Senators gave Kelsey and Duncan a clean bill of health, clearing them of any wrongdoing in the case of the late Justice of the Peace.

16-Year Road Plan Thru 1985

State Unveils Program

By DONNA ESTES

Clarification of the listing of the proposed inter-county beltline loop across the south end of Seminole County is part of the county's road program in 1980-85 in the 16-year road program of the state will be one of the items discussed with State Road Board member Willard Peebles and state district engineer at a meeting to be held later this month.

The meeting set for a "dutch treat" luncheon on Feb. 28 will be held with Peebles, Robert G. Lavelle, of Sanford, has been accepted as a member of the National Association of State Road Engineers in Denver.

For those of you who read the brief in Friday's Herald about the woman at Gulf Breeze who placed her \$4,000 worth of jewelry in the waste paper basket while she went to the beach ... the sequel is that she recovered the jewelry after an hour's search the next day at the county dump. Thought you would like to know.

Pvt. Richard Holloway, son of Mr. and Mrs. James S. Holloway, 406 Orange Avenue, and a 1983 graduate of Seminole High School, has been awarded the military rating of topographic surveyor after graduating from the Army Engineer School at Fort Belvoir, Va.

Open House will be held at Deltona Junior High School Thursday, beginning with a 7:30 p.m. meeting in rooms 12A and 12AB. A brief explanation of the guidelines given recently is on the agenda.

Principal Charity Harp is requesting a change of name for his school, South Seminole Elementary, at Casselberry by the School Board, due to the continued confusion caused by having South Seminole Junior High School as a next door neighbor. He has asked parents to submit suggestions for a change in name.

Bill MacLaughlin says that a Cuban, on the way to the airport, got so excited he hijacked the bus.

Mrs. Nancy Nordstrom, executive secretary of the Sanford Draft Board, was re-elected president of the Women's Marine Association, Central Florida Chapter, at a meeting Saturday in Winter Park. Also re-elected for another term were Mrs. Helen Farnum, vice president, and Mrs. Mary Blakeman, secretary-treasurer.

He was a former mayor of Melbourne, a former city commissioner, and former tax collector of Brevard County. He founded and operated Tucker's Tobacco and Candy Company for many years, selling the business in the late 1950s, and until approximately one year ago, had served as inspector for the Motor Vehicle Commission of the State of Florida. He had been a director of Bank of Melbourne and Trust Company since 1963.

Survivor other than his son, are his wife, Mrs. Mary Gladys Tucker, of Melbourne; a daughter, Mrs. W. J. Bass, also of Melbourne; four grandchildren and two great-grandchildren; three brothers, Louis, Tom, and Cleo, all of Blountstown, and two sisters, Mrs. Marjorie Taylor, of Santa Fe, Ga., and Mrs. Stella Flayer, of Folkston, Ga.

Solons Hit UofF About Instructor

ORLANDO, Fla. (AP) — "The second most conservative legislator" in Florida said today he would demand that the University of Florida and the University of Florida's law school close it down, if a controversial philosophy professor is not fired.

Rep. David L. Lindsey, R-Orlando, said he backed the Railroad and Public Safety Committee's bill to fire the professor, Dr. Kenneth Megill, from the University of Florida's law school.

Lindsey said his resentment runs "with great depth" in the Legislature. He said he'd telegraphed Stephen O'Connell, president of the university, making it clear he would vote against appropriations to the university if Megill isn't fired.

Megill advocated support for radical student groups and suggested organization of a teachers' union.

"We have a lot of planes leaving daily for Cuba," Lindsey said. "I wouldn't feel badly if he was on one of them, along with those students who don't want an education and want to follow him."

"I'm not about to sit here and watch a man like that up there teaching," Lindsey said.

He said the due process of the university should be followed to oust Megill from the faculty but that the Legislature should follow up if the university cannot.

"Normally, I don't think the Legislature has any right to interfere with the university," Lindsey emphasized that he supported O'Connell and meant no criticism of the president, "but if he can't handle this man, why do we ought to look elsewhere."

Lindsey said he was the second most conservative legislator in the state. "Ronald Reagan's a champion of mine," said the Orlando insurance man, referring to the governor of California. He said he considered Rep. Don H. Stafford, R-Largo, the Florida Legislature's most conservative member.

Nixon & Pope

VATICAN CITY (AP) — President Nixon will meet with Pope Paul one day after the Pope finishes a week of Lenten retreat. Nixon will fly to Rome Sunday, March 2, to meet with the Pope in the Vatican.

P. Tucker Rites Set Wednesday

Purley E. Tucker, 77, father of T. E. Tucker, of Sanford, died Monday at Brevard Hospital in Melbourne.

Funeral services will be conducted at 10 a.m. Wednesday at the graveside in Melbourne Cemetery with Rev. Monroe C. Hatch of First Methodist Church, Melbourne, officiating. Born Sept. 22, 1911, in Atlanta, Mr. Tucker moved to South Brevard County in 1919 from Blountstown.

He was a former mayor of Melbourne, a former city commissioner, and former tax collector of Brevard County. He founded and operated Tucker's Tobacco and Candy Company for many years, selling the business in the late 1950s, and until approximately one year ago, had served as inspector for the Motor Vehicle Commission of the State of Florida. He had been a director of Bank of Melbourne and Trust Company since 1963.

Survivor other than his son, are his wife, Mrs. Mary Gladys Tucker, of Melbourne; a daughter, Mrs. W. J. Bass, also of Melbourne; four grandchildren and two great-grandchildren; three brothers, Louis, Tom, and Cleo, all of Blountstown, and two sisters, Mrs. Marjorie Taylor, of Santa Fe, Ga., and Mrs. Stella Flayer, of Folkston, Ga.

Fire Victim Said 'Good'

William Shanda Wallace, 14, suffering first, second and third degree burns on the upper part of his body, was reported in "fairly good" condition by Seminole Memorial Hospital attaches this morning.

Wallace, son of Mr. and Mrs. Al Wallace, of Loch Arbor, and a group of neighborhood boys, was crawling under a trailer last night at Lake Crystal when a fire broke out.

Wind velocity increased at about 4 a.m. Saturday, causing the camper to spread and burning young Wallace. He jumped into the lake to extinguish the flames.

"I gave to the people of this county my best for 16 years and dealt honestly, prudently and judiciously, and can proudly stand upon that record as an officer and citizen of this community for 43 years and this persecution and character assassination has tended to cause much heartaches, and embarrassment to the family I have reared here, also grand children and friends.

"I regret that the electorate

Back Pay Will Total \$15,000

County Attorney Harold Johnson is expected to give the County Commission the "bad news" today as to how much money must be paid to former Constable George Kelsey and ex-Judge Hugh Duncan for the period of some 16 months they were suspended from office by Gov. Claude Kirk.

It is expected court determinations will be that the men are to receive the same amount of fees collected by their gubernatorial appointee replacements during the periods of their first and second suspensions.

Early estimates are that additional cost to the taxpayers of repayment of fees already paid out to the replacements will be in the neighborhood of \$15,000 maximum.

Port Chief Hits Board Members

Alexander pointed out the plan seems to de-emphasize the role of the Port Authority and generally conforming to the long-range plan for the area already approved by the Commission.

Commission Chairman John Alexander pointed out the plan seems to de-emphasize the role of the Port Authority and generally conforming to the long-range plan for the area already approved by the Commission.

'Will Continue Fight,' States Ex-JP Duncan

Former Justice of the Peace W. Hugh Duncan, following his election to the Florida State Senate last February and again in July, in a feeble attempt to justify the second and third suspensions by a Kirk puppet mouthpiece.

"W. Hugh Duncan" chose to believe the mitigating line that were given the news media last February and again in July, in a feeble attempt to justify the second and third suspensions by a Kirk puppet mouthpiece.

Congress Opens 2-Year Task Of Revamping Tax Laws

WASHINGTON (AP) — Congress opened a sweeping review of the tax code today, leaving a bill for a 20 per cent tax on the investment income of private foundations.

Sen. Wright Patman, the Texas Democrat, who has been a leading critic of tax-exempt foundations for more than eight years, told the House Ways and Means Committee in prepared testimony "I do not seek to de-

stroy foundations, but to reform them." Patman, however, said he does not propose taxing contributions to foundations, but rather on their investment revenues. The committee, headed by House Democrat Wilbur D. Mills, began work is expected to be a two-year job of revamping tax laws which were last revised in 1954.

Patman said the last revision of the nation's estimated 3,300 foundations has made their tax-free status "a revelation of continuing deviation of some of our millionaires to avoid, rather than conversion to graciousness." However, Charles L. McClary, president of the National Association of Foundations, Inc., said the groups are capable of "polishing themselves" under his association's code of ethics, and no additional legislation is necessary.

B52s Pulverize Viet Cong Bases

SAIGON (AP) — U.S. B-52 bombers shifted their priority in the past week from the Ho Chi Minh Trail through Laos to Viet Cong bases in the eastern sector.

The Strategic Air Command has pulverized suspected enemy bases on both sides of Saigon with 1,200 tons of explosives in the last seven days in spelling raids to try to prevent Viet North Viet B-27s from crossing the border.

Twenty-four B52s took to the air after the 24-hour Telex-2700 ended Sunday evening, according to the Air Force. Sixteen of the raids were north of the Cambodian border.

The big bombers average about 70 sorties during each 24-hour reporting period. Previously about half this number were reported for the week. In the past week, it is estimated the sorties over Laos dropped off to 20 a day, with the biggest effort on the previous day.

B52 raids in the Saigon area were reported for the lunar new year period—roughly 340 sorties, or one flight by one plane, were flown in the past week—in an effort to promote unity and command might try to launch major thrusts from its two main bases in War Zones D and C.

Four hours before the U.S. and South Vietnamese troops ended an American helicopter on a reconnaissance mission was shot down and destroyed about 20 miles north of Saigon. The two crewmen were wounded but were rescued. It was the 27th American helicopter reported lost in the war.

A delayed report by U.S. headquarters disclosed that the helicopter New Jersey, attacked the northern half of the demilitarized zone last Friday after about 60 U.S. and South Vietnamese operations of both size or larger were reported under way.

The U.S. Command said an American helicopter gunship killed 24 enemy soldiers in the Central Highlands, and smashed two Viet Cong sapper convoys within a mile of each other in the Mekong Delta 75 miles southwest of Saigon. A spokesman said 28 Viet Cong were killed and 25 sampans were destroyed.

Four hours before the U.S. and South Vietnamese troops ended an American helicopter on a reconnaissance mission was shot down and destroyed about 20 miles north of Saigon. The two crewmen were wounded but were rescued. It was the 27th American helicopter reported lost in the war.

Meanwhile a week's cease-fire declared by the Viet Cong will last four days to go. But U.S. forces had resumed full-scale ground operations after their 24-hour truce and enemy harassing attacks continued. Most of the latter were small in scale, but about 80 U.S. and South Vietnamese operations of both size or larger were reported under way.

NAVY PROBES SUB'S DIVE

KEY WEST, Fla. (AP) — The Navy said Monday it has ordered an investigation to determine why a U.S. submarine went into uncharted waters during a training exercise off the Cuban coast last week.

A Navy spokesman said the USS Champernowne went into uncharted waters during a training exercise off the Cuban coast last week. He said the submarine was ordered to return to its assigned area and that the incident was not unusual.

The incident occurred on Feb. 17, when the submarine was on a training mission off the Cuban coast. The submarine was ordered to return to its assigned area and that the incident was not unusual.

High Governmental Salaries Raise Questions

Editorial Comment

When the United States Congress returned from its annual session in Washington, it brought with it a bill to raise the salaries of its members. The bill, which is now in the hands of the Senate, would raise the salary of each Senator from \$12,000 to \$15,000 and the salary of each Representative from \$8,000 to \$10,000. The bill also would raise the salary of the Speaker of the House from \$15,000 to \$20,000 and the salary of the Vice President from \$12,000 to \$15,000.

At once, this was no surprise. These figures had been in the air for some time. The bill, of course, will be considered for at least 30 days and will probably be passed in about 60 days.

The bill has been very widely and authoritatively passed in the House. The bill, of course, will be considered for at least 30 days and will probably be passed in about 60 days.

It is in the hands of the Senate. The bill, of course, will be considered for at least 30 days and will probably be passed in about 60 days.

It is in the hands of the Senate. The bill, of course, will be considered for at least 30 days and will probably be passed in about 60 days.

Litering A Blot!

Amidst the new starting to put on nature's great show of color and beauty in Seminole County, littering has become a blot on the landscape. Littering is a disgrace and a nuisance to all who see it. It is a blot on the landscape and a nuisance to all who see it.

No drive along our streets, however, escapes a blot on the landscape. This blot is littering. Littering is a disgrace and a nuisance to all who see it.

No drive along our streets, however, escapes a blot on the landscape. This blot is littering. Littering is a disgrace and a nuisance to all who see it.

Crane's Worry Clinic:

More On Shoplifting Evil

By GEORGE W. CRANE, P. O. Box 2

CASE 1300: Alan B., aged 23, is a soft drink distributor. "Mr. Crane," he added, "we did together recently, I can add a few extra tricks used by shoplifters, to supplement the ones you say Bob Verzen discovered."

One of my customers was victimized recently by the "marked bill" ruse. "A customer of mine entered the store, ostensibly as a stranger. "The first one bought a package of cigarettes and paid for it with a \$10 bill. "In some embarrassment, the girl then apologized and agreed that she must have been mistaken. So she handed this petty crane an additional \$20 in change. "Dr. Crane, she should obviously have made him wait till the day's tally was checked against the total money inside the cash register, which would have proved her right in the first place. "But the circumstantial evidence seemed so valid, and she was inexperienced with crooks, so she became the victim of this trickery. "Another stunt that a grocer told me had been worked in his store, also involved two "one came in with a big shopping bag and filled it with \$20 worth of grocery items. "It was then checked out by the cashier, who gave him the sales slip, plus his trading stamps. "But he dumped the contents of the shopping bag into his auto and then handed the empty shopping bag, plus his stamps slip and even the trading stamps, to his accomplice. "The letter entered the store and bought the very same grocery items, so the tally would match in exact detail his partner's sale slip. "So then took one more item, which he carried in his hand to the checkout girl. "When she protested that he should pay for the missing shopping bag's items, he protested that he had already done so, and showed her both the sales slip, plus the trading stamps. "So this scheming pair got double the amount of groceries for that \$20, and could work this stunt on other stores, indefinitely. "Dr. Crane, you don't see on these signs of immorality near the home, just protesting about Rhodesia or Vietnam or Somalia, Alabama?"

H. L. Hunt Says:

Glorifying Che Guavara

Many of those working in the mass media are blind to the evils of communism and are eager to glorify communist "heroes." The latest example of such a false hero is Che Guavara. His diary has been published by a company in the United States, he has been sympathetically portrayed on a National Educational Television program, and a major Hollywood studio will soon release a movie in praise of Guavara. The director of the film, which will be called "Che," says: "If at the end of this thing they have compassion for

PALS FOREVER — Willa Mae Hood, Sanford's zoo-keeper, plays with two end-products of her woman's touch: Sheila, the lioness she reared through liver and kidney diseases, as well as distemper, by only Willa Mae's care and Lady's will to live. Mrs. Hood, one of few female zoo-keepers in the nation, has had a much higher score than most men at raising young animals and nursing the sick ones through illness. (Virginia Scroggs Photo)

High School Bands Plan Concerts

By PHYLLIS BRANSON

The combined bands and choruses from Semole High School and Lyman High School will present some 300 students two concerts at the No. 1 Band-rising effort of the year.

Plans for the events were finalized recently at a meeting of Band Boosters at Lyman, during which Mrs. Barbara Hoover, was named overall chairman from Lyman.

The concerts will be Friday, March 14, at Lyman. Tickets will be sold by both schools and may be used for either concert.

John Blair, Lyman band director, has stated he is "quite confident that the concerts will be a great treat for all music lovers of both communities."

It is hoped the concerts will be presented annually by a Blair, and all committee members, feel the public will be "missing something worthwhile unless plans are made to attend at least one of the presentations."

All band booster parents from both schools are being asked to participate in the project by selling advertisements for the programs to be used at the concerts.

BANDS and choruses from Lyman High and Semole High Schools will present concerts March 7 and 14 as major fund raising projects of the year. Looking over draft of program for the presentations are (from left) Lyman High Bandmaster John Blair, Mrs. Millent Pattison, president of the Lyman Band Boosters, and Mrs. Barbara Hoover, overall chair. (Photo by Phyllis Branson)

Bach Festival Set March 6-7

Five residents of Sanford will be members of the choir when the 34th annual Bach Festival is held at Rollins College March 6-7.

They are Mr. and Mrs. Roy Green, Mrs. Tammie Braden, Mrs. Maria Holt and Mrs. Olga Williams.

Among the other choristers:

Janice Harranyi, soprano; Ray DeVoll, tenor, and Peter Harrower, bass-baritone. Miss Simon scored such a hit last March that she was invited to return this year.

Mrs. George F. B. Smith Jr. again will serve as organist. For the fourth time Dr. Ward Woodbury, head of the Music Department at Rollins, will preside over the widely acclaimed festival as music director and conductor. The soloists are Po-lina a Simon, mezzo-soprano.

Sheep Planted

SANTA FE, N.M. (AP) — The State Game and Fish Department says New Mexico is the only U.S. state which imports Barbary sheep. They are brought from northern Africa and relocated in southern New Mexico areas.

Zookeeper's Job Is Demanding

By VIRGINIA SCRUGGS

"You said you wanted this job — here it is!"

With this ungracious welcome, Willa Mae Hood began her career as one of the nation's few women zoo-keepers. Despite the predictions of her husband, A. L. Hood, and then — City Manager Tom Lemon, Mrs. Hood stayed on the job. As of last October, she has been there 15 years.

"Mr. Lemon didn't think a woman could do the job. He gave me a chance, though, and I've been here ever since. I've outlasted most men at it — most men would stay only three or four years, then leave. The zoo would get run down and dirty, the animals half-dead."

The job is a demanding one for either sex.

"It's a seven-day-a-week job and you do some things over and over; it gets very monotonous. If I had two days off — or even one full day — I'd feel that I'd had a full vacation!"

The work may be monotonous but it is not burdensome. Proof of that is the fact that the insurance rates for her job are the highest of any city employee.

"I get home exhausted from cleaning and caring for things. I just fall into a big easy chair and collapse. If you don't love it, it will run you out of your mind and drive you crazy."

Despite the demanding schedule and the hazardous work, Willa Mae believes that every zoo should have at least one woman on its staff, if only to plan the animals' diets, nurse the sick ones, and raise the little ones.

"Animals will tolerate a woman a lot quicker than they will a man," she feels. "They sense there is none of the inbred cruelty that a man has. Only one thing here likes a woman better than I, and that is the tiger."

She believes that the tiger's prejudice against her arose when Mrs. Hood had to hold the animal's head while others worked on her infected foot. The tiger probably blames "it's a seven-day-a-week job" and you do some things over and over; it gets very monotonous. If I had two days off — or even one full day — I'd feel that I'd had a full vacation!"

The woman's touch is evident in the low mortality rate the zoo has had for the young animals. Sheila, a lioness, was reared from cubhood by Mrs. Hood. She's still the zoo-keeper's favorite.

"Sheila had to be rocked and burped like a baby," she remembers. "Even now, I'll purr like an old law motor-boat when I let her."

SJC Raiders Ready For Tough Lake City Five

By TOM ALEXANDER
Sports Staff

Tonight is the night where all the work and training which has gone on for the past four months comes to a head for two of Florida's best cage teams — Seminole Junior College and Lake City Junior College.

Cruz Puts Light Title On Line

By BOB BYERS
Associated Press Sports Writer

LOS ANGELES (AP) — Carlos "Tito" Cruz of the Dominican Republic puts his world lightweight crown on the line tonight for the second time, and against the same opponent, youthful Mando Ramos of Long Beach, Calif.

The 15-round rematch goes on about midnight, EST, in the Sports Arena. Promoter Allen Eskin expects a crowd of 15,000 and gate receipts of \$140,000 or more.

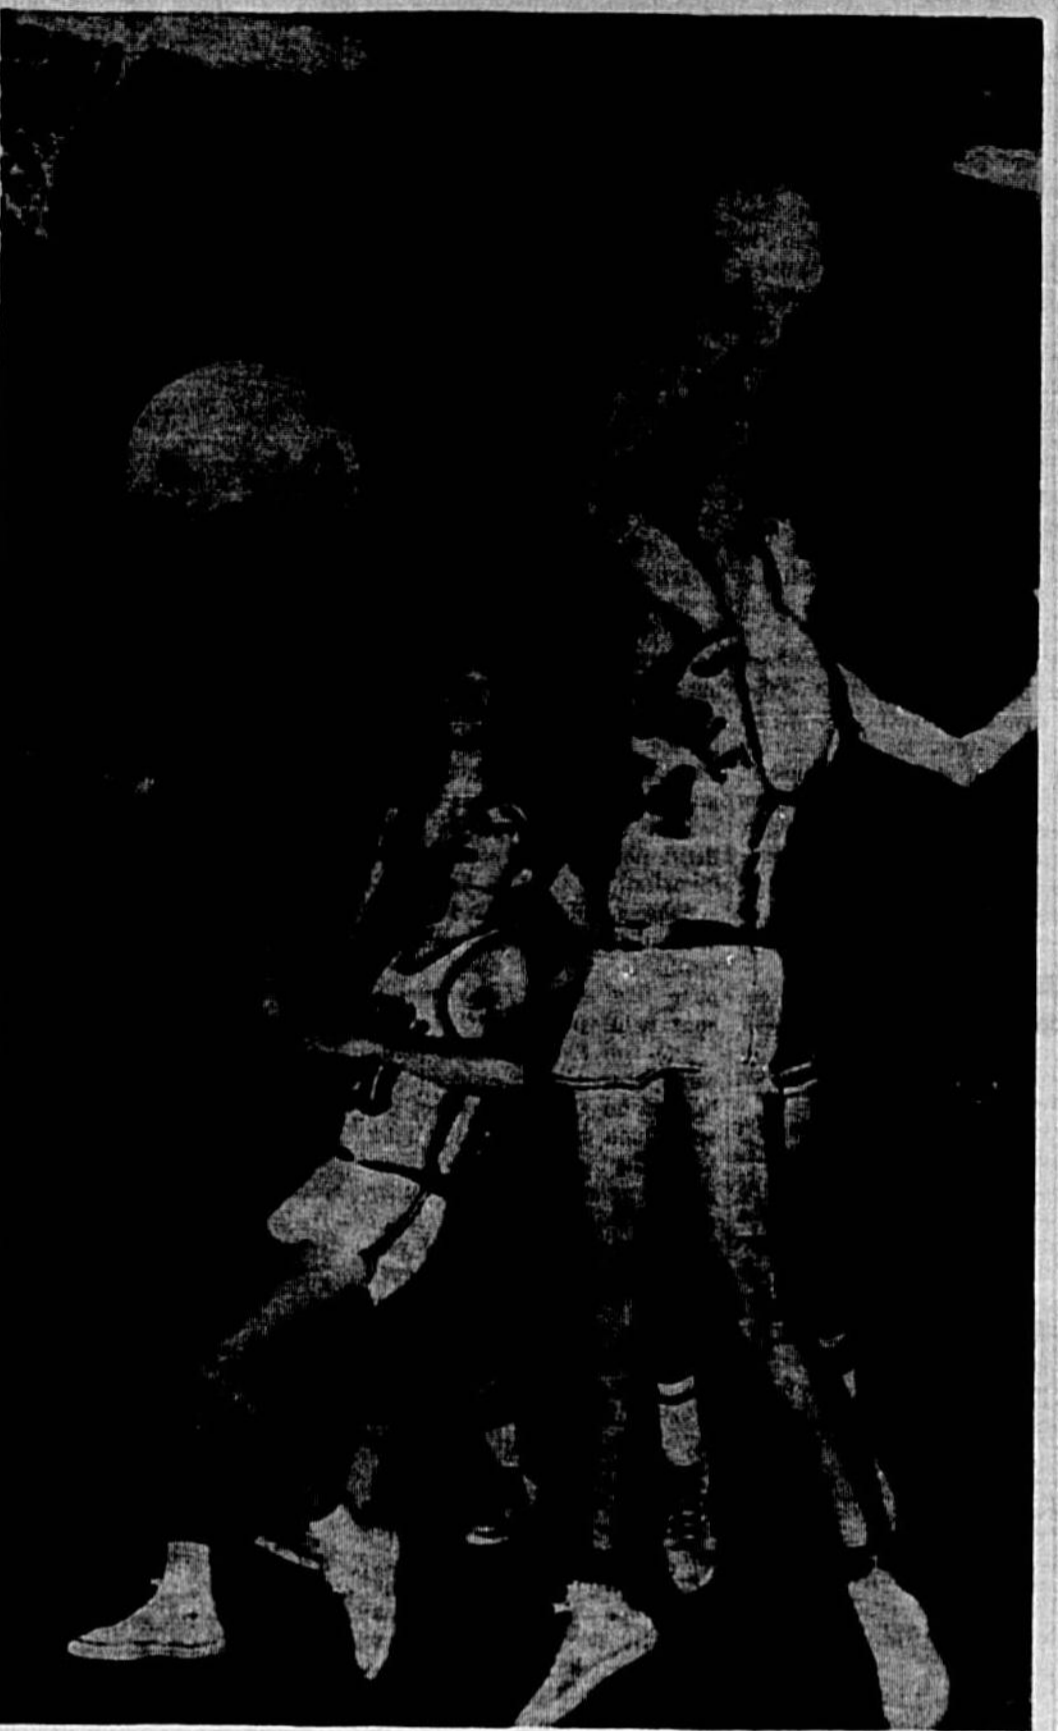

The bout will not be broadcast either via television or radio. The encounter shapes up as one of those classics of the early rounds and built to a lead that outlasted Ramos' late rally.

The Long Beach kid, when only 21, won the last three rounds and while Cruz claimed he was never hurt, he did tire and was in distress at least once.

The stocky Cruz, who swings with both hands from a crouch, could be had weakened by the flu which upset his training schedule.

Cruz has spoken confidently of winning even hitting he might put the leg-legged, good-looking Mando away for the count.

It would be a first. Ramos has been hurt and carried up over the eyes but he's a gitty young guy and has never been stopped.

PLAYING A BIG PART in tonight's crucial games against Lake City will be Ed Desvousges 6'6" shown getting off a shot in a recent game. Waiting for the rebound is being fouled!

Chalk It Up To The Owners

By HAL ROCK
Associated Press Sports Writer

Chalk one up for the owners in the continuing fight of a baseball strike—but don't count the players out yet.

Ken Harviston, who led the American League in runs batted in last season, became the first name player to announce that he would report to training camp on time this spring.

"I'm going to play," said Harviston. "I signed a new contract in the middle of last season and I'm going to honor it."

The Players' Association has instructed its members not to sign contracts or report to training camps until the pension dispute is settled and development Monday indicated that the final settlement could be a long way off.

How Can You Teach A King?

By GORDON BEARD
Associated Press Sports Writer

NEW YORK (AP) — Claude Harmon admitted today that he had some misgivings when he got an urgent call from King Hussein II of Morocco to rush over and cure his ailment.

"I didn't know what to think," he added. "The king is really a very mild fellow on the golf course."

"The king is really a very mild fellow on the golf course," the famed pro related. "He blew his stack and dropped a little in Palm Springs, Calif. I was afraid if he kept on acting like that he might have me put against a wall and shot."

But it wasn't that way at all, the former Masters champion in describing the tribulations of trying to teach golf to a king.

"The king is really a very mild fellow on the golf course," the famed pro related. "He blew his stack and dropped a little in Palm Springs, Calif. I was afraid if he kept on acting like that he might have me put against a wall and shot."

"There are people around with brief cases under their arms. The king will hit a ball and then reach over and sign some paper or other. He'll hit another ball and then go into a conference on the state of the treasury."

"I said, 'Your Majesty, you can't play golf like that. Not even Arnold Palmer could score with so many interruptions.'"

But after a National Basketball Association doubleheader Monday night, the only action in the league, Shue's poignant comparison left little to the imagination.

"Flynn Robinson drove to the basket once in the first game and he shot 22 free throws," Shue said. "It's hard to understand how Earl Monroe, who lives in heavy traffic, could only shoot three."

KNEE DEEP in OUTDOORS

By BILL VINCENT JR.

With high winds and cold temperatures, the shad fishermen have kinda slowed down a bit, but the ones that brave the factors are really catchin' those shad like crazy.

At the Russell's Marina Isle Fish Camp, the fishin' is doin' real good with the shad the main catch.

At Jim Crow's Fishing Camp, the specks are hittin' for the experienced fisherman on Missouri minnows and the crazy cracker while jig fishin' in close to the shore line.

Monday was a dog's day for fishing with the high winds and cold air this happy dog had his day, with his loving owners Mr. and Mrs. Donald Menzies of Hickory, N. C., and their dog Jeff who likes to fish.

The bass are scarce, but on warm days they will hit. Jim Crow reports that the shad there are 100 per cent more abundant than last year and 75 per cent less than the 64 and 65 season which was a record season for the shad.

At Lemon Bluff, the girls at the fish camp just said the fishin' was good but it sure was cold Saturday and Sunday. The shad fishin' was real good but no catches of specks or bass.

At Otteen Bridge Fish Camp there are a lot of speck catches and bream on Saturday and Sunday, but too cold to troll for shad, and no bass.

Powerful Smyrna Buries Seminole High Five, 63-48

By SCOTT KIRK
Herald Sports Staff

It was a sad night for the S. H. S. five as Sanford defeated a 63-48 pounding from a big, fast team of New Smyrna Beach Barracudas.

A lightning-like offense combined with a tight zone defense to stop the Seminole scoring threats cold in the second and fourth quarters of the fourth as hot-handed forward Ricky Fordham and guard Bobby Lundquist pulled the Barracudas to within six points, 44-38.

Scoring threats cold in the second and fourth quarters of the fourth as hot-handed forward Ricky Fordham and guard Bobby Lundquist pulled the Barracudas to within six points, 44-38.

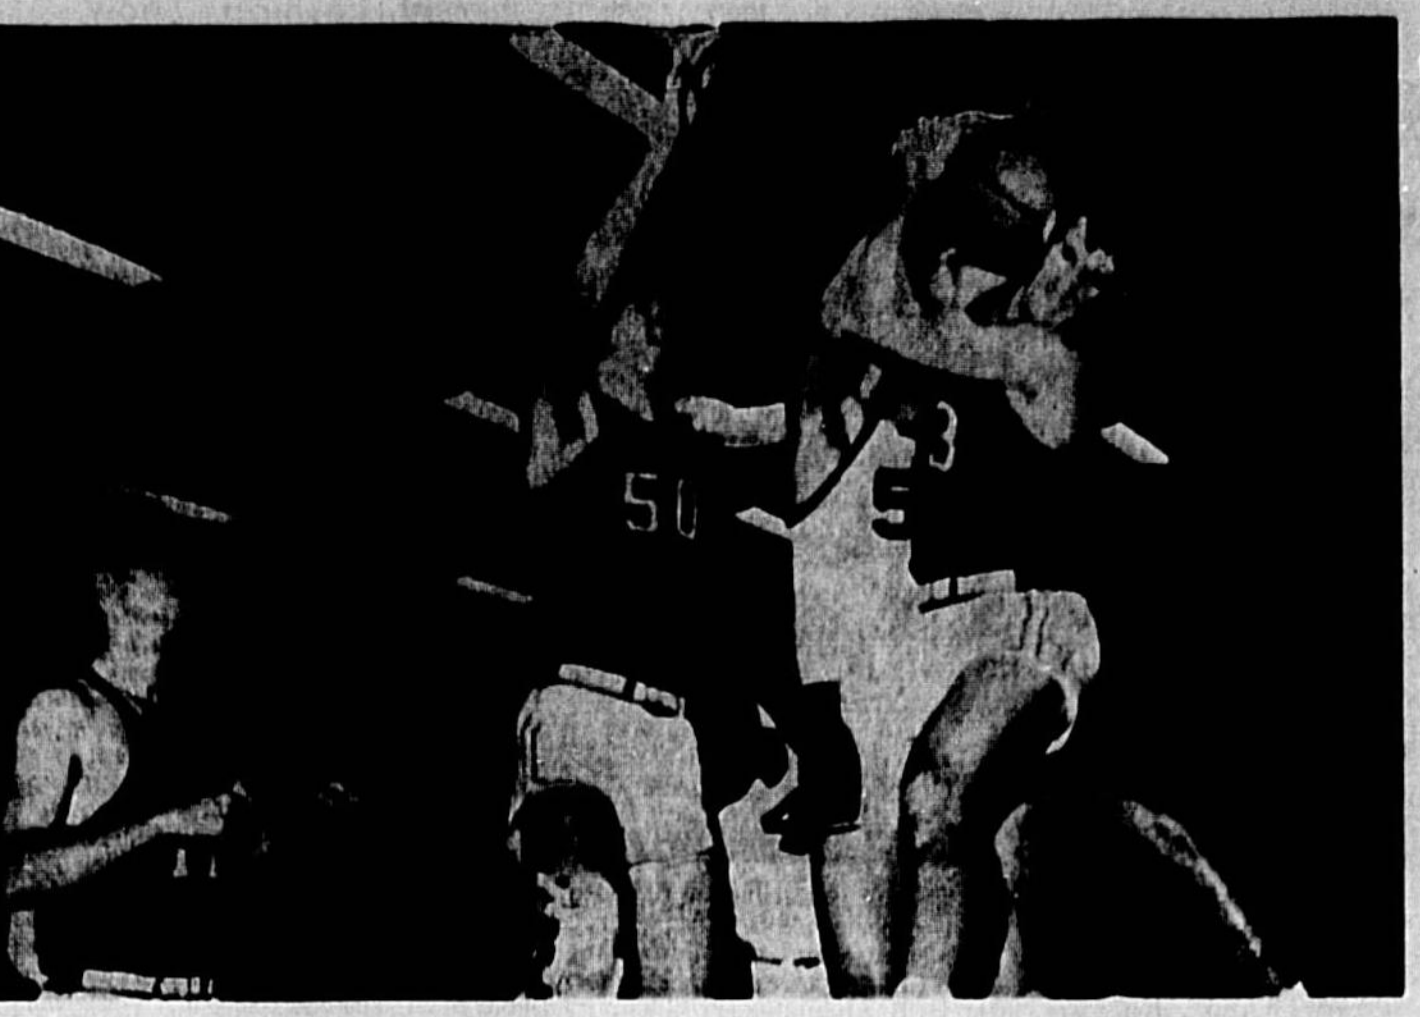

Coach Mills said of the opposition, "New Smyrna is a fine ball club. They did a good job of the boards and got the inside shots. This hurt us bad."

The Sanford Junior Varsity fell to its second straight defeat last night.

The Sanford Junior Varsity fell to its second straight defeat last night.

Seminole Linksters Beat South Seminole Smothers King

By DON WHITMIRE
Herald Sports Staff

Plagued by uncooperative punters and a falling thermometer, the Seminole High School football team was down in its initial match of the season by Seabreeze High School, 16-10.

The tide of the match, which was contested in 33 degree weather, seemed to go in favor of the Seabreeze linksters from the beginning, when the Fighting Seminoles were struck by putting troubles on the first green.

With a strong surge on the next few holes the Seminoles regained a few of those precious strokes back, but with the mercury in thermometer still plunging downward, both teams faltered in the home stretch of a win and 5 losses.

Coach Sal Manfre summed up the match this way, "The boys played fairly well for their match. They lost the round where it counts, on the greens. You can't win a golf match with bad putting."

Coach Sal Manfre summed up the match this way, "The boys played fairly well for their match. They lost the round where it counts, on the greens. You can't win a golf match with bad putting."

Grooms At Wymore

By CLARENCE BELL
Herald Sports Staff

The Sanford based Crooms High Panthers will trek to Wymore Tech of Saltonville tonight with their 4-8 record and hope for some improvements.

The Panthers have gone up against many tough teams this season and tonight will not be an exception. Crooms will trot their 4-8 campaign this week by facing Wymore tonight and Friday.

The Panthers are hoping the team will go out and bring back the victory game that's long overdue. The Panthers suffered another loss at the hands of Daytona Beach Campbell Friday night, 97-67, and are still hoping to obtain another win before the books are closed for the season.

Coach Bill Klein of the Sanford Naval Academy told The Herald this morning that the Middle game with Taylor High School, scheduled for tonight has been cancelled and rescheduled for next Monday due to the upcoming tournament.

Klein's Midshipmen have a 9-8 record on the season after dropping two consecutive games the weekend to Ocoee and Orléans.

Silver Spurs Plays Feb. 21, 22, 23

KISSIMMEE — Dozens of professional cowboys from all parts of the United States will compete for upwards of \$10,000 in prize money before an expected 25,000 persons in the Silver Spurs Midwinter Rodeo here, February 21-23.

Performances are being held at 2:30 daily, but there are plenty of attractions at the Kissimmee Valley Livestock Show and Fair being held in conjunction for those who arrive early or stay late.

In addition to the regular rodeo events (in which only top contestants certified by the Rodeo Cowboys Association can compete), the rodeo will include a variety of special acts — trick riding, a trained buffalo, etc.

The Spurs rodeo is considered as tough as any in the West, and by far the best in the South. The Spurs own their own broncs and their own bulls which are kept in A-1 condition throughout the year to make the cowboys work hard for their prize money.

Fashion Show To Highlight Variety Sale

Sanford Business and Women's Professional Club will sponsor a Variety Sale, Thursday and Friday, Feb. 20 and 21, at the old Hollywood Shop building, East First Street.

New and renewed articles ranging from the ridiculous to the sublime will be featured. On Thursday, from 12-2 p.m., club members will model the articles with sandwiches and coffee available during the exciting luncheon-fashion show.

Bleach in the bathroom. Mortar between tiles around bathtub and showers often gets dingy. Wash thoroughly, then wipe with a solution of 1/2 cup of chlorine bleach to a gallon of warm water. (Keep wet with solution for 5 minutes if possible.) Rinse and dry.

Stale beer is a good solution to use to set hair because it gives the hair "body." Just dampen the hair and roll. The hair will not retain any beer odor when dry.

Mental Health Aired By State VIP

Dr. Barry L. Levin, Asst. Director of Community Mental Health in Tallahassee was a guest in Sanford one day recently. He met with various mental health workers and spoke at a dinner meeting at the House of Beef on Holiday Isle.

DR. BARRY L. LEVIN, assistant director, State Department of Community Mental Health, in Tallahassee, met with various MH workers in Sanford one day recently. He is shown with a group in the office of Dr. Michael Gutman (seated), discussing problems and plans. Left to right standing are Dr. Levin, Mrs. J. J. Siczakowski, Sanford Women's Club president and Mrs. Barbara Demmon, state MH representative.

Antique Bottle Collectors Plan Confab. Display

Mid-State Antique Bottle Collectors, Inc. will meet March 5, at First Federal Savings and Loan Association, 212 E. Conway Rd., Orlando, at 8 p.m. Following the meeting there will be an educational program, display of various bottles and trading of bottles.

Potato flour can also be used as a thickener. Substitute 1/4 teaspoon of potato flour for one tablespoon of all purpose flour in gravies or puddings. For baking, 1/2 cup of potato flour can be used in place of one cup of all purpose flour.

Caution: Silicons should not be used on woods and leather. They give a high sheen but they clog the pores, eventually causing cracking.

Save the foil insulated bag that ice cream comes in. It's great to put rolls in for warming in the oven.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Don't faint. I am a very happy married woman. My problem is a small one, compared to most, and my husband and I have decided to let you settle it. Who do you think should take our seven-year-old son to the barber shop?

My husband thinks I should take him after school. I think my husband should take him when HE goes to get his hair cut on Saturday afternoons. I think it's "daddy" for a boy to be taken to a barber shop by a mother. But when his father takes him, it helps make a man out of him. What do you say?

DEAR CHICAGO: I say, it might make men out of little boys to go to the barber shop with their fathers on Saturdays, but it makes nervous wrecks out of barbers.

There are very few hours during the week when a working man can get to the barber shop, and little boys can get after school. So have a heart, lady, and let the working man (AND the barber) be a wreck.

DEAR ABBY: Every time my husband & I have a fight, he tells me, "I'm not a man, I'm a woman." I'm not a man, I'm a woman, and I'm not a woman, I'm a man. I'm not a man, I'm a woman, and I'm not a woman, I'm a man.

Jacoby On Bridge

One of our favorite features is the Bulletin of the American Contract Bridge League is Edwin Kantar's article entitled, "Beat Your Own Match."

Beauty after Forty
by Edyth Thornton McLeod

THE LATEST! "FROM MY NOTEBOOK"

The very latest thing in fashion is the Pants Hat. And very attractive they are. At the famous Millinery Institute Show in New York the Pants Hat made its appearance. Some with veils at the back of the head and some smartly simple with turn-up brim at the side.

One was beautifully flowered to be worn with a cocktail pants suit, all soft colors and very flattering. Pants are here and there they are the fashion and found worn everywhere.

Spring Colors

The hat colors are soft pastel for Spring. They give that "hard" woman model shown on the runway. So you must seek ideas for yourselves.

Tomorrow: "Dear Edyth Thornton McLeod."

Horoscope Forecast

WEDNESDAY, FEB. 18, 1959 GENERAL TENDENCIES: A beautiful day and evening for you to plan a new course of action by which you can achieve more success in the future. You can charm others into giving you whatever you would like by showing a special consideration for them, for the things they like and want to do.

ARIES (Mar. 21 to Apr. 19) If you are aware of your most cherished desire, you have a chance to contact those persons who can assist you to attain them. Discuss your ideas for improving some group activity. Be explicit.

TAURUS (Apr. 20 to May 20) Once your daily work is done, you may enjoy and get the fun you want. Be romantic. Get into some private activity that can bring you much happiness. Keep being so fat and some fall of fears, inhibitions.

GERMINI (May 21 to June 21) These social affairs that you really like can make you feel like a new person. Be sure to accept that invitation where some noted personality will attend. Make life more interesting and delightful for yourself.

MOON CHILDREN (June 22 to July 21) An important person can help you to solve some problem very easily to day. Show appreciation for your alliance. Put on your thinking cap and handle governmental and career matters most intelligently.

LEO (July 22 to Aug. 21) Better make a note of all those ideas that are racing through your mind or you might forget some that are most practical. A good friend has some fine plan that you should listen to. Put it in operation early.

YRGO (Aug. 22 to Sept. 22) Be precise in handling responsibilities and you can make big strides forward. Once your duties are behind you, be sure to show your mate more affection. You have been taking him, or her, for granted too long.

LIBRA (Sept. 23 to Oct. 22) This is a good day to talk over with associates just what you are going to do in the future. Make specific plans for handling finances. You will find that the one you love returns your affection. Stop being so sad.

SCORPIO (Oct. 23 to Nov. 21) Stop procrastinating and get at all that work that is ahead of you. Your vitality will improve through action. Make your life really successful instead of just getting along in the world.

SAGITTARIUS (Nov. 22 to Dec. 21) This morning can be most delightful with the one you think the most of. This could give you much pleasure in the days ahead. Evening is fine for some special study.

CAPRICORN (Dec. 22 to Jan. 20) You won't have so much difficulty getting things done today that will please your family today. Hurry to finish certain projects you have going. Be very careful with detail.

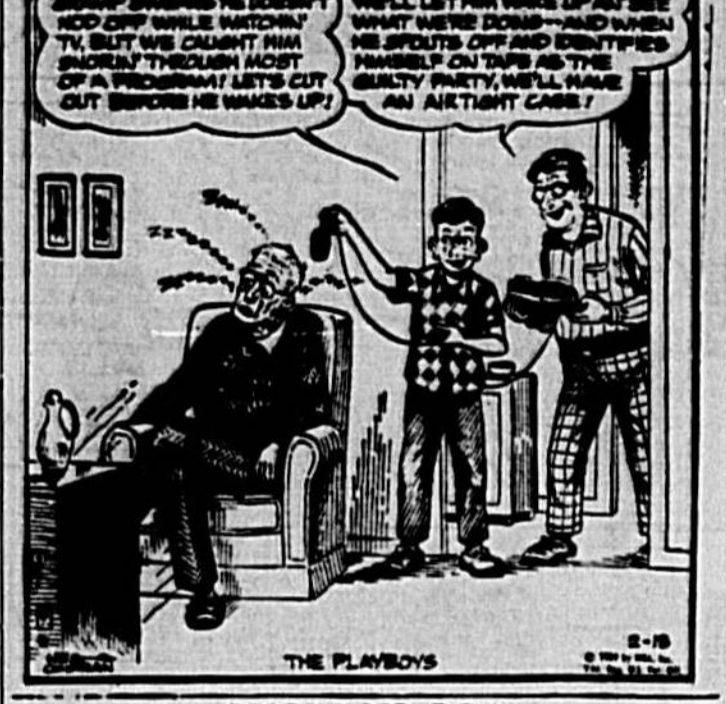

AQUARIUS (Jan. 21 to Feb. 19) You are thinking very clearly now and can easily get associates to go along with your finest ideas. Your plans are more efficient than in the past. Improve personal relationships as well. Be more understanding.

PISCES (Feb. 20 to Mar. 20) You need a better system for handling finances now, so plan for an abundance of money. An expert is willing to give you the information you want. Listen carefully and follow the advice.

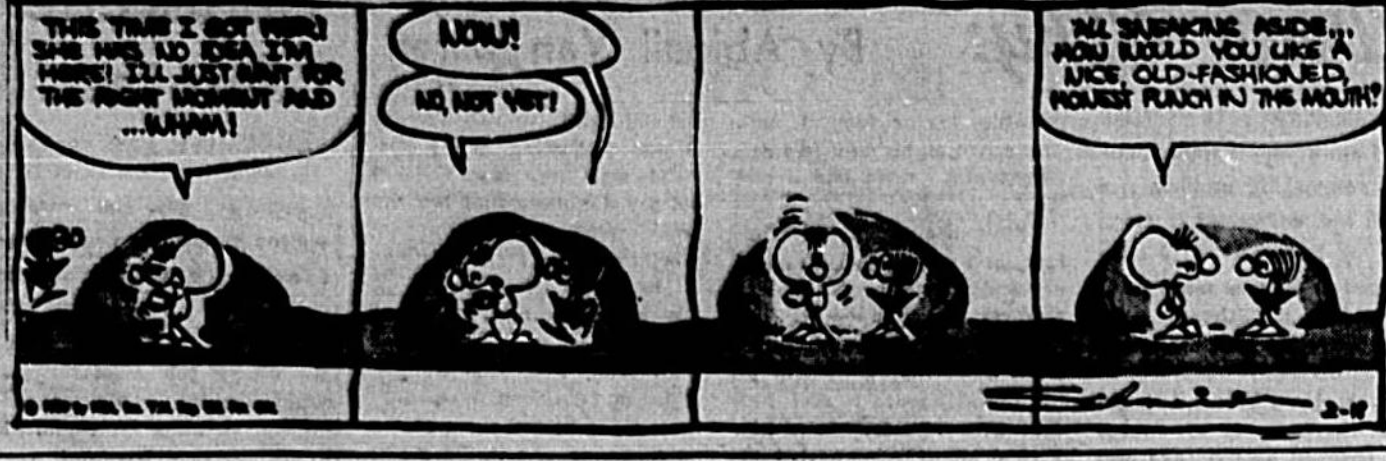

IF YOUR CHILD IS BORN TODAY... he or she will be one of those charming young people with a clever mind who is interested in almost everything. Be sure to teach early to finish one chore before going on to another, otherwise nothing constructive will be accomplished. Big success is possible through natural intellect and fine training.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

THE INQUIRING REPORTER

By DONNA ESTES

Question: Do you believe anything good will come out of the Paris peace talks in the near future?

Anthony Tolson, U. S. Supreme Court, North Carolina. The Mayor being retired military, I'm not sure. Something good came out of the Korean peace talks.

Virginia A. Collins, Lake Mary. It's a walk and see thing. I really think the Communists are just pulling our leg.

Waldemar Dever, 176 W. 12th Avenue, Lakeland. I don't think so because you can't deal with the Communists. I don't trust them any further than I can see them - in fact, half that far.

C. E. Tule, 2100 Park Avenue, Sanford. I have high hopes it will.

J. B. Bradley, DeLand. I hope it will.

Ray Bertel, Route 1 Box 767, Longwood. I certainly do because of the new administration, the new ideas by the new committee we have in Paris and their desire to instigate peace.

E. Racine, Deltona. I think so because we've got a new president and I think he's good.

This Week's Question: Both congressmen from this area, William Chappell and Law Frey, are planning to introduce a Constitutional amendment in the Congress to permit prayer in the public schools of the nation. Would you favor such an amendment? Yes () No () Undecided ()

Longwood Slaps Slow Payers

By VIRGINIA SCRUGGS Longwood residents who may be slow to pay their water bills but quick to get the money to City Hall just from a city company have the same valve to "kill" will find themselves stayed under the amended ordinance authorized at City Council meeting.

City Attorney E. Joseph Davis was authorized to prepare an amendment to Section 5 of Ord. 188, changing the wording so that a \$3 late fee may be charged all delinquent accounts.

Under the previous system, said Councilman B. H. Farrell, who proposed the change, the charge could be made only when an actual shut-off had been made, and some residents made a practice of making a quick trip to City Hall to say their bill is paid as they saw the Public Works men drive into their neighborhood to start shutting off water.

The Council approved a request by Don Brown of Palmetto Street to allow his parents-in-law to occupy the trailer parked on his property for a period of three weeks.

Based into the record was a request from Frederick O. Ritter of Longwood for the city to utilize its influence on the county to clear East Lake of weeds.

Councilman J. A. Brown granted that there was a problem, but expressed the belief that this was the problem of the people who lived around the lake, since they owned the land.

The girls are members of the Central Florida Fire Birds, consisting of 14 members and under the leadership of Mrs. Bobby Jo Marvin of Kissimmee.

Dieke Burks, Terri Hicks from Lyman High School, Diane Wilson and Marcia Segrest of South Seminole Junior High and June Wakefield from Seminole High School won the trophy in the senior corps competition.

The first place trophies were awarded to Dieke, Lyman sophomore, for solo routines and two baton competitions and fancy strut. She also received a fourth place medal in solo competition.

Jane, a junior at Seminole High, brought home a first place trophy for solo routine and two medals for third place in fancy strut and two batons.

Students at South Seminole Junior High Diane received two second place trophies for solo competition and two batons and Marcia took a fourth place medal for solo competition.

Ambitions RICHMOND, Kan. (AP) - Richard Artrey is running for vice president of the Kansas Junior Chamber of Commerce, and he expects to step up the campaign when he moves to Wichita March 3 on parade.

County Split Over Car Inspections

By DONNA ESTES County Commissioner Robert Parker expressed the opinion to the Board of County Commissioners yesterday that "it's a pain in the neck for farmers to have vehicles inspected twice annually."

Parents To Save Spring Sports

By SCOTT KIRK Arouned individuals can accomplish most anything. This was the idea behind the parent meeting last night at the Seminole High School cafeteria.

Grant House Study Slated

F. Blair Reeves of the University of Florida, Department of Architecture, will be in the area on March 1 to do an historic American building survey of the Old Grant House in Altamonte Springs and several other structures in Seminole and Orange Counties.

Storms Hit Most Of Nation

By THE ASSOCIATED PRESS Heavy snow piled into mountain sections of Arizona and Utah today as a new winter storm churned across the southwest.

'Sick' People Placed In Jail

By BILL SCOTT Seminole County puts sick people in jail! A statement like this deserves some clarification but the fact does exist.

Other men are allowing, by inaction or apathy, creature, whose only crime is being unable to cope with his society, to be held in a seven-by-seven-foot steel cell for three weeks, according to the jailer, while all necessary legal procedures are completed to remove the "sick" person from his home town to a state hospital for the mentally ill.

All-Florida Crown Next?

By TOM ALEXANDER Herald Sports Staff "We're No. 1." And that's exactly the way it was as Seminole County stunned powerful Lake City Junior College last night in the Division II championship game.
