTTEN": Don't sulk in silence. Start your own "advertising campaign" by sending your husband little reminders a week or two in advance. You will be "remembered," and your husband won't feel guilty because he "forgot."

What's troubling you? Write Abby, care of Box 3865, Beverly Hills, Calif. Include self-addressed stamped envelope.

We The Women: By Ruth Millet

You perhaps read where three British Tommies had advertised themselves for sale as husbands. Seems the trio were tired of the army and wanted to take advantage of the British policy of letting a soldier buy up the remainder of his service time.

Not having the money to buy up their army contracts, they hit on the idea of offering themselves in marriage. Two priced themselves at \$700. The third offered himself at the bargain rate of \$430, since he owed the army less time than the other two.

Said the enterprising three: "They buy us out. We marry them and we'll get jobs and keep them for the rest of their lives. Our brides will find us cheerful, sober and industrious. Girls may think we've got a nerve to make this offer. But we think it is a bargain for them."

Maybe it is a bargain. At any rate, at least one found a taker. After all, what's so different in a girl's buying a young man's army contract in order to make marriage possible, from a girl's saying, "We don't have to wait until you get through college to get married. I'll take a job and put you through."

That happens all the time over here. Girls promise to earn a pay check until a young man finishes school, or puts in his time in uniform. To be sure, our young men don't advertise that they're for sale. But all the same, it's the girl who promises to help earn a living,

Jacoby On Bridge

By Oswald Jacoby

There is a story about four comparative strangers who sat down to play in a bridge club. The first hand was dealt and was passed out.

While the second hand was being dealt the man who had been in last seat remarked, "I almost opened with three diamonds."

His partner said, "If you had, I would have bid three no-trump."

The reply was "You can't bid three no-trump when I open with three diamonds in fourth seat."

An argument started and became so violent that the game was broken up.

South's hand is an example of what a fourth hand minor suit preempt should be. He has reason to believe that he holds the best hand at the table, but he does not want to compete against the major suits.

North is entitled to go to three no-trump after the fourth hand preempt. He knows that South holds a better hand than the ordinary bid of this type.

Barnes Ties Pro Grid Mark

NEW YORK (UPI) — It's official — Erich Barnes of the New York Giants tied a National Football League record with a 102-yard run with an interception against the Dallas Cowboys Sunday.

There had been some question whether the run was 101 or 102 yards but it was cleared up by NFL spokesman Wednesday after pictures of the play taken by the Cowboys revealed that Barnes was two yards deep in the end zone when he intercepted Eddie LeBaron's pass.

Webb Replaces King

NEW YORK (UPI) — Rookie halfback Allan Webb, a member of the New York football Giants reserve list, has been promoted to the active roster to replace the injured Phil King.

King is sidelined with a shoulder separation and will be forced out of action for at least four weeks.

Duren In Hospital

LOS ANGELES (UPI) — Ryno Duren, speedballing pitcher for the Los Angeles Angels, is expected to remain in Daniel Freeman Hospital for about a week following surgery Wednesday to remove bone chips from his left knee.

Tiger Tales

By L. D. HIGGINBOTHAM (LCDR., USN)

We're still teasing Jerry A. Whipple, aviation electronics technician, second class about the black eye he picked up at the beach party, it is really a beauty, should have a picture of that one.

The day has been a rather slow one for the Heavy One (dred), Flight Quarters didn't even sound until 0600. Then the usual bustle and hustle getting these mighty Douglas A3D "Skywarriors" all ready for their missions.

At 0800 the first of our "Tiger" aircraft was literally thrown into the air by the steam catapults of the USS Independence. It was followed by four more and off they went on their various training assignments.

We're operating between Libya in north Africa and the island of Crete, and surely old man winter is beginning to make his influence known. The sea has been a little rough and the wind is blowing out of the north, it looks as though our days of warm balmy breezes and lots of sunshine will number very few for the rest of our deployment.

We had "Mail Call" just before 1600 today, not much in the way of mail for over 300 officers and men, did you write a "Tiger" today?

All our planes are aboard now and the deck handlers are towing them back and forth in that gigantic checker game they play with airplanes on the flight deck. It's pitch black outside now and it will be 0100 or later before the final spot is in and the troops can head for the showers and some well earned rest. Aviation Electronics Technician Second Class Richard D. Markland is tonight Squadron Duty Officer for tonight—it gets lonely in the "Tigers Den" late on the mid-watch.

DEBARY BPW OFFICERS are shown making final plans for their Harvest Moon Dance to be held Saturday at the Fire House beginning at 8 p. m. Music will be by The Sun Downers of DeLand and proceeds from the dance will go toward the club's scholarship fund. Pictured at the planning and poster-making session are, left to right, Dorothy Papineau, Bertha Lederhaus, Jo Peck, Ora White and Mary Ann Lederhaus. (Cox Photo)

Lake Monroe Jottings . . .

MRS. H. L. JOHNSON Hello. Do you know something? I think old man winter is coming. It is creeping closer all the time. A sweater has certainly felt very good these past few months. . . . So sorry to hear of so many of our Monroe folks ill. C. P. Rabun is slowly recovering from an appendectomy at Memorial Hospital. Mrs. Shirley Hunter is able to return home from the hospital. And Carol Muse, who was injured in a boat accident which I understand nearly cost her a foot, has been a very sick girl. We wish for all of them a speedy recovery. . . . Well the high school team did it again. They beat Daytona Seabreeze Friday night. And the high school band which Grace Edwards and I took to the game certainly are to be complimented upon for the wonderful performance they gave during the half time period. After the game they all enjoyed refreshments. Sure hope the team beats Winter Park tomorrow night here in Memorial Stadium. . . . Mr. and Mrs. John Leneer and son Roy of Orlando left Tuesday morning for Knoxville, Tenn. where they were called by the death of Mrs. Leneer's sister, Mrs. Margaret Schuler. Our sympathy goes out to Mrs. Leneer and her family. . . . Fred and Ann Behrens and little Bambi Lynn of Riviera Beach have returned home after spending the weekend with relatives. . . . Home Demonstration member don't forget the get-together at Olga Hunters home tonight. We always have a good time when we visit Olga's little shop. . . . Ed Crow came in Saturday from Miami Beach to join Chris who is already here. Ed and Jim Giles said they went fishing but I haven't seen the evidence of it. I think the fish saw them coming. Ed and son Bob went out Tuesday afternoon after school. And I SAW the fish this time. . . . Mr. and Mrs. H. C. McMullen of New Iberia, La. are visitors here. Mrs. McMullen will be remembered as the former Edith Bales. They are visiting her mother Daisy Bales, sister Margaret Naugher, brother Cecil and other relatives. . . . Sammie Lou Keel took daughter Martha, Penny and Susan Nichols, Cecil and Jerri Wheatland, Billy Coleman and Johnny Clark to Bunnell last Friday to see nephew Pee Wee Knight play football with Bunnell High School. They beat Baldwin 12 to 0. . . . Richard Boyd's Baby Seminoles won their game the other day over Orange City here in Monroe. Claudette Behrens is the Monroe Chairman of the United Fund Drive. Be sure to give when she calls on you. You know it is for a worthy cause. . . . I want to thank those who have sent me their favorite thoughts. They are really nice and I will put one in each week. The one I will use this week is from a faithful reader, Julie Hartline. Thanks Julie. I hope you all enjoy it as much as I did. Here it is.

Oh, its just the little homely things, the unobtrusive things, the "won't-you-let-me-help-you" things, that make our pathway light. And its just our jolly joking things, the "never-mind-the-troubled-things, the "laugh-with-me-tis-funny" things, that make our pathway bright. For all the countless famous things, the wondrous record breaking things, those "never-can-be-equalled" things that all the papers cite, are not like little human things, the "every-day-encountered" things, the "just-because-I-like-you" things, that make us happy quite. So here's to all the little things, the "done-and-then-forgotten" things those "oh-its-simply-nothing" things that make life worth the fight.

By JANE CASSELBERRY

Although it rained and the temperature dropped, spirits remained high among Casselberry Boy Scouts of Troop 311 last weekend when they attended Ross Allen's Fifth Annual Scout Encampment at Silver Springs along with 3,000 more boys from all parts of Florida and other Southeastern States.

Other than the many attractions at the Springs, the boys enjoyed special demonstrations of alligator wrestling and rattlesnake milking staged by their host. They also competed in a number of "Skill-o-Vents" including obstacle courses, archery, log rolling and axemanhip.

Sunday morning worship services were conducted by Allen's son, Bob, who is a ministerial student.

The Casselberry boys returned home with added enthusiasm for their light bulb sales project to raise funds for buying their own bus for transportation on such trips.

Attending with Pat McKinney Sr., Harold Carlson, Bill Dempsey, and Scoutmaster Ted Daniel were Ricky Casselberry, Richard Taylor, Ricky Shook, Billy Dempsey, Darwin Shea, Mike Lego, Pat McKinney, Lee Totten, David Martin, Pete Carlson, Mac MacCellan, Bill Skilak, Jerry Skilak, Steve Kiah, Steve Shook, Charles Norris, Terry Cox and Johnny Mondo.

Lyman Gridders Prep For South Sumter Tilt Friday

'Hounds' Sport Impressive Mark

By PETE LEVEQUE
 Herald Sports Editor

Lyman High Head Coach Bill Proctor's triple-threat trio of the undefeated Lyman High fighting Greyhounds' battering backfield is furiously preparing for a titanic offensive onslaught in this week's anticipated important gridiron battle with South Sumter High School.

There were no slow-motion action films of last week's shattering 23-0 Lyman victory over the Florida Military School Cadets to be shown at Wednesday's meeting of the Hound's Club. Heavy rains last Friday had forced the motion picture crew to abandon the picture-taking project of the game.

Coch Proctor's big, still undefeated fighting Greyhounds have already built for themselves an impressive record at the halfway point of the season for their five winning games with a total of 128 points compared to their opponents' eight points.

A noticeable shift in the Lyman Varsity top-scoring ratings has come about as a result of last week's scoring by the backfield. Halfback Paul Blackford with a gain of two touchdowns and 13 points took the individual scor-

ing lead over last week's first place scorer Lyman's right halfback star Jim Williams who scored one touchdown and seven points in last week's game.

Prior to the Florida Military School contest, Halfback Williams was two points ahead of top-scorer Blackford with a total record for four games of five touchdowns and 33 points compared to Blackford's four game record of five touchdowns and 33 points. After last week's game Blackford is ahead with seven touchdowns and 46 points in five games to Williams' six touchdowns and 42 points in the five games.

With halfback Williams and Blackford in close competition for first and second places in individual scoring records, fullback Carl Presley comes up solidly in third place with a total of three touchdowns and 19 points in five games with offensive halfback star Jerry Watkins with two touchdowns and a total of 12 points in four places for the five games.

Injuries this week among the rough and tumbling fighting Greyhounds were few and far between. Lyman's reserve halfback Roger Krohne, a 125 lb. senior, suffered the only significant gridiron injury in a couple of minor

leg tears in a practice session by a player's class. The Greyhounds are otherwise in top gridiron condition for Friday's big football contest with South Sumter.

In regular Tuesday and Wednesday practice scrimmages with Lyman High's Junior Varsity Squad, the Lyman High Varsity team was confronted with strong running and attacking offensive and defensive plays of the Lyman 'B' team. Repeated practice with Lyman's Varsity has not only improved the all-around playing ability of the "B" Squad, but has increased the "A" team's necessary by the Varsity to outblock and outplay the Junior Varsity.

The South Sumter offensive team may give the fighting Greyhounds a close battle as Lyman goes into this week's gridiron contest determined to keep its undefeated rating for the rest of the season. South Sumter has an exceptionally well stacked running backfield for a school of its size.

The South Sumter High School Varsity Football Squad has a record of three wins and two losses in the five games the team has played this season. Dunnellon edged South Sumter 13-7 in the school's gridiron clash of last Friday.

Junior High Braves Clash Tonight

Bleachers are expected to be filled with cheering crowds as the undefeated Seminole Junior High Light Squad Braves play host to the Titans of Eau Gallie at 7:30 p.m. today at the Junior High football field in the Braves' last home game of the season and what could be the Light Squad's fifth straight triumph.

The triumphant Braves have reached a high scoring level as a result of four games with a total of 71 points for the Seminole Braves compared to 13 for their opponents. The Light Squad's last game with the Eau Gallie Titans played only last week was won by the Braves 12-7. However, this five point winning margin is the lowest point edge in the four games that the Braves' Light Squad has won this season.

In last week's spectacular Seminole Junior High 20-0 smash of the Daytona Beach Bulldogs, starting offensive left halfback Chuck Scott, with an amazing third quarter triple-burst of power, scored all three touchdowns for the Seminole Light Squad in the third quarter. Rosny Hinson scored one extra point for the Braves with a well-timed quarterback sneak.

Light Squad Coach Ralph Mays expects his ball players to be in good shape for this final gridiron clash with the Eau Gallie Titans. Practice sessions in the past week have seen constant drill on the offensive and defensive plays that have kept them out on top where they are this season.

The expected starting lineup

for the Seminole Junior High Light Squad will place Ronnie Hinson in the backfield as quarterback; Chuck Scott as left halfback; Ricky Walstrom as right halfback; and Bernie Barbour as fullback. Ernie Baumelster will be at the Braves' starting left end; Josh Chase will be in the left tackle position with Don Nicholas at right tackle. The guards will be Terry Echols at left and Steve Harris at right. Mike Gray will be the Light Squad center.

New Coaches, New Team To Debut In NBA Opener

By United Press International
 Two new coaches and a brand new team will make their debuts tonight when the National Basketball Association opens its 1961-62 season with a Madison Square Garden doubleheader pitting the Philadelphia Warriors against the Los Angeles Lakers and the Chicago Packers against the New York Knickerbockers.

Frank McGuire, who compiled a brilliant coaching record at North Carolina, will handle the Warriors in league competition for the first time in the opener while Eddie Donovan will make his official debut for the Knickerbockers in the second game. Donovan entered the pro ranks after a fine record at St. Bonaventure.

The Packers, first team to represent Chicago in the NBA since the 1949-50 season, are coached by ex-Minneapolis Laker star Jim Pollard and their lineup is featured by Walt Bellamy, Bob Leonard and Charlie Tyra.

Gator Star Bob Hoover Hurt In Cycle Mishap

GAINESVILLE (UPI)—A motorcycle accident added Bob Hoover to the University of Florida's football injury list Wednesday. Hoover, the Gators' starting right halfback, and Dick Skelly, declared ineligible for his part in a prank with Florida's alligator mascot, Albert, last June, were taken to the University Medical Center for treatment.

Doctors said Hoover suffered a lacerated left arm, facial cuts and a bruised shoulder. They said he could decide if he wanted to play against Vanderbilt Saturday night. He remained in the hospital overnight for observation.

Skelly, who suffered cuts, bruises and a minor knee injury, was released from the hospital.

Gainesville police said Hoover was driving a motorcycle and crashed into a car driven by 20-year-old Marjorie Watson of Micanopy when she pulled into Hoover's lane.

Police charged her with improper lane-changing.

Coach Ray Graves said he probably would move up substitutes

Homecoming Clash Saturday

The Crooms High Panthers team is preparing for a conference contest against the Palatka squad on Saturday night at the Sanford Memorial Stadium at 8.

The local team boast a 1-1 record in conference competition, and will be out to avenge the defeat from last year's tilt. The team should be at full strength after injuries to key players in the past weeks. Head Coach Holt states that his team will be at its best physical condition since the opening contest.

This is also the school homecoming game with a parade scheduled for 4:30 p.m. in downtown Sanford on Friday afternoon. Floats, decorated cars, bands and marching majorettes should make the parade a big success. Coronation ceremonies, which feature the crowning of Miss Crooms High School will be held on Thursday night at 7:30 p.m. in the High School Auditorium.

Gibbs To Get Yankee Chance

By United Press International
 Jake Gibbs, the New York Yankees' \$100,000 bonus beauty from the University of Mississippi may get his change under baseball's big top earlier than anyone dreamed possible.

The Yankees, it appears, are getting Gibbs ready to assume an important role in 1962 because of the possibility that regular shortstop Tony Kubek will be called to military duty.

The 6-foot, 180-pound Gibbs was called up from the minors, along with eight other prospects, by the world champions on Wednesday. He's due to report to spring training with the Yankees and it's obvious that he'll be tried at third base, shortstop and second base.

Williams Named Top NL Rookie

NEW YORK (UPI)—Billy Williams, 23-year-old Alabama-born outfielder who hit .378 for the Chicago Cubs, was named the National League's rookie of the year today by the United Press International's board of baseball experts.

Williams, who went barnstorming with Hank Aaron and Satchel Paige when he was only 15 years old, received the votes of 20 of the 36 experts who took part in the voting. Joe Torre, 19-year-old Milwaukee Brave catcher, was a distant second with five votes.

To Defend Title

NEW YORK (UPI)—Harold Johnson, who holds the National Boxing Association's version of the light heavyweight championship, has agreed to defend his title against Doug Jones of New York at Miami Beach, Dec. 2.

C Of C Suggests Services

Longwood Area Chamber of Commerce members had several suggestions for building better relations between the city and their organization at last Thursday's meeting when Mayor Al Lormann, guest speaker, asked for individual ideas on the matter.

Included in services which the city could provide to aid the Chamber in its work were requests for a new city map, an area directory and an ordinance for some control over dogs.

The mayor explained that a new city map is being drafted but that it may take some time before it is completed since it is being done at a very low cost by a draftsman who generously offered to do the work in spare time.

As for an area directory, he advised that an alphabetically indexed book had been placed in the city hall some time ago for this purpose and requested all members to register and to urge their friends and neighbors to sign.

He reported that members of the City Council, at their monthly business meeting, had agreed to have a special meeting devoted solely to the matter of dogs and their control and that action on an ordinance would be forthcoming.

At the conclusion of general discussion, Elton Richards, president of the chamber, continued with the business meeting.

"This reminds me of the old-fashioned Town Meeting which helped build our country and which was the very groundwork of our democracy," he said, adding that he thought such meetings served as an open forum where those present could air their feelings, good or bad.

Richards read a letter from J. Russell Grant who declined the offer of serving again as chairman of the Annual Christmas Party and suggested that the Chamber of Commerce turn the event over to the Volunteer Fire Dept. this year.

Grant said that although he had been chairman of the party

since 1953 and always had received excellent cooperation from all organizations and merchants, he felt that the decision by the chamber to omit gifts defeated the purpose of the event.

The chamber voted to accept Grant's suggestion and the offer of the firemen to serve as sponsors of the party. It voted to give \$45.06 remaining from last year's fund plus a \$25 donation for this year to the fire department and to "transfer to youthful shoulders the responsibility with no hard feelings."

Carl Lommer, in accepting for the firemen, said that plans would continue in the same manner and that the department would look for cooperation from everybody. He explained that the firemen, after the chamber voted to omit gifts, felt that they couldn't support the event under those circumstances and that they were willing to take over and also arrange for the baskets provided each year to the needy.

Other matters taken under discussion included the purchase of membership signs, means of encouraging residents to shop at home and the importance of the Nova project to the area.

Lormann suggested that a standard sized printed card could serve business members for display purposes and that perhaps the area merchants could stage a cooperative program to attract more local business.

Richards reported that Longwood is included in a recent directory of electronics industries and that it has been predicted that the Nova project will bring 20,000 new residents to the Central Florida area in the next two months.

"I think it's time we got busy," he said, "for I believe that since neighboring counties already are so heavily populated, Seminole County will become the 'bedroom' of the Cape."

Announcement of upcoming meetings and events of interest to the organization concluded the evening.

Lake Mary Event To Aid Fire Hall Building Fund

Auxiliary members of the Lake Mary Volunteer Fire Dept. and the Lake Mary Home Demonstration Club will sponsor a Bazaar and Ham Supper at the Fire Hall Saturday as their first contribution towards establishing a building fund to add a meeting room on the Fire Hall and to cover the large barbecue pit.

The Bazaar, which will begin at 1 p. m. at the Fire Hall, was chosen as the first in a series of planned money-raising events which the Auxiliary will sponsor as its annual project to aid the department, according to Mrs. Joseph Elth, chairman.

"Although there are many ways the Auxiliary could assist the department, the building program presents the most urgent need especially since, with the addition of the second truck, there is no room now for meeting quarters," she said.

"This added piece of equipment which was acquired, remodeled and fitted for use during the past several months, represents many long hours of hard work and planning by the volunteers in their efforts to serve the ever-growing area as well as the Lake Mary Fire District.

"Since the desired building additions cannot be financed with district tax money, the Auxiliary, this year, will aim all of its work towards providing a fund for this purpose," Mrs. Elth explained.

In conjunction with the bazaar, members of the Lake Mary Home Demonstration Club who use the Hall for regular and special meetings, will serve the supper between the hours of 5 p. m. and 7 p. m. and will donate all proceeds to the building fund. Mrs. Olan Boutwell, chairman of this event, reports.

Members of both clubs invite all residents who receive fire protection from the Lake Mary Dept., including those in the district which covers voting precinct 10 and those of surrounding areas not embraced by the district, to give their support by attending the bazaar and supper.

Water Rate Hike Under Discussion

Members of the Casselberry Board of Aldermen met with officials of Casselberry Utilities Co. for some three hours last Friday for an informal discussion of ways and means for the company to receive added revenue without raising its water rates.

Lytle E. Swope, chairman of the board, reported that the matter still is under consideration and will be included on the agenda for the November meeting of the Aldermen.

"Friday's meeting was very informal and was held primarily for the purpose of acquainting the board with conditions being faced by the company which points out that its water rates have remained the same since it began operation in the early 1930's."

"The board has the matter under advisement and it still is under discussion. It is something that must be settled and no doubt will be brought before the board again at the next meeting," Swope said.

DeBary Fire Auxiliary Hears Guest Talk On Patriotic Theme

By MRS. ADAM MULLER
Miss Kay Ryan, program speaker for the Auxiliary of the DeBary Volunteer Fire Dept. which met last Thursday, chose as her topic the commemoration of Columbus Day.

Comparing the 1492 explorer with Alan Shepard, today's astronaut, she pointed out the similarity of the two men in their bravery and determination and desire to serve their country.

Speaking of the importance to preserve such characteristics, she warned of the dangers being faced today by the nation's schools and students through Communistic undermining. She read a poem praising and glorifying life under the Communist doctrines which narrowly escaped being included in American textbooks and pointed out a number of ways the Red teachings and practices creep

into a person's way of thinking before he is aware of their actual purpose.

Members were reminded to attend the film program on this subject which will be sponsored by the Sanford-DeBary Patriotic Society next Tuesday at 7:30 p. m. The program will be held in the Fire House, is free and is open to the public.

In other business at the Auxiliary meeting, the group received two new members, voted to donate \$10 to the community's Emergency Committee and urged attendance at the United Nations Card Party to be held at the Fire House on Thursday beginning at 7 p. m.

Members also were reminded to place orders for fruit cakes and spices with Mrs. William Ogden so that delivery will be in time for holiday meal planning and baking.

EDITORIAL COMMENT

Will You 'Treat'?

It isn't often that a program involving large groups of the nation's youngsters can receive whole-hearted endorsement.

However, Trick or Treat for UNICEF, which began in 1960 with "treats" totalling \$36, received such spontaneous enthusiasm from parents and children's organizations that last year some 2,500,000 young people in more than 11,000 communities collected \$1,780,000 for needy children and mothers in more than 100 countries.

The very theme of this program is such that it gives our youngsters the opportunity to celebrate the Halloween Holiday to the fullest measure for, in collecting gifts, they also are given the privilege to do the giving.

In Seminole County this year, children of the Casselberry Community Methodist Church and of the Lake Mary Community Presbyterian Church have announced that they plan to join the national effort in collecting for the United Nations Children's Fund... let's all "treat" generously!

Lake Mary Man Raps Area Lack Of Interest

Ed Zimmerman, chairman of the Lake Mary Fire District and president of the volunteer organization, reported today his keen disappointment in the lack of attendance at a CD instrument training meeting Tuesday night at the Fire Hall.

"The meeting was to be the first in a series to train men and women of the area, and particularly the firemen, to use and correctly read radiological monitoring equipment so that someone in all areas could be prepared in case of nuclear attack and resulting fallout," Zimmerman said.

"There were 10 men there... nine of them firemen. I don't know what it is going to take to wake up our people who seem to feel that it'll always happen to the other man," he continued.

"LeDr. A. R. Smith, who instructed the first such course for several weeks in Sanford and is in much demand for his assistance in all parts of the county, was on hand Tuesday night to teach our class. He generously agreed to continue as instructor and we're going to offer a 'second chance,' so to speak, by changing the class location to the Lake Mary School where we'll have blackboards for illustrative purposes. The first class, then, will be conducted this next Tuesday at 8 p. m.," he reported.

"I can't do much more, individually, to spark interest and attendance at these classes but I can say this... Areas from Upstate to the Wekiva and across to Five Points aren't going to be magically transported to a desert island somewhere if a bomb drops and it's going to take more than a handful of men to do the work during the following fallout period," he concluded.

District Official Installs Chuluota Legion Officers

By CAROL JEPSON

Ken Moyer, district 6 commander, conducted installation ceremonies at the last meeting of Chuluota's American Legion Post for Ray Pentz, new commander and Harold McBride, first vice commander. Also installed was M. Mello as finance officer and nominated as Legion chairman for the Saturday Carnival was Wendell M. Jepson with R. Warden, H. Boswell and McBride as his assistants.

McBride, who is the assistant civil defense chairman for the Chuluota area, appointed W. Crossdale and R. Hammond to assist him with the program in the community.

He reported that he had talked to school officials in Oviedo regarding proposed plans for the safety of children in case of emergency and found that only two measures were possible... send the children home, which could create utter confusion and havoc or keep them in school, which at this time is lacking in facilities to accommodate and protect the students for any prolonged period.

Stressing that panic will take place if the people are not prepared, McBride announced that a Personal Survival Course will be conducted for Chuluota residents in December. Classes will be held at the Community Building one night each week for four consecutive weeks with the date and time to be announced. He advised those interested to contact your reporter, Mrs. Virginia Chadwick or the Civil Defense headquarters in Sanford.

Wilson To Head United Citizens

Graham Wilson, senior advisor of the United Citizens of Casselberry, agreed to serve as acting chairman of the organization at its first business meeting of the season Tuesday.

The chairman's seat has been unfilled since the resignation of Herbert R. Olson who moved away from the town several months ago.

In other business at Tuesday's meeting in the Women's Club, members planned a Halloween Party for 8 p. m. on Oct. 28 with Mrs. Milton Lady accepting the appointment as chairman for the event. This will be the second social meeting for United Citizens who opened the season with a barbecue in September at the Lady home.

A brief business session will precede the Halloween Party.

Pravda Airs Tension Between Red Chiefs

MOSCOW (UPI)—Pravda today printed details of the speech in which Communist Chinese Premier Chou En-lai chided Soviet Premier Nikita S. Khrushchev for publicly airing the Soviet quarrel with Albania.

Chou took the floor Thursday at the third session of the 22nd Soviet Communist party congress after Khrushchev had spent two days delivering his massive report on Soviet and world communism.

The first Soviet press and radio reports stressed Chou's expressions of undying friendship between the Soviet and Chinese peoples.

Today Pravda, the party's official newspaper, carried more detail. It confirmed reports that Chou — without mentioning any names — had deplored Khrushchev's attack on the "personality cult" of Albanian leaders.

Chou said it was an un Marxist airing of a family quarrel.

Chou also attacked President Kennedy as "treacherous and adventurous," Pravda said.

Since no delegation from Albania is attending the congress, it was left up to Chou to come to the defense of the little Adriatic country's leaders.

"We consider that if between fraternal parties and fraternal countries arise, unfortunately, disputes and divergencies, they must be solved patiently, guided by a spirit of proletarian internationalism, principles of equality and achievement of identity of views by consultation," Pravda quoted Chou as saying.

"Openly to place before our enemies the disputes between fraternal parties and fraternal countries arise, unfortunately, disputes and divergencies, they must be solved patiently, guided by a spirit of proletarian internationalism, principles of equality and achievement of identity of views by consultation," Pravda quoted Chou as saying.

At least five persons were killed and approximately 90 other injured Thursday night when fire swept a four-story women's clothing store crowded with late shoppers.

AROUND THE CLOCK

By LARRY VERMEL
Wallace Allbritton will probably be named county attorney at the next County Commission meeting Oct. 21.

Conferences (secret) were held with attorneys throughout the week and we suggest that the commission walk to the meetings and not take their cars... Too conspicuous.

The new addition to Seminole Memorial Hospital should be completed by June of 1962. Nobody asked me but, with a first-class hospital shouldn't the board of trustees start thinking about a resident physician.

Speaking of attorneys as we were awhile ago, the annual Bar Association meeting will be high-lighted tonight with a giant feed at Gordon Frederick's home. We ran into Gordon shopping last night and his cart was loaded down with everything from sour cream to peanut brittle.

The County Commission committee on Civil Defense recommends a 100 man key operational disaster shelter for \$150,000 and yet the city is building one to house 40 men at an estimated cost of \$14,570 and this includes all radio equipment, ventilation equipment, two weeks supply of food for 40 men, bedding, first aid... Who's kidding who?

City Clerk Henry Tamm Jr. reports that 11,700 Sanford tax bills will be mailed Oct. 31. Tax Collector John Galloway still hopes to have the county bills out by the first of November.

Mystery clue for Jaycee Day Oct. 28... The celebrity has a mighty big political decision to make next year.

The city will start clamping down on parking around city hall. No more of these 30 minute stalls. Parking meters will be installed as soon as possible.

County Commissioner James P. Avery called us last night and said he wanted his Herald mailed to the County Commission state convention in Ft. Lauderdale for three days next week. Most happy to oblige.

The city of Sanford has applied for a permit with the corps of engineers to install a submerged sewer in Lake Monroe at the mouth of Mill Creek near the site of the proposed sewage treatment plant.

Jack Trim's Sanford-mar has opened temporary offices in the Kirk-Plaza Building.

Booster Club tickets will be on sale at the football game tonight. Membership in the Boosters is open to everyone and includes all sports and athletic activities at Seminole High School.

Things will be pretty dull here next week. The majority of the city and county commissioners will be convention bound. City in Jacksonville — County at Ft. Lauderdale.

Housing Project Opening Nov. 19

Grand Opening of the first section of Park Royal Homes, new 100-acre housing development south of Lake Mary on Country Club Rd., has been tentatively set for the week of Nov. 19.

Construction on three model homes will begin next week in the 126-lot section. The entire subdivision has FHA approval, will have its own half-million dollar water and sewage plant and will have paved streets, sidewalks and street lights.

Charles Seligman and Nelson C. Fick, developers, said today that financing will be through First Federal Savings and Loan of Sanford over a 25-year period with monthly payments to run approximately \$60. Prices will be in at \$10,500.

The residential development will offer Mediterranean homes of masonry construction with three bedrooms, one-and-a-half baths and carports and utility room. Each will have a central oil heating system, all electric kitchens and built-in vanities in the main bath. Lots will range from 70 feet by 100 feet with corner properties to be 85 feet by 100 feet.

Drainage is assured by the developers who have opened Soldiers Creek west of the property and have provided for catch-basins on each street.

Winter Weather Spreads Wings Across Nation

The first snow of the season brought an abrupt end to Indian summer from the Mississippi to the Alleghenies today and another vast puff of Arctic air hovered just north of the Canadian border.

Hurricane winds pounded two Texas Towers off the New England coast as tropical storm Gerda moved up the Atlantic with stepped-up fury.

The Weather Bureau said the storm "intensified" while blustering along a course paralleling the Eastern Seaboard.

The center of the storm at midday was located 220 miles south-southwest of Nantucket Island. It was traveling north-northeast.

Warnings of four or more inches of snow were posted in parts of Montana.

Radio Falls In Tub, Kills 2 Tots

CHICAGO (UPI) — The gleeful shouts of small children bathing rang through the home of the Georgy Schuler family in suburban Calumet Park Thursday night.

Then, suddenly, the happy noises became screams of pain.

Mrs. Mary Schuler ran to the bathroom. A radio had fallen into the tub in which 3-year-old Blann and 1-year-old David had been bathing. Five-year-old Debbie was sitting on the edge of the tub, shrieking with pain.

Mrs. Schuler yanked Debbie away from the tub, getting a shock herself. She called her husband, who raced to the room and jerked the radio plug out of its outlet. By this time, Diana and David was lying face down in the water, unconscious.

Firemen and policemen were called by Schuler, but were unable to revive the two small children. Mrs. Schuler and Debbie were reported in good condition.

Police Chief Karl Sawet said Debbie apparently had taken the radio to the side of the tub while she waited for her brother and sister to finish bathing.

Hour Meters Being Put At City Hall

The board tabled action on the east side of Park Ave. near the courthouse until the new jail parking lot is completed.

In other business, the board authorized city manager W. E. Knowles to get bids and specifications for a new garbage packer.

Gen. Trudeau For Renewed Air Tests

WASHINGTON (UPI) — The Army research chief believes the United States should resume atmospheric tests of nuclear weapons to keep pace with Russia's super-bomb development.

Lt. Gen. Arthur G. Trudeau, head of Army research and development, said Thursday night such U.S. tests could help determine whether the projected 30-megaton Soviet bomb could knock out America's underground missile bases.

Trudeau said this country had vastly expanded its knowledge in the atomic weapons field, but that "there are other vast improvements and increased knowledge that could be obtained if we resumed testing."

Herald Conducts CD Straw Poll

The Herald today is starting a straw poll of its own to determine just what the people want in the way of Civil Defense.

Earlier in the week the County Commission agreed to get a ruling from the Attorney General on whether or not the board can expend moneys budgeted for Civil Defense for the purpose of mailing double postal cards to all the registered voters on their approval or disapproval of spending on a half million dollar Civil Defense program.

It was suggested to the Herald that many people favor civil defense but think the people should be allowed to determine whether they wish to go "all the way" as Commissioner John Fitzpatrick stated or, for just a "beginning" program as CD director A. B. Peterson requested.

The accompanying coupon will be published on the front page of the Herald for the next two weeks.

All ballots should be sent to the Herald, in care of the editor.

The results of the poll will be made public Nov. 3.

Governor's Shelter Construction Set

TALLAHASSEE (UPI) — The State Cabinet may give the go-ahead Tuesday to construction of a fallout shelter beneath Gov. Farris Bryant's executive mansion.

Allbritton-Williams, Inc., of Tallahassee, won a low bid against five competitors Thursday with an estimated \$5,710 for the job. The bid included costs of a generator and communications equipment.

The shelter will contain working space for the governor and key members of his staff, as well as shelter for their families.

The Governor's Mansion Commission held a brief meeting Thursday and approved the proposed shelter as an emergency seat of government.

"We feel it makes good sense to have a designated area from which the governor and his assistants can direct the vital affairs of our state in time of emergency," said Commission Chairman G. Warren Sanchez, a Tallahassee attorney.
