

Whispering Smith Ends Up Just One More Disaster

NEW YORK (UPI) — First "Klondike" clunked. Then "Acapulco" went kaput. And Monday night, "Whispering Smith" tried out as NBC-TV's newest Monday night-8 EDT attraction.

The time slot has become a disaster area. Advance copies indicated the series might be a frontier-style "Checkmate." That is, Smith really developed new methods for apprehending outlaws when he served the Denver Police Department in the 1870s. He was a pioneer criminologist. Somewhere in translation into TV, though, the series lost something. It's just another bad Western.

Audie Murphy plays the title role in bland, expressionless, closed-mouth style. As for his method for bringing in the villain, it seemed familiar. He shot the rogue in one of those outdoor fair fights.

Actually, there was a shred of shrewd detective work in evidence. Before the showdown, Smith appraised the shooting style of Johnny Gates, the man who trained for 10 years for this encounter. Mrs. Gates was shown urging on her Johnny by whipping him. One of the actors referred to Mrs. Gates as "loud-mouth burple" and that struck me as a fine title for a companion series to "Whispering Smith." Anyhow, Johnny trained by filling scare-crowns full of lead and imagining that his target was Smith.

"Whispering" developed a brilliant plan of action for the big gunfight. He threw himself to the ground, fired, and wounded Johnny. Later, he explained, "You been practicing on a stationary target, Johnny. When I moved you couldn't track me fast enough."

"See? These science fellers are all over the TV screen these days.

More modern criminology was employed by Mrs. Gates, who had to get Smith dismissed from the Department before letting her son away a family debt by attempting to murder her both the night she dumped out to leave Smith in one of those messy hotel room scenes.

But there were other equally memorable scenes: Mrs. Gates lashing her son with a bullwhip after he lost a saloon brawl.

A remorseful Johnny, played with feeling by Robert Redford, telling Smith, "when I kill you tomorrow, I won't laugh."

And my favorite scene of all came as Mrs. Gates heard her son say he no longer felt a hatred for Smith. Quickly, with great emotion, she straightened the kid out. "Don't throw it all away," she cried. "Don't stop now, when we're so close, Johnny boy."

I tell you, this is the show with heart.

Jewelry Hint
With costume jewelry more colorful this spring than ever, be sure that the jewelry you choose complements complexion, costume, and shape of your face so that you will receive the most benefit from this important fashion accessory.

Deanna Nichols Crowned May Day Queen

The annual May Day Ball, the climax of the Seminole High School schedule of formal dances, was held Saturday in the Civic Center.

May Queen Deanna Nichols, chosen as the most popular student, was crowned with a sparkling tiara by King, Mike Roberts. The procession of the Queen's royal court proceeded down carpeted aisles forming a vee and meeting before the stairs ascending to the stage where a lovely garden scene was the setting for

the crowning. White wrought iron chairs in a delicate design were enhanced by an archway of flowers and fern over the throne chairs and with flower bedecked columns around the background. Tiny, four-year old Don Nichols bore the crown on a satin cushion and three and a half-year old Kim Roberts in stuffy white organdy was the flower girl.

The princesses of the court were seniors, Sunny Skinner, in two-toned blue taffeta, escorted by Doug Tamny and Susan Tallman

in blue embroidered organdy, who was escorted by Emmett McCall.

Junior attendants were Debbie Scott, who wore a lavender and orchid gown and was escorted by Mike Coalo and Jeanne Robson, in a pale green sheer gown, trimmed in lace, whose escort was John Boniface.

Diane Beasley, in pink net was the sophomore princess and was escorted by Jack Ivey. Susan Halback, in gold-splashed organdy, escorted by Berry Johnson,

represented the Freshman Class. Following the crowning ceremonies, the court and audience were serenaded by the girls Triple Trio singing "Tenderly."

Six tiny girls from the Joan Johnson school of dance then sang and danced a little hula for the Queen.

Soloist, Suzanne Jones sang "Love Is Where You Find It" and then the Triple Trio returned to close the program, singing a school favorite, "Moon Glow." The orchestra played a special selection while the King and

Queen, the princesses and escorts danced the first dance. Then at the second number all of the beautifully-gowned young ladies and handsomely dinner-jacketed young men rose to dance away the rest of the evening. In the center of the floor of the Civic Center ballroom, a tall, decorated May-pole stood with a flowing tiered fountain in which water lilies floated, at its foot and from its head a rainbow of colored streamers rayed out to all points of the room.

Tables were garlanded with fern and flowers and glowed with candlelight, while birds chirped and twittered from golden cages around the dance floor, to give a festive spring atmosphere to the ball.

Later in the evening refreshments were served and several home-type movies of school events during the year were shown.

Frank Yakot's orchestra played for the dancing and Bobby Kirk, president of the Key Club, served as Master of Ceremonies. The dance was sponsored by the Student Council.

SHS Majorettes Cop Superior Ratings In Meet

Seminole High School A and B Corp Majorettes both won Superior rating in the State Contest in Miami, Friday, sponsored by the Florida Bandmasters Assn.

This is the sixth year that the Seminole girls have come home with a Superior rating for the A Corp and the second year for the B Corp.

Members of the A Corp who competed in the state-wide trials are Head Majorette Ruthie Carlton, Assistant Head Majorette Rosemary Southward, Myrna Williams, Bobby June Berry, Sandy Rowell, Nylene Albers, Linda Daniels, Sherry Lee and Adelle Allen. The girls in the B Corp are Susan Brown, Regina Clark, Irene Johnson, Joan Jones, Kathy Moran, Drenda Ranew, Shirley Viblen, Sandy Wright, Jan Wynn and Sharon Williams.

Ruthie Carlton also competed in the solo event and took a Superior in twirling.

Student Director Richard Feinberg, competing in a solo timpani performance won a Superior award for his playing. He was accompanied by a brass ensemble of seven other band members. Playing the cornets were Charles Babun, Rennie Snowden and Dick Schrum. Trombonists were Mike Quinn, Clyde Cline and Gary Bishop and tuba player was Mike Corbin.

Other soloists receiving Excellent ratings were Doug Griffith on the snare drums and twirling soloists, Sherry Lee, Nylene Albers and Irene Johnson. Regina Clark received a Good for her twirling solo.

CENTER—QUEEN Deanna Nichols and King Mike Roberts are surrounded by their court of Princesses and escorts. Top; Doug Tamny and Sunny Skinner. Bottom; Susan Halback and Berry Johnson. Lower center; Mike Coalo and Debbie Scott.

SENIOR PRINCESS, Susan Tallman and Emmett McCall in top picture. Bottom; Jack Ivey and Diane Beasley. Lower center, Jeanne Robson and John Boniface. These are the members of the court representing each class.

Retarded Children Assn. To Kick-Off Membership Drive

Plans are underway by the Seminole Assn. for Retarded Children to kick-off an all-out drive to sell to the general public, shares in the organization, starting with the "Roaring Twenties Revue" being produced by the Navy Wives Club at the Seminole High School auditorium.

The aim of the sale of shares at \$2 each, the cost of a year's membership, is to underwrite the badly needed support for the maintenance of the Little Red Schoolhouse.

This school for mentally retarded children of local parents was begun in August, 1939, when the facilities of the old building, which has been used for many purposes in its existence, were obtained to provide a place to start a school. A teacher, Mrs. Lila Sires was hired and enrollment began.

There now are seven children in the school, and Mrs. Sires can handle two or three more.

but each child must be taken in one at a time, with several weeks given to the orientation of each. This is to accustom him to the new world of the school, since many children, so afflicted never have been outside of their own home.

The Seminole Assn. was formed to underwrite and support the school, with parents of retarded children and others who are interested and compassionate, working diligently to found an active, functional organization.

The membership is open to anyone who cares to lend his support and aid.

Foremost among the supporting clubs is the Civitan Club, whose annual Fruitcake Sales go entirely toward the support of the school, and other than private donations, this is the school's main means of financial support.

Several local women's societies also have helped, as have the Navy Wives Club. They have painted, made drapes, provided furnishings, cleaned and helped in innumerable ways. The Elks Wives Club and the TOF also

have given valuable assistance. Kenneth McIntosh is the president of the organization, and the

group is assisted by members of local County Health Department and other professional persons.

New Film Outfit Organized In State

A new motion picture production company—Hollywood Artists Production, Inc.—has been organized to produce motion pictures and TV films in Florida.

Irving Mandell, well known public relations and film executive, is Secretary-Treasurer of the firm and has charge of its Miami Beach home office.

In addition to their own productions, the firm will be associated with other major pictures and TV shows that will use Florida for location shooting.

Co-producer with Mandell on the first picture will be Aubrey Schenck, veteran Hollywood producer with over 20 years experience and several hundred productions to his credit.

Mandell was Associate Producer for "Miami Undercover," TV series currently showing in 10 cities, and has been associated with the "Sunside 6" TV series, "The Bellboy" starring Jerry Lewis and "Hole in the Head" starring Frank Sinatra.

Maxwell Powell, New York attorney, is President of Hollywood Artists Productions, Inc. with Howard W. Koch, Los Angeles producer-director, as Vice President.

Primary Sunbeams Begin New Study

For the month of May, the Primary Sunbeams of the First Baptist Church of Lake Mary will be taught the mission study book, "Jesus Is My Friend," which tells about Southern Baptist work with people in Mississippi.

Those attending the meeting last week were Steve Lawrence, Craig Lawrence, William Andertson, Ricky Wilbanks, David Bryant, Herman Flammigan, Curtis Crawford, Billy Davis, Dave Melvin, Donna Avery, Claudia Boman, Angela Morland, Judy Gaine, Carol Dodson, and leaders, Mrs. J. W. Crawford and Mrs. J. A. Norden.

Refreshments were served after the program.

Cleveland Concerned Over Urban 3-2 Vote

State Rep. Mack Cleveland Jr. today expressed "concern" over the split City Commission vote endorsing urban renewal for Sanford and said that the bill was still not out of the woods as far as the legislative delegation is concerned.

Cleveland said that he was hoping for some unanimity on the part of the commission in supporting the measure and said that the bill could be effected by the 3-2 vote.

Mayor Joe Baker and Commissioner J. H. (Jimmy) Crapps opposed the motion.

Trouble Looms For Rights Of Way Bill In House

TALLAHASSEE (UPI) — A House-passed bill authorizing construction of a toll turnpike between Miami and Tampa cleared the Senate Roads Committee today, but an administration bill to tap state retirement funds for highway rights-of-way ran into trouble and was tossed to a subcommittee.

The Senate refused today to heed the tax warnings of its spending chairman and voted down an effort to get a bill off the calendar which would freeze county contributions to public schools at 25 per cent of the cost.

The bill for the Tampa-Miami turnpike is permissive and does not require that it be built. It merely authorizes the Turnpike Authority to make a study of the proposal and build it if feasible.

The road committee delayed until Thursday action on a controversial bill to put a professional highway commissioner over the State Road Department, a proposal killed in the House after Gov. Farris Bryant publicly opposed it.

Bryant had urged approval of the bill that would let the Road Department borrow up to 10 per cent of the surplus in state and county officers' and employees' and teachers' retirement funds to purchase rights-of-way.

Road Board member Max Brewer of Titusville, said the bill would save the state thousands of dollars by giving it a ready fund to buy rights-of-way in advance before prices skyrocketed.

The Road Department would pay interest on the money and the bill would expire when Bryant leaves office in January, 1965.

The administration-opposed bill to freeze county school contributions at 25 per cent of the cost was sent to the Senate calendar where a fight is expected against it from economy forces.

Vienna Mentioned As Major Talk Site

VIENNA (UPI) — Austrians began making tentative plans today to host a summit meeting early next month between President Kennedy and Soviet Premier Nikita S. Khrushchev.

While there was no official confirmation of the meeting, government sources expressed delight that Vienna was mentioned as the likely site. June 4 was considered a probable date.

Austrian newspapers headlined reports that the two leaders planned to meet here, and welcomed the possibility that neutral Austria might contribute to top-level international understanding.

Foreign Minister Bruno Kreisky and Chancellor Alfons Gorbach said the Austrian government would be "very pleased" to act as host.

Navy Hunts Clues For Vanishing 27

CAPE CANAVERAL, Fla. (UPI)—On Dec. 5, 1945, five Navy Avenger bombers carrying 14 men roared off from a Florida base on a post-war training mission over the Atlantic. They never returned.

A Martin Mariner amphibian carrying a 18-man crew took off to search for the missing squadron. It vanished too, and the mystery has gone unsolved for more than 15 years.

Last Thursday, a dredge puffing in the Banana River here may have churned up the first clue to the fate of the 27 missing aviators.

It is possible, a Navy officer said Tuesday, that the wreckage spewed up by the dredge might be from one of the Avengers. Parts of a body were also found.

Look for a minor hassle over the plaque at the new county jail. Seems there has been some talk that the present County Commission wants its name on the plaque while it has been customary for the governing body which instituted the work program to be honored. Maybe they can have two plaques. Anyway, Acting County Attorney Harold Johnson is looking into the problem.

In case you need to be reminded, it was hot Tuesday. As a matter of fact, according to the weather bureau, it was the hottest day of the year. The temperature soared to 94 degrees at 3 p. m.

The County Commission will start publishing an agenda in The Herald on Mondays on what will take place during regular Tuesday meetings.

Here we go again: That downtown clock is back in the news. When we left our hero last it was at Ft. Mellon Park and the City Commission had offered it to the Elks Club to put on their property. At a special city commission meeting Monday night, City Manager W. E. Knowles, in a memo to the board, said the Elks do not want the clock. "Next suggestion." Apparently the city has none yet.

The first week in June has been designated as telephone week for Sanford when direct dialing takes over. Mayor Joe Baker issued the proclamation proclaiming the week Monday night.

South Nears Major Victory On School Aid

WASHINGTON (UPI)—Administration leaders, in a bid for Southern support, were reported today to have accepted an aid-to-education amendment which in effect would prevent the government from withholding funds from segregated schools.

The amendment is drafted in general terms. It would bar the withholding of school aid funds to exert any kind of federal control. Sen. Herman E. Talmadge (D-Ga.), originally wrote the amendment to the \$2.5 billion Kennedy administration school aid bill. But under the strategy approved by Democratic leaders, it probably will be offered instead by Sen. Lee Metcalf (D-Mont.).

The version put forth by Talmadge is not as strong as another by Sen. Strom Thurmond (D-S.C.), which would specifically forbid the government to withhold funds from states or communities which operate segregated schools. This amendment, due for a vote today, appeared headed for defeat.

The strategy reported to have been agreed upon by Democratic leaders in the administration and at the Capitol would give Southern assurances that school aid would not be used as a lever to force integration.

Democrats expected to win the Southern votes with the generally-phrased restriction on the withholding of funds. Talmadge said he would vote for the school aid bill if it was included. Otherwise he would oppose the measure.

Informed sources said Talmadge conferred Tuesday night with Sen. Lister Hill (D-Ala.), and Abraham Ribicoff, secretary of health, education and welfare. He told Hill and Ribicoff that a number of Southerners wanted to vote for the bill but were concerned that the government might cut off funds to non-integrated schools during the three-year program.

Ribicoff then went to the White House and received administrative acceptance of the amendment, the Senate sources said.

Korea Commander Defies U. S.

SEOUL, Korea (UPI) — The commander of South Korea's front line troops defied U. S. Gen. Carter B. Magruder today and threw his full support behind the military leaders who took over the government.

After 24 hours of indecision Lt. Gen. Lee Han Lim, commander of the 1st Army that guards the demilitarized zone facing the North Korean Communists, said he would support the military coup that overthrew the government early Tuesday.

Earlier today Gen. Lee ordered his troops to keep hands off of endorsing the new government.

His later decision to back up the coup leaders was a severe setback to Magruder's appeal for South Korean troops to support the fallen government of Prime Minister John M. Chang.

Navy Fliers Killed In Crash

JACKSONVILLE (UPI) — Two fliers from the aircraft carrier USS Franklin D. Roosevelt were killed in a crash near Athens, Greece, Tuesday, Navy officials reported.

The dead men were Lt. Louis F. Meardon of Atlantic Beach, and Lt. Cdr. William J. Burke of Jacksonville.

Their plane, a propeller-driven attack plane, crashed on land Tuesday morning, the Navy said. No details were available immediately.

objections to the bill, but we still are concerned over the 3-2 vote," he said.

The legislator asked for a meeting between city representatives and the delegation as soon as possible to go over the bill.

Only two and a half weeks remain before the legislature adjourns.

Last month, the City Commission and the delegation met in a special session on the bill and Cleveland and Gordon Frederick said they would consider it if there was an overall referendum or a project by project referendum.

Both legislators have previously gone on record as "basically opposed" to urban renewal principles.

Group Urged Mixing Quietly

TALLAHASSEE (UPI) — The Florida Development Commission Tuesday urged all cities which do not have a "Committee of 100" to form one.

JACKSONVILLE (UPI) — Negroes were served at downtown lunch counters without incident Tuesday in an apparent agreement by civic leaders of both races to quietly desegregate the facilities.

Freedom Riders Ignore Threats

NEW ORLEANS (UPI)—The "freedom riders," a band of white and Negro travelers who endured curses, blows and a fire bomb in a bus trip through the South, today ignored threats posed by a Louisiana segregationist slambang.

A Citizens' Council spokesman called for officials to run the "freedom riders" out of the town and state "before violence erupts."

But 14 of the "freedom riders," burned out of one bus and beaten in Alabama, planned to be on hand tonight for a rally marking the seventh anniversary of the Supreme Court's decision banning public school segregation.

A council official said the arrival of the group "warrants immediate action to rid the community and the state of the agitators before violence erupts." He called their presence an invitation to riot.

"We expected arrests when we left Washington early this month—but not attempted murder," said Dr. Walter Bergman, one of the travelers in commenting on the bus trip that ended in Birmingham, Ala.

Nevertheless he hailed the trip as "the most significant thing done in race relations in years."

Bergman is a former University of Michigan professor.

He told a news conference Tuesday the journey had accomplished its purpose. So did a traveling companion, the Rev. B. Elton Cox, a Negro minister from High Point, N. C.

"It pricked the conscience of the country and gave Americans a new concept of the depth of segregation and degradation in the Deep South," Bergman declared.

"It proved what we set out to prove," Cox said, "that American citizens cannot travel freely in the United States. Laws are on the books but they are not being enforced."

The bus tour was a deliberate attempt to determine the effectiveness in the south of federal statutes prohibiting racially segregated facilities for interstate travel.

Officials Probe Rosenwald Blaze

School officials today called for an extensive investigation after an attempt was made Monday night to burn down the Rosenwald School in Altamonte Springs, Supt. of Schools R. T. Milwee said today.

It was the third fire at the school since the first of the year. Milwee said that the school was broken into and that the curtain in the auditorium was put on fire. He added that a large can of trash and garbage also was set afire.

Attempt Rejected
JERUSALEM (UPI) — Adolf Eichmann rejected the attempts of foreign governments to intercede in behalf of German Jews, the prosecution charged today.

Optimistic!

WASHINGTON (UPI) — Labor Secretary Arthur J. Goldberg, armed with a strong appeal from President Kennedy, was reported optimistic today about chances of a no-strike, no slow-down agreement for the nation's missile-space bases.

Freedom Riders Ignore Threats

NEW ORLEANS (UPI)—The "freedom riders," a band of white and Negro travelers who endured curses, blows and a fire bomb in a bus trip through the South, today ignored threats posed by a Louisiana segregationist slambang.

City Clamps Down On Church Services At Civic Center

The City has established a new department recently putting the use of the Civic Center for holding religious services, City Manager W. E. Knowles said today.

church or religious sects or organizations for services or other uses.

This rules out church card parties and dinner meetings, Knowles added.

According to him, the city will honor any "existing" commitments but would terminate any future use by such groups.

At the present time, the Jehovah's Witnesses are preparing to hold their spring circuit assembly in the facility.

Knowles pointed out in the memo that "I wish to point out that the City Commission did not allow any leeway for anyone, including the city manager, to vary from this ruling."

"I suggest that a copy of this be kept on hand to show anyone affected, because I doubt if it will be very popular."

ALL-AROUND BEST ATHLETE AT SEMINOLE HIGH is Doug Tamny, shown here, second from left, holding the Whitey McClucas Memorial Trophy. With him, from left, are Athletic Director, Fred Ganas; Tamny; Attorney Douglas Stenstrom, who presented the award for Mrs. McClucas; Louis Markham, president of the Boosters Club, which staged the awards dinner and Line Coach Gene Ellinson of the University of Florida, who made the address. Courthouse Inspection Set

A complete inspection of the courthouse by zoning department building inspectors will get underway within the next week after the County Commission Tuesday authorized the inspection to find out cost estimates to fix leaks in the building and other needed repairs.

Last week the board toured the building and was shown damage in just about every office in the 44-year-old facility.

Chairman J. C. Hutchison Tuesday echoed the words of the entire body when he said "something is going to have to be done about this building."

District 4 Commissioner Vernon Dunn signed "If we only had the courage to increase the building fund millage to one mill. With \$3 million for new construction added to the tax roll each year a courthouse project could be accomplished with only a 25-year bond issue and possibly a 20-year issue."

"However, that's not in the form of a motion, just throwing it in for what it's worth," Dunn said.

In other business the commission tabled action on approving a plan for Lake Harney Estates pending engineering and drainage plans of the lots.

Fishing Maps Available Soon

Two important Chamber of Commerce publications will be off the presses within the next week.

Chamber of Commerce manager John Krider today said that 10,000 fishing maps for the county will be available in two weeks and the new 1961 county brochure will be ready soon.

NAS Schedules Open House This Saturday

An open house at the Naval Air Station will highlight the local observance of Armed Forces Day, Saturday.

The hours during which the base will be opened to the public will be from 11 a. m. to 4 p. m. A full program of events is scheduled including two vertical assaults on a position by a Marine assault unit operating from helicopters.

In addition, a realistic ground assault on a "pill-box" position complete with explosive charges, flame thrower and automatic weapons will be made by the Marines of the NAS Marine Barracks.

Static displays will include an F-102, F-101, F-100, A4D Skyhawk, F4U "Crusader," ASD "Skywarrior" and a full scale model of the "Bullpup" missile.

Another interesting event on the day's program will be a ground controlled approach to be made by a station plane during which the transmissions between the controller and the pilot will be broadcast to the crowd.

On display at the main hanger deck will be an A3J "Vigilante" trainer which will be open for inspection by the public. This trainer is an exact model of the A3J cockpit. North American's A3J "Vigilante" is the Navy's newest bomber and is scheduled to arrive at the station this summer.

The United States called today for a strengthened, vote-free control commission to enforce the cease-fire in Laos, where the rebels and the pro-Western government were reported to have agreed to try and form a coalition regime.

The delegate for the Souvanna Phouma regime, Pheng Phong Savann, accepted a royal proposal for the summit meeting, but insisted the conference be held in Xieng Khouang, the rebel "capital."

The meeting ended with no decision on this point. The negotiators scheduled another session for Friday to decide on a meeting site and other points.

The government was expected to hold out for either Luang Prabang or Vientiane.

The three factions also agreed to the formation of a sub-commission to "cooperate" with the International Control Commission in enforcing the cease-fire.

But they made no agreement on forming a joint delegation to represent Laos at the 14-nation conference in Geneva.

Summit Meeting On Laos Nears

VAN NAMONE, Laos (UPI) — Negotiators of the royal Laotian government and two rebel factions agreed today to hold a summit meeting on formation of a coalition regime on a meeting site.

The coalition would include the pro-Western government of Premier Prince Boun Oum, the "neutralists" of ex-Premier Prince Souvanna Phouma and the pro-Communist Pathet Lao.

The United States called today for a strengthened, vote-free control commission to enforce the cease-fire in Laos, where the rebels and the pro-Western government were reported to have agreed to try and form a coalition regime.

The delegate for the Souvanna Phouma regime, Pheng Phong Savann, accepted a royal proposal for the summit meeting, but insisted the conference be held in Xieng Khouang, the rebel "capital."

The meeting ended with no decision on this point. The negotiators scheduled another session for Friday to decide on a meeting site and other points.

The government was expected to hold out for either Luang Prabang or Vientiane.

The three factions also agreed to the formation of a sub-commission to "cooperate" with the International Control Commission in enforcing the cease-fire.

But they made no agreement on forming a joint delegation to represent Laos at the 14-nation conference in Geneva.

ACTING Mayor Thomas McDonald signs proclamation making Saturday Armed Forces Day throughout Sanford. Capt. Robert W. Slye, commanding officer of the U. S. Naval Air Station, Sanford looks on. An Open House is planned at the Naval Air Station on Armed Forces Day.

Sentinel Editor Dead At 54

ORLANDO (UPI) — Henry Newton Balch Jr., 54, an associate editor of the Orlando Sentinel-Star, died today at Orange Memorial Hospital. He had suffered a heart attack last week.

Balch, a native of Maplewood, N. J., had been with the Sentinel-Star most of the time since 1931, when he came here from New York. He had served the Sentinel-Star as executive editor, editorial director and vice president.

Bill Killed

TALLAHASSEE (UPI) — The House Education Committee killed a bill Tuesday that would have required failed students in all newly-constructed public schools. The action came after education officials said the measure would add 80 per cent to school building costs.

Report Suggests Reds Have Wider Space Lead

WASHINGTON (UPI) — A report from behind the Iron Curtain suggests that the space power gap between Russia and the United States is bigger and may take longer to close than Americans have supposed.

The report, if it is true, indicates the Russians already have a spacecraft launcher more powerful than the Saturn rocket with which this country had hoped at least to narrow the power gap in 1964.

The National Aeronautics and Space Administration (NASA) has estimated the power of Russia's "basic booster" at 800,000 pounds of thrust.

This is more than twice the power of the Atlas, biggest rocket now available to the U. S. space program. But it is only about half the 1.5 million pounds of thrust generated by the Saturn's booster stage.

It now appears, however, that the Russians already may be using a space vehicle with a weight-lifting power of close to two million pounds of thrust.

This is suggested in a report on "Soviet-Bloc Research in Geophysics, Astronomy, and Space" compiled by the U. S. Joint Publications Research Service and distributed by the Commerce Department.

The report quotes a "Hungarian space expert" named Josef Sinka as saying the vehicle which launched the Soviet Venus probe Feb. 12 was a five-stage rocket weighing 1.8 million pounds.

This would make it about six times as heavy as the Atlas. It also would be 800,000 pounds heavier than the three-stage Saturn vehicle.

If Sinka is right about the weight of the Venus rocket, its booster stage must generate around two million pounds of thrust, according to U. S. space experts.

Eleven Tables Play Bridge

Eleven tables played at the weekly meeting of DeBary's Duplicate Bridge Club Tuesday at the Community Center.

Winners, NS, first, William Woodcock and Norman Mortimer; second, Mr. and Mrs. Howard Middleton; third, Mr. and Mrs. J. B. Baker and Mr. and Mrs. E. M. Hinkel.

EW winners were, first, Mr. and Mrs. Arthur Willgoose; second, Mr. and Mrs. J. P. Noonan; third, Mr. and Mrs. Charles Hassell and fourth, Mrs. Nan Edwards and Mrs. Elisore Carnia.

SCHOOL PATROL SAFETY AWARDS, from the Sanford Pilot Club, were won this six weeks by Donna Ashby, left and Captain Jack Beckwith, right. They are shown here with fifth grade teacher at Grammar School, Virgil Duffell, who made the awards for the Pilot Club. (Herald Photo)

Health Department News

By DR. CLYDE BROTHERS
(Editor's note: This is the first of a series of articles designed to inform the citizens of Seminole County about the organization and operation of the County Health Department. Subsequent articles will appear at weekly intervals.)

In June 1931 a law was enacted by the Florida Legislature and the Governor which is known as the "Local County Health Unit Law; Section 1. That the several counties of the State of Florida, and cities therein, are hereby authorized to co-operate with the State Board of Health in the establishment and maintenance of full-time local health units in such counties for the control and eradication of preventable diseases, and to inculcate modern scientific methods of hygiene,

sanitation and the prevention of communicable diseases."

Two significant facts are worthy of comment in relation of Section 1: First, the counties are authorized to cooperate with the State Board of Health in organizing the unit. Thus, the Health Department is a cooperative effort between the County & State. Second, the emphasis is on "control and eradication of preventable diseases." This clearly outlines the role of the County Health Department as an agency of Preventive Medicine, as contrasted with treatment agencies, such as practicing physicians, hospitals, etc.

Section 2 of the law authorizes the counties to levy annual taxes to support the Health Department. For counties with population exceeding 100,000 one half (1/2) mill per dollar on all taxable property may be levied. Counties with

populations of from 40,000 to 100,000 may levy one (1) mill, and counties under 40,000 population may levy two (2) mills. Seminole County falls in the one (1) mill bracket. The actual millage which is now levied and allocated to the Seminole County Health Department is one twelve hundredth (0.12) mill. Funds allocated by the Legislature to the State Board of Health are in part used to match county funds for support of the 97 County Health Departments. Formerly, the State matching was on a dollar for dollar basis. However, in recent years the Legislature has not given the State Board sufficient funds to match the counties dollar for dollar. The current matching rate for Seminole County is seventy eight (78) cents from the State for each County dollar.

Next week: More about budget and organization.

The Story Of Who Goofed In Cuba Leaking Out

WASHINGTON (UPI) — The story of who goofed on the attempt to invade Cuba is coming out now bit by bit. Very small bits, however.

This is likely to be a story which will embarrass the U. S. top military brass. Sen. Hubert H. Humphrey of Minnesota is a credible witness. He is assistant Democratic Senate leader and should have some facts on the Cuban invasion.

Humphrey seems to have let a basic fact loose on the air waves in a recent taped radio interview. He fingered the Joint Chiefs of Staff as the basically responsible parties for what happened to the invasion decision than did Allen W. Dulles and the Central Intelligence Agency or any other agency.

That is a new slant on the invasion post mortem. Humphrey went further. He said the CIA did a fairly good job. That is, indeed, news. Dulles was the public's whipping boy for Cuba in the first days after the invasion calamity. The word seemed to be that Dulles would have to go.

President Kennedy did what he could to shield Dulles and other subordinates from the public's indignation. Kennedy said he was

responsible for what had happened, he alone. This was a courageous and gracious gesture by the young President but it was not easily believed. No president would be likely to attempt to make on his own the basic decisions demanded by the effort to invade Cuba.

Some of these decisions had to be based on intelligence reports and the interpretations put upon them. Other decisions, perhaps the most important, were strictly military in nature. These were tactical decisions. The tactics or immediate methods to be used in landing on the Cuban beach had to be military decisions.

What Humphrey said is a reminder that any U. S. president would seek such military advice from the U. S. chiefs. The secretary of national defense would not be competent to give military advice. It would be against established practice for a president to seek military advice from any but his senior officers.

These seniors comprise the U. S. joint chiefs, as follows: Chairman, Gen. Lyman L. Lemnitzer, USA; chief of staff U. S. Army, Gen. George H. Decker; chief of naval operations, Adm. Arleigh A. Burke; chief of staff, U. S. Air Force, Gen. Thomas D. White;

commandant of the Marine Corps, Gen. David M. Shoup. If Kennedy did, in fact, act on the favorable opinions of the joint chiefs in permitting the attempt to invade Cuba, there doubtless will be changes made as opportunity offers. Who, for example, made the decision which former President Eisenhower publicly challenged? That was the decision to put all invasion supplies, ammunition and such, in one ship which seems to have been sunk.

A betty man would be tempted to wager that this and other invasion decisions for Cuba were not made by the junior member of the joint chiefs. The junior man is the Marines' Gen. Shoup. When Marines mount an invasion it generally goes ashore.

Grammar P-TO Hears Williams

Circuit Judge Volie A. Williams Jr. addressed the Sanford Grammar School P-TO Tuesday night and expressed profound belief in God as the reason for America's greatness.

"The reason we are the most productive, prosperous nation in the world is because our early leaders looked to Almighty God for guidance," said Judge Williams. "Religion has played a part in every major step in this country's history," he further stated. Judge Williams further lashed out at those who would take religion out of the school system.

Williams also quoted from George Washington, Thomas Jefferson, Abraham Lincoln and Robert E. Lee, pointing out that each sought Divine Blessings and expressed thanks to God. Terming Abraham Lincoln the "greatest American who ever lived," the speaker challenged his audience to read history books and try to find one leader of this country who was not a devout person.

Judge Williams was introduced by Program Chairman, Jim Lee, who declared the Judge to be a well qualified person to speak on patriotism because of his record of service to his country and community.

P-TO President Donald Jones presided over the meeting at which time the group accepted the recommendations of the executive board as to distribution of proceeds from the P-TO Art Fair of April 15. These included the purchase of clocks for each classroom, and cash appropriations for the general fund, landscaping, and school library.

Kennedy Gets Down To Business In Canada

OTTAWA (UPI) — President Kennedy turned to the hard business of his Canadian visit today with a suggestion that the dominant government join the United States in paying for aid to impoverished Latin American countries.

With the ceremonial aspects of his warmly received arrival in Ottawa beginning to subside, the

visiting Chief Executive and Prime Minister John G. Diefenbaker scheduled their major business conference late this morning.

At 3:30 p.m. the President was scheduled to go before a joint session of the Canadian Parliament for the major speech of his two-day visit. This was Kennedy's first trip out of the United States since his election and if his re-

ception here Tuesday afternoon was an indication, he was off to a flying start.

The President said upon his arrival that in a shifting world where "alliances come and go," the United States and Canada had stood firmly together in peace and war.

"And now, in this long twilight era that is neither peace nor war, we must stand together even more firmly than before," he told a blue-ribbon welcome crowd that included Diefenbaker and Gov. Gen. Georges P. Vanier at a Royal Canadian Air Force terminal outside Ottawa.

Part of this continental togetherness, in Kennedy's estimation, involved Canadian participation in economic assistance to the hemisphere nations of Latin America. Canada heretofore has extended little or no direct aid to Latin American countries. Kennedy would like to see her neighbor to the north take even a small share of the assistance burden now shouldered almost exclusively by the U. S.

Kennedy also was represented as wanting to see Canada increase her contribution to economic aid for India.

His planned appeal to Diefenbaker for a greater share of the economic aid program for Latin America was part of an overall effort on Kennedy's part to accelerate development assistance to the southern countries as a bulwark against creeping communism.

Kennedy flew to Canada Tuesday afternoon quite aware that leading dominion officials were highly critical of the recent U. S. handling of the situation in Cuba. He was expected to lay his diplomatic cards on the table for Diefenbaker in the matter of Cuba, but then urged Canada to join America in preventing further Communist encroachments in this hemisphere.

The largest insect known to the Central American moth. It has a wingspread that ranges from 11 to 18 inches.

World Mourns Loss Of Actor Gary Cooper

HOLLYWOOD (UPI)—Two red poppies — tokens from his wife and daughter — rested on Gary Cooper's casket as the motion picture world mourned its most beloved star.

Mrs. Veronica Cooper and Maria each placed a poppy on the mahogany casket laden with white gardenias at the conclusion of services Tuesday for the actor who died last Saturday of cancer at the age of 60.

Mrs. Alice Bracia Cooper, 87, his mother, tearfully kissed the casket before it was lowered into the stone grotto of Our Lady of Lourdes at Inglewood's Holy Cross Cemetery.

About 500 of movieland's greatest figures crowded the Church of the Good Shepherd in Beverly Hills for a private Solemn Requiem High Mass and the eulogy. Cooper's myriad friends among the greats of Hollywood sat sadly and silently during the services. Among the celebrities at the Mass were Frank Sinatra, Desi Arnaz, John Wayne, Mel Ferrer, Audrey Hepburn, George Burns and Gracie Allen, Rock Hudson, Edward G. Robinson, Burt Lancaster, Bob Hope and Fred Astaire. Dean Martin knelt in prayer during the entire ceremony with his head in his hands.

Signs Pact

ST. PAUL - MINNEAPOLIS, Minn. (UPI) — Veteran halfback Hugh McElhenney, drafted from the San Francisco Forty-Niners in the National Football League's special draft to stock the new Minnesota entry, has signed a three-year contract with the Vikings.

'Roaring Twenties' Picks Up Steam

Several more acts have been added to the "Roaring Twenties Revue" being held at the high school at 8:15 p.m. today as more

aid is enlisted in support of the Little Red Schoolhouse.

Five girls, who are students at the William Spicer School of Music in Orlando, and are called the Squaws will bring several accordion numbers. All five of the young ladies are state champions in the field of accordion mastery. The "Time-Steppers," a local group from the Joan Johnson School of Dance, will also present some dance routines.

All of these are in addition to the piano music, singing, dancing and clowning by the Navy Officers and wives who are sponsoring the show, with Mrs. Betty McCracken as mistress of ceremonies.

Dot Stolpe will be commentator and Mrs. John Stufflebeam is coordinator for the fashion parade of 1920 styles, which will be shown and modeled by the Navy wives. Tickets are 50 cents, on sale at

the door, and all benefits go toward the financial support of the Little Red Schoolhouse, school for mentally retarded children.

Four Winners

BALTIMORE, Md. (UPI) — Jockey Tommy Lee, a 25-year-old native of Canton, China, booted home four winners at Pimlico Tuesday, including the second half of a \$335.20 daily double. Lee scored on Becky (\$24.00) in the second, Ryna Beth (38.20) in the third, Weather Prophet (\$8.00) in the sixth and Sooty (\$11.40) in the eighth. Minus Choice (\$24.00) won the first race to set up the big double with Becky.

Through the efforts of officials of the Peninsula Motor Club, A.A.A., a grand jury in Pensacola is now investigating "payola" in the wrecker service business.

Business Briefs

Douglas Brown, owner of the D. Brown Marble Co., on South Hwy. 17-92 near the Longwood road, represents the third generation of stone cutters in the Brown family, stemming from Grandfather Brown of Scotland.

Brown started learning his trade in his father's shop at the age of 11. Later he emigrated to Newfoundland, finally gravitating to New York City.

As master stonecutter for the McGowan Marble Company of New York, Brown worked on many of that city's famous skyscrapers, including the Empire State Building, Radio City, the new Waldorf Hotel and numerous others.

Two years ago the Browns moved to Florida and on Jan. 1 this year they opened their own business. The D. Brown Marble Company is completely equipped for all kinds of marble cutting and finishing work, such as architectural exteriors, interiors and marble top tables and counters.

Group Pays Visit To Missile Center

Members of the Delta Kappa Gamma, honorary teacher's organization, took a trip recently to Cape Canaveral, where they were guests of the Central Florida Assn. at a luncheon and program held in the Officers Club at Patrick AFB.

The theme of the meeting was "Aero-space Activities" and the speaker was Major James F. Reed of the Air Force Missile Test Center, Office of Information. The table decorations at the luncheon were made up of large and small models of well-known missiles which gave a realistic setting for the address of Major Reed on "Man Into Space."

Attending the meet from Sanford were Mrs. Hilda Wray, Ethel Risser, Edna Chittenden, Nancy Brock, Lucy Smith, Carolyn Wiggins, Velma Mitchell, Alicia Schmidt, Helen Westgate, Lottie Nix, Ruth Carlton, Martha Rowland, Mary Joyce Bateman and Nellie Coleman.

This would be a *Luxury* to millions overseas

The problem of where the simplest food is coming from dominates the lives of thousands upon thousands of people overseas. One potato, a loaf of bread, a bottle of milk—these basic foods we take for granted would be a real luxury to them.

These people overseas are of all ages, races, colors. And with many needs, they are victims of disaster—civil strife, displacement, earthquake, poverty—flood, famine, war. The problem of food is but one. Clothing and shelter are others. So is the lack of equipment to build lives anew.

How can you help these people? Give generous support to the overseas aid program of your religious faith. These programs provide help in many ways—food, tools, clothing, homes, jobs, farm machinery, education and technical training.

You name it and America's religious overseas organizations are making it available. In fact, our country's church-sponsored programs provide more than 80 per cent of all voluntary American overseas relief. When your religious faith makes its appeal this year . . . remember why you are being asked to give . . . and give generously!

Tammy Honored As Top Seminole High Athlete

MVP Award To Welch

Doug Tammy wound up his high school athletic career in a blaze of glory at the All Sports Banquet Tuesday night by winning the coveted Whitey McLucas Memorial Award for the Best All-Around Athlete. Tammy has been outstanding in football, basketball, swimming and track.

Douglas Stenstrom presented the trophy to Tammy, in the absence of Mrs. McLucas, at the climax of the awarding of a table full of glittering trophies, which were given to the most outstanding Seminole High School athletes.

The Most Valuable Player award went to Johnny Welch. It was the Peter Schaal trophy, which was presented by Peter Schaal, its founder, for the 33rd consecutive year.

Best Sportsmanship honors were awarded to Charles Fox, who received the trophy given by the Yowell Company and presented by Elmer Wontenny.

Gene Williams, Most Promising Squad Player was presented with the Sweater Award from Jim Hobson Men's Wear, with Coach Bud Lyster doing the honors. The B Squad this year was unbeaten, untied and unscored upon for a perfect record.

The Most Improved Player Award went to Don Harvey. It was given and presented by John Kader of Kader's Jewelry.

Best Blocker Award trophy went to big James Markham and was given by the Lions Club and presented by Hugh Duncan.

In basketball, the Most Valuable Player was announced as George Perides, who sparked the team all season. He received the trophy from Jack Morrison, who is the donor of the award.

Not present at the banquet to receive their awards were John Taylor, voted the Sportsmanship Award, which is presented by the Seminole High School and the Most Improved player, Johnny Marsh, also presented by the school.

George Perides received a second trophy for being the Most Valuable Baseball player, an award which is given by Carraway and McKibbin and was presented to Perides by Clifford McKibbin.

The Baseball Sportsmanship trophy went to Butch Riser, with appropriate praise from one of Sanford's most avid baseball enthusiasts, Floyd Palmer, in whose name the award is given.

The Most Valuable athlete on the Track Team was Tony Sulplizio, who was awarded a trophy given by the Booster Club, and presented to him by Booster Club President, Louis Markham.

Debbie Bruce and Jack Ivey were voted the Most Valuable Girl and Boy on the Swimming Team, and Jack's trophy was given by Perkins Men's Shop and presented by B. L. Perkins, Jr. The girl's trophy, given by the Boosters Club, was presented to Debbie by Gordon Bradley.

The Men's Golf Assn. and the Women's Golf Assn. gave the trophies for the Most Valuable Girl Golfer, Deanna (Dede) Dietrich, and Most Valuable Boy Golfer, Russ Pearson. Fred Ganas and Cliff McKibbin made the awards.

The Azalea Bowl Game in Palatka brought special awards to two players. John Mann was cited for his outstanding backfield play in that game and James Markham for holding the line in a magnificent manner.

Awards of golden footballs also went to co-captains of the year in football, Alex McKibbin and Johnny Welch. The donor of the awards was anonymous.

Several special awards were given to coaches. Debbie Bruce and Johnny Lake were the spokesmen who presented a plaque to Swim Coach John Colbert.

Head Coach Fred Ganas received an award of appreciation from the Golf Team, presented by Dede Dietrichs.

Dr. John Morgan was honored by the football team with a gift, for always "being right there when we need him."

Coach Jim Pigott closed the awards ceremonies with a tribute to the parents of athletes, especially mothers, who support, encourage and care for the players.

Oviedo Tops Lake Mary
Oviedo beat Lake Mary in Babe Ruth League play Tuesday while the Elks topped Betty, 6-1.

Little League play, Navy topped Parkersville, 10-0 and First Federal won over Standard Oil, 10-7.

FOOTBALL AWARD WINNERS who received trophies at the All-Sports Banquet Tuesday night are from left, standing: John Mann, most outstanding halfback in the Azalea Bowl game; Alex McKibbin, co-captain for the year; Charles Fox, Sportsmanship trophy; Johnny

Welch, Most Valuable Player; Don Harvey, Most Improved; Gene Williams, Most Promising and James Markham, Best Blocking. Front row, seated are Coaches Lyster, McCow and Pirott. Peter Schaal and Coach Stummf. (Herald Photo)

GOLF, SWIMMING AND TRACK TEAM WINNERS from left, front row are, Russ Pearson, Most Valuable, Golf; Tony Sulplizio, Most Valuable, Track; Dede Dietrichs, Most Valuable Girl Golfer; Debbie Bruce, Most Valuable Girl Swimmer and Jack Ivey, Most Valuable Swimmer. Behind them are golf, track and swim coaches, Ganas, Pigott and Colbert.

Olympic Boxing Star Dies

SAN FRANCISCO (UPI)—Harry Campbell, star member of the 1960 U. S. Olympic boxing team, died at St. Luke's Hospital Tuesday night of brain injury received in a losing bout at Kexar Pavillion. Death came slightly more than 24 hours after the 23-year-old San Jose State College student was beaten senseless in the final round of his seventh professional bout. The victor in the bout was Al Medrano — a mediocre puncher who had handed Campbell his only previous defeat as a pro. The Olympic star had gone into the return match as a favorite, despite the earlier loss to Medrano. Campbell received \$33,411 for his share of the purse — his final boxing money.

Declines Bid
WASHINGTON (UPI) — Indianapolis Speedway officials will have to go ahead with the program for the running of the Memorial Day "500" without Astronaut Alan B. Shepard, whom they had invited as guest of honor. Ren. Richard L. Roudsbush, told Speedway officials Tuesday that Shepard's training program will not permit him to accept the invitation.

BUTCH RISER SMILES, left, as he holds the award for Sportsmanship in Baseball and George Perides, right, laughs, holding the awards for Most Valuable Player in both Basketball and Baseball. Coach Jim McCoy is proud of both of them. Not present to receive their basketball awards were John Marsh, Most Improved and John Taylor, Sportsmanship. (Herald Photo)

NATS Come Up With Top Hurlers

Are you in the mood for a funny story?

Then listen to this: The new Washington Senators suddenly have come up with the best pitching in the majors.

Maybe that sounds like a sick joke, but it happens to be absolutely true, much to the astonishment of eight other American League clubs who thought they had peddled a bunch of bottom-of-the-barrel pitchers to the struggling Senators in last December's expansion draft.

Pitcher Back
MILWAUKEE (UPI) — The Milwaukee Braves called up pitcher Claude Raymond from Vancouver Tuesday and optioned reliever Ron Piche to the same Pacific Coast League Club. Raymond, a 28-year-old right-hander, had a 9-9 record with Sacramento of the PCL last year.

Sherlock Gets Added Support

BALTIMORE (UPI)—Sherlock, a speedy colt owned by Jacob Sher of Miami, has picked up added supporters for Saturday's Preakness on the strength of a solid workout at Old Pimlico.

The frisky son of Correspondent went nine furlongs in 1:54 1-5 over a fast but slightly dull strip Tuesday morning. It was the best workout for the distance turned in by a Preakness hopeful.

'You Gotta Have Heart', Ellinson Says

"Nothing great is ever accomplished without deep emotion." Coach Gene Ellinson of the University of Florida told the hundreds of students, parents and boosters, gathered at the All-Sports Awards banquet in the high school dining room, Tuesday.

"You gotta have heart!" he told them. "Enthusiasm makes little guys get big and average guys get way above average."

"Find something in life that you can be really enthusiastic about. Don't just spin your wheels," said the coach.

"Above all, be dependable—be somebody who can be counted on," the coach advised.

In a highly entertaining and humorous speech, entirely without notes, which he called "this scholarly dissertation" the popular line coach told jokes and stories and anecdotes from a seemingly inexhaustible supply of laugh-provoking football stories and sly quips.

Ellinson said that he expected that he would be called upon to make some kind of prognostication of Florida's chances next year and said that by nature he was an optimist.

He named some of the Florida players who "look good" and commented that Florida had some of the finest backfield men in the south. He named Dick Skelly, Dan Gordon, Bob Hoover "Indian Fanny," Cecil Uhl, Ron Stover and Bruce Starling.

"Then, of course, we've still got Larry Liberatore and Bobby Dodd" the coach smiled and added, "Liberatore is now breaking the scales at a wispny 140 pounds!"

"The sap rises in the spring," he noted, and expressed hope that if the University could keep all its players out of trouble and keep

them from 'wrestling alligators' until football season starts, "we might have a pretty good season."

"We got players of all shapes and sizes," said the coach. "We got one boy so skinny, when he sticks out his tongue, he looks like a zipper!"

Being serious for a few moments, Coach Ellinson warned the Seminole High students that college competition is terrific.

"It's tough getting in and it's tougher staying in, and it will continue to get tougher."

FOOD COMMITTEE WORKERS FOR FAG DAY. (Fun After Graduation) help unload 65 cases of food for the luau feast planned for graduation night for Seminole High School seniors. The food has been donated for the event by Jenou Paulucci of the Chun King Corporation, through their local representative, Leo Trepanier. Checking over the cartons of chow mein, egg foo yong, fried rice, sweet and sour pork and noodles, are from left, food committee chairman, Leo Trepanier, Mrs. Trepanier, Mrs. Ellen Dossey, Jim Riser, Gordon Bradley and John Kader. Kader is over-all chairman of the plans for the luau, which will be held at Golden Lake Recreation Park at the NAS. (Herald Photo)

Macbeth Paces 'Emmy' Award Parade

"Life is but a walking shadow, a poor player that struts and frets his hour upon the stage and then is heard no more." — William Shakespeare's "Macbeth."

HOLLYWOOD (UPI) — "Macbeth" was heard from again, however, Tuesday night. The two-hour Shakespearean drama won five awards, sweeping the 13th annual television Academy Award presentations.

It won the top honor of the night—the program of the year. Additionally, the show won an Emmy for outstanding program achievement in the field of drama. Co-stars Maurice Evans and Judith Anderson were awarded statuettes for best single performance by an actor and actress, respectively. Its director, George Schaefer, won the outstanding directorial achievement in drama.

Perhaps more dramatic than "Macbeth's" success was the victory of Jack Benny for the best program achievement in the field of humor.

Benny, a weeping pallbearer at Gary Cooper's funeral earlier in the day, was too grief-stricken to appear at the star-studded presentation ceremonies at the Moulin Rouge night club.

There were more than 700 empty seats at the Moulin Rouge. The 90-minute national telecast was held simultaneously at the Hollywood nitery and the Ziegfeld Theater in New York. Dick Powell was master of ceremonies in the West and Comedian Joey Bishop handled the chokes in the East.

In all, 24 Emmys were presented to the top performers, shows and technicians of the television industry—and several old movie names were prominent among the award winners.

Among the three networks, the Columbia Broadcasting System won 11 Emmys, tying with the National Broadcasting Co. The American Broadcasting Co. won two, one for the outstanding documentary, "The Valiant Years," and a technical award.

Dance master Fred Astaire won an Emmy for the variety show achievement of the year and another for outstanding performance in a variety or musical program, "Astaire Time" (NBC).

It was the third consecutive year he has carried home awards. The Emmy for outstanding performance by an actress in a series

went to Barbara Stanwyck for her "Barbara Stanwyck show." Harry Ackerman, president of the National Academy of Television Arts and Sciences, cited everyone who had anything to do with the presidential debates, including President Kennedy and former Vice President Richard M. Nixon.

Other winners included Raymond Burr, "Perry Mason," outstanding performance by an actor

in a series leading role; Rod Serling, "Twilight Zone," outstanding writing achievement in drama; Roddy McDowell, "Not Without Honor," American Heritage, outstanding supporting roll performer in a single program; and Don Knotts, "The Andy Griffith show," outstanding supporting role performer in a series.

Huntley-Brinkley report won the award for outstanding program achievement in the news field.

School Board Okays Applications For 17 New County Teachers

The Seminole County School Board has approved the application of 17 new school teachers for the county schools next year.

Receiving appointment to Seminole High School is Miss Grace Stinecipher; to Sanford Junior High, Joseph Akerman; to West Side Primary, Mrs. Sue Torres and to Lake Mary School, Mrs. Minnie Broyles, and Stanley B. Pierce.

Mrs. Louise Gore will begin at Oviedo High School and Altamonte Elementary has seven new teachers. They are; Mrs. Doris Nicholson, Rudolph James, Mrs. Mary Strickland, Mrs. Shirley Stuart, Mrs. Alice Truchelut, Mrs.

Elizabeth Land and Mrs. Irene King.

Lyman School will get three new teachers, Mrs. Eugenia Hawkins, William Scheibel and William Cutts and Mrs. Richard Lund will go to Longwood Elementary School.

Also approved to fill the resignation of Mrs. Colleen Beckwith at Lake Mary was Mrs. Vivian Wilkins.

Transferred from Lyman to Altamonte is Frank Gore and Mrs. Esther Hindman from Grammar School to South Seminole.

Top Entertainment Program Slated

There are 197 memberships remaining in the DeBary-Sanford Entertainment Assn. which are on sale at the Chamber of Commerce building on E. First St.

President Chester Rearick announced today that a highly entertaining program has been booked for next year, with the outstanding Don Cossack Chorus and Dancers as one of the biggest attractions.

The programs will be staged this year at the Seminole High School auditorium and the season tickets are selling for \$6 for adults and \$3 for children. Not one of the big name stage shows booked for the next year's entertainment could be seen individually for much less than the price of the whole season ticket.

Reservations may be made by calling Mrs. Camilla Bruce at the Chamber of Commerce, and haste is necessary as time is limited in order to secure the bookings.

NBA Welcomes Back Baltimore

NEW YORK (UPI)—The National Basketball Association (NBA) will welcome back Baltimore as a franchise holder starting with the 1962-63 season.

The pro league's expansion, though, won't stop there.

The NBA owners voted to re-admit Baltimore at their annual meeting Tuesday and then listened to a presentation from a San Francisco group, which also would like to join the league for the 1962-63 season.

Sportsmen's Group Backs Up Club

The Seminole County Sportsmen's Assn., meeting Monday at the courthouse, went on record as favoring the return of the Wekiva River Park to the Sanford Women's Club. The association mentioned, however, in its resolution that Lake Mary Boy Scout Troop 242 has expressed a desire for use of the facility in exchange for its maintenance.

In other business, Jack Wilbur was appointed to head a nominating committee to come up with recommendations for new officers at the next meeting. Working with him will be Wade Singletary, Porter Lansing and Guy Bishop. The fresh water seining issue was discussed and Gilbert Priest, seining manager of Camp Seminole on the Wekiva, was introduced.

EILEEN MYERS

Student Wins Four-Year Scholarship

A Seminole High School senior, Miss Eileen Myers, daughter of Mr. and Mrs. Gerald Myers has been awarded a full four year teaching scholarship by the State Board of Education.

The awarding of the scholarship was based on tests taken by the senior members of the Future Teachers of America Assn. chapter at the high school.

Recipients of the scholarship promise to teach in Florida schools, to fulfill the obligations of the award.

Miss Myers is on the Honor Roll of the school, with a B plus average for her four years work, and is also president of the Tri-Hi-Y, secretary of the Future Teachers, and has been a member of the Sally Staff, Literary Club, Flower Club, President's Council, Senior Play, Spanish Club, Glee Club, Pep Club and Athletic Manager.

She will attend Orlando Junior College next year, switching later to Florida State University at Tallahassee to finish her education, after which she will return to teach for a minimum of five years in a Florida school. She plans to major in elementary education.

Tampa Jal Alai opened its 8th season recently with a slight attendance gain over opening night last year. The fronton will be open through April 10, 1961.

WEATHER: Fair through Friday. High 88-94. Low tonight, 65-70.

VOL. 53 United Press Leased Wire Established 1908 THURSDAY, MAY 18, 1961 SANFORD, FLORIDA NO. 194

THE POPPY GIRL, LITTLE MISS MELANIE HOWARD, looks on as Mayor Joe Baker signs a proclamation declaring Saturday Poppy Day in Sanford. The American Legion Auxiliary Unit 53 will sell the poppies for the benefit of Disabled American Veterans. Mrs. Carolina Pierno, president of the auxiliary also looks on at the signing.

President Pledges Firm U.S. Stand In Facing Khrushchev

OTTAWA (UPI) — President Kennedy Wednesday night set a tone of firmness for any future meeting with Soviet Premier Nikita S. Khrushchev.

Kennedy told the Canadian Parliament the United States would take the lead in strengthening the North Atlantic Treaty Organization with both nuclear and conventional weapons.

The added military punch was needed urgently, he said, so that "no aggressor will mistake our determination to respond instantly with whatever force is appropriate."

Reports from various world capitals recently have stated that Kennedy would meet with the Soviet leader next month. The informal meeting of the two world leaders is expected to take place in Geneva after Kennedy concludes talks with President Charles de Gaulle.

The chief executive's Canadian visit ended this morning when he joined Prime Minister John G. Diefenbaker in a communique stressing U. S.-Canadian friendship.

Diefenbaker joined with Kennedy in a warning that any western hemisphere alignment with foreign communism—obviously referring to Cuba—threatens "peaceful and democratic evolution" in Latin America.

Diefenbaker, whose government

Sanford residents were putting the strain on the city's water supply Wednesday when 2,042,000 gallons were pumped by the 3,200,000 gallon capacity plant. City Manager W. E. Knowles said the city would appreciate a minimum of lawn and shrub watering—"A real good soaking about twice a week will do more good than daily watering anyway," he said.

The Sanford Zoning and Planning Board meeting scheduled tonight has been cancelled.

Mrs. Kathleen Reynolds, mother advisor of the Rainbow Girls, extends and invitation to the parents and friends of Rainbow girls and DeSoto boys to attend a showing of a cancer film which has been written especially for teenagers. It will be shown at the Masonic Hall at 7:30 p. m. Monday, Dr. Tom Larsen and Mrs. Larsen, who is president of the county unit of the American Cancer Society, will be present to answer questions.

Crash Injuries Fatal To Victim

Mrs. Ruby Keller Elliot of Sanford, injured in an auto accident Wednesday, died later in the afternoon after being transferred to Orange Memorial Hospital in Orlando, the Highway Patrol reported.

Trooper J. L. Sikes said Mrs. Elliot was taken to the Orlando hospital after being admitted to Seminole Memorial Wednesday morning. She had been reported to have severe head injuries in the early morning crash when her car apparently went out of control.

The wife of George E. Elliot, 516 E. Third St., Sanford, Mrs. Elliot was born Oct. 30, 1916, in Lake Monroe and had lived there and in Sanford all her life. She was a member of the First Church of the Nazarene.

Other than her husband, survivors include three daughters, Mrs. Joe Morgan and Mrs. K. E. McQueen of Sanford and Mrs. Leslie Holcombe of San Angelo, Tex.; one son, William L. Price, USN, Mayport; six grandchildren; her parents, Mr. and Mrs. I. L. Keller; a brother, Clarence Rans, Keller; sisters, Mrs. Agnes Rans, Mrs. Gertrude Lee and Mrs. Marie Stripling, all of Lake Monroe.

Services will be held at 2 p. m. Saturday at the First Church of the Nazarene with Rev. I. W. Justice and Rev. L. R. Rushton officiating. Burial will be in Oaklawn Cemetery.

Brisson Funeral Home is in charge of arrangements.

Tax Refunds Asked For State Schools

WASHINGTON (UPI) — The Senate was asked today to help meet state school needs by refunding 25 per cent of each state's federal cigarette tax collections.

Sponsored by Sen. Norris Cotton, (R-N.H.), the cigarette tax amendment was scheduled to go before the Senate as it resumed debate on the \$2.5 billion school bill.

The Cotton amendment, offered previously in aid-to-education debate, would provide about \$250 million annually to the states.

The Senate was expected to defeat the proposal. Action on the amendment would push the Senate a step closer to one of the major controversies in the school bill—the formula for allocating aid funds to the states.

Republican Sens. Jacob K. Javits, N. Y., and John Sherman Cooper, Ky., hoped to introduce today their alternate allocation formula which would cut about \$250 million from the coat of the bill.

The bill's formula and the Cooper-Javits plan both aim at "equalization" of educational opportunity by pumping more aid per pupil into the poorer states.

Bulletin

A million dollar flood washed eight feet deep over the town of Wister, Okla., today in a new outbreak of spring torrens. At least 100 persons were driven from their homes and more families fled at Poteau, Okla. National Guardsmen and civil defense workers went on duty to prevent looting. Red Cross officials at Wister estimated the flood damage at \$1 million.

News Briefs

Entry Considered
FORT LAUDERDALE (UPI)—Applications of two Negroes are being considered today by officials of white Broward County Junior College. The applications were received Wednesday from James Vickers, 25, the father of five children, and Mrs. Constance Nuby, 24, of Dania.

Queen Reigns
LEESBURG (UPI)—Dodd Simmerman, 17, of Winter Park, reigned today as Florida Watermelon Queen. Miss Simmerman was chosen Wednesday at the 24th annual Watermelon Festival. Second and third were Arvilla Jones, 19, Ocala, and Janice Griffin, 19, West Palm Beach.

Churchill Ailing
LONDON (UPI)—Sir Winston Churchill is suffering from a "mild indisposition," the Foreign Office said today. A spokesman revealed the 86-year-old wartime prime minister's condition in announcing that Tunisian President Habib Bourguiba had canceled a scheduled visit to Churchill later today.

Protest Urged
WASHINGTON (UPI) — Sen. George A. Smathers urged the Inter-American Press Association Wednesday to protest denial of free reporting in Cuba. Smathers accused Cuban Premier Fidel Castro of hiding "new executions of Cuban patriots . . . and police state terror" by enforcing a news blackout against American reporters.

Science Funds Set
TALLAHASSEE (UPI) — Florida State University will utilize National Science Foundation grant totaling \$31,850 next school year for two institutes for science teachers. Institutes are to be held in Brevard County for junior high school teachers with 10 Cape Canaveral scientists included on the faculty, and in Miami and Sarasota with concentration on modern biology.

Protocol Ignored
NEW DELHI (UPI) — Indian Prime Minister Jawaharlal Nehru ignored protocol today and personally greeted Vice President Lyndon B. Johnson when he arrived for a three-day visit to India. The Indian leader was on hand when Johnson and his wife, Lady Bird, stepped off their plane from Thailand into 108-degree heat. Vice President Sarvepalli Radhakrishnan shared the welcome.

Frequency Denied
WASHINGTON (UPI)—United Press International's request for a nationwide mobile radio frequency for use in news gathering operations on behalf of newspaper and broadcasters was rejected by the Federal Communications Commission Wednesday, Jan. 30. UPI filed a formal proposal that one-sixth of the additional frequency space the commission proposed to allocate to the broadcast industry for remote pickups be allocated instead to UPI.

Reds Admit Crash
LONDON (UPI) — Four Soviet army generals and a colonel have been killed in an "aviation catastrophe" in the Soviet Union, a Tass news agency report monitored in London said today.

Senate Bill Proposes \$755,725,000 Funds

TALLAHASSEE (UPI) — A \$755,725,000 general appropriations bill was ready for introduction in the state Senate today.

The Senate will act on the bill Friday as a special order of business, then wait for the House to pass its version of a spending bill before setting up a conference committee to work out the differences.

The Senate Appropriations Committee spending bill is on the margin of what researchers expect the state to take in from present tax sources in the coming biennium. But it only includes \$7.9 million for construction, leaving several major building projects in second-priority status.

The House Appropriations Committee has approved informally a spending bill totaling \$177 million.

Neither bill includes funds for a teacher pay raise.

Two senators attempted to bring the teacher pay raise issue to a head today by introducing a bill providing a \$200 across-the-board raise for the state's 40,000 teachers.

The bill, introduced by Sen. Turner Davis and G. T. Melton, would cost an estimated \$20 million in the coming biennium.

The Senate got rid of the bill banning liquor price advertising today, shouting down a motion to reconsider its passage. This sent the measure, which the Senate had passed Tuesday 21-11, to the House where a similar bill is on the calendar.

The House meanwhile, approved a bill making it unlawful for a public official or state employee to accept payola, and prohibiting any company in which a state official or employee has a 10 per cent interest from doing business with the state on a non-competitive basis.

The bill was a weakened version of a conflict - of - interest measure introduced by Rep. Woodie Liles of Hillsborough County.

In other action: The Senate passed to the House a bill backed by the governor to increase county revenue by requiring that taxes be paid on property leased from the government but used by private profit-making businesses.

The House Judiciary Committee killed a Senate - approved

measure which would have required a drop in millage if county property assessments rose 30 per cent or more.

The Senate Finance and Taxation Committee sent to a subcommittee a bill passed in the House directing "just value" property assessments for tax purposes. Assignment to the subcommittee could mean the measure's death.

The House Constitutional Amendments Committee wrapped up its revision of the state Constitution today and sent it to the House calendar where it will be acted upon Monday.

The committee approved a revised declaration of rights B-1. It also reported favorably a changed miscellaneous provisions article.

Castro Proposes Trade Of Captives For U. S. Tractors

MIAMI (UPI) — Premier Fidel Castro offered Wednesday night to trade captured invaders for 500 U. S. tractors in a deal recalling Adolf Eichmann's wartime offer to exchange Jewish prisoners for trucks.

In a 2 1/2-hour speech broadcast by Radio Havana, Castro said the 1,000 men captured in last month's invasion will be used as forced labor if they are not ransomed by the United States.

But Castro, unlike the Germans, did not threaten to kill his captives if the trade was not made. The Eichmann offer to spare Jewish lives for trucks never was worked out.

"If the imperialists don't want their worms to work, let them trade them for tractors. . . ." Castro told a hysterically cheering audience at a farm fair.

"If Kennedy recognizes that they are his friends, that the Central Intelligence Agency is responsible, let them pay us something to rescue them. If they don't want to rescue them, they will have to work hard, hard, hard, digging ditches and doing other work."

The bearded Cuban said the exchange offer did not include "criminals"—presumably meaning the prisoner who he says once served ousted ex-President Fulgenia Batista.

"Not these but the others would we trade for 500 bulldozers," Castro said. "The priests we send free" a reference to his demand that all but a hand-picked few foreign priests get out of Cuba. . .

"We won't trade them one by one. It has to be as a group, since they would try to get the richest ones. It has to be the complete lot . . . that we have prisoner."

DIVERSIFIED COOPERATIVE TRAINING STUDENTS at Seminole High School who received awards at a recent Employers and Employees Banquet are Bill Liphrott, who is employed by Florida Power and Light Co., who received the award for the Most Improved Student. June Holloway, who works half a day for Southern Bell, was voted the DCT Student of the Year and Gary Folds, state DCT president, received the past president's award. He is employed by Tax Collector John L. Galloway.

Navy Patrol Planes 'Always Looking'

"We are always out and we are always looking," Cdr. Thomas C. Deans told a luncheon meeting of civic clubs at the Naval Air Station Wednesday.

Cdr. Deans, operations officer of Fleet Air Wing 11 based at Jacksonville, talked to combined club members about anti-submarine warfare.

His patrol squadron of P2V-5's and P2V-7's constitute a maritime air patrol, which guards the Atlantic unceasingly.

"What are we looking for?" "We are looking for long-range Russian submarines. We know that they have in excess of 450

subs and there are nine million square miles of ocean out there."

The four patrol squadrons at Jacksonville in their hunt for subs, listen, look and observe. They have many means, which include electronic listening instruments, audio instruments and photographic instruments. Some equipment can pick up and identify sounds 3,000 miles away.

"Any suspicious area," said Deans, "can be surrounded with sonar bouys, which, when dropped into the water, put up an aerial and put down a listening device to detect what is under the water."

In the near future, a new plane, the P3-V is expected to give better navigation and better instruments, forming its own combat intelligence center.

Preceding Dean's speech, about 400 members of the Rotary, Lions, Civilians, Kiwanis, Jaycees, Chamber of Commerce, Pilot Club and Business and Professional Women's Clubs had lunch in the enlisted mess hall.

Capt. Robert Sly invited the club members and the entire population of the county to attend the open house at the station on Armed Forces Day Saturday. The gates will be open at 11 a. m. with a program to begin at 1 p. m.

The schedule of events includes Marine parachute jumps, Marine assault demonstration, fire fighting demonstration, ground-controlled approach demonstration and carrier landing operations.

Planes and equipment on display will include the A4D, A3D, P. 4J, NAMO trainer, missiles, jet engine cutaway and the latest Air Force planes.

Longwood Council To Meet Today

The Longwood Town Council will meet at 8 p. m. today in the Town Hall for an adjourned session of the May 4 meeting. Mrs. Onnie R. Rockett, clerk, reported this morning.

Expected to come under discussion is a resolution from the County Commission on the paving of Orange Ave.

UN Troops Take Over Airfields

ELIZABETHVILLE, The Congo (UPI)—UN Malayan troops took over two Katangese airfields at Albertville today but Katangese forces stood firm against Indian troops trying to seize another.

Sources close to the United Nations said there was "some tension" between the Indians and the Katangese at Nyunzu airfield. They said it could lead to trouble.

There was no opposition to the Malayan takeover of the Albertville fields. Katangese troops had largely withdrawn from the areas.

Students Jailed In Bus Protest

BIRMINGHAM, Ala. (UPI) — Ten white and Negro college students from Nashville, Tenn., who set out to end segregated seating customs on buses were held in jail here today.

Eight of them—seven Negroes and one white—were placed in "protective custody" Wednesday by police who said their presence at the Grayhound bus terminal invited violence. Two others, one white and one Negro, were arrested before the bus reached Birmingham for refusing to take rear seats.

The students left Nashville with the intention of "taking up where the CORE (Congress on Racial Equality) group left off Monday." They referred to a group of "freedom riders" who set out to challenge bus terminal segregation in the South and were attacked by white men here and at Anniston, Ala.

Highway Funds Ordered Rushed

WASHINGTON (UPI) — President Kennedy Wednesday ordered the government to turn over to the states more than \$818 million for speed-up federal-aid highway construction. The federal funds normally would not have been available until July 1.

They represent federal aid allocations for the first three months of the 1961 fiscal year, which begins on July 1.

Stocks Lower

NEW YORK (UPI) — Stocks turned irregularly lower in active first hour trading today with some electronics and special situations clipped by heavy profit-taking. Standard industrial issues showed little trend.

Citizens Urged To Observe Armed Forces Day

The following proclamation for Armed Forces Day was issued today from the office of the Mayor of Sanford.

"PROCLAMATION: ARMED FORCES DAY, MAY 20.

"Whereas—the Armed Forces of the United States manifest our strength and our determination to maintain our national freedom and security; and

"Whereas, members of the active and reserve components of the Armed Forces of the United States are engaged in programs designed to demonstrate to all the peoples of the world our purpose to uphold and defend the free way of life; and

"Whereas, the year 1961 marks the fourteenth anniversary of the unification of our Armed Forces under the National Security Act of 1947; and
